Shy of Quorum, Group Fails To Cut Quorum

The 21-member Citizens Advisory Committee could not conduct official business last night at its meeting at the Municipal Building because of the lack of a quorum. This presented a special anomaly because the committee usually has a quorum of 21 members present and they needed at least eleven for a majority vote. The first amendment to its by-laws would allow for official business to be conducted by a simple quorum of five of the 21 members. The second would permit the adoption of official actions by a majority vote of those present. Because the committee has

King Seeks Referendum On Viet War

ATLANTA, Ga. (AP) — Dr. Martin Luther King Jr. announced today a nationwide campaign for a referendum on the war in Vietnam.

The campaign, supported by the organization Vietnam Summer, seeks to place antiwar referendums on petitions on local and state ballots this fall and next spring.

King said in a statement that the project already is under way in more than a dozen localities.

"Congress and the President have been unresponsive or indifferent in the face of deepening grass roots opposition to our policy in Vietnam," King said.

Other cities where campaigns are getting under way are Detroit and Ann Arbor, Mich., Newton, Mass., and Elton, Ill., King said.

"In April, I was among those who called for a Vietnam Summer—1967, asking for 10,000 volunteers to work in 500 communities across the country," he said.

The announcement came Thursday after Washington reported that the National Guard would undergo a revised organization schedule, replacing one proposed in June.

Connecticut state officials said, would be manned at either 50 or 100 per cent of full strength, a change from the present program. Some units now are authorized for only 50 per cent of full strength.

The 4th Infantry Brigade of the 26th Yankee Infantry Division will be the state's major force among the immetes with conditions at the jail. They included poor food, inadequate recreation in their complaints.

The demonstration, reported as ordered by jail officials, also led Thursday to a tour of the state facility by state officials. The tour was called complete and representative by a committee of five inmates.

SAIGON (AP) — Striking again near the edge of Hanoi, U.S. Air Force jets hammered today at the Doumer bridge and railroad bridge linking the North Vietnamese capital with suburbs across the Red River. The U.S. Command said they wrecked it.

Four direct bomb hits were reported to have dropped the center span over the east channel. The mile-long bridge, linking Hanoi with railway lines running into Red China, runs from the city's edge northeastward to the island of Co Xia and then to the Gia Lam district on the far bank.

A U.S. Command spokesman said that "the best of my knowledge" it was the first time the Doumer bridge had been attacked.

A power plant within the city itself, little more than a mile from Hanoi's center, was bombed twice. U.S. Navy planes blasted this plant May 19 and again in a follow-up raid on June 10.

The attack on the Doumer bridge came in a week in which the Senate Armed Services Committee in Washington has been questioning top commanders about bombing policy.

Chinese Mobs Continue Battles in Hong Kong

HONG KONG (AP) — The Hong Kong government repudiated today a border agreement signed by a British district officer threatened with death by a Red Chinese mob which captured a Hong Kong border guard post.

Another mob later crashed through the border fence two miles to the east and clashed with two small detachments of Hong Kong border police and British Gurkha soldiers who tried to bar their way.

A British policeman was cut and two Chinese were slightly wounded. At least one Communist attacker was reported injured. Police finally drove the mob back with volleys of tear gas.

The clash at Ta Kwu Ling and to Red Chinese who claimed damages from their wheelbarrow collided with the barricades.

A Communist news dispatch from Canton called the incident "an unprecedented victory for the Chinese workers against the British fascists of Hong Kong."

It claimed the Chinese had captured five heavy machine guns, six automatic light machine guns, six carbines, five rifles and eight pistols.

Hong Kong officials said they were crossing the border, shortly after midnight, and (See Page Eight)

State Guard's Strength Stays At Present Level HARTFORD (AP) — The number of Connecticut Army National Guard units will be reduced, but total authorized strength will be maintained near current levels, the state military department has announced.

The announcement came Thursday after Washington reported that the National Guard would undergo a revised organization schedule, replacing one proposed in June.

Connecticut state officials said, would be manned at either 50 or 100 per cent of full strength, a change from the present program. Some units now are authorized for only 50 per cent of full strength.

New War Inevitable, Nasser Aide Believes

CAIRO (AP) — President Gamal Abdel Nasser's closest aide predicted today a day of "new wars" in the Middle East, saying that "the situation is virtually inevitable, and King Hussein warned that Jordan would fight against the Israelis if he back Old Jerusalem."

