Coventry GOP Okays Committee Candidates

Some five per cent of registered Republicans turned out for that party's caucus last night, giving the nod to all the previously endorsed candidates for the November election. The earlier endorsements had come from the party's town committee.

Three incumbents received endorsement for the Town Council, together with one newcomer, Robert Keller, who received 62 votes on the paper ballots marked by registered Republicans, the highest number received by a council candidate.

Incumbents Jesse Brainard and James Ladd each received 60 votes, while incumbent Wesley Lewis gathered 55. A total of 65 cast ballots in the extended caucus, which is more of a primary type caucus and does not allow for nominations from the floor. Voters pick up their ballots in person, have them validated by registrars, then leave. There is space on the ballot for write-in votes, however.

For the Board of Education, incumbent 18 earned 56 votes, received 56 votes to newcomer Tom Hill's 50, while incumbent Board of Tax Review member Joseph Shanahan got 64 votes. For a two-year term on the Zoning Board, incumbent Genevieve Shanahan received 64 votes, two four-year terms on the Board of Health, incumbent Marilyn Richardson with 64 votes, and Donald C. Smith with 61 votes.

There were several write-in votes for the offices available, and they are listed here, with each having received one vote, except otherwise noted.

Town Council: Francis Funk, Richard Gallani, Richard Coughlin, Owen Trank and Leonard Benjamin. Board of Education: William E. Davis Jr., Robert Daney, Margaret Jacobson (2), J. J. D'Amico, Patricia Dopasari, and Owen Trank. Board of Tax Review: Myrtle Grant Tothaker Sr.; ZBA four-year term, Robert Fruit, Bertion Hunt, and Leonard Benjamin.

The past few days have been fraught with confusion for the GOP over the possible illegal use of this type of caucus. Following a special Tuesday night session of the town committee, it was decided to run an extended type of caucus last night, rather than effecting a last-minute switch to a primary or convention type of caucus.

The party evidently felt that the write-in space provided on the paper ballots fulfilled the requirement for floor nominations that the state constitution places on the question in the first place.

GOP Chairman Leonard Benjamin indicated last night how he felt about the possibility of the party being amended to do away with the extended caucus, and effect a switch to the convention type.

Copter Used In Flight From Prison

MEXICO CITY (AP) — A helicopter landed secretly in the patio of a Mexico City prison on Wednesday, and two prisoners escaped in it.

The director of the prison said one of those who fled was Joel D. Kaplan, a New York businessman convicted in 1963 of killing his partner in the American Surety Co., Louis Vidal, also of New York City. Kaplan was serving a 30-year term.

The other man who escaped from Santa Marta Acacilla prison was a Venezuelan, Carlos Antonio Castro, pris on director Jose Luis Campos Burgos said. He was being held for fraud and forgery.

Informed sources said the helicopter carried enough fuel for eight hours of flight and was believed headed for Tegucigalpa, Honduras, or somewhere in Venezuela.

Sources said the craft had landed earlier in the day in Ventanilla, Hidalgo State, alongside an automobile with Texas license plates. The pilot was believed to be a Texan, and the sources said it is thought the helicopter was flown by a Texan.

Vidal was killed in November 1963 and his bullet-riddled body was found in a crude grave off the road between Mexico City and San Mateo.

Centeno Castro was arrested last week by police officers in relation to the Omnibus Crime Control and Safe Streets Act of 1968 for a grant in the amount of \$11,900 for a project of one year duration in the public education, information and development of anti-crime programs.

The application was for a police officer to work within the school environment in the local school system.

In reporting on this, Kjelquist said he feels "the police and the community are unaware of the reasons for the school environment in the local school system."

"The school holds a central place among all agencies which affect the lives and activities of the children and it is the first institution beyond the home. Mortgages for this period carry the opportunity to appreciate as compared to \$1,274,270 last year."

Inside Report Tower, now is determined to oppose Barnes for Governor.

It could happen, Barnes' supporters agree he has been honorably damaged by Sharp's testimony; they disagree only as to whether the damage is irreparable. Nobody expects the government will ever come fully close to indicting Barnes, but his political impact is lethal enough without bothering about legal niceties.

The grand total to date since January of this year is 32 persons arrested and \$10,000 worth of drugs seized. The department has on file one additional outstanding warrant, and is making further inquiry into the illicit sale of drugs.

Kjelquist has noted also that "once involved in a criminal case, many man hours have been spent to bring about the arrest and the sealing of evidence and requires the efforts of the majority of the full-time members."

