Westover AFB Ready

(Continued from Page One)
 A collection of Vietnam-related jokes gathered from various Air Force periodicals, and copies of Time and Newsweek dating back to 1965.
 The speed of each prisoner's return to a normal diet and normal way of life will be handled on an individual basis, Cox said.
 "Great care will be taken with the diet. We assume the men have been fed a diet peculiar to Southeast Asia and the introduction of rich foods will be subject of some inquiry."
 After the men are released from Westover, Cox said, they can go on convalescent leave. Those deciding to stay in the Air Force will get career counseling. Those who decide to leave will be helped "as much as we can."
 Cox said that "at this time" any POWs who made antiwar statements are not under "any culpability."
 In career counseling sessions, Cox said, families have been told to act natural, "to understand what the men have done and to help them determine his own speed."
 Cox said the people on base have been caught up in the end-of-the-war furor.

Prof Scores Process Serving Fees

WEST HARTFORD (AP) — Deputy sheriffs and constables have been overcharging Connecticut residents about \$200,000 a year for serving legal papers, says a University of Connecticut professor.
 Professor Philip Schuchman of UConn's Law School says in an article for "Connecticut Law Review" that most of the overcharging comes in the form of travel costs.
 The correct legal charge should average about \$2.15, but in reality averaged \$4.95, he says.

Nixon Devalues U.S. Dollar

WASHINGTON (AP) — Secretary George P. Shultz, marked the second dollar devaluation in 14 months. It was a dramatic move to calm troubled world money markets and restore confidence in the battered U.S. currency.
 Nixon's decision, announced at a late Monday night news conference by Treasury

Prof Disagrees With Nixon Views

NEW HAVEN (AP) — A Yale University economics professor and former government economic advisor disagreed with a Nixon administration official on what the devaluation of the dollar means to the ordinary consumer.
 Treasury Secretary George P. Shultz said Monday at a Washington briefing that the devaluation of the dollar is a move by the Nixon administration to benefit the American working man, businessman and the consumer. But Professor Richard N. Cooper, who most recent work has been on the economic impact of a devaluation is to raise the price of imports from foreign countries. But, because the dollar is now cheaper in relation to other currencies, prices of U.S. exports will be less.
 The devaluation will be achieved formally by raising the official price of gold from its present \$38 an ounce to \$42.22. Although this will take an act of Congress, the dollar depreciation will take place immediately in foreign money markets.

Nixon To Seek New Trade Laws

WASHINGTON (AP) — President Nixon said today he would seek trade legislation to lower as well as increase the barriers "to get a fairer shake for America abroad."
 In comments about 12 hours after the United States devalued the dollar by 10 per cent, Nixon said the tough trade legislation is needed to "get other nations away from their discriminatory policies."

Andover
Hearing Listed On Dog Kennel
ANN EMT
Correspondent
Tel. 228-3971
The Planning and Zoning Commission last night scheduled a public hearing for Feb. 26 prior to its regular meeting to consider a request from Michael Sherman for a proposed dog kennel on Bailey Road.

Sherman informed the board he is applying for a commercial kennel for not more than 25 dogs on property presently owned by Robert Leighton who has an existing kennel on the property. Sherman's plans call for using the existing building but moving it back 200 feet into the woods as well as making other improvements.

A commission member questioned items such as possible inadequate ventilation in the winter, when only the doors would be used for air circulation, and asphalt paving in the runs.

Building official Percy Cook was requested to check with the state dog warden and refer any recommendations to Sherman for incorporation prior to the hearing.

Although only two major landowners own abutting property, the commission felt possible residents in the Hickory Hill subdivision could be affected by noise and thus a public hearing should be held.

The commission reviewed plans submitted in June of 1968 and approved for garden work on Shady Hill Rd. The applicant, although receiving the approval almost five years ago, only approached Cook this month for a permit to construct the three apartment houses consisting of four units each 5.6 acres.

Despite the approval, Cook withheld issuing the permit due to a handwritten agreement in 1968 between the owners of the property, Mr. and Mrs. Ralph Bales, and the PZC on arrangements for the turnaround driveway.

According to the agreement, the builders would construct the private driveway according to town specifications and would then deed it to the town for maintenance.

Commission members questioned the legality of the agreement despite the fact that it had been added to the original request as an addendum. They felt it is a private driveway, not a road.

The matter will be referred to town council for decision prior to the issuance of any permit.

Subdivision
Although the new subdivision regulations have not yet been approved by the commission, land developer Robert Gregory informed the board he is planning to subdivide approximately 45 acres on Townsend and Gleason Rds. into seven lots.

Although Gregory only sells the land for development, he said that it is his and his partner's policy to reserve the right to approve building plans.

Delayed Arrest Validated
HARTFORD (AP) — A six-month delay between the issuance of a warrant and the arrest of a student with the constitutional right to a "speedy trial," the State Superior Court has ruled today in upholding a marijuana conviction.

The federal courts have upheld convictions in cases where more than a year went by "between the issuance and the execution of the arrest warrant," said the state's highest court.

The case before the State Supreme Court was that of 21-year-old Orlando Baker of Hartford, a Trinity College student who was arrested twice, on April 7 and April 10, 1970, on charges of possessing and selling marijuana.

There will be a potluck at 6:30 and a business meeting at 7:45. All Robertson School parents and teachers are urged to attend.

AARP Chapter Will See Film
"Member of the Family," a film showing patient care and procedures at Manchester Memorial Hospital, will be shown Wednesday at a meeting of Manchester Chapter, American Association of Retired Persons, at 1:30 p.m. at Cooper Hall of South United Methodist Church.

Mrs. Walter Schmidt of Manchester Memorial Hospital Auxiliary will show the film, which was produced by the hospital.

After the program, there will be a business session. Refreshments will be served by Mrs. Howard Flavell, Mrs. Thomas Leleu and Mrs. Frederick Hodge.

The event is open to all retired persons 65-years of age or older. Persons may join the national organization of AARP and the newly formed chapter at this meeting.

McKinney Seeks Tax Break For Homeowners
WASHINGTON (AP) — Connecticut Rep. Stewart McKinney said Monday he will ask Congress to give a \$750 tax deduction for home repairs.

The 48-year-old Republican said current administration proposals have not brought "most new home repairs" to a grinding halt.

"I feel homeowners should be given this encouragement to incorporate existing structures," McKinney said in a statement. He also said the proposal would help create 100 jobs at the home repair and allied industries.

Under the bill, a homeowner would be permitted to deduct up to \$750 a year for the cost of repairing or improving his home. And landlords would be permitted rapid amortization over five years for the cost of rehabilitating rental property.

Hospital Links Rising Costs To Higher Patient Charges
As a result of a comparative cost study recently completed by Manchester Memorial Hospital, Bert Dittus, hospital development director, reports the relationship between skyrocketing hospital costs and patient costs.

According to the survey covering the years 1967 through 1972, the increase of 592 per cent on charges for Blue Cross and CMS coverage for hospital employees lead the list. Close behind was malpractice insurance up 521 per cent.

