South Windsor Man Dies In Fire; Five Are Saved

Fire claimed the life of Richard Murray, 36, of South Windsor early yesterday morning but bravery and quick action on the part of neighbors saved the lives of Mrs. Murray and her one-year-old son. Another Murray child, nine-year-old Melissa, is credited with awakening her eight-year-old twin brothers and leading them to safety.

The fire was apparently discovered at 7:20 a.m. by the six-year-old son of Mr. and Mrs. Richard R. Tracy, who lives at 105 Farnham Rd., directly across the street from the Murray home, 88 Farnham Rd.

Alerted by the boy, Mrs. Tracy aroused her husband who rushed to the rear of the burning house and found the three older Murray children who had just escaped through a bedroom window.

Melissa told Tracy her mother, Mrs. Corinne Murray, was lying near the kitchen door but that she had been unable to reach her because of the intense heat and smoke.

Tracy tried to reach Mrs. Murray, but was also driven back on his first attempt by the heat and smoke. On his second attempt he was able to drag the unconscious woman into the back yard where she was revived by fresh air.

Another neighbor, Robert J. Swietek, after learning from Mrs. Murray that her one-year-old son was still in the house, broke a window in the bedroom, found the child and handed him out the window to Tracy.

Swietek then moved Murray's car which was parked near the front of the house. However, Mrs. Murray's car which was parked some 100 feet from the building caught fire and was destroyed.

An explosion blew out the front picture window and fear sliding glass doors Fire Chief Philip Cromble said the explosion probably occurred when an accumulation of gases in the house were ignited by oxygen from the open doors and windows.

Murray's body was found under debris in the kitchen near the spot where Mrs. Murray was found.

Fire officials said the fire may have started in a couch in the living room of the house. Originally a three-bedroom ranch, the house had recently been remodeled to enclose a carport and convert this area into a living room.

A burning couch cushion was found on the ground outside the kitchen door, which led to speculation that Murray was awakened by the smoke, and threw the cushion outside.

Officials said Murray may have been satisfied he had put out the fire but when he went back into the living room, and opened a door dividing this room from the kitchen, fresh air could have caused the fire to re-ignite.

Thief Balked

RESEDA, Calif. (AP)—Leonard Becker had rung up the sale of a bottle of gin and two packs of cigarettes when his customer drew a gun and ordered, "Give me all your bills."

Becker, 57, reached into his trouser pocket, saying, "I have a gun, too. Start shooting." The liquor liquor store clerk produced what appeared to be a pistol.

The robber backed slowly toward the door.

"Be careful, be careful," the robber implored as he fumbled with the door catch. Dropping his cigarettes, he fled.

Becker set down his weapon—a plastic cigar case.

Hairdresser Gets 12 Years On Drug Charge

HARTFORD (AP)—James Miller, a hairdresser charged with leading a double life as a Connecticut contact man for an international narcotics ring, was sentenced today to 12 years in prison.

For the 39-year-old Miller, who operates a beauty shop in Milford, the sentencing in U.S. District Court ended months of waiting.

After his conviction on a charge of conspiracy in June, Miller spent the summer free on \$200,000 bond, waiting for the trial judge, M. Joseph Blumenfeld, to recuperate from a heart attack.

After the sentencing today, Miller was released once again on \$200,000 bond. He was given 24 hours in which to file notice of an appeal.

100 Stage Work Halt At SNETCO

DANBURY (AP)—A group of Southern New England Telephone Co. workers staged a work stoppage for more than an hour today to protest the suspension of two fellow workers.

A spokesman for the Connecticut Union of Telephone Workers said about 100 cable maintenance men, installers and other service employees refused to go out to their assignments for the day when they reported for work this morning.

Shortly before 10 a.m., however, it was announced that the men were ending the work stoppage and that the matter they were protesting would be taken up at a grievance session between union officers and company representatives.

According to the union, two workers who refused to install a cable from a home to an outside pole in heavy rain last week were suspended for insubordination. The suspension violates a union-management agreement about work during inclement weather, a union spokesman said.

SNETCO headquarters in New Haven said the two men received one-day suspensions as a result of the incident.

'Record Incredible'

HARTFORD (AP)—Connecticut's system of public higher education is inadequate and ineffective, the Republican candidate for governor said today.

Clayton Gengras cited a study by the American Council on Education which ranked only five of the University of Connecticut's graduate programs among the top 50 per cent in the nation.

"This record is incredible in a state which in 1965 ranked first, after the District of Columbia," Gengras said.

Face to Face Debate

Dempsey, Gengras Agree on Projects

WEST HARTFORD (AP)—Gov. John Dempsey and Republican gubernatorial candidate Clayton Gengras are in almost total agreement as to what projects must receive special attention in the coming two years.

