

A padlocked gate and idled trucks—in Boston—symbolize the nationwide shutdown in the nation's trucking business. The trucking industry calls it a

"defensive shutdown" because of several wildcat strikes by Teamster Union members.

Bigger Market Share May Be Offered Latins

Door Open For Move By Johnson

PUNTA DEL ESTE, Uruguay (AP)—The United States, besieged by clamor for bigger Latin share of U.S. markets, left the door open a crack today, with the hint that President Johnson may offer this gift at the summit.

While refusing to open a special door through U.S. trade barriers, Secretary of State Dean Rusk did agree after 11 wearing hours of bargaining in a presumpt conference to permit Alliance for Progress dollars to be spent outside the United States.

Rusk insisted to his tired colleagues, however, that this could be done only "to the maximum extent consistent with the balance of payment position of the capital exporting countries."

The possibility that President Johnson might breach the protective wall around U.S. markets for the Latin Americans could be read between the words of U.S. official sources.

One such top source two days ago said in answer to a reporter's question about Latin trade preference "I don't think I ought to scoop the President."

The alliance spending agreement stood as a major concession by Rusk.

Earlier, a U.S. official source said alliance dollars could be spent only for U.S. goods and services "because of the balance of payments."

The United States gave in after foreign ministers of the hemisphere harped in speech after speech on the need for preferential entry into U.S. markets by Latin products and commodities.

Rusk hoped his alliance spending back-up might stem the rising demands for access to U.S. markets. Since trade represents 98 per cent of Latin in-

This was a scene at Nashville last night during the second night of racial rioting. The man on the ground had just left a Tennessee State University building when gunfire broke out and he dived for cover. Nashville police joined him in seeking protection. One man was seriously injured during the shooting.

Dawn, Flock of Arrests End Nashville Race Riots

NASHVILLE, Tenn. (AP)—A light rain and sunlight brought an apparent end early today to Nashville's second straight night of racial violence in the city's Negro college section.

Gunshots, fires and looting erupted overnight, continuing into the early hours this morning—and left one student seriously wounded. But the dawn—

coupled with so many arrests that police officials said they were uncertain early today of the number—apparently brought the strife to an end.

Police charged two Negroes with inciting a riot. They were identified, as George Washington Ware, 26, of Atlanta and Ernest Stephens, 25, of Tuskegee, Ala., and were held under \$2,500 bond each early today.

Ware told police he was with "black power" advocate Stokely Carmichael here Saturday. Stephens said he was a worker for the Student Nonviolent Coordinating Committee, headed by Carmichael.

The charges stemmed from riots which erupted Saturday night—a few hours after Carmichael spoke at a symposium at predominantly white Vanderbilt University. The violence was triggered when police ejected a Negro from a Negro tavern at the owner's request. Police said Carmichael was not seen in the area of the rioting.

One Negro college student

was shot in the neck Sunday night and hospitalized as Negro rioters fired at police, stoned passing cars and looted the streets between the campuses of predominantly Negro Fisk and Tennessee State universities a mile apart.

In two nights of violence, at least 50 persons were arrested. Most charges ranged from disorderly conduct to unauthorized possession and transportation of explosives. Four white men arrested had a shotgun and a pistol in their possession. Police arrested six men and a woman at a house where officers said they found some Molotov cocktails.

Three businesses, one owned by a white man, were set afire by Molotov cocktails, police said, and one vacant house and several trucks caught fire. Rocks were thrown at fire engines en route to the blazes, which were extinguished quickly.

Truck Strike Talks Resume As Effects Begin to Show

WASHINGTON (AP)—Trucking contract talks resumed today while the spreading effects of a nationwide industry lockout hampered shipments of key commodities.

Federal mediators talked with industry representatives this morning, then announced that joint negotiations with the

Teamsters Union would resume later in the day. The industry group had started the shutdown of 1,500 major trucking firms Saturday, in retaliation against scattered strikes by the teamsters.

Informed sources said Trucking Employers Inc., meanwhile, was pressing government officials to invoke an 80-day Taft-Hartley injunction to stop its own lockout and the Teamsters' strikes.

Both the strikes, which began 10 days ago when the old national trucking contract expired, and the industry lockout are legal, government sources said.

Government officials were gravely concerned about the possibility of simultaneous trucking and railroad shutdowns that would have severe effects on the nation's economy.

But there was still no sign the government planned to stop the trucking shutdown with an in-

junction, at least until more serious interruption of shipments developed.

High government officials were clearly disturbed over the unique situation raised by the industry's lockout in response to some 40 small Teamsters strikes.

