By JOHN A. JOHNSTON  
(Herald Reporter)

Miss Laurie Lee Osgood, 18-year-old daughter of Mr. and Mrs. Benton Osgood of Vernon, was named Miss Manchester 1972 Saturday night at the fourth annual Miss Manchester Scholarship Pageant, sponsored by the Manchester Jaycees, in Bailey Auditorium of Manchester High School.

She also received the Miss Congeniality Award, voted by the 13 contestants.

Miss Osgood was crowned by Miss Manchester 1971, Miss Kathleen Bombard of South Windsor. Miss Priscilla Anne Doyle of Rockville, Miss Connecticut 1971, presented Miss Osgood with her sash and cape. Mayor John Thompson gave Miss Manchester a bouquet of roses.

## Skyjack By Chute Thwarted

SALT LAKE CITY, Utah (AP) — The FBI informed a U.S. magistrate today that it had found \$400,000, a parachute and a pistol on the "premises" of a man charged with a \$500,000 extortion-parachute hijack of a jetliner Friday night.

The Utah man is one of two persons under arrest in separate hijack-extortion-parachute schemes occurring in the Western United States two days apart.

The money, parachute and gun were on a list the FBI turned over to Magistrate A. M. Ferro in Salt Lake City as evidence from search warrants. It was identified as taken from "the premises of Richard Floyd McCoy Jr."

FBI agents spent most of Sunday searching in and around the Ferro home of McCoy, and were observed to take out a large cardboard box and two black suitcases. But the FBI had declined comment on whether the money was recovered.

McCoy, 29, a Vietnam veteran and amateur skydiver, was arrested at the house without incident early Sunday. He was

charged with air piracy in the hijack of United Air Lines jet Friday over Colorado.

In the second hijack attempt, a man identified as Stanley Elmer Speck, 31, of San Francisco, was captured less than an hour after a Pacific Southwest Airlines Boeing 727 was ordered by a would-be hijacker to set down at Lindbergh Field in San Diego, Calif. The hijacker made ransom and parachute demands similar to those used two days earlier in the case in which McCoy was charged.

Speck was nabbed by federal agents as he stepped off the plane, and authorities said he was found to be unarmed. He was booked for investigation of air piracy and interfering with a flight crew.

Sunday's attempted hijacking was the eighth involving parachutes in just under five months. The only parachute skyjacking in which there have been no arrests was one involving a man known as D.H. Cooper, still sought after being out over Eastern Washington with \$200,000 he got from Northwest Airlines.

## Thousands Killed In Iran Quake

TEHRAN, Iran (AP) — A devastating earthquake rocked southern Iran early today. Government officials said they could not estimate the number killed yet, but unofficial reports said between 2,000 and 4,000 died.

"This is one of the biggest earthquakes ever to hit Iran," a spokesman for the Tehran University Geophysics Institute said. He reported it registered a 7 on the Richter scale.

A previous earthquake with a magnitude of 7 killed more than 10,000 persons in Eastern Iran.

Gov. Manuchehr Piroos of Fars Province was reported to have flown to the disaster area.

The Geophysics Institute said the quake occurred at 5:38 a.m. — 9:08 p.m. EST

Sunday — when residents of the area 500 miles south of Tehran were still asleep in their mud-brick villages.

Officials in Shiraz and Tehran launched relief measures for the stricken region. Helicopters loaded with medical supplies, blankets and food took off, and convoys of trucks loaded with relief supplies began moving toward the region.

The epicenter of the quake was in the area of the villages of Qeer and Kazerun. The population of the immediate area is estimated at 20,000.

Iran's last catastrophic quake was the one in the eastern part of the country in 1962. Another in 1962 killed more than 15,000 persons around Qazvin, northwest of Tehran.

## First Times in Four Years B52s Pound North

SAIGON (AP) — U.S. B52 "huge wave" of U.S. planes began attacking Vinh about 3 a.m. and claimed North Vietnam today for the first time in more than four years and hit targets around the big coastal city of Vinh, 145 miles northwest of the demilitarized zone. It was the deepest penetration of North Vietnam ever made by America's biggest warplanes.

Meanwhile, South Vietnam's commander on the northern front said his forces had crushed the spearhead of the 12-day-old Communist offensive across the DMZ and turned the tide of battle.

But there was no letup in the enemy attack north of Saigon and the South Vietnamese command ordered another 20,000 troops into the battle for An Loc, 80 miles north of the Capital.

Official sources said the use of the eight-jet B52s over North Vietnam for the first time since Nov. 27, 1967, was a show of force by President Nixon.

The U.S. Command gave no details of the B52 operations, saying in a communique: "In response to the Communist invasion of South Vietnam through the demilitarized zone, U.S. air and naval operations continue south of, in and north of the DMZ. These operations include naval gunfire, tactical aircraft and B52s throughout the battlefield area."

The command said it now considers North Vietnam part of the battlefield area.

