

95 Tourists Dead In Airliner Crash

LJUBLJANA, Yugoslavia (AP)—A British airliner carrying 117 persons on a vacation to Yugoslavia crashed and burned today as it came in for a landing and 95 persons perished.

Officials here said 80 persons died when the plane plunged into a woods shortly after midnight in cloudy weather near the airport of this mountain city.

The other victims died in hospitals or on the way. Officials said that of the 22 survivors, two were in serious condition but the others were out of danger.

Rescue workers said most of those who survived had been seated in the back of the plane.

When the first rescuers appeared, about a dozen survivors were stumbling about, weeping in shock and hysteria.

It was the worst air disaster in Yugoslav history.

The four-engine Britannia turboprop crashed shortly after midnight on a flight from Luton Airport, 30 miles north of London.

The plane had just cleared the snow-covered peaks of north Yugoslavia's Julian Alps which rim this prosperous and modern capital of Slovenia. It was coming in for a normal landing when it crashed in a field near the runway.

The passengers were British tourists coming to Yugoslavia for a late summer vacation.

Survivors were rushed to the Ljubljana hospital, which issued an immediate appeal for blood donations.

Authorities in Ljubljana, 80 miles northeast of Trieste, rushed an investigating commission to the crash site.

The plane was flown by Britannia Airways, which operates charter flights for British travel agencies. It was the company's first accident since it was formed five years ago.

The Britannia 102 plunged into a field near Ljubljana's Brnik airport in the vicinity of the village of Modemunda.

There was no immediate word on identities of the dead and the survivors.

New York City Policemen Kill Berserk Gunman

NEW YORK (AP)—Police shot and killed a man today who went berserk in a lower East Side apartment, wounding one policeman with a shotgun blast.

Three patrolmen riddled the man with bullets after he fired two blasts at Patrolman Charles Reimenschneider, 24, the first to enter the building at 517 E. 5th St.

Police said the man was unknown in the building, and apparently had simply wandered in from the street. He was identified through papers as Jack Alan Gorman, 30, of 66-35 Norwood, Allen Park, Mich., a Detroit suburb.

The 200-pounder was firing a .410 gauge shotgun, a relatively light weapon generally used for hunting small game.

Reimenschneider, grazed on the forehead, was still able to

Auto Safety Bill Nears Final O.K.

WASHINGTON (AP)—A landmark safety package that would give the government broad authority to deal with slaughter on the nation's highways is one short step from final congressional approval today.

Both Houses gave unanimous approval Wednesday to the bill that would grant the government power to set mandatory safety standards for all new cars, buses and trucks starting with 1968 models. Power to develop standards for automobile tires and, eventually, the sale of used cars also is included.

The house action came on a 365-0 vote, and two hours later the Senate acted by voice vote.

The House also passed 360 to 3 a highway safety bill that would provide \$322 million in federal aid to help states and communities establish safety programs covering such things as vehicle inspection, driver education, improved highway design and maintenance and traffic control.

Final approval of the highway bill is expected in the Senate today, sending it to the White

B52's Attack Cong Infiltration Route

SAIGON, South Viet Nam (AP)—U.S. B52 bombers hammered suspected Communist infiltration routes in the demilitarized zone between North and South Viet Nam today.

The planes from Guam unloaded tons of explosives on two target areas in the buffer strip where North Vietnamese regulars were seen infiltrating into the South.

Other U.S. planes continued the pounding of North Viet Nam.

Air Force pilots reported so many hills on an ammunition depot that it "looked like a fireworks display."

A week-long lull in ground fighting persisted another day in South Viet Nam. The U.S. command reported no significant fighting. South Vietnamese headquarters listed only one engagement of any size.

The allied commands announced that enemy casualties dropped sharply last week while U.S. and South Vietnamese combat losses remained about the same.

Allied spokesman said 1,000 Communists were killed and 101 captured last week. This was an unexplained drop from 1,829 Communists reported killed and 247 captured the previous week.

The U.S. command said 87 Americans were killed last week, compared with 91 Aug. 12-20. However, the number of wounded rose more than 40 per cent from 426 to 599. Only one American was reported missing, a decline of seven.

A total of 3,041 Americans have been reported killed this year and 4,839 since the beginning of U.S. involvement in the war Jan. 1, 1961.

A South Vietnamese spokesman reported 206 government troops killed last week, nine fewer than the week before, and 78 captured. Other allied forces reported five killed and 14 wounded.

The U. S. command disclosed that the arrival of 3,000 more troops this week brought American strength in South Viet Nam to 303,400. The United States is expected to expand its forces

Blue Hair?

SAN FRANCISCO (AP)—Most of the customers at a beauty booth of the teenage fair here have been boys, says amazed beauty operator Mary Ann Rentmeester.

"You wouldn't believe it," she said after conducting a free demonstration in which a 14-year-old boy had his hair dyed blue.

Cost Squeeze Developing In Hospitals

CHICAGO (AP)—With doctors' fees and hospital charges on the rise, private patients in some hospitals are facing the possibility that a medicare cost squeeze could develop to boost their bills still higher.

A cost-squeeze showing hasn't developed yet, with the medicare program only two months old but officials attending the annual meeting of the American Hospital Association indicated in interviews and speeches that it might.

Dr. Philip D. Bonnet of Boston, immediate past president of the AHA, predicted nurses strikes for higher pay in various parts of the country, prospective wage boosts for other hospital employees, minimum wage legislation and unemployment compensation coverage "could boost patient fees by as much as 25 per cent in the next year."