In a face-to-face debate with Gengras Sunday, Dempsey said more must be done about water pollution, unified transportation, education, open spaces and assistance for the "disadvantaged."

Gengras agreed, saying the state does indeed face crises in water pollution, education, and transportation.

The West Hartford financier added, however, that a crisis exists in one other area, "the management of your government."

Gengras, referring to the Dempsey administration, said "we have let incompetence run rampant" because the people of Connecticut have not taken an active role in politics.

"I am a political amateur," said Gengras, who is seeking his first public office, "motivated by frustration over friends in policy by this government."

"Conditions in Connecticut are shockingly self evident," he added.

Dempsey countered by listing Connecticut's "first" and "highest" among the states, including highest per capita income, and the country's first open space program.

"These," he said, "are the achievements of all the citizens of our beloved state."

Gengras attacked certain proposals made by Dempsey including a plan for a centralized Department of Correction, and voluntary reporting of campaign fund contributions.

He said a centralized department which would control the activities of the state's penal institutions is "not necessary or desirable."

What is needed, said Gengras, is "a better quality of person running these institutions."

Rather than have candidates for political office decide for themselves whether they will release campaign contribution figures, Gengras said the General Assembly should adopt a law

Japan Cleans Up Typhoon Damage

TOKYO (AP)—Hundreds of police and soldiers were pressed into disaster duty today to clean up the debris, restore communications and dig out the dead from the worst typhoon to hit Japan in seven years.

Typhoon Ida smashed into the heartland of Japan, the Tokyo

and Mt. Fuji area, early Sunday while Typhoon Helen was still beating southern Japan with less ferocity.

National Police headquarters said the latest count was 197 dead, 123 missing and nearly 1,000 injured. Damage to U.S. military installations was estimated at more than \$6 million.

Government officials estimated Japanese damage at more than \$500 million.

It was the highest typhoon casualty toll since 5,041 died near Nagoya on Sept. 26, 1959.

U.S. Army headquarters said no Americans were badly injured.

Today, more than 24 hours after the two typhoons struck, some railway lines, many roads and electric power had not been restored in some areas. Schools for children of American servicemen were closed because of power failures.

On the ground South Vietnamese military headquarters said two platoons of Vietnamese regional forces caught a Viet Cong company so much off guard early today that the Reds withdrew with only light resistance.

The regional force reported killing 88 Viet Cong in the 10-minute attack and capturing six rifles, a 60mm mortar and quantities of mortar shells, grenades and other equipment.

South Vietnamese headquarters also reported that mopping-up operations of a government operation in southernmost An Xuyen Province raised the total Viet Cong killed from 99 previously reported to 118. A Vietnamese spokesman said 65 Viet Cong were captured Sunday, the largest number captured in a single operation. He said most

Bomb Scare Delays Cosa Nostra Hearing

NEW YORK (AP)—A bomb scare delayed a grand jury's plan to question 12 reputed Cosa Nostra leaders today.

The jury, the witnesses, their lawyers and everyone else left the fifth floor of the Queens Courthouse while the police bomb squad searched.

Dist. Atty. Nat. Hentel said a man had phoned the bomb report to his office. The dozen reputed mobsters, arrested last week at what was called a "Little Apalachin" meeting, were sitting outside the grand jury room with their lawyers when the order to clear the floor came.

A 13th witness Carlo Gambino, did not appear. His lawyers said Gambino was ill.

The 13 were charged as material witnesses and released in bail. Hentel said he had made no decision on whether to grant them immunity from prosecution if they will testify.

"We must play it by ear as the investigation proceeds," Hentel told reporters.

The 13 were arrested while lunching at a Forest Hills, Queens, restaurant. Hentel and police compared it to the 1957 underworld confab at Apalachin, N.Y., which state police raided.

Among the 63 underworld figures and friends picked up at a hillside estate in upstate Apalachin were three who figured in

Thursday's Forest Hills luncheon — Carlo Gambino, Santo Trafficante and Mike Miranda.

Gambino has been described as head of a Mafia, or Cosa Nostra, crime "family" in Brooklyn. Authorities say Miranda is a Cosa Nostra "elder statesman." Trafficante, alias Louis Santo, headed gambling interests in Cuba before dictator Fulgencio Batista was overthrown.

Astronauts Discuss 'Hard' Space Work

MANNED SPACE CENTER, Houston, Tex. (AP)—Gemini 11 spacemaker Richard F. Gordon Jr. revealed today he was "tired and had a pretty high heart rate" even before he left the spaceship to take his shortened stroll in orbit.

And, he said, what he thought would be a 30-second task of tying Gemini 11 to an Agena with a 100-foot cord turned out to be "a monumental task of about 30 minutes."

Gordon's walk in space came during the record-amazing flight of Gemini 11 and was eventually cut short because he worked so hard sweat poured down his face into his eyes.