The intelligent notes were sounded as Yugoslav President Tito opened talks in Cairo with Nasser in an effort to sell an Egyptian leader a peace formula for the Middle East.

After their first meeting, there were unconfirmed reports in Cairo that Indian Prime Minister Indira Gandhi would be invited to join Tito and Nasser in their discussions.

The reports said Mrs. Gandhi had been invited to Cairo early next week after Tito returns from visits to Damascus, Syria, and Baghdad, Iraq, for consultations with other Arab leaders.

Mohammed Hassanin Helal, editor of the semiofficial Cairo newspaper Al-Ahram, said in a signed editorial: "Only a miracle will prevent a return to the battlefield, and I do not believe in a life in age of miracles."

Helal, generally regarded as Nasser's spokesman, said the Egyptian government is "in favor of the restoration of the army to its fighting readiness."

Gov. Dempsey's Mother, 87, Dies

HARTFORD (AP) — Mrs. Ellen Dempsey, mother of Connecticut Gov. John N. Dempsey, died today after a lengthy illness. She was 87.

Death came to Mrs. Dempsey in the Executive Mansion in Hartford where she resided with the governor—her only son—and his family.

Mrs. Dempsey was born in the town of Cheshire, Conn. Her father was a farmer and her mother a school teacher.

She was married to John N. Dempsey, who served as governor of Connecticut from 1935 to 1939. They had three children: John N. Dempsey, Jr., who served as governor of Connecticut from 1961 to 1965; and two daughters, Mrs. Mary G. Dempsey and Mrs. Elizabeth Dempsey.

Mrs. Dempsey was a member of the Episcopal Church and the Y.W.C.A. She was also a member of the Connecticut State Bar Association and the Connecticut State Teachers Association.

Funeral services will be held at 10 a.m. Friday at St. Ann's Episcopal Church, 100 W. Main St., Hartford. Burial will be in the cemetery at the church.

Worry Grows in Congress Over Safety of Members

WASHINGTON (AP) — Some members of Congress are getting edgy about their own safety during deliberations wide open to the public.

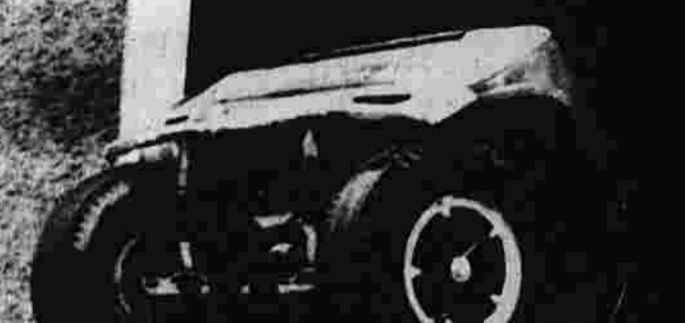

In the Senate, its 100 members sit and stroll about in a pit 113 ft. deep, within a walled lobby distance of the 611 gallery seats above and surrounding them.

In the House of Representatives, up to 442 legislators at a time sit and mill about in another ornate pit, 129 ft. deep, wide open to the 624 gallery seats above and about them.

No protective barriers intervene in either chamber. Cameras are checked outside. But although a handful of placid-looking detectives sit casually among the visitors, ladies cash handbags in their lap pouches. Other members of Congress who take a cooler view—and one, Rep. George H. Fallon, D-Ill., speaks with some authority.

Kennedy Questions Freedom of Voting

WASHINGTON (AP) — Sen. Robert F. Kennedy said today there is "mounting and distressing evidence" that presidential elections in South Vietnam will not be free and fairly conducted.

Sen. John O. Pastore, D-R.I., an ally of Johnson administration policy in the Asian war, said if that happens, the United States should make plans to get out of Vietnam.

Both aimed their fire at reports of campaign manipulation by South Vietnam's military regime.

Manfield said he is uneasy about the war and about the political situation. But he said he will continue to vote for all defense appropriations. "These men are not in Vietnam by choice, not because they make the policy," Manfield said of the U.S. forces fighting there.

Coventry Averill Sees Kindergarten 'Mixed Blessing' for Town

Dr. Donald C. Averill said this week that the imposition of a state-instigated public kindergarten in Coventry by September, 1968, is a "mixed blessing."

Averill is an incumbent Democratic candidate for the Board of Education in Coventry. Both he and Harold Crane, the party-endorsed candidate, are seeking the party nominations for the two available Democratic seats at a primary Aug. 23 called by challenger Mrs. Ruth Bennett.