He commended the policemen and thanked citizens and government officials who have cooperated with the police.

Kjelquist also noted that he has made application to the Planning Commission on the Criminal Administration in Hartford, in relation to the Omnibus Crime Control and Safe Streets Act of 1968 for a grant in the amount of \$11,900 for a project of one year duration in the public education, information and development of anti-crime programs.

32 Drug Arrests Reported In Coventry Since January

According to a written report from Chief of Police Robert Kjelquist, the local police department has been directed in an investigation of the illegal selling of narcotics and controlled drugs, with nine persons arrested in this connection in the past several weeks.

The grand total to date since January of this year is 32 persons arrested and \$10,000 worth of drugs seized. The department has on file one additional outstanding warrant, and is making further inquiry into the illicit sale of drugs.

Kjelquist has noted also that "once involved in a criminal case, many man hours have been spent to bring about the arrest and the sealing of evidence and requires the efforts of the majority of the full-time members."

He commended the policemen and thanked citizens and government officials who have cooperated with the police.

Kjelquist also noted that he has made application to the Planning Commission on the Criminal Administration in Hartford, in relation to the Omnibus Crime Control and Safe Streets Act of 1968 for a grant in the amount of \$11,900 for a project of one year duration in the public education, information and development of anti-crime programs.

Home for Girls Ready to Close After Fund Veto

HARTFORD (AP) — For the second time, Gov. Thomas Meskill Wednesday vetoed a bill to allow the state to pay more money to the House of the Good Shepherd. Later, a spokesman at the House said it would shut down by Sept. 1.

The bill, which was passed through August 13, Mrs. Ryland said, there has been a 50 per cent increase in the number of instruments recorded compared to the same period a year ago.

The legislature failed to override the governor's veto, so backers of the bill simply put the measure in again during the special session.

Sister Mary said the nun who runs the house did not want to close the institution in final and could not be altered by anything the legislature or government might do.

Failures of Management Threaten Homes for Poor

By KEN HARTNETT
G.C. THELEN JR.
WASHINGTON (AP) — Federal housing officials are facing serious cost and management problems that threaten to price the poor out of the government's mushrooming multi-million-dollar subsidized-apartment program.

The most immediate concern of the Department of Housing and Urban Development is the number of projects running in the red and needing rent increases to meet basic operating expenses. On the horizon is the possibility of a major default on the part of tenants.

In addition, billions of dollars will be lost to the Treasury through tax breaks for investors who have given investors buying into the housing program.

Housing experts cite a number of reasons for the program's troubles. As for the Treasury, HUD Secretary for housing management, wrote field office July 29.

Watson ordered a tightening of procedures because projects found to be over budget by as much as 10 to 20 per cent.

Perhaps the greatest problem is the type of sponsors drawn to the program — nonprofit corporations and the limited-dividend entrepreneur.

The non-profit, often church or civic group, lack sophistication to deal with the complex and competitive building business, says housing professionals.

The problem with the for-profit sponsor is that most of his financial payoffs are realized before the buildings are occupied — in the sale of project equity to high-income investors seeking ways to reduce their income tax.

Because of the accelerated depreciation allowed on the subsidized projects, these investors can realize 33 per cent a year on their investment, depending on their income tax bracket.

Shuffleboard League Winners

Thomas Rhodes displays the form that captured third place in the first quarter of the Senior Citizens Shuffleboard League. Looking on are first place winner, Miss Grace Hall, left, and Mrs. Josephine Schuetz, second place. Second and third places were determined by playoffs of six ties. Thirty-four persons participated. Statuettes shown in the picture were presented by Carmen DePietro, league manager, yesterday. Second quarter play is now under way on the two courts in Center Park, and the third and fourth quarters will be completed before the chills of late fall and winter set in. Waterbury GOP Facing Primary

WATERBURY (AP) — The Republican Town Committee endorsed Ernest Minervino, minority leader of the Board of Aldermen, as the GOP candidate for mayor Wednesday night.

Minervino, who is also Republican town chairman, faced opposition from Salvatore Renzo, a member of the school board. The vote was 11 to 8 in favor of Minervino.

Salvatore promised to force a primary for the nomination.

NEW HAVEN (AP) — Mrs. Josephine Detori apparently fell three stories to her death from the roof of a building here early Wednesday night.

The 67-year-old New Haven resident apparently was leaning over a wooden rail hanging from the roof of a building here early Wednesday night.

Police said Mrs. Detori was leaning over a wooden rail hanging from the roof of a building here early Wednesday night.

