

Quick Rendezvous Achieved

Huge Viet Vote Seen Ky Victory

SAIGON, South Viet Nam (AP)—The government said today that despite Communist intimidation, about 75 per cent of South Viet Nam's registered voters cast ballots to elect a constituent assembly which will draft a new constitution for the war-torn country.

There was evidence that some provincial and district officials—under pressure from Saigon—had reported some padded totals. At one point, information officials in the central voting office in Saigon had a provincial voting total with an obvious error of more than one million votes.

Returns were coming so fast that the limited tabulation facilities in Saigon were swamped. The government spokesman said, however, that rechecked tabulations would show a final percentage of about 75 per cent.

B52s Pound North In 'Biggest' Raids

SAIGON, South Viet Nam (AP)—American warplanes pounded North Viet Nam with the heaviest raids of the war Sunday, the U.S. command announced.

The 171 air missions over the North were well over the previous high of 156 raids of August 26. A U.S. spokesman would not say how many individual plane strikes the 171 missions involved but such large numbers would almost certainly mean 400 to 500 single-plane sorties.

Then more elections are to be held to fill whatever offices the constitution sets up. Almost certainly the country is expected to end up with a presidency and a balancing legislature.

Five Reach West Berlin

Armored 'Dozer' Escape Vehicle

BERLIN (AP)—Rags and steel plates protected five young refugees from Communist gunfire as they crashed into West Berlin in a bulldozer.

Two young men, their pregnant wives, and the 4-year-old son of one of the couples crouched Sunday in the speeding bulldozer as it crossed two ditches and crashed through four barbed wire fences before hitting a tree a few yards inside West Berlin.

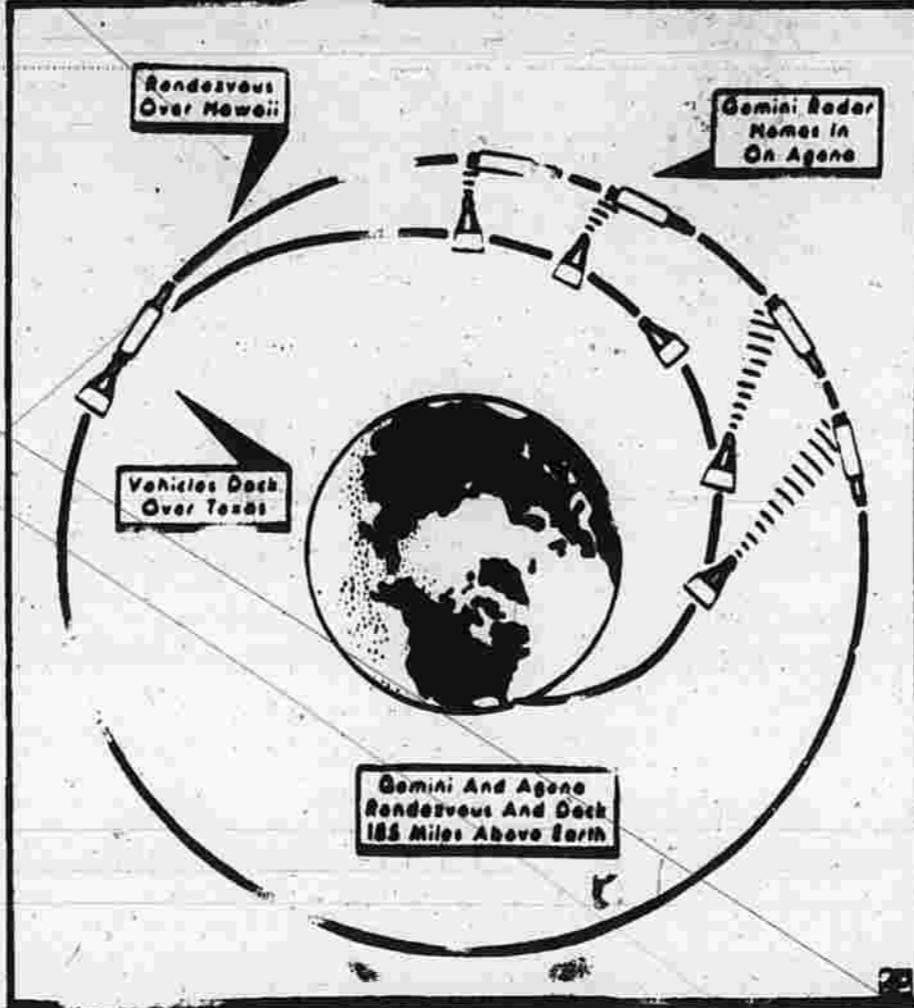

There was no immediate comment on his case from the U.S. Embassy.

Two Drownings, One Road Death During Weekend

HARTFORD (AP)—There were two drownings reported in Connecticut over the weekend, and a 16-year-old girl was killed in an East Hartford auto accident.

East German border guards start repair of a fence knocked over by this bulldozer which carried five persons including a four-year-old boy, to freedom in West Berlin yesterday. East Germans pulled the 'dozer, reinforced with steel plates, back into their territory. (AP Photofax)

Astronauts Dock On Initial Orbit

CAPE KENNEDY, Fla. (AP)—The Gemini 11 astronauts, swift hunters in the sky, accomplished man's quickest rendezvous of high-flying space vehicles today as a dramatic prelude to three adventurous days in space.

They caught and captured an Agena target satellite before they completed their first orbit of the globe.

could be a possible guide for rendezvousing with future spacehips.

"We are docked!" exclaimed Gemini 11 command pilot Charles Conrad Jr.

The experiment was to continue about 90 minutes.

"Beautiful," mission control said to the spacemen.

