## Fire Prevention Week Stresses Preparedness

By JOHN A. JOHNSTON  
(Herald Reporter)

This is officially National Fire Prevention Week; but John C. Rivosa and Ted Lingard, town and Eighth District fire chiefs, respectively, are asking everyone to be alert every day of every week to eliminate conditions and places that are potential hazards.

As an educational step in that direction, men from both departments are visiting all elementary schools this week. Each day, men from the town's four companies will be at three schools in the area under their jurisdiction, giving demonstrations of equipment and firefighting methods. They will also distribute packets of materials, such as a picture book history of Smokey Bear's origin, Junior Fire Marshal magazine, Smokey's story of the forest, and conservation pledge.

Within the Eighth District, volunteers will be at Bentley, Bowers, Waddell, Robertson, Buckland, and St. Bridget Schools. This is the sixth year of visitations. They will conduct a fire drill and also distribute materials; James Sarles will show slides of actual fires, equipment, and procedures; and Smokey Bear and Mac, the company's Dalmatian mascot, will accompany the instructors. Asst. Chief John Christenson is in charge of arrangements.

The Eighth District firefighters will hold Open House Saturday, from 1 to 4 p.m., at the Main and Hilliard Sts. firehouse.

Chief Rivosa asks all households to cooperate in Fire Pail Alert, which involves construction of a handy, easy-to-make extinguisher for use on kitchen grease fires. He recommends an empty one-pound coffee can, which will hold two pounds of baking soda. When heated, soda creates carbon dioxide, which in turn smothers the flames. (See photo) For a handle,

attach a wire through holes punched near the top of the can. Replace the click-on plastic top and fasten a label saying FIRE. Bright red, wraparound FIRE labels can be obtained free at town fire stations. On each label are spaces for telephone numbers of fire and police departments, ambulance, and doctor. There are also instructions for dousing small cooking, electrical, gas, and clothing fires.

"If grease flames break out in a skillet or broiler," Rivosa warns, "don't be tempted to grab the pan and dash outdoors with it. This can lead to dangerous burns. Instead, grab your fire pail, throw soda at the base of the flames, and stand back while the soda works."

Afterward, he added, notify the fire department so it can double-check for sparks that may be smoldering behind the stove or in cupboards. "Don't hesitate to call even though you think the emergency is over," Rivosa concluded. "Fires are never to be taken lightly, even small ones."

## Union And Company Talks End; Three Major Cities Affected

BRIDGEPORT (AP) — Officials of Connecticut's second biggest bus company are talking like it is the end of the line. "I don't see much future for CR&L operations in Connecticut," said Norman Parsells counsel for Connecticut Railway & Lighting Co., after the company and its employees broke off talks. This came after it was announced that CR&L buses would stop running in Bridgeport, Waterbury and New Britain tonight.

At the last bargaining session Sunday, the CCR&L asked its drivers and mechanics to take a 70 cent per hour wage cut, and the union refused.

"I don't consider it a lockout," said Parsells. He said the company was losing \$1,500 per day and without a subsidy or a pay cut the company was not going to go on operating.

"Our position is that we are not able to reach a new working agreement with the union so we won't be running buses on Tuesday, with the exception of school buses in Waterbury," he said.

"The buses will stay in the garage, unless the union decides it's better to have jobs at lower rates of pay than not to have any jobs at all, said Parsells. "I think that's fairly unlikely."

Samuel Kanall, deputy state transportation commissioner said the state would still not get involved in what Gov. Thomas J. Meskill calls a labor-management dispute. Kanall said other lines run in all three CR&L cities.

Kanall said he hoped state mediators could still salvage CR&L bus runs.

"What they want is totally unacceptable to us," said John Costigan, chief of the CR&L local of the Amalgamated Transit Union. He said the union would set up "informal picketing" Tuesday and he called the move a "lockout."

The breakdown came one week after the company and union had agreed to continue working under an expired contract, day-to-day. Each side gave the other 24 hours to call it off.

## Vernon Volunteers Find False Alarms Not Too Amusing

By JUNE LINTON  
(Herald Reporter)

Fire Prevention Week in Vernon began, ironically, with a false alarm last night. It meant a sudden end to relaxed Sunday night activities for volunteers who drop what they're doing and, in a mood made tense all of a sudden, rush into appropriate clothes to get to what could possibly be a disastrous fire.

But often there is no fire and, while glad that no one's house is burning, there is an anger which a group of volunteers managed to laugh off last night at the Fitton Firehouse.

An on-the-spot poll was taken of what a number of them were doing when the alarm went off.

Richard Nelson was asleep. He had to get up this morning at 2 a.m. to drive a trailer-truck to New Hampshire.

Lester Waite had just stepped into the shower.

George Taylor and many of the others were watching the Dick Van Dyke Show, especially funny last night.

Dessert was left to melt for another volunteer.

One did feel that this problem of false alarms simply went with the job but the reaction when they get there is somewhat akin to, "if we could catch the fellow we'd break his neck." He stressed that there is danger with five large pieces of fire apparatus and about 50 volunteers' cars suddenly on the road headed in the same direction.

There are accidents and there

was one last night. The false alarm was on South St. and a fire truck accidentally backed into a car parked directly behind it in a difficult traffic situation. There was minor damage but it was directly due to the false alarm.

The last false alarm was at 3 a.m. It's a night's sleep gone for many as, besides the sudden waking and action, there's the difficult job of getting back to sleep an hour later.

In addition to putting out fires and fires that might have been, the volunteers are taking time this week to get across the message of prevention. A program for children took place at the library on Saturday, and all schools will be visited this week.

On Friday at 7 p.m. a public demonstration by the Rockville Fire Department will be held in the center of Rockville.

## Secret Paris Talks May Decide Thieu's Future

### Dock Workers Go On Strike

HONOLULU (AP) — A strike on Honolulu's waterfront may interfere with Santa Claus, but has generated little visible concern so far.

Activity at Honolulu's docks ground to a halt at 12:01 a.m. Sunday as 700 longshoremen refused to cross picket lines set up by 250 fellow members of the International Longshoremen's and Warehousemen's Union Local 142.

Despite the walkout, negotiations continued while merchants fretted about the strike's impact on Christmas merchandising.

There was little evidence, however, that grocery shoppers were buying extra in anticipation of a long strike. "I don't think anyone's getting excited," one grocer said.

"This is a bad time for a strike, since merchants are just building up their Christmas inventories," said Doyle Alexander, executive secretary of the Chamber of Commerce of Hawaii.

"A strike interrupts the even flow of freight all the way back to the East Coast, but merchants don't expect this one to last long."

PARIS (AP) — Henry A. Kissinger scheduled another secret meeting in Paris today with the North Vietnamese, and the future of South Vietnamese President Nguyen Van Thieu appeared to be the chief issue under discussion.

President Nixon's national security adviser and his top assistant, Maj. Gen. Alexander M. Haig Jr., met Sunday with Le Duc Tho of the North Vietnamese Politburo and Xuan Thuy, chief of Hanoi's delegation to the Paris peace talks, the White House announced. It was Kissinger's 19th secret meeting with the North Vietnamese.

Presidential press secretary Ronald L. Ziegler said another session was planned today. He added there might be a third meeting on Tuesday, which would be the first time the secret talks have lasted for three days.

Ziegler refused to disclose what was said at the meeting Sunday. But Associated Press correspondent Gaylord Shaw reported from the White House that there were clear indications the talks were focusing on the future of Thieu, whose resignation is one of the chief Communist demands.

Thieu on Sunday again rejected the Communist demand that he quit and make way for a coalition government including the Communists. The White House also has termed news stories that Thieu would resign sheer speculation.

But the belief that Thieu's

future was being discussed in Paris was heightened by the presence of Gen. Haig. It was his first appearance at the secret talks, and he returned on Wednesday from talks in Saigon with Thieu and other high-ranking officials.

