## Trash Can Source Of Bridgeport Fire

BRIDGEPORT, Conn. (AP)—Fire investigators have traced the source of the Easter morning fire that killed 11 persons to a second-floor trash barrel. It was "the city's worst fire disaster in memory," police said.

## Tom, Dick Eye TV Show From Canada

NEW YORK (AP)—Tom and Dick Smothers said today they have an offer from the Canadian CTV network to produce their show in Toronto next year if they cannot place it with an American network.

Tom Smothers said he and his brother, canceled last week by CBS, had not received offers from ABC or NBC, but said, "We're open to the other networks."

Dick said the chances were "very slim" that they would return to CBS, which canceled their show for next season after a long dispute over censorship.

Robert D. Wood, CBS television president, said on Friday the Smothers Brothers had committed a "breach of contract" by failing to submit the tape of last Sunday's show in time for previewing by affiliate stations over a closed circuit.

Wood said the scheduled show, which was not shown, was in "bad taste" because of a religious satire.

Tom, who had just returned from an uncensored showing of the Smothers Brothers show on the privately owned CTV Sunday, said, "We have an offer from the Canadian people to come up and produce our show there if we couldn't find a place in the United States."

Tom and Dick said at a news conference that their main concern was not "whether people like the Smothers Brothers show or think it artistically creative."

Acting as the spokesman, Tom said, "Our concern is that in America it is more than ever necessary that unpopular opinion and divergent views be shown on television. The network presidents repeatedly say that the air waves belong to the people. We believe that."

Tom is tentatively scheduled to appear on NBC's "Tonight Show" tonight and on NBC's "Today Show" Tuesday morning. He also is booked onto the "Joey Bishop Show" on ABC Tuesday night.

In an earlier news conference in Toronto, Tom discussed originating the Smothers Brothers show from Canada.

"We could call it The Smothers Brothers in Exile," he told a news conference Sunday.

He also said he and his brother Dick will not sue the Columbia Broadcasting System for its recent decision to cancel the weekly Smothers Brothers Comedy Hour at the end of this season.

CBS said it is canceling a 26-part series scheduled for the fall of the grounds that the brothers had failed to live up to their contract obligations.

A long history of friction between them came to a head when the U.S. network dropped Sunday night's show. The show was seen uncensored by viewers across Canada on the CTV network.

## Jeans Replace Easter Finery

BUFFALO, N.Y. (AP)—Easter finery was missing from two Negro churches here Sunday as the pastors and worshippers wore work clothes and blue jeans to celebrate a "black Easter."

Participants said the services at the New Zion Missionary Baptist Church and the Humboldt Parkway Baptist Church were to commemorate the death a year ago of Dr. Martin Luther King Jr.

They said they would donate the money they would have spent on new clothing to the Southern Christian Leadership Conference which King headed.

## Foe Slashes U.S. Troops, Killing 14

SAIGON (AP)—North Vietnamese infantrymen slashed into two groups of U.S. troops Sunday night, killing 14 Americans and wounding 28 in close-quarter fighting. Only three enemy were known dead.

Fighting generally appeared to be at the lowest level since the enemy's spring offensive began six weeks ago.

Eleven Americans were killed and 18 were wounded in one fight, about 100 miles northeast of Saigon.

Mortars slammed into a night bivouac of American paratroopers from the 17th Airborne Brigade, defending the southern approach to the provincial capital of Bao Lo.

As the mortars pinned down the defenders, North Vietnamese infantrymen drove to the barbed wire perimeter of the camp, hurling hand grenades and firing machine guns and rifles.

The paratroopers fought back and called in helicopter gunships and troop reinforcements, who succeeded in driving off the attackers after a 2 1/2-hour battle. North Vietnamese casualties were not known, spokesmen said.

The other engagement also lasting 2 1/2 hours, was in the Viet Cong's Tay Ninh province along the Cambodian border, where thousands of American air cavalrymen are pursuing troops of the North Vietnamese 1st and 7th Divisions.

Troops of the 1st Air Cavalry Division sweeping 65 miles northwest of Saigon late Sunday came under withering small arms and machine-gun fire that killed three Americans and wounded 25. The enemy withdrew under heavy bombardment by warplanes and artillery, leaving only three bodies.

