Reservations Voiced On Road Connector

Rogers Corp. has voiced reservations about the proposed Oldland-Parker St. connector road "until its feasibility, its accessibility and its effect on Rogers' 100-year-old riparian water rights have been clarified."

Atty. George Leonard, speaking for Rogers in an informal discussion last night, told the Town Planning Commission that the proposed 5,000-foot-long connector "requires review and survey in depth and the proposal cannot be handled superficially."

The proposed road to run from Oldland St. opposite the relocated N. Main St. to Parker St. opposite the entrance to Green Man Construction Co. was removed from a scheduled public hearing, mainly because property lines had not been resolved.

Rogers, which owns about one-third of the proposed right-of-way, has asked for a clarification of the route, of the grade, of the disposition of Lyall Brook (whether to go under or to remain over ground) and of the steps taken to prevent the impounding of Rogers' water.

All of the requests will be reviewed by Walter F. Puse, town director of public works, and by Joseph Damsky, town planning director, before a formal public hearing on the proposed \$300,000 connector is again scheduled for a public hearing.

Embodying the proposed connector last night were: Frank Sheldon, for the Manchester Chamber of Commerce; Atty. Donald Richter, for C. E. Burr, an adjoining property owner; Atty. John LaBelle, for Alexander Jarvis, another adjoining property owner; and F. S. and Tansky for the town.

Three to Chair AL Parley Units

Three members of the Manchester American Legion Auxiliary will serve on committees for the 46th annual convention of Connecticut Legion Auxiliary convention at the Hotel America, Hartford, Thursday, Friday and Saturday.

They are Mrs. Leon Bradley, chairman; Mrs. Henri Pessini, entertainment and music; and Mrs. Wilber Little, chairman of memorials.

Mrs. Herbert Hirsch of Woodbury, department president, will open the convention at 9 a.m. Thursday and will conduct all meetings. Mrs. Wilber Little of Manchester will conduct a Memorial Service for departed members Thursday.

Members of the unit are Mrs. Ruth Hickox, Mrs. Leon Bradley, Mrs. Everett Kennedy and Mrs. Wilber Little. Alternates are Mrs. Eugene Freeman, Mrs. George McKeever, Mrs. Henri Pessini and Mrs. Clifford Walker.

Planners Hear Requests For Rezoning, Apartments

Atty. John LaBelle, counsel for Alexander Jarvis, assured the Town Planning Commission (TPC) last night that his client has no plans for a residential or commercial rezoning of the parcel on the northeast corner of W. Middle Tpk. and Adams St.

The TPC took no action on Jarvis' request for a change to Business Zone III for the parcel, nor did it take action on two other requests, all up for public hearings last night.

The other rezoning requests are a special permit to construct 16 apartments at 408 N. Main St. and for a change to Residence Zone AA for an 180-acre parcel off Keeney St.

Members of the commission are Mrs. Ruth Hickox, Mrs. Leon Bradley, Mrs. Everett Kennedy and Mrs. Wilber Little. Alternates are Mrs. Eugene Freeman, Mrs. George McKeever, Mrs. Henri Pessini and Mrs. Clifford Walker.

Shainwold on Bridge

MANCHESTER, Mass. (AP)—William L. Shainwold, whose father, Ben Leverett Shainwold, is retiring from politics at the end of the year, announced last night he will run for state office in the fall.

The younger Shainwold announced he will run for the public nomination for a seat in the state senate. The seat now is held by Sen. Philip A. Graham, R-Hamilton, the GOP floor leader.

Opening last night of Hearts House, Shainwold said he is a member of the Massachusetts Turf Club. He is also an administrative assistant in his father's office in Washington.

9 Teachers Join Staff

Nine teachers were appointed to the Manchester school system for the 1966-67 school year by the board of education last night.

The new teachers are: Mrs. Mary Emily Mattingly, 41, of Baltimore; Mrs. Elaine Reynolds, 26, of East Hartford; Mrs. Gloria Mann, 41, of Windsor; Mrs. Joseph C. Fontana, 24, of Glastonbury.

