## Bombs Shake Belfast

BELFAST, Northern Ireland (AP) — Four bombs exploded in the Belfast area today as the outlawed Irish Republican Army pressed on with its battle to end Northern Ireland's links with Britain. No one was reported injured in the blasts.

The bombs wrecked a bank, an office building and a furniture store. The fourth target was a paint store, which was extensively damaged.

The first bomb was left in the doorway of the Belfast Savings Bank on King Street, a busy shopping and office thoroughfare a block from the center of the city. The bank manager spotted the bag and raised an alarm.

Police quickly cleared hundreds of early shoppers and office workers from the street. The bomb exploded within 10 minutes, wrecking the Georgian bank building. It blew out windows over a wide area but no one was hurt because of the quick clearing of the street.

A second bomb exploded at an office building in Dunmurry, a suburb southwest of Belfast. No report of damage or casualties was immediately available.

There was sporadic shooting during the night between British troops and guerrilla gunmen.

Marines shot and captured two men who they said were trying to raid a shirt factory at Ligoniel, west of Belfast. One was reported critically wounded. Three other men escaped in a car that later was found abandoned in downtown Belfast.

Four thousand Catholics staged another illegal but peaceful march Sunday to demand immediate withdrawal of British troops from the province, abolition of the provincial Parliament and a halt to the jailing of guerrilla suspects without trial.

Troops and police did not interfere with the march in Enniskillen, a lakeside resort town 65 miles southwest of Belfast, and the Catholics made it a short one. They held a rally at which speakers rejected a compromise that reports from London say the British government is considering a Catholic as deputy prime minister of Northern Ireland and a quota of Catholics in the provincial cabinet.

Michael Farrell, a leader of the extreme leftist People's Democracy, said Prime Minister Edward Heath, "having given up trying to beat us off the streets, is trying to buy us off." Kevin Agnew, vice president of the Catholic-based Civil Rights Association, said prominent Catholic politicians would shun a position in the provincial cabinet.

"They want to enjoy a few more summers," he added. (See Page Eight)

## Dark, Idle Day in Britain

LONDON (AP) — Electric power cuts brought on by Britain's coal strike threw thousands out of work today.

St. Valentine's Day became "misery Monday" across the nation. The stock market plummeted and the value of the pound sterling dropped.

The opposition Labor party prepared a motion of censure on the House of Commons against the Conservative government.

The government warned of a possible total shutdown in two weeks if the strike of miners doesn't end.

Violent clashes between picketing miners and police broke out in a number of points in England and Scotland.

Rail services around London and other industrial centers were disrupted. Thousands arrived at their offices to be told to go home because of power cuts in sector after sector.

The picture in industry was confused but it was clear that

thousands were laid off as factories went on a government-decreed half-time operation.

Hardest hit was the state-owned British Steel giant and the motor firms, Britain's biggest export industry.

Jaguar motors halted all production at its Coventry plant and sent 3,500 home. Triumph motors laid

off 2,500. Rovers halted all car production. The company said all of its 14,000 workers will be affected at some time during the week.

Nine plants of Joseph Lucas, makers of car batteries and other parts, closed, throwing 15,000 production workers out of jobs. A spokesman said the rest

of the firm's 21,000 employees will be hit progressively.

Ford of Britain said it hopes to keep going on its own emergency generators.

## Bhutto Asks 3-Power Session

KARACHI, Pakistan (AP) — President Zulfikar Ali Bhutto of Pakistan announced today that he plans to meet Prime Ministers Indira Gandhi of India and Mujibur Rahman shortly.

Plans are being worked out for the meeting, Bhutto told newsmen at Lahore airport.

He added that he would announce a date for the lifting of martial law after the meeting.

Diplomats said they believed the date for the meeting would be announced after the British Foreign Secretary, Sir Alec Douglas-Home, visits Pakistan next week.

Mr. Bhutto has said she was prepared to meet Bhutto but only to discuss issues relating directly to India and Pakistan, not those involving Bangladesh.

Shek Mujib said last Thursday that he would meet Bhutto only after the Pakistani president recognized Bangladesh as a new nation.

"After Mr. Bhutto has recognized Bangladesh," he said, "I shall be ready to meet with him and discuss all matters." Meanwhile, Sen. Edward Kennedy arrived in Dacca to

## Guns Fall Silent On Tet Holiday

SAIGON (AP) — A 24-hour allied cease-fire for the Tet holiday halted one of the biggest U.S. air campaigns of the war in South Vietnam today.

