Concert Leads to Arrests

NEW HAVEN, Conn. (AP) — A rock 'n' roll concert was stopped by police, the lead singer of the group, "The Doors," was dragged off the stage, a few scuffles broke out and three persons in the journalism field were arrested Saturday night.

Police said Jim Morrison, 24, of Los Angeles, leader of the singing group, was giving an "indecent and immoral exhibition" when they stopped the show at the New Haven Arena.

Morrison was arrested, as were Michael Zwerin, music critic for the Village Voice newspaper in New York; Tim Page, a photographer on assignment for Life magazine; and Yvonne V. Chabrier, a researcher for Life.

In his arrest report, Lt. James P. Kelly wrote that Morrison and an 18-year-old coed from Southern Connecticut State College were "standing and kissing" in a dressing room prior to the show.

One witness, Fred Fowlledge, a writer working on a rock 'n' roll story, said Morrison began singing a number on-stage and told the audience about a confrontation earlier in the dressing room.

"Morrison told the audience that he was talking to a girl in the dressing room when a policeman came in and told the couple to move," Fowlledge said. "Morrison said he hesitated and the officer sprayed mace in his eyes."

Mace is a spray used in quelling persons who become violent.

The police account, however, said the patrolman had asked Morrison to leave and that scuffle broke out. He said he used the mace to subdue the performer.

Richard Loren, 25, of New York, Morrison's agent, asked that Morrison not be arrested so that the singer could appear with his act.

Police agreed, and Morrison was permitted to perform.

In his report, Kelly said he grabbed the microphone and told the audience the show was over. Police said they received complaints from some in the audience that they did not like the language allegedly used by the performer.

Some scuffles between police and the audience broke out as the arena was cleared.

Photographer Page said he was arrested while taking a picture of an officer "roughing up a kid."

The police report said Page, Zwerin, and Miss Chabrier were arrested for "breach of the peace, interfering with an officer, and resisting arrest."

In addition to the indecent exhibition charge, Kelly said Morrison was arrested for "obscenity."

VC Suicide Assault Halted

SAIGON (AP) — Viet Cong troops were badly mauled in a suicide assault Sunday on a fortified U.S. artillery post 50 miles north of Saigon while other guerrilla units made three sharp attacks on outposts within 25 miles of the capital.

The enemy death toll in major actions over the past week climbed past 1,200, according to U.S. and South Vietnamese calculations.

An estimated 400 Communists charged out of the predawn darkness toward bunkers in the American artillery post but were caught in a heavy crossfire of machine guns, grenade launchers, 40mm cannon and 105mm howitzers level for point-blank fire.

GIs found 124 enemy bodies on the battlefield and said many were only teen-agers. One American was killed and 31 wounded in the two-hour battle for the 120-man post.

Two of the attacks closer to Saigon were apparently diversions but in the third a wave of guerrillas broke the perimeter at a U.S. 9th Infantry Division camp at Nhut Tan before being thrown out in hand-to-hand fighting.

The U.S. Command reported that seven Americans were killed and 46 were wounded in the three skirmishes around Saigon, with almost all the casualties at Nhut Tan.

Renewed skirmishing also was reported along the central coastal plains, where 30 Viet Cong died in one action. But guerrilla fire brought down a U.S. Air Force Phantom jet, and the two crewmen parachuted into the middle of a firefight between the American ground troops and the Viet Cong. A helicopter pulled the airmen to safety.

It was the 218th U.S. combat plane reported downed by enemy action in South Vietnam.

In the ground assault on the U.S. artillery post one Viet Cong who got through the barbed wire and deadly crossfire jumped into a U.S. bunker and was strangled by an American sergeant. The Communists overran one bunker and destroyed an M60 tank. An American in the bunker played dead and escaped with an eye wound.

The artillerymen took two prisoners, one of them a major who commanded the Viet Cong

GOP Governors Shape Platform

WASHINGTON (AP) — Republican governors, so far reluctant to put themselves behind any single presidential hopeful, are determined to make themselves a force in shaping the issues on which the GOP candidate will run.

Rhode Island Gov. John H. Chafee fixed that goal today as the party leadership conferred at a session of the Republican coordinating committee.

The governors' three-day conference in Palm Beach, Fla., turned out to be another gathering of the presidentially nonaligned. That left the state executives with national policy-making efforts as their current avenue to influence the 1968 campaign.

Their priority target now is a share of the leadership of the platform committee at the next national convention. The governors' candidate for that role is Pennsylvania Gov. Raymond P. Shafer.

Senate Republican Leader Everett M. Dirksen is in line to be the platform chairman. Chafee, the chairman of the Republican Governors Association, acknowledged there is little the governors can do beyond asking National Chairman Ray C. Bliss to give Shafer a share of the

Twisters Hit Florida Cities

PANAMA CITY, Fla. (AP) — A new tornado watch was issued today for the Florida Panhandle, ravaged Sunday morning by roaring twisters which leveled hundreds of homes, killed two and caused more than \$7 million in damages.

Ten Florida Panhandle cities were hit Sunday morning and residents spent a restless night as tornado watches were posted and then lifted at 7 a.m. today. The second watch was put in effect at 9 a.m. The Weather Bureau said the threat of twisters would last until 3 p.m. EST.

Medical teams from Eglin Air Force Base gave free tetanus and typhoid immunization shots to residents in Fort Walton Beach, a community 60 miles west of here, where 220 homes suffered extensive damage.

Water service was still lacking in many areas but electrical service was virtually restored by midmorning.

More than 200 persons were injured in Florida, several critically, and a watchman at a wrecked shopping center in Fort Walton Beach was reported missing.

Most of the injured lived in a housing area at Tyndall Air Force Base and at Fort Walton Beach.

One twister hit an Alabama border county.

Officials estimated damages at more than \$7 million. Gov. Claude Kirk asked federal help for what he termed a disaster area.

Helmeted National Guardsmen toting rifles patrolled the cities and highways to prevent looting, turned back sightseers and helped in the massive cleanup.

Kirk toured the Bayou Wood section of Fort Walton Beach Sunday hours after a twister spun off from a violent thunderstorm had smashed 50 homes at 3 a.m.

As the storm bounced over a lake and tore a five-mile long swath it left 220 homes wrecked.