His maternal great-grandparents are Mrs. Henry Strom, Haddam. He has a brother, John Frederick, 2...

Columbia Charter Revisions Discussed

Selection this week discussed a few proposed changes in the town charter which is much the one voted on last November. Due to several errors that charter could not be enacted.

Proposed changes include increasing membership on the Board of Education from five to nine persons, a Sept. 10 deadline for presentation of a proposed budget by the selectmen to the Board of Education, and more public hearings on the budget at least 10 days prior to the town meeting.

The selectmen have been informed by the Bureau of Highways that a request has been received from the town manager of Coventry to have the Flinders Rd. bridge at Hop River inspected.

The bridge is in poor condition, as was stated in a 1968 report to the town. It is recommended that the bridge be replaced and replaced as soon as possible.

Twenty-four residents of Cooper Hill Rd., Pine Ridge Rd., River Valley Rd. and Pucker St. petitioned the selectmen to change Pucker St. to Roses Bridge Rd. and the selectmen agreed.

The three-way contest at the Democratic caucus this week for a seat on the Board of Education ended with Mrs. Harriet Rosen victorious.

The Democratic Town Committee had endorsed Ernest Bottomley who received 27 votes; Charles Bailey, nominated at the caucus, received 11 votes, and Mrs. Rosen, also nominated from the floor, garnered 73 votes.

The ticket includes Joseph Seagle, first selectman and George Peters, selectman, as well as political newcomers Mrs. Leonard Desjardins, town clerk; Paul Peplin, agent of the town deposit fund and Mrs. Robert Kelley, tax collector.

Others on the ballot are Richard Kristoff, four-year term as assessor; Thomas O'Brien and Peter Chick, two-year terms as assessors; Bruce Doughty, Roger Peplin, two-year terms on the Board of Zoning Review; Myron Barlowitz and Charles Probert, five-year terms on the Planning and Zoning Commission; Leo Goldberg and Warren Jurczyk, five-year terms on the Zoning Board of Appeals; Sam Kusman and Mrs. Irene Giamer, Zoning Board of Appeals alternates.

U.S. Fleet Joins B52s in Attacks

The allied commands claimed 1,319 North Vietnamese troops were reported killed and six wounded, but enemy losses were not known.

The North Vietnamese and Viet Cong today were observing the 25th anniversary of the French rule over the Japanese surrender in 1945. The South Vietnamese military-131,771 killed, 298,463 wounded, 12 in other areas, no limit in self-service.

The United States is known to be upset by the disqualification of Vice President Nguyen Cao Ky from the presidential race.

Donations to the fund would be made by the town manager of Coventry to have the Flinders Rd. bridge at Hop River inspected.

The ticket includes Joseph Seagle, first selectman and George Peters, selectman, as well as political newcomers Mrs. Leonard Desjardins, town clerk; Paul Peplin, agent of the town deposit fund and Mrs. Robert Kelley, tax collector.

Others on the ballot are Richard Kristoff, four-year term as assessor; Thomas O'Brien and Peter Chick, two-year terms as assessors; Bruce Doughty, Roger Peplin, two-year terms on the Board of Zoning Review; Myron Barlowitz and Charles Probert, five-year terms on the Planning and Zoning Commission; Leo Goldberg and Warren Jurczyk, five-year terms on the Zoning Board of Appeals; Sam Kusman and Mrs. Irene Giamer, Zoning Board of Appeals alternates.

Meskill's Fence Bid at \$17,450

The three-way contest at the Democratic caucus this week for a seat on the Board of Education ended with Mrs. Harriet Rosen victorious.

Others on the ballot are Richard Kristoff, four-year term as assessor; Thomas O'Brien and Peter Chick, two-year terms as assessors; Bruce Doughty, Roger Peplin, two-year terms on the Board of Zoning Review; Myron Barlowitz and Charles Probert, five-year terms on the Planning and Zoning Commission; Leo Goldberg and Warren Jurczyk, five-year terms on the Zoning Board of Appeals; Sam Kusman and Mrs. Irene Giamer, Zoning Board of Appeals alternates.

Vernon Committee To Coordinate Drug Education Programs

The Mayor's Committee to Combat Drug Abuse plans to make a survey and analysis of the adult and school population.

The survey and analysis will be a three-fold purpose, the first is to determine the knowledge of the population on the drug problem.

The United States is known to be upset by the disqualification of Vice President Nguyen Cao Ky from the presidential race.

Donations to the fund would be made by the town manager of Coventry to have the Flinders Rd. bridge at Hop River inspected.

