## Galt Charged in Slaying; Fugitive Warrant Issued

## LBj and Eisenhower Talk on War, Peace

The FBI released these photographs in Washington late yesterday and identified the man as Eric Starvo Galt who is charged with conspiracy in the slaying of Dr. Martin Luther King Jr. The FBI said an artist drew the open eyes, right. The original photo is at left. (AP Photos)

MEMPHIS, Tenn. (AP) — The mercenary Eric Starvo Galt has been charged with conspiracy and murder in the assassination of Dr. Martin Luther King Jr.

The FBI said in a fugitive warrant issued Wednesday night in Birmingham, Ala., that Galt, 36, conspired with a man "whom he alleged to be his brother" to violate King's civil rights.

The state charge of first-degree murder was filed against Galt in Memphis where King, 39, Nobel prize winning civil rights leader, was shot to death on a motel balcony April 4 by a sniper who fired from a nearby rooming house.

There was no further mention in the FBI statement about the alleged brother and no charge was filed against him.

FBI Director J. Edgar Hoover announced in Washington that the conspiracy to "injure, oppress, threaten or intimidate" King began "on or about March 29" in Birmingham.

The FBI started hunting Galt a week ago. Agents even contacted persons named Galt in several states in an attempt to find him.

The picture—which had to have the eyes "opened" by an artist—brought uncertain responses from witnesses who were acquainted with Galt or saw the fleeing sniper.

"Unless he was wearing a wig or had had a face lift or some other trick, the man I saw," said Charles G. Stevens, who lives at the Main Street—Cooper Capital Building.

"This is clearly a complete reversal of truth aimed at coping with public opinion which is protesting against the U.S. government."

Nhan Dan noted that Johnson spoke in Honolulu at a "suitable place" for the preliminary talks. The paper added: "In the eyes of these men of good will who want an early end to the war in Vietnam, Phnom Penh is a neutral country—of

## B52s Hit South Viet Valley In Heavy Blows

SAIGON (AP) — Waves of intelligence reports told of a steadily increasing buildup of American B52s hit South Vietnam's A Shau Valley with more than 1,000 tons of bombs Wednesday and today in the war's heaviest aerial blows for a 24-hour period.

At least 60 of the eight-engine Stratofortresses streaked over the valley from bases in Thailand and Guam to bomb North Vietnamese truck parks, storage areas and troop concentrations.

The 25-mile-long valley has become the No. 1 target for B52 saturation bombing. Senior U.S. officers believe the North Vietnamese may be using the valley as a staging area for one of their major attacks on Hue, 25 miles to the northeast.

MARCH AIR FORCE BASE, Calif. (AP)—President Johnson, stopping en route to his Texas ranch after two days of Pacific policy talks in Honolulu, conferred today with former President Dwight D. Eisenhower about war and peace in the Pacific.

Johnson arrived at this Strategic Air Command base in the middle of the night, slept aboard the plane and, not long after dawn, welcomed Eisenhower for a breakfast meeting aboard the presidential jet.

Their talk followed a Hawaii summit meeting with South Korean President Chung Hee Park, who got Johnson's assurance that the Korean will have a voice in any Vietnam peace negotiations and that the United States will stand by its commitment to help defend South Korea against any Communist incursions from the north.

Johnson alighted from his jet at 7 a.m. PST, greeted a few score military families gathered nearby, and then strolled around the air base upon which awaited Eisenhower, who flew in 15 minutes later from his winter home at Palm Desert.

The two dined aboard Air Force 1 while Johnson briefed Eisenhower on his Hawaii talks.

Johnson interrupted a Texas Easter vacation to fly to Hawaii Monday for discussions on Vietnam strategy with his Pacific military commanders and then Wednesday's parley with Park.

A 1,000-word joint communiqué and a warm embrace by Johnson of his important Asian ally climaxed the meeting which grew out of a strain in U.S.-South Korean relations following last January's North Korean assassination attempt against intelligence chief Pueblo.

South Korea has nearly 50,000 troops in the peninsula, and the allied Asian leaders have been making it plain they do not want to be bypassed in any peace negotiations. Some have also voiced misgivings about the U.S. strategy to force the Communists with his peace bids.

Johnson resumed Park on this score during an eight-hour session which featured intimate talks by the two with one or more interpreters present.

Park publicly endorsed Johnson's outlook, but said he did not want to see the United States and other nations succeed in getting talks with Hanoi under way.

