

Cosmonaut Falls to Death When Landing Chute Fails

Twisted Ropes Cause Spaceship to Crash

MOSCOW (AP) — Cosmonaut Vladimir Komarov plummeted to death from a height of more than four miles when his spacecraft Soyuz 1 tried to land today, the government announced.

It was the first time either of the two space powers has reported the death of an astronaut on an operation.

Moscow radio said ropes of the parachute meant to ease the landing twisted, and the ship hit with great force, killing the 40-year-old veteran cosmonaut.

Tass news agency said the spaceship had passed safely through the most difficult braking stretch in the dense layer of the atmosphere.

"However, when the main cupola of the parachute opened at an altitude of seven kilometers — 4.3 miles — the straps of the parachute got twisted and the spaceship descended at a great speed which resulted in Komarov's death," Tass added.

Komarov, 40, on his second space venture, rode Soyuz into orbit Sunday amid speculation another would be sent up for an attempt to rendezvous.

The first firm intimation that something might have gone wrong came when the government newspaper Izvestia delayed its Monday evening edition without explanation.

The official announcement said Komarov had completed all missions successfully before the accident.

He will be given a hero's burial in Red Square.

U.S. Issues Appeal For Unity in Space

WASHINGTON (AP) — In the light of the second space tragedy in three months, the United States issued a strong appeal today for truly cooperative efforts in manned exploration to the moon and beyond.

James E. Webb, administrator of the National Aeronautics and Space Administration, coupled

with an expression of sorrow at the death of Soviet Cosmonaut Vladimir Komarov with a call for U.S.-USSR space cooperation "on a realistic basis."

Webb emphasized, in a formal statement, that President Johnson is ready to act on a cooperative basis, especially in view of the possibility that cooperation might have averted the Soviet space accident today or the one last Jan. 27 in which three U.S. astronauts died in a spacecraft fire on the ground.

Informed sources here said Soviet scientists apparently made several attempts to bring the Soyuz 1 spacecraft back to earth before it crashed and killed its pilot.

Webb's statement said, "all of us who have faced the difficulties of understanding and putting to the outer edge of man's knowledge of what is possible in this decade, deeply regret the loss of life represented by the death of cosmonaut Komarov and extend our sincere sympathy to his family and associates."

"We feel certain that man will achieve great things in space. Some of these will determine what man will be able to do on earth."

"We also feel that at this dawn of the space age, man has the duty to seek cooperation between nations such as the

U.S. Jets Attack MIG Airfields

SAIGON (AP) — U.S. Air Force and Navy planes made their first attack of the Vietnam war today on MIG jet airfields in North Vietnam, while some 20,000 U.S. and South Vietnamese troops made a massive assault on three Communist jungle redoubts in War Zone C.

A U.S. command spokesman said U.S. Air Force F4C Phantoms hit one North Vietnamese airfield at Hoa Lac, 19 miles west of Hanoi, while Navy A4s and A6s hit a second jet field at

Kep, 37 miles northeast of Hanoi.

Pilots reported both missions were successful, U.S. headquarters said, but there was no report of the damage.

Elsewhere in the ground war, U.S. Marine and Army infantrymen clashed repeatedly with scattered enemy forces; South Vietnam's threatened northern provinces. The U.S. command reported a total of 91 enemy dead.

In the Communist C Zone north of Saigon, helicopter-borne troops fanned out through the bomb-scarred, defoliated countryside behind thick smoke-screens laid by other helicopters.

As the advancing ground troops uncovered supply caches, and stubborn guerrillas, heavy tanks of three armored squadrons crashed wide lanes in the jungle and mowed down clearings for future helicopter assaults.

The operation, named Manhattan, put about four brigades of American troops and a regiment of Vietnamese into the field, plus supporting armor, artillery and aviation battalions.

The American units were deployed on both sides of the Saigon River about 30 miles northwest of Saigon, with troops from the 25th Division along the southern sector and 1st Infantry Division troops on the north.

Three Vietnamese battalions were moving overland north-west from Ben Cat through the Boi Suec region cleared in January during Operation Cedar Falls.

Contact was reported light.

April Cold Sets Record; Snow Falls

CHICAGO (AP) — Late April cold drove temperatures to record lows today in the midcontinent and heavy snowfalls whitened the east.

An overnight fall of more than 3 inches in Chicago hampered cleanup and repair work in areas ravaged by tornadoes Friday.

Havre, Mont., had a 4 above zero reading this morning, the lowest ever there for this date in the season and a record low for the third straight day.