"Would you believe an M equal one?" the 36-year-old Conrad exclaimed as he neared the Agena target.

The rendezvous occurred approximately 185 miles above the Pacific and the word was relayed by the pilots when they passed over a tracking station at Point Arguello, Calif.

"M equal one" is the astronaut's term for a first-orbit rendezvous.

Conrad and Navy Lt. Cmdr. Richard F. Gordon Jr. accomplished the quick first-orbit rendezvous nearly three hours and two orbits faster than any previous Gemini flight.

When Conrad told the ground he used only 44 per cent of his fuel to accomplish the docking, mission control replied:

They steered their tiny spaceship through a series of maneuvers as they pursued the Agena over an 18,000-mile course, catching it an hour easily topped the old rendezvous mark of four hours set by the Gemini 9 astronauts in June.

"That's great, Pete."

About 10 minutes later, at 12:15 p.m. EDT, high over the United States, Conrad slipped the Gemini nose into a docking collar on one end of the Agena.

Experts had said as much as 75 per cent of the fuel might be required for the tricky maneuvering of Gemini 11.

Mechanical latches gripped the two as they sailed as one rigid vehicle.

The 80-minute link at 17,500 miles an hour easily topped the old rendezvous mark of four hours set by the Gemini 9 astronauts in June.

About 40 minutes after the hookup, Conrad disconnected from the Agena as planned. He backed away and executed calculated maneuvers around the target.

The dramatic pursuit triggered what should be an action-packed three days in space.

"Be advised we have undocked and started the S26 experiment," Conrad reported.

Ahead lay a 107-minute space walk and 140-minute "space stand" by Gordon, a dash to a record altitude of 885 miles and a unique experiment in which the Agena and Gemini will be tied together by a 100-foot line.

The S26 is an experiment in which sensors aboard the Agena measure Gemini 11's so-called ion wake—a trail of electrified particles flowing behind the spacecraft like the wake of a boat moving through water.

The fast maneuvering, achieved with almost no help from the ground, has two important implications for America's Apollo man to the moon program.

Scientists believe a thorough knowledge of the spacecraft wake might enable them to develop instruments to detect this ion flow at great distances. This

First, it simulated an emergency liftoff from the moon by two astronauts who might have to make a hasty rendezvous with an Apollo ship in lunar orbit.

Second, it demonstrated the ability of the astronauts to use their computer, inertial guidance system and radar to calculate all their maneuvers on

Dr. Everhart Co-Discovers New Comet

CAMBRIDGE, Mass. (AP)—A Connecticut teacher of physics was named today co-discoverer with a Japanese amateur astronomer of a new comet.

Dr. Edgar Everhart of Mansfield Center and the University of Connecticut sighted the visitor from outer space Sunday night while observing with his 11-inch telescope.

The Smithsonian Astrophysical Observatory named the comet Ikeya-Everhart. Officials said it is not now visible to the naked eye but may appear brighter in a few days or weeks.

Kaoru Ikeya is a 22-year-old observer who has discovered four comets in the past four years.

Everhart, too, is an experienced comet finder. He spotted one in August 1964, which the Smithsonian named Comet Everhart in his honor.

Grant Approved
WASHINGTON (AP)—The Department of Housing and Urban Development has approved a \$254,500 grant to Connecticut for purchase of 361 acres in the area west of Hartford for recreation, conservation and scenic purposes.

Connecticut's senators said today the property is known locally as Talbot Mountain and Towers Estate.

Judge Has Final Verdict

Tanzanian Jury Says Kinsey Is Innocent

MWANZA, Tanzania (AP)—The two-man jury of a Tanzanian court recommended today that American Peace Corps volunteer Bill Hayward Kinsey be found innocent of murdering his wife, Peverley. The final verdict is up to the presiding judge.

The two, an American and an African, both found that Mrs. Kinsey, 23, died March 27 as a result of an accidental fall from a rock.

Kinsey, 25, of Washington, N.C., has been on trial for his life for 16 days. The prosecution alleged that Kinsey bludgeoned Peverley to death with a length of iron pipe during a picnic on Impala Hill, two miles from the Tanzanian town of Maswa where they both taught school. Peverley was from Riverside, Conn.

The assessors, as the jurors are known, told the court there was no evidence to support the prosecution's contention that Peverley had been unfaithful to her husband and that this was a motive for the alleged crime.

"I find the accused not guilty of the charge against him," declared assessor Gail Bagley, 46, a soil conservation expert of Elsberry, Mo., "my opinion is that it was an obvious accident beyond any doubt."

The court testimony had disproved the charge of unfaithfulness as a motive of the alleged crime.

"I believe the accused not guilty and there should be a clear acquittal on the ground of accident," declared the second assessor, Tanzanian economist Fred Mugobi, 27. "I believe the fall took place as the accused has said."

Mugobi declared the prosecution has not substantiated its allegation that the motive for the charge was Peverley's alleged infidelity.

"Witnesses have told us that the marriage was happy," he said. The two assessors take the

Summer Theaters

Whether or not summer theaters fight we don't know, but this week they're switching—shows. About the only summer stages still occupied are at Oakdale and Storretton.

Oakdale, in Wallingford, will close on Monday, Sept. 26. It has been a very busy season, but it looks like the only summer stages still occupied are at Oakdale and Storretton.

Speaking of the Eastern night "direct from the Oakdale" States Exposition, television in Wallingford comes June Mike Douglas heads a comedy hit, "Any Wednesday."

One change has been made in the Allen and Rossi show. At Storretton they were accompanied by Jane Morgan while they were on the road. At Oakdale, Diane Carroll will be their special guest.

June Wilkinson, more noted for her physical charms than her acting ability, stars in the comedy about a business tycoon and the clandestine love he has for his wife Wednesday—as long as it can be written off as a tax deduction.

