South Windsor Builders Ask Zone Change For Parcel

A request for a zone change that would allow the building of commercial enterprises on 17.5 acres of land at the corner of Buckland Rd. and Denning St. has been scheduled for hearing by the Zoning Board of Appeals Dec. 21 at 8 p.m. at the Town Hall. The application to change the zone from Rural Residential to Restricted Commercial, was filed by Sherwood Waldron and the Five Corners Shopping Plaza.

The ZBA will also consider a request by Franklin Wells for a temporary and conditional permit to erect a sign off Rt. 158. And it will consider a change in its regulations to delete public hearings for special events or uses by the town.

Such organizations would be required to comply with local police, fire and other municipal regulations. Politically affiliated organizations are now excluded from these provisions.

Black or White Welcome to Pray

DETROIT (AP) — To show that his new church on the fringe of Detroit's ghetto is open to all races, the minister wore one white shoe and one black.

The Rev. Orum L. Trone said his church, which has a white following, could have moved from the area after an urban renewal project demolished the old church.

"We feel our staying here will be a means of bringing back some of the culture and some of the decency of this area," says the 56-year-old native of Detroit.

Planned for the future of the Church of Christ, which opened Sunday, are a day care center and a Head Start program.

Day-Care Center Rules Studied

HARTFORD (AP) — Commissioner Donald T. Dorsey of the state Department of Community Services Monday announced that his department will hold public hearings on controversial guidelines proposed for state-funded day-care centers.

The department has already drafted preliminary guidelines, copies of which have been provided to day-care and other officials. But a statewide day-care protest committee charged that DCA did not intend to take the comments of parents and day-care professionals into account in formulating final guidelines.

Dorsey said those concerned with the guidelines have been asked to send their comments to DCA, which he said, would take them into consideration.

Soon, he said, those respondents will be asked to come up with a list of changes to be made to the guidelines.

"I make sure they punch it here on the way home," Mrs. Chapman says, "and I'm only a few steps away if they respond and staff."

That committee would prepare the final draft, he said. Dorsey said hearings on the final guidelines would definitely be held, probably late in March.

Driver Blamed In 7 Deaths

YOUNGSTOWN, Ohio (AP) — James Anderson, 30, of Youngstown, has been found guilty of the Mahoning County grand jury on seven counts of vehicular homicide.

Anderson is accused in the deaths of seven persons when his car jumped a curb in a crowded downtown area Nov. 12 and struck 15 persons.

His case was referred to the Municipal Judge Joseph DeMofro.

Anderson also faces a charge of driving without a license and a charge of trying to escape police custody the next day at South Side Hospital.

Traveling Moose Nearing Iowa

BLUE EARTH, Minn. (AP) — The wandering moose who roamed several weeks ago and meandered south is within 12 miles of Iowa, state conservation officers report.

The moose, which had been spotted in the Minnesota River and was reported in the New York area about a month ago, now in the Walnut Lake area of Minnesota along U.S. 16 near Blue Earth.

Conservation officers cannot explain why the 2-year-old moose would leave its normal northern Minnesota habitat. They say if it continues south it will probably be the only moose in the state of Iowa that isn't in a zoo.

Singer's Hook
NEW YORK (AP) — Singer Anita Bryant wears an unusual piece of jewelry—a pin shaped like a fish hook. Why? Because "I am pledged to witness daily for Christ, to be a fisher of men in whatever God wills," she explains in her book, "Amazing Grace." The fish was an early Christian symbol.

Sheinwold on Bridge
OPPONENTS OPEN LOSE WITH THEIR BIG HANDS
BY ALFRED SHEINWOLD

If you see a man weeping in the street, buy him a cup of coffee and speak to him comfortingly. All men are brothers. But if he is weeping only because his opponents get all the high cards, snatch the coffee away from him. In the first place, he gets as many high cards as his opponents; and in the second place his opponents will often mean up their big hands. To deal's hand shows the general idea.

Both sides vulnerable. Opening lead — Jack of Clubs. South took the ace of clubs, drew two rounds of trumps, cashed the ace of hearts and ruffed a heart in dummy. Then he led out the ace and king of diamonds.

When West couldn't follow suit to the second round of trumps, South was helpless. If he played it correctly, regard to how the East-West cards were divided.

