Accidents Bring Arrest, Warnings

A Manchester woman was arrested and two other drivers issued written warnings after car accidents investigated yesterday by police.

Caroline S. Lindgren of 128 Conway Rd. was charged at 6:45 a.m. with failure to pass at a safe distance.

Police said the woman was driving west on Conway Rd. and hit a trailer which was parked facing east on the north curb.

Police quoted the woman as saying she did not see the trailer because her windows were frosted.

She is scheduled to appear in Manchester Circuit Court 12 Nov. 14.

Peter Kostowski, 32, of 84 Birch St. was issued a written warning at 7:05 a.m. for failure to drive in the established lane.

Police said his car rammed the headwall of a sewer inlet on the east side of Buckland St. after he ran off the road while traveling north.

A two-car collision on Hilltown Rd. at 4:50 p.m. resulted in a written warning being issued to George C. Mander, 23, of 242 Bolton Rd., Vernon.

Police said Mander had stopped his car for a stop sign when he was struck by a car driven by Clifford H. Mahoney, 46, of Clatsombury.

Police said Mahoney blew his horn and stepped on brakes but was unable to stop in time.

Wives, Stores Jeer Food Stamp Probe NEW YORK (AP)—Miss Liberty, 67-year now because of a new free and arbitrary planting program under her base is celebrating her 60th birthday this week. The greenery was donated by the Ladies Auxiliary to the Veterans of Foreign Wars who, with the help of the National Park Service, have undertaken a planting program at the monument. The 151-foot statue, a gift of France to the United States, was dedicated 80 years ago Friday by President Grover Cleveland.

Turnpike Crash Kills 3 Persons NEW HAVEN (AP)—Three persons died in traffic accidents in Connecticut Friday, three of them in a five-car pile-up on an exit ramp of the Connecticut Turnpike in Greenwich. The triple fatality occurred when a car driven by Mrs. Mildred Collins, 51, of 150 Elm Street, Greenwich, entered the exit ramp from the wrong direction, state police said. Her car struck the right fender of a car driven by Howard Pfauzer, 21, of 147 Bradley St., New Haven, slammed head-on into a second car, driven by Michael Frederick, 20, of 111 Mayflower Ave., New Rochelle, N.Y., and skidded into a third car driven by Rene Van Hecke, 36, of 29 Harrison Street, West Plains, N.Y., state police reported.

Earthquake Hits Greece, Toll Unsure AGRINION, Greece (AP)—A rattling earthquake rolled through central Greece at dawn today, killing one person and seriously injuring 11 others. Police expected the casualty toll to rise. They were unable to communicate with several towns and villages because of landslides. In Uspella, Sweden, seismologist Markus Bath said the quake was recorded at 5.8 on the Richter scale of 10. "This means that this quake developed the same energy as the quake in Agadir, Morocco, in 1960," Bath said. The Agadir quake, Feb. 29, resulted in the death of 12,000 persons and injury to thousands more. It was the worst quake in the past 10 years. Vatican observers said the quake occurred at 4:46 a.m. — 30:48 p.m. EDT Friday — and had its epicenter near here, about 160 miles northwest of the capital. Agrinion has been the site of previous earthquakes. A 300-yard bridge spanning two lakes north of Agrinion was toppled. National police said 80 per cent of the one-story farm dwellings in the village of Pliki, near Katana and Ximeroni were destroyed and hundreds of villagers died their homes in panic, many wearing nightclothes. The tremor also shook parts of the Peloponnese Peninsula in southern Greece but there were no immediate reports of injuries.

New Indication Pope May Travel To Viet Later VATICAN CITY (AP)—Recent trips to Saigon by papal aides fanned speculation today that Pope Paul VI may yet travel to Viet Nam to press his case for peace. Vatican observers said, however, that such a trip was not expected to materialize until next spring — then only if the circumstances were right. One key circumstance, they added, would be the return of talks were imminent or already started, giving the pontiff an opportunity to speak to all Vietnamese groups. Pope Paul consistently has referred to the Vietnamese people as a whole without distinction.

