**Eight Hospitals To Raise Rates**  
HARTFORD (AP) — At least eight Connecticut hospitals will be raising various rates by Oct. 1, led by a 5.8 per cent hike at the Hospital and Medical Center of Hartford. The Sharon Hospital increase, effective Oct. 1, will add up to \$8 to all room rates, bringing the daily rates to between \$70.50 and \$83.50. Starting Saturday, the daily room rate at McCook will be \$90, up from \$85. Other rates will increase also, making the hike at McCook an aggregate one.

**Meriden-Wallingford Hospital** will increase rates 5.2 per cent Oct. 1, adding \$2 to \$4 to its daily room charges. They will total between \$61.50 and \$77. Daily room rates at Derby's Griffin Hospital will be boosted between \$3.50 and \$4 Oct. 1, with new rates ranging from \$60.50 to \$76. The percentage annual increase will be 5.3.

**Injuries Fatal To Motorcycle**  
DARIEN (AP) — Edward H. Hilgeman III, 18, of Cape Coral, Fla., died Wednesday of injuries he received in a motorcycle accident, police said. Hilgeman, formerly of Darien, was thrown from his motorcycle when it failed to negotiate a curve and struck a telephone pole on a local street, officers said. He died at Stamford Hospital.

**Allowed To Die**  
ORLANDO, Fla. (AP)—Told by doctors that there was no hope their 20-year-old son would recover from traffic accident injuries, Lester and Macdonald Wojcik asked that he be allowed to die and that his kidneys be used to help someone else live. "If Paul could have decided, that's what he would have wanted," Mrs. Wojcik said after a doctor removed the breathing tubes that were keeping her son alive.

**Researcher Arrested**  
DETROIT (AP)—The FBI has arrested a Ford Motor Co. research engineer and a Romanian government official on charges they conspired to steal a secret glass-making process from the auto firm. The FBI identified the two as John C. Alford, 39, of Ann Arbor, Mich., and Alexandru Patrascu, 46, an official of the Romanian Ministry of Light Industry. The FBI says the material was stolen for sale to a Portuguese firm, with Alford to receive \$250,000.

**Going Strong**  
CENTRAL, Houston (AP)—Space Agency doctors say the Skylab 2 astronauts "are still going strong" and credit their good health to regular exercise aboard the orbiting laboratory. More medical, solar astronomy and other experiments were scheduled by the specimens during their 35th day in earth orbit.

**Talk Pension Costs**  
DETROIT (AP)—Contract talks between the United Auto Workers and Chrysler Corp. centered today on the cost of pension improvements sought by the union. UAW President Leonard Woodcock told newsmen Thursday that the issue of voluntary overtime, one of the union's key goals, must be resolved. The current contract expires Sept. 14.

**Mrs. Noel Winner Of \$5,000**  
"My daughter told me it was a lucky number when she gave me the ticket," said Mrs. Bernadette Noel of 27 Brainerd Pl., a \$5,000 winner in Thursday's state lottery drawing. "I was in Hartford with the Sunshine Group entertaining patients at St. Francis Hospital Thursday afternoon. When I got home, I looked at my lottery ticket and couldn't believe it was a winner. So, I ran to my daughter and had her check the numbers. I'm so happy and excited about winning, I don't know yet what I'll do with the money," she said.

**Aillon Verdict Awaited**  
NEW HAVEN (AP)—The tedious wait continued today in Superior Court for a verdict in the triple-murder trial of Guillermo Aillon as the jury deliberated for a fourth day. The jury gave no indication of the reason for its lengthy discussions. The panel slipped out through a back door Thursday night after ending deliberations at 11 p.m.

**Armored Truck Reports Loss Of \$14,500**  
State Police are investigating the loss of \$14,500 in currency Thursday, somewhere along the eight-mile stretch of highway between Keeney St., Manchester, and Carpenter Rd., Bolton. The cash, contained in a money bag and to be delivered ultimately to the N. Main St. office of the Savings Bank of Manchester, reportedly fell out of a Wells Fargo armored truck, being driven with its back door open. Wells Fargo employee James Fletcher of 40 Olcott St., the driver, told police he entered 1-84 after making a delivery to the Hartford Rd. branch of the Savings Bank. He said he noticed the truck's left-rear door swinging open shortly after 11 a.m., when he looked in the rear-view window as he approached Bolton. In light of the truck with Fletcher was

## Nixon To Release Impounded Funds

WASHINGTON (AP)—The Nixon administration, which has lost almost all its court fights over impoundment, is not contesting a federal district court suit seeking the release of \$50 million in school funds. Justice Department lawyers appeared at a hearing before Judge George L. Hart Jr. Thursday and promised that the money would be released. Hart said that unless the government entered a stipulation to that effect by 10 a.m. next Tuesday, he would issue an order restraining the administration from impounding the funds. The suit was filed by the states of Washington, Pennsylvania, Texas, North Carolina, Oklahoma, Illinois, Connecticut, Florida, Alabama, Maryland, Nevada, District of Columbia, and Missouri. The suit listed these other impoundments: Washington, \$17.5 million; Pennsylvania, \$1.5 million; Texas, \$1.5 million; North Carolina, \$1.7 million; Illinois, \$1.5 million; San Diego, \$12,000; Connecticut, \$30,000; Florida, \$1.6 million; Alabama, \$400,000; and District of Columbia, \$810,000. The suit was the latest development in a continuing controversy over the Nixon administration's impoundment of federal funds. Courts have heard 23 impoundment suits so far this year — and decided all but one — against the administration, which contends that it holds final responsibility for expenditure of federal funds.