Kissinger's last meeting with

Le Duc Tho and Xuan Thuy was on Sept. 26-27.

Secretary of Defense Melvin R. Laird said on Sunday that the Paris talks were in "a very serious, significant and sensitive stage" but there was nothing to indicate any early cease-fire in Vietnam.

## Virginia Flood Loss In Millions

RICHMOND, Va. (AP) — City officials say damage could run into the millions following the second flood here in less than four months, and residents of Petersburg 25 miles to the south faced higher water again.

Cleanup operations continued today following flooding from the James River, which crested Saturday at 24 feet, some 3 1/2 feet below what had been expected as a result of heavy rains Thursday and Friday across the state.

The Appomattox River began dropping Sunday in Petersburg from a crest of about 21 feet late Saturday which caused the worst flooding there in 32 years. But the National Weather Service said waters might rise again today and would recede "very, very slowly."

Mayor Thomas Biley said it was unlikely any accurate estimates of property damage to stores, markets and industries in low-lying areas of the James in Richmond could be made before today.

But the losses were not expected to approach the \$16 million figure that resulted when the James crested at 36 1/2 feet — 27 1/2 feet above flood stage — following Tropical Storm Agnes late in June.

The latest rains began in the western and central sections of the state and totaled 10 inches at some points.

At least six persons were known dead and a search continued for a possible seventh victim, Mayor George F. Lee of Emporia in the state's tobacco growing Southside area.

Lee, 44, the outgoing president of the Virginia Municipal League, was believed to have drowned Saturday in the Meherrin River. Friends said he waded into the turbulent stream in an effort to rescue a child he mistakenly believed had fallen into the water.

Approximately 260 city workers were pressed into cleanup work today in Richmond, where the James was dropping four inches per hour.

The sewage plant in Petersburg was knocked out late Friday night and was dumping partially treated effluents directly into the

Appomattox. Officials said the plant would be out at least until Wednesday.

One city official said damage might exceed \$1 million.

The Small Business Administration said the cities of Emporia, Front Royal and Waynesboro and the counties of Warren, Page, Madison, Fluvanna, Goochland, Chesterfield, Henrico, Prince George, Dinwiddie, Greensville, Brunswick, Sussex and Augusta would be declared disaster areas.

## Eight Persons Killed In State Road Accidents

By THE ASSOCIATED PRESS

At least eight persons were killed in Connecticut traffic incidents over the weekend, including a 49-year-old woman who died, police said, after being dragged about 80 feet underneath a stolen car.

In addition, a Connecticut man died Friday in the Adirondack Mountains. Donald Kirkpatrick, 22, of New Canaan hit a tractor-trailer head-on Friday in Keene Valley, N.Y., police said.

Mrs. Juana Cruz, 49, of Hartford was pronounced dead on arrival at Hartford Hospital Sunday morning after she was dragged under what police said was a stolen car.

The car careened into the backyard of the Charter Oak Terrace housing project and plowed into a group of people, police said. Mrs.

Cruz died after being dragged by the car and three other persons were injured, according to police.

The driver of the car ran from the scene, police said. A half hour after the incident, police reported they had arrested Tommie David Olds, 32, of Hartford, and charged him in the incident.

Olds was charged with second-degree larceny, misconduct with a motor vehicle and driving without a license, police said.

Two children, Sarah Winslow, 8, and Linda Winslow, 9, of Bristol, Pa., were killed on the Connecticut Turnpike in New Haven Saturday when the car they were in spun, hit a guardrail and tossed the children in front of another car. Joseph Lewis of Bristol, Pa. was charged with misconduct with a motor vehicle. The other driver was not charged.

In other accidents: Jay Romig, 25, of West Haven was fatally injured early Saturday when his car collided with a stopped truck on Interstate 91 in New Haven.

Nancy Danzig, 22, of Bethel, was dead at the scene in Bethel Saturday morning when her car collided with another at Route 6 and Old Hawleyville Road.

Eighteen-year-old Michael P. Bellevue of Windsor died Saturday when the car he was in rolled over on Route 20 in Windsor.

Donald Blum, 44, of Unionville died Saturday night of injuries he received when struck by a car in Unionville.

June Berberich, 17, of Montville was killed when the car she was riding in skidded on Chesterfield Road in Montville and struck a pole Saturday.

## Soviet Food Situation Serious

WASHINGTON (AP) — The food situation in the Soviet Union is so serious that Moscow reportedly is trying to buy huge amounts of potatoes and grain from Eastern Bloc countries in addition to the vast imports of wheat and feed from the United States, the Agriculture Department said today.

Citing a "number of sources," the department's Foreign Agricultural Service said drought and delays in harvesting 1972 crops have not only reduced grain supplies for food but have forced heavy sales of livestock because of dwindling feed supplies.

"Drought in certain areas is being called the worst since the 1930s; the slaughter of cattle is said to be taxing slaughterhouse facilities in some districts," the FAS said in a report.

Further, planting of winter grain for harvest next year is running behind schedule, the

report noted. The USDA said last week in other reports that 1972-crop harvests had been delayed and that fall planting was about one-fourth behind schedule.

Grain and soybean sales by the United States this year are estimated to total around 18 million tons, more than half in wheat.

## Prescott Bush, Former U. S. Senator, Dies

GREENWICH (AP) — Former U.S. Sen. Prescott Sheldon Bush, a financier and father of United Nations Ambassador George Bush, died Sunday afternoon at New York's Memorial Hospital for Cancer and Allied Diseases. He was 77 and had been ill for a month.

Bush served in the Senate for 10 years, 1952-1963, filling four years of the unexpired term of Brien McMahon and winning reelection as a Republican in 1956 with President Eisenhower.

He had been, since 1930, a partner in Brown Bros. Harriman and Co., a leading Wall Street investment firm.

President Nixon said he had lost a valuable friend "and the nation has lost a citizen of exceptional honor and integrity. His years of distinguished service in the Senate were marked by high principle, consistently sound judgment and a deep devotion to his country."

Survivors included his widow, Dorothy; five children. Prescott Bush Jr. of Greenwich, a partner in the New York insurance firm of Johnson and Higgins; George Bush, the UN ambassador; Mrs. Alexander Ellis of Lincoln, Mass.; Jonathan Bush, a chairman of Bush & Co. of New York and William Bush of West Hartford, Conn. a senior vice presi-

dent of Hartford National Bank, and 16 grandchildren.

Funeral services were scheduled for 11 a.m. Tuesday at Christ Church in Greenwich with private interment.

Bush was born to a steel family in Columbus, Ohio. He came east for school, first at St. George's

School in Newport, R.I. and Yale, where he was a member of the Whiffenpoofs. He was later cited as an "all-time" Whiffenpoof and as the "hottest close harmony man at Yale in a span of 25 years."

He graduated from Yale in 1917, and later served as a Trustee from 1948 until 1968 when he severed relations because Calhoun College invited Daniel Ellsberg, the Pentagon Papers figure, to speak.

An artillery captain in World War I, he began in politics as an original member of the Greenwich Representative Town Meeting in 1933 and served as moderator for 17 years.

He failed to win election to the Senate in 1950, by 1,000 votes. In the Senate, fellow Sen. William Purtell of Old Saybrook remembers Bush as a "hard worker who did his homework."

He was chairman of the Resolutions Committee at the 1956 Republican National Convention and was principal draftsman of Eisenhower's platform.

In the Senate he served on the Senate Banking Committee, the Public Works Committee and the Joint Economic Committee. He took special interest in urban renewal, flood and hurricane protection and helped write the act that created the Interstate Highway System.

Bush married his wife in 1921. After his retirement they split their time between Greenwich and a home in Hobi Sound, Fla.

## Freeloader's Logic Wins

NASHVILLE, Tenn. (AP) — An unidentified diner weaseled a free meal out of a cautious restaurateur by appealing to the city's freshly enforced Sunday closing law.

