East Windsor Drive-In — "They Only Kill Their Masters," 7:30; "Kelly's Heroes," 9:15-11:15.

U.A. Theater East — "Valachi Papers," 7:00-9:25; "Jerry Lewis Cinema, South Windsor — 'Joe Cocker — Mad Dogs & Englishmen,'" 7:00; "Elvis on Tour," 9:15-11:15.

**Today's Thought**

Primary

I have become convinced that the things which keep us from a live relationship to Christ are often not the "bad" things in our lives, but the good things which capture our imaginations and keep them from focusing on Jesus Christ.

I think this accounts for a good bit of our frustration as churchmen. We look around in our lives and say, "No stealing, no murder, no adultery! Why, God, am I so miserable and frustrated in my Christian life?"

But we have not seen the fact that we have never really offered Him the one thing He requires — our primary love.

**New Supertrain Plans Revealed**

WASHINGTON (AP) — Plans for a supertrain that would zip along on a cushion of air at speeds up to 600 miles per hour were announced Tuesday by Sen. Vance Hartke, D-Ind., and Sen. Lowell P. Weicker Jr., R-Conn.

The superspeed train would run between Washington and Boston via New York City in 56 minutes. That's less time than it now takes for airplane passengers to go from downtown Boston to downtown Washington.

The first phase of the Hartke-Weicker program would boost the average speed of existing TurboTrains and Metroliners to 150 m.p.h.

To make the higher speeds possible, existing railroad tracks would have to be widened, straightened, and protective fencing put up. This could be done by 1976, according to the two senators.

The second and major phase would be to construct an air-cushion track and build the new types of trains.

The existing TurboTrains, which run between Boston and New York, and the Metroliners, which run between New York and Washington, would serve as feeder trains taking long-distance passengers from intermediate stations to the five superspeed train stops.

Weicker and Hartke have a name picked for the 400-mph supertrain — "The Spirit of '76." They do not envision it being in service, however, until 1986.

Their \$5.5 billion plan calls for construction of the air-cushion line by the Army Corps of Engineers and operation of the trains by Amtrak.

The two senators said transportation is safer with only one-half the death rate of scheduled domestic airlines. Hartke is chairman of the Senate subcommittee on surface transportation. The Hartke-Weicker proposal will be introduced to Congress in bill form in January, the co-sponsors said.

**Tiny Nation Wants Piece Of Action**

LIECHTENSTEIN (AP) — The European Security Conference talks in Finland give tiny Liechtenstein a chance to look like something more than the setting for an old-fashioned opera.

After 250 years of foreign tutelage, it now is raising its own voice in foreign policy.

The principality of 20,000 people has no army and only a 35-man police force. It has only one ambassador to its name. But its people have been feeling lately that they have been too long neglected in international councils.

So the government has picked its ambassador, Prince Heinrich, youngest brother of the ruling Prince Franz Josef (22-30) NEWS (24) JUST GENERATION (40) ABC NEWS

**Population Explosion**

BERNARDSTON, Mass. (AP) — The wild pheasant population of Franklin County in western Massachusetts is suddenly bigger.

Three hundred sixty of the birds were emancipated when the farm of Mr. and Mrs. Russell Sully was struck Oct. 29 after he had vacated a telephone call that any policeman who tried to enter the house would be shot.

**Hunter Found This Deer Endearing**

HORNELL, N.Y. (AP) — Not many hunters found their prey as deer season opened here, but 19-year-old Robert Turner of nearby Hornellville, was one of the lucky few. A deer found him.

Turner said he was just walking in the woods near his home Monday when a young deer came up and licked his hand. He said he walked away but the deer followed.

Turner walked home. The deer followed. Finally, Turner gave the animal some milk, crackers, bread and lettuce.

**State Hospital Inmate Escapes**

NEWTOWN (AP) — George Shuli, 44, Stamford, undergoing examination after he allegedly made threats to police, escaped Monday from the Fairfield Hill State Hospital, authorities said.

Dr. Yekes Yurugur, chief of the psychiatric unit, would not comment on how Shuli got away, but said he was in "restrictive care" at the time.

Shuli was arrested Oct. 29 after he was forced from his home by police using tear gas. Authorities said at the time they had received a telephone call that any policeman who tried to enter the house would be shot.

**Montreal Service To Improve**

BURLINGTON, Vt. (AP) — The acceptance of the relatively new Amtrak service from Washington to Montreal apparently has been such that officials plan additional features for the trains.

Clay Evers, regional sales manager for the National Rail Passenger Corp. known generally as Amtrak, said beginning about Dec. 1 extra coaches would be added to the through trains on weekends and a so-called biocoach car would be added regularly.

Evers said cars have been converted to handle entertainment, featuring movies and a piano and food service.

As many as four additional passenger coaches could be added on weekends, he said.

He said baggage cars also may be added to the Washington and Montreal to handle skis and other winter sports equipment.

The regional sales manager said final plans are being made for ski tours to Vermont from Washington and New York City.

**Count your blessings**

It's that time of the year when we should stop and especially count our many blessings. It's time to stop and give thanks for bountiful crops which we can share with less fortunates throughout the world. It's the time to recognize the many advantages of living in the greatest country on earth... a place where continuous progress is an accepted fact. Where the choice of occupation or profession is limited only by our determination to succeed.

Drive down any local street and you can see one part of the blessings that have been bestowed on we free people... the ability to own and enjoy homes of our own. That we here at Manchester Savings & Loan have helped many to achieve the blessings of their own homes has given us much to be thankful for during our 81 years of existence.

### Thanksgiving Message

November 1972

#### GRATITUDE

One of the most magnificent passages in the Old Testament is a psalm of joy by the little known and seldom read prophet Habakkuk, a man who lived during a time of extreme adversity. For years the Hebrews had known little but invading armies. A Judean planted his field, never knowing whether or not he and his family would ever enjoy the harvest. People existed from day to day, never knowing when a marauding band would descend upon a village to burn, plunder, and kill. People of the land, they depended on the land-crops and herds-and, if these failed, starvation came. A grim choice—death by starvation or by the sword.

In the midst of this suffering Habakkuk affirmed: "Though the fig tree does not blossom, nor fruit be on the vines, the produce of the olive fail and the fields yield no food, the flock be cut off from the fold and there be no herd in the stalls, YET I WILL

REJOICE IN THE LORD, I WILL JOY IN THE GOD OF MY SALVATION."

Now, that is gratitude! This is real Thanksgiving.

Few Americans recall accurately our early Thanksgiving. The first in Newfoundland in 1578. The next in Maine in 1607. Our first national observance in the midst of a Civil War (1863). Each of these, during a time of passing through the valley of shadows.

Gratitude to God, whatever the situation; this is faith. Why gratitude? BECAUSE GOD IS GOD. He made us; redeemed us; sustains us. He is life. Without Him life would have no meaning whatever.

This Thanksgiving, take time to ask the question: Who am I? In the final analysis, you will answer "You are His." Be grateful for this.

Rev. David M. Campbell  
president  
Manchester Area  
Clergy Association

#### Thanksgiving Services

Special services and Masses of Thanksgiving will be celebrated tonight and tomorrow in Manchester-area churches.

Thanksgiving Eve services will be held at Emanuel Lutheran Church at 7:30 p.m., and the fifth annual Ecumenical service, sponsored by the Rockville Area Clergy Council will be held at First Congregational Church of Vernon at 7:30 p.m.

A Thanksgiving Day service will be offered at St. Mary's Episcopal Church at 8:30 a.m. An 11 a.m. service will be held at the First Church of Christ, Scientist.

Mass will be offered Thanksgiving Day at 9 a.m. at St. Bernard's Church, Rockville. There will not be a 7:30 a.m. Mass.

#### About Town

The Manchester Philatelic Society invites its members and the general public to attend a special meeting on Tuesday at 7:30 p.m. at the Manchester Community Hall in the new supermarket on E. Middle Turnpike. Starting at 7 p.m., club member Edward Bushnell will show slides and talk about his recent trip to a stamp show in South America. The Society meets every month on the second and fourth Tuesdays and welcomes visitors and new members. A Christmas party is planned for Dec. 12, but no meeting will be held on Dec. 28.

**HISTORICAL MILL MILFORD, Del. (AP)** — Abbott's Mill, one of Delaware's last water-powered gristmills, has been placed on the National Register of Historic Places.