The season is rapidly coming to a close with one more show scheduled at each theater.

A week from today famed comedian Jerry Lewis brings an all-star variety show to Wallingford. The Storretton stage will be filled by an Eastern States Exposition Show that

Oklahoma Awaits New Miss America

ALLEN AND ROSSI

ATLANTIC CITY, N.J. (AP) — They're dancing in the streets in Oklahoma but it looks like the winners will have to wait at least a week to welcome home their winner.

Jane Amme Jayroe, a basketball-bouncing, baton-twirling brunette from Laverne, Okla., today begins to end out the rigors of being Miss America.

From the moment she was crowned Miss America of 1967 Saturday night here, she has faced one camera flash after another. Today she poses to Philadelphia for a television interview.

Arthur Godfrey will be back for the final three days of the exposition here show while Sgt. Barry Sadler of the Green Berets and Frank "Crazy Guineas" will be on hand for several other shows. A championship rodeo will fill the coliseum Sept. 20-24 with The Lone Ranger featured daily. Fontaine joins the show Sept. 21.

Badler will be on hand from Sept. 17-22 and will participate in a free coliseum show Monday, Sept. 19.

Daily parades are listed for Sept. 17 through Sunday, Sept. 25.

Sheinwold on Bridge

By ALFRED SHEINWOLD

Harold S. Sheinwold earned a permanent niche in the history of bridge when he "invented" contract bridge into its present form in 1925. He also devised the first unified system of bidding and ranked at the very top as a player. Today's hand, played by Vanderbilt in 1929, shows his talent in the play of the cards.

North's opening bid of one club in the Vanderbilt system showed a powerful hand, and South's response of one diamond was negative (not promising any particular number of diamonds). North's jump to two notrump was used in 1929 as a forcing bid. The other bids were fairly natural, and the final contract of six spades was excellent.

modern bidding systems you show your suit at the level of one instead of making a negative response first.

Tolland Fine Art of Campaigning Is Practiced at a Picnic

Tolland's annual Democratic family picnic was the scene of bustling activity yesterday, as local and district candidates practiced the fine art of campaigning amidst a profusion of children, food and soda bottles.

Approximately 400 residents attended the outing on a day made to order for picnicking.

The outing marked the official kickoff campaign for the local candidates, although some have taken advantage of a head start. Young children abounded and could be seen enthusiastically cheering the various candidates.

By one of the candidates was put to a practical use by the sons of the mothers attending.

The main speaker of the afternoon was Congressman Wilbur Latta of Tolland, who spoke of the many problems still facing Congress, including Viet Nam and inflation.

He spoke of a bill he has introduced in Congress which calls for the establishment of a United Nations peacekeeping force to oversee the problems that may arise in countries similar to Viet Nam. This would relieve the United States of the burdens such as the country now carries in Viet Nam.

The establishment of such a force would prevent the occurrence of another situation of this type.

Indications of a split between Russia and Communist China are growing, according to St. Onge, who predicted that Hanoi may be able to break with China and enter into peace negotiations.

St. Onge cited actions that have been taken during the past week to alleviate the inflation situation, referring to the pouring of almost five billion dollars into the Federal mortgage program including FHA and the increasing of wheat planting acreage allotments this fall.

The additional allocation, he said, will alleviate the tight mortgage situation and will aid both the home builders and buyers, both of which have been caught in the light money squeeze.

He stated that the allocated acreage of wheat to be planted this fall has been increased by 15 per cent, which should bring

the price of wheat products and bread back down when the crop is harvested.

St. Onge stated that the Democrats realize problems exist and are trying to do something about them. He cited some of the accomplishments of the 89th Congress including Medicare, federal aid to education on both an elementary and high school level and the expansion of immigration laws permitting the resettling of families not before possible.

Other speakers included Atty. Charles Turpinian, candidate for senator from the 35th District; Nicholas Pawlik, candidate for sheriff from Tolland County; John Burkas, candidate for representative from the 48th Congressional District.

The main speaker of the afternoon was Congressman Wilbur Latta of Tolland, who spoke of the many problems still facing Congress, including Viet Nam and inflation.

The guests were introduced by Town Committee Chairman Robert Noonan and welcomed by Democratic Selectman Stuart Danforth.

Turpinian backed the Democratic Town Committee met Friday night and adopted a resolution pledging town committee support to Atty. Charles Turpinian in his campaign for State Senator from the 35th District. They commended the conduct of both Turpinian and Atty. Edwin Lavin in the recent primary campaign. Tolland Democrats had maintained an officially neutral position during the primary.

In other actions the town committee appointed Walter Bielski as political treasurer for the fall election campaign and John Burkas was appointed his own political agent. Mrs. Irene Day of New Rd. will serve as Burkas's Tolland campaign chairman, and Noonan as his campaign manager.

The executive board of the Second Kindergarten of Tolland has reminded parents of enrolled children that the first tuition payment of \$25 is due Thursday, checks may be made payable to the

Second Co-Operative Kindergarten of Tolland, and sent to P.O. Box 16, Tolland.

Two vacancies in the kindergarten have arisen. Any resident wishing to enroll his child in the kindergarten should contact Mrs. James Cooksey, Stuart Dr.

Assisting mothers for this week include: Mornings, Mrs. Lauret Perdue, Mrs. Gene Blain, Mrs. Frank Borowski, Mrs. Richard Burns, Mrs. Roger Forner and Mrs. Kenneth Olson.

Afternoons, Mrs. Paul Adams, Mrs. Edwin Barrows, Mrs. James Cooksey, Mrs. Paul Black, Mrs. William Brooks and Mrs. William Browne.