The restaurant owner stopped a man as he was leaving without paying the check for a substantial breakfast Sunday. The conversation went like this:

"Aren't you going to pay for the meal?"

"No. You're not open today."

"Whaddaya mean we're not open today?"

"You're not supposed to be open today. The blue law says you're supposed to be closed," said the customer. "If you think you can make me pay for it then I'll just call the police and have you arrested for being open."

Faced with that logic, the manager shrugged and said, "Oh hell, forget it," as the well-fed customer drove away.

### Revenue Losses Foreseen

NEW HAVEN (AP) — Connecticut could lose about \$11 million in future revenue-sharing funds unless reductions in state aid to cities and towns is restored, according to the Connecticut Conference of Mayors.

CCM President Clarence F. Heilmann, Trumbull's first selectman, said a key provision in the revenue-sharing bill awaiting congressional approval would deduct any reduction in state aid to local communities from the federal grant. The deduction would come in the 1973-74 fiscal year.

Heilmann said the conference estimates that grants to municipalities are about \$11 million less than those during the 1971-72 year.

"Thus the State of Connecticut stands to lose that amount in federal aid each year unless remedial action is taken to restore these funds to cities and towns," Heilmann said.

He urged Gov. Thomas J. Meskill and the General Assembly to restore the funds during the current special session. But he added that it could be done during the regular session scheduled to start in January.

"If you act now," he said, cities and towns "will be able to rely upon the restored state payments in establishing local budgets and tax rates."

"If you delay, the beneficial effect on property tax rates would be delayed correspondingly," he added.

The \$22 million expected by the state government for the first fiscal year of revenue sharing would not be affected, whether the funds were restored or not, according to the CCM announcement.

The General Assembly is considering proposals for reducing taxes by tapping the \$28.7 million state surplus from the past fiscal year.

Heilmann said New Britain Mayor Stanley Pac discovered the possible loss to Connecticut as a result of a clause in the revenue-sharing legislation.

WASHINGTON (AP) — A federal judge has amended his order against public discussion of the Watergate break-in case, saying his order does not ban "political debate or news-media reporting" of the affair.

"It is not the intention of the court to affect congressional activity, political debate or news media," U.S. District Court Judge John J. Sirica said Friday.

Democrats have held the Nixon administration responsible for the break-in and alleged bungling at Democratic national headquarters in Washington's Watergate complex and have hit the issue hard in the presidential campaign. Republicans, including President Nixon, have denied any responsibility.

Judge Sirica's amended order was issued after McGovern's campaign chairman, Lawrence F. O'Brien, called the original order a "gag rule" won by the Nixon administration. He said he asked Sirica to clarify that the order does not apply to the Democrats.

Sirica's amended order exempted "potential witnesses, complaining witnesses and alleged victims" from the original order—thus limiting the ban to lawyers and anyone else directly involved in the case before the court.

On Wednesday, Sirica ordered principals in the case not to discuss it in public so that the trial of seven men indicted in the case would not be jeopardized. The order was requested by the lawyer for one of the defendants, E. Howard Hunt Jr.

O'Brien said at a news conference that attempts to get a no-discussion court order were "evidence of the lengths to which Mr. Nixon and his administration will go to keep a tight lid on this unprecedented act of political espionage."

WASHINGTON (AP) — The owner of the Silent Woman tavern says he plans to continue his policy of banning women from the barroom during the day until he's ordered to stop.

Owner Joel R. Frank told a state Division of Human Rights hearing Thursday, "This has always been generally a men's bar and we intend to keep it that way."

Three women filed sex discrimination complaints with the division after they were refused service at the bar.

The women said they joined their husbands for cocktails at the tavern about 6 one evening last spring but were told they would have to sit in the back dining room.

Judge Sirica's amended order was issued after McGovern's campaign chairman, Lawrence F. O'Brien, called the original order a "gag rule" won by the Nixon administration. He said he asked Sirica to clarify that the order does not apply to the Democrats.

Sirica's amended order exempted "potential witnesses, complaining witnesses and alleged victims" from the original order—thus limiting the ban to lawyers and anyone else directly involved in the case before the court.

On Wednesday, Sirica ordered principals in the case not to discuss it in public so that the trial of seven men indicted in the case would not be jeopardized. The order was requested by the lawyer for one of the defendants, E. Howard Hunt Jr.

O'Brien said at a news conference that attempts to get a no-discussion court order were "evidence of the lengths to which Mr. Nixon and his administration will go to keep a tight lid on this unprecedented act of political espionage."

WASHINGTON (AP) — A federal judge has amended his order against public discussion of the Watergate break-in case, saying his order does not ban "political debate or news-media reporting" of the affair.

"It is not the intention of the court to affect congressional activity, political debate or news media," U.S. District Court Judge John J. Sirica said Friday.

Democrats have held the Nixon administration responsible for the break-in and alleged bungling at Democratic national headquarters in Washington's Watergate complex and have hit the issue hard in the presidential campaign. Republicans, including President Nixon, have denied any responsibility.

Board of Education member Robert DeRosa has joined Mrs. Margaret Rossi in refuting Richard Kupchunas' statements on the board's publicity approach and unanimity of opinion on the proposed addition to South Windsor High School.

DeRosa said that Kupchunas was not present at the Sept. 26 meeting when he (DeRosa) attacked the publicity methods and so "arrived at his conclusions as to the intent of my criticism by conjecture on his part or from second-hand information."

DeRosa added that press releases are clearly titled "South Windsor Board of Education News Release," and that the first began, "James A. Arnold, Chairman of the South Windsor Board of Education, issued the first in a projected series of statements by the Board of Education," etc.

DeRosa has asked for a town attorney's ruling on whether the press releases are entirely board-approved or are being issued without direction of the entire board.

"It's democracy," DeRosa continued, when all board members participate in decision-making, but "totalitarianism" when a select few decide without

## The Pharmacy Debate

Currently within the pharmacy profession there is a debate going on concerning the ethics of advertising prescription prices.

Recently the National Association for the Protection of the Pharmaceutical Profession filed a motion to intervene in a case as a defendant in a suit seeking to declare a Connecticut law prohibiting advertising of prescription prices as unconstitutional.

Gov. Tom Meskill is reportedly in favor of amending the law to allow such advertising.

The suit to permit advertising is being waged by Supermarkets General Corp. which operates Pathmark and Crown Pathmark stores in the region.

Professions, other than pharmaceutical, have been successful in eliminating advertising or severely restricting the manner in which the profession's practitioners can advertise. The question of ethics and advertising

for these professions has often been debated within the profession. And while we would be among the first to challenge the validity of the concept of many professionals that advertising is "unethical," we do accept the right of the professional to set his own profession's codes of ethical conduct.

The question of whether or not prescription drug prices can or cannot be advertised will be resolved eventually either in the courts, where the current case is now pending, or within the profession. This is as it should be.

In the meantime, we assume under wage-price controls now in effect, any person wishing to take the time can ask to see the base list price book that all retailers, including pharmacies, are to maintain for public inspection. By checking a few, the consumer should be able to know where he can get the most for his money.

## No Prizes For Losers

One of Sen. George McGovern's major promises of the campaign is that he would cut defense spending some \$32 billion dollars over three years without reducing the United States to a second-rate power. He says he can do this because we have sufficient nuclear weapons to destroy Russia and China "20 times over."

This money, plus his estimated \$22 billion dollars in taxes derived from "reforms" and closing so-called loopholes, would enable him to rebuild the cities, give everyone a "decent" income, end the poverty, etc., etc.

The Democratic presidential candidate has made much of his credibility despite his frequent shifts of position but here is what ex-Secretary of State Dean Rusk, a respected Democrat, had to say at a seminar at the University of North Carolina: "When I hear one of the candidates say that he's going to cut back on our conventional forces because we can destroy the Soviet Union and China 20 times over, this is going down a road of insanity on the basis of any serious analysis."