Five hours later another funnel ripped into a row of duplex homes at the housing area for Air Force families, flattening 30 of them and damaging 24 others, leaving one dead, nine seriously hurt and about 400 persons homeless. That tornado touched down five more times before fissling out.

Damage was estimated in the Fort Walton Beach area at more than \$5 million by Okaloosa County Sheriff Ray Wilson and at \$1.5 million to housing at Tyndall by public information officer Hank Harsham.

Water, gas, electricity and telephone service was cut off in the northwest section of Fort Walton Beach.

62 Killed As Quake Hits India

BOMBAY (AP) — A violent earthquake hit mountainous southwest India today, leveled a town at the epicenter, and left 62 dead, more than 500 injured and more than 5,000 homeless, Maharashtra State officials said.

The town was Koyanagar, 150 miles southeast of Bombay in the Ghats Mountains. The United News of India said 50 per cent of the houses and buildings in the town were destroyed.

The town sits atop a 3,000-foot mountain and is the site of a major hydroelectric dam serving Bombay. The dam was reported undamaged, but power was shut down, blacking out Bombay.

Home Minister Y. B. Chavan went to the scene. All available state transport, buses and ambulances with doctors and nurses was sent from Bombay.

The quake struck as most people slept. Bombay newspapers received reports that the toll was 100 dead, but these were unconfirmed.

The report from the state government, said most of the casualties occurred near Koyanagar, a town of 10,000 built for workers at the giant Koyana hydroelectric dam and plant.

The government said the Koyana dam was not damaged but another hydroelectric plant at Khopoli, between Bombay and Pimpri, was put out of commission.

This knocked out electric service to several thousand square miles, including Bombay and its population of 4.5 million. In the metropolis hundreds of thousands poured into the streets and spent the rest of the night in the open.

Robbs Honeymoon In Virgin Islands

CHARLOTTE AMALIE, V.I. (AP) — President Johnson's daughter Lynda and his new son-in-law honeymooned today in the privacy of one of the Virgin Islands' most exclusive resorts after the first White House wedding in 43 years.

Lynda and Marine Capt. Charles S. Robb spent their wedding night at the White House, then slipped aboard a commercial airliner Sunday afternoon and flew to San Juan, P.R. A private plane took them to St. Thomas, and then they had a 15-minute boat ride to St. John, three miles east of St. Thomas, where they are staying at the Caneel Bay Plantation.

A rumor persisted that the couple would go on to Hawaii, but there was no confirmation. Robb has leave from his military duties until Dec. 29.

Both Lynda and her mother have visited at the Caneel Bay home of millionaire Laurence S. Rockefeller, who has developed the northeast tip of the nine-mile-long island as an exclusive resort.

While the newlyweds relaxed in the Caribbean, Mrs. Johnson planned to fly to Texas today to join the President at their ranch. He flew down Saturday night after the wedding, saying he was "very tired."

Poll on Red China

PRINCETON, N.J. AP — An increasing number of Americans think Red China will intervene with troops in Vietnam if the North Vietnamese show signs of giving in, according to the latest Gallup Poll.

George Gallup, director of the American Institute of Public Opinion, said a late November survey of 1,583 households found 49 per cent of those polled thought the Chinese would intervene as they did in Korea in 1950.

Gallup said that those holding this belief had measured 40 per cent in August and 39 per cent in June.

Some 86 per cent of those interviewed in November doubted the possibility of intervention, as compared with 35 per cent in August, and 35 per cent in June, according to the polls.

Police Say Blaze Deliberately Set

Fire Ruins Home Being Built on Flagg Dr.

By JOHN STAKNIS

A sudden and fierce fire completely destroyed a home under construction at 19 Flagg Dr. Saturday night. Police say the fire was deliberately set.

Det. John Krinjak, of the Manchester Police Department, said the fire was "possibly caused by some inflammable liquid being used." He said that the evenness of the burning, where the whole floor area went at once, showed the burning was not accidental. "It's not like somebody throwing a burning piece of paper in a corner," he said.

Sedrick Straughan, assistant fire chief of the Town Fire Department, said the speed with which the fire started and burned led the department to believe it was of suspicious origin.

A witness who arrived at the scene before the firemen said the house was completely in flames before the firemen of the 8th District got there.

When the fire trucks pulled out at 8:20 p.m. to answer the call, the high, rising flame from the fire was visible at the 8th District firehouse at Hilliard and Main Sts.

The witness said that firemen turned water hoses onto the house, but that this caused sparks to jump high into the air. After this happened, the witness said, the firemen concentrated spraying water on the roof of the house next door.

This was the second time in a week that fire broke out at the house, which is located on the corner of Flagg and Scott Drives.

On Dec. 5, shortly before 4 p.m., the floor in one of the rooms was burned through completely before firemen from the 8th District subdued the

blaze. Some shingles stored in the room fell through the floor and into the basement.

The debris from the previous fire on Tuesday was still in the area of the house when the fire broke out Saturday.

The house belongs to Nutmeg Homes, Inc., with Wendell Reid and Neil Tyler, officers of the company, being builders. Tyler is also president of the Manchester Lumber Co., and Reid is treasurer.

Tyler said the inside of the house was not completely finished.

Penn State House Fire Described

PHILADELPHIA (AP) — "It was like everything was soaked with gas... A wave of flame came across the ceiling and the whole place went up."

That was how collegian Lance Kollmer, 19, of Deerfield, Ill., described the way a fire turned decorations at a pre-Christmas college fraternity dance into an inferno, killing three persons Sunday.

Nine others at the Delta Tau Delta house party in the heart of the University of Pennsylvania campus were injured—mostly from jumping for their lives from second-story windows.

Five firemen also suffered minor injuries fighting the blaze which swept through the three-story brick and stone building.

Fraternity members said about 100 men and their dates were at the party earlier. Kollmer was among a score of partygoers staying until the last minute before girls' curfew at 2 a.m. He was in the room where the blaze broke out in a 14-foot snowman made of chicken wire stuffed with paper.

Other decorations at the party included "snow tunnel" made of sheets that blocked the front door. The walls of the living room, too, were covered with sheets, carrying out a snowman motif traditional with the annual party that preceded exam week.

Samuel Gugino, 19, a sophomore from Buffalo, N.Y., said, "I just saw flames. Suddenly it

When Brown, who had had too many drinks, appeared on television and shocked viewers by telling a few tasteless anecdotes about the late president.