The ticket includes Joseph Seagle, first selectman and George Peters, selectman, as well as political newcomers Mrs. Leonard Desjardins, town clerk; Paul Peplin, agent of the town deposit fund and Mrs. Robert Kelley, tax collector.

Airmen Dismiss Mops and Bucket

CAPE KENNEDY, Fla. (AP) — It's goodbye to the mop and bucket for the men of nearby Patrick Air Force Base.

The U.S. Command reported 3 Americans killed in combat in Vietnam last week.

Others on the ballot are Richard Kristoff, four-year term as assessor; Thomas O'Brien and Peter Chick, two-year terms as assessors; Bruce Doughty, Roger Peplin, two-year terms on the Board of Zoning Review; Myron Barlowitz and Charles Probert, five-year terms on the Planning and Zoning Commission; Leo Goldberg and Warren Jurczyk, five-year terms on the Zoning Board of Appeals; Sam Kusman and Mrs. Irene Giamer, Zoning Board of Appeals alternates.

South Windsor GOP Incumbents Get Nod As Candidates for Council

All five Republican incumbents were named as candidates for re-election on Nov. 2, and one political newcomer will vie for the sixth available seat.

The Republican party picked Mayor Howard Fitts, Deputy Mayor G. Warren Westbrook, Peter Nicholas, James Romeyn and Robert Sills, and newcomer John Mitchell of 110 Brookfield St. to represent it in the fall campaign.

Unsuccessful in his bid for re-election, Fitts is expected to be succeeded by Westbrook.

Unsuccessful in his bid for re-election, Fitts is expected to be succeeded by Westbrook.

Unsuccessful in his bid for re-election, Fitts is expected to be succeeded by Westbrook.

Air Pollution Brings Urgings To Control Fires

HARTFORD (AP) — Health Commissioner Franklin M. Woodbury urged residents and businesses in Fairfield County Wednesday to stop unnecessary combustion because of a stagnant, high-pressure system.

Dr. Frote said the amount of pollution suspended in the stagnant air was high enough to cause New York City officials to declare an initial, or first-stage, alert there.

Air pollution in the southwestern corner of Connecticut, however, was only about one-third as dense as New York's level, he said.

Auction Due For Matchbooks

SAN DIEGO, Calif. (AP) — When matchbook cover auctioning begins Saturday night, bids may soar upwards of \$100.

That's what Evelyn Hovius says, and she paid \$160 at an auction in Nevada last summer for a cover distributed at a 1927 banquet honoring transatlantic aviator Charles Lindbergh.

Bows Banned In L.A. Hills

LOS ANGELES (AP) — City columnists, hunting archers stalking deer in the hills are being told to human life, have banned the bow and arrow for hunting game in the city.

Hundreds of sportsmen hunt deer in the Santa Monica Mountains which separate the San Fernando Valley.

A price has to be paid for living in the city, said Councilman Marvin Brando. "This is a reasonable limit on human freedom," he said.

About 150 of the group's 800 members were on hand to dismember the deer.

Republicans Back Incumbents, Then Endorse Tomkiel

Mayor James Farr heads a slate of 18 Republican candidates for the Nov. 2 election, endorsed unanimously last night by the Republican Town Committee.

In a surprise action, immediately following its endorsement of the 13 incumbents and 5 newcomers, the committee, again unanimously, endorsed incumbent Democrat Edward Tomkiel for re-election as town clerk.

Tomkiel's name will appear on both tickets—Democrats and Republican. In the seven campaigns previous to this year's, Tomkiel has been opposed only three times. The Republicans, the other four times, did not endorse him in opposition, but neither did they endorse him. This year marks the first time for the action.

The motion to endorse Tomkiel was made by Town Councilman James P. Scauso, a member of the GOP nominating committee. He said, "The nominating committee has no name to recommend, therefore I move that we endorse Ed Tomkiel for the post."

The unanimous vote followed, with no discussion.

Not seeking re-election and replaced as candidates by the five newcomers were school board members Walter Doll Jr., Anita Murphy and Roy Conyers; selectman William Johnson; and constable Roy Thompson. Doll is chairman of the school board and Mrs. Murphy is secretary.

"I feel we have a fine slate," Dobkin remarked. "Our Board of Directors members have operated in an efficient, business-like manner. They have kept the annual meeting to order at 7:30, far below increases in surrounding towns and cities. They deserve re-election."

The absence of a quorum was probably the result of declining commissioners, and the Republican Town Committee meeting last night.

