Gerald Lucas pops a kiss on the cheek of Nancy Patrick after the youngsters were named king and queen of the Indianapolis VFW post's poppy sales drive. The pop-eyed queen looks as though she expected a handshake.

Enemy Shelling at Da Nang Kill 11 GI's, 35 Villagers

DA NANG, Vietnam (AP) — at latest count 39 rounds on the U.S. Marines found 46 rocket-firing positions near the big U.S. airbase here today following a Communist attack in which 11 Vietnamese were wounded by Americans and 35 South Vietnamese civilians were killed. The Marines found the positions about three miles southwest of the airbase during a sweep of the area. They also found six unused 140mm rockets and two rocket tubes. Military sources said the 85-pound projectiles carried Soviet and Chinese markings. The Viet Cong shelled the airbase early this morning, lobbing

The body of a Vietnamese wearing a military-type uniform with a red star was found near one of the firing positions, the sources said.

One of the main targets appeared to be the military communications compound just across a road from the village. Two equipment vans with secret electronic gear were hit and most of the civilian and military telephone circuits were temporarily knocked out. Four soldiers and one Marine were killed in the compound. Other shells hit at least half a dozen barracks buildings on the base. Most of the servicemen killed and wounded were in bed when the shelling started.

Air Force Col. James B. Randels of Ardmore, Okla., said the pattern of the shooting indicated the guerrillas were aiming for the airplanes and people. U.S. gunship helicopters flew over the area in an effort to locate the enemy firing positions. A spokesman said there was no effort by the enemy to enter the perimeter defenses as has happened in some past attacks. Da Nang is 360 miles north of Saigon on the South China Sea.

U.S. Mines Rivers
SAIGON (AP) — U.S. Navy planes started sowing mines in rivers of North Vietnam today in a third new increase of military pressure on the Hanoi regime.

More Funds For Highway Construction

WASHINGTON (AP) — The Johnson administration relaxed partly today the freeze of highway construction funds it put into effect last Thanksgiving as an anti-inflationary measure.

And Secretary of Transportation Alan S. Boyd told a joint Senate-House hearing the administration is ready to order a further thaw if economic conditions warrant during the current fiscal year and the fiscal year which begins July 1.

Boyd, in testimony prepared for the hearing, said the administration had rejected any idea of cutting an additional \$400 million from the highway program as had been contemplated earlier.

Instead, he said, the government will make an additional \$175 million available to the states for highway contracts during the current fiscal year which ends June 30.

This will raise the amount of federal funds available for highway contracts to \$3.475 billion, compared with the \$3.3 billion available under the outback.

Congress had authorized \$4.4 billion for the fiscal 1967 highway program. But Johnson, announcing the freeze last November, called the freeze a \$700-million cut, explaining that he originally had planned to spend only \$4 billion.

Boyd was a surprise opening witness. The committee originally had been advised that Gardner Ackley, chairman of Johnson's Council of Economic

Splitup Denied By Friends of Meg and Tony

LONDON (AP) — Friends of Princess Margaret and Lord Snowdon say their seven-year marriage has its ups and downs but deny London society gossip that it's on the rocks.

Talk about royal marriages, a favorite subject in London's Mayfair, was spurred by the recent announcement of the divorce plans of Lord Harewood, cousin of Queen Elizabeth II. The rumors about the Snowdons grew largely out of stories in foreign publications.

The royal court correspondent of The People, a Sunday newspaper, said Sunday the Snowdons' friends "are convinced that the present rumors are totally unfounded, although they admit that there have been times when, like most young married couples, the princess and her husband have had their differences of opinion."

"In fact, there appears to be absolutely no reason for sus-

Cheshire Marine Wins Highest Honor

Capt. Harvey C. Barnum Jr. of Cheshire receives the congratulations of Secretary of the Navy Paul Nitze today after being awarded the Medal of Honor, the nation's highest decoration. Barnum took command of a rifle company in Vietnam Dec. 18, after the company commander was mortally wounded.

Priest Is Defendant

7 Indicted in Plot To Assault Haiti

MIAMI, Fla. (AP) — A former Cuban senator, an exiled Haitian priest and five other men were indicted today on charges of conspiring to invade Haiti from the Florida Keys last month.

They were among 75 battle-clad exiles and American adventurers rounded up Jan. 2 when customs agents barged into their camp on a secluded island near Marathon. A small arsenal was confiscated. The indictments were returned by a federal grand jury in Miami, Acting Atty. Gen. Ramsey Clark announced in Washington that the charges had been made.

Clark said the seven are charged with conspiring to violate a federal law which forbids preparing or launching from this country a military expedition against a nation with which the United States is at peace. The maximum penalty upon conviction is five years in prison and \$10,000 fines.

The indictment said the seven conspired to set up a camp in southern Florida and to transport arms and ammunition to Miami from New York and Atlanta, Ga.

The indictment said also they had planned to transport men

and arms by boat for a military expedition against Haiti.

Named in the indictment are: — Rolando Masterrer Rojas, 49, a Cuban citizen and former Cuban senator who came to the United States in 1959 and now lives in Miami.

— Father Jean Baptiste Georges, 47, a Roman Catholic priest and former minister of education in Haiti. A Haitian citizen, he lives in Miami.