Board member Leonard S. Burt, referring to the hiring of teachers for Project III, said it is encouraging to see we're able to hire people from outside the city.

Other teachers hired are Mrs. Sara K. Robinson, 41, of Columbia; Mrs. June Charlton, 38, of East Hartford; Mrs. Carol Leding, 22, of Manchester; Mrs. Call Penick, 22, of Coweig, N. Y.; and Miss Linda Bradley, 22, of Boston.

Board Picks St. George's To Rent Extra Classroom

The board of education has selected St. George's Episcopal Church to rent an extra classroom for the kindergarten session in 1966-67.

Before deciding on St. George's at its meeting last night, the board had received bids from three facilities offered by St. George's, St. Ann's and St. Paul's.

St. George's bid was \$1,000 a year for 100 square feet of space. St. Ann's bid was \$1,200 a year for 100 square feet of space. St. Paul's bid was \$1,500 a year for 100 square feet of space.

Fendell Gets Nomination for Bryant Award

Norman Fendell, director of Manchester's Sheltered Workshop, received a citation yesterday honoring him for a nomination for a \$1,000 Lane Bryant Award for his work with local retardates.

Citationists are selected by New York University, Graduate School of Social Work. The letter accompanying the citation noted that citations are presented to about 100 per cent of all nominees.

According to the letter, two of these awards are presented to an individual and a group "in the hope of encouraging voluntary participation in a wide variety of efforts that benefit the American community."

The winners are expected to be announced near the end of the summer.

Final selection is made by the following judges: Edward W. Brooks, attorney general of Massachusetts; Ralph Emerson McGill, publisher of the Atlanta Constitution; Maurice B. Neuberger, U. S. Senator from Oregon; General L. Norstad, president of the Owens-Corning Fiberglas Corporation; and Robert Peters (Mrs. Bertram Fields).

Tennis, Anyone?

Francis DeLafra is no Robert McNamara, and neither is McNamara a DeLafra. However, both have things in common, falls.

Both hold high office — McNamara, nationally as Secretary of Defense, DeLafra locally as chairman of Manchester's GOP Town Committee.

Their closest bond, however, is that both play tennis and that both pulled a tendon while playing the game separately, of course — DeLafra in his right foot, McNamara in his left.

MEAs to Make Change Martin Board Choice To Arbitrate Dispute

Faced with impending state-level arbitration of its dispute with the Manchester Education Association over salaries and a contract for next year, the board of education last night named Manchester's former General Manager Richard Martin as its choice for an arbitrator.

And in an allied action, the board denounced the MEA for designating ATU member J. Paul H. Hurd as its choice of an arbitrator.

The board's verbal barrage against what it called an "ill-advised" choice by the teacher group caused Miss Martha White, MEA president, to state in a press conference that she would not agree that the MEA would drop Hurd and pick another arbitrator.

The grounds for the board's action against the MEA were that Hurd, who opened the discussion by objecting to Hurd as an arbitrator, was not impartial and disinterested concerning the dispute.

The parties have no more right to consider the arbitrator chosen by them as their advocate than they would a judge, Rotner explained.

Rotner said the MEA should be asked to consider the choice of Hurd, and if they persisted, the board should formally challenge Hurd.

Crash Kills Town Girl

A 20-year-old Manchester girl died when her car was struck by a truck on a bridge over the Connecticut River.

The driver of the car, who received only minor injuries, was Lawrence J. Donahue, 16, of 26 Walnut St. He is stationed at Langley Air Force Base in Virginia.

Miss Wilson was pronounced dead on arrival at a hospital in State Place, Md. Bel Air, Md., said the accident took place on U.S. 40 about four miles east of the town.

Police said Donahue was driving a 1965 Ford Mustang and was on the northbound side of the bridge when it struck a truck.

Donahue was treated at the nearby Kirk Army Hospital. His parents are Mr. and Mrs. Lawrence J. Donahue Jr., of 26 Walnut St.