More recently, newsmen were treated to another of Brown's famous harangues, this time in a Scarborough hotel lobby after press photographers had tried to take pictures of him dancing with his wife.

In a address to the foreign secretary, he has been under a strain recently, because the negotiations for Britain's entry into the European Common Market have not been going smoothly. The consensus here, however, is that Brown's days are numbered, as the government can no longer risk his outbursts of temper.

One reason why Prime Minister Harold Wilson has been slower to fire Brown is that Wilson acts as his own foreign secretary to a large extent, reserving major policy decisions for himself.

Meanwhile, Brown can take comfort in the fact that he has been unfailingly supported by Johnson, who told an American columnist recently: "Brown is a man you can trust, that sort of fellow who would go to the wall with you."

Johnson also feels that the British press has been treating Brown unfairly. "I ought to know," says LBJ, "for I've had to put up with the same thing myself."

Foreign Secretary George Does Everything up Brown

By TOM A. CULLEN

LONDON — (REX) — The trouble with George Brown, foreign secretary in Britain's Labor government, is that there are two of him.

There is Mr. Brown, the statesman, who represents Britain abroad, hobnobbing with such men as President Johnson and Gen. De Gaulle.

But there is also a raving George, who likes his alcohol, but who is apt to turn nasty as soon as he gets a couple of drinks under his belt. American business caught a glimpse of this latter George Brown at a banquet here recently when he turned on Lord Thomson, the publisher, and accused him of "degrading" the British press.

The Americans had been brought to London by the Westinghouse Broadcasting Corp. for five days of panel discussions on political, social and economic trends in Europe. To their surprise they found themselves observing a bit of history in the making as the No. 2 Labor party politician threw his tantrum. As the Daily Mirror commented: "It is not that George Brown drinks too much but that he shouldn't drink at all."

Excuberant or sober, it is not a question of reforming the owl-looking Brown. As he himself has said: "The country has to make up its mind whether it will accept me as it is, because there's not the slightest chance of my changing."

Many here feel that the drunken Brown is a luxury that Britain cannot afford. The London Daily Mail made this point in a recent editorial: "The irrepressible Mr. Brown may be an engaging court leader, but this country now lacks credibility in world affairs."

Paradoxically, Brown's recent

SECOND NUCLEAR PLANT WATERFORD (AP) — A second nuclear-powered generating plant, to be built under a million contract by Combustion Engineering of Windsor, will go up alongside one now under construction at Millstone Point.

The new plant, scheduled for completion in the spring of 1974, will have a capacity of 800,000 kilowatts or 800,000 more than the generator now under construction, according to an announcement Saturday by Sherman Knapp, president of the three-company Northeast Utilities.

Knapp said added generator will be necessary to keep pace with the state's demand for electricity. The first Millstone Point plant is scheduled for completion in the spring of 1970, and another nuclear plant, Haddam Neck, should become operational next month.

62 Killed As Quake Hits India

(Continued from page One)

north of Bombay, to Goa, 300 miles to the south, and to Poona, 120 miles to the west, was rocked by three tremors. The Bombay observatory said its seismograph went out when the power supply failed immediately after the first tremor.

In the last big quake in the area eight years ago, 110 persons were killed.

All-India Radio reported one death in Bombay, a man who was wakened by the rumble, rushed to a balcony and fell to the street. Little damage was reported in the city, but the power cut stopped heavily traveled urban trains and curtailed pumping of water.

The meteorological observatory in New Delhi said the shock had a magnitude of 7.3 on the Richter scale.

All-India Radio said 80 per cent of the houses at Koyanagar were damaged.

Power transmission at the Koyanagar dam was stopped until an inspection was completed.

The King of Laos was in Bombay when the quake hit.

The Koyanagar dam was built despite a controversy whether it was safe in an area subject to earth tremors. It is on the western side of the western Ghats mountains 180 miles from Bombay.

Vernon Officials To Discuss Ways To Meet Disasters in Town

What Vernon must do to be prepared for a disaster will be discussed at a meeting in the near future by town officials.

Mayor John Grant and deputy police chief Edmund Dwyer, who is Civil Defense director, attended a meeting last week at the Newton-Vernon Hospital. This meeting, Grant said, pointed up the need for a coordinated program in Vernon.

The meeting impressed upon the town officials the importance of their plans in case of a disaster, not only from a nuclear attack, but also from a hurricane, black-out, flood, serious fire or other emergencies.

Vernon has its own Civil Defense unit which is incorporated with the police station on West Rd. and the building is equipped with a generator.

Grant stressed the need for means of communication, other than telephones which might also be out of commission at a time of disaster.

Chief Dwyer has been asked by the Mayor to make a study of what he feels the town needs to acquire them. Town and federal government share equally in the costs.

Dwyer has already suggested that the town have more fallout shelters. The population of Vernon is some 20,000 and the town has only 12 shelters which would accommodate only about 2,000 people.

The only school in town having a shelter is the Sykes building on Park St. Most of the new schools to not even have a basement.

In the former fire district there are only two shelters, the Vernon National Bank and the CD building. In the former city area, Clifford W. Slicer Construction Co. now dwellings at 54 Westway Rd., 116,500, and 121 Wrentham Rd., 115,000.

Manchester Area Four Cars In Collision

A four-car accident yesterday on Vernon Rd., Bolton, is still under investigation by the Colchester State Police Troop.

Involved in the accident were cars operated by Donald W. Despard, 42, 7 Kady Rd., Vernon, Kenneth K. Kozak, 29, 29 Burke Rd., Rockville, and John T. Hodgkin, 24, 107 Spruce St., Manchester.

The Despard car was northbound on Vernon Rd. and the other three cars were parked on the east side of the road. Police said Despard scraped the side of the second car and then struck the rear of the third car, sending it into the fourth car.

Despard was treated at Manchester Memorial hospital for a cut on his jaw.

Other police activities included an accident on Rt. 44A in Bolton Saturday night. Albert S. Smith, 62, of 711 Bolton Rd., Vernon, was charged with failure to hold right of way at a private drive.

The Smith car, police said, pulled out of a parking lot into the path of a car operated by Patsy P. Fagioli of Coventry. There were no injuries. Smith is scheduled to appear in Manchester Circuit Court 12 Jan. 8.