Other official sources said that because overcast skies for the third day curtailed raids by the smaller fighter-bombers over the North, the high-altitude B52s which fly above the weather and bomb by radar were sent to hit rear bases at Vinh and supply routes leading south along Highway 1 to the DMZ.

When the B52s last flew over North Vietnam in 1966-67, their deepest penetration was the Mu Gia pass region, on the western border about 70 miles above the DMZ.

Radio Hanoi reported that a

and artillery in the southern half of the DMZ and below it, and enemy shore batteries hit two of the destroyers, the John R. Craig and the Rowan. A Navy spokesman said there were no casualties, but the Craig sustained hull and equipment damage while the Rowan took light shrapnel hits.

Observers reported that the nine cruisers and destroyers knocked out three artillery batteries and set off eight secondary explosions and two fires.

Lt. Gen. Hoang Xuan Lam, commander of South Vietnamese forces on the northern front, said the North Vietnamese had made "an all out attack and we stopped them."

## Russia Chastised At Pact Signing

WASHINGTON (AP) — President Nixon took the opportunity of a biological weapons treaty signing ceremony today to chastise the Soviet Union for its role in the Vietnam war.

With Soviet Ambassador Anatoly Dobrynin sitting nearby, Nixon said the world's major nations have a "particular responsibility... not to encourage other nations to use force."

Nixon did not specifically mention the Vietnam war, but it was clear that he was criticizing Moscow's support of the current North Vietnamese offensive in South Vietnam.

Dobrynin, who signed the treaty for his country, was much more general in his statements.

Speaking of the importance of the treaty, which was signed by 74 nations at a ceremony at the State Department today, he said the new agreement has created a momentum toward general disarmament.

"It is our duty to make good between the two countries."

## Apollo Countdown Begins, Aimed at Sunday Launch

CAPE KENNEDY, Fla. (AP) — The launch team fed electrical power to a Saturn 5 rocket today to start the lengthy countdown for Apollo 16, man's fifth expedition to the surface of the moon.

The countdown clock began ticking at 8:30 a.m., aiming for a liftoff of the giant rocket at 12:24 p.m. Sunday.

The clock read 104 hours, 30 minutes as it started. It will be halted at several planned points to provide launch crew rest periods and catchup time for any item that might fall behind schedule.

Key events in the countdown include activating batteries, loading the spacecraft's power-producing fuel cells and pumping more than one million gal-

lons of fuel into the rocket's huge tanks.

Astronauts John V. Young, a veteran of four space trips; Charles M. Duke Jr. and Thomas K. Mattingly II planned to spend most of today in space-

the crater Descartes, just southeast of the center of the moon's visible face.

The explorers are to spend a record 73 hours on the surface. During three seven-hour surface excursions they'll drive a moon car to a variety of geological features, seeking clues to the origin of the moon.

A major goal will be a search for evidence that volcanoes once erupted on the moon. Photographic and geochemical evidence indicates that two distinct volcanic events occurred in the Descartes area.

While orbiting alone, Mattingly will conduct extensive photographic and scientific experiments.

The touchdown point is near

Edward W. Slade, DeMolay executive officer for the state and honorary parade marshal, headed the DeMolay groups. They included Carl Elk of East Haven, state master counselor; Brian McAuley of Manchester, state senior counselor; John DiCiccio of Manchester, state parade marshal; Dad Rocco J. Francoline Sr. of Manchester, who is chapter "dad" for John Mather Chapter, the host for the celebration, and who also is the district deputy.

The parade marked 90 years of DeMolay in Connecticut. It was rained out on Sunday, March 12, which was DeMolay Sunday and the beginning of DeMolay Week. Events during that week included two breakfasts, attending church, chapter rodeos, ceremonies, exchanged visitations with other chapters, visits to the two Masonic lodges of Manchester, and the initiation of the Grand Master's DeMolay Class in Manchester, with John Mather chapter doing the ritual work. It had been judged best in the state.

The parade brought an end to 90 years of Young Men on the Go.

## DeMolay on Parade

The Order of DeMolay in the State of Connecticut has been successfully launched on its second 90 years.

Cooperation from the weatherman, the Shriner, and other Masonic-affiliated bodies, town civic and service groups, town and state leaders, and an interested streetline crowd put it all together yesterday afternoon, and the 90th anniversary parade is now history.

It was a blustery, March-type day, but a crowd estimated at some 6,000 watched as the parade wound its way from the Bennett Junior High School complex at lower Main St. to the Center of town, disbanding in the Municipal Building parking lot.

Most of the 90 DeMolay chapters in the state were represented, some by marching units and others by floats. One of the floats depicted a scene of the inquisition of Jacques DeMolay the French martyr for whom the order is named. On other floats were Rainbow Girl Sweethearts of DeMolay chapters.

DeMolay chapters are sponsored by the Masons, and the Masonic Order was well represented in the anniversary par-

ade. There was the immediate past Grand Master of Masons in Connecticut, Merle P. Tapley of South Windsor who completed his term last Thursday. Both Masonic lodges of Manchester were there, wearing their Masonic aprons and lead by their respective worshipful masters, Robert Ferguson of Manchester Lodge and Wilbur Chadwick of Friendship Lodge.