The Navy pilots, both 36, rocketed into orbit Sept. 12.

Gordon told a news conference that he and his flying partner, Navy Cmdr. Charles Conrad Jr., got about two hours ahead of time in preparations for the stroll their second day aloft and even considered asking officials to let Gordon begin one orbit early.

"So essentially I was setting there with no cooling," Gordon said, noting that he was already hunched up, just waiting, in his bulky spacesuit. At this point he

was off the spaceship's coolant system, and the pressure suit environment system was not yet turned on.

They stopped the preparations and Gordon went back to the spacecraft system for cooling.

As a result, he said, "I was tired and had a pretty high heart rate before we opened the hatch."

Gordon said he really got tired while straddling the nose of Gemini 11 while it was linked to an Agena rocket they had captured in the world's quickest rendezvous. He looped the cord from the Agena to the Gemini

Storm Grows To Hurricane

MIAMI, Fla. (AP)—Tropical storm Inez grew into a hurricane today and roared toward the Leeward Islands with top winds of 80 miles an hour.

The Weather Bureau hoisted hurricane warnings over the Leewards at the east end of the Caribbean Sea from Marie Galante to Antigua.

It was expected to strike the Leewards some time Tuesday, then threaten Puerto Rico.

The hurricane was centered near latitude 15.8 north, longitude 56.5 west, 350 miles east-southeast of San Juan, the capital of Puerto Rico.

It was still 2,100 miles east-southeast of the Florida coast.

Inez was moving at 10 miles an hour on a course from west to west-northwest.

Small craft from the Leeward and northern Windward Islands were advised not to venture far from port.

Jetliner Coasts to Unusual Stop

This huge jetliner, with 130 aboard, apparently had brake failure yesterday and it cruised past the normal stopping point and crashed into a section of San Francisco International Airport. It rolled under a section of a concourse passageway which, moments before, had been lined with people out to welcome the arriving passengers. No one was injured in what airline officials termed a "parking accident." (AP Photofax)

Normal Day For Pontiff On Birthday

ROME (AP)—Pope Paul VI observing his 69th birthday with a normal 18-hour working schedule, today urged 1,200 Roman Catholic theologians opening a week-long international congress in Rome to debate freely but to respect each other's opinions.

The pontiff also asked the theological experts to "show the way to avoid errors" in interpreting Ecumenical Council doctrines modernizing the Church. In a letter to the meeting, he told the theologians to "infuse their debate with charity to prevent sharp conflict."

Giuseppe Cardinal Pizzardo, of the Vatican Curia, read the letter at the Domus Pacis — House of Peace — center.

"Keep always before your eyes the following rules: Unity in essentials, liberty in doubtful matters, charity in all. How many deplorable contrasts, how many sterile controversies have arisen owing to lack of charity," he said.

The Pope called for full and free investigation of theological issues before the conference, but cautioned for adherence to the essentials of the body of doctrines of the Church. He said personal convictions should never be upheld as established truth and praised exchange of opinions as a method of "humility and love."

He added his hope that the current congress would serve not only as a guide for proper interpretation of the council decrees, but be a model for future theological conferences.

The theologians began a 10-day congress here today to consider 10 major areas of theology covered by the council. The work of the congress is expected

Hal Boyle Diaperman Gives Hubby The Lowdown

NEW YORK (AP) — One of life's little mysteries is what a modern wife does after fixing her husband's breakfast in the morning.

If you ask her, she will flutter her pretty eyelashes and reply, "Start cleaning the house, of course."

Any man innocent enough to believe that if he puts a horse-hair in a jar of rain water and leaves it in the basement for six weeks it will turn into a snake.

The other day while waiting to catch a bus to go to work I fell into idle conversation with a young diaper deliveryman.

"This job has wrecked me for marriage," he volunteered. "I'll never get married."

"That's not why?"

"Because I've learned too much about women — I mean too much about what they really are."

"What are they really?" I asked.

"They're hypocrites. Believe me, I know. I see them when they're out of gear and 90 out of 100 are hypocrites."

"How's that?"

"Well, you see that apartment house over there?" he said, pointing at a nearby building.

"There are 120 families living in it. All the wives are sending their husbands off to earn their living. But if the husband came back half an hour later, what do you think they'd find their wives doing?"

"Why, probably cleaning up the house," I ventured.

"No, no, no, no, no. You make me laugh."

"Well, what would they be doing?"

"Everything but cleaning up the house."

"Such as?"

"Well, most of them have probably jumped right back in bed for another 15 minutes. They think they've done their main work for the day when they give their husbands a spanking and a piece of burnt toast and push him out the front door."

"Well, how about the ones that don't jump back in bed?"

"They're even worse," said the young man.

"What do they do?"

"They dye their hair, and figure out what they can take back and exchange at the department store, and call up their bookies to make bets, and —"

"Make bets?"