In the biggest battle, U.S. infantrymen from the 98th Division reported killing 78 Viet Cong in day-long fighting in the delta 43 miles southwest of Saigon. Four Americans were reported killed and 15 wounded.

At the other end of the country, five scattered fights were reported near the eastern end of the demilitarized zone. U.S. Marines and paratroopers reported 48 killed and 73 wounded but they killed at least 23 of the enemy.

Marine units fought two battles near the Big Dong Ha base in Quang Tri Province, with 10 Marines and nine of the enemy killed. The deepest penetration reported killed 14 of the enemy. Only one deserter, a South Vietnamese, was reported.

No new ground fighting was reported at Khe Sanh, but U.S. officers said more than 240 rounds of artillery and rocket fire hit the area Wednesday in the third consecutive day of heavy shelling. U.S. casualties were reported light.

For the 14th successive day in the air war against North Vietnam, U.S. jets sprayed south of the 19th Parallel.

Some of his strategists feel that action of this nature would help eliminate some of the political northwest of Vietnam and to some extent the area of the parallel.

## Hanoi Demands Site Accord

TOKYO (AP) — North Vietnam demanded today that the United States "agree without Pen or Warsaw for the site of the preliminary talks."

The demand, in the official Communist party newspaper Nhan Dan, repeated the charge that the United States is interfering in its talks of peace efforts.

"Once again," it said, "we demand that the U.S. government give up its attitude that shows a lack of repair if the strike last week was a mere coincidence."

"We will maintain peace and it will be the good service," said H. J. Romnes, chairman of the American Telephone & Telegraph Co., parent firm of Bell System.

The union revised downward its earlier estimate that nearly 200 telephone workers would be involved at the start.

The strike would involve 20,000 telephone workers around the nation who work for Western Electric Co., a Bell subsidiary; 2,000 at the Western Electric manufacturing plant in Buffalo, N.Y., and about 140,000 Bell operators, clerks, supervisors, test men, and other employees.

"The Communist danger was had been definitely crushed and that it would not be able to make its appearance again, at least not in Europe," the statement said. "It is to our shame that its first reappearance has been in the United States."

"We had hoped, after the Second World War, that fascism had been definitely crushed and that it would not be able to make its appearance again, at least not in Europe," the statement said. "It is to our shame that its first reappearance has been in the United States."

"The political veteran said his appeal was issued 'in the name of the World War, that fascism had been definitely crushed and that it would not be able to make its appearance again, at least not in Europe,' the statement said. 'It is to our shame that its first reappearance has been in the United States.'"

## Dittus Pick For PR Post At Hospital

Bert Dittus, formerly of Meredith, N. H., has been appointed director of development and public relations at Memorial Hospital. The appointment was announced by Hospital Administrator Edward M. Kenney.

Dittus succeeds Roger Denion, who was appointed to the post as its first director in 1965 and who resigned last fall to return to John Grzeschick and Associates, Chicago, Ill., where he was formerly employed.

The development and public relations program seeks to provide for the expansion of the hospital's capital improvement needs through the annual budgeting of gifts by individuals and organizations as well as using federal government funds.

Dittus has served as chancellor of the Unity Institute of Liberal Arts and Sciences, Unity, Maine and prior to this he was the executive vice president of Belknap College, Center Harbor, N. H.

He has also served as an associate director of the American Red Cross and as a field director of the Arthritis and Rheumatism Foundation.

He is a veteran of the Army Air Force in World War II and received his bachelor's and master's degree in education from Temple University, Philadelphia, Pa.

Following the installation, the 8th Grade Glee Club, directed by Miss Debra Nichols, and the band, directed by Louis Beau-lac, presented their annual Music Night. Each group performed several selections.

Steven Eib, a 6th grade pupil, announced the glee club's members.

About 200 attended the program.

## Washington PTA Installs Slate

Washington School PTA officers for the 1968-69 year were installed at last night's meeting as follows:

Mrs. Arthur Raymond, president; Joseph Dupuis, vice president; Mrs. Joseph Krucyk, treasurer; Mrs. Frank Amaden, secretary; and Mrs. Cecil Treadwell, Mrs. Max Obermeier and Mrs. Bernard Brennan, delegates to PTA Council.

Mrs. Charles Utting, past president, performed the installation.

Mrs. Brennan, outgoing president, was presented a bouquet and a gift from the group in appreciation of her work this year.