— Rene Juarez Leon, 32, a Haitian citizen living at Elmhurst, N.Y.

— Julio Aton Constanza Pa-

Cleanest Air

HARTFORD (AP) — The State Health Department reports that Litchfield generally has shown the lowest rate of air pollution in the state.

It bases this on air samplings taken in 21 communities for one-week periods during the past year. The general conclusion was that air over cities is dirtier than air over small communities. In the last sampling, Jan. 24-31, the highest count of suspended particles was over Thomaston. It had 159 micrograms of particulate matter per cubic meter.

Hartford had 101. Among places with higher readings were Naugatuck, 142; Bridgeport, 133; Winchester, 116; Ansonia, 112; and New Haven, 110.

Senate Opens Inquiry In Spacecraft Deaths

WASHINGTON (AP) — The Senate space committee opens the first public inquiry into the Apollo spacecraft tragedy today in the wake of a space agency report that risks of fire had been misjudged.

The testimony from top space

officials comes exactly one month after the fire that killed three astronauts.

"We thought it better to have the testimony in open session," Chairman Clinton P. Anderson, D-N.M., said.

The National Aeronautics and Space Administration, which has been handling the principal investigation of the disaster at Cape Kennedy, has so far issued three reports on its progress.

But today's hearing marks the first time the agency's officials

(See Page Eight)

Clears Way To Imprison Union Boss

WASHINGTON (AP) — The Supreme Court turned down today twin efforts by Teamsters Union President James R. Hoffa to stay out of jail.

Within minutes after the high court's rulings were announced, Hoffa's attorneys were planning another maneuver to keep him out of prison — at least temporarily.

The two pleas rejected by the high court without comment were based on claims of widespread government eavesdropping at Hoffa's federal jury-tampering trial and a claim that testimony by a paid government informer should have been excluded.

Thus the court refused to reconsider its Dec. 12 decision upholding Hoffa's jury tampering conviction, eight-year prison sentence and \$10,000 fine. The ruling consisted of a brief order, without comment. It was noted that Justices Byron R. White and Abe Fortas did not participate.

The ruling presumably cleared the way for jailing of the head of the 1.7 million-member union — possibly in less than a month.

Under normal court procedure, the court's judgment would be stayed down the federal ladder to the Chattanooga trial court where Hoffa's arrest could be ordered.

However, Hoffa's attorney, Joseph A. Fanelli, was expected to ask Justice Potter Stewart, who has supervisory jurisdiction over this area of the federal court system, to hold up the judgment pending lower court decisions on other legal challenges Hoffa has made to his 1964 conviction.

Hoffa's attorneys claimed Vick retained legal defense plans to the government.

The lawyer, Z. T. Osborn Jr., was convicted of attempting to tamper with the Chattanooga jury, sentenced to three years in prison and fined \$5,000. Vick had claimed Osborn instructed him to offer a bribe to a prospective juror. Osborn's conviction was affirmed Dec. 12 by the Supreme Court.

At the Circuit Court hearing Feb. 7 Hoffa's attorneys claimed seven male jurors at Chattanooga were furnished with prostitutes and liquor by marshals. They also claimed a marshal talked of "getting Hoffa."

Convicted with Hoffa at Chattanooga were Thomas Ewing Parks, a Nashville handyman, Larry Campbell, Parks' nephew and a Teamsters business agent in Detroit, and Ewing King, a former Teamsters official in Nashville.

Their convictions and three-year prison sentences were affirmed by the Supreme Court Dec. 12. Hoffa drew a \$10,000 fine in addition to his prison sentence.

Pleas by Parks, Campbell and

Student Attends Class Enclosed in Black Bag

CORVALLIS, Ore. (AP) — A mysterious student has been attending a class at Oregon State University for the past two months enveloped in a big black bag. Only his bare feet show.

Each Monday, Wednesday and Friday at 11 A.M., the Black Bag sits on a small table near the back of the classroom. The class in Speech 118 — basic persuasion.

The Black Bag seldom speaks or moves. But a newsman who attended the class says his presence becomes overwhelming. Charles Goetzinger, professor of the class, knows the identity of the person inside. None of the 20 students in the class do.

Goetzinger said the students' attitude changed from hostility toward the Black Bag to curiosity and finally to friendship.

"We must find a rationale for everything. Life is pretty well structured from birth to death.

We always have a frame of reference for events," Goetzinger said.

"Then in walks a black bag with a human inside it. Nowhere

Bulletin

FREIGHTER ON FIRE

NEW YORK (AP) — The German freighter Caldes, bound for New York, was on fire today in the Atlantic Ocean 40 miles off Chesapeake, Va., the Coast Guard reported. Rescue aircraft were dispatched from Coast Guard stations in Elizabeth City, N.C. and Floyd Bennett Field in Brooklyn after the 259-foot motor vessel radiated an SOS shortly before 1 p.m.

New Vietnam Blows Defended by Johnson

WASHINGTON (AP) — President Johnson said today the latest American strikes at North Vietnam are more far reaching but still are designed to promote peace.

The President said he believes he is on the best course and he sees no reasonable alternatives.

The news conference with the President in his oval White House office centered once again on the Vietnam war — and in particular on the mining of rivers in North Vietnam, Naval bombardments north of the demilitarized zone and the use of heavy artillery to reach targets in the north beyond the zone.