Following these were telephone — up 142 per cent, postage — up 124 per cent, social security — up 109 per cent, maintenance costs — up 106 per cent, fuel oil costs — up 146 per cent (25 per cent in the last year), electricity — up 154 per cent, water — up 91 per cent, housekeeping supplies — up 147 per cent, operating room supplies — up 153 per cent, recovery room supplies — up 142 per cent, medical and surgical supplies — up 146 per cent, and the list goes on and on, according to Dittus.

CMS costs went from 16 cents per patient day in 1967 to \$1.15 per patient day in 1972 for an increase of 655.66 in 1972. Insurance from 24 cents per patient day to \$1.57 per patient day or an increase of 517.50 in 1972. Telephone, 16 cents per patient day to 39 cents per patient day for an increase of 143.75 in 1972. Postage 8 cents per day to 20 cents per day for an increase

Don't go to the bank until you have the money ready to deposit. It's not quite the same thing as having a strong feeling that you're about to strike it rich. This applies particularly to penalty doubles at the bridge table.

Opening lead—King of Hearts
West started out with three rounds of trumps, trying to reduce the hand to notrump. East discarded the eight of diamonds on the third trump, and West did some thinking.

By this time the diamonds were all located. East had doubled the diamonds to show length and strength in the suit. If East could now afford to part with a diamond, he must have started with the missing four cards in the suit.

College Hall Dedicated To William Sleith

Western New England College in Springfield, Mass., marked an important chapter in its growth and progress Saturday with the dedication of William H. Sleith Hall.

Above, Sleith, who lives at 32 Wylye St., unveils the dedicatory plaque, which honors him "Chief among many benefactors to whom the college is grateful for this building."

At the right, Dr. Robert Bass, president of WNEC, last year, dedicated \$200,000 of the privately-endowed college, the largest gift in its history. WNEC in 1952 and has an enrollment of about 2,000 students, is co-educational, and conducts day and evening classes.

Sleith, a member of WNEC's board of trustees since 1958, is the founder and former president of Iona Manufacturing Co. on Regent St., a producer of electrical appliances. In 1969, it was sold to General Signal Corp., and he is chairman of the board.

Sleith Hall is a three-level structure that includes 12 classrooms, 18 laboratories and shops, a library, seminar rooms, and faculty office locations. It also contains the college's first large-sized lecture hall, which seats 250.

In addition to many science and engineering features, Sleith Hall houses important business research facilities and contains the most modern technical and laboratory facilities available.

The building was designed by the architectural firm of McClintock-Craig and Wardlaw and built by A. R. Green and Son, contracting firm.

The dedication ceremony climaxed a day-long series of events. It was preceded by luncheon at 12:30 p.m. for invited guests and followed by a tour of the building at 2 p.m. President Herman invited the public to attend the afternoon events.

"We are proud to be opening this magnificent addition to our campus," he said. "I hope that many area citizens will join our trustees, faculty, staff, students, and alumni in touring this structure and taking part in a significant event in our college's history."

Some Steps Already Taken To Meet School Standards

The Tolland High School evaluation prepared by the New England Association of Schools and Colleges (NEASC) and made available to the public last week indicates that the department has been at Tolland High at least three times this year developing programs and recommendations.

The physical education department is correcting three situations included in the recommendations. Maintenance of the gym has been greatly improved and the foot spray machine, to lessen chances of fungus infections, has been repaired. Also, the shower facilities are now being cleaned daily.

A recommendation that attention be given to complete revision of the 9th grade offerings, with consideration to varied course offerings in science, is being studied. This may be done by the end of September.

Comment Session
A 9:30 to 8:30 p.m. Board of Directors comment session will be held Thursday, in the Manchester Municipal Building.

The twice-weekly sessions, inaugurated in early 1967, are for those town residents who wish to file complaints or suggestions on any subject in the board's jurisdiction.

Those who appear to be provided anonymity, and their comments are related to the town manager's office for study and possible action.

United Aircraft Net Income Up
HARTFORD (AP) — United Aircraft Corp. reported Monday that its 1972 net income amounted to \$26.6 million or \$4.17 per share of common stock.

The figures represent an 85 per cent increase over net income for 1971 of \$27.3 million or \$2.26 a share before a special charge of \$17 million for the ITD engine that caused a net loss of nearly \$4 million that year, the company said.

The major aircraft parts manufacturer reported 1972 sales totaled \$2,023,753,000 down slightly from the 1971 sales figure of \$2,028,740,000. U.S. government contracts accounted for \$1,029,001,000 of the 1972 total.

United Aircraft officials said sales figures of \$2,028,740,000 U.S. government contracts accounted for \$1,029,001,000 of the 1972 total.

Daughter Writes Of Mexico Quake

Mr. and Mrs. John D. Rice of 103 Bretton Rd., Manchester recently received a letter from their daughter, Mary Ann Rice de Okuyken of Guadalajara, Jalisco, Mexico, citing some of her family's experiences during the recent earthquake in that country.

The Okuykens were attending family day at the Rotary Club in the Guadalajara Hilton, with their four oldest children when according to Mrs. Okuyken, the table began to move from side to side.

"Lights were going on and off, the microphone cracked loudly once, dishes clattered and a huge flower pot fell off its pedestal just missing a huge window in back of me," she wrote.

"I'm sure that everybody had the recent disaster in Nicaragua foremost in thought," she continued.

"The whole 'shake' took about two minutes, according to Mrs. Okuyken.

Her letter further stated they passed the La Merced Church where a large crowd had gathered to look at the upper part of the tall tower which was cracked sideways "as though someone had given it a little twist."

"Mexico City was without power in a good part of the city for many hours. People were trapped in elevators. About 20 people have died, but none apparently in Guadalajara. Many smaller houses here have crumbled and more than 30 people have been badly hurt by falling bricks and walls.

"The quake occurred during the English speaking radio station begging them to reassure their American guests. I guess that was a few parents to fly right back home."

According to Mrs. Okuyken, the quake occurred during the "sister" mid-day dinner and period, so there were many tales of beds sliding across rooms, chandeliers flying wildly and contents of closets and cupboards spilling and breaking.

"The manager at the supermarket said that they had lost thousands of pesos in imported liquors alone. One of the most incredible happenings happened to 'my friend's' thought," she continued.

"He was performing a gallbladder operation when the table began to move. Furious, he told the surgeon, who said, 'Yes, doctor, somebody is moving it, but it's not I. Finally, the anesthetist said dryly, 'Somebody's moving the whole room.'"

Mrs. Okuyken ended her letter to her parents, "Hope you'll still be coming down next month." She closed with, "So long, from your daughter in relaxing Manana land, at you call it."

Sweaters that can be worn singly or teamed with a cardigan for fashion's newest winter sweater look are among the "Wild Oats" collection for spring. Polyester, rayon and flax knit tops that team up beautifully with skirts and pants. Accessorized with pearls or golden chains, they can be worn to luncheon at the club or for a work day at the office.

Pageant For Teen-age Girls, April 6-7

The Miss Connecticut Teen-age Pageant will be held April 6-7 at the Stratfield Motor Hotel, in Bridgeport.