The strikes themselves did not appear widespread enough to warrant a finding of peril to the nation's health and safety which would trigger a Taft-Hartley injunction, but the lockout could have such a result.

An industry alone never before has been subjected to a Taft-Hartley injunction.

The tangled situation slowed the pace of negotiations between the industry and the teamsters. The two sides broke off talks at 4 a.m. Sunday.

When negotiations began labor and management were said

Wind Warning

WINDSOR LOCKS (AP)—The U.S. Weather Bureau issued a wind warning for Connecticut today.

It said cold air will move into the area by mid-afternoon, with winds becoming northwesterly at 30 to 40 m.p.h. and gusts up to 50.

Winds will continue strong and gusty through this evening, the weather bureau said, diminishing to 15 to 25 m.p.h. tonight and tomorrow.

Draft Call For June Is Year's Tops

WASHINGTON (AP)—The Pentagon today issued its biggest draft call of the year, asking for the induction of 19,800 men in June—all for the Army.

The June call compares with May's 18,000. Other calls this year were for 15,600 men in January, 10,900 in February, 11,900 in March and 11,400 in April.

Inductions for the first six months of this year thus will average 14,600—less than half the average monthly inductions for the first half of 1966.

The June quota compares with the 1966 high of 48,200 in October and last year's low of 12,100 in December.

Secretary of Defense Robert S. McNamara has said draft calls this year will be considerably smaller than those of 1966.

Early this year the Pentagon chief said he expected draft calls the first six months of this year to be on the order of 101,000 men. Today's announced call for June provides a total considerably lower—87,600.

For the same six month period last year 177,000 men were inducted.

The Pentagon expects draft calls during the next six months to average about 20,000 a month or a total of 120,000. This would

Spectacular Fire Ruins 4 Blocks In Maine City

PORTLAND, Maine (AP)—A spectacular, \$250,000-plus fire, whipped by high winds, virtually destroyed early today a four-story business block off Monument Square.

The brick and wood structure at Middle and Temple streets was almost a century old, having been built shortly after the "Great Fire of 1866," which wiped out much of the city.

Roberts Office Supply Co., which had furniture on all four floors at the building's westerly end, was biggest loser among six business firms in the building.

Treasurer Lawrence E. Estich said his loss would run between \$150,000 and \$200,000.

Fire Chief Joseph R. Cremon estimated the over-all loss would be "far in excess of \$250,000."

Cremon said owners of the building, the city's building inspector and fire officials would meet at City Hall later in the day to determine whether the building's brick walls should be torn down as a safety measure.

Cremon also said state fire inspectors would be called in to help determine the fire's cause.

State, Area Truckers In National Lockout

Scores of Connecticut trucking firms, including some in the Manchester area except those which are owner-operated, joined a nationwide lockout of Teamsters Union members.

The area shutdowns include P & G Motor Freight and Schuster's Express, both of South Windsor; and DeCarli's Express and Nelson Freight of Rockville.

Such owner-operated firms as Dumas Motor Transport, Ace Movers, Meek Express, Man-

chester Delivery Service and Middle New England Express are on the road.

The lockout affects only Teamsters' Union employees of over-the-road carriers, and not those union members working for other type businesses.

Deliveries of food supplies from supermarket warehouses to stores is not affected, however, carrier deliveries from the manufacturer to the warehouse are.

Patrick Kelleher, shipping supervisor for the A & P Hartford warehouse, reported incoming deliveries are down 90 per cent. He declined to comment on the effect the lockout

Oscar Show in Doubt Tentative Accord In AFTRA Strike

NEW YORK (AP)—A tentative settlement to end the 18-day strike of radio and television performers was reached early today, but pickets continued to march outside the network skyscrapers.

Terms of the agreement were still secret and yet to be voted on by the striking members of the American Federation of Television and Radio Artists.

But the machinery was being speeded up in an effort to clear the way for the possible telecast of the annual academy awards program tonight in Hollywood by the American Broadcasting Co.

ABC said the show was "fully rehearsed" and ready to go on at 10 p.m. "once the go-ahead signal is given by AFTRA."

The union announced this morning that section meetings of its national board would be held in New York, Chicago and Los Angeles to discuss the tentative agreement.

The New York meetings were originally scheduled for 5 p.m. But a short time later AFTRA announced the New York meeting was being moved up to 3 p.m.—apparently a move to expedite a decision on the Oscar program.

The Midwest and western sections were expected to meet about the same time, a spokesman said.

One union source said it was possible that action taken at the

board meetings would lead to removal of pickets so the academy award telecast could go on.