"We have taken the actions we think are best," the President told the reporters, "to protect

the national interests of the country and freedom and humanity in the world."

Johnson was asked whether the latest actions represented a military step up. He didn't buy what term. But he said that certainly these actions are more far reaching than those in the last few weeks.

Johnson said civilian and military leaders were consulted and the latest actions "represent the reasonable judgment of our civilian and military men that this is desirable and essential in the situation there — the buildup and infiltration."

At one point he said it is impossible to predict accurately the extent to which infiltration

(See Page Nine)

Targets May Clue China Purge Curb

TOKYO (AP) — Supporters of Chinese Communist party Chairman Mao Tse-tung have renewed their attacks on four early targets of Mao's purge, possibly indicating a narrowing of the so-called cultural revolution because of setbacks.

Japanese correspondents in Peking reported ousted Peking Mayor Peng Chen, former Vice Premier Lu Ting-yi, former chief of staff Lo Jui-ching, and former party official Yang Shangkun had been officially termed counterrevolutionaries. All four had been accused in earlier wall bulletins of preparing a coup d'etat against Mao a year ago.

The Peking correspondent of the newspaper Nimon Keizai said the counterrevolutionary label was contained in a notice posted Sunday by the party central committee. Such a charge — one of the strongest in the Communist armory of epithets —

could indicate a trial is being prepared.

Isolation of the four as purge targets came amid more signs that Mao is trying to put a lid on Red Guard zealots and tone down the civil strife. But other reports indicated Mao's opponents are as active as ever, though some of the reports came from Communist foes of Mao who are anxious to see him defeated.

Moscow Radio said in a Japanese-language broadcast that anti-Mao armed forces had taken over the industrial city of Loyang in Honan Province and that a number of Maoists had been arrested. It added that clashes between pro- and anti-Mao groups were continuing in several provinces.

The Yugoslav news agency Tanjug reported from Peking that wall posters carried an or-

\$13,500 Raised Privately As Part of Aid to Firm

The South Windsor Industrial and Commercial Development Corp. has raised \$13,500 as its share of a \$135,000 loan to...

The loan is being obtained from the Federal government under the Small Business Administration 602 program. Under it, the federal government will provide 80 per cent of the loan and the community will provide 20 per cent. Under Connecticut statutes, though, the state pays 10 per cent of the cost and the town 10 per cent.

State participation in the community effort to attract industry is made possible by a one-half million dollar appropriation provided by the 1965 General Assembly and administered by the Connecticut Development Commission.

Federal participation depends on community participation. This is determined by the interest the town shows in the request of a local foundation or development company before it applies for federal funds.

The town industrial development commission formed the South Windsor Industrial and Commercial Development Corp. at that time. Under the corporation rules, at least 25 participants must be included in the program, of which the majority must be from the town. No one participant can control more than 25 per cent of the total amount of capital.

The purpose of the corporation is to assist and encourage business to locate in town and to foster industrial development in South Windsor by offering an alternate source of financing than normally available.

Alan Coffey, owner of a distributor for some eight years, moved the company to South Windsor in January 1966 and employs 11 people at present. Since moving to South Windsor, business has expanded to almost double its former level and additional space is needed, day at 8 p.m. at the home of Gardner and Mather Streets.

Tax Hearing

Three to Attend Parley Planned By U.S. Chamber

Three members of the Manchester Chamber of Commerce will represent the town Chamber at an Action Assembly of the Chamber of Commerce of the United States at the Park Plaza Hotel in New Haven on Thursday.

Leader of the Action Assembly will be from the U.S. Chamber of Commerce is F. Ritter Shumway, chairman and chief executive officer of Ritter, Pfander Corp. of Rochester, N.Y.

Shumway will head a group of six panelists and three local area panelists and others who will appear in the all-day program dealing with today's trends and issues.

Those representing the Manchester Chamber of Commerce are: Richard G. Rothwell, vice president of the Chamber and vice president of the Connecticut Bank and Trust Co.; Walter H. Sodano, chairman of the Chamber's Contractors' Division and treasurer of the Conway Construction Co., and Robert L. Brock, executive vice president of the Manchester Chamber of Commerce.

Pre-school children throughout Manchester will have an opportunity to receive a free eye test in March, designed to detect correctable vision defects.

An orientation for more than 50 volunteers who will staff the screening program, will be held tomorrow from 10 a.m. to 3 p.m. at Temple Beth Shalom.

Countries included in the itinerary are Italy, Switzerland, Germany, France, Belgium, Holland and England. A private audience with the Pope is included in the trip. Arrangements include air transportation, hotel accommodations, three meals daily and sightseeing.

any in gasoline consumption. And there are other occasional reasons for a preference. Although some of the foreign cars look small while almost all the American cars look very big, some of the small-looking foreign cars have just as much room and comfort as the larger-looking American product.

The answer to foreign imports, if Detroit is ever really interested, is very simple. Let all our plants combine into one pooled operation to design and produce a vehicle which will represent basic transportation, with heavy concentration on simplicity, safety and economy of design and operation.