Lorraine Phaneuf and Howard Phaneuf of Rt. 8 were arrested over the weekend. She was charged with breach of the peace and resisting arrest and he was released on \$200 bond. Phaneuf was charged with breach of the peace and resisting arrest and he was released on \$200 bond. Both are scheduled to appear in Manchester Circuit Court 12 Jan. 8.

The arrest was a result of a disturbance at the Phaneuf home.

Other police activity in the area:

Cecil W. Kittle Jr., 22, of Glassbury, was charged with failure to drive in established lane and warned for driving after drinking yesterday.

Kittle was traveling west on Rt. 84, his car veered to the right and knocked down 12 fence posts in an established lane and bankment and rolled over on its side.

He is scheduled to appear in Manchester Court Jan. 8.

Leon Gaistring, 16, of Glassbury was arrested Friday at a gas station on Rt. 30 where he was creating a disturbance.

Gaistring was charged with breach of peace, intoxication and destruction of private property. He posted a \$100 bond for appearance in Rockville Circuit Court 12, Dec. 19.

Coventry

Coventry police made four motor vehicle arrests over the weekend: Russell L. Morse, Ridgewood Trail, failure to carry operator's license; Ralph F. Parker, 88 Chapman St., Williamsville, failure to obey stop sign; Donald L. Latham, Springfield, failure to obey stop sign; and James R. Corcoran Jr., Mountain Spring Rd., Tolland, failure to obey stop sign.

During the past decade about nine million students have completed the standard driver education course which consists of a minimum of 30 hours of classroom instruction and six hours of practice driving.

SANTA and the PIGWIDGEN

By LUCRECE BEALE

SYNOPSIS: On their way to find and destroy the Pigwidgen, whose curse has put all of the children of the world to sleep, Claus and Tweedledee, the elf, come upon a sleeping giant. Tweedledee suddenly awakes the giant who starts after them in a rage.

Chapter Eight
The Donkey
"Run for your life!" shouted Claus as he tore down the far side of the mountain. He lurched over a rock and was tumbling head over heels until he came to a dead stop standing on his head with both legs wrapped around a tree.

Opening his up-side-down eyes he saw the head of the giant looming over the top of the mountain. The giant grunted. "Help!" he yelled. "Tweedledee."

Claus turned and saw the giant reach out to snatch the elf in his gurgling hand. He pulled out a magic arrow and shot the magic arrow into the heart of the giant.

The earth quaked and the mountain tumbled when the great giant fell.

"You've done it! Tweedledee!" cried delightedly. "You've killed a giant!"

"Yes," said Claus gravely. "But I've used the magic arrow and it cannot be used again."

"Pooh!" exclaimed Tweedledee. "You're three more weapons. There's no need to worry."

Then he and Claus continued north.

One day they met a witch huddled by the roadside. "Good day," said Claus. "Can you tell me please if this is the place where the witch lives?"

"I'll tell you nothing," replied the witch. "Aren't you cold sitting there?"

In wrath, the witch blew powder in Tweedledee's face. "There!" she demanded. "Tweedledee's face." He felt his jaw dropping and his teeth falling over his lips with and she covered her head and his ears growing long and hairy. In a moment he was turned into a donkey and the witch laughed.

"You're a donkey now," she said. "You can't talk to me that way. I'm going to tell her a thing or two."

She tapped the witch on the shoulder. The witch withdrew her head from the donkey and Tweedledee said, "You were wrong just now. You should apologize."

The witch's eyes flashed green and purple lights. Her great long head and braided hair was like a tea kettle spout turned upside down.

"It could be," said Tweedledee lightly. "That if you acted right you would look nicer."

Claus looked around for the witch. She was hidden in the brush. Reaching under her cloak, she drew out a handful of powder. "That's for being a bintsey!" she blew the powder in Tweedledee's face.

Plans for both systems were in the works, he said. "If we just had six more months, we'd have had a sensor warning system for that might have sounded an alarm, saving those in the upper stories, Vernon noted said.

Sachems Win Opening Game

By LUCRECE BEALE

The Home Sachems defeated the Norwich Tech basketball team Friday night in the season's opening game, 48-42.

Four teams will be representing Home this year in competition. The variety and junior variety teams, consisting of 26 boys, are under the direction of Coach Whitney and Bob. They have a 30-game schedule, with 12 of those home games.

The freshmen squad of 30 boys has a schedule of 12 games while the junior high team, to be selected from 65 candidates, will play 14 games. Coaching these teams are Gene Plumb for freshmen and Stephen Boudreau for the junior high boys. Both men were students at the University of Connecticut.

Christmas Display
A Christmas window display, designed and constructed by the Advanced Art class, has been placed in the 2d West National building opposite the Capitol Theatre Building in Westminster. The display is a richly decorated scene which includes life-sized figures of paper mache goblins to resemble model, and various fruits and bird figures constructed in the same manner, as decorations.

The statue of the Madonna and Child were created by Joseph and the figure of Joseph was created by Sharon Rowley. Others who helped install the display were Robin Akshon, Carol Wright and Steven Ghorwood. The set designer's completed this project as a public service for the churches of the Westminster area.

Democratizes Arts
Daniel J. Robertson, professional education educator, will give a lecture demonstration to Roman seventh and eighth grade students on Thursday. His lecture will include discussion and demonstration of pottery, production systems, sculpture, probes, critics, and museum appreciation. The program is provided by the National Association and Space Administration.

Participants will also have an opportunity to purchase PFA memberships.

Penn State House Fire Described

(Continued from page One)

(The snowman) started burning. We tried to put it out and couldn't and we ran for help. Suddenly the whole place was in flames."

The victims—all of them trapped on the second floor when flames enveloped the only stairwell—were Joseph J. Grochowald, 19, a Penn sophomore, of Franklinville, N.J.; Kent D. Smith, 20, also a sophomore, of Wilmington, Del.; and Susan Singsworth, 17, of Philadelphia, a guest of one of the fraternity members.

Fire officials said a spark from a cigarette may have started the blaze.

The city university and insurance company officials launched investigations.

Michael Vernantoni, university safety engineer, said the house, like some 20 other fraternity houses on campus, lacked a sprinkler system or fire sensing devices. Plans for both systems were in the works, he said.

Morrison will speak on the various educational programs operating at Nathan Hale.

