

Then
and
...Now

Manchester Lodge of Masons has occupied these two temples, in the center of town, during the last 100 years. The lodge has the longest continuous history of any town society, having been chartered in 1826, three years after the incorporation of Manchester. Its seven charter members had been members of Orient Lodge in East Hartford, of which Orient Parish and later Manchester were originally parts. The building in the upper photo later became Center Academy, one of the town's "two select schools" between 1850 and 1860. According to Mathias Spiess and Dr. Percy W. Bidwell in their "The History of Manchester, Connecticut," published in conjunction with the town's 1923 centennial observance, "A vote of the town meeting of 1847 granted permission to construct the Center Academy in the highway at the Center." It was eventually moved to Birch St. and became the basis for the present structure on the south side of the street, occupied by a florist, typewriter service, and residents. For years, it was known as the Princess Block, housing the Princess Theater.

Bus Workers Can Collect Jobless Pay

HARTFORD (AP)—Employees of the Connecticut Railway and Lighting Co. unable to work because of the bus company's suspension of service are eligible for unemployment compensation benefits, Labor Commissioner Jack A. Fusari ruled today. Fusari said the basis for his decision was that the company was "ready, willing and able" to work under conditions of their expired contract pending negotiation of a new agreement. "The employees did in fact report for work on Oct. 10, 1972 but were advised by the employer that it had discontinued its operations and, therefore, the employees were denied the opportunity to work," a statement from Fusari's office said. Fusari said about 250 employees of the firm have filed claims for unemployment compensation benefits at Labor Department offices in New Britain, Waterbury and Bridgeport. "If the company desires to permanently discontinue its operations, employees will remain entitled to benefits" under the normal type of situation where an employer decides to go out of business on a permanent and bona fide basis, Fusari said.

Meeting Planned

The Manchester PTA for Exceptional Children will hold a general meeting at Kenney St. School Tuesday at 7:30 p. m. Anyone interested in the welfare of the exceptional child—gifted, retarded, emotionally or physically handicapped, or one with a speech, hearing, or vision disorder—is invited. After the business meeting, a film, "Early Recognition of Learning Disabilities," will be shown. Also on the agenda will be a discussion of the purposes and goals of the PTA unit.

ACQUIRE ART MANITOBA (AP)—A major share in what is believed to be the world's finest collection of Eskimo art has been purchased by the Manitoba, Canada, government and will be placed in the Winnipeg art gallery. The carvings were acquired over several decades by Winnipeg biologist-businessman Jerry Toomey.

REALISTIC
WICHITA, Kan. (AP)—At a recent meeting of Wichita chapter of Executive Secretaries, Inc. here, an executive secretary of Elmer Fox & Co., an accounting firm, when asked for a slogan to describe the firm's philosophy, said "In God We Trust, All Others We Audit."

Some are flouting the law opened in hopes of proving it an unconstitutional infringement upon the employer's right. "The real aggravating cases are those who say they're violating the act and want to challenge it," said George Koutras, an assistant general counsel of the U.S. Civil Service Commission.

In an interview, Koutras described the workers' response this year to the restrictions of the Hatch Act, a 1938 law designed to inoculate federal employees against the fever of partisan politics.

But a few take the plunge into the partisan activity forbidden by law—soliciting funds for a candidate, stuffing envelopes for him, engaging in the whole range of campaign activity.

Many federal employees just don't know that they're not supposed to campaign for candidates, while others know it and do it anyway," Koutras said.

He cited a legal challenge filed by two federal employees in California who reportedly worked openly for Sen. George McGovern's primary campaign.

In addition to federal workers, the act also applies to thousands of state and local government employees who work for agencies receiving federal funds.

Few federal workers violate the Hatch Act, Koutras said. From Jan. 1 to Sept. 15 of this year.

Hundred Club To Offer Grant

An annual scholarship of \$1,000 was established by the Hundred Club of Connecticut at a meeting of its executive board. It has been named the Anthony G. Ustinavskas Foundation Scholarship in memory of the late founder of the Hundred Club. It will be open to competition only by sons and daughters of members of the police and fire department within the state who died in the line of duty. The Hundred Club was established to provide help to the widows of policemen and firemen killed in the line of duty. It also provides scholarships for their children. The Ustinavskas Foundation Scholarship is the newest. It is also the most generous of the many scholarships granted. It will be administered by the University of Connecticut.

High Society Breaks Tradition

DETROIT (AP)—Emily Post probably never had to decide whether to put a grille on a 300-pound call or feeding several hundred of the social set hot dogs and hot tamales because the high society of her era probably didn't play cowboys. But Dolle Cole and her husband, General Motors President Edward Cole, covered the blue blood with blue jeans Tuesday for a minirodeo because hostess Cole said she's "bored to tears with all those stand-up cocktail parties." It was an intimate gathering for several hundred close friends at the Michigan State Fairgrounds, and charades and other party games were replaced with such as: call tying, riding horseback in a suitcase race and dressing calves in ladies' underwear. Mrs. Cole said the bovine lingerie was purchased at a shop which caters to large women.

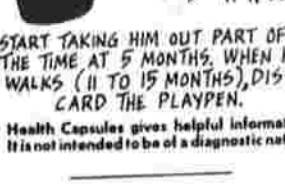

LEJ To Speak
CHARLOTTEVILLE, Va. (AP)—Former President Lyndon B. Johnson will speak at University of Virginia graduation ceremonies here next June, according to Pat Patrick, the senior class president.

Patrick said he had received Johnson's acceptance, which said that the former president, who has been in poor health lately, would be pleased to deliver the June 4 address, health permitting.

Johnson's son-in-law, Charles Robb, is a law student here and will be one of the 2,800 graduates.

Bake Sale Set Saturday

Instructors of the Handicapped (IHH) will hold its annual mobile bake sale Saturday from 9 a. m. to 4 p. m. From their starting point at Concordia Lutheran Church, the teen-age volunteers will tour the town in station wagons. Each vehicle will have a variety of baked goods to be purchased. Proceeds of the sale will be used to buy equipment and pay operating expenses. IHH has a membership of 99 volunteers. Every Sunday afternoon, October through May at the Manchester High School pool, they give swimming instructions to about 100 mentally and physically handicapped children from Manchester area towns, and the Mansfield State Training School.

Partial Cease-Fire Under Discussion?

SAIGON (AP) — Henry A. Kissinger and President Nguyen Van Thieu conferred for nearly four hours today amid reports that a partial cease-fire is being discussed. The South Vietnamese sources who reported that a cease-fire proposal was being discussed said it probably called for a partial truce as a "good will" gesture that could lead to further agreements. "It is impossible to have any cease-fire that could be enforced, even by international body," said one South Vietnamese official. McGovern, Agnew Share Platform At Charity Fete

By THE ASSOCIATED PRESS
For the first time in the 1972 presidential campaign, Democratic presidential nominee George McGovern and Vice President Spiro T. Agnew have shared a speaking platform. McGovern, former Smith 1928 Democratic presidential nominee — a man who knew "the true use of power." The vice president said the United States "must be powerful, not because power in and of itself is desirable, but because it can be used for good."

McGovern took cognizance of Nixon's absence from the charity dinner at the Waldorf Astoria ballroom. "I'm sorry that President Nixon can't be with us tonight," the Democratic nominee said. "But I'm sure that somewhere, somehow he's listening in."

He Calmly Chats About Hijacking

By JAY SHARBUITT
AP Television Writer

NEW YORK (AP) — The sandy-haired Georgian sat in his pleasant Savannah home, calmly chatting about how he hijacked an airplane to Cuba three years ago with the ultimate aim of killing Fidel Castro.

"I got up and I held the gun down on my left side so none of the passengers could see it," he said.

"I walked up and tapped on the cabin door and it was opened. And I just said, 'Do you mind taking me to you know Cuba?'" He (the pilot) said, "Not at all. There was a jumpseat on my left side and I sat down. All systems were go."

The speaker, Robert Helmy, described his escape for reporter Bernard Kalb in an exclusive CBS study called "The Air Pirates — Can They Be Stopped?"

The program aired tonight at 9 p.m. EDT. It undoubtedly will cause grumbling among airline officials who need at any skyjacking story on the theory that it often causes new ones.

But they needn't worry about this show. It is no glorification of the skyjacker. It does offer an intelligent look at the upsurge in skyjacking since 1969 and examines what is being done to protect airline crews and passengers.

In Helmy's case, it lets him explain what happened to him in detail. He was on a flight from New York to London and then back to the United States. He was tried on air piracy charges and "sentenced to 30 years in prison," according to Kalb.

Later on, nearly all quarters are heard from — crew members, passengers, a psychiatrist, a Federal Aviation Administration official and two airline security chiefs.

The show's reporting is generally restrained and low-key. Ironically, its main fault is its cursory treatment of a sporadic controversy — news coverage of a Pan American Airlines security official gets to the meat of the dispute. He complains that skyjacking stories often contain too much detailed "how" — how the skyjacker did it or how the authorities foiled the effort.

"And in this area we find a great deal of irresponsibility in reporting," the official says. He calls such reporting "highly dangerous."

The program does particularly well in detailing the squabble between airlines and the government over who should bear the major burden of deterring the skyjacker.

A lot of progress has been made since 1968, but as Kalb points out, "there have been 26 hijackings in the United States so far this year, three more than in all of the last year."

There also have been thousands of routine flights. But trying that to the poor soul whose airplane was hijacked in California this year.

Sheinwold on Bridge

You lead a trump to dummy's seven and ruff another club. You would still have a play for the contract if the clubs failed to drop to obligingly. Upon reaching dummy with the ace of spades you could lead a diamond, hoping the building is to East had the ace. It was wiser to play for the clubs since that would give you two chances for the contract.

Daily Question
The opponent at your right bids one spade, and you hold: Spades, 5; Hearts, A-K-4-4; Diamonds, A-7-4-3; Clubs, J-4-2. What do you say?
Answer: Double. This asks partner to bid his best suit. You will be happy if partner bids hearts or diamonds and you will be content even if he responds in clubs. This takeout double gives you the best chance to find a good bid, an overcall of two hearts might run into a bad break.

Columbia Old School Slated To Become Museum

The Board of Education has given the Columbia Historic Society permission to use Moor's Indian Charity School as a museum. The building is to be painted next week and the CHS will submit a list of needed repairs to the board.

The board tabled action on the appointment of a school museum advisor until more complete information is given.

School Superintendent Arthur Kirby and Principal Clarence Edmondson met with Dr. Edwin Basden recently and Dr. Basden agreed to serve as school museum advisor. However, it was stated at this week's meeting that no fee was given, and the board does not know what the functions of the museum will be. The board approved Dr. Basden serving in that capacity, but Dr. Kirby was unable to attend the meeting to clarify the matter.

