Traditionalists Hit Modern Town Hall Plans

By ANNE LYONS

Some 75 residents attending last night's public hearing on the proposed town hall plans...

Architect's rendering of the entrance in proposed plan for a contemporary-styled town hall.

On the question of approval of the proposed plan, 11 votes were registered in favor with some opposition.

Plans presented at the initial hearing have been altered somewhat in the exterior design...

Robert Von Dohlen, a partner in the architectural firm hired by the town to design the building...

Expanding Lower Level Upon opening the meeting for questions, Von Dohlen replied to a question on the expansion of the lower level area...

Questioned on the number and location of stairwells in the building, Von Dohlen said two stairwells are included in the design...

On the upper level, facilities for the health and welfare department, facilities for the planning and zoning commission...

Question on Cost The architect answered in reply to a question from the audience that the cost of the building would run approximately \$24 per square foot...

Tunxis Trail Homeowners Resign Themselves to Rt. 6

Residents of Tunxis Trail in Anselmi Acres are facing what they had hoped would never happen: The road is going through.

Most of them purchased their homes with the knowledge that the highway would be along some day, but not so soon, and, hopefully, not through their part of the development.

The developer himself, Andrew Anselmi Sr., said that the state has "been taking Rt. 6 for the last 15 years."

There are eight other families in the development that will have to move to make way for either the Rt. 6 spur or the exit and entrance ramps.

One Has Left One resident has already left the living in Vernon. The former property of Dwight R. Phelps is now being advertised for sale.

Blotting Out Pool As for the others, some are still undecided which way to jump. But not too long from now a ramp will be working its way through Ruggles' field.

Farewell Set For Zion Pastor
NYC Towaway Plan Brings More Protests

Farewell Sunday for the Rev. Paul G. Prokopy, pastor of Zion Evangelical Church, will be observed Sunday. Pastor Prokopy, who is retiring after almost 24 years at Zion Church, will conduct his final services: an English Worship Service at 10 a.m., a German Service at 11 a.m., and a Vesper Service at 4 p.m.

A reception and fellowship social will be held after the Vesper Service. The event will be in the Church Assembly Room and is sponsored by the Ladies Aid of the Lutheran Women's Missionary League. Refreshments will be served by members of the sponsoring group. The event is open to the public.

Miss Emily Kistman and Mrs. Louise Mertens are co-chairmen of the reception committee. They are assisted by Mrs. Erna Lashinsky, Mrs. Margaret Storrs, Mrs. Fredrick Schneider, Mrs. Irvin Seeger and Mrs. Emil Seider.

MANY BIBLES STOLEN
RALEIGH, N.C. (AP) — Thou shalt not steal, says the Bible. Yet Raleigh bookstores report the Bible is the book most often stolen, year after year.

The Baptist book store suspects many of the Bibles it takes back for credit are those stolen from the store.

Diplomats and foreign consuls were among the first of the protesters to feel the ban on parking in restricted areas bounded by 34th and 66th Streets and the East and Hudson rivers. However, those with diplomatic or foreign consular license plates need not pay the tow charges, which can amount to \$40 to \$50.

Newsmen with special passes were getting the towaway treatment, too.

A WHEW radio mobile unit covering a protest meeting of the society, with 7,000 members, Mayor Lindsay claims the no-parking campaign was bearing fruit. "Already traffic is beginning to move," he said.

Lindsay said there have been indications that many wives of doctors used the special parking privilege to do their shopping.

John Cassee, president of the Patrolmen's Benevolent Association, said he was joining with many rank-and-file policemen in criticizing the last service for handicapped persons provided by patrol cars.

By midnight, the day's car catch totaled 230 vehicles towed or driven away by police.

For New Year's Eve Blast Probed
Navy Displays Soviet Mine Fished from Saigon Channel

PHNOM PENH, South Vietnam (AP) — The U.S. Navy today displayed a New Year's Eve present from the Viet Cong — the first contact mine found in the main shipping channel to Saigon. The Navy said the Russian-made mine was one of a number of enemy mines they have fished out of the Long Tau River and put on exhibit on a barge at this installation 10 miles south of Saigon.

