Beauty MAGIC

MR. GARY MISS NANCY

Like many animals, we shed a certain amount of our hair regularly. The average person loses from 2 to 75 hairs every day. This natural loss is automatically replaced by new growth and is no cause for alarm. Hair which becomes spots, however is a different matter. The major cause of baldness is the restriction of blood circulation to the scalp. This can result from sleeping with your hair wound overly-tight on curls, hats, styles such as pony tails, braids and chignons are equally serious offenders. If you are guilty of one of these errors, you should correct it immediately.

If you want to correct your present hair style or just come to SPILLER OF BEAUTY, Latin American, Cuban Shopping Plaza, 648-2806. Our stylists will give you a flattering new one. Oleg Cassini Wigs, Wiglets and Coloring Rooms. Open: Mon., Tues., Wed., Sat., 10-7; Thurs., Fri., 9-9.

Manchester Garden Club will have a demonstration of flower arranging and a silver tea Monday, Feb. 12, at 1 p.m. in the Woodruff Hall of Greater Connecticut Church. The event is open to all women interested in flower arranging.

A dramatic advance in getting scouting to more boys is expected as the result of a new emphasis in the "Breakthrough for Youth" program of the Charter Oak Council, Boy Scouts of America, according to Charlie K. Borman of West Hartford, the council president. Nearly 400 Cub Scout Packs, Boy Scout Troops, and Explorer Posts in Hartford and Tolland counties are setting new goals that will expand the quality of the scout program and ensure the resulting of a substantially greater number of boys, Borman said. The goals affect trained leadership, membership, program, advancement, service and activities.

"Breakthrough for Youth means that scout leaders are determined to use scouting's great potential to build a new generation of American boys," Borman said. He pointed out that a recent study of school dropouts shows an almost complete lack of skills and either a total lack of confidence or a misguided confidence not backed up with ability.

Far East Crisis Seizure: What Significance?

By ROBERT S. ELEGANT The Los Angeles Times

HONG KONG—The seizure of the Pueblo has crystallized a confrontation in the Far East. By coincidence or design, aggressive Communist action has spread across a wide front and only Communist China, the customary center of the eastern political storm, has remained detached.

Whole large-scale assault in Vietnam, Laos and even Cambodia have intensified the crisis that, perhaps, made it look graver than it is.

One question is central: Are the actions across a 3,000-mile front a coordinated attempt to force the United States to reduce its commitment in Asia? But other puzzles abound within the Pueblo incident.

What inspired the North Koreans assault on an American airplane through hostile territory? What do the Viet Cong and the North Vietnamese hope to gain by their simultaneous attacks on the United States?

On balance, it appears that coincidence, effectively exploited rather than maliciously planned, binds the actions.

The Communist regimes on the periphery, already alienated from Peking, appear to have taken advantage of China's preoccupation with the great proletarian cultural revolution to stage actions that Peking's strategic—Maoist or anti-Maoist—would characterize as "adventurous." The Chinese communists learned early in their battle for power that taking cities they could not hold did not ad-

Secret Pueblo Talks Spur Seoul Dismay

SEOUL (AP)—South Korea's National Assembly adopted tonight a sharply worded resolution expressing "national indignation" at current secret negotiations between the United States and North Korea on the fate of the USS Pueblo and its crew.

The resolution, reflecting widespread Korean dismay at the American attitude in the crisis, insisted that the attack by North Korean commandos assigned to assassinate the ship's crew was more important to South Korea than the Pueblo incident.

The legislators asked the government to take "punitive measures" if necessary, "against Communist provocations, and suggested that "military reprisals would be the best measures" since the record of the North Koreans "proves they do not stick to diplomatic agreements."

Many in this country feel the Pueblo incident endangers U.S. relations with its strongest ally in Asia. As one legislator put it, "We are disappointed, and although it is not yet distribution, we are frightened."

The right, explained, grew out of a feeling that the United States might sacrifice the interests of South Korea for American global interests and for the sake of furthering a thaw in U.S.-Soviet relations.

An atmosphere of tension was heightened on an anti-American note only a few days after the Pueblo incident.

Viet Devastation Widens

SAIGON (AP)—Attack and civilians streamed from shacks derelict jet and a North Viet DMZ told of fierce fighting about South Vietnam's northern frontier, where senior American commanders expect an even bigger Communist offensive than the one in the past week that dealt severe blows to provincial capitals and cities.

