Tempers Warm

WEST MIDDLESEX, Pa. (AP)—Tempers are growing hotter after police shut down a bingo game at a firemen's carnival and now it looks as if there may be no one around to put out fires. The firemen are so incensed they are threatening to resign on July 14 unless the borough council gets rid of the mayor, who backed the police action. Mayor Arthur Pantall says bingo is illegal and the firemen will have to raise money for a new firehouse in some other way.

Pedestrian Deaths Rise On Highways

WETHERSFIELD (AP)—A study by the State Highway Department showed today that 15 per cent of the fatalities on state-maintained roads in a five-year period were those of pedestrians. The department said its July, 1960 to June 30, 1966 study indicated that the careless, daytime pedestrian on a two-lane, two-direction road was most likely to become a high death statistic.

Racial Disorders Appear Controlled

CINCINNATI, Ohio (AP)—Safety Director Henry Sandman said today Cincinnati's third night of racial disorders here had fewer incidents but was more widespread, more vicious and more difficult to control. The outbreaks of violence Wednesday night—sporadic and of the hit-and-run type—were spread over a wide area surrounding the downtown district. More than 70 persons were arrested. The white youth, James Shirk, 15, of Cincinnati, was struck in the back by a bullet fired from a speeding car reported loaded with National Guardsmen, with orders to shoot to kill if fired on, did not shoot. Negro groups met today with City Council members in an executive session. One group complained to Sandman that Negroes had been "fairly arrested."

Area Tourism Lagging Behind National Growth

WENTWORTH-BY-THE-SEA, N.H. (AP)—Tourist revenue in New England now tops \$1 billion a year, but lags behind the national growth rate because of inadequate promotion and town dumps, reports today indicated. Arthur W. Fairbanks, a vice president of Northeast Airlines, said that while the \$1 billion figure may appear staggering, it might be pointed out that the national growth rate because of inadequate promotion and town dumps, reports today indicated.

Viet Tempo Rises, 2-Way Battle On

SAIGON (AP)—U.S. 211 of the Communists were killed, 17 were captured and many more wounded in a blistering battle in which the Red Division was bested by the battle-tested Vietnamese 21st Division. As the two-week lull in the ground war broke, another Red battalion of about 500 men fell in an American company in the jungles of war zone D north of Saigon. Six Americans were killed and 12 wounded, most in the first few seconds before the Red force was broken up. A U.S. spokesman said 60 Communists were killed and seven were wounded earlier in the operation. The intensified ground fighting was matched by 120 air strikes against North Vietnam, many of them aimed again at rail lines north of Hanoi. One American Phantom jet was shot down by ground fire and the crew was ejected as it was being shot down by U.S. helicopter gunships and a crack South Vietnamese division. The delta battle, erupted in the South Vietnamese said (See Page Seventeen)

Weekend UN Session Seen On Middle East Problems

UNITED NATIONS, N.Y. (AP)—The U.N. General Assembly probably will begin an emergency session this weekend to debate a Soviet demand that Israel withdraw from the Arab territory it conquered. Secretary-General U Thant said he believed that a majority would agree by Friday and that members on the Soviet request for the session after the Security Council. Speculation continued that peace when the Security Council is paralyzed by lack of unanimity among the big powers. The Russians in the past called the procedure illegal. U.S. Ambassador Arthur J. Goldberg said the Security Council also demand that Israeli troops pull back to the lines they held before fighting began June 5. That must mean the assembly session within 24 hours after receiving affirmative responses from a majority of the members of 42 nations. Diplomats general Secretary-General U Thant said he believed that a majority would agree by Friday and that members on the Soviet request for the session after the Security Council.

Stennis Repeats Stand On Dodd's Censure

House Panel O.K.'s Lower Debt Ceiling

WASHINGTON (AP)—The House Ways and Means Committee proposed today a 22-bill debt ceiling will drop automatically to \$38 billion, some \$42 billion below the actual debt. The committee bill provides for a \$7-billion addition to the ceiling to be effective July 1, 1968, through June 30, 1969. This \$7-billion margin would be reduced automatically on the first day of each succeeding fiscal year, but drop off one day before the end of the year—thus forcing an annual review of the ceiling. Like the bill that failed in the House last week, the new measure would provide that Treasury notes, which are not subject to the 4 1/2 per cent ceiling on long-term government debt, could be issued in maturities up to seven years instead of the present five. Also like the previous bill, the new measure would make some participation certificates—interest in government loans sold to the public—subject to the debt ceiling. The certificates issued during the year beginning July 1 would be affected for one year only, while Congress considers long-range legislation on the loan participations. Republicans continue to oppose the debt ceiling increase so long as the administration does not provide additional information on its taxing and spending plans and does not revise budget proposals so as to indicate priorities among domestic projects, a spokesman said.