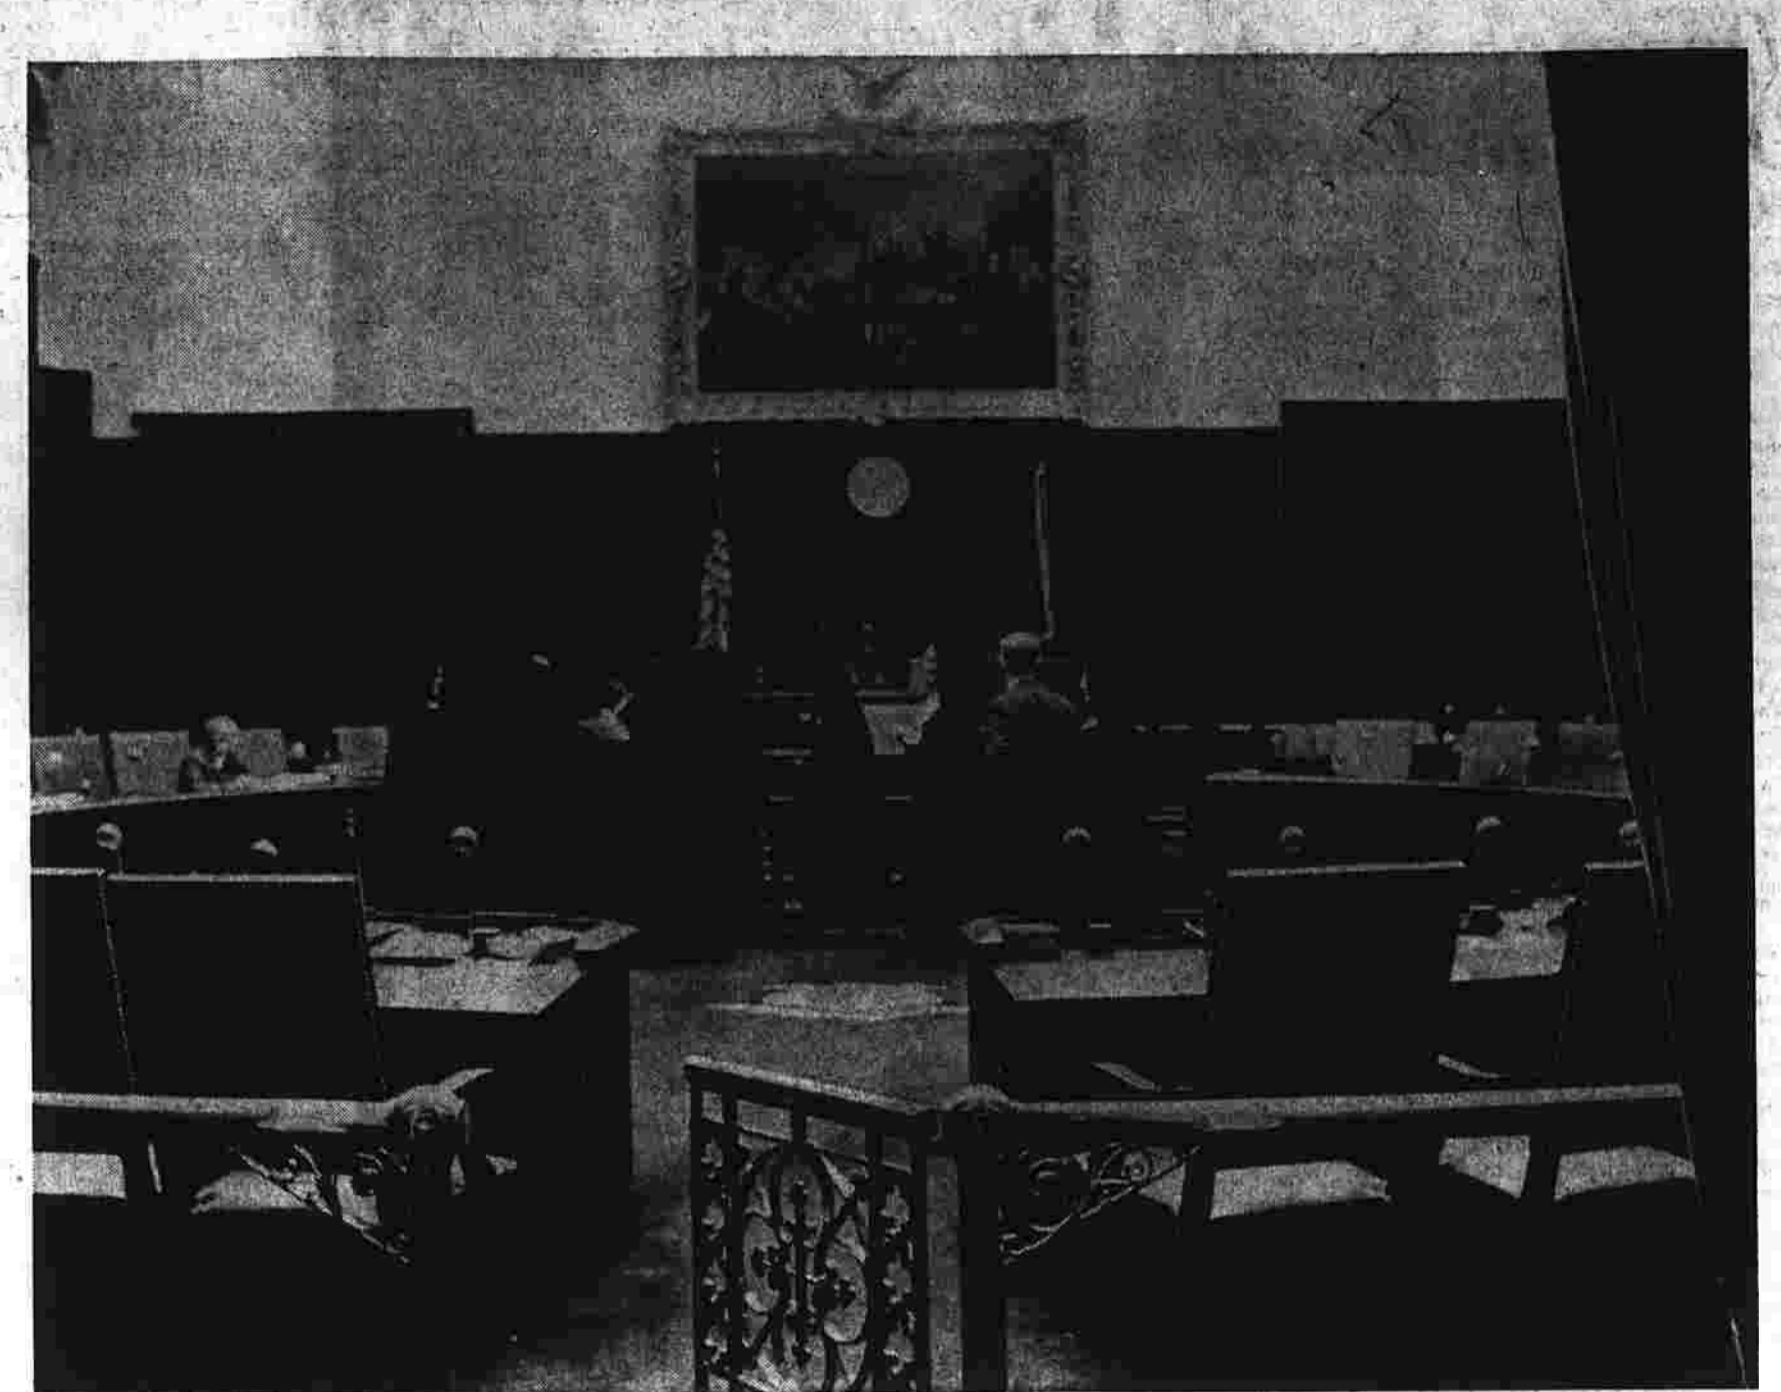

How To Make A Million Pounds

"Anybody with a reasonable gift who wants to be a millionaire can be, it's not even very difficult." This tantalizing quote is from Mr. William McGee, who says "millionaire" is not left there. Hundreds of people with reasonable gifts desperately want to be millionaires but find it extremely difficult.

As 1967 unfolds, industrial profitability is at its lowest post-war point and our license to fight a bolder war with less fear of Chinese intervention. This seems to be the context for the military developments of the past few days, in which the Johnson administration, at the moment of possible weakening in Hanoi, ingeniously found new means of escalating the war.

Fischetti

Detroit Could Do It, Too Detroit is reportedly puzzled by the reports which show that foreign cars have been gradually increasing their sales in this country during the same period in which sales of American-made automobiles have been declining slightly.

Vernon Meeting Set on Students With Learning Difficulties

A town's duties under the new state legislation for children with special learning handicaps will be discussed at a meeting of the recently organized Association for Children with Learning Disabilities.