## Water, Power Shortages Beset East, Midwest

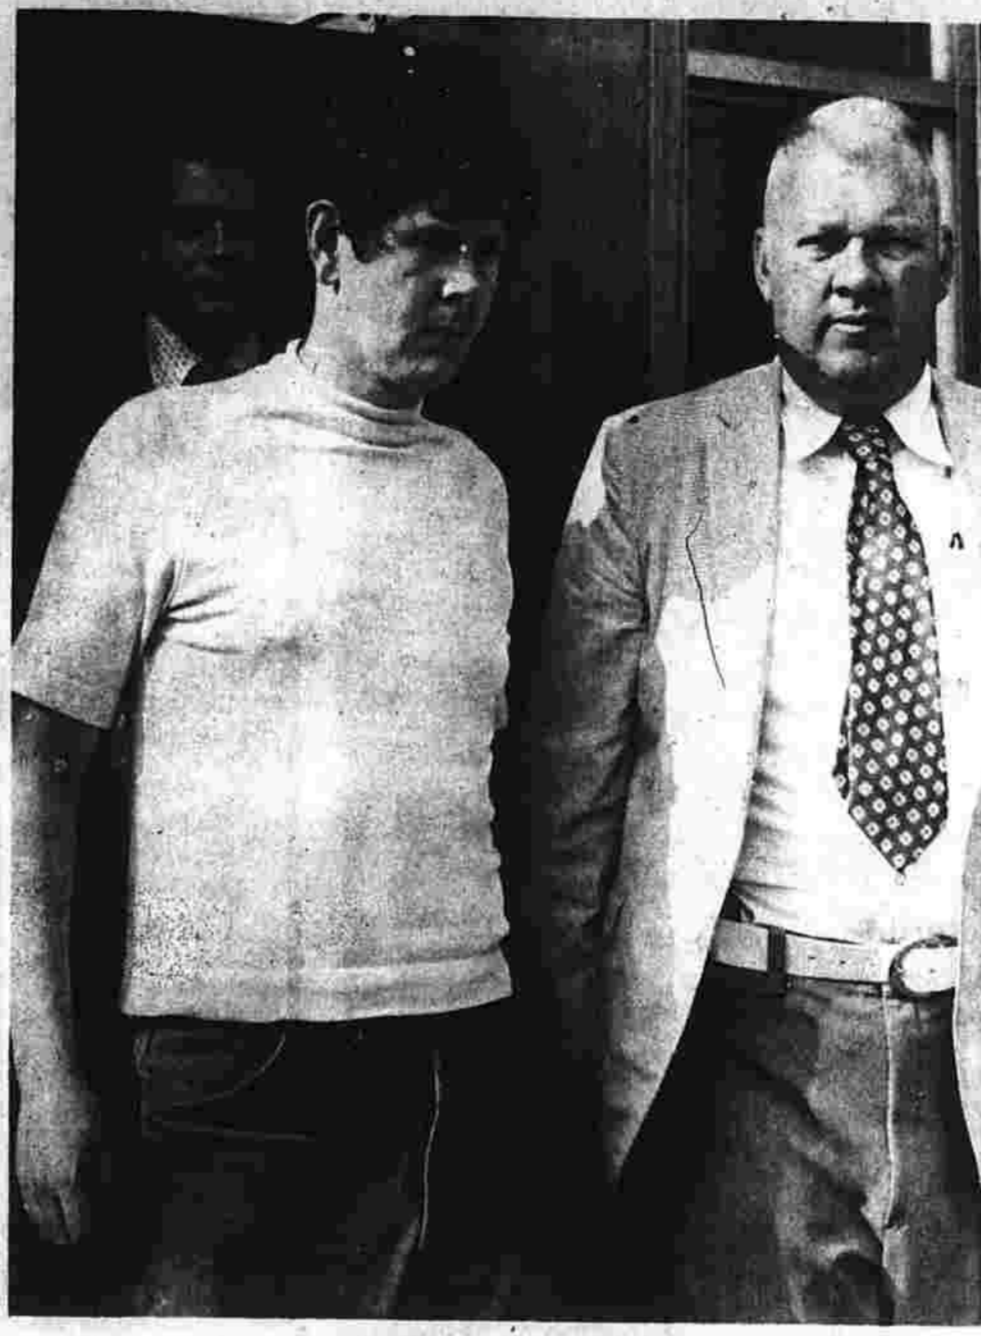

Associated Press  
By BARTON REPERT  
Associated Press Writer  
East Coast and Midwest cities beset by a sweltering heat wave today face water shortages and continuing electric power problems. The National Weather Service forecasts no relief from the heat until after the Labor Day weekend. In New York City, officials declared a water emergency as the temperature Thursday hit a year-high 98 degrees for the second time this week. Philadelphia pumped river water into city reservoirs to help offset an upsurge of water consumption. The New York State Power Pool for a third day reduced voltage by 5 per cent but utilities said voluntary customer cutbacks had slightly eased the power drain caused by heavy use of air conditioners. Scattered power failures were reported in Ohio and the Washington metropolitan area, where an air pollution alert continued for the seventh straight day. The water emergency was declared in New York when power pressure dropped dangerously low in many areas. The city was reported gulping water at a rate of more than 2.1 billion gallons daily, compared with 1.4 billion gallons on a normal summer day. In Philadelphia, Water Commissioner Carmen F. Guarino said the city was trying to replenish reservoirs being drained at a rate of more than half a billion gallons a day, compared with normal daily usage of 370 million gallons. District of Columbia officials closed a vehicle inspection station until the air pollution situation improves. The shutdown came after 11 employees at the station became ill because of hot weather combined with fumes from idling automobile engines. Health officials in New York said the heat wave was partly to blame for an increase in the city's death rate. Health Commissioner Joseph A. Cimino said 150 people died Sunday, 250 died Monday and 300 died Tuesday. He said a figure of 200 deaths a day was considered normal for the city.

## No Immediate Relief Seen In Heat Wave

By THE ASSOCIATED PRESS  
The record-shattering heat wave that has oppressed Connecticut residents for several days was expected to continue through the Labor Day weekend. The National Weather Service at Bradley Airport said the same hot, hazy and humid weather with temperatures near the 100-degree mark appears on tap through Tuesday. The record 98 degree temperature for August 31 set 20 years ago faced a threat today as the weatherman said the mercury would soar into the 90s. The 98 degrees registered at 2:25 p.m. Thursday busted the old mark for August 30 of 97 in 1953. Another record was set by Northeast Utilities, which serves most of Connecticut and New England. It said it reached a record power demand of 12.8 million kilowatts Thursday between 1 and 2 p.m. Connecticut Light and Power Co. said an hour-long brownout due to an overvoltage transformer affected about 10 homes in Cheshire Thursday night. However, power officials expressed optimism that there would be no further problems during the heat wave. Spokesmen for Northeast Utilities said the New England area "is in better shape than the rest of the country."

Eugene Sturgeon, public relations director for Northeast Utilities, said most heavy industries and large businesses will be inactive during the holiday weekend and won't drain power supplies. Meanwhile, the Northeastern Forest Fire Protection Commission expressed fears of forest fires because of the lack of precipitation during the past two weeks in Connecticut. The National Weather Service also reported that there is an "increasing threat of serious air stagnation" as the hot spell continues. State employees working in non-air conditioned rooms at the Capitol in Hartford got some relief from the heat. They were allowed to go home at 2 p.m. Thursday.

When nature decided to endow Manchester and the rest of the Northeast with high temperatures and humidity but no rain, man had to step into the gap. These two unidentified young ladies appear to be making an appeal for rain which the City Recreation Department in a surrogate role Mother Nature supplied in the form of sprinkler irrigation of the new turf on Memorial Field. While the substitute was enjoyable to these two, the rest of Manchester can only hope for other ways to beat the heat and perhaps be a bit green-eyed with envy for not thinking, "why didn't I think of that too?"

## Vernon Man Accused Of Double Murder

BARBARA RICHMOND (Herald Reporter)  
Richard Green, 26, of Vernon Garden Apts., Rt. 88, Vernon has been charged with murder in connection with the deaths of his three-month-old daughter, Rachel and 2½-year-old son Sean. Vernon police said they received a call from Green shortly before 8 a.m., Thursday, saying he had been out walking the dog and came back to find the two children near death. Officers Leo Poirier and James Hodges responded to the call. They said the babies were in separate bedrooms. They were administered oxygen and then taken, by ambulance, to Rockville General Hospital where they were pronounced dead-on-arrival. Tolland County Medical Examiner Dr. Francis Burke gave the cause of death of Sean as asphyxiation. The exact cause of Rachel's death has not been determined pending further examination of tissues and vital organs. Police said, however, there were no apparent signs of violence at the apartment.

**Wonder Who's Kissing Now**

Now that Secretary of State William P. Whatishname, who succeeded Secretary of State Dean Whatishname, who replaced you know, Whatishname, is resigning, we're at last going to have a famous Secretary of State, Dr. Henry Kissinger.

Dr. Kissinger is famous because he works at the White House. More important, he'll keep right on working at the White House, so he'll remain famous even after he retires to the humble obscurity of the State Department.

