Town Treasurer Seeks Improved Trusts Income
Town Treasurer Roger Negro is asking the Manchester Board of Directors to approve a proposal which, he explains, could mean as much as \$13,000 more a year in income to the town.

Negro is seeking permission to sell all stocks and bonds now in the trusts and to set up a trust fund with the United Bank and Trust Co. — in order to seek greater returns on investments. At present, explained Negro, the stocks and bonds are in a safe deposit box at the Connecticut Bank and Trust Co., receiving income that could be improved upon.

He said the Whiton Library Trust amounts to about \$430,000 and the Levi Drake Trust about \$100,000. The latter was depleted when the addition to Mary Cheney Library was built.

Negro said the Library Board voted no objection to his proposal, following a March 6 meeting with representatives of the United Bank and Trust. He will present his proposal to the Board of Directors on March 29.

Police Report

A 15-year-old Hartford boy was charged with this degree burglary and possession of controlled drugs Saturday night at Ruben Pines Texaco Station, Main St.

The youth, unidentified because of his age, was observed in the station, after it had closed, by a police officer on patrol, police said. The outside lights of the station were off, but the interior lights were on, according to the officer.

The youth came to the door of the station and when asked if he worked there he said that he didn't and was using the men's room, according to the police report.

It was then that the officer noticed blood on the hands and face of the accused. Checking the property police said that three windows were found to be broken.

The youth was taken to headquarters and searched. Police say that a small quantity of a plant-like substance which appeared to be marijuana was found in his possession.

He was taken to the Connecticut State Detention Home at Hartford to await a hearing in Juvenile Court.

A break was reported Saturday morning to police at the Old Mills Station, Burr Connors Shopping Plaza, Tolland Tpke.

Police say that the break, which apparently occurred Friday night or early Saturday, netted thieves \$150 in cash. Three unlocked offices were entered and the cash boxes were forced open. The incident is under investigation.

Graham Holmes, 41, of 74 Spruce St., was charged Sunday night with driving a 1967 Oldsmobile automobile accident last night on Rt. 44A in Bolton. He was taken by ambulance to Manchester Memorial Hospital and pronounced dead on arrival by Dr. Robert Butterfield, according to State Police, Troop K, in Colchester.

The cause of the accident is still being investigated, according to a State Police spokesman.

The Tierny Funeral Home, 219 W. Center St., is in charge of funeral arrangements, which are incomplete.

Discharged Saturday: Gloria Comarella, Stafford; George L. Metzall, Vernon; Charles Delnicki, 111 Denning St.; John Rudinsky, Rockville; George E. Poterfield, 139 Hillard St.; Eugene R. Plourde, 141 Gardner St.; John F. Boggs, Dartmouth; Darrell A. Damon, 45 St. Nicholas.

Vote On The Sanitary Landfill Referendum: Polls Open To 8 P.M.

The polls are open to 8 tonight in a townwide referendum on the question, "Should the Town of Manchester appropriate \$1,391,000 for acquisition of Laurel Lake and improvements thereon?"

Voting, which started at noon, is at the following 10 voting districts:

District 1 - Buckland School, Tolland Tpke.
District 2 - Robertson School, N. School St.
District 3 - Northfield Green Community Center, Ambassador Dr.
District 4 - Martin School, Dartmouth Rd.
District 5 - Buckley School, Vernon St.
District 6 - Nathan Hale School, Spruce St.
District 7 - Wadwell School, Broad St.
District 8 - Verplanck School, Olcott St.
District 9 - Keeney St. School, Keeney St.
District 10 - Manchester High School Cafeteria, E. Middle Tpke.

A special voting machine in District 7, the Wadwell School, is for out-of-town residents whose property in Manchester has assessment of \$1,000 or more.

The \$1,391,000 proposal consists of \$449,500 for purchasing the 110-acre Laurel Lake from Robert C. and Wells C. Dennison, and \$941,500 for improving the town's sanitary landfill area.

Prices of school lunches in Manchester will be increased by five cents starting April 1, Dr. James P. Kennedy, superintendent of schools, told the Board of Education Monday night.

The increase, Dr. Kennedy said, is in response to "dramatic increases" in food prices. The school lunch program was about \$18,000 in the red at the end of January, and indications were that the deficit was increasing.

The price increase effective April 1 will result in lunch prices of 45 cents at elementary schools; 50 cents at junior high schools and Manchester High School; and 70 cents for faculty and adult lunches at all schools.

The price increase will increase the prices by a nickel in accordance with a Board of Education action to make the school lunch program as self-sustaining as possible, Dr. Kennedy said.

The price increase will not reduce the deficit, Dr. Kennedy noted, but it is only to keep us from getting deeper into the hole. "There was no alternative to increasing the prices, he said.

William, who accompanied Downey from the Philippines, described as a "virtually blind" man, showed "a little bleep" when she was told John was in custody. Until then U.S. officials had maintained publicly that he was a civilian on a flight from South Korea to Japan.

Connecticut Gov. Thomas J. Meskill, a boyhood friend of Downey in his native New Britain, asked the White House to seek his release after Mrs. Downey was stricken.

Meskill was at the Windsor Locks airport along with several of Downey's college friends from Yale University.

Downey, wearing a plaid sport jacket and slacks, moved quickly to a waiting car, rode a short distance and then emerged for a word with newsmen at the airport.

"Thank you very much," he said on live television. "It's good to be back. I just want to thank everyone for being so kind."

A crowd of more than 300 persons had gathered in the darkness outside the hilltop hospital by the time Downey's car completed its 45-minute drive from the airport.

Chenrs went up as the car pulled up at the main entrance, and the crowd surged in for a close look.

Downey again said a word or two to newsmen, while his brother put his finger to his lips in apparent concern over the crowd's noise.