MPHNA Board Honors 25-Year Members Mrs. John P. Cheney Jr., left, and Mrs. Edson Bailey were honored yesterday by the executive board of the Manchester Public Health Nurses Association (MPHNA) for their 25 years of service on the board. The event took place at a board meeting at Crystal Containers building with live flowers from the nursing staff. Mrs. Cheney was president of the MPHNA board from 1948 to 1952, and Mrs. Bailey served as president from 1954 to 1958. Both have been active members of the board since they were appointed in April 1943, and have chaired many committees. (Herald photo by Flato.)

### Tolland Road Superintendent Voted

Approximately 60 residents approved all items on the call to repair and in some cases to replace some of the equipment, now housed in Vernon and Manchester-Stratford quarters on Union St. in Rockville.

The zoning board of appeals, which was held on April 10, approved the sale of the Industrial Park to Louis Catering Corp. No opposition was voiced on the sale to John Olander Corp.

Also approved was the designation of the party affiliation of voters on the voter registration lists, and the appropriation of \$20,000 for industrial arts equipment at the high school, which will be returned by the state as part of a revolving grant.

Town officials have met with State Highway Commissioner Harold Ives and reached agreement on the methods to be used in hiring the road superintendent, according to First Selectman Ernest Vile.

The Highway Department agreed to provide the names of several qualified candidates and written exams given by the state will be provided by the candidates.

The Board of Finance will recommend two to the Board of Selectmen to the Board of Selectmen, which will determine the final selection.

Priority will be given local residents who score in the top area of the exam. It was agreed.

The salary of \$42,000 included in the election's budget for the position was decided after checking with the State Highway Department. The starting salary is in line with that paid for similar responsibilities with the state.

The post will be filled on a three-year basis, although the first term would be three years and four months since statutes require the term to run from October.

The town will have a new road superintendent within 40 days, according to the timetable established in the state statutes. The Board of Finance has 30 days to name its selections and the Board of Selectmen has an additional ten days to make its final choice.

The post will be the first professionally appointed position in town government, with the exception of the superintendent of schools.

**Teachers Learn About SEARCH**

Some 25 teachers and Manchester Education Association personnel attended an MEA-sponsored meeting yesterday afternoon to learn about NEA SEARCH, a computerized job placement service for teachers.

SEARCH, now in its second year, attempts to match applicants with available teaching positions throughout the nation and overseas. The service is operated by the National Education Association, which claims more than 5,000 teachers had filed applications as of April 1.

Applications were available at yesterday's meeting, held at the Manchester Community Hall in the Parkside, and field representatives from NEA and the Connecticut Education Association were there to answer questions.

There was no formal registration and MEA officials could give no indication of how many teachers would utilize SEARCH to look for jobs outside of Manchester.

President Kenneth Skinner said MEA building representatives would also have applications blank available at the various schools.

MEA, which is the official bargaining representative of the town's 470 public school teachers, decided to publicize the SEARCH service among the staff when state-level mediation failed to resolve its salary dispute with the Board of Education and the teacher group moved to take the matter to arbitration.

Principally at issue is a proposed teachers' salary schedule for next year. The MEA wants raises totaling \$24,000, while the school board has refused to commit itself to more than \$208,000.

Several other lesser issues also remain unresolved, including a principals' schedule, pay for department heads and superintendents, and the like.

The MEA has also appointed a special committee to draft a program of sanctions against the school system, to be applied if teachers fail to win their demands.

### Best Program By Symphony

The Hartford Symphony closed its subscription series last night at the Bunnell with what was probably its best played program of the season, comprising works by Dvorak, Prokofiev, and Brahms. Arthur Winograd conducted. Leni Hollander was guest pianist.

"Behemoths Capriccioso" by Dvorak opened the program, and Mr. Winograd deserves credit for digging out this work which suffers from unwarranted neglect. It may not be the world's greatest composition, but it certainly serves a fine purpose as a rousing and interesting opener to any program.

On the whole, it was most effectively rendered, though there were scattered moments when balance could have been consistently improved.

The concert was featured next in Prokofiev's Piano Concerto No. 2. He played the instrument in a fashion unadorned and disclosed great virtuosity, which is what the work requires. Whether or not he was artistic in something he had no opportunity to demonstrate, due to the character of the concert.