Miss Dixon Gets Grant

Miss Joanne K. Dixon, daughter of Mr. and Mrs. Francis Dixon of 37 Packard St., has been awarded a federal grant by the Health Services and Mental Health Administration, Bureau of Maternal and Child Health Services, to grant for full tuition and a \$1,800 living stipend.

Miss Dixon is a graduate of the Hartwood-Halifax House for mentally retarded adults, which is a psychiatric social worker in the chronic intensive therapy unit.

After graduation, Miss Dixon was employed as a group counselor at Our Lady of Lourdes School in Springfield, working with delinquent and emotionally disturbed adolescent girls. This summer, she has served as a relief house parent at the Hartford-Halifax House for mentally retarded adults, which is a psychiatric social worker in the chronic intensive therapy unit.

Miss Susan Falne of 215 Timrod Rd. has been named to the spring semester dean's list at Western Connecticut State College in Danbury. She was a member of the Current Affairs, American Field Service, and Chess Clubs.

About Town

State Deficit Pared, Shows \$244 Million

The State of Connecticut wound up its fiscal year June 30 with a \$244 million deficit in the General Fund — \$17 million below the last reported projected deficit of \$261 million, released in March.

State Comptroller Nathan G. Agostinelli, in announcing the actual \$244 million deficit, said today, "Of the \$17 million difference, \$11 million was savings in anticipated expenditures, together with actual revenues realized of approximately \$4 million over estimates."

Agostinelli said the deficit was somewhat lower. However, he doesn't anticipate that the actual deficit will decrease enough to help us.

Package Falls Short

He was referring to a previous comment, concerning the 8 1/2 per cent sales tax package sitting on his desk and on which he has yet to take action. That package, he said, "falls \$110 million to \$120 million short of Thomas J. Meskill when he gets it."

Until today, in all discussions between Meskill and legislative leaders relative to paying off the state's deficit, and in all compromise tax bills discussed and passed, \$261 million was the figure used.

Meskill, when he learned today that the General Fund deficit had been reduced by \$17 million, appeared very pleased and remarked that his desire to reduce government spending is presently working out.

Agostinelli reported also that the state's bonded indebtedness as of June 30, 1971, was \$1.1 billion, compared to a bonded indebtedness of \$1.1 billion a year already have instituted, it will go.

South Viet Political Scene May Mean Cut in U.S. Aid

SAIGON (AP) — South Vietnamese tanks and infantry battled North Vietnamese forces for the demilitarized zone for the eighth day Thursday and fighting also erupted in the flatlands of eastern Cambodia, military spokesmen reported here today.

Thirty-seven North Vietnamese soldiers were reported killed and three South Vietnamese soldiers were reported wounded in the second major battle this week around Camp Carroll on the western end of the DMZ.

The fighting broke out shortly after noon Thursday about 1 1/2 miles northwest of Carroll, headquarters of the 2nd Regiment of the 1st South Vietnamese Infantry Division and a base for American artillery.

Later in the day, a South Vietnamese armored column clashed with North Vietnamese troops further east just outside the DMZ.

The fighting broke out shortly after noon Thursday about 1 1/2 miles northwest of Carroll, headquarters of the 2nd Regiment of the 1st South Vietnamese Infantry Division and a base for American artillery.

General Reduces Calley Sentence

FT. McPHERSON, Ga. (AP) — Lt. William L. Calley Jr.'s life sentence for murdering 22 Vietnamese civilians. My Lai was reduced to 20 years today by the 3rd Army commanding general.

Lt. Gen. Albert G. Connor, the first officer to review the case, said the reduction "was appropriate for the offense."

The case now goes up a chain of review ending with President Nixon and further reduction is possible.

Calley, 28, has been confined to his quarters at Ft. Benning, Ga., since his conviction nearly five months ago. He could be eligible for parole after serving nearly seven years of the sentence.

In Salt Lake City, Calley's attorney, George Latimer said, "Obviously I'm pleased. Any reduction in Calley's sentence is a step in the right direction. I'm sure Lt. Calley is thankful to Gen. Connor. Ultimately, we hope to get the situation, upon appeal, so that Lt. Calley will not be the scapegoat of My Lai. The action (Connor's) is very favorable."

The announcement was made by Lt. Gen. Albert G. Connor, acting head of the public information office here, who said the review was the testimony of military officers in the review chain.

Nixon first intervened in the case April 1 when he ordered Calley transferred from the Ft. Benning stockade to his living quarters on the post.

That action, plus his later announcement that he would personally review the case, drew Calley's attention to the review chain.