Then there were the colorful units of Shriner, all from Sphinx Temple of Hartford and led by their illustrious Pastmaster George W. Palmer of Wetherfield and his divan suite. The Shriner groups that furnished the parade music were the Sphinx Temple Band, Drum Corps and Pipe Band.

Other Shriner units were Omar Shrine Club color guard, Arab Patrol, Directors, Temple Guard, Chanters, Funerals, Circus Associates, and the motorized units of Motor Patrol and Cycle Unit.

Mayor John Thompson rode, as did State Sen. David Odgers and former state senator and now Town Counsel David Barry.

shall have "original jurisdiction" but that "in all the other cases before mentioned, the Supreme Court shall have appellate jurisdiction, both as to law and fact, with such exceptions, and under such regulations as the Congress shall make."

What this means that Chief Justice Burger, when he seemed to be threatening that Congress might act if the courts kept on returning verdicts with which Congress (and incidentally the Chief Justice himself) disagreed, knew, as any obscure Connecticut editorialist might have considered possible, his Constitution.

Plato The Winner? We are so used to believing in the infamy of our possible knowledge—to admit one can never know it all in a handy excuse for laziness along the way—that it comes as something of a shock to find an expert proclaiming his belief that we are indeed near the end of useful exploration in the field of his particular proficiency.

Dr. Werner Heisenberg of Munich, Germany, is a physicist, a Nobel Prize winner, who is credited with being one of the main architects of modern physics. And it is as such a pioneer that he now holds the belief that man has gone about as far as he is going to be able to do cracking things down, through his big atom smashers, to smaller and smaller units.

Experiments which try to go beyond the results already achieved may yet be contended, he unreliable because of the very process of measurement will inevitably be altering the very things it is trying to measure. In fact, says he, no longer split things down to component parts; what we do when we try to divide particles is to create new particles.

This kind of experience introduces us to the principle which may yet prove to be all—the "uncertainty principle," which says there is a necessary and inevitable limit to our scientific explorations. Anyone so bold as to advise against the efforts of science to build giant atom smashers to discover still smaller particles of matter also has courage enough to try to render a judgment on the basic controversy man has been waging ever since he began to think.

One side of the controversy offers us Plato, who believed that it is the "idea" of something which is the "reality" and that the particles of matter we observe and discover and study are merely "representations" of that abstract "idea" which is the "reality."

