Freed Sergeants Arrive in Paris

PARIS (AP) — Three U.S. Army sergeants, freed by the Viet Cong, landed in Paris today on the way to report to the Defense Department in Washington. ... They are under great pressure, said the State Department official, A.B. Beeton. ... Beeton said one of the three, Edward R. Johnson, of Sealife, Calif., was 'under medication. He is sick and suffering from diarrhea and malnutrition. Our first thought is to get him to a hospital.'

war American Peace Committee, told a reporter on the flight from Rome that he had been in Hanoi in the past 'but that had nothing to do with this.' ... They referred everything to Beeton, who sat across the aisle. ... Beeton denied that he was acting as a guard.

Four Sailors Desert, Ask Asylum in Japan

TOKYO (AP) — Four U.S. Navy men from the 7th Fleet aircraft carrier Intrepid have deserted and asked for political asylum outside the United States because they oppose the war in Vietnam, the Japan Peace for Vietnam Committee said today. ... The Japanese committee added that David Dellinger, an anti-war leader who helped organize

'I'm just going along to look after these boys and take care of them,' he said. ... He conferred with them during the flight and quoted them as saying they wanted to make no statements or be photographed before they had a chance to report to their superiors in Washington. ... One of the three, Johnson lay stretched out on a row of seats, covered from 'his feet to his neck by a blanket. ... Earlier in the day, an Arab (See Page Ten)

Thieves Get Large Haul In London

LONDON (AP) — Raiders broke into the London headquarters of a giant chain store cooperative over the weekend and ransacked 600 safety deposit boxes in an underground strong room, police said today. ... First reports estimated the haul at \$2.5 million but a store executive said this was too high. ... The master safe and some deposit boxes were burned open and rifled, police said. ... The raiders must have spent much of Saturday and Sunday using 'thermal lances' which burn through metal slowly but silently. ... Officials of the cooperative were unable to assess the loss immediately but a quick estimate put it at a million pounds. ... Under the cooperative system, customers can buy an enormous variety of items, have their purchases listed in their stamps book and then receive discounts periodically. ... The strong room is deep inside a three-story building on a busy street corner with a food hall on the ground floor and the cooperative's board room above it. ... The side is broken by an archway to a high-walled parking lot which closed down at 1 p.m. Saturday and was not reopened until 6:30 a.m. today. ... The archway bears a red and white lettered warning of dog patrol. ... News of the raid spread quickly and some depositors came by the headquarters during the morning to inquire after the safety of their deposits.

LBJ Listens in Pew To Cleric Challenge

Capt. Charles Neel, right, of Melbourne, Fla., and his co-pilot, Lt. Guy Gruters of Sarasota, Fla., celebrate after being plucked from the water off the North Vietnamese coast by U.S. helicopters. The pilots were hit by North Vietnamese anti-aircraft fire while marking enemy targets.

WASHINGTON (AP) — President Johnson spent a whirlwind weekend defending his Vietnam policies, then listened in church as a Virginia clergyman bluntly suggested the chief executive should publicly explain America's role in the war. ... This challenge was put directly to Johnson by the Rev. Dr. Cotesworth Pincney Lewis during Sunday services at historic Bruton Parish church in Williamsburg, Va. ... The President and Mrs. Johnson, daughter Lynda and her fiancé, Marine Capt. Charles S. Robb, sat in a front row pew—barely 10 feet from the Episcopal rector—as he put his questions.