Traffic Stopper

LOS ANGELES (AP)—No wonder traffic stopped at Wilshire Boulevard and Grand Avenue. In plain sight, crossing the street, was St. Francis of Assisi—who chose a life of poverty over material wealth—visiting the American City Bank. The huge artwork was carried yesterday by workmen aided by ropes and a small crane. It was on display at the new bank.

Concrete or Lawn? It's a Tough Choice

RICHMOND, B.C. (AP)—The truck, nose down, deeper into the ditch. Two more cranes came and moved that truck. But in the process they chewed up the driveway, knocked down fences, uprooted trees—and broke the water main leading to the house, creating the lake. Eystone planned to fill in a chunk of his half-acre lawn with a large, curved driveway leading from a new bridge over a ditch in front of his property. As the last load of concrete arrived Tuesday, the old wooden bridge collapsed under the 21-ton truck. Firemen arrived and began trying to wash out the six tons of hardening concrete. A crane tried to lift the truck and the cable snapped, plunging the truck nose down into the ditch.

Student Mobs Demand Another Korean Election

SEOUL, South Korea (AP)—Thousands of students swarmed through the streets of Seoul again today demanding new parliamentary elections. Police picked up 828 of them for questioning. Demonstrations and rallies charging irregularities by President Chung Hee Park's Democratic Republican party in the June 8 election also continued for the fourth day in other major South Korean cities. Eleven more colleges and universities throughout the country closed their doors, raising to 23 the number that have suspended classes at the fashionable Shilla School for girls today that "ankles are nearly always neat and good looking, but knees are always not." Eisenhower's remarks broke up a commencement ceremony and many of the girls listening to his informal address giggled and shook their heads as they subconsciously pulled at their dresses.

ANKLES SL, KNEES NO. BRYN MAWR, Pa. (AP)—Former President Dwight D. Eisenhower told his granddaughter, Anne, and 41 grand-nephews and grand-nieces at the fashionable Shilla School for girls today that "ankles are nearly always neat and good looking, but knees are always not." Eisenhower's remarks broke up a commencement ceremony and many of the girls listening to his informal address giggled and shook their heads as they subconsciously pulled at their dresses.

From Your Neighbor's Kitchen

By DORIS BELDING
Mrs. Robert W. (Pauline) Jones of 22 Trumbull St. developed an easy recipe, which she calls "Lazy Man's Pirogi." Because her husband, she says, "loves pirogi and it took so long to prepare I was not able to find time to make it often." Her recipe takes about half an hour to make. "It is," she said, "not as good as the real pirogi, but can be enjoyed between times."
Lazy Man's Pirogi

Fillings
One part seasoned mashed potatoes to one part creamed cottage cheese. Seasoning may be used in place of the cheese. Chopped onions, fried golden brown, may be added.

Pasta
Any form of pasta may be used and should be boiled according to the directions on the package.

Stuff pasta with the filling of your choice and place in covered baking dish and bake at 375-degree oven for 25 minutes.

Mrs. Jones has given several variations. Manicotti, fill pasta with potato mixture; place in casserole, dot generously with butter, and bake. When using macaroni, rigatoni or egg noodles, mix pasta with potato mixture and butter, cover and bake. For lasagna-type easy pirogi, Mrs. Jones makes alternate layers of lasagna noodles and potato mixture and tops with a generous amount of butter, and bakes.

Mrs. Jones is the mother of three sons. Brett, 7½, and Brian, 6½, in Grades 2 and 1, respectively, at St. James School, and David, 2. Her husband is sales manager at Ted Deason, Inc., Volkswagen, Thetfordville. They are communicants of St. James' Church. Mrs. Jones is a member of the Ladies of St. James. She enjoys cooking and sewing.

Conscientious Objector Refuses Army Induction

NEW HAVEN (AP) — A Torrington man whose request for a discharge from the National Guard as a conscientious objector was denied has refused induction into the U.S. Army. William R. Howe II, 28, now resident of the Bronx, N.Y., but still registered with the Torrington draft board, refused to step forward Wednesday and take the oath.

Howe's name was referred to the U.S. Attorney for action, according to the commander of the Armed Forces Entrance and Examination Center, N.A.V. Under, William R. Sheehan. Outside the center, about 12 pickets sang, marched and distributed statements which said Howe "couldn't go along with the rinky-dink National Guard meetings involved in training guys to kill."

The pickets distributed a statement in which Howe had said that because of his beliefs, "it would be ludicrous to enter any organization devoted to the destruction of life."
"We're down here because we don't think anybody should have to go," the statement said. "No congressman asked us if we wanted to have a draft. There's

50 Residents Ask School Bus Pickup

A petition calling for providing school bus pickup within five miles of the town of Tolland was received by the Board of Education last night. The petition contains about 50 signatures.

Mrs. Wesley Thounin acting as spokesman for the group reiterated the parents' plea for bus pickup in the area in a second letter to the board. She had sent a detailed letter to the previous meeting which had been discussed.

The primary problem of bus pickup is the sharp curve and contour of the road. The school bus contractor has refused to use the road, although it is one of the best finished roads in the area.