Contact mines are exploded when a ship hits one of several horns projecting from a mine's casing. All other mines in the Long Tau have been types detonated by remote control or crude devices attached to wires and set off with a timing device, the Navy said.

"We don't know where the contact mine was assembled," said Capt. Paul Gray of St. John, Kan., assistant chief of naval operations in Vietnam. "It could have been assembled any place, judging from the fact that it may have been kept hidden in a river in the Rung Sat special zone, then towed into the Rung Sat special zone of an area of rivers, canals, salt marshes and swamps south of Saigon from which the Viet Cong launch their operations."

Several intensive military operations have been staged in the region recently, but progress has been slow.

Gray said a minesweeper boat cut the big mine's anchor line Dec. 21 and the mine bobbed to the surface.

Virginia Mine Probed
GRUNDY, Va. (AP) — State and federal mine inspectors probed the dusty air of Virginia Pocahontas Mine No. 1 today, seeking cause for Tuesday's deep-shaft explosion that killed two men and injured nine.

A spokesman for Inland Creek Coal Co., the owners, said the mine would remain shut down until the inspection is completed.

The mine, located on the Disraeli River east of Grundy near Oakwood, is a large new one in this Appalachian mountain country of old, small coal mines. With three vertical shafts, one 1,185 feet deep, it is one of the deepest shaft coal mines in the world. The highly automated mine was being prepared to begin production in March.

Tuesday afternoon, one of those shafts erupted with a roar. A foreman, Bob Ashbury, and four other men went down to bring out the more seriously injured.

Today, Ashbury, 34, is listed in fair condition at the Clinch Valley Clinic. A nurse said he is suffering from "burns, smoke inhalation and other injuries."

Paul Herndon and Paul White were killed.

Three others, Kirby Weard, Zede Childress, and James Scott were reported in fair condition at Grundy.

The shaft had been doing construction work 600 feet below the surface when the blast occurred.

Something pretty close to the end of our cycle of eating our own tail, up in our own zeal, seems to be improving. It will arrive, by our book, on the day when the mediators go on strike.

The strike of the strike mediators—that will be the day. And who, with unmediated strikes running rampant all through our public services, will mediate with the mediators?

The question is academic today, as academic as it would have seemed a dozen years ago, to worry about welfare workers being organized and going out on strike.

But the proposition of organizing themselves a union has recently been submitted to the entire staff of the Federal Mediation and Conciliation Service. Why shouldn't the "best educated bargainers in the nation" have a union for themselves, to see they had proper dignity, prestige, and fair fees for their bargaining?

First reports are that the mediators have been looking with favor on the suggestion that they organize to advance their own legitimate interests. Who will, in case of need, mediate between the mediators and their government? Why bother to ask? About that time the whole cancerous structure of this civilization, hard cell of self interest and obsolete privilege multiplying cell on cell, will have bound itself out of all capacity to move and breathe and function, and our struggle to keep up with and for him or her self will come to a merciful, deserved end. Then, perhaps, somewhere, the story can start over again, beginning, once again, with our fight to mediate to be alive in such a wonderful world.

After The Landing

Somewhere in the latter half of the President's Message, one comes upon a section titled "Space Research and Technology."

The primary objectives of the National Aeronautics and Space Administration program, this section of the text begins, "are to extend our ability to operate in space and to make available the benefits of this technology."

The achievement of the manned lunar landing by 1970 will demonstrate clearly to the nation that America's leadership in space is not only a reality but a beginning of a new manned space flight program which will extend our space capabilities even beyond the manned lunar landing. It is aimed at exploring the moon and at using manned space vehicles to conduct a variety of scientific and engineering experiments in space.

"New obligatory authority of \$5,000 million is recommended for fiscal year 1968, an increase of \$2 million over 1967 . . ."