After drawing two rounds of trumps, South should lead out the ace and king of diamonds. If he played it correctly, regard to how the East-West cards were divided.

Israelis Label New Resolution Only 'Prolonging'

UNITED NATIONS, N.Y. — Israel was joined by six Latin (AP) — Israel says the General Assembly's latest resolution on the Middle East peace talks has only prolonged the dead-end of the negotiations.

The assembly voted 78-7 with 28 abstentions Monday to call for resumption of the indirect negotiations through U.N. mediator Gunnar Jarring and for Israel's commitment to withdraw from occupied Egyptian territory.

Among the Big Powers, France, Great Britain and the Soviet Union voted for the resolution, which called and China abstained.

Israeli Foreign Minister Mahmud Rind said if Israel refuses to heed the resolution, "it will be isolating itself from the world."

"We are offering them peace and they are refusing it," Rind asserted.

Foreign Minister Abba Eban of Israel said before the vote was taken that his main objection to the proposal was its call for a withdrawal commitment.

"If the negotiation is to be effective, it must be free," he said.

Neither party can ask the other party to accept its own views and proposals in advance."

The resolution requests Secretary-General U Thant to reactivate Jarring's mission in the Middle East.

There is no question we in Israel asked for commitments from Israel to withdraw from Egyptian territory, and from Egypt to make a peace agreement with Israel to withdraw from the Sinai desert.

Egypt participated in the drafting of the resolution, and day-care professionals have been invited to attend the final guidelines would definitely be held, probably late in March.

Closing Bases Way to Economy, Packard Claims
WASHINGTON (AP) — David Packard, who resigned Monday as deputy defense secretary in the Nixon administration, says the Pentagon could save \$1 billion a year by closing military bases that are being kept active for political reasons.

In a farrow news conference, the multimillionaire California electronics manufacturer referred to congressman who block Pentagon plans to shut down military facilities in their districts.

But Packard's former boss, Defense Secretary Melvin Laird, indicated there are immediate plans for shutdowns. Some congressmen feel the Pentagon already has moved too fast in eliminating 27 military and defense-related jobs with the winding down of the Indochina war.

Packard, who said he was quitting for strictly personal reasons, noted that the Pentagon has been unable to find a way to make money from the illegal drug traffic.

IRS Agents Scan Tax Returns Of Drugs Suspects
WASHINGTON (AP) — Revenue agents are investigating nearly 300 "middle-and-upper-middle class" taxpayers, smugglers and financiers in an effort to catch them on tax evasion charges, the Treasury Department says.

Asst. Treasury Secretary Eugene T. Rosides said Monday the Internal Revenue Service is trying to stop unreported income from tax evaders.

Who Pays for the Recall? Insurance Is in New Area
BY JOHN CUNIFF
NEW YORK (AP) — Did you ever wonder who pays the expenses of recalling a product found to be faulty? If you have, you've probably assumed it was an insurance company, but the charges are it wasn't.

Large, financially strong companies so far have chosen to pay the cost of notifying distributors and consumers to discontinue using a product as well as the actual recall price.

Also included are costs of attorney, postage, telephone and telegraph, advertisements, employment of self-insurance. Many private and outside smaller companies are badly hired help and the costs of unexpected, with neither the insurance industry nor the government considered to be health or safety hazards.

The Federal Food and Drug Administration alone under another name, the recall of more than 1,400 cosmetics or damage property.

Despite this, only a tiny percentage of companies have such coverage. In the entire country it is estimated that only about 200 companies have such coverage.

Hebron Finance Board Votes \$50,000 to Buy Land

The Board of Finance voted last night 4-1 to appropriate \$50,000 for the purchase of the Gross-Dressman property on Reidy Hill and Greyville Rds. Howard Porter cast the dissenting vote.

For over a year now the Board of Selectmen, Recreation Commission and Conservation Commission have been attempting to have the necessary funds appropriated for the purchase.

During this period, two options on the property were taken out by the town. Before the expiration of the first, which was June 15, the selectmen attempted to have the Board of Finance appropriate the \$50,000.

However, at its June 7 meeting, the Finance Board labored any action on the appropriation which resulted in the selectmen calling a special town meeting to seek renewal of the option.

Residents at the June 14 meeting backed the extension and the option was renewed until Oct. 15.