The accident is under investigation.

School Board Urges New Lincoln School

After more than an hour of renewed soul-searching over what to do about the status of 50-year-old Lincoln School, the board of education last night voted unanimously to recommend its abandonment for an entirely new school.

As far as renewal is concerned, the board decided it will continue to have Lincoln School, but should be projected, but should be abandoned for an entirely new school.

Assuming a favorable decision on renewal, the school would be closed in 1967 or 1968, and a new school would be built on the site.

The board also voted to recommend that the school be sold to the state for \$100,000, and that the state be asked to purchase the site for a new school.

Sashes and Swords Orangemen March Through Belfast

Anger's grand lodge attending the centennial movement of the Orangemen in Belfast, Ireland, was the first Protestant sect to be organized in the city.

The resolution, which was to be read at all Orange Day celebrations in Northern Ireland, was read in part: "The grand lodge of the Orange Order, which has been founded in Belfast, Ireland, is the only one of its kind in the world."

The Orangemen marched through Belfast, carrying sashes and swords, and were accompanied by a band.

Koufax Earned Start Today, Says Astin

Denny McLain Named To Face Powerful NL

ST. LOUIS (AP)—Walt Astin, manager of the National League All-Stars, and Sam Mele, the American League manager, were running down their lineup when the discussion suddenly took a turn toward Sandy Koufax.

"That's interjected Mele, 'wasn't last fall, was it?' Then he laughed. He hadn't been able to do that last fall when Koufax pitched the Los Angeles Dodgers to a 2-0 victory over the Yankees in the seventh game of the World Series. And today didn't figure to start out as any laughing matter for Mele either with Koufax serving up the first pitches in the 27th annual All-Star Game.

For the Dodgers' great left-hander, who holds the world record for strikeouts and has pitched four no-hitters and one perfect game, went out at new Busch Memorial Stadium before a full house of some 50,000 to make the first All-Star start of his career.

Koufax started away from playing any extra significance on the fact that he was starting for the first time since he became a regular on the All-Star team in 1962.

"It's an honor to be picked for the team," he said. "There are other things that dictate whether you play or not. Astin wouldn't let Koufax say, 'I'd prefer to start or relieve. I had start.'"

But Astin, in explaining his reason for picking Koufax over San Francisco's Juan Marichal, pointedly said, "I don't know whether I'd let Koufax say, 'I'd prefer to start or relieve. I had start.'"

"There's not much to choose between them," Astin said. "Koufax has never had the honor of starting. He's pitched well enough to deserve a start."