Dr. David Dawson of the State Board of Education is the guest speaker. He will speak at 8 p.m. after a business meeting at 7:30 p.m. in Room 117 of Rockville High School.

Dr. Dawson will present available information on teacher training programs and scholarships and fellowships offered in the state.

He came to the State Department of Education in June 1965 to head the Department of Children with Perceptual Learning Disabilities.

Mrs. John Williamson of Ellington, who heads the association, emphasizes this has been set up on a regional basis. Any one in surrounding towns interested in the problem is invited to the meeting.

Models for Fashion Show Models for the fashion show, "Preview of Spring," to be held at 8 p.m. Thursday at Piano's Restaurant on Rt. 44 in Bolton have been announced.

They are Mrs. Adele Blaszcak, Mrs. Janice Brookman, Mrs. Carolyn Conti, Mrs. Dorothy Daley, Mrs. Virginia Heavides, Mrs. Katherine Lodge, Mrs. Barbara Montes, Mrs. Judy Nappi, Mrs. Virginia Nardin, Mrs. Claudia Petraglia, Mrs. Joan Powers, Mrs. Joan Reardon, Mrs. Janet St. John and Mrs. Monica Wytas.

Children models will be Mary Ann Blaszcak, Robert Brookman, David Goutier, James Connelly, Mary Kelly Connelly, Nancy Conti, Gary Crane, Diane DeMastro, Mesanette Evangelista, Kathleen Foss, Patricia Lane, Janice Plante, Nadine Plante, Noranne Rowe, Susan Rowe and Linda St. John.