When it was written (1914), Prokofiev was more interested in writing for future audiences. In his own playing he considered to be old-fashioned, that in his own playing he considered to be old-fashioned, that in his own playing he considered to be old-fashioned.

West made a fatal error when he took the ace of clubs at the third trick. He should play low. East ruff and trump, and South cannot get 10 tricks. If South tries to ruff out dummy's clubs, East gets in with a spade and leads another trump.

It's unusual to gain a play forcing your partner to ruff and thus speak up. What went wrong? Or do you suppose everything that went on? Decide for yourself.

### Hearings on New Budget Set Before End of Month

Public hearings on the proposed budget for the fiscal year beginning July 1 will be held near the end of the month, according to Board of finance Chairman Howard Wolfanger.

The Board has been holding regular work sessions on the various board budgets and expects to wind things up after one more meeting.

The proposed budget will be made public shortly before the hearings are scheduled. After the hearings the Finance Board will review the budget keeping in mind the comments made at the hearings.

It will then be brought to the annual town meeting for adoption.

**Violin Making Demonstrated**

Billy Neff Sr. will display and explain the intricate steps involved in the making of a violin to the sixth grade music class tomorrow in the Lecture Hall at Tolland High.

Violin making has been a hobby of Neff's for many years. He will perform on one of his violins to demonstrate the tone quality and will relate some of his experiences in violin-making.

The purpose of the lecture is to encourage the youngsters to play or make instruments of their own, according to high school principal Howard Harvey.

### Teachers Learn About SEARCH

Some 25 teachers and Manchester Education Association personnel attended an MEA-sponsored meeting yesterday afternoon to learn about NEA SEARCH, a computerized job placement service for teachers.

SEARCH, now in its second year, attempts to match applicants with available teaching positions throughout the nation and overseas. The service is operated by the National Education Association, which claims more than 5,000 teachers had filed applications as of April 1.

Applications were available at yesterday's meeting, held at the Manchester Community Hall in the Parkside, and field representatives from NEA and the Connecticut Education Association were there to answer questions.

There was no formal registration and MEA officials could give no indication of how many teachers would utilize SEARCH to look for jobs outside of Manchester.

President Kenneth Skinner said MEA building representatives would also have applications blank available at the various schools.

MEA, which is the official bargaining representative of the town's 470 public school teachers, decided to publicize the SEARCH service among the staff when state-level mediation failed to resolve its salary dispute with the Board of Education and the teacher group moved to take the matter to arbitration.

Principally at issue is a proposed teachers' salary schedule for next year. The MEA wants raises totaling \$24,000, while the school board has refused to commit itself to more than \$208,000.

Several other lesser issues also remain unresolved, including a principals' schedule, pay for department heads and superintendents, and the like.

The MEA has also appointed a special committee to draft a program of sanctions against the school system, to be applied if teachers fail to win their demands.

Still The Greatest Marvel

There is, of course, no such thing as a free lunch. But there is, it has been said, a free computer. In the view of the immediate and the ultimate benefits it will bring, and the favorable circumstances, it would certainly seem kind of foolish to vote no.

### From Your Neighbor's Kitchen

By DORIS BELDING  
Fish is not only a low cost main dish, high in protein, but, in the case of Haddock, Mornay, delicious as well, says Mrs. Robert Debeau of 23 Davenport Ave., Vernon. Mrs. Debeau also mentioned that this is a "family favorite."

**Haddock Mornay**  
1 1/2 cups haddock fillets  
1 cup fish liquid  
3 tablespoons butter or margarine  
3 tablespoons flour  
1 teaspoon salt  
1/4 teaspoon pepper  
1/4 cup cream or evaporated milk  
1 teaspoon fresh lemon juice  
1/4 cup grated parmesan cheese  
minced parsley or paprika  
Poach haddock and prepare fish liquid by pouring about two cups of water in a large skillet; add 1 1/2 teaspoons salt; one slice lemon; one slice of onion, separated into rings; a few springs of parsley or celery leaves; one-quarter teaspoon peppercorns, and a bay leaf. Boil five minutes then reduce heat; cover and simmer about one to ten minutes or until fish flakes easily.

When haddock is cooked, drain off liquid saving one cup. Melt butter; blend in flour, salt and pepper. Add milk, cream and fish liquid slowly to butter mixture and cook until thickened, stirring constantly. Add lemon juice and cheese, and cook and stir until well blended. Arrange fish on platter and cover with sauce.

Sprinkle with chopped parsley or paprika.