Inside, the returning prisoner pushed his way through several hospital personnel. He then moved quickly to an elevator, which took him to his room on the fourth floor.

Downey himself was admitted to the hospital for a medical examination after visiting for several minutes with his mother.

Mid East War Could Cut Off Oil Supplies

BEIRUT (AP) — The ruler of oil-rich Kuwait said in an interview published today that he will shut off the flow of oil to the West if a new Arab-Israeli war breaks out.

"We are committed to do so," Sheikh Sabah al-Salem al-Sabah told the editor of the Beirut newspaper Al-Bayrak. "When our oil runs out, we shall use our oil as an effective weapon in the battle with Israel. This is our irrevocable position."

VC To Release 32 POWs Friday

SAIGON (AP) — The Viet Cong today delivered the names of 32 American war prisoners scheduled for the next release but postponed their turnover to U.S. authorities until Friday.

North Vietnam is to release 198 Americans on Wednesday. Three C-410 transport planes will fly them from Hanoi to Clark Air Base in the Philippines, the Viet Cong spokesman said.

The list of the 32 prisoners captured in South Vietnam and delivered tonight by the Viet Cong contained 27 U.S. servicemen and five American civilians. The Viet Cong listed one of the prisoners as an Australian but a check of U.S. records showed him to be an American.

The Viet Cong spokesman said one man on the list, Maj. Theodore William Gosta, 34, of Sheridan, Wyo., is suffering from a "nervous illness." He did not elaborate. Gosta was captured Feb. 1, 1968, during the Tet offensive.

The senior Viet Cong representative, Major Tran Van Tra, said the POW releases originally had been planned for Thursday in Hanoi but was postponed because the North Vietnamese government "will be very welcoming state guests at the Gia Lam Airport" that day. The guests were not identified.

At the time the cease-fire was in effect Jan. 23, the Communists said they held a total of 585 American prisoners in North Vietnam and 50 in Laos. Prior to the releases scheduled for this week, they had freed a total of 299.

From Hanoi, the prisoners will be flown to Clark Air Base in the Philippines.

The exchange of Vietnamese military prisoners continued today for the sixth consecutive day. Release of 1,200 Communists at Loc Ninh, 75 miles north of Saigon, was delayed two hours when one of the POWs broke ranks and ran to members of Operation Homecoming teams, asking to defect to the Saigon side, South Vietnamese spokesman Le Trung Hien reported. But Lt. Col. Hien said other prisoners ran after the man, beat him and dragged him off to the Communist headquarters.

MHS Stiffens PE Program

DOUG BEVINS (Herald Reporter) according to MHS Principal George Emmerling.

Sophomores will take a core program, but a greater selection of elective courses will be offered to juniors and seniors. It will be a much broader program, Emmerling said, and get away from "conventional sports."

Emmerling said the program would be much more meaningful to students. The physical education policy statement, it is noted that the Board of Education believes that physical education is an integral part of a high school student's education. The new policy statement will be passed by the board of directors.

In the past, MHS students have been required to take physical education, but students have been able to graduate even if they did not pass the physical education courses.

Marking would be on the basis of attendance, preparation for class, and active participation in the class.

The new policy allows credit for students who are members of MHS athletic teams.

The biggest policy change will come in additions to the physical education curriculum.

Circulate 'Opinion' Petitions

SOUL R. COHEN (Herald Reporter) requesting the Manchester Board of Directors to place for referendum the question of Manchester High School physical education requirements, and broadening the curriculum program at the school.

The new policy requires MHS students to take physical education each quarter, and require a minimum of one credit for graduation. The physical education requirement can be waived if a student is excused by a doctor, but an excused student must select an elective in lieu of physical education.

Three Accused Of Shooting Sen. Stennis

WASHINGTON (AP) — Three young men were held under \$100,000 bond today, charged in the hold-up-shooting of Sen. John C. Stennis last January.

The arrests of Tyrone Marshall, 19, John S. Marshall, 21, and Derrick Holloway, 18, all one of the most intensive manhunt in District of Columbia history. A 30-man team of police and FBI agents had questioned hundreds of persons.

The three men were charged with an armed robbery and violating a 1971 law making it a crime to attack a member of Congress. They were scheduled for arraignment today before a U.S. magistrate.

Stennis, 71, chairman of the Senate Armed Services Committee, was shot twice about 7:40 p.m. Jan. 4 just after he parked his car outside his home of 20 years in Northwest Washington. Par days his condition was critical. He still is hospitalized.

Acting FBI Director L. Patrick Gray III, in announcing the arrests, said Tyrone Marshall had been taken into custody earlier Monday on a disorderly conduct charge. The others were arrested later by FBI agents and D.C. police.

The relationship of the Marshall was not clarified but they lived at the same local address.

Deputy Police Chief Mahlon R. Pitts said the investigation began to make progress within the last four or five days and a major development occurred sometime after 6 p.m. Monday.

The tentative agreement came three and one-half months ahead of contract expiration dates next July 1.

Tentative Rail Pact Reached

WASHINGTON (AP) — A tentative wage and fringe benefit settlement covering virtually all the nation's 500,000 railroad workers was announced today.

Spokesmen for the rail industry and 15 unions involved in the pact said the agreement would increase wages and benefits by a total of 10.7 per cent over 18 months beginning July 1.

This would include a four per cent wage increase effective next Jan. 1 and a revised pension system which would put an additional \$42.75 per month into the paychecks of rail workers. The industry would pick up the payments that heretofore had been the workers' own responsibility.

The pact also covers retirement funds that covers rail workers in lieu of Social Security.

The agreement is subject to ratification by officials of 14 of the 15 unions, and in one case by a membership vote. The single union requiring membership approval is the Sheet Metal Workers.

The tentative agreement came three and one-half months ahead of contract expiration dates next July 1.