Final approval by the strikers might take two days, a spokesman said.

Negotiators for AFTRA and the networks, who had bargained in shivareeves through the night, shook hands and laughed as they announced the agreement at 6 a.m.

Observers said a break in the talks came at 3 a.m. when the parties met jointly with federal mediator Ralph C. Patterson. They talked for an hour and 30 minutes then separated with a network spokesman, announcing: "The union people will call us when they want us."

Both sides joined the mediation again at 5:30 a.m. and within 30 minutes the settlement was announced. Said Patterson: "Following almost 24 hours of bargaining, the parties have reached tentative agreement subject to ratification by the national board of AFTRA."

The strike pressed a diet of canned shows on TV viewers and late last week when engineers refused to cross AFTRA picket lines forced supervisory personnel to take over technical duties. The results at times were wavering sound, blurred pictures and missed cues.

Writers, cameramen and even motorcycle messengers at network pivot points stayed away

President Johnson Gets Set to Fire

President Johnson "rars back" and gets set to throw his fast ball today as the major league baseball season opened in Washington (and in Cincinnati too). The Chief Executive's throw preceded the American League opener at D.C. Stadium between Washington's Senators and the New York Yankees.

Humphrey Home After Stormy Trip

WASHINGTON (AP)—President Johnson welcomed Vice President Hubert H. Humphrey home today from a turbulent tour of Europe, and said Humphrey had told American allies there that "the ancient world of Asia" must share in the progress of the West.

Before government leaders arrayed on the south lawn of the White House, Johnson said

Humphrey has been "the authentic voice of America in the council halls of our European allies."

He said Humphrey had told European leaders: "... America is still the daughter of Europe."

About 3 dozen persons protesting the Vietnam war gathered in front of the White House as Humphrey arrived. But there was none of the unruly disturbances that marred some of his stops in Europe.

The demonstration was sponsored by the Women's Strike for Peace. Many marchers carried signs, including one that bore a caricature of Johnson and said, "In Your Heart You Know He's Wrong." Another said "Mr. Humphrey, How Long Can You Apologize?" A third asked: "If the Eggs in Brussels had been Napalm?"

Johnson did not directly mention the war in Vietnam—which

U.S. Japanese To Claim Funds Seized in 40's

WASHINGTON (AP)—The Supreme Court ruled today a group of Japanese-Americans may recover from the government the savings deposits seized at the start of World War II.

The 8-0 decision, announced by Justice John M. Harlan, reversed a ruling by the U.S. Circuit Court for the District of Columbia. That court ruled in January 1966 that while the Japanese-Americans had made "a strong emotional appeal," the statute of limitations barred their suits.

Harlan said the 60-day limitation on suits was designed to aid claimants by speeding a final distribution of enemy assets held by the government—

Bombers Reach Thailand Sharp Increase Seen In Viet Ground War

SAIGON (AP)—The U.S. command today reported a sharp increase in ground actions throughout Vietnam with six Communists killed in the preceding 24 hours.

The first wave of three B52 bombers to be based in Thailand arrived there today from Guam after dropping 180,000 pounds of bombs on a suspected Communist camp only 31 miles from Saigon.

Nine more B52s will move to Utaoai Air Base, in southern Thailand, later this month, cutting their round trip time for raids on South Vietnam from 12 hours to less than three.

The ground action included a sharp barrage of recoilless rifle shells on the U.S. 25th Infantry Division headquarters at Cu Chi, about 25 miles northwest of Saigon. The predawn shelling, which killed three American soldiers and wounded 20, was the second in two days. The helicopter-borne U.S. 1st Cavalry, Airmobile, Division headquarters at An Hoa was hit Sunday.

American pilots flew 96 missions over North Vietnam Sunday despite bad weather. All-weather jets hit the Thai Nguyen steel plant 35 miles from Hanoi and other raids struck an aircraft missile sites 30 miles from the Red capital.

Heavy ground fighting raged 20 miles southwest of Saigon after U.S. 9th Division soldiers

flushed a major force of Viet Cong guerrillas in a running two-day fight. Battlefield reports listed 186 Viet Cong dead from infantry, air and artillery pounding.

Bulletin

STRIKE DELAY ASKED
WASHINGTON (AP)—President Johnson asked Congress today to extend for 29 days the no-strike period for railway shop workers that ends at 12:01 a.m. Thursday.

Senate Democratic leader Mike Mansfield told an informal news conference there was a new agreement at a three-hour White House meeting of congressional leaders on this proposal to head off a strike when the railway labor law's present 60-day cooling-off period ends.