One report, withheld for security reasons, disclosed a 15-day-old operation by U.S. paratroopers and air cavalrymen in an area 25 to 35 miles south of the DMZ. That zone's U.S. headquarters said the Army troops have killed 573 of the enemy and captured 89 weapons.

At some points elsewhere the DMZ has been breached by Communist troops. The DMZ is the 16th Communist jet in seven miles below the eastern edge of the DMZ, while 38 Marines were killed and 164 wounded.

You Should Know... Mrs. Beatrice Little

Talking with Mrs. Beatrice Little who is well-known for her volunteer work in veterans hospitals and patriotic organizations, is a heart-warming experience.

Mrs. Little, known by her friends as "Bea Little," says if asked which of her many activities is closest to her heart, she would say visiting veterans hospitals.

"I was one so much to the veterans of wars and there is so little they can look forward to, especially when some of them have to spend the rest of their lives in hospitals," she said.

"As I stepped off the elevator at the hospital, I noticed a veteran sitting in a wheelchair staring intently out of a window. I remember it was winter and I asked him what he was starting at. I said, 'Isn't that the time of day?'"

"I went on my way saying nothing. A few months later as I was stepping off the elevator one day, the same man was staring outdoors. He turned to me and said, 'You know what tree looks different to me now. This time it was spring and the buds were starting to open up.'"

"So you see," said Mrs. Little, "it is a matter of taking their minds off themselves, and it's easy if only someone shows that they care."

Mrs. Little is in charge of recruiting volunteers for Connecticut veterans hospitals. She has 232 volunteers now and they are each assigned to one of the hospitals to Connecticut for one day each week.

Mrs. Little herself has put in 5,000 hours of volunteer work. Some of her activities in connection with Rocky Hill Veterans Hospital include:

1. Greeting cards for all occasions. See Our Leader Display at ARTHUR DRUG.

2. Window shades made to order. Bring your old shades in for \$50 per shade. ALSO VENETIAN BLINDS.

People In The News

Who Comes First? NEW YORK (AP) — Elizabeth Taylor and Richard Burton said Monday they argue about who should have top billing in their costarring movie with each insisting the other named first.

At a news conference, Miss Taylor related: "I say, 'I will not accept first billing.'"

The couple flew here from London to publicize their new film, "Dr. Faustus," Christopher Marlowe's 16th century drama.

In the movie, Miss Taylor plays Helen of Troy, a non-speaking part, so Burton lost the current argument and gets top billing.

110 Years Old LOWSTOWN, England (AP) — Mrs. Ada Roe celebrated her 110th birthday without fanfare in her home.

Trenny Robb Models NEW YORK (AP) — Trenny Robb, whose brother Charles married Lynda Bird Johnson last week, modeled at her first New York fashion show Monday.

Another of her activities that year for the Auxiliary was serving as Poppy chairman. She showed hospitalized veterans how to fashion those memorial flowers of World War I. She also conducted a campaign to interest the public in buying them, and the new that she was paid for their work.

In 1955, Mrs. Little was named "Woman of the Year" by James Robb, and asked interviewers, "Do you mind if I take off my shoes? My feet hurt."

Yernon Drainage Seen 'Intolerable' At Post Office on Rt. 30

"Extremely unpleasant and intolerable conditions" exist at the Yernon Post Office on Rt. 30, according to a committee of the Board of Representatives appointed to examine the situation.

The two committee members said the entrance, exit and parking areas are completely inadequate and are big in diameter as 4 inches.

The report also cited the fact that drainage is non-existent with the water table at the time the report was written, above the top of the existing drain.

In spite of a newly extended drainage field installed the first of this month, there were toilet facilities at the post office for the employees as of yesterday.

The post office property and building is owned by National Construction Co. of South Boston and is leased by the government.

Bond Items On Agenda

Although cost estimates for the proposed new Lincoln School are not ready for tonight meeting of the Board of Directors, they still may be ready in time to place the question for referendum at an April 23 special election.

The board tonight will consider setting a date for a bond election, with a new school in Center Springs Park one of them.

However, Sec. 2-2 of the town charter specifies that, before the board can approve the items to be included in a bond election referendum, it must fix the estimated costs for those items. The board is prepared to list the estimated costs of five of the items, but not the sixth, the proposed new school.