Federals Cut Off Indians

WOULDED KNEE, S.D. (AP) — Federal authorities have cut off the mail to a reservation in South Dakota because of a strike by the Indians.

The Justice Department said Monday the mail route is manned by 300 federal marshals, FBI agents and Bureau Indian Affairs police — were set up again because the Indians used the free access to the village to replenish their supplies.

Wayne Colburn, chief of the U.S. marshals brought into the Pine Ridge Reservation, told newsmen the cutoff of supplies to Indians would deprive them of all normal comforts.

SIMPLE FINESSE
SHEINWOLD CONTRACT
By ALFRED SHEINWOLD

"How can one man be so unlucky?" South demanded after the play of today's hand. "Suits never break for me, and finesses never work."

He was wrong, for one finesse—the right one—has assured his contract whether it worked or not.

second trick. The contract depended on bringing in five or six diamond tricks without allowing East to gain the lead. East was dangerous because he would return the jack of spades, and West would then run the rest of the spades.

South explained to the commission that the proposed substitution had been reviewed by the state health department and approved with the reservation that a low diamond finesse must be designed by an engineer and presented to the department for approval.

If this happened to lose, it would lose to West, and no hand would result. Declarer could easily win the rest of the diamonds to make his contract. If it would win, South would win with at least ten tricks instead of only seven.

Subdivision Voted On 40-Acre Tract

ANNE EMT
Correspondent
Tel. 228-3971

The Planning and Zoning Commission last night approved for subdivision a tract of 40 acres on Townsend Rd. and Gilead Rd. subject to several conditions. This is the first subdivision approved since the commission placed on a moratorium on subdivisions almost a year ago.

The subdivision, presented by owners, Robert Gregory, Elizabeth Bohan and Carol Laking, will consist of seven lots, the largest being 12 acres and the smallest a little over 4 acres.

Building Inspector Percy Cook explained to the commission that the proposed subdivision had been reviewed by the state health department and approved with the reservation that a low diamond finesse must be designed by an engineer and presented to the department for approval.

If this happened to lose, it would lose to West, and no hand would result. Declarer could easily win the rest of the diamonds to make his contract. If it would win, South would win with at least ten tricks instead of only seven.

In Lead Role

Dan Lein, a teacher at Windham High School in Windham, will portray the lead role of Dr. Dewey Maughan in the Tri-Town Players presentation of "The Girl in the Presidium" on Thursday, Friday and Saturday.

The play, the second production for this new community theater group, is a light, adult comedy exploring the complications in the life of a New York City psychiatrist. Dr. Maughan discovers that a psycho-drug he has written about for a former patient has been discovered by his teenage daughter who has given the play to Dr. Maughan's friend, another psychiatrist. The friend, in turn, has given the play to a literary agent who just happens to be the same former patient of Dr. Maughan's.

Although Lein is no stranger to the stage, it will be his first venture in community theater. While doing graduate work at the University of Connecticut in Storrs, he acted in several productions, both in the regular season and during the summer at the Connecticut State Theater. He was featured in "Long Day's Journey into Night," "Lystristrata," and "Little Murders."

Bea Paul is the director. Mrs. Paul, a secretary in Rockville, has long been active in area theater. Although she has a long list of acting credits, this will be her first production as director.

Tickets for the Thursday through Saturday performances are available by calling 92-0966, or they may be purchased at the door. Curtain time for the three nights is 8:30.

The meeting begins with cocktails at 6:30 followed by dinner at 7:30.

Omara's degree team visits Friendship Lodge of Masons Thursday night to confer the Entered Apprentice degree. Club President David Nichols is handling table reservations for the Potentate's Reception at the Hartford Hilton March 31, and Omara's Ladies Night has been set for April 14.

Court Cases

CIRCUIT COURT 12

Manchester Session
Charges of second-degree burglary and attempted larceny against two Manchester men were nolle (not prosecuted) by Prosecutor John Lombardi in court Monday.

The men are Robert Montegio, 21, of 154 Spruce St., and John R. Morton Jr., 24, of 52 Bissell St.

Montegio, also charged, in an unrelated case, with fourth-degree larceny, was continued to March 19.

A charge of failure to grant right of way against Emma W. Mattis, 60, of 322 Lake St., was nolle. She was charged in connection with a two-car accident Center Feb. 19.

Two Columbia men pleaded guilty to substitute charges of breach of the peace and were given 180-day suspended sentences and placed on probation for one year. Rob D. Sweet, 18, and Wayne D. Sweet, 19, both of Rt. 6, Columbia, were originally charged with second-degree assault, disorderly conduct and resisting arrest.

Roger C. Foster, 20, of 344 Lydall St., pleaded guilty to a charge of reckless driving and was fined \$75. A charge of failure to obey a stop sign against him was nolle.

Omara's degree team visits Friendship Lodge of Masons Thursday night to confer the Entered Apprentice degree. Club President David Nichols is handling table reservations for the Potentate's Reception at the Hartford Hilton March 31, and Omara's Ladies Night has been set for April 14.

Correction

Andrew Doll, 23, of Hartford, was arrested on a warrant in connection with, but not at the same time of, a State Police raid of a multiple-apartment dwelling on Rt. 6, Andover, last Dec. 14.

A Herald Circuit Court 12 story last Friday incorrectly implied that Doll had been taken into custody at the scene of the raid. The charges against Doll, possession of a controlled drug with intent to sell and possession of a controlled drug, were nolle last Thursday after the court had declared a search and seizure warrant invalid.

Campaign Reform Bill Promised

NEW YORK (AP) — Sen. Lowell P. Weicker, R-Conn., announced Monday he will introduce campaign reform legislation limiting each candidate to one fund-raising committee and curbing the time period for all financial activity.