Other records included Rockford, Ill., 16; Sioux Falls, S.D., 20; Des Moines, Iowa, 24; Topeka, Kan., 28; St. Joseph, Mo., 27; Kansas City, 27; Concordia, Kan., 28, and Wichita, Kan., 32.

Freezing weather extended as far south as the Texas panhandle, Dalhart, Tex., had 30.

Snow Use

Today is a snow day for several area school systems — including Manchester's — and the weatherman went right along with the idea.

Pupils in local schools were in class to make up for one of the several seasons canceled by winter storms.

School authorities must have received a jolt when they looked outside and saw more of the white stuff piling up as a freak spring storm dropped unexpected wet snow across most of the state. Some outdoor activities, like baseball games, were called off, but another snow day to make up for this snow day is not expected.

Gen. Westmoreland:

Antiwar Protesters Must Cost U.S. Lives

NEW YORK (AP) — Gen. William C. Westmoreland warned today that antiwar protests in the United States "inevitably will cost lives" by encouraging a battered Communist enemy to push his aggression in Vietnam.

The magnificent men and women I command in Vietnam have earned the unified support of the American people," Westmoreland said.

The four-star general uttered his warning and unity appeal in a speech prepared for The Associated Press annual meeting.

LBJ, Kiesinger In Bonn Review

BONN, Germany (AP) — President Johnson today expressed America's sorrow at the death of former Chancellor Konrad Adenauer and invited Chancellor Kurt Georg Kiesinger to visit him at Christmas or any other time.

The President told reporters afterward that he and Kiesinger had reviewed recent contacts between American and West German officials, including Vice President Hubert H. Humphrey's recent trip.

He added that Secretary of State Dean Rusk and Secretary of the Treasury Henry H. Fowl-

er would be ready to talk with West German leaders.

"I wanted to assure the new government that our people would be available at their request," he said.

Kiesinger has been chancellor since Dec. 1. He has not since visited the United States.

Johnson told reporters he reminded Kiesinger that on several occasions West German chancellors had come to see him during Christmas week. He added that he would be "very happy to see him in the United States at Christmas, or at any other time."

Johnson also said he and Kiesinger had agreed to meet again Wednesday "to exchange views on several problems of mutual interest."

A spokesman for the West German government said today's talk, which lasted nearly 90 minutes, gave the two men a chance to lay down the topics they will discuss Wednesday.

Neither Johnson nor the German spokesman said anything about the nature of the topics. But Johnson's allusion to Powell indicated he had financial problems on his mind, such as the continuing drain on American gold stocks.

His talk with Kiesinger was second of the day. He had called on the chancellor and on President Heinrich Lübke, for what a White House spokesman called "pure courtesy calls."

Johnson expressed to Lübke and Kiesinger American sorrow and his own personal sense of loss at the death of Adenauer.

His 40-minute conversation with Lübke also ranged over German-American relations and mutual security questions which have arisen since the end of

10 Violent Deaths

4 Teen-agers Killed in State Auto Accidents

NEW HAVEN (AP) — Ten persons met violent death in accidents in Connecticut over the weekend. Seven of them were killed in highway accidents.

Four teen-agers were among the seven victims of auto crashes.

In addition, a construction worker was killed by a steel beam, a man was crushed by his car when it slipped off a jack, and a man drowned in New Haven Harbor.

The drowning victim was Thomas J. Smith, 39, of New Haven, whose body was found Saturday several hours after he had been seen fishing.

In Berlin, a head-on crash of two cars proved fatal Sunday to Mrs. Arline Pickett, 66, of

Conyers Hits Powell For Staying on Bimini

WASHINGTON (AP) — A Negro congressman said today that unless Adam Clayton Powell returns to Washington soon to work in his own behalf, he has little chance of being seated in the House — regardless of what the courts decide.

"His best friends are urging that he return immediately and initiate some action," said Rep. John Conyers Jr., D-Mich., in a telephone interview from his home in Detroit.

Conyers, a member of the select House committee that found Powell guilty of "gross misconduct," said a majority of the House members still favor the March 1 action by which he was excluded.

"And the positions are hardening," he said.

The key vote leading to exclusion of the preacher-politician was 222 to 202. And, said Conyers, "unless he is present and contacting his friends and making it completely clear that he

wants the seat and is willing to contact the members, there is no indication that there will be a change in votes."

The chairman of the select committee, Rep. Emanuel Celler, D-N.Y., said Sunday "the odds are against him (Powell) still."

Celler said it "would make a great deal of difference" if Powell mingled with his former colleagues and displayed "some degree of humility . . . some degree of humbleness" instead of his usual "swagger."

Powell, who has been relaxing on the Bahamian island of Bimini since his exclusion, reportedly has decided to postpone his return pending court action.