"I did not say that Sen. McGovern was insane. I said that the policy of almost complete reliance upon a nuclear deterrent was insane, because it simply lacks credibility."

"A nuclear deterrent standing alone is incredible — incredible because everybody knows you are not going to reduce your country to cinders as a rational, deliberate judgment."

Rusk's concern cannot be doubted, neither can his logic. Simply because a nuclear holocaust is unacceptable. Russia and the United States have sought to halt the nuclear arms race

through the SALT agreements in their own interests in self-preservation.

Former Vice President Hubert Humphrey has said: "Sen. McGovern is proposing a 40 per cent cut in our defense forces — cutting the navy in half and the air force by more than half — without any similar disarmament agreement from the Russians. It shocks me. No responsible president would think of cutting our defense forces back to the level of a second-class power in the face of the expanding Russian navy and air force."

Shifting ground almost as readily as McGovern, Humphrey presumably has changed his views since he now is supporting McGovern.

That does not change the facts. Jane's of London, the world's foremost authority on air and sea power, has detailed the growing might of Russian fleets and stated that we have nothing to match the MIG-23 or the 1,065 mile an hour "backfire" bomber.

"The wisdom of accepting second best has always been dubious in military affairs," Jane's commented in classic understatement.

President Nixon has pledged his rejection of any proposal that would put us in the position of having "the second strongest navy, the second strongest army in the world."

The world may be less dangerous than when President Nixon took office, thanks to his travels for peace, but it is still a perilous place for paper tigers.

Every American should refuse to accept second best in defense or in the White House. There are no prizes for losers.

## Other Editors Say Drugs In Bristol

Unless someone, either the City Council or some beneficent private foundation, acts very soon, the city of Bristol is going to lose a program it needs desperately. We refer to Spectrum Six, the city's ill-starred drug treatment center.

These estimates do not include crimes which go unreported or undetected, as in many cases of shoplifting.

The Rev. Aubrey Murphy of the First Congregational Church says Spectrum Six could exist on as little as \$2,000 a month. That means if half the drug-related crime were eliminated as a result of the drug treatment center, the city would break even.

And it could be done. Police say there are 70 hard-core addicts in the city, with another 30 or 40 using drugs with a potential for physical dependence — heroin, morphine, cocaine, methadone and barbiturates. That doesn't sound like a lot of people, and it isn't compared to what exists in the Hartford or New Haven or Waterbury. Bristol is in the enviable position of being able to stop drug addiction before it gets out of hand.

But there's only one way to do it. Methadone maintenance programs don't work, because putting an addict on methadone is just trading one addiction for another.

The way to fight drug addiction and abuse is to treat the addict, "rehabilitation means physical, mental, emotional, social and vocational rebuilding," according to the Bristol Police. They agree that a drug treatment center is needed here, and we agree with them.

Let's hope somebody does something about this before it's too much for us to handle alone. (The Bristol Press.)

## Inside Report

Rouland Evans and Robert Novak  
Democrat Connally

AUSTIN, Tex. — The startling new possibility that he may emerge from this campaign with the blood of Sen. John Tower on his hands would make still more difficult any conversion of John B. Connally from Texas Democrat to national Republican.

When Tower seemed assured of a third term, Texas Republican leaders tolerated pro forma endorsement for the state Democratic ticket by Connally, national chairman of Democrats for Nixon. But Tower is no longer safe against Democrat Barefoot Sanders, chief White House lobbyist in the last days of the Johnson administration. Top Republicans concede that Sanders, underfunded and disregarded until lately, is gaining ground fast against Tower (8 percentage points behind on Sept. 6, according to Dallas pollster Alex Louis).

Besides dooming chances for a Republican-controlled Senate, Tower's defeat would cripple the halting rise of Texas Republicanism. Thus, the party's leaders privately vow to remember 1972 if and when Connally moves for the 1976 Republican Presidential nomination.

Certainly, Connally's present role in the Texas Senate race extends beyond pro forma endorsement. The word is passed around Texas that Connally will vote for Sanders and wants him to win. That word is validated by the identity of Sanders's campaign manager, conservative Austin lawyer Joe Kilgore-former Congressman, present University of Texas regent, longtime friend of John Connally.

What truly rankles Tower forces, however, is open support for Sanders from Larry Temple, an ex-Connally and ex-LBJ aide who is state chairman of Democrats for Nixon. Temple has contributed \$1,450 to Sanders (a major contribution in that money-starved campaign). To many regular Republicans, Connally should either have

restrained Temple or not named him state chairman. To counteract this, the Tower campaign seeks an impression of Tower-Connally cordiality. Tower's retrospective section, sent to 2 million Sunday newspaper readers, features a photograph of the two men and a fulsome Connally-to-Tower quote ("We seem to come to you, John, with the tough assignments, but you always carry through to a successful completion").

The assumption is that Connally remains popular in Texas. State agriculture commissioner John White, co-chairman of Sen. George McGovern's Texas campaign, privately cautioned McGovern to pull his punches against Connally recently in Houston. Sargent Shriver, receiving no such advice, traveled across the state lambasting Connally, to the anguish of many loyal Democrats.

Moreover, the blessing of conservative Connally under-cuts Tower's tactics. Charging that Sanders has embraced McGovern radicalism, Tower reminds voters that Sanders is an old friend and law partner of Connally. Connally refused this is regarded by some friends as evidence he remains a Tory Texas Democrat with no intention of becoming a Republican and, therefore, no intention of running for President.

But other veteran Connally-watchers disagree. They suspect Connally feels the Republican party in 1976 might be reduced to approaching him hat-in-hand to offer the nomination. Wildly unrealistic though that was from the start, it becomes even more probable if Connally's present posture contributes to Texas regaining its Republican Senator.

## Today's Thought

Brief  
You have to believe in happiness, or happiness never comes. I know that a bird chirps none the less.

When all that he finds is crumbs.  
You have to believe the buds will blow.

Believe in the grass in the days of snow.  
Ah, that's the reason a bird can sing.

On his darkest day he believes in Spring.

### A Small Price

To the editor:  
We have been attending numerous meetings and reading articles by the Concerned Citizens for Responsive and Responsible Government (CCRRG) for the past 18 months regarding the high school addition vs the Wapping Plan. We consider ourselves ordinary residents of the town of South Windsor and we find ourselves crumpling under the avalanche of numbers and statistics handed out over these many months.

From my point of view, the only thing we must know is that the capacity of the high school is 1,200 students. High school enrollment today is 1,450 and goes up to a peak of approximately 1,650 within the next 10 years, lowering to an enrollment during those years still above the 1,200 capacity. Before they start pouring out of the bricks, let's not waste any more time in helping them.

In opposition to the CCRRG — this town is going to grow — or should we say boom. With only 22 per cent of its land area developed and other surrounding townships bursting at their seams, simple logic makes this inevitable. The Journal Inquirer ran a section on "Our Dynamic Suburbs" Feb. 22, 1972, and stated, "Growth is the key word in South Windsor's future and businesses seem eager to lock into a town with potential."

The idea of solving this problem of the overcrowded high school by taking over an elementary school which already has 464 students and restricting them to the remaining four elementary schools in town (with the use of modulars to handle the overload) is preposterous to say the least. I can't believe anyone would seriously consider this to be a "solution" but rather the creation of a whole set of new problems.

Now let's talk about costs to the taxpayer. I will over estimate the estimated figures and say that it will cost less than the price of a

### Commendation

To the editor:  
The staff of the Manchester Town Clerk's Office wish to commend the teenagers highly, who waited so patiently in long lines to apply for their Identity Cards. Their behavior was orderly and quiet, and they were both pleasant and courteous to the clerks, who worked as speedily as possible to make the lines move faster.

It is with great pleasure and satisfaction to write these words about Manchester's teenagers. Not one cross word was spoken by them when we exhausted our supply of Identity Cards, and had to turn them away.