As President Nixon said, this dual job will mean "closer coordination between the White House...and the Department of State."

For example, under this innovative arrangement Secretary of State Henry Kissinger will be able to call up Presidential Advisor Henry Kissinger and, hopefully, get right through. For a change.

"Hello, Heinz, this is your new Secretary of State, Heinz."

"I've told you never to call me Heinz, Henry. I may have tapped this phone. Who counts?"

"It's all right, Henry. I'm calling from a pay phone down the block. There don't seem to be any phones over here. My secretary, Miss Trent, says she ordered one 42 years ago, but..."

"Never mind that, Henry. Why are you calling me at the office?"

"Well, as your Secretary of State, Henry, what do you want me to do?"

"Do? Let's see, do. Well, as a vigorous and active Secretary, I think first you should brush up on State Department foreign policy."

"I have, Henry. Our latest manual is the Department of State's official line on the Spanish occupation of Cuba may, or may not, be a clear case of violation of the Monroe Doctrine and we are therefore preparing a position paper on our position."

"A position paper?"

"Miss Tremble says we're still working on it. Meanwhile, Henry, can I go to Paris next time?"

"Really, Henry? How would it be, a distinguished Secretary of State, swinging through Paris, taking beautiful women to lunch? No, I'll handle that from this end. How about China, Henry?"

"What about China, Henry?"

I've always wanted to meet Mao Tse-tung.

"I'm sorry, Henry. Mao's never met a Secretary of State and we don't want to offend him. We'll keep contacts at the White House level as always."

"Well, then, Henry, could I see the President? As Secretary of State, I feel it's my right to see the President. Please, Henry, just once?"

"That's what you Secretaries of State always want. Don't you realize the President is a very busy man, Henry. He has to formulate foreign policy, conduct diplomatic maneuvers, carry out delicate negotiations..."

"I... I'm sorry, Henry. I guess I forgot my place."

"All right, Henry. Now, two things: First, I want you to establish a firm hands-off policy."

"Golly! Me? Establish policy? But hands off what, Henry? Cuba? Cambodia? The Middle East?"

"No, Jill St. John. And secondly, the President said 'I've told you never to call me Heinz, Henry. I may have tapped this phone. Who counts?'"

"It's all right, Henry. I'm calling from a pay phone down the block. There don't seem to be any phones over here. My secretary, Miss Trent, says she ordered one 42 years ago, but..."

"Never mind that, Henry. Why are you calling me at the office?"

"Well, as your Secretary of State, Henry, what do you want me to do?"

"Do? Let's see, do. Well, as a vigorous and active Secretary, I think first you should brush up on State Department foreign policy."

**The Haldeman-Ehrlichman Linkage**

WASHINGTON — President Nixon's moral line on his own Watergate defense of his claim of total innocence for former Assistant R. Haldeman-Ehrlichman linkage that stunned even presidential aides, represents a high stakes gamble for the President.

In the privacy of the White House, Mr. Nixon has long stressed his total confidence in his two departed lieutenants whose resignations he accepted under pressure April 30. What surprised presidential staffers was that he proclaimed their innocence so loudly in his press conference.

Why the surprise? Because the President's top advisers have always expected Haldeman and Ehrlichman to be indicted, and nothing has changed their minds. They believe special prosecutor Archibald Cox seeks to indict the two even without testimony against them by deposed White House counsel John W. Dean III. Thus the trials of Haldeman and Ehrlichman would become a de facto trial of Richard M. Nixon — precisely what presidential advisers wanted to avoid.

The Haldeman-Ehrlichman problem is submerged in the San Clemente euphoria generated by the press conference. Mr. Nixon handled his press inquiries with hard authority and his aides now feel the worst is over. But they forget that the day Cox asks the grand jury for indictments lies ahead and that Mr. Nixon has now upped his own potential stake in the proceedings by tying himself so closely to his aides.

A forerunner of that linkage came in late June with White House counsel J. Fred Buzhardt's memorandum in response to Dean's charges before the Senate Watergate committee. But senior presidential aides at that time knew that the Buzhardt memo's blanket defense of Ehrlichman and Haldeman was a blunder, not truly reflecting the President's desires.

Moreover, the consensus inside the White House then called for Mr. Nixon to separate himself from Ehrlichman and Haldeman. One senior aide close to the President privately blamed Ehrlichman personally for the extent of the Watergate crisis. Leaked White House stories forecast presidential disengagement from his two former lieutenants.

That such stories were mostly wishful thinking was revealed with disclosures that Mr. Nixon's assistants and sold investments totalling \$5,462,666, it is reported.

**Cigarette Speakeasies**

WASHINGTON — Joey Pilot, who operates a chain of 24-hour crap games in powder rooms at the White House, State Department and Bureau of Engraving and Printing, says he has already ordered the preparation of organizational charts looking toward diversification of his empire when cigarette smoking becomes illegal.

Joey claims he was not taken by surprise when he read in the New York Times of a proposal by Richard O. Simpson, chairman of the new Federal Consumer Product Safety Commission, to ban cigarette smoking. "I hear about those things months and sometimes years before the general public does," said Joey. "In my business, you got to be a company stay ahead of the competition."

"I see where Mr. Simpson says his commission has the Hazardous Substances Act, even though the Consumer Product Safety Act specifically exempts tobacco. My lawyers care to that conclusion eight months ago, and that's when I started making plans."

It is Joey's intention to go forward with his diversification. He will carry on with his dice operation and, after he has a speakeasy where he can socialize with the right kind of people, a place where he will feel secure with his own kind.

And of course there's dough to be made if you offer snob appeal. Most of the smoking lounges will be democratic, not first-class, first-serve kind of operations. But there'll always be those smokers who want special treatment. So we'll have two rooms in some of our lounges, one downstairs for the VIPs and one upstairs for the common herd. After all, we've got to have a speakeasy where Henry Kissinger, say, would be comfortable. And we got to have a speakeasy where they could get cars of those Senators. What I mean is, Kissinger and the rest

**Master FBI**

The FBI has established a computer file on criminal arrests throughout the United States, which has many fearsome aspects of ultimate invasion of the rights of privacy of the individual.

In effect the states are expected to feed to the FBI records of all arrests or, brushes with the law, from every police department within the state. This will set up a master computerized file on every person in the country who has been in trouble with the police.

In theory, arrest information is supposed to be authorized by a case conclusion. That is, was the person found innocent or guilty. It seems that oftentimes this is not done. Hence if an arrest is made it goes into the electronic file and remains there ever after.

The project smells a little of the dossiers kept on every person in dictator ruled countries. There's someplace, somewhere the government has a file on you.

Massachusetts is fighting the proposal on the grounds that the information is not being amassed in a manner to afford confidentiality. The Bay State has already turned down requests by the Small Business Administration for access to its files.

In typical bureaucratic manner the SBA has threatened to withhold \$30 million in loan funds from Massachusetts and is suing the governor to try to force compliance.

A very scary story has come out of Massachusetts. It is that of a deputy sheriff there who, bored one night, decided to ask retrieval from the National Crime Information Center of any information which it might have

on members of his family. Ten out of eleven members of his family were listed in the files. His mother was in the records because she was at a noisy sorority party when she was eighteen at which no arrests were made.

His stepfather was also in because he had complained to police that he received some bad checks.

It seems that if you ever come to police attention it becomes part of a national record which follows you all of your life.