"In space year 1968, a new manned space program will be started to further advance man's ability to operate in space and conduct scientific experiments . . ."

"Manned flights in earth orbit of up to one year's duration are planned, using a multiple rendezvous technique and re-using empty rocket tanks and other systems left in orbit . . ."

"Manned exploration missions of up to 14 days on the surface of the moon are planned to follow the initial manned landings . . ."

"Manned exploration missions of up to 14 days on the surface of the moon are planned to follow the initial manned landings . . ."

"Further preparation for the first manned lunar landing, unmanned exploration of the moon will continue in fiscal year 1968. A total of seven Pioneer and five Orbiter spacecraft will be used in this capacity . . ."

"The main language of the Budget Message's projection of our space program. We have quoted it because it offers the official, the instinctive, the compulsive answer to the frequent question: 'After we get to the moon, so what?'"

The President, it is to be noted, is working now to try to set up future funds for space exploration as if the moon were just the beginning, rather than any kind of end. And, if he doesn't seem quite sure just where we may plan to go after the moon, he imparts certainty about one thing—he wants it, at all costs, to be as not merely a, but the "space-faring nation."

To what should be no great surprise, then, the prospects are that this nation will respond to the first landing on the moon in pretty much the same way Spengler and the Romans responded to the first landing of Columbus—to build and send bigger and wider-ranging fleets, armadas, explorers, colonizers, governors, until mankind had brought its new world into sensation and sharing with all the blessings and troubles of the old. And, although there may be valiant and intelligent efforts to strive against it—as in international treaties which attempt to treat space as some new and special kind of continent—the realistic bet is that, as he gets around to it, and finds himself bored with just hanging around there doing nothing, man will begin to behave in space essentially the same way he has been behaving on earth, with no realistic improvement in his ultimate regard for his own welfare. How can this mankind which has proved unable to resist anything else resist the lure of war in space?

When The Mediators Strike

Those of us who are currently horridly by the spectacle of school teachers and welfare workers striking against the children and the needy have even made traumatic experience ahead of us.

Inside Report

Herald Yesterdays 25 Years Ago

WASHINGTON—in the privacy of AFL-CIO headquarters here, Labor's top politician, Al Barker, is no more happy about the state of the National Democratic Party today than at any other time in the past two decades . . .

Our worst fear for the elderly, if anybody wants to refer to Congress, takes the shape of a nightmare of modern packaging, in which a fine group of nice old people is found starving to death in the midst of tons of packages, of crackers, cheeses, fruits, ice cream cartons, and loaves of bread, none of which this imaginary colony of our nightmares has been able to pry or twist open.

Problems Aboard Spaceship Earth

The space age teaches that, like it or not, we are all astronauts. Earth itself is a great space vehicle tracing a regular orbit around the sun, while the sun follows an even vaster course through the galaxy. This fact alone has led to a host of essential questions of our future.

One of the challenging problems posed by long voyages in manned spaceships is how to convert waste products back into usable resources. The same problem is beginning to confront earthbound man as his ship gets more crowded.

The trouble is that we have never been called upon to think about it before. We are accustomed to just throwing away waste and letting nature take its course. But nature is slow and has a limited capacity for absorbing man's waste products. The consequence is an increasing pollution and unsightlyness of our environment.

The solution, says one scientist, is "total recycling." Dr. Athelstan Spilhaus, director of the University of Minnesota's Institute of Technology, notes that this is already being done to a limited extent. Iron ore dust is being recycled back into steel mills; some cities are converting garbage into fertilizers.

But we have yet to apply the principle to hard goods like stoves, refrigerators, washing machines, automobiles—the stuff we "consume" and then shortly after jacking off the bank loan, dispose of as junk.

"Junk is a word that epitomizes the immorality and ignorance of not recycling," Dr. Spilhaus told a recent Washington symposium on "Preserving the Environment" conducted by the American Association for the Advancement of Science. "The automobile is the most conspicuous example. It should be designed at the start with its eventual reclamation in mind."