Speaking before the Pulp and Paper Industry's annual convention, Weicker said his legislation will give the American public the complete campaign costs of a candidate before the election.

Weicker said his Federal Election Campaign Reform Act, to be introduced in the Senate today, would prohibit the candidate from spending any campaign money except during the calendar year of the election, and would set a limit of \$5,000 for a candidate's use of personal funds.

Weicker's proposed legislation would also ban the receipt of donations or contracting for new obligations two weeks before the election when a complete financial report must be issued.

Political committees also would be prevented from making campaign contributions on their own. According to the proposed legislation they will be allowed to submit contributions, but such money can only be given directly to a candidate.

Senate Sets ERA Voting For Thursday

HARTFORD (AP) — The equal rights amendment will be the "Order of the Day" Thursday at 2 p.m. in the Connecticut Senate, President Pro Tempore Peter Cashman announced Monday.

Earlier Cashman planned to bring the issue onto the floor Tuesday under suspension of the rules.

The amendment passed the House last week 99-47.

Losers Choice Lottery

Pick a Car

Lottery Tickets dated March 22 and March 29 have added winning power plus choosing power. If they don't win you a Lottery cash prize, they could win you your choice of one of the brand new 1973 beauties shown above. It's your choice of one of these eight performance cars. All have plenty of "get up and go" as well as plenty of roomy comfort. And all come equipped with radio, white walls, power steering, and automatic transmission. And this group of eight includes a very sporty convertible.

Here's how to win the performance beauty of your choice. Print your name, address and the number of the car of your choice on the back of Lottery Tickets that didn't win cash prizes. Deposit these losing Lottery Tickets in the one gallon drums on display wherever Lottery Tickets are sold in your area. You'll also find copies of the Losers Choice rules brochure on display wherever Lottery Tickets are sold. Good Luck Losers — it's your choice!

Back Come Price Controls

It is plain that getting rid of wage and price controls, once they have been imposed, is doubly difficult. The Nixon administration, in a surprise move by the Cost of Living Council, has imposed mandatory price controls on major oil companies.

Crude oil and refinery products, chiefly heating oil and gasoline, will be limited to an average increase of 1 per cent without prior government approval. Natural gas prices were not affected.

This is a narrow range but leaves considerable leeway for the companies to make the allowable increase on a single product, gasoline, for instance, when supplies become tight. Shortages have been predicted for next summer.

Heating oil prices posted after termination of Phase II controls in January and February were justified by higher costs, the Council ruled, in allowing them to stand.
The necessity for returning to mandatory controls grew out of the simple

fact that demand is outstripping supply.

Another factor has been the growing discontent of organized labor with wage guidelines while the cost of food and housing has continued to rise.

As a result, the government is reluctantly considering moves to control food prices in order to prevent a new round of inflationary wage hikes. Farm prices, so far unregulated, have risen sharply and caused labor to demand that the cost of living be held down or wage guidelines be set aside.

A free economy, governed by the law of supply and demand, is normally self-regulating. But the present energy shortage and the high cost of putting meat on the table force a choice between controls or runaway inflation. Rationing of available gasoline supplies has been suggested as another possibility.

The oil price regulations apply to the 23 largest companies. Smaller companies which account for only 5 per cent of total sales generally follow the leaders.

Marxist Allende Wins

Chile had a chance in the recent election of the Chamber of Deputies and half the Senate to reverse the Marxist policies of President Salvador Allende, who was elected more than two years ago with about one-third of the popular vote, but it chose to give Allende a stronger hand.

Now, Allende vows Chile will continue "advancing toward socialism, within the framework of law, pluralism, democracy and liberty."

At the same time, he stresses, Chile's brand of socialism "differs from that of other countries."