Open to all girls age 13-17, judging is based on poise, personality, scholastic achievements, civic contributions and appearance with no talent nor swim suit contest involved. If you qualify as a teen-age, you are eligible to enter, regardless of race, creed or national origin and there is no entry fee.

Applications may be obtained by writing to Miss Connecticut Teen-age Pageant, 126 Bunn Dr., Rockton, Ill. 61072, and must be completed and returned by March 15.

Her letter further stated they passed the La Merced Church where a large crowd had gathered to look at the upper part of the tall tower which was cracked sideways "as though someone had given it a little twist."

"Mexico City was without power in a good part of the city for many hours. People were trapped in elevators. About 20 people have died, but none apparently in Guadalajara. Many smaller houses here have crumbled and more than 30 people have been badly hurt by falling bricks and walls.

Vernon Forum To Study Tri-Town Issues

Major issues facing the three towns of Vernon, Ellington and Tolland will be discussed at the third in a series of forums sponsored by the Greater Rockville Clergy Council, Thursday at 7:30 p.m. at the First Evangelical Lutheran Church, Orchard St., Rockville.

Mayor Frank McCoy of Vernon and First Selectman Francis Prichard of Ellington and Erwin Stoetzer of Tolland, will give consideration to such issues as zoning decisions as the officials attempt to give guidance to the town's population and business growth; the most effective ways to communicate ideas and needs to town planners; what religious groups might do to help make the tri-town area a better place in which to live; plus the major issues facing each town.

Following the panel discussion, those attending the forums will be broken into groups and come back with questions for the panel to discuss the issues in more depth and to meaningfully relate them to moral and religious values.

The Rev. Robert Wellner, pastor of St. John's Episcopal Church, will be moderator and the responding panel will include the Rev. Donald Miller and the Rev. Betsy Reed of Tolland plus a representative from an Ellington church.

State Sen. Thomas Caruthers of Vernon will be the guest speaker at the fourth and final meeting of the series next week. His topic will be concerned with government on the state level.

Cast Chosen

Dan Lein, a teacher at Windham High School, has been chosen to play the lead role of Dr. Dewey Maughan in the next production of the Tri-Town Players, "The Girl in the Red-Headed Slip."

The show will be presented March 15, 16 and 17 at the Vernon Center building and will be the second production for the recently formed group.

Anyone interested in becoming a patron should contact Mrs. Barbara Lucas, 6 Tunnel Rd., Vernon.

Emblem Club

The Rockville Emblem Club will meet Wednesday at 6:30 p.m. at the Elks Home, N. Park St. The evening will start with a potluck to honor the past presidents of the club.

Mrs. Allan Benavente is chairman of the program. A

Correct Schedule

The following is the corrected schedule for public hearings of the Manchester Zoning Board of Appeals in 1973:

Feb. 26, March 12, April 16, May 21, June 18, July 18, Sept. 17, Oct. 15, and Nov. 19. No hearings are scheduled for August and December. All sessions will be at 7 p.m. in the Municipal Building Hearing Room.

Club Marks Its Birthday

Dooley House
State Rep. Thomas H. Dooley, D, who represents Vernon's 56th District, has scheduled office hours to meet with his constituents on Feb. 17 from 10 a.m. to noon at the Vernon Professional Building on Rt. 30.

For those who live in the Rockville section of Vernon, a session is scheduled for Feb. 24 in the home of Mrs. Phyllis Prate, 18 Chambers St., (SNETCO Building, redevelopment area).

Any citizen who is not able to attend either of these sessions but wishes to contact Dooley, may do so by writing to him at 100 Irene Dr., Rockville, or at the State Capitol, Hartford.

Air Force Capt. Hayward G. Learn, son of Mr. and Mrs. Norman Learn of 4 Glen Dr., Vernon, has been certified as a military flight instructor at Minot AFB, N.D.

Capt. Learn was recommended for upgrading by his wing commander after meeting all training and evaluation requirements.

Supervised ice skating is now in effect at Webster's Pond on South St., Rockville. Skating starts at 8 p.m. and if the lights on the pond are repaired the area will be open until 9 p.m.

Recreation Director Donald Berger said the lights were damaged by vandals who, according to Berger, have also taken the meters off the tennis courts and the basketball courts.

Steward Retiring

Peter Jacson, who has retired as steward of the Rockville's American Legion Home on West St., will be honored at a testimonial dinner to be held March 3 at the post home.

Jacson retired after 24 years of service to the post. Mayor Frank McCoy will head the program for the evening. The dinner will be held at the post home.

Great Artist

M. Helen Van Wyk, nationally known artist, lecturer, art teacher and author, will be the guest speaker at a meeting to be sponsored tonight by the Tolland County Art Association at 8 at the Vernon Center Middle School.

Miss Van Wyk will demonstrate the techniques of still life painting. She will explain every step of the process from bare canvas to her signature when finished. A small admission fee will be charged. The public is invited.

Bolton Guidance Meeting Listed at School

John Flek, Bolton school guidance director, announces that there will be a high school orientation meeting for all eighth grade students and their parents Wednesday at 7:30 p.m. in the all-purpose room of the elementary school.

Students will receive the results of the Differential Aptitude Tests at the meeting and all high school programs will be explained.

Guidance counselor Jeffrey Heintz notes that Howell Cheney Technical School is being received by March 1, so students interested in attending that school should notify Heintz at once.

Reporting on his recent campaign to locate training sites for the high school, Heintz notes that approximately 100 training positions have been located in 14 places of employment in the area.

Heintz was cited by the Board of Education at its meeting last week for his work in the area of vocational education.

Rham District CATS Elect Mrs. Cahill

Mrs. Nancy Cahill of Hebron was elected president Saturday evening of the Rham CATS (Covington Athletic Team) organization, a newly organized group of Rham parents, adults and interested adults.

Serving with Mrs. Cahill will be Lloyd MacLachlan of Marlborough as vice president and Mrs. Gail Gardner of Hebron as secretary-treasurer.

The purpose of this organization is to support all boys and girls intramural and interscholastic activities at Rham High School; to support, through fan support, all school sports and activities; to involve more adults and alumni in giving the students moral and spiritual support in their intramural and interscholastic activities; and to assist in physical education instructors at Rham with volunteer help in programs they might want help with.

Immediate plans of the group will center around the last home game, Feb. 20, the faculty basketball game, Feb. 23; and the wrestling and gymnastic shows.

Vernon Planners Consider Motel

The meeting of the Planning Commission tonight at 7:30 at the Administration Building will consider a request of Valentino Pano for a special permit to construct a motel on Rt. 30.

The area in question is zoned commercial. It is east of the El Camino shopping center, across the highway from Howard Johnson Restaurant and Motel.

Town Planner John Pastie said such uses, in general, are considered proper for commercial zones but each individual application must be considered from the standpoint as to whether it fits into the overall plan of development for the town.

On Thursday night the Zoning Commission will hold a public hearing at 7:30 at the Administration Building to review a request of Melvin Steinman, developer of the proposed new sewage treatment facility and proposed alterations and improvements to Rt. 83 would no doubt be well as the way before the final group of apartments is completed. Steinman is also asking for a special permission to build parking areas in the flood plain. One portion of the land where the construction is going on is bordered by the Hockanum River.