Odd Kidnaping Case Elderly Millionaire May Give Testimony BRICKENRIDGE, Tex. (AP)—A 95-year-old dead millionaire may be carried from his wheel chair to the witness stand today to say whether he is being deprived of his freedom by a Monde ex-convict he married three days ago. A. Otis Birch met quietly through a four-hour court session Friday in which his wife, Pearl, 70, testified. A distant relative of Birch, Harlan J. Mohr of Danville, Iowa—charges that Mrs. Birch is restraining the elderly philanthropist's liberties. In a habeas corpus action, he is asking that Mrs. Birch relinquish custody of the silver-haired Birch so he can be returned to his Pasadena, Calif., home. District Judge E. H. Griffin scheduled a second court session at 9 a.m. today. Council for Mohr sought repeatedly at the hearing Friday to ask questions about Birch's marriage to the former Mrs. Choate. Lawyers for the Birches objected each time, and the court upheld their objections. Judge Griffin said: "This is not a proceeding about the marriage. As far as I'm concerned, they're husband and wife until I hear something further on that."

Federal Paperwork Is \$8 Billion Job WASHINGTON (AP)—A shifty — holidays off — this congressional subcommittee says if one government record is kept each second, it would take 2,000 years to de-destroy them all. Government paperwork costs \$8 billion a year, the House Post Office and Civil Service subcommittee added in a report today on the study of the nation's communications. It also came up with these staggering statistics: It takes 10 billion copies of 800,000 government forms to operate federal agencies. Some 2,250,000 employees spend most of their work day tucking documents into 25 million cubic feet of files. The executive offices alone have two million file cabinets. "The government spends \$8 billion annually producing about a billion letters. The panel said \$100 million to \$200 million could be saved each year by writing shorter, more concise letters. Computers threaten to intensify the paperwork blizzard, the committee said. There are hopes of paper-ware savings," the committee said. Its report was 70 pages long.

North Vietnamese Hit Untried U.S. Troops

CHICAGO (AP)—The threat of more open housing marches has developed after the release of a confidential rights report scolding Chicago leaders for "foot-dragging" in implementing an open-housing agreement. Dr. Martin Luther King Jr. said Friday, "If the agreement is not being implemented, we will have an alternative but to resume demonstrations. It we resume demonstrations, Clero would have to be one of the communities where we would march."

New Threat Of Marches In Chicago

King, however, said he had not had a chance to review the report circulated among members of the Chicago Freedom Movement, a federation of local civil rights groups. "I haven't concluded that there is foot-dragging," said King. The open housing agreement was reached Aug. 27 by King, other civil rights leaders and housing leaders. The agreement called for an end to alleged housing discrimination against Negroes. King called a moratorium on marches after the agreement was reached, but the Congress of Racial Equality led a demonstration in Chicago, Sept. 4. Violence during the demonstration was quelled by 2,700 National Guardsmen and police. The confidential report, revealed to The Associated Press, accused four governmental agencies of failing to live up to the open housing agreement. A Freedom Movement source named King and organizations of Negroes along with administrative incompetence "for the alleged foot-dragging."

Attack Made Near Border Of Cambodia

SAIGON, South Viet Nam (AP)—Coming in waves through jungle and elephant grass, North Vietnamese army regulars pounced on untried troops of the U.S. 4th Infantry Division today and reports indicated the enemy attacked bloodied the Americans badly in their first taste of combat. The attacks, near the Cambodian border 200 miles north of Saigon, were the first reported in weeks in which North Vietnamese regulars were engaged. The last attacks by North Vietnamese came about three weeks ago against U.S. Marines south of the demilitarized zone. In the Viet Nam, North Vietnamese guns downed three U.S. helicopters, one of them a medical evacuation craft that had just picked up American wounded. The troops of the 4th Division came to Viet Nam in August and September from Ft. Lewis, Wash. The division has one brigade based at the ammunition dump near Saigon and another at a Viet Cong attack Friday night with grenades, automatic weapons and a tank. One mortar round hit an ammunition storage pad, a U.S. spokesman said. The mortar attack of the 4th Division set up a base camp near Pleiku in the central highlands. The North Vietnamese launched five attacks against these division units in the highlands Friday night and Sunday. A U.S. spokesman said the infantrymen's casualties are modest, indicating they were hit severely. Allied officials do not specify their own battle casualties in numbers for reasons of security. Three companies — or about 600 men — of the 4th were hit in a mortar attack on Oct. 26. The fighting in the central highlands — possibly the start of a new Communist drive — brought the North Vietnamese back into action after a lapse of two weeks since fighting died down along the demilitarized zone.