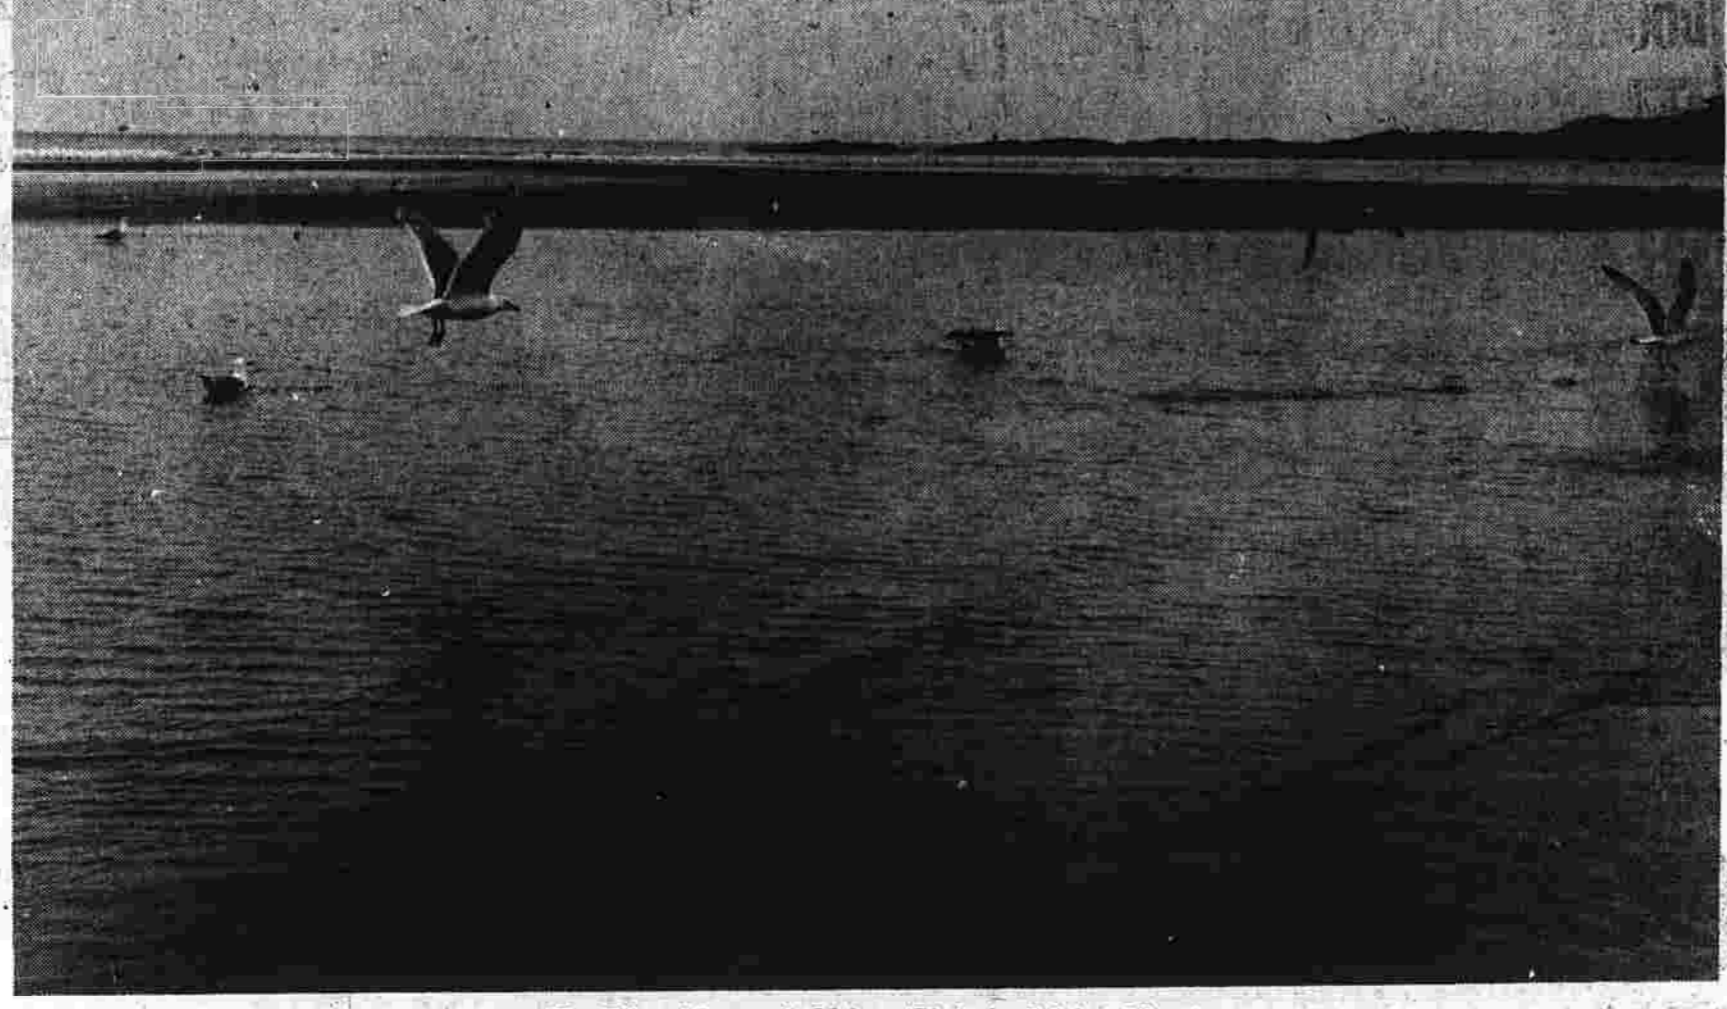

The differences are not apparent and the results are not promising. Chile's economic problems are overwhelming. Inflation zoomed last year to the highest rate in the world, something over 160 per cent. Produc-

tion of foodstuffs hit the skids in the wake of land reform. Government printing presses worked overtime to issue more paper money but commodities continued in short supply at ever higher prices.

Allende has blamed most of the nation's economic woes on the United States which shut off credit after Allende seized copper mines operated by U.S. companies.

Chile's devotion to constitutional government, supported by the military, may prevent new economic disasters on the rocky road to socialism. If not, the military may take over in Chile as it has done in so many other South American nations.

In any event, Chile's situation is likely to get worse before it gets better.

You Can Help

To the editor:
Almost 2,000 POW/MIA families prayed and waited for their phone to ring Jan. 27. Their prayers were shared by millions of concerned Americans who also waited to see the list of returning POWs. The joy was soon mixed with discouragement and anger upon the discovery that North Vietnam has failed to live up to their agreement.

The Ellington Junior Woman's Club in cooperation with VIVA (Voices in Vital America), a non-profit, non-political national student organization, has been distributing POW/MIA Bracelets for the past five months as a club project. It is only through the news media that a volunteer organization such as ours can inform and educate the public to the plight of POWs and MIAs.

The North Vietnamese agreed to release the list of all prisoners held by Communist forces in Southeast Asia as soon as the Peace Treaty was signed. Out of 317 servicemen, who are missing in Laos, only seven names were released. We must not leave any man behind. We must not abandon almost 1400 families to exist the rest of their lives in the torturous anxiety of not knowing whether their loved one is alive or dead.

The work of VIVA is just beginning. We know that the power of public opinion does make a difference. Two years ago thousands of letters were sent to Hanoi by the American public and gained improved treatment of POWs, influenced Hanoi to let hundreds of men write to their families, who had up to that point been listed as "missing in action" for many years.

This same "people power" must now be intensified. We must demand a satisfactory accounting. These next few weeks are the most crucial to let them know we will not settle for less. The time is now.
You can help, please contact Mrs. John W. Mahon, Ellington Junior Woman's Club, P.O. Box 383, Ellington, Conn. 06029.