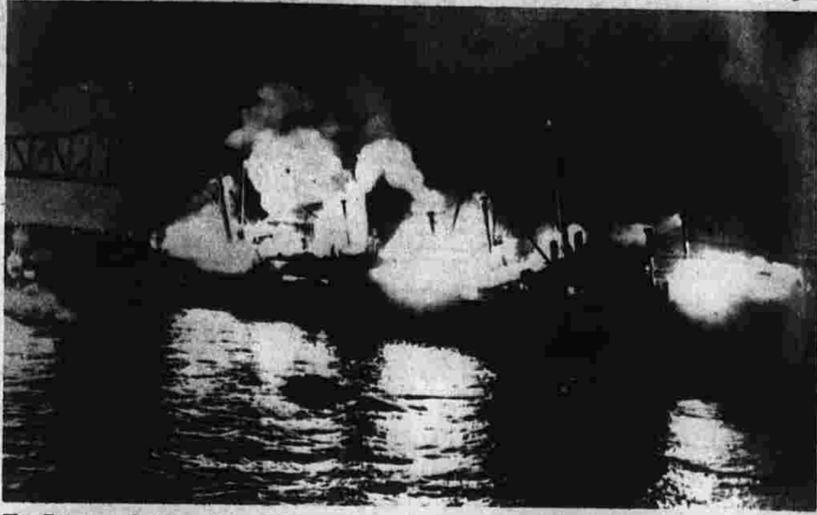

Headquarters also announced three more American helicopters were shot down and destroyed during the weekend, raising the number of choppers lost in the war to 2,490. Only one crewman was wounded.

It was the only action reported in the 3rd Corps Area that includes Saigon. Military spokes-

men said.

# Rogers Extends Hopes For Pullout of Troops

The Fortman freighter Union Faith, listing in the water, burns brightly Easter Sunday night, after it was in collision with an oil-loaded barge in the Mississippi River at New Orleans. Twenty-five crewmen on the vessel remained unaccounted for early today. In the background, is the Greater New Orleans Mississippi River Bridge. The collision occurred almost beneath the structure and flames damaged the bridge. The fireboat Dehage is at the far left. (AP Photofax)

## Flames from Crash Scorch Bridge Ship, Barge Collide; 25 Missing

NEW ORLEANS (AP)—A head-on collision between a Fortman freighter and an oil barge set both ablaze, sent sheets of flame soaring into a heavily traveled bridge and covered a section of the Mississippi river with burning petroleum Sunday night.

The Coast Guard said 25 of the 51 members of crew of the freighter, the 7,301-ton Union Faith, were unaccounted for.

Twenty-five were taken to hospital.

The fire-swept ship sank about six hours after the collision while being towed away for beaching.

The oil barge broke in two and the two fiercely burning sections floated downstream pursued by fire tugs. One section finally sank and the other ran aground. The barge carried 9,000 barrels of crude oil.

Firemen hosed down wharves and ships in the area to prevent the spread of the blaze.

"It looked like the river was on fire," said Elyse Landry, a crewman on a dredger working near the scene.

"Now I know what it would be like riding through hell," said Mrs. Arnold Regouffre, who was in a car with her husband when the flames swept up from the river 175 feet below.

The Union Faith, with an all-Oriental crew and carrying a cargo of salt, cotton cloth, toys, handbags, household goods and footwear, was headed upstream.

The oil barge was one of three being pushed downstream by the tug.

The collision occurred almost directly under the Greater New Orleans Mississippi River Bridge.

"I happened to look," said Landry, "and I said 'Look, the ship is going to run into those barges. Then they collided, followed by an explosion."

"The whole front end of the ship blew up into fire and smoke and you could hardly see the ship. The pilot house was burning in three or four minutes."

A radio operator on the freighter, Yu Fung Fan, 35, said he felt a "tremendous collision" and "looked outside to see

## Mechanical Heart Replaced By Massachusetts Woman's

HOUSTON, Tex. (AP)—Haskell Karp received the heart of a Massachusetts woman today after having been kept alive 66 hours by the world's first completely mechanical heart.

The donor of the 19th heart transplant to be performed by Dr. Denton A. Cooley was Mrs. Barbara Ewan, 40, of Lawrence, Mass., who had been flown to Houston in the early morning hours after suffering irreversible brain damage.

The flight was arranged after Mrs. Ewan's family responded to a tearful plea by Mrs. Shirley

Karp that "someone, somewhere" would answer her husband's need for a human heart.