A U.S. District Court judge dismissed the suit by which Powell attempted to force the House to seat him. The case now is before a federal Appeals Court, which is scheduled to hear arguments Thursday.

Hoffa in Prison

Union Boss Adjusts Well; Seen Still Doing Business

LEWISBURG, Pa. (AP) — How is James R. Hoffa taking prison life after seven weeks in a federal penitentiary?

What is the convict-president of the 1.8 million-member Teamsters Union doing as No. 33298?

Has he adjusted to the routine behind bars, making the emotional switch from his strong role of boss to one who must take orders? What is his future in jail?

Associated Press newsmen visited the 943-acre penitentiary complex at Lewisburg in central Pennsylvania to get the answers.

Only his family and lawyers can visit Hoffa. Catching a glimpse of this labor titan at prison work is just as elusive.

Warden Jacob J. Parker officially declines comment on Hoffa.

"We don't single out any man," the warden says. "The only special effort we make is to treat every one exactly the same."

"We recognize no big shots." But a source inside the prison had this observation of Hoffa now serving an eight-year jury tampering sentence.

"He looks good and is very cheerful. He seems to be making the best of his prison life. He makes friends very easily with other inmates, seems very popular and well-liked. Other men seek him out and he talks to all who greet him."

"He's a good mixer, jovial." Known for his quick temper and sharp tongue, Hoffa reportedly has displayed restraint in his first 49 days behind bars.

"He accepts the authority, doesn't question it," says the insider who has seen Hoffa at work. "He does what he is told, and cheerfully. He even does more than is expected, does his best in everything, and asks no favors."

In jail, everyone physically able works a 40-hour week. Hoffa is now in the clothing room—sorting, stacking and issuing clothing to fellow inmates. Each

prisoner gets four sets of clothing within a week of arrival.

Hoffa also takes in dirty laundry, and occasionally sews up mattress covers to replace ripped ones.

His prison job is temporarily classified as general maintenance, requiring no special skills. A shortage of classification case workers has delayed a permanent assignment.

Does Hoffa, when he returns to the privacy of his cell at night, still run his union? Absolutely not, says the warden, emphasizing, "Men can't conduct outside business here."

But one ex-convict—whom Parker admitted knew the ropes—says smart men, like Hoffa, can do almost anything they want through their attorney who has visiting privileges at least three days a week.

"When they say Hoffa can't do any business that's absurd,"

Teamsters Voting Against Contract

WASHINGTON (AP) — Early fragmentary returns from Teamsters Union voting were running nearly 2 to 1 today against a proposed national contract that followed a nationwide trucking shutdown two weeks ago.

An Associated Press survey showed a vote of 24,828 to 12,830 against the contract, with about eight per cent of the vote from 450,000 Teamsters counted.

"The vote is going very poorly," said a spokesman for Trucking Employers Inc., which negotiated the contract with the union after a three-day lockout that followed a rash of Teamsters' strikes.

The Teamsters are back at work pending the outcome of the vote, except in Chicago, where strikes and lockouts affecting 45,000 drivers are in effect.

Chicago Teamsters and the

independent Truck Drivers Union are not part of the national bargaining unit.

There was no immediate indication whether negotiations between the trucking industry and the Teamsters Union would resume if the national contract were rejected.

A Teamsters source said there probably would be no move for new talks until the total vote was in.

Federal officials are keeping a close watch on the situation.

Teamsters voted overwhelmingly to reject the proposed three-year contract, which includes about 70 cents an hour in increased wages and fringe benefits, in such major areas as Philadelphia, St. Louis, Akron, Buffalo and San Francisco.

Tokyo's Leftist Parties in This Election

This is the first time in history that the Japanese leftists have gained control of Tokyo.

Not quite so big in the headlines, but perhaps just as significant in the long run is the fact that another party had a role in the leftist victory.

The so-called Komeito, or "Clean Government" party which is so often suspected of being the real threat of a totalitarian future for Japan, managed to pull a total of 801,527 votes for its candidate for Governor of Tokyo.

So, although it didn't come close to victory itself, the Komeito party was able to claim that it holds the balance of power in Tokyo.

For the prime ultimate danger everybody senses in their homes—and in their hearts—is that Japan and Germany are likely to turn toward the left for their next dictators.

Before Packaging Engulf Us The National Packaging Conference has just been held in Chicago.

We should have submitted two briefs, one of which, judging from reports, would have found at least an intelligent awareness and resolve awaiting it.

One thing the packaging industry is working on is the business of designing packages people can open.

After they have designed packages easy to open, our packaging designers need to get on to the really terrific and serious problem of the time.

