UN Agreement Near For Mideast Peace

UNITED NATIONS, N. Y. (AP)—A drafting committee was reported today as agreed to a plan aimed at opening the way to a permanent settlement of the Arab-Israeli conflict.

The drafting team consisted of six of the 10 elected council members—India, Argentina, Brazil, Nigeria, Ethiopia and Mali.

The Indian draft reportedly calls for peace on the basis of respect for the rights of all states to security and independence and an end to the state of belligerency toward Israel.

It would also specify the need for free navigation through international waterways and settlement of refugee problems.

The Danish draft, supported by the United States and Israel, would merely give general instructions to the representative.

The Latin American proposal resembles that of India, calling for Israel withdrawal from "possessions occupied by it as a result" of the war.

Prison Pen Pal

ATLANTA, Ga. (AP)—Two detectives who captured a man running from a bank three months ago now have a pen pal. Or is it a pal in the pen.

The man, James J. Paschall and O. L. Adams received a letter this week from Jimmy Wilson, who was convicted of a \$2,776 robbery and sentenced to 15 years in prison.

Wilson, 22, thanked the officers for the kind treatment they gave him while he was in prison and said: "See you in 15 years. Your pal, James J. Paschall."

The U.S. Command announced that three U.S. Navy jets were shot down in Thursday's raid and all three pilots were missing.

South Viets Repulse Three Suicide Runs

SAIGON (AP)—A South Vietnamese infantry battalion repulsed three North Vietnamese suicide charges by a North Vietnamese regiment today and reported 134 of the enemy were killed.

The action near Phuoc Binh, capital of Phuoc Long Province, was the biggest ground battle in a week conducted by intense U.S. air raids on North Vietnam.

Navy Pilot Captured

LI. Cmdr. John S. McCain III, son of the U.S. Navy's commander in chief in Europe and grandson of one of the Navy's greatest World War II carrier commanders, apparently has been shot down and captured in Hanoi yesterday.

McCain was seen in a picture in July when he was third in line to take command of the carrier Forrestal when fire and explosions swept the ship. (AP Photo/Staff)

Students at Oberlin Picketing Recruiter

OBERLIN, Ohio (AP)—Oberlin College students staged a picket line today to protest the recruitment of a Navy recruiter on campus.

The picket line was held in front of the college placement office in Peters Hall while officers formed a picket line outside the building.

A student spokesman said the group would clear the area of anyone leaving the placement office, but would not let anyone enter.

Two Navy recruiters—Lt. Cmdr. Smith of Detroit and Lt. J.G. Phillip of California—were inside the office.

Chief Inspector Henry B. Montague said since the recruiter broke up the demonstration with a fire hose, he will be arrested.

Eight Oberlin policemen, wearing riot gear, were standing by in case of trouble.

Dr. Robert K. Carr, Oberlin president, said morning classes were conducted normally.

Maid Dies, Charges of Murder Filed

HARTFORD (AP)—Murder charges are being filed against a 26-year-old woman charged with the slaying of a 6-year-old child in West Hartford, the state's attorney's office said today.

The victim, Mary Zettie Morris, 6, of East Hartford, died at New Britain Hospital during the slaying. She had been hospitalized since she was bludgeoned on the head last March 19.

The two suspects, George J. Morin, 27, of East Hartford and Joe G. Leitch, 28, of Hartford, are in jail on charges of burglary with personal violence.

West Hartford police said Morris told two burglars trying to crack a safe in the basement of the West Hartford home where she was employed.

Some GI Deserters Work Black Market

SAIGON (AP)—A number of U.S. servicemen deserting from Vietnam and trying to live by dealing in the black market, plugging in money to get a false passport and are smuggled out of the country.

Some of them also join up with prostitutes and live partly off their earnings, the source said.

A few peddle marijuana and other drugs, but the drug is so scarce that it is sold at a high price.

The number of deserters at large runs from 40 to 50 at any given time, the source said, but they are scattered throughout the country.

The deserters are able to get a false passport for a time, but they are eventually caught and returned to Vietnam.

Wiley Dies, Once Senior GOP Senator

PHILADELPHIA (AP) — Former U.S. Sen. Alexander Wiley, a prominent Republican isolationist who later became chairman of the Senate Foreign Relations committee, died at age 83.

Wiley, a Wisconsin Republican who served four terms in the senate, died Thursday at the High Oaks Nursing Home, after suffering a stroke.

Wiley was admitted to the Christian Science home after suffering a stroke several days ago. A spokesman there said High Oaks is the closest Christian Science hospital to Washington, D.C., where Wiley lived with his second wife, the former Dorothy May Kiddy. His first wife, the former May Jenkins, died in 1952.

Justice Marshall's Position Seen as Cautious Liberal

Douglas joined Fortas in criticizing the majority for not taking the case and deciding if admission of such students at trial should be prohibited.

Although the term is young and the evidence necessarily limited, an analysis of his performance to date indicates a liberal stance but a rather cautious one.