The computerized national file authorized by former Attorney General John Mitchell in 1970. So far only six states have been wired into the system. They are California, New York, Illinois, Arizona, Pennsylvania, Florida and Washington, D.C. California is reported to have put 100,000 records into the computer.

While the system appears monstrous it is defended by newly installed FBI Director Clarence M. Kelley. He claims that it merely does electronically and speedily what can be done in laborious fashion manually.

The American people fear this sort of master-intelligence file as an intrusion of their private rights. And rightly so, from some of the seamy-side governmental operation which has come to light in the Watergate hearings.

There is a real conflict between the needs of law enforcement bodies and the rights of privacy. We recognize and are sympathetic to the needs of the police. But if a decision is to be made it must always be in favor of the vast body of the people who are entitled to live free of inclusion in police dossiers.

**Today's Thought**

**FIFTH PHRASE**  
Things Are Not Bad!  
Another phrase used by the religiously naive. Some individuals shut themselves off from the shadows and falling rocks of life. Perhaps they have been too protected. Perhaps they feared to look at unpleasantness and experience strange existance and are not unpleasantness.

**Life viewed as always and ultimately good is self-limiting and ultimately deceptive.**  
When our children do not learn the depths in life they grow into shallow adults. And so the evasion of reality is perpetuated.  
Evil and immorality have a strange existance and are not unpleasantness.

Famous U.S. Women Ski Team Diet

During the non-snow off season the U.S. Women's Alpine Ski Team members go on the "Ski Team" diet to lose 20 pounds in two weeks. That's right — 20 pounds in 14 days! The basis of the diet is chemical food action and was devised by a famous Colorado physician especially for the U.S. Ski Team. Normal energy is maintained (very important) while reducing. You keep "hull" — no starvation — because the diet is designed that way. It's a diet that is easy to follow whether you work, travel or stay at home. (Not the grapefruit diet!)

This is, honestly, a fantastically successful diet. If it weren't, the U.S. Women's Ski Team wouldn't be permitted to use it! Right? So, give yourself the same break the U.S. Ski Team gets. Lose weight the scientific, proven way. Even if you've tried all the other diets, you owe it to yourself to try the U.S. Women's Ski Team Diet. That is, if you really do want to lose 20 pounds in two weeks. Order today. Tear this out as a reminder.

Send only \$3.00 (\$3.25 for Rush Service) - cash is O.K. - to: NCP-CAL, Products, P.O. Box 894, Cupertino, CA. 95014. Don't order unless you want to lose 20 pounds in two weeks! Because that's what the Ski Team Diet will do.

### Hebron School Board Faces Extra Costs

**ANNE EMT**  
Correspondent  
Tel. 228-3971

The Board of Education, already faced with having to operate this year on a budget of \$4,900 less than it requested from the Board of Finance, Thursday evening had no recourse but to approve two unexpected expenditures totaling \$3,528.

Although both these expenditures are two-thirds reimbursable by the state as they pertain to special education, the board must make the full expenditure with the reimbursement being paid directly to the town's general fund by the state under special education grants.

One expenditure, in the amount of \$1,080 is for a kindergarten aide for a physically handicapped child at the Gilead School. The child is so badly handicapped that it will be necessary to have an aide at all times to assist her. An additional cost of \$180 will also be necessary to cover transportation at 10 cents a mile for the child as she is unable to ride a school bus.

The second unexpected expenditure for \$2,268 is for the addition of an aide for the educable mentally retarded class as the class has increased from four to eight students.

Although the board's expenditures for the two amounts to \$3,528, the net cost to the town, after the state reimbursement, is only \$514.50.

The board approved the hiring of Mrs. Janet Tubey for the kindergarten child and Mrs. Marie Fontanella as the

educable mentally retarded aide.

**Music Program**  
The board gave authorization to the superintendent to request an organization, such as the PTO or the Recreation Commission, to sponsor a music program for the school.

Because of the cutback at old desks at the Hebron School, reported that \$188.75 has been turned over to the town's general fund as a result of the sale.

**Sale of Desks**  
Mrs. Cynthia Wilson, board member who worked with the administration on the sale of old desks at the Hebron School, reported that \$188.75 has been turned over to the town's general fund as a result of the sale.

**Substitutes**  
The board approved a revised substitute teacher policy and voted a rate of \$20 a day or \$40 a day for an extended period (beyond ten days).

Under the revised policy, the superintendent will approve substitute teachers for inclusion on a list of qualified substitutes and such substitutes will be hired by the principals from this list as the need arises.

**Staff**  
The board accepted, with regret, the resignation of Emery Tapley, music teacher, who has accepted a position with the Hartford school system. No replacement has been hired and it is most probable that the position will not be filled before the opening of school.

The board approved the appointments of two new teachers at the Gilead School.

Mrs. Barbara S. Airota as a one-day-a-week art teacher and Miss Deborah A. Scott as a half-time kindergarten teacher, both at the Gilead School.

Mrs. Airota graduated from Glassboro State College in Glassboro, N.J. in 1970 with a B.A. She was a teacher at the

Whittis School in Uxbridge, Mass. for two years and did substitute teaching.

Miss Scott graduated in 1973 with a BS from Southern Connecticut State College.

**Fringes Cut**  
WASHINGTON (AP) — There had been plans to build a squash court and sauna bath at the \$42-million building housing the Department of Health, Education and Welfare. But not any more. HEW Secretary Caspar W. Weinberger has vetoed the recreation facility.

Under Secretary Frank C. Carlucci explained the action by saying, "HEW executives are expected to get their exercise by running upstairs and chasing absentee welfare fathers."

### Police Arrests

Dennis R. Sedgwick, 20, of 58 Croft Dr. was issued a summons early today for reckless driving. Court appearance is Sept. 17 in Manchester Circuit Court 12.

Police report that about 1 a.m. in front of David's Restaurant in the Manchester Parkade, Sedgwick was observed "reaving" up the engine of his car with about 30 youths clustered around his car.

The report states Sedgwick then "popped" the clutch and the car took off at a high rate of speed, squealing and with smoking rear tires, and "flashed" back and forth.

The report states also that David's was closing at the time and the parking lot was filled with people and cars.

Andover Schools To Open With New Hours

ANNE EMT Correspondent Tel. 228-3971

Approximately 250 students slightly less than last year, are expected when school opens Wednesday morning at 8:35 a.m.

Bus schedules will be published and Donald H. Libby, principal, requests parents to review the routes carefully as there have been changes and children may be on a route number different from last year.

Bus stops will be the same as previous years. However, if a parent is uncertain as to the stop, the nearest one to the school should be used or the child should wait at the roadside near home and the driver will inform the parent of the procedure for future pickups.

Minor adjustments will most likely have to be made the first few days of the school year.

Lunches Federal reimbursement under the Special Milk Program has terminated under Phase 4 and as a result the cost of school lunches has had to be increased from 40 cents to 50 cents including milk.

Hot lunch and milk tickets will be sold on the first day of each month. Milk tickets will be sold in strips of 10 for 85 cents and snacks for kindergarten will be \$1.50 per month, payable at the first school day of each month in advance.

Children may or may not take lunch each day, either by ticket or cash. There will be no charging permitted.

The menu for the first three days of school will be: Wednesday: Hamburger on a bun, French fries, tomato-cucumber chunks, lemon-marmalade pudding.