Our packagers have perhaps a year and a half to come up with some self-disposable packaging if human beings on this earth are to be spared the ignominious fate of being swamped, smothered and smothered by creeping tides of bottles, beer cans, and plastic boxes.

We heard it just the other day, how the town dump here in Manchester has only a few months more capacity. The same problem exists everywhere.

There are only two possible solutions—one to invent some kind of packaging that has some easy use over and over, without requiring either very much effort or space in the process.

Tokyo's Leftists Had Help The news of the municipal election in Tokyo was two intersecting political significances.

Visit to Germany At Platz School, Study Stringent

By RAYMOND RAMSDELL (Dr. Ramsdell, superintendent of Vernon schools, is in West Germany studying the school system there. This is the first of several reports.)

MUSIC—The trip is a cooperative venture planned by the American Association of School Administrators (AASA) and the National Education Association (NEA). The purpose of the project is to give a selected group of American school administrators a first hand knowledge of the philosophy, practices and problems of the school system in Germany.

Next we visited a sixth grade English class in which English only was spoken. The class did not begin to compare with the work of our schools. They were sketching outlines of simple words. Also, the class was a bit noisy.

However, in addition, he did mention that approximately 70 per cent of students go to grammar school only and then into the various trades, 28 per cent go on to the gymnasium school (the one we visited) and the remaining 7 per cent become dropouts. (The gymnasium school, seven per cent go to the university.

Our next stop was to visit an elementary school, meet with the principal and teachers in the afternoon and follow this up with a dinner meeting with the minister of education and staff. As you can no doubt realize, we have a busy schedule, but it is most interesting.

Coventry Registration for Grade 1 Is Scheduled Next Week

Registration for children entering grade 1 in the local public school system in September 1967 will be held at the following elementary schools next week according to a schedule from the Superintendent of Schools, Frank M. Dunn Jr.

At Coventry Grammar School the program will be held from 9 a.m. to 4 p.m. on May 2 and 3 and again on May 3 from 7 a.m. to 8 p.m.

At the Robertson School the schedule is from 9 a.m. to 4 p.m. for May 3, and May 4, and again on May 4 from 7 a.m. to 8 p.m.

Children who will be six years old or before Dec. 31 are eligible for grade 1 in September. Birth certificates must be presented at time of registration, as well as proof of vaccination against smallpox.

Parents are reminded that physical examinations for all children entering grade 1 are required by the Board of Education. Forms for the family physician's report of the examination may be obtained from the schools at the time of registration and should be sent to the school nurse, as soon as the examination has been made by the physician. A report of any physical made after April 1, 1967, will not be accepted.

Registration forms are available at the school offices if parents wish to register prior to the registration dates. These completed forms should be returned to the principal on one of the above scheduled dates.

Parents are urged to cooperate with the school administration by registering their children on the assigned schedule so that adequate provisions may be made for bus transportation and class assignments.

The registration program for children who live on Rt. 31 south of Ripley Hill Rd. and north of the intersection of Ripley Hill Rd. and South St., and on South St. north and west of the Delaney Rd. intersection, will be held at Waterford Park, Oak Grove, and all other northern areas of town will register at the Coventry Grammar School on Rt. 31.

House Bill Filed to Exempt Water Company from Audit

The Tolland Aqueduct Company will no longer have to file an expensive annual report if the provisions of this bill are passed by the legislature. The company presently pays one-third of its annual earnings to complete the report.

The bill, introduced by the Public Utilities Committee of the legislature, at the urging of State Rep. Robert D. King of Tolland, would exempt small water companies, earning less than \$5,000 a year, from filing annual audit reports with the State Public Utilities Commission. Companies earning more than \$5,000 must now file the reports.

The report which contains 26 pages according to King, requires preparation by a certified public accountant and costs the company more than \$1,000 each year to prepare the audit reports.

King noted the bill may have some effect on the Rockville Water and Aqueduct Company, "having them a few years. The bill requiring the annual audit was passed in 1958. The legislature's committee is favorably disposed toward the bill, which will then be presented to the house and senate for approval.

The local water company serves the Tolland Green area from the junction of Rt. 102 and Cider Mill Rd. to Dunn Hill Rd. and down Rt. 74 to the corner of Dunn Hill and Elm St. The company is owned by the Tolland Aqueduct Company.

The Tolland Aqueduct Company is a public utility company which was organized in 1907. It is one of the oldest water companies in the state and has a long record of service to the community.

Train Stowaway Badly Burned, Still Critical

GREENWICH (AP) — A 13-year-old Brooklyn boy remained in critical condition at Greenwich Hospital Sunday night after being struck by a train. The boy, Leonard Coffey, had caught a return fire home, police said, after he and four friends sneaked aboard a New Haven freight in Brooklyn Friday afternoon.