Averill said "If the teachers view kindergarten merely as an opportunity for children to quietly for increasingly longer periods, to follow directions and to fit into patterns that permit the teaching of reading in the first grade it will be a waste of the taxpayer's money."

This is because today's children have not only readiness for reading, but readiness for mathematics, map and globe concepts and for a variety of symbols and signs used in abstract thinking, Averill said.

Therefore, he feels a sound kindergarten program in Coventry must offer activities that support learning in each of these areas.

"To put it another way, the task of the modern kindergarten is to support the child's intellect, to help him to become a self-motivated individual," Averill notes that the enactment of Public Act 288 by the General Assembly, which requires all towns to provide a public kindergarten program by 1968, together with the enactment of Public Act 463, which requires all towns to provide kindergarten transportation, will cost taxpayers a minimum of \$20,000.

This figure would cover the cost of four teachers at \$6,000 each, 25-1/2 hours a week, and that each teacher would be responsible for two classes of 25 students each.

Averill noted that a preliminary study by the school administration indicated that between 175 and 200 students would enroll in kindergarten.

To this \$20,000 must be added the cost of equipment, as yet undetermined, and pupil transportation if it is put into effect during the 1968-69 fiscal year.

In cases of undue hardship, Averill pointed out, the State Board of Education may grant an extension of the provisions of Public Act 288 to July 1, 1969.

Averill suggested that shortly after the organizational meeting of the new Board of Education in early October, it should meet with the Board of Finance and explore the best way for the taxpayers of Coventry to meet this additional expense.

He recalled a Rhode Island College professor, said "If I am re-nominated, I will commit myself to instituting the best kindergarten possible for Coventry. However, I can assure citizens that I will take into consideration the taxpayers of Coventry to insure dollar value for dollar spent that will meet the requirements of this state-imposed law."

Receives Ph.D.

Robert E. McIntosh Jr., son of Mr. and Mrs. Robert E. McIntosh Sr. of 28 Harvard Rd., graduated from the University of Iowa with a Ph.D. in electrical engineering last night at a commencement exercises.

McIntosh attended Worcester Polytechnic Institute, earning his B.S. with first honors in electrical engineering in 1962. The following year he was awarded his M.S. from Harvard University. He was graduated from Manchester High School in 1960.

Formerly employed by Bell Laboratories, he returned to school full-time in 1965 at the University of Iowa to work for his Ph.D. on a partial scholarship, and in August of 1966 he was awarded a full tuition scholarship of \$6,700 to complete his advanced study in electrical engineering.

He is married and the father of two sons. He is planning a career in teaching.

King Seeks Referendum On Viet War

King, president of the Southwestern Christian Leadership Conference, said there are today more than 26,000 volunteers working in 1,000 military units throughout the nation.

"Our energies and local organizations can help provide the manpower to bring this issue to the community and allow the voice of the community to be heard," King said.

"Twelve thousand American lives already have been lost," he said. "And while our cities decay, while our domestic programs are drastically cut back, we are spending \$14,000 a minute every minute of the day on one of history's most cruel and senseless wars."

State Guard's Strength Stays At Present Level

Brigade headquarters and aviation company will be at Branford Field here. The brigade's Field Artillery Battalion will be in Stamford with an armored cavalry troop in Branford.

The 368th Quartermasters Company of Westrock from West Haven, the 16th M.P. Battalion of Manchester and the 42nd Command Headquarters Division in Hartford will be inactivated. Their personnel will be assigned to organizations remaining in the structure.

Maj. Gen. E. Donald Walsh, Connecticut adjutant general, received the revised plan Thursday in Washington.

Bolton Dr. Diskan To Talk to Methodists

Dr. A. Elmer Diskan of Manchester will be the guest speaker at the morning service of the United Methodist Church at 9 Sunday.

His talk will include slides of his experiences while serving recently on the hospital ship S.S. Hope in Corinto, Nicaragua, and Colombia, South America. This is his second trip as a volunteer.

Dr. Diskan, a general practitioner and specialist in gastroenterology, is an associate in medicine at Manchester Memorial Hospital.

The program "Hope" was started in 1966, by President Dwight D. Eisenhower with the aid of Dr. William B. Walsh of Washington, D.C. to promote international good will through medicine and to teach people of depressed countries to help themselves.

The service will be led by Dr. Howard J. Lockward in the presence of Rev. Hugh A. Gillis, pastor of United Methodist Church.

Boy Scouts Physical Scoutmaster Warren Potter reminds all Boy Scouts going to summer camp to be at the Congregational Church re-union at 9 a.m. for their physicals.