Hospital rates went up 7.7 per cent in the last 12 months while physicians' fees went up 5.7 per cent.

Robert M. Ball, Social Security commissioner, said the one-millionth medicare patient is expected to be admitted to one of the nation's hospitals next week but the costs and government reimbursement features of the program still are under study.

Ball told the hospital administrators, however, that the government's formula for reimbursing hospitals for "keeping abreast of the times" would be

August's Heat In Short Doses; Above Normal

WINDSOR LOCKS (AP)—If you're surprised to learn that August was hotter than usual in Connecticut, it must be because the hot spells were short ones.

"While considerable warmth was suggested by the month's average temperature reaching slightly better than two degrees above normal," says the U.S. Weather Bureau in its monthly report, "there was an unusually large number of hot days that came singly and in pairs."

The hottest days at the bureau at Bradley Field were the 19th and the 30th, just two days ago, when the mercury hit 95 degrees.

Thant Bars New Term As UN's Top Official

(AP Photo/fox)

No Choice Offered for Successor

UNITED NATIONS, N. Y. (AP)—U Thant rejected today a new five-year term as secretary-general of the United Nations.

"I have decided not to offer myself for a second term as secretary-general," Thant said, "and to leave the Security Council unaffiliated in its recommendation to the General Assembly with regard to the next secretary-general."

Thant's statement, contained in a message to the 117 U.N. delegations, gave no indication he was willing to stay on for an indefinite period while the Security Council tackles the job of finding a new secretary-general. His term expires Nov. 3.

The statement of the soft-spoken, popular Burmese, issued after heavy pressure from U.N. members to persuade him to stay on, reflected his disillusionment and dissatisfaction with the arduous job.

He said he had "confessed to a sense of dissatisfaction with the fact that the organization has not yet achieved universality of membership." This was a reference to the continued absence of Red China as a member.

The Thant decision raised the prospect of new East-West wrangling over a successor, similar to that in 1961, before the Burmese was chosen.

It also threatened to raise once again the Soviet issue of a "veto" — or three-pronged — directorate which theoretically would represent East, West and neutral.

There still was a possibility of a movement among Security Council members to draft Thant for the job, and even a possibility that he might succumb to the pressure being applied by many nations, including the United States and the Soviet Union.

However, there seemed a note of finality in Thant's words.

Thant said he had been touched and overwhelmed by the appreciation of his services expressed by heads of government and added:

"If I have not found it poss-

Jan. 1 Best Guess As Date of Tax Hike

WASHINGTON (AP)—The current guess on Capitol Hill is that if President Johnson proposes a tax increase it will include hikes both on individuals and business and it probably will not reach Congress before next Jan. 1.

No administration tax program has been drawn up, congressional informants agreed. But some spoke of what they regarded as informal probes — for example, of what Congress might think of restoring corporate income tax temporarily to its old level — 52 per cent instead of the present 48 — or of what level of Viet Nam spending might induce Congress to boost the individual income tax.

The lawmakers got a succession of reminders this week that the possibility of a tax boost intended to curb inflation and help finance operations in Viet Nam is a live one.

On the questions of what kind of boost and when to expect it, some reasoned this way: The amount of extra revenue sought will be determined by what the White House and Defense Department decide must be provided in extra funds for Viet Nam. Rep. George H. Mahon, D-Tex., chairman of the House Appropriations Committee, told his colleagues to expect something between \$5 billion and \$15 billion.

Using the midpoint, \$10 billion, as a working figure, it is easy to calculate, realistically, that only a minor part of this extra spending would be absorbed by cutting domestic outlays.

Since fiscal projections have the budget approximately balanced except for extra Viet Nam expenses, the choice apparently is between more taxes and the biggest deficit in years — one that would clearly strengthen the inflationary

forces already worrying the White House and Congress.

A 4-percentage point increase in the corporate income tax would yield about \$8.2 billion, or \$2 billion could be picked up by suspending the 7 per cent investment credit allowed businesses for spending on new plant and equipment.

Sen. Russell B. Long, D-La., has introduced legislation to suspend the investment tax credit and he said today he has an idea the President may support the proposal.

"I have an idea the President is going to send us a message on the economic situation one of these days," Long said, "and this proposal of mine may well be included in it."

But, so far at least, the Treasury strongly opposes any tampering with the investment credit, saying business will scrap its

TANKER IN TROUBLE

NEW YORK (AP)—The Coast Guard said today the Italian tanker Alberto Benatti was adrift and taking water in heavy seas 180 miles from the center of Hurricane Faith. One crewman was reported dead. The tanker, with a crew of 40 men, was 505 miles east of Savannah, Ga. The Coast Guard said she was not in the hurricane's path. A Swedish ship notified that she expected to reach the Benatti today, although she was plowing through 16- to 25-foot seas, 60-mile winds and heavy rain.

Nugents Come Home with the Groceries

Just as any other young married couple, Luci and Pat Nugent arrive at their new home loaded down with groceries. They arrived in Austin, Tex., after a motor trip from Washington, D.C., which included a brief stop in Waukegan, Ill.

The Racial Scene

Ohio's National Guard Helps Quell Dayton Riot

DAYTON, Ohio (AP)—Ohio National Guard units were ordered into Dayton today to help police quell gangs of rock-throwing, window-smashing Negro youths aroused by the shooting of a Negro by white men in a passing car.