Another Phase

To the editor:
The lettuce boycott has entered another phase.
Since 1970, in an effort to unite workers, the United Farm Workers Union has called for a nationwide boycott of iceberg lettuce, i.e. they are asking consumers not to purchase or choose in a restaurant any head lettuce that does not carry the United Farm Workers label. The purpose of the boycott has been twofold:

1. To raise the consciousness level of people as to the working conditions of the migrant workers.
2. To influence the growers through the boycott, to allow the workers to choose their own union.
Now, in addition, the United

Farm Workers are asking concerned people to boycott A&P supermarkets. Community groups have been meeting with A&P asking for support in the boycott. A&P, the world's largest supermarket, has refused to cooperate in any way and is today the largest purchaser of non-union iceberg lettuce.

Therefore, the United Farm Workers are now asking people to support the farm workers in their demands for decent pay and decent working conditions by not eating or purchasing iceberg lettuce.

Boast Rec

To the editor:
I would like to publicly thank the Town of Manchester for sponsoring classes at the Manchester Recreation Department at the West Side Rec. During the day they run a comprehensive women's program that has something for everyone. I have taken pottery and weaving which I enjoyed very much.
I hope that more women will become aware of the many programs available to them at the West Side Rec for a nominal sum. There is free babysitting for mothers with toddlers. One of the highlights of each session is the exhibit which follows. This session students and teachers will exhibit completed work March 15, Thursday from 10 to 12 and 1 to 3. Even beginners like myself can learn crafts and make satisfying finished products.

I found the classes were a creative outlet for me providing enjoyable activities plus giving me fellowship with other women. I hope that many women will attend the exhibit and join some of the new classes so that these programs can continue.
Sincerely,
Mrs. Theodore D. Chambers

Thank You

To the editor:
Because of the generosity and love in the hearts of the women attending World Day Prayer, sponsored by Church Women United March 2, \$100 is going to be sent to "Hua Bink" (House of Peace) in Saigon.
This house would fulfill the dream of a courageous woman who dreamed of the time when she could establish a center in Saigon where tired and hopeless women might find spiritual renewal and courage to face the practical necessities of daily living.
Thank you to the person who suggested this spontaneous offering and thank you, dear ladies.

Sincerely,

WASHINGTON — This is such a phony town that I can't help wondering whether Mayor Walter Washington's narcotics task force was merely running with what it thought was a fashionable thought when it recommended that the use and possession of marijuana be legalized in Heli City.
For some time now, the chic set across the country has argued for the legalization of pot, largely I suspect because it is considered "square" to "persecute our kids" for smoking an occasional joint.
Both alcohol and tobacco are harmful and dangerous. Despite constant warnings that cigarettes can cause cancer, smoking and boozing part of our culture — irreversibly and permanently.
The figures vary, but consumption of alcohol is associated with 50 per cent of the country's crimes of violence. Drinking causes tens of thousands of automobile injuries and a million serious deaths every year. In recent

The Innocent Bystander

Art Hoppe

The Thrill-Crazed New Generation

Ah, the young! Always seeking new thrills to the horror of their parents. And now Newsweek magazine reports that the rage among our youth these days is still another chemical turn-on they've discovered — alcohol.
"You can imagine what this has done to their poor parents. And if you can't, simply take the case of young Irwin Wasp. Now Irwin had been drifting through college for years, majoring in love, brick throwing, macrobiotics, peace and pot smoking. His parents hadn't spoken to him in months.
So it looked like another family scene when Irwin staggered in the door, looked at his parents glassy-eyed and announced: "God bless President Nixon."
"Oh, Irwin," said Mrs. Wasp, wringing her hand, "you've been smoking that dreadful merrymawanna again."
"Nope," said Irwin with dignity. "I just consumed a half gallon of Ripple." And with that he fell flat on his face.
Mr. Wasp looked down at the body of his unconscious son and for the first time in years his eyes gleamed with pride. "The kid's not stoned, mother," he said to Mrs. Wasp happily.

Both alcohol and tobacco are harmful and dangerous. Despite constant warnings that cigarettes can cause cancer, smoking and boozing part of our culture — irreversibly and permanently.
The figures vary, but consumption of alcohol is associated with 50 per cent of the country's crimes of violence. Drinking causes tens of thousands of automobile injuries and a million serious deaths every year. In recent years, Federal investigators have noted the increasing number of fatal airplane accidents, all involving private pilots, caused by drinking.
Frequently, and fortunately, the drinker gets so drunk he can't drive. That doesn't happen to the pot smoker. His muscular strength is not diminished; indeed he has a false feeling that his mind is clearer and his perception sharpened. "I know, I'm a better driver when I'm stoned," one pot smoker told a New York judge.
Finally, if pot is legalized, it would be possible for every man, woman and child to get stoned anywhere, at any time, by simply lighting up. The user could carry his intoxicant to work, to school, in a car or airplane. Doctors and nurses could get high between patients; a joint takes up very little room in a pocket.
As Taurus said, this may be our last chance to pause and reflect on the marijuana controversy. Nothing can be done now about tobacco and alcohol, but it's not too late to spare ourselves the sick-making horror of a TV flick urging our children to find instant romance by lighting up a joint of pot.

The Beginners Slope's For Me

I don't ski down slopes with names like Hurricane or Suicide. I don't know how to vade, or slideslip, or do parallel turns. My experience as a skier has been limited to the action on the beginners slope (and in that one area I'm somewhat of an expert.)

Most everyone on the beginners slope is under five years or over forty. And with the exception of a few very young downhill racers, they are a friendly, non-competitive group who's goal is to enjoy skiing and stay alive while doing it.

This winter my sister tried skiing for the first time. The J-bar lift almost did her in. She made four false starts. I'll bet she set a record (each time ending as a total wipeout with poles and skis flying everywhere.)

