None Show To Advise Rec Board

Not one town resident or representative from a Manchester recreation group showed up last night to offer ideas or recommendations to the Advisory Recreation and Park Board for the town's indoor and outdoor recreational program... Henry McLean, board chairman, had invited the public and representatives from all Manchester recreation groups to the meeting... Besides board members, only Walter Fortin, the town's recreation program director, and William Boyle, superintendent of recreation, were present... It was learned at an earlier meeting, however, that the board is trying to spur areas to form inter-area athletic teams to complete year-round in various sports such as swimming, track, baseball, basketball, softball and volleyball... Board member Thomas Conran Jr. wrote last week to recreation directors of East Hartford, Coventry, Glastonbury, South Windsor, Rockville and Wethersfield to find out if the towns are interested... Conran said Rockville and East Hartford have indicated interest already... Fortin, present at the earlier meeting, pointed out that Wadell Pool, with its lights, would be an ideal spot for swimming meets in the summer... Commenting on the non-attendance at the 8 p.m. meeting, Conran said he wasn't surprised anybody showed up... "I had a guy ask me: 'Why don't we have basketball over on the West Side?'" Conran said he told him to come to a board meeting and present his case... Conran said he receives many complaints but the complainants seldom appear at a meeting to offer suggestions... The board had planned to conduct the first of a series of "informational meetings" last night for the public's benefit before the preparation of next year's budget... The board had met earlier at 7 to conduct regular business and prepare for the 8 o'clock meeting with the public.

10 Seniors Hear Bernstein As Part of Music Course

The new off-campus music appreciation course at Bolton High School got off to a lively start Tuesday with a trip to the Bushnell to hear Leonard Bernstein and the New York Philharmonic... The course is limited this first year to 10 students, all seniors, and applicants were chosen on a first-come basis last week... The course carries a half credit. The course meets with music instructor a few days before and after each performance... Among the other concerts to be heard this year are performances by the Detroit, Pittsburgh, Boston and Cleveland symphony orchestras, and by Sergio Franchi, Victor Borge and Peter, Paul and Mary... Students will also attend a performance of the American Boheme, "Porgy and Bess," "La Boheme," "Don Giovanni," "A Pop School Concert" and a collegial concert... As Principal Ralph Conlon says, this is an attempt to demonstrate that a small school does not have to really be a "small school" if it takes advantage of its geographic position culturally... Grange to Install Officers Bolton Grange will install officers for the year at its meeting tonight at 8 in the Community Hall, Frank Ruff of Hillsdown will attend with his installing team. All officers are requested to be present... Mrs. Hazel Floyd is in charge of refreshments, assisted by Mrs. Hanna Miller and Mrs. Alice Lee... Troop Sets Meetings Brownie Troop 680 will begin meeting this Wednesday afternoon at 7:30 p.m. at the school. Mrs. Wendell Bitter will be the leader... Parents Turn out for PTA PTA officials report that they were pleased with the good turnout of parents at Wednesday's meeting. The group heard short talks on grouping and school regulations by Head Bolton correspondent, Glenn Teacher John Senicko.

Barry Expands Proposal Community Colleges Seen Place for Police Courses

State Sen. David M. Barry, home, Barry said, "In my opinion, it is in the best interests of both the individual and the state at large, to have the best trained and most broadly educated state and local police forces we possibly can." Referring to the rising crime rate and to recent U.S. Supreme Court decisions, Barry stated, "No agency of the state or local government has as close a contact with the public on a daily basis, as has the police department." Barry said that, under his proposal, a police officer who gathered in a Glastonbury wanted to take advantage of the opportunity, would attend a community college while still performing his regular police work... OLD BRIDGE SUPPLIES

MADISON, IL (AP) — Madison's old "Chain of Rocks" bridge across the Mississippi has become surplus property since the new Interstate 270 bridge opened this summer... The new bridge, located a few hundred yards upstream, is free and Mayor Stephen Mesars asks, "Who is going to give us a quarter?" to use the narrow, 26-year-old bridge... Only about 1,200 cars use the bridge daily. Another 12,000 to 14,000 cars now travel the new, four-lane bridge... Since 1939, the old bridge earned enough in tolls to create a \$2.3-million backlog and an annual investment return of \$100,000, Mesars said.