As the covering attorney, it was his duty to review the findings of the court-martial which sentenced Calley to 30 years of confinement in March 29 of the preindicted murder of at least 20 Vietnamese civilians in March 1968. Calley was sentenced to life in prison.

Rise in U.S. Living Costs Slowed Markedly in July

WASHINGTON (AP) — The rise in Americans' living costs slowed markedly in July to an increase of two-tenths of one per cent, the lowest hike in six months, the government reported today.

The report, covering a period before President Nixon from all wage-price controls, showed that the rate of inflation had slowed to 0.2 percent in July from 0.3 percent in June.

Civilian and Military Rebels Seize Eastern Half of Bolivia

LA PAZ, Bolivia (AP) — Bolivian leftist military rebels today seized control of the eastern half of the country.

The five leftist political parties formed a "military staff" to defend the government and arranged a meeting with President Juan Jose Torres to demand that he order an end to the military rebellion.

The rebels broke out on Tuesday night with revolutionary violence. Groups of armed students and workers carried red flags through the streets of La Paz and shot at the police.

The government declared a state of emergency, and the military staff was formed.

Egypt, Libya, Syria Sign Union Pact

DAMASCUS, Syria (AP) — The leaders of Egypt, Syria and Libya put their signatures today on a constitution that will bind their countries in a federal union.

The constitution will be submitted to a referendum in the three countries Sept. 1 and is certain to be overwhelmingly endorsed.

The new union, to be known as the Federation of Arab Republics, will have a population of more than 48 million.

The three countries will retain their separate seats as United Nations but try to work out a common military strategy against Israel and a common foreign policy.

Each will be responsible for its own internal affairs.

President Anwar Sadat of Egypt, Hafez al Assad of Syria and Libya leader Col. Muammar Kadhafi signed the federal constitution document in the state guest palace, ending a three-day conference in the Syrian capital.

Arab quarrels nevertheless look away some of the high feelings of success. After the signing ceremony Kadhafi invited for Saudi Arabia and talks with King Faisal to discuss the constitution.

Lid on Economic Freeze Tightened by Government

WASHINGTON (AP) — The lid will continue to give pay government, clamping the lid raises for promotions, bonuses even tighter on the nation's firm pay, re-entitlement bonuses economic freeze, has barred Treasury Secretary John B. Connally, President Nixon's similar delay for other federal economic spokesmen, and hinted it might defer until mid-November a general \$2.4 billion military pay raise if Congress enacted it with the present effective date of Oct. 1.

Organized labor, already nettled by frozen wages and Nixon's call to end current strikes, but Canadian officials said another delay when the Cost of Living Council ruled that there can be no retroactive raise payments. Federal employees will be allowed to appear in paychecks until after the start of the freeze.

PRICE CHANGES: Nothing may be sold for more than the higher price charged in 10 percent of the transactions that took place 30 days before August 15, 1971.

The base period can be sold only at the higher price charged in 10 percent of the sales. Hotels and motels are included. The government also noted there can be no ceilings lower than prevailing rates May 25, 1970.

The labor unions, which helped bring the leftist regime to power more than 10 months ago, called for a broadcast strike Thursday night with revolutionary violence. Groups of armed students and workers carried red flags through the streets of La Paz and shot at the police.

The government declared a state of emergency, and the military staff was formed.

Economic Situation In Brief

WASHINGTON (AP) — Here are the newest developments in the wage-price freeze:

LABOR: The AFL-CIO said the freeze is inequitable and Congress should act to toughen it. It counseled unions to demand retroactive pay raises if Congress enacted it with the present effective date of Oct. 1.

LABORERS Give Views On Freeze

PHILADELPHIA (AP) — The cherry picker pulled a load of lumber out of a construction hole and hauled it across the fenced-in lot as operator Al Bazzelli gripped about the 90-day wage-price freeze that caught him just back from a 10-week strike.

"The big cats benefit," the 37-year-old Philadelphia construction worker said, winking and smiling on a duster shirt. "Why didn't they also freeze the wages of the union leaders and higher officials?"

Edward DeKoyler, 34, a carpenter-foreman from suburban Cornwells Heights, Pa., who got a \$20 wage boost in May, said: "It's the country needs it."

"They have to get the prices down and keep prices down," he said. "I've got three children who counted on a \$5-cent-an-hour raise next week, observed that 'as far as I'm concerned it's not worth a damn. The freeze left me up a creek.'"

It was the kind of gut reaction one heard from the hard hat guys on the job: a god damn by President Nixon if more.