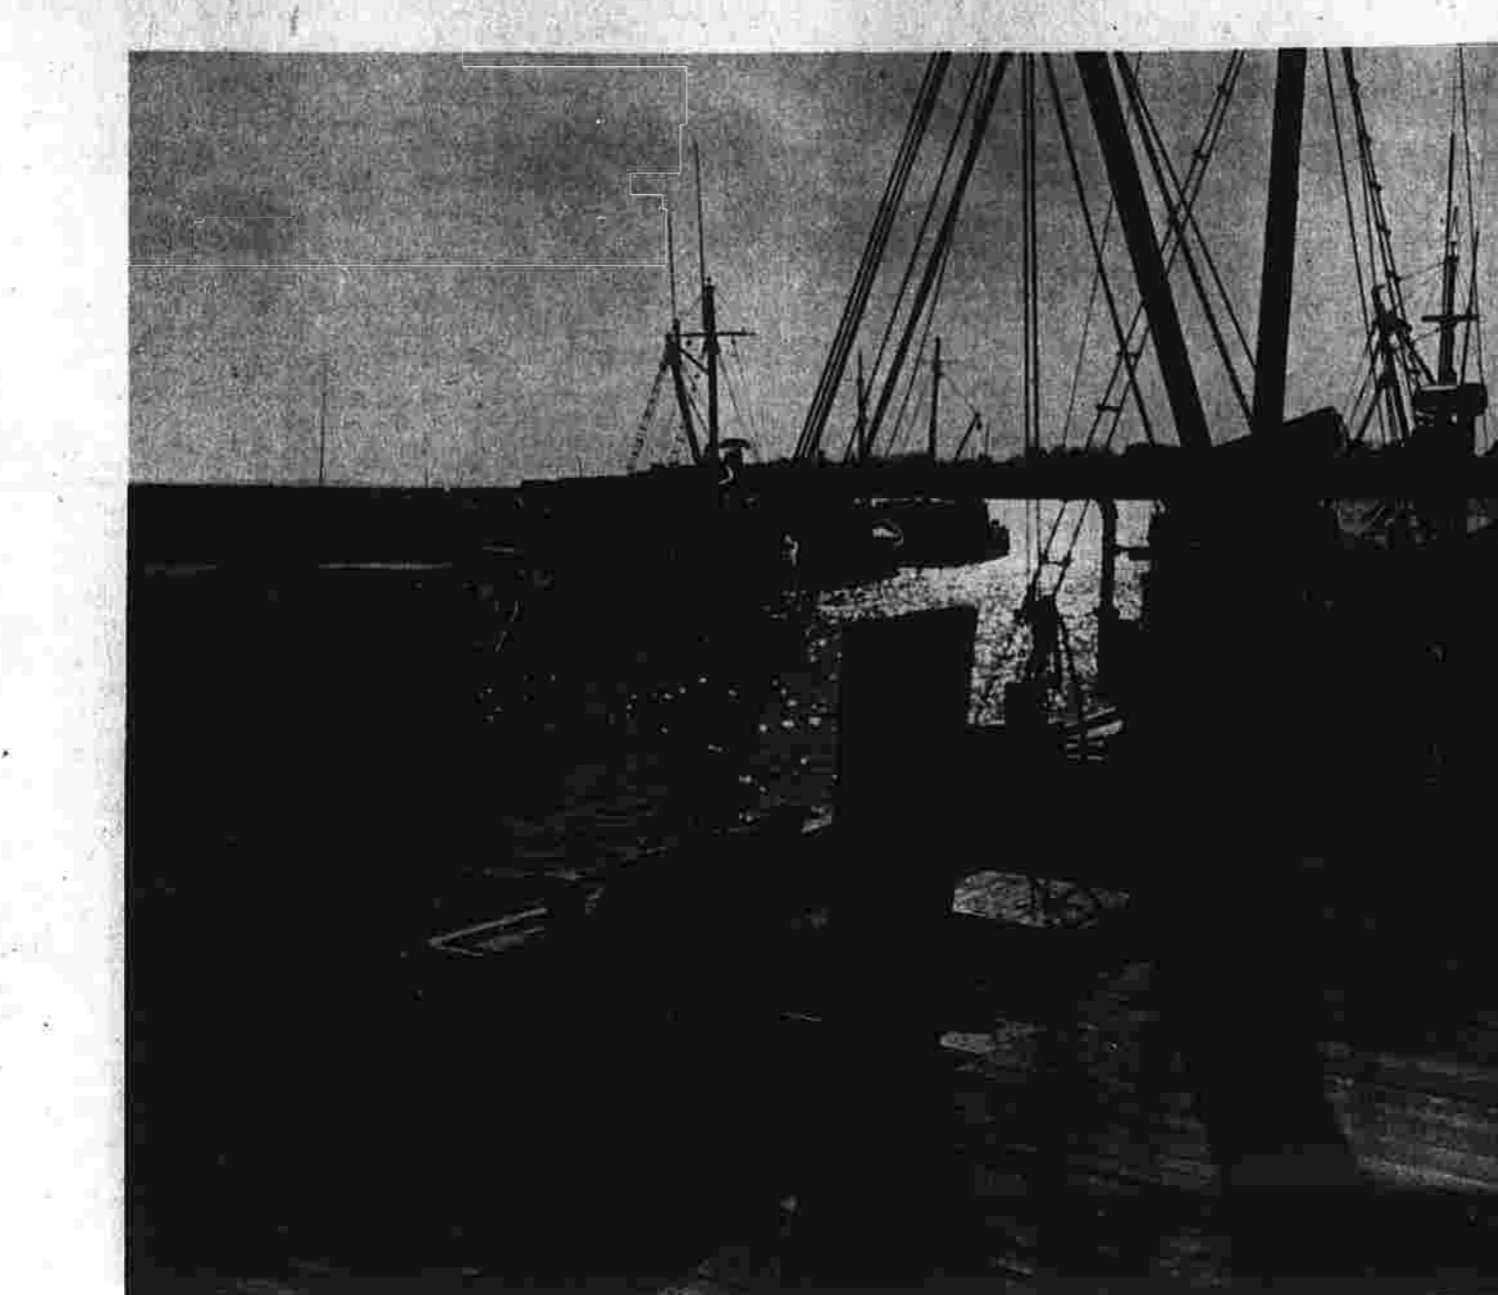

The other side of the controversy offers us Democritus, who said that all the swirling particles of physics are the basic reality, and that all that happens in the universe is the result of their chance interactions. Dr. Heisenberg has no hesitancy in proclaiming Plato the winner. The joy of having a decision rendered after all these centuries is so great we have no instinct at all really to understand it. Let it be, for a day or two, a world in which we have reached the smallest particle, and a world in which Plato is right.

High-Flown Rhetoric The rhetoric being employed by the New Haven Federation of Teachers is hardly designed to permit progress in the current exchange of contract offers and counter-offers by the Board of Education.

It is pure hyperbole to hold that the school board's proposals "will spell ruin for the livelihood of over 1,600 living men."

It is unashamed and irrelevant gall to refer to the contract the school board has tendered as a "mockery" in the situation, as the Federation has charged, if it is in its own lack of responsiveness to the fiscal concerns of the City and to the concerns of the taxpayer-payers who worries about the value of the education dollar.

The teacher union movement of the 60s, which introduced the teacher strike as a common and frequently-used weapon despite all laws against it, turned the tide heavily in favor of those in the profession in terms of salaries, working conditions and fringe benefits.