SMALL THEFT CONFESSED

LAFAYETTE, Ind. (AP) — A former student sent a \$50 contribution to Purdue University — and a signed letter confessing a theft decades ago... President Frederick L. Hoyde said the letter stated the small theft was from the School of Pharmacy in 1931 and that the sender felt unworthy of taking communion until he had made restitution.

Coventry Two Portable Classrooms To Be Financed by Surplus

The board of education has voted unanimously to finance the \$12,000 cost of two portable classrooms at Coventry Grammar School by reducing the amount of the intended surplus of \$26,361.

The surplus, in accordance with board action of July 19, was to be returned to the town general fund at the end of the current fiscal year. By financing the cost of the portable classrooms out of this surplus, a return of \$13,661 to the general fund will still be possible. In recommending this action,

some degree, an abandonment of our military presence in Vietnam.
 We happen to believe that the solution does have to be political, rather than military, and that the future safety and freedom of the people of the country have to be left to negotiation and compromise. We still find it hard to believe, however, that the leadership in the White House has come to accept this and we, and the rest of the world, will be waiting to see whether, after yesterday's great hopeful performance, the most administration moves are to or detract from our drive toward peace, continue to deal more concretely with proposition and substance, or begin to use propaganda motivation.

A Four Figure College
 It seems like a long time ago, although it was only yesterday—that, although at Manchester Community College were understandably nervous about their enrollment statistics. A strategic ambiguity was the only consistency in their information, it sometimes seemed, and there were dark moments when, in spite of their best statistical tactics, no matter how well they mixed their count, full and part time students, an actual audit of classes fell somewhat short of the true college level.

From now on, however, all need for concealed optimism has passed. The situation, entering its fourth year, has a combined full and part time statistic reaching into four numbers; even the pessimists come down to only 850; the problem is no longer one of getting pupils to enroll, but one of making sure the college will be able to serve all the people who will be trooping toward it every year from now on.

With this as the present state of affairs, it seems a good time to compliment those Manchester people who were so enthusiastically insistent on getting this institution started when they did, before the need for it had become more than merely calculable.

The big general hope lies in the degree to which Ambassador Goldberg's proposals—for a halt in the bombing of North Vietnam and for the "cessation" of some North Vietnamese de-escalation would follow—for such other de-escalation under international supervision—and then for inclusion of the Vietcong in negotiations for permanent settlement—approach the three points reiterated several times this year by Secretary General Thant of the United Nations.

Any general comment from Thant himself is not available at this writing; it is noteworthy, however, that Senators Fulbright and Mansfield, the two leading responsible critics of our Vietnam policy in Congress, have both expressed their pleasure with the Johnson administration's new stand.

If there is hope in the proposal, and hope in the words in which it was presented yesterday, a great deal will depend on the reaction it gets. If our friends in the world, and if the watching neutrals give their faith and confidence to the words uttered yesterday, then their moral and diplomatic power on the Communist side of the world will be enhanced.