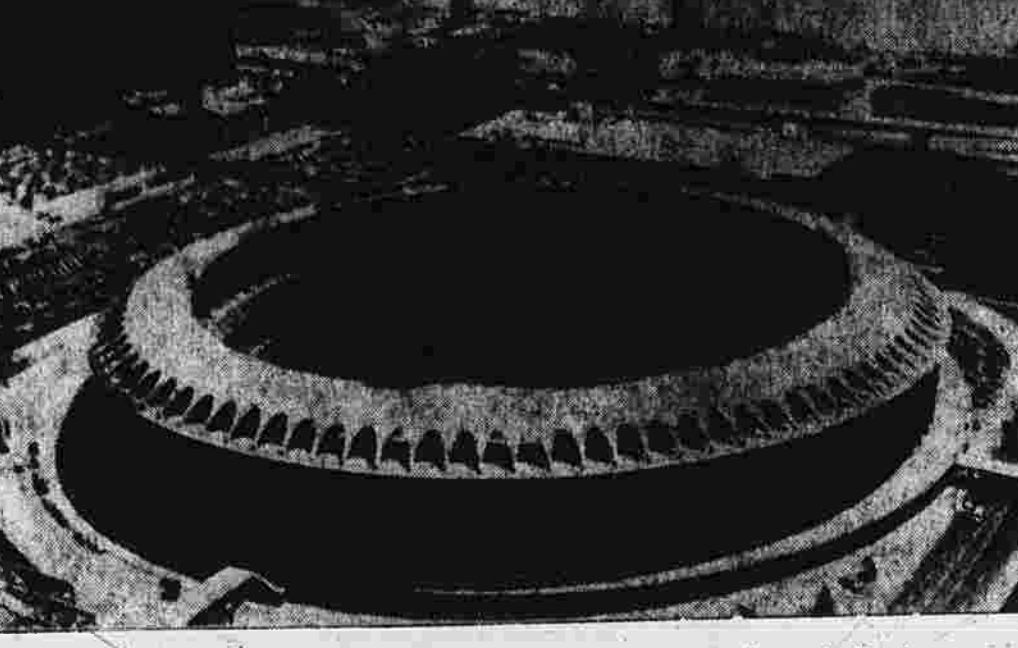

"I don't think he's overrated," Koufax started the game with a 1-0 record—he won last year when he pitched one inning relief—and a 0-0 earned run average for his three appearances in which he allowed three hits, walked two and struck out two.

He was opposed by Denny McLain, a 16-game winner for the Detroit Tigers who has won only two games since Koufax.

Both pitchers faced powerful lineups. The famous lineup which was televised nationally by NBC started at 2 p.m. EDT.

The National League starters had batted 124 times, the AL starters 124.

McLain started right off with center fielder Mike May of the San Francisco Giants, who was tapped for the leadoff spot in the NL batting order for the first time in his career and took a .388 All-Star average into the game.

With the new Gateway Arch as a backdrop, the prime baseball players in America met this afternoon in brand new Busch Memorial Stadium for the annual All-Star Game. A full house of about 50,000 is expected.

Early Camps Open For Pro Gridders

NEW YORK (AP)—Are you feeling the heat today? It could be a lot worse. Suppose you were jogging around in football clothes?

Most of the teams in the National and American football leagues open training this week with some veterans joining the camps for the early workouts.

With the regular season still six weeks away, the NFL and AFL camps were taken it easy, especially on those valuable commodities, the quarterbacks.

John Rauch, coach of the Oakland Raiders, dressed signal callers Cotton Davidson, Tom Flores and Charlie Green in red jerseys and made them off-limits to ambitious linemen.

Davidson suffered a shoulder injury in an early workout last year and missed virtually the entire AFL season.

At St. Petersburg, Fla., Coach George Wilson sent the Dolphins' quarterbacks through a drill on passing tactics. The top student was Dick Norton, the No. 1 draft choice from the University of Kentucky.

Norton has been hit out of contact work so far and probably will miss it for another two weeks. He is recuperating from a knee operation.

MB's Drop Another By One-Run Margin

There are days, weeks and at times even entire baseball seasons when nothing seems to go right. This is one of the latter for Moriarty Brothers in the Hartford Twilight League.

Last night the MB's got a one-run win over the Red Sox in the top standing. Russell is now 7-7. Hurting the victory was Jim Quinn, former Trinity College and Buckley High hurler who hung up his glove after graduation from Trinity to attend University of Chicago Law School and pursue a law career.

Now an assistant clerk of the Hartford Probate Court, Quinn finally succumbed to the urge to play again and joined the Twilight League.

Russell came up with two scores in the first inning, two with two out. But Barrett walked and Mike Hickey singled. Rolie Johnson followed with a double that scored both Quinn and Hickey.

But not Clark Graebner of Westwood, Ohio, who scored on a double. He had two hits and two runs in the game. Quinn's win was his first since he was named Most Valuable Player in the All-American game.

Most of the pro clubs welcomed back rookies who had played in the Atlanta game but they'll be on hand only for a day or so before departing again, this time to work out for the College All-Star Game in Chicago against the Green Bay Packers.

They're the slowest class of stars in the world. Pittsburgh, 18, yielded at himself as Smith's service skipped under his racket.

Top student was Dick Norton, the No. 1 draft choice from the University of Kentucky. Norton has been hit out of contact work so far and probably will miss it for another two weeks.