A native of Ansonia, Mrs. Debeau attended Windham High School, Williamstown, where she met Robert Debeau, and later married him. She is a graduate of Boston University. Her husband is an attorney in Rockville. The couple has four children, Catherine, 10, Matthew, 8, Peter, 7, and Adam, 4. The three eldest children attend St. Bernard's School, Rockville.

### World Health Organization Foretells Medical Advances

By CHRISTINE DOYLE  
The London Observer says computers will become as familiar in hospitals as telephones and tele-typewriters. The application of computers to mass screening for symptoms of disease will be one of the major developments in medicine by A.D. 2000, he says. By this time most of the infectious diseases, as well as cancer, would be under control. The key to that problem would lie in the body's reaction before diseases took control and breakdown showed as symptoms of illness.

But another doctor warns of the need to balance potential danger against the benefit of new machines. Patients will be better served if doctors resist the temptation to classify them neatly on a punched card and in doing so omit to establish the essential human relationship between doctor and patient.

Although the WHO experts say that most people will be healthier in the next 50 years than could have been imagined at the turn of the twentieth century, they stress the huge discrepancy in likely benefits between people in the rich and poor nations.

Infectious diseases such as tuberculosis, malaria, cholera, plague and trachoma still overwhelm medical effort in many parts of the world. But the underprivileged nations still have one advantage. They have not yet had to face the toll in mental health experienced by Western countries.

"Technology has to be 'put in its place,'" say the doctors. "The man-made environment of the developed countries—with crisscrossed cities, noise, congestion and the devaluation of human relationships—is interfering with modern man's ability to range from minor irritability to major health breakdowns on epidemic proportions.

But the doctors warn that humans may be disappointed with the quality of increased old age, and seek instead to extend the period of maximum vigor in adult life. It might be feasible to insert a "bonus" five year between the ages of 20 and 30, after which a person would revert to his normal life cycle.

They predict that man may just be able to feed a doubled world population by the year 2000 if all means are taken to exploit synthetic foods, seaweed, fish farming, bacteria which flourish on petroleum chemicals or the vast compost heap which lines the sea-bed. But, they add, these hopes will die if reproduction continues at the present geometric rate of 2 billion people by the year 2040.

Scientists have found evidence that against about 3 billion now, Indian fishermen and hunters with desperate shortages in food, tourists, they spent a few weeks each year relaxing on the white sand beaches.

### Spring Is Here And Cry Heard: Curb Your Dog

The spring planting season is here and Dog Warden Frank Paggioli reminds residents to be a good dog neighbor.

"Many people will be planting gardens and caring for shrubs and lawns after the long winter," Paggioli said.

"Roaming dogs do a great deal of damage to home grounds and gardens every year."

He added, "Obey the law and don't allow your dog to run free on other people's property."

"Anything Asshole"

Residents spurred by the weather to clean out attics and garages are reminded that the senior class will be holding its annual "Anything Auction" Saturday starting at 10 a.m. at the high school.

Instead of throwing the things-mash away, call Bob Nyström, Craig Pepin (under Costanzo) or Alana Rose for free pick-up, and attend the auction Saturday to start a new collection.

The Ladies Benevolent Society of Bolton Congregational Church will hold a rummage sale Saturday, April 27, from 9 to noon.

Bulletin Board  
Club Social Pack 127 will meet Friday at 7:30 p.m. at the Community Hall.

### Hebron Joseph Kearns Named Head Of Democratic Committee

New officers were nominated and unanimously elected at the Democratic Town Committee Tuesday evening. The officers elected were: Chairman, Joseph Kearns; vice chairman, Mrs. John Keefe, formerly the secretary-treasurer; secretary, Wayne Miller, and treasurer, Robert Griffin.

Aaron Reid and Mrs. Dian Ferris, the former chairman and vice chairman, had announced that they would not run again this year in order that others may have the opportunity to lead the organization.

Reid and Mrs. Ferris have served in their positions for five years and have expressed their gratitude in having been able to serve the party as officers.

Ree Council Meeting  
The Recreation Council will meet tonight at 8 p.m. in the office building. Members are urged to attend the meeting to assist in considering several important items.

Kindergarten Registration  
Kindergarten registration will be held at both the Gilead Hill and Hebron Elementary Schools all next week. Registration hours will be 9:15 a.m. to noon and 1 p.m. to 2:45 p.m. daily at the school offices. Evening registration hours will be held at the Gilead Hill School on Tuesday from 6:30 to 8:30 p.m. and at the same hours on Wednesday at the Hebron School.