### Weiss Will Negotiate Revaluation Contract

The Board of Directors last night took the first step toward a possible revaluation of Manchester real estate for the October 1974 Grand List. It authorized Town Manager Robert Weiss to negotiate a contract with a revaluation firm and to have all details of the contract, including the cost, ready for possible board approval in January.

Manchester's last revaluation was in 1964. State statutes require one be held at least every 10 years in the state's municipalities. A revaluation in Manchester on the 1974 Grand List would apply to 1975-76 property taxes.

Weiss estimated a negotiated contract would cost from \$75,000 to \$100,000. He said the town would have to pay between \$75,000 to \$200,000 for a revaluation program under usual circumstances. He said the town could experience a \$100,000 saving by utilizing the personnel in the assessor's office.

"One reason for getting a well-qualified, competent and capable man like Ed Belleville as Manchester assessor was so that we could have someone who could conduct a revaluation," said Weiss.

Belleville, who is president of the Connecticut Assessing Officers Association, said he would be in charge of the revaluation. The revaluation firm would furnish four men for one year's work, and would utilize its computerized program.

Town personnel, he said, would do most of the work involving residential property, and the revaluation firm the commercial.

He recommended an annual updating, so that when formal revaluation occurs the process would not be too difficult to handle.

Belleville said skyrocketing inflation has produced tremendous increases in land values and other real property since the 1964 revaluation. In essence, he said, there are inequities. He said taxes are not so much lost or increased because of revaluation. "They are more adequately distributed," he explained.

### AMTRAK Reinstates Washington Train

An early morning train from Hartford to New York and Washington will be reinstated starting Dec. 15, Gov. Thomas Meskill announced today.

The schedule, revised by AMTRAK, calls for a through train to leave Hartford at 7:09 a.m. It will arrive at New York's Penn Station at 9:40 a.m., and at Washington's Union Station at 1:30 p.m. The train will be equipped with a parlor car and food facilities.

The current AMTRAK schedule, which went into effect Oct. 29, eliminated the early morning train.

The reinstated through train will be in addition to the early morning train that runs between Montreal and Washington. That train leaves Hartford at 5:12 a.m. and arrives in New York at 7:45 a.m. and Washington at 12:25 p.m.

**EMERGENCY SAN FRANCISCO (AP)** — A tourist bus was a block from its first stop when a woman screamed, "I left my keys at the hotel!"

Tour director Dave Plam, polled the passengers, and they voted to turn around and go back for the keys.

## Thanksgiving Day

Tomorrow is Thanksgiving Day.

Each of us in our way will find some blessings we can count and be thankful for as we pause from our day-to-day labors.

For all of us are the blessings of living in a free nation which is striving to improve itself and its people.

The very day itself should remind us once more of our right of religious worship—each of us in our own way.

The recent election should remind us of our rights and duties as free men in a democratic society—a right that few other peoples have to use as broadly as we have done.

## Warpath Not Way To Indian Redress

So now the American Indian, or a few people claiming to speak on behalf of all Indians, has decided to get into the act.

The thinking apparently is, if whites can ransack draft board files, if blacks can burn down ghettos, then the red man should be allowed to destroy government property and get away with it. After all, he has legitimate grievances, too.

Indians rightly resent the out-moded portrayal of their ancestors as ignorant, howling savages who had to be civilized by the white man. But what is anyone to make of those Indians who occupied, defaced and looted the Bureau of Indian Affairs in Washington?

We don't give a damn what the American people think," said one of their leaders, Russell Means. By taking over the BIA, he said, they had

The coming Christmas holidays should remind us that while this is one of the highlights of the Christian year, its continued existence is also symbolic of religious tolerance, which is increasing in our nation each year as men of many different faiths are moving closer together in the areas of morality where they share common beliefs.

And finally, we should remember and give thanks for the renewed hope of peace which could mean that this Thanksgiving Day will be the last observed by Americans under fire in Southeast Asia.

Blessed are the peacemakers.

## The Innocent Bystander

Art Hoppe

### The Ins And Out Of The Next Four Years

The experts have now had a couple of weeks to assess Mr. Nixon's handling of victory and predict what lies ahead for us during the coming four years. Some things will be out, they predict, and some will be in.

To save you the time of wading through all this political expertise (which it is), I've compiled a brief memo (which is in).

Also out will be poverty, the Eastern Establishment (particularly Massachusetts), intellectuals and all blacks except Sammy Davis Jr.

Also out will be poverty, the Eastern Establishment (particularly Massachusetts), intellectuals and all blacks except Sammy Davis Jr.

## Inside Report

Rowland Evans and Robert Novak

### The New Warsaw Pact

WASHINGTON — The extraordinary speed with which the new U.S. trade pact with Poland was signed here last week, after only four days of negotiations, dramatized the gravity of the economic crisis in the Soviet empire that U.S. officials are only beginning to understand.

Thus, the new trade pact with Warsaw opens up Poland to "shared ownership" of plants and equipment that can be built there with private American capital. These production plants would be operated with "shared" management for profits also to be "shared" by the American enterprise and the Polish government.

Burl Lyons, Publisher

## Hi Neighbor

On this Thanksgiving Eve, one naturally thinks of eating, and so this is an opportune time to inform our friends and neighbors that we will not distribute a cook book to our subscribers this Christmas as has been done in the past.

Manchester has a big week in store, June 23-30, when it observes its sesquicentennial and between now and then it's a certainty that our pages will be full of many items leading up to the celebration.

Another area that the committee, or possibly someone else, might take a look at is the hazard at the Parker Street-Sheldon Road intersection.

While we are on the subject of safety, the Christmas Safety Campaign headed by former Gov. John N. Dempsey in the role of honorary chairman, has released material urging omitting of liquor at office and factory Christmas parties.

From the Meriden Record: The boss says he doesn't think too much of the new secretary's typing, but he surely does snap to attention when she shifts her carriage.

Three cheers for our teen-agers who took part in that Walk-A-Thon of 23 miles for the March of Dimes.

When we received a letter from a grandmother who said her granddaughter, age 16, suffered pulled ligaments and muscles in one arch, instep and ankle; was out of school for four days and is now on crutches.

A Michigan drug store chain is trying a new approach to reducing the dangers of home poisonings.

Scratching your nose on the moon is apparently quite a problem if you are an astronaut with a space helmet and all.

Our wish to you and yours is a happy and peaceful Thanksgiving.

In the weeks that have followed since Aug. 14 when we made the switch over to the new printing process, the days have been long and the nights short.

When the next three to four weeks, we shall complete the renovation of our press room and circulation department and that will wrap up our construction program.

## Stamps In The News

The portraits of the young Dutch princes — children of Princess Beatrix and Prince Claus — appear on the 1972 Child Welfare stamps.

The youngsters were caught in informal poses by their father, whose color slides became the basis of the new stamps.

Speaking of children, the Republic of China's latest issues also have placed the accent on youth.

Four stamps have been released honoring the 30th anniversary of the China Youth Corps.

The use of filmstrips in philately is now becoming more popular with individuals as well as stamp clubs.

A new one on the market is "The Bible in Stamps" which dramatizes the most familiar Biblical stories by illustrating them with appropriate stamps from various nations.

For example, the Adam and Eve story is illustrated with Vatican and Ajman issues showing the heads of Adam and Eve from Michelangelo's Sistine Chapel ceiling, and a Lucas Cranach painting of the same couple in the Garden of Eden.

Also on the subject of programs for stamp clubs, the American First Day Cover Society has a new color slide set entitled "First Day Covers — From Mini to Maxi."

When the recently deceased Duke of Windsor was about to succeed the throne as King Edward VIII, the Post Office of Great Britain prepared new designs for the "Coronation" stamps.

American philatelists, however, will be able to see for the first time these extraordinary design essay sheets, which never before were permitted to leave the British Isles.

Can anything make them more lovable? YES, NILOPOR!

## Federal Grant Refunds Asked

WASHINGTON (AP) — The government wants eight states to refund more than \$10 million they were supposed to have spent toward offsetting the educational disadvantages suffered by poor children.

Most of the federal money was used to supplant rather than supplement state and local spending, federal auditors said.

Instead, some of it was spent for construction, salaries, office equipment, travel and educational television not related to helping poor children, according to audit reports.

