### Storm-Caused Debris Pickup Starts Monday

Town of Manchester highway and park department crews will start pickup of storm debris in the North End of town Monday. Public Works Director Jay Giles has announced.

Streets to be covered by town employees Monday are on the first 27 snowplowing routes which zig-zag through town from north to south.

Giles advised township volunteers who wish to have debris collected to "neatly pile" the material on their front lawns.

The first snowplowing routes, where town crews will collect debris Monday, include the following streets:

Buckland St., Windsor St., Slater St., Hale Rd., Tolland St., Adams St., from New State St. to Tolland Tpk., Baldwin Rd., Bryan Dr., Barnham St., Carmen Rd., Chapel Rd., Clark St., Concord St.

Also, Cornwall Dr., Deming St., Avery St., Croft Dr., Depot St., Drexel Dr., Eberhart Rd., Elm St., from Pine St. to the road between Tolland Tpk. and N. Main St.

Town crews won't work Tuesday, New Year's Day, but will continue the debris collection Wednesday on the second 27 snowplowing routes, which includes these streets:

Union St., N. School St., Mill St., Apple Pl., Beacon St., Buckland Alley, Centerfield St., Eastfield St., Edward St., Pogue tracks along I-84.

William R. Pogue remains in roll the station over to point the cameras at the comet.

The astronauts were to open the hatch at 12:30 p.m. EST to use special cameras to capture the comet's history.

Carr and Pogue set a spacewalk record of seven hours Christmas Day, but officials said today's venture should take only half that time with fewer tasks to perform.

The astronauts had a radio conversation Friday with Dr. Lubos Kohoutek, the discoverer of the comet.

"It is a great pleasure to greet you as the first human beings studying a comet from outer space," Kohoutek told them as he watched the astronauts on live television to Mission Control. "Your mission is indeed very important for astronomy."

Ballot Boxes Arrive Ballot boxes arrived at the front-line polling places today for Israel's soldiers, mostly mobilized reservists on duty since last October's 1973 Middle East war.

The soldiers were scheduled to vote Sunday, a day before the election. The poll is a controversial election centering on Israel's preparedness for the war and bargaining terms at the Geneva peace conference.

## Irate Motorists Report Gasoline Price Gouging

WASHINGTON (UPI) — The Federal Energy Office said today it had been flooded with calls from irate motorists complaining of price gouging by gas stations.

spokesman, Robert Nipp, said the office's phone lines have been jammed with complaints of excess gasoline charges of from 10 to 25 cents per gallon at service stations throughout the country. In many cases, Nipp said, the callers said the price per gallon was not posted on the gas pump.

Nipp said the calls last into the weekend amount, the price of short supply cannot go unchallenged.

Internal Revenue Service agents have been making field checks of gas stations to determine compliance with federal price control regulations, which limit retail gasoline price increases to a pastthrough of

wholesale price increases from oil suppliers.

Energy Chief William E. Simon said Friday that beginning in mid-January, service stations will be able to meet only 80 percent of the demand for gasoline because of the government's new fuel allocation regulations, announced Friday and scheduled to become fully effective Jan. 15.

The allocation in reduced fuel oil also could result in a 6 percent heating cutback in large apartments, officials said. But the new allocations boosted jet fuel supplies by 10 percent for the winter, which was originally faced a 25 percent cutback.

Under the allocation, service stations take a low priority, falling behind hospitals, farms, public transportation and industries which produce fuel.

A Form of Rationing Simon, who Thursday set up a standby rationing plan which could be implemented by March 1, said he expected to acknowledge that the allocation rules, in effect would amount to a "moderate form of rationing."

The Atomic Energy Commission announced strict new safety standards for nuclear reactors but officials said the standards could cause a possible cutback in power which when they go to effect. Electric power already is short in some areas.

Industry sources said Venezuela's decision to double petroleum prices was likely to bring a sharp increase in the cost of gasoline and home heating oil along America's East Coast. Venezuela announced Friday a 50 percent rise in oil prices on New Year's Day to \$14.88 a barrel, the highest rate in the world.

A little-noticed congressional report says it is Libya and Iraq that have allowed the "leakage" from the Arab embargo, and the oil has found its way to the United States. The House Foreign Affairs Committee, in a report released Dec. 20, cited testimony from George M. Bennefy, the State Department's director of fuel and energy, as the source of information about the leakage.