The bus company fears for the safety of the buses rounding a steep curve in the road, which is above the level of some of the houses, particularly in winter weather.

Mrs. Thounin and other residents of the area fear for the safety of the many young children who have to walk to school together, out of sight of the homes in the area.

It has been reported the property at which the children wait contains abandoned cars and other junk material, considered dangerous for the children.

The problem will be compounded next year with the addition of more first grade students, attending school for the first time. It was also noted that many parents of the young students have pre-schoolers at home preventing them from walking the student up to the bus stop and waiting for the bus.

School Superintendent Robert Briarion suggested a compromise to start in September, in which the bus would make one circle in the morning making two stops, and would drop them off at the operating school.

The board agreed to refer the problem to First Selectman Carmelo Zangilli, recommending special attention be given to the road in the winter months to make it as safe as possible.

They also recommended Zangilli try to improve the safety problem in the road's contour as soon as possible.

Bennet Librarian Honored at Tea

Miss Bernice Hall, librarian at Bennet Junior High School, for the past seven years, was feted by the faculty at a tea Monday afternoon in the cafeteria.

Kenneth Sullivan, a staff member, presented her gift and certificate for her faithful performance in the schools. George Bradlau, principal of Bennet, also spoke briefly.

The board this year voted to send delegates to individual school receptions for retiring teachers, rather than sponsor a single public reception as in the past.

At Bennet, Miss Hall has overseen a library with an annual circulation of about 8,000 volumes and a pupil flow of 20,000. Before coming to Manchester, she was librarian at Rham High School for two years and at East Haven High School for 12 years.

She also spent nine years as the Springfield, Mass., public library system, taught adult Americanization classes at Indian Orchard, Mass., and during one period in her career worked for the Tolland Post Office.

Miss Hall received her professional training at Williamstown Normal School, Springfield Junior College, Springfield Library Training School and the University of Massachusetts. She is a member of the state and national education and library associations.

She lives at 41 Allan Dr., Vernon.

INFECTIONS DECLINE HARTFORD (AP) — After setting a record for the first five months of the year, strep throat infections in Connecticut declined to 922 cases last week, the lowest weekly total since January, the State Health Department reported.

The number of cases through the end of May was over 28,000 compared to some 20,000 during the corresponding period last year.

PLYMOUTH, Mass. (AP) — Peter Slevin of County Donegal, Ireland, doesn't mind being an exhibit, but he's not sure he likes being a national monument to the American Pilgrim fathers.

Vernon Alan Fortier, Thomas Milkie Win National Recognition

Two local young men will receive new ranks at the court. John Ferry, Thomas Trahan and Glen Eitelman will become members of the American Association of Achievement in Dallas, Texas.

Alan Ernest Fortier, son of Mr. and Mrs. Robert W. Fortier, Green of 51 West St., and Thomas Milkie, son of Mr. and Mrs. Theodore N. Milkie of 281 Tunney Rd., have been selected as two of America's 300 top winners in the Annual Science Talent Search conducted by the Science Clubs of America.

Both were offered the chance to go to Texas for the ceremonies with all expense paid. Milkie accepted the offer from Bradley Field today for Dallas where he will represent his school and his community and will attend a week-long "exchange of the great ideas of Western man."

Charles Chiberg, president of the Rockville Area Chamber of Commerce, coordinated the efforts at the local level for the sponsoring and the selection of two youth to be selected from all communities to represent their schools and their communities.

Milkie will remain in Dallas through Sunday and stay at the Sheraton-Dallas Hotel. He will be presented with the American Academy of Achievement in a non-profit organization dedicated to the education of youth.

The Academy annually selects 30 outstanding young men and women to whom it pays a special tribute. Youth at the event meet and talk with these distinguished Americans.

Vernon Public Nursing Program Kept in High Gear in May

The nursing program continued its year ago during May. The public health nurse, Mrs. Gertrude Langlois, supervised the vision testing program for pre-school children held at the Lehigh Memorial Building and done by the Vernon Junior Women's Club.

The trend continues for an increase in bedside care and treatments. In spite of staff vacancies and illness, 1,235 visits were made during May. Of these, 224 were for bedside care and treatments. This is 65 more than in the same period last year.

About 910 visits were for health guidance including 64 for new babies home from the hospital. In Somers, Mrs. Elaine Lippman reports one baby visited was born at home. The child will be visited monthly for the first year.

The visits to mentally ill patients to develop his property. Children who will enter Vernon Schools Grades 3 through 7 in the fall may join the club.

Visiting hours are 11:30 to 8 p.m. in all areas except meetings where they are 2 to 4 and 6:30 to 8 p.m.

Admitted Tuesday: Frank Le Marquis between the ages of 21 and 35 contact. Membership Chairman: Herb Dunn.