Door prizes will be offered. Fashion are the courtesy of Mam'elle and the Glamour Shoppe and hair styles, courtesy of Albert & Larry Beauty Studio.

Mason Meetings A special meeting of Fayette Lodge of Masons will be held tonight at 7:30 in the Masonic Temple. The Entered Apprentice degree will be completed with John T. McLeod, worshipful master, presiding.

The Travelers Square Club will exemplify the Master Mason degree tomorrow night. A ham dinner served by the Hope Chapter 60 Eastern Star will be served at 6:30.

Police Finish Law Course Five Vernon policemen have completed a course in criminal law at the University of Connecticut School of Law in West Hartford.

They are Lt. Edwin R. Carlson and Patrolmen Paul Belrose, John R. Marshall, Robert Neil and John Stodd. They were among 40 police officers who completed the course.

The course covered such categories as "The Nature of Due Process," "Right to Counsel," "Confessions," "Arrests," and "Search and Seizure."

The course was designed to assist policemen to understand legal requirements in their dealings with suspects.

On Honor Roll Pamela Ortis of Rockville has been placed on the honor roll at Robinson School in West Hartford for the first semester third marking period.

Study to Start On Education HARTFORD (AP) — A review of the state's entire education structure by the legislature's Education Committee will begin Tuesday.

Stocks in Brief NEW YORK (AP) — The stock market took a sharp loss today amid disappointing news from Vietnam and the American economy.

Beate Loses Suit TUCSON, Ariz. (AP) — Beate Leber, 34, of Heidelberg, Germany, today lost her \$2.5 million breach of promise suit against part-time Arizona rancher William Henry Brown, 69.

NEW AIRPORT MANAGER WINDSOR LOCKS (AP) — Herbert A. Frelander of South Plainfield, N.J., was named airport manager for Bradley International Airport today by State Aeronautics Department.

Beate Loses Suit (continued) U.S. District Judge John C. Bowen granted a defense motion for dismissal of the complaint. Brown's attorney, Norman Hill, argued, and the judge agreed, that the Mexican divorce between Beate and Ralph Leber was based upon an illegal agreement and therefore had no standing in court.

NEW AIRPORT MANAGER (continued) Raymond Hayes said he would appeal the decision on behalf of Mrs. Leber.

Beate Loses Suit (continued) U.S. District Judge John C. Bowen granted a defense motion for dismissal of the complaint. Brown's attorney, Norman Hill, argued, and the judge agreed, that the Mexican divorce between Beate and Ralph Leber was based upon an illegal agreement and therefore had no standing in court.

Waving Tournery Bid in Front of Lew Bad News Acindond Charges Like Bull

NEW YORK (AP) — Waving a tournament bid in front of Lew Bad News, Inc. is like waving a red flag in front of a bull. That is what Philadelphia's pitching coach Don Hook said today after a win over the Orioles.

The emphasis was on pitchers' hunting, as Hook stood off from the batters as they tried to place the ball between his legs. (AP Photo)

NEW YORK (AP) — The Philadelphia Phillies won today to give their pitching staff a morale boost. The team's record is now 15-10.

Other teams still chasing conference titles are the Yankees, who lost today, and the Red Sox.

Orioles Win Fight To Sign All Players

NEW YORK (AP) — The Baltimore Orioles are slowly winning a fight to sign all their players. The team's record is now 12-10.

Palmer, the Orioles' winningest pitcher last season, is being offered about \$100,000.

Bialosuknia Boosts Average to 29.2 Points Lost on Desperation Shot

A desperation shot lost an undefeated Yankees Conference record away from the University of Connecticut Saturday, as the Huskies played on the Rhode Island University court where the NCAA tournament begins March 11.

The shot by Rhode Island's Ben Jenkins with one second remaining sent the game into overtime, which ended the season for two teams.

THE Herald Angle EARL YOST Sports Editor

Notes from the Little Black Book: No one is happier in Manchester today than Frank Miller. His Manchester Rec All-Stars copped the 11th annual Bradford Invitational Volleyball Tournament Saturday.

End of the Line

Despite 16 degree temperatures, 16,181 turned out to watch the Lincoln-Douglas debate in the arena at the University of Connecticut Saturday.

Latest Victims of Feud

LOS ALTOS, Calif. (AP)—Jim Ryun and his world record half-mile appeared today to be the latest victims of the marathon feud between Amateur Athletic Union and the National Collegiate Athletic Association.

Leafs Hottest NHL Club With Coach Hospitalized

IMLACH was struck 10 days ago and with King Clancy, his manager-coach, the Leafs have won five straight.

Controversy Surrounds Skate Meet

VIENNA (AP)—The 1967 World Figure Skating Championships formally opens tonight at the skating rink in Vienna.

Four Area Teams Land Tournery Berths

East Third In Class A CIAC List

By PETE ZANARDI: East's third place ranking among four schools, East-Catholic (17-3) leads four area representatives in the Class A CIAC Basketball Tournament. It is the fourth consecutive tourney in as many varsity campaigns for Coach Don Burns and the Eagles.

Amateur Captures Philippine Open

MANILA (AP)—Hui Sheng, champion and pre-tournament favorite, finished sixth at the 26th Philippine Open Golf Tournament Saturday when he shot four over-par 76.