In a few cases, the Education Office said, school districts added a nickel in computing the cost of a poor child's lunch when compared to prices charged regular students going through the same lunch line to eat the same food.

CRANSTON, R.I. (AP) — Guards at the Adult Correctional Institutions Tuesday ended a 24-hour protest "sick-out" as Gov. Frank Licht agreed to meet with them to discuss their demands for pay hikes in a new contract.

Prison officials said all guards scheduled to work today's first shift were present at a midnight roll call.

At midnight, the regular guards took over from them and from about eight correctional officers who had been on duty when the "sick-out" began at midnight Sunday and had worked for 12 consecutive hours without relief.

Alabama, \$69,546; Arkansas, \$815,940; Kentucky, \$259,376; Mississippi, \$3 million; New Mexico, \$6,438; South Carolina, \$3.3 million; Tennessee, \$2.3 million, and Texas, \$630,118. Alabama's total represents one-third of the \$1,485,453, it received between mid-1969 and the fall of 1969.

Combined with previous requests for repayment, the \$10.3 million disclosed Monday brings to \$19.5 million the amount the government has asked to be returned from 18 states and the District of Columbia over the last 14 months.

The auditors, who acknowledge that the guidelines for the program were weak during its early years, say nearly \$10 billion has been spent in some 18,000 school districts since fiscal year 1966.

The money was intended to help overcome learning handicaps brought on by poverty, racial isolation, neglect or delinquency.

## 'Sick-Out' Ended By R.I. Guards

CRANSTON, R.I. (AP) — Guards at the Adult Correctional Institutions Tuesday ended a 24-hour protest "sick-out" as Gov. Frank Licht agreed to meet with them to discuss their demands for pay hikes in a new contract.

Prison officials said all guards scheduled to work today's first shift were present at a midnight roll call.

At midnight, the regular guards took over from them and from about eight correctional officers who had been on duty when the "sick-out" began at midnight Sunday and had worked for 12 consecutive hours without relief.

## Record Field Set for 10:30 Start Tomorrow

### Defending King Burfoot Choice

By Earl Yost  
Man to beat in the 35th edition of the Five Mile Road Race in Manchester Thanksgiving morning is gangling, bespectacled Amby Burfoot. If all runners show at the starting line, 554 others, a new all-time record, will be out to show their heels to the former Wesleyan University standout who now campaigns under the colors of the Central Connecticut A.A.

The race starts at 10:30 on the lower end of Main Street, opp-School Street. This will also be the finishing point. Race headquarters will be set up at the East Side Rec. Burfoot has been the most dominating figure in the Silk Town hunkin' top for the past six years, a period in which he notched three triumphs and was second best the other three times.

The biggest field of starters was in 1970 when 416 lined up at the starting line and 383 finished. Last year there were 508 entrants but due to wintry, near-hazardous conditions, over 200 showed up with 188 finishing the grueling run over ice and snow covered roads.

Sponsors for the 22nd consecutive year will be Nutmeg Forest, Tall Cedars of Lebanon. General Chairman Will Hadden said all money collected will be turned over to the Muscular Dystrophy Fund, national objective of the Tall Cedars.

Burfoot's leading challengers are expected to be the likes of John Vitale, winner in 1970 and No. 2 last November, Dan Moynihan of Tufts University, Terry Gallagher of Boston, Don Rowe of the New York A.C., Dennis McCormack of Holy Cross, Charlie Duggan of Springfield College, Bob Lewis of Central Connecticut and Sid Sink from Bowling Green.

Vitale and Burfoot were engaged in a red-hot battle in Middletown last Sunday with the latter winning by 100 yards in record time over a 2 mile course. Duggan was first. Vitale will represent the New Haven Track Club. He's a former University of Connecticut standout.

The race is sanctioned by the Connecticut AAU. Post entries will not be accepted.

The starting field consists of the finest club, college and schoolboy runners in the East. Contestants will be coming in from at least a dozen states.

Burfoot holds the course record of 22:34 set in 1968. Sure to draw the attention of many loyal followers of the sports are veterans like Little Johnny Kelley, for nearly two decades, the No. 1 distance runner in the country and winner of six Five Miles and Charlie Robbins. The latter, a two-time champ, will be making his 27th start and 21st in succession. Fred Brown, 65, with more than 1,000 races to his credit, will also be on hand as well as local favorites like Steve Gates, a standout at Eastern Connecticut State College this fall, Jay Rubinow, superior court judge, and Paul Phinney, retired Manchester High track coach, who will be in his 19th Five Miles.

Ex-champs entered besides Burfoot, Vitale, Kelley and Robbins include Ray Crothers, who has been making a fine comeback, and Charlie Dyson.

Since the race was first run in 1945, no unknown has managed to break the tape first. The chances of the string being broken are slim as Burfoot and Vitale, plus Duggan, are in too close a race to allow an unknown slip in.

The goal of all will be merchandise awards, for the first 25, plus the first three schoolboys and the first three seniors in the 50 and over bracket.

All that's needed to insure a successful day is a break from the weather. Over the past 27 years, for the most part, he's been on the side of the runners and spectators. With favorable conditions, anywhere between 5,000 and 7,000 followers are expected to line the starting and finishing points, as well as along the well policed route.

### Scoreboard

#### TOP THREE FINISHERS

- 1945 Charles Robbins, Herb Stevenson, Fran Leary
- 1946 Charles Robbins, Tom Crane, Joe McCluskey
- 1947 Ted Vogel, Fred Schoeffler, George Terry
- 1948 Tom Crane, Fred Schoeffler, John Kelley
- 1949 Fred Schoeffler, John Kelley, John Leffert
- 1950 John Kelley, Tom Crane, Bob Black
- 1951 John Kelley, Austin Scott, Charles Robbins
- 1952 John Kelley, Charles Robbins, Nick Costes
- 1953 Nick Costes, Dick Hart, Fred Schoeffler

CHARLIE ROBBINS JIM KEEFE CHARLIE DYSON JOHN KELLEY

### First Local Runner to Receive Wigren Trophy

## 27th Appearance For Robbins

By Earl Yost  
Granddaddy among entrants in the Five Mile Road Race tomorrow morning will be Pete Wigren with his 27th start in 28 years.

The former Manchester High and UConn cross country runner will be making his 27th start in 28 years since the race was revived in 1945 - and 21st in succession. Only in 1951, while attending Medical School in Philadelphia, did Robbins fail to appear at the starting line.

Other veterans in the popular holiday trot will be Paul Phinney, in his 19th showing, and Charlie Dyson and Little Johnny Kelley, each No. 18.

Circuit Court Judge Jay Rubinow, a spry 60, and Dr. Maurice Moore, another physician, who admits to being 72, will add spice to the field as well as Fred Brown, 66, and No. 1 in the country in sanctioned races. Brown has competed in more than 1,000 during the past 45 years.