Discharged Tuesday: Mary Mortiglion of 27 Worcester Rd.; Evelyn Bondario of 115 East Main St.; Vicki Frost of Box 37, Coventry; Herman Hartford of 28 North Park St.; Marie Smith of 92 Grove St.; Howard Taft of 140 Main St.; Mrs. Carolyn Winn and son of Keady Rd., Toland.

The Heralt's Vernon Bureau is at 38 Park St., Tel. 875-5186 or 643-7111. News items may be mailed to P.O. Box 371, Rockville.

Flag Day was observed yesterday at Buckley School with an indoor and outdoor program. The entire school day was devoted to the celebration of the school day, all classes gathered at the flagpole and saluted the flag as it was raised.

Projects will be planned and books purchased to increase the number of volumes in the school's first grade put on an exhibition of marching with various flags on exhibit toward the flag completion program.

Members of the program were Mrs. Genevieve Dunne's refreshments; and Mrs. Donald Brown, nominating secretary and Charles Williams, treasurer. Mrs. Mary Gurney and Mrs. Doralee Kurtz are standing committee chairmen.

We're Sorry School Bus Bid Contract Revised by Education Board

The Board of Education last night approved a revised school bus bidding contract and extended the bidding period two weeks until June 26.

The regular buses are not to exceed three years of age, and the special buses must not exceed five years.

They require seats approved by the State Motor Vehicle Department, meeting or exceeding national school bus standards.

Also, lights, signals, flashing warning lights, emergency exits, and mirrors conforming to national and state standards. Also required are heaters and defrosters adequate to operate at a standard consistency with the comfort and safety of the bus occupants.

A performance bond is required, and a \$25 a day penalty clause for each bus is included for failure on the part of the contractor to meet the specifications fully.

The bids will be based on a minimum daily average of 55 miles a bus for regular runs and a 25-mile average for special educational trips plus a 10 percent allowance for fuel.

This clause was inserted to avoid previous problems with the board accepted with revisions.

Board members generally agreed it was something to consider at a later date, but that time was too short to give it more serious consideration for the town's immediate needs.

Bratton stated he will obtain statewide information and statistics on the values of owning versus leasing school buses.

School bus arrangements are of particular importance to the centrally located schools. The bus contract will be let out for a five-year period from September 1, 1967 to June 30, 1972.

The specifications call for the providing of 16 regularly scheduled buses and two spare buses.

Los Angeles Rattled by Slight Quake

LOS ANGELES (AP) — The sprawling Los Angeles area was rocked by an earthquake late Wednesday night. No serious damage was reported.

Police said plaster fell from the ceiling of a house in north Los Angeles.

In Long Beach, south of the metropolitan center, and west of Los Angeles, residents said wind-blown shingles were blown off roofs.

Dr. Charles Richter, seismologist at the California Institute of Technology's seismological laboratory, said the quake was small and probably did no damage.

Dr. Charles Richter later said the shock was relatively small — with a reading of about four on his 10-point scale.

A second tremor was reported by many Californians, just after the first.

"It had a strong east-west roll," said a resident of Temple City, 16 miles east of Los Angeles. "Then, a second and similar shock hit and woke up the children."

FISHERMEN FIND BODY BRANFORD (AP) — Two young fishermen Wednesday discovered the body of a man lost in a boating mishap in Long Island Sound nearly a month ago.

The body was identified as that of 24-year-old Kenneth Oby of Branford.

Edward McGinn of Branford, Oby's companion on the ill-fated fishing excursion May 17, was found dead last week off the Branford shore.

Miss Abbey Member Of Church 75 Years

"Please accept my cordial greeting on the anniversary of your 75th anniversary as a member of South Methodist Church. We are grateful for your faithfulness through the years."

Abbey of Green Manor Lodge from Bishop James K. Matthews of the Boston Area of the Methodist Church.

Miss Abbey, who will celebrate her 75th birthday next month, is Mrs. Shaw, pastor of South Church, "a sprightly lady with twinkling eyes and a ready smile, blessed with an active mind which absorbs everything."

The nonagenarian was born July 14, 1876, in Manchester, and was one of six children of Frank and Lella House Abbey, and is the last of her family.

She told Dr. Shaw about the time Frank Cheney thought a Boston store was changing life and still able to play piano when the occasion arises.

One highlight of Miss Abbey's life, she says, was her work with the Red Cross during the war.

She used her experiences in the Holy Land in her role as Sunday school teacher and lecturer to the new defunct General Group of the church on her trip to the Holy Land.

Miss Abbey says her father, William McKim, was a prominent citizen of Manchester and a member of the church.

She stopped for the cheering crowds. My father stepped out on the back platform, waved his hat and smiled to the unsuspecting crowd, and the train resumed its journey.

YR Club Levels Criticism At Young Democrats Stand

The Manchester YR (Young Republicans) Club has leveled criticism at the Board of Directors for possible future consideration.

GOP town chairman Francis DellaPera is on record in opposition to the changes.

Kenneth Gibson, president of the Young Democrats, has called the proposals "ill-advised."