Dr. Robert Butterfield will give exams again this year as he has in the past.

All scouts must be there because this exam will be part of the camp check-in. Also, they must have their medical forms with them.

Thirty-six boys from the local scout troop will be going to the Lake of Isles Scout Reservation Sunday.

For all the sidewalk superintendents who might be interested, the first of five portable classrooms was completed yesterday evening at the school.

A new three-man crew and a few minor mishaps delay progress slightly but the remaining classrooms will be put together faster today and tomorrow, officials said.

Teen Dance Tonight

A teen dance will be held tonight at 8 at St. Maurice's Church and a coffee social after all the dances on Sunday.

Those who wish to sign up for the family picnic may do so at the picnic, sponsored by the Men's Club, will be held at Wickham Park Sept. 16, from noon until sunset.

Tolland Middle School Should Hold 1,000 Pupils, Briarton Says

The size of the Tolland middle school will have to be big enough for about 1,000 students, according to Robert Briarton, school superintendent.

Briarton told the Board of Education Wednesday night that Tolland schools will have about 2,000 students by 1970, by his figures. The middle school should be planned with this rapid student population growth in mind, he said.

He submitted a rough description of the middle school building committee plans to date. They called for a 30 to 40 classroom school.

The middle school will have grades five, six, seven and eight. This will make the Tolland system fit the planned setup of kindergarten, primary school to fourth grade, middle school to eighth grade and high school.

The state-required kindergarten classrooms will have to come next year with a revaluation of church building and portable classrooms.

Princeton superintendent, Howard J. Lockward, has returned from his vacation. News items may be mailed to him at Gehring Rd. or she can be reached at 875-2845.

Bank Opening Tomorrow

The officers and employees of Northern Connecticut National Bank will have their annual summer outing at Eastern Grove resort area in town tomorrow.

Briarton told them the next plans submitted would be "preliminary."

Hebron Commission Votes Changes, Additions to Zoning Rules

The Hebron Planning and Zoning Commission voted tonight to adopt changes and additions to the zoning regulations relating to clubhouses, private lodges, community houses and garden apartments. The effective date of the regulations is August 15.

The new regulations require a minimum of five acres for clubhouses, lodges and community houses with a setback of 300 feet from a road, and 500 feet from any dwelling existing at the time application is made for the Zoning Board of Appeals.

The section concerning garden apartments requires a minimum of five acres and 300 feet frontage for a dwelling group. Also required are adequate parking areas, conforming with all health codes, an adequate well and a minimum of three family units and a maximum of eight family units in each structure.

Garden apartments will be allowed only in R-1 zone. Permission will be granted by the Planning and Zoning Commission and the commission reserves the right to limit the number of multi-family groups in any area where it feels the population density will greatly exceed the average in the town and disturb the orderly growth and development.

In other action, the commission approved a request from Florbet Therrien for permission to subdivide property on East Street, near Burnt Hill Road, into four parcels.

Hebron Elementary School Principal Ray E. Gardiner has requested that families new to Hebron having children who will enter the elementary school system in September register the youngsters at the school office as soon as possible. The office is open from 9 a.m. to 1 p.m. Monday through Friday.

The school auditorium will not be available for public use after August 12 to allow for maintenance before school opens.

The Annual Hebron 4-H Fair will be held Aug. 12, at the Hebron Elementary School, 117 Hartford Rd., Manchester.

The Herald's temporary Hebron correspondent is Kathleen Sibley, tel. 228-5516.

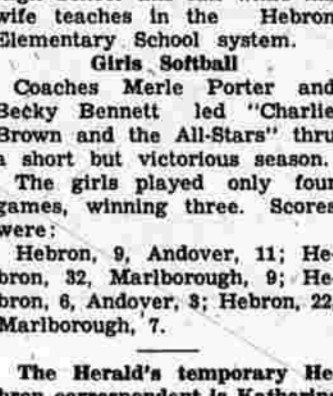

JUMPS UNDER TRUCK

PRESTON (AP)—After jumping in front of several vehicles on Route 12, a 49-year-old woman drove a tractor trailer under the wheels of a tractor trailer and was killed.

Police said the woman, Mrs. Ann Rota of Natick, was a patient at Norwich State Hospital. She ran Thursday from the hospital grounds to the highway. The truck driver swerved to avoid Mrs. Rota, police said, but the vehicle's rear wheels caught her.