Another highly touted rookie quarterback, Randy Johnson of the Atlanta Falcons, impressed his coaches with a brisk workout. Johnson had suffered a back injury in last Saturday's coaches All-American game at Atlanta.

Poland Follows Russia, Quits Meet

WARSAW, Poland (AP)—Following the lead of the Soviet Union, Polish officials today canceled their track and field team's trip to Berkeley, Calif., next weekend to compete against a U.S. team.

An official of the Polish sports ministry said the Polish Track and Field Association decided to cancel the meet because of the war.

The Soviet government announced Monday that its track team would not meet the U.S. team in Los Angeles July 28-29 and said the Soviet men's and women's teams had refused to participate in the meet because of the war.

In Moscow today U.S. Ambassador Roy D. Kohler protested the Soviet action and told Foreign Minister Andrei A. Gromyko Washington did not accept the report that the athletes themselves decided to cancel the meet.

Kohler said the Soviet government was responsible for the athletes' actions. In Berkeley, Sam Bell, United States Olympic coach, said, "Whether the Polish show up or not, we will have a show-up."

"We've already set down and picked teams," said Bell. "I'll be holding two daily drills at Fairfield stadium at 9:45 a.m. and 3:30 p.m. ... That Tom Koufax, after being treated roughly as a matter of course, there were two even in the important games last column."

Commenting on the Soviet decision made in Moscow was not made by the athletes. Bell said the Soviet team against the Soviet team two years ago.

Poland's cancellation, made on the eve of the team's departure Tuesday, seemed an obvious reaction to the Soviet announcement.

Only Monday night Polish officials were pressing the U.S. Embassy in Warsaw for the team's return. There was no hint in Warsaw sports circles that the trip was about to be called off.

Legion Visits Willimantic After 11th Straight Win

Currently the hottest American Legion team in the state, Manchester will try to hike its consecutive win streak to 11 and its overall Zone 4 mark to 13-1 tonight at Willimantic.

The team is one of three slated for Coach John Cervoni's forces in the next three days.

Tomorrow night another road game shows them at Windsor, Locks, then they come home to face South Windsor and undoubtedly, fire-balling Jim Needham Thursday at Mt. Vernon.

The pitching rotation devised by Cervoni and top aide Charley Graft will have Ray Layton (6-0) working tonight, Marc Schardt (6-0) tomorrow and Brad Bushy (4-0) Thursday.

In Moscow today U.S. Ambassador Roy D. Kohler protested the Soviet action and told Foreign Minister Andrei A. Gromyko Washington did not accept the report that the athletes themselves decided to cancel the meet.

MB's Drop Another By One-Run Margin

There are days, weeks and at times even entire baseball seasons when nothing seems to go right. This is one of the latter for Moriarty Brothers in the Hartford Twilight League.

Last night the MB's got a one-run win over the Red Sox in the top standing. Russell is now 7-7. Hurting the victory was Jim Quinn, former Trinity College and Buckley High hurler who hung up his glove after graduation from Trinity to attend University of Chicago Law School and pursue a law career.

Now an assistant clerk of the Hartford Probate Court, Quinn finally succumbed to the urge to play again and joined the Twilight League.

Russell came up with two scores in the first inning, two with two out. But Barrett walked and Mike Hickey singled. Rolie Johnson followed with a double that scored both Quinn and Hickey.

But not Clark Graebner of Westwood, Ohio, who scored on a double. He had two hits and two runs in the game. Quinn's win was his first since he was named Most Valuable Player in the All-American game.

Most of the pro clubs welcomed back rookies who had played in the Atlanta game but they'll be on hand only for a day or so before departing again, this time to work out for the College All-Star Game in Chicago against the Green Bay Packers.

They're the slowest class of stars in the world. Pittsburgh, 18, yielded at himself as Smith's service skipped under his racket.

Top student was Dick Norton, the No. 1 draft choice from the University of Kentucky. Norton has been hit out of contact work so far and probably will miss it for another two weeks.