In charging the Charter Revision Commission with a lack of "political responsibility," Cron said:

"The YR Club deplores the action of the Charter Revision Commission by refusing to face up to its duties and responsibilities when it failed to set in motion the necessary procedures to examine both the so-called strong-majority proposal and the district representation proposal."

"In effect, the Charter Revision Commission, by tabling these proposals, deprived the citizens of Manchester of an evaluation of these proposals on their merits."

"I am amazed at the reactionary, head-in-the-sand attitude expressed by the young people under the rug."

Everything in Readiness Radiant Luci Shops While Awaiting Stork

AUSTIN, Tex. (AP) — Luci dresses was carrying a hefty bag Johnson Nugent shopped at a grocery store. She was followed supermarket for family groceries by a clerk with a bagful in his arms, too. The Secret Service she "sing like a bird" as agent followed, watching her the birth of her first baby apparently.

Mrs. Johnson said she was keeping in touch by phone and mail. Mrs. Lyndon B. Johnson was expected here this weekend to join members of the family who are starting to settle in at the Luci Ranch 65 miles away from Austin.

The "First Lady" flew here at Washington Tuesday night course, there was Luci's husband, Patrick J. Nugent, 28, and his wife, Mrs. Luci, 27, the day before.

The date the baby is expected is June 17, but there are some doubts that the birth would come that soon.

Luci isn't acting as though the birth is imminent, and spokesmen for the family are beginning to suggest a later date for the birth.

A steady stream of cars at the Nugent's fashionable pink brick home at 2706 Macken Drive Wednesday brought workmen, a pipe music firm and a stream of Secret Service men.

Luci, herself, finally emerged in the day to be driven off by a Secret Service agent to the family shopping.

When she emerged from the supermarket about a half hour later, the President's daughter, wearing dark sunglasses, and a white police dot tent

Receives PHD

Receiving a doctor of philosophy degree in music education should be Rod Letter Day enough in any career, but for Paul E. Paige, a former Manchester man, Sunday, May 28 was a double-barreled occasion: Just hours after he was awarded his degree during Boston University's commencement, he became the father of an eight-pound son.

Paige, the father of two other sons, is married to the former Miss Alice McDowell of Spicard, Wis., and is now a professor of music at Cazenovia College, Cazenovia, N.Y. He is the son of Mr. and Mrs. Philip J. Mahoney of 81 Main St., where his youth was well known in Manchester as a pianist and organist.

A pupil of the late Frederic Wermer, he gave many local recitals and at the age of 13 was appointed organist for Covenant Congregational Church, a post he held six years. At the time of his appointment, he was believed to be the youngest church organist in Connecticut.

James L. DeRocco (Stearns Roebuck & Co.) chairman of the Shopping Clinic, said that the 20-minute film will be shown to the employees shopping.

Two separate clinics will be held: The first on June 20, at 9:30 a.m., at D&L Auditorium, 392 W. Middle Turnpike, and the second on June 22 at 9:30 a.m., at Watkins Brothers, 933 Main St.

He earned his master's degree in education at Northwood University in 1959 and his bachelor's degree at BU in 1956. After the film, Manchester Post-North Park College School of Music, Chicago, Ill. He graduated with honors from Manchester High School in 1952.

WASHINGTON (AP) — Now and on court action involving the draft legislation requiring deferments for most college students who request them and indirectly recommending that 18-year-olds be inducted first in two short steps from becoming law.

The compromise measure cleared the Senate Wednesday and shared priority in the House with a bill aimed at halting a railroad strike scheduled for next week.

House leaders hoped to pass both measures today, with the strike bill having the right of way. If the draft bill wasn't acted on today, the leaders said it would be considered next week.

After passage it would go to the President for signature. The draft proposal would go into effect for four years starting July 1 and would make several changes in the Selective Service Act of 1948.

It would require local draft boards to grant deferments to undergraduate college students requesting them and meeting scholastic and other school requirements.

The deferment would end when the student reaches age 24, left school or completed his undergraduate work, whichever came first. The student then would go to the top of the group available for induction, ahead of the 18-year-olds.

Student deferments are discretionary with local draft boards under the present law. Most boards have granted them, with a requirement that the student stay in the top half of his class.

The proposed new law would provide no mandatory deferments for graduate students, but the President by regulation could permit them after the student is in dental or medical schools or for those pursuing studies in critical fields. Local draft boards would have the final say.

While the legislation does not require the induction of 18-year-olds ahead of all others, Congress has endorsed in formal reports the President's intention to plan to put them at the top of the priority list. This would be a reversal of the present system of first drafting older men in the 19 to 28 age group. The President could change the priorities if he wanted to.

Other proposed changes would: —Direct the National Security Council to designate critical skill areas for occupational deferments. —Prohibit the President from changing the present selection method by imposing such procedures as the national lottery he has proposed. —Speed up final action on appeals from draft board orders.