On Oct. 3, the Board of Finance voted to permit town meeting action on the recommendation of the Board of Selectmen, the Recreation Commission and the Conservation Commission to purchase the property for \$50,000. However, they did not vote to appropriate any funds.

Subsequently, town meeting action on the Oct. 14 approved the purchase of the property at the \$50,000 price and then the confusion began.

What was thought by many would be a routine meeting of the Board of Finance on Nov. 8 failed to appropriate the full \$50,000. Finance members voted only a \$40,000 appropriation.

The board based its decision on the fact that an appraisal on the property, which is approximately 36 acres, stated that a top dollar price of \$1,000 per acre should be paid.

Second Selectman Robert Dixon expressed disappointment "that the Board of Finance has seen fit to overrule the townspeople, the Board of Selectmen and the Conservation and Recreation commissions" and First Selectman Aaron Reid called the Board's action "definitely a flagrant disregard of the townspeople."

However, Reid went through the formalities of offering the town the \$40,000 and the offer was turned down through their attorneys.

At last night's meeting, which was attended by almost all members of the Recreation and Conservation Commission, Reid again formally requested the \$50,000 appropriation.

He also read a letter from Frank A. Francis, attorney for the owners which enclosed a photostat copy of an agreement to purchase signed by all the parties and the town meeting approval given on Oct. 12.

The letter asked the Board of Finance to "consider the transaction on a moral basis and not because of any threat of law suit. Certainly the good will of the town should have some value and merita considerations."

Board of Finance Chairman Richard Grant opened the meeting to general discussion and it was the consensus that since the townspeople had expressed a desire to purchase the property at \$50,000, the board should take the necessary action.

As has been the case in the past, Porter continued his opposition to the purchase on the basis of the property being highly overpriced, and stated that "until such time as I would see the town as a whole wanting to spend \$50,000, I am holding the line at \$40,000."

The townspeople will again have that option as the Board of Selectmen will now set the date for the town meeting to vote on the \$50,000 appropriation.

In the event the funds are approved, the board considered methods of financing. They voted to appropriate \$5,000 from the reserve fund for future land acquisition and development with the balance to be financed over three-years on short term notes.

In other action the board discussed what action to take on salary increases that were voided at the time the budget was approved last May.

Salaries for elected officials are based on a November to November schedule, and it was agreed last night that since the

WASHINGTON — Jacqueline Onassis served secretly as a young socialite whose husband, Aristotle Onassis, was a city councillor from the district that encompasses East Harlem.

"She wanted to get involved," Mrs. Onassis explained. "I took her to three places, including a Headstart center and a public school."

A spokesman for the McMahon Memorial Temporary Shelter confirmed reluctantly last week that the former First Lady came there one day a week — incognito — as a teacher's aide.

None at the center, which is run by the Catholic Charities in New York City, have tried to protect the privacy that Mrs. Onassis requested when she became interested in the work.

She added: "The children loved her so. They stamped to play with them. They yell 'hey, come here' to her just like they would to one of our regular workers."

The only complaint Mrs. Onassis had was from a small boy who didn't think she knew much about making beds. When she turned down his cot to tuck him in at nap time, he protested: "That's not how we do it."

Amused, Mrs. Onassis—who is not famous for turning down her own sheets at nap time—let the child show her his rest-time ritual.

Mrs. Onassis kept her ghetto work so secret that even her secretary, Nancy Tuckerman, wasn't told. Asked for confirmation last week, she quoted her

"To this date, none of the 11 women has asked for any of the money, despite the fact I told them it would be available at all times," Watson said.

Watson, one of the organizers of the fund, said it was planned to distribute about \$200 in aid for the Christmas season.

Release Keeps Momentum Toward a Warmup Alive

WASHINGTON (AP) — Island of Hainan in 1965. Two years later, Flynn of Oak Harbor, Wash., was downed while flying near the North Vietnamese border with China. Today's can prisoners undertake Peiking's in keeping the momentum going toward easing U.S.-Chinese relations, according to administration officials.

Monday's freeing of Richard Peck after nearly 20 years of imprisonment and the release of Mary Ann Harbert is a major sign of China's intentions, the officials indicate.