## Moscow's Vietnam Game

By Rowland Evans Jr. and Robert D. Novak

WASHINGTON — Operating on admittedly incomplete facts, President Nixon's top advisers privately refuse to hold the Soviet Union responsible for the timing of Hanoi's latest move in South Vietnam, although the bare possibility that the Kremlin is deliberately undermining Mr. Nixon's trip to Moscow is getting some advisers a bad case of jitters.

In fact, there is more inner doubt about Moscow's role in the massive attacks against South Vietnam within the President's high command than at any time since Mr. Nixon launched his policy of détente with the Russians.

Dr. Heisenberg has no hesitancy in proclaiming Plato the winner. The joy of having a decision rendered after all these centuries is so great we have no instinct at all really to understand it. Let it be, for a day or two, a world in which we have reached the smallest particle, and a world in which Plato is right.

Glass and Paper Drive

To the Editor, On Saturday, April 15, 1972 the Manchester Observer will again sponsor a glass and paper drive. It will be held at the town land fill (dump) from 9:00 to 9:30.

That really fits the pattern of Soviet help for India last winter in its war with Pakistan. India clobbered Pakistan, lifting Soviet prestige at the expense of Washington and Peking, both of which backed Pakistan.

In defense of this theory is the fact that North Vietnam is playing a remarkably sophisticated balancing game between the Chinese and Russians. This, according to the non-conspiracy theory, is the reason Soviet refusal to help the Communist regime in Hanoi would bankrupt its huge investment in building up pro-Soviet Communist power in Indochina.

By filling Hanoi's military arsenal, the Russians not only gain influence with North Vietnam at the expense of China but also threaten defeat for Mr. Nixon's whole Vietnam policy here, would swiftly involve the Middle East, putting the U.S. on the defensive there as well.

Whether I am awake or asleep, You are near to me and will watch over me. I do not have to be afraid of these problems that assail me. The conflicts of my life will not separate me from You.

# Safe Stolen With Tickets For Lottery

A note, containing about \$2,000 worth of state lottery tickets, was removed from Frank's Pharmacy, 285 Oakland St., South Windsor, over the weekend.

Police said the break was discovered early yesterday morning by Officer Thomas Hart while he was making a routine check. Police said the front door of the pharmacy had been forced open and the safe was removed from the building.

According to police, two cars were seen in the vicinity and they are checking these leads out today.

Edgar L. Gonville, 62 of 29 S. Chisolm St., Rockville was charged yesterday with theft of services and intoxication. The arrest was made by Vernon police in connection with a complaint made by an out-of-town taxi driver. Gonville was held overnight and released on a \$500 surety bond.

William A. Martell, 26 of 31 Village St., was arrested yesterday and charged with intoxication in connection with a complaint of a disturbance. He was released on his promise to appear.

Roy P. Walton, 17, of 46 Pearl Dr., Vernon and Thomas M. Brody, 16, of 121 Terrace Dr., Rockville, were charged with loitering on or about school grounds. They were arrested near the entrance to the school on Park St. and were released on their promise to appear.

# Miss Osgood Town Queen

She has had 13 years of dance training, voice lessons in high school, dramatic training with the Little Theatre of Manchester, and is presently taking a course in acting and an advanced course in ballet at the Hartford Conservatory. She will receive her masters in dance training but would like to further her education at the University of Connecticut.

Miss Osgood is a member of the Dance Educators of America and instructs at her own studio in Rockville. Her avocations are Sunday School teacher, volunteer work at the Mansfield State Training School, sewing and bowling.

First runner-up was Miss Linda Lovack, 18, daughter of Mr. and Mrs. Russell Lovack of South Windsor and a freshman at Central Connecticut State College. She was the recipient of a \$100 scholarship from the Jaycees. She was also first runner-up in the 1971 Connecticut Junior Miss Pageant.

Miss Lovack's talent presentation was a medley of her favorite songs on the organ, for which she won the Talent Award.

In high school, she was a member of the National Honor Society, newspaper staff, and gymnastics team recipient of the DAR Good Citizenship Award; and a delegate to Laurel City State in 1970. She enjoys skiing, skating, gymnastics, and travel. She plans to continue her education at either the University of Madrid or the University of Valencia in Spain.

The Friendship Circle of the Salvation Army will meet at 7:45 p.m. tomorrow at the church. A work night will be conducted.

The Women's Christian Temperance Union will hold its monthly meeting at 10:45 a.m. at South United Methodist Church. Members are reminded to bring recycling heat-exchange books for recycling. Heat-exchange books are Mrs. C. Eleanor Watkins and Mrs. George Berian.

A pre-scheduled story hour for children 3 1/2 to 5 years old will be held tomorrow morning from 10 to 10:45 in the Junior Room of 10 Mary Church Library.

The Women's Home League of the Salvation Army will have a service program at its meeting tomorrow at 1:30 p.m. at the Junior Hall of the Citadel. Refreshments will be served.

