

# Wording Holds Up Vote On Lookout Mt. Deeds

By SOL R. COHEN

Pending a determination of whether the words "locked gate" and "chain" are similar and interchangeable, the Manchester Board of Directors Tuesday night tabled the acceptance of two deeds for access to the town's Lookout Mt. water tower.

One deed is from Andrew Ansd, for a 144-x-50-foot strip from Lookout Mt. Dr. The other is from Wells C. Dennison, Robert C. Dennison and Dorothy Case Beach for a 243-x-50-foot strip connecting to the Ansd strip. Both deeds would supercede oral agreements for town access to the water tower.

Because the deed from Ansd said requires the town to erect a locked gate — to prevent

public access to the area — and because it was the town's understanding only a chain would be required, the board asked for clarification before it accepts both deeds. Subsequent action may come at the board's April 2 meeting.

Also for legal reasons, the board tabled a proposal for utilizing about \$5,500 in unused funds from the Purnell Pl. improvement project.

The proposal was for improving an existing walkway from Main St. to Purnell Pl. and for creating a landscaped parklet on the parking lot at Main and Forest Sts.

The tabling action was because the town and various persons and business establishments are parties to a

claim filed for an alleged injury on the walkway and because clear ownership to the walkway must be established.

Also tabled, pending a detailed explanation, was authorization for the town treasurer to transfer cemetery trust funds from the Connecticut Bank and Trust Co. to the United Bank and Trust Co. The transfer would provide better service, is the explanation given the board.

An item that has been tabled from month to month was the swap of sanitary sewer facilities with the Town of South Windsor — in conjunction with a planned industrial-commercial development in the two towns. Although the Manchester Planning and Zoning Commission already has approved zone changes, the South Windsor agency still must act.

The board tabled the appointment of two members to the Redevelopment Agency and one to the Human Relations Commission, to fill vacancies, but it did appoint one member to the Human Relations Commission — Mrs. Naomi Peck of 12B Esquire Dr. She succeeds Mrs. Beverly Malone, who resigned because she was elected to the school board. Both are Republicans.

Visitors are welcome.

# Civil Servants Describe Jobs

By JUNE TOMPKINS

Representatives of civil servants told ninth grade students Wednesday at Tilling and Bennett Junior High Schools about their respective jobs as part of a series of career education programs being presented this year in both schools.

Speaking to the groups were James Byer of personnel services for the city of Hartford; Mrs. Elsie Jenkins and Gordon Dean, librarians at Mary Cheney Library; Robert Bychowski and Graham MacDonald, members of the Town Fire Department; and John Monast, letter carrier for the Manchester Post Office.

Probably the most attractive job description, moneywise, was that of a U.S. postal employee — the starting wage is \$4.65 an hour. Monast told the group he had formerly worked as a machinist and tool maker, but was dissatisfied with the monotonous day-to-day indoor routine where he was "nothing but a clock number."

Elder Hanks is a youth leader who served as a member of President Eisenhower's Youth Fitness Committee. In recent years, he has toured overseas military installations where Mormons are stationed.

The visiting church authority will speak on the conference theme of "Latter-day Saint Home Ideals." Special emphasis will be given to the role of husbands and wives in the church.

Beneficial carriers, mail

sorters and window work, there is also a need for electrician, technicians, automotive mechanics, and "all types of personnel to run the postal service," he said.

A postal employee is required to take a Civil Service examination. Monast said a veteran gets preference, particularly a disabled veteran.

Mrs. Jenkins spoke of advantages and disadvantages to jobs in the library field. One can work in a library as a clerk with no more than a high school diploma for requirement, she said. But for a full-time librarian, the need is growing toward a master's degree.

Being a fireman is not just fighting fires, Bychowski informed the group. Most of the time is spent in training and maintenance, he said. An applicant must be 21 years old and only a high school diploma is required, he said. However, he thinks the time is coming when a two-year associate degree will be required.

A knowledge of math is important, he said, in having to figure how many gallons of hose, relationship of water pressure and volume, and other

factors. An applicant must take several tests, and when accepted, a fireman attends a training school at New Haven. The career stimulates are arranged to assist ninth grade students in choosing a high school curriculum to help them in a career of their choice. Speakers are selected by the Greater Manchester Chamber of Commerce.