Police blocked off a three-mile stretch of W. 3rd Street, a predominantly Negro area, where gangs of youths hurled stones at any white person or autos that appeared on the street.

Sections surrounding the street also were guarded by police. There were some reports of looting along with the smashing of windows in business places in the area.

A smattering of racial incidents and demonstrations spotted the Midwest Wednesday

night in sharp contrast to the violence-marked nights earlier this week.

In Benton Harbor, Mich., where National Guardsmen were on call under a declared state of emergency, scattered groups of Negroes knotted around a filling station. There was only a minor disturbance, in contrast to three previous nights of violence.

State troopers dispersed the crowd but not before a few rocks and bottles were thrown. No one was hit.

In Jackson, Mich., some 110 miles east of Benton Harbor, an integrated back-to-school dance erupted into a fighting, rock-throwing melee.

Thirty officers, armed with riot sticks, waded into the crowd and dispersed the youths. Scattered reports of rock-throwing continued for at least an hour afterward.

Seven teenagers were jailed. One white youth was hospitalized with a head injury.

Expelled Nun Dies of Strain, Heart Failure

HONG KONG (AP)—One of the eight Roman Catholic nuns expelled from Red China died today less than 24 hours after she crossed the border into Hong Kong. Death was attributed to heart failure and strain.

She was sister Eamon, 85, the former Mary O'Sullivan of Cork, Ireland. She collapsed at the border Wednesday and was wheeled across in a baggage cart.

After the Franciscan nuns crossed the border, Sister Eamon and Mother Mary of the Cross, 76, a Canadian, were taken to a hospital. They were reported suffering from fatigue.

Mother Mary, who headed the group from Peking, was reported in satisfactory condition today but had not been told of Sister Eamon's death.

Sister Eamon will be buried in Hong Kong Friday. She will be the first Franciscan nun to be buried in the British crown colony.

The other six nuns spent the night in seclusion at a convent school. Officials said the nuns who range in age from 60 to 73, needed rest and could not be disturbed.

Furniture Destroyed in Truck Fire

Most of a truckload of furniture and bedding was damaged this morning in a fire on the Wilbur Cross Highway near the Bamforth Rd. overpass in Vernon. The truck driver reported he saw smoke billowing from the trailer in the rear view mirror, stopped, unhooked the cab and asked a passing motorist to call firemen. Trucks and men from all three Vernon companies responded. The driver reported the truck was loaded yesterday in Bayonne, N. J., and the fire may have started then and smoldered until it flared up on the trip to Boston this morning. (Herald photo by Saternja)

"Folk Thing" Smash Hit of Pop Concert

By JOHN GRUBER

A group that called itself "The Folk Thing" was a smash hit of the second annual Pop Concert given last evening in Bailey Auditorium for the benefit of the G. Albert Pearson Scholarship Fund.

The group, which consisted of Alan Rankin, Fred Sprague, Fred Sprague, and Marty and Dick Feary, offered some excellent numbers and arrangements that placed them in the category of the best professional entertainers.

There was plenty of talent on hand. All alumni of MHS, and the whole show was enjoyable but nothing else quite came up to the finished performance of these four young people.

The concert started with a stage band directed by Peter Pantalik. Comprising five trumpets, four trombones, five saxophones, bass and drums, they played in a style somewhat reminiscent of Ray McEntaney but posed no threat to his memory. Pantalik has had technique to burn for a long time and was featured in "A Trumpet Rhapsody" by John La Porta that went over big with the audience. In fact everything the band played

More Jobs Open End of Summer

As the summer draws close to its end, with the summer students returning to pursue the fields of higher education, the shortage of labor becomes more critical for area employers—their needs are immediate and urgent.

Manager Jasper Gambino of the State Employment Office has issued an appeal to all housewives, handicapped persons, retirees, older workers—as a matter of fact, anyone interested in working, preferably on a full-time basis—to make contact with the employment office, 806 Main St.

He stated that there are many job opportunities looking for people who desire to enter or re-enter the labor market. Trained staff personnel are available to provide services relative to locating employment. In addition, job development technicians are available to help job seekers as applicable.

An American in Moscow

Visitor's Impression Of Russia's Capital

By ANTHONY C. COLLINGS

MOSCOW (AP)—The taxi driver gestured toward a soaring steel monument to Soviet achievements.

Nearby, the scene is watched by a pretty girl carrying flowers in a date-gave her. Her date, a soldier in uniform, takes off his cap and jokingly puts it on her head.

Deep down in the subway, a stern-faced colonel holds a briefcase and waits for a train. A few feet away, a young mother smiles fondly as her husband holds their child.

On Peace Avenue, men wait for a bus and read the day's paper. They have a wide choice of papers to buy—all government-censored.

The restaurant of the Minik, Moscow's newest and most modern hotel, 20 persons stand on a balcony, waiting for an hour to get in.

A visitor notices such things—the Communist slogans the car washes represented by inadequate restaurants. Mr. Daigle is a 1966 graduate of C. W. Post College. He is a student at the Arthur T. Both Graduate School of Business Administration of Long Island University, where he is a candidate for a master's degree in management.

The wedding is planned for October 1967.

Vernon Deming Aide To Flaherty In Campaign

Robert W. Deming has been appointed as political agent for his father's campaign by Atty. Gen. Flaherty who will run for Judge of Probate of the Ellington District, on the Democratic ticket.

Deming is a former selectman as well as a former member of the board of representatives. He resigned the latter position when he was appointed Town Treasurer. He is also secretary of the Democratic Town Committee and Chairman of the Northeast Refuse District.