Thursday: (Fried) Crispers, vegetable sticks, fresh fruit. Friday: Spaghetti, tossed salad, hot rolls, choice of desserts.

Forms Emergency cards and INVITATION TO BID

The Manchester Board of Education seeks bids for Heating Chemicals for the 1973-1974 school year.

Proposals will be received until September 13, 1973 until 3:30 p.m. at which time they will be publicly opened.

The right is reserved to reject any and all bids. Specifications and bid forms may be secured at the Business Office, 46 N. School Street, Manchester, Connecticut.

South Windsor Flood Question Before Council

Whether the November election ballot will carry a referendum question on an appropriation of \$375,000 for purchase of land for a controversial watershed project in South Windsor will be decided by the Town Council Tuesday night.

Prime opposers to the watershed proposal are residents of Beezlebub Rd. as their land would be involved in the project.

Mayor Abraham Glassman said alternatives will be explored with town and state officials and the taxpayers despite the fact that the proposal to build two dams, either side of Beezlebub Rd., seems to be the most likely solution.

The project would involve acquiring land and easements to correct flooding problems in the Avery Heights area caused by the overflowing of Avery Brook.

land and would have to be completely relocated if the proposed project is carried out.

government will consider allocating a grant of \$250,000 as its share of the proposed project which would cost in the area of \$60,000 to \$700,000 to complete.

Defeat Near For Nastase

FOREST HILLS, N.Y. (AP) - Only four points separate flamboyant and controversial Ilie Nastase of Romania from defeat in the U.S. Open Tennis Championships.

The defending champion today resumed a match with Rhodesian Andrew Pattison which was halted with Nastase ahead 5-7, 2-6, 6-4, 5-3.

The Nastase-Pattison match is to be resumed at 11 a.m. EDT. Nastase is in danger of being the second seeded men's player to go down to defeat in this tournament where the players are in competition with the same-like weather as much as with each other.

Roger Taylor of Great Britain, the No. 11 seed, frittered away a two-set lead and was upset by John Alexander of Australia in Thursday's second round.

Taylor, a semifinalist at Wimbledon this year, fought off match point five times before Alexander finally defeated him 3-6, 4-6, 6-4, 3-6, 7-5.

"I wasn't aggressive enough," said Billie Jean King, drained by heat waves that were heightened by an overnight power blackout at the hotel where she was staying.

Mrs. King, the top seed who is seeking her fourth title here, easily ousted Peggy Michel of Pacific Palisades, Calif., 6-2, 6-3 although she was erratic at the outset.

# Yaz No Third Baseman

MILWAUKEE (AP) — The Boston Red Sox may have several good reasons why they put superstar Carl Yastrzemski more than \$150,000 a year, but his ability to play third base apparently isn't one of them.

The veteran slugger, one of the finer fielding leftfielders in the American League, has been filling in at third for injured regular Rico Petrocelli. Yastrzemski hadn't made an error at third in his six previous games there, but he made three Thursday night and the Milwaukee Brewers parlayed two of them into four unearned runs and a 4-1 victory.

Jim Stalon, 10-11, made the runs stand up with five-hit pitching as the Brewers posted their 64th victory, one short of their total for all of 1972. The second-place Red Sox, meanwhile, slipped 5 1/2 games behind the Baltimore in the AL East.

The Brewers took a 1-0 fourth-inning lead when Bob Coluccio reached base on Yastrzemski's first error, took second on a fielder's choice and scored when George Scott smashed a hard ground ball past Yastrzemski for a single.

The Brewers chased loser John Curtis, 12-11, when Coluccio belted a three-run home run following Yastrzemski's third error and a walk in the seventh.

Scott, Yastrzemski's teammate for several years in Boston, sympathized with him for having to play an unfamiliar position.

"All he needed was a pair of boxing gloves and I thought he'd be fighting George Foreman," Scott said. "Hell, he's a 12-year veteran and he has to play third. He could get hurt over there."

"I've seen him work out at third," Scott said. "He can pick the ball up in workouts. But a workout isn't a game. The game situation is the thing, man."

Yastrzemski accepted his misfortunes almost with good humor. He refused to blame the errors on the Sox' early morning flight in from Oakland or the three hours he had spent in a dentist's chair here before the game.

Told of Scott's remarks about boxing gloves, Yastrzemski grinned and said, "Yeah? Well, tell Boomer the ball he hit past me to drive in the run should have been an error, too."

"Hell, I've seen better third basemen than me make more errors," he said. "I just missed those balls up, the same kind of balls I've been catching the last four or five days. I let the ball play me instead of me playing the ball. But tell Boomer I'll be back here tomorrow night."

Yastrzemski, taunted by the crowd when he stepped to the plate in the ninth, responded by lining his 12th home run to spoil Stalon's shutout. He received a solid ovation when he trotted back to the dugout.

# Cards Cash In Against Seaver

ST. LOUIS (AP) — "When you get an opportunity against that guy you better cash in," St. Louis Cardinals Manager Red Schoendienst said.

Schoendienst' Cardinals got three chances against the New York Mets' Tom Seaver Thursday night and cashed in on the third to win 1-0 in 10 innings.

The victory, only the Cards' seventh in the last 22 games, boosted their National League East Division lead over the Pittsburgh Pirates to 2 1/2 games.

"That Seaver can hum the ball," said Schoendienst in admiration of the Mets' righthander, 15-4, who fanned eight and yielded nine hits.

"He wanted to jam our guy and make him pop up or strike out. He threw a good pitch, but our guy topped it and we won."

Seaver, plagued by lack of offensive support, entered the 10th after escaping two jams in a dust against Cards righthander Reggie Cleveland over the regulation distance.

Lou Brock was hitless in four previous trips but worked the count to 2-2 and drilled a double to left-center, leading off.

Ted Sizemore sacrificed Brock to third base and with the count 2-3 on Jose Cruz the Mets pitcher came in tight with a delivery.

Cruz chopped the ball on a high bounce to third baseman Wayne Garrett, who had no play as the fleet Brock raced home with the run.

The Cards' shutout made it 24 innings in a row the Mets have not scored for Seaver, who saw little consolation in the clubhouse for his strong performance.

"You expect me to come in here and say 'Well, I pitched good but I lost,'" said the 25-year-old fireballer, who improved a 1.74 earned run average.

"That's a bunch of junk," he added in disgust. "I lost 1-0. I don't make any difference whether I lost 10-0 or 1-0. I lost."

Seaver had previously escaped jams when Sizemore and Cruz singled in the first and Mike Tyson and Cleveland put hits together in the seventh.

The stocky Cleveland restricted the Mets to four hits and retired Jerry Grote with the bases full in the sixth while pitching nine innings.

Al Hrabosky set the Mets down in order in the 10th for his second victory against one loss.

# Short Chips and Puffs

It was quite a day, the most successful Pro-Amateur Golf Tournament ever in the history of the IGO, GHO or SDJGHO, whichever you prefer, for yesterday's activity at the Wethersfield Country Club.

One realized early that a tremendous crowd would be on hand to see Sammy Davis Jr., Bob Hope and Milton Berle, especially among the celebrities, when traffic was backed up from the Silas Deane Highway to the course, some six or seven miles, before high noon.

The sponsoring Hartford Jaycees estimated the crowd was in the vicinity of 25,000 to 30,000, which is the usual turnout for the final day of the five-day annual September golfest.

Spectators were willing like flies in the near 100-degree heat and concession stands did a great business, several running dry for cold drinks by early afternoon.