## British Unemployment May Reach A Million

LONDON (UPI) — More than 500,000 Britons have been thrown out of work because of the country's energy crisis and the number of jobs might reach a million in the next few weeks, government officials announced.

Little forecast was seen today in ending a wage dispute between the National Coal Board and the coal miner's union that has contributed to Britain's worst economic crisis since Election Day in 1972, which failed to reach an agreement Thursday, were expected to resume Wednesday.

Britain's \$90,000 coal miners have refused to work overtime to press demands for a pay hike

because they had their own guaranteed income agreement with employers and were not eligible for government benefits.

There already were 450,000 Britons on unemployment rolls and the number of jobless would top 1 million in the next few weeks.

An enforced three-day work week was scheduled to begin Monday to cut energy consumption. Further unemployment may occur then, officials said.

Government figures released Friday showed 544,000 persons who were eligible for unemployment benefits in the week ending Dec. 24, a sharp jump of 144,000 from figures released the day before.

A spokesman for the Department of Trade and Industry said many more were actually off work but not counted

### Katharine Hepburn, Television: Take Nicely to Each Other

Television in Review By Rick Du Brow HOLLYWOOD (UPI) — Katharine Hepburn and television have taken to each other very nicely. And there's more to come in 1974. Earlier this season, Miss Hepburn made two back-to-back outings as the sole guest on Dick Cavett's late-night ABC-TV conversation series.

She was, to no one's surprise, a super guest, and the pair of 90-minute Cavett broadcasts earned unusually high ratings for him. Then, on Dec. 18, the actress starred in a new production of Tennessee Williams' "The Glass Menagerie" on ABC-TV. It was an exceptionally well done presentation, and again to no one's surprise, Miss Hepburn was brilliant.

A Respectable Showing Television's audience ratings for serious drama are often quite low, but this telecast of "The Glass Menagerie" made a notable showing in the statistical competition. And now, citing "critical raves" for the production, ABC TV says it will rerun it on Jan. 1.

Another Tennessee Williams story, about a family of poor migrant farm workers, will be presented by CBS-TV Feb. 3 as a 90-minute broadcast. Entitled "The Migrants," the tale was adapted for television by playwright Langford Wilson, and stars Cloris Leachman and her mother as the family.

The Lighter Side Overdeveloped Countries Need Help, Too By DICK WEST WASHINGTON (UPI) — For the past couple of decades the conscience of the world, such as it is, has dwelt on the plight of underdeveloped countries.

### 'TIS THE SEASON TO BE JOLLY

# NOT DEAD!

THINK BEFORE YOU DRIVE AND DRINK

Nobody's putting down merriment. It's part of the holidays: happy hearts... high spirits... good cheer belong to the Christmas season. So do big festive parties. But drunken driving? That's something else. And there's nothing jolly about it!

Alcohol and driving don't mix... what makes you feel like the life of the party can make for death on the road. Even one drink can delay reactions... impair coordination... affect your judgment just enough to cause an accident. Why chance it? Think before you drink. Consider all you have to lose. Christmas time is for family rejoicing. Don't let it turn into a tragedy. Remember... 1974 is the first year of the rest of your life. Please try to be here to enjoy it. Life is too precious to gamble with!

**Complete Appliances Store**

Bernie's TV and Appliances of Manchester located at the Manchester Parkade is a complete appliance store that delivers, installs and services its products. John Vigeant, who has been in the appliance business for 22 years, is the owner and manager. A member of the Manchester Country Club, he is a well known figure in Manchester and always is willing to give you information and advice.

Bernie's TV and Appliances of Manchester features Kitchen Aid, Maytag and General Electric dishwashers. You can choose portable models or built-in models in smart new decorator colors. If you don't own or are thinking of replacing your old one, now is the time to let John show you the advantages of these famous brands. Having a dishwasher is just like having a maid in the kitchen—no home should be without one! To make the order less expensive, the dealer has turned to them again and again in evidence of the firm's dependability.

What makes people choose Bernie's? First, one might consider the reputation of the Holmes Funeral Home. The easiest way to determine that is to ask anyone in Manchester or the surrounding area. These community residents are this firm's best form of public relations; they can tell you more about the Holmes tradition of fine funeral service than anything the people at this firm might say about themselves.