Official concern for three U.S. citizens still known to be held in Chinese prisons is keeping the State Department very close-mouthed about the whole affair except for expressing gratification over release of Peck and Miss Harbert, who was arrested in April 1968.

"This is a very sensitive matter," an official said, "we don't want to rock the boat or say anything that might endanger the others."

The State Department said it has no change in its position that the others are John Thomas Downey, Air Force Capt. Phil Smith and Navy Lt. Robert Flynn.

Downey, 41, and Peck, 42, were captured in November 1952 when their plane was shot down flying from Korea to Japan. Both were described at the time as civilian employees of the Army.

The Chinese accused them of arranging a drop of Nationalist agents into the mainland, and sentenced Peck to 20 years in prison and Downey to a life term.

Five More Years of Sentence to Go Downey in Good Spirits

NEW BRITAIN (AP) — When John T. Downey graduated from Yale University at the height of the Korean war, he took a job with the Defense Department.

The job eventually led him to Korea and a flight in an airplane that was shot down by Communist China.

The specialist, athletic Downey was last seen by his mother, Mary, in the United States at his Yale graduation in June, 1951. She was told his plane was shot down on Nov. 30, 1952, and a year later the Defense Department said he was presumed dead.

Two years after the plane was shot down, Downey was captured by the People's Republic of China, including a 21-day investigation in Vietnam. Mrs. Williams and her husband, John, were arrested in February.

Downey was released early and the State Department acknowledged his return to the United States on May 31-June 4.

The Defense Department has never said exactly what his offense was, but he would be released as a prisoner of war.

"After 19 years, my hopes for his return were dashed when he was released in Japan," Mrs. Downey said. "We're glad there was some commutation, but it's a setback with Monday's announcement."

Illing Students Presenting 'Kris Kringle'

As it so often does, love emerges triumphant at the conclusion of "Kris Kringle Rides Again," removing all doubts, misgivings, and suspense that have built up during the two acts of the musical.

Illing Junior High School seventh and eighth grade students will give performances of the production, with music by Daniel Jason and libretto by James Austen, for parents and friends in the school auditorium tomorrow and Thursday evenings.

James Potter, in the role of Santa, gives his blessing to the union of Jeremiah, the school teacher, and his wife, Dimple. The roles are played by Jay Pugliese and Cheryl Harris.

The musical's theme is the scientific approach to the reality of Santa Claus. At Susan Sterling, as the widow's daughter Karen, goes to the North Pole and succeeds in reuniting the family.

Also, Dorrie Wilk, Mary Ann Nassiff, and Theresa Donovan

Agenda Decisions Before Directors

The Board of Directors will meet tonight to act on the items on its monthly agenda. Public hearings on the agenda items were held last week, but public comments were sparse. Most of the discussion was between directors and town officials.

Also tonight, the public will be allowed to address the board's approval, that Belleville's starting salary would be \$14,500.

Before this, the board will meet with members of the Development Commission at 7:15 a.m. in the collector of revenue's office. The modernization of the machine will cost about \$10,000 and will take about six months to complete, according to Ernest Machell, collector of revenue.

The regular board meeting will follow those two meetings at 8 o'clock. The agenda items are:

- 1) A proposed ordinance to be in the Municipal Building \$1,700 allocation in the Capital Hearing Room.
- 2) Proposed authorization for the purchase of land at 5 Main and Charter Oak Sts. This land is part of the new Bennett Athletic Field there and up until now has been used by the town under a right of entry agreement.
- 3) Proposed approval of the Workable Program for the town. This lists accomplishments by the town in the last two years and proposed programs for the coming two years. This must be filed with the federal Department of Housing and Urban Development before the town can qualify for any HUD grants.
- 4) Acceptance of the resignation of Mrs. Eleanor Collman from the CDAF Agency and appointment of her successor, Weta Is recommending Roger McDermott of 107 Kenney St., Mrs. Collman was elected Nov. 2 to a three-year term on the Board of Education beginning in November 1972.
- 5) Proposed acceptance of three streets - Redwood Rd., Ralph Rd., and Galaxy Dr. This action was tabled over for the second time last week when some question was raised about whether the streets are in fact acceptable.