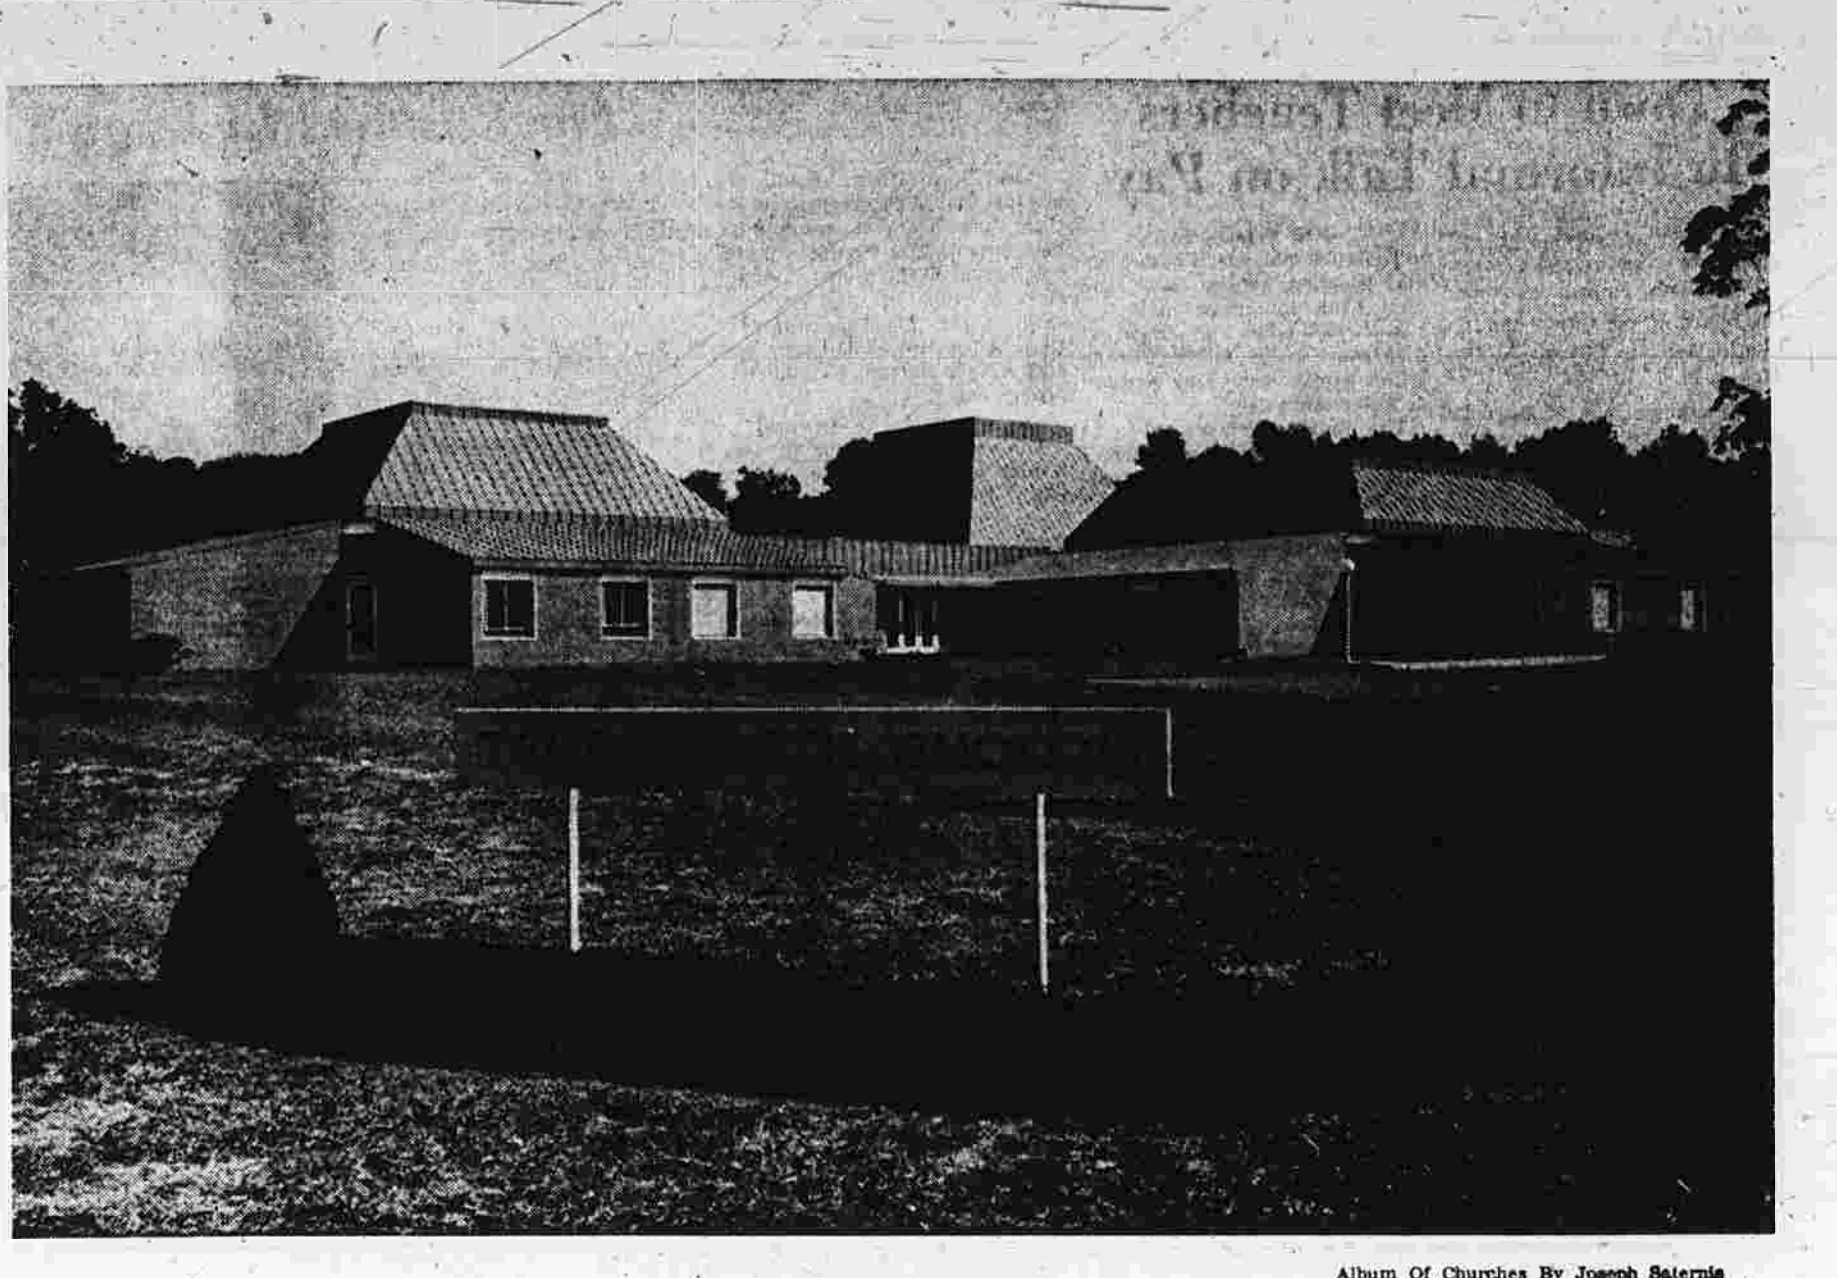

The handicap yesterday's much improved words carry with them on their way out into the world is the same handicap which has afflicted all our policy in Southeast Asia—that of credibility.

We have no beyond and so talked that people have trouble believing what we say. Not even we ourselves have always been sure of what we say. The Goldberg speech yesterday itself reminded us of these men and their words.

It said "we are not engaged in a 'holy war' against Communism" but high American agents of the past few years have been full of indications that some of the time we think we are engaged in just such a war.

It said "we do not seek to establish an American empire or a sphere of influence in Asia," but there is no record, from President Johnson's more forceful pro-war speeches of last winter, the repeated assertions that we are fulfilling, in Southeast Asia, our obligations to our own vital interests in the status of a "Pacific power."

It said "we seek no permanent military bases, no permanent establishment of troops, no permanent alliances, no permanent American 'presence' of any kind in South Vietnam," but the massive military installations we are building there speak their own inevitable language to those not friendly toward us anyway.

Inside Report

Rowland Evans Jr. and Robert D. Novak

LOS ANGELES — When Richard M. Nixon stepped to his podium Sept. 16 during his nationwide barnstorming tour, he was not alone. He had a private angel inside the camp of Ronald Reagan.

The reason for the irritation was Nixon's comment, in response to questions from news campaign strategists, that he still believes Republican candidates should completely repudiate the John Birch Society. Inevitably, Nixon's remarks led to a new batch of newspaper stories and Democratic reminders that Reagan has made no such repudiation of the Birchers in his campaign for governor of California.

"That Nixon," one of Reagan's top strategists, stormed in last June's primary, Spencer Roberts & Associates, the political management firm running the Reagan campaign, has been scouring these precincts in support of Reagan supporters.