Makes New Peace Bid LBJ Reveals More Aid for Thailand

BANGKOK, Thailand (AP)—Johnson reported U.S. aid aid President Johnson combined a renewed peace bid to Thailand and a Southeast Asia ally facing a growing Red terrorist threat. Prime Minister Thanom Kittikachorn reported U.S. aid aid was being increased one-third. Other sources said U.S. military assistance would climb to \$60 million in fiscal 1967, up \$20 million from fiscal 1966. Although the Thai leader spoke of the arms aid with relief on an hour-long meeting with Johnson, other informants said Washington's decision to increase help had been made shortly before the President set off on his 21,000-mile swing through the Far East. Thailand is a Southeast Asia Treaty Organization ally, a partner in the Vietnamese war, and a major base for U.S. forces. It also receives substantial economic assistance from the United States, currently running upwards of \$40 million a year. Johnson renewed his call for a peaceful settlement of the Vietnamese conflict in a speech at Chulalongkorn University. "I say to the leaders in Hanoi let us lay aside our arms and sit down to negotiate," he said. (See Page Six)

Time Switches Still Confusing In Many States

NEW YORK (AP)—The day-light-standard time switchover to save energy will be in effect Sunday. If you live in any of these states or parts of it, others, the clock must go back an hour at 1 a.m. Sunday. This is the last year — in principle, at least — for time-gerrymandering. Under the Uniform Time Act of 1966 that President Johnson signed April 14, all states must go along with the state legislature forbids it. That, anyway, is the principle of the act. An Associated Press survey shows, however, that the confusion isn't over yet. Most states, including many divided into two time zones, haven't decided which way they will go next April when clocks get pushed ahead again. A China spokesman said that his country will not notice the cut, but that it will raise prices or certain goods could not lower them. A spokesman for several markets in Charlotte said its television dog racing game, for which it gives cash prizes, cost it only one-tenth of one per cent of its trading stamps cost it 1.78 per cent of total sales and if it stopped stamps and cut food prices by that amount, housewives would not notice the cut. On the issue of trading stamps, a supermarket chain in the Charlotte, N.C., area says its trading stamps cost it 1.78 per cent of total sales and if it stopped stamps and cut food prices by that amount, housewives would not notice the cut.

### Columbia Town Awaiting State Ruling On Nursing Reimbursement

The local Public Health Nursing Association meeting has been postponed until a ruling by Attorney General Harrod has been made on Columbia's status on reimbursement, according to a spokesman for the agency.

Originally, the town was to be reimbursed 70 per cent of its budget, for this agency, based on tax receipts under \$50,000.

According to Miss Matilda D'Esopo, nurse, if tax receipts over this amount, the town would revert to a population reimbursement of \$1 per capita.

At the present time, this would bring the town \$2,000 in returns, as opposed to \$5,000 received last year.

Rep. LaVerne Williams opined that the change would not take place before the population reached 4,000, because the program was organized before a new bill (based on population) went into effect.

Williams reportedly talked to Dr. Franklin Poole, state commissioner of health, who said it was his understanding that the town reimbursement would

### Bonee Blames Food Cost Hike On Washington

Atty. John Bonee of Hartford, GOP candidate for U. S. representative from the First Congressional District, charged yesterday, "The blame for the sharp rise in food prices rests squarely on the big spenders in Washington."

He said, "The present Congressmen (Democrat Emilio Q. Daddario) and the Johnson administration cannot divert the responsibility that is sweeping the country, by trying to shift the blame to the stores or the farmers or anyone else."

Bonee made his remarks at the Shopping Parkade. He and Daddario both spent yesterday touring Manchester, but their paths didn't cross.

Bonee accused Congress and the administration of "trying to duck the responsibility for their big spending programs."