Another advantage of the Holmes Funeral Home is the wealth of informative literature on funeral service and related subjects which is published by this organization. One of these useful booklets is "The Knowledge Book," which explains the problems of bereavement in a clear, frank manner. It has been of help to how others feel during bereavement because they've experienced the same thing themselves. The best understanding of a family's need at the time of a funeral can come only from another family. That is why the Holmes Funeral Home is a member of the International Order of the Golden Rule, which has over 1400 members. The order is the largest controlled-membership organization for funeral directors. Membership in this organization enables the firm to offer services not available elsewhere.

Each of these features is the case with which members are willing to answer questions concerning funeral services and prices. All that is necessary is an appointment. There is no obligation.

Other unique features of the Manchester area is the parking for 75 cars, an Allen Electronic organ, special flower and casket room, a fire-protection system, and private family rooms in each chapel.

All of these details add up to one fact: Services by the Holmes family is "service measured not by gold—but by the Golden Rule." At 400 Main St., the people at this firm are sure they will have others do to them.

**Service of Sincerity**

Helping people through life's most difficult time is not a small responsibility. And the Holmes family hasn't taken it lightly. Three Holmes generations have helped bereaved Manchester-area families, and the fact that many of these families have turned to them again and again is evidence of the firm's dependability.

## Winless Manchester Nipped By Windham

By Len Auster

"I didn't think we were capable of playing this badly," commented Manchester High basketball Coach Jim Moriarty after he witnessed his Indians drop their third game in as many starts, 57-56, to CCL rival Windham High last night. The contest was staged at the winner's Callahan Gymnasium in Windham.

Trailing by 17 points, 46-34, after three quarters, Manchester played catch-up ball in the last six minutes, but just couldn't overcome the deficit which confronted them. Senior center Kim Busby registered the final four tallies, the last bucket at the free throw line with 12 seconds remaining to ice the verdict.

"We played basketball the last six minutes. But you don't win games by playing just six minutes. You have to win the entire 32 minutes. We just didn't deserve to win," Moriarty candidly stated.

Windham had taken a 51-36 lead with 5:07 remaining, but captain Don Johnston fouled out 40 seconds later and the Silk Towners then began to move. The drive was led by backcourtman Kurt Carlson and Ray Sullivan, the latter tallying 10 of his 13 points in the final stretch. This was the first game for Sullivan after returning from a broken arm, and his mentor commented that he was pleased with the junior's performance.

Manchester chalked up six unanswered points to close within three, 53-50, but Windham struck back on a two-point play despite tight guarding by Jack Maloney and Carter Carson bucket, Mustard's two from the charity stripe put it out of reach.

Neither team played well defensively in the first half, but poor shooting from the floor compensated for the defensive lapses. Manchester led after one period, 14-12, and led briefly in the second stanza before Lehoucq and Johnston did some high level work to give the Whippets a 28-22 margin at intermission.

The locals hit on just seven of 24 floor shots in the first half, while the Williams-based outfit didn't fair much better, connecting on 12 for 38. Over-all, Manchester shot 33 per cent from the field, 19 for 57, while Windham connected on 40 per cent of their field goal attempts, 37 for 92.

Foul shooting kept the Indians in the contest as they cashed in on 18 of 25 opportunities. Windham was nine for 19 from the charity stripe.

Statistically, the Indians held the upper hand in the rebounding and on the boards. On numerous occasions, Windham crashed the offensive board, keeping the ball alive around the basket's perimeter until it could be tapped home. Leading Windham scorer was Don LaChapelle, who hauled in eight caroms, six offensively. John Feeney led Manchester with 10 rebounds.

Scoring honors went to Windham's Lehoucq with 18 points while teammate Marty Graham added 12 markers. Carlson led the Silk Towners with 14 while Busby contributed 11. Busby, however, along with his teammates, was ineffective in keeping Windham off the offensive backboard.

Coach Al Caisse's defending CCL champions scored their second straight victory after two opening defeats to square their record at 2-2 overall and in the league. "We played a good zone defense in the second and third quarter and that was the key," Caisse commented.

Manchester's next engagement is against CCL member Wethersfield High Jan. 2 at the Eagles' court.

In the preliminary contest, the Manchester Jaycees dropped their second decision in three outings to Windham, 69-57. Billy Wilson led the locals with 12 points.

### Rayborn Killed

AUCKLAND, New Zealand (UPI) - American Cal Rayborn, holder of the World Motorcycle Land Speed record of 266 miles per hour, died in a 120-mile-an-hour crash at an international meet near here Saturday, the Auckland Sun newspaper reported.