The State Liquor Commission is trying their best to provide our office with the required number of applications and cards. Like all things that are new, it takes a little time to get everything organized to run smoothly.

## DR. LAWRENCE E. LAMB They Don't Cause Cancer

# Hialal Hernia Is Fairly Common

By Lawrence Lamb, M.D.  
Dear Dr. Lamb—First, I want you to know I read your column every day and wouldn't miss it unless I had to. So I'm giving you roses while you live. I am a woman 65 years old and have all the old age pains but try to understand that we are going to have them too. My trouble is hiatus hernia which I have had for many years. The doctor says there is nothing he can do (no surgery), that I'll just have to live with it.

I take antacids all the time and hurt an awful lot. My doctor says "watch what you eat and take antacids." I sleep with my head on blocks and elevated high in order to sleep. Can you tell me what causes these hernias and am I doing all I can do for comfort? I have to leave off so many things that I would love to eat. If I could

have surgery I'd be willing to go through that if it would hold on to what I wish you'd tell me to do if you have any other answers. Do most of these hernias become cancerous? Dear Reader—Hiatal hernias are fairly common, particularly as a person grows older. Basically, what happens is that the hole in the diaphragm where the esophagus passes through to join the stomach is too large, and it allows a portion of the stomach to slip through the diaphragm into the chest. The normal closure mechanism that closes the stomach opening is faulty, and the acid contents are squirted back into the lower part of the esophagus causing burning and pain. Keeping your head elevated is important. Lying flat at any time should be avoided to prevent the stomach contents from running back into

the esophagus. You should avoid bending over to pull weeds, bending over to tie your shoes, pick up clothes, or any head-down positions. A second way to help prevent difficulties is not to eat a large meal, perhaps five or six a day and avoiding any large meals. It takes at least an hour for the stomach to empty so you shouldn't eat anything for at least an hour and preferably two or three hours before lying down. If you have a fatty meal, it should be eaten at least the day to allow four or five hours to allow the stomach to completely empty before lying down. Cold foods, such as ice cream, tend to stay in the stomach longer and delay the stomach emptying.

In addition to antacids you should avoid coffee, colas, teas and any drinks or beverages which increase acid peptic juice by the stomach. This includes avoiding alcohol. You should also avoid smoking cigarettes. Eliminating abdominal obesity will also help decrease the pressure in the abdomen that aggravates the hernia. Girdles and tight belts are not allowed! Operations are possible but they are only indicated in a small number of patients with these problems when there are important complications that need correction. And hiatal hernias don't cause cancer. (NEWSPAPER ENTERPRISE ASSN.) Send your questions to Dr. Lamb, in care of this newspaper, P.O. Box 1551, Radio City Station, New York, N.Y. 10101. ## Olshewski-Murdock

Mrs. Peter Joseph Olshewski

Maureen Wahnette Murdock and Peter Joseph Olshewski, both of Manchester, exchanged wedding vows Saturday morning at Community Baptist Church. The bride is the daughter of Mr. and Mrs. Franklin J. Murdock of 574 Gardner St. The bridegroom is a son of Mrs. Joseph Olshewski of 101 Oliver Rd. and the late Mr. Olshewski. The Rev. Alex Elieser, assistant executive of the American Baptist Association, performed the double-ring ceremony. Mrs. John McClain was organist. The soloist was Mrs. Kay Donastad. Arrangements of assorted flowers were on the altar. The bride, given in marriage by her father, wore an empire gown of satin accented with alcon lace and pearls and designed with mandarin collar, Juliet sleeves, and detachable chapel train. Her elbow-length veil of silk illusion was arranged from a matching lace and satin headpiece, and she carried a crescent bouquet of eucalyptus filix, carnella foliage, and ivy. Her fiancée is the son of Mr. and Mrs. John Murdock of South St., Coventry, cousin of the bride.

## Dobson-Pavelack

Mrs. Brian Frederick Dobson

The marriage of Marguerite Elizabeth Pavelack of Manchester to Brian Frederick Dobson of Toronto, Ont., Can., was solemnized Saturday noon at St. Bridget Church. The bride is the daughter of Mr. and Mrs. John R. Pavelack of 83 Bading St. The bridegroom is the son of Mr. and Mrs. Lavarene F. Dobson of Toronto. The double-ring ceremony was performed by the Rev. Stephen White of St. Bridget Church. The soloist was Mrs. Andrew Winkler. Bouquets of white shasta daisies, yellow gladioli and carnations were on the altar. The bride was given in marriage by her father. She wore an empire gown of silk organza accented with alcon lace and pearl and designed with mandarin collar, long fitted sleeves, A-line skirt and chapel train. Her bouffant veil of silk illusion was attached to a camelot headpiece, and she carried a cascade bouquet of phalaenopsis orchids, white sweetheart roses, stephanotis, a single pink rose, and ivy. Miss Donna M. Webb of Ellington was maid of honor. Her empire gown of light blue chiffon and royal blue velvet was accented with blue velvet ribbon and carried a bouquet of yellow sweetheart roses and French carnations with ivy. Bridesmaids were Miss Penny Dobson and Miss Judith A. Dobson, both of Toronto and sisters of the bridegroom; Mrs. George Carneke of Manchester and Mrs. Robert Comeau of West Haven. Their gowns and picture hats were similar to those worn by the bride and attendant, and they carried bouquets of yellow French carnations and ivy. Dawn A. DeSimone of Manchester, cousin of the bride.

## Senior Baptists Meet Tomorrow

Arthur H. Dauer of Dearborn Dr. will give an illustrated talk on "This is Manchester" tomorrow at a meeting of the Senior Fellowship of Community Baptist Church at Fellowship Hall of the church. The event will open at noon with a luncheon served by the Barbara Gifford Circle. The program will begin at 1:30 p.m. The guest speaker is chairman of public relations for the Manchester Baptist Chamber of Commerce. The Senior Fellowship is open to all men of retirement age in the community. Those needing transportation may contact Mrs. William Gilroy, 181 Washington St., Vernon.

Family Dinner: Meat, Leaf, Potatoes, Broccoli, Salad Bowl, Apple Bread Pudding, Vanilla helps give delicate flavor. 1/2 cup sugar, 2 teaspoons pure vanilla extract, 2 1/2 cups milk, scalded, 3 cups dry bread cubes, 2 cups peeled, core and thinly sliced apples, 1 cup raisins. In a medium mixing bowl beat eggs slightly, add sugar and vanilla and beat to combine, gradually pour scalded milk, stirring well as you do so. In a 1 1/2-quart buttered casserole arrange alternate layers of bread cubes, apples and raisins, add the egg mixture, pouring it over the entire top. Let stand 30 minutes. Spoon some of the egg mixture (from bottom of casserole) over the top layers to moisten. Place casserole in a shallow baking pan, add hot water to come half way up side of casserole. Bake in a preheated 350-degree oven until a knife inserted in center comes out clean 1 1/2 hours. Let stand 10 minutes before serving. Makes 6 servings.

## 2.83-Inch Rainfall Saturday

Heavy rain throughout Connecticut Saturday left Manchester with 2.83 inches of rainfall, according to the town's water department. The biggest downpour came in late morning, causing minor flooding of several small streams and flooding of at least one road — Woodbridge St. The Town Fire Department pumped out the basement of the State Theater at 745 Main St., which was flooded during the storm. Manchester Police reported 16 accidents Saturday between 9:30 a.m. and about 11 p.m. All were minor, police said. The Hartford Electric Light Co. reported there were no outages due to the rains. The Southern New England Telephone Co. said many customers were without service for a short time, but the major problem, as in any storm, was static on the lines.