Participants will also have an opportunity to purchase PFA memberships.

Give a gift that says something.

We sold 5,955 telephones and telephone services to Connecticut people as Christmas gifts last year.

We think we know why so many people made so many other people happy.

A telephone is a gadget, all right. It looks like a gadget. It has the insides of a gadget. It makes noises like a gadget.

But it's full of some very human things, too. Free advice, outrageous flattery, sweet nothings, sad goodbyes, bad jokes, good news.

And that's pretty nice.

That's the kind of gift a person doesn't return. Would you like to give a gift that says something this Christmas? Just pick up the phone and call your local telephone office. Or ask any telephone man. We'll send you our free catalog.

When you've made your choice, we'll wrap the gift and deliver it free (just as long as you place your order for Christmas delivery by December 19th).

And here's something you can say yourself: "Charge it."

PZC Approves Application To Open Rt. 6 Package Store

The application of Doris and Roger Gamahe to open a package store on Rt. 6 has been approved by the Planning and Zoning Commission.

Voters this fall approved the question of a package store in town after turning down the proposal twice previously.

Gamahe, who will be in business with his brother, said the package store will be in the building owned by them on Rt. 6.

He said inspection of the premises must be made by the state before final approval.

In addition, according to Gamahe, the brothers must advertise in the papers and post a notice in the windows of the proposed store for 21 days.

Gamahe expects to open for business Feb. 1.

George Peters, newly-elected selectman, has submitted his resignation as a member of the Zoning Board of Appeals, citing the fact that he felt there was a conflict of interest between the two positions.

Peters advised the Board of Selectmen last week to relieve him of his appeal board duties by Jan. 1. However, selectmen, who did not feel there was any conflict, asked Peters to continue until March 1 in order to have enough time to find someone suitable for the position.

Mr. William Murphy, Henry Ramon and Lucien Lovewage appeared before the board to discuss the case.

Perhaps your trouble is a voice that is harsh. There's a hard ring to it which gives people an altogether wrong impression of you. This is because you talk from the throat, with no feeling of support from your body or breath. The first rule for a velvety voice is to relax all over—especially when you feel yourself tightening up. Here's a good way to let go. Sit in a comfortable position, letting your arms hang limply from the sides of the chair. Let your head sink on your chest and then slowly rotate it to the right and then to the left. This loosens the muscles of your throat and jaws.

Have your hair done in comfort at **BEAUTY OF BEAUTY**, Childer Shopping Center, Toland Turnpike, Tel. 642-2000. Open: Mon.-Tues.-Wed.-Sat. 9 a.m. - 5 p.m. P.S. - Revlon Cosmetics... Manicuring... Private Coloring-Wig Fitting Rooms - Make Your Holiday Appointments Now.

Some Things Average Man Doesn't Need

REASSURING THOUGHT...

mini-pricing® never takes a holiday!

NEW YORK (AP) — Things the average man could do without in a world that is sometimes too much with him: Mini-cufflinks. Pajamas for dogs. Private telephones for teenagers. Neighbors who build spite fences. Worst cocktail canapes intended to serve more as appetizers than as appetizing — such as fried Mexican worms or peacock liver paste. All-purpose credit cards that can be used to rent a yacht or to take a vacation on the Riviera but are no good at all when it comes time to make a home mortgage payment. Permissive nursery schools that let a child so stirred up that he comes home like a howling Apache on a bender. Girls in miniskirts who wear butterfly decals above their knees. Doctors who try subtly to imply that they are up-to-date in all things, including medicine, by keeping copies of Playboy magazine in their waiting room instead of the National Geographic. Guys who complain your marlinis are never dry enough even if you bake them in the oven an hour beforehand. Any breakfast food that can be heard two paces away while being eaten—whether it crackles, pops, snaps, or simply hisses. Middle-aged ladies on buses who smash into you with a handbag the size of a suitcase and then turn and glare at you as if you were either a masher or a pickpocket. Guys who sit behind you at pro football contests and try to explain the game to their girlfriends. Mothers who sit behind you at foreign movies and read the English subtitles aloud to their children. All politicians who think they automatically become statesmen at the age of 65. Any life-of-the-party type who tries to brighten up cocktail gatherings by performing card tricks—unless he has received an engraved invitation in advance to do so. Winesippers who, when you have a black eye, ask you to explain how you got it and then, when you have done so, reply, "Well, that ain't the way I heard it." All modernistic paintings that look either like a colony of ants lost in a snowstorm or a cross-section of the bloodstream of an armadillo. Any cake that doesn't have chocolate icing on it. Talking parakeets which, despite the proud claims of their owners, have an actual vocabulary that consists only of "peep," "peep" and 27 varieties of twitters. Stock market salesmen who start their pitch by saying, "I know you'll want to get in on the ground floor of this one." Friends who buy their wives a fur coat on their wedding anniversary a week after you've surprised your wife on your anniversary by bringing her home a best-of-bouquet of wild yuletide. Fashion authorities who now decree that double-breasted suits are stylish, just 18 short months after you gave away a whole closetful of them to the Salvation Army. All girl go-go dancers, leathery-jacketed motorcycle "long-haired musical groups that imitate the Beatles, television comedians who make a living by ridiculing their mother-in-law, and all dull people who wear dark sunglasses in restaurants in the fond hope they will be mistaken for SOMEONE OF IMPORTANCE. From these and other nuisances, deliver the common man, Amen. Enough is enough.

Skating Pond Hit by Vandals

Children who enjoy skating and the recreation facilities the town provides may suffer because of a few destructive persons.

Donald Berger, director of recreation, said skating on the Ricker Pond may have to be discontinued if the vandals continue.

Berger said trees along the edge of the pond have been chopped down and allowed to fall into the water. In an effort to prepare the pond for skating, Berger himself borrowed a saw and cut up the trees, which in some instances were already stuck in ice.

He worked removing stumps, logs and stones from the edge of the pond and piled the debris along the side of the road to be picked up by the town trucks. When he returned a few hours later he found everything had been thrown back into the pond.

Another town skating area on South St. may have to be abandoned for the same type of vandalism. For this reason the town had to concentrate its Christmas decorations to the center park because lights in other areas were stolen.

Berger said any person found responsible for the vandalism will be prosecuted.