The U.S. Command reported that Navy and Air Force fighter-bombers flew 176 strikes in South Vietnam during the 24 hours before dawn today, and B2 heavy bombers added another 27 missions, the most flown since June 1968.

This brought the total since Wednesday to 766 strikes, and informants said more raids between dawn and dusk today pushed the total past 800. The heavy air offensive was ordered in an attempt to ward off a big enemy offensive which U.S. officials predict this month, either during the Tet festival of the lunar new year or during President Nixon's visit to China.

The allied truce went into effect at 6 p.m. Saigon time, or 4 a.m. EST, 17 hours after a four-day Viet Cong cease-fire began.

The South Vietnamese command reported four enemy attacks during the Viet Cong cease-fire, including the assassination of a hamlet chief and a

commander of a hamlet chief and a

But a spate of scattered actions was reported Sunday, and a U.S. fighter-bomber made the 38th strike inside North Vietnam this year, attacking an aircraft artillery radar site 50 miles above the demilitarized zone. Results were not known.

American bombers and rocket-firing helicopter gunships killed 52 enemy troops, the U.S. Command said, including 41 from a fresh North Vietnamese division, some of whose units have infiltrated into South Vietnam's central highlands.

Troops of the 3rd Brigade of the U.S. 1st Air Cavalry Division, helping patrol the eastern flanks of Saigon, clashed twice with enemy forces about 20 miles east of the capital. A light observation helicopter supporting them was shot down, killing

the pilot and two crew members. (See Page Eight)

## President on Cram Course Preparing for China Trip

WASHINGTON (AP) — With three days off, President Nixon has asked his staff for more information and called in French intellectual Andre Malraux for expert answers on China.

Nixon has been preparing for months for his historic talks with Chinese leaders and has everyone doing homework on it.

That's the reason for today's White House meeting with Malraux, the former French cultural minister.

Nixon, in disclosing plans for the meeting, said he was impressed with Malraux' analysis in his "Antimemories," of China and Communist Chairman Mao and Premier Chou En-lai.

Nixon still is not satisfied with the mountains of material he's been provided, Press Secretary Ronald L. Ziegler said Sunday night, had asked the National Security Council for more answers. "He had more questions he wanted explored," Ziegler said. But the press sec-

retary wouldn't say what they thought of Peking duck.

## Campaign Issue Waxes Warm Who's Delaying the Peace Effort?

By MICHAEL PUTZEL

Vice President Spiro T. Agnew says some presidential candidates may be encouraging North Vietnam to postpone settling the war in Indochina, but one candidate, Democrat John V. Lindsay, says it is President Nixon who is delaying a settlement.

Agnew, in an interview recorded for broadcast today on the NBC "Today" show, said he wouldn't go as far as presidential aide H. R. Haldean who last week accused critics of Nixon's peace plan of "consciously aiding and abetting the enemy."

"I wouldn't say consciously," Agnew said. "I wouldn't go that far." But he added:

"If you were in North Vietnam and you thought that there was a chance that a man could be elected president who would cave in to every demand that you made, you wouldn't be very rapid to rush to the bargaining table."

The vice president singled out the front-running Democratic contender, Sen. Edmund S.

Muskie of Maine, whose criticism of the Nixon peace proposals, Agnew said, "undermines the chance that the North Vietnamese are going to accept them."

Lindsay, the mayor of New York, said it is nonsense to suggest that presidential candidates are delaying a settlement by speaking out on the war.

"In fact," he said in an interview Sunday on NBC's "Meet the Press," "I happen to think that Mr. Nixon himself is delaying the settlement of the Vietnamese war by his continued insistence on supporting the Thieu government which we have no business supporting."

Lindsay called for setting a withdrawal deadline immediately and pulling all American troops out of Vietnam within a matter of weeks. The Vietnamese, he said, should chart their own destiny.

On another subject, Lindsay said he supports school busing as "one of the tools that has to be used" to achieve integrated, quality public education.

In other weekend political developments, former Teamsters boss James R. Hoffa described Nixon as "the best-qualified man at the present moment for the presidency," and AFL-CIO President George Meany left open the possibility that he would support Nixon for reelection.