The board ratified teachers' salaries for 1972-73. Mrs. Susan Russo, GOP candidate for the 19th Senatorial District, Mrs. Gilman, who is relatively unknown in town, is anxious to meet as many residents as possible. Mrs. Anderson said.

Bolton Plans Under Way For Christmas Fair

Work continues in preparation for the Old-Fashioned Christmas, the annual fair sponsored by Bolton Congregational Church to be held Nov. 4 from 10 a.m. to 4 p.m.

General chairman Edith Bass announces the following booths and committee chairmen: Edna Lee, aprons; Jackie Moore, homemade candies; Mary Custance, baked goods; Jay Farris, knit goods; Beverly Webb and Betty Thrope, old jewelry.

Items are needed for all booths, and persons wishing to donate articles may contact Mrs. Bass at her home on Elm St., Rockville.

Artists in Show
Two Bolton artists have been selected to exhibit their works in a juried show at the Gallery on the Green in Canton.

Priscilla Murray of School Rd. has submitted an acrylic combining montage and hard edge techniques entitled "Come Fly With Me" of Helen Rd. P.

Diene Urain of Hebron Rd. is also exhibiting.

Parents of children in the Elementary and Center Schools are reminded to return money for the calendar as soon as possible.

Bolton's town offices will be closed Monday in observance of Veterans' Day.

Box Lunch Party
Democrats will hold an old-fashioned lunch auction Nov. 4 at 7 p.m. in the Herrick Memorial Park recreation building.

Ladies planning to attend are asked to bring a "surprise" box containing dinner for two. Gentlemen will bid on the lunch and enjoy the meal with its creator at the park.

The townwide clothing drive sponsored by the Bolton Ecumenical Council will be held Saturday from 10 a.m. to 1 p.m. Trucks will pick up items left on doorsteps.

The class of 1974 at Bolton High School is sponsoring a run-rummage sale Sunday from 10 a.m. to 4 p.m. at Bolton Notch shopping center.

Mail Delivery May Be Costlier

KANSAS CITY (AP) — The decision by the U.S. Treasury Department to mail Kansas City's first \$10 million revenue-sharing check instead of permitting a city representative to pick it up may cost the city almost \$1,400.

Walter Van Assel, assistant city manager, said Wednesday it would cost about \$160 to send someone to Washington to get the check, which would allow the city to draw two additional days' interest — about \$700 a day.

However, the department apparently plans to mail the check Oct. 30 or 31. The check is expected to be post-dated to Oct. 30.

Shield Law Opposed By Governor

HARTFORD (AP) — Gov. Thomas J. Meskill said he opposes the idea of a "shield law" that would protect newsmen from having to reveal confidential sources to grand juries.

"I don't think that's ever been recognized as a privileged communication," he said of information gathered by newsmen who promised to keep their sources confidential.

The governor had been asked at a news conference about the case of a New Jersey newspaperman now in jail for refusing to answer a grand jury's questions about information he said was confidential, and about the prospects for a "shield law" in Connecticut to prevent a similar case here.

The U.S. Supreme Court earlier this year ruled that the first amendment to the U.S. Constitution doesn't guarantee newsmen freedom from contempt of court proceedings if their refusal to answer a grand jury's questions is based on the confidential nature of the answer. The decision left room, however, for passage of laws guaranteeing newsmen such freedom.

The Candidates

...in 4th Senate District

State Sen. David Odagard

Estelle Flanagan

State Sen. David Odagard, Democrat, resides at 27 McCann Dr., Manchester, with his wife, the former Karin Naymaster of Osseo, Minn., and their three children. The family has lived in Manchester since 1963.

A native of St. Cloud, Minn., Odagard is an engineer by profession. He now is a Realtor, with his office at 27 McCann Dr. He is serving his first term in the State Senate and is on five committees - appropriations, education, state and urban development, public personnel and military affairs, and liquor control. Prior to being elected state senator, he was Manchester deputy mayor and was on the Board of Directors from 1966 to 1971.

A graduate of the Michigan Technological University, Soughton, Mich., he attended the University of Connecticut Graduate School of Engineering and the University of Hartford School of Political Science. Prior to becoming a Realtor, he was an electrical engineer at Pratt and Whitney, East Hartford.

He has been listed in "Outstanding Young Men in America" and "Who's Who in American Government." In 1968, at the age of 26, he received the Manchester Jaycees' Distinguished Service Award.

Political Pacifier

Kennedy Galleries Purchase Painting

NEW YORK (AP) — Kennedy Galleries has bought Thomas Anshutz' "Steelworkers-Noontime" for \$250,000, the highest paid at auction for an American painting or other work of art.

Anshutz, who did the painting between 1950 and 1962, greatly influenced the work of Thomas Eakins, whose "Cowboys in the Badlands" commanded the previously high sale price of \$210,000.

Kennedy Galleries also paid a record price for an American water color Wednesday night in purchasing Charles Buchfield's "Black Iron" for \$65,000.

The sale at Sotheby Parke Bernet Galleries of more than 60 American paintings from the estate of Dr. and Mrs. Irving Burton of Huntington Woods, Mich., brought a total of \$930,800.

DES MOINES, Iowa (AP) — When Gov. Robert Ray and his top aides huddle, they sometimes pass a small football back and forth to "relieve tension," the governor's confidential secretary says.

Mrs. Janet Van Note, 34, Ray's secretary since he took office in January 1969, recalls that she once walked into a meeting and an aide tossed a football to her and cautioned, "Think fast, Jan."

She did. She ducked.

"It's a tension reliever, really. A tension pacifier," she said.

State Man Wins At Horse Show

HARRISBURG (AP) — Olympic rider William Steinkraus of Norton, Conn., and Kathy Kusner of Monton Md., won Wednesday's two jumping events in the week-long Pennsylvania National Horse Show.

Miss Kusner edged Frank Chapot of Newhant, N.J., by two tenths of a second in the first 11-fence race, time being the deciding factor after both had no faults. Steinkraus was third.

In the other jumping contest, Steinkraus defeated Elizabeth Ashton of Ontario by three seconds, Chapot coming in third.

National Welfare Costs Reach Record High Of \$18.2 Billion

WASHINGTON (AP) — National welfare costs reached a record \$18.2 billion in the last fiscal year, but the rate of increase slowed for the first time in five years, the government says.

The Department of Health, Education and Welfare reported that the increase was 17.4 per cent, or \$2.7 billion, compared to 29.3 per cent in fiscal 1971. The slowdown was attributed to rising employment and state cutbacks in payments and eligibility standards.

Until the latest report, the total cost to federal, state and local governments for providing relief rose at least 20 per cent each year since 1968, when it was a relatively modest \$3.8 billion.

The welfare caseload also hit a historic high of more than 15 million persons in fiscal 1972, but the 5-per-cent increase was less than one-third the 17.2-per-cent increase in 1971, and the lowest since 1968.

The largest category was Aid to Families with Dependent Children (AFDC), which increased by 6.8 per cent to 10.9 million persons.

In fiscal 1971, the AFDC rolls were up 23.3 per cent.

John D. Twinn, administrator of HEW's Social and Rehabilitation Service, said that although many states began placing restrictions on welfare eligibility and payments in 1971 "their full effects were not realized until 1972."

State restrictions on AFDC rolls continued to display an impact in June, the last month for which statistics are available.

The only category showing a decline at the end of the year was old age assistance, which dropped 1.6 per cent to slightly more than two million recipients.

The Role of the Courts

The role of the courts in our political system has undergone a revolutionary change in the past few decades. This may sound a bit obvious to many readers but the change we are concerned about is not the actions of courts in recent years which have given our language stereotype terms like the "Warren Court" and now the "Burger Court."

What concerns us is the subtle but revolutionary change under which the federal courts and the U. S. Supreme Court, in particular, have changed from basic interpreters of the constitution to legal battlegrounds where overthrown laws are repeatedly rewritten and reappealed in the hope they will meet the judicial test eventually.

Where the Supreme Court was once the court of final resort, we see more and more attempts to bring "test" cases before it by bypassing lower courts. We see many laws, which have been ruled invalid in one state; appealed by another state having a similar law. The several anti-abortion laws of various states and the several state laws concerning aid to parochial schools are cases in point.

Pornography laws are almost perennially up for high court review. And the list can go on and on.

The point is, we feel, that our court system on the higher federal level in particular, is being cluttered with the frivolous at the expense of fundamental law. Not that abortion, aid to parochial schools or pornography are frivolous; but one would think when the Supreme Court has ruled on a particular concept or approach to

legislating in these areas; that ruling should apply to all other similar laws based on the same concept.

Part of the fault must be laid at the door of the judiciary for they have too often taken the easy way out in arriving at a decision on the basis of technicalities within a specific law under review and skirted the fundamental constitutional issues involved.

At fault too are those in the legal profession who "automatically" appeal every lower court decision knowing (we are sure, in many instances) the lower court ruling will stand. Now this may be justified in giving the client his full "due process of law" but isn't it a waste of talent and money and an imposition on our already burdened courts?

And there are the legislators who play politics with fundamental legal issues. In efforts to make political hay too much faulty legislation is enacted to impress a constituency rather than resolve constitutional dilemmas.

Too many laws, which the legislators know are borderline constitutionally, are enacted to appease special interests. In its extreme, this can be a form of harassment in that it places an unwarranted burden on those who are compelled to challenge these laws in the courts.

There are many fundamental issues that arise affecting the freedoms and rights of each of us. Until we restore our courts to the traditional role of interpreters of the fundamental law; we face the danger of perpetual litigation instead of stable decisions which are needed if we are to exercise our rights and freedoms.

Open Forum

Vernon Voters

To the editor: I want to stress the urgency of being an aware voter in the forthcoming election with particular emphasis on the local level. I appeal to you to give careful scrutiny to the record of our State Representative Tom Dooley. He has devoted two years of effort in your behalf in areas that affect you personally at all age levels.

Being a property owner and raising his family here in Vernon he recognizes the fact that there is an increasing strain on your pocketbooks, with no exception for hourly, salaried or fixed income wage earners. He is advocating a tax reform measure to ease the burden on the individual for the over increasing needs to provide necessary educational facilities and increased public services brought about by the rapid growth of our community.

I've seen Tom Dooley in action having worked with him when he was town counsel of Vernon. He not only proposes, he acts. His 100 per cent attendance record in the legislature is indicative of the fact that he has our interests at heart. He plans to determine that our tax dollar is judiciously spent and properly accounted for. I earnestly trust you will make sure that Tom Dooley remains in office so that he may continue to serve us with the foresight, and exceptional ability he has already demonstrated.