Rayborn, the United States motorcycle champion, was in New Zealand for the Marlboro International Motorcycle series and the Tasman International Motorcycling series.

He had other holiday tournaments to be decided tonight, including the Brain classic at Los Angeles where top-ranked UNLA faces Michigan, the Milwaukee classic where six-time winner Marquette faces Wisconsin, the All College Tourney at Oklahoma City where 10th-ranked Southern California opposes Oral Roberts, the Lobo classic at Albuquerque where

Poland, Ore.

Alabama won a tournament title Friday night, tripping North Carolina 65-52, in the finals of the Louisville Holiday while third-ranked North Carolina thrashed Biscayne, 112-72, in non-tournament action.

Just around the corner on Bourbon Street at Fritzel's Crismon Tide Inn, Alabama fans with crimson hats and buttons reading "Alabama '73" drank their red beer.

New Orleans' French Quarter was getting ready for the Sugar Bowl game matching top-ranked Alabama against fourth-ranked Notre Dame.

The Sugar Bowl is the only past season classic matching two undefeated teams and Notre Dame Coach Ara Parseghian realizes the game's importance.

Parseghian's team arrived in New Orleans Friday and shortly before they worked out for the first time in Tulane Stadium he said he wanted to eliminate any holiday atmosphere surrounding the Sugar Bowl game.

"We're treating this like the 11th game of the season," said Parseghian.

He said that sometimes there has been "too much of a holiday atmosphere" surrounding the bowl games and this was one of the reasons he had wanted to get the team to New Orleans four days before the New Year's Eve game to bring his team to Alabama Coach Paul "Bear" Bryant is apparently determined to avoid any distractions.

Bryant's team will play the Sugar Bowl game on Monday night at 8:30 p.m. in the Louisiana Superdome. Although the tide was not in town Friday, a life-sized red elephant made of paper and wire was already standing guard in their hotel lobby.

Atop the elephant sat a teddy bear wearing a burlap hat and a Bryant trademark.

### College Basketball Roundup

NEW YORK (UPI) - All North Carolina State Coach Norm Sloan wants today is for his fifth-ranked Wolfpack to take things a little easier.

"What we need is a couple of good basketball games where we can just relax and play our best," Sloan said Friday night, after the Wolfpack whipped Villanova, 97-81, to move into the championship game of the Sugar Bowl basketball tournament.

North Carolina State will play Memphis State in the championship game. The state to handle the game is being beat by the Tigers made New Orleans, 88-81.

Sloan took no comfort from Memphis State's narrow win over LSU, 90-82, in the semifinals.

"One of the best things you can do in a tournament is win a squeaker in the first game," said Sloan, whose Wolfpack is 5-1, with their only loss coming from top-ranked UCLA. The Bruins won last year's Sugar Bowl event, beating Illinois in the finals.

North Carolina State was paced by Tommy Zurlo and Dave Thompson, who combined for 46 points. Burlington, a 7-foot-4 center, got most of his 30 points on tip-in action, hitting 12 of 25 shots before fouling out with 5:20 remaining.

Cook Leads  
Sophomore guard Bill Cook led Memphis State past LSU-NO with 21 points, including two game-clinching free throws in the last 23 seconds. Cook's free throws came after he was intentionally fouled and gave Memphis State an insurmountable 88-81 lead.

He had other holiday tournaments to be decided tonight, including the Brain classic at Los Angeles where top-ranked UNLA faces Michigan, the Milwaukee classic where six-time winner Marquette faces Wisconsin, the All College Tourney at Oklahoma City where 10th-ranked Southern California opposes Oral Roberts, the Lobo classic at Albuquerque where

### Irish Rooters Toast Heroes

NEW ORLEANS (UPI) - At Molly's Irish Pub, Notre Dame fans toasted their heroes with green beer under the stars of the Louisville Holiday while third-ranked North Carolina thrashed Biscayne, 112-72, in non-tournament action.

Parseghian had nothing but praise for Alabama's offense which averaged 40 yards and 46 points per game.

"They give you a lot of defensive problems with their strategy and execution," said Parseghian. "They execute exceptionally well and remember we have not played against a Whitehouse team since 1972."

But Parseghian's offense has run up some impressive statistics of its own. The Fighting Irish have averaged 480 yards and 35 yards per game.