He said, "Perhaps this is in line with Agriculture Secretary Freeman's advice to his party's congressmen to 'help, help and duck, the issue of inflation.'"

Bonee said, "I hope the housewives will boycott any opponent on election day and show him that they are not fooled by these attempts to deny responsibility for his actions."

Earlier in the day, Bonee hit Daddario for his vote, in September of last year, for a Congressional pay raise of about \$200 a month. The bill was defeated.

"With the rising cost of living facing every American," Bonee said, "it is incredible that a Congressman can vote for an increase in his salary for that segment of the population that needs it the least."

When you want to give sound advice to a beginner you tell him to play "black-and-high."

You wouldn't say that to an experienced player because you expect him to pick the right time to break the rule.

Opening lead—five of hearts. West opened the five of hearts, and declared played low from dummy. East played third-hand high, putting up the queen of hearts, and that was the end of the defense.

South won with the king of hearts, cleared the three top spades out of the way and then led clubs to force out the ace. East returned a heart, but dummy's ten and South's J-3 gave him a second heart stoppage.

The defenders could take their two aces, but declarer easily won the rest of the hand by contract with two overtricks.

Third-Hand Play  
East should defeat the contract by playing the nine of hearts at the first trick. The play of the queen is necessary to force West to lead from a suit headed by the ace-king, which is impossible in view of South's opening bid.

If East finessees with the nine of hearts at the first trick, South wins with the jack. East takes the first club trick with the ace and returns the queen of hearts.

This play picks up dummy's ten of hearts and South's king at the same time. West is able to take four heart tricks, defeating the contract.

In explaining why it prefers Dempsey in his Republican opponent, political newcomer Clayton Gengras, the Day said: "I am proven executive, rather than an untried man without public service experience, seems the one to choose for the responsibility."

### Day Endorses Gov. Dempsey

NEW LONDON (AP) — The Day, the evening daily newspaper in New London, endorsed Democratic Gov. John H. Dempsey for re-election today, expressing satisfaction with the job he has done.

The Day, which lists itself as an independent in politics, did not take sides editorially in the 1962 contest between Dempsey and Republican John H. Day. Dempsey's administration, the paper said, "has given the state stable, workable public service and dependable day-to-day conduct of affairs. It has produced no crises, no serious improprieties."

In explaining why it prefers Dempsey in his Republican opponent, political newcomer Clayton Gengras, the Day said: "I am proven executive, rather than an untried man without public service experience, seems the one to choose for the responsibility."

Coming at the end of such a week this has been, the article in the Standard Time seems a cruel imposition. For this has been a week such as to make any idea of any kind of change at all seem an offense against perfection.

**Unfair Anti-Favoritism Too?**

If there has been any injustice in the fact that George Hamilton, the Hollywood actor, has been enjoying a hardship deferment, on the plea that he is needed for the support of his possibly already affluent mother, there is some further touch of injustice, too, in the way the original injustice is being brought to examination and possible correction.

miles from the battle area. The raid hammered at enemy positions 37 miles southwest of Kom-tum City.

In another raid today, eight-engine B52s plastered suspected base camps, bivouac and ammunition storage areas of the 51st North Vietnamese Division near the central coast of South Viet Nam. This heavy bombing raid struck 50 miles northwest of Qui Nhon City for the third straight day and was in support of troops of the U.S. 1st Cavalry, Air Mobile Division in operation Thayer II.

Elsewhere in South Viet Nam, there was little ground action. Continuing moon rain storms and generally poor weather limited U.S. air blows over North Viet Nam again Friday. Pilots flew only 47 bombing missions, a third of the usual number.

The U.S. military command announced that American planes lost for the war over North Viet Nam had reached 413 and those over South Viet Nam stood at 181.

Thorp Urges LBJ Reveals More Aid for Thailand
Walter Thorp, Republican candidate for representative from the 51st District, says he feels that it is now time to make public his position on the development of a modern highway system in this part of Connecticut.

"One of the essential requirements for introducing industry to come to this District, are comprising the towns of Andover, Bolton and Coventry, in a good four-lane highway," Thorp says.