Parking and traffic was a problem, cars moved at a snail's pace for miles around and all parking areas near the course were filled long before Davis and Hope teed off.

The return of Arnold Palmer, still the biggest name on the PGA circuit, helped attract the banner turnout. It was at this same Wethersfield course in 1960 that Palmer achieved his first triumph on the tour. Absent for a number of years from the GHO, as a special favor to Davis, he made Wethersfield a stop on the rugged golfing slate.

Although his putting wasn't up to par, Palmer and his group, which included Hope, missed by one stroke of tying for Pro-Amurets in the Pro-Am.

As could be expected, Palmer four-some drew the biggest gallery, upwards of 8,000 to 10,000.

# Stars Great With Fans

Hope, in bright madras trousers, and Davis didn't hurt their image any and made themselves. None of the celebrities hurt their image any with the record crowd.

No question, Hope and Davis were the biggest gate attractions and never disappointed. Both proved to be average club golfers. But no one seemed to care how well they did. Quips from time to time kept the spectators amused.

Davis started out playing with a knit vest but doffed it soon after he came out of the air-conditioned clubhouse, and onto the steaming course.

Two former baseball players, still as trim as during their prime years, took part. Sandy Koufax and Don Newcombe. The one-time Dodger pitchers were the object of autograph seekers and news media once their made their appearance on the practice area.

# Trevino Tired

WETHERSFIELD (AP) — Lee Trevino is tired. "I'm beat," the weary golfer said before teeing off today in the first round of the \$200,000 Sammy Davis Jr. Greater Hartford Open Golf Tournament.

"I'm not playing as well as I'd like to and I know why," he continued. "I just didn't want to practice as much as I should. I can find the time to do it, but I just don't want to. I don't want to get out there and beat the balls the way I should."

"I didn't have anything to do but play golf, that would be something else. But I've got all those other things to take up time — exhibitions, filming commercials all that sort of thing. Of course I can't blame anybody but me. I don't have to do all these things but I let myself get talked into them."

"But I'll tell you one thing. I'm gonna start cutting down on my schedule. Starting next year I'm just not gonna play as much. I'm gonna cut way back."

"The last six years I've played golf every day. If I keep beating balls as much the next four years as I have the last six, I'll be dead by the time I'm 38. And that ain't gonna happen."

Although he says he isn't playing his best, hasn't won since March when he was upset by John Schroeder in the championship last week, Trevino still ranks as the man to beat for the \$40,000 first prize in this enriched event.

The purse went up from \$125,000 the previous year and is now among the dozen highest on the tour.

With the increase in the purse and with Davis lending his name and prestige to the tournament for the first time, the event has drawn the strongest field in its history.

In addition to Trevino, the defending champion, other standouts in the 147-man lineup includes Arnold Palmer, Billy Casper, South African Gary Player and controversial Dave Hill.

One Way to Cool It

While candidates for Manchester High's football team were wretching in the heat yesterday at Memorial Field, this young lady took advantage of the sprinkling system on the new gridiron and cooled off in this manner.

# Groman's Lose First

First test in the National Women's Amateur Softball Assn. Tournament in Chattanooga, Tenn., last night for Groman's Sport Shop ended on a sour note.

Raney Terey of Cleveland, Ohio trounced the locals, 15-1, in the double elimination play. The winners collected 20 base hits.

Two big frames — six runs in the third and five in the fifth turned the game into a rout. Groman's only run came in the sixth on three base hits.

Next start for the Connecticut champs will be Saturday morning at 10.

Joins Harvard CAMBRIDGE, Mass. (AP) — Michael D. Jarvis, former assistant varsity basketball coach at Northeastern University, will take a similar spot at Harvard this fall.

Amateur Golf Champion today. Jarvis, 28, graduated from Northeastern in 1968 and coached basketball at Huntington Preparatory School in Boston for a year before joining the Northeastern staff.

Knockout Seen TOKYO (AP) — Dick Sadler, heavyweight champion of the world, is expected to knock out challenger Joe "King" Roman early in their scheduled 15-rounder.

Foreman himself has any ideas about the bout, he's keeping them to himself. Foreman has been guaranteed \$1 million for the first defense of the title he won by stopping Joe Frazier in two rounds last January.

The fight begins at 11:45 p.m., EDT, tonight.

Widow Sues SAN JUAN, P.R. (AP) — The widow of baseball star Roberto Clemente is suing two aviation firms and the U.S. government for \$15 million in connection with the air crash that claimed her husband's life last Dec. 31.

Defending champion Marvin Giles III and British Amateur titleholder Dick Shepherd are both happier about their plays as they lead a group of favorites into the fourth round of the U.S. Open.

# Tovar Ran Sign to Score

NEW YORK (AP) — Hall Cesar! But Philadelphia third base coach Bill Demars couldn't do it Thursday night.

In fact, Demars had about as much chance of halting Cesar Tovar in the last of the ninth as he would the proverbial New York cab on a rainy day.

"I make up my mind to score," said Tovar after he ran Demars' stop sign and slid home with the winning run in the Phillies 8-7 come-from-behind victory over the Montreal Expos.

Elsewhere in the National League, the St. Louis Cardinals edged the New York Mets 1-0 in 10 innings and the Los Angeles Dodgers squeezed by the Houston Astros 6-4.

In the American League action, the Milwaukee Brewers beat the Boston Red Sox 4-1, the Cleveland Indians blanked the Detroit Tigers 4-0 and the Minnesota Twins defeated the Texas Rangers 5-2 in 11 innings.

Dodgers 6, Astros 5 Pinchhitter Ken McMullen's eighth-inning single scored pinchrunner Jerry Rosty with the tie-breaking run.

# Sooner or later, you're going to hire a lawn service.

# So here are some things you should know.

By Your Local Lawn King Dealer. I'm going to do my best to make this an unbiased, informative piece of writing. My hope is to give you reasons why you should (and probably will) have a lawn service, ways to evaluate different services, some insight into costs, tips on jobs you can do yourself, and so on.

I hope to do all this without slanting the story in favor of Lawn King... but I'll probably fail. You see I believe that our service is the best you can get. If I didn't, I'd have bought one of the other franchises. Now you know where I stand. I hope you'll read on anyway.

Who cares, as long as it's green? I hear this a lot. People say, "I don't give a damn whether it's grass or clover or plantain growing out there. This may be Suburbia, but I don't need a lawn for status."

But even the clover and plantain won't stay green forever without care. And the fact is, you should care what's growing out there. If you have a good lawn, it will add from 5% to 10% to the selling price of your house. Don't take my word. Ask any reputable realtor in town.

The cost of not caring for your lawn is a lot higher than the cost of proper care. Here's what a lawn service does. A good service first takes a good look. Your lawn may have special problems and need special treatment. Or you may be lucky, and have a better lawn than most.

Whatever's needed, you should be told about it and told how it will be dealt with. And at that time, you should be told exactly what it will cost. If you get an "estimate," better call another lawn service.

A good lawn service will set up a program of scheduled treatments, at least four a year. (I do a lot more.) I schedule four treatment visits and four checkbacks between treatments, to see how your lawn is doing. If it needs something more, I do it. No extra charge, either. A contract is a contract. I remember one lawn where I was back about eight times — with the equipment. Tough for me, but great for that poor sick lawn.