MANCHESTER EVENING HERALD

State Tax Commissioner John L. Sullivan reported the 11-month total Wednesday at \$267,161—which does not include the present estimated tax revenues for April and May, since this tax is paid on a quarterly basis.

The largest increase in income from a single tax—was in the water shed, and by contrast, which brought in nearly \$12 million more during the 11-month period than in the corresponding period of the 1965-66 fiscal year.

OLDEST ALUMNUS DIES HARTFORD (AP) — One of Connecticut's oldest residents, Daniel Howard, died Wednesday at Hartford Hospital.

Howard was 102 years old, and was the oldest alumna of Brown University. He was also the oldest Connecticut resident to apply last year for Medicare benefits.

He retired as superintendent of the Windsor schools in 1934. Howard left no known surviving relatives, according to sources.

Water Company Run at Loss Since 1962, Official Claims

The Tolland Aqueduct Co. has applied to the State Public Utilities Commission for a rate increase because of financial difficulties. The company has operated at a loss every year since 1962, according to its secretary John Tweed.

"We see no other course than to request an increase in rates," Tweed stated. "The last increase granted in 1965 on a trial basis has proved to be inadequate," he declared.

The company is proposing an approximately 40 per cent increase in rates. A typical five-bedroom residential customer who now pays \$9 would be upped to \$13.45 per quarter.

A residential metered rate customer using 7,000 gallons per quarter would be increased from \$8.50 to \$12.71 per quarter.

The hearing is slated for Tuesday at 10:30 a.m. in the PUC Hearing Room, 966A, State Office Building, at 165 Capitol Ave., in Hartford.

The financial difficulties of the company have been broken down into four categories, but are generally attributed to growing pains.

The combination of the prolonged drought and addition of new customers coupled with the increased average consumption of water per customer has required relatively large expenditures of money to increase the water supply, Tweed said.

The double well and pumping station installed on Tory Rd. and the new water main cost more than the entire original system, Tweed said.

The original system cost \$2,800, while the present system is valued at \$41,500.

Lead Sold Toward Costs Part of the costs of the recent improvements were met by the sale of company land not on the water shed, and by contract with customers toward installation of water mains to their property.

The remainder was borrowed and the annual interest and loan payments must be paid. A much larger amount must also be set aside now as depreciation to provide funds to replace worn out pipe and equipment. The PUC recommends roughly 2.5 per cent of the gross value be set aside. This means the average item of equipment must last over 25 years before enough money has accumulated in the fund for replacement.

Bookkeeping and accounting costs have increased with the PUC. Howard left no known surviving relatives, according to sources.

Guard Leaving Tampa

Racial Outbursts Appear Controlled

(Continued from Page One)

Twenty persons were arrested by early today, bringing the total for three nights of violence in Chinatown to more than 270.

Thirteen smashed windows, looted three rocks and bottles and set fires with gasoline bombs. But there were fewer trouble calls than Tuesday night and there were no major fires.

The trouble spread north to Dayton after H. Rap Brown, new national chairman of the Student Nonviolent Coordinating Committee, urged Negroes at a rally here to take the "pressure" of the riot to the streets.

Following Brown's speech, 12 store windows were smashed and at least three white persons beaten by Negroes - including a taxi driver who was robbed of \$200. Police were reluctant, however, to link the robbery to racial violence.

The rally was on Dayton's West Side - the same area hit by racial violence last September. That disturbance was quelled by National Guardsmen. Twenty persons were arrested in Dayton before the sporadic disturbances were brought under control.

Five officials said two fires were started by arsonists. One fire destroyed a nightclub, the other caused slight damage to a lumber yard.

DOUBLE FATALLY

HARTFORD (AP) - Two Stamford, Conn., residents died Wednesday night when their car swerved off Route 137 and crashed into trees at the foot of an embankment.

The victims were driver Allan H. Sutch, 31, and Judith S. Graziano, 41.

Neither of the victims was wearing seat belts, and both were thrown from the car on impact.

Police attributed the accident to excessive speed for the road condition.

TAMPA, Fla. (AP) - National Guard troops prepared today to march out of violence-scarred Tampa, signaling the end of this city's first major civil riots.

Gen. Henry W. McMillan, Florida's National Guard commander, recommended mobilization after a long conference with legal law enforcement agencies Gov. Claude R. Kirk Jr. approved, he said.

McMillan added, however, that one Guard officer was left on duty around the clock. All Guardsmen were ordered to keep their units informed of their whereabouts, in event that a recall becomes necessary.

Squads of white-helmed young Negroes - some of whom drew rocks at police during the riot - apparently had restored peace to the city.

"I think we have passed the critical point," Sheriff J. B. Beard said as he went home in the early morning hours for the first time in four nights. "These boys have white hats and a marvelous job."

A gasoline bomb was tossed into a car, burning two white youths, and bombs set two fires, one in the youths in the car, 17-year-old Bobby Wilson of Tampa, suffered third-degree burns.

Two shootings were reported. Neither was classed as a racial incident, but both evidently were caused by security measures instituted during the riot.