"The Republicans in the General Assembly Session of 1965 approved legislation authorizing and funding necessary for the purchase of right-of-way and construction of the new Route 6 by-passes of Manchester and Willimantic."

In addition, Thorp pledges to work for continual improvement of the secondary roads in the three towns of the A-B-C District.

Slenth Talks to Educators About Hiring Retardates

Manchester industrialist William H. Slenth, president of the Tona Mfg. Co., spoke to a group of about 100 New England educators yesterday and told them why he thinks it's good business to hire the mentally retarded.

At a conference sponsored by the Connecticut State Department of Education held at the Tona Mfg. Co. yesterday, Slenth said it wasn't because he was a humanitarian that 10 per cent of his total work force are retarded, but because they are so productive.

Slenth cautioned the educators that when it comes to hiring the retarded, or seeking out the retarded, that industry cannot do this alone. He told the assembly that, though why he thinks it's good business to hire the mentally retarded.

## Mighty Southern Cal Defeated by Miami

NEW YORK (AP)—Southern California has been swept aside by Hurricane McGee leaving Mel Farr and Gary Beland UCLA's surface football, to defend West Coast football prestige against Air Force attack tonight. Doug McGee plunged four yards for a fourth-quarter touchdown Friday night, giving UCLA the lead in a 17-10 victory over previously-unbeaten Air Force at the University of Southern California.

Tonight, third-ranked UCLA, led by quarterback Behan and halfback Farr, puts its unbeaten record on the line at Los Angeles against up-and-coming Air Force, whose No. 1 quarterback has been grounded.

In another top attraction under the lights, once-beaten Arkansas, No. 9 in The Associated Press weekly poll, opens a season of six games with a 10-0 record at 8:30 p.m. in the state capital, Little Rock. Ed Hargett and Wendell Hines, Texas A&M's 12 sophomores, will lead the Aggies to a 17-10 victory over Baylor, which had ended its season with a 10-0 record.

## THE Herald Angle

**Notes from the Little Black Book**  
Little League Umpire-in-Chief Alton Cowles reported he assigned 230 umpires to 117 games last summer. Workhorse among the men in blue volunteers was Al Carlin who worked in 32 games. Cowles, in addition to handling the local league, is also the district commissioner as well as an active member of the Manchester Chapter of Approved Baseball Umpires. . . . National Little League is looking for a new commissioner to replace Al Sprout who resigned when assigned to a new position in Syracuse. Tony DiPierro and Leo Landry are expected back in 1967 as American and International League commissioners respectively.

**Off the Guff**  
Mike Mink, former stand-out catcher, high quarter-back, has been shifted to a half-back post with the Springfield College from the Fall Central Connecticut District Board of Approved Basketball Officials. He will hold three positions for prospective members on Nov. 16, 21, 29 at Kingswood School in Middletown. . . . Penn State Sports quotes coach Joe Paterno as saying: "He was looking for Princeton and got it. Catcher John Bateman of the Houston Astros, not noted for a 'Barron's' profile, is out to 'get' Bob Ojeda of the Phillies. The argument stems from Ojeda's remarks that 'they're named co-ops' in attendance last season with a total of 22,320 for a \$6,432 per game average. . . . The New York Yankees have announced that they will undertake an 'extensive community relations program.' . . .

Rottner Will Chair Board of Education

The GOP incumbent and newly elected members of the Board of Education have caucused and will elect Atty. John S. G. Rottner their chairman when the board holds its organizational meeting Nov. 7.

Rottner, who has indicated his willingness to serve, will replace Democrat Beldon Schaffer. Schaffer took over the chairmanship when Mrs. Katherine Bourn resigned from the board in July.

The naming of Rottner was expected. The Republicans gained control of the board by a 5-4 margin during the Oct. 3 elections. Rottner, an incumbent now in his second term on the board, is the party's senior member. He was elected to his first term in November, 1962.

Before that, he had for 10 years been a member of the school building committee (a forerunner of the town building committee) which was responsible for much of the new school construction in Manchester during the boom years following World War II.

In conjunction with announcing Rottner will become chairman, the Republicans have issued a statement of unanimous support for the Globe Hollow school bonding question, which residents will vote on Nov. 8.

