Suggests 52-Mill Tax Rate

By GLENN GAMBER (Herald Reporter)

Town Manager Robert Weiss is recommending to the Board of Directors a \$17,194,838 General Fund Budget and a 52-mill tax rate for the 1972-73 fiscal year, up \$854,077 and 3.34 mills from the budget and tax rate approved by the

directors last May. For the Fire District Special Fund, he is recommending a \$1,161,977 budget and a 5.25 tax rate, up \$94,637 and .19 mills from last year's approved budg-

The recommended General Fund Budget is up about 5.5 per cent from last year's approved budget while the fire fund budget is up roughly 10

The current General Fund tax rate is \$48.66 mills. The present Fire District tax rate is 5.00 mills.

Each mill is the equivalent of \$1 in taxes for every \$1,000 in property assessment.

To a property owner, whose house is worth \$24,000 and therefore assessed at about \$16,-000, Weiss's proposed tax rate would mean \$56.48 more in town taxes if he lives in the Town Fire District or \$53.44 more if he lives in the Eighth Utilities District. The district levies its own fire tax of 1.25

A public hearing on Weiss's budget is scheduled for Monday at 8 p.m. in the Waddell School auditorium on Broad St.

Following the public hearing the Board of Directors will have until May 6 to adopt a budget and set the tax rates. If they fail to do so by that time, Weiss's budgets and tax rates become legal.

business community and shopping center, its new apartments, its expanded school, its new Norman style office building, the beginning of landscaping in One crucial task - relatively minor -remains to be accomplished

It is to face the Community Y building toward its new North Main St.

This will have to involve a change in landscaping, the paving of new approaches, and some structural adaptations for the building itself.

By the terms of the agreement between the Board of Trustees of the Community Y and town officials when North End Redevelopment was being launched, the responsibility for making these changes belongs to the town.

There was no other way in which the Trustees could justify their cooperation with North End Redevelopment, which the institution's property, the right of way the town needed in order to build the new North Main St.

At present, with every other phase of

Civilization's Debt To Ireland

To remember, from the history books, that there was a period, between the decline of the Roman Empire and the rise of the European nation-states, when it was in Ireland that the lamp of learning and culture was kept lighted while the rest of the western world slipped into brutality and darkness - to remember this from the past is to realize that it is about time to repay that debt by having the civilization that has survived turn about and help lift medieval-style

Richmond fire authorities say they have discovered a new type of fire hazard, the massive Afro hairdo.

Firemen said an unidentified woman was sitting in an automobile Sunday in the city's East End when she struck a match to light a cigarette.

The match set her hair aftre, firemen reported, and in turn the headliner of the car was set ablaze.

The woman escaped without injury. The fire caused an esti-

DR. LAWRENCE E. LAMB Viruses Cause Them

Penicillin Won't Cure Colds

By Lawrence Lamb, M.D.

Dear Dr. Lamb — Why do doctors insist on treating a bad cold with so-called synthetic drugs when penicillin seems to work better and faster providing the patient is not allergic to it. The last cold I had the doctor prescribed synthetics. During the four days I was on the drug I ran a fever of 100 degrees, coughing and chest congestion. They finally gave me penicillin and the fever broke the evening after I

began taking it.

Dear Reader — Colds and respirated into that category are caused by viruses. A virus is a link between the things that are purely chemical and living matter. It can only reproduce itself while inside a living cell. This is

Election Laws League Topic The Andover League of Wom-en Voters will meet tonight at

the home of Mrs. Margaret Vinkels of Hebron Rd. to hear a member of the state league's election laws committee speak on the election laws. The league statewide is in the niddle of a two-year study concerning the election laws, following 10 years of research and progress which were also proded by an intensive two-year study in 1961-1963. Many changes have been made regarding the election laws in that period and the league continues to work for still more changes.