On Aug. 20, the Rev. Robbin Billis, counselor at the Connecticut State Prison in Enfield, will preach at the Congregational Church, Aug. 27, average in the town and disturb the orderly growth and development.

As Others See Us. It was hardly necessary to conduct any kind of survey as to the influence on the American image abroad of the media experiment we have been having in our American cities this summer.

There is a shorter route to the same kind of conclusion that would be brought back from any survey.

All we have to do, to know the result of events in America this summer, on American prestige in other countries, is to imagine ourselves reading reports of similar events happening in Russia, or in France, or in Britain, or in South Africa, or even, for that matter, in one of the presumably less civilized nations of the world.

How would we read the stories of Newark and Detroit, of Milwaukee and Wichita, of Hartford and Hartford, if they were coming to us from across the Atlantic? With what ponderous moralities would we form our opinion as to the quality and character of the nation so sick, so prone to such violence in long established centers of habitation and, presumably, civilization?

How would we be analyzing the character of the French or the British or the German or whatever nationality happened to be involved?

What mixture of scorn and sympathy would we bring to our discussion of the political, social, economic and spiritual leadership of such a nation?

To what extent would we allow the existence of such riots, such wanton destruction of property, such blind murder on the streets, such senseless thinking about whatever nation was involved?

How close would we come to judging the whole nation, the whole people, by such headlines?

And how easy would we find it to continue to accept the counsel and leadership of such a nation in other affairs of the world?

If we have, in the course of these few sentences and paragraphs, even begun to enter the process of seeing others as we would be seeing them if they had been having this kind of summer, then we have also begun to have a hanking of how truly terrible this American summer of 1967 has seemed to the rest of the world, and in this world, And it has been just as terrible, just as shocking, just as much a ripping open of our national ego, as it would seem if it ever did succeed in seeing ourselves as others might see us. We are living in the midst of one of the greatest trials, one of the greatest human tragedies, of all human history. And the issue is not comfortably somewhere else, but inside us ourselves, wherever we are.

That Non-Rich, Non-Poor Parent. The new tuition scale scheme out at Michigan State University invokes the theory of ability to pay not in order to achieve social and economic justice, but merely as an instrumentality to be used to produce more revenue for the university.

It is not strange then, that with such a purpose, the SST should be regarded as the special and disproportionate burden of that particular economic sector of the population which finds it most difficult to negotiate college years.

This is that sector in which parents make too much money for their children to be qualified for scholarship help, but not enough to finance the continually ascending costs of college education today.

The new tuition system out at Michigan State would charge students a tuition rate which would vary between a minimum of \$24 to a maximum of \$60 for a three semester school year. Those whose parents earn less than \$11,000 a year will get the \$24 billing, after which the figure will go up until it hits the parental income of \$16,700 a year, at which it would hit the \$60 maximum.

With uncertainty regarding the SST, then, the Michigan State alding scale has hit precisely that income range which so often has the hardest time negotiating the college years of their children. An income between \$11,000 and \$16,000 would have a hard time qualifying their children for scholarship aid even if there were complete going through college together. But these are the days when a college education not helped by scholarship can easily cost \$5,000 a year.

The only thing that has ever promised to help parents in this particular income range is the Ribicoff proposal which would give an income tax credit for children attending college. The Michigan State alding scale tuition plan doesn't intend to hurt these already helpless and unhelped parents, but that will be its effect, and it is one of the soundest reasons for objection to it. This is something that has been reported to in Michigan, because the Michigan Legislature failed to appropriate enough money to finance faculty salary increases the university trustees, who are elected officials in Michigan, considered desirable. It would be better, in our opinion, to keep state university tuition fees at a minimum, or abolish them altogether, and let the alding scale apply least not among the parents of students, but among all the taxpayers of the state, as it already does for any state-supported institution or facility.

Four Miles From Saigon. Two and a half years, 500,000 men, and some \$50,000,000,000 from President Johnson began pouring the resources of this great nation into the war in Vietnam, the Vietnam game, and it is staged an operation some three or four miles from the city of Saigon, the center of the American power and presence in Vietnam.

In this operation, the Vietcong had massed enough fire power to shoot down five or six helicopters.

Perhaps it is unfair to take the location of this small battle as an index to the state of the war in Vietnam, or as a commentary on the kind of problem in which we have ourselves mixed there. Perhaps such activities almost inside Saigon itself are tall end desperation tactics on the part of the Vietcong—military misadventure, or perhaps they are their hoped for effect on morale on both sides of the conflict.