As U.S. Solicitor General, Marshall had appealed publicly to the nation's prosecutors to make sure defendants get a fair trial. Last Monday he took a significant stand in this area.

Leaf Duster 'Special' Movies Released Working in Skyscrapers

NEW YORK (AP) — Ada Lyons starts at the bottom and works her way up every week. She's a leaf duster for 300 artificial plants scattered over 32 floors of a Manhattan skyscraper.

Each week she starts on the first floor and works up, floor by floor. By the end of the week she finishes up on the 32nd floor.

Some industry observers fear that subsidiaries will be used to make a mockery of the self-censorship code.

Some plants have dozens of tiny leaves. Others have only a few but they're great, big things. Some of the plants are pot size. Others are taller than Mrs. Lyons, who stands five feet. She uses a ladder to clean them.

Radiogram Mis-Routed Radio Officer Declares

NEW YORK (AP) — The suspended chief radio officer of the National Government Communications Commission declared today that a radio message was mis-routed to the hands of Gov. Ronald Reagan of California.

Berger said in his statement: "I am fully aware of my legal and official responsibilities to maintain the secrecy of communications."

He said he went to the independence radio room at 6 a.m. on Oct. 18, and was the only radio man in the room at the time. He said he found a large pile of radiograms in envelopes ready for delivery and saw two long messages—one for Daniel and one for Reagan.

Berger was suspended pending investigation when the American Export Laboratories later, which took 40 governors to the White House returned here last Tuesday.

He said he gave a balloon copy of two different messages to one for Reagan and one from the White House addressed to former Texas Gov. Price Dan Rouseley by because of a note on the message.

Apparently Gov. Reagan received both Xeroxed (copy) messages, Berger said. "How the message to Daniel was mis-routed is not clear."

Grant says the blame for the incident on the lack of job descriptions which would clarify the duties and responsibilities of the Board of Representatives has indicated its favor for the creation of the descriptions but they haven't yet been formulated, according to Grant.

Grant repeated his complete faith in Dr. Kristian, pointing out he is his personal physician. "If I had any doubts about his ability, I certainly wouldn't entrust my torso to him," Grant stated.

The disagreement reportedly involved Grant's criticism over the absence of Kristian for a 12-hour period when Grant felt he was necessary.

Naval Family Scion Down Over Hanoi

TOKYO (AP) — Lt. Cmdr. John S. McCain III, son of the U.S. Navy's greatest World War II carrier commander, was apparently shot dead and captured in Hanoi.

Naval News Agency reported today that Lt. Cmdr. John S. McCain was one of "many U.S. pilots captured" in Hanoi Thursday.

Vice Adm. John S. McCain Jr. said at his headquarters in London that he had been notified by the Pentagon that his son was missing over North Vietnam. He was a pilot aboard the carrier.

The North Vietnamese agency said Lt. (j.g.) Charles Donald Rice also was captured Thursday. It said his service number was 710266 but gave no further information.

The agency gave this account of McCain's capture: "McCain's Phantom jet was 'blasted down' by a ground-to-air missile before it could strike the target area of the compound of a factory, while the pilot parachuted into the Free Ban lake inside the city."

"From an observation post on the shore of the lake, a shout rang out. 'Get him! Get him!'" "The home guard units and people's defense committee forces nearby echoed the shout. 'Get him! Get him right away!'"

"From the corner of the lake someone threw into the water two big bamboo tubes. A second lieutenant of the people's security service flung himself into the water and pushed the bamboo forward while swimming."

"He was followed by many other young men. From the other side of the lake many people who happened to be on the scene also swam to ward the fallen air pirate."

"The Communist agency said (who) sank immediately after reaching the water. Four of his captors hauled him up. Two of them locked both his arms while the other two put his head on a bamboo tube."