College Notes: Miss Judith M. Paterson, daughter of Mr. and Mrs. Neil Paterson, 104 Baldwin Rd., and Miss Pamela J. Holmes, daughter of Mr. and Mrs. Arthur Holmes, 246 Hallister St., are in England, where they are participating in the student-teacher exchange program of Keene (N. H.) State College with Ripon College and Brentwood College. Both young ladies are senior elementary education majors at Keene. Miss Karen Smith, daughter of Mr. and Mrs. George A. Smith of 280 Scott Dr., is a student teacher this term in her course of study leading to a B.A. at Cedar Crest College, Allentown, Pa.

Mayor's Watch BALTIMORE, Md. (AP) — It's one thing to steal the mayor's wristwatch, but it's another to brag about its origin and try to sell it for an inflated price. Baltimore police say it was the bragging and inflating that led to the arrest Friday of a 15-year-old boy on a charge of stealing Mayor William Donald Schaefer's \$42 watch while the mayor's arm was hanging out of his limousine window last month. Police said the arrest resulted from the boy trying to sell the watch for \$75 because it had belonged to Schaefer. A winter wedding is planned.

Connecticut's legislators will get a raise in pay Aug. 9 when they are sworn in for the 1973-74 session of the General Assembly.

Under the present pay scale the legislators received \$4,000 for the two-year session (\$2,000 per year), plus \$2,000 for expenses, plus 10 cents per mile travel allowance, plus \$25 for each committee meeting attended while the legislature was not in session.

Democratic vice presidential candidate Sargent Shriver is expected to visit Connecticut next Sunday. The time schedule for his visit is incomplete.

Richard Rittenband, Republican candidate for First District congressman, will speak to the Kiwanis Club of Manchester tomorrow.

Hugh Ward Jr. of 3 Evergreen Rd. has been named Manchester campaign coordinator for Mrs. Cle Decker.

The Connecticut McGovern-Shriver Committee today and tonight conducted a series of teach-ins, rallies and canvassing activities to mark what state McGovern coordinator Don Tucker called, "The fourth anniversary of President Nixon's 1968 statement on the war."

Mrs. Estelle Flanagan, Democratic candidate for the 4th Senatorial District, has named Manchester Town Counsel David Barry her campaign manager and Robert Lloyd Fraunglass of Glastonbury her campaign coordinator.

State Sen. David Odgaard of Manchester, the incumbent in the 4th District, has compiled figures which show the breakdown of voters in the eight-town district, which consists of about 40 per cent of Manchester, plus the entire towns of Glastonbury, Andover, Bolton, Coventry, Hebron, South Windsor and East Windsor.

Horse Player's Last Wish

Granted

MIAMI (AP) — Eugene Gross Sr., whose love of horses led him to gamble away fortunes at race tracks, got his last wish Friday when his ashes were scattered around the main entrance to the grandstand at Hialeah Race Track.

Gross, 78, died Sept. 29 of a heart attack. He left instructions to his son, Eugene Jr., and daughter, Mrs. Lillian Hardy of Washington, D.C., that he wanted his body cremated and the ashes taken to Hialeah.

"Not near the clubhouse, he didn't like the clubhouse," Gross said. "He said he came out to the horses, not the people."

"Pat Tuesday" is the literal meaning of the French term, "Mardi Gras," which is "fat Tuesday."

Under the present pay scale the legislators received \$4,000 for the two-year session (\$2,000 per year), plus \$2,000 for expenses, plus 10 cents per mile travel allowance, plus \$25 for each committee meeting attended while the legislature was not in session.

# Auburn and Florida In Cinderella Group

**NEW YORK (AP)**—The latest Cinderella teams—Auburn and Florida—got to try on college football's glass slipper for real next weekend.

Auburn, 19-13 conqueror of 18th-ranked Mississippi Saturday after upsetting Tennessee the previous week, now travels to Louisiana State while Florida, fresh from a shocking 42-13 rout of 18th-ranked Florida State, visits Alabama. Both LSU and Alabama are in The Associated Press Top Ten.

"Every man who played made a major contribution," Auburn's Shug Jordan said after the unheralded but now 17th-ranked Tigers overtook favored Ole Miss with a 16-point outburst in the third quarter.

Florida's Doug Dickey told much the same tale after the Gators broke open a tight game with three second-period touchdowns, including runs of 46 and seven yards by speedy sophomore Nat Moore.

"The defense just did a super job of getting us the ball," Dickey said after watching Florida State lose six fumbles and four interceptions.

The only other member of the AP's Top Twenty to taste defeat was No. 15 Stanford, a 30-21 loser to top-ranked Northern California's revenge-minded Coach John Mackay.

Elsewhere, while second-ranked Oklahoma, sixth-ranked Nebraska and No. 20 Iowa State all were idle, third-ranked Ohio State rallied from a 9-3 halftime deficit on three third-period touchdowns by sophomore Hassel Stanback's three touchdowns and Art Reynolds' 96-yard run with an interception paced No. 10 Tennessee past Memphis State 28-6.

Sonny Sikiliter hit for three touchdowns passes—two to John Brady—but 11th-ranked Washington needed Cal Jones' deflection of an Oregon pass in the end zone with 12 seconds left to subdue the Ducks 23-17.

No. 12 Colorado rebounded from its loss to Oklahoma State with a 38-17 decision over Kansas State.

Kermit Johnson scored twice as UCLA, No. 14, rallied in the second half to best stubborn Arizona 42-31. No. 16 Penn State, which hadn't scored a first-half point in three previous games, exploded for 28 points and whipped Illinois 35-17.

Air Force, ranked 19th, leveled Colorado State 22-13.

# Yale Rebounds to Top Colgate, Bridgeport Outscores Central

**They say history repeats itself.** At least in Yale's case, they're right.

The Red Raiders of Colgate had never beaten Yale twice in a row in college football. Although Colgate might repeat last year's defeat of Yale, the Elis rebounded from a 7-0 first half deficit, scoring four second-half touchdowns, to overwhelm the visitors 27-7 at the Yale Bowl.

In a major intra-state game, played Sunday after being postponed Saturday due to rain, the previously undefeated Central Connecticut Blue Devils fell to the power of the University of Bridgeport, 25-18.

Coach Ed Farrell's Purple Knights, down 18-17 with 3:59 left, cashed in on a 12-yard pass from quarterback Roy Perera to star end Chuck Corneil followed by a two-point conversion to win the game.

It was UB's 14th consecutive win, the longest college streak in the nation, and fourth of this season.

The University of Connecticut won a squeaker from Yankee Conference foe Southern Connecticut, led by Larry Kane's five touchdowns, romped over Springfield, 44-20. And Coast Guard defeated Norwich University for the first time since 1964, 20-6.

The Cadets, 2-0, got off to a 13-point first quarter with the first touchdown coming on the fourth play from scrimmage. Norwich kicker John Bressett, back to kick from his end zone, fumbled and Dave Lorenz pounced on the ball for a touchdown.

For Southern Connecticut, 31, Kane rushed 10 yards, 23, 14 and 51 to score five touchdowns, a school record, four of them in the second half. He carried 21 times for 186 yards.

Yale, unable to do much of anything in the first half on the rain-soaked bowl turf, penetrated Colgate territory only once in the first 30 minutes and then only to the 40 yard line.

But in the second half, the Bulldogs turned three Colgate fumbles, two by quarterback Tom Parr, into touchdowns and

added a fourth for good measure as the clock ran out.

Yale is 2-0 overall and 0-0 in the Ivy League.

Quarterback Billy Parrington tossed for 21 yards and 27 yards to Rudy Green and Dick Jauron respectively, for the Elis' first two TDs, then ran seven yards himself for the third score.

Substitute quarterback Tom Doyle pitched a 25-yard pass to Tom Clauss for Yale's final 6 points.

Yale carried 31 times for a mere 56 yards during the first half, compared to Colgate's 43 carries for 120 yards and one touchdown. During the second half, Yale rushed for 96 yards against Colgate's 47, while the Elis picked up 118 yards passing against Colgate's 83.