The four regular treatments should be scheduled in spring, early summer, late summer and fall. At each one, you should get fertilization, weed control, power rolling and power aeration. (Except for late summer, when we don't aerate. It would be wrong then.)

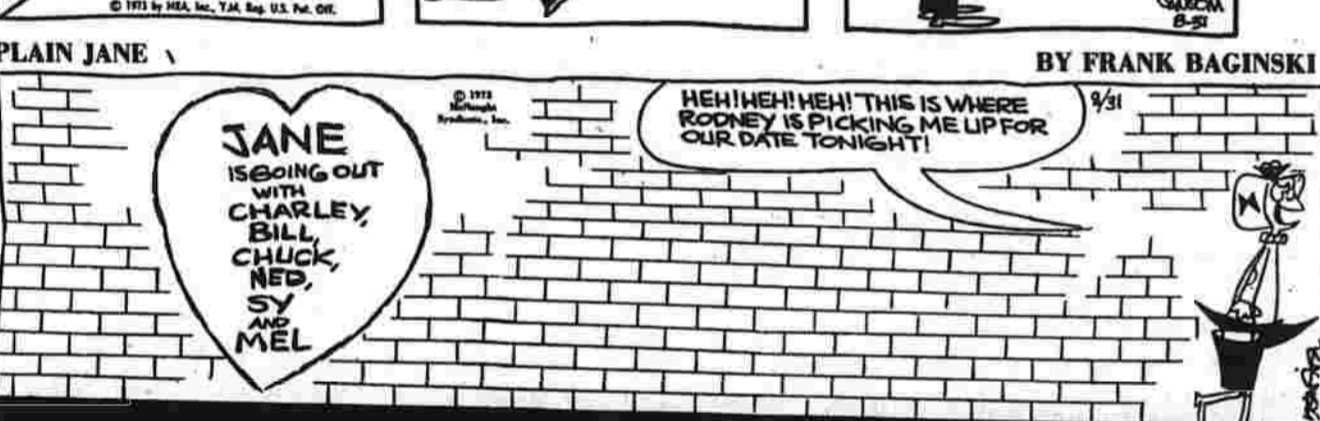

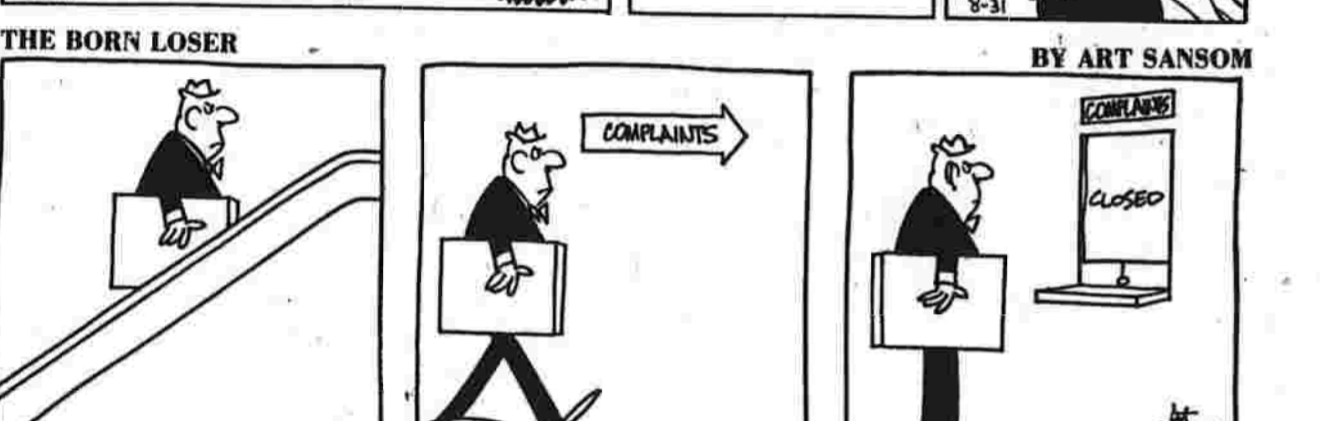

In addition to this, your treatments should also include seeding, extra fertilization (we use three different formulas of fertilizers in different amounts at different times), grub proofing and fungus control, pre-emergent and post-emergent crab grass control, chinch bug control and sod webworm control.

You can cut your lawn regularly. And you should, whenever your grass gets over three inches high. Never cut off more than one-third of the leaf and don't cut it too short. The drawing will explain why. You can lime it every year. And you must lime it to keep the pH

between 6.2 and 6.5. This is easy to do, and helps a lot. Lime can be applied at any time, the sooner the better on lawns with a low pH. As a maintenance practice, it's best to apply lime in the Fall. You can fertilize it four times a year. But be careful in the summer. You can apply weed killer to stubborn crabgrass, dandelion plants, plantain and other nuisances. Far better than pulling them, which only gives you more weeds. You can (and should) do a lot more, depending on the time you want to give the job. Ask me, or ask your garden center, and do as much as you see fit. Every bit helps. Now, down to price. A lawn service is going to cost you, but not as much as you think. Actually, it will be cheaper than the same care if you did it yourself. If it seems expensive, that's just because you're not doing all you should. Our price is 34¢ a square foot, for a full-service, four-season program, with a minimum of 4,000 square feet. Measure your lawn, and figure the cost for yourself. Get started now. Call me and set a date for a diagnosis and a price. Your lawn requires constant care throughout the growing season. If you wait, the lawn will only get worse, and it will take longer to control its problems. So if you call me now, both you and I will be a lot better off. And so will your ratty old lawn. Why not to cut too short. If you cut it a 1" height, you've cut off the grass leaves. Chlorophyll in the grass leaves manufacture the plant's food from sunlight, carbon dioxide and water. So if you cut them off, the plant starves. And weeds (which are short) will grow instead.

Military honors will be accorded at graveside.

Friends may call at Rose Hill Funeral Home, 580 Elm St., Rocky Hill, Monday from 7 to 9 p.m.

## Coroner Places Fatality Blame

Hartford County Coroner Irving L. Aronson has found that the death of Gilbert W. Wittman of Manchester, resulting from injuries in a two-car collision on Oct. 23, 1972, was the result of Mr. Wittman failing to grant the right of way to the oncoming vehicle.

The coroner's report also stated that Mr. Wittman was making an improper left turn.

The oncoming vehicle was driven by Janet C. Kenney, 27, of Hebron. Mrs. Kenney's vehicle was traveling westbound on Charter Oak St. when Mr. Wittman attempted to make a left turn onto Charter Oak St. from Autumn St.

Mr. Wittman was thrown from the car and suffered numerous injuries and complications resulting therefrom. He died on Nov. 6, 1972 at Manchester Memorial Hospital. Mrs. Kenney and two passengers in her car were taken to Manchester Memorial Hospital for treatment and released Oct. 23.

**Agnew Slips**  
**PRINCETON, N.J. (AP)** — The latest Gallup poll shows that support among Republicans for a 1976 presidential bid by Vice President Spiro T. Agnew has slipped sharply since it was disclosed he is the target of a federal investigation. Agnew's backing among Republican respondents slipped from 35 per cent in an April poll to 22 per cent in the latest survey, the Gallup organization said. California Gov. Ronald Reagan went up from 20 to 22 per cent.

## Stations May Close

**HARTFORD (AP)** — Half of the 3,500 gasoline stations in Connecticut will be closed over the Labor Day weekend, according to a survey by the state branch of the American Automobile Association.