But this still happens to be, well into the third year of our heavy participation in the war, the closest yet to Saigon the Vietcong have been able to operate. The report of the action noted that it took place in an area which had, up to this time, been considered relatively secure.

Perhaps this is, after all, an instance in which a blurt fact does speak for itself, and for the whole venture.

Pop Stars' Burden. It was an ill-advised police raid on Keith Richard's Sussex house party. It was an ill-advised prosecution of the case. It was an ill-advised hearing of the Court of Appeal has now put right a misguided verdict and the unwarranted arrest of a minor and character of the nation so sick, so prone to such violence in long established centers of habitation and, presumably, civilization?

How would we be analyzing the character of the French or the British or the German or whatever nationality happened to be involved?

What mixture of scorn and sympathy would we bring to our discussion of the political, social, economic and spiritual leadership of such a nation?

WASHINGTON — Gathering about a table in the bowels of the Treasury Department is a secret report by two government economists suggesting that the big loser in the development of the super-sonic transport (SST) airliner is the deal.

That's not all. No matter how successful the SST proves, the government can only get back its original investment plus 6 per cent. Furthermore, there's a king-size loophole in the deal.

Miss George F. Bradlau, son of Mr. and Mrs. George F. Bradlau, is among 27 incoming freshmen who have been awarded Alumnus War Memorial Scholarships at Colgate University.

Established as living memorials to Colgate alumni who gave their lives in World War I and II, and supported by the Board of Trustees, these scholarships are awarded annually to freshmen on the basis of character, total performance, and promise.

All successful candidates receive an honorary award of \$100 and may receive additional stipends up to \$4,100 as determined by demonstrated need.

Bradlau is a 1967 graduate of Manchester High School where he was president of the Student Council and a member of the National Honor Society. He was representative to Nutmeg Boys' State this year and was inducted into the University in September.

Master of Art's degree from St. Mary's University, San Antonio, Tex. She also attended New York University, Westchester College, and Colgate University. She has three years' teaching experience as a sixth grade teacher in New York.

Mrs. Barbara Toohay, English, high school. Mrs. Toohay attended Boston University and Ricker College in Houston, Texas. She has three years' teaching experience.

Mrs. Diana B. Coogan, mathematics, high school. Mrs. Coogan attended Rutgers University and the University of Hartford where she majored in mathematics with a minor in German and English.

She has five years' teaching experience in Connecticut and New York.

MARCO WILL FLIP WHEN HE DISCOVERS YOU'RE ON THIS MISSION TOO, LAURIE!
WE THREE SHOULD HAVE A GREAT TIME!
AND WE'D BETTER... WE'RE GOING AGAINST SOME VERY CRIMINALS.
ALL ASHORE THAT'S GOING AHEAD, AND GOOD LUCK TO ALL OF YOU!
NOW ISN'T THAT A SWEET GESTURE?
YEAH, LAURIE, IF WE'RE LUCKY, IT'LL MEAN THE END OF THIS CREW.
BY LEFF and McWILLIAMS

WAYOUT

WHAT HAVE YOU BEEN EATING?
I'M HOOKED ON OLIVES!
HOW MANY A DAY DO YOU EAT?
SEVEN OR EIGHT JARS!
THE OLIVES AREN'T DOING IT!
COULD IT BE THE PITS?

CLASSIFIED ADVERTISING

CLASSIFIED ADVERTISING DEPT. HOURS 8 A.M. TO 5 P.M.

COPY CLOSING TIME FOR CLASSIFIED ADVT. 5 P.M. DAY BEFORE PUBLICATION

Deadline for Saturday and Monday is 5 p.m. Friday.

PLEASE READ YOUR AD

Classified or "Want Ads" are taken over the phone as a convenience. The advertiser should read his ad the FIRST DAY IT APPEARS and REPORT ERRORS in time for the next insertion. The Herald is responsible for any errors in the text or omitted insertion for any advertisement and then only to the extent of a "make good" insertion. Errors which do not lessen the value of the advertisement will not be corrected by "make good" insertion.

HERALD BOX LETTERS

For Your Information

THE HERALD will not disclose the identity of any advertiser using box letters. Readers advertising blind box ads who desire to protect their identity can follow this procedure:

Enclose your reply to the box in an envelope addressed to the Classified Manager, Manchester Evening Herald, together with a memo listing the companies you do NOT want to see your letter. Your letter will be destroyed if the advertiser is one you've mentioned. If not it will be handled in the usual manner.