Atty. Flaherty, former mayor of the City of Rockville will run opposite Republican nominee, Antoni Badlak, for the Judge of Probate post. The vacancy in the office occurred with the death, several months ago, of Judge Thomas Sady who had held the position for many years.

Badlak has just resigned as Executive Secretary of the Rockville area Chamber of Commerce in order to actively campaign.

Adults who have not completed a high school education will be given an opportunity to earn a Connecticut State High School diploma by attending review courses at the Rockville-Vernon Adult Evening School.

This diploma is recognized as the equivalent of a four-year high school diploma by business, industry, civil service commissions and many institutions of higher education.

Courses will be offered in general math on Mondays; general English, Monday and Wednesday; U. S. history, Tuesdays and general science on Wednesdays. School will start Sept. 26 and the first semester will end Nov. 30.

Those applying must be nineteen years of age or over, be in actual residence in Connecticut for the last six months and must have been out of high school for at least one year.

A counseling service is offered to adults by the adult education department. Anyone wishing further information concerning obtaining the equivalency diploma, should contact Ronald Kouch, principal of the adult evening school, at his office at Rockville High School.

Trash Schedules Shifted

Andrew Tricardon, director of public works has announced a change in the trash collection for next week due to Monday being a holiday.

The trash collections regularly scheduled for that day will, instead, be picked up on Tuesday along with the regular collection for that day.

All refuse for these two days should be put at the curb on Monday night. Collections during the rest of the week will be made according to the regular schedule.

to get a new carpet of instant sod, grown and nurtured and toughened out in some sod farmer's professional field, will cost \$700. You could get the initial preparation and seeding on such a lawn done for about \$200.

This means that the man with the perfect instant lawn loses, on a modest estimate, his opportunity for about \$500,000 worth of "mild outdoor exercise" during the year. He loses another cool lump sum of a million dollars or so, as we would say, when he surrenders forever the privilege of walking over his lawn, complaining of its problems, and then boasting, nevertheless, that such is it, it is a lawn he himself has made.

At any rate, the ruckus is over, and we are likely to dismiss it from our minds as a mere flurry, nasty or non-sensational, and to assume, with self-righteousness and self-satisfaction, that whether it was serious or a stunt, another attack on religion has been successfully turned back. We ought to seize the opportunity to consider very seriously the relevance of religion to the present, and especially to the rising generation.

It is a New York Times Magazine article on Episcopal Bishop James A. Pike, who has recently resigned his California Episcopal See, that has been the catalyst for this study of the role of religion in the United States, and the elite who determine the intellectual climate of the United States generally, and especially in spiritual claims.

Now let us say what we mean by love of country. Not the love that can only be celebrated within the walls of a nation, but the love that scorches the devotion of other men for their countries, that demands lavish homage from those beyond our shores.