Defensive back Dick Conn of Georgia jumped on two Maryland fumbles - one stopping a Terps drive on the Georgia 3 and the other setting up Johnson's rushing touchdown.

Carter was named the outstanding offensive player in the game. He rushed for 128 yards and threw for the only Maryland touchdown.

Atlanta (UPI) - Late-blooming Georgia took the big play away from Maryland and resurrected a two-year-old screen pass for its big play to win the Peach Bowl Friday night.

It was a critical fourth-quarter holding penalty which finally stopped rallying Maryland Friday in a 17-16 thriller at Atlanta Stadium.

"Maryland is a big play team," said Georgia coach Vince Dooley. "We felt if we could stop the big play, we could beat them."

Maryland did get one big play - a 68-yard touchdown on a half-back option pass from tailback Louis Carter to tight end Walter White. But three Maryland fumbles and the key holding penalty stymied the Terps and allowed Georgia to notch its fifth victory in its last six games.

### Perfect Game for Ken Thomas

Goal of every 10-pin bowler is to roll a perfect game. This feat was accomplished by a Manchester man last week. Ken Thomas, 23, turned in the perfect 12-strike 300 effort at the Bloomfield Lanes while rolling in a double effort at the 215 average. Thomas compiled a 707 total for his first three games and wound up with the 300 total for a 1,907 figure. For his efforts, Thomas will receive a diamond ring from the American Bowling Congress. Last month the big pinner walked home with first-place money in the New England's at Taunton, Mass. Thomas competes locally in the Silk City Classic at the Holiday Lanes. Penn State has been guaranteed a minimum \$450,000 for its appearance in the Orange Bowl football game New Year's night against LSU. Speaking of dollars and cents, each player on the winning Super Bowl team will receive \$15,000 with the losing squad players each getting half that amount. In Sunday's games, each member of the winning teams will draw checks for \$5,500 with the losing players netting \$3,500 each. Thus, the Super Bowl champs will receive \$23,500, plus approximately \$2,000 for being on the winning side in last week's playoff action. Each player received one-fourth of his annual salary for being on the winning club in the first-round NFL playoffs. The New Haven Jaycees will receive \$10,000 in their promotion of the Connecticut (Basketball) Classic at the New Haven Coliseum last week. It's reported \$30,000 was needed to meet expenses and the Jaycees fell short when only 2,000 showed up each of two nights and 6,000 players were needed to break even. Navy Connecticut quietly quit in the field. Wilt Chamberlain will return to the basketball court one week from tomorrow when he appears with his old teammates, the Harlem Globetrotters in ABC's Wide World of Sports presentation. The ageless Marques Haynes will also featured with Globes.

Following in Dad's Footsteps  
One of the biggest surprises with East Catholic High's all-winning basketball team has been the play of unheralded sophomore, Dan Lusa. He's the son of John Lusa, one of the finest round ball products ever produced at Rockville High. Like his father, Dan Lusa is gifted with natural ability and a pair of ham-sized hands. "Have you noticed that in nine out of 10 cases in basketball the winning team attempts and scores more points from the free throw line than the losers?" Making an exit today from the Herald family after better than 20 years is Chief Photographer Sincia O'Hara. He's accepted a teaching position at Manchester Community College. O'Hara is one of the best photographers in New England and has a knack of producing an excellent print after another. Only the best can be extended to this talented man in his new assignment. For the umpteenth time, O.J. Simpson's initials stand for Oriental James. Mel Siebold, Rec director, reports he would like to add a fulltime addition to his staff to handle activities at the West Side Rec during the day. There is nothing in the immediate future regarding a fulltime director at the Y because the Y uses the facilities daily until late afternoon. Bill Brindamour directs the Rec program at the Y building evenings. "Have you noticed that bowling scores, especially by the duckpinners, are running higher than ever this season?" Boston Red Sox will open their season at Fenway Park on April 9 against Baltimore. General Manager Dick O'Connell has announced ticket prices will jump 50 cents for box and grandstand reserved seats. A total of 45 night games are listed. Once again, no doubleheaders are scheduled at Boston. Frank Maratta's Connecticut Sportsman's Show will be staged Jan. 17-20 at the Hartford Armory. Victor the rassing bear will again be one of the features. "Have a nice weekend."