Bright GOP Future  
Predicted by Burns**

(Herald Reporter)

Joseph Burns, the man in charge of the state's newest game — the lottery — spoke of another game at the annual Manchester Lincoln Day dinner Saturday — politics. In that game he predicted a "new re-birth" of the Connecticut Republican party, the team most of the attendees at the affair in the Manchester Country Club were rooting for.

"Politics is a game in itself," Burns told a very subdued audience, and he called political "the highest of American games."

Aside from laughter brought on by his seasoned humor, the only major interruption of his speech was applause when Burns took a swipe at the other team. Calling for unity in the Republican Party in the future, Burns said, "If there are going to be splits, let them be with the Democrats, and they tell you, they've got some dandies."

M. Adler Dobbin, town chairman, got in a poke at the local leaders of the opposing team. Referring to the Democratic manager slogan in the municipal election, "We can do it better for less," Dobbin said, "I'm wondering whether they're (the Democrats) going to find that slogan as comfortable when they have the mayoralty decision, as they did when they were on the other side of the table."

Burns, former treasurer of the Republican State Central Committee, spent much time trying to heal the spiritual wounds of the local Republicans, which might have been incurred as a result of November's defeat.

"Defeat is a political fact of life," Burns said, and to prove his point he cited the exploits of some former losers turned winners, including Abraham Lincoln, Gov. Thomas Meskill, and President Richard Nixon. Burns urged local Republicans to have the "courage and determination" of those former losers.

Nixon particularly Burns said, was "written off as a political liability" after his 1960 defeat to John F. Kennedy. He returned

For Lottery Tickets**

HARTFORD (AP) — Connecticut will become the fourth state in the union with a revenue-raising lottery on Tuesday with Gov. Thomas J. Meskill's honorific sale of a ticket to a former "bigtime" winner in another state's lottery.

At the same time the governor is handing over the first printed Connecticut lottery ticket to \$1-million-winner Adam Braselwood of Wetherfield, local gambling will become possible through more than 8,000 specially licensed businesses throughout the state.

A total of 8.5 million lottery slips, each one numbered and bearing a "money tree" emblem, have been printed for the first week's sale.

New Hampshire in 1964 became the first state in modern times to establish a state lottery. Since then it has been joined by New York and New Jersey, and Pennsylvania is hoping to start a state lottery late this month or early in March.

Each ticket in Connecticut's weekly lottery will cost 80 cents and can lead to a top quarter-year prize as large as \$100,000.

In the first drawing on Feb. 24, however, only \$5,000-prize winners will be selected. There will be one such winner for each of 100,000 tickets sold and prizes will be about five times that amount for first, second, and third winners.

The state government has approved overhauling its lottery because he recently won \$1 million in the New York State lottery. He makes weekly trips to New York City to buy a chance and will share his winnings with a son from Bristol whose name he added to the winning ticket.

Connecticut's lottery which was approved overwhelmingly along with horse-race betting, has as its emblem a tree with dollar-sign leaves. The "money tree" is shaped like the state's historic Charter Oak, which was used in 1787 as a hiding place for the Connecticut colony's money tree will bear fruit primarily for lottery players during the first four months, at least. After that its success and can lead to a top quarter-year prize as large as \$100,000.

School Board Will Provide  
Speech Therapist Services**

The Board of Education has agreed to meet its responsibility for providing the services of a speech therapist at least on a part-time basis.

Dr. Kenneth MacKenzie, superintendent of schools, will hire a therapist to work two mornings a week to evaluate children in need of the special help. Training will be provided on a limited basis to those most in need of therapy.

To finance the service the school board approved a transfer of \$1,000 from the special education account.

The board's action came one week after a group of parents protested the lack of a speech therapist's services in the local schools and cited state regulations which require the Board of Education to make these provisions.

The expense of providing a

speech therapist are two-thirds reimbursable by the state, but first the school board must carry the funds to pay for the services in its budgets.

The Board of Education had requested a speech therapist in its last two budgets only to have the item deleted after severe budget cuts.

The parents meeting with the board two weeks ago complained of delays experienced in waiting for evaluation of their children's speech problems.

The children were placed on a waiting list at the University of Connecticut's speech and hearing clinic. The children remain on the list for four years without being called for evaluation.

The problems of a child needing speech or hearing therapy become worse as delays are experienced, the parents contend. Valuable time is lost during

which the problems could be corrected more easily and with less expense.