The question, if passed, will authorize the town to float \$975,000 in bonds for the construction of a new 12-room elementary school off Dartmouth Rd. to relieve overcrowding in the South School District.

The statement follows: "Manchester may well be proud of the consistent support given by its citizens in the past to its school construction needs. The construction of schools in Manchester has fortunately never been regarded as a partisan political matter, and the determination of such needs has been made by the voters based upon the merits of each situation.

"The undersigned, being all of the duly elected Republican members and members elect of the Board of Education, with a view toward maintaining the non-political climate relating to school needs, desire to go on record as being unequivocally in favor of the approval by the voters at the Nov. 8 referendum of the construction of a

CAMPAIGN RECORDING

A "talking magazine" will bring campaign messages from Gov. John Dempsey and his rival candidate, Clayton Grogan, to nearly 14,000 Connecticut telephone people this month.

A recording on which each candidate tells why he should be elected will be found in the employe publication "The Telephone Bulletin," which is mailed monthly to all active and retired persons of the telephone company.

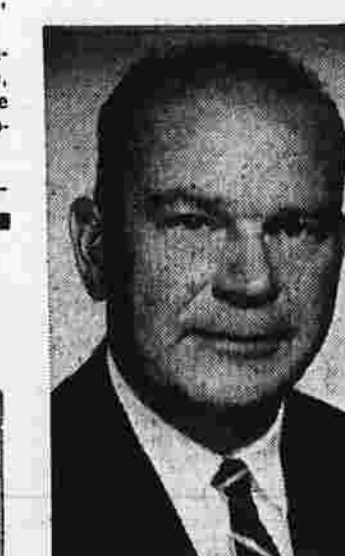

Each candidate was allotted one side of the record, giving him about three minutes to tell "Why you should vote for me and my party."

The personal message from the political rivals is part of the telephone company's program to encourage worker participation in government.

"There may be big troubles in building and financing in other parts of the country. But this does not apply as much to the Manchester area. Houses are available and people are still looking. It may take longer for a person to buy a house, but they're still available and there are some excellent buys on the market."

The 44-year-old artist has been painting murals for about 10 years and did a 50 by 25 foot Italian landscape mural in a private ballroom in New York City, and also painted murals in two of England's largest department stores—in London and Birmingham. Using a casual approach in his artistry, Hankinson wears sport clothes while painting, uses discarded drinking cups to mix paints, and his palette may consist of a piece of cardboard or a cast-off scrap of wood. "It may not be exotic," the artist says, "but it does the job." Mural painting has its hazards, and Hankinson says insurance rates are prohibitive because of the high altitude at which mural workers paint and the flimsy supports they sometimes stand on while creating. ## 'Nice, Painless Violence'

NEW YORK (AP) — "The Girl from U.N.C.L.E." on NBC early Tuesday evening featured a plan to blow a passenger ship to smithereens, had the hero whipped while chained to a post, had the good guys throw an evil old lady into a baking oven and disposed of the screaming heavy by electrocution.

In case that might seem gruesome, it should be noted this was a comedy show.

Sometimes, of course, violence is played straight, for drama, not laughs. A night earlier, for instance, the hero of ABC's "The Iron Horse" and a fanatic Indian spent most of the hour, wounded and with gore gleaming red on our screens, trying to kill each other.

These are but two examples of the most common ingredient in television shows, to be encountered almost every evening hour on any network. It is the kind of violence to which Luther Davis, a well-known television writer, objects.

Davis, who authors many of the "Run For Your Life" scripts and wrote the movie, "Lady in

the Cage," calls this "nice, painless violence."

"It is so awfully clean," he explained. "Most of the time, they ignore the fact that any pain is inflicted. As a matter of technique, you can take the most violent episode you can think up and make it clean fun merely by pulling the camera back. If you take a long shot of a tank exploding in flames, you never see — perhaps you never even think about — the men who are presumed to be dying horribly inside it."

"The television trick is to separate the viewer from the victim," he continued. "That makes everything nice because it eliminates the sight of pain."

"I believe that if you are going to show violence, you should show it truthfully. You should show that if you fight with people, people are going to get hurt and feel pain. Can you imagine showing the aftermath of one of those vicious fights — with somebody's eye out of its socket? If you show gore, you should also show how ugly it is."