The Johnson administration's public information policies came under attack a few hours later from the Freedom of Information Committee of Sigma Delta Chi, an 18,000-member professional journalism society. ... The panel said in a report that some of the administration's top officials have been 'deliberately misleading the public, the press and the Congress through flat lies, through half-truths and through clever use of statistics that distort.' ... The report, released in advance of Sigma Delta Chi's national convention opening Wednesday in Minneapolis, Minn., charged the State and Defense departments and the National Aeronautics and Space Administration are the worst offenders in 'the public information field. ... Although the President emerged from the church service with only the trace of a smile, he wasn't deterred from enjoying a pleasant Argonne day in the restored colonial capital of Virginia. He went golfing, then had dinner before flying back to Washington by helicopter. ... For the chief executive, the sandy-haired Dr. Lewis doubtless provided an unwanted climax to a 5,100-mile Veterans Day weekend tour that took him from Ft. Benning, Ga., to the carrier Enterprise off the California coast, then back to the East. ... In appearances at military bases Friday and Saturday before going to Williamsburg, Johnson defended his Vietnam policy and appealed for united support in the war. ... Dr. Lewis, however, told the President 'there is a rather general consensus that something is wrong in Vietnam.' ... 'We wonder if some logical straightforward explanation might be given without endangering whatever military or political advantage we hold. ... While pleading your loyalty we ask respectfully why? ... The minister, described by parishioners as a conservative Southern Democrat with roots deep in Alabama, said: ... 'We are appalled that apparently this is the only war in our history which has had three times as many civilians as military casualties. It is particularly regrettable that to most nations the struggle's purpose appears as a form of neo-colonialism.'

North Vietnam Regulars Repulsed in Dak To Attack

SAIGON (AP) — North Vietnamese army regulars charged at U.S. defenses near Dak To in the central highlands tonight but withdrew after two hours of heavy fighting. The Americans fired 106mm howitzers at point-blank range to hold their positions. ... Unofficial accounts from the scene said nine U.S. soldiers were killed and 25 others wounded, bringing the U.S. toll in 11 days of fighting in the area to 101 killed and 825 wounded. Red casualties in the fight were not immediately known. Before the fight their losses were more than 600 men killed. ... There were reports the Communist forces had breached the U.S. defense perimeter at one point in the fighting and that paratroopers of the American 173rd Airborne Brigade were rushed in to drive them out. ... AP correspondent John Lengel reported from the battle zone that the sharp new action came after a day of light skirmishes along the highlands battlefield. ... Earlier U.S. intelligence reports said the North Vietnamese had moved in reinforcements to bolster their ranks. ... 'It was hell,' said John Whately, a machine operator who witnessed the explosion. ... The new door just blew out of the machine and the steel was knocking people down everywhere. ... (See Page Ten)

So far 835 North Vietnamese soldiers have been killed over the last 10 days. U.S. casualties stood at 92 killed and 500 wounded, the U.S. Command said. ... In one clash today a U.S. reconnaissance team killed two men in a five-man enemy machine gun squad 3,000 yards from the Dak To airstrip. ... The number of American and enemy casualties in today's skirmishing were not available but were said to be light. ... The Dak To base camp, however, was bristling with activity. High Court Rules

WASHINGTON (AP) — Probationers facing jail terms have the right to a lawyer's help and if they can't afford a lawyer the state must supply one, the Supreme Court ruled today. ... With a unanimous decision, the Court applied the Sixth Amendment right to counsel to state probation revocation hearings. ... In earlier years the court had applied the right to most stages of the criminal process, including police station questioning and trials themselves. ... The ruling was given by Justice Thurgood Marshall, his first written opinion since joining the court. ... In it Marshall traced significant high court decisions involving the right to counsel since 1948. He explained why the court was now going one step further, using the Washington state probation revocation procedure as its springboard. ... Obviously, he said, a lawyer's help is necessary to marshal facts, introduce evidence and, in general help the defendant to present his case. ... However, he said even more important is the fact that certain legal rights may be lost if they are not exercised at these hearings. ... For instance, he said, under Washington law an appeal can be made in a case involving a plea of guilty followed by probation only after sentence is imposed. ... Therefore, he said, if a lawyer is not present when probation is

revoked, the right to appeal might well be lost. ... He applied similar reasoning to the possibility of losing the right to withdraw a guilty plea if a lawyer is not on hand and concluded: 'We do not question the authority of the state of Washington to provide for a deferred sentencing procedure coupled with its probation provisions. ... Indeed it appears to be an enlightened step forward. ... 'All we decide here is that a lawyer must be afforded at this proceeding whether it be la- (See Page Ten)

BIRMINGHAM, Ala. (AP) — An explosion at an industrial plant released tons of molten metal on a dozen workers today injuring most of them, four critically. ... Ambulances were packed with the victims, some of them with their clothing burned from their bodies. ... The director of public relations at the American Cast Iron Pipe Co., B. B. Warren, said there were no known deaths but eight to a dozen persons were injured. ... 'We were pouring a steel tube this morning,' Warren said.