According to Mrs. June Barrows, one of the parents who approached the board, many local children have already been identified by classroom teachers and school nurses as needing speech therapy. Before this help can be given a formal evaluation is needed.

She claimed 14 children at Meadowbrook have been identified as having been 18 children at Hicks. Both the middle and high schools also have children with speech problems although actual statistics were unavailable.

According to Dr. MacKenzie, the Board of Education shall provide services of a speech and hearing clinician for at least two thirty minute periods per week, except when the clinician recommends otherwise.

The ruling is mandatory, Dr. MacKenzie told the board. "There is no provision for a contrary opinion."

He further explained that the board has for many years recommended that a speech and hearing therapist be hired when the car in which he was a passenger crashed on a city street, police said.

Andover Most Town Officials Say Their Pay Is Adequate

Most of Andover's town officials are not in line with those in the business world, but because these are positions of public service, they say the salaries are "adequate."

At a salary review hearing last week conducted by the Board of Finance, officials expressed that viewpoint, while describing their jobs and what they felt should be adequate compensation for their duties.

Richard J. Post, first selectman, said he had started keeping a daily journal of the time spent in official duties. He said his office is responsible for the town's police, fire, and public works departments.

Board Schedules Two Meetings For Tomorrow

The Manchester Board of Directors will meet twice tomorrow night at two different locations. Its first meeting will be in the Municipal Building Hearing Room at 7:15, to consider allocating \$41,000 from the Sewer Reserve Fund for installing sanitary sewers in a stretch of Greenwood Dr. Then at 8 p.m. in the Washington School, 94 Cedar St., it will conduct a public hearing on the quality of water on the west side of town.

Town Manager Robert Weiss requested the special meeting on the sewer work because the low bidder for the project, Davoren and Connelly of Hartford, will hold its bid for only 30 days. The Hartford company bid \$34,462 for the work, which bids were opened Jan. 20. The proposed contract would bring to \$60,236 the amount worked for the project.

### Tolland Booster Club Organized To Back School Activities

Concern over the plight of the Girl Scout Choir are invited to town's extracurricular activity attend rehearsals at the United Program for students has led to Congregational Church Wednesday formation of the Tolland day night from 7 until 7:30. Out-Booster Club.

The newly organized group plans to become a lobbying force to support athletic, music and dramatic activities in all of the local schools, according to Richard Dreese, spokesman for the club.

Even as the group was holding an organizational meeting Wednesday night, the Board of Education was pondering whether to eliminate all spring athletic events at the high school due to an anticipated \$6,000 deficit in the athletic department budget.

A large turnout at the boosters' session resulted in the naming of a 12-member Board of Directors which will be responsible for setting up the organization. An open meeting will be held at 7:30 in the Town Hall for the exchange of ideas regarding the boosters' objectives. All interested residents are urged to attend.

"The Boards of Education and Finance have been reluctant to give money for extracurricular activities," Dreese explained. "We believe these activities encourage students to make extra effort."

"There are many of us who have had experience with booster clubs elsewhere and who recognized the need for such an organization here. We can be a strong force for better things for the kids," Dreese added.

The boosters will sponsor the Awards Banquet in May, during which awards will be presented not only for athletics but for music and drama as well.

They are looking toward support for a diversified extracurricular activities program.

Plans are under way for a dance and for a booster bus to travel to Tolland tournament basketball games. Other fund raising possibilities are also being investigated.

### Jarvis Appeals Gas Station Zone

The Manchester Planning and Zoning Commission (PZC) has been named defendant in another court appeal—this time the recently adopted Business 5 zoning regulation.

The Business 5 zone, which goes into effect tomorrow, is an inherent evil, Jarvis is seeking a temporary injunction to keep the Business 5 zone from going into effect, a permanent injunction, and a court decision against the PZC.

Under present regulations, a developer and subdivider owning property in Manchester is taking the PZC to the town Zoning Board of Appeals for a special exception. With the new regulations, the developer would first have to obtain rezoning in Business 5 town charter, state appeal, and by the PZC, and then still would have to get a special exception from the appeals board.

A clause was included in the new regulations whereby gas stations existing in other business zones will be considered permitted and conforming uses.

An existing gas station could therefore be rebuilt if it burned down or was destroyed for some other reason.