Conceivably, these key voters might turn against Reagan if they are convinced he is an inexperienced incompetent. But for them, the extremist issue doesn't exist.

Democratic planners rightly judged as early as a year ago that Brown, showman politician, would be a major force in the Reagan, and the best way to do that, it was reasoned, was to publicize his ties with the far right.

That process has been going for months under the general leadership of Harry Lerner, a veteran public relations man from San Francisco and intimate of Pat Brown. Another research man who dug into Barry Goldwater's right wing ties in the 1964 California Republican Primary was assigned to probe Reagan's association. The result was speeches and statements documenting Reagan's indisputable links with the far right.

But the impact has been zero. Polls taken by both camps show Californians—particularly the 60 per cent of the state's population that lives in Los Angeles, Orange and San Diego counties in Southern California—couldn't care less about the John Birch Society or the right wing extremist issue. What bothers them much more is the Negro revolution and high taxes.

About 55 residents attending last night's town meeting unanimously approved the sale of three acres of industrially zoned town-owned property in the Am-Industrial site for \$3,000 an acre.

The approval will lead to the location of a silk screen printing firm, FEPCO, Inc., as the \$3,000 received by the town for the sale will be used to improve the industrial site to help attract other industries.

The meeting also approved a change in the hours that the town dump can be used after considerable debate.

Town to Shut Off Water To Clean S. Main St. Line

Cleaning of the town's 16-inch S. Main St. transmission and distribution water main, from the Line St. filter plant to the intersection of S. Main St., Hartford Rd. and Charter Oak St., will be done at night, in two parts, on Wednesday and Thursday.

Water will be turned off Wednesday night in the area from the Line St. filter plant to the intersection of S. Main St., Hartford Rd. and Charter Oak St., and on the safety section of N. Lakewood Circle will be without water.

Jarvis Bid Low For Water Main Parkade Merchants Endorse Renewal

Jarvis Enterprises of Manchester is the apparent low bidder for installing 2,100 feet of a 12-inch water main, plus 90 feet of a six-inch main, in the Keeley St.-Lakewood Dr. area.

The Parkade Merchants Association, comprising seven businesses, endorsed the town's downtown renewal project yesterday. The action was taken at the regular meeting of the association's executive board.

The Parkade Merchants Association is in favor of whatever is good for Manchester. Harry Cohen, the association's president, said at the meeting. He added: "Competition here and competition is going to grow because of our growing population. It is better to have the competition here in Manchester rather than have it go outside of Manchester."

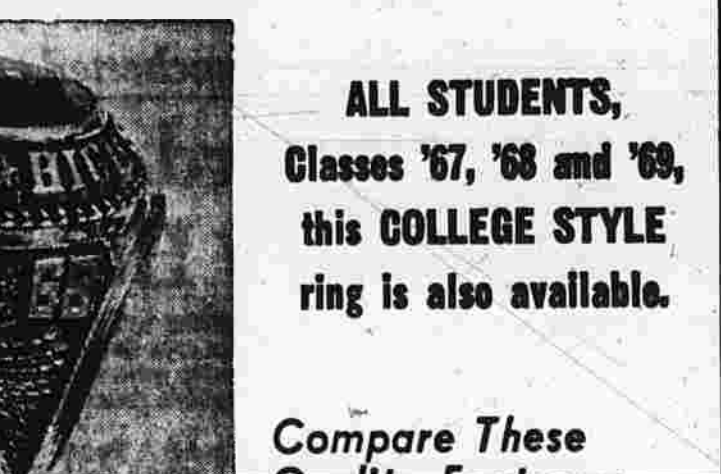

Cohen explained that every effort is being made by the Parkade and downtown merchants to make the town the "regional shopping center for eastern Connecticut."

Others who submitted bids for the work are: Dusen Construction Co., \$14,800; and Brentwood Inc., \$17,900. Both are from Manchester. The new water main will replace an existing four-inch main, an habitual problem during heavy usage.

Water will be turned off Wednesday night in the area from the Line St. filter plant to the intersection of S. Main St., Hartford Rd. and Charter Oak St., and on the safety section of N. Lakewood Circle will be without water.