And those people aren't just with you when you're down. The other weekend I met a woman who was a real beginner (still tripping over her skis on FLAT ground.) After watching me on a run down the lift, she enjoyed my genuine admiration.

Just once the kids coaxed me to the top of the mountain. The pace was terrifying. Skiers got off the lift and zoomed. I barely appeared without so much as a look at the view. The passed me on all sides, doing lengthy little christies (swish swish) that made me feel painfully inadequate.

The slopes up there were so steep that my stomach was queasy and I had to reach to my widest moment. I literally inched my way back to the lodge. And do you know, a hundred people must have past me and not one of them offered a word of encouragement!

The kids think I should give the top of the mountain another try. As my teenage son puts it, "You're in a rut, ma. You should leave the beginners slope and challenge yourself."

Leave the beginners slope? I've come to love those little And besides, on the beginners slope... I'M SOMEBODY!

Winchester Named To Lottery Post

HARTFORD (AP)—John F. Winchester of Torrington, a former marketing and economics consultant at the University of Connecticut, was named Monday to replace Donald Horton as executive director of the Connecticut Commission on Special Revenue.

Winchester was employed by the Torrington Co. and took over as acting director when Horton left state service last November.

Winchester's appointment was announced by Joseph B. Burns, executive secretary of the commission.

Winchester has demonstrated expertise in management and leadership during the past year, and we'll look forward to increased profitability of the lottery to the state under his able direction," Burns said.

Mrs. Miller Sees Defeat of Bill On Urban Zoning

Donna Holland, Correspondent 646-5273

State Representative Dorothy Miller said last night, "There is no way HB 9492 will ever be passed. The bill has previously been passed twice and only by Democratic political endeavors is it again being brought before the legislature," she said.

The bill is one which would establish an urban development corporation with powers of eminent domain which could override local zoning regulations in some cases.

Mrs. Miller also said that each morning she leaves at the selectmen's office—the Legislature Bulletin, House and Senate Journals.

The bulletin contains all pertinent information concerning the dates and the bills to be heard.

The calendars tell which bills are on the floor for action by both the House and Senate.

Richard Morra, first selectman, said last night that he has spoken to many residents of Bolton and surrounding towns concerning HB 9492.

He also said that all townpeople, including those in Bolton, regardless of party affiliation, are against HB 9492.

Kindergarten Registration

Advance registration for children eligible to enter kindergarten in September, will be held Wednesday and Thursday, from 3 to 4 p.m., at the schools they will attend.

Letters of notification are being sent to families having prospective kindergarten children. Any parents who do not receive registration forms by Monday are asked to call the nearest elementary school for the necessary materials.

A child may enroll in kindergarten if he is five years old on or before Jan. 1, 1974. At the time of registration, the parent is asked to bring a birth certificate, proof of diphtheria immunization, rubella immunization, and polio inoculations, and evidence that the child has had measles vaccine or the disease.

Smallpox vaccination is no longer required. The Board of Education also requires proof that a tuberculin test has been given between the ages of three and five. A final test is required if the child has a physical examination before September.

Parents of children who cannot be immunized in accordance with these policies for medical or other reasons should present statements to that effect at registration time. It is not necessary for children to appear at registration.

Notification letters also announce a pre-school screening program to be administered at a date to be announced later. An appointment for the screening procedure will be made at the time of registration. Screening includes a parent interview and informal appraisal of each child in the areas of visual acuity, motor coordination, and receptive and expressive language.

Rham Many Return To Hearing On Teacher

ANNE EMT
Correspondent
Tel. 228-3971

Last night's hearing at Rham High School on the Regional District 8 Board of Education's decision not to rehire music teacher Bernard Hartshorn's contract next year again drew a considerable number of students, faculty and parents silently supporting Hartshorn.

The first hearing, held last Wednesday evening, had been adjourned at midnight shortly after the board started hearing witnesses on behalf of Hartshorn.

Last night's hearing resumed with this phase of the proceedings and continued until 10:55 p.m. when Hartshorn and his attorney emerged from the hearing room.

Hartshorn thanked "all for being here" and his attorney reiterated that no decision will be made until the board's next regular meeting March 19, and that it would be made in executive session.

He also mentioned that he told the board he would try to discourage attendance at that meeting. He was referring to the large turnout at the two hearing sessions.

Meat Price Petitions Given Nixon

WASHINGTON (AP) — Petitions bearing the signatures of more than 7,100 Connecticut residents disturbed about the rising cost of meat were forwarded to the White House Monday by Rep. Ella T. Grasso, D Conn.

Mrs. Grasso said she received the petitions from Joseph Ferraro of Bristol, a grocery store proprietor who gathered the signatures through advertisements in local newspapers in a campaign to illustrate consumer concern over meat prices.

Mrs. Grasso said she hoped the petitions "would move the President to take action at long last to give American families a chance to buy the food they need at prices they can afford."

Police Report

TOLLAND
Two more men have been charged in connection with a firebombing incident at the Dialtone Lounge on Rt. 106, bringing to three the number of men who have been charged so far. State Police at Stafford Springs said Bruce Howard, 23, of Hamden, and Eugene C. Vario of Rockville have been charged with first-degree arson and first-degree reckless endangerment.

Roger J. Wells, 24, of 51 Fox Hill Apartments, Vernon, also facing the same charges in connection with the same incident, is free under a \$7,000 bond for court appearance April 3. Court dates for Vario and Howard is March 22.

Police said the charges result from investigation of a March 5 incident at the Dialtone in which the front door was blasted by shotgun fire and a bomb "ignited in the vicinity of the front door."

Howard has been released under a \$10,000 bond and Vario is being held at Connecticut Correctional Center at Hartford in lieu of bond.