School Lunches

Lunch tickets and milk tickets have gone on sale in the Hicks Memorial and Meadowbrook Schools. Lunches are 30 cents a day, and milk 4 cents.

Milk tickets only will be available at the high school until the kitchen is completed. Cafeteria personnel have requested the purchase of tickets by the week rather than on a daily basis. Ice cream will be available at all three schools.

Lunch menus at the Hicks Memorial and Meadowbrook Schools this week are: Today, hot dog on roll, mustard and ketchup; Tuesday, meat and gravy with macaroni, carrots, fruit and peas; Wednesday, pizza, cabbage, raisin and apple salad, cheese cake, fruited gelatin; Thursday, beef steak, vegetables, peanut butter and jelly sandwich, cucumber wedge, fruited cake; Friday, corn and potato chowder, toasted cheese

Openings Exist In College Class

Openings still exist for students wishing to enroll in the full-time clerk-typist program at Manchester Community College, according to Fred A. Ramsey Jr., director of business education.

The clerk-typist program certifies students to enter business after one year of study. "I provide graduates with skills that are very much in demand by employers," Ramsey said.

He said the course is designed not only for adults who wish to refresh their basic business skills, but also for high school dropouts, graduates without acceptable skills, housewives who wish to return to work, and even retired workers who want to develop new skills for part-time office employment.

Those wishing to register for the course may do so at the college office in Manchester, High School tomorrow through Thursday from 8:30 to 5 p.m., and from 7 to 9 p.m. Classes will begin Monday, Sept. 19.

New England Girls Capture Pageant Prizes

ATLANTIC CITY, N.J. (AP) — Two New England entrants reached the semifinals of the Miss America pageant and two others received special awards.

Miss New Hampshire, Nancy Anne Nayler, 19, of Eye Beach, was fourth runner-up to Miss America, Jane Amme Jayroe, 19, of Laverne, Okla. Miss New York, Elizabeth Galt, 18, of Newport, received a \$1,000 scholarship.

Miss Massachusetts, Carol Ann Kennedy, 19, of Worcester, was one of the 10 semifinalists, but was not among the five selected as finalists. She received a \$1,000 scholarship.

Miss Connecticut, Charole Ann Gellish, 21, of Waterbury, was named the most talented musician in the pageant and received a \$1,000 scholarship. She plays the accordion.

Miss Rhode Island, Cheryl Elizabeth Gitt, 18, of Newport, received a \$1,000 scholarship as the most talented dancer.

Fire Damages Waverly Inn

CHESTER (AP) — Fire officials blamed cigar or cigarette ashes for a blaze that forced the closing of the Waverly Inn, one of Connecticut's best known restaurants.

The fire began in the laundry chute and the building was filled with smoke when office manager Robert Kearney opened up Sunday morning.

The electrical system had been burned out and a \$12,000 carpet in the Crystal Room was ruined, officials said.

Mrs. Helene Roosen, the owner, said she hoped the Waverly would be able to reopen Thursday.

Referendum Issues LWV Panel Topics

The League of Women Voters will hold an Open Forum at Bowers School tomorrow from 8 to 10 p.m. on the referendum issues appearing on the October and November ballots. This will provide an opportunity for the public to ask questions and to state an opinion, pro or con, about the three bond issues. A panel of five knowledgeable men will answer the questions. Downtown urban renewal will be covered by Redevelopment Agency chairman Edward Rybicki and Atty. John Fitz Gerald, the new Globe Hollow School will be explained by Superintendent of Schools William Curtis and Board of Education Chairman Beldon Schaffer, and will discuss the Capitol Improvements issue.

The meeting will be moderated by Mrs. John Knowlton, president of the Manchester League of Women Voters, who will allow half an hour on each issue, the first fifteen minutes for questions from the floor, either orally or in writing, and the next fifteen minutes to allow any Manchester voter to state an opinion, for or against, the issue under discussion. Additional time will be allotted if public interest indicates a need.

The Open Forum is another effort by the League to be of service to Manchester voters, to be informative, and to provide an opportunity for the public to know about the referendum issues.

How did our serviceman earn all these gold stars?

KEEPING HEATING COSTS DOWN
We have our own servicemen. Not everyone does. Our men are interested in making your furnace perform at its highest efficiency and lowest cost because then you'll keep buying oil from us. Remember, three out of four furnaces waste fuel. Thanks to Mobil Technical Research our men have the latest facts on how to make your furnace the one-in-four that keeps heating costs at a minimum. There's a big difference in the way our servicemen work. Let one of our servicemen show you another gold star by showing you how big that difference can be.

Shooting Death Yields Few Clues

LEDYARD (AP)—An investigation to determine who shot Walter L. Wilson, 21, of Ledyard, had not turned up any clues as of early this morning, state police reported.

Wilson's body was found in the Long Pond resort area by a state police trooper early Sunday after neighbors reported hearing shouting and screams. When he was found, Wilson was still alive and was rushed to Lawrence Memorial Hospital. But his priests denounced it as a sacrilege.

Garlic Used in Oaths

CAIRO—Ancient Egyptians of all classes worshipped garlic and invoked it in their oaths. But their priests denounced it as a sacrilege.

Bay State Campaigns Reach Final Stages

BOSTON (AP)—The Massachusetts primary campaign moved into its final, frenetic hours today with former Gov. Endicott Peabody and Mayor John F. Collins exchanging jabs and Edward J. McCormack claiming Kennedy support if he wins in tomorrow's balloting.

Peabody and Collins, locked in a Democratic battle for non-unioned jobs in the electric chair. And since that time Peabody has been on the television, clashing during a face-to-face confrontation between the two men and Thomas Collins referred to as the "Boycott Adams" the third entry in the Senate race.