Senators Split

WASHINGTON (UPI) — Connecticut's two senators were split in a Senate vote over whether capital punishment should be legalized and the death penalty made mandatory for certain federal crimes. Sen. Abraham A. Ribicoff, D-Conn., voted with the majority on the 54-33 Senate vote in favor of capital punishment. However, Sen. Lowell P. Weicker, R-Conn., voted against the bill. Neither was active in the two-day Senate debate on the issue.

# Appropriations Okayed

In accordance with a referendum approved last November by Manchester voters, the Board of Directors Tuesday night approved borrowing a sum not to exceed \$5.5 million — for renovations and additions to Tilling and Bennett Junior High Schools.

Of the \$5.5 million, \$2,881,000 is pinpointed for Tilling and \$2,619,000 for Bennett. The architects are Lawrence Associates for Tilling and Richard Manley for Bennett — both of Manchester.

In other business Tuesday, the board:

- Approved a federal contract with the City of Hartford, making it the prime sponsor for the Comprehensive Tuesday Program for the Hartford labor-market area and the Capitol Region. Manchester would be eligible for funds.
- Approved early retirement for the City of Hartford, with the last to be allocated in April 1, 1974. She has been a town employee since August 1962.
- Approved a \$3,000 claim settlement for David E. Tabor for the City of Hartford, stemming from a September 1970 accident on Oak Grove St.
- Designated the Manchester Housing Authority the Manchester Housing Site Development Agency, as required by state statutes when a municipality is allocated funds for constructing housing for the elderly.
- Approved \$5,500 from the Capital Improvement Reserve Fund for the town's cost share of a traffic light at Parker, Tolland and Tpk. (Rt. 83), and \$2,100 for a traffic light at Center St. (Rt. 6) and Falckor Dr.
- Approved \$11,000 from the Capital Improvement Reserve Fund for improvements to Robertson Park — a parklet for senior citizens, planting and improvements to the Little League Field, two shuffleboard courts, two horseshoe pits, and one or two bocce courts.
- Approved transfers totaling \$84,740 from three General Fund accounts to 12 others.

Phyllis Jackson Endorses Grasso

Mrs. Phyllis Jackson, secretary of the Manchester Board of Directors, announced today she is backing Congressman Ellis Grasso for the Democratic nomination for governor.

She is the second top Manchester official to endorse Mrs. Grasso. The other is Town Treasurer Roger Negro, who announced last week.

Mrs. Grasso is one of four candidates for the nomination. The others are State Atty. Gen. Robert Killian, former UConn president Homer Babidge and former Norwalk Mayor Frank Zilli.

Mrs. Jackson said of Mrs. Grasso, "She has devoted 20 years of her life to the service of the people of Connecticut. She has clearly demonstrated her appeal to the voters, by receiving more votes than any other candidate for state office in 1962 and 1966.

She is responsible for shaping legislation which has benefited people in all walks of life. She is open and responsive to people and will make people a part of government if she is elected governor. She will restore confidence in the executive branch of government — so sorely needed today.

"Her entire public life has been one of service to the people and she will continue to fulfill this commitment — of that I'm certain."

# Stake Speaker

Elder Marion D. Hanks, an assistant to the Council of Twelve of The Church of Jesus Christ of Latter-day Saints, will speak at the Hartford Stake Conference Sunday at 10 a.m. at the Manchester Ward Chapel on Woodside St.

Visitors are welcome.

# End of Embargo Won't Cause Radical Changes

By JAMES R. KING

United Press International

If the Arab oil embargo is lifted Sunday for a two-month trial period — as Americans probably will find gasoline more plentiful, prices may stop going up, and some restrictions on gasoline supplies will be lifted.

Even the New York Stock Exchange will be greatly affected by the Arab nations' resumption of shipments of oil to America, according to the exchange chairman.

What a lifting of the embargo would mean — and sources in the Middle East expect it might be lifted Sunday for a two-month trial period — as Americans probably will find gasoline more plentiful, prices may stop going up, and some restrictions on gasoline supplies will be lifted.

Even the New York Stock Exchange will be greatly affected by the Arab nations' resumption of shipments of oil to America, according to the exchange chairman.

His deputy, John C. Sawhill, said the price of gasoline should stabilize at current prices when the embargo ends.