THE HIGH SCHOOL WORLD

Friday, September 23, 1966. Compiled by Students of Manchester High School. Mrs. Joyce Don, Faculty Advisor.

The roar of a certain white music sparkles through all student parking lot is a familiar sound for many MHS students. The contents of the sports car and not the automobile itself which excite most of the interested spectators.

First year - Just a few of Yogi's special honors include captain of this year's Soccer Team, co-captain of this year's Basketball team, and attending "Nightingale Boy's State last summer."

Second year - Just a few of Yogi's special honors include captain of this year's Soccer Team, co-captain of this year's Basketball team, and attending "Nightingale Boy's State last summer."

Third year - Yogi relaxes by listening to such popular recordings as the Rolling Stones, the Animals, and the Kingstons. He is also a member of the "Man From Uncle."

Fourth year - Yogi's main objective for this year is to captain the soccer team to both the State and National Championships.

Gridiron Play Opens Tonight

How quickly they fell and spirit is excellent, and there is now badly they want a winning lot of lust. The minutes of club will determine how there. It all depends on the Manchester - High Football kids.

Lucky Senior Visits London For Summer

It's easy to tell that Sharon Goodstine, '67, isn't superstitious, for July 13 marked the beginning of her three-week stay in London, England.

Sharon spent most of her time sightseeing in London where she saw such things as the Tower of London, Westminster Abbey, Buckingham Palace, and Tussaud's Wax Museum. She also took a trip to Oxford to visit her brother who was studying there and spent much time shopping in London's many stores.

New Teacher

A western influence has come to MHS with the addition of Cheryl Gibson, secretary, and George Goid, treasurer. They are all seniors.

The orchestra's schedule includes the Christmas concert on Dec. 17, and the University of San Francisco. The band has scheduled the annual concert for April 14, 1967, and also plans to attend the state football games as a pep band.

Booters Meet Area Foes at Jamboree

The common bonds of soccer and hunger succeeded completely in making last Saturday's Soccer Jamboree a unique and memorable event. The first contest ended in a scoreless tie, although Westport had quite obviously outplayed their West Hartford opponents.

The second pairing found Manchester facing the North Shore. The rivalry between the two clubs electrified the crowd, and it was apparent that both teams had been eagerly awaiting the confrontation.

After a splendid meal in the cafeteria, the Jamboree ended with a cheerful "See you in the State Tournament." A long regular season is waiting to be unannounced however before any dreams of a state crown can be realized.

Pep Rally Staged in Shivery Weather

Pat Adams leads a chilly crowd of students in a warming cheer as the MHS athletic events to Dr. Joseph Barry (left), in recognition of his many years of devoted service to the school. Dr. Joseph Bradley, '67, student council president, was the master of ceremonies at this gathering which was organized with great speed under a brief time limit by Steve Cose, '67, chairman of the assembly committee.

Phinney Tourists Go West Again

The Phinney-Hunt Educational Tour of 1966 made its way across country this past summer with an eager group of 35 New England girls. The Phinney-Hunt Educational Tour of 1966 made its way across country this past summer with an eager group of 35 New England girls.

Sophomores Hear Talks At Assembly

The sophomores attended their first assembly as MHS students Tuesday, Sept. 20, during the X-period. The assembly began with the presentation of the flags and the salute. Mr. Rogers then introduced Mr. Powers, who led the class in the Alma Mater. The third attempt was done with enthusiasm and volume.

Drama Club Elects Slate

Sock and Buskin members elected their officers for the school year at their first meeting, held Sept. 15. The voting was run by president John Ostroff, '67. Those elected included Debbie Clark, '67, vice president, Cheryl Brien, '67, secretary, and John Blum, '67, treasurer.

Runners Set For Victory

A determined and energetic Manchester High School cross-country team has planned a winning season for itself this year. With many able new runners coming in to add to the list of those present, it appears that the team will be able to stand up well against all challengers.

Attention Seniors!