Today's transplant was completed in two hours.

Karp's new heart began beating after only one electrical shock.

"This indicates a good, strong heart function and Mr. Karp is in satisfactory condition at the moment," a St. Luke's Episcopal Hospital spokesman said.

Cooley had implanted the eight ounce plastic and fabric heart in Karp's chest Friday afternoon in "an act of desperation," after efforts to repair a

## Plans Visit To Vietnam Next Month

WASHINGTON (AP)—Secretary of State William P. Rogers declared today that "we certainly hope there will be some chance of a mutual withdrawal of troops" from Vietnam this year.

Rogers told a news conference that he plans to pay a visit of three or four days to South Vietnam following a foreign ministers meeting of the Southeast Asia Treaty Organization at Bangkok, Thailand, in May.

The Nixon administration, Rogers said in response to a direct question, does "have a plan which we think is fair and reasonable for ending this conflict" in Vietnam.

"We're going to proceed in every possible way to apply it," he declared. "We have every hope it will bring peace."

He flatly refused—as he and other administration officials have done in the past—to give any details of the plan or to say whether there has in fact been any progress in secret contacts with Communist negotiators in Paris or elsewhere.

On the key question of troop withdrawal, Rogers told the newsmen and women who crowded his first news conference as secretary of state:

"I certainly hope there will be some chance of a mutual withdrawal of troops this year. But if it's to be mutual you have to have mutually.

"As to a unilateral withdrawal of troops (a U.S. withdrawal without parallel Communist action), I won't go beyond what the president has said. We are considering all possibilities. I won't predict what might be done."

On other subjects, Rogers said:

—He has difficulty in understanding why the Soviet Union is deploying a massive nuclear missile—the SS-9—which carries a 25-megaton warhead. This is "one of the first questions we intend to take up with them when we have the U.S.-Soviet talks on strategic arms limitation," he said.

—The United States is actively preparing for the strategic arms limitation talks—the aim of which would be to limit nuclear weapons—and "we expect they will begin in late spring or early summer."

—The Nixon administration is "willing to do what we can to

## Court Rules Smut In Home No Crime

WASHINGTON (AP)—The Supreme Court, in a major free speech ruling, held today that it cannot constitutionally be made a crime to possess obscene films or printed matter in the privacy of a man's home.

"This right to receive information and ideas, regardless of their social worth, is fundamental to our free society," said Justice Thurgood Marshall in delivering the opinion.

Marshall reiterated for the court its view that the government has a valid interest in dealing with the problem of obscenity.

But, he said in announcing the decision from the bench:

"The state has no business telling a man sitting alone in his own home what books he may read or what films he may watch.

The ruling came on an appeal by an Atlanta man, Robert Eli Stanley, who was convicted in 1967 of having three "stag" films in his home and was sentenced to one year in prison.

Said Marshall of Stanley: "He is asserting the right to read or observe what he pleases—the right to satisfy his intellectual and emotional needs in the privacy of his home. He is asserting the right to be free from state inquiry into the contents of his library."

Stanley did not argue that the films were not obscene and the court assumed for purposes of its decision that they are ob-

## 50,000 Rally in NYC

# Thousands Join To Protest War

By THE ASSOCIATED PRESS

Tens of thousands of persons joined Easter weekend protests against the Vietnam war.

More than 50,000 gathered in New York's Central Park Saturday in an orderly protest that set the tone for parades and rallies in other cities. The protests were organized by the National Action Coalition, made up of 12 antiwar groups.

The only violent incident came Sunday in San Francisco, where a peaceful parade of 10,000 to the Presidio army installation ended in a clash that injured 13 military policemen.

Seven MPs were treated for eye injuries after being sprayed with an unidentified liquid. Three others suffered chemical skin burns and three more were cut by thrown bottles. Police held three demonstrators.

The parade, which included some out-of-uniform servicemen, moved from the Civic Center to the Presidio without incident.

The clash began when several demonstrators tried to push onto the base. MPs who resisted them were bombarded with stones and bottles.

Several West Coast military bases scheduled extra duty over the weekend during the hours of the demonstrations.

More than 10,000 persons marched through Chicago Sat-

urday in a peaceful protest. Strong winds blew away their signs and there was scattered heckling.