Yale's record-breaking runner, senior halfback Jauron, was held to 39 yards rushing while Colgate's leading runner Mark van Englen, rushed for 71 yards.

Hats off to both Ted Martin at Manchester High and Cliff Demers at East Catholic High for having a hand in postponing last Saturday's scheduled football game due to the weather, which was fit only for stout-hearted fishermen. Several years ago this writer took a swipe at Manchester High officials for going ahead with a scheduled home football game under conditions similar to those that prevailed last Saturday and one reader took exception and pointed out that in life, and war, action doesn't come to a halt when it rains cats and dogs...

## Notes Off the Cuff

Manchester's two native major league baseball players, Jay Johnstone of the Chicago White Sox and Tom Keenan of the Atlanta Braves, didn't distinguish themselves too well during the 1972 season. Johnson, an outfielder, batted only .191, third lowest in the loop among players who batted 250 or more times.

**Mrs. Nellie Bradley**  
 Mrs. Nellie Bradley, 92, of 44 Greenwood Dr., widow of George Bradley, died Sunday at a Manchester convalescent home.

Mrs. Bradley was born March 20, 1880 in Glasgow, Scotland, and had lived in Manchester since 1944. She had been employed as a buyer at the G. Fox and Co., Hartford, from 1918 until she retired in 1943. She was a member of Second Congregational Church, a former chairman of its Lacy Spencer School, and had taught Sunday School at the church for many years. She had worked for many years at The Gift Shop at Manchester Memorial Hospital as a volunteer of the Hospital Auxiliary.

**Goods valued at about \$200** were taken in a Friday night break into the Fox Grove Country Club at 454 Keeney St., police reported today.

Entry was apparently gained via a window, and the intruders left by a door, police said.

Reported missing were five dozen golf balls, four cartons of cigarettes, four dozen golf gloves, three sport shirts, two jackets, and a small amount of cash.

Investigation is continuing.

**A 15-year-old pedestrian**, Cynthia Lankford of 41 Grant Rd., was treated at Manchester Memorial Hospital Saturday night for injuries she received when struck by a car on Keeney St., police reported today.

Police said she was hit by a Ford Mustang.

**WALLINGFORD (AP)** — Sen. Lowell P. Weicker Jr., R-Conn., contrasts the "open love" that built a new wing to the Masonic Home and Hospital with a trend toward "national selfishness."

"Projects backed with open love like the hospital's renovation are an endangered species," Weicker said Saturday at dedication ceremonies for the wing. "Today's nation is in a mood of 'I've got mine and the hell with everyone else'."

No one can get away with this attitude, Weicker said. "It is because Americans have always lived for somebody else that we have achieved a strength and resolve far beyond our actual numbers and resources."

The new wing, a three-story, 150-bed structure, will connect the Masonic Home building with the complex's hospital building.

**Tanzania's Serengeti National Park** contains 5,700 square miles and shelters the largest concentration of big wild animals left in the world.

Noting that U.S. imports of fish were increasing, O'Rourke said that if action isn't taken it will become impossible to buy fish in the country within five years.

"We cannot get the supply if the situation off the coast is ignored," he said. "We are not looking for a handout, only for a chance to recover."

**McGovern To Unveil Plan To End War**  
 By GREGORY NOXES  
 Associated Press Writer

Sen. George McGovern will go on television tonight to announce his plan to end the Vietnam war and predict that anyone who wishes "will vote for that tricky stuff."

Democratic vice presidential candidate Sargent Shriver's statement that Americans "would prefer honest politics to that tricky stuff."

—Disclosure that President Nixon plans to maintain a light campaign schedule through the election on Nov. 7.

Other developments as the election campaign moved into its final four weeks included:

—A Washington newspaper story quoting law enforcement authorities on an alleged Republican sabotage campaign against Democratic presidential candidates.

—An appearance by Vice President Spiro T. Agnew at an extravaganza in Anaheim, Calif., where he said Sen. McGovern "tries to obfuscate the issues in emotional rhetoric and reckless and groundless insinuations of corruption and scandal in high places."

—Democratic candidate Sargent Shriver's statement that Americans "would prefer honest politics to that tricky stuff."

—Disclosure that President Nixon plans to maintain a light campaign schedule through the election on Nov. 7.

McGovern supporters, including Sen. Edward M. Kennedy, D-Mass., sought Monday to create interest in McGovern's television appearance in speeches marking the fourth anniversary of Nixon's 1968 campaign statement on the war that "those who have had a chance for four years and could not produce peace should not be given another chance."

McGovern's war speech will be aired nationally by CBS television and some other television outlets at 7:30 p.m. EDT and 6:30 p.m. CDT. It will be repeated at 7:30 p.m. MDT and PDT.

In Detroit Monday night, McGovern said talk of an impending peace settlement under the Nixon administration is "just election-year talk." He said the United States has suffered 40 percent of its casualties and lost 550,000 men as prisoners or as missing since Nixon was elected president.

Vice President Agnew addressed an overflow crowd in Anaheim's 9,000-seat convention center following a parade of personalities ranging from Frank Sinatra and John Wayne to the White House aide Ken W. Clawson has acknowledged fabricating a letter that damaged the Democratic candidates.

The newspaper quotes law enforcement sources as saying the Clawson letter is the best example of a Republican strategy of sabotage directed at Democratic presidential contenders as early as 1971, before the primary campaigns began.

The Post said FBI agents have established that the break-in and alleged bagging of Democratic national headquarters also stemmed from the same sabotage campaign directed by officials of the White House and the Committee for the Re-election of the President.

Another example, the Post said, was alleged attempts by Donald Herbert Segretti to recruit GOP undercover agents to disrupt Democratic activities. The Post said Segretti, a former Treasury Department lawyer who now maintains offices in Marina Del Rey, Calif., has been identified in FBI reports as an operative of the Nixon campaign.

A spokesman for the Nixon committee, DeVan L. Shumway, said "the article in the Post is a piece of fiction."

The Post quoted investigators as saying the sabotage campaign included: "Following members of the media and the press; forging letters and distributing them under the candidates' letterheads; leaking false and misleading information to the press; throwing campaign schedules into disarray; seizing confidential campaign files; and investigating the lives of dozens of Democratic campaign workers."

Clawson, deputy director of White House communications, could not be reached for comment Monday night. A newsman who telephoned his home was told via the White House switchboard that he had been called for the night and that his wife did not wish to be awakened him.

The document, Clawson allegedly wrote a letter to the editor of the Manchester (N.H.) Union Leader. It accused the Maine senator of condoning a racial slur against Americans of French-Canadian descent by referring to them as "Canucks."

The letter, signed by a Paul Morrison of Deerfield Beach, Fla., said the writer attended a Muskie appearance at Fort Lauderdale when someone asked the senator "what did he know about blacks and the problem of integration?"

At last Tuesday's public hearing, various changes were proposed — some tightening the restrictions, others easing them. The directors will review the proposals, prior to taking action on the ordinance.

In other business, the board will consider action on 10 proposed additional appropriations to the 1972-73 budget, with five to be financed by equivalent grants or fees, and five from unappropriated 1971-72 surplus. The Manchester Progressives Association Executive Board is opposed to financing the five items from unappropriated surplus. It recommended the last week they be financed by available funds in the contingency fund.

Other items to be considered are:

—A \$5,500 allocation for the town's cost share of traffic lights authorized by the Board of Directors in April.

—A \$1,937 allocation for reimbursing Green Manor for installing increased pipe-size water acquisition of Case Mountain and Dr. An approved procedure when developers adhere to town regulations.

**High Court Will Review State Remapping Plan**  
 WASHINGTON (AP) — The Washington Post says the FBI has established that the Watergate bugging incident developed from a campaign of political spying and sabotage on behalf of President Nixon's re-election.

And, the newspaper said in today's editions, the "massive" campaign was directed by White House officials and the Committee for the Re-election of the President.