In the case of the program, that they will "come into Massachusetts and work for me" if he wins in tomorrow's balloting.

Peabody tried to interrupt and was heard to say, "I never said that, you voted for that yourself when you were in the primary."

As the television camera moved back to a long shot, Peabody could be seen pointing his finger at Collins and the two men engaged in an animated "campaign vigorously" for him.

Following the program, Collins issued a statement that he had never voted to abolish capital punishment as a member of and used the occasion to express his warm friendship for around O'Donnell in public.

Workers' Preview Is Subdued Affair

NEW YORK (AP)—Men who built the Metropolitan Opera House — members of 65 unions — and their wives were the Met's first "Antony and Cleopatra" audience Sunday night.

They saw the first full dress rehearsal of the first act of the opera by Samuel Barber which is to have its world premiere Friday night at the new Met in Lincoln Center.

Before the doors opened, the audience gathered in Lincoln Center Plaza was quiet, and people they hardly knew.

There was no buzz of reaction as they entered the glittering interior. But after they had walked around, picked up gardenias in a Met restaurant, got seated and the opera began an hour late — there was warm applause for singers and scenic effects.

Edward Looff, member of the glaziers union, looked around the house as a commissioner of Lincoln Center buildings. He has supervised installation of the plate glass windows in all four.

"The opera is furthering the Met's mission," he said. "I still had about 20 men working then. We had sections of the Philharmonic hall with glass on four sides and the Vivian Beaumont Theater has the largest single piece of glass, but the largest quantity of glass is here."

"I think outside, I kind of like the Vivian Beaumont best," Looff said. "And inside I like the Philharmonic Hall."

Errol Belton, who has been a steel structure workman for the A.P.T. since 1927, said the Metropolitan Opera and Local 802 of the A.P.T. American Federation of Musicians have not reached agreement on a contract.

De Gaulle Witnesses Pacific Nuclear Test

PARIS, Sept. 11 (AP)—The blast climaxed De Gaulle's 27,000-mile round-the-world trip. France's first nuclear test was triggered by Charles de Gaulle's plane as he watched France's third Pacific July 3 following De Gaulle's nuclear test from the bridge of it to Moscow. A second test came 18 days later and an A-bomb was dropped from a plane without exploding July 21 in a off the French Polynesian atoll test of the bomb's safety features.

The French government, in a statement issued in Paris, said France conducted about 50 test explosions in the Sahara Desert; none were given but indications were it was in the range of 100 kilotons, or equal to 100,000 tons of TNT.

The experiment was one of a continuing series designed to test the hydrogen bomb as soon as possible. France is expected to test its first H-bomb by 1968. Two other nuclear tests are slated here within the next month.

The 75-year-old chief of the French republic had to wait an extra day aboard the cruiser De Gaulle as unfavorable wind conditions forced a 24-hour postponement of the test, originally connection with the fatal stranding of the 30-year-old wide Orville was 25 miles away from the blast area following the test.

MANSLAUGHTER CHARGE NORWALK (AP)—Gordon Harell, 37, of Norwalk, has been charged with manslaughter in connection with the fatal stranding of the 30-year-old wide Orville was 25 miles away from the blast area following the test.

Harell gave himself up to Bridport police Sunday night, 800 miles from Papete, by walking into police headquarters and identifying himself. He was handed over to Norwalk police and is being held on \$50,000 bond for Circuit Court appearance today.

Vernon Hearing Tonight on Plan To Drop Budget Meeting

When the board of representatives meets tonight to hold a hearing on the proposed revisions to the Charter of the town, the only item expected to cause any controversy is the annual budget meeting.

The hearing will be held at 8:30 p.m. at the administration building. The board will meet at 7:30 to go over its regular agenda.

The previous two charters, which were both voted down, kept the town meeting provision in them as a continuation of the town government's legal arrangement as it operated under a board of selectmen. Consolidation was approved by the voters last year and went into effect in July.

It is quite common throughout the state that the board of representatives has been eliminated as the governing body of the town, replaced by a board of selectmen or a mayor and a board of town council members.

The desire to retain the town meeting, in effect, says there is a lack of confidence upon the part of the voters in the town meeting.

The voters have ample opportunity to express their opinions in the voting booths when electing the officials.

meeting, in the spring, seems to bear out the fact that the larger percentage of the electorate feels that the elected officials are capable of and are acting responsibly.

In all probability, in weighing the question of whether or not to continue having the town meeting, the members of the board will consider the question in the light of the possible political ramifications.