Simon said although the gap between supply and demand might narrow if the embargo is lifted, "Let us not be fooled or lulled into complacency, that we can go back to business as usual. We cannot."

James J. Needham, chairman of the New York Stock Exchange, which has seen a sales boom after struggling through a winter that has seen more than 100,000 auto industry workers lose their jobs.

"It's the news we've been waiting for," said General Motors Chairman Richard C. Gerstner.

Simon's statement and why

difference on the stock market is very solid these days.

But automotive executives in Detroit hoping an end of the Arab oil embargo will spark a sales boom after struggling through a winter that has seen more than 100,000 auto industry workers lose their jobs.

"It's the news we've been waiting for," said General Motors Chairman Richard C. Gerstner.

Simon's statement and why

resumption of Arab oil sales to the United States would mean a significant increase in federal fuel allocations.

"Even though new Arab oil may not reach the United States for a number of weeks, I have every reason to believe the Federal Energy Office will immediately release existing stocks to break the back of the existing crisis and end all gas lines," Schweiker said in a statement.

He said a "reliable source" had told him a White House announcement is expected shortly.

Children at Buckley School were treated to art lectures all day Thursday at the school. Mrs. Pahovic, had used one brush for several years for all her oriental art work. The hairs are plucked individually from live goats by Chinese children, she said. Mrs. Pahovic lives in Tolland and teaches art in adult education classes there. (Herald photo by Pinto)

**Demonstrates Oriental Art Technique**

In eight strokes, Mrs. Jeanne Pahovic demonstrates the art of making a Chinese drum, using the ancient Chinese brush stroke technique. The hairs are plucked individually from live goats by Chinese children, she said. Mrs. Pahovic lives in Tolland and teaches art in adult education classes there. (Herald photo by Pinto)

# Jackson Alleges Oil Profiteering Through Loophole

WASHINGTON (UPI) — Sen. Henry M. Jackson charged today that major oil firms were using a gimmick to double the price of domestic crude and that their next profit reports would be "astronomical" compared with 1973.

"It's a trick," the Washington senator, who has been tangleing with the administration on fuel policy, said in an interview with UPI, "a loophole in the regulations."

Jackson predicted that partly because of the loophole there would be a shortage of vital equipment to develop new domestic sources of crude.

However, a top Federal Energy Office official, Charles R. Owens, deputy administrator for policy, planning and regulations, denied that the industry could enter itself through any such loophole in the regulations.

"There may be one or two cases," he said in reply to inquiries from UPI. "That would be the maximum. I doubt even that."

Jackson said the loophole consisted of setting up new wells at established oil fields to get around price regulations. The price of oil from old wells is controlled at \$5.25 a barrel. The price of oil from new wells is not regulated and has increased to more than \$10 a barrel.

"They can get a doubling almost of their price by simply setting up a new rig, a new drilling rig, and draw the oil from the pool that they're already drawing it from, and that is new oil," Jackson said. "And that oil, instead of being \$5.25 a barrel, it's \$10.35 a barrel. Now that is what I call a drilling loophole."

When the first quarter profits came out for this year from the oil companies," he said, "they are going to be astronomical compared with the astronomical increases of 1973."

Sitting in his office, shirtless, and ignorant over President Nixon's recent veto of an emergency energy bill because of a proposed rollback, the senator continued:

"It's a fact. They have not opened new fields. They're just drawing the oil out faster from the reserves. Now, clearly the objective should be to open up new reserves, new exploration, new development. This is what we want."

Jackson said the loophole is the "key" to why prices have gone up without a companion increase in new sources of domestic oil.

"Our investigation shows that the major companies have matched up the oil rigs and the tubular steel," Jackson said.

# Airplane Fire Fatal to 37

TEHRAN (UPI) — A Danish charter airliner carrying 96 persons burst into flames during its takeoff run at Mehrabans Airport today, killing or injuring most of its passengers.

Airport officials said 37 persons were killed and 42 injured, many critically, as flames swept through the twin-engine Caravelle owned by Sterling Airways of Copenhagen.

Passengers and crewmen scrambled from emergency chutes as the flaming plane came to a halt. The plane was reported "completely burned out" by the fire which started in the tail section and quickly spread through the cabin.