"Yeah, most of them are too lazy to go to the track."

"Do they do anything else?"

"Well, you wouldn't believe the half of what they do. They put on a robe and gather at a neighbor's for a coffee date. And it ain't always just for coffee. They'll swing jaw sizes and laugh at what bookies they've got for husbands."

"That's terrible."

"Right now," continued the young man, "a lot of them are having their real breakfast."

"Their real breakfast?"

"Sure. That toast and coffee they give their husband is just a gag. As soon as he's gone they cook themselves four fried eggs and half a dozen pieces of bacon. Believe me, I had just my money in another suit."

"Back I went and rang the bell to my apartment. My wife Frances came to the door with the phone in her hand but she said it wasn't the bookie she was calling but somebody else. There was a delicious smell coming from the stove and she said it wasn't for her, it was some liver she was warning for the cat."

"Are you crazy or something, Rover?" she asked. "Go on to work."

"Why?"

"I see I start cleaning the house, silly."

"Well, I just don't know. Whom can a husband believe — the neighborhood diaperman or his wife?"

"How about it, ladies? What do you really do after your husbands leave for work?"

Vernon Congregational Church Dedicated

The Rev. John Lacey, in the pulpit below left, addresses the congregation during afternoon dedication services yesterday. Interior of the church was designed to resemble the former church, destroyed in a fire January, 1965. (Herald photos by Pinto.)