A white security guard hired because of racial unrest shot another white man attempting to break into a grocery store, George Wilson, a Negro bar owner on guard because his place had been threatened with arson, surprised and shot a burglar.

Beard held his massive armed force of National Guard troops and police in check while the Negro peacekeepers sought to bring an end to the disorders that swept the city last Tuesday night after a white policeman killed a Negro youth.

Renewed violence had been feared after an official ruling Wednesday that patrolman James E. Calvert was justified in shooting Martin Chambers, a 19-year-old burglary suspect. The killing had touched off two nights of rioting and a third of unrest.

Negro leaders told their people the legal battle over the shooting was not at an end. The boy's mother sued the city for \$80,000.

But it was the newly formed "City Youth Patrol" which convinced the troublemakers that order should be restored.

"A lot of those who were probably throwing rocks Sunday night when we had all the trouble," Beard said, "but we gave them a job to do and they did it."

Using calm persuasion, the youths twice broke up unruly mobs without incident.

Son for Barrys

Viet Tempo Rises, 2-Way Battle On

Congratulations are in order for States Sen. and Mrs. David M. Barry.

Mrs. Barry gave birth to a six-pound, eight-ounce boy at 1:30 this morning at Manchester Memorial Hospital.

The Barrys have two other children, Joan, 5, and David Jr., 3.

The new offspring will be named Michael Walter, despite the request of David Jr. that he be named Senator.

The Viet Cong commander apparently was unaware that two battalions of the South Vietnamese 21st Division were only a few miles away.

By foot and helicopter, the men of the 21st swept onto the field and into blocking positions, pushing the Communist battalion into the open. There it was raked mercilessly by artillery and helicopter gunships.

One helicopter was shot down and landed in guerrilla territory. A big twin rotor recovery helicopter came in to rescue the downed helicopter and was shot off by Viet Cong fire. Another gunship came in and silenced the Communist and the downed chopper was finally lifted out.

"We've never had a day like this before," said exultant helicopter gunner Dennis Bolton of Huntville, Ark.

"That was really soon," sharp shooting," said his commander, Capt. Thomas Beauchamp.

The Americans had no casualties. The South Vietnamese had five dead and 90 wounded.

"Our casualties were light because we forced them into the open and because they were surprised," said the men of the 21st Viet Cong military division.

The 21st Division is generally rated the most combat-wise in the South Vietnamese army.

Recorder, Bike Reported Stolen

The thefts of a portable tape recorder valued at \$200, and a bicycle were reported today by police.

Jay Edwards of 779 Ellington Rd., South Windsor, told police the tape recorder was stolen about 12:30 p.m. last night from his car, parked behind the WENP Radio Station at the Parkade.

The bike, valued at \$42, was taken from Jay Kopsch of 141 Crestwood Dr. yesterday afternoon while he was sitting at Hilliard Pond, police said.

He told police he parked the bike about 2:30 and discovered it missing at 4 p.m.

'No. 1 Game in Country Won't Be No. 1 with Calls Like That'

Stanky Fuming After Banishment

BOSTON (AP) — If the Chicago White Sox lose the pennant by one game this year, they'll probably blame the home run that wasn't on the night of June 14th in Fenway Park.

The White Sox, in general, and manager Eddie Stanky, in particular, were being forced to settle for a split of a twilight doubleheader with the Boston Red Sox.

The American League leaders built an 8-4 lead on a pinch hit and hung on in the ninth inning to take the opener.

Then they dropped the nightcap 6-4 after a disputed call of a home run by J.C. Martin into the right field stands.

With Chicago trailing 2-1 and a runner on first with two out in the seventh, Martin led a not down the line. The blast appeared to go out well inside the right field foul pole.

Right fielder Pete Rose, who had been umpired by Larry Napp, stumped the White Sox manager finally down the decision with four runs. After two hits started the uprising, Stanky came out to summon a pitcher from the bullpen.

Stanky, his old fiery self, took his time and then engaged Napp in a violent argument. The White Sox manager finally was ejected — and was allowed by paper debris as he left the ball field. Pete Rose, who had been umpired by Jerry Neudecker stayed in the game.

Stanky argued vainly in the clubhouse. "I don't want to tell people what I saw. Your writers will write what you want, anyway. And everything will be negative."

Stanky thought American League President Joe Cronin had seen the call. However, Cronin had left after seeing the first game.

"They ought to have someone in the league office to give us some help," he said before Stanky's ball was left early. Stanky, thumped from the game for the third time this season, pulled himself from a training table and said:

"This is the No. 1 game in the country, but it won't be No. 1. Martin said Red Sox first baseman George Scott 'told me the ball was by 15 feet.'"

Many of the Red Sox players agreed that the ball "was fair five feet."

And, as one Boston sportsman said, "I think the umpires made the right call." He had been sitting in a position to see Martin's ball all the way and he smiled while backing the umpire for the third time this season.