Mansfield said Johnson also has directed the Justice Department to look into the possibility of invoking the Taft Hartley Act's 80-day cooling-off period in the trucking industry lockout in retaliation for scattered strikes against individual firms in a wage dispute.

Manchester Educator Sets Talk on Hartford Busing

Isadore Wolf, principal of the Green School in Hebron, will discuss the busing of pupils from the Hartford area at the Wednesday evening meeting of the Hebron Congregational Church.

Wolf will be accompanied by two teachers, one a classroom teacher in Manchester and the other a supporting teacher from the Hartford area.

The annual meeting of the Hebron Library Association will be held Wednesday at 8 p.m. The library will be closed that evening so personnel may attend the meeting.

The Hebron PTA Executive Committee will meet tonight at 8 p.m. in the home of Mrs. Adina Cheney on Hope Valley Road.

The Hebron Volunteer Fire Department will hold a work meeting tonight at 8 p.m. in the firehouse.

Other items are roof extermination of permits which have been discovered in the building. Other items are roof repairs, painting and general maintenance.

Ordination Held at Union Congregational

Lyman Dale Reed, second from right, before his ordination yesterday at Union Congregational Church in Vernon.

Breaks Net Thieves \$200

Items valued at about \$200 were stolen recently in separate thefts as thieves and vandals struck the town during the weekend.

A car theft and two break-ins in which nothing was stolen were reported.

A windshield and folding canvas top to a 1969 sports car were stolen Saturday while the car was parked in the driveway at 61 E. Middle Tye.

A boy's bicycle valued at \$55 was stolen from the front porch of 40 Liberty St. sometime after 10 p.m. Saturday.

A purse containing about \$17 in cash and several credit cards was stolen from Mrs. Randolph Nelson of Burrs while she was shopping at Caldor's Department Store on Tolland Tye.

Police said she put the purse down momentarily and when she returned it was missing.

Two cars were damaged by vandals. Francis Dancone of 61 Hemlock St. told police he discovered his car Saturday afternoon.

Five MV Charges Stem From Police Chase, Crash

Four motor vehicle violations of a car while leaving Deol's Drive-In about 1 a.m. yesterday.

Police said Robert J. Carter, 20, of 17 Lucian St. was charged with five counts of failure to obey a stop sign.

The driver then was identified as Freeman, but police said Carter was driving the car during the chase.

Both are scheduled to appear in Manchester Circuit Court 12 April 24.

Uncasville was fined \$20 for operating a motor vehicle without a license.

The case of Edna Grezel of 146 Center St. was continued to an attorney.

Bond for Robert J. Lemieux, of Vernon, formerly of Rockville, was set at \$3,000 and the case was continued to April 24.

12th Circuit Court Cases

Bond for Robert J. Lemieux, of Vernon, formerly of Rockville, was set at \$3,000 and the case was continued to April 24.

Prosecutor James Mirabile said Daley had appeared in court in East Hartford on Friday and had received a 30-day suspended sentence for intoxication then.

Judge Monahan turned down Daley's request to go to Tolland jail.

Bond for two brothers from Coventry was set at \$250 each and their cases were continued to April 24.

Prosecutor James Mirabile said Daley had appeared in court in East Hartford on Friday and had received a 30-day suspended sentence for intoxication then.

Judge Monahan turned down Daley's request to go to Tolland jail.

Bond for two brothers from Coventry was set at \$250 each and their cases were continued to April 24.

Youth Charged After Chase, Crash with Policeman's Car

A 20-year-old Manchester youth who allegedly drove past a police sergeant's house twice at a fast speed, was seized by the sergeant after a car chase during which the two cars collided.

The youth, William A. Pomeroy, 18, of Crestwood Dr., was charged at 4:10 p.m. Saturday with reckless driving, and making unnecessary noise with a motor vehicle.

Sgt. Robert Lannan of 400 Lake St., raking his front lawn at the Manchester-Holton town line, said Pomeroy drove past his house at a "terrific" speed.

Lannan jotted the license number down, he said.

The youth drove past a third time at a normal speed and the sergeant hopped in his car and chased Pomeroy, the officer said.

Police said Pomeroy's car hit the rear right bumper of Lannan's. The accident occurred at Greenwood Dr.

Pomeroy is scheduled to appear in Manchester Circuit Court 12 April 24.

A 48-year-old Hazardville man who was charged with driving a motor vehicle while intoxicated as a result of a crash with a telephone pole, was arrested on another charge shortly afterward at Manchester Police Station.

Police said the man, Joel B. Curtis was arrested on the intoxication charge after the car he was driving struck a telephone pole on Buckland St. early Saturday night.