Oswald-Ferrie Connection Reported, Later Denied

NEW ORLEANS, La. (AP)—Dist. Atty. Jim Garrison has been given information that Lee Harvey Oswald and a man wanted for questioning in the Kennedy assassination investigation were picked up together by police here in 1963, the States-Item reported today. The States-Item first reported that Oswald's companion was the man who killed President John F. Kennedy in Dallas, Tex., Nov. 22, 1963. The States-Item reported that Garrison's investigators were told by a New Orleans law officer that he found two men sitting in a parked car near Lake Pontchartrain early one morning in the fall of 1963. One of the men identified himself as Oswald, the officer said. The States-Item reported in its first edition that the officer—after seeing Ferrie's body said Ferrie positively was the second man. Later the newspaper said the second man was not Ferrie, but apparently was connected with another aspect of the Garrison probe. The officer took the pair to headquarters, the newspaper said, where his superior demanded to arrest them on the grounds there was insufficient evidence they were guilty of any wrongdoing. After the Kennedy assassination, the officer said, he recognized Oswald's face and name from pictures. He said he took no action because it was widely known that Oswald had lived in New Orleans. Last week, when Ferrie's name was prominently linked to the Garrison probe, the officer gave the district attorney information, the States-Item said. A typewritten note found in Ferrie's apartment after his death contained a bitter indictment of law enforcement officers, courts and American justice in general. The first paragraph of the note, released on the day Ferrie died, referred to death as a "sweet prospect." Garrison maintains that Ferrie committed suicide, although Coroner Nicholas Chetta has ruled death resulted from natural cause—a ruptured artery in the brain. Tests revealed the note was typed on a typewriter found in Ferrie's cluttered apartment. It contains numerous references to the writer's irritation at police methods. "Daily we are propagandized more and more about a rising crime rate. But how do we know it is true? We don't, for we Americans have little or no access to the courts, courts and American justice in general." (See Page Eight)

Treaty OK'd

WASHINGTON (AP)—The consular treaty with the Soviet Union was approved today on a 10-4 vote by the Senate Foreign Relations Committee. Sen. Thomas J. Dodd, D-Conn., who led a closed session early, announced the vote. He said he was one of the four opposing ratification. The treaty now goes to the floor where Republican opponents may continue their opposition to the agreement as an unnecessary concession to Moscow that will help North Vietnam and facilitate Communist espionage.

Funds Asked For 'Rover' Engine Work

WASHINGTON (AP)—President Johnson asked Congress today for money to begin the development of a nuclear-powered rocket engine, "The Rover." For this and other scientific projects, Johnson asked \$34.8 million for use in the fiscal year beginning July 1. In addition to the nuclear-powered rocket engine, Johnson asked funds for a physics laboratory for basic physical and biochemical research and a specialized facility for further exploration into controlled thermonuclear fusion as a potential source of electricity. "The projects will advance America's ability to harness atomic energy for the peaceful exploration of space," Johnson stated. "They will also help chart new courses in nuclear science."

Witness Testifies:

Turcotte Upset Before Shooting

By ROBERT COLBY
A Rockville man testified today that he was with Richard Turcotte Jr. in the home of Marie Turcotte's parents at 11 Orchard St., Manchester, on the afternoon when Mrs. Turcotte was shot to death, and dozed off occasionally on the couch, Bouchard said. He testified he gave Turcotte some tea and took a bottle of sleeping pills from him. Under cross examination by Atty. Sanford J. Pieper, Turcotte's counsel, Bouchard testified that Turcotte told him he "loved his wife and children and didn't want anything to happen to them." Turcotte appeared "upset and cried" during the afternoon and whenever he opened his eyes, tears would come out," Bouchard said. He said he saw Turcotte again about 2 p.m. on the day of the alleged murder, and that he "seemed all right." (See Page Eight)

Founded Time Magazine

Massive Heart Attack Claims Henry R. Luce

PHOENIX, Ariz. (AP)—Henry R. Luce, editorial chairman of Time Inc., died early today in a Phoenix hospital of a massive coronary attack. He appeared in robust health last Tuesday night when he attended a dinner in honor of Vice President Hubert H. Humphrey and his wife. A few days later Luce also spoke in Tucson on behalf of a nationwide Presbyterian Church drive to raise \$60 million. There was no apparent indication of illness at that time, his associates said. He was taken to St. Joseph's Hospital Monday afternoon, but there was no immediate word on the reason for his entering the hospital. Luce, born of missionary parents in China, founded Time, the weekly news magazine, in 1923 with Briton Higgins, and started a new direction in publishing when he bought it in 1958. Luce was 72 when he died. He was born in Tengchow, China, April 3, 1894, the son of Dr. Henry Winters Luce and Elizabeth Middleton Luce. (See Page Seven)

Chefs Try to Change Army Cooks' Image

WASHINGTON (AP)—Army cooks — who sometimes call coffee "battery acid" and oatmeal "bathtub sludge" — are getting gourmet lessons from European chefs. "We're trying to change the historical image," said M. Sgt. Carlton Brown of the Pentagon. "The amazing thing has been what an Army cook can do to make mother's basic cooking ingredients look like something from a garbage can. We're not particularly interested that they learn to cook. They don't serve them anyway," he said today. "But they do serve a type of New York cut beef and we want them to know how to make it palatable — less like something else." The battle plan, thus far limited to the Washington area, calls for a group of Army cooks to study eight weeks with European chefs in major hotels. "Once I was hired by the Army to observe a kitchen," said chef Josef F. Schomers of Cologne, Germany. "After a week I reported it was fantastic. 'What are you doing wrong,' they asked. 'Wrong' said. 'What are you doing right?' (See Page Seven)