Town Health Director Offers To Quit in Rift with Mayor

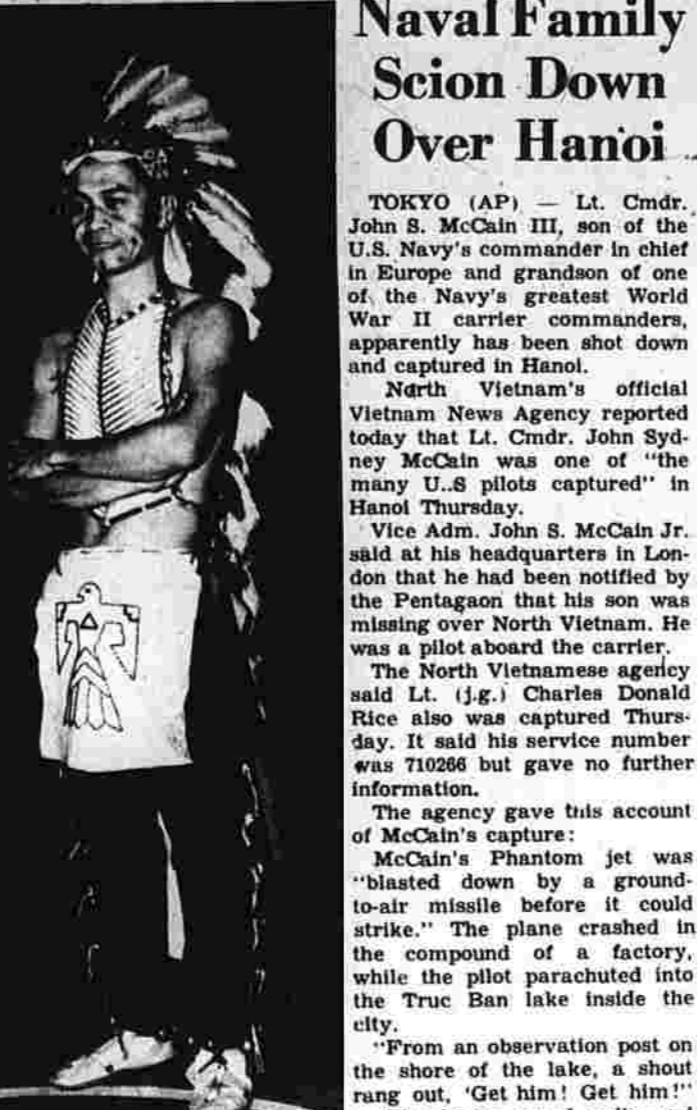

A disagreement between Mayor Grant and the town health director has resulted in the submission of a letter of resignation to the Mayor.

Dr. Kristian claims it is a matter of self respect that he will not accept the resignation of town health director Dr. Joseph Kristian, learning that Dr. Kristian's resignation becomes effective.

The disagreement reportedly involved Grant's criticism over the absence of Kristian for a 12-hour period when Grant felt he was necessary.

Grant repeated his complete faith in Dr. Kristian, pointing out he is his personal physician. "If I had any doubts about his ability, I certainly wouldn't entrust my torso to him," Grant stated.

Congress Aims to Quit
By Thanksgiving Day

By WILLIAM F. ARBOGAST
Associated Press Writer
WASHINGTON (AP) — With hopes high and fingers crossed, Congress is shooting for adjournment of its 1967 session before Thanksgiving Day.
The unofficial list of "must" bills for disposal this year has been narrowed. It now includes Social Security, foreign aid, antipoverty and pay raise legislation, plus the remaining money bills. The list may be pared down further as the fever to quit spreads, with only the money measures absolutely demanding action.

Couple Buys Slum House—and Makes It a Showplace

BY VIVIAN BROWN AP Newswriter Writer There was a time when outer Peggy Mann and her husband, Bill Houlton, who had bought a house in a "troubled" neighborhood of New York, thought they should have had their heads examined. Their friends agreed.

The Houlton's house is in a slum neighborhood.

income group housing, Peggy says. The plan called for retaining the best architecture of the past, rehabilitating brownstones that had become rooming houses and for raising only those dwellings unfit for habitation. It provided for 1,700 luxury apartments, 200 middle income units and 2500 low income units.

Peggy Mann wasn't discouraged at this early view of her back yard. It has since been turned into a delightful green haven.

### Bolton Conservation Commission Adopts Open Space Plan

The conservation commission adopted its recommendations for an open space plan at a meeting last night. It will be transmitted to the planning commission with the recommendations that it be made a part of the town plan. The planning commission will hold a public hearing before its adoption.

In commission questions, Robert Young was chosen a chairman, succeeding Quicker Wilkins, and Stanley Bates was selected secretary.

The open space plan lists three priorities of areas of acquisition. The first is the area around the town hall, the second is the area around the town hall, and the third is the area around the town hall.

The commission also held an informational hearing on the plan at the town hall last night. The plan is to be adopted by the town council in the next few weeks.

The plan is to be adopted by the town council in the next few weeks. It will provide for the acquisition of land for parks, recreation areas, and other open spaces.

The fourth lecture in the Manchester Adult Evening School's series on Personal Money Management will be held Tuesday from 7 to 9 p.m. in Room A-7 at Manchester High School.

The program's aim is to provide a local window on the world. The report recommends the implementation of highway programs at the state and local levels with coordinated transportation and land use planning through the planning agencies at the state, regional, and local levels.

Regional supervision, when and if necessary, and sponsorship of the necessary only if should be desirable. Actual public operation of mass transit would be profitable for private companies, the report notes.

Water transportation is of little concern to local and regional interest except for recreational boating, the report notes.

Human Resource services should generally remain at the local level, the report summarizes. A regional approach in the area of housing and state's already heavy commitment to welfare are the exceptions.

Private agencies should be encouraged to perform important services. Cooperation with public agencies is necessary. Refuse collection and disposal should be a public responsibility.

The formation of intertown health districts would provide small towns with more comprehensive public health services. This would include intertown drainage.