The idea is not merely conservation. There is no present danger now of our running out of raw materials or our inability to devise substitutes for them. The danger is to say, "The one natural resource that we cannot re-invent once we destroy it, and that is our natural environment."

The immediate danger may be more psychological than physical. "Filthy environments," says Dr. Spilhaus, "make us feel bad before they make us physically sick."

No spaceship crew of the future would last long if it tolerated a filthy ship. The same thing, we are beginning to realize, applies to the human race and spaceship earth. — SPRINGFIELD UNION

Family Issued Deadline In Vaccination Dispute

The Vernon board of education has unanimously backed the superintendent of schools in a dispute with a family who refuse, on general principles, to have their children vaccinated against smallpox or receive polio inoculations.

The situation has resulted in the expulsion of the three children who are in elementary school and may end up in the courts.

School Superintendent Dr. Raymond Ramsdell indicated Monday night that if the children are not back in school by next Monday with the required inoculations, he will have a warrant issued for the arrest of the parents. He is presently consulting with town council member Dr. John Hecker.

The board of education requires all children in its schools to receive their polio and polio inoculations, unless a written statement is provided by a doctor in the case of religious objections.

Dr. Ramsdell made it clear that the family is not using either medical or religious reasons for its decision.

Dr. Ramsdell said the parents have already received a letter telling them they have to do anything. He said the parents "feel the rule is arbitrary."

Monday night's actions culminated in a month of attempts on the part of Ramsdell to arrange the part of the Northeast School to have the children receive the vaccination written by North State College in September, a school official said Tuesday.

Also, there are several small children that must travel through deep snow and water to get to their school bus at the end of Webster Lane.

We are confident and hopeful that our Congressman will investigate, our situation and foster action.

Class Hears Talk On Alcoholism

Donald J. Amner, educational director of the Alcoholism Division, Connecticut State Department of Mental Health, recently spoke to the class of the Junior High School.

In his talk, he mentioned that two thirds of the adults of today carry some form of alcoholic beverage.

In Connecticut there are approximately 100,000 persons who are alcoholics or one out of every 20 persons on a national average.

He also mentioned the parents have already received a letter telling them they have to do anything.

Monday night's actions culminated in a month of attempts on the part of Ramsdell to arrange the part of the Northeast School to have the children receive the vaccination written by North State College in September, a school official said Tuesday.

'Is She Dead Yet?'

Robert Stadler of Barhamsted said he was started almost as much by this question and she was dead." Stadler said he needed a drink, said Stadler, and he went toward the kitchen area where he got a bottle of liquor and a glass. He then got a bedspread with which to cover his wife's body. Stadler said he didn't answer the question.

Stadler contributed a major part of the testimony Tuesday in the eighth day of the retrial of Harry Solberg, a 21-year-old factory worker from East Hartford, charged with the strangling, stabbing death of Dorothy Thompson, a 30-year-old housewife.

His first trial in Litchfield resulted in a hung jury. Among the evidence introduced at that trial was a letter allegedly written by Solberg confessing to the murder.

Solberg was the second person to be charged with the slaying of Dorothy Thompson. A warrant charging Agnes Thompson with the murder was withdrawn when Solberg was arrested on March 14, 1962.

Stadler said that at first he thought that Christa was lost in some nearby woods and that Dorothy Thompson was searching for the child behind the house.

When he arrived at the rear of the Thompson home, Stadler said he saw Dorothy Thompson's body lying on the ground with an electric cord wrapped around her neck.

Warm up your cold bedroom floor with Mohawk carpet at a price that won't keep you awake!

What luxury! No more chilly walls, a cold, hard bedroom floor—just the delightful softness of wiggling your toes in thick bedroom carpeting so heavenly, you'll love getting up in the morning.