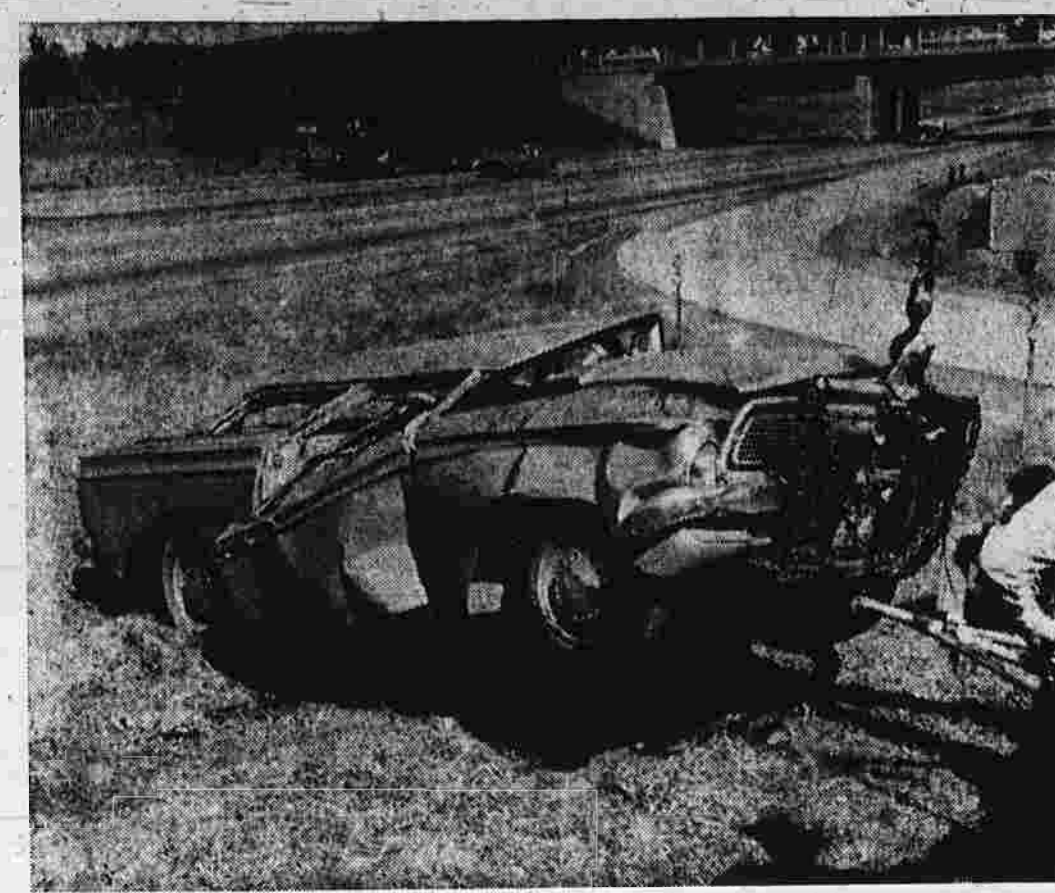

The question is whether or not a sufficient majority of both parties is willing to accept the idea that the town meeting concept today is archaic and obsolete and no longer serves the purpose for which it was intended, mainly because people have become apathetic about government.

The hearing tonight, on the other hand, is the second one to be held. Most of the numerous other proposed changes are of a technical nature pertaining to the elimination of transition provisions and should not be controversial.

At the regular meeting of the town, Town Attorney Robert Baum will report on an ordinance regarding sewer tie-in costs. This is for those who propose to tie into the line installed from the new junior high school, in Vernon center, to the filtration plant in Rockville.

Atty. Baum will also make a report on the responsibility of the town concerning the drainage problem on the corner of West Main and Union Sts.

In other action the board will hear a recommendation from Anderson-Nichols Engineers regarding laterals to sewer line on Center Road; hear a report from William MacKenzie, president of Rockville Water and Aqueduct Company; vote on the Mayor's recommendations on appointments to the Conservation committee; act on a petition concerning the closing of the Colonial dance hall; review a contract proposed by the water company concerning lines to the Federal Rd. industrial tract, and act on appointments to the zoning commission.

Two Hurt As Car Flips Over on Highway

Crushed car is towed away by wrecker after it flipped over on the Wilbur Cross Highway early Saturday afternoon. A rear tire blew out as the car approached the Mile Hill Rd. overpass. The driver, Arthur H. Jordan, 59, of Ardmore, Pa., was treated for minor injuries at Rockville General Hospital and released. His wife sustained multiple chest injuries and is still in the Rockville Hospital, where her condition is described as satisfactory. A son, Stephen, was not injured. First aid was given at the scene by a passing doctor from Pennsylvania. (Herald photo by Saterlin.)

Dempsey Dedicates Workshop, Westhill

Gov. John Dempsey, in Manchester Saturday for a non-political visit to dedicate the Sheltered Workshop and the Westhill Gardens addition, shook hands with and spoke to a host of well wishers.

He appeared to enjoy every minute of his three-hour stay, and, although not once did he mention his campaign for reelection, he didn't have to everyone sensed it.

While touring the Sheltered Workshop facility on School St., he talked to all of the workers and to all of the foster grandparents.

Dempsey howled when one girl worker said, "I know you, my mother and father voted for you."

The governor, who has been pressing for years for increased state facilities for the mentally retarded, praised town officials and the Manchester Association for the Help of Retarded Children for "a program known all over the United States."

He said, "I am especially proud of those distinguished foster grandparents of the program, giving us an extra little bit of themselves—that little bit that we cannot begin to repay."

Dempsey beamed when Norman Fendell, director of the Sheltered Workshop, presented citations and pins to two state department heads, "for their outstanding efforts in helping to establish the project."

The two are: Arthur Dubrow, director of community services for the Mental Retardation Office of Connecticut; and Edward Swift, supervisor of the state's Division of Vocational Rehabilitation.

Dempsey said to the 150 assembled guests, "These mentally retarded youngsters, as God's children, have just as much right in the sunlight and in the open as has everyone else, and the day has long since passed for hiding them and for playing down these programs."

In dedicating the 100-unit addition to Westhill Gardens, housing for the elderly, Dempsey greeted the residents as "retired citizens."

He said that his 86-year-old mother had warned him that morning, "Remember when you visit those people in their new homes, don't you dare use the word 'retired'."

He said, "And I agree. You have reserved these years to do all of the things God wanted you to do, and which you haven't had time to do before."

Dempsey revealed that the entire \$18.6 million, voted in 1965 for state aid for housing for the elderly, has been allocated and that he will ask the 1967 State Assembly for more.

Manchester's 200 units for the low-rental housing was financed with federal funds.

The key to the Westhill Gardens addition was presented to Theodore Brindamour, chairman of the Manchester Housing Authority.