Senior picture forms are due in the Sophomore Office Sept. 20. If you have not yet had your photograph taken for the yearbook, please fill out and return the form immediately. Seniors who have had photos taken by a studio other than Loring must be to the Sophomore Office by Oct. 1. Failure to have your photo by this time will mean your photo can not be included in the 1967 yearbook.

Introducing two of the most radical changes in Volkswagen history. Can you spot them?

Did you notice that the headlights are vertical now instead of leaning back a bit? That doesn't make the car look any better. But it makes the road look better by making the lights a little brighter. And that little hump in the back? We did that to hold the license plate up straight so the police can read it better. (Sorry.) What you won't notice without driving the new model are the big improvements. The engine has been enlarged to a fabulous 53 horsepower. That only adds 3 m.p.h. to the top speed. Because we put most of the additional power where it would make the engine accelerate faster, turn slower and last even longer.

Now that the VW is getting to be such a hot car, we put in a couple of things to slow it down: Dual brakes. The front wheel brakes are completely independent of the rear wheel brakes. So if you ever lost the front wheel brakes, you could still stop the back of the car. (Which automatically stops the front of the car too.) The new VW also has seat belts, back-up lights and recessed door handles as standard equipment. In fact, this year we made so many changes on the Volkswagen that we thought we'd better make one more. We wrote "Volkswagen" on the back of the car to be sure everybody would know what it was.

Yale-UConn State Headliner

Trin Hosts Williams In Hartford

For 17 football seasons, the Connecticut-Yale game matched two powers in their respective leagues, with the Ivy League school always coming out on top of the Yankee Conference member.

The character of the game changed abruptly in 1965 as UConn ambushed the Elis 13-6. In the 18th meeting before an expected 25,000 persons in Yale stadium last year, the Huskies won 27-10.

Connecticut has a new coach, John Toner, who knows a lot about beating Yale. In his last five seasons as an assistant coach at Columbia, the Lions beat Yale three times with one tie.

Yale coach Carmen Cozza was in his first game as head coach when the Huskies wiped out a stale 88 straight Yale victories over state colleges. His chief weapon will be a sophomore-dominated backfield and a veteran defense.

Southern Connecticut, Wesleyan and Trinity also begin their seasons Saturday.

Southwestern Connecticut, from a team which was 7-3-1 a year ago, plays at Trenton State Saturday. The light-colored, Shy replaces Jess Dow, who became the school's athletic director after 11 seasons. Dow's chief legacy to the school is his coach, Dick Noecker, who has gained 2,200 yards in two seasons.

Wesleyan, in which Don Russett is in his second year as head coach, is in an attempt to start another winning season. The Cardinals, 6-3 a year ago, are led by running backs Billy Coniglio and Paul Snow.

Third Straight Final Week Suspense

Five times in the 50-year history of the National Baseball League the pennant race has involved as many as three teams entering the final week and it appears that this will be the case again this season. If so, it will mark the third straight year in which the final seven days of the campaign. It looks like another Hollywood-type finish.

Another Hollywood-type finish is now in his second term with the writing, with Pittsburgh's Phil Rizzuto and Joe Judge ready to give it the old college try in the final days ahead of overtaking the Dodgers.

Short Stuff

Long-haired Mike Burke, new president and chairman of the American League, reports all four announcers—Red Barber, Gerry Coleman, Phil Rizzuto and Joe Judge—will be back next season. Former owner Dan Topping had described the four as "terrible" before he sold out.

Off the Cuff

Midget football warfare in the East will be back next Friday night-Sept. 30 with the first of six doubleheaders. First game each Friday night will be at 6 o'clock.

Here in There

Tackle candidates with the Athletic Academy football team this season include Dick Johnson and Bob Hubbs at Philadelphia (Jackson 15-11), night.

End of the Line

George Ehrlich will call the game again this season for the first time since 1954. He will be replaced by Dick Johnson and Bob Hubbs at Philadelphia (Jackson 15-11), night.

Corks Pop for Birds After First Flag Win

ANAHEIM, Calif. (AP)—It's the greatest thing only happens once a year. That was the cry of comment from weary third baseman Brooks Robinson when he was named Most Valuable Player after leading the Orioles to the first American League pennant.