Finast Shuts Town Stores In Dispute

All three First National Stores in Manchester were closed today by the company, in a move prompted by the walkout of about 1,900 union meat cutters in the company's Boston area stores. ... First National employees in Manchester charged that they had been locked out and insisted that they were not on strike. The strike, they said, affected only the Boston area stores. ... Four-foot-high window signs in Manchester and in the chain's other area stores read, 'This store closed because of a labor dispute.' ... Employees, milling around the entrances to the three Manchester stores, said that they were waiting for signs being prepared at union headquarters. Question on Agenda

Military Seen Against Bomb Pause

By FRED S. HOFFMAN AP Military Writer WASHINGTON (AP) — Gen. William C. Westmoreland and the Joint Chiefs of Staff can be expected to stand fast against any new proposal for an extended pause in U.S. bombing of North Vietnam. ... The perennial bombing pause question is on the list of matters to be reviewed at this week's high-level conference. ... Westmoreland, U.S. commander in Vietnam, is due here Wednesday to join Ellsworth Bunker, U.S. ambassador to South Vietnam, in discussions with President Johnson and top officials of the Defense and State departments. Johnson meets with Bunker today. ... Pentagon sources said there are no urgent issues at this time — nothing in the way of new troop increase requests or logistic or operational problems. The conferences were billed as a general review. ... The meetings come at a time when the Johnson administration appears to be stressing the theme of 'steady progress' in the Vietnam war. ... Bunker used this phrase on his arrival Friday from Saigon. High U.S. military officials followed up with a similar line Saturday in talking to newsmen, although they did predict hard fighting in certain critical areas. ... In other war-related developments: ... Retired Lt. Gen. James M. Gavin said his recent trip to Vietnam convinced him the ad-

ministration plans to keep the enemy so that he always knew in advance what he proposed. ... Sen. Eugene J. McCarthy, D-Minn., said in a Chicago speech: 'The '68 elections will be a vote on Vietnam. It is clear the question will not be settled in the Senate or in Congress. We must take it back to the jury.' ... McCarthy said he hoped other senators who oppose administration war policies will enter presidential primaries next year. He said he won't announce until about Dec. 18 if he plans to oppose Johnson for the Democratic nomination. ... Sen. Jacob K. Javits, R-N.Y., predicted Johnson may ask Congress next year for a pre-election vote of confidence in his Vietnam policies. (See Page Four)

Hebron Education Board Approves Request for Another Bus

The Hebron Board of Education has approved the request for an eighth bus. According to the report, the administration may put on another bus whenever it seems necessary. Principal Ray Gardner says all buses will be operating at capacity by Jan. 1 when children are scheduled to enter the new elementary school.

It has been estimated that the cost of the additional bus for the balance of the year will be \$2,000.

Enrollment figures as of Nov. 8, show that a total of 600 children are attending the Hebron Elementary School. Of this number 12 are enrolled in special class and 536 are in regular classrooms. Four of the special students are transported on the bus making the present seven buses transporting a total of 602 children daily.

The estimated enrollment based on enumeration figures was 577 children for September. The current enrollment is 586. Since the opening of school children have entered school.

Superintendent Aram Damarjian has reported a possible \$13,000 deficit in the operating budget of the school. This figure, with the cost of additional transportation, could make a possible deficit of \$4,000 by the end of the year. The board voted to send representatives to the Finance Committee meeting on Nov. 27 to acquaint them with this information.

Plans for moving into the new school were discussed. The board also discussed the naming of the new school. Chairman Mrs. Marion Fouts has appointed Mrs. Jane Jones, Mrs. Edward Fillmore and Edward Hinchliff to the special committee. They will review possible names and bring in a recommendation at the next meeting.