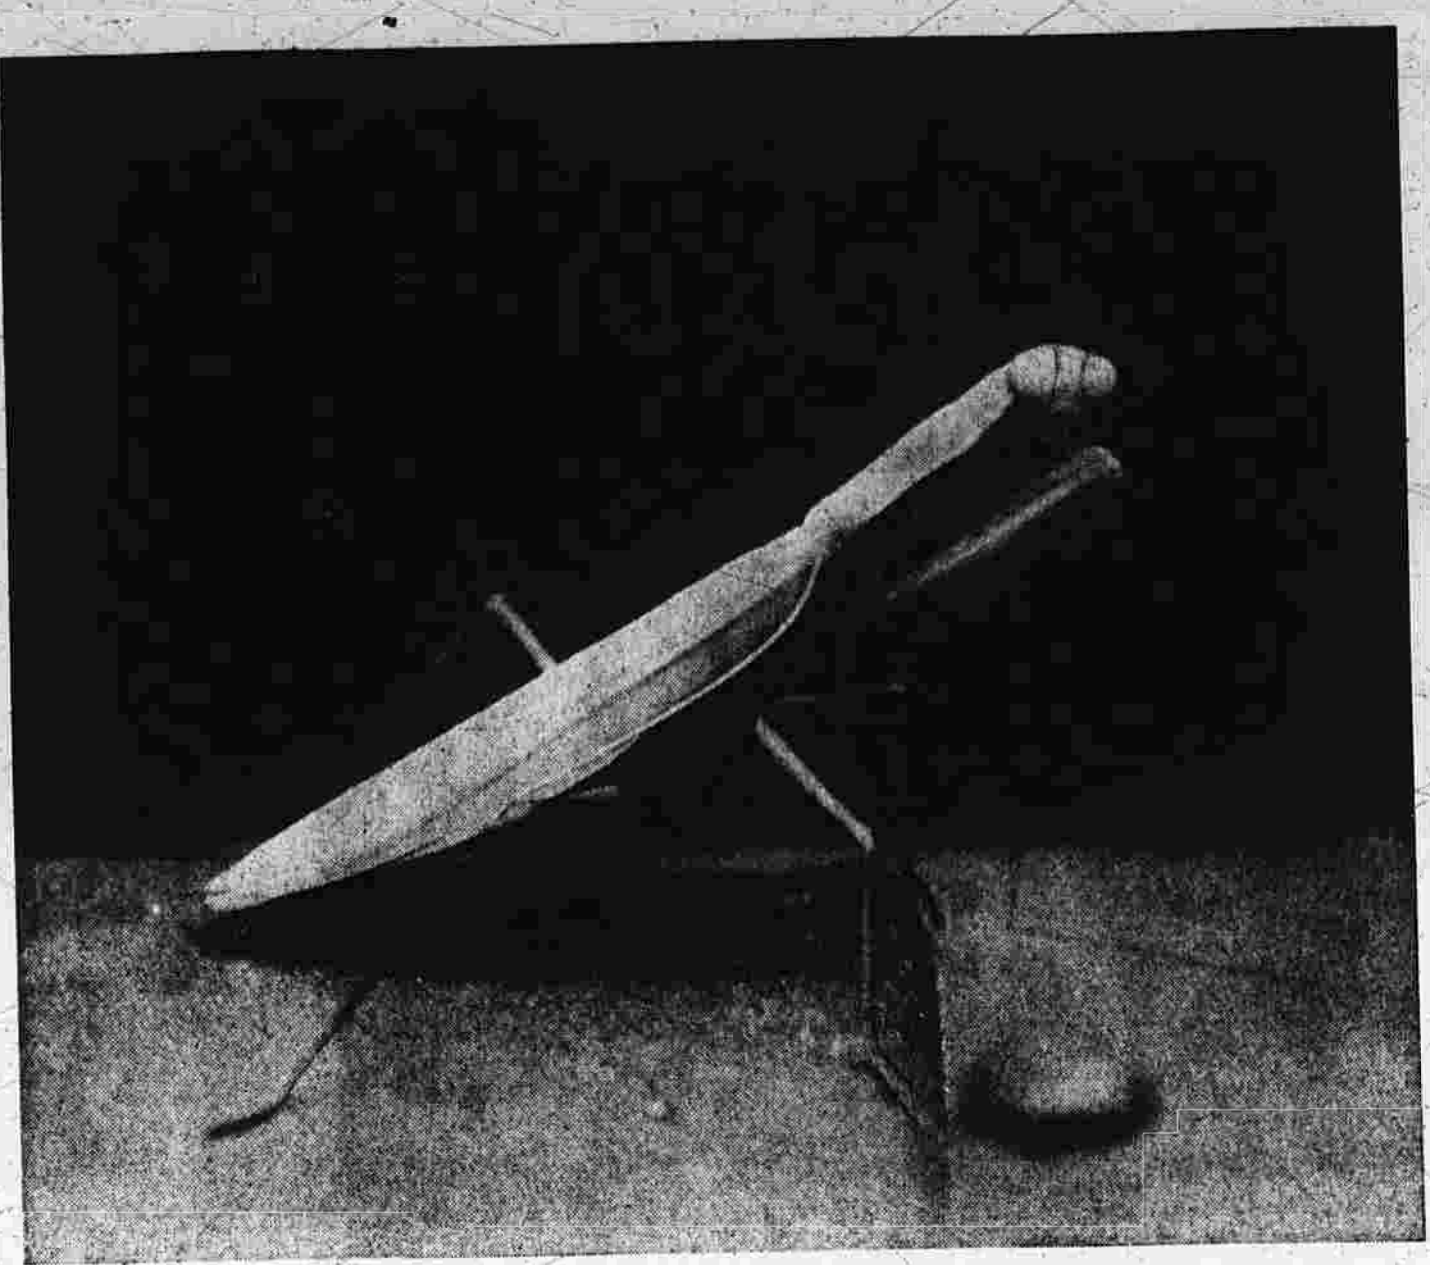

We mean that love of peace, of comradeship and shared experience of all the suffering and joy that really go to make up a people's history.

Think what you will of the Beatle's abilities, make every allowance for the part of publicity devices and show pay, and that the Beatle's patriotism is a real possibility that Chicago's feeble and fragmented Republicanism will score unprecedented gains Nov. 8 against Mayor Richard J. Daley's Democratic organization, most powerful of the big city machines.

With both Douglas and Percy vocal supporters of open housing, there seems little for the back-lash voter to choose from in the Senate race. Indeed, not only the suburban committee-men but some of Percy's own staffers have urged him, unsuccessfully, to exploit the back-lash still, there remains the possibility that Percy may unwittingly fall heir to just enough back-lash votes to make the difference in what seems to be a toss-up.

But far more significant, prominent Democrats believe Douglas will be annihilated by a Senate candidate actively courting anti-Negro sentiment—for instance, Rep. John Anderson, an articulate right-wing Congressman who voted against the 1966 Civil Rights Act. Whether his analysis is correct is less important than the fact it is the considered view of important figures in the Daley organization.

In and Chicago area contests, Republican candidates (to take the line of John Anderson) rather than Chuck Percy. For this reason, Congressional seats once thought invulnerable are now shaky.

By A.H.O. To stay and grow in the field of political leadership the minimum requirement is that you must have a sure grip in your own yard, then in your own town or city, and you are never going to trespass successfully on other people's front yards.

New Haven's Democratic Town Chairman, Arthur Barbieri, has been taking little strolls across other people's grass for quite a few years now.

But, in New Haven the other night, he demonstrated quite clearly and conclusively that his footing in his own ballpark is really quite secure, probably even just a little more secure than that of Democratic State and National Chairman John Bailey in Hartford.

We have by this time lost track of the number of shifts and positions, and alliances, and the look and bearing of Barbieri and Senator Edward Marcus of the old Ninth District in New Haven which is in the same corner.

There was a time when they were vowing to get each other. We have lost track, too, of the number of up-and-downs in the rivalry between Senator Marcus and Senator Paul Falsety, his colleague from the old New Haven Eighth District.