Ray Gardner, principal of the elementary school, points out that in order for children to be enrolled in kindergarten for the fall of 1968, he must reach their fifth birthday by Dec. 31. Parents are requested to bring their child's birth certificate and immunization record with them to registration.

Prospective kindergartners will receive additional information by mail this week.

The position of school nurse is open at the elementary school. Applications will be accepted until the end of the school year are being accepted at the Hebron Elementary School office.

### Health Board Has Meeting In Private

The Board of Health met Tuesday night in executive session, giving as its reason that it did not want publicity and that reporters do not report the meetings accurately. Chairman Herman Allard asked for a vote at the onset of the meeting which approved members 5-1 in favor of the closed meeting. No motion was made, however, to go into executive session.

The purpose of the meeting was to discuss apparent misunderstandings of the Board of Health and the Planning and Zoning Commission relating to the sewage disposal system for Bo-Cov Properties, Inc.

PZC and Board of Selectmen members were invited to attend. Robert Gansler, who was Chairman Funk represented the former group. Michael Peace then also present, was Health Officer Dr. Robert Bowen and Deputy Health Officer Samuel P. Allen.

In asking for the vote on a closed meeting, Allard did not name members of the Health Board. Sybil Victor and Raymond Furrham were in favor with one abstention.

Fellowship on Trip  
The Senior Pilgrim Fellowship of the Second Congregational Church will be leaving Sunday for a work-study week in Maryland. The group of young people is going on a chartered bus, together with the youth group of the First Baptist Church in West Hartford.

The group of 40 will split up when they arrive in Maryland at the Church World Service Center. All teenagers, 16 years of age and over, will be staying there to pack clothes Monday, Tuesday and Wednesday.

The younger group will continue on to Camp Hope Valley, just outside Mt. Airy, where they will start to prepare the camp for summer use by underprivileged children of the Washington, D.C. area.

On Thursday, the two groups will meet to spend the final day together taking a tour of Washington, D.C. and surrounding areas. Participants will be included in the trip. The young people will return to Coventry sometime during the evening of April 27.

Both fellowships have worked hard for the trip, making well over \$1,000 to meet expenses by holding car washes, dinners and bake sales. Several adults will be accompanying them.

### Spokesman

Anthony D'Angona, director of athletics at Howell Cheney Technical School, has been selected by the Instructors Organization of the state's 14 vocational-technical schools to represent the group at the upcoming platform committee meetings of Connecticut's Republican and Democratic parties.

In this capacity, D'Angona has been authorized as the official spokesman for the teacher organization and will present various legislative programs the group will propose for the 1968-71 session of the General Assembly.

D'Angona has served as business agent and legislative chairman of the Instructors Organization for the past eight years. He lives in Wethersfield with his wife and three children.

Courthouse Launched in Vernon's Renewal Area

The first shovel of soil was turned in the redevelopment area yesterday afternoon, signaling the start of construction on the Tolland County Courthouse.

It has been ten years since the town initiated plans for the renewal project in the center of the former city of Rockville and about four years that the commission has been working on the courthouse project.

Baum commented, "This is the beginning of the end of the project. Speaking to a group of 200 people at the ceremony, Baum commented, "Every project starts with a feeling of dedication but there's no feeling to compare with the feeling of accomplishment that comes with the start of construction."

Baum specifically thanked the members of his commission for all of the meetings they attended and the frustrations they suffered.

Representing Gov. John Dempsey, Lt. Gov. Attilio Frasinelli and other state officials, Frasinelli termed the day as a great day for Vernon. He also gave special recognition to the town's representative, Gerald Allen, for his persistence in helping to push the bill approving the construction of the courthouse.

The state official said the building of the courthouse will bring a new challenge to Tolland County. It will bring in new blood and bring back much of the lost economy, he said.

Mayor John Grant said the town had been waiting for this day for a long time. Also speaking were officials of Alco Development Corp. of Meriden, builders of the renewal project.

Previdenti also brought some information about the ceremony. He said final approval had been given to a 100-unit housing project for the elderly to be constructed in the redevelopment area.

Joseph E. Kane and William R. Kane, Jr., who are architects, were also present at the groundbreaking.