The Zoning Commission will also hear a request of Jack August Enterprises, Inc. for a plan of development in a commercial zone on the west side of Rt. 83 (next to MacDonald's) to construct a restaurant.

The Marine Corps League Auxiliary will meet tonight at 8 at the Marine Club on Parker St.

Xi Gamma Chapter of Beta Sigma Phi, will meet tonight at 8 at the home of Mrs. Ronald Atwood, Anthony Rd., Tolland.

Mrs. Robert Diamond will present a program on the American Indians.

Club Marks Its Birthday

Dooley House
State Rep. Thomas H. Dooley, D, who represents Vernon's 56th District, has scheduled office hours to meet with his constituents on Feb. 17 from 10 a.m. to noon at the Vernon Professional Building on Rt. 30.

For those who live in the Rockville section of Vernon, a session is scheduled for Feb. 24 in the home of Mrs. Phyllis Prate, 18 Chambers St., (SNETCO Building, redevelopment area).

Any citizen who is not able to attend either of these sessions but wishes to contact Dooley, may do so by writing to him at 100 Irene Dr., Rockville, or at the State Capitol, Hartford.

Air Force Capt. Hayward G. Learn, son of Mr. and Mrs. Norman Learn of 4 Glen Dr., Vernon, has been certified as a military flight instructor at Minot AFB, N.D.

Capt. Learn was recommended for upgrading by his wing commander after meeting all training and evaluation requirements.

Supervised ice skating is now in effect at Webster's Pond on South St., Rockville. Skating starts at 8 p.m. and if the lights on the pond are repaired the area will be open until 9 p.m.

Recreation Director Donald Berger said the lights were damaged by vandals who, according to Berger, have also taken the meters off the tennis courts and the basketball courts.

Steward Retiring

Peter Jacson, who has retired as steward of the Rockville's American Legion Home on West St., will be honored at a testimonial dinner to be held March 3 at the post home.

Jacson retired after 24 years of service to the post. Mayor Frank McCoy will head the program for the evening. The dinner will be held at the post home.

Great Artist

M. Helen Van Wyk, nationally known artist, lecturer, art teacher and author, will be the guest speaker at a meeting to be sponsored tonight by the Tolland County Art Association at 8 at the Vernon Center Middle School.

Miss Van Wyk will demonstrate the techniques of still life painting. She will explain every step of the process from bare canvas to her signature when finished. A small admission fee will be charged. The public is invited.

SRO Assured Friday Night

Capacity crowds have been the rule rather than the exception at East Catholic High, and Friday night the SRO sign will be up when undefeated Holy Cross High of Waterbury invades the Eagles' nest.

Downstaters claim the Crusaders have the best balanced high school team in the state, in any category, and with a following of several hundred for away games, the East gym most likely will be taxed to capacity long before the opening tip.

East isn't any world-beater, but the Eagles are winners again and will go into the battle with an undefeated record at home. The Brass City combine will feature Tony Hanson, who is being groomed as a schoolboy All-American in the class of Tom Roy, ex-South Windsor High star, and Walt Luckett, ex-Kolbe High standout. Hanson, a 6-5 senior, is said to be in a position to write his name to any major college in the country, both scholastically and athletically. He's been averaging better than 25 points and 20 rebounds per game as the Crusaders go into tonight's game boasting 13 straight victories.

Coach Tim McDonald's club already wrapped up the tough Naugatuck Valley League championship.

A tip to East followers - if you are planning on taking in Friday night's game, get there early or you may be disappointed.

Notes Off the Cuff
John Kershaw has been named acting recreation superintendent in East Hartford for the coming school year who will retire shortly. Both men were first-class athletes in their younger days and played in Manchester many times. Kershaw has been the No. 2 man in the department for several years. Roller derby has caught the fancy of followers in this area. Last Saturday night's presentation at UConn, without any fanfare, was a sellout with many turned away. The Roller Derby League returns to Springfield one week from tonight with the Jeters facing the Bay State Chiefs. Terry Vaccaro's world three-game duckpin bowling record score of 511 has been equaled by Vicky Alford of Annapolis, Md. Mrs. Vaccaro, of Manchester, rolled her set in March, 1966. She was one of the ranking local bowlers who passed up competing in the Manchester Town Women's Tournament now in progress at the Holiday Lanes. Timmy Quigg, who starred with East Catholic High and who has emerged as the No. 1 performer with Loomis School this winter, is leaning toward attending Trinity College although he has received a fine offer from Duquesne University. Quarterbacks Billy Kilmer, Archie Manning and Marty Domres are among 11 National Football League players on a goodwill visit at military bases in Thailand and Korea. Jim Turner is the best pitching coach in baseball. He has a job with the Yankees as long as I'm here. Manager Ralph Houk told me. Turner is now in his 51st season in pro baseball. Milkman Jim was best known during his active days as a pitcher with the old Boston Braves. John Williamson, of New Haven, suspended New Mexico State's basketball team has been cleared to rejoin his teammates. The courts ruled the Nutmegger could play again with the Aggies.

Coach Regrets Temper Tantrum
CLEVELAND (AP) — Cleveland Cavaliers' Coach Bill Fitch has indicated he regrets a Sunday night tantrum that included chair throwing and that he'll take his punishment without further ado.

The punishment, expected to include at least a \$100 fine, may be meted out today. NBA Commissioner Walter Kennedy received a report on the incident Monday but opted not to act immediately.

"I don't know what's to come of it," Fitch said. "But there's only one way going to pay for it — me."

But "this bull-headed Irishman will take what's coming to him" was the last you'll hear in the world to want any of us to have that as an example."

Defensive Standout Turns Hand to Scoring

By The Associated Press
Indiana Coach Bob Leonard says Darnell Hillman "is becoming one of the best defensive forwards in the game," but the Pacers' second-year man had it at the other end of the court when it counted.

Hillman, who had scored eight points in the first 48 minutes of Monday night's American Basketball Association game against Virginia, got another eight in the five-minute overtime period, outscoring the entire Squires squad, to lead the Pacers to a 127-119 victory.

In the night's two other ABA games, the Utah Stars defeated the Denver Nuggets 116-107 and the Carolina Cougars downed Dallas 118-111. There was no action in the National Basketball Association.

The Squires led by about 10 points through most of the early going until George McClintock began hitting to lead an Indiana surge that put the Pacers ahead in the fourth quarter. And his tip-in tied the game at 113-112 and sent it into the extra period. "We got real good play from our guards," Leonard said. "Our four guards got 50 points and 14 assists and played a good

Tribe Needs Three For Tournery Berth

By Dean Yost
"We have got to win or it's finished business," notes Manchester High's Coach Jim Moriarty before the cagers last out against Wethersfield. The statement will hold true for the Tribe in its remaining three starts if it hopes to land a berth in the CIAC Class LL Tournament on Saturday night.

Tonight at the Clarke Arena, Manchester will host Hall High of West Hartford in a CCLL battle. Earlier in the campaign, the Indians upset the Warriors, 45-42. Hall's scoring machine, Steve Choinier, who has gone over the 1,000 career point mark, turned his wrist last week and may not be up to full capacity.