Moving operations will begin as soon as the classrooms are ready. But it is not anticipated that children will be able to start classes there until Jan. 2. Richard Dibonzo will transfer from his second shift custodial duties at Hebron Elementary School to custodial duties at the new school.

The board has authorized the administration to hire a full-time second shift custodian for the Hebron Elementary School. Applications and information may be obtained from Principal Ray Gardner.

A recommendation has been sent to the town to have a traffic hazard survey taken in the area of the new school. At the time the school site was proposed, it was estimated that no lights or other controls were necessary. The town is being

ham reports that Dr. Mervyn Little, school doctor, will begin physical examinations on those first and fourth grade children whose parents requested physicals by him Tuesday. He will continue the examinations each Tuesday until they are completed.

The superintendent recommended that two head teachers be appointed. Michael Klapik is the suggestion for the Hebron Elementary School and Miss Natalie Colombo for the new school. When the school was to originally open in September, the head teachers were to get \$400 and \$200 more, respectively. The proposed salary for the head teachers brought to the board for the period from January to June is the same.

The board did not feel this was in the best interests of the children and the matter is to be referred to the personnel policies committee.

The board received a request from a parent to admit his son to kindergarten although his fifth birthday does not occur until Jan. 15. Under present regulations, a child must be six years old by Dec. 31 to enter first grade that year. If the boy were allowed in kindergarten this year he would be entering the first grade with his sixth birthday falling beyond Dec. 31. During discussion, the board decided to table the request until the policy can be reviewed and the advisability of changing the policy weighed against the occupational children to enter school early.

The board also voted to add two recovery couches and a scale to the list of equipment for the new school. The amount, according to the school nurse Dorothy Kirk-

Sen. J. W. Fulbright, D-Ark., said he believes the American public is wearying of the war. Fulbright, one of the Senate's most outspoken war policy critics, said he feels public support is growing for his position.

The bombing pause question was pushed to the forefront again over the weekend when President Nguyen Van Thieu of South Vietnam announced his country's forces would observe a 24-hour cease-fire over Christmas, and possibly the New Year and the lunar new year as well.

State Department sources indicated there is no diplomatic push at this time for any extended bombing pause and no break in the diplomatic impasse over ways to get some kind of peace negotiations started.

Pentagon officials said there has been no indication of any change of viewpoint by Westmoreland or the Joint Chiefs on the bombing pause issue.

When Westmoreland was here in April, he made it clear he opposed cease-fires because the Communist enemy has used such truces to reinforce and re-supply fighting units.

Gen. Earl G. Wheeler, chairman of the Joint Chiefs of Staff, testified last August before a congressional panel that "the ultimate success of our effort to get to depend" on a steady pressure day after day, weather permitting; night after night until we really attrite these people to whom they cannot support their war in the South."

North Vietnamese Regulars Repulsed in Dak To Attack

transported road into the 5,000-yard airstrip at short intervals with more supplies and ammunition. Bare-backed U.S. gunners worked their howitzers against the 150-ton munitions train.

Despite monsoon rains, Marine all-weather A-1 intruders flew into North Vietnam's heartland to attack the previously flat Dong Ri airstrip in the southern peninsula.

Navy pilots from carriers in the Tonkin Gulf reported hitting 12 cargo barges 13 miles north of Haiphong. Most other air raids concentrated on supply lines and military positions near Dong Ri in the southern peninsula.

In a delayed report, U.S. headquarters said two Air Force Phantom jets were lost over the North Friday and their crews were rescued. This brought total announced losses over the North to 777 U.S. aircraft.

Other military action was reported Friday. U.S. headquarters reported that two enemy regiments were shifted to Dak To from the North, about 75 miles farther south, to give the North Vietnamese a force of 100,000 men around Dak To.

Some 4,000 or 5,000 American soldiers face the Communist force which was known as the second front—the first is below the demilitarized zone—the first large-scale fighting erupted there May 1.

The U.S. Command, revising its casualty figures, said 82 American and 338 North Vietnamese troops have been killed in the heavy fighting. Headquarters said 200 U.S. troops were wounded, but about half of them were treated at medical clearing stations and returned to duty.