Now, don't think that carpeting a bedroom means you must use the same kind of carpet you have in your living room... or settle for an old, threadbare hand-me-down, either. We're featuring a dreamy new carpet with all kinds of decorating possibilities. And best news of all—it's as soft on your budget as it is under your feet!

Creslan

It's Mohawk's LANELLE... carpet pile made with Creslan* acrylic and modacrylic fibers. Random-shag for warm, rich highlights of luxury—yet firm and dense enough to hide footprints and traffic lanes. And so practical, too.

We have LANELLE in a dozen lovely colors that will make your bedroom warmer and more cheerful than you ever thought possible... tasteful greens and blues, cozy golds and beiges, adventuresome, vibrant reds. And even though LANELLE is luxurious and plushy, our price isn't expensive. You can have it in your bedroom...

for only \$9.50 a square yard (Ask about our easy payment plan!) Come in today; see all the other Mohawk carpets we're featuring—one for every room in your home. Or, call us for our convenient shop-at-home service!

Vernon

Zahner's Takes Game from the Guards, 67-62

Using a fast break offense to great advantage, Zahner's Men's Shop opened a huge lead over the National Guard Monday at the Rockville High gym, then coasted to a 67-62 victory in the second half of a Senior Basketball League doubleheader.

In the opener American Legion came from behind in the second half to topple The Pines, 58-47. The victories left the winners tied for the league lead with 3-1 records. The losers are both 1-2.

Zahner's led by as much as 20 in the final quarter before the Guards spurred and caught up—almost! Gene Johnson, Jim Moriarty and Frank Johnson were top scorers for the winners but Dick Leonard of the Guards took game honors with 20.

Bob Brennan, Steve Bellinghri and Curt Zahner all had a hand in booting the Legion past The Pines. Jack Busher was top man for the losers who were ahead at the half, 25-22, but fell behind in the third period and never got even again.

Midget League, BHS Division Scott Carruthers converted two foul shots in the final 30 seconds of play Saturday to give Vernon Pines a 31-30 victory over Schneider's Farm Market at Rockville High. It was the second one-point loss for Schneider's who own a 1-2 record. By winning Vernon Pines topped its mark to 2-1.

In the opener Rialley's showed a well-balanced attack and defeated The Pines, 40-27, for its third straight win, thus retaining first place, unimpeded. No less than nine of Rialley's squad were in the scoring column. Only three players shared the losers' 27 points.

National Division Chosen was the order of the day in this division Saturday. The scores were Moriarty's 21, Wittmick's 19, Sport Centre 21, American Legion 19, and Exchange Club 21 Otender's Body Shop 20.

Bob Fishery's overtime hoop provided the Moriarty margin while Sport Centre won on Paul Stremwre's layup in the final minute of regular play. Exchange Club managed to hang on to its edge thanks to good play from Duke Putz and Gary Cantor.

American Division Howard Johnson's and Charles Esso each won games Saturday to remain tied for the division lead. Johnson's topped Vittner's 25-10, while Charles' edged Aldon Spinning Mills 18-16. Other scores were Zahner's 30, Norm's 22, and Square Dancers 41, Bury's 37.

Good foul shooting paid off for Charent's who were led by the all-around work of Ted Matthews. Seven players shared Johnson's scoring. After three losses, the Square Dancers have bounced back to win into a row, one earlier from Charent's. Steve Mosher led the latest attack. Vin Vitviano and Don Brown paced Zahner's upset victory.

Junior League The league is still shared by Wolff-Zackin Associates and Cantor-Goldfarb. Real Estate who won games Saturday to post records of 3-0. Scores Saturday were Wolff-Zackin 39, Farmart 29, Cantor-Goldfarb 52, Sport Mart 30; Roth Clothiers 55, Elks 30; Vernon Center Market 42, Vermont Drug 41; and Igloo 56, Rockville Reminder 40.

After a slow start, Wolff-Zackin closed strong to win handily. Alan Krowka's 19 were high for the winners with Dave King counting 12 for the losers. Cantor-Goldfarb also showed a big fourth period to win going away. Lloyd Eddy topped all scorers with 23.