Regional and sub-regional water supply districts are recommended which would supply, treat and distribute water for regional communities such as Bloom, for towns with less than 500 secondary pupils, to provide further educational service to the student.

The idea of a regional advisory board is proving to have real merit for elementary and secondary schools, and for the regional community colleges, the report states. The state colleges and universities are properly placed at the state level, it reports.

The report urges a regional-local coordination approach to library administration and operation. State recreation and open space responsibilities should be broken down into park districts and commissions and local organizations. An alternative would be the granting of regional park responsibilities to an existing agency (possibly MDC) or a new regional agency. The report recommends that the regional advisory board be given the establishment of a regional data service for local governments. Economic studies could be accomplished by regional co-operation in the

Summit Meeting With Viet Allies Is Not Decided

WASHINGTON (AP) — The White House said today no decision has been made on whether to hold another summit meeting of Vietnam allies this year.

In response to questions, press secretary George Christian said consultation among the seven countries that have committed forces to the Vietnam war were continuing on "whether to have it, where to have it and when to have it."

Asked if this meant a decision might be made against holding a summit similar to one held in Manila a year ago, Christian replied, "yes, I think that question is still open."

Attitude Shifting About Funerals Survey Discloses

ATLANTIC CITY, N.J. (AP) — Americans are beginning to change their attitude toward funerals, a nationwide survey by funeral directors showed today.

The shift, particularly in large cities on the East and West coasts, is toward simpler, non-religious and less expensive funerals, the survey said.

But in rural areas, particularly in the Middle West and South, the overwhelming preference is still for the traditional funeral with its public viewing of the body, religious service and public burial.

Militant Negro's Arrest Labeled Harassment Act

NEW HAVEN (AP) — The arrest of Negro militant Fred L. Harris Jr. has been labeled by his supporters as an act of harassment aimed at putting down opposition to the city administration.

Yale sociologist Robert M. Cook, who ran with Harris last year on the American Independent Movement ticket, said the arrest was "part of an obvious, heavy handed, and unsuccessful attempt to squash the only viable opposition to the city's policies."

Fund Needs Mayor, Candidate Ask Help

For the first time in six years, the United Appeal of the Greater Hartford Council, which has been active in all intervention Thursday for this terribly desperate situation, Hatcher, who lacks the backing of Lake County Democratic Chairman John Krupa, told a news conference.

Manchester chairman Morrissey echoed Morrissey's concern, noting that although his team "has been working very hard," he was having difficulty getting enough workers to cover all areas of town.

Professor Cook, who ran unsuccessfully for Congress last year, said AIM has been heavily rumored for several months that "politicians in high places, and city officials, were 'out to get' him."

## Preparations Being Made For Fantasia

Preparations for this year's Junior Prom, Fantasia, are well under way. Dancing will be to Paul Lehderman's band on Saturday, Nov. 11, from 8-12 p.m. in the MHS cafeteria. A committee of juniors is working hard to make Fantasia a memorable evening.

Co-chairmen of the committee are Laura Zaglio and Gary Larson. Other members and their duties are: Carolyn Johnson and Martha Vermont (refreshments); Sue Moyer (publicity); Mindy Menschell (decorations); Bev Miller (flowers) and Doug Pastel (tickets, programs, and band). Others are Dave Ware, Cathy Heller, Ernestine Johnson, Lynne Derrick, Rick Ward, Tom Cose, White Jenkins, and Ted Malachuk.

The committee has decided upon the decorations for Fantasia but are keeping these secret. They have ordered programs and chosen ushers for the prom. Morning announcements are reminding students to buy their tickets for \$5.00 a couple at the front desk before and after school.

The class of 1969 promises to make Fantasia a truly enlightening evening. If you have not already done so, hurry and invite your date to the Junior Prom. There are only 3 weeks left before the fantastic evening.

Students are reminded that when they are absent from school due to illness, they should remain in their homes the entire day to hasten their recovery. They may not participate in any school sponsored activity on a day when they are absent from school.

Members of the committee are busy preparing for the Junior Prom, Fantasia.

## Octoberfest Held

For the MHS students the Octoberfest was a truly enlightening evening. The 20-minute lunch period held Octoberfest for more than 100 German Club members, their friends and families, the cafeteria was transformed into the setting of an excursion along the Rhine River and became a place of dining, dancing, and singing.

Guests at the German club banquet help themselves from the beautiful variety of native dishes and refreshments. The entertainment provided by folk dancers including (left to right) Mark Jenke and partner, Ann Henzen and partner, Jim Nicola and partner and Margaret Hellock and partner.

## Teepee Tales

The Meriden "Jinx" came back to haunt the MHS Football team last Saturday as the Indians were defeated by Maloney of Meriden 22-14. The Indians' first loss came at the hands of Platt of Meriden. Manchester tumbled back to fifth with a 3-2 record while Maloney vaulted into first place.

The traditional Grand March was the final event on the program. Led by officers of the German club, the line of marchers was twisted and turned throughout the cafeteria.