One vignette we recall, however, is that of the two New Haveners denouncing each other on the floor of the State Senate, with Marcus delivering the accusation that the drawing of Senate reapportionment lines in New Haven had been a foul deed designed to destroy his own career and hand the nomination in the future to the Democratic Party.

Each of the other night, in the Democratic City Convention for legislative nominations, to see which would represent the city. By this time the two New Haveners faced each other the other night, in the Democratic City Convention for legislative nominations, to see which would represent the city.

And, in the latest alignment, Town Chairman Barbieri was once vowed to retire to private life. Barbieri was with Marcus when the Democratic National Committee Chairman John Golden and Mayor Richard Lee were with Falsety and the Barbieri-Marcus combination had the votes so well lined up that Falsety withdrew from the contest, the withdrawal reportedly sweetened by assurances that Falsety would receive consideration when the next list of Democratic high court nominations is drawn up.

So Barbieri, who has been taking little strolls across John Bailey's front lawn for some time past, is going to have in the next Senate, if his candidates are elected, a delegation which will be his own, and not the possession of other New Haven leaders who get along with Bailey better than he does.

The next thing we know that canny Barbieri will be telling his good friend Arthur: "Come on across, Art, those no trespassing signs don't mean you, of course."

NO SPECIAL TREATMENT: WASHINGTON (AP)—A proposed coliseum in New Haven, Conn., was one of 28 urban renewal projects in 50 cities which were denied special treatment by the House Banking Committee Wednesday.

But, in New Haven the other night, he demonstrated quite clearly and conclusively that his footing in his own ballpark is really quite secure, probably even just a little more secure than that of Democratic State and National Chairman John Bailey in Hartford.

We have by this time lost track of the number of shifts and positions, and alliances, and the look and bearing of Barbieri and Senator Edward Marcus of the old Ninth District in New Haven which is in the same corner.

There was a time when they were vowing to get each other. We have lost track, too, of the number of up-and-downs in the rivalry between Senator Marcus and Senator Paul Falsety, his colleague from the old New Haven Eighth District.

One vignette we recall, however, is that of the two New Haveners denouncing each other on the floor of the State Senate, with Marcus delivering the accusation that the drawing of Senate reapportionment lines in New Haven had been a foul deed designed to destroy his own career and hand the nomination in the future to the Democratic Party.

Each of the other night, in the Democratic City Convention for legislative nominations, to see which would represent the city. By this time the two New Haveners faced each other the other night, in the Democratic City Convention for legislative nominations, to see which would represent the city.

And, in the latest alignment, Town Chairman Barbieri was once vowed to retire to private life. Barbieri was with Marcus when the Democratic National Committee Chairman John Golden and Mayor Richard Lee were with Falsety and the Barbieri-Marcus combination had the votes so well lined up that Falsety withdrew from the contest, the withdrawal reportedly sweetened by assurances that Falsety would receive consideration when the next list of Democratic high court nominations is drawn up.

So Barbieri, who has been taking little strolls across John Bailey's front lawn for some time past, is going to have in the next Senate, if his candidates are elected, a delegation which will be his own, and not the possession of other New Haven leaders who get along with Bailey better than he does.

The next thing we know that canny Barbieri will be telling his good friend Arthur: "Come on across, Art, those no trespassing signs don't mean you, of course."

The Newcomer's Club of the son, she also served on the children's Christmas Party committee last year.

Organized, in April 1967 to acquaint new residents with Manchester, to welcome them to this town and help them make friends, the average membership in the club is 60 couples.

Most of the members of the club are young married women whose husbands have recently moved to Manchester either to start a career after college, or who have been promoted into a new salary scale which permits them to purchase a home.

Membership in the club is open to women living in the area for less than a year. The club seeks to bring its activities to the attention of the girls in town through the Manchester Chamber of Commerce and the cooperation of the Welcome Wagon. Names of newcomers are also furnished the club by insurance agents.

Women eligible for membership in Newcomers are those in Manchester, Bolton, Coventry, Rockville, Vernon, Wapping, South Windsor and Ellington. New members are welcome at all meetings. Further information may be obtained from Mrs. Robert McCarthy, membership chairman.

The first meeting of the fall season will be held Tuesday, Sept. 13 at 7:45 p.m. at Mott's Community Hall, Mrs. Yeter's home. The program for the evening will include a potluck and auction, dessert, bridge, wig fashion show, wine tasting, and speakers, including a Hartford gynecologist and John F. Scherschewsky.

Club activities include couples bowling teams, bridge for women and couples, golf and golf lessons, dance lessons, children's Christmas Party, theater parties, courses in handicrafts such as antique plaques, floral arrangements, note paper, terrariums and Christmas decorations.

Mrs. Robert Williams of 248 Ludlow Rd. is chairman of the Newcomer's. A native of Pennsylvania, she came here from Williamsport. She served as hospitality and children's Christmas party chairman last year. A former executive secretary, she is interested in bridge, oil painting and golf.

Mrs. Ray E. Gardner, vice chairman of the executive board and handicraft group chairman, came to Andover from Fairfield. She was a former grade 3 teacher in Darien and is currently planning a project in so many cases could wreck the nation's slum clearance effort.

Jan. 1 Best Guess As Date of Tax Hike

(Continued from Page One) Economy-booming long range expansion plans unless it can be met on the credit.