Replaced White Worker

Negro Man Killed In Natchez Blast

NATCHEZ, Miss. (AP)—A Negro man was killed in a blast that destroyed a Negro-owned building today in Natchez. The explosion, which occurred in the back lot of the Armstrong Tire and Rubber Co. plant, which was owned and operated by a Negro, killed a Negro man, identified as James H. Haskins, 45. The explosion, which occurred in the back lot of the Armstrong Tire and Rubber Co. plant, which was owned and operated by a Negro, killed a Negro man, identified as James H. Haskins, 45. Town Net Grand List Record \$219,275,414

New Total 21 1/2% Over 1965 Figure

Manchester's net taxable Grand List, based on October 1966 assessments, has hit \$219,275,414, for an all-time high. The total is \$38,868,465, or 21 1/2 per cent higher than the October 1965 Grand List of \$180,406,949. Based on the present 42.6-mill tax rate it would produce an additional \$1,555,798 in General Fund revenue. However, the Republican-controlled Board of Directors and Town Manager Robert Weiss are on record for reducing the 1967-68 tax rate and for holding the General Fund budget to a 5 per cent increase, which would add approximately \$380,000 to the \$7,655,338 current budget. Whatever town aid is voted by the State Assembly would raise the budget that much more. Approximately 5 per cent of the \$219,275,414 net taxable Grand List increase is attributed to a normal yearly rise. The remainder is attributed directly to revaluation. The net taxable Grand List may be reduced by approximately \$11 million when the Board of Tax Review completes its deliberations and releases its allowable cuts in assessments. The assessments for all property, compared to the 72 per cent determination of previous years. Based on true market value of all Manchester property, both real estate and personal, the local rate is much more dramatic than the Grand List increase. The market value of all local property rose by \$81,220,000 — from \$238,059,000 in 1965 to \$319,275,414 in 1967. All figures for 1967-68, true value and assessments, are true. (See Page Eight)

Florida Youngsters Enjoy Chicago's Snow

New Englanders who awoke to another cover of white this morning might not agree with them but these Florida youngsters played in snow yesterday and thought it was the best fun ever. A shipment of snow arrived in Fort Myers from Chicago at the request of Terri Hodson, 13, who had never seen the stuff before. With 70 degree temperatures in Florida, the kids had to play fast — before their 'toy' melted. (AP Photos)

LBj Asks Federal Action To Halt Health Cost Spiral

WASHINGTON (AP)—President Johnson told Congress today he wants the government to seek ways to lower health costs. He also called for action to postpone the expansion of non-commercial television and radio, including especially education television programs. In a special message on education in our hands, Johnson announced that the Department of Health, Education and Welfare will hold a national conference on medical costs "to discuss how we can lower the costs of medical services without impairing the quality." The President also recommended that Congress create a Corporation for Public Television that would use both public and private funds to support noncommercial broadcasting, both via television and radio. Picking up an idea that has been advocated by the Ford Foundation, which has urged establishment of such a corporation, Johnson recommended a study of "the practicality and the economic advantages of using communication satellites to establish an educational television and radio network." These were the highlights of the multipoint message in which Johnson emphasized that this was his personal agenda. "I do not recommend more of the same — more that is better, to solve old problems, to create new institutions, to fulfill the potential of each individual in our land." The President noted that average hospital costs have more than tripled since 1960 and that other medical expenses have risen sharply. Many of the other recommendations represented an expansion of programs already under way. For example, Johnson made an appeal for a new law to expand the Teacher Corps Act signed to improve education in inner city areas. He recommended that the corps be enlarged from its present complement of 1,200 volunteers to 2,500 by the beginning of the 1968-69 school year. The President noted that average hospital costs have more than tripled since 1960 and that other medical expenses have risen sharply. Many of the other recommendations represented an expansion of programs already under way.

State Covered By Soggy Snow

NEW HAVEN (AP)—Three to five inches of wet snow over Connecticut created treacherous driving conditions in many areas of the state, and forced school closings in several communities. A car skidded into a school bus on a slick street in Bloomfield. Killed in the accident was a 13-year-old boy, identified as Robert Van Dine, 44, of West Granby. One of the seven high school pupils aboard the bus suffered a fractured knee.

Murphey to Retire From Town Position

HORACE F. MURPHEY, long-time town superintendent of parks and more recently of community relations, will resign his position on the job by July 1 for a month's vacation before Murphey leaves. Mrs. Murphey, 55, announced his impending retirement as she was preparing to go over time in the Park Department's budget request for next year. Murphey has been in the position since 1964 when he was appointed by General Manager Robert Weiss. He is now on a leave of absence from his job as superintendent since 1962. He is expected to retire July 30. Murphey, 55, announced his impending retirement as she was preparing to go over time in the Park Department's budget request for next year.