## Biologists Take Trip

An exciting and informative day in New York City was enjoyed by many students of Mr. Robert Sine's biology classes. These students spent Oct. 26 at the American Museum of Natural History.

## Girls' Leaders

The first meeting of the Girls' Leaders Club was called to order Friday, October 26th by Jan Mosley, '68, president. Roll call was taken and 20 members were present.

## Cross-Country

As the cross-country team finished its regular dual and tri-meet schedule with a record of 7 wins, 4 losses, it started its preparation for the annual meet in the next few weeks. Ahead of the team are the CCIL Field Day, the State Sectionals, the large school championship meet, and, hopefully, the New England meet for one or two runners.

## Soccer

The Manchester High Soccer Team chalked up a big victory, trouncing Wethersfield 8-2 Tuesday afternoon. Ironically, this matches the win-loss record they tallied this season.

Dear John, I realize I could have, and probably should have, written to you sooner but I actually did not know where you were. It is extremely hard to find the address of someone living out in the woods, spending all his time kayaking in nearby rivers and sailing, canoeing, and water skiing on lakes.

Now that you're out of college and working vigorously with photographic journalism, I often think of the times when we were younger. You were always so busy. Most of your time was spent in room 215 of MHS, editing the 1968 Somnibus, taking and cropping pictures, or efficiently supervising your staff.

## Shortage of Football Coaches

Is the football program at Manchester High School behind the times? One wonders, and for good reason, how a school the size of Manchester High can come up with a varsity coaching staff of but two men, Head Coach Dave Wiggin and his assistant, Larry Olson, while other schools, many much smaller in size and enrollment, have four or five coaches on the varsity level.

Wiggin's at a disadvantage, and Manchester High is, too. Manchester High needs at least two more full-time football assistant coaches. Wiggin would welcome, in any qualified men from the system. That is, if the funds were available to make it attractive enough.

Former Head Coach Walker Briggs, who turned trainer after relinquishing the reins, handles the current javves squad along with Ron Treat. Briggs, the two some is out scouting future Manchester High varsity opponents.

Wiggin runs the Indians from the field while the two-man coaching staff is operated by Olson at the press box and volunteer Tom Corrigan at the board line. This isn't enough manpower.

## Could Lose Wiggin

The head coach, Wiggin, in his third year here, needs help and it should be coming soon, or Manchester will lose this gifted individual. This means a threat, on anyone's part, but a fact.

Wiggin, the school's first full-time football coach — his predecessors were all classroom teachers — first and second — has clearly demonstrated that he knows the game from A to Z. He's done the job expected but he needs help in the form of assistant coaches if he's to compete on equal terms with rival CCIL schools.

It's asking a lot for two men to mold together a winning team — which is what every one wants, from the top school administrator down to the newest student — without the proper staff.

The situation could be critical.

It's time now that some action was taken to increase the varsity football staff before another season rolls around.

If not, Manchester High may be falling behind the times, again.

# Key Game Tomorrow for East Catholic, Rockville Awaits Arrival of Indians

By BARRY COWLES

"We are going to put the brakes on and come to a screeching halt. We have been sliding out last three weeks," expressed Coach Cliff Demers of the East Catholic High Eagles as he prepared to travel to Penny High of East Hartford Saturday. Kickoff is slated for 2 o'clock.

The Eagles have lost their last three starts winning only one game. They have been sliding out last three weeks. They have been sliding out last three weeks. They have been sliding out last three weeks.

encounter to see if the Eagles have enough desire to continue with the toughest games still facing the locals.

Introducing some changes in the lineup, Demers hopes he has the right combination. Jim Rose will be at offensive guard, replacing Jim O'Neil sidelined with injuries. Brian Sullivan will be operating from either split end or flanker. John Aliberti will move backback, with John Quinn taking over at quarterback.

Defensively, things will remain the same, hoping to keep

the opponents confused by mixing up the conformity of plays. Penney, coached by Ed Meyer, hopes depth and could be in a bad situation if any injuries are suffered. Experience has been the key to their success this year as a well rounded team has jelled at the right moments.

Big and powerful is how the line can be tagged, with two outstanding ends, Gary Pawlowski and Roger Petrin, both fast and excellent receivers. Quarterback Rick Wood does a fine job of getting passes to their intended receivers. Wood has three years experience behind him.

Mainly Penney is a deep passing team, once outside its 20 yard line. The Eagles main objective will be to contain the backfield and get through the pass protection, no matter how tough it seems to be.

"This will be our key game of the season, and I feel we can get a good job out of us as we keep the aerial attack of Penney to a minimum," expressed Demers.

Meanwhile over on Indian Hill, the Manchester High squad is preparing to meet against neighboring town of Rockville to face the Rams in a 1:30 encounter.

Termed an underdog, the Indians will be showing a number of new but familiar faces in the starting lineup. Coach Dave Wiggin, not satisfied with the performance of a few squad members, feels the changes may get his team back on the winning grid.