Other items include:

- 1) Proposed reclassification of the assessor from wage group 21 (\$11,888.00 to \$13,704.00 per year) to wage group 22 (\$12,680.00 to \$15,972.00 per year).
- 2) Town Manager Robert Wiles recently announced that Edgar E. Belleville of Rockville, new assessor of Enfield, would begin as town assessor Dec. 20.

BLUE CROSS-65 BENEFITS TO INCREASE WITH NO RATE CHANGE

The government will increase the amounts of the deductible and coinsurance under MEDICARE, PART A hospital benefits beginning January 1, 1972. These changes, which affect Medicare patients admitted on or after the above date, are mandatory under Medicare law as a result of rising hospital care costs.

BLUE CROSS RATES REMAIN THE SAME

Connecticut Blue Cross will absorb the higher deductible and coinsurance amounts for subscribers to BC-65, the Medicare supplementary plan. There will be no increase in membership rates for the higher benefits. This is made possible because of savings realized through the government's Utilization Review procedure.

HEALTH CARE BENEFITS IN EACH BENEFIT PERIOD FOR BC-65 MEMBERS EFFECTIVE JANUARY 1, 1972

- THE FIRST \$68 OF HOSPITAL STAY.
- 30-DAY BENEFIT PERIOD AT FULL COST OF SEMI-PRIVATE ROOM AND ALL HOSPITAL SPECIAL SERVICES ANYWHERE IN THE WORLD.
- 30 EXTRA DAYS OF GENERAL CARE BENEFITS AND FULL COST FOR SEMI-PRIVATE ROOM AND SPECIAL SERVICES.
- \$34 PER DAY COINSURANCE WHENEVER A SUBSCRIBER USES PART OR ALL OF HIS 60-DAY LIFETIME RESERVE DAYS.
- \$8.50 PER DAY IN EXTENDED CARE FACILITY FOR 80 DAYS FOLLOWING FIRST 20 DAYS PAID BY MEDICARE.
- \$17 PER DAY FROM 61st TO 90th DAY TOWARD SEMI-PRIVATE ROOM.
- OUTPATIENT OR EMERGENCY ROOM SERVICES IN APPROVED HOSPITAL.
- PRESCRIPTION DRUGS UP TO A MAXIMUM OF \$500 FOR 150 DAYS FOLLOWING DATE OF HOSPITAL ADMISSION.

elements to the solution of the problem. The Group of Ten is made up of the 10 richest non-Communist nations. It meets this weekend in Washington. The joint statement said: "The two presidents are also aware of the importance of trade for a lasting equilibrium of the U.S. balance of payments."

France's negotiators with governments of other member countries of the European community are preparing for negotiations which would permit the immediate opening of trade negotiations, the statement added.

It was read by White House press officer Ron L. Regier in English and followed by a French translation read by the French ambassador.

The announcement said the mandate would permit the immediate opening of trade negotiations with the United States in order to settle short-term problems currently pending and to establish the agenda for the examination of fundamental questions of trade.

This appeared as a concession by Europeans to U.S. demands for lower trade barriers, a number of products, especially agriculture products.

The statement also said Nixon underscored the contribution that vigorous implementation by the United States of measures to restore domestic wage-price stability would make toward international equilibrium and the defense of the new dollar.

The statement was read after Nixon and Pompidou ended a final four-hour talk which lasted one hour more than originally scheduled.

It is a monetary measure claimed the spotlight during the discussions Monday, and Treasury Secretary John B. Connally told news men afterward:

"We are trying to push for a decision. We have said in the past repeatedly that we think we owe it to the nations to try to resolve this matter if we can't do it as and so on as we can."

Connally, who spent much of Monday meeting with French Finance Minister Valéry Giscard d'Estaing, said they made "considerable progress" not in following an ultimatum but in solution necessary, but certainly progress in terms of getting speakers out on the table, getting them discussed, having a clear understanding of the respective positions of the two nations."

He gave no indication what the matter of the proposed revision of "automatic" matters were, but said the French "have indicated a willingness to be helpful" with the United States and to make a substantial contribution to the settlement of the problem.

Connally conceded, however, "No decisions have been made" and he said if the monetary crisis is not resolved "in a reasonable time" after the following meeting, the United States would take action on the change.

He said the French "are not in a position to make a substantial contribution to the settlement of the problem."

Police Search for Clues In Meriden Bank Robbery

MERIDEN (AP) — Police were trying today to put together clues from four photographs and an abandoned getaway car in their search for three men who robbed a downtown bank on Monday.