Manchester will enter the Arena sporting a 7-4 CCLL record and 7-9 overall. Hall meanwhile, the third best club in the CCLL race, is 9-5 and 10-5 overall.

Also collecting points for Dave Deacon's club have been Jay Sycura and 6-5 Lee Dobkin.

Manchester's Rich Haberman enjoyed his first 20-point game this season in the Tribe's latest victory.

Bowling

MERCANTILE - Rich Luko 136, Bud Bender 125-83, Leo Foglia 135-87, Stan Jarvis 160-37, Sonny Chandler 352, Bill Colby 382, Harry Buckminster 355, John Acceto 355, Mich Holmes 359, Bryce Hunt 362, Dave Krinjak 365, Don Matthews 367, Bill Faber 379, Jim Moore 38.

Erving led all scorers with 35 points while Mark Clemis topped the Pacers with 28.

Despite the victory, Indiana remained 2½ games behind the West Division front-runner Utah, which got 48 points from the team of Ron Boone and Willie Wise against Denver.

Boone had 25 and Wise 23 and both had the hot hands to turn a one-point first quarter lead into a 60-55 halftime. Denver's Steve Zelnio scored 15 and James Jones, finishing with 17 apiece, who turned it on in the third period to win the game by 79 points in the final 12 minutes. The balanced attack countered Ralph Smith's game-high 28 points for the Nuggets.

Showdown Not in Book

NEW YORK (AP) — College basketball purists would love an eventual showdown between UCLA and North Carolina State, both unbeaten and running 1-2 in The Associated Press weekly poll. But it won't happen.

UCLA, with 63 straight victories dating back to 1971, is headed for the National Collegiate Athletic Association tournament to defend its national championship. N.C. State won't compete there since the NCAA suspended the school because of alleged recruiting violations.

UCLA, 19-0 this season, retained its No. 1 ranking in the AP poll with 34 of the 35 ballots cast. The holdout vote went to N.C. State's Wolfpack, 19-0 for the season.

Third place belongs to Long Beach State, sporting a 20-1 record, while Minnesota, 15-2, moved up to No. 4.

College Hoop Roundup

Robert's Electric turned off Western Pharmacy in posting a 97-86 triumph last night at the Community Y. Art Buira and Phil Hensley led the victors' attack with 23 points each. Hence popped in 14. In a losing effort, Craig Phillips tossed in 26 markers.

Hansen, a 6-foot-11 freshman from Coquitlam, British Columbia, was given his first start in a 77-67 victory over Washington Coug. Marvin Harshman, The Huskies' power forward, scored 20 points and 22 rebounds.

After Cleveland State managed to stay close for about 10 minutes, the Friars broke away from a 30-16 burst to take a 53-35 lead at intermission. Providence, 17-2, used reserves much of the second half.

Steve Downing, a 6-9 senior center, poured in 41 points and grabbed 14 rebounds to lead 11th-ranked Indiana to an 87-66 victory over Big Ten rival Illinois.

MCC Game Closer In Tournery Chase

Placing all five starters in double figures, Manchester Community College routed South Central C.C. last night at the Eagles' Nest, 103-82. The Cougars needed a victory Wednesday night against Housatonic C.C. to assure them a berth in the CCCAA tournament.

Manchester now sports an 11-9 mark and 5-5 in conference action. South Central of New Haven now stands at 2-12 over-all and 1-9 in the loop.

Brian Van Camp With Catch

70-Pound Beaver Trapped in State

Man of the outdoors is Brian Van Camp of 1053 E. Middle Tpk. Trapping is one of this young man's hobbies, beaver during this season, and yesterday he came back from Putnam with a 70-pound male beaver, the biggest he ever caught.

The beaver measured four feet long with an 8-inch girth. "It's a super blanket which is worth about \$35," Van Camp said. A beaver hunter for three years, the biggest previous kill weighed 55 pounds.

Seven beavers a season is the limit in Connecticut and the prized catch was No. 7 for the Manchester trapper.

Bench was in California Monday night, and planned to fly to New Orleans tonight. His father, Ted, who operates a motel here, confirmed the signing. "You can say it was in six figures," he said.

Ali Worried About Bugner

LAS VEGAS, Nev. (AP) — Muhammad Ali might be somewhat worried since he sparred 10 full rounds just two days before he is slated to fight Great Britain's Joe Bugner and has scheduled another workout today.

Trainer Angelo Dundee, however, scoffed at anything like that and declared Ali usually works out right up to his matches.

Bugner, a 22-year-old Hungarian-born fighter, has tapered off his workouts and was an energetic Monday as his manager, Andy Smith.

At a meeting of the Nevada Athletic Commission at Cesar's Palace, Smith objected strenuously to the American boxing gloves chosen for the 12-round match apparently because the promoters were getting a stipend to use them.

Baseball Wrangle Into Next Inning

NEW YORK (AP) — Baseball's labor problems move into the next inning as the 24 players' representatives take a close-up, detailed look at the latest offer of the owners.

Marvin Miller, executive director of the Major League Baseball Players Association, said Monday that the offer would probably be turned over to the entire membership—a procedure that could take three weeks and delay the scheduled March 1 opening of training camps.

Respond to Questionnaire

WASHINGTON (AP) — Confidentially, in a probe of pro football's television blackouts, Congress is questioning fans in the stands about tickets and the tube. A few can't pass up a chance to get in some kicks of their own.

When one ticketholder listed himself as undecided about whether to buy the seat next year, he explained: "I prefer to wait and see what the Eagles have to offer."

Some written by hand, a few typed, arriving on various sizes of note paper, these replies accompanied finished questionnaires. In all, 3,200 copies of the 15 basic questions were sent by the House Commerce Committee's special investigations subcommittee.

The open sheets and some of the wide trails has been packed, and the snow was excellent. The packer had run through the snow and was catching the attention of the skier. The big plus for Snow Valley is the new equipment, a Tucker Snow Car, which is a new Spryer Muska, I know the area from three past so off to the slopes.

Springfield Kings Set At New Civic Center

SPRINGFIELD, Mass. (AP) — Attendance at Springfield Kings hockey games has begun to recover from a sharp drop-off that occurred when the team moved into the Springfield Civic Center last year, a Kings official says.

Larry Regan, general manager of the parent Los Angeles Kings, said the Springfield club, an American Hockey League team, will play its 1973-1974 season at the Civic Center.

"We have no intention of moving the Springfield Kings hockey team," Regan said yesterday at the Springfield Civic Center. "The Kings were formerly housed in the Eastern States Exposition Center in West Springfield."