Best Public Relations Manager

FENWAY PARK, Boston — Absent from the August baseball beat is Casey Stengel and great coach Yogi Berra, Sam Mele, Johnny Kanan and Fred Hutchinson are no longer around but the prized catch, among the current active managers, in the good-will department is little Eddie Stanky of the Chicago White Sox.

Stanky, who has been called the best public relations manager in baseball as far as the press is concerned, has a reputation for being a publicist.

Stanky, who has been called the best public relations manager in baseball as far as the press is concerned, has a reputation for being a publicist.

Bitter Fight Looms Among Pro Golfers

SPRINGFIELD, N. J. (AP) — There is no immediate solution to the bitter fight between the Professional Golfers Association and tournament players for control of the \$4.6-million tour.

Predictions in industry circles today are that Arnold Palmer, Jack Nicklaus, Bill Casper and some 150 other touring pros would strike out on their own next month if the PGA National Championship Tournament, scheduled at Danvers, is not held.

The PGA insists it won't give up the tour unless the players get a majority of the tournament revenue.

Intentional Walks Backfire Twice

NEW YORK (AP) — Let's play baseball manager. It's early in the game, there are runners at second and third with a tough hit at bat and a lesser threat on deck. You issue an intentional walk, right? Wrong.

Harry Walker of Pittsburgh and Philadelphia's Gene Maize played the obvious strategy of the deliberate base on balls Wednesday night and both regretted it later.

Walker ordered Mike Shannon to pass in the first inning against the Cardinals and then watched Tom McCaver behind the plate as he struck out against Jim Maloney and Shinn.

Kaat Has Nothing to Say About Firing... Just Wins

NEW YORK (AP) — About the firing of Sam Mele, "I have nothing to say," Jim Kaat said yesterday. He said he was over and over, but he's doing plenty of talking on the mound since Mele left.

The Minnesota left-hander beat Detroit 7-0 Wednesday night with a five-hitter, his second straight complete game victory since new Manager Cal Ermer took over last Friday.

The 26-year-old Kaat had won only one game and lost seven under Mele and failed to complete any of his first 12 starts.

Kaat insists it's just a coincidence — and it probably is — but whatever the reason, he has the second-highest number of wins in the American League.

They share third with Baltimore and Boston after Kansas City's Orioles (8-2) and the Red Sox split a doubleheader with Washington, losing the first 8-7 before winning 6-1.

The New York Yankees split with Washington in a doubleheader, winning 7-1 and losing 5-2, and California pinned Cleveland 2-0 on Bob Rodgers' two-run single in the ninth inning.

RSox Unveil New Starter

BOSTON (AP) — The Boston Red Sox hoped they had found another strong, armed starting pitcher in Lee Stange, veteran right-hander who became first in early season play.

Stange turned in a stellar performance and collected his first victory with relief pitcher in the White Sox's 6-1 win over the Chicago White Sox in a doubleheader Wednesday night.

The Red Sox backed the solid pitching with a 15-hit attack in rebounding from an 8-7 loss in two games last week.

Stange blanked the first place White Sox in his first start, a 6-0 victory over Cleveland in the first game of a doubleheader.

Scott Superstitious, Hustle Pays Dividend

FENWAY PARK, Boston — Observations from the press box.

"Best educated baseball fans in the major leagues are in New York and the most human and interesting."

White Sox starting pitcher Warren Spivey in the bullpen and not in the area marked off by the Chicago White Sox.

Stanky might have thought differently after he threw out a strike for all kinds of debris during a lengthy second game argument last night.

Nine Hurlers Listed with Legion Team

Pitchers, nine of them, are the mainstay on Rockville Legion entry this summer, Coach Bill Casper has issued an ultimatum of his own — effective tomorrow in the season idler at Fenway Park.

The major problem could be the pitcher, Bill Casper has only one 300 hit moving over from Rockville High in Dan Williams.

Leading the mound corps are Joe Kayan, a Legion veteran, and Sam Wilds, who completed a 6-3 shoving at Rockville High before going to Europe with the All-Star soccer team.

Almost Obscure Figure in Golf Quiet Man Casper Risks Open Title

SPRINGFIELD, N. J. (AP) — Billy Casper, golf's quiet man, set out in defense of his United States Open title, almost obscure figure in the glamor fields of golf.

He's a two-time open champion, the PGA has issued an ultimatum of his own — effective tomorrow in the season idler at Fenway Park.

Leading the mound corps are Joe Kayan, a Legion veteran, and Sam Wilds, who completed a 6-3 shoving at Rockville High before going to Europe with the All-Star soccer team.

Heritage Top Hitter With Wireless Tech

Inexperience, a key injury and some weak defense were the factors that prevented Coach Vin Kasetta's charges from doing well in 12 starts.

Defense, however, was the key problem. The opposition reached double figures eight times. The closest Cheney came to victory was a 13-12 loss to Washington Tech and a 4-1 defeat to Prince.