Fire Destroyed Old Church

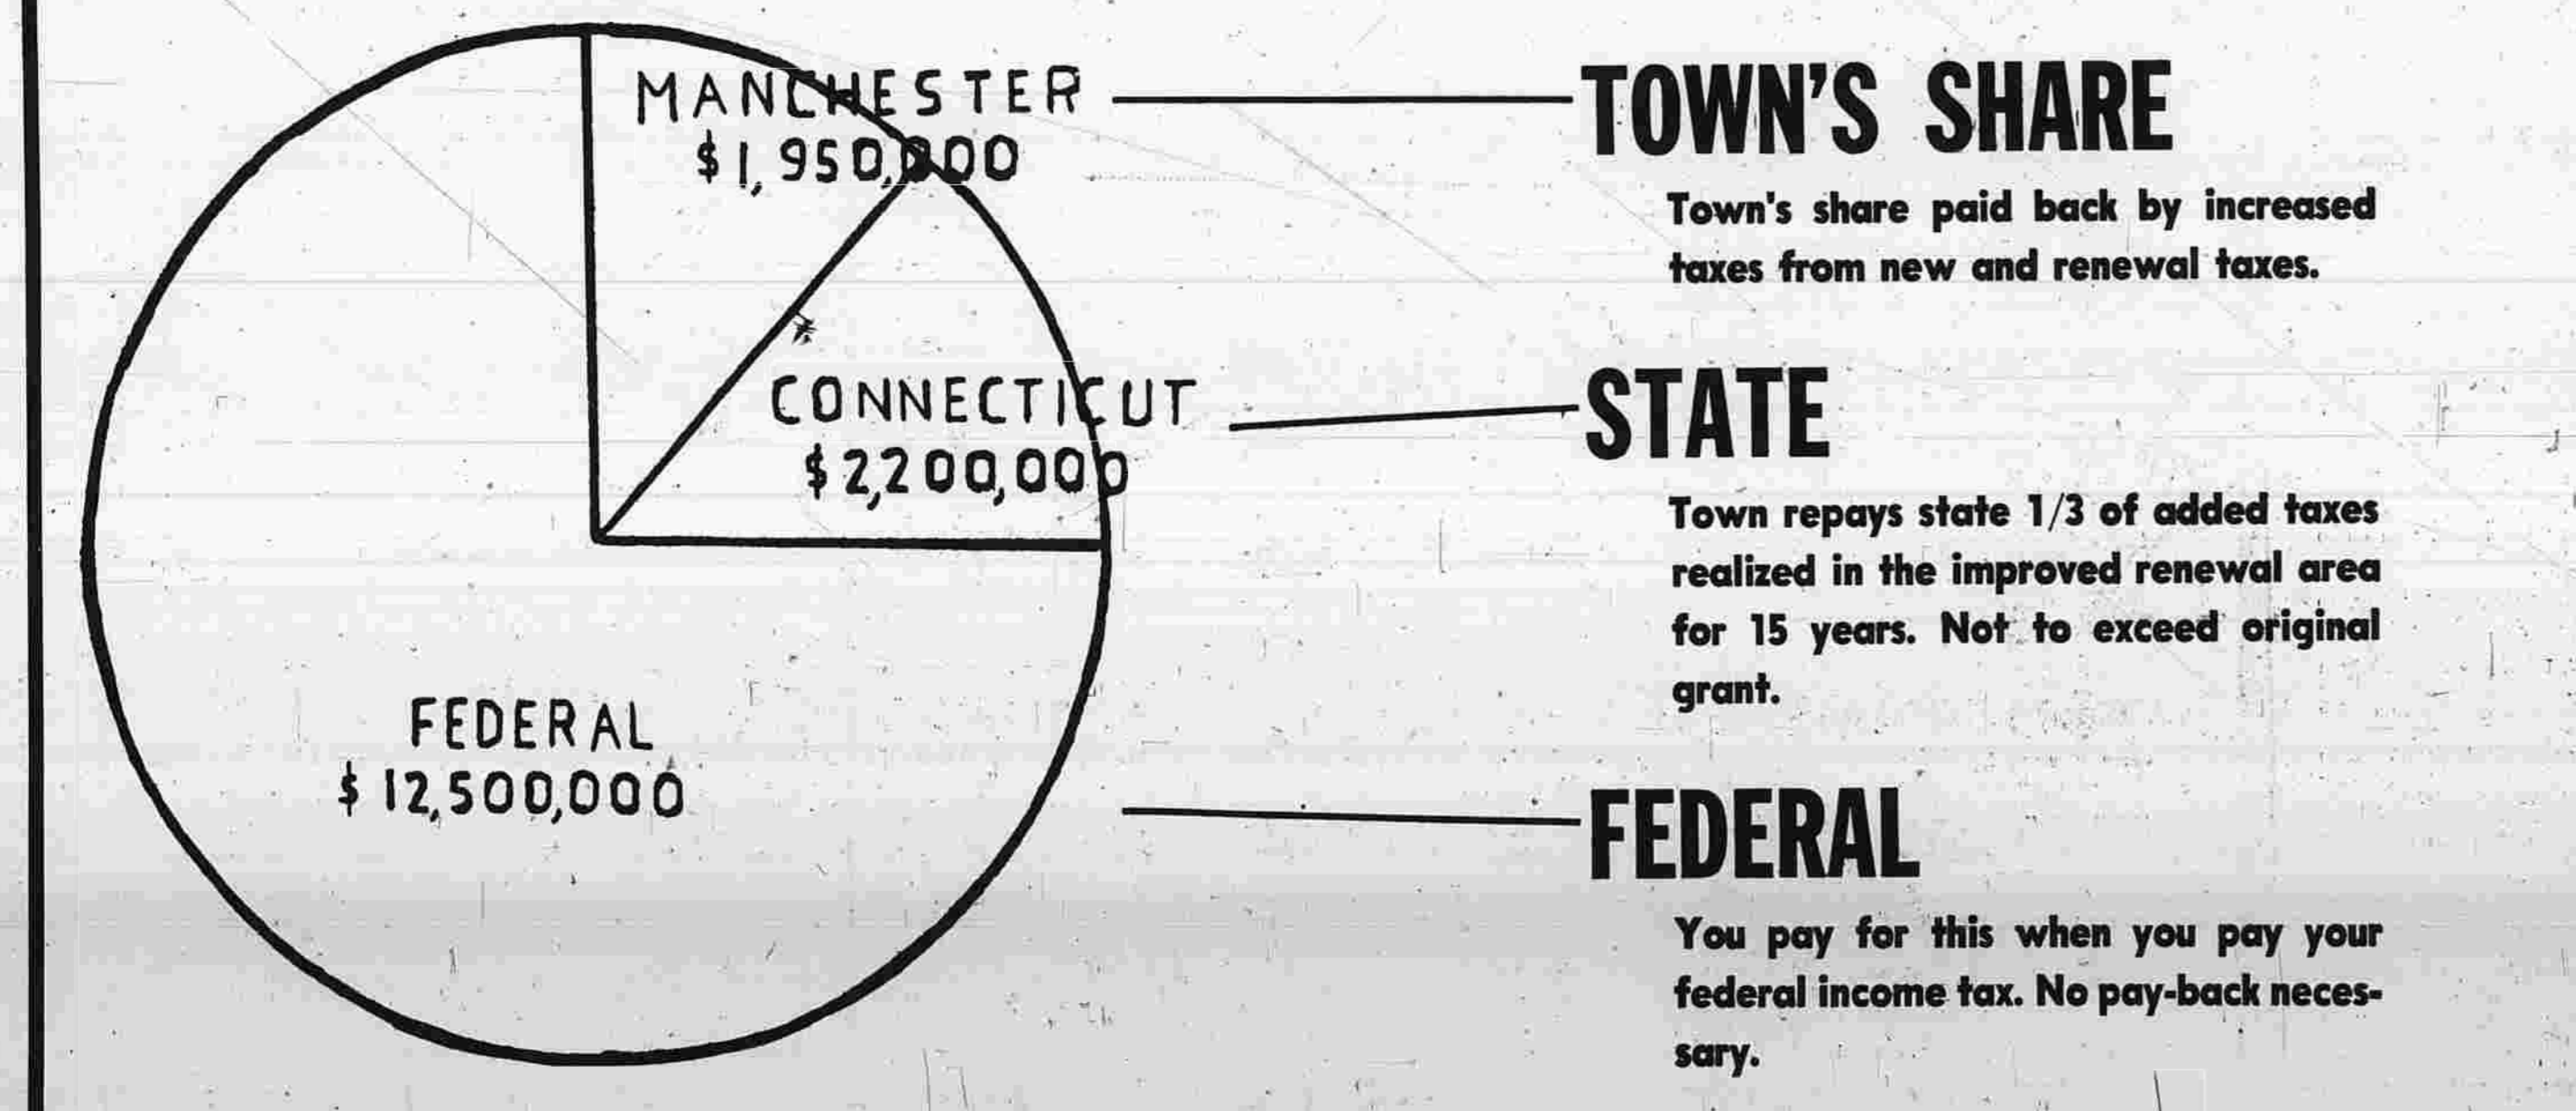

"This day of dedication is old colonial building has been one for which we have waited expectantly... it has seemed a long time coming, but in truth the completion of our new church building has been quick-ly accomplished, because of the dedicated labor of the building committee and architect, and because of the dedication and support of the whole congregation."

GOOD NEWS! DOWNTOWN RENEWAL WILL REMEDY THE TRAFFIC SNARL AT THE CENTER IN FRONT OF THE POST OFFICE

THE FACTS ON THE COST OF DOWNTOWN RENEWAL

VOTE YES FOR RENEWAL ON OCT. 3. TOWN'S SHARE: Town's share paid back by increased taxes from new and renewal taxes. STATE: Town repays state 1/3 of added taxes realized in the improved renewal area for 15 years. Not to exceed original grant. FEDERAL: You pay for this when you pay your federal income tax. No pay-back necessary.

The dedication service completed, church members stroll around the building. Though larger, the new church is otherwise a copy of the former structure.

The Rev. Mr. Lacey holds a cross made from salvaged nails of the old church. It was presented by the Rev. George Higgins of Milford, N.H., left, former pastor, who, Joseph Tucker, made the cross. Next to the Rev. Mr. Higgins is the Rev. Nathaniel Cuptill, minister of the Connecticut Conference, United Church of Christ. At right is the Rev. Philip H. Ward of Little Ferry, N.J., a former pastor.

Fowler Sees Tax Hike Possible
Recession Unlikely, LBJ's Advisers Say

WASHINGTON (AP) — Two top economic advisers to President Johnson say there is little chance of a recession next year. But one, Secretary of the Treasury Henry H. Fowler, repeated his declaration that a recession is "with prompt action I think we could avoid anything more than a momentary flattening out."

He said a cost-of-living factor would not necessarily bring about a recession, but that it would make the job of the administration's wage-price guidelines because "that would make the guidelines just an engine of inflation."