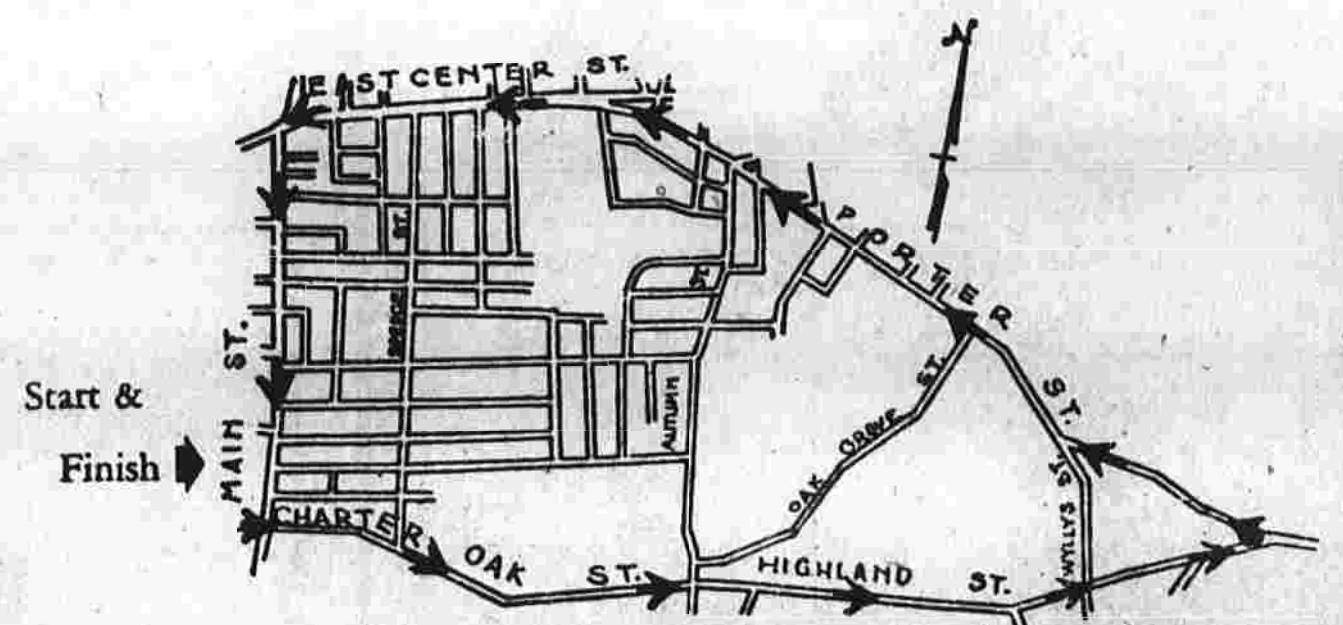

Pre-Race Jottings - It will be interesting to see how well Bruce Clark of East Hampton High fares. The youngster has reigned the past two years as the CIAC

cross country champ. The race is for males only but a number of young women are expected to show up at run unofficially. Race director will be Pete Wigren with Bob Kennedy, UConn coach, his man Friday...Charlie Robbins is the only runner still active who took part in the first year the race was revived, 1945...The first Manchester schoolboy in 1945 - and 21st in succession. Only in 1951, while attending Medical School in Philadelphia, did Robbins fail to appear at the starting line.

Schoeffler, Nick Costes, Dick Hart, Pete Close and Vic Zwolok. Close is a Manchester product who later starred at St. John's University and is now in charge of sports information at MIT. National champs who were winners in Manchester include Robbins, Tommy Crane, Bob Lowe, Ralph Buschmann and Burfoot. Predictions 1. Amby Burfoot, 2. John Vitale, 3. Dan Moynihan, 4. Sid Sink, 5. Charlie Duggan. Jimmy Keefe will be out to prove he's not No. 2 again. The x-Central Connecticut star has been second best on four occasions.

FRED BROWN MAURICE MOORE

Course Runners Will Follow Tomorrow Morning

### Knicks, Celtics Record Big Wins

NEW YORK (AP) - "Let's face it," said Dave DeBusschere, the Portland Trail Blazers are not the Boston Celtics. Portland tries to run like Boston, but the Celtics have stronger horses."

The New York Knicks' forward sized up the potential of both teams after an easy 108-80 National Basketball Association victory over the Trail Blazers Tuesday night. While the Knicks were running over Portland, the Celtics "horses" were also doing some running—with a 116-102 decision over the Milwaukee Bucks.

The Celtics' victory kept them in first place over the Knicks in the NBA's Atlantic Division, but not by much. The Celts, with a 15-2 record, lead the division by percentage points over the Knicks, who are 17-3.

In the other NBA games Tuesday night, it was: Baltimore 124, Buffalo 85; Kansas City-Omaha 105, Cleveland 99; Seattle 88, Chicago 113; Houston 105 and Detroit 113, Atlanta 110. DeBusschere scored 25 points and Bill Bradley netted 22 to pace New York's easy triumph. The Knicks had it seem up by the second period, when they bolted into a 48-31 lead with the help of rookie center John Gianelli.

### NHL New York Clubs Smiling

NEW YORK (AP) - New York's two National Hockey League clubs both are smiling today. It's a routine emotion for one of them and not so routine for the other.

The New York Rangers, second in the NHL's East Division since last playing California, snapped that streak against their last eight starts Tuesday night, defeating expansionist Atlanta 3-1. Their cross-town neighbors, the Islanders, came from behind for a 4-2 decision over California, only their third victory in 17 games in their first NHL season.

In the only NHL game played Tuesday, St. Louis trimmed Vancouver 4-2. The injury-depleted Rangers won their seventh game as Billy Fairbairn to snap a 1-1 tie and knock off Atlanta.

The surprising Flames led after one period on a goal by Larry Romanchuk but Bruce MacGregor tied it for New York in the middle period before Fairbairn clicked while killing a penalty to New York's Rod Seiling. Jean Ratelle's third period goal clinched the victory.

New York played without injured defenseman Brad Park and Al DeMarco and rookie left wing Steve Vickers. The Islanders, who had

Gianelli scored a career-high 12 points and several key rebounds in the second period, when the Knicks broke it open. A blistering fast break, led by John Havlicek's 27 points and 12 by Dave Cowens, powered Boston over Milwaukee. It was the fourth defeat in five games for the powerful Bucks, who fell out of first place in the Midwest Division. Baltimore, 10 points behind Buffalo in the third period, rallied behind Phil Chenier to hand the Braves their eighth straight defeat. Nate Archibald set an NBA record for assists in consecutive games as Kansas City-Omaha stopped Phoenix. Archibald, who led the winners with 37 points, had 11 assists. It was a record 10th game that Archibald posted 10 or more assists.

Austin Carr and Lenny Wilkens teamed for 38 points to pace Cleveland's victory; Clifford Ray and Gaston Heard led a fourth-quarter rally for Chicago and Detroit's victory was fashioned on a three-point play by Bob Lanier and Dave Bing's basket with 65 seconds left in overtime.

## Seniors Who Wind Up Grid Careers Thursday

## Indians, Eagles Favored in Holiday Games

### Tribe Treks To Windham

Manchester High has a triple surprise for Windham High Thanksgiving Day morning. Three of its injured, doubtful starters have shaken their injuries and are ready to face the Whippits in the 10:15 contest at the new high school field.

The Tribe's triple threats are Dave Fleishman, the hard running back who has blistered the opposing defense for eight season touchdowns, Lyle Eastman, who replaced Fleishman in the backfield, suffered a dislocated shoulder but will return. Eastman has scored six touchdowns for the campaign, four coming in the last two games. Bob Walsh is the last threat. Although he doesn't carry the ball, or have his name appear in print too often, Walsh is the sparkplug of the Manchester defense and the one who reads the opposing offenses.

"I can breathe a lot easier now," Indians' Coach Dave Wiggins pointed out. "I don't expect an easy game from them. In order for us to win, we must play up to our potential," he continued.

Similar to his cross-town coach, Cliff Demers, Wiggins stated also that records and previous performances don't mean a thing on Thanksgiving Day. Manchester enters the final CCIL match sporting a 5-3 record while Windham is 3-5 in the league and 3-6 overall.

"Whoever wins Thursday will keep the Army & Navy trophy in their possession. Both squads have two hands on the award already," Wiggins added.

The Manchester-Windham series enters its 12th season with both powers winning five times and tying once. Last season at Manchester's Memorial Field the Tribe won, 40-18. Manchester's potent offense has tallied 176 points on 25 touchdowns. They have held the opposition to 114 total points. Windham, meanwhile, has surrendered 129 points while putting only 63 on the scoreboard.

"Directing the Silk Towners' offense will be Rick Milka with his backs being Fleishman, Steve Samiotis and Eastman who will also see some action at the end position. Opposing the Tribe offensive backfield will be the Whips' Steve Parent at quarterback with the backfield consisting of John Warniky, Norbert Blain and Julian Pocius.

The seniors wearing the Manchester High colors for the final team in a football uniform are: Mike Parrott, Eastman, Ron Roy, Fleishman, Samiotis, Walsh, Dave McCann, Mark Odell, Don Pagan, Darrell Vinick, Dave Chapman, Don Corcoran, Jim Colla, Dan Chilson and John Murphy.

The captains are Samiotis, Eastman and Colla. Wiggins is assisted by Larry Olson and the specialty teams are assisted by Tom Conran.

American Hockey League action, the Voyageurs edged Cincinnati 3-1 at Halifax. Boston broke a scoreless tie in the second period on goals by Doug Roberts and Ron Anderson. Roberts is working his way back to last National Hockey League Boston Bruins after back surgery. Leduc scored unassisted at

### Spurrier Selected For Play

SAN FRANCISCO (AP) - Steve Spurrier, who played for years in the shadows of the San Francisco 49ers' No. 1 quarterback John Brodie, is a cool competitor "always looking for the edge that will beat you," says his coach.