The PZC set a guideline for Business 5 zones which would allow gas stations only where they would service travelers on restricted access highways such as the recently opened Interstate 84. "Such a district is located to be distinct from local neighborhood business districts," the guideline states.

At the end of this week two high schools and one community college will have completed their 1971-72 basketball campaigns, all on losing notes. Cheney Tech concludes its campaign with a disastrous record. Presently the Beavers sport a 3-14 record.

Cheney, Rockville, Bolton High and Khan High are the schools that won't be meeting any post-season play. As the season is nearing an end, six games of tomorrow night's slate, Conrad High, 6-8 in the O.C.H.L. travels to Manchester at the Eagles' Nest.

Manchester High has finished playing Bolton High, 2-14, on the latter's court and East Hampton Village, 1-1, at Bolton. In order to qualify for post-season competition a team must win 25 per cent of its overall record.

After dropping three in a row, Manchester High has rallied and now is riding a two-game winning streak. However, the team will be playing only two of their four opponents recorded previous wins, Maloney and Central. Central, Maloney and Wetherfield High, the two remaining foes, have both improved greatly since their previous meetings with Manchester.

Manchester may have developed a new point-guard in Rich Haberman. It has almost become a habit for the team to rely on the scoring abilities of Haberman and the lesser Dan Gillier scored 18. St. Margaret Mary topped St. Paul's 67-58. Marty Harty contributed a game high of 20 tallies for the winners. Don Letourie added 11 in defeat.

The final attraction saw St. Rose roll past St. Mary's, 81-42. Jeff Tomlinson led the way as he scored a game high of 21 points while Rich Eady sank 14 points for the losers.

# Strictly Story Book Finish Marks 11th Winter Olympics

SAPPORO, Japan (AP)—The 11th Winter Olympic Games now belong to history and the record books followed a finish that was strictly story book.

The 30 days of competition ended Sunday with the United States ice hockey team, which almost didn't qualify for medal competition, winning a silver medal and a Spanish skier winning a gold medal.

Phil Esposito, the NHL scoring leader who had a goal and two assists in a 5-1 victory over the Bruins Saturday, helped set up the Bruins before a packed crowd of 14,000 in a nationally seen pay-per-view game at the Garden.

The Canadiens, listed 6-5 in the early season, won their first game at the Garden, 3-2, on Feb. 11. "The way we beat them the last time, we were just one of those things. We even had an opponent who is tight as a drum," Boston Coach Tom Johnson said.

The Canadiens were out of the playoffs in the 1970 season, a former Montreal star, Guy Lapointe, scored the first NHL goal in the 1970 season, and deserved to win. He played Bruins led the count on Wayne 4-0. Boston goalie Gerry Cheevers was the MVP, and won the Conn-Smythe trophy as the league's top defenseman.

## Wrong Noted in Amateur Hockey Canada and U.S. Out of World Play

SAPPORO, Japan (AP)—Something has gone wrong with the World amateur ice hockey tournament.

The United States, silver medalist in the 11th Winter Olympics, was not even invited to the World Championships in Prague, Czechoslovakia, which is scheduled for next month.

The U.S. team was assured of at least a bronze medal when the IOC announced that the U.S. team would be invited to the World Championships in Prague, Czechoslovakia, which is scheduled for next month.

AND AWAY WE GO!—Fourteen men from the 14 teams in the men's cross-country relay were caught as they started Olympic event Sunday morning in Japan.

SAPPORO, Japan (AP)—The men's cross-country relay was a dramatic race, with the United States team taking the lead early in the race.

## Sabres Spread Pain, Martin Ties Record

NEW YORK (AP)—Despite a record-tying 38th goal, rookie Rick Martin of the Buffalo Sabres wasn't feeling too hot at the end of Sunday night's 4-4 deadlock with Philadelphia.

The Sabres' victory over the Flyers was their second consecutive win, and it helped them move up in the standings.

Here's Why You Need This TAX-FREE EXTRA CASH Plan in Addition to Ordinary Hospitalization

Government statistics indicate your present coverage may be inadequate to meet today's rising costs. That's why you can't afford to be without this low-cost, high-benefit Tax-Free Extra Cash Plan.