The other, Gardner Ackley, said Sunday the danger for next year would be "on the side of too much demand rather than too little." He said, "short of a sudden termination of the defense effort in Viet Nam, I see no prospect of a recession in 1967."

Fowler spoke on the ABC television-radio program "Issues and Answers," which appeared on the CBS television-radio program "Face the Nation."

Fowler said that August apprehensions about a recession in the U.S. Chamber of Commerce. The poll, however, was taken before Johnson's anti-inflation proposals were announced.

The House is scheduled to debate Wednesday or Thursday Johnson's plan to suspend the president's advisers are "determined to pay our own way out of current recessions."

Ackley declined to speculate whether a general tax in-

NATO Permanency

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara says the North Atlantic Treaty Organization is very close to establishing a permanent group to supervise a common nuclear defense.

Arriving here early today from a meeting in Rome with McNamara, McNamara said progress has been made toward sharing nuclear defense responsibility in the last five years.

The ministers completed Friday arrangements to give the NATO allies of the United States more responsibility in the nuclear defense of Western Europe.

The arrangements were not disclosed, but were said to encompass a proposed chain of commands across Europe to control the nuclear arsenal made available by the United States.

The plans will be submitted to the NATO 10-member special committee for consideration before the annual ministerial meeting in December.

The meeting, the fourth since February, brought McNamara together with Defense Ministers Denis Healey of Britain, Robert Tronchetti Provera of Italy, Kai-Inh von Hasselt of West Germany and Ahmet Topaloglu of Turkey.

what he said was Johnson's growing loss of public support. Guesing appeared on "Speak Up," WOL, Washington, Monday was on "Metromedia's Opinion in the Capital."

Immoral Position

WASHINGTON (AP) — Sen. Ernest L. Gruening compared the bill to the Republican presidential nomination.

But Nixon, who would not commit himself to the race, said in an interview in U.S. News & World Report that the battle would not be fatal.