**Plans Going Forward For Social Service Center**

While the Hockanum Valley Community Services Council is waiting word from the Zoning Board of Appeals for approval to open the social service center in the Vernon Center Congregational Church, the equipment committee has been meeting to discuss and plan for the needs of the center.

Plans are being made to install storage cabinets, shelving, indoor-outdoor equipment as well as creative toys. Mrs. Richard Becker, speaking for the committee, said many volunteer services will be needed by the Day Care Center. Two volunteers per day or 10 a week will be needed to assist with the 30 children to attend the center at the outset. The volunteers will assist the teachers during their daily operation.

A bus will be available to accommodate some children, but volunteer drivers will be needed to fill the gap for parents not able to bring their children to the center. These volunteers will be asked to pick up several children in the morning and return them late in the afternoon.

The Rev. Edwin Hawthorne, assistant minister at Center Congregational is going to ask permission of the church trustees to have the Pilgrim Fellowship paint the small women's chairs to be used at the center.

Any volunteer wishing to help out in any of the areas should contact Mrs. Noel Geary, 111 Grove St., Rockville, during the morning hours.

Historical Society

The annual meeting of the Vernon Historical Society will be held Wednesday starting at 6 p.m. with a dinner at Union Congregational Church.

Following the dinner, members will go to the Rockville Public Library to view the society's exhibit on "Clockmaking in Rockville." Ernest Rock, a former supervisor at the Hockanum Wooden Mills will explain some of the mill operations during the tour. The public is invited to attend.

DeMolay Assistants

About 25 members of the Fayette Chapter Order of DeMolay are assisting with the Cancer crusade in Vernon under the leadership of Curtis Scatolon, master counselor of the chapter.

The young men will distribute coin cans to all merchants in the Vernon area and be responsible for picking them up at the end of the campaign.

The Four Seasons 4-H Club of Vernon, an its community project, put together the kits for more than 300 canvassers who volunteered to go door to door at the house-to-house fund drive. The club is made up of 12 girls and 12 boys and has as its leaders, Mrs. Beverly Freniers and Mrs. Evelyn Sney.

Jewish Campaign

Arnold Zaclin of Vernon, has been appointed chairman of the Rockville Jewish Federation Campaign and Abner Brooks and Saul Libby have been named co-chairmen.

The goal of this year's campaign is "to bring the urgent message of concern for our fellow co-religionists in Judea who are courageously applying for exit visas to Israel," Zaclin said.

**Firemen Quell Bedroom Fire**

A Sunday morning fire, confined to a bedroom, heavily damaged the 1187 Tudor Lane apartment of Lawrence Michaud before Eighth District firefighters put it out.

Firemen were called to the apartment at 9:24 a.m., when Michaud, who was shaving, noticed smoke coming from his bedroom.

No one was hurt in the blaze. Firemen, with three pieces of apparatus, had the fire out in about 15 minutes.

The cause of the fire is under investigation.

The fire damage was confined to the bedroom, although the apartment suffered some smoke damage. There was no structural damage, firemen said.

We know a customer as a person, not an account number. We also know his furnace and burner. When they should be fed and maintained. And if some trouble develops, we'll be there in minutes to do something about it.

Usually, a cleaning and adjusting will get the problem. But if your equipment is getting old, inefficient, and expensive to maintain, we've got the replacements to give you total home comfort. Like the dependable Mobil Thermo Flow water heater that never runs out of hot water, and the Aqua Booster that stores a thermostatically controlled supply of hot water.

For any heating problem, keep our name on your records and call our number.

**Judiasm Bypassed**

Social studies textbooks currently used in U.S. high schools and colleges largely ignore the contribution of Jews and Judaism to modern civilization, says a Stanford University historian.

Dr. Gavin J. Langmuir told an American Jewish Committee meeting here that the omission was directly responsible for the ignorance of most Americans about Judaism and Jewish history.

Repeat Set Of 'Fiddler'

The South Windsor High School production of 'Fiddler on the Roof' will be played again Wednesday at 7:30 p.m. in the school auditorium.

According to Mrs. Peter Gross, publicity chairman for the show, the decision to schedule another performance was by popular request after students received standing ovations for their performances to three packed houses over the week-end.

Ticket reservations should be made by contacting Paul Bonadary at the High School, Board of Education.

The board will also discuss transportation to Rockville Voice-Agricultural Program, the proposed addition to the Board Policy to include teaching position advertising in local newspapers and the Boose, Hamilton and Allen \$25,000 school operation study report.

Under any business the commission will discuss the connection of lines for the Pioneer Parachute Company, Inc. of Manchester, the Worcester Express sewer line installation request, and a request to extend sewer service on Pleasant Valley Rd. from Northview Dr. to the Harrington Estates.

Several former host families will be at the meeting to share some of their experiences with the group. Tickets will be available for the annual spaghetti dinner to be held May 12.