Mrs. Lucius Pettinilli Sr. COVENTRY — Mrs. Jeanette Harding Pettinilli, nee Storr, formerly of Coventry, died on arrival Sunday at Windham Community Memorial Hospital, Windham, after becoming ill at home. She was the wife of Lucius A. Pettinilli Sr. Mrs. Pettinilli, a former secretary at the principal's office of Coventry Grammar School, was born in Lowell, Vt. She had lived in Coventry for many years before moving to Storrs a year ago. She was employed as credit manager and admitting officer at Windham Community Memorial Hospital and was a member of the Second Congregational Church of Coventry. Survivors, besides her husband, are a son, Lucius A. Pettinilli Jr., of Enamouth, N.J.; a daughter, Mrs. Francis Barrett of Houston, Tex.; a sister, Mrs. Francena Brown of Willimantic; and five grandchildren. Funeral services will be Wednesday at 1 p.m. at the Patten Funeral Home, 466 Jackson St., Willimantic. Burial will be in Storrs Cemetery. Friends may call at the funeral home tonight from 7 to 9. The family suggests that any memorial contributions may be made to the Heart Association.

Mrs. Agni M. Aronson Mrs. Agni M. Aronson of Hollywood, Fla., formerly of Manchester, died Feb. 6 in Hollywood. She was the widow of John V. Aronson. Funeral services were Friday at 11 a.m. at the Hollywood Memorial Gardens. Survivors are four sons, Allan Aronson of Bolton, Clarence Aronson of Newton, and Harry Aronson and Roger Aronson, both of Florida.

Mrs. Esther P. Draghi Mrs. Esther P. Draghi, 78, of 22 Case Dr. died Monday night at Manchester Memorial Hospital. She was the widow of Joseph P. Draghi. Mrs. Draghi was born March 1, 1893 in Italy, daughter of Anthony and Caroline Frel, and had lived in Manchester for 46 years. She was a member of the Ladies Guild of the Assumption. Survivors are a son, Joseph P. Draghi of Manchester; two daughters, Mrs. Daniel Savino, Mrs. Roger Vazuka and Mrs. Edward Ristau, all of Manchester; and two brothers, John P. Draghi and George W. Frel, both of Manchester. Two sisters, Mrs. Ida Carini of Manchester and Mrs. Rose Peragallo of Manchester, also are survivors. The funeral will be at 10 a.m. Thursday at the funeral home Wednesday from 2 to 4 and 7 to 9 p.m.

Court Fines Ford \$7 Million

WASHINGTON (AP) — The Federal Reserve fined \$7 million today on charges that its employees illegally tampered with 1973 Ford cars undergoing antipollution tests, the Justice Department said. Ford filed a no contest plea to a \$500,000 criminal information, filed in the U.S. District Court in Detroit by the Justice Department, and signed a consent decree concluding a civil suit. The court proposed the maximum fine of \$5 million because of the criminal case. It also approved a \$3 million penalty agreed to by Ford and the government in the civil case. In addition, Ford was enjoined from committing similar violations in the future. The matter goes back to last April and May when Ford submitted its antipollution test data required for federal certification of its 1973 cars. On May 16, the firm withdrew its applications and told the Environmental Protection Agency they had been based on tests that included unauthorized and unrecorded tampering. Ford resubmitted its applications and repeated the testing. The EPA turned over the Justice Department's evidence and asked Atty. Gen. Richard G. Kleindienst to take appropriate action. The EPA said the firm had tampered with the cars to pass antipollution tests. Ford executives voluntarily reported the problem did not excuse the alleged violations. The Clean Air Act and EPA regulations make it a criminal offense for anyone to tamper with or falsify information on testing and reporting of maintenance on prototype engines.

Gov. Meskill Tagged 'Tory' By Columnist

HARTFORD (AP) — Columnist Jack Anderson blasted Gov. Thomas J. Meskill Monday for opposing legislation to "shield" newsmen, calling Meskill's stand on the issue "the most ignorant and irresponsible position of any prominent public official." "I have no idea why Governor Meskill has taken such an extreme and transparently silly position," said Anderson at a news conference. "But in more than 25 years of investigative reporting I have always found that those who fear the liberty of the press were those with the most to hide. 'I don't think there should be any restrictions at all,' Anderson said, 'on the right of the newsmen, under the constitution, to refuse to divulge his sources.'"

Police Report

A break in entry which apparently occurred at the Pathfinders Club, 102 Norman St., sometime between Sunday afternoon and Monday morning, was reported to police Monday. The victim, Joseph Blette of 33 Birch St., had been doing some carpentry work in the club and had left his power tools there, according to police. The thief entered the building by forcing a window and made off with power and hand tools valued at \$390, police said. The investigation is continuing.

Calvin T. Miller, 38, of West Hartford was charged with breach of peace and intoxication in connection with a fight at the rear of Ed's Tavern, Spruce St. Court date is Feb. 26. Vandalism broke into Allied Casting, 260 Tolland Tpk., about 5 p.m. Monday. Entry was gained through the south side of the building, according to police. Two tractor-trailer trucks were started and driven into each other causing minor damage to both vehicles. It is unknown at this time how the trucks were started. Several windows in the building had been broken. Police said they also found two spent shotgun shells on the floor, but added that no gunshot damage was apparent. The investigation is continuing, police said.

A car belonging to Kenneth Stilson of 40 Olcott St. was stolen sometime Sunday or early Monday morning. Police are investigating. Vandalism with BB guns struck on N. Main St. Saturday afternoon. Edward Hillman of 263 N. Main St. reported that the rear window of her car had been shot through. Several holes in the window were apparently made by BB gun fire. Coventry Michael V. Duffy, 20, of New Fairfield was issued a citation for driving with a license suspended for failing to obey a stop sign. Court date is March 12.

Gunmen Surrender

DALLAS, Tex. (AP) — Two teen-age gunmen, surrounded by nearly 100 officers, surrendered this morning after an hour after releasing the last of 22 hostages they had taken over the last 48 hours. The two walked out the bar where they had been trapped during a robbery attempt at 8:46 a.m. EST after a police detective told them: "You will be safe in jail than here." One of the two, Milton Allen Frank, 18, identified by police as an escapee from a state mental hospital, asked for a few minutes to talk to his father in Las Vegas. Both called an attorney brought to the bar in northeast Dallas earlier. Then they surrendered without resistance. Frank was being taken to the county jail first. There were no reports of any shots fired by either side during the night. The boys were reported heavily armed. They had released the last six hostages at 7:25 a.m. after the police detective promised: "I give you my word, we are not going to raid the place." During the course of the night, the boys had demanded a car with a tankful of gas and a plane to make a getaway. Police said the trouble began at 10 p.m. Monday when the pair, reportedly armed with a submachine gun, a pistol and a shotgun, burst into the Inner Circle bar and demanded money. A customer called out while the robbery was in progress and telephoned police. When the authorities arrived, they said the youths threatened to shoot the hostages. Police detective Paul McCaughren kept up a marathon conversation with the two through the evening and early morning. Frank was identified as an escapee from the state mental hospital.