The four pictures were snapped as the three robbers carrying automatic pistols entered the Connecticut Bank and Trust branch office and forced tellers to hand over the money.

No shots were fired during the 11:45 a.m. holdup, and the only reported injury was a bruised ankle suffered by a female teller, police said.

The three robbers, who were wearing coats, gloves and grotesque "Halloween masks," escaped from the Meriden Square Mall area in a stolen green sedan.

The abandoned car was found by police about an hour later less than one mile from the shopping center where the robbery occurred.

Police said the car had been stolen earlier in the day in Hartford. They questioned neighborhood residents in search of anyone who had seen the robbers.

One of the robbers leaped over a teller's counter and made cash from the register, William Toole, vice president in charge of security. "The second robber

held a gun on the manager while a third stood guard by the door."

Police noted that the robbery bore some resemblance to the robbery of a Springfield, Mass., bank last week by three masked men but said there was no indication the two were carried out by the same persons.

MHS Ninth Graders May Stagger Hours

Current plans are to extend overlapping sessions for illing Junior High students in the Manchester principal, informed the Board of Education last night.

Because of the holidays, more rooms at MHS than are now being used by Iling, he said, will be devoted to the school.

Greenberg said that buildings and sites committee members toured the Bennett school last Saturday, will tour Robertson school this Saturday, and are conferring with architects on alternatives for additional buildings.

The need for more facilities will result when the present 392 Iling eighth graders move to MHS, Stulliff said. Presently, there are 388 there.

The principal's comments were part of a 26-minute report made last night at the first board meeting of this month, held at different town schools. Teachers and administrators will be given time to brief the board on their schools.

Stulliff also stressed these needs: Space for new and special programs; parking, storage, and parking; personnel for added and special programs; and updating and updating curricula.

Approve Classifications The board approved the retroactive reclassification of Mr. principal, from 1 to 2, and accepted the following recommendations of degree changes of teachers, made by the credit evaluation committee: BA plus 15 hours, Darrell Bale and Mrs. Sandra Kiltz of Iling; Mrs. Rebecca Best Thomas of DeWitt; and Mrs. Charles Bartlett of 46 Concord Rd.

U.S. Jets Penetrate To North

HAIGON (AP) — American fighter-bombers made their deepest attack into North Vietnam this year on Monday, hitting a missile battery 210 miles north of the demilitarized zone, the U.S. Command reported today.

It said two Navy A7 jets fired two missiles at the antiaircraft site about 145 miles south of Hanoi after a surface-to-air missile was fired at them.

There was no damage to the American planes, the command said, and they returned safely to the carrier Constellation in the Tonkin gulf.

Results of the attacks were not known because of low clouds, the command said, but the U.S. missiles homed on the enemy's radar signal.

The raid was the 98th inside North Vietnam this year. It was carried out 50 miles northwest of the coastal city of Vinh "in the vicinity of Quang Lang air field," the command said.

Antiaircraft batteries on the field were attacked by U.S. planes Nov. 8 in a strike 48 miles northwest of Vinh.

The Navy planes were escorting bombing missions against the Ho Chi Minh trail across the border in Laos.

North Vietnam has beefed up its antiaircraft defenses along the border in efforts to protect its supply network to the south. In the past 12 days more than a dozen surface to air missiles have been reported fired at U.S. planes.

Meanwhile, South Vietnam's commander in eastern Cambodia claimed today that his forces and America's 582 bombers have badly mauled two North Vietnamese regiments and drawn a third away from Cambodian troops to the west.

Gen. Nguyen Van Minh said the 27th Regiment of North Vietnam's 9th Division had moved away from Highway 8 on the western side of the Mekong River to north of the Chup

Quake Rattles Aleutians; Tidal Wave Fears Cooled

PALMER, Alaska (AP) — An earthquake measuring 7.5 on the Richter scale was recorded Tuesday night off the east coast of Siberia's Kamchatka Peninsula, the Palmer Observatory reported.

A seismic sea wave watch issued by the observatory for Alaska's Aleutian Island chain, and Japan were attempting to get a reading to indicate whether the center of the quake in a relatively unpopulated part of the

A spokesman at the center in Washington said the quake was called a highly seismic area. "The main danger," he said, "would be a tsunami, and this quake would be large enough to cause one. It's on the border."