About 2,500 people gathered in Los Angeles Sunday for an antiwar rally. A brief scuffle between two antiwar groups ended with 12 fist-fighters falling into the lake at Lafayette Park. Police booked five persons on charges of suspicion of disturbing the peace.

The massive New York rally followed a parade up Sixth Avenue by about 40,000 persons. Six persons were arrested in two incidents, and police and bystanders were splattered with yellow paint hurled from a skyscraper, apparently at paraders.

About 180 off-duty servicemen led the parade, organizers said. They wore white hats labeled "GIs for Peace." Some of them carried what appeared to be military identification papers during the park rally.

Many marchers, in New York and elsewhere, wore black armbands that said, "33,000." The figure indicated the toll of GIs killed in Vietnam, which passed the Korean War total last week.

In Gainesville, Fla., about 200 persons marched to the federal building and built a small brick and mortar "humble memorial" there. It contained 33 bricks.

much as it may owe to somebody else. A big debt seems the symbol of a successful operation. It is a status. The Federal Reserve Board seems to live in the past, back in the steady old days before the economists of the Johnson administration discovered that deficits are healthy for government.

That Indispensable Sound Ever since the warning of "Blind Spring" entered our living, each new spring has had its anxious moment. If it does not have pipings from the pastures, a March or early April evening feels uneasy property and proper.

The year, however, they sang at the first really appropriate turn of the weather. It was in the midwest of last Friday afternoon, about 4 o'clock, that the first cold fronts, often no more than one to a swamp, sounded the first call to attention and order. Later in the evening, as the clouds multiplied, the thermometer omitted its usual after dusk decline, the chorus began, only the stronger voices audible at first, and no one called upon to last out the whole program, but the general result, nonetheless, of increasing volume until finally, as always, the most ancient of all sounds of the cold was heard clear and triumphant over the omnipresent hum of modern traffic.

There is no other sound can make a land so still.

The Death of Infants The infant mortality statistics of the United States continue to baffle American medical science.

His ruling was that the draft act by requiring religious affiliation or declaration for eligibility for the government-subsidized privilege of exemption from the draft, violated the Constitutional principle of separation of church and state.

It was possible, Judge Wyzanski admitted, that his ruling, requiring a "recognition of individual conscience" might make it easy for people to escape the draft by pretending to feelings that he did not really have.

Well, there goes Judge Wyzanski through that wide open barn door. Normally, the Supreme Court, where the question is now, would not automatically close the door after him and on him, before it could cause the nation too much trouble.

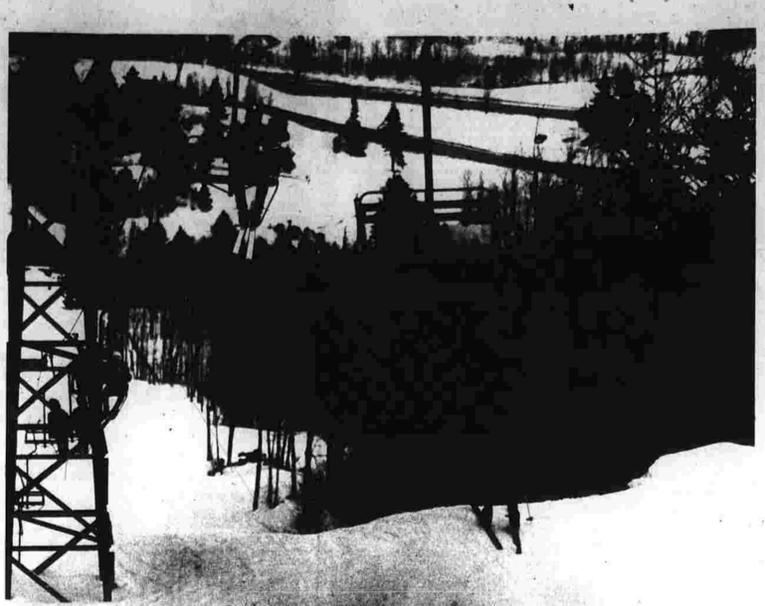

But in these times, when there are more and more signs that mankind may be trying to outlaw war not by law or treaty but simply by refusing to fight it, any one, one does not know what to expect. The door may be left as wide open as it was when Judge Wyzanski got to it.