Gov. John Dempsey inspects work of a Sheltered Workshop participant and listens to foster grandparent Mrs. Georgianna Fox, as she explains the program. The governor, sincerely devoted to state programs for the mentally retarded, dedicated the School St. facility and praised Manchester for its foresight and dedication. He said that the workshop is recognized nationally and is far ahead of programs in cities and towns of much greater population. (Herald photo by O'Farra.)

Center Springs Site Likely for School

About five sloping acres of Center Springs Park woodland between Winter and Trotter Sts. was agreed upon Saturday as a feasible spot for a new elementary school to replace the 60-year-old Lincoln School.

The consensus developed during an hour-long tour of park land taken by Town Planner Joseph Tamsky; William Curtis, superintendent of Schools; Ronald Scott, assistant superintendent; Beldon Schaffer, school board chairman; and Alfred Campbell, chairman of the slope, parts of the school would probably have to be built.

The conclusions reached as a result of the tour will be one of the major items under discussion tonight when the board and access passages would of education meets at Bennett Junior High School at 8 p.m.

Saturday's inspection of the park land was arranged by Tamsky and Curtis and Tamsky said that the school would be a motor vehicle after he allegedly squealed his tires on E. Center St.

He is scheduled to appear in Circuit Court Sept. 26.

James E. Rose, 20, of Boston, Mass., was charged early this morning with driving without a license.

Police said they stopped Rose while on a routine patrol and found that his license had expired on it.

He is scheduled to appear in Circuit Court Sept. 21.

Figures Don't Upset Barry

It is hard work and a good solid effort by the secretary of the senatorial seat by Republican George T. LaBonne of Glastonbury.

The registration figures, released by the secretary of state's office, revealed that the 34,146 district voters on Aug. 31, Republicans had 12,719, and Democrats had 12,886. Unaffiliated plurality of 1,333 voters.

New voters, made on Aug. 27, He said that he had been and on Sept. 10, will change the aware of the figures when the totals somewhat.

Barry began his campaign for "statistics" don't mean reelection on Saturday afternoon, with a hand-shaking tour

Bolton Education Board to Review Specifications for School

The board of education will meet at the home of Ronald Farris to discuss specifications for the new school. The board will meet at 8 in the high school library. The architect's specifications were drawn up last May. Since then an architectural firm has been engaged to do preliminary plans and the town has purchased a lot on the site. The architects are waiting for the revised specifications to be drawn up. The board is expected to select its representatives to the school building committee.

Also on the board's agenda tonight is another look at the 1966-67 operating budget. The board will also hear a report on the feasibility of a new school building, as suggested by the board of finance. The board will give a report on student testing. The superintendent will report on the opening of school, the maintenance project development grant and the establishment of tuition rates to Bolton schools.

Highway Patrolmen Dead, Teen-age Trio Arrested

MCBEE, S.C. (AP) — A 16-year-old blonde and two teen-agers were in jail today charged with murder in the slaying of a South Carolina highway patrolman. The Pennsylvania teen-agers were arrested at Myrtle Beach Saturday night. Patrolman Charles Steele, 28, the father of three children, had been shot twice about noon Saturday and left on the side of U.S. 1 in front of his patrol car. His empty revolver was about three miles north of Mc Bee. His body was found by investigating officers declined to give many details about the slaying but Steele apparently had flagged down a speeding car. Held in the state penitentiary at Columbia were Joyce Marie MacKintosh, 16; Jeffrey Allen Brunner, 18; and Kenneth Hayes Fleming, 17, all of Altoona, Pa. Altoona police said Fleming was reported to have escaped from the George Junior Republic Correctional Institution near Hershey, Pa., a few days ago. He has retained Atty. Joseph Conti as his counsel. The girl reportedly had run away from home in Abbeville, in nearby Anderson County, Pa. At the time of their arrest, the teen-agers were driving a late model car with Georgia license tags. Police said it had been stolen in either Maryland or Pennsylvania. The car in which the teen-agers were arrested had a hole in the windshield that police said could have been made by a bullet. Officers said there also were bullet marks on the trunk and right fender. The teen-agers will remain in jail without privilege of bond until their trial. State law prohibits bond in murder charges. Their case may be put before the Chesterfield County grand jury during the next term of state criminal court in the county — now scheduled for Nov. 14.

Ellison First Day Open Golf Leader

Glastonbury Player's 70 Sets Pace

Sitting back awaiting further developments in the 20th annual Manchester Open Golf Tournament is Bill Ellison of Glastonbury. The insurance man paced a field of 177 amateurs in yesterday's first of the two-day competition at the local course with a par equaling 36-74=70 round. Perfect weather prevailed.

Today, the professionals and low handicap amateurs will under-take the fairways. The two-day field is expected to reach 375. Better than 200 signed up for competition today, including defending champion Ed Rubin of Maryland. Rubin won in '65 with a 68 round.

The lowest score on either day will prevail.

Trailing Ellison, who plays out of both the new Glastonbury Hills Country Club and Rockledge, was Stan Domin of Vernon with a 35-37=72 round. Best scorer was a Manchester Country Club member who carded a 37-37=74 and Ervin Kennedy was right behind with 38-39=77. Both of local club members.

Alex Scott of Fairchild Wheeler, only amateur to ever win, went around in 37-38=75. Other first day scores were: Frank Capka, Orange, 38-38=76; John Baxter, Glastonbury, 38-38=76; Bill Waldman, Burlington Ridge, 38-38=76; Fred Kask, East Hartford, 39-37=76; Ray Scussel, East Hartford, 39-38=77; George McAliff, 39-38=77.

"I never saw Caffey," Unitas said later. "Berry was wide open when I looked."