Roth's handied the Elks their first loss as Scott Eden turned in a strong rebounding job as well as scoring 24 points. The Marketmen, coached by Dick Abobe, scored their first win. The Igloo kept the Reminder sound winners as Mickey Tibbetts, Jim Conway, Wayne Tracy and Gary Lipman all reached double figures. 21-12 first period pretty much decided the outcome.

Goal for '68 GOP Moves to Get Bigger Negro Vote

NEW ORLEANS, La. (AP) — Republicans are determined to pick up at least 20 per cent of the Negro vote in the 1968 presidential campaign by waging the "most dynamic, aggressive program ever put on by the GOP."

Tolland Cook to Sound Board On Kindergarten Bid

The perplexing problem of how best to provide kindergarten education for approximately 250 eligible five-year-olds next fall was the subject of informal discussion between representatives of the Tolland school system, the executive board of the town's two co-operative kindergartens and the United Congregational Church last night.

The Rev. Donald Miller, pastor of the church, which has an agreement to provide facilities for the co-op kindergartens, emphasized he would need the approval of church members before he could make any commitment to the board of education on leasing church facilities for a public kindergarten.

Board Revotes Education Fund The board of directors last night reaffirmed an action taken on July 12 — it unanimously approved a \$24,970 without apportionment appropriation to the Board of Education.

we care

SELF-SERVICE, PRE-PACKAGED MEATS CAN BE A PROBLEM!

You can see the top side of the meat but not the bottom. So you wonder. The steak looks good, but is the bottom all bone and fat?

It's a problem...

a problem we've given a lot of thought.

We think we have the answer.

We have a policy.

We put the best side down.

The side you don't see is guaranteed to be equal to or better than the side you can see.

Simple? as ABC.

Effective? No more gamble.

Fair and square? Sure because "We Care."

Is this a good reason for shopping A&P?

It's one of many.

Outspoken Auerbach Gives Up Ship but Plans to Win War Cets End 76ers Win Streak

PHILADELPHIA (AP)—"And one of my Boston teams won the Eastern Division by 14 or more games and got whipped in the playoffs."
 Later, the Celtics, with Auerbach doing a little coaching from the row in back of the Boston bench, pummeled their Boston rival, the Cincinnati Royals, in a five-game Philadelphia winning streak as well as a 36-game regular season home court string victory dating back to Jan. 7, 1966.
 Sam Jones scored 28 points while the famed Boston defense held Philadelphia to 11 points in the all-important 40 minutes. That's when Philadelphia watched a 96-94 lead melt into a 12-point loss. Red Auerbach was high for the 76ers with 23 points.
 At New York, Oscar Robertson scored 37 points and handed

out 11 assists in leading the Cincinnati Royals to 128-118 victory over the Knicks. Adrian Smith was high for the Knicks, playing the second half when the Royals broke the game open. Willis Reed led the Knicks, scoring 21 points.
 He added, however, that the 76ers have been comparatively easy on the eyes. The Royals refuse to attach importance to the game against Boston. He says the main thing is to get a win and to come back later in the season to play the 76ers to win it for Boston.
 Tuesday night's game did nothing for the 76ers' confidence and Auerbach, who used to smoke a cigar after each victory, now says he is "whistling as he goes." He said he is looking for Philadelphia in the playoffs.
 Auerbach admitted that Philadelphia's record of 46-3 was "fantastic." "There is no taking

Benvenuti Confident Of Ability

By PETE ZANARDI
 Offensive Basketball is East Catholic's trade mark. Few schools boast so much impressive past, despite the few years of play, than the Eagles, who are presently going through a coaching change.
 Coach Don Burns' fourth consecutive tournament appearance, the three previous tournaments have brought East one state title and runner-up honors in the B classification and a trip to quarterfinals in the A event last year.
 "I'm confident that we are carrying on the tradition, picking up eight wins in the first half of the year," said Benvenuti. "That's what I came over for."
 Coach Burns and his manager were laid up with a touch of the flu Tuesday and Wednesday, leaving Benvenuti in charge.
 The European champion was looking forward to the opening of the season with 28 points while Jim Jukins has provided valuable as a rebounder.
 The Eagles are expected to begin new series with Stoneington High.