Sec. 2-7 of the charter requires that only five days notice be given the electorate for a special election, such as a bond referendum.

The other five bonding items to be considered tonight are: School improvements and renovations, estimated at \$870,000.

Air conditioning for Mary Cheney Library, estimated at \$50,000.

Improvements to the Municipal Building Heating System, estimated at \$50,000.

Installation of air-conditioning and a sprinkler system, estimated at \$50,000.

Construction of a secondary Treatment Plant, a Northeast Sewer Interceptor and a Cross-town sanitary-sewer main, estimated to cost the town approximately \$1 million.

his retirement, Commander of the Marines. Other retired military figures subscribing to the same recommendation included Army Generals William Wallace Ford and Robert L. Hughes, Marine General Samuel B. Griffith 3d, and Admiral Arnold E. Train.

It can be acknowledged that none of these people of high military title would, even in retirement, take such public positions without considerable and prepared qualifications and debate with themselves.

The fact that they do wind up taking such public positions does not, however, indicate that we have come into a state of national disaster and we certainly have a bunch of looks for ex-generals and ex-admirals.

The much more valid conclusion is that we have got ourselves into the kind of war and the kind of strategy and the kind of purpose not even our professional military men can be blindly loyal to.

Especially The Ownerless \$44,000

Ever since the pre-Christmas fire hit that postal station down in New York which destroyed the \$44,000 worth of mail's imagination about it. The net loss turned out to be about 3,000,000 pieces of mail.

What may have been the reason there was that family disturbing downward variation in the number of Christmas cards we received this year. Only the packages from Uncle Bill down in Australia didn't arrive as usual.

And it must have involved others who were not serious about the living of others. Who knows what long overdue communication - perhaps communication of reconciliation - may have been lost forever between the lives it might have reunited? What long-deliberated proposal may have gone awry? What patriotic job has been left undone? What propositions? What invitations to taste and other blasts?

What possible devices can be postulated for the recovery of the mail? What other things who know what long overdue communication - perhaps communication of reconciliation - may have been lost forever between the lives it might have reunited? What long-deliberated proposal may have gone awry? What patriotic job has been left undone? What propositions? What invitations to taste and other blasts?

Connecticut Yankee

By A.H.O.

We are getting ourselves well briefed for the poll, commencing by the Republican leadership of the city of Bridgeport, which goes to survey Bridgeport on the question of how Clare Booth Luce and other sundry Republicans might run against Senator Ed Bradley.

The time has come, we suspect, for us to divulge a secret we have been playing for a number of years.

We are now ready to confess that we are the strange and disconcerting citizen who keeps popping up in the poll returns with the upsetting kind of answer.

Who do we like for President in 1968? Dempsy.

What public official ranks highest in our estimation? Dempsy.

Who do we think would represent Connecticut best at Washington? Dempsy.

As between Clare Booth Luce, Abe Ribicoff, and Ed Bradley, who do we consider the best qualified public servant? John Dempsy.

We are thus divulging publicly the way we operate in the polls. We are not doing this to ease the panic which arises among every new set of pollsters who come into Connecticut. They, poor people, set about trying to find out how so-and-so polled more than so-and-so and then keep concerning some obtuse character who would dispense for everything and who fights every pollster effort to switch him to anybody else's name.

In fact, it has become so pronounced a trend that the first thing any new pollster does, after their first day's work in Connecticut, is go back to the people who hired them and say in tones of bewilderment and amazement:

"The world is this fellow you've got in Connecticut named Dempsy?"

And if you're not paying good money for a poll about other people, it doesn't feel very good, you know, to get nothing back but Dempsy, Dempsy, Dempsy.

Not, by any standard, is North Korea's action wholly practical effect. American prestige has unquestionably been shaken by the Pueblo affair.

For every Asian who complains of the loss of intelligence and of too many officers qualified to handle the job, there is one who complains of the loss of honor and of too many officers qualified to handle the job.

What Is Significance Of Pueblo Seizure?

Koreans and the North Vietnamese live in an isolated world of their own making. Their self-esteem is being built by their continued defiance of the United States. Most who pursue an extreme and perilous policy must obviously be extremely confident and self-assured in their own views.