An all-day battle Saturday was fought at such close quarters that 22 enemy bodies were found only 25 yards outside the U.S. defense perimeter.

Units of the 11th Airborne Brigade reported killing 12 North Vietnamese troops Sunday in scattered contacts throughout the day in the same general area where the paratroopers fought the hard battle Saturday.

The paratroopers made sporadic contact several times Sunday with enemy troops entrenched in bunker complexes and called in artillery and air strikes on the Communist positions. One paratrooper was killed and 14 wounded. More enemy attacks were expected.

"The North Vietnamese appear to be employing their old tactics of moving a battalion-size force to face a company or smaller force in an attempt to overrun them," said Capt. Kenny Mitchell of Aniston, Ala., a 4th Division operations officer.

"I feel that the North Vietnamese think they can at least hold their own against our forces, or they would have moved out of the area by now."

Air Force B-52 bombers kept up their contact with North Vietnamese again throughout the day in the same general area where the paratroopers fought the hard battle Saturday.

The eight-engine Stratofortresses raided suspected enemy positions near the demilitarized zone Sunday night and today, hitting areas two and nine miles north of the U.S. Marine outpost at Chu Trinh.

Elsewhere in the ground war, a base camp of the U.S. 25th Infantry Division 14 miles north of Saigon was hit by 110 rounds of Communist mortar fire Sunday night, wounding 34 Americans.

Forty miles away, a platoon of South Vietnamese militiamen and civilian engineers were ambushed while en route to a concrete bridge the Viet Cong had mined. Two other companies of militiamen backed by two armored cars also were ambushed when they moved up to reinforce the bridge.

Headquarters said government casualties were heavy, and three Viet Cong also were reported killed.

U.S. headquarters took the security wraps off a 28-day-long search and destroy operation around Quang Tri City 25 miles north of the demilitarized zone. The operation is aimed at taking pressure off the northernmost provincial capital area.

A spokesman said there has been only light, scattered action in the operation, named Operation M. The Marines reported killing 37 Communist troops, detaching 100 suspects and capturing 10 weapons and 15 tons of rice. Marine casualties have been 10 dead and 70 wounded.

South Korea's Tiger Division reported its men have killed 78 North Vietnamese regulars and captured 23 prisoners in a week of fighting near the coast about 80 miles north of Saigon.

Korean casualties were described as light in the continuing operation.

A spokesman said the fighting has occurred on the Do Boi plain about 15 miles north of Qui Nhon, a rich rice area. He said North Vietnamese troops had begun infiltrating back into the area, and a prisoner said they

Night Watchman Held

DARTMOUTH (AP) — A night watchman at a greenhouse has been charged with aggravated assault after an exchange of gunfire with another man, who was wounded.

Police said the other man, Alex Horvath, 38, of Fairford, was shot Sunday night and was taken to Norwich Hospital.

Charged with aggravated assault was John Miles, 31, of South Norwich, night watchman at the Darton Greenhouse on Raymond Street.

The proprietor said the person was wearing a stocking mask and had a woman's voice. When the person was let in, Horvath said, a fight broke out.

Horvath was arrested a short while later. He is scheduled to appear Nov. 27 in court.

Medical Center Plans

NEW HAVEN (AP) — Preliminary plans were announced today for a new \$7 million research tower for surgery, obstetrics and gynecology at the Yale-New Haven Medical Center.

The Yale announcement said plans tentatively call for the start of construction on the eight-story laboratory of Burdette, Obstetrics and Gynecology in the latter half of 1968 and for completion in about two years.

A THOUGHT FOR THE WEEK

By BILL LENNON

Our articles on juvenile delinquency caused a reader to ask why the word juvenile is so synonymous with delinquency. The point was well taken. Delinquency is rampant in all age groups, but statistics do show an alarming increase among juveniles. More importantly, the distressing statistics do not show the cause and certainly do not show the cure. Yet, when we reason it out, there is nothing mysterious about either the cause or cure for delinquency in ANY age group.