Supports SAM

Dear readers: At the Oct. 3 meeting of the Manchester High Student Assembly, a resolution was passed unanimously supporting the Summer Activities in Manchester (SAM) program. As the new student organization, we are replacing the old Student Council, the assembly is concerned about youth oriented issues. Membership, which is open to all students, has gone over 150 which

Shows student interest and concern

Among other things, the assembly was responsible to elect the first student members to the Board of Education. Presently a student-teacher-administration advisory board, and the March-of-Dimes Walkathon are major projects.

The following is a letter, sent by Client Cooper, president of the Student Assembly, to Mayor John W. Thompson.

Dear Mayor Thompson: As the official student organization of Manchester High School, the Student Assembly continues to be aware of youth oriented issues.

We feel that the Summer Activities in Manchester (SAM) is one of the finest and well organized youth projects in this area. It is an asset to the young people as well as the community. Accordingly, at a meeting on Oct. 3, the Student Assembly passed unanimously a resolution giving its total support to the program.

I would hope that you will feel free to discuss with me or any other issue, with us at any time. It is my opinion that the youth of Manchester are accepting their rights and privileges with responsibility.

Thank you for your concern in this matter.

Sincerely,
Mrs. Emil Lucek

Boosts Odegard

To all you minded citizens of Manchester, Bolton, Coventry, Andover, East and South Windsor, I would highly recommend a vote for Mr. Odegard for the incumbent state senator, David Odegard, Republican Fourth District, for the following reasons.

Inside Report

Politics of Desperation

Rouland Evans and Robert Norak

ST. PAUL, MINN. — Sen. George McGovern's spectacular return to the Vietnam war issue was an admission that he is now threatened with potentially grave defections among voters originally attracted to him for one reason alone: his pledge to end the war.

That explains his decision to broadcast an anonymous tape from an alleged Vietnam war veteran to a huge student audience at the University of Minnesota here a "war is hell" lament so emotionalized that it stunned his antiwar audience into shocked silence.

Yet, before McGovern played the tape over the loudspeaker, his reception here, despite the size of the student audience, was only mildly enthusiastic. Indeed, even on this activist campus the antiwar passions seemed to have run out. Little white huckster handed through the audience for contributions to McGovern's campaign went empty from hand to hand. The huge crowd was cheerful but clearly unimpressed as McGovern once again outlined his well-known peace plan.

The potential loss of McGovern's credibility on the war issue is partly explained by our own scouting expeditions with Oliver Quayle in such traditional Democratic areas as Macomb County, Mich., and Brooklyn, N.Y. traced a steady decline in the credibility of McGovern to end the war in a way acceptable to American voters.

Dr. Gallup's poll of Oct. 13, in fact, showed that even among young voters between 18 and 25, McGovern's end-the-war plan

was supported by only 32 per cent. As a dubious interpretation by McGovern's top political advisers, that meant one thing: McGovern's soft-pedaling of the war and military power from all of Indiana within 90 days of his inauguration, end all support for the "corrupt Thieu regime" and "take me to your leader," Ford directed him to the nearest phone booth before speeding on his way.

Tuesday — White House Press Secretary Ronald Ziegler announced today that Dr. Henry Kissinger had canceled a date with Jill St. John to fly to Pocatello.

Ziegler said he didn't know what Kissinger would do in Pocatello or whether he would negotiate with the Martians or what about anything else new, but he said he would immediately jump seven points.

Meanwhile, Sergeant Shriver charged that a high Interior Department official had sold the Washington Monument to the invaders for three million gills.

Friday — The latest Trotter Poll showed 32 per cent approved Mr. Nixon's handling of the monster situation; 16 per cent favored Senator McGovern; 7 per cent were for the monsters; and 45 per cent felt everyone should mind their own business.

Saturday — The invaders at last revealed their purpose. Pre-empting the networks, a Martian spokesman said today they had come "only in peace and to help their Earthling brothers."

Such a finding dictated an immediate return to the Vietnam issue, and the Senator proceeded to do just that with his half-hour speech over the CBS-TV network Oct. 10, following an antiwar speech earlier that day at Western Michigan University.

Walk-a-thon Plans Said Moving Along

By HAL BOVLE

Plans for the March of Dimes (MOD) Walk-a-thon to be held in Manchester, Nov. 5, are moving along.

The Walk-a-thon, under the chairmanship of Atty. William Bronell, will be the "big kind in Manchester. The 23-mile walk will begin and terminate at Manchester High School, with several schools along the route used as checkpoints.

Mrs. Pat Gentilcore, MOD Mothers March chairman, has made arrangements with the Coca-Cola Bottling Co. and the Manchester Packing Co. for food to be served for lunch the day of the walk. Mrs. Gentilcore and Mrs. Gale Marston are also arranging for free apples and oranges which will be distributed at several checkpoints along the walk route.

Other members of the Manchester Walk-a-thon Committee who are giving of their time to help in this walk include: Mrs. Gentilcore, George McGaughey, police captain; Dr. Richard Lindgren, principal of Junior High School; Thomas Kobanski, administrator of ECHS; Lawrence Leonard, vice principal of MHS; Joseph Mazzotta, vice principal at MHS; Kathy Thompson and Jim Anderson, student walk committee members; Manchester Young Board of Directors, James F. Farr, chairman; Vivian F. Piantoni, secretary; Joseph L. Norris, Anthony F. Pietrangola, Pascal Prignano, deputy mayor; John Tam, and Charles McGowan, Donald J. Allen, executive director, MOD Hartford County Chapter; and Terry Cella, director of youth activities for the Hartford Chapter.

Enlisting the aid of MHS students to make posters will give directions and "incident messages" through the walk is Glen Cooper, president of the student council of MHS and a student co-chairman for the walk.

Current Quotes

"The mud-slinging, the name-calling, the unsubstantiated charges, the innuendoes, the guilt by association, the character assassination, the second-hand hearsay are all tactics exclusively employed by the McGovernites and their campaign director of MacGregor, denouncing assertions that administration aides were involved in political spying and sabotage against the Democrats."

"These ambitious men apparently will stop at nothing to preserve their own power. They would undermine the republic to save their White House parking spaces..." — Sen. George McGovern, the Democratic presidential nominee, accusing the Republicans of hiring saboteurs to disrupt the Democratic campaign.

"Government must never become so preoccupied with catering to the way-out wants of those who reject all respect for moral and legal values that it forgets the citizen's first civil right, the right to be free from domestic violence..." — President Nixon.

WHERE THEY STAND

THE ISSUES OF THE 1972 CAMPAIGN

REPUBLICANS

The permissiveness of the 1960s left no legacy more disastrous than drug abuse.

By the time our nation awakened to this cancer, it was social ill. It found no major combat weapons available.

We quickly launched a massive assault against drug abuse.

We pledge to seek further international agreement to restrict the production and movement of dangerous drugs.

We firmly oppose efforts to make drugs easily available. We equally oppose the legislation of major narcotics traffickers.

An all-out investigative and prosecutory effort against corruption and law enforcement.

Wants White House Kept Rooted

ENGLEWOOD, Colo. (AP) — The head of a conservation group here is making a pitch to save the life of this year's White House Christmas tree — an English spruce from Wyoming.

Mrs. R.M. Mable, executive director of Proves for People, suggested that rather than cut down the Wyoming tree and ship it to East Washington, she would create the tree in its natural surroundings and have Vice President Agnew come out and throw the switch that turns on the lights.

"After Christmas they can strip it of decorations and the tree can go on living."

The positions above were extracted from the official 1972 platforms of the Republicans and Democratic Parties.

DR. LAWRENCE E. LAMB

Diabetics Should Limit All Sweets

By Lawrence E. Lamb, M.D.

Dear Dr. Lamb—I can understand that in the case of a diabetic, all sweet stuff is taboo. Yet honey is on that list also, but it is the natural sweetener. Why isn't it allowed?

Dear Reader—Not all doctors restrict all sweets for diabetics although most doctors prefer that the carbohydrates be in less concentrated form, namely in vegetables or natural fruits. The reason for this is to keep the sweets from being absorbed too quickly into the blood and causing a sharp rise in the level of the blood sugar. Recent recommendations from the diabetic society have liberalized the amount of carbohydrates that diabetics can use while restricting the amount of fats, particularly saturated or animal fats in an effort to decrease the possible influence of the diet in diabetics on causing the high incidence of heart disease that diabetics often have.

Now the common table sugar that people use is really a double sugar and when it is absorbed through the digestive tract, it is split into two simple sugars, one of these is called glucose, the other is readily converted to glucose which is the form of sugar that the body uses for energy. Incidentally, most of the foods, including proteins and fat, are converted to the glucose sugar by the body to be burned by the body for energy.

It is true that honey is a natural sweetener and its carbohydrates are composed of a single sugar which are directly absorbed into the bloodstream where they are converted to glucose the same as ordinary sugar and have the same effects in that regard. Thus as far as raising the blood sugar level is concerned in the diabetic, both normal sugar and honey will cause this.

Don't be confused about the term "natural sweetener." Sugar is a natural sweetener, it is a natural concentrated extract from beets and sugar cane. Honey is a natural sweetener extracted from flowers by the action of bees. Whether bees or man do the extracting from plants, both products are natural sweeteners, and neither one in large amounts is advisable for individuals required to restrict their sweet intake.

Dear Dr. Lamb—I am writing regarding your article on eggs versus high cholesterol (which I have) and what to do with the egg yolks.

Dear Reader—Thank you for your suggestion. Using egg yolks on the face won't affect the cholesterol intake of the diet and your suggestion that this might be one use for egg yolks for people who are trying to avoid them is appreciated. I can't speak for how effective they are as a mud pack, but it surely wouldn't harm anyone who wants to try it.

Send your questions to Dr. Lamb, 1551 Radio City Station, New York, N.Y. 10019. For a copy of Dr. Lamb's booklet on blood sugar send 50 cents to the same address and ask for "Blood Sugar" booklet.

Gardening

with Frank Atwood

I don't know how long the City Hall has maintained its planted request that people "please use the paths," but residents and visitors have been walking on the paths of the Public Gardens for 105 years. This is a downtown park in the central area of Nova Scotia's largest city and provincial capital, 18 acres of green turf, trees, shrubs and beds of flowers, blossoming beautifully in the first week of October. It was one of the objectives for my wife and me of a two-week holiday trip to this interesting Maritime Province of Canada.

to help the plants survive. The province is outside the range of Japanese beetles, which are more or less of a pest each year in Connecticut. In the Public Gardens at least, there was no sign of damage from either insects or disease.