Other Tournaments  
In other major tournaments, Temple upset Cincinnati, 66-64, and California lifted Penn State, 64-63, in the Quaker City at Philadelphia. St. John's (N.Y.) beat Princeton, 64-51, and Manhattan topped LaSalle in the Holiday Festival at New York. Miami of Ohio defeated Syracuse, 82-74, and Davidson beat Loyola of Chicago, 98-83, in the Big Eight Invitational; Iowa State got by Kansas State, 61-55, at Missouri outlasted Colorado, 80-83, in the Big Eight tourney at Kansas City, Mo.; Furman beat Xavier, 82-70, and Clemson clipped Delaware, 78-52, in the Palmetto at Greenville, S.C.; and Oregon State upset seventh-ranked Indiana, 61-48, and Washington topped Oregon, 83-77, in the Far West classic at Portland, Ore.

Pockett Petitions Still Circulating

Manchester Mayor John Thompson is urging townspersons to sign a petition, still circulating in town, which is asking President Nixon to bring the Federal Bureau of Investigation into the investigation of the July 27 disappearance of seven-year-old Janice Pockett of Tolland. Thompson said Friday he has conferred with local, state, and federal law enforcement officials and was impressed by their continued concern and involvement in the case. His support of bringing the FBI into the case, "does not imply any lack of confidence in local or state police efforts to resolve this heart-breaking matter," Thompson said. "Rather," Thompson explained, "it is an effort to seek possible further assistance from the FBI."

More than 100,000 persons have signed petitions asking the FBI to join the search for the Pockett girl. The FBI has already cooperated by conveying information about the Pockett case to all its offices throughout the country, officials say, but the federal agency can't open a full investigation of the matter unless there is evidence of kidnapping.

Janice was the object last summer of a massive search by authorities and volunteers after she mysteriously disappeared from her home. State police said Friday they are still actively engaged in vigorous investigation of the case, and the State Police detective division has given the case the highest priority. "We're now checking out many leads," a State Police spokesman said, declining to comment further. Mayor Thompson's statement supporting FBI involvement in the case urges people to sign petitions or write a "letter of concern" directly to President Nixon.

Manchester Man Held In Bristol Robbery

Martin Burke, 42, of 46 Conway Rd., was arrested Friday at his residence by Manchester detectives on a Bristol Circuit Court 17 warrant charging him with first-degree robbery and first-degree larceny.

This is in connection with a Nov. 17 holdup at Mott's Shop Rite Supermarket on Farmington Ave., Bristol. Police said that \$10,000 was taken.

Burke was turned over to Bristol detectives and he is now being held in lieu of a \$100,000 bond at the Connecticut Correctional Center in Hartford for arraignment in Bristol Circuit Court Monday, police said.

Police said that warrants are also being sought in the Bristol case for Richard Shoemaker, 34, of Hartford, who is believed to have taken part in a Dec. 23 robbery of the Grand Union in the Manchester Parkade. Shoemaker is now being held at the correctional center in connection with a holdup at the Mott's on Prospect Ave., in West Hartford, also on Dec. 23. Manchester Police Detective Vito Perrone also reported that Fall River, Mass., police have issued warrants for the arrest of Burke on charges of kidnapping and first-degree robbery in connection with a holdup in that city. A warrant for Shoemaker's arrest has also been issued by Bristol County, Mass., Second District Court charging him with armed robbery, apparently in connection with the Fall River case.

## Busy Young Pages Carry Messages on Capitol Hill

One of the page's duties is to deliver the *Congressional Record*. This is a complete daily record of everything that is said in the House and Senate. It is printed and delivered early each morning. These pages are Alex Kimura from Fresno, California, Jack Russ (Chief Page), Elvin Turner from Detroit, Michigan and Gary Hamilton from Pasadena, Texas.

Congressional pages are the young boys and girls who run errands and carry messages for the members of Congress.

Senators appoint the 26 pages for the Senate. Representatives name the 51 pages in the House.

The Senate pages are the youngest. They are from 14 to 16 years old. The House pages must be from 16 to 18 years old.

Some people feel that the pages should be older. There is a bill before Congress that would require all pages to be between 18 and 21 years old. If the bill passes, there would be no need for a special page school. Some congressmen feel that the pages are too young to live away from their families in a big city like Washington. Others believe that younger pages make the best message carriers and "runners" because they take orders better.

### Where Pages Live

Pages come to Washington from all parts of the country. They must be grown-up enough to be "on their own" because most of them live in boarding houses or have their own apartments near Capitol Hill.