San Francisco mentor Dick Nolan made his comments Tuesday as Spurrier was named Associated Press Offensive Player of the Week in the National Football League.

Spurrier, a six-year veteran from Florida who won the Heisman Trophy in 1967, threw five touchdown passes Sunday in San Francisco's 34-21 victory over the Chicago Bears.

"It's something you pick up with experience," Spurrier said when Nolan praised his role in the win. "I've started five games now and let me tell you I'm a better quarterback now than when I started."

His performance tied a 49er single game record held by Brodie and Frankie Albert and helped his team back into a tie for first place in the National Conference's West Division race.

Spurrier, a No. 1 draft choice when he was acquired by the 49ers, won the weekly Associated Press honor over other nominees that included quarterbacks Fran Tarkenton of Minnesota, Mike Phipps of Cleveland, and Billy Kilmer of Washington and Miami running back Mercury Morris.

SALT LAKE CITY - The Utah Stars traded center Ira Harge to the Carolina Cougars in exchange for future draft considerations in an American Basketball Association deal.

HILTON HEAD ISLAND, S.C. - Don Padgett birdied the first two playoff holes against Tom Kite and Jerry Barber to win the Sea Pines Satellite Tourney.

16-30 of the final that added another just nine seconds before the buzzer. Larry Fullan opened scoring in the first period for Nova Scotia and Yvon Lambert scored the game winner late in the first two keep that Voyageurs on top in a tight East Division race.

### East Hosting South At Mt. Nebo at 10:30

By Dean Yost  
"It's similar to the Army-Navy football game," stated East Catholic High's varsity coach Cliff Demers, "whoever outthits the other and outplays them will be the winner. In a game like this, previous records don't mean a thing."

The Blue-clad Eagles host South Catholic High of Hartford at Mt. Nebo Field with the kickoff scheduled for 10:30. The Rebels enter the contest with an 8-8 record and 0-4 in Hartford County Conference action. Meanwhile, East sports a 2-5-1 overall mark and 1-3 in the conference.

"We are probably as healthy as we have been all season," Demers commented. "A few of our injured players have worked back into shape."

South enters Thursday's game with a 20-day rest from their last outing with Notre Dame of West Haven. "We anticipate a lot of offensive changes by them," Demers added. "We've been practicing three to four different defenses to try and

stop them." This will be the 10th meeting between the two Catholic rivals. East was victorious in the first six meetings while South has controlled play in the last three engagements. "Our senior group has never defeated South. It will be a big incentive for the players. If we lose it will be the first graduating class that has lost to South," Demers stated.

In reference to South's winless season, Demers used a quote from an unsuccessful college mentor this season. "Of course we could be winners, there are many teams out there we could defeat, but we aren't playing them this season."

South, playing one of the toughest slates in the state faced Xavier, New London, St. Paul's, Bulkeley and Weaver to name just a few. "This is an unpredictable game," the East Catholic coach remarked, "but I hope the tide turns in our favor."

"We've been practicing three to four different defenses to try and

stop them." This will be the 10th meeting between the two Catholic rivals. East was victorious in the first six meetings while South has controlled play in the last three engagements. "Our senior group has never defeated South. It will be a big incentive for the players. If we lose it will be the first graduating class that has lost to South," Demers stated.

### 'August 1914' Finally Reviewed In Russia

MOSCOW (AP) — Alexander Solzhenitsyn's epic novel "August 1914," near the top of American best-seller lists, is finally getting a critical appraisal here free of Communist party strictures.

The 1970 Nobel laureate's works are banned here. Party ideologists uniformly vilified "August 1914," his latest book, as anti-Soviet hack work that plays into the hands of the Soviet Union's enemies.

But typewritten manuscripts of the August novel have been passing from hand to hand among the large body of underground dissident intellectuals in Moscow and other cities. Their view of the work has appeared in a series of unofficial reviews now reaching Western newsmen.

"I had occasion to talk to people who were boiling with indignation after reading the book," wrote one unofficial reviewer, "and with people who wept with pain and happiness over many of its pages."

Some of the unofficial

**Today in History**  
By THE ASSOCIATED PRESS

Today is Wednesday, Nov. 22, the 27th day of 1972. There are 39 days left in the year.

Today's highlight in history: On this date in 1963, President John F. Kennedy was assassinated as he rode in a motorcade in Dallas, Tex.

On this date— In 1683, the French explorer, Robert de la Salle, was born.

In 1774, the founder of the British Empire in India, Lord Clive, died.

In 1890, Charles de Gaulle — one of the most important of all French statesmen — was born.

In 1906, the SOS signal for ships in distress was adopted by an international convention in Berlin.

In 1941, during World War II, the Germans captured the Russian city of Rostov.

In 1943, a wartime conference in Cairo was attended by President Franklin D. Roosevelt, British Prime Minister Winston Churchill and Chinese Generalissimo Chiang Kai-shek.

Ten years ago: The Russians announced the end of the combat-readiness alert of Soviet armed forces imposed at the start of the Cuban missile crisis.

Five years ago: The U.N. Security Council adopted a resolution establishing a framework for peace-making between Israel and the Arab states.

One year ago: The U.S. Supreme Court ruled unanimously that arbitrary discrimination against women is unconstitutional.

**Library Open Sundays**

The plan to expand service hours at Mary Cheney Library, under consideration for some time, will become a reality this weekend with the first Sunday opening from 1 to 5 p.m. Adult, children's, reference, and reading room services will be available.

Tentative plans are to continue the same Sunday hours through Apr. 29. However, the library will be closed on Christmas Eve and New Year's Eve, Dec. 24 and 31; and Easter, Apr. 22.

To the best of his knowledge, John F. Jackson, head librarian, said, Manchester will be only the second state library to attempt the Sunday opening experiment, although it is used extensively in Massachusetts.

He said that the added service is in answer to a number of requests from patrons. Among the reasons they gave is that the day is a good one for student use and family visits. Only half humorously, he added, the library could be a sanctuary for "football widows" and prove a ready source to settle differences of opinions and arguments that may arise during TV watching of Sunday gridiron contests, at least through the first half of the second game.

### Minerva Starting Below Scratch

ORANGE, Calif. (AP) — The president of the Republic of Minerva (current population: zero, elevation: 3 at high tide) says the world will soon sit up and take notice of the "newest and smallest nation on earth."

But for now, Morris C. "Bud" Davis, 46, conducts Minerva, which claims the territory.

North Minerva is a circular atoll 4 1/2 miles in diameter. South Minerva, which is 17 miles away, is a coral outcropping in the shape of a figure eight, about 3 1/2 miles wide and eight miles long. At low tide, the reefs thrust three feet above the water. At high tide, they disappear.

Davis, who formerly was an electronic engineer, is president of a company called Caribbean-Pacific Enterprises, which was formed for the purpose of establishing a new nation somewhere.

There are seven stockholders with a total investment of \$250,000 in the project, Davis said in an interview. "The bulk of the money is from the president of a pharmaceutical firm who wishes, at this time, not to be identified," he said.

Then explained why the company was started.

"We figured we really couldn't straighten out our own country," so we would start over someplace new," Davis said.

"We searched through history books, libraries and nautical charts for anyplace in the world that was unclaimed," Davis said.

He said Minerva could hold a population of 250,000 on the coast of Australia, which has since been claimed by Australia.

Minerva was surveyed by Capt. H.M. Denham of the Royal Navy in 1864. But the reefs apparently were unclaimed.

On Jan. 16 of this year, two members of Caribbean-Pacific Enterprises and three crewmen set sail from Fiji for a two-day, 380-mile voyage to the reefs.

Once there, they laid claim to the reefs in the name of the Republic of Minerva and raised the Minervan flag — a gold torch of liberty on a blue (for the sea) background which was designed by Davis.

But King Tupou IV of Tonga, general of the 100-man Tonga Defense Force, led an expeditionary band accompanied by Tonga police in June and declared Tongan sovereignty over the reefs.