At first glance we thought that the magnificent elms, which are a feature of the garden, were untouched by Dutch elm disease, but a closer look revealed some dead and withered branches at the top of one of the trees and simply said, "They're going." It was just a matter of time, he thought, before elms would die throughout the province as they are dying here.

There were flowers that the October throughout the province, in private as well as public gardens, perhaps another evidence of British heritage. Roadside wildflowers were abundant, with goldenrod and asters most conspicuous. Fall dandelions dotted some of the lawns with yellow.

Airline Suspension To Affect Bradley

WINDSOR LOCKS (AP) — Bradley, a West German charter airline which suspended services Thursday, had scheduled 70 landings and takeoffs from Bradley International Airport this year and has been considered one of the airport's major users. A spokesman for the Connecticut Department of Transportation said the loss of Atlantic operations would mean a loss of some \$200,000 in direct revenues to the state. The line is the first tenant in the airport's new international wing. Other charter airlines use Bradley for their international service, the state spokesman said. Each of the charter flights going through Bradley handled about 200 passengers, said Rainer Suletsky, the Atlanta agent at Bradley. He added that the airline used Bradley mainly as an intermediate stop for through flights between Los Angeles and Frankfurt.

Win Nobel Honors

STOCKHOLM (AP) — American scientists made a clean sweep today of the 1972 Nobel Prizes for Physics and Chemistry, and of them scoring a unique double in Physics. Three Americans, Dr. Christian B. Anfinsen of the National Institute of Health at Bethesda, Md., and Drs. Stanford Moore and William H. Stein of Rockefeller University in New York capped an earlier triumph by a trio of U.S. physicists by winning the 1972 chemistry prize.

John Bardeen, Leon Cooper and John Robert Schrieffer won the physics prize for their theory of superconductivity, the Royal Swedish Academy of Sciences announced. It was the second Nobel Prize for Bardeen of the University of Illinois. He shared the 1956 prize with two other Americans for the development of the transistor.

Antonie van Leeuwenhoek received half of the \$86,100 prize for his work on ribonuclease, especially concerning the connection between the biologically active conformation of the enzyme. Moore and Stein share the other half of the prize money for their contribution to the understanding of the connection between chemical structure and catalytic activity of the ribonuclease molecule, the academy stated. The academy said the chemistry prize has been awarded to three scientists who have made fundamental contributions to enzyme chemistry. They have worked with the same enzyme, ribonuclease.

The researchers had traced the complicated network of coupled chemical reactions which constitute the basis for the very concept of life and living organisms, such as reproductive ability, growth, mobility and reaction to external stimuli, the academy said.

\$5,000 Winner!

Erle G. Bryant of 37 Flower St. was a \$5,000 winner in yesterday's Connecticut State Lottery drawing, which was held in Stafford Springs. The ticket was purchased at Memorial Corner Store. Bryant was unavailable for comment this morning because he went to Willimantic to have his ticket validated "before he lost it," his wife said. Mrs. Bryant said that her husband was also a small winner on an earlier Little Acorn drawing, but she added that she is unaware of anything else that he has won in the almost 28 years that they have been married. Mrs. Bryant said that her husband, a night custodian at Manchester High School, was at the school in mid-afternoon, when other members of the work crew were checking their tickets. At first, she said, he thought he had only the last three numbers, but a second look disclosed that he had hit the jackpot on number 92196. Then he got on the phone and called home at once. Mrs. Bryant couldn't specify any disposition of her husband's prize but said, "I am sure it will be put to good use."

Carmichael Jr., 21, of 127 Orchard St., Rockville, was charged with failure to obey a stop sign in connection with the investigation of a two-car accident yesterday at the intersection of W. Main and Orchard Sts. Police said the Carmichael car was traveling south on Orchard St. and failed to stop for the stop sign and collided with a car being driven by Franco Pomerleau, 36, of Coventry. Carmichael was taken to Rockville General Hospital, treated and released. Donald L. Coville, 38, of 54 School St., Rockville, was arrested last night and charged with intoxication in connection with the investigation of a disturbance at his home. He was released on his promise to appear in court.

Howard A. Smith, 36, of 86 Village St., Rockville, was arrested yesterday on a warrant issued by Circuit Court 12 charging him with non-support. Carmichael, Coville and Smith are all scheduled to appear in Circuit Court 12, Rockville, Nov. 7.

Tolland State Police are investigating an accident that happened early this morning on Rt. 30 in Tolland. Police said David Wisniewski, 21, of Upper Butcher Rd., Rockville, was driver of one car involved and Robert Mathewson, 27, of Rt. 30, Rockville, was driver of the other car. According to police, the Wisniewski car was traveling south and Mathewson was traveling in the same direction behind Wisniewski when Mathewson slowed down. Police said Wisniewski and a passenger in his car, Joy Dujaquetus, 18, of Nye St., Rockville, were taken to Rockville General Hospital for treatment after their car struck a utility pole.

Police Seek Kidnaping Suspect

SOUTHINGTON, Conn. (AP) — A warrant has been issued for the man, who police say, held a Southington woman at gunpoint Saturday and ordered her husband to bring him all the money from his grocery store. Police said Thursday they are searching for Frank P. Palazzo, 32, of an unknown address. Palazzo is charged with kidnaping Mrs. Frank Kristopik, officers said. Palazzo is charged with entering the Kristopik home at about 11 a.m. Saturday and calling Frank Kristopik, manager of a nearby grocery store, and demanding that he bring home all the money available in the store, said Detective Lt. Frank Triano. Police said Kristopik returned home with \$26,000 and was met by his wife, who told him to leave the money in the living room and go upstairs. Palazzo was hiding in the house, police said, and apparently Kristopik did not see him.

Fire Calls

Two firemen answered a call to 88 Oak St. at 7:53 p.m. yesterday to extinguish a small kitchen fire. Firemen reported damage was minor. In another incident, Manchester firemen answered a call to 65 Cooper St. at 9:35 a.m. today to extinguish a small fire caused when an oil burner malfunctioned.

Princeton, N.J. (AP) — The Gallup Poll says an unusually high 32 per cent of enrolled Democrats in a recent sampling expect to defect from their party and vote for President Nixon. The anticipated cross-over rate among Democrats represents a 20-year peak and contrasts with an average figure of 22 per cent in the past five presidential elections, the poll said Thursday. The poll was based on a survey of 2,850 registered voters Sept. 29 to Oct. 9. The poll said that over the past two decades the defection rate among Republicans has gone no higher than 14 per cent except once — in 1964, when 20 per cent of Republicans voted for former President Lyndon B. Johnson over Republican Sen. Barry Goldwater of Arizona. The new poll also reported that voters under 30 years old preferred Nixon over Democratic candidate George McGovern by 51 to 45 per cent, the only time a Republican candidate has gained the edge among younger voters, except in the 1956 election.

MANCHESTER Between \$200 and \$300 in cash was stolen from a man at the Other House Cafe, 10 E. Center St., Thursday night, Manchester Police reported. The victim, Ronald L. Jones of Greenville, S.C., told police the cash was in ten- and twenty-dollar bills. The theft occurred sometime between 10:30 p.m. and 1 a.m. today, Jones reported. Investigation is continuing. Cars driven by Christine M. Gabriel, 25, of 126D Rachel Rd., Prospect St., Rockville, were in collision Thursday afternoon at Oakland St. and Rachel Rd. Ketch was charged with failure to drive a reasonable distance apart. Court date is Nov. 6.

Vehicle Noise Control Hearings Continued

HARTFORD (AP) — The state Motor Vehicles Department hearing Thursday on regulations to control vehicle noise was continued Tuesday because of the large number of scheduled speakers. The next session of the hearing, which concerns vehicles such as trucks, snowmobiles and carpooling, will be held Nov. 2 at the department's headquarters in West Hartford. About 46 persons appeared at Thursday's hearing, most of them objecting to the new regulations. Spokesmen for trucking firms and snowmobile dealers objected mainly to the fact that the regulations apply to all vehicles, including those now on the road. Several speakers said the cost of adding new muffler devices to older vehicles would be prohibitive. Department officials have said their engineers and other researchers have determined that the noise levels included in the new regulations are practical both from the standpoint of engineering and cost.

McGOVERN: PRICES, TAXES & JOBS

Four years of Nixon have cost you plenty. Four years of unfair taxes, soaring prices, more unemployment, and now—frozen wages. If you're fed up, remember: Four more years will cost you plenty more. McGovern doesn't have any secret slush funds like Nixon has. McGovern doesn't owe a thing to Big Business, Big Oil, Big Wealth, or Big Banking. And he's not afraid to take any of them on. McGovern/Shriver economic program is no pie-in-the-sky campaign promise. It's a carefully worked out way to get our country back on the right track. McGovern will take his proposals before the American people tonight in a nationwide television address. Because you have the right to know.

Kilties Play At Atheneum

The music of bagpipes will ring throughout the Wadsworth Atheneum Sunday when the Manchester Pipe Band presents a free concert of Scottish music, marching and maneuvers at 3 p.m. Dressed in kilts in the MacKenzie tartan of dark green and white stripes, the 20-member group will drill on the museum's front steps and march through the museum playing selections from their prize-winning repertoire. They have recently won regional competitions for New England, New York and the Eastern United States. Highlights of the program will include a bagpipe version of the popular hymn, "Amazing Grace" at an Irish step dance performance by Kathleen, Colleen and Patsy Cooley. The three sisters from Manchester are winners of numerous Irish step dancing contests. Under the direction of Charles C. Murdock, the group has won several major championships since changing its orientation in 1965 from an entertainment band to a competitive group. Murdock lists the winning of the North American championship at Cornwall, Ont., Canada in 1967 as its greatest achievement.

Pinch-Hitters Responded for Athletics With Two-Run Rally in Ninth to Win

OAKLAND (AP) — "Get a good pitch you can drive," said Oakland Manager Dick Williams. "Try to get the ball some place."
Pinch-hitter Angel Mangual got the pitch he wanted and put it in the right place—a single to right field that scored the winning run for the A's Thursday night.
The dramatic base hit through a drawn-in infield capped a two-run rally in the last of the ninth inning as Oakland beat the Cincinnati Reds 3-2 and took a solid 3-1 lead in the 1972 World Series.
"I prayed that the ball would go through," said Mangual after driving in Gene Tenace from third base with the winning run.
Three pinch-hitters came through for Williams in that emotion-charged ninth after the A's appeared to be finished.
Pedro Borbon, who had pitched in the eighth in relief of Cincinnati starter Don Gullett, was sitting on a 2-1 lead when the A's came up in the last inning. The Reds' right-hander got the first out of the inning, a harmless grounder by Mike Hegan.