Conight's meeting begins at 8 and guest speaker is expected be Mrs. Ruth Ostfeld, cochairman of the state election laws committee of the league, or a member of her staff. Voter Campaign At the March meeting of the league, members of the board

iscussed a possible campaign to enlist the 18-year-old voter at Rham High School. Mrs. Nancy Breadheft, Andover league's voter service tact the Marlborough league to plan a program geared to the youngsters in an effort to have the 18-year-olds go and register

Local Action Mrs. Mary Keenan, action chairman of the league, said a letter has been sent to Sen. Lowell Weicker asking his sup-port of the Ribicoff amendments to the welfare bill. Letters have also been sent to other area legislators asking for support of Welfare Bill 5194, which would stop cuts in benefits for families on AFDC (Aid to Families with Dependent Children). The league's position is that children should not be nalized because of the state's

usterity program or welfare epartment budget cuts. Mrs. Keenan said that a leter sent to Gov. Thomas Meskill asking his support for air quality standards brought an answer affirming his support in

Equal Rights letter was read from the LWV of Beverly Hills, Calif., equal rights for women and the possible inclusion of this item under the local league's human resources studies. The California league asked that a letter be sent to the Na tional League supporting this position. Police Chief Plans Group For Advice

Chief of Police Robert Kiellquist has announced his intention to form a citizen's advisory committee very soon. The committee would meet regularly with Kjellquist, with one of the purposes to be discussion of ways to improve law enforcement in general.

Kjeliquist made the first public announcement of his intention at a police-community relations forum, recently. He had given a more extensive description of the committee to local reporters at a press con-

Describing the committee as a "good sounding board" to de-termine community attitudes toward the local department, Kjellquist said he will appoint the committee members himself from a cross section of the community. He hoped, he said, that membership would include teens, representatives from all walks of community life includand perhaps some police officers as well.

The committee, to consist of nine to 12 members, would act strictly in an advisory capacity and not be binding on Kjellquist. Meetings would be open to the press and to the public, he said. press Kjellquist said he has been studying the idea for sev-eral months, and is interested in hearing from as many residents as possible regarding their willingness to serve or the committee.

Anyone interested in serving the committee is asked to noify Kjellquist in writing. Kjellquist's announcement a a forum last week brought an angry retort from resident Daniel Manley, who said "We will appoint the committee mempers" since "we are your em ployer and you are our em-

ommittees was part of the ity" that ran through the dis-cussion by five panelists at the forum this week. In addition to Kjellquist, the panelists in-cluded Willimantic Police Chief John Hussey; Cleveland Fuessenich, Commissioner of State Police; Charlotte Kitoski of Hartford, representing the Citi-zens for Improved Law Enforcement; and Attorney Weinstein of Bridgeport, who has handled cases for are one of the best means of

reasons of placement of shot-guns in police cruisers; in a answer to query from Manley. The local chief said he re garded the gun as nothing more than "a policeman's tool, like he fireman's ax or hose." The shotguns are currently locked into an electronic device on the cruiser's dashboard, the solution for storage of the weapons, Kjellquist said, after con-siderable study of the matter. He said that the large rural areas of Coventry were a prime consideration in this decision, since there are only two cruisers, and if an emergency arose, there is a good chance there would be no back-up vehicle available. The cruisers are not garaged, and storage in the tank is not considered practical by Kjellquist, since trunks often freeze in winter. Until recently, the shotguns were lying loose in the car, either on the back or front seat, and Kjellquist said he did not consider this practical. The weapons are locked into

the device electronically, s there is no danger of them be-ing seized by someone else, he

Both Fuessenich and Hussey esponded to the same question noting that weapons are stord in the trunk of the cruiser by Willimantic police and the State

our pitchers suffered," he said. The Phils wound up fifth, and last, in the NL's Eastern Division. Lucchesi is looking for improvement in the infield, thanks to experience, especially from Larry Bowa, Danny Doyle and Don Money, all youngsters. Bowa was charged with but 11 errors at short stop in 843 chances to tie a major league record for the fewest misplays by a shortstop. Minnesota's Leo Cardenas set the mark in 1972.

The club could be short of power-hit ting, too, with only Deron Johnson and Willie Montanez as home run threats. "DIET" - everyone in on a diet. . . . However, it's not a magic word and it doesn't always prove miraculous either. Recent research cates that many over-weight people may be that way simply because they ate too much as children. . . . Now that they have reached maturity, it may be too late to control your weight.
... An adult who has been significantly over-weight since childhood can keep his weight down only by incessant self-denial. . . It is a frustrating, never-end-ing battle and the chron-ic failure to stay on a diet may be even more psychologically damaging than the overweight is physically damaging.
.. Think seriously before taking on any strenuous dieting — unless directed to do so by a physician — and perhaps you'll consider "fat is beautiful" . . .