An adult delinquent is just as juvenile as a teen-age delinquent. Actually, he is more juvenile because he has not achieved maturity; he has not grown up. Let's be fair about this. There is NO age limit on crime or delinquency. It neither starts nor ends in any age group. Delinquency at any age indicates spiritual immaturity. And THAT is the key to the whole problem.

When adults take the time to teach the laws of God to children and live by those laws themselves, both adults and youngsters will be better able to live by the laws of men. Don't you agree this thought pinpoints both the cause and cure for delinquency?

Thieves Get Large Haul In London

Police today were investigating a complaint from a Ferguson Rd. resident that an impromptu teen-age "party" at his home Friday night turned into a heist resulting in the theft of money, jewelry and liquor, plus an undetermined amount of damage, which may total a loss of \$2,000.

Police said a "large number" of uninvited guests of high school age apparently "crashed" the party, having got word via the grapevine that one was being held in the parents' absence.

The juveniles have five children, among them a teen-aged son and daughter. There was no immediate indication as to who may have organized the party.

Police Officer James Beardon said several of his men have been put on the case and that he will be conducting a search of the area.

He declined to say whether any arrests were imminent but said he would be making a search of the area.

Steels Lead Stock Market In Rallying

NEW YORK (AP)—Strength in steel highlighted a broad-based rally early in the session today.

The Dow Industrial average at noon was up 4.28 at 87.56. The average was slightly below its peak level of the morning as cautious traders took some profits.

Analysis showed the rise in steel was a continuation of the technical rebound of last week which came after a steady, six-week slide.

Steel rose in response to reports that a strike by steel workers seems ready to rise. Some glamour growth stocks showed strength.

The Associated Press average of 60 stocks at noon rose 1.4 to 110.0 with industrials up 2.1, rails up .7 and utilities up .2.

Among the steels, Jones Laughlin held a gain of about 1 1/2 while Bethlehem and U.S. Steel were up about a point each.

While the rally in the steel industry still defied doubts, stocks of the major companies were mixed.

United Fruit and American Motors were up, while Chrysler and American Motors were down.

Pair of Kickoff Returns Spark Victory Packers Rise to Occasion

NEW YORK (AP) — Green Bay rookie Travis Williams couldn't believe it. Cleveland Coach Elmer Collier didn't want to. And, as usual, Packer Coach Vince Lombardi had the last word.

"That's been our history. The Packers have led to the occasion," said Lombardi after the game. "I'm glad to see that the Packers are leading to the occasion."

Sub-quarterback Larry Rakestraw was the big gun for the Packers in the first period as a league record.

"I was so happy I didn't know what I was doing," Lombardi said. "I'm glad to see that the Packers are leading to the occasion."

Hanoi Bars Peace Bid

TOKYO (AP) — North Vietnam rejected today President Johnson's offer for peace talk aboard a neutral ship in the sea. It reiterated Communist terms for ending the war in Vietnam.

The rejection was in an article of the Hanoi newspaper Vietnam Communist Party. The article, signed by "the Communist," synonym of a high-ranking party official, was broadcast by Hanoi's Vietnam News Agency.

Commenting on Johnson's remarks made on the flight deck of the carrier Enterprise off San Diego Saturday, the article said: "On Nov. 11, aboard the U.S. aircraft carrier 'Enterprise,' Johnson made a vague statement that a peace conference can be held 'on a neutral ship in a neutral sea.'"

The article then repeated Communist terms for Vietnam peace by saying: "The basis for the settlement of the Vietnam problem is the four-point stand of the DRV government and the political program of the South Vietnam National Front for Liberation (the Viet Cong), the sole authentic representative of the South Vietnamese people."

Second General Dies in Vietnam

SAIGON (AP) — The United States lost its second general in the Vietnam War today when Gen. William J. Cronin, 48, in that capacity died of a heart attack on the night of Oct. 27.

The general, who had been in Vietnam since 1965, was the first of two American generals to die in the war. The other was Gen. Paul H. Rogers, who died in 1966.

Gen. Cronin was the commander of the 25th Infantry Division. He was killed in action near the town of Quang Binh in the central highlands.