"We researched the reefs thoroughly," Davis said. "Tonga's boundaries of all reefs, reefs, forelands and waters have been spelled out in royal proclamations ever since 1867. Minerva is missed by 100 miles."

Davis said the Republic of Minerva plans to negotiate with the king. "We certainly don't want to go to war over it," Davis would not say however, if he is prepared to go to war if necessary.

Dr. Ciro Zoppo, 46, UCLA professor of international relations, said, "If Tonga's boundaries came within 100

### Boyle's Mailbag Bulletin Bits

By HAL BOYLE.  
NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

How hard is a diamond? A diamond-pointed tool is so hard it can cut a groove through bronze 1,200 miles long before it needs sharpening. A tungsten-carbide tool can cut a similar groove through only 21 miles of bronze before resharpening.

Early frontiersmen on the western slope of the Rocky Mountains often cooked their meals with what they called burning rocks. The so-called rocks were taken from deposits of shale, which, when heated, released oil.

There are at least three animals which, because of their size or ferocity are relatively safe from any predator except man. They are the elephant and rhinoceros on earth, and the killer whale in the sea.

A Virginia doctor says it isn't true that tuberculosis is a curse brought to the Americas by the white man. Dr. Martin J. Allison of the Medical College of Virginia says he has found signs of tuberculosis in the mummified body of a Peruvian Indian child who died about 700

A.D., several hundred years before white explorers arrived. Quotable notables: "It isn't the things in the Bible I don't understand that worry me; it's the things I do understand." — Mark Twain.

The most numerous society: One out of every five persons on earth is Chinese.

Ladies are more acquisitive. Men may not have a greater brain content than women, but she does have a higher water content. The water content of the human body averages 65 per cent, but it may range up to 70 per cent in a lean man or as low as 52 per cent in a woman, because of her water-poor fatty tissues.

Accidents are in the head: Several scientific studies have shown that psychological factors, such as anger, boredom, tension or preoccupation, are more important than physical factors in causing most accidents. If you want to be safe, keep your wits about you.

The Lowest Priced All-Purpose Color Camera Ever Offered by Polaroid

- USES INEXPENSIVE TYPE 88 COLOR FILM AND REGULAR FLASH CUBES
- FAST-PACK FILM-LOADING
- EASY FOCUSING
- TOMORROW'S MEMORIES - TODAY

**Color Pack Film 108 349**

**Polaroid guarantees every picture you take with this camera. If you don't like it, you can take another one free.**

If you buy one of Polaroid's Focused Flash cameras during this special offer, every picture you take until next July will be guaranteed. It's true. Polaroid guarantees you'll be delighted with all the pictures you take - or you'll get free film to take them over again.

Here's how it works: You'll receive a booklet of coupons when you purchase your camera. Each one entitles you to return to Polaroid any color pictures you take and judge to be unsatisfactory for any photographic reason for free replacement Colorpack film before July 1, 1973.

Polaroid can offer this unusual guarantee because they feel the Focused Flash Land camera and Colorpack Land film make an almost foolproof combination. Focused Flash keeps your flash shots from coming out too light or too dark. An electric eye and electronic shutter automatically control your other shots. Indoors or out, there's never an exposure calculation to be concerned with.

There are four models to choose from, packed with features, and they all take guaranteed pictures.

22 NOV 22

### Musical Termed 'Warm-Spirited'

By WILLIAM CLOVER  
**AP Drama Critic**  
 NEW YORK (AP) — A charming musical confection of a type rarely risked now on Broadway, "Ambassador," opened Sunday night at the Lunt-Fontanne Theater.

It's a production vulnerable to facile fault-finding, with ultra-obvious story, addiction to cliché situations and operetta-like tunes of familiar ring. But the show triumphs over such carp and capitulates through sheer warm-spirited verve, meticulous performance and swirls of gay costume.

To be predictable is to be almost forgettable," the evocative Danielle Darrieux says early in the plot's unfolding, a remark which the ensemble then proceeds to joyously disprove.

Mlle. Darrieux shares stellar honors with Howard Keel in this sentimental jaunt through turns-of-the-century Paris based upon a Henry James novel, "The Ambassadors."

The adaptation by Don Ettlinger and Anna Marie Barlow follows the adventures of Keel, a stuffy Boston lawyer dispatched to bring home the wandering scion of a rich widow, whom he intends to wed upon mission completion.

All his Brahmin preconceptions of France's fun city transform into warm love for the place and, not incidentally, the middle-aged dame with whom the youth is romantically entwined.

The direction by Stone Widney blends each scene swiftly into the next, and the lively tempo is augmented with dance numbers arranged by Joyce Trisler that radiate brisk period elan.

While participating in the AFS program, Maria is living with the family of Mr. and Mrs. Roy Browning, 80 Graham Rd., South Windsor. Patricia, daughter of Mr. and Mrs. Walter Dziama, 8 Locust St., South Windsor, spent last summer in Ecuador as an AFS student. The reception for the girls was held Monday at the South Windsor High School library. All items on the table are from Ecuador. (Herald Photo by Pinto)

**Alaskans Like Ice Cream Best**  
 ANCHORAGE, Alaska (AP) — Residents of Alaska, the nation's northernmost and coldest state, are the nation's largest per capita consumers of ice cream, the state Agriculture Department reports.  
 Figures show the average state resident puts away six gallons a year, about twice the national average.  
 "For some unknown reason, people like to sit in front of the fire, watch the snow fly and eat ice cream," Arden Farms' Ben Nolan says.  
 In Great Britain, Guy Fawkes Day, Nov. 5, commemorates the date in 1605 when rebels under Guy Fawkes attempted to blow up Parliament.

### Columbia PTA Donation Against Its Rules

VIRGINIA CARLSON  
Correspondent  
Tel. 228-9224

PTA president Ronald Lincoln told the group at its recent meeting that a donation to the Girl Scouts from the PTA has been ruled invalid since PTA bylaws prohibit such donations.

Lincoln said he had received information from the state PTA informing him that the \$50 donation was contrary to bylaws not only on the local level but also the state and national levels.

Mrs. Judy Vesina said the scout leaders should appear before the executive board to discuss the matter. She added that there are possibilities other than the direct donation such as a special fund raising event. The PTA sponsors the Girl Scouts.

Albert Hadjian spoke against such a regulation in the bylaws saying "I strongly oppose a rule which hamstringing an organization to the point where it cannot be its own master."

He added the PTA executive committee should examine such bylaws and amend them if necessary.

Mrs. Marjorie Grant, former PTA president, said the bylaws cannot be changed locally.

She said the PTA is a structured organization based on state and national laws.

Resignation  
Mrs. Roberta Crawford, secretary to the PTA, has resigned. Lincoln said anyone interested in the position should contact him.

Mrs. Joan Harris and Mrs. Catherine D'Italia were named chairman and vice chairman respectively replacing John Sparks who resigned.

The PTA sold 902 grinders at the annual fund raising event and realized a profit of \$475.

Boosters Club  
About 15 parents attended a recent organizational meeting of the band booster club for Porter School.

The group was formed by Principal Clarence Edmondson and music instructor Mrs. Mary Wilcox.

There are 20 members in the band and 25 beginners. As the

### Tolland County Mrs. Burrows Joins Extension Staff

Carmen Burrows is a new member of the Tolland County Extension Service staff. Mrs. Burrows was awarded her degree in Home Economics from the University of Missouri and worked in that state, for two years, with the state consumer education in foods.

Her 4-H background included seven years as a member in Missouri and two years on the state 4-H Council. Mrs. Burrows lives in Manchester with her husband, Adam, who is an elementary counselor in Glastonbury, and their daughter, Heather.

She has been a 4-H leader in Manchester for the past two years and while employed in Hartford she and her husband assisted with a parks and recreation program in Hartford's North End.

Idea Swap  
Tolland County 4-H'ers and their friends who are 14 years of age or older are invited to attend an "Idea Swap," at the Tolland County Agricultural Center, Rt. 20, Vernon, on Dec. 5 at 8:30 p.m.

Those attending should bring one item which will help them explain their favorite hobby or project. Anyone wishing additional information should contact Anne Janelle, Debbie Natale or Lory Beaulieu, all in the Rockville exchange.

4-H Statistics  
During the 1971-72 school year there were 1,044 boys and girls enrolled in the 4-H program. In addition there were 203 participants in special youth programs held in several towns.