"I was on nine pennants in my history with the New York Yankees finished last in the standings 1908 and 1912. Both were the once proud Bronx Bombers were eighth when the American League faced eight entries before expansion to 16 clubs."

After Russ Snyder made a diving catch in left field for the final out Thursday at Jim Palmer beat Kansas City 6-1, the Orioles trooped into clubhouse and the party was under way.

Corks on champagne bottles began popping amid screams and shouts. Everyone within sight, including Orioles Board Chairman Jerry Hoffberger, was either throwing into the showers or drinking champagne, beer, shaving cream, milk, pickles, mustard or a variety of other

"I'll tell you one thing," Hoffberger said in his second major league season, perhaps had the unofficial MVP award for having come in Pittsburgh earlier this month. And there are three games to go before Pittsburgh leaves Baltimore behind.

"It's nice to be wanted," Robinson kept repeating. The club had said frequently during the season that he didn't want to be wanted to the game in Detroit as I was our own game. The guys in our bullpen had the Orioles' game on the radio and just telling us the score."

"There's never been a party like this one," Balfanz said. "And you know what? We might have five more like this in a row."

Bauer, in his third season as manager, captured the pennant after leading the team to a pair of third-place finishes.

After the jubilant Orioles dumped manager Bauer and Board Chairman Jerry Hoffberger into the showers, the 44-year-old pilot sat back and surveyed the post-game chaos. "We did the same thing at New York when we won pennants," he said.

"I got cold chills when there were two out in the ninth," said Brooks Robinson, the Orioles' All-Star shortstop. "I believe we were finally 6-1 triumph over the Athletics, got mathematically buried the first game and made Baltimore a one-run game for the Triple Crown—batting, home run and runs batted in titles—in his first All-Star campaign led the Orioles' pennant chase, proclaimed: captured the last of their three National League flags.

Red Hot Braves Cool Off Pirates

19th Victory In 21 Tilts, Dodgers Idle

NEW YORK (AP)—The Atlanta Braves enjoy baseball these days because they know the Dodgers are before they get to the ball park.

The second-place Pirates moved into Atlanta Thursday night, intending to cut the National League lead of the Los Angeles Dodgers to one game. Instead, the Braves trounced the Pirates 14-1 and boosted the Dodgers' margin to two games.

The victory was the Braves' sixth straight, 19th in the last 21 games and 30th against 12 deficits since coach Billy Hitchcock became Manager. Billy Hitchcock.

That makes the Braves the hottest team in the league since Hitchcock replaced Bobby Bragan Aug. 9. The surge has been so fast that the Braves have won 12 of 13 games out.

The big thing has been that we go to the ball park and know who's going to play. The Yankees and White Sox. There were but 413 fans at the game, representing the smallest crowd in the majors this year and the lowest at the Stadium in post World War II days. (AP Photofax)

Don't Get Overconfident, Purtell Tells Bonee Backers

By SOL COHEN
Confidence over Republican Party prospects for the Nov. 8 state elections was the theme of last night's fund-raising dinner in Hartford for Atty. John Bonee, GOP candidate for U.S. representative from the First Congressional District.

However, the principal speaker, former U.S. Sen. William A. Purtell, disagreed with the show of confidence expressed by four speakers who preceded him.

"I am not at all sure or optimistic that victory will come to our party without a lot more work," Purtell said.

"Most of the enthusiasm for our gubernatorial nominee, E. J. Clavin, is based on the fact that he is a Republican who comes to cheer and to donate, but who doesn't get out and work."

He warned, "We will only win in November if we appeal to the independents and to those thinking Democrats will be the danger of a one-party system, now facing the state and country."

The \$20 per plate "Dinner With Bonee," held at Hartford's Hotel America, was attended by about 300 Republicans of the 13-town Congressional District.

Manchester was represented by Atty. John P. Shea, GOP state central committee chairman from the 4th Senatorial District and Russell B. Grannis, a member of the Republican Town Committee.

Bonee predicted, "We'll elect a state ticket, a majority in the State Assembly and a majority in Washington."

"People who have never even thought of voting Republican should be said to me, 'I'm almost man enough to vote Republican this year.'"