It was Caffey who was wide open when Unitas threw. The 260-pound linebacker, who can swing the 100 in a fraction over 10 seconds, dashed 52 yards for the touchdown.

"Syracuse upsets Marks Football's Opening Act"

Top-ranked Alabama has two more weeks to get ready, but most college football powerhouses take the plunge into regular competition this Saturday.

After what happened to Syracuse against Baylor last Saturday, the plume could be just that for some of the highly regarded clubs.

A sensational performance by Terry Southern led Baylor to a 32-12 rout over the seventh-ranked Orangemen in the season's first major game and left Syracuse Coach Ben Schwartzwalder stunned.

Southern fired four touchdown passes and completed 14 of 28 attempts for 229 yards, leaving Syracuse's defense in a shambling state.

Buffalo, once Bert makes a few long runs - watch out."

He hit the headlines when he ripped off 101 yards rushing in 11 carries and scored two touchdowns in the Chiefs' 42-0 American Football League victory over the Bills.

It was the first regular season game for the Chiefs and the first indication that Oan is ready to live up to his potential.

"He's had his heartaches and disappointments," said Coach Hank Stram. "And it's just great to see him pulling himself out of the jungle. He just scratched the surface against Buffalo. Once Bert makes a few long runs - watch out."

He hit the headlines when he transferred from TCU to Kansas in a cause celebre. He hit the headlines when he became the club together for its Sept. 24 game against UCLA.

That's the name of the (Bear) Bryant's defending national champions from Alabama on their season against Louisiana Tech.

Most of the other members of The Associated Press Top Ten get their seasons started this week.

Michigan State, ranked second in the pre-season poll, opens at home against North Carolina State and third-ranked Nebraska at Texas Christian.

UCLA, No. 4, gets ready for the Big Ten by playing against Pittsburgh in Los Angeles. Arkansas, No. 5, meets Oklahoma State in a game ranked eighth, is at home to Ohio University and Southern California. No. 6, visits Texas.

Notre Dame, ranked sixth, and Tennessee, No. 10, don't play until Sept. 24. The third game Purdue and the Volunteers are at Auburn on that date.

Billiards Victors In Softball Play

Quarterfinal round in the Middleton Slow Pitch Softball Tournament has been reached by the Canterbury Bears. The softball champs. The latest win was a 2-0 romp over Royal Oak. The Bears, led by Mike Crivello, hit Orie Burnett with 23- and 12-yard touchdowns, striking and kicking a 47-yard field goal.

Littler Came in Back Door, Walked Out Front with \$50,000

AKRON, Ohio (AP)—Littler, who in the U.S. Open to Gene Littler, came in the back door and walked out the front with a \$50,000 check Sunday by winning the World Series of Golf on the first hole of a dramatic three-way playoff.

After apparently having blown the whole bit with a double bogey 7 on the 18th hole, Littler took Jack Nicklaus and Al Geisler into the first extra hole and the man who shouldn't have been there crushed their hopes by sinking a 22-foot birdie putt that won the fifth annual series.

The man who gained a World Series berth only because of a misstep of victories by Nicklaus and Billy Casper, appeared to be a long shot when he took a 62-yard lead into the par 5, 625-yard 16th hole. Then things started to happen.

Littler shanked his third shot like a common duffer and finished with his two-over-par 77. Nicklaus, his killer instinct stirred, rained home a 32-foot birdie putt to climb into a tie for the lead and Geisler got into the act with a 16-foot birdie putt on the 18th hole.

World Series officials had to dig deep to get Littler in order to assure a foursome for the series. Nicklaus was both the winner and the British Open. The first alternate tournament because of Nicklaus' dominance was the Western Open. That was wiped out by a Casper victory, so Littler made it only because he won last year's Canadian Open.

Firestone, which extends 7, 180 yards and has a pair of 35-foot exacted its toll from the four champions. Nicklaus and Casper managed to equal par for the first time in five weeks.

The double shotgun, coupled with St. Louis's 43 victory over Pittsburgh, sent the Dodgers one game ahead of the staggering Pirates and two in front of San Francisco in the torrid race.

Dodgers Regain Lead with Pair of Shutouts

BOSTON (AP)—The New York Yankees may not be the Bronx Bombers of old, but it's better than even money they won't finish last as long as the Boston Red Sox are around.

The Yankees, who haven't finished last since 1912, checked into Fenway Park as cellar dwellers Friday evening. About 48 hours later they climbed back to eighth — and dumped Boston into 10th place.

New York completed a sweep of three games with the Red Sox by taking the win on a 10-inning Sunday afternoon. The Yankees, who had lost 11 of their last 12 games, were boosted by the three-day attendance of 53,806 for the "battle of the basement."

Bobby Richardson, the veteran second baseman who is retiring this year, broke a 2-2 deadlock by leading off the 10th with his seventh homer, a line shot into the screen in left center.

Thrills for Mathews, Bigger One Due Soon

NEW YORK (AP)—"It's a thrill to be mentioned in the same breath with these guys," said Ed Mathews, "but I think it'll be a bigger thrill when I hit 500."

Mathews was talking about the home run he hit Sunday in Atlanta's 8-3 victory over the New York Mets. The homer was the 46th of his career, tying him with Lou Gehrig for seventh on the all-time list.

The blast came off reliever Dick Stiles in the fourth inning and was Mathews' 35th of the season.

"I'd like to get 500 this year, but I'll be tough," he said after the Braves posted their sixth straight victory and 11th in the last 12 games.

Mathews started the season in the Braves' first game, but he was in the lineup for the first time in the seventh game. He was in the lineup for the first time in the seventh game.

Mathews' homer was one of three the Braves collected against the Mets. Mack Jones' 64-yard homer was the season's seventh home run.