He said tide gauges in the Aleutians, the Soviet Union and Japan were attempting to get a reading to indicate whether the center of the quake in a relatively unpopulated part of the

rubber plantation east of the river.

Minh said his forces are sweeping through the plantation used by the enemy to house camp 80 miles from South Vietnam's border, and that 2024 are being taken to the sea.

But there has still been no major fighting since 6,000 South Vietnamese troops invaded the 75-square-mile plantation three days ago in their deepest drive into Cambodia in nearly a year.

Senior U.S. advisers said the South Vietnamese forces had covered only the southeastern half of the plantation by Tuesday night and the enemy forces were believed in the northwestern sector.

The drive is part of a 25,000-man South Vietnamese offensive launched Nov. 22 to keep North Vietnamese troops away from South Vietnam, disrupt

Ex-Governor Indicted

WASHINGTON (AP) — Otto Kerner, Jr., federal appeals court judge and former Illinois governor, was indicted by a federal grand jury today on charges of bribery, mail fraud, tax evasion, perjury and conspiracy as a result of race track stock transactions while he was governor.

Three appointees to Kerner's administration were also named in the 19-count indictment handed down in U.S. District Court in Chicago.

Kerner, a Democrat, and the others were accused of conspiring to obtain about \$300,000 for Kerner and Janice in exchange for a \$12,000 at a time influence Kerner's administration.

Pakistanis Appeal For A Cease-Fire

By THE ASSOCIATED PRESS

The Pakistani commander in East Pakistan has appealed to the Indian army chief of staff for a cease-fire, the government in New Delhi announced today. India ordered a halt to the bombing of Dacca and gave the Pakistanis 16 hours to surrender.

Gen. Sam Manekshaw, the Indian chief of staff, replied that he would order a cease-fire if the Pakistanis could confirm their surrender, an Indian spokesman said. The appeal was from Lt. Gen. A. A. K. Niazi, who previously had vowed to fight to the last man.

The exchange between the two generals came as an Indian army spokesman reported that Dacca from less than two miles away and the battle for the East Pakistani capital "is in its final stages."

Indian troops also were reported within four miles of Chittagong, East Pakistan's largest port. Its harbor area was hit Tuesday by an air and sea bombardment.

Manekshaw warned that "if you do not comply with what I have stated you will leave me with no alternative but to resume my offensive with the utmost vigor at 0900 Dec. 16."

Fecteau Comments He Never Lost Hope

By LEE LINDER

PHILADELPHIA (AP) — An Army civilian employee who spent 19 years in a Communist prison said today he gave up hope of getting out.

"I was in solitary for the first three years and the last five or six years," in Peking, Richard G. Fecteau, 43, of Lynn, Mass., said Monday in Hong Kong.

Mary Ann Harbert, 28, of Genoa, Mass., a Chinese Niazi's message, but it said prisoner for more than three years, was released at Manekshaw's reply that the Pakistani general had asked for a cease-fire, without committing himself to a surrender.

The Indian army chief then made clear a surrender would be required before India would agree to a cease-fire.

"I give you my solemn assurance that personnel who surrender shall be treated with dignity and respect that officers are entitled to and I will honor the provisions of the Geneva conventions," Manekshaw added.

"Further, as you have many I shall insure that English language speaking prisoners are well cared for and given proper burial."

"No one need have any fear camps that President Nixon was where they come from. Nor planning to visit China."

and his years in prison and professed his new confidence by telling newsmen "I don't want to be interviewed."

"I am in good health and want to see my family," he said. "I don't want to talk to newsmen because I have been so long in solitary confinement. You can get used to that, but that's one of my problems now. I was alone so long."

He said the Chinese treated him well, except for the solitary and that three Chinese shared his cell at various times during his imprisonment.

"One was a colonel, one had been an interpreter for the Japanese and one was charged with espionage," he said.

He said his cell block was occupied by the four other Americans known to be imprisoned in China, including John T. Downey, 41, of New Britain, Conn., who was aboard the plane with Fecteau when it was shot down over China on a flight from Japan to Korea in 1952, during the Korean War.

Downey, sentenced to life, has had his sentence commuted to five years, effective with the date of commutation, believed to be recently.