Defense Got to Tarkenton

NEW YORK (AP) — "Our defense went out and got Fran Tarkenton. That's the way we planned it. That's what we knew we had to do."

Joe Schmidt, coach of the Detroit Lions, said after the team's 17-10 victory over the New York Giants Sunday at the Loma had upset the New York Giants 30-7.

Tarkenton, the Giants' scrambling quarterback who had thrown 20 touchdown passes in 12 previous National Football League games, was able to complete only three of 16 and was sacked four times for losses of 63 yards.

When Earl Morrill took over late in the third period, the big hand by Alex Karras, Larry Rindell and Co. dumped him three times and allowed only three completions for 79 yards.

All in all, the aroused Lions defense smothered the quarterback from Morrill. Only a 21-yard pass from Morrill to Aaron Thomas broke the shutout in the fourth quarter.

For the first time all season, the first Homer Jones was "blacked out" without a reception by the Detroit defense.

Harvey's seventh interception on a Tarkenton toss in the third period and his fine defense play gave him another boost toward

Morrill punt and scored a fourth touchdown on a four-yard pass to Tom Watson.

"It was just a day," said Coach Al Sherman of the Giants, who had been in the Century Division race until last week.

"Fran was not that sharp but you can't condemn him. Jones dropped a pass, our blocking broke down and they penetrated, very deep. We just couldn't get started."

Tarkenton was unhappy about his passing; and the Giants' poor overall play. "Detroit always has been a good defensive team," he said. "They played a fine game from start to finish. We were thoroughly beaten, no excuses."

Accurate Toe, Good Arm Hard to Beat Oakland Cops Title

NEW YORK (AP) — An accurate toe and a good passing arm are a tough combination to beat in football — even when they belong to different men who are of different generations.

This was the case Sunday when the kicking of George Blanda and the passing of Bob Griese combined to give Oakland the Western Division championship of the American Football League.

Blanda, who broke in professionally with the Chicago Bears in 1949, booted four field goals in five tries in leading Oakland to a 17-7 victory over Houston.

Griese, who has been the Oakland Raiders since 1964, passed for two touchdowns as Oakland upset San Diego 24-10.

Oakland's victory gave the Raiders an 11-1 record and a 21-2 lead in the AFC West.

Linebacker's Touchdown Run Gives Browns' Title One NFL Divisional Crown on Line

NEW YORK (AP) — Jim Houston, Cleveland's 245-pound super-thief, has picked the lock to the Century throne-room, leaving only one divisional battle still raging in the National Football League — the Coastal area battle between Baltimore's Colts and Los Angeles' relentless Rams.

Linebacker Houston intercepted a fourth-quarter pass Sunday and lumbered 18 yards for the decisive touchdown before Browns clinched the Century Division crown with a 20-16 victory over St. Louis.

A week ago Houston's 79-yard scoring run with another pass put the Rams on a 24-14 victory over New York that eliminated the Giants from the Century race.

While the Browns joined Green Bay's Central champs and Dallas' Capitol kings in the NFL semifinal playoff bracket, the Colts watched New Orleans 30-10, stunning their unbeaten string to 13 games setting the Rams stayed alive Saturday by blocking a Green Bay punt in the final minute and scoring with 34 seconds to play for a 27-24 nod over the Packers.

They tied the Colts in an earlier meeting and are one game off the pace going into the finale in title-frantic Los Angeles.

In Sunday's other NFL games, Dallas' drubbed Philadelphia 30-17, San Francisco outscored Atlanta 34-28; Detroit smacked New York 30-7; Washington edged Pittsburgh 15-10 and Chicago and Minnesota played to a 10-10 deadlock.

BROWNS CARDS — The Browns led 15-0 when Houston's rugged, eighth-year pro, baited a Jim Hart pass into

the air, grabbed the ball on the fly and raced across untouched. Those six points stood up for Cleveland despite Harry's 15-yard TD pass to Jackie Smith late in the period. A desperate 41-yard run by the Browns' 15-time NFL champion, Jim Brown, carried the Browns' 15-14 lead into the fourth quarter.

Frank Ryan's 30-yard scoring pass to Paul Warfield and two field goals by Lou Gross offset three three-pointers by St. Louis' Craig Morton and Drew a 45-yard scoring strike to Lance Rentzel, triggering the Browns' romp over Philadelphia.

Colts-Saints — The Colts rallied to their 11th victory, they had tied two despite a sub-par performance by quarterback Johnny Unitas, who completed 10 of 24 passes for 148 yards and failed to connect for a touchdown.

VIKINGS-BEARS — A 25-yard fourth quarter field goal by Fred Cox earned Minnesota its third tie of the season and nullified brilliant, maddening running display by the Bears' Gale Sayers, surely splashed for 113 yards in 20 carries, scored Chicago's hold down on a seven-yard run and set up Mac Perret's field goal with a 36-yard dash.

GIANTS-PACKERS — The Colts rallied to their 11th victory, they had tied two despite a sub-par performance by quarterback Johnny Unitas, who completed 10 of 24 passes for 148 yards and failed to connect for a touchdown.

Joe Harris Team Effort Wins After 23rd Boxing Win For College Five

PHILADELPHIA (AP) — Unbeaten Gypsy Joe Harris, 23, won his latest career, takes off his mink and tie and mink cuffs and says he is "feeling like a champion" and red shoes tonight in a bid for his 23rd straight victory.

Harris is slated to go 10 rounds against Miguel Barreto, 23, of Puerto Rico in the first round of the season in six starts.

Touch and go ball was played until the final half when McCoy took the lead for the first time and managed to hold a six point lead for the remaining 15 minutes. The victory led 41-41 at half-time.

Harris' only game scheduled this season is a Friday night against the locals but Norfolk Community College at 7:45 at the Norfolk Community College.

A fine defensive game on the part of McCoy held the Eastern Shooters to the outside. Craig, Art Clarke and Paul Girard led a fantastic job on the outside against 140 or 145 lbs. Barreto.

Barreto's manager, Woody Goy, said his fighter is a Puerto Rican but both hands in the fourth round of the last fight against Earl Warren, who he defeated by a 17-10 score.

Barreto, who boasts a 17-2 record and kayoed Dick French, Nov. 9 in his latest start, says he is now in the hands of the unorthodox Harris.