Vernon Stolen Car Recovered

A car reported stolen last night was found early this morning by Patrolman Thomas Gosham behind the West Main St. shopping plaza, police said today.

Francis Stawicki of 28 Prospect St., the owner, reported the car missing from 92 West Main St. at 8:50 last night.

Edgar Baskerville, 25, of 49 Vernon Ave., was arrested last night and charged with breach of peace as a result of a domestic disturbance at his home, police said.

He is scheduled for appearance in Rockville Circuit Court 12 May 2. He was released on the no cash bail program.

Stanley Skiba, 15, of Hartford was arrested Saturday after a one-car accident on Valley Falls Rd. and was charged with evading responsibility.

The car operated by Skiba, traveling west, went out of control, struck a guide wire on a utility pole and a stone wall and continued on without stopping, according to police.

Police said his car was being cleaned at Mr. Auto Wash on Broad St.

Four Killed In Weekend Auto Crashes

By THE ASSOCIATED PRESS
Four died in separate automobile accidents in Connecticut over the weekend.

A Sunday night two-car collision in Shelton claimed the life of Michael Wells, 21, of Monroe. The driver of the other car, George E. Gustin of Monroe, was unhurt, police said.

A Naugatuck youth, 18-year-old Richard Gerardi, was killed late Saturday night when the pickup truck he was driving swerved off South Street Road in the city and struck a tree.

Five-year-old Sheryl Tucker of Georgetown died Saturday night as a result of injuries received earlier in the day when the car driven by her father, Harold Tucker, left the road on Rt. 88 near Redding and hit a tree.

She died at Danbury Hospital. Police have charged Richard Horman, 22 of Bradford with negligent homicide in the death of a pedestrian, 76-year-old George Schmidt of New Haven, Friday night.

Horman is being held in lieu of \$1,000 pending a Connecticut hearing. The event is open to the public.

Schereschewsky, director of Rumsey Hall School in Washington, Conn., served in the 1945-46 session of the State Legislature and helped formulate a bill to give state aid to public schools.

He writes a column, "You and Your Child," which is published Wednesday on News 10. He also writes a radio series, "You and Your Country," on WCTX. He is a past member of the New Haven Police Association and a past member of "What in the World" on WCTX television.

FCC Weighs Crackdown On CB Radio Disorder

WASHINGTON (AP) — A Federal Communications Commission, concerned over "chaotic conditions" in the field of Citizens Band radio, is considering a crackdown, it was learned today.

Legitimate transmissions are being interfered with by idle chatter, and, in recent years, by wildcatting in the hands of children. Because of their extremely low power, no license is needed for the walkie-talkies.

By contrast, said Hyde, 11 licenses were revoked last year for only seven of the nation's 271,000 amateur radio service operators — who must pass stiff FCC exams.

Only the battered remains of a canoe have been found in a search for two missing canoeists who went to shoot the rapids Saturday on the Housatonic River.

State police said they would resume searching today for John Ewason, 36, of Danbury, and Leo Laddard, 26, of Burrville. Their canoe was found Sunday.

Hyde said the FCC must make an effort "to bring order, to bring discipline, to bring more respect for the rules and regulations" among Citizens Band operators.

He indicated three possible FCC approaches: —Require some sort of examination to get a CB license. Now any U.S. citizen at least 18 years old may get a license upon applying and paying \$8.

—Revise current rules regarding FCC approval of equipment. For example, refuse to approve transmitters capable of radiating more power than is allowed.

—Greater policing effort. Hyde said "one of the things we've got to explore is perhaps the ease with which a license can be had." But he added this would be "a shame because we want it (obtaining a license) on as simple a basis as possible."

The FCC has had problems with the Citizens Radio Service since 1965, when the commission gave the service 23 channels in a wave length for which equipment could be manufactured at relatively little expense.

The philosophy was to make it easy for any citizen to have his own communication system — a farmer with the farm house, a businessman with his home office, a garage with its tow truck.

The idea was just too attractive. Hundreds of thousands of individuals applied for permission to have their own stations — and the FCC found itself unable to control the pandemonium caused by all these transmissions.

Legitimate transmissions are being interfered with by idle chatter, and, in recent years, by wildcatting in the hands of children. Because of their extremely low power, no license is needed for the walkie-talkies.

By contrast, said Hyde, 11 licenses were revoked last year for only seven of the nation's 271,000 amateur radio service operators — who must pass stiff FCC exams.

Only the battered remains of a canoe have been found in a search for two missing canoeists who went to shoot the rapids Saturday on the Housatonic River.