The five boys, aged 12 to 14, had ridden to Stamford, where they jumped off one train and got on another going toward New York.

Coffey boy apparently climbed to the roof of the freight car and was severely burned when the train derailed. Coffey was taken to Greenwich Hospital where he is being treated for burns. He is still in critical condition.

Police said Coffey was taken to the hospital with severe burns to his face, neck and arms. He is still in critical condition and is expected to remain in the hospital for several weeks.

The other four boys were not injured. They were taken to the hospital for observation. They are expected to be released soon.

The incident occurred on the New Haven freight line near the intersection of the tracks and the railroad tracks. The train was carrying a load of lumber.

The train was traveling at a speed of about 30 miles per hour when it derailed. The cause of the derailment is still under investigation.

The incident is the latest in a series of accidents involving children on the New Haven freight line. The railroad company has been criticized for its lax safety standards.

The railroad company has said it will take steps to improve its safety standards. It will install more fencing along the tracks and will increase the number of guards.

The incident has caused a major disruption in the freight service between New York and Stamford. The train was delayed for several hours.

The incident has also caused a major disruption in the passenger service between New York and Stamford. The train was delayed for several hours.

76er Champagne Party Spoiled Warriors Still Alive

PHILADELPHIA (AP)—The Warriors were warming up before the fifth game of the National Basketball Association championship series Sunday between the Philadelphia 76ers and the San Francisco Warriors. He spotted a big sign reading: "76ers, World Champions."

The five-year warrior veteran exclaimed to no one in particular, "We're going to spoil their champagne party."

The Warriors, fired by the determined Meschery, rallied from a 14-point deficit in the final period to beat the 76ers 115-109 and extend the best-of-seven series to at least a sixth game in San Francisco tonight.

It was the first time the Warriors have won since they were defeated by the 76ers in the first round of the playoffs in 1965.

Philadelphia led 86-84 at the end of the third quarter. Meschery, who led the Warriors with 26 points, converted a free throw and the Warriors vehemently he was tagged with a technical foul. Barry made it looked all over but the technical and Thurmond drinking of the champagne, then sank one of his two free throws on ice in the 76ers' dressing to give San Francisco a lead it never relinquished.

Meschery, who had a scored but six points in the first quarter, reeled off seven straight points. Nate Thurmond, the 6-foot-11 San Francisco center, added three more and it was 97-84.

BOXTON (AP)—Tom Meschery, former New England Noyce, former New England leader for Philadelphia to make it 101-94, but Meschery hit foul. Floyd Patterson for the first tournament victory of the season last week, added a field goal to slant the Warriors' lead to one point.

Putting Good, Yancey Leads

DALLAS (AP)—Bert Yancey, with the idea that the most important thing in golf is to get the ball in the hole, fired a four-under-par 66 to take a one-stroke lead in the \$100,000 Greater Dallas Open tournament. Then he lectured on putting.

"A lot of players are afraid to try to be good putters," he told the press room Sunday after he had slammed into first place at 84 holes with 208-ones under par.

"They want to be known as hitters and neglect putting. I believe that since putting is the most important thing in golf, you should concentrate on it. I practice a lot."

LAWRENCE, Kan. (AP)—Running marvel Jim Ryan, admitting to a case of pre-natal provocation, proved to himself Saturday night on a schedule in his quest of a 3:50 mile by producing an intercollegiate record 3:54.7 at the 42nd Kansas Relay.

"The only reason I felt a little sick was nervous from all the speculation about a record," Ryan said. "I didn't sleep well."

Ryan stated beforehand he had no thoughts of breaking his world mark of 3:51.3, but the race was an expected one with terms where he was in his training. But rumors about what he was awarded at almost a year's end, he was shooting for spring like dandelions at every meet he competes in.

The tall, slim Sullivan Award winner will celebrate his 20th birthday at the Drake Relays Saturday by returning to double-duty relay work. He was teamed with Glenn Cunningham mile effort.

It was perhaps a measure of Ryan's status as a star that he was an overwhelming choice for the Don Pire Award as the most outstanding athlete of the year, which produced several nominees of Southern's group of gifted sprinters, was good enough to win the award at almost a year's end, he was shooting for spring like dandelions at every meet he competes in.

Batterymen in Relief Roles Spark Yanks

AL Downing and Howard Key Victory

NEW YORK (AP)—Success will never spoil the Boston Red Sox. Not with Al Downing and Al Downing around to divide the job.

The New York batterymen sparkled in relief roles Sunday.