The newspaper reported that White House aide Ken W. Clawson has acknowledged fabricating a letter that damaged the Democratic candidates.

The newspaper quotes law enforcement sources as saying the Clawson letter is the best example of a Republican strategy of sabotage directed at Democratic presidential contenders as early as 1971, before the primary campaigns began.

The Post said FBI agents have established that the break-in and alleged bagging of Democratic national headquarters also stemmed from the same sabotage campaign directed by officials of the White House and the Committee for the Re-election of the President.

Another example, the Post said, was alleged attempts by Donald Herbert Segretti to recruit GOP undercover agents to disrupt Democratic activities. The Post said Segretti, a former Treasury Department lawyer who now maintains offices in Marina Del Rey, Calif., has been identified in FBI reports as an operative of the Nixon campaign.

A spokesman for the Nixon committee, DeVan L. Shumway, said "the article in the Post is a piece of fiction."

The Post quoted investigators as saying the sabotage campaign included: "Following members of the media and the press; forging letters and distributing them under the candidates' letterheads; leaking false and misleading information to the press; throwing campaign schedules into disarray; seizing confidential campaign files; and investigating the lives of dozens of Democratic campaign workers."

Clawson, deputy director of White House communications, could not be reached for comment Monday night. A newsman who telephoned his home was told via the White House switchboard that he had been called for the night and that his wife did not wish to be awakened him.

The document, Clawson allegedly wrote a letter to the editor of the Manchester (N.H.) Union Leader. It accused the Maine senator of condoning a racial slur against Americans of French-Canadian descent by referring to them as "Canucks."

The letter, signed by a Paul Morrison of Deerfield Beach, Fla., said the writer attended a Muskie appearance at Fort Lauderdale when someone asked the senator "what did he know about blacks and the problem of integration?"

At last Tuesday's public hearing, various changes were proposed — some tightening the restrictions, others easing them. The directors will review the proposals, prior to taking action on the ordinance.

In other business, the board will consider action on 10 proposed additional appropriations to the 1972-73 budget, with five to be financed by equivalent grants or fees, and five from unappropriated 1971-72 surplus. The Manchester Progressives Association Executive Board is opposed to financing the five items from unappropriated surplus. It recommended the last week they be financed by available funds in the contingency fund.

Other items to be considered are:

—A \$5,500 allocation for the town's cost share of traffic lights authorized by the Board of Directors in April.

—A \$1,937 allocation for reimbursing Green Manor for installing increased pipe-size water acquisition of Case Mountain and Dr. An approved procedure when developers adhere to town regulations.

**Silverstein Youth Center Planned**  
 The board of directors of Temple Beth Shalom Monday night gave its unanimous backing to a proposed Silverstein Youth Center, to be constructed on Temple Beth Shalom grounds and to be a "Living Memorial" in honor of the late Saul and Rigi Silverstein.

The proposal was made by Mr. and Mrs. Nat Schwedel, longtime friends of the Silversteins. Mr. Schwedel is a past president of Temple Beth Shalom. He and his wife head a committee that will make plans for fund-raising and the eventual construction. The Youth Center would be an adjunct to Temple activities and would include community participation.

Mr. Silverstein was a founder and the first president of Temple Beth Shalom, serving 11 years in the post, and was the retired president of Rogers Corp. He died last May in Tasmania, while on his 10th trip around the world.

Mrs. Silverstein was a founder of the Temple and of its Sisterhood, which she served as president. She died in April 1970.

Schwedel said he will announce plans for the fund drive and the Youth Center as they develop.

**CR&L Bus Riders Afoot**  
 BRIDGEPORT, Conn. (AP) — Fifteen thousand people stopped reading about the "bus crisis" today and started looking for rides to work.

Connecticut Railway & Lighting Co. buses, the principal public transportation in Bridgeport, Waterbury and New Britain, stopped running. The company refused to take any more losses and the union refused to take a pay cut.

As the drivers finished their evening runs and parked the buses in barns Monday night, Gov. Thomas J. Meskill ordered an investigation into the breakdown of contract talks.

Waterbury Mayor Victor Mambro, using a power usually reserved for the state-utility Utilities Commission, asked a small company, the Northeast Bus Line, to provide emergency service in the downtown area and to factories.

"If this was a strike, we wouldn't even think about it," Meskill said in a statement. "The company's refusal to take a pay cut is a disgrace. The doors are open right now and people can come in but they're not getting paid."

# Viet Talks In Third Day

**WASHINGTON (AP)** — Henry A. Kissinger went into an unprecedented third day of talks with the North Vietnamese in Paris today, then took time out to call on the French foreign minister, Maurice Schumann.

The presidential adviser on national security affairs went to the foreign minister with Arthur K. Watson, the U.S. ambassador to France.

Reports in Paris said Kissinger is believed to have convinced the North Vietnamese with Schumann's evidence that, if nothing else, Kissinger and the North Vietnamese have increased the pace of negotiations.

A flurry of reports in recent days that peace might be near has been dispelled by the White House and the North Vietnamese as speculation.

Kissinger is expected to return to Washington tonight, at about the same time that Democratic presidential candidate George McGovern goes on television to outline his plan for ending the war.

Campaigning near Detroit Monday night, McGovern said he fears the prediction of an imminent peace is "just election-year talk."

The extended Kissinger trip to Paris — his 19th over a three-year period — and Bunker's session with Thieu raised still more speculation.

Last Thursday, while Nixon was telling newsmen that the peace talks had reached a sensitive stage, the chief Viet Cong delegate to the Paris talks was saying that the two sides "remain very far apart on political and military questions."

The latest proposal for discussion at the Paris peace talks, which resume Thursday, was made by the Viet Cong. It calls for the Thieu government to resign in favor of a trilateral regime composed of representatives of Viet Cong forces, neutralists and the Saigon administration, minus personnel connected with Thieu.

The United States said such a plan would lead to "prolonged warfare and communist dictatorship by the North."

**Pension Revision Leads Board Meeting Agenda**  
 By SOL R. COHEN  
 (Herald Reporter)

The Manchester Board of Directors is expected to take action tonight on proposed revisions to the pension ordinance and on a proposed ordinance which would ban the use of motorboats on Union Pond. Public hearings were held last Tuesday on both proposals.

The proposed revisions to the pension ordinance would provide a cost-of-living increase for pensioners on Jan. 1, 1973. The increase would be 3.5 per cent, retroactive to July 1. Benefits for pensioners were increased last as of July 1, 1971. The Pension Board and the Pensioners Group are recommending yearly cost-of-living increases for retired members of the Pension Plan or their beneficiaries.

The proposed ordinance relating to Union Pond would prohibit the use there of any boat propelled in whole or part by an internal combustion engine. Not banned would be boats propelled by electric motors.

At last Tuesday's public hearing, various changes were proposed — some tightening the restrictions, others easing them. The directors will review the proposals, prior to taking action on the ordinance.

**Approval of short-term borrowing** against assessments for Greenwood Dr. and Overlook Dr. sanitary sewers.

Clarification of the 1972-73 Library Account, which is about \$3,600 short for salaries.

Authorization for the town manager to sign an agreement with the State of Connecticut, relative to the town's cost for relocating utilities in that section of Hites 4 and 4A (from Manchester Green to Lake St.), which will be widened by the state next year.

Approval of inclusion of about one-half acre of land within the Town of Manchester and owned by the East Hartford Golf and Country Club in application for open-space funds by the Town of East Hartford which plans to acquire the golf club property.

Appointment of a replacement for Francis L. Hjarne on the Civil Defense Advisory Council and for Alan W. Gates on the Human Relations Commission. Both have resigned.

Approval of a proposed \$2,300 accident-case settlement for Mrs. Julia Barron of 3 Preston Dr.

Tabled until November are decisions on proposals for town acquisition of Case Mountain and Dr. An approved procedure when developers adhere to town regulations.