Leader Awards  
Mrs. Maurice French of Manchester has been awarded her 15-year pin as a leader with 4-H'ers and Mrs. Norman Wright of Tolland a 10-year pin. Five-year pins were awarded to Mrs. Nelson Goble and Mrs. Janice Going of Coventry; Mrs. Everett Donnell, Ellington; Mrs. George Russell, Mansfield and Mrs. Gordon Hatch, Willington. Michael Pease of Coventry was presented with the alumni award.

### Better Ways To Treat Hypertension Sought

ALREADY THERE  
SAN FRANCISCO, Calif. (AP) — Clayton Horn and Harry Low have received summonses for jury duty, but they are expected to be excused. They are already in court — as judges.

Dead Room  
The "dead room" in the Ball Telephone System Laboratory at Murray Hill, N.J., is said to be the quietest place in the world. The room is designed to eliminate 99.99 per cent of reflected sound.

By C. G. McDaniel  
Science Writer  
DALLAS, Tex. (AP) — Heart specialists say that the high toll of death and disability from strokes in the United States might be reduced significantly with better treatment of high blood pressure.

A half-million Americans suffer strokes each year, and 200,000 of them die.

As many as 100,000 cases might be prevented with better detection and treatment of high blood pressure, said specialists attending scientific sessions of the American Heart Association.

The problems of hypertension — high blood pressure — emerged as a major concern among physicians attending the meeting, which ended Sunday.

Stroke is the third leading cause of death in the United States and among the top three in 39 other countries.

While stroke costs the United States \$4.6 billion a year, the figures "cannot possibly reveal the extent of personal hardship and suffering for victims of stroke and its members of their families," said Dr. Nemat O. Borhani of the University of California, Davis.

"I don't see any light at the end of the tunnel that this can be changed in the near future unless our country decides that something has to be done to alleviate this tragic problem," he added.

Dr. Fletcher McDowell of Cornell University Medical College, New York, noted that stroke patients rarely improve very much after they are afflicted, although they sometimes can learn to manage about them or they forget them.

Dr. Paank A. Finnerty Jr. of Georgetown University, Washington, D.C., called for utilization of nurses and other auxiliary medical workers in the care of hypertensive patients.

These nonphysicians work under the supervision of the doctor. They can provide routine checkups and day-to-day care and save the physician's time, Finnerty said.

The amount of undiagnosed high blood pressure even in a hospital is shocking, he said. Finnerty reported that nurses in one unidentified medical center took the blood pressure of 1,202 nonurgical patients and found that 640 of them had high blood pressure, but only 70 were under treatment for it.

Dr. Jack Whitniant of Mayo Clinic, Rochester, Minn., said not more than 10 to 15 per cent of persons with high blood pressure are being treated to have their blood pressure lowered.

He also noted that about 40 per cent of those who suffer strokes have normal blood pressure.

Whitniant emphasized the importance for patients to report to their physicians any passing, brief attacks of dizziness, unsteadiness or slight difficulties which might indicate high blood pressure.

Because these often are so brief, patients do not feel that they should bother their doctor about them or they forget them.

The brain, unlike some other organs, cannot regenerate, damaged cells.

Dr. Fletcher McDowell of Cornell University Medical College, New York, noted that stroke patients rarely improve very much after they are afflicted, although they sometimes can learn to manage about them or they forget them.

Dr. Paank A. Finnerty Jr. of Georgetown University, Washington, D.C., called for

### Accident Data To Be Recorded On Computer

GREENWICH (AP) — The state is going to put its computers to work in an effort to separate the myths from the facts about traffic accidents, Motor Vehicles Commissioner Robert C. Leuba said Tuesday.

With the help of a federal grant, Connecticut is going to set up a "coordinated records system" that should help show up the trouble spots—alcohol, auto defects, road hazards, and other factors in accidents.

"Does the abuse of alcohol really play a causal role in 50 per cent of all fatal accidents?" Leuba asked. "Figures in Connecticut don't prove it."

He said alcohol may have been a factor in many fatalities, but the available data does not support the frequently quoted national statistic of 50 per cent.

Other data from the computer may indicate the importance of other facts, such as the age of motor vehicles and the time of day, Leuba said.

The commissioner announced the new program in a speech before the Greenwich Safety Council.

Flag Stop  
Canada's Polar Bear Express stops anywhere, any time for anyone who flags it down. The train runs 186 miles north from Cochrane, Ontario. Engineers have orders to pick up the stranded, who could easily perish without food in this rugged terrain.

Not on the Ball  
Oregon State defeated Duke, 20 to 16, in the Jan. 1, 1942, Rose Bowl football game, played for the first and last time at Durham, N.C.

## Kissinger, Tho Meet Briefly

# Negotiators Playing Hide-And-Go-Seek

PARIS (AP) — Henry A. Kissinger and Hanoi's La Duc Tho met for an hour today at a suburban rendezvous after putting out word that the meeting had been called off.

A television crew of the Columbia Broadcasting System tracked Kissinger to the secret meeting place in Chouy-le-Roi, not far from the North Vietnamese delegation headquarters.

Kissinger told a reporter on the spot that he planned to meet Tho again Saturday. The North Vietnamese delegation earlier announced that there would be no meeting today, and American sources tacitly confirmed the announcement.

The one-hour meeting was the shortest since Kissinger and Tho began their current session Monday in an effort to complete the peace agreement they drafted last month.

## B52s Blast Supply Targets In North

SAIGON (AP) — American B52s blasted supply targets for a third straight day in their heaviest raids of the war in North Vietnam, the U.S. Command said today.

Meanwhile, Navy fighter-bombers disabled in a landing mishap became the 9th U.S. aircraft in Southeast Asia in the last five days.

The big bombers have flown 41 missions in the area below the 20th parallel in the last three days in efforts to knock out supplies being shipped for shipment into Laos and southward into North Vietnam. Hanoi and Haiphong are above the 20th parallel and are currently off limits to U.S. warplanes.

While the weather continued to curtail tactical air strikes north of the demilitarized zone, Air Force and Navy fighter-bombers were active in support of government forces in South Vietnam.

## Thanksgiving Now A Stuffed Memory

By THE ASSOCIATED PRESS  
The parades are over, the turkey is gone and the clock has run out on the day's last football game. Thanksgiving 1972 is a slightly stuffed memory and Christmas is around the corner.

Thousands of spectators turned out in nippy weather in New York, Philadelphia and Detroit for traditional parades Thursday. Millions more across the country watched the marchers on television.

The French news agency Agence France Presse quoted reliable sources as saying Kissinger and Tho had run into serious difficulties.

On Monday they met for 5 1/2 hours. Tuesday for 4 1/2 hours and Wednesday for 3 1/2 hours. The Thursday session continued the relaxed mood of the secret talks.

The two delegations lunched together, and Kissinger and Tho engaged several times into the walled garden, walking up and down in animated and apparently friendly conversation.

## Burfoot Makes It Number Four

Amby Burfoot's name will be inscribed upon this trophy for the fourth time. The lanky and bearded cross country runner yesterday won the 36th running of the traditional Thanksgiving Day Five-Mile Road race. He also erased his own course record when he crossed the line in the time of 22:21.9. Presenting him the trophy is Wayne Secrist, Grand Tall Cedar of Nutmeg Forest of the Tall Cedars of Lebanon, the sponsoring organization. Details are on the sports pages. (Herald photo by Buccivictus)

## Israeli Commandoes Clash With Palestinian Guerrillas

TEL AVIV (AP) — The Israeli military command reported a clash with Palestinian guerrillas inside Lebanon today, but refused to confirm Lebanese reports of an assault by helicopter-borne commando forces.

Military spokesmen said only that an Israeli unit patrolling inside Lebanon clashed with a band of Palestinian guerrillas Thursday night and early today near the cease-fire line where air and tank battles with Syria raged three days ago.

Reports from Lebanon said Israeli troops landed in helicopters, blew up houses and burned tents at a guerrilla base at Kureibeh on the foothills of Mt. Hermon, and withdrew two hours later.

Officials spokesmen in Tel Aviv kept silent on the Lebanese account, but one informed military source denied that any houses had been blown up.

## Israeli Commandoes Clash With Palestinian Guerrillas

up, Israeli forces in the past have destroyed houses used as guerrilla camps inside Lebanon.