Then Gonzalo Marquez hit for center fielder George Hendrick and singled up the middle, stirring the 49,410 partisan fans at the Oakland Coliseum.
When Borbon went to a 2-1 count on Tenace, Cincinnati Manager Sparky Anderson thought it was time for his best reliever, Clay Carroll.
Carroll threw one of his sinker balls to Tenace and the Oakland catcher hit it through the infield to left, just beyond the reach of shortstop Dave Concepcion for a single that sent pinch-runner Allan Lewis to second.
"He threw a good sinker to Tenace," said Anderson. "It was just a routine ground ball that got through."
Williams next called on Don Mincher to pinch-hit, telling the veteran first baseman:
"Go up swinging."
He did—and promptly brought the crowd to its feet with a single to right field that scored Lewis with the tying run.
Oakland pennants sprouted in the stands and wriggled furiously as the noise from the crowd became ear-splitting.

The stage was set for Mangual with runners on first and third and one out. He jumped on Carroll's first offering—a "fastball right over the plate"—and hit it to the right side of the infield. Second baseman Joe Morgan stretched for it, but it was a couple of feet beyond his reach. Tenace came in with the winning run to the wild cheers and an exploding scoreboard in center field. Fireworks went off as the Oakland catcher jumped on home plate and headed for a knot of happy teammates erupting from the dugout.
"The man upstairs has been good to me in this Series," said Tenace, who also hit a home run in the fifth inning to break a 20-inning Oakland scoring drought.
Tenace's third home run of the Series gave the A's a 1-0 lead off Cincinnati's Don Gullett. That small margin lasted until the Reds rallied for two runs in the eighth inning.
Dave Concepcion singled off starter Ken Holtzman and went to second on Julian Javier's sacrifice. A bounce by Pete Rose moved Concepcion to third and at that juncture, Williams brought in Vida Blue to pitch to Joe Morgan.

Tenace Has No Love For Reds' Manager

OAKLAND (AP) — "All three had Sparky's name on them," said usually mild-mannered Gene Tenace, who was displaying the meaning of his given first name—Fury.
Tenace, the Oakland Athletics' catcher whose home run and single helped the A's take a 3-1 lead over Cincinnati in the 1972 World Series, ripped Manager Sparky Anderson and his National League champion Reds.
"I don't feel that that club over there has any respect for us," said Tenace, whose "all three" referred to the trio of home runs he has hit so far in the Series.
Tenace lambasted the Reds for remarks printed in newspapers knocking the American League champion A's.
After Tenace's two homers won the first game of the Series in Cincinnati, Anderson was quoted as saying, "That kid hasn't done much before."
"That really upset me," said Tenace, the son of a former Pennsylvania coal miner. "I know I hit only five home runs during the season, but that's not an indication of how I hit. I played against Sparky in the minors and hit pretty good. He upset me taking that way."
Tenace was just getting warmed up on Anderson. He then turned his attention to Cincinnati catcher Johnny Bench.

Big Red Machine Encounters Flat

OAKLAND (AP) — Cincinnati's Big Red Machine has a flat. Put into numbers, the malfunction reads 4-for-44. That was the collective batting effort of the first three men in Cincinnati's lineup for the first four games of the 1972 World Series.
Those first three men—Pete Rose, Joe Morgan and Bobby Tolan—have been dominated by Oakland pitching and Cincinnati Manager Sparky Anderson says if they don't wake up today, it's all over.
"Oakland's just stopping them, that's what has happened," Anderson mumbled after the Reds' heart-breaking 3-2 loss to Oakland Thursday night.
"They've just stopped them cold. I just hope they don't stop them the next three (possible) games."
"If we had won this one," Anderson said, "it would have been over in six games, no doubt about it."
"Now," he said, "if we don't shake ourselves, it'll be over in five."
Rose, the major league's leading hit-producer with 106 this season, has one hit in 15 World Series games. Morgan is 0-for-13, and Tolan is 3-for-16.
What makes things even more frustrating is that power-hitters Johnny Bench and Tony Perez, who delighted all season in driving home the swift trio that populated the bases ahead of them, have been hot during the Series.
Bench is 5-for-14 and Perez is 7-for-14, yet the two, incredibly, have no runs batted in and have scored only two runs themselves.
The Reds have no home runs in the four Series games, although Bench led the major leagues with 40 and Perez had 21 during the season.

Vida Still Will Start If...

OAKLAND (AP) — The Cincinnati Reds have had a frustrating, confounding World Series so far and Oakland Athletics' pitcher Vida Blue must know how they feel.
"Vida Blue will start the sixth game," A's Manager Dick Williams said Thursday night, changing his mind about the 23-year-old left-handed pitcher for the third time in a week.
"I hope the Series doesn't go to the sixth game," Williams added after the 3-2 victory over Cincinnati that gave the A's the opportunity to clinch baseball's world championship today in Game No. 5.
Blue came on in relief of starter Ken Holtzman, another left-hander, in the eighth inning Thursday night with the A's ahead 1-0. He walked the first batter he faced and then gave up a two-run double to Bobby Tolan.
"I'll take a chance on Vida Blue another time," said Williams before announcing his plan to start Blue in the game that might be played Saturday in Cincinnati.
Williams was played start Blue in an American League playoff game, but decided not to. He then scheduled the southpaw to open World Series Game No. 4, but switched to Holtzman and said Blue would stay in the bullpen.
Rollie Fingers followed the ineffective Blue Thursday night and got the victory to go with the save he recorded in the second game. Holtzman was somewhat a forgotten man.
Williams switched to Blue after a conference on the mound with catcher Gene Tenace.
"Gene told him I was throwing just so-so," Holtzman said. "I didn't say anything. I guess it wasn't my turn to say anything."
Four ninth-inning singles, three of them by pinch hitters Gonzalo Marquez, Don Mincher and Angel Mangual, brought the A's back to life and saved Blue from taking a pitching loss. Blue, baseball's hottest pitched property in 1971, was only 6-10 this year after getting off to a late start because of his spring contract holdout.
He was sensational in relief in the World Series opener, shutting out the Reds over four innings to save a victory for Holtzman. Then he made a mistake—with his mouth.
"We're handling the Reds easier than the Texas Rangers," he said, referring to the last place American League team he shut out on a pair of two-hitters this year.

Kuhn Investigating Umpires

BALTIMORE (AP) — Baseball Commissioner Bowie Kuhn has confirmed his office is investigating reports that the names, addresses and telephone numbers of 11 major league umpires were contained in a book seized in a recent raid on the home of a well-known Baltimore area gambler.
Contacted at the World Series in Oakland Thursday, Kuhn told the Associated Press, "We know about it. We are looking into it. That's all I can say."
The report in Thursday's Baltimore News American quoted a "confidential, reliable source," as saying the umpires were from both the American and National leagues and included "some of the best-known umpires in professional baseball."
The reporter, Richard Irwin of the newspaper's Baltimore County bureau, wrote, "It was not known immediately what connection the convicted gambler had with the umpires."

Herald Angle

By EARL YOST
Sports Editor

Notes from the Little Black Book

Bill Lillyman, director of the Hartford Civic Center, now under construction, reports there will be either 36 or 37 lanes between each row of seats which should allow for ample leg room. This will be in direct contrast to year's Springfield Civic Center where the rows are so close that it's necessary to tuck your legs in or sit on an angle.
The young Hartford director, who is busy lining up a full schedule of events for the scheduled opening in 1974, reports the steps, too, in the Capitol City complex, will not be as steep as in Springfield. There are bound to be a number of injuries and lawsuits at the Bay State site because of the narrow and steep steps.

Anxious to increase attendance the Southern New England Hockey League will feature a family admission rate Saturday night. Men and all the children (no limit) will be admitted for a blanket price of \$5. The usual doubleheader is listed with action starting at 7:30.

Tim Kearns, former East Catholic High school standout, is one of six lettermen back with Coach Joe Vancianci's Yale varsity which copped only seven of 24 games last winter.
Current plans call for Kearns, who was used both up front and in the backcourt last season, to move into a full-scale forward slot. Kearns averaged 12.4 points as a sophomore. Vancianci, former Dartmouth standout, is now in his 17th year with the Elis.

Jimmy Balesano, sophomore running back out of Manchester High, has carried the ball 29 times for 102 yards with the Trinity College varsity griders this fall. This total used to be Balesano's per game average when he played with the Red and White here.

UConn ice skating rink opens Oct. 28 for the fall and winter season at Storrs. Skating fees will be \$1 per session, \$5 for an individual season pass and \$30 for a season family membership.
Professionals will be Gloria Sykes and Keith Galgot.

Dee Rowe greeted 23 candidates for the UConn basketball team this week including seven lettermen. An all-new staff of assistants, all UConn products, are Don Perno, Bob Staak and Steve Bell. Perno will assist Rowe with Staak's last year's varsity coach at East Hartford High, handling the press. Bell will be a graduate assistant.
UConn launches play Dec. 2 at Yale.

While UConn was working out at Storrs, Gordie McCullough was looking at 42 varsity basketball candidates at the University of Hartford.
One of the standout frosh, eligible for varsity play, is Phil Levesque, out of South Windsor High.
First taste of competition for the Hawks will be in the Hartford-Trinity Invitational Tournament Dec. 1.

Walt Frazier, standout backcourt performer with the New York Knicks, drives around in a \$50,000 Rolls Royce. This commented one ex-Knicks to say he had Frazier's wheels is more than the total salary of the top three players on the first Knicks team back during the 1946-47 season. Frazier's teammate, Earl Monroe, also drives a Rolls Royce and Willis Reed is content with a Lincoln Continental.

Pair of Unknown Golfers Share Lead in PGA Play

PINEBLURST, N.C. (AP) — Ron Letellier and Jim O'Hern led the way through the first round of the \$100,000 PGA Club Professional golf championship Thursday with five under par 65.
They played the Pinehurst Country Club's No. 1 course, a 6,120-yard par 70 layout, carding identical 33-32 rounds.
Play also is over of the club's 6,162-yard par 70 No. 4 course and the No. 2 course, a 7,051 yard par 72 layout. Players will play all three courses to complete the first three rounds and the low 90 and ties will wind up the 72-hole tournament Sunday over the No. 2 course.
Joe Cardenas of Lancaster, Ohio, was third with 67.

Sweeping the first four positions yesterday at Junior High's Bob Kelly, Bill Murphy, Steve Colbert and Ken Anderson as the locals defeated Itham High 17-38, on the snow-covered Itham course.
Kelly sped around the 1.25 mile course as his teammates bunched closely in the back of the pack. Itham sports a 3-1 record and will return to its home course Tuesday against Vernon's Middle School.
Results: Kelly (1); Murphy (1); Colby (1); Anderson (1); Stamp (1); Soucy (1); Debari (1); Slivsky (1); Mikowski (1); Kelly (1).