Howard with a decisive pinch-hit double and Key with a near-perfect pitching performance—as the Yankees came from behind to stomp the Red Sox 7-1.

Howard, whose two-out single in the ninth inning raised the run, hit Bill Rohr's 34th hit in 10 days ago, capped a five-run comeback rally to the fifth with his two-run double—the Yankees' first extra-base hit in seven games.

Downing came out in the bullpen with New York trailing 5-1 in the fourth and pitched one hit the rest of the way for his second victory in two relief appearances—both against Boston. The little left-hander blanked the Red Sox over the final five innings in last Sunday's 18-inning marathon, won by the Yankees 7-4.

He may be ready to put everything together, manager Ralph Houk said of the 25-year-old strikeout artist who appeared to be rebounding from two straight losing seasons. Downing finished seven Boston hitters Sunday.

In other American League play, the Yankees' first place by sweeping a doubleheader with Cleveland, 9-8 in Washington 5, Chicago 9-1, New York 10-6 and 2-1. Baltimore split a twin bill with two straight Sunday sessions. Downing finished seven Boston hitters Sunday.

YANKEES' BLOW FINALE

BOSTON (AP)—Winning two out of three games in a series with the New York Yankees might satisfy some managers, but not Dick Williams, the young new skipper of the Boston Red Sox.

"You can't win two out of three when you blow the final one the way we did," Williams said Sunday after the Red Sox helped the Yankees to a 2-1 total and a 7-1 for a 2-1 total and a 7-1 for a 2-1 total and a 7-1 for a 2-1 total.

Williams was not annoyed over the Red Sox performance on the field than he was over the action of umpire Red Flaherty in ousting him and Carl Yastrzemski within a couple of minutes in the fifth.

"You can't defend a walk," Williams said after starter Darrell Brandon set up the Yankees in the fifth inning and bowed 7-4 before 18,000 cheering fans.

Pirates Leave Town, Cold Like Weather

NEW YORK (AP)—The Pittsburgh Pirates discovered that Chicago left them cold and are happily leaving town a little ahead of schedule, no doubt relieved that neither the Cubs nor the Mets appear on their schedule for a while.

In their first nine games, the Pirates, every body's preseason favorites to win the National League pennant, have faced only New York and Chicago, the lastest last season.

But the Mets and Cubs have combined to win five games and lose only three to Pittsburgh, Sunday's 7-5 Chicago victory being the latest in the series.

The Pirates were supposed to play the Cubs again today, but the Cubs management, perhaps out of kindness, came up with possibly the earliest postponement in baseball history, calling the game in the seventh inning Sunday because of snow forecast for today.

Sunday's game was played in 34-degree weather and rookie Norci Gilgo's homer accounted for three Chicago runs. The Cubs scored four unearned runs in the fourth inning, with Adolfo Phillips finishing home two of them.

Elsewhere in the National League, Philadelphia won a pair from New York 10-6 and 3-1. Chicago took Houston 9-1, Los Angeles beat St. Louis 9-4, and a doubleheader between Atlanta and San Francisco was rained out.

MINNESOTA (AP)—Minnesota 4, Detroit 2, Washington 5, Chicago 1, New York 10-6 and 2-1. Baltimore split a twin bill with two straight Sunday sessions. Downing finished seven Boston hitters Sunday.

Fifth Tourney Win Cathy Dyak Pins 203

Rolling a 203 in the fourth game, and averaging 154.2 for six strings, Cathy Dyak of Manchester added her fifth tournament victory of the season last week, ending the Ladies' Open Duckpin Tournament at the Newfield Lakes in Bridgport.

Mrs. Dyak posted 178, 160 and 109 games prior to her 203, then closed with 118 and 155 strings, giving her a 926 triple and the \$200 top prize money.

It has to be one of the finest seasons for Mrs. Dyak, currently the No. 1 woman duckpin player in the United States.

A total of 39 entered the Bridgport tourney.

Randy Matson Sets Record With Shot Toss over 71 Feet

COLLEGE STATION, TEX. (AP)—Fabulous Randy Matson had been expecting to hit 71 feet in the shot put for three weeks—he was in just the condition and size he figured necessary to become the first man ever to reach that mark.

While his Texas A&M fellow students cheered from the stands at historical Kyle Field Saturday, Matson threw the shot 71 feet, 8 1/2 inches, his best in 20 years since he set the record. "I thought I ought to be in the condition to do it," he said. "The shot put is a hard thing to do. I can't back up without trouble."

New Faces Bobcat Feature, Lid-lifter on Road Tuesday

Last of the new teams to open, South Windsor's High School basketball team will feature a number of new faces in the department, the least of which is new coach Don Domjan. The team is expected to open its season on Tuesday on the road with Windsor Locks.