PAYS YOU CASH... \$1000.00 a month tax-free cash! ...to a maximum of \$60,000.00 for hospital stay lasting 60 months! ...Money mailed direct to you - not to the doctor or hospital! ...in addition to hospitalization and medical expenses (no compensation)! ...PAYS YOU CASH... PAYS YOU CASH... PAYS YOU CASH...

15 Important Questions Answered

That tell you how Union Fidelity's \$1000.00-a-month Tax-Free Cash Plan gives you the protection you need—at amazingly low cost!

- 1. How much will this policy pay me when I go to the hospital? You will be paid at the rate of \$1000.00 a month (\$33.34 per day). Under the Individual Plan, you will receive \$1000.00 a month for yourself. Under the Husband-Wife Plan or All-Family Plan, you will also receive cash when covered family members go to the hospital: \$1000.00 a month for you, \$750.00 a month for your wife, and \$500.00 a month for each child. Maternity benefits for your wife are \$750.00 a month.
2. When do my cash benefits start? Benefits start from the day you enter the hospital for accident and immediately after the 3rd day for hospitalization as a result of sickness. What's more, you'll continue receiving Tax-Free Extra Cash for as long as 60 full months - as much as \$60,000.00.
3. When does this policy become effective? It will go into force on the very same day we receive your payment for the first month's coverage.
4. Why do I need your Extra Cash Plan in addition to my other insurance? Chances are your present hospital insurance won't cover all your hospital and medical expenses. Even if it did, you will still need extra cash to cover all your household expenses.
5. How may I use my Tax-Free Extra Cash? Spend it any way you wish—for hospital and doctor bills, rent, food, household expenses or anything else. You alone decide how to use the money.
6. What other advantages are there of joining this Plan now? By joining now you do not need to complete a complicated application - just the brief form in the lower right-hand corner of this page. Also, during this offer, there are no other qualifications - no "waivers" or restrictive endorsements can be put on your policy.
7. Will I be paid if I am in the hospital for less than a full month? Of course you will. You will receive cash at the rate of \$33.34 per day from the first day of accident and after the third day for sickness.
8. Do I need a medical examination or a statement from my doctor? Definitely not. Just fill in the Application Form and send it off today.
9. Can you drop me? No. Your policy is Guaranteed Renewable to 65, when Medicare takes over. We will not cancel or refuse to renew your policy as long as you make your premium payments on time. You, of course, can drop your policy on any renewal date.
10. Can you raise my rates? You cannot be singled out for a rate increase. Your rates can only change if there is a general rate adjustment-up or down on all policies of this type in your state. Covered members, when they reach age 19, may obtain their own policy, regardless of their health, at the rate then in effect for their age group. What's more, they receive full credits for continuous coverage.
11. Now tell me - what's the catch? What doesn't my plan cover? There is no "catch." As stated in this advertisement, your plan covers you for everything except certain minimum necessary exclusions. In fact, even conditions you already have will be covered after your policy has been in force for only two years, if you're under 63. Policyholders who are 63 are covered for pre-existing conditions when their policy is just one year old.
12. Can other members of my family take advantage of this special offer? Your whole family is welcome to join. Just add their names to the Application Form when you send it in.
13. How can you offer all this protection for such low cost? Because by enrolling a large number of people at the same time our underwriting, processing and policy issue costs are spread over a minimum. These savings, of course, are passed on to you.
14. How does the 30-Day Guarantee work? Examine your policy carefully in the privacy of your home. If for any reason you are not completely satisfied, return it within 30 days. Meanwhile, you will be protected while making your decision.
15. How do I join? Fill in the brief Application Form (the sure to sign your name) and mail it with your payment to Union Fidelity Life Insurance Company, Philadelphia, Pa. 19102, Locust Street, Philadelphia, Pa. 19102.

You get cash in addition to any other insurance!

Better Safe Than Sorry

The tremendous jump in hospital costs has forced millions who already have hospitalization to dig into savings or go into debt. In fact, very few people have enough savings or income to cover the TOTAL cost of being sick or injured. How long could you stay in the hospital without worrying about the pile-up of daily expenses? Who will pay for the expenses of costly X-rays, doctor bills, drugs and medicines? And how about the expenses at home - rent, food, telephone and others that just go on and on? With expenses like these, could you avoid having your savings wiped out and your family life upset? Wouldn't it be comforting to know these problems would be solved by your Tax-Free Extra Cash Plan - the plan that gives you \$1000.00 a month - IN CASH - tax-free.