NEW YORK (AP)—Hal's New York is confident of his team's ability to make a successful season.

 The Eagles are expected to begin new series with Stoneington High.

Upsets Mark School Slate, Ellington and Bobcats Bow

Upsets were the rule in force last night as Ellington High saw a five-game winning streak snapped by Conity High, 57-49 and E. O. Smith of Storrs gained revenge over South Windsor High, 46-44. It marks the first time in recent memory the Bobcats won, he dropped below .500.
 On the slate for this afternoon was Cheney Tech, caught in the doldrums of a three-game losing streak, meeting Prince Tech in Hartford.
 COVENTRY—A big third quarter made the difference for the Patriots who are now 6-6 on the season. It was Ellington's fourth loss in 11 starts. Ellington had advanced a 20-12 first turn lead to 30-24 at the half, but couldn't keep pace as the home club scored 24 points in the third, 46-24.

Behind 46-42 going into the last chapter, South Windsor held their hosts to but one hoop but could score only four points, and Tim Quinn (10).
 Rich Valente paced Ellington with 14 points, followed in double figures by Jeff Heath (12) and Tim Quinn (10).
 Both teams return to conference play Friday, Ellington meeting East Windsor in an NCCO showdown while Coventry battles Charter Oak for East Hampton.

Basketball Cassions Rolling at West Point Army Trounces Massachusetts

NEW YORK (AP)—The basketball seasons are rolling at West Point.
 Paced by Bill Scorsone's 31 points, the Army Cadets chalked up their fourth in a row by overwhelming Massachusetts 69-46 Tuesday night.
 That upset Army's overall record to 7-4. If the Cadets can follow through against Boston University, Fordham, Penn State, Manhattan, St. John's, Rutgers, NYU and in their remaining games, they are virtually certain to land a post season tournament berth.
 That means if all goes well, the Black Knights of The Hudson once more will be in a post season tournament in March.
 In each of the last three seasons they reached the semifinals of the NIT.

BETTER THAN BOB AND RUSSELL? Alecinder Draws Plaudits, Unveils New Stuffing Style
 LOS ANGELES, Calif.—(NEA)—Pete Nevell knew Alecinder could knock a basketball around. He had seen him play like a football player. Alecinder is a former NFL player who has been in the game for 14 years.
 Nevell, who is now a coach at the University of California at Berkeley, said that he was impressed by Alecinder's ability to handle the ball.
 "I believe Alecinder is a better offensive player than Bob Pettit or Russell. I don't know if he'll ever make it, but he has the potential to be a great player."

Westrum Has Sugar Words for His Mets

NEW YORK (AP)—The baseball writers failed to elect any player to Baseball's Hall of Fame today with Joe (Ducky) Medwick, the slugging outfielder of the New York Yankees missing by just seven votes.
 Medwick, Ruffing plus 29 other players will get another chance for election to the elite group this year in a run-off election with the announcement to be made in February. The runoff is not without precedent.
 "This year's vote was a special election since some ineligible candidates had received votes last year."
 But neither Medwick, who has openly campaigned for entry into the Hall, or Ruffing, who is getting his bid for major league status, were able to get the required 70 per cent of the 324 voters.
 "They each drew 212 votes, missing by seven of the 219 votes each," said the spokesman.
 Medwick, who was elected to the Hall of Fame in 1966, is still in the game, and he is being considered for election to the Hall of Fame in 1967.
 "I'm not sure," said the spokesman, "but I think it would be a good idea to have a runoff election." "I think the voters would like to see who would be elected to the Hall of Fame."