Eagle Gridders Home Saturday, Indians Play Away at Eastern

"It will be a big game for us," stated East Catholic High's varsity football coach, Cliff Demers. "If we win it will push us up to the 500 mark for the first time this season." East, 1-2 in the Hartford County Conference and 1-2 overall, will host Enrico Fermi of Enfield Saturday morning at 10 o'clock at Mt. Nebo in a non-conference outing.
Crosstown, Manchester High will pack its bags for a road game with Bristol Eastern at Bristol's Muzzy Field. Kickoff is slated for 1:30. The Indians enter the contest sporting a 3-1 CCLL mark while Eastern has a deceiving 1-3 record.

"I would like to get a series going with Fermi," Demers noted. "When the cross enters a new conference we were left with open dates back to back. We are pleased to get together with Fermi."
"It will be interesting to see how we can bounce back following a weeks layoff. If we win Saturday, it will give us a big lift for the second half of the season," Demers noted.

East Catholic will enter the contest with a revised lineup due to injuries received by Mark Branchesi and Gary Bloustein. Also, quarterback Bob Love will play the entire contest replacing Pete Horat. Horat will be out of the lineup for personal reasons.

East Catholic Fifth in Meet

St. Bernard's of Uncasville walked off with team honors yesterday in the Hartford County Conference cross country championship at Goodwin Park in Hartford. Kevin Kelly of Xavier High was the individual honors covering the 2.75 mile course in 12:27.

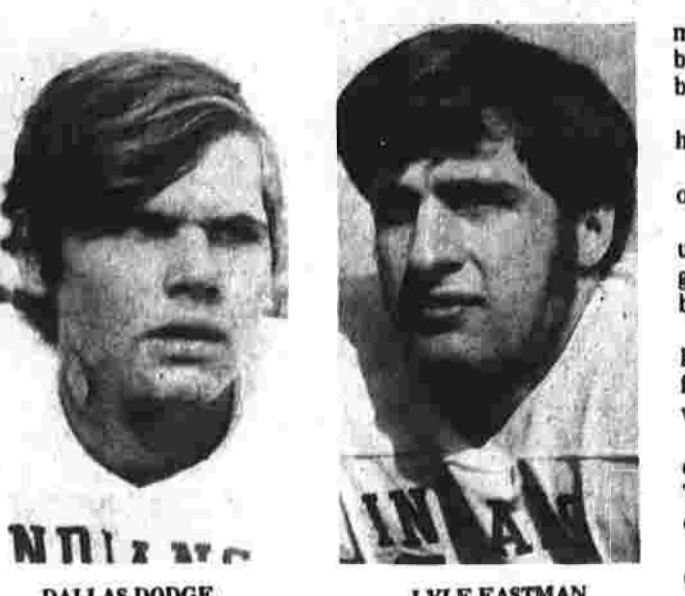

Xavier High was fourth behind St. Bernard for team points with 41 while East Catholic was fifth with 53 points. Henry Schoebel of East was fifth in individual placement.
Results: Kelly (K) 13:27; McDonough (SB); Martin (SB); Morales (SB); Schoebel (EC); Henry (K); Kenyon (SB); Nelson (SC); Waklin (SB).

Winning Streak Upped by Iling

Iling Junior High's varsity soccer team ran its win streak to four straight yesterday afternoon as it defeated visiting Glastonbury 4-1.
Playing its finest game of the season, Iling's first string came up with a 3-1 halftime edge and increased it to 5-1 before the substitutes took over.
Offensively, Brian Moran (3 goals) and Scott Alan (1) did the scoring for Iling while Steve Piner and Dave Lima turning in fine performances.

Alumni Soccer Practices Set

The 1972 Manchester High soccer team will play the Alumni on Nov. 4 at 2 o'clock at Memorial Field.
The Alumni will hold practice sessions the next two Saturday mornings at Memorial Field, Oct. 21 at 12 and Oct. 28 at 10 o'clock.
All alumni are encouraged to attend these sessions. Parents of MIS graduates living out of the area are requested to contact their sons notifying them of the practice and game.
Team organizers, Doug Pearson and Bob Goehring, hope to field the best team possible for the coming autumn and field representatives from as many of Coach Dick Danielson's teams as possible.
Anyone planning on playing but who cannot attend practice should contact Pearson at 13 Pearl Street in Manchester.

Illing vs. Bennet Tomorrow

Showdown Time On Soccer Field

It will be showdown time, Saturday morning at Manchester High's Memorial Field. Iling Junior High, 4-1-0, will battle Bennet Junior High, 3-0-1, on the soccer field. Action is scheduled for 11:15 with spectators welcomed. The second game of this town series will take place on Saturday Nov. 4, at 11:15 with the field location being Memorial Field.
The probable starting lineup for the visiting Bennet Bears will be, Tim Castagna, John Paquette, Tao Simms, Dennis Landry, Tony Barrett, Jim McKie, Jeff Gorman, Mario Orduz, Allen Robb, Bruce Ballard, Duffy Leone.
For the host Iling squad, Pete Bartolotta, Brian Moran, Don Geidel, Steve Filver, Dave Lima, Steve Pastra, Peter Charest, Scott Garman, Gary LaBree, Todd Rein and Terry Milka will start.

Initial Triumph by MCC Runners

Manchester Community College's cross country team won its first meet of the season yesterday by defeating Mattatuck C.C. 19-36, at Hamilton Park in Waterbury.

MCC Runners Play

Two rematches will be seen tonight at Mt. Nebo in the Manchester Middle School Football League as the Patriots (2-11) meet the Giants (2-2) in the first game at 6:30 and the Eagles (1-3) take on the Jets (4-2) in the second.
In their first meeting opening night, the Eagles defeated the Jets 6-0 and the Patriots downed the Giants by the same score.
Both games promise to be exciting as all four teams have shown improved offenses over the past few weeks and the Jets' defense did a great job in holding the league-leading Chargers (3-0) to a scoreless tie last week.
NEW ORLEANS—Virgil Robinson was cut by the New Orleans Saints of the National Football League.

"Darrel Elliott is Fermi's offensive threat," Demers commented. "He does the 40 in 4.5 seconds and is capable of breaking away anytime he carries the ball. They also put the ball in the air a lot and combine their ground game well."
"A big key to the game will be how well our secondary holds up. It will get a sound test Saturday," the coach added.
Fermi enters Saturday's contest with a 4-1 record and their only loss came last weekend against a strong Wilby club.
Manchester High, knocked from the unbeaten ranks by undefeated Conard High, 14-7, last Saturday, will attempt to get back into the winner's circle against a strong Eastern ballyhoo.

A big blow was dealt the Tribe in Conard's loss. Dallas Dodge, a 6-6, starting tackle, broke his left arm and will be out for the remainder of the season. In his place will be Jim Colla, who will see action both ways.
Tribe Coach Dave Wiggin noted, "They have a powerful, explosive offense built around speedsters Bud Saunders and Tim McHugh. Anderson, their quarterback, can throw the option pass well, plus the run from the pro set."
"It looks like it will be a wide-open game pitting a ball control club (Manchester) against an explosive team (Eastern)," the Tribe mentor said.

Manchester enters the game sporting some impressive statistics. Overall, the Tribe has rushed for 977 yards while quarterback Rick Milka has netted 200 yards via the pass route.
The four-game average for Manchester is 244 yards a game with a pass completion average of 37.5. Their biggest rushing drive was 419 yards against Wethersfield while 71 yards against Mooney was Milka's best passing day.
WEEKEND PICKS: East Catholic losing to a strong Fermi squad. Manchester High bouncing back in fine fashion and defeating Eastern 35-14.

Do-or-Die Time of Year Upon UConn Grid Squad

By THE ASSOCIATED PRESS

The do-or-die time of year is upon Connecticut college football teams as they approach the midway point in their seasons, causing pressures to mount and bringing increased interest from fans.

In fact, University of Connecticut Coach Bob Casiola used just those words this week to describe the Huskies game against the University of Maine at Storrs Saturday.

Casiola's team is 2-2 overall and 2-0 in the Yankee Conference and the coach would like to be 3-0 in the conference when the Huskies butt heads with undefeated University of Massachusetts next weekend.

The Redmen, co-conference champs with UConn, face the University of Rhode Island this weekend.

Maine has "been tough for Connecticut, except for one game, in the last five or six years. We expect more of the same," Casiola says. "We're in a do-or-die situation in the Yankee Conference. We've got to win. I expect our men will play that way."

Connecticut isn't the only team with something at stake this weekend. Both Yale and Bridgeport have unbeaten streaks going. Coast Guard and Western Connecticut have more losses than they do wins and they'd like to reverse that. Wesleyan will be trying to break the 500 mark, while Central Connecticut, zooming to an early-season 3-0 record, has slipped to 2-2 and wonders if it will slip again against Slippery Rock (Pa.) State College Saturday.

Southern Connecticut and Trinity will each try to retain its winning edge, with Southern now at 3-2 and Trinity at 2-1. Both Trinity victories came after a loss in the season-opener.

The Bulldogs of Yale, 3-0, will face Columbia in an Ivy League contest at the Yale Bowl. The Lions narrowly beat Yale last year in a come-from-behind conquest which was followed by a brawl.

Late Start Nets Win For Bullets

By THE ASSOCIATED PRESS

The Baltimore team was anything but a bunch of speeding Bullets in the first quarter of their basketball game Thursday night. In fact, when the sounded, the team was down 11 points.

Then the Bullets went into action against the Kansas City-Omaha Kings and scored 13 straight points and managed to pull even at 34-34.

The Bullets finally ended with their 11 points ahead of the Kings 44-43 in the only National Basketball Association game Thursday night.

In the lone American Basketball Association game, Memphis nipped Dallas 113-111.

Phil Chenier scored 24 points for Baltimore and newcomer Kevin Hayes acquired from Houston in the offseason, hit 23.

The Kings hit 13 of their 37 shots from the floor and led 38-19 after the first period. Bob Bullets came back, then pulled ahead for good with a 47-41 half-time lead.

Nate Archibald led all players with 34 points for the Kings.

Dave Lattin hit a jump shot at the buzzer to give the Kings the fourth quarter. George Thompson scored 21 for the Tams while Bob Netolicky had 25 for the Chaps.

MCC Booters — Three fine performers this season with Manchester Community College's soccer team, Bob Campbell, Mark Harrington and Pete Lalashius, will be in action Saturday morning at Mt. Nebo. The local collegians host Housatonic starting at 11 o'clock.