"I am going to keep pressure on him and punch with my jab. When he's frustrated he acts like a clown and he's not a good puncher," Barreto said.

Scoreboard Operator Had Coach Confused Jets No Match for Chiefs

NEW YORK (AP) — The little man who purbles the buttons that operate the Shea Stadium scoreboard had Kansas City coach Hank Stram confused.

Kansas City stung New York 27 Sunday but the slumping Jets, who have lost seven of their last eight games, were unable to score a point.

Stram, who has been in Kansas City since 1964, passed for two touchdowns as Oakland upset San Diego 24-10.

Week's Schoolboy Basketball Menu Indians Open Friday

BY HARRY COWLES

It's here, the 1967-68 schoolboy basketball season, with no less than 14 games scheduled for the first full week of action. Six titles are slated Tuesday on Wednesday and seven Friday night for local and area quintets. Several clubs got off the mark last week but this week will see all eight schools in action.

Tuesday night East Catholic High (3-0) will debut at the home of the Indians. Coach Don Burns and his Eagles will be out for the second straight win. Boasting good height and a strong defensive club, Burns hopes to carry his boys all the way to the title.

Two openers are slated for area schools tomorrow night. Rockville High plays at 7:30 p.m. Coach Bob Corbett, will meet Coach F. O. Smith at 8 o'clock. Ellington High will play at West Hartford. The American School will play at West Hartford. The American School will play at West Hartford. The American School will play at West Hartford.

Pin Qualifiers

Colby Dyak of Manchester and Wade Bennett of Taborville were among the qualifiers for the New England State Pin Bowling Championships in Warwick, R.I., next March in play at the Holiday Lane bowling center.

Mrs. Dyak is the No. 1 female pin bowler in the country. The long male qualifier for the New England was Lewis Chapman of Goshen.

37th Straight for Bruins

Johnny Wood didn't say so, but he may have been thinking of Houston.

"Although I feel the Bruins would win over any opponent in a series of games on a neutral court," said the coach of tonight's Bruins, "I don't think we can beat the Bruins." Wood said he was confident of a win over the Bruins.

Wooden's juggernaut rolled over in a 90-87 thriller against Kings Point. Ernie Brown came in with three for four shots during the last 40 seconds to insure the win for the Meriden Bruins.

Kentucky Celebrates New Head

FRANKFORT, Ky. (AP) — With the roar of cannon and the peal of church bells, more than 200 bands and floats began a four-hour parade today as Kentucky prepared to inaugurate its first Republican governor in 34 years.

A crowd of as many as 40,000 had been expected, and city police said the early morning influx of visitors to the capital was larger than they had expected.

Actually, Louis B. Nunn took the oath of office at 6:04 p.m. Monday in a brief, quiet ceremony in the Capitol.

At midnight he became the 48th man to serve as chief executive in the state's history.

The early oath-taking is traditional in Kentucky and isn't expected to make much difference to the thousands who are braving the threat of a drizzle today to watch the coronation and pomp as outgoing Gov. Edward T. Breathitt hands over the reins.

A large wooden platform has been erected in front of the Capitol for the afternoon swearing-in ceremonies.

Nunn, a 43-year-old Glasgow lawyer, was elected last month over former Highway Commissioner Henry Ward. He lost to Breathitt by a narrow margin four years ago.

Nunn's Democratic lieutenant governor, Wendell Ford, also was sworn in Monday night, but at a private ceremony at the Frankfort home of a friend.

Today's events include a parade, official ceremonies, public reception at the Capitol and four inaugural balls.

On his last day in office, Breathitt commuted the death sentences for six men convicted of murder. Two of the men were granted four-year stays for further investigation of their cases, three had sentences commuted to life imprisonment without parole and one was given a three-year stay for psychiatric evaluation.

Breathitt pledged four years ago, "No one will die in the electric chair while I am governor." The legislature rejected his request that the death penalty be reformed from law.

Breathitt also put into effect a tougher strip mining regulation, which prohibits strip mining on any slope steeper than 28 degrees. Breathitt said he signed it on an emergency basis on grounds that stacking spoil material on steep slopes would endanger citizens, especially during winter rains and snowfall.

Stokely Carmichael, left, walks from plane at Kennedy Airport in New York today as he returns to the United States after a five-month trip abroad. He is accompanied by Dale Smith, a traveling companion. (AP Photofax)

Carmichael's Passport Taken at N.Y. Airport

NEW YORK (AP) — Black high border on treason," he said. "It would be most anomalous if the great country like the United States did not protect itself by a martial executive action."

A Supreme Court decision on passports earlier this year left the State Department without the power to seek criminal penalties for unauthorized visits to countries to which travel had been restricted.

He said Carmichael's trip had "dramatized the fact that this country is pretty defenseless to protect itself" against activities of this nature.

Sen. Karl E. Mundt, R-R.I., a member of the Foreign Relations Committee to which the administration bill was referred, said he favored legislation of that kind.

U.S. Atty. Joseph P. Hoey of Brooklyn said Carmichael's passport was seized by a marshal executing a federal search warrant.

Shortly before Carmichael arrived, the State Department in Washington asked Congress to authorize penalties of up to one year in prison and \$1,000 in fines for unauthorized travel by U.S. citizens to forbidden countries.

Undersecretary of State Nicholas Katzenbach termed the signing of a passport to prevent repeated violations of travel restrictions "inadequate to secure the foreign policy interests which are at stake."

Rep. Emanuel Celler, D-N.Y., chairman of the House Judiciary Committee, said "the Carmichael case points up the need to invoke criminal penalties for forbidden visits."

"Carmichael has made statements which have given great aid and comfort to our enemies in Vietnam, Cuba, and elsewhere. Those statements will be held on it and a compromise

Chaplain At Yale Criticized

NEW HAVEN (AP) — Yale University Chaplain William Sloane Coffin's leadership in the draft resistance movement has evoked a spate of complaints from alumni, some of them calling for his dismissal.

"I am wondering when it is planned to remove the statue of Nathan Hale from the Yale campus," wrote Earl M. Barnum of Naugatuck in a letter to the Yale Alumni Magazine.

"Mr. Coffin should be banished from the faculty or any connection which he has with the university," said H. Ray Paige of Darien. Paige's letter was also published in the December issue of the alumni magazine, which was distributed today.