Domjan was greeted by only two returning lettermen, "I should be an interesting year," he said. "I'll have seven 'rookies' in the starting lineup."

Pitcher Mike Sullivan, 4-0 last year, and centerfielder Mike Sheffers "who has improved a lot" are the only two returning lettermen.

Other hopefuls are infielders Ed Higley, Steve Fandos and Mike Haley and outfielders Barry Sullivan, by Chapman Hill, and Jeff Deffen.

"I would rate East Windsor High as our strongest opponent," Domjan reports. "They have two strong pitchers, Tommie and Jeff Deffen. The Bulldogs open the NCCO campaign at home Friday.

Shoddy Defensive Play RSox Blow Finale

BOSTON (AP)—Winning two out of three games in a series with the New York Yankees might satisfy some managers, but not Dick Williams, the young new skipper of the Boston Red Sox.

"You can't win two out of three when you blow the final one the way we did," Williams said Sunday after the Red Sox helped the Yankees to a 2-1 total and a 7-1 for a 2-1 total and a 7-1 for a 2-1 total.

Williams was not annoyed over the Red Sox performance on the field than he was over the action of umpire Red Flaherty in ousting him and Carl Yastrzemski within a couple of minutes in the fifth.

Baseball Nines Set But Weather-???

Deuces are wild on the local baseball front, East Catholic High showing a 2-0 mark while Manchester High has lost both starts. The Eagles, who have enjoyed two winning performances from Lefty Tony Foran, hope to double their win column this week, meeting the Patriots welcome Killigly High Wednesday and E. O. Smith Friday, both at home.

The Indians are out to reverse an early negative trend, playing only once this week, tomorrow afternoon against Patriot Eastern in Bristol at 2 o'clock.

East seems to be following a pattern. Foran do the pitching and catcher Gary Goli doing the hitting. Manchester broke a four-run IFC rally in the eighth inning, but helped himself with hitting slump last Friday, but now must tighten up their defense host Vinal Thursday while the Patriots welcome Killigly High Wednesday and Bacon started 15 walks in the first two games.

NCCO warfare gets underway this week, Ellington (0-4) meeting Suffield in Suffield Tuesday and hosting Grayby 12-3 on Friday at 2. The Bobcats—3-0, Joe Kerin 148-345, Emily of Friday at Windsor High open the Peck 141-200.

Waterbury Wins, Bows In Eastern

Eastern League action opened with somewhat less than a flourish this week, even highlighted by cold weather, wet playing fields and some sloppy baseball.

Binghamton made its biggest debut Sunday, a score by downing Pittsfield, 6-2, to take sole possession of first place in the newly formed Eastern Division.

After being rained out in the scheduled opener Saturday, Binghamton made its biggest debut Sunday, a score by downing Pittsfield, 6-2, to take sole possession of first place in the newly formed Eastern Division.

Condo Winner In Weekly Shoot

Withstanding the challenge from three Connors, John Condo downed 43 targets to take the Manchester Fox and Condo Club trap shoot in North Conn. Condo, a 1967 Mercury Cougar, finished second with 40 hits. Herb Conroy's 37 hits earned him third place. Ted for fifth, while Dennis Conroy showing 33 hits.

Condo's score broke up the Connors family, his 35 bulls earned him his fourth spot.

Other scores—Ron Klud 33, Rene Luder 32, Bernie Milne 32, George Caplin 31.

BASEBALL HEROES

BATTING—Ron Farley, Dodgers, drove in five runs in a 9-3 victory over St. Louis.

PITCHING—Al Downing, Yankees, struck out seven in the ninth inning of the first game of the series against New York.

PHIL-MENTS—Rich Allen hit a pair of home runs, one in each of the Phillies victories and Dick Ellsworth gave seven hits to the Mets in his first appearance of the season in the nightcap. Phil Sabelta 197-487, Carolyn Kerwin 179, Al Whipple 212-207, 610, Carl Stenstrom 212-468.

Five-Way Space Shot Is Delayed

LOS ANGELES (AP)—"The guy that held us up last week just walked by," a teller whispered to a co-worker yesterday at a Western Savings & Loan Association branch office. So teller Mary Michlik, 28, pressed an alarm button. The man turned, pulled a gun and told her: "Okay, let's have \$2,000 into a bag and fled. "I'll be seeing you," he said. The license of the hand's car was noted. Jimmy Johnson Jr., 38, was arrested three hours later. Wesley W. Grapp, special FBI agent in charge, said Johnson would be arraigned before a U.S. commissioner on charges of parole violation and staging five bank holdups.