We cannot, therefore, automatically assume that the men of Hanoi, for example, are so rational that they will finally abandon the impossible conquest of the south in the teeth of the present American example of China, where rationality is fighting its way to the top, our patient containment of Hanoi may be rendered futile.

Skating Coasting

The Talk in This Ski Town Is of Bindings and Lifts

There is skating tonight, 5 to 9, at the Center Springs Annex. No skating is allowed at Charter Oak Field, and there is no skating or skating.

What is perfect winter weather depends on who you're talking to these days.

For more and more adults it means snow and lots of it. The Flats talk now-a-days concern bindings, lifts, and what are the chances of snow. Plentic bakets are being dusted, family cars wood work, Chive Prier, John are sporting ski racks, and if Keller, Leon Peck, Bill Houle, John Sumner, James Priest, Paul Coady, Don Brown, Rex Kerr, Bill O'Connell, Dick Ugalis, Doc Edlowitz, Bill Hallock, Carol Boye, Lee Anderson and Bob McCabe. John Sumner is president of the ski club and they all deserve a gold medal for giving up these snowy Saturdays.

The realization that this particular area had gone slightly ski crazy dawned upon a resident when he couldn't squeeze into the local ski shop. A few days later when it seemed safe to enter, Claire Prier of Sport Mart was asked what in the world was going on.

According to Claire, the upsurge in business this year could only be happily described as "fantastic." To the question of who was doing all the buying she answered that it was everybody, all ages - families, teenagers, adults. She suggested a look at the Alpine Ski Club, it seems that in this one season 180 members including family, seniors and junior membership fees and junior membership fees. Claire also suggested a bit of credit be given to the weatherman who has shined for us, it is supplied up with snow. It takes a few inches to get people to come.

In Rockville it's hard not to think of skiing. With redevelopment of the ski area, the view over hills has to look up from the main street. Small figures dart down the slope, and at night the lights are on, and a miniature ski lift is in operation. Meetings of the club are held Thursday at 7:30 p.m. at the club room at Sport Mart. Plans for the coming season, plans planned, and of course, the chatter would fill a ski magazine.

The ski club, an skating for nine years, has been performing a valuable community service since it started its junior program in 1962 with the instruction teaching safe skiing to youngsters. The instruction is given by the director of the high school under the direction of Ray W. Ouchowski, Mr. Austin Jones, and Mr. David Jones. The program is a valuable community service since it started its junior program in 1962 with the instruction teaching safe skiing to youngsters.

Renewal, Inventory Losses Show in Grand List Figures

Although the town's 1967 Grand List went up \$2,631,884 or 2.56 percent over last year, the Grand List within the town, exclusive of the 8th District, dropped \$282,150 or 1.4 percent, Town Assessor T. Joseph Murphy reported today.

Real estate assessments for 1967 were off \$200,000 from the previous year, he said. The town's 1967 assessments were off \$200,000 from the previous year, he said. The town's 1967 assessments were off \$200,000 from the previous year, he said.

Murphy attributed the 8th District's real estate loss to the demolition of buildings for North End Renewal. He attributed the personal property loss to the removal of commercial inventories and to state requirements for the removal of industrial inventories from assessment lists.

Some of the real estate decreases in the 8th District, as it is townwide, is directly attributable to the removal of persons 65 and over.

There were 627 such exemptions in 1967, compared with 628 in 1966. The assessment reduction in that category was \$204,500 from \$214,584 in the District.

Murphy explained that most of the lost tax revenue from the Grand List reductions will go to the town and District from state reimbursements for 10 years. However, he added, it is not starting with 1964.

known when that will be. He said that the state has a formula in operation for refunding taxes on inventory losses. Refunds for taxes lost for exemptions to the elderly will not be made until September 1969, he said.

In addition, he said, the town and District will be reimbursed from redevelopment funds for property lost because of the removal of commercial inventories. The amount of those refunds are uncertain at this time, he added.

The Town Fire District, which levies a tax against all property outside the boundaries of the 8th District, had a \$6,261,043 loss or a 1.6 percent increase in its Grand List.

The real estate increase in the TFD was attributed by Murphy to the construction of new and larger apartments; new, small factories; additions to the industrial zone; and the decrease in the 8th District, as it is townwide, is directly attributable to the removal of persons 65 and over.