The other Americans, all of whom Fecteau said he had been able to talk with at one time or another are:

Air Force Capt. Phillip B. Smith, Hugh Redmond, and Navy Lt. Robert J. Flynn.

He said that at no time was he ever subjected to torture

Iowa Paper Is Acquired By Hagadone

The Sioux City, Iowa, Journal Tuesday became the 10th affiliate of Hagadone Newspapers of Clarendon, Idaho.

It was a little more than a month ago, Nov. 8, that Hagadone Newspapers purchased The Manchester Evening Herald.

The latest acquisition, and the first in the state of Iowa, makes Hagadone Newspapers the 10th largest newspaper group in the United States.

The purchase of the Sioux City Journal was announced by Duane B. Hagadone, president of Hagadone Newspapers, Inc. and president of Sioux City Journal Inc.

The newspaper has a circulation of 11,000 daily, 88,000 Sunday, and serves an area of 100,000 persons.

Hagadone Newspapers now operates properties in 11 states stretching from Hawaii to Connecticut.

Dollar Diplomacy Monetary Crisis Bit Calmer

By BILL NEUBERK

WASHINGTON (AP) — President Nixon has agreed to devalue the dollar for the first time since 1934, a move that could bring a speedy settlement to the simmering international monetary crisis, perhaps before Christmas.

The agreement, reached Tuesday in a nine-hour meeting with French President Georges Pompidou in the Azores, stripped away a major obstacle to settlement of worldwide monetary disruptions.

No percentage devaluation was mentioned in the Nixon-Pompidou communique, nor was the method of devaluation. But a high administration official said an 8-per cent devaluation was "about the highest 'very much in the ballpark.'"

Should devaluation be accomplished by congressional action raising the price of gold, an 8-per cent change would result in a gold price of \$135 an ounce.

The official price of gold has held at \$35 an ounce since the United States stopped redeeming paper money for gold in 1934.

In simple terms, devaluation would make U.S. products more competitive in foreign

markets and imported products more expensive in the United States.

Treasury Secretary John B. Connally said in an NBC interview Tuesday night: "I don't think the average American will ever really be conscious of it. . . . The average American probably will not know it."

The formal communique was released as finance ministers with Pompidou and central bankers of the 10 richest non-Communist nations prepared to gather in Washington on Friday and Saturday to discuss solving worldwide monetary disorders.

High-level U.S. officials indicated that firm agreement on currency revaluation will result in dropping the 10-per cent surcharge the United States levied on imports Aug. 15.

Connally said the Nixon-Pompidou session represented a "very significant step forward" in dropping the 10-per cent surcharge to early solution of monetary problems.

The communique said: "In cooperation with other nations concerned, they agreed to work toward a prompt revaluation of the dollar and revaluation of some other currencies."

The high administration official said the accord with Pompidou envisions a settlement along these lines:

The value of the French franc would remain the same. West Germany would be expected to revalue its mark upward and an even greater upward revaluation of the Japanese yen would be expected.

Exchange rates of major currencies would be allowed to fluctuate over a broader range than the present 1 per cent up or down.

This, said the administration official, represented a major concession by the French.

The communique said France signed the agreement with the United States and a lesser number of countries would move to start negotiations with the United States to settle "short-term problems currently pending."

The U.S. official said the balance-of-payments deficit has since sealed down would be a good thing.

Monetary Crisis Bit Calmer

that demand to about \$9 billion. After standing fast against a devaluation for months, the Nixon administration finally caved in during a "Group of 10" meeting in Rome earlier this month. Behind closed doors, Connally told officials the United States was prepared to discuss devaluation.

But the Nixon-Pompidou statement Tuesday was the first public word the United States had agreed to a devaluation.

Other countries wanted the United States to devalue because it kept them from being put at a disadvantage when their trading partners.

For example, the French were five to six times more than in Europe than there was their trading partners.

Speculators were threatening to create monetary chaos by trading in dollars for other currencies, hoping to cash in on a revaluation. The U.S. balance-of-payments deficit surged to a record.

Nixon's Aug. 15 move was designed to remove that deficit and give the United States a trading advantage it had lost to high.

First, the United States wanted a \$13-billion turnaround in the balance-of-payments deficit. It has since sealed down