Debt, Once Feared, Now Admired In its effort to stave off inflation by slowing down business expansion and capital outlay, the Federal Reserve Board has raised discount rates, which is expected to result in new increases in the interest rates concerns and individuals have to pay in order to borrow money.

The presumption in such a policy is that when interest rates go high, essential concerns and essential people calculate that borrowing has become too expensive, and therefore revise or abandon their plans for various kinds of spending.

There was a time when this may have been a valid assumption, just as there was one time when debt was something to be feared.

Now, quite to the contrary, debt seems to be admitted as if it were adversary, and when we calculate the magnitude of an individual or of concern in the financial world, we no longer calculate what may be owed to it or him, but how

A Thought for Today

Sponsored by the Manchester Council of Churches

CHRIST To the Editor, I read with interest and delight the editorial of the New Britain Register reproduced in the Herald on April 1, regarding the tuition charges at UConn. I sincerely trust it was not intended as an April Fool joke.

Another matter, and should perhaps be reciprocal. For quality in education, Business has many measures of the worth of any expenditure.

What is startling here is that Marchi, an articulate modern version of the ethnic politician, runs scarcely better than the mediocre Battista. Indeed, the poll's results in Queens (the borough traditionally considered the key to victory or defeat in New York City) make even more interesting reading.

10 Years Ago Former Mayor Harold A. Turkington is honored by some 50 Manchesterites at a testimonial dinner in the State Armory.

On This Date In 1796, the U.S. Congress organized the Territory of Mississippi.

—APPROX MY REQUEST FOR INCREASED CHURCH DONATIONS, EVEN PRAYING FOR PEACE COSTS MORE THESE DAYS!

Tolland County Building Permits Issued In March Total \$92,200

Building permits recorded during March totaled \$92,200, according to the report of Building Inspector Charles Shute. Permits for three new homes were issued to Norman Wilson on South River Rd., \$24,000; Blawie Builders, Inc., on Duns Hill Rd., \$80,000, and to Ellsworth Pearson, house on Gooding St., \$10,000.

The Herald reserves the right to decline to publish any matter that may be libelous or which is in bad taste. Free expression of political views is invited by contributors of this character but letters which are defamatory or abusive will be rejected.

#### The Mayor's Night

To the Editor: This evening the Manchester taxpayer has a special meeting of his own with the Mayor and the Board of Directors on hand to listen. It's the one evening devoted to the taxpayers' comments on the overall taxes and services for the coming year.

Importantly, this meeting comes just after our General Manager has prepared a budget and just before the Board of Directors begins a month's hard work on the budget. The result of our meeting will determine exactly what taxes we will pay and what services we will receive.

The meeting will be held at the Waldorf School auditorium (Broad St. and West Middle Turnpike) at 8:00 p.m. Any Manchester taxpayer may attend and speak to the Board of Directors.

One government exists to serve the people — as a member of the Board, I can better serve if I hear your comments. Anyone having opinions concerning the services they want and the amount of taxes they expect to pay should express themselves this evening.

Thank you, Dave Odegar, 27 McCann Drive (Republican member, Board of Directors)

Relative Age as a Factor To the Editor: A correspondent to your column recently raised the point that Manchester's per pupil cost exceeds that of some surrounding towns, leading her to wonder why "we are getting less educational value than they."

It should be pointed out that Manchester's school system has a long history. Most of the elementary schools are elderly, while the bulk of schools in South Windsor, Eastford, Tolland, Ellington, and other larger surrounding towns are much newer. New buildings usually come equipped with the latest in the state-of-the-art.

Our town, on the other hand, has before it the tremendous task of equipping a good many schools built in the 1930s to be adequate for the present. New, as well as old buildings have been allowed to deteriorate while we pursued the stable tax rate in inflationary times. Further deterioration in adjacent neighborhoods, a matter of concern to the elderly as well as the young.

The relative age of the school system also accounts for the high proportion of teachers whose careers began many years ago. These are the people who maintain the system. They are also some of our most able teachers. It is hardly realistic to expect persons near retirement age to strike out in search of a new job, no matter how dissatisfied they are with the system. But the town that recently having to pay recently for its experienced teachers, is hardly creating the atmosphere that will attract and hold the best of the young.

Of course it is hard to raise taxes; it is also hard to pay them, and people face with the necessity of paying more are tempted to look for scapegoats. Fixing blame, though, is not nearly as useful as facing up to a difficult situation competently. We hope the Board of Directors will see their responsibility to help Manchester's schools to meet the needs of today's children.