ELINGTON
Police also stated that the investigation is continuing and arrests are expected to be made soon.

VERNON
Vernon Police recovered a motor vehicle Monday night which had been reported stolen by its owner, Daniel Popic, of 147 South St., Rockville. Police observed the vehicle being operated on School St. They arrested a 14-year-old boy in connection with the theft. He was referred to juvenile authorities and released to the custody of his parents.

Police say that Peter Frazier, 16, of 160 Piney St., Ellington, has been charged with second-degree larceny in connection with the incident. Frazier has been released on a \$500 non-surety bond for court April 3.

VERNON
Vernon Police also reported an attempted break and enter at A & J Package Store, Rt. 30, Monday night.

Police said an attempt was made to pry open the front door through the use of a "jimny bar" and this set off the audible alarm.

The would-be thieves fled the scene in a motor vehicle and entry was not gained, police said.

**GroundBroken
For Treatment
Plant Project**

Manchester town officials participated in a yesterday at the Cooper Hill Water Treatment Plant, which will undergo additions and renovations estimated to cost in excess of \$730,000. Jay Giles, acting public works director, estimates the work will be completed in early September.

The construction will be by C.H. Nickerson & Co. Inc. of Torrington, at a construction cost of \$614,320. Engineering and architect fees are estimated at \$24,196, construction inspection at \$8,500, contingency at \$58,482, and miscellaneous at \$9,152 — for a total of \$714,654, in available funds.

Actually, a total of \$733,500 has been allocated for the project — an original \$20,500 in October 1969 for surveys and plans, submitted by the Henry Southern Engineering Co., of Hartford; \$500,000 in bonds, authorized by referendum last November and sold to the Hartford National Bank and Trust Co.; and \$183,000 added Feb. 13 by the Board of Directors.

South Windsor New School Budget Draws Mixed Reaction

The more than 100 residents of South Windsor who attended the presentation of the education budget last night had varying reactions to that event. Some were confused, some annoyed, and some were very happy by the board's decisions.

The confusion was the result of a new system for formulating the budget-Planning Programming Budgeting System (PPBS). In former years budget requests were itemized under such categories as teachers' salaries, plant and maintenance, transportation, etc.

Now the budget is made up according to subject areas, such as language arts, science, math, and broken down by school and whether or not the cost is attributed to a continuing program, student distribution, program improvement, new program, or "other."

Under the new system one can tell at a glance what the cost of any given program is in a particular school or in the system as a whole, but one cannot see how much of that money is allocated for such items as books, plant and salaries.

Amoyance among some of those who attended the public meeting came in response to the reaction of some board members to an open letter to Mrs. Cile Decker, chairman of the budget subcommittee. The letter was written by Mrs. Joan Cushman "regarding the public's right to know."

In her letter Mrs. Cushman

said she was denied admission to the meeting of the budget subcommittee, that dates on which the subcommittee met were not made available to her, and that she was told by Superintendent of Schools Charles Warner's office that there were no minutes of the subcommittee's meetings.

Mrs. Cushman then requested that each board member state whether or not he or she voted to exclude the public from the subcommittee meetings and why; that a list of dates and places when the budget committee met be made public and compared with the cancellation of meetings made by Superintendent Warner in a letter to the town clerk; and a list of which members attended meetings of the subcommittee and which board members were members of that committee and which were not.

Mrs. Decker replied that while meetings of the entire board were open to the public, meetings of the ad hoc committee of the board functioned in closed session "because the board voted this way." She further stated that the committee was under pressure of time because the budget had to be prepared and approved by the Board of Education in time to be sent to the Town Council on Thursday.

Mrs. Decker said that there were no minutes taken of the meeting, therefore she could not tell how members voted on individual issues. The budget as presented last night served as

minutes of the committee's work, she said.

Mrs. Cushman again requested that members of the subcommittee tell how they voted on each item. Her request drew a response from James Arnold, chairman of the Board of Education, "I don't think that's any of your business, Mrs. Cushman." His reply drew applause from many in the audience.

Those who were gratified by the board's decisions included supporters of the Family Life and Drug Education program (\$23,000) passed by a vote of 5-1. The opposition vote was cast by Robert DeFronzo.

Also pleased were those who supported the new graphic arts program (\$8,285), and supporters of a new program for the gifted child (\$32,044) and a program for emotionally disturbed children at Timothy Edwards School (\$9,800).

The gifted child program will help to meet the needs of from 45 to 60 children in Grades 2 to 6. The program for emotionally disturbed children is a continuation of the program offered in the other school but necessitated at Timothy Edwards School by the shift to the 6-5-4 educational format designed to better house the school population. The last two programs are two-thirds reimbursable from state funds.

Other Actions
In other actions, the board abolished the seventh grade sewing and industrial arts programs and allocated \$109,

Tolland Club To Hold Vision Clinics

VIVIAN V. KENNESON
Correspondent
Tel. 875-4704

The Tolland Junior Woman's Club will hold their annual Vision and Hearing Clinics in April.

The Vision Clinic, which tests three, four, and five-year-olds for amblyopia and other vision defects, will be held the weeks of April 2 and 9. Appointments for this clinic can be made now by calling Mrs. Peter Fisher of Laurel Ridge Rd. at 872-9473.

Mansfield Party
The home life committee of the Tolland Junior Woman's Club will host its monthly party at Binet Hall, Mansfield Training School, Thursday at 7 p.m.

Members of the committee will visit with the residents and serve refreshments. The committee will hold its regular meeting following the party at the home of Mrs. Gabriel Dube, Mile Hill Rd.

The hearing test is for four- and five-year-olds and will be held April 26 and 28. Mrs. Fisher will accept appointments for the hearing clinic also.

The clinics are free of charge and all parents in town are urged to take advantage of this service.