'Dr. J' Back on ABA Scene Erving to Play With Virginia

NORFOLK, Va. (AP) — Julius Erving has returned to the Virginia Squires of the American Basketball Association and says "I am ready to play" in tonight's game against the New York Nets. It goes without saying the wireless Squires can use him.

"Dr. J," as he has become known to the Squires and fans as a result of his rookie season last year when he averaged 27.3 points and 15.7 rebounds per game, is not back permanently, however, with the team that has lost four straight this year.

Erving told a news conference Thursday he will play with the Squires until the courts dispute the NBA selected Erving when he became eligible in the college two exhibition games with them this fall before NBA Commissioner Walter Kennedy filed the four-day, Amateur Men's Team Championship.

NAPA, Calif. — Arnold Palmer cut six strokes off par with a 66 and tied George Knudson for the first-round lead in the \$150,000 Kaiser International Tournament.

NORFOLK, Va. — Julius Erving will return to the Virginia Squires of the American Basketball Association pending disposition of his court suit to break his four-year contract with the Squires and play in the National Basketball Association.

CHICAGO — The Chicago Bulls acquired center Dennis Awrey from the Philadelphia 76ers for the Bulls' No. 2 choice in the draft next year.

NEW YORK — Charlie Paulk, a 6-foot-9 veteran forward, was placed on waivers by the New York Knicks after his conditional trade to Seattle fell through.

Celtics Seeking Fifth Straight

BOSTON (AP) — The Boston Celtics, the only National Basketball Association team unbeaten, shoot for their fifth victory in a meeting with the Buffalo Braves tonight at the Garden.

The Celtics will rely upon their speed and fast break offense to offset Brown to a 2-4 record.

"Sure, we're small by comparison, but we move," Celtics President General Manager Red Auerbach said. "The big, lumbering guys can overpower you sometimes, but night in and night out I like the swift ones."

The Celtics will start John Havlicek, Dave Cowens and Paul Silas up front and Jo Jo White and Don Chaney in the backcourt.

Buffalo, now coached by Jack Ramsay, formerly of the Philadelphia 76ers, has tremendous dunks size up front. Center Elmer Smith towers 7-foot, rookie Bob McLeod is 6-foot-9, and veteran Bob Kauffman is 6-foot-9.

In comparison, the Celtics have the smallest starting forwards in the league, with Cowens 6-foot-4, Silas 6-foot-6, and Havlicek 6-foot-5. However, all three can jump under the boards and they can run.

The Celtics have designated the Buffalo game as "college night." Students may purchase 12-45 tickets at half price by showing college ID cards.

Palmer, who last won some 15 months ago and had been ninth in one of the longest, most dismal slumps of his storied career, ripped six strokes off par with a 66 Thursday and tied long-haired Canadian George Knudson for the first round lead in the \$150,000 Kaiser International Open Golf Tournament.

Just one stroke back in the cool, overcast weather was youthful prize Jones, winner of two titles this season, alone at 67. Jones and Knudson played the round on waivers by the New Country Club and Palmer toured the slightly shorter south course.

Palmer in Tie for Lead, Anxious to Break Slump

NAPA, Calif. (AP) — The aging man with the massive shoulders looked off somewhere in the distance and let an almost silent note creep into his voice.

"I'd sure like to win one. I'm gonna try as hard as I can."

He wasn't making any promises, but Arnold Palmer — now 43 and rapidly approaching the status of elder statesman of the pro golf tour — was in a tie for the lead again and threatening to add to his collection of some 60 tour titles.

Colorado to Challenge Second-Rated Sooners

NEW YORK (AP) — "We've got a heckuva chance."

Maybe Colorado Coach Eddie Crowder was whistling in the dark when he made that comment since the Buffaloes' coach lead on by the nationally second-ranked Oklahoma Sooners in the top college football game Saturday.

At any rate Crowder will have Colorado's star runner, Charlie Davis, and his teammates keyed up for the clash with the unbeaten Sooners who haven't yielded a touchdown in four games.

Colorado was upset by Oklahoma State earlier in the season but climbed back to ninth in the Associated Press Top Ten by whipping Iowa State last week.

Crowder and the Buffaloes would like nothing better than to humble the Sooners and their star halfback Greg Pruitt. The Sooners are favored to make five in a row, but as Crowder snaps "the national championship hasn't been decided yet."

Chuck Fairbanks, Oklahoma coach, isn't taking the Buffs lightly. "They are blessed with as much talent as anybody in the country," he said. "I'm sure they'll be at an emotional peak for the game."

The Oklahoma at Colorado battle is one of two attractions piling tons in the AP Top Ten against each other. In the other third-ranked Alabama invades Knoxville to tangle with the 10th-ranked Tennessee Volunteers.

Similar to Oklahoma-Colorado, the Alabama-Tennessee clash pits a powerful offense against a strong defense.

"We expect the game to be no less than the greatest of challenges," commented Coach Bear Bryant whose Crimson Tide has rolled up nearly 600 yards per game.

Defensively the Vols have yielded 228 yards per game, and coach Bill Battle says "our players are going to have to do the best job they've ever done if we are to stand a chance."

Top-ranked Southern California is a heavy favorite to beat Washington for its seventh straight title.

The other teams in the AP Top Ten also are expected to win handsily.

Ohio State, No. 4, is pitted against Indiana, No. 5. Nebraska, No. 6, is favored to beat Michigan, No. 7. Louisiana State against Kentucky in a night game and No. 8 Notre Dame against Missouri.

MHS Cafeteria Zoo

By BRIDGET BOSSIDY

Everything you always wanted to know about the cafeteria but were afraid to go there and find out for yourself.

Since I believe in keeping things in their proper perspective, I will give you what I know to the English department as a short, concise statement.

That which we laughingly refer to as the lunch room should now be reclassified under one of two names. You could start with City Dump but Manchester already has one, so how about the Department of the Care and Feeding of Animals, or in short, the City Zoo.

If you have gotten the gist of what I've been trying to say, there is no longer a reason to read on. For those of you who would like to hear more on the subject, I would be happy to help out.

To start off, I was attacked recently by a malicious milk carton on Tuesday lunch hour. I happily waded through the gun wrappings, old napkins, and various pieces of trash that were beyond recognition, to the lunch line. I had just finished watching a blood, guts and gore movie and was therefore ready for anything the cafe had to offer — almost anything.

On the way back to my seats, my friends and I played the "Don't step on the garbage" game.

Upon reaching our seats, we were ready to eat but were momentarily interrupted by the sound of a plate dropping. That in itself is not bothersome. It is the general animal noises, shouting, clapping, and laughing that accompany these small abnormalities in our zoo that are annoying.

Back to eating, almost. I was hindered by the white, wet substance trickling down my back — milk!

I am beyond anger. It doesn't seem enough to make a person eat among the garbage, but when a person must wear it, too, Good-night, nurse.

Back to the problem. The guilty milk carton lay innocently on the floor. When I turned around, I met several jelly faces.

"Did you see it?"

"No, not me. I don't know anything!"

General laughter. HA! HA! "I think he threw it."

"Well, you're all wrong. It flew by itself. That's right. Only flying milk carton the world has ever known."

This is the last straw. It is disgusting. The person who stands in the line, but to impose their own lack of self respect on others is intolerable. Open study halls are only mildly less, but when it comes to lunch, I lose my appetite. Putting some of these children behind a bulls and forks is dangerous. They tend to revert to their animal instincts. That isn't very fair to the rest of us civilized beings.

Something has to be done. The few who are making life miserable have to be taken care of.

How? A difficult question to answer. When? Soon, hopefully.

For those of you who say "Don't worry, it'll take care of itself," I have just a few words: THAT'S A LOT OF RUBBISH!

KARATE

ATTENTION — all who are going to the Karate Tournament and show, to be held Saturday, you still have time to buy your advance tickets. Two dollars in the cost, half of which goes to the American Field Service to send a student from M.H.S. abroad this summer. Only advance tickets sales will go to A.F.S.

All six Saturday karate students from all over the east will be competing at M.H.S. beginning on Saturday afternoon with a show featuring Dr. Pia and the final of the tournament. This event should prove well worth your time.

Come to the Karate Tournament and support A.F.S. by buying an advance sale ticket.

Ski Club

It is very likely that last week a student did his best to sell you a colorful bulletin board or maybe you noticed one hanging somewhere in the school. You were probably wondering what it was all about, so I'm going to explain it. The ski club has been selling bulletin boards to help pay for ski trips.

The entire club was divided into two teams. Each team had a team captain, who was responsible for collecting from his team members. The teams reported to their captain regularly and gave him their own.

The club took in a total of approximately \$185 in total profits. If any of you bought a dollar payment of at least one dollar was paid to the order was taken, and the balance will be paid in two or three weeks, when the boards are delivered.

The first team was the Manchester High Team came back to dominate the second quarter. There was no score at the end of the first half.

In the third quarter Manchester fell apart and E.O. Smith scored two goals. The Manchester team had many open opportunities but just couldn't seem to get the ball into the goal. Again in the fourth quarter E.O. Smith scored off one of the Manchester High players.

Although this was a scheduled game, it did not count in the league standings. So, Manchester is still undefeated in its league. Playing well for the Manchester team were Connie McCarty and Phil Stosman.

On Friday I carry a bag. What's left of me, from Monday through the week. c. zinker

Hockey Team Spirited

The girls Field Hockey team is out and trying once again this year. Being a senior and having been on the team for three years I have seen only one win.

Don't laugh, please, because it is very discouraging and could be very bad for spirit. The lucky thing is that the girls Field Hockey team goes out every game with the same amount of enthusiasm and the same amount of optimism, ver. high.

Maybe we aren't part of the winning side of Manchester High but we are among the most spirited.

Field Hockey may look like a very easy sport but believe me it isn't. There is a lot of coordination, timing, skill, and thought involved.

There are certain skills to be learned with the stick and ball, half-backs and full-backs have certain jobs to perform, and the forward line always have their hands full. As does the goalie in an all defensive game.

Field Hockey can get really rough at times. When the opposing forward line is "rushing" the goalie, and to clear the ball the forwards can get in contact with the goalie's foot.

Manchester's goalie's foot there are boots which are made of wood at the toes and pack a lot of power. If anyone of the girls on either team brings her stick over her shoulder on either side, "ticks" will be called but sometimes too late and a girl has already gotten clipped by the girl committing sticks. "Dangerous hitting" balls coming in that high that may endanger the safety of a girl is another rough area. It is possible that someone getting hurt is a game very great.

This is just a brief outline of some of the things that can go on in a game and to show you that although our uniforms are kills, that is no indication of how the game is played.