Four Killed

TORRANCE, Calif. (AP) — Hundreds of children were killed in the Los Angeles suburb waiting to get the best seats when the doors were opened, and the crowds were dispersed. Police said the fire discovered the bodies of four theater employees on a bus that was crushed by a plane. Police Lt. James Foster believed the slayings to an execution. He said the victims either side during the night. The boys were reported heavily armed. Students Return

TOKYO (AP) — About 200,000 students who were evacuated from Hanoi to the countryside because of U.S. bombing raids returned to classes in the North Vietnamese capital Monday. Agency reported today. The students were taken to an "exhilarating atmosphere of the reconquered peace," the report said. Agnes On Amesty LOS ANGELES (AP) — Vice President Spiro T. Agnew says the nation must be particularly hard and tough on teachers who fled to avoid service in Vietnam. "It almost makes one ill to hear about these teachers who fled from an honor war," Agnew told some 200 people at a Republican Lincoln Day dinner here Monday night. He said his feelings on amnesty were reaffirmed early Monday when he watched the first and many more prisoners of war arrive at Clark Air Base in the Philippines.

Directors To Act On Appropriations

The Manchester Board of Directors, when it meets tonight at 8 in the Municipal Building Hearing Room, will consider actions on proposals aired at public hearings last Tuesday. They include: A \$180,000 allocation for reconstructing Hilliard St. (including sidewalks), from Broad St. to where North End Renewal ends. The sum would come from the Revenue-Sharing Fund. A \$250,000 allocation for a sidewalk construction program. This sum too would come from the Revenue-Sharing Fund. An ordinance for purchasing for \$450 a small parcel at the intersection of Hilliard and Broad Sts., and an ordinance for purchasing for \$750 a small parcel at the intersection of Main and Woodland Sts. A \$15,000 appropriation for improving the Mt. Nebo parking lot, to be financed from 1971-72 unappropriated surplus. A \$34,000 appropriation for resurfacing and lighting two tennis courts at the high school and another two tennis courts at Bennett Junior High, with the projects to be financed by a state grant for a previous tennis court resurfacing project. An \$11,000 appropriation for conducting the March 13 referendum. To be financed from 1971-72 unappropriated surplus. The March 13 referendum is on a proposed \$1,391,000 appropriation for purchasing the 110-acre Laurel Lake and for improving the sanitary-landfill area. A \$183,000 allocation for the Water Reserve Fund for the Cooper Hill Treatment Plant project. The sum would be added to the \$550,000 approved last November in a townwide referendum. Toastmaster

Fire Chief John Rivosa will be the toastmaster at the 28th annual Town Fire Department Ladies' Night, which is to be held Feb. 24 at Garden Grove. The event will feature a social hour at 8:30 p.m., dinner at 7 and dancing to the music of the Dabbalo Bros. Orchestra to 1 a.m. Tickets are available at any town firehouse on a first-come, first-served basis.

Stamford School To Close Doors

STAMFORD (AP) — Dwindling enrollment and a financial pinch have forced the closing next fall of St. Leo's parochial elementary school in Stamford. The 200 pupils will be integrated into three other parochial schools in the city, St. Gabriel's, St. Cecilia and St. Maurice's. "The entire pupil population, public as well as parochial, has become smaller at the lower grades because of smaller family sizes," said Andrew F. Burns, president of the school association. Enrollment has been falling for some time, he says, and the number of nuns assigned to the school has diminished. Lay teachers demand higher pay than nuns, pushing costs up, he said.

Fire Calls

Eight District firemen were called to the Don Willis Garage, 18 Main St. (across the street from a firehouse), to wash down the garage spill Monday at 3:32 p.m. Firemen said a car struck a gasoline pump, and the pump's automatic shut-off device didn't work properly. A "dangerous amount" of gasoline was spilled, according to Fire Dispatcher Rick Skoglund. Large amounts of water were poured on the area, firemen said. At 3:25 p.m. Monday, town firemen were called to the Parkade again, to put out an electrical fire at Kofsky's Shoe Store. A light fixture burned out, firemen said.

Cold-Pack Cheese Originated In U.S.

Milwaukee—Cold-pack cheese, a new cheese variety, was said to have originated in the U.S. It is a ground cheese mixture, prepared from carefully selected and well-aged cheddar. The mixture, including spices, is packed into airtight containers. Independence, Mo. (AP) — Mrs. Harry S. Truman, described by her daughter as being in good spirits, marks her 83rd birthday today. The widow of the former president, who is known as Beas, plans no special ceremonies.

LEGAL NOTICE

The Zoning Board of Appeals will hold public hearings on Monday, February 26, 1973, starting at 7:00 P.M., in the Hearing Room of the Municipal Building to hear and consider the following petition: STATE HEARING ALSO. One — Goodrich Realty Group of Connecticut, Ltd. requests Special Exception and State Certificate of location approval in order that a gasoline service station may be built and operated on premises on a suburbanizing plan, a pistol and a shotgun, burst into the Inner Circle bar and demanded money. Sweethearts For 50 Years

Mr. and Mrs. Paul Cervini of 71 Main St. were feted Sunday at a 50th wedding anniversary celebration at the 800 Home in Manchester. More than 100 friends and relatives attended the dinner party hosted by their son-in-law and daughter, Mr. and Mrs. Wendell R. Poucher. The couple was married Feb. 9, 1923, at St. James Church, Manchester. An anniversary clerk of the board and tax collector of the Eighth Utilities District is presently on its board of directors. He has been a member of the Manchester Fire Department for 49 years, serving as its treasurer for the past 35 years. The Cervinis have two grandchildren and two great-grandchildren.

Reluctant Directors Add Water Plant Fund

BY SOL R. COHEN (Herald Reporter) The Manchester Board of Directors, with obvious reluctance bordering on frustration, last night allocated an additional \$163,000 for renovation of the Cooper Hill Treatment Plant. The sum is in addition to the \$550,000 approved for the project in a November 1972 referendum. The vote was 7 to 1, with Republican James Farr casting the "nay" vote. Democrat Phyllis Jackson, because of a death in her family, did not attend last night. Town Manager Robert Weiss, in explaining the need for the \$163,000, said the lowest bid for 15 permitted came in at \$184,200, or \$64,200 above the \$550,000 approved at referendum. The remainder of the \$183,000, he said, is for contingency, engineering and inspection expenses. He said he was satisfied with the bidding, calling them very favorable, and blamed the discrepancy on poor cost estimates in advance of the referendum. Prior to the discussion and the vote, a legal opinion was read from Town Counsel David Barry. It stated that a question last week regarding the validity of adding to the \$550,000 authorized in November for the project. Barry ruled the addition legal. He said the town charter provides that, if a project cannot be accomplished within the amount voted for renovation, the board may not borrow, the additional sum needed. Farr, prior to the vote, first recommended tabling any action until town officials explore all possibilities of financing the project. "I know it's a gamble," he said, "but it's the only solution other than adding funds for the project." Weiss again acknowledged that the estimates, made by the town's engineering consultants, were too low. Jay Giles, water and sewer department administrator, agreed. "The bids came in according to the specs," said Giles. "The estimate was too low." Farr commented, "I feel it's a shame to be so far from the question is — what can we do?" Mayor John Thompson replied, "We can't make the estimate was too low." (See Page Eighteen)

Three Town Men Propose Dog Track in Colchester

BY SOL R. COHEN (Herald Reporter) The principals in the venture are: Raymond F. Darnato, building contractor; Richard P. Hayes, real estate broker and land developer; and Stephen J. Cavanaugh, owner of Cavey's restaurant. They have a purchase agreement with David Levine, owner of the proposed track site, to acquire about 45 acres of land on Old Rt. 2, west of O'Brien Rd. and near access to new Rt. 2. Estimates are that about 15 million people reside within 30 miles of the site in all directions. Since dog races would be held only 120 days of the year, the proposal includes building a skating rink under the grandstand, to operate the year round, and making the facility available for community activities. A clubhouse and dining facilities also are planned. Weiss said today that, because of the complicated formula being used, he cannot predict how much money Manchester may be entitled to. He said, because the Manchester computation for adjusted taxes is based on an increase of \$88,345, it is logical to expect an adjustment in the revenue-sharing allocation. Manchester received \$467,775 for fiscal 1972. Weiss said he has known the director of the Office of Revenue Sharing, Graham Wait, for the past 20 years. He said Mr. Wait is a former city and town manager who was president of the International City Management Association in 1971-72. Prior to assuming his present post, he was deputy mayor of Washington, D.C., an appointive post filled by the town.