Since the redevelopment project started four months ago, it has been in office and all were present at the ceremony. Besides Mayor Grant, there was Thomas McCusker, Atty. Gen. Leo B. Flaherty and Herman Olson.

The courthouse building will be leased by the developer to the state. It will be contemporary design, faced with brick and will house two superior court rooms plus many offices on the first floor. The courtroom will be two stories high and the remainder of the second floor will house a large library.

Ground is broken by Val Previdenti, left, Alco Development Corp. head, and Lester Baum, Redevelopment Commission chairman. Seated, from left, are Atty. Gen. Leo B. Flaherty and Thomas McCusker, former mayor, and State Rep. James Kennedy, Lt. Gov. Attilio Frasinelli and State Rep. Robert King. Present courthouse is in building at right.

Members of the Marine Corps League Auxiliary will conduct a bingo tomorrow at 7 p.m. at the Rocky Hill Veterans Home and Hospital.

The Manchester Chess Club will meet tonight at 8:30 at Iona Hall, Regent St. Those wishing to sign up to play against Dr. Joseph Piatz may call Roger Anselin, 302 Main St.

The Chambridge Musical Club will sponsor its annual show and concert at Washington School, 100 Washington St., on Saturday, April 20. The show will feature the banding of underprivileged Hartford children to Manchester schools, which will be discussed.

The American Legion Auxiliary Unit 102 will sponsor a rummage sale Tuesday at 9:30 a.m. at the Legion Home on Leonard St. Those having articles to be sold may contact Mrs. Clifford Walker, 77 Phelps St.

Marine Private Edward J. Sias, son of Mr. Gilbert F. Sias, of 570 Vernon St., recently graduated from recruit training at the Marine Corps Recruit Depot in Great Lakes, Ill.

Nationwide Hunt Pressed for Galt

MEMPHIS, Tenn. (AP) —The nation's police agencies intensified a nationwide search today for Starvo Galt, the elusive fugitive sought in the assassination of Dr. Martin Luther King Jr.

They were aided by thousands of wanted posters, just gaining wide distribution two days after the FBI publicly identified Galt, 36, as the man it had sought secretly since the assassination of Dr. King.

John Willard was the name used by the man who checked into a Main Street rooming house three hours before King was shot as he stood on the balcony of a motel here. There was no reference to the second alias.

The federal agency denied a report that it had taken into custody the man it says is Starvo Galt, the brother of the man who was arrested in a federal warrant, issued Wednesday, claimed that the man had broken out of a conspiracy March 29 to violate King's civil rights.

Year's Biggest Air Raids Made on North Vietnam

BAIGONG (AP) — U.S. warplanes made their heaviest raids of the year on North Vietnam Thursday, rying the largest number of missions in nearly four months, military spokesmen announced today.

Targeting in the southern panhandle in accordance with President Johnson's curtailment order, U.S. pilots took advantage of clearing weather to fly 145 missions, one more than a year's previous record on Jan. 28. It was the largest number since Dec. 28, when 150 were flown.

The total was nearly triple the average number of missions the Americans flew against enemy supply routes, camps and gun positions in the southern part of North Vietnam. There has been very little change in enemy truck traffic in the southern panhandle.

Some U.S. sources say that despite Johnson's curtailment order allowing the North Vietnamese to move near the coast, with impunity down to the 18th parallel, a distance of 140 miles from Hanoi, there has been very little change in enemy truck traffic in the southern panhandle.

Some U.S. sources say that despite Johnson's curtailment order allowing the North Vietnamese to move near the coast, with impunity down to the 18th parallel, a distance of 140 miles from Hanoi, there has been very little change in enemy truck traffic in the southern panhandle.

Nationwide Hunt Pressed for Galt

MEMPHIS, Tenn. (AP) —The nation's police agencies intensified a nationwide search today for Starvo Galt, the elusive fugitive sought in the assassination of Dr. Martin Luther King Jr.

They were aided by thousands of wanted posters, just gaining wide distribution two days after the FBI publicly identified Galt, 36, as the man it had sought secretly since the assassination of Dr. King.

John Willard was the name used by the man who checked into a Main Street rooming house three hours before King was shot as he stood on the balcony of a motel here. There was no reference to the second alias.

The federal agency denied a report that it had taken into custody the man it says is Starvo Galt, the brother of the man who was arrested in a federal warrant, issued Wednesday, claimed that the man had broken out of a conspiracy March 29 to violate King's civil rights.