We practice everyday we don't have games (and not on Fridays) which holds down to Monday and Wednesday practices, with Tuesday and Thursday our game days. We use SA money for our buses to away games. Now I should think that if I have bought an SA I would want to see all that it is supporting, so come and see! We have three more home games: October 17 against High the team we beat two years ago and didn't play last year, October 26 against East Windsor High, and November 2 against E.O. Smith High.

Spirit can keep a school together so come on down and watch an interesting game. — Sheila Meyer

Girls Race To Victory

Manchester High School girls' basketball team had their first official meet of the season and beat their opponents from Lyman Hall by a score of 23-8.

The girls, state champions last year, were ecstatic about their clean-cut victory. Barb has the first competitive running many girls had ever done in their lives, and all gave a fine performance.

Coming in first was Diane Kelley of Manchester, with a time of 2:16 for the 1.75 mile course. Fourth overall but second for Manchester was Barbara Crowley, a sophomore. Barb has the promise to be this season's first competitive running many girls had ever done in their lives, and all gave a fine performance.

Manchester's next meet will be against New Britain and Avon, at New Britain on Wednesday, October 25th. Results are as follows:

1. Diane Kelley, Manchester, 12:16; 2. Sonday, Lyman Hall, 12:17; 3. Aleria, Lyman Hall, 12:37; 4. Barbara Crowley, Manchester, 12:41; 5. Kim McLeod, Lyman Hall, 13:21; 6. Mary Krause, Manchester, 13:07; 7. Mary Njajume, Manchester, 13:09; 8. C. C. Stierling, Manchester, 13:15; 9. Eileen Goodrich, Lyman Hall, 13:19; 10. McLeod, Lyman Hall, 13:21; 11. Schaeffer, Lyman Hall, 13:22.

Defeated

The Manchester High Soccer Team suffered its first defeat of the year against rival E.O. Smith this past Saturday. E.O. Smith, a Manchester team, defeated the Manchester High Soccer Team by a score of 2-0.

The first half of the game was very exciting with both teams making many great defensive plays. E.O. Smith dominated the first quarter and the Manchester High Team came back to dominate the second quarter. There was no score at the end of the first half.

In the third quarter Manchester fell apart and E.O. Smith scored two goals. The Manchester team had many open opportunities but just couldn't seem to get the ball into the goal. Again in the fourth quarter E.O. Smith scored off one of the Manchester High players.

Although this was a scheduled game, it did not count in the league standings. So, Manchester is still undefeated in its league. Playing well for the Manchester team were Connie McCarty and Phil Stosman.

Guidance News & Notes

Representatives visiting M.H.S. during the week of Oct. 22 through Oct. 27 are as follows: Tuesday, Oct. 24, Stonehill College, North Easton, Mass. 4th period; Wednesday, Oct. 25, Kirkland College, Hamilton College, Clinton, N.Y., 7th period.

Tests upcoming are as follows: Tommy Crocker Homecoming of Tomorrow, Dec. 5, 1972, registration deadline, Oct. 25 (from 1100 College Road S.A.T., Dec. 2, 1972, registration deadline Oct. 26 (in Princeton); American College Test (A.C.T.), Dec. 5, 1972, registration deadline Nov. 13 (in Iowa City).

Video tapes on the following occupations will be shown in room 110 next week: Tuesday, October 24, period 3 (retailing); Thursday, October 26, period 4 (recreation).

The rights and responsibilities of the 18 year old under the new majority law will be discussed at a seminar for parents and students on Tuesday evening, October 24, at 7:15, in the High School cafeteria. Seminar participants will include an attorney, a banker, a Social Security representative, and the Superintendent of Schools. Parents and students are invited. Next Tuesday, October 24, a group of seniors will tour the Unit of Connecticut, with Mrs. Robinson and Mr. Maidment. The bill will leave M.H.S. at 9:30 a.m. and return to M.H.S. at 2:00 p.m. Interested students had to sign up by Wednesday, October 18.

Next week is a National Career Guidance Week. Room 110 will be available each day for students to consult with the guidance counselors on matters.

The new VIEW machine will be on display. VIEW is a collection of 40 entry level occupations on microfilm.

When the microfiche cards are put into the VIEW Reader, the student can get a description of the occupation on a small video screen. Employment prospects and training programs are also presented for the Greater Hartford area. The Occupational Viewdeck allows students to match their interests and abilities with various occupations.

Officers Elected

Last Wednesday night the election of officers took place at the weekly meeting of the Round Table Singers. The procedures for the nomination were as follows: the members nominate several names for the positions and then a vote is taken. The vote revealed that the winners by a narrow margin were: Kathy Donovan, president; Rick Horton, vice president; Janet Brewer, secretary; and Mark Silway, treasurer.

You're all probably wondering why we have officers in a group like this. Well, here's why:

The duties and requirements of the president is to be able to take emergency action. This is of course means that he or she must know all the music and have confidence to step in and take over. Kathy fills the requirements well.

The vice-president's job is to help the president with his job and the secretary handles all the attendance records and paper work. The treasurer is responsible for all the financial matters as the group is paid for many of their concert.

Congratulations to all four of these people and good luck in the year ahead!

Round Table Officers

New officers of the Round Table Singers are, from left, top row, Keith Dabow, Dave Colomber, second row, Laren Frost, Joan Donovan; front row, Janet Brewer, Rick Horton and Kathy Donovan. (BHW photo by Sgall)

Girls Race To Victory

Manchester High School girls' basketball team had their first official meet of the season and beat their opponents from Lyman Hall by a score of 23-8.

The girls, state champions last year, were ecstatic about their clean-cut victory. Barb has the first competitive running many girls had ever done in their lives, and all gave a fine performance.

Coming in first was Diane Kelley of Manchester, with a time of 2:16 for the 1.75 mile course. Fourth overall but second for Manchester was Barbara Crowley, a sophomore. Barb has the promise to be this season's first competitive running many girls had ever done in their lives, and all gave a fine performance.

Manchester's next meet will be against New Britain and Avon, at New Britain on Wednesday, October 25th. Results are as follows:

1. Diane Kelley, Manchester, 12:16; 2. Sonday, Lyman Hall, 12:17; 3. Aleria, Lyman Hall, 12:37; 4. Barbara Crowley, Manchester, 12:41; 5. Kim McLeod, Lyman Hall, 13:21; 6. Mary Krause, Manchester, 13:07; 7. Mary Njajume, Manchester, 13:09; 8. C. C. Stierling, Manchester, 13:15; 9. Eileen Goodrich, Lyman Hall, 13:19; 10. McLeod, Lyman Hall, 13:21; 11. Schaeffer, Lyman Hall, 13:22.

Videotaped German

These movies are founded on the theory that students will learn by hearing the language, and at the same time seeing the actions that accompany it. Therefore, the students learn by audio-visual coordination.

Another method used here, although not new to M.H.S., is the Language Lab. This is the Language Lab twice weekly as a class, but instead are used to go during study halls to build comprehension of their language. We have this academic privilege and everyone should take advantage of it.

Mobile Bake Sale

I.O.H. is holding its annual mobile bake sale Saturday, October 21, from 10 a.m. to noon. Anyone interested in baking is asked to bring the baked goods to Concordia Lutheran Church around 9. Help support I.O.H. and buy some delicious baked goods.

Hockey Team Spirited

The girls Field Hockey team is out and trying once again this year. Being a senior and having been on the team for three years I have seen only one win.

Don't laugh, please, because it is very discouraging and could be very bad for spirit. The lucky thing is that the girls Field Hockey team goes out every game with the same amount of enthusiasm and the same amount of optimism, ver. high.

Maybe we aren't part of the winning side of Manchester High but we are among the most spirited.

Field Hockey may look like a very easy sport but believe me it isn't. There is a lot of coordination, timing, skill, and thought involved.

There are certain skills to be learned with the stick and ball, half-backs and full-backs have certain jobs to perform, and the forward line always have their hands full. As does the goalie in an all defensive game.

Field Hockey can get really rough at times. When the opposing forward line is "rushing" the goalie, and to clear the ball the forwards can get in contact with the goalie's foot.

Manchester's goalie's foot there are boots which are made of wood at the toes and pack a lot of power. If anyone of the girls on either team brings her stick over her shoulder on either side, "ticks" will be called but sometimes too late and a girl has already gotten clipped by the girl committing sticks. "Dangerous hitting" balls coming in that high that may endanger the safety of a girl is another rough area. It is possible that someone getting hurt is a game very great.

This is just a brief outline of some of the things that can go on in a game and to show you that although our uniforms are kills, that is no indication of how the game is played.

We practice everyday we don't have games (and not on Fridays) which holds down to Monday and Wednesday practices, with Tuesday and Thursday our game days. We use SA money for our buses to away games. Now I should think that if I have bought an SA I would want to see all that it is supporting, so come and see! We have three more home games: October 17 against High the team we beat two years ago and didn't play last year, October 26 against East Windsor High, and November 2 against E.O. Smith High.

Spirit can keep a school together so come on down and watch an interesting game. — Sheila Meyer

Students Give Support To Walk-A-Thon

The students of MHS are supporting the March of Dimes Walk-A-Thon. Now all that is needed are your willing feet.

Just what is a March of Dimes Walk-A-Thon? It is a walk which will raise money to help protect children from birth defects and improve the quality of life at birth. Kids throughout Manchester, particularly those in the junior high and high school grades, will be participating in this 2 1/2-mile walk, to be held Nov. 5, starting at approximately 8 a.m. at MHS.

The walk will continue throughout the streets of Manchester. Walkers will be provided with refreshments at designated stops. For every mile that is walked a sponsor will pay a certain amount of money — all proceeds going to the March of Dimes.

If you would like to be a part of this worthwhile and enjoyable project, pick up a registration card in your classroom and drop it in the box in front of the school office. Everyone should get involved in this great effort.

HERALD BOX LETTERS

For Your Information
 THE HERALD will not disclose the identity of any advertiser using box letters. Readers answering blind box ads who desire to protect their identity can follow this procedure:

Enclose your reply to the box in an envelope - address to the Classified Manager, Manchester Evening Herald, together with a memo listing the companies you do NOT want to see your letter. Your letter will be destroyed if the advertiser is one you've mentioned. If not it will be handled in the usual manner.

PLEASE READ YOUR AD

Classified or "Want Ads" are taken over the phone as a convenience. The advertiser should read his ad at the FIRST DAY APPEARS and REPORT ERRORS in time for the next insertion. The Herald is responsible for only ONE incorrect or omitted insertion for an advertisement and then only to the extent of a "make good" insertion. Errors which do not lessen the value of the advertisement will not be corrected by "make good" insertion.