Weiss Files Protest On Revenue Share

BY SOL R. COHEN (Herald Reporter) Town Manager Robert Weiss has filed a formal objection to the data used by the Treasury Department in computing Manchester's revenue-sharing allocation. In a letter to Gordon Watt, director of the Office of Revenue Sharing, Weiss said that when the town furnished Washington with information relative to adjusted taxes, he neglected to furnish the information for fire protection. He has informed Watt that Manchester is serviced by the Town of Manchester Fire Department and by the 8th Utilities District Fire Department. The former servicing about two-thirds of the town and with an \$830,845 tax levy in 1971, the latter servicing about one-third of the town and with an \$57,500 tax levy in 1971. Under the formula used for computing the allocation, the year 1971 was used for population, per capita income and tax levies. All taxes other than those used for educational purposes entered into the computation.

Transit Fund HARTFORD (AP) — U.S. Sen. Lowell P. Weicker, R-Conn., predicted Tuesday that the 1973 Congress will "break" the \$3 billion highway trust fund to allow the use of part of it for mass transit. But he warned that the country should not jump on the transit bandwagon — mass transit — until it has the highway system. "We need a master plan in transportation," Weicker told a news conference at the U.S. Capitol. A bill introduced by Weicker and Sen. Edward Kennedy, D-Mass., would allow states the option of spending up to \$2.5 billion of the federal highway fund on other transportation projects. Congress is ahead of the national mood on mass transit, Weicker said.

Taxes Opposed

HAMDEN (AP) — The General Assembly's first public hearing on Gov. Thomas J. Meskill's proposed tax package Tuesday night attracted several opponents of a suggested increase in the tax on real estate sales. Several persons from the audience of about 75 told the state's Finance Committee that property owners already were over-taxed. Opposition also was voiced to a separate proposal to add a regional gas tax to finance subsidies for bus companies.

Welfare Penalties

HARTFORD (AP) — The state's new welfare committee, Nicholas Norton, asked the legislature Tuesday to increase the penalties for welfare fraud. The committee proposed a maximum of six months in jail to a maximum of five years in prison. Speaking at a public hearing on the legislature's Committee on Corrections, Welfare and Human Institutions, Norton asked that the legislature increase the punishment for welfare fraud the same as the punishment for welfare fraud. "I feel it's a shame to be so far from the question is — what can we do?" Mayor John Thompson replied, "We can't make the estimate was too low." (See Page Eighteen)

Hanoi, U.S. Announce Reconstruction Aims

WASHINGTON (AP) — Hanoi and Washington announced today they plan a joint economic commission to develop economic ties between North Vietnam and the United States and to consider post-war reconstruction of the bomb-battered North. This was the only concrete new element in a joint communiqué issued following the departure from Hanoi Tuesday of Henry A. Kissinger, national security adviser to President Nixon, who spent almost four days in the North Vietnamese capital. The communiqué said the sides exchanged views during the Kissinger stay "on the manner in which the United States will contribute to healing the wounds of war and to post-war economic reconstruction in North Vietnam." The document then set up a joint economic commission, adding: "This commission, which will be composed of an equal number of representatives from each side, will be charged with the task of developing the economic relations between the Democratic Republic of Vietnam and the United States." Kissinger, now bound for mainland China for talks with Premier Chen En-shan, met in Hanoi with Premier Pham Van Dong, special adviser Le Duc Tho who was Kissinger's counterpart in arranging the Vietnam peace agreement. The document said participants "also agree that they would continue to have periodic exchanges of views in order to insure that the agreement and its protocols are strictly and scrupulously implemented, as the signatories have undertaken." Three general principles for governing relations between Washington and Hanoi were set forth in the joint statement. "All provisions of the Paris agreement on Vietnam and its protocols should be fully and scrupulously implemented." "The Democratic Republic of Vietnam and the United States should strive for a new relationship based on respect for each other's independence and sovereignty, non-interference in each other's internal affairs, equality and mutual benefit." "The normalization of relations between the Democratic Republic of Vietnam and the United States will help to insure stable peace in the region and contribute to the cause of peace in Indochina and Southeast Asia." The communiqué said participants in the Hanoi talks "discussed various imperative measures which should be taken to improve and expedite the implementation of the agreement." There was no elaboration on what further measures might be envisioned.

Gas Tax Opposed

Associated Press Writer HARTFORD (AP) — Republican legislative leaders prepared Tuesday to repeal a bus subsidy law which Gov. Thomas J. Meskill had been unable to veto on his own terms. He expected the leaders to come up with positive and productive legislative proposals. However, there were indications that a proposal to resolve the bus crisis with the help of a special regional tax on gasoline had encountered strong opposition among the ranks of the GOP. Meskill had tried to impose a partial veto on the bus subsidy bill passed last September by a Democratic legislature. But the state Supreme Court ruled Tuesday that the veto was unconstitutional and therefore had no effect. This meant the 1972 law went into effect — but Meskill said it could have no real effect because it is impossible to implement. "In my veto message," he said, "I noted the bill contained flaws which could actually hinder a resumption of service." The law orders the transportation commissioner to use state funds to ensure that buses "shall be operated in the manner required by the state and the transit districts over a bus subsidy formula." It may take several days for the General Assembly to act on the GOP legislation, since the Democrats have enough votes to block any short-term suspension of the rules. However, the GOP has more than enough votes to repeal the law. (See Page Eighteen)

World Dealers Selling Dollars

LONDON (AP) — The devalued U.S. dollar was hit by a wave of selling in foreign exchanges today as government ministers sought to restore monetary stability. The price of gold on the free market hit a record high of \$72.30 an ounce at the afternoon fixing in the London bullion market. Heavy dollar selling was first reported in the Tokyo market, which opens before others because of the time differential. The wave hit Zurich shortly after noon and carried the dollar to new lows against the floating Swiss franc. The dollar moved down in afternoon trading in Frankfurt and reached 2.9250 German marks, just a hair above the new 2,900-mark parity for the devalued dollar. Amsterdam also reported heavy dollar sales that carried the rate down to 2,950 guilders. The new parity is 2,920 guilders. Late trading figures for the dollar on most other European exchanges also were lower than the more optimistic opening quotations. (See Page Eighteen)