Rockville has been on a two-week rampage and won the last two games, the first two in the young history of the school, and to good.

## Pro Football Season Reached Halfway Mark

Upset Specials for Weekend Include Giants over Browns

NEW YORK (AP)—St. Louis over Green Bay and Cleveland are the upset specials this weekend as the pro football season reached the halfway mark.

Baltimore should remain the only unbeaten team in the National Football League but the San Diego Chargers may fall before the Oakland Raiders in their first American Football League loss.

Some other notes on the trades: Of the 66 players involved in eight deals involving 17 players. The least active club was Dallas, with one player acquired in two trades. Least active a year ago was San Francisco and St. Louis, each with one trade.

## Explosive Powers Clash at Harvard

BOSTON (AP)—The explosive offensive machines of Dartmouth and Harvard collide in the dream game of New England's 1967 college football season Saturday, but defense is expected to have a lot to do with the outcome.

The parade of touchdowns turned by both squads so far runs to identical 40 records on the line against the Indians for the second year in a row. Strangely, however, this will be the first meeting ever in which both clubs have been undefeated.

Despite the emphasis on the show business clash, another major Ivy League struggle is in prospect as Cornell invades Yale. The Big Red will be out to rebound from last week's tough loss while Cornell, still tied for the league lead with a 2-0 record.

In another game of high local interest, Boston University will be out to break a four-game losing streak and recoup some solace from a disappointing season in its homecoming game against the Boston College Red Sox.

Junior Danny Lucia will start at quarterback for the Terriers. The biggest name on the roster is the first meeting ever in which both clubs have been undefeated.

## Bruins Tied For Second, Blank Kings

The Boston Bruins, whose new offensive punch has been flatting NHL's leading Hockey League for a zany clip, can defend themselves too.

Goalie Gerry Cheevers brushed off 20 shots Thursday night as the high-scoring Bruins showed their defensive mettle with a 2-0 victory over the Los Angeles Kings.

The Bruins, who were outscored 29-12 last season, are tied with New York and Detroit for second place in the NHL's East Division — just one point behind front-running Montreal.

Los Angeles, whose five-game unbeaten string ended at Toronto Wednesday night, still leads the new West Division by a point.

The Canadiens clinging to the East lead by playing New York to a 1-1 standoff and the rearguard Red Wings walloped California 6-2 in Thursday's other game.

Johnny Bucyk scored twice for the Bruins, who play the 12-team circuit in scoring with 27 goals in six games.

"Booey Boom!" Geoffrion's 50-foot goal late in the opening period and brilliant goalkeeping by 24 goalie Gump were the Bruins' key to a 2-0 victory.

Prizes were awarded to the following winners by Mrs. Simon Spring: Tournament champion, Mrs. Florence Barre and Cora Anderson, runner-up, Class A—Mrs. Helen Reynolds, low gross; and Esther Burnham, low net; Class B—Cecil Perry and Lucille Carver, Club Champion; Mrs. Helen Noel and Ellen Kirkpatrick, runner-up; Class C—Helen Roy and Doris Carrolls, low net; Julie Falken, low net; Class B—Helen Perry and Eileen Plodzick, low net.

## East Harriers Unbeaten During Rebuilding Year

By BARRY COWLES

Every coach would like to have a "rebuilding year" like Coach Riley O'Donnell of the East Catholic cross country team has had this year. Going the entire dual meet season undefeated, the Harriers posted a fine 9-0 record with a 3-0 standing in the Hartford County Conference.

This is O'Donnell's third successful year as top brass in the running department after posting previous records of 8-1 and 7-2. O'Donnell is assisted by Dave Kelley, who has been at the beginning of the season, O'Donnell said of Kelley, "He possesses the knowledge, interest and enthusiasm I have been looking for." Certainly after a season like this it is not to be forgone.

An outstanding job of running was accomplished by the team of Jim Paragallo, Norm Pelletier, Bill Shon and Rich Shon. Of the four swapped finishing positions all season no time was lost to victory. Pelletier placed first five times and second with one first. Paragallo reversed the numbers securing two first, five seconds and one third. Shon placed fourth and seventh in the first two races, fourth and one each in third, fourth and sixth in fourth, one sixth in fifth, one sixth in sixth, one sixth in seventh, one sixth in eighth, one sixth in ninth, one sixth in tenth, one sixth in eleventh, one sixth in twelfth, one sixth in thirteenth, one sixth in fourteenth, one sixth in fifteenth, one sixth in sixteenth, one sixth in seventeenth, one sixth in eighteenth, one sixth in nineteenth, one sixth in twentieth.

## Ponies After Title Saturday

Midget Grid Crown Up for Grabs Tonight

Which team will wear the championship crown in the Manchester Midget Football League... The Giants... or the Patriots?

The answer will be forthcoming tonight when the regular season closes with the usual doubleheader at Mt. Nebo.