Another highly touted rookie quarterback, Randy Johnson of the Atlanta Falcons, impressed his coaches with a brisk workout. Johnson had suffered a back injury in last Saturday's coaches All-American game at Atlanta.

U.S. Coach Says Games Will Go On

WARSAW, Poland (AP)—Following the lead of the Soviet Union, Polish officials today canceled their track and field team's trip to Berkeley, Calif., next weekend to compete against a U.S. team.

An official of the Polish sports ministry said the Polish Track and Field Association decided to cancel the meet because of the war.

The Soviet government announced Monday that its track team would not meet the U.S. team in Los Angeles July 28-29 and said the Soviet men's and women's teams had refused to participate in the meet because of the war.

In Moscow today U.S. Ambassador Roy D. Kohler protested the Soviet action and told Foreign Minister Andrei A. Gromyko Washington did not accept the report that the athletes themselves decided to cancel the meet.

Kohler said the Soviet government was responsible for the athletes' actions. In Berkeley, Sam Bell, United States Olympic coach, said, "Whether the Polish show up or not, we will have a show-up."

"We've already set down and picked teams," said Bell. "I'll be holding two daily drills at Fairfield stadium at 9:45 a.m. and 3:30 p.m. ... That Tom Koufax, after being treated roughly as a matter of course, there were two even in the important games last column."

Commenting on the Soviet decision made in Moscow was not made by the athletes. Bell said the Soviet team against the Soviet team two years ago.

Poland's cancellation, made on the eve of the team's departure Tuesday, seemed an obvious reaction to the Soviet announcement.

Johnson Outlines Policy for Peace

WASHINGTON (AP)—President Johnson has outlined a four-point policy for peace in Asia combining U.S. commitment against aggression there with a continuing effort for improved relations with Red China.

"The peace we seek in Asia is a peace of conciliation," Johnson said in a speech Tuesday night at the American Alumni Council.

"Communists in Asia still believe in force to achieve their goals" and the United States is a Pacific power, "will not retreat from the obligations of freedom and security in Asia," he said.

But lasting peace depends on international trade, the free flow of people and ideas, the full participation of all nations in an international community and a common dedication to human progress and development, he said.

Declaring that "a peaceful mainland China is central to a peaceful Asia," he said Peking must be discouraged from aggression and encouraged toward peaceful cooperation with others.

He cited U.S. efforts—so far unsuccessful—to open up travel between the United States and mainland China.

Such U.S. initiatives will continue, he said "because we believe that cooperation, not hostility, is really the way of the future" toward a Pacific era in which America and Asia are partners across the ocean.

In other developments Tuesday, Secretary of State Dean Rusk told a news conference that Peking and Hanoi are still showing no intent to end the Viet Nam war, and "we are not over the hump yet— we haven't begun to see the end of this thing yet" while North Viet Nam continues to send men and material against the South.

Tour Spurs Backing for New Jails

HARTFORD (AP)—After taking a look at four of Connecticut's eight state jails, three legislators indicated Tuesday that they've already seen enough to justify a considerable building program.

A jail building program of some magnitude is justified on the basis of the four jails we saw today," said Rep. Robert D. King, R-Tolland.

Referring to the jails in Torrington and Brooklyn, Rep. Dominic J. Badoletto, D-New Britain, commented: "They're tearing down better buildings than that in New Britain and Hartford and New Haven."

Rep. John W. Boyd, co-chairman of the Legislative Committee studying the jail problem, said the tour of east-bridgeport, Conn., jails convinced the committee in its determination to do something about the jail situation in the state.

Several members plan to visit the jails in Hartford, New Haven, Bridgeport and Torrington.

Their tour Tuesday took them to the jail in Torrington, Conn., where they saw the one in Middletown, built in 1906, and the one in Montville, built in 1908. The one in Middletown is the only one in the state.

Although the Middletown jail is older, the Torrington jail is better, Boyd said the cells there are "like a rat hole."