Sincerely, George E. Wood, Manchester, Conn.

"To Hear That Drummer" To the Editor: Last Friday evening, the curtains of the Manchester High School stage parted to a truly awe-inspiring event. Your "we heard 'Gloria' by Antonio Vivaldi. Your eyes saw steep and tiers of young people; 40, each one singing with meaning, enthusiasm and understanding.

### Central Park Hits By Spring Rites

NEW YORK (AP) — The "rites of spring" came to Central Park Easter Sunday, as more than 4,000 hippies and other youths gathered for a day of fun.

Some few kids, others played guitars. A few people unstrapped. Others hauled poles in one violent incident.

Six young men were arrested by nightfall. Four policemen were slightly injured, and two youth suffered first and second degree burns from a fire that broke out in a circle of dancers, took off his clothes and jumped into the water.

The "love-in" or "be-in" began before noon, as celebrants tossed balloons in the air. About 4 p.m., a couple climbed atop a boulder and took their clothes to hold "a spiritual wedding." A police sergeant who tried to halt the ceremony was struck on the nose by a thrown rock.

As he moved after his attacker, other youths knocked him to the ground, pulled him up, and rescued the sergeant and seized three men.

Later the revelers lit huge trash baskets around the huge Sheep Meadow. In the center of the field, a bonfire was built of papers, tree branches and several police batons.

These arrested included Calvin Huff, 20, of Westport, Conn.; John Label, 26, and Miles A. McVane, 26, both of Manhattan, all charged with felonies such as, and Thomas Belpasno, charged with disorderly conduct.

### Tolland County Rockville Hospital Plans Found Acceptable by CRPA

The grant application for the second phase construction plan for the Rockville General Hospital in Rockville, Conn., has been found acceptable by the Connecticut Regional Planning Agency (CRPA).

The decision, announced in a report issued by the CRPA, is consistent with the recommendations of the Capital Region Planning Agency (CRPA) Health, Education and Welfare Committee.

The purpose of the additional construction is to replace the wooden building and to provide for the relocation of the central in conflict with other public utility processing and storage.

The report further points out that the hospital's location is "already established and is not in conflict with other public utility processing and storage."

The report was issued by the CRPA's Health, Education and Welfare Committee, which also includes the CRPA's Land Use Committee.

The grant application was moved by CRPA in accordance with requirements listed in Section 204 of the Demonstration Act of 1964.

The CRPA's Health, Education and Welfare Committee, which also includes the CRPA's Land Use Committee, recommended the grant application.

Heart Recipient Has Pneumonia

HOUSTON, Tex. (AP)—Haskell Karp, the man who had survived 48 hours with a mechanical heart, was reported today to have developed pneumonia.

Jobless Rate Holds Steady

WASHINGTON (AP)—Moderate job gains boosted the nation's total employed workforce only slightly last month, and there was no significant change in the unemployment rate, the Labor Department's Bureau of Labor Statistics said today.

Swiss Plant Explodes, Nine Killed

AARAU, Switzerland (AP)—An explosives factory blew up today at the village of Dottikon, killing nine persons and injuring 40 others, police reported.

Several Hurt As Rockets Hit Saigon

SAIGON (AP)—At least five rounds of rocket fire hit the northern outskirts tonight, injuring several persons, South Vietnamese spokesmen said today.

Mother Given 26 Years Fred Merrill Gets Term of 10-20 Years

Frederick J. Merrill, who escaped from prison guards last December with the help of his mother, got a 10 to 20-year sentence today in Superior Court in Rockville.

Cigarette Seen Cause of Fire

BRIDGEPORT, Conn. (AP)—Acting Fire Chief John P. Gleason said today that a cigarette probably caused the Easter Sunday fire that took the lives of 11 persons in an outside tenement.

TurboTrain in Maiden Boston-New York Run

NEW YORK (AP)—An experimental jet-powered TurboTrain arrived today on its maiden Boston-New York run in about the same time it takes the regular run, but with high hopes for eventually cutting an hour and a half off the trip.

White House Welcome Given King Hussein

WASHINGTON (AP)—Jordan's King Hussein was welcomed to the White House today by President Nixon who described the monarch as a man of "courage, wisdom, and moderation."

Nixon Lauds Jordan Chief