Refreshments will be served. Manchester Evening Herald South Windsor Correspondent Barbara Varrick, tel. 642-8774

Tolland

Report Cards Delayed, Due Tomorrow

Report cards were not distributed to Tolland High School students as anticipated, due to a delay in their preparation, according to Richard Olson, school principal.

Apologizing for the delay, Olson explained it was due to problems which arose at the Ellington Data Center. He expects the cards will be available for distribution tomorrow.

Technicians of the Tolland Volunteer Ambulance Association responded to 13 local calls during March and to two mutual aid stand-by alerts.

Lunches at the Meadowbrook, Hicks Memorial, and Middle Schools next week are: Monday, Ravioli with meat sauce, rye bread and butter, with beans, cheese stick, fruit.

Wednesday: Baked chicken, cranberry sauce, spanish rice, roll and butter, green beans, fruit cup.

Thursday: Orange juice, pizza, cole slaw, jello with fruit.

Friday: Superfish, french fries, corn, bread and butter, banana split.

DR. LAWRENCE E. LAMB  
Vitamin is No Cure-All

E Won't Lower Cholesterol

By Lawrence Lamb, M.D.  
Dear Dr. Lamb—A friend of mine said that her husband had taken large doses of vitamin E and that it had brought on diabetes. Is this possible? I take 800 units daily for high cholesterol and feel fine.  
Dear Reader—I am not a vitamin E enthusiast since its value in amounts greater than one should get in a sensible diet has not been proved. The American Medical Assn. has not endorsed the many claims for the benefits of additional vitamin E either. The recommended daily requirement does not exceed 40 units (well within the range of what you should get in a decent diet). For all the respect vitamin E deficiency now more than five times the usual daily requirement is necessary. Hence the maximum dose needed in an adult could be less than 150 units.

There are no established cases of diabetes from taking vitamin E that I have ever seen or read about. And there is no good evidence that additional vitamin E in adults eating a good diet lowers cholesterol either. Cholesterol is lowered by decreasing your body fat, using a proper diet, and in some people other medicines.  
Vitamin E is plentiful in the low-fat diets recommended for prevention of heart disease, because these diets include more polyunsaturated fats and foods rich in vitamin E. Salad oils, margarine, vegetables, fruit, and grain products are all good sources of vitamin E. The presence of abundant vitamin E in a wide variety of foods is one reason why vitamin E deficiency in humans is essentially unknown (except in premature infants).  
I was amused to see a re-

port that claimed that the large amounts of vitamin E in diets rich in polyunsaturated fat would cause cancer. Of course the report came from a person connected with a segment of the food industry that markets food low in polyunsaturated fat and high in saturated fat, which may explain why.  
There is no acceptable evidence that reasonable amounts of vitamin E causes cancer, diabetes or other important diseases. The only danger is to your pocket book if you accept at face value a lot of claims that are not substantiated by good research.  
Dear Dr. Lamb—I have known for a long time that I have two cervical ribs. And for the past year I have a lot of pain in my arms and neck. I have had them removed from the third and fourth ribs. Also the palms of my hands are real red and angry looking most of the time. Could the cervical ribs be causing this? Should I see a doctor?  
Dear Reader—Yes, you should see a doctor. One or more extra ribs coming off a neck vertebra is not rare and usually causes no trouble. Sometimes the ribs causes pressure on either the arteries or nerves or both. This can cause symptoms in the arms and hands, when they are in certain positions. Your doctor can check your pulse with your arm in different positions to see if pressure obliterates the pulse in the wrist. Other tests can confirm whether it is caused by an extra rib.  
If this is not the case then you still need to find out what is causing your difficulty.

Allies Flee Camp Under Heavy Fire

SAIGON (AP) - South Vietnamese forces abandoned a camp in 10 battles along the second district north of Quang Tri and Saigon Monday, but the Saigon key government claimed more than 600 enemy troops killed on the 13-day-old offensive. One flight other 442 North Vietnamese Eight U.S. destroyers and the cruiser Oklahoma City, the 7th Fleet's flagship, bombarded enemy positions 10 to 18 miles north of Quang Tri. The 7th fleet said two tanks were destroyed.

Victories In North

Bo Duc is 80 miles north of Saigon, about 15 miles northeast of Loc Ninh, which the North Vietnamese captured last week. Bo Duc is deep in the northern front below the demilitarized zone and an entire tank battalion destroyed there by heavy U.S. pressure and shelling attacks.

Quake Deaths Nearing 5,000

TEHRAN (AP) - The death toll in the earthquake in Southern Iran headed for the 5,000 mark today, the Pars News Agency of Iran reported. It said that 983 people were killed in the town of Qeer and some 4,000 others lost their lives in 41 other villages levelled in the central highlands after a week's lull, hitting a series of government bases. In an attack on the quake region since the first devastating shock Monday, 100,000 tremors had hit the area. It is being called the 'ruined' area, a spokesman said. It will be a number of days before the final toll is known, relief officials said.