### The Page School

Pages go to a special page school that is in the Library of Congress on Capitol Hill. Classes start at 6:15 A.M. and last until 9:45 in the morning. If Congress meets earlier than usual, the classes are shorter. Some can be as short as five minutes.

### Salary

Senate pages are paid \$8,550 a year. House pages are paid \$7,800 a year. They can be appointed for periods as short as two months.

### What to Wear?

Male pages must wear a navy blue suit, white shirt, black tie, black socks and shoes. Female pages wear a navy blue pants suit, long sleeved white blouse and black shoes.

A Capitol Hill policeman chats with House Doorkeeper William "Fishbait" Miller and page Jennifer Olney, 17. The Doorkeeper of the House supervises 330 employees, including the pages.

#### ANSWER BOX

Senator Mansfield pauses on the Capitol steps with a group of young visitors.

### Meet Senator Mansfield

Senator Mike Mansfield is a Democrat from Montana. At the age of 14, he joined the Navy and served in World War I. He later graduated from college and became a history professor. He has served in Congress since 1942 and has been the Senate majority leader since 1961. It is his job to see that the business of the Senate runs smoothly.

Senator Mansfield feels that the lessons of Watergate will be important ones, not only for the members of Congress, but also for people all over the country, regardless of their age.

He feels that people will now take more interest in politics and politicians, learn more about them and hold them accountable for what they do.

The Mini Page asked Senator Mansfield what advice he would give young people who are interested in politics:

"Face life positively, with faith in yourself and in your fellow Americans.

Strive always for knowledge, so you can better understand the world and the people around you.

Remain young at heart and alive to the forces of change in the world.

Be tolerant of others and respect their right to hold views which may be different from your own.

Do not lose your sense of humor."

### People: Hello, Fishbait Miller

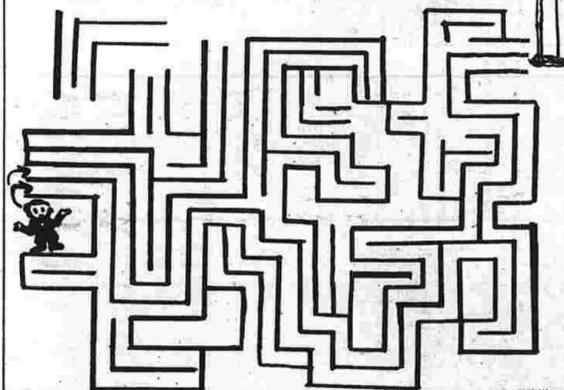

For 26 years, "Fishbait" Miller has been the Doorkeeper for the House of Representatives. He is well known on Capitol Hill. He has many housekeeping jobs. He supervises the over 330 employees of the House, including the doormen, pages, barbers, janitors and snack-bar workers. He shows important Capitol Hill visitors through the Capitol. "Fishbait," whose real name is William, is from Mississippi. He has a very heavy southern accent.

Nate Archibald is a little man who plays a giant's role in professional basketball. "Tiny," who is six-foot tall and weighs 153 pounds, led the NBA in scoring (34-points per game) and assists (11.4 per game) last season. Archibald, quick as a cobra, plays for the Kansas City-Omaha, Kings. He wears jersey No. 10. During the season, "Tiny" lives with his wife and four children in Kansas City. During the summer, he returns to the south Bronx in New York City, where he spent his childhood days with his six brothers and sisters. "Tiny" plays basketball with the kids in the Bronx and tries to keep them from getting into trouble.

### Your Congressmen

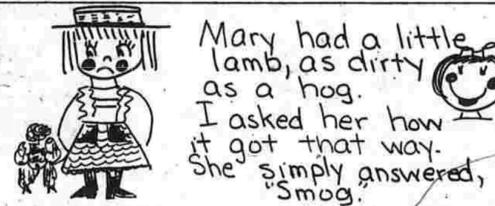

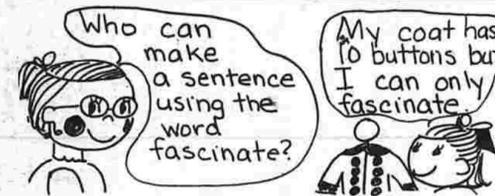

Although you aren't old enough to vote, your Congressmen are very interested in you. You are represented by the two Senators from your state. Your state is divided into districts and the Representative from the district where you live also represents you in the House.