He said he would do "everything in my power to see to it that the fight will be an ideological fight and not a fight about personalities, that it will not leave the permanent scars that the fight of 1964 left."

Asked who would be the principal contenders for the nomination, Nixon replied that the November election could produce some surprises.

"I think that anybody who wins a spectacular victory in '66 becomes, automatically, a national figure and a potential candidate for president or vice president," he said.

Tourist Agencies Have Rift Over Erection of Billboard

GREAT BARRINGTON, Mass. — Round two of the Great Billboard Battle for the tourist dollar in Massachusetts is over, but the dust is still settling from the green hills of the Berkshires to the rocky coast of Essex County.

Two tourist-enticing agencies at opposite ends of the state are contesting a billboard erected in Great Barrington which invites tourists to visit Essex County's "Heritage Land" north of Boston.

"What do they mean, 'Heritage Land'?" he demands. "We are awestruck in history and culture and natural beauty out of this area."

The issue is still "economic here," said Emerson of the Essex County Tourist Council, who says his group has hired 30 to 35 billboards throughout New England to entice visitors.

Emerson says the billboard "History is half the fun" existed before he rented it, and it invites tourists to visit Essex County, more than 100 miles of the House of Seven Gables away. The introduction of the billboard has brought protests from the western part of the state.

Raymond R. Brinker, president of the Southern Berkshire Chamber of Commerce, called pole.

Couldn't Believe It, But Gaunt Saw Hole

NEW YORK (AP) — Prentice Gaunt couldn't believe it, but the Cleveland Browns found it real enough.

With St. Louis and Cleveland tied 26-26 in the final quarter Sunday, Cardinal back Matt DeBourbault threw the Browns' line and ran 29 yards for the score that gave St. Louis its 34-28 margin and raised its Eastern Division-leading NFL record to 7-0.

"It was a draw play and the blocking was beautiful," Gaunt said later in a jubilant mood. "I saw the hole. No one touched me. I couldn't believe it."

125 attempts and for a while it seemed as if it might cost St. Louis the ball game.

Dawson Unwinds Arm As Chiefs Bomb Pats

NEW YORK (AP)—Law Dawson, who wasn't even listed among the American Football League's leaders last week, is batting a cool .600 today, a pretty good average for any pitcher.

Dawson pitched five touch-down passes, three of them to Chris Burford, as Kansas City routed Boston 42-0 for its third straight victory Sunday.

The "Chiefs" attack moved on mostly along the middle of the line as City's first two triumphs with Dawson at the helm.

Spoil Christening Day East Nets Win

By RICH DYER

Christening ceremonies for Rockville High's football team evolved into a rugged "baptism under fire" Saturday as the invading East Catholic Eagles came from behind to clear the Nets, 21-6, in their varsity debut.

It was the Eagles' season opener and Rockville's first "grid" performance since 1952.

A crowd of 1,800 filled the best club's new field which was dedicated by windy city officials in pre-game ceremonies.

Art Saverick, Bill Sway, Tom Dwyer, Pete Kovat and Ray Carvey put the Eagles in command after intermission. Alu-bicki scored on a 14-yard run in the third quarter and Gary Chairo putting East in an 88-yard yard gain in the final period put the axe to the Rockville hopes.

"It was nice to come back that second half," East Coach pass to Stacy in the closing Don Robert said. "Our defense wasn't hitting in the first half and our offense wasn't flowing. The Eagles will make their own luck. It was a test effort that won it after intermission. We won with high gear. Game with particular credit going to time 1:30.

Yale's Defense Too Tough, Williams Surprises Trinity

BRIGHT SPOT for Yale in victory against UConn last Saturday was the running of Calvin Hill, shown ripping off short yardage for the Elis.

"The Yale defense was too tough for us," said John Toner as he summed up the result of his first game as head coach of the University of Connecticut football team.

Yale trimmed Connecticut 16-0 in the 1966 curtain-raiser for both squads Saturday at Yale Bowl, where UConn had won the first time over the Elis in 1957.

Other results were: Central Connecticut over Kutztown State 17-14; Middlebury over Wesleyan 14-14; Northeastern over Bridgeport 19-16; American International over Coast Guard 19-12; Southern Connecticut over Trenton State 40-7.

Yale's defense, led by tackle Bob Greenlee and Glenn Greenberg, repeatedly forced the Com's run.

The full Collicie squad will be on hand including Tony Kimball and other players.

Upsets Mark Continental, Montreal Bombs Harford

Two upsets—one of them a halfback Donnie Floyd led the "hooker-type"—raised some Newport's victory drive. Edge eyebrows around the Continental League Saturday night.

Brooklyn's 42-14 man-ning success over Toronto ranked as first place in the East when it first at Montreal, Harford's 20-14 victory over the Bombers in the quarter-back battle before the end of the first half straight, and Coach Perry Moss's 21st in a row.