Davis said his purpose in writing the film, "Lady in the

Cage," was to show violence for the ugly thing that it is and "to try to refute that business of bang-bang, you're dead, the amusing game Alfred Hitchcock plays so well — and so does that sacred cartoon figure, Woody Woodpecker."

One result of this dramatic preaching was that the film was labeled controversial and, in some places, censored — for its "violence."

Davis is the producer of a Nov. 9 "Stage 67" show on ABC, a drama called "The People Trap." It deals with the population explosion 100 years hence with overcrowding and "the terrible frustration from compression and lack of human opportunity."

After 17 months, ABC has decided it has no more time for the soap opera, "A Time For Us" and will drop the afternoon serial in mid-December. It will be replaced Dec. 19 by "Dream Girl of '67" which will attempt to parlay the big ratings of assorted evening beauty pageants by having one five days a week.

It will be a national elimination contest to find "the most marriageable girl in America."

Tippy Walker, the young film actress, appears in a musical version of Oscar Wilde's "The Canterville Ghost" Wednesday from 10 to 11 p.m. on ABC. Sir Michael Redgrave stars as the ghost.

## Smothers Brothers Trying Again

HOLLYWOOD (AP) — Can two talented, fresh-faced young men find success in television? The Smothers Brothers didn't the first time around, but in keeping with the American tradition of fair play, they'll get another chance.

It could have happened next January. Tom and Dick were bought for an hour-long variety show first by ABC and then by NBC, which wanted them to sub for the ailing Garry Moore show.

That would have faced them opposite the seemingly unconquerable "Bonanza." To quote Red Skelton: "I wouldn't give that spot to a leopard." But "Bonanza" held no terror for the Brothers Smothers.

"Don't you think Phil Silvers was worried when he was placed opposite Mr. Television?" reasons Dick, the serious brother. "Yet it wasn't long before Sgt. Bilko knocked Milton Berle off the air."

"We would have liked the spot opposite 'Bonanza.' A show that has been on the air for eight years is due for a fall."

But the Smothers turned down the offers to sub midseason for Garry Moore or "Jericho." Their reasons?

"I'm just too beat," says Tom, the screwball brother.

"I've been having a divorce and an ulcer, and I still haven't recovered from the last series. I don't want to go into another series tired. Everything has to be right, because we wouldn't get a third chance."

"The Smothers Brothers Show," which faded from CBS last season, was a traumatic experience for both. They claim they were caught in the middle of various masterminds who limited them to a rigid, unoriginal formula. The boys prevailed over the production advisers in installing an impromptu dialogue at the beginning of the show; it provided the wacky flavor for which the Smothers became famous.

"We're not ashamed of the show," said Dick. "It was only beaten three times in its time slot, and the rating at the end was excellent. Our only regret is that the show could have been so much better."

"We can't knock what the show did for us," Tom added. "When we go out on concerts now, we get a much wider range of audience instead of the young crowd that used to support us. That's only natural,

after appearing before 25 million people every week."

But next time, both vowed, they'll retain more control. They are looking forward to the variety show, which probably will start next September.

"We'll be able to work with guest stars, do sketches and all kinds of things," said Dick. The brothers can be seen on Jack Benny's special Dec. 1 and "Alice Through the Looking Glass" Nov. 6, both on NBC.

## 'Those Awful Scripts'

HOLLYWOOD (AP) — Jean Arthur, fabled comedienne of the movies' golden years, quit 13 years of retirement to play a lady lawyer in a television series this year — and the show was one of the first to be axed.

So how does she feel? Relieved that I don't have to read any more of those awful scripts."

Miss Arthur, whose candor is as refreshing as it is uncharacteristic for this part of the world, told an interviewer she was "disappointed, of course" when CBS handed her the pink slip. But she's game for another try — with the right kind of show.

CBS' action came after the "Jean Arthur Show" wound up 65th among 90 shows in the Nielsen ratings.

The series — awaited with anticipation by fans of the husky-voiced actress — marked Miss Arthur's return to a full-time career after retiring to California's Monterey Peninsula 13 years ago.