Paired in the first game will be the Eagles, both mentors of former teammates with local (8-2) against the Patriots (3-2) at 8:30. Only the Jets are out of the running, starting at 7 o'clock, the Ponies Raiders of Coach Jack McNary will have two objectives in mind: (1) To complete a perfect regular season record (2) to wrap up the Charter Oak Midget Pony Division Conference title.

## Three Gold Medals For Schollander

MEXICO CITY (AP)—Don Schollander doesn't expect to burn as bright in 1968 as he did in 1964, but he has served notice on swimmers to retire in a blaze of glory after learning U.S. plans to retire to four gold medals Thursday night in the Pre-Olympics.

The 26-year-old swimmer won four gold medals in the 100-meter butterfly, 100-meter freestyle, 200-meter freestyle and 400-meter freestyle.

Schollander, of Saratoga, Calif., teamed with Roble, Peter Williams of Pittsburgh and Andy Steinkamp of California, for a relay time of 3:48.1 to beat Mexico, the only other entry.

Born in Berkeley, Calif., Schollander is the only American to win a gold medal in the 100-meter butterfly at the Pre-Olympics.

## Irish Meet Spartans With Little at Stake

NEW YORK (AP)—Last year's Michigan State-Notre Dame football game was the closest a game ever came to deciding a national championship.

This year, the Spartans have already been beaten twice and the Irish can't even claim the championship of Indiana.

Trojans should have little trouble with the Spartans in their first five games, three without scoring a point, before beating Michigan State.

Second-year UCLA has the week off to plan for rugged Oregon State next week. The Beavers, who knocked off second-ranked Purdue last week, meet the Spartans in a top game.

North Carolina State, which has won five in a row and is 10th in The Associated Press poll, will play Wake Forest.

And as if the woe of the two teams weren't disappearing enough, events of the past week have further conspired against the game. Michigan State's star quarterback Jimmy Brown is definitely out of the game with a broken rib and six other players were suspended with 21 shots—good for four more goals—in the last period.

Red Grant, now coach of the Minnesota Vikings of the National Football League, spent 10 years as coach in the Canadian Professional League.

## Hunting and Fishing

DEEP AND SLOW

If you're not getting fish these days, the odds are about 20-to-one you're fishing too deep.

The most exciting type of angling occurs on the surface, but over the long haul you'll find that most fish in most areas are taken in deeper water.

Fish "on deep" is the advice offered to fishermen by the experts at Mercury outdoors, and it's a tip that deserves further consideration.

While no expert in fishing is infallible, this business of catching fish with angling plugs when on-top baits fail to produce is merely common sense. Plugs and anglers who don't get on top baits fail to produce is merely common sense. Plugs and anglers who don't get on top baits fail to produce is merely common sense.

## Kelley Files Early Entry, After Seventh Race Win

By EARL YOST

Two decades ago a little comparatively unknown blond haired youngster out of New London answering to the name Johnny Kelley made his first appearance in the Five Mile Road race in Manchester. He placed a surprising fourth, trailing some of the greatest road runners in the country, Ted Vogel, Fred Schoffier and George Terry, the first two Olympic team members.

Today, this same Kelley, now 36, an English teacher at Fitch High School in Groton, is considered the biggest name in road racing circles.

His own personal long distance championship has won him more than 20 national titles. Kelley has captured eight National Marathon, ran in this event in the Olympic Games in 1966 in Melbourne and in 1966 in Toronto. He has won the Boston A. A. mile race in 1967. Last year he took Kelley 24:20 to cover the five miles. His first national title was in 1948. His best time was 23:59 in winning the 1967 race.

The race starts at 10:30 on Main St. and will be sponsored by the Groton Forest, Tail Coeders of Lebanon.

Coast Guard (9-4) and Worcester Tech (8-4) had almost equal chances so far, going into their game at New London. They even have been looking to win since last week.

Ending the soccer season good style yesterday Rockville won by whipping Western 2-0. The teams playing a double rest while Tech was being high hoisted Eastern High with a 2-2 string over three seasons and record and Ellington is 0-3-4 evening a last-minute 16-14 loss for the season.

## Unknown Leader in Sahara

LAS VEGAS, Nev. (AP)—The name Steve Spray may not register as a household fixture for television set viewers but he was the young fellow, age 26, from Cedar Rapids, Iowa, who led the way today in the 24-hour round of the \$100,000 Sahara International Golf Tournament.

Spray has been a pro only since March of 1965. He took the play away Thursday from defending champion Jack Nicklaus, 47-70, and Palmer, who had to shoot at least 88 to remain in the running. Spray, who still hasn't pitched a TD pass and that is the tourney favorite, survived a 145 cutoff score by one stroke.

## Grider Acquired

MINNEAPOLIS, Minn. (AP)—Carl Eller, defensive end of the Minnesota Vikings' NFL team, was acquired Wednesday of driving after his license had been suspended.