Congressman Indicted

WASHINGTON (AP) - Rep. Cornelius E. Gallagher, D-N.J., was charged with evading more than \$100,000 in income taxes, perjury and conspiracy by a federal grand jury Friday in U.S. District Court in Newark and the Justice Department announced today. During the years 1960 to 1967, Gallagher, a seven-term congressman from Bayonne, N.J., was accused of evading taxes on more than \$18,000 of personal income over a two-year period. He was also charged with assisting two unindicted accomplices of evading taxes on an additional \$25,000. The seven-count indictment was returned today by a federal grand jury Friday in U.S. District Court in Newark and the Justice Department announced today.

Two-School Junior High System Approved

By JOHN A. JOHNSTON (Herald Reporter)
By a 7-1 vote, the Board of Education last night approved a two-school junior high system and moved to request the Board of Directors to refer it to the Town Building Committee for review and submission to the voters on a referendum. The estimated total cost of the proposal, which calls for a new 700-student, 100,000-square foot school, an alternate auditorium of 2,000 square feet; land purchase and renovations to Bennett, is \$5,787,850, \$888,000 and \$985,600. The largest items in the Bennett capital improvement renovation, \$500,000, no state refund; Bennett capital improvement renovations, \$297,250, \$298,600, \$298,600; and Illinois capital improvement renovations, \$231,000, \$115,500, \$115,500. A further breakdown of the grand total, state payment and net cost of a third junior high is as follows: Building, \$4 million; counselor and 30,000-square foot new gym and auditorium, \$200,000, \$70,000, \$130,000; land purchase, \$2,200,000, \$770,000, \$1,430,000; Bennett maintenance renovations, \$500,000, no state refund; Bennett capital improvement renovations, \$297,250, \$298,600, \$298,600; and Illinois capital improvement renovations, \$231,000, \$115,500, \$115,500. The estimated net town cost, after a state refund of \$1,973,750, would be \$4,814,100. The following is a breakdown of the estimated gross cost, state refund and net town cost: Building, \$4 million; counselor and 30,000-square foot new gym and auditorium, \$200,000, \$70,000, \$130,000; land purchase, \$2,200,000, \$770,000, \$1,430,000; Bennett maintenance renovations, \$500,000, no state refund; Bennett capital improvement renovations, \$297,250, \$298,600, \$298,600; and Illinois capital improvement renovations, \$231,000, \$115,500, \$115,500. The estimated net town cost, after a state refund of \$1,973,750, would be \$4,814,100.

Tolland Must Use New List

Tolland's 1972-73 mill rate will be based on the revaluated grand list of \$46,730,880 subject to adjustments by the Board of Tax Review. The State Tax Department has turned down the tax review board's request to freeze the grand list at its current rate of \$28,918,478 for a one year period to allow for the correction of 'inequities' which the board claimed were included in many sections of the revaluated grand list. The state decision was confirmed last night by First Selectman Erwin Rootzler. The Board of Tax Review will be given until April 22 to come up with decisions regarding the 250 complaints it has received regarding the revaluation statistics. If necessary the board can obtain an extension until April 30, Rootzler added. Although the timing is admittedly tight, the revised grand list will be available to the Board of Finance in time for the annual meeting. The section on class size reads: 'An administrative memorandum outlining maximum class size, teaching periods, and per pupil load for each academic and non-academic area shall be issued, which memorandum shall be a guide for future achievement by the Board of Education.' The state rolled seven counts against Mrs. Quade. They included indecent assault, risk of injury to children, two additional counts of practicing psychology without a license, and adultery. A sentence investigation and medical examination for both were ordered and the tentative date of May 2 chosen for sentencing. Both were represented by Atty. Charles S. Tarnishin of Mansfield. Both are free on \$10,000 bonds. The maximum sentence for each count of practicing psychology without a license is 10 years and six months for each count of practicing psychology without a license.

Oscars to French Connection, Hackman, Fonda

HOLLYWOOD (AP) - "The French Connection," a slambang modern noir thriller about New York police chasing narcotics smugglers, has won the Oscar race with five Academy awards including best picture of the year. The star of the film, Gene Hackman, won the best actor award. William Friedkin, the film's director, received the Oscar for best directing. "The French Connection" is a story of a New York police officer who partners with a Frenchman to bring down a drug ring. The film is a gritty, realistic portrayal of the New York police force in the 1960s. It features a stellar cast including Gene Hackman, Faye Dunaway, and John Cazale. The film's success is a testament to its powerful storytelling and exceptional performances.

Quades Plead Guilty In Surprise Hearing

In a surprise and uncheduled appearance this morning in Tolland County Superior Court, Dr. Albert Quade and his wife Mary Dawn Quade pleaded guilty to charges of indecent assault with a child. The state rolled seven counts against Mrs. Quade. They included indecent assault, risk of injury to children, two additional counts of practicing psychology without a license, and adultery. A sentence investigation and medical examination for both were ordered and the tentative date of May 2 chosen for sentencing. Both were represented by Atty. Charles S. Tarnishin of Mansfield.