"One Israeli soldier was wounded and a number of terrorists were hit," a spokesman said.

In Beirut, the Lebanese army command issued a statement saying that an Israeli patrol had infiltrated into an area east of the Hasbanih River and clashed with Palestinian guerrillas.

The Palestinian news agency WAPA said the attacked base belonged to the Popular Front — General Command, a group that has repudiated an agreement the guerrillas reached with the Lebanese government to suspend operations after a massive Israeli incursion in September.

## Big Meal, But... Mom Wasn't There

MIAMI (AP) — When Inora Wright's 10 children sat down to Thanksgiving dinner, their mother wasn't with them. The woman who worked three jobs as the sole support of her family was shot to death four days before.

Police said Mrs. Wright, 42, and a friend, Isabel Woodside, 24, got in an argument at her home Monday evening. Both reached for a pistol, the gun went off, and Mrs. Wright died on the operating table at Jackson Memorial Hospital a few hours later with a bullet wound in her neck, police said.

Police said they are not yet determined if charges will be filed.

## Big Meal, But... Mom Wasn't There

"I don't remember much of that," Jackie said. "Mamma said we should do the right thing, so we told police. Mamma said we should always do the right thing, no matter what."

Abraham Rahming, manager of the store where Mrs. Wright worked as a cashier for four years, said she was a "backbreakingly hard worker."

"She told me, 'I'll work longer hours for you Mr. Rahming, because the work has gotta be done.' She wouldn't get paid for those extra hours, but she worked like a horse anyway," Rahming said.

In addition to her job at the store and her weekend work as a maid, Mrs. Wright also worked as a babysitter to make ends meet, Rahming said.

The children, eight girls and two boys, had Thanksgiving dinner Thursday at a friend's home, and police said they would now live in the custody of Bobby Wright, 30, oldest of Mrs. Wright's children.

Jackie went to the store where her mother used to work to wish everyone a happy Thanksgiving.

She told customers and employees about the big meal she and her brothers and sisters were going to have. Then she added, "But mamma won't be there."

## Jewish Man Taking Christmas Eve Jobs For Two Christians

MILWAUKEE (AP) — Albert Rosen, who is Jewish and has worked during the last two Christmases for Christians, has announced plans to do so again.

"I'm scheduled to work Christmas Eve at the information desk of St. Luke's Hospital. He worked for a radio disc jockey last year and as a bartender in 1970.

## Climber Found Dead

MERIDEN, Conn. (AP) — The body of Shelby Williams, 25, who was reported missing Thursday after he failed to return from a climbing outing at Hubbard Park, was found shortly after 8 a.m. today, police said.

The cause of death was not immediately known.

A Civil Defense unit found the body when the search resumed this morning after being called off shortly after midnight, police said.

More than 50 searchers combed the park cliffs for eight hours Thursday after Williams' family reported the East Hartford man missing about 4 p.m.

Williams was reportedly a skilled climber and had scaled the Hubbard Park cliffs before, officials said.

## Holiday Sports Capsule

Thanksgiving Day had a full menu for Manchester area sports fans.

Amby Burfoot won the 36th edition of the five-mile road race with a record time of 22:21.9.

Manchester High came from behind to defeat Windham High at Willimantic, 16-15, in their Thanksgiving football classic while East Catholic griders bowed to South Catholic, 14-13, at Mt. Neo.

Rounding out the local sports scene was the announcement by East Catholic coach Cliff Demers that he was resigning his post.

For details on these stories and other sports events, see pages 24, 25 and 26.

## Highway Death Toll Mounts

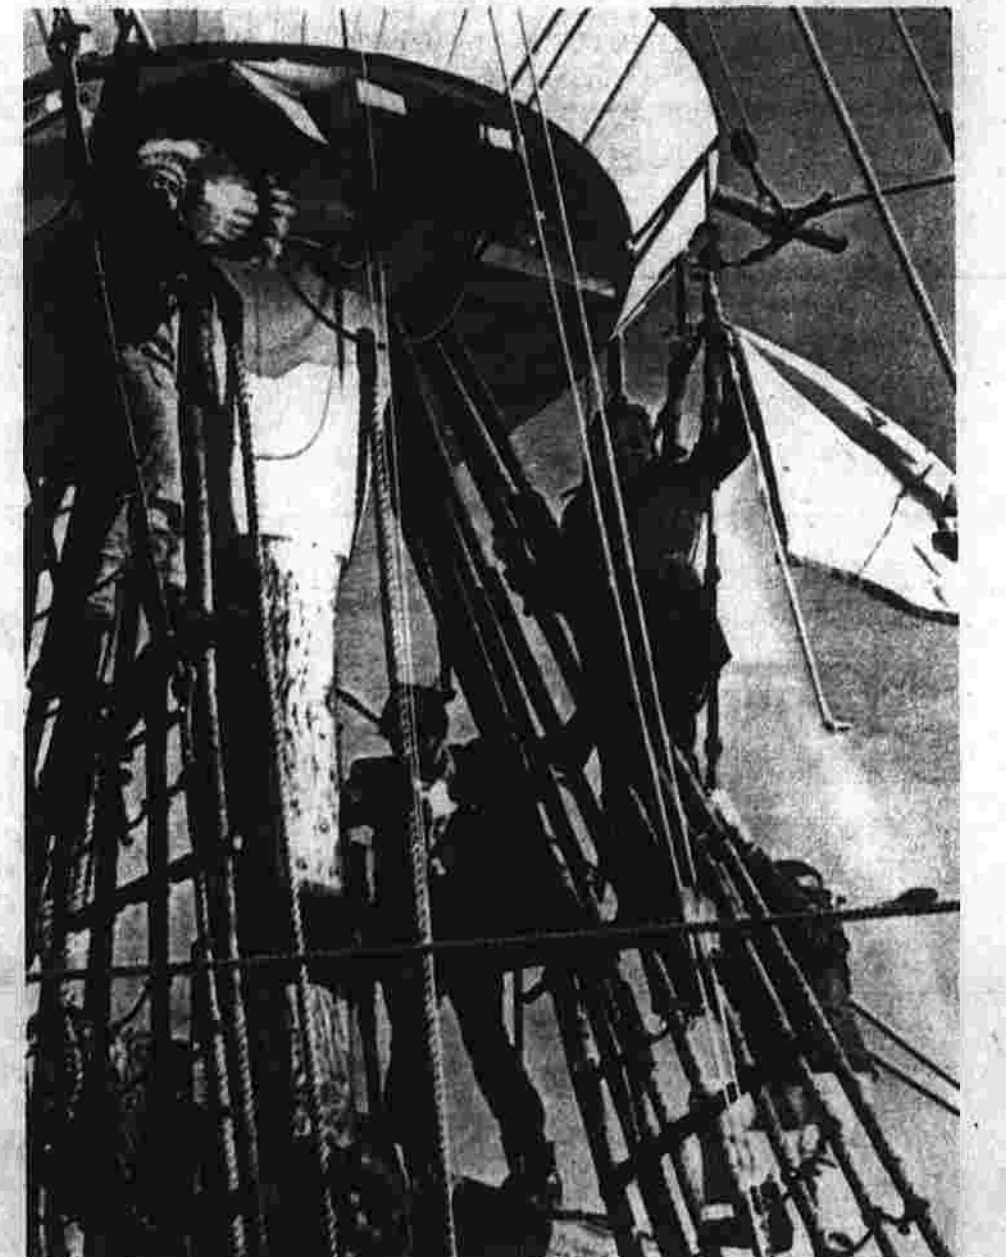

By THE ASSOCIATED PRESS  
The national Thanksgiving Day weekend traffic death toll passed the 200 mark today.

Rain and snow slowed motorists in parts of the Southwest and the Pacific Northwest, and fog shrouded sections of interior California during the early morning. Mostly dry and cool weather prevailed elsewhere.

The count of traffic deaths began at 6 p.m. local time Wednesday and will end at midnight Sunday.

## Indians In Mayflower II Rigging

Members of the United American Indians of New England yesterday climbed the rigging of Mayflower II in Plymouth, Mass., to replace two 17th century flags with their own blue-silk banner. It was part of a "day of mourning" staged by the Indians as other Americans commemorated the first Thanksgiving meal 351 years ago. (AP photo)

Shopping Days Till Christmas 24