The U.S. Chamber of Commerce expressed opposition to Log's proposal Wednesday, saying such a move could lead to recession. Even in the unlikely event that business were presented both with a hefty corporate tax increase and a suspension of the credit, more revenue still would be needed. The only practicable place to get it would be from individual income tax.

Presumably, also, a personal income tax boost would reduce demand elsewhere and thus attack inflation on another front, as well as tend to dampen the competition for credit that has not been raised in years.

There is a natural reluctance of those in elective office, executive or legislative, to take votes in the pocketbook just before an election. Even if the tax proposals were ready for submission to Congress now, as apparently they are not, it would be difficult to give them adequate consideration and enact them by Nov. 8. No matter what, members will give themselves some time off for campaigning before then.

Attempt to pass a controversial tax bill as a "lame duck" session in November or December could result in a political ambush. So, if at all possible, the White House and Democratic leaders in Congress would be likely to try to speed along the existing program and hold off the Viet Nam supplementary appropriations and any accompanying tax measures until January.

But if things go badly on either of the fronts — Viet Nam or domestic legislation — this timetable could be scrapped in short order and emergency legislation rushed through.

Cost Squeeze Developing In Hospitals

(Continued from Page One) A major issue is the current formula under which the government pays hospitals operating under Medicare 2 per cent over market prices. The new AHA president, George E. Moore, said that cost-plus formula will be replaced by a capitated payment system, in which hospitals are paid a set amount per patient per day.

No Choice Coventry Offered for School Funds Clears Way for Meeting

(Continued from Page One) At a special meeting last night, a board of finance unanimously approved an appropriation of \$1,450,000 for the proposed new intermediate school. This approval fulfills a legal obligation of the board in preparation for the Sept. 12 town meeting, when the question of the new school will be decided. The \$1,450,000 figure is the one requested by the school building committee.

The board also approved a 4-1 vote a motion which, in effect, stated that approval of the school appropriation is only for purposes of clearing the way for a town meeting. One board member interpreted this to mean that those voting "yes" on this question are not personally in favor of the new school, but are willing to let the town meeting decide.

Members present and voting last night were: Wesley Lewis, Nelson Pearce, John Will, Albert Stevenson and Peter Van Dine. Van Dine acted as chairman of the meeting, explaining that he is in favor of the new school. Stevenson is a member of the school building committee and had previously voted his approval of the proposed plan for the new school building committee.

Guest speakers at the affair will be Kriston Koons of Manchester and Frederick Young of Coventry this year's delegates to Nurturing Boy's State. Car Hits Wall, Blown Blamed

A Willimantic youth drove off Hebron Rd. and into a stone wall last night at 11:40. The car was in Cochester report. Police in Cochester report.

Chaucey M. Squire, 18, told police he was heading north on Hebron Rd. near Lake Rd. and making a left curve when his right rear tire blew out. He went off the road into a stone wall, then a small tree, and came back. "We are considering issuing a citation for driving on a road where a permit when they get them selves organized."

Arvid Sather, legal counsel to Squire, said the attorney general's office is about using the National Guardsmen to protect the parade. The governor has made no decision. Previous racial demonstrations and violence in Chicago in damage and police over time pay. It was learned Wednesday.

Government officials and hospital administrators agreed that in general the medicare program is moving along smoothly.

Girl, 5, Killed TORRINGTON (AP)—A five-year-old girl was fatally injured today when she was struck by a car on Albrecht Road, police reported. Police said a car driven by Mrs. Frances B. Kahn of Torrington hit Joyce Gally. The girl was dead on arrival at Charlotte Hungerford Hospital.

Mrs. Kahn was attempting to pass a parked bus when the accident occurred, police reported. The girl was the daughter of Mr. and Mrs. Ernest J. Gally, of 85 Albrecht Road. For purposes of racial avowal, the town of Kiruna, Sweden, has extended its boundaries to encompass a total area of 1,540 square miles.

Eastern Rulers 'Own' Shallow Florida Land

SARASOTA, Fla. (AP)—M. J. King of Afghanistan, the king of Iran and the sultan of Kuwait and Oman don't pay their back taxes, land in Sarasota said to belong to them will be sold at public auction.

The three own pasture-land that has a total road frontage of 1,650 feet — but the land is only two feet deep. And until they receive tax due notices from Sarasota County officials they didn't even know they were Florida property holders.

Four years ago, Mr. and Mrs. Clyde Tatum and Mr. and Mrs. Ralph Todd of Sarasota were assessed more than \$8,000 for the road paving job they didn't want. They said the road run along the back of their property didn't do them any good and therefore they didn't think they should have to pay.

So they deeded the 3,300 square feet to Mohammed Reza Pahlavi, Shah of Iran; Saïd Bin Talmar, sultan of Muscat and Oman; and Ala Harat al-Mutawallid al-Agha, sultan of the Gulf sheik, king of Afghanistan. And then, since they no longer owned the strip of land fronting the road, they didn't have to pay the \$8,000.

Recently the Sarasota Bank and Trust Co. filed an application to secure the property by tax deed as a result letters were sent to the taxpayers, direct or by mail, informing them that their land would be disposed of for nonpayment of taxes.

The Sarasota Circuit Court clerk said one of the three taxpayers applied to the State Department in Washington asking why (July 1965 - June 1966) some of the land was being sold for taxes on property he didn't know he owned. The State Department passed \$25,775. Out of state sales were the letter on to the U. S. attorney. \$25,685.