WESTRUM HAS SUGAR WORDS FOR HIS METS. The New York Yankees manager has been outspoken in his praise for the Mets' performance this season.
 "They are playing like champions," Westrum said. "I think they are the best team in the league."
 Westrum has been particularly complimentary of the Mets' pitching staff, which has led the league in earned run average.
 "The pitching staff has been outstanding," Westrum said. "I think they are the best in the league."

Hall of Fame Still Without New Members

Paul Zajac Repeater On ECAC Selections

For the second week in a row, Central Connecticut's Paul Zajac has rained a berth on the weekly Eastern College Athletic Conference (ECAC) team.
 In two starts last week, the talented senior guard from Meriden scored 40 points, getting 20 each night in wins over New Falls State and St. Michael's.
 His total output also included 18 rebounds.
 Behind Zajac, who now carries a 20.8 average, Central defeated New Falls State, 95-68, and St. Michael's, 109-66, to run its record to 10-3 at the mid-year exam break. The Blue Devils have a 24-21 record in a walk to Stoneham.
 Two other Central players, Bob Pinsky and Hiroe Dickman, were also selected in the weekly ECAC polling which, for one week only, combines Division I and II players.
 Pinsky tallied 33 points in two games, while Dickman, who is averaging 25 points per game, scored 25 points in his last game.
 The award will be presented at the association's luncheon scheduled Jan. 28 at the Hotel Commodore in New York City.

Representing the Whole NFL—All Packers Needed Was Little Reminder

LOS ANGELES (NEA)—At halftime in the Super Bowl coach Vince Lombardi was representing the whole NFL.
 Lombardi, who was named the NFL's Coach of the Year, was seen talking to his players during the game.
 "I'm proud to be here," Lombardi said. "I'm proud to be representing the whole NFL."
 Lombardi's team, the Green Bay Packers, won the game 16-6.

Chamberlain Field Goal Pace-Setter in NBA, Smith Tops Free Throwers Statistics Reveal

Barry Showing Way with 36 Point Average

Robertson And Wilt Trailing

Despite a fall-off in scoring proclivity and shooting percentage during the past week, Rick Barry of the San Francisco Warriors continued to pace the NBA scorers with 1,685 points for a 36.3 average.

Oscar Robertson, of the Cincinnati Royals, who tallied 107 points in three outings during the week managed to go over the 30 point per game average with a 30.2 while scoring 1,268 points.

Philadelphia's Wilt Chamberlain with a 29.6 hitting average among the field goal percentage leaders, is running well ahead of New York's sharp shooter Walt Bellamy and Wilt's teammate who are hitting 30.7 and 30.6, respectively. Wilt's teammate, Clint Walker, is the other NBA player above the 30 mark with a .304.

Chamberlain leads the rebounders with a 24.3 per game average ahead of Boston's Bill Russell's 22.8 and San Francisco's Nate Thurmond's 21.8. Wilt leads in total rebounds with 1,180 Thurmond's 1,098 and Russell's 1,026.

Adrian Smith, of Cincinnati, continued to top the final shoot-around in the final shoot-around with 170 out of 390 for 43.1. Barry has a .380 to maintain his second place position among the free-throwers.

Guy Rodgers, of Chicago, holds a tremendous lead at 181 feeds over Oscar Robertson of Cincinnati. Rodgers has 639 to Robertson's 448 with Wilt Chamberlain third with 386 assists.

49ers Not Likely To Deal Willard To Eastern Club

SAN FRANCISCO (AP) — The San Francisco 49ers say the chances are slight that fullback Ken Willard will get his wish to be traded.

"In analyzing the percentage of the teams to which Ken will be traded, I seriously doubt the feasibility of such a trade," General Manager Lou Spadina said Tuesday.

Willard said he would give up the game unless traded to either the Washington Redskins or the Baltimore Colts, which are near the Redskins' home.

Willard said he wanted to be near his insurance business in Richmond and that his decision was not based on any unhappiness with the coaches, players or fans in San Francisco.