Five Plead Not Guilty in MV Case NEW HAVEN (AP)—Pleas of innocent have been entered by four of the five men accused of perjury in the recent investigation of alleged payoffs for the return of suspended drivers' licenses.

The innocent pleas were made by Peter J. Cataudella, 49, of Middletown; Chester Orin, 46, of Meriden; Henry Satalo, 46, of New Haven; and Ralph Delucia, 46, of East Haven. All four chose jury trials.

Former State Sen. Jacob A. Flacman, 74, of New Haven, the fifth defendant, was granted a continuance.

Cataudella, a suspended Motor Vehicle Department employee, has also been charged with six counts of altering department records.

He and the other three men who entered their pleas Tuesday are accused of conspiring with Superior Court Judge Alva P. Lofiselle, who conducted a one-man grand jury probe of the suspended payoffs.

Lofiselle reported he found evidence that some motorists had been able to buy back drivers' licenses which had been suspended.

Candidates Called HARTFORD (AP)—Members of the Democratic state ticket have been summoned to a top level party meeting at Hartford on Monday, presumably to discuss campaign strategy.

Gov. John N. Dempsey was to have asked his five running mates for state office to be on hand for the closed door session.

Minister Bids To Succeed French Chief

PARIS (AP)—Valéry Giscard d'Estaing, President Charles de Gaulle's former finance minister, has made his first open bid to lead France after the 75-year-old president is sworn.

Giscard d'Estaing, leader of the Independent Republican party which still supports de Gaulle, wrote France's 26,000 mayors Tuesday asking their aid in defining "new rules" for the nation's program.

He said France has accumulated great crises since de Gaulle returned to power in 1962. But the time has come for the nation to become "an organized and stable democracy."

The financial expert said that the Independent Republicans are part of the Gaullist majority in the National Assembly, but "they are above all concerned with the preparation of the future."

To do this, he said, it is necessary "to provide an organized and liberal framework for the institutions of the Fifth Republic, to continue economic and social progress, to respect individual rights and monetary stability, and to contribute to the economic and political organization of Europe."

Giscard d'Estaing, 49, one of France's most prominent political leaders, has for some time been considered an aspirant for the premiership. He was the son of a prominent financier who won a seat in the assembly at the age of 20. He was named finance minister in 1961.

Navy Bombers Hit Haiphong Oil Depot

Saigon, South Viet Nam today. Three of the Army's armed helicopters, called gunships, were lost in combat operations Tuesday, leaving the number of helicopters downed by enemy ground fire in the war to 182.

Official figures exclude those destroyed on the ground in Viet Cong attacks on airfields and those wrecked by mechanical failures, the Navy spokesman said.

One crashed near midnight 40 miles south of Saigon. The crewmen are missing and another, injured, was rescued.

Four Americans were injured in a gunship shot down by ground fire 15 miles northwest of Saigon.

The U.S. command also announced that American A-1K Force planes chided a surface-to-air missile over North Viet Nam today.

Fashion Report

With the Designer at Home BY BHEA STEWART Special Herald Correspondent NEW YORK—Designers have been making at-home clothes with a vengeance for the past year. But what does a designer wear home? The fashion editors gathered here by the American Designer Series to see the fall styles went outside Dalmation, the headquarters of the show, to visit the apartments of some of the designers whose clothes they have been seeing.

Since the designers themselves prudently stayed away, no one can say what their own at-home clothes look like.

But Bill Blase, who has been showing big bat wings on his at-home clothes for Maurice Rentner, revealed by his apartment that it's natural for him to like bat wings. He is fond of horned things and things that go back in the night and that growl. A collection of owls stares from one of the bookshelves in his book-filled bedroom. Great antlers curve around a shaving mirror on his bedside table, and there are other horns used as decoration here and there. Passing the desk in a corner of his living room, one is shaken by the sight of a tiger ready to spring; this is a stone tiger from a temple in Korea, about 200 years old.

On his big terrace a leopard (pedigree unknown) crouches beside one of the tables with long red cloths.