## Animal of the Week:

### The Lobster

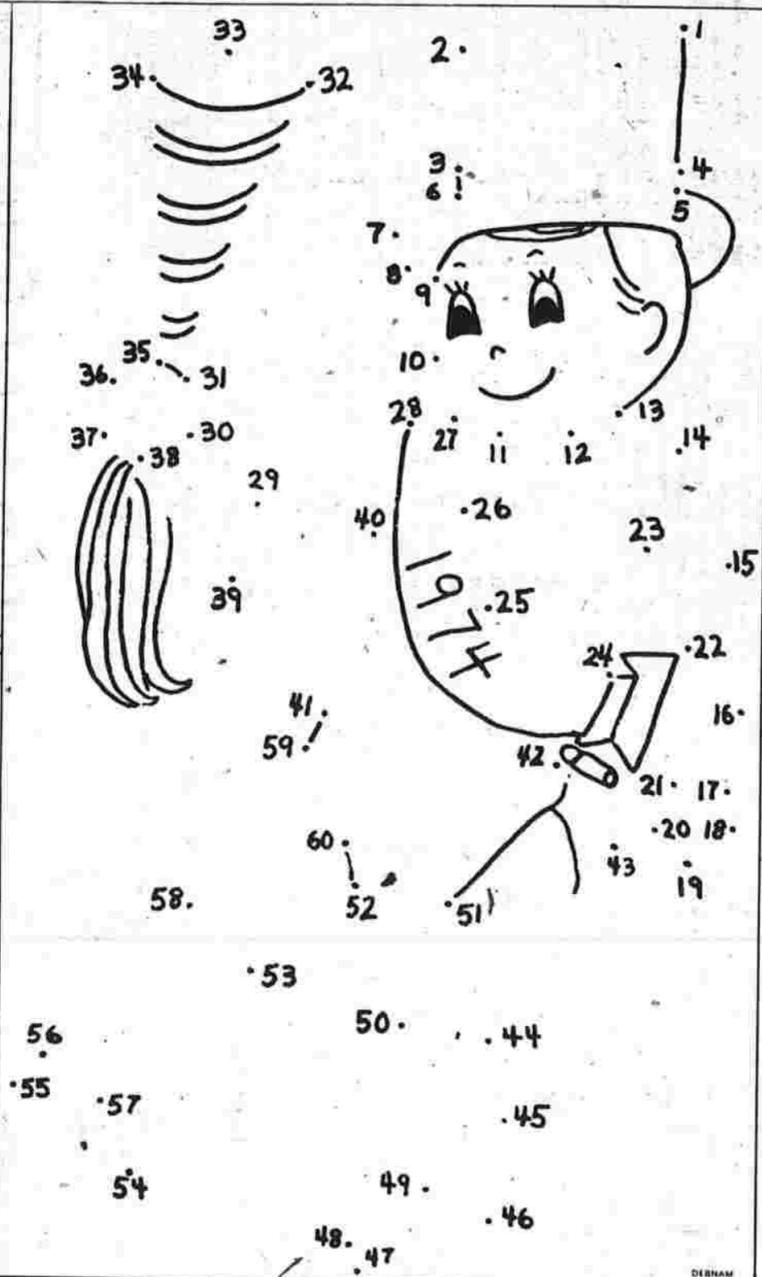

The lobster could be called the "Janitor of the Sea". Since it eats dead animals and plants, it helps keep our oceans clean. A lobster has five pairs of legs. It is closely related to insects and is sometimes called a "bug". When a lobster is born, it doesn't look much like the adult it will grow up to be. It floats around in the water for about seven months, changing its form all the time. Then it drops to the bottom of the ocean, looking like a small adult. A lobster does not grow more than about two inches a year.

HAPPY NEW YEAR

Hang your calendar in your room so you can keep up with the date! Why not mark off friends' birthdays?

## Try 'N Find: New Year's Eve

New Year's Eve words are hidden in this block of letters. They run across and down. See how many you can find.

## New Year's Customs

In Australia, it's good luck to meet a chimney sweep on New Year's Day.

In Brazil, it's good luck to serve lentil soup.

In Scotland, it's good luck if a dark-haired man is the first to step into your house on New Year's Day.

Some Irish believe it's best to stay indoors on New Year's Eve, since there are fairies running about.

The Chinese believe it's bad luck if old dust is in the house, so they sweep very carefully.