Court Bars Avo Strays For 30 Days

NEW HAVEN (AP)—A federal judge granted a T-Hartley Act injunction today for a more than two-month cooling-off period in a dispute at a plant that turns out helicopter engines vital for the Vietnam conflict. U.S. District Court Judge William H. Timbers issued the injunction at the request of the government, which has said disruption of production of the engines would imperil the national safety. Some 4,800 production workers at the Stratford plant of Avco Corp. in Stratford already were under a 14-day restraining order that expires Thursday. They staged a brief strike last week—it affected only one big production shift April 17—but the walkout was halted by the restraining order. In court today, union officials said they had "moral and philosophical objections" but "legal" ones to the injunction. The workers are members of

BATON ROUGE, La. (AP)—Seven students demonstrating on the campus of Southern University inquired repeatedly today whether a watchman today was struck by a bullet and dying his of asphalt pavement. The East Baton Rouge Parish Sheriff's office took a Negro night watchman into custody today at 3 a.m. shooting. An official of the sheriff's office, quoted the watchman, James G. Jones, as saying: "I didn't mean to shoot anybody. I was just trying to scare them." Three shots were fired down toward the asphalt. The students were wounded by fragments of bullets and asphalt. Southern University is a predominantly Negro institution south of Baton Rouge. It was the scene of a student boycott Monday following a dispute over several grievances, including the university's refusal to hire

two white instructors on a full-time basis. There were made to block-ade the entrance today to enforce the boycott. Several thousand students milled around the campus today, shouting today, blocking newsmen who attempted to get on the campus. Detectives said someone shot into the pavement with a 30-06 rifle and the bullets ricocheted, hitting the students. All the wounds were superficial, said Sheriff Bryan Clennon. Some of the students on the campus today appeared unaware that shots had been fired. Some of the students had drawn up a list of 24 grievances. These included later curfew, better infirmary equipment and permission for senior girls to drive cars on campus. Student leaders said they had

Linda, 11, and Kathy, 12, joined in the venture a few weeks ago and already have conducted several parties. They are now planning to get a party. "We spend about three or four days preparing for a party," Linda explained. "We make puppets and we write scripts for the party. We make up the costumes and we do the costumes for the children." "I might say we have over 100 puppets and we do the costumes for the children." "We have almost as much as 15 7- and 8-year-old girls, and fun as the kids."

Ladies Panting To Meet Prince, Master Reports

CAMBRIDGE, England (AP)—Lord Butler said today Cambridge University students are awaiting the arrival of Prince Charles as a student next October. "The ladies are panting to meet him," said Lord Butler, master of Trinity College. Answering questions at a news conference, Lord Butler said that he hoped the 18-year-old Prince would live the life of an average student. "I believe in integration," he said. "It will be a stimulating evening of conversation." Sen. George Murphy, R-Calif., is scheduled on the program with Wallace. Financier and philanthropist Richard K. Mellon, slated to receive an American Cancer award for outstanding public service, said he would be in Europe and unable to attend. Also reported to have canceled their invitation was

Too Often

LOS ANGELES (AP)—"The guy that held us up last week just walked by," a teller whispered to a co-worker yesterday at a Western Savings & Loan Association branch office. So teller Mary Michlik, 28, pressed an alarm button. The man turned, pulled a gun and told her: "Okay, let's have \$2,000 into a bag and fled. "I'll be seeing you," he said. The license of the hand's car was noted. Jimmy Johnson Jr., 38, was arrested three hours later. Wesley W. Grapp, special FBI agent in charge, said Johnson would be arraigned before a U.S. commissioner on charges of parole violation and staging five bank holdups.

What to Do When the Gas Tank's Empty

Navy Ensign James Laign of Iowa City, Iowa, is shown seconds after ejecting from his F4J Phantom jet. He was returning from a North Vietnam raid, during which he shot down a Communist MIG. But then the plane ran out of fuel and he and the pilot, Lt. Cmdr. Charles Southwick of Del Mar, Calif., were forced to eject. Both were rescued. The photo was taken by Lt. (j.g.) Garry Anderson of Kane, Pa., who carries a 35 mm camera on bombing raids as a hobby. (AP Photos)

Western World World Chiefs At Adenauer Funeral

Young Perle Mestas Youthful Party-Givers Receive Moms' Praise

ROCKVILLE, Md. (AP)—Linda and Kathy kept their mothers busy yesterday in their teens—have found a way to make children's parties pay. They hire out to organize and run birthday and other parties for mothers who would prefer to have their own parties. They decided it might be a good business, she said. Linda, 11, and Kathy, 12, joined in the venture a few weeks ago and already have conducted several parties. They are now planning to get a party.