State Leads States WASHINGTON — Texas has more hospitals — 628 — than any other state. A class second in California with 610. Next are New York (432) and Pennsylvania (329). Of the 56 states, the one with the fewest hospitals is Delaware, which has eight.

Ex-State Resident Dead In Love Triangle Tragedy

ASPEN, Colo. (AP)—Two women, former residents of New England, were dead today and the husband of one of them seriously wounded in the aftermath of what police describe as a love triangle murder-suicide. Dead were Mrs. Sonja Griffin, formerly of Barre, Vt., and Miss Gay Barbara Prior, formerly of East Hampton, Conn., both 24. In critical condition at Aspen Hospital with knife wounds in the abdomen and wrist was James Griffin, 30. Miss Prior was found dead of a stab wound yesterday in a two-story home where she was spending the summer. Griffin was found nearby.

Aspen Police Chief Marion Scott said Griffin and his wife separated two weeks ago after three years of marriage. Scott did not indicate whether Miss Prior entered the picture before or after the separation. She and Griffin were together when the violence began late Tuesday night.

Scott said Griffin told him he and Miss Prior entered the house where she was living for the summer shortly before midnight. He said his wife was writing for them in the darkness, slashed Griffin in the abdomen and wrist with a bone-handled hunting knife and pierced Miss Prior's heart with the weapon.

Scott said the two were found after an unidentified woman called police and told them to go to the house. Officers have since speculated that it was Mrs. Griffin who called.

Mrs. Griffin was found about seven hours later, shot to death apparently by her own hand. Miss Prior came to this resort town about two years ago and was working at a dude ranch. She was the daughter of Mr. and Mrs. Edwin Prior of East Hampton, Conn.

NEW YORK — The cost of sending a man into space is estimated at a whopping \$278 million. That's about enough to build three skyscrapers the size of the Pan Am Building, the world's largest office building.

Three Utility Systems Study Merger Plans

BOSTON (AP)—Three of New England's largest utility systems have agreed to a study of the feasibility of merging, the New England Electric System said today. The merger would join the New England Electric System, Boston Edison Co., and Northeast Utilities under common ownership. The Boston Edison and Northeast subsidiaries are Massachusetts Electric; Narragansett Electric; Granite State (N.H.) Electric; New England Power and Light; and Connecticut Light and Power. The three systems account for more than two-thirds of the electric energy used in New England. In addition, gas operations in Massachusetts and Connecticut supply nearly one-quarter of the gas used in the six state area. Spokesmen said that, if the large scale generation and transmission facilities essential to supplying low cost electricity to our customers, both retail and wholesale. The spokesman said that if the act takes place it is directors and stockholders.

Driver Held At Fault in Fatal Crash

The deaths of two New York residents, as the result of injuries received in an accident April 30 on Interstate 84 in Union, were caused by the criminal act, omission or carelessness of Meyer Schulman of Brooklyn, N.Y., according to a finding issued by Tolland County Superior Court Judge.

The report states that the Schulman car was proceeding about 55 to 60 miles per hour and it began to swerve and suddenly left the traveled portion of the highway, crossed the median divider into the westbound lane. The car struck highway guide posts and then swerved sharply back across the westbound lane and collided with a car operated by Patrick Ahern, 72.

Ahern died one week after the accident, and Mrs. Schulman lived until May 19. The prime cause of her death, the judge found, was a heart attack which came as a result of the injuries received in the accident.

The report further notes that the sudden rise was attributed to the training of new personnel, replacing some who had been with the town's refuse contractor for six and seven years.

The lost employee have taken jobs with the United Aircraft, the median divider into the westbound lane. The car struck highway guide posts and then swerved sharply back across the westbound lane and collided with a car operated by Patrick Ahern, 72.

Complaints Up, Blame Placed On New Help

Manchester garbage complaints, which have averaged about 30 a week, jumped to 58 for the week ending Aug. 27, of Meyer Schulman, was riding as a passenger in the front seat of the car operated by her husband which was headed east on the highway.

The repetitive calls cost the contractor \$6 each. The contractor, as per his finding notes, was a heart attack which came as a result of the injuries received in the accident.

Three Accidents Bring 2 Arrests

Three accidents brought two arrests, three tow trucks, and a broken street light, police report.

At 2 a.m. this morning James J. Galanek, 23, of 123 Hemlock St. was heading east on Center St. west of Fairview St. As he rounded a curve the car went off the road and struck a utility pole. He told police he felt portedly drowsy by an unidentified passenger and veered across the road. Benedict K. Collinger, 17, also of East Hartford, was heading east in front of White and stopped when he saw the White car approaching.

The White car's left front door was smashed in and the car had to be towed away. The Collinger car's left side rear door was smashed in. There were no injuries.

White was arrested and charged with failure to grant right of way. Court appearance is scheduled for Sept. 18.

May we Save Your Life this Coming Weekend?

There's nothing we'd like better!

Ask anyone who has recovered from a near-fatal accident or illness. He'll tell you, far better than we ever could, how very precious life is... and how dearly you should value it. So you can understand why we think it so important to save your life this Labor Day weekend.

We aren't going to scare you with statistics—you've heard them all before. We'd just like to give you these few simple but vitally important rules for a happy holiday weekend. For your sake and for those who are dear to you, won't you please follow them?

- ON THE ROAD.....** Reasonable speed, a clear head, seat belts... and moderation!
- ON THE WATER.....** Life jackets, the buddy system, adequate supervision... and moderation!
- IN THE SUN.....** Proper protection and mild exercise, especially if you're overweight or over forty... and moderation!