But Joseph E. Panza, executive director of the Connecticut Retailers Association, said the one-week extension of the federal gas price freeze will mean more stations will remain open over the holiday weekend.

"Roughly half the stations we talked to indicated they would be closing," said Alex Parley, an association spokesman. He said "a very large number" of stations were surveyed, but declined to give the number.

The federal Cost of Living Council delayed implementation Thursday of the new Phase 4 system of retail gasoline price ceiling that the dealers have been fighting in court.

Retailers have challenged the ceiling system in federal court. "Our dealers have their backs against the wall," Panza said, adding that he'd been deluged lately with calls from dealers saying they couldn't live with the controls.

Panza said the week's delay would result in more stations remaining open during the holiday weekend rather than closing in protest to the Phase 4 restrictions.

State Rep. Charles Matties, R-West Hartford, who owns a service station, said the delay was good news. He also said the decision should mean fewer stations would close in protest.

"The battle has not been won," he said. "The only thing that's been won is a one week delay in implementing Phase 4, with which we don't agree."

The association has urged dealers to stay open if possible to avoid alienating customers.

The AAA is warning its members to be careful they don't get stranded without fuel during weekend trips, Parley said.

**State Offers Reward For Miner Killer**  
**HARTFORD (AP)** — A \$30,000 reward was authorized today by Gov. Thomas J. Meskill for information in the slaying of Harry T. Miner of Bolton last April.

Miner, a package store owner, was shot to death in the driveway of his home the night of April 7 shortly after he closed his store on Route 6.

State's Atty. Donald P. Caldwell, who requested the state reward, said "no tangible results" had come from an intensive investigation since the shooting.

The coroner said Miner died of a single gunshot wound. Police suspected robbery was the motive because the day's receipts were missing. He was found beside his car.

Miner's family previously offered a \$1,000 reward. Bolton businessmen also offered a reward.

Three thousand dollars is the maximum state reward, granted only when authorities are certain a crime was committed.

**Salary Limits**  
**WASHINGTON (AP)** — The Cost of Living Council says salary increases for top business executives should be held to 5.5 per cent. The Council proposed that mandatory limit on increases for executives, but left open the possibility of higher raises by saying they could be permitted if prior approval is obtained from the council.

## \$125,041 Low Bridge Bid

The Annulli Construction Co. of Manchester, with a price of \$125,041, is the apparent low bidder for erecting a new Olcott St. bridge to replace the one destroyed June 30, during a torrential rainfall.

The Manchester Board of Directors, which is considering an appropriation for a new bridge, were given a \$47,000 cost estimate in early July and a subsequent \$80,000 to \$100,000 cost estimate in mid-August.

Annulli's bid was the lowest of five opened today by Maurice Pass, town purchasing agent. The five bids ranged from the \$125,041 submitted by Annulli to the high of \$194,996 submitted by the Brunall Construction Co. of Southington.

Pass said the bids will be analyzed by his office. The final decision, he said, will be by the Board of Directors.

In a companion project, the Peter Inzero Inc. of Chesire was the only bidder for repairing or installing a new 10-inch water main under the bridge. The main, too, was damaged during the June 30 storm.

Inzero's price is \$110 per linear foot, to a maximum of

## Fuel Oil Bid Waiver Before Board Tuesday

The Board of Directors Tuesday will be asked to waive bids for Manchester's No. 2 fuel oil needs for the period Oct. 15, 1973 to Oct. 14, 1974.

The Board of Education, which normally handles the bidding for school and municipal needs, already has waived bids and a similar action by the Board of Directors will open the way for a negotiated contract.

The W. C. Mason Co. of Glastonbury holds the existing contract for No. 2 fuel oil — at 15.97 cents per gallon.

On Aug. 3, when bids were opened in the school board offices for supplying 231,500 gallons of No. 2 oil, 537,000 gallons of No. 4, and 450,000 gallons of No. 6, two bids were received for No. 6 and one for No. 4, but none for No. 2.

Teneco Laurel Corp. of Hartford was awarded the contract for No. 4 and Hamden Oil of Springfield, Mass. was awarded the contract for No. 6.

Bid waivers for No. 2 were proposed by Raymond Demers, business manager for the school board, and Maurice Pass, town purchasing agent.

Tuesday's meeting will be at 8 p.m. in the Municipal Building Hearing Room. Items on the agenda include:

... Approval of a sanitary-sewage swap with the Town of Windsor, in conjunction with the proposed development of about 510 acres of Buckland tobacco farmland in both towns.

The proposal has been tabled from month-to-month, pending determination of the effects the added sewage flow would have on Manchester's Secondary Treatment Plant. Acting Town Manager John Harkins has told the directors "We are satisfied that the plant can handle the present quantity and that (quantity) projected from the proposed subdivision."

He, as did Town Manager Robert Weiss, is recommending the sewage-swap agreement be signed. If the sewage lines are extended, service may be provided also for the residents of Alberta, Concord and Baldwin Rds.

The state Department of Environmental Protection (DEP),

## \$30,467 Low Bid For Purnell Curbs

The apparent low bid for reconstructing and improving Purnell Pl. is \$30,467, if bituminous curbing is installed, and \$34,947, if granite curbing is installed.

The apparent low bidder is the General Paving Co. of Cromwell, whose prices were the lowest of four bids opened today in the Municipal Building.

The four bids ranged to a high of \$44,389 for bituminous curbing and \$50,010 for granite, submitted by the Annulli Construction Co. of Manchester.

The apparent low bid is comfortably within the \$50,000 appropriated for the work on Aug. 14. The project includes paving, installation of curbs and sidewalks, landscaping, and correction of drainage problems.

Manafort Bros. Inc. of New Britain is the apparent low bidder for demolishing a town-owned building at 31-33 Oak St. Manafort's prices, the lowest of six bids submitted, is \$3,000, if town fill is used after the building is demolished, and \$4,000 if Manafort supplies the fill.

## Farmers' Prices Way Up

**WASHINGTON (AP)** — Farmers are getting prices that average 62 per cent higher for their raw products than they did a year ago. The latest figure includes a 20 per cent rise in prices for August alone, the Agriculture Department has reported.

The department's Crop Reporting Board said many of the current prices are the highest in the century.

Corn, for example, was \$1.15 a bushel a year ago; now farmers are being paid a record \$2.68 per bushel, said the report. And wheat rose \$2 in the last month alone to a new high of \$4.45 per bushel. Last year wheat was selling for \$1.51 per bushel.

The report, issued Thursday, covered the month that ended Aug. 15. Thus, it gives a picture of what happened to raw product prices in the month that followed the Nixon administration's lifting of price control lids on July 18 of all food products except beef.

Beef controls will be removed Sept. 12.

The Agriculture Department made no attempt in the report to correlate the prices received by farmers with what consumers are paying at the supermarket. However, department officials said at least part of any increase in prices received by farmers ultimately is passed on to the consumer.

Department officials said that contributing the most to the surge of prices in late July and early August were high prices for cattle, hogs, wheat, soybeans, eggs, corn and cotton.

Meanwhile, slight reductions were reported during the period for potatoes, apples and tomatoes, said the report.

The report said the price index received by farmers for all meat animals jumped 24 per cent from mid-July to mid-August and was 68 per cent higher than last year.

And agriculture officials offered little encouragement for the future.