In the other Saturday game, Montreal evened its season record at 3-3 with a 21-7 triumph over Harford.

Above them in the standings there is a real traffic jam. Norfolk, with nearly 15,000 fans screaming approval, routed into a three-way tie for first: P. Robinson, Baltimore, 31; Montreal, 31; and Harford, 31.

Gem for Holtzman in Final Pitching Showing

NEW YORK (AP)—Ken Holtzman ran for about Sandy Koufax and the Los Angeles Dodgers. People such as Chaucer and Elizabeth Barrett Browning are more important now.

But Koufax and the Dodgers won't soon forget Holtzman.

The rookie left-hander out-pitched Koufax Sunday, holding the Dodgers hitless for eight innings and winding up with a two-hitter as the Chicago Cubs edged the National League leaders 2-1.

Despite the loss the Dodgers retained their 13-game lead over the second-place Pittsburgh Pirates, who lost to Atlanta 6-2. Third-place San Francisco remained four back by losing to Houston 8-1.

Holtzman's start was his last before returning to the University of Illinois where he is a senior majoring in English literature. He has not pitched since after pitching his best game of the season—a season which started out with him as a part-timer.

While attending classes in the spring he pitched for the Cubs on weekends. Still his 11 victories, against 15 defeats, are the best in his career to date.

His latest was too much for the Dodgers.

Rookie's Six Hits Winds Up Big Week

NEW YORK (AP)—Hank Allen, elder brother of Philadelphia major Rick Allen, wound up his first week in the majors Sunday with a six-hit spree that led the Washington Senators to a 6-4, 2-1 double-header sweep over Chicago.

The rookie outfielder, promoted from the Senators' Triple-A farm club last week, lashed six hits in nine trips to the plate, driving in two runs in the opener and singing across the winning single around Vic Davalillo's sacrifice fly.

Overlooking Rick, who walked his 40th home and three other hits for the Phillies Sunday, was the first man he faced since last week, lashed six hits in nine trips to the plate, driving in two runs in the opener and singing across the winning single around Vic Davalillo's sacrifice fly.

Record Set For Yankees

NEW YORK (AP)—The New York Yankees, in great danger of finishing in the American League cellar for the first time in 62 years, have set another record they would probably prefer to forget.

In closing out their home season with a 3-1 victory over Boston Sunday, the Yankees finished with their worst season attendance mark since 1945, the last year there were no lights in Yankee Stadium.

In all, 1,124 witnessed Yankee home games this season. It was the sixth straight year that attendance has declined in the ballpark in the Bronx.

Calvin Ripken, who pitched his 100th career game Sunday, was the first pitcher to reach that milestone since 1957.

Both defending CIL champions, the Manchester High soccer squad (1-1) and football team (0-1) must regroup after losses last week.

Conard High of West Hartford edged the hosters 2-1 while Maloney High of Meriden came from behind to drop the griders, 24-19, last Friday.

Defensive drills should be the order of things for the football. In preparation for the game at Memorial Field Saturday, Coach Dave Wiggin said the players will be drilled on the defensive side of the ball.

We've got a ferocious Pussycat on our hands. The Volkswagen Karmann Ghia. It's running around with a new, oil-cooled engine that's producing more power in all four gears.

In other words, it can now beat an old Karmann Ghia at a stoplight!

It has a new top speed of 82 m.p.h. And new disc brakes up front (the kind you pay extra for on most other cars).

Of course, being a Volkswagen, there are some things that haven't changed. Around 28 miles to a gallon of gas... 40,000 miles to a set of tires... VW parts at VW prices... quick service... and a price tag that remains a low \$2200.*

Only now it grows all the way to the bone.

A THOUGHT FOR THE WEEK. By ORM WEST. The biggest swindle the world has ever seen is taking place in front of your eyes every day of every week. It is a national disgrace! When a loser loses money in a swindle, the loser learns a lesson. The loser at least has a second chance to make sure he is not swindled again. But suppose you don't have a second chance? Suppose you are swindled out of your right to live? Sounds like a strange swindle? Not at all... Every day, human beings are swindled out of a right to live. An apathetic public shrugs its shoulders, even while officials predict with mathematical accuracy the number of unsuspecting victims who will be swindled. The swindled victims wind up as mere statistics to be compared with still later statistics as the count in traffic fatalities continues. Isn't it about time each one of us asked ourselves these three simple questions? 1—Do I want to be swindled out of my right to live? 2—What can I do to avoid it? 3—What can I do to make sure I don't swindle someone else out of a right to live? These are simple questions. There are sensible answers. Putting the answers to work is the only way to diminish the disgrace. WATKINS-WEST FUNERAL SERVICE, 142 E. CENTER ST. 649-7156.