Earth tones obviously appeal to Bill Blase, who has his home in brown and earthy greens, and he obviously likes to be comfortable because he has low cushiony sofa, love seat and chairs in his living room, with the hole of books piled on the tables. His small dining room is covered in a cotton fabric print of small figures on a brown background, and "covered" in shades the ceiling as well as the walls. But you can tell he is a bachelor for he has paid absolutely no attention to the kitchen, and when he calls in a cleaner dining room, he must have the food sent in.

Among the designers who surrendered their privacy for the evening, only Bill Blase has a terrace or seems aware of the great outdoors. The others shield their windows with some kind of grills or blinds—and one assures that each element places her in a view of something besides an air shaft.

FBI Arrests Former Aide On Spy Count

WASHINGTON (AP)—A former military aide to a Joint Chiefs of Staff has been accused of conspiring to deliver defense information to the Soviet Union.

A federal grand jury indictment naming William Henry Whalen, a retired Army lieutenant colonel, said the information included data on atomic weapons, missiles and the retaliation plans of the Strategic Air Command.

It said Whalen received a total of 35,000 on six occasions between December 1959 and March 1961 from two former Soviet Embassy officials who convenience.

There was no immediate explanation from the Justice Department as to how the Pentagon included data on atomic weapons, missiles and the retaliation plans of the Strategic Air Command.

Whalen, 51, and now unemployed, was taken into custody by FBI agents in suburban Alexandria, Va., where he lives. He was arraigned on a charge of espionage conspiracy charge, which carries a maximum penalty of death and life in prison for four days.

Heat Wave Causes Misery and Deaths

By THE ASSOCIATED PRESS Summer's longest heat wave up to two hours.

Other cities also have reported power shortages this week, including four in Nebraska. Many cities reported record consumption of power because of the use of cooling devices.

Violent storms broke out Tuesday and Tuesday night in widely scattered sections of the country.

Temperatures have soared to 100-plus for five straight days in parts of the nation's midsection and in the South. The 90s and 80s were general.

Severe thunderstorms struck Sandusky, Ohio, and nearby a foot of rain caused flooding. About 200 persons were evacuated. A state of emergency was declared and the Ohio National Guard was called out. South-west of Lake Erie, thunderstorms with strong winds and a few tornadoes were reported. Power blackouts occurred in nearby St. Clair County, Ill. More than 100 persons at the All-Star baseball game in St. Louis were treated for heat-related illnesses.

The Union Electric Co. in St. Louis said it planned to continue rationing electric power to 800,000 customers in an attempt to avert a blackout. The company cut off power Tuesday to 800,000 customers on a rotating basis up to two hours.

Only Byrd Saved from Upset Victory

RICHMOND, Va. (AP)—Democratic primary upsets of Virginia's senior pillars of conservatism in both houses of Congress sent tremors through the state's political structure today.

In three key races in the Tuesday election only Sen. Harry F. Byrd Jr. managed to win over the moderate to liberal challengers seeking to revivify the state party image.

By the slim margin of 50,000 votes, Byrd's victory margin was only one per cent in a relatively light vote of less than 400,000. The rival campaign had forecast a vote of a half million or better.

Byrd defeated former House Speaker Armistead B. Booke of Alexandria.

The unofficial House vote tally only 26 of the state's 2,000 precincts still out showed Robert Byrd 216,400, Spang 212,000, Byrd 212,000, Spang 212,000.

There were five other party candidates for the House seats. Byrd's victory margin was only one per cent in a relatively light vote of less than 400,000. The rival campaign had forecast a vote of a half million or better.

MONEY BILL SIGNED WASHINGTON (AP)—President Johnson signed the money bill today the 2.5 per cent pay raise for the annual forces and the \$15.4-billion military housing authorization passed by Congress yesterday. He took the usual speedy action without comment, merely announcing that he was a lobbyist.

"I am glad I now have an opportunity to appear and testify under oath. I will answer any question put to me." Klein denied published reports that he was a lobbyist.