"In fairness to those of us who still consider ourselves part of Yale and disagree with him," wrote F.H. Claxton of Raleigh, N.C., "he should disassociate himself in his official capacity from the university which exercising his right of protest."

"Behind his religious mantle he seems to be doing all he can to promote the violent, inhuman ideology that is dedicated to the destruction of the principles of the Christian religion to which he, by his title, is supposed to be dedicated," wrote Ralph E. Corban of Gloucester.

"If Coffin chose to lead young men into disobedience entirely on his own, it would be one thing," wrote James P. Carney of Hamden. "But when he does it as Yale's chaplain he is using Yale's pulpit and Yale's name for purposes Yale does not support."

U.S. Ability Seen Top in Ocean Tap

WASHINGTON (AP) — A federal official estimates the United States holds a 5-1 edge over other nations combined in its ability to probe the oceans because of its wealth of the sea.

But even with that capability, says Dr. Edward Weik, the United States has refused to engage in a sea race for control of the vast, unexplored, and unexploited mineral wealth believed hidden in the ocean depths.

Dr. Weik, executive secretary of the National Council on Marine Resources and Engineering Development and President John F. Kennedy's chief adviser on oceanic matters, told the Associated Press:

"You can't say we're winning the race for the oceans because there is no race. No nation can come close to matching our present level of exploration and exploitation. The question of which nation has the most advanced technology in this field, our exploration capability is greater than that of all other nations combined and multiplied by five."

But President Johnson has made it clear that we will not get involved in any colonization race for the deep oceans and sea beds.

Democratic leaders said they hoped a quick conference would be held on it and a compromise

Percy, Wife Escape Mortar Fire in Viet

SAIGON (AP) — Sen. Charles Percy, his wife and seven other Americans escaped injury today when Communist mortar and small arms fire earlier in the day during a spurt-of-the-moment unescorted visit to the devastated village of Dakson.

Some of the five mortar rounds crashed within 15 to 20 feet of the 48-year-old senator, who is a potential Republican presidential candidate, and four men inspecting the village with him, but no one was hit. The group took cover, and Percy got some small scratches on his arms as he crawled behind some wood.

Mrs. Percy had remained in the group's helicopter 75 yards away from the mortar and two crewmen. They flew her to a nearby town and returned with an escort of armed Army choppers to rescue the senator and his companions.

"This is clearer to action than I got in three years of World War II," Percy, a U.S. Navy veteran, told a news conference after he returned to Saigon.

Meanwhile, the U.S. Command announced that 171 Viet Cong and North Vietnamese regulars—the equivalent of a battle-ready battalion—were killed in a six-day battle that ended Monday along the narrow coastal plain near the provincial town of Bong Son.

Allied casualties were 23 Americans and 30 South Vietnamese soldiers killed, and 147 Americans and 71 South Vietnamese wounded.

The battle erupted when two companies of the helicopterborne 1st Air Cavalry Division began a sweep of the scrub land along the coast about 300 miles north-northeast of Saigon. Just to the north a battalion from the South Vietnamese 40th Regiment was pushing south.

Both allied groups ran into Communist troops evidently surprised by the advance of the North Vietnamese 3rd Division. The Communist troops pushed forward, then pulled back while planes, artillery and helicopter gunships pounded the enemy over a five-mile stretch of the coast.

The Communists made a final stand in the fortified village of Truong Lam, which was overrun Monday. In it the cavalrymen found about 80 new graves in which the Reds had hastily tried to conceal some of their dead.

Many more of the veteran Communist troops evidently slipped away to the south.

The battle on the Bong Son coastal plain was part of a series of stand-and-fight engagements provoked in recent days by the Communist troops' drive to take the city of Quang Nam. Speaks at College Dedication

LBJ Urges More Progress

KILLEEN, Tex. (AP) — President Johnson said today, in dedicating a new junior college, that "the time has come for these Americans who believe in progress to convince the doubters."

Johnson said the quest for educational excellence, abolition of poverty, better health, economic stability and world peace will succeed—"if we stay on the course."

His remarks were prepared for ceremonies at Central Texas College.

The president, who flew to Killeen from his ranch near Johnson City, was headed back to Washington by New Orleans and Miami Beach.

The late unofficial announcement of his New Orleans visit caught city and Louisiana officials by surprise. His agenda was to include Miss A. Bland's Central Texas are being established at the rate of one a week.

In Miami Beach, AFT-CIO officials had been hoping Johnson would stop off at their convention in Killeen, Tex., before dedicating a new junior college, a speaking tour, a speaking time of 6:35 p.m. EST before the labor body in Florida was announced.

Two Firms Reveal New Battery Car

DETROIT (AP) — Development of an electronic automobile, which its builders say will have a cruising speed of 80 miles per hour and a range of 150 miles without recharging, was announced today.

American Motors and Gulton Industries of Metuchen, N.J., disclosed details of the joint project.

An operational model of the electronic car will be road tested within a year, reported Roy D. Chapin Jr., chairman of the board of American Motors.

A prototype of the small, three-passenger commuter car was unveiled at a news conference. It is called the "Amtron" and has a newly developed engine Gulton Industries built.

This joint project is the result of the development of a new power system. It could eliminate many problems.

Dr. Leslie K. Gulton, president of Gulton Industries, said for the first time in a half-century, the gasoline burning automobile is about to share the road with a secret five-year force level document.

Members of NATO Study New Strategy

BRUSSELS (AP) — Defense ministers of the North Atlantic Treaty Organization members met today to study a new strategy of putting into final form NATO's first new strategy concept in 10 years—a plan for graduated response to any Soviet aggression.

After a discussion of proposals to spread nuclear responsibility among the allies, the defense chiefs were expected to discuss and adopt the new graduated response plan and couple it with a secret five-year force level document.

Antipoverty May Secure Less Money

WASHINGTON (AP) — Anti-poverty boss Sargent Shriver has congressional authorization to spend \$1.6 billion over two years—but his agency may wind up with far less money.

The bill sent Monday to the White House represents the most money ever authorized for the Office of Economic Opportunity, which Shriver heads, and marks the first time Congress has extended the program for more than one year.

But just after House passage of the bill, a House Appropriations subcommittee recommended that only \$1.12 billion be provided to foot the anti-poverty bill in the first year, compared with the \$1.6 billion authorized.

"That should not daunt us—any"