"It is quite clear to the court that the defendant did not have notice of the suspension," said Judge David R. Leslie of Hennepin County municipal court.

## Minnesota Not Warmed Up To Pro Basketball Sport

Minnesota was cold. So were the Muskies. And the fans don't seem to have warmed up to the idea of a new professional team either.

Only 807 customers turned out Thursday night as the temperature was in the 30s and fans were in the 100s.

An American Basketball Association game was scheduled for 7:30 p.m. but was postponed because of a blizzard.

Minnesota is now in a first-quarter lead in a 61-45 halftime game and coasted to a 77-45 victory over the Muskies.

In other ABA games Thursday night, New Jersey edged the Hawks 101-99 and Oakland defeated the Western Division's Los Angeles Lakers 114-110.

Minnesota is now in a first-quarter lead in a 61-45 halftime game and coasted to a 77-45 victory over the Muskies.

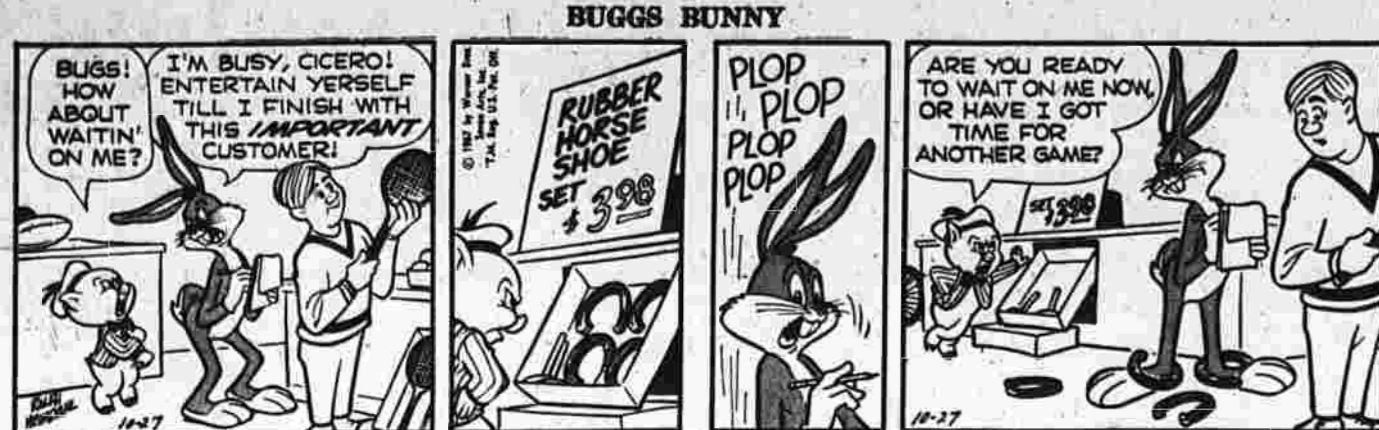

MANCHESTER

It's no secret. An Ariens Sno-Thru costs less than a snow shovel. It should. It does more. For one thing, a 2-stage Ariens cuts through after-bizzard drifts quickly and deeply. Takes on any type snow — clears it easily. An Ariens Sno-Thru gives you power — a way of putting Old Man Winter in his place. All Ariens Sno-Thrus have a 2-stage cutting system. A powerful 2-stage discharge chute. The Eze-Start 4 hp, 5 hp, 6 hp and 7 hp engines are winterized for dependable get-up-and-go performance. NEVER LOCK-OUT! Models 10M-4, 10M-5, 10M-6, 10M-7, 10M-8, 10M-9, 10M-10, 10M-11, 10M-12, 10M-13, 10M-14, 10M-15, 10M-16, 10M-17, 10M-18, 10M-19, 10M-20, 10M-21, 10M-22, 10M-23, 10M-24, 10M-25, 10M-26, 10M-27, 10M-28, 10M-29, 10M-30, 10M-31, 10M-32, 10M-33, 10M-34, 10M-35, 10M-36, 10M-37, 10M-38, 10M-39, 10M-40, 10M-41, 10M-42, 10M-43, 10M-44, 10M-45, 10M-46, 10M-47, 10M-48, 10M-49, 10M-50, 10M-51, 10M-52, 10M-53, 10M-54, 10M-55, 10M-56, 10M-57, 10M-58, 10M-59, 10M-60, 10M-61, 10M-62, 10M-63, 10M-64, 10M-65, 10M-66, 10M-67, 10M-68, 10M-69, 10M-70, 10M-71, 10M-72, 10M-73, 10M-74, 10M-75, 10M-76, 10M-77, 10M-78, 10M-79, 10M-80, 10M-81, 10M-82, 10M-83, 10M-84, 10M-85, 10M-86, 10M-87, 10M-88, 10M-89, 10M-90, 10M-91, 10M-92, 10M-93, 10M-94, 10M-95, 10M-96, 10M-97, 10M-98, 10M-99, 10M-100.