The star of such film classics as "Mr. Deeds Goes to Town," "You Can't Take It with You" and "Shane," she came back to Hollywood last year to guest star in "Gunsmoke," then agreed to a series.

How did it go wrong? "I don't know," she said. "I do know that I had nothing to say in the production matters. I tried to make myself heard, but I knew early in the series that things weren't going right."

"I guess the (television) machine is so big that they can't be bothered with the human factor. "I should have had more say. Nobody ever knew that I did have good taste and might have been able to help. It's difficult for a woman to be recognized."

Long a recluse, Miss Arthur has had the reputation for being skittish in her personal life, and local observers feared she would not be able to withstand the rigors of a TV series. She fooled them by plunging into the work with the vigor of a starlet.

"I loved the work, and I loved the crews," she said. "If someone offered me a feature, I'd go to work tomorrow. Another series? I'd like it. But if it ever happens, I would make sure that I had more authority over what was being done."

Miss Arthur said she expected to remain in Hollywood another month, "but I'm itching to get back to Carmel, now that the tourists are gone and the kids are back in school."

"The Jean Arthur Show" will be replaced Dec. 5 by the long-run "To Tell the Truth."

Bing Crosby joins Andy Williams for an informal moment on Williams' show tomorrow evening from 10 to 11 on NBC.

# 'Bonanza' 1 Again

NEW YORK (AP)—"Bonanza" NBC's long-running horse opera galloped back to the top of the popularity list in today's report on television audience's choices by the A. C. Nielsen Research Company.

The show was dislodged in the previous report when an ABC rerun of "Bridge on the River Kwai" ruled the channels for an entire Sunday evening.

The report based on national audience sampling during the two weeks ending Oct. 9 for the second time included only one new show ABC's "Rat Patrol" in its top 10 programs in seventh position.

Others were CBS' "Red Skelton show," "Andy Griffith show," NBC's Bob Hope hour and Saturday night movie CBS' "Lucy show," Jackie Gleason show" ABC's Sunday night movie and NBC's Walt Disney hour.

In the averages NBC for the second successive time led the three networks with a score of 19.2 followed by CBS with 18.5 and ABC 16.3.

Four programs at the bottom of the 92-show list have been off the air—"The Tammy Grimes show," "Shane" and "Hawk" all from ABC and "The Jean Arthur show" from CBS.

The Doctor Arrives  
Joe Cates, a TV producer of broad experience, has been rushed to CBS' "Garry Moore Show" and is functioning like a specialist at the bedside of a dying patient.

Moore's variety show may not be dying, but it is awfully sick, suffering from chronic competition of "Bonanza" complicated by internal troubles and an acute case of low ratings.

Cates, replacing Perry Cross, has now had what he called

Danny Kaye in the title role of the movie, "Hans Christian Andersen," Friday night 7:30-10 p.m. on ABC.

"five 48-hour days" on the show and has prescribed a stimulant: An hour version of the 1947 musical, "High Button Shoes."

"It is part of the plan," he said. "We'll put on a special of some kind every three weeks. We don't expect miracles, but we do know that specials increase ratings—persuade viewers to resample a series. Then, if they find they like it, perhaps they'll come back the next week."

His diagnosis of the internal troubles, after studying four productions, is that it lacks focus.

The break into specials will start on Nov. 20.

Shifting Shows  
ABC is expected to complete by this weekend plans for mid-season replacements and for shifting shows to new time spots.

One new series will certainly be a comedy western, "Rango," since the network is planning to send its star, Tim Conway, late of "McHale's Navy" on a multi-city promotion tour next week.

Another probable replacement will be the British-made "Avergers," a bomb as a replacement last season but it won favorable audience attention during the summer.

"Hawk" and "Shane" are definite casualties and it is expected that 12 o'clock High" and "The Man Who Never Was" will be out. "The Milton Berle Show" too is a big question mark.

### PEARL HARBOR REVIEW

What the United States has done in the past 25 years to prevent a recurrence of the attack on Pearl Harbor in 1941 will be the theme of "Pearl Harbor," which NBC will televise Nov. 27. The program will also review what has happened to the major powers involved.