Airport officials said they thought the fire might have been touched off by a fault in the Caravelle's hydraulic system.

The airline said the

two of them were 38 Swedes, four West Germans, two Norwegians and a Frenchman.

Anders Helstrand, manager of the company, said in Copenhagen that all four of the Caravelle's crew members escaped but that the pilot, Capt. L.K. Joergensen, was one of the injured. He said he did not know the cause of the fire.

# In Executive Session Directors Evaluate Weiss' Performance

By SOL R. COHEN

Following what they called a three-hour, "no-holds-barred" meeting Thursday night with Town Manager Robert Weiss, the seven Manchester town directors who attended the closed session drafted a unanimous statement — expressing confidence that accomplishments were made, and stating that another evaluation of the manager's performance will be made in three months.

The statement, printed in this issue of the Herald in its entirety, was drafted and approved by Democrats John Thompson, Pascal Prignano, Phyllis Jackson, John Tani, Robert Price and Mayor Ferguson.

Republicans Hillary Gallagher and Carl Zinno boycotted the executive session because, as they said in a statement Thursday, "We feel we're the representatives of the public, we're doing the public's business, and there's no reason it should be excluded from the meeting."

Gallagher and Zinno cast the "nay" votes Tuesday night when the directors voted 7 to 2 to make the meeting an executive session — closed to the public and press.

Minutes of Thursday night's session were taken by Mrs. Jackson and Mrs. Ferguson. They will be typed and will be placed on file in the town clerk's office for public inspection — sometime next week.

Thursday night's review of

Weiss' performance stemmed from the procedure the town followed in early January in acquiring a 110-acre Lake parcel from Robert C. and Weiss C. Dennison. There was no question about the acquisition. It had been approved by the voters in a 1973 townwide referendum — for sanitary land use.

What was questioned was why payment was made to the town's at least a week before the deed was signed and the transfer consummated.

Weiss, at a January board meeting, took full blame for the procedure. The board censured him publicly then.

"The major criticism of Weiss, in an evaluation that they said covered all phases of his work, including strength and weaknesses, was his 'lack of credibility' with 'lack of leadership' with department heads and other personnel."

The directors listed his major strengths as — loyalty to employees, good organizational ability, ability to work long hours, and availability of information and in-depth knowledge at all times.

Weiss, in an eight-page, single-spaced report, listed the accomplishments of town departments and town goals for the future.

Expressing concern that "in this era of Watergate backlash every possible step be taken by the town to guarantee to the voters that the public business is handled properly and efficiently," he recommended the appointment of a so-called Blue Ribbon Committee, to study our organization and procedures.

He concluded, "The exciting thing about local government is the fact that it is close to the people it serves. I feel we can do the job (the Blue Ribbon Committee) with available local talent. I think the high degree of interest that our organizational ability; ability to work long hours; information seems to be available at all times and is able to answer any question put forth, due to in-depth knowledge.

"The accomplishments which have been achieved over a several-year period were discussed in depth. Another evaluation will be held in three months, as the manager has been made aware."

special meeting, apart from that required by the town charter in November of even-numbered years.

"All those attending reported the meeting to be one of the best we have ever attended. It was a meeting in which no holds were barred. Both the manager and the directors felt it to be productive and expressed confidence that accomplishments would result."

"A complete performance evaluation of the manager's performance covered all phases of his work, including both strengths and weaknesses."

"Lack of credibility was the major criticism. The directors felt that the manager supplied poor information on occasion."

"The first quarter profits came out for this year from the oil companies," he said, "they are going to be astronomical compared with the astronomical increases of 1973."

Sitting in his office, shirtless, and ignorant over President Nixon's recent veto of an emergency energy bill because of a proposed rollback, the senator continued:

"It's a fact. They have not opened new fields. They're just drawing the oil out faster from the reserves. Now, clearly the objective should be to open up new reserves, new exploration, new development. This is what we want."

Jackson said the loophole is the "key" to why prices have gone up without a companion increase in new sources of domestic oil.

"Our investigation shows that the major companies have matched up the oil rigs and the tubular steel," Jackson said.

WASHINGTON (UPI) — House Judiciary Committee chairman Peter W. Rodino Jr., D-N.J., Thursday said the White House has not yet responded to the impeachment committee's request for 42 tapes.

In other Watergate developments, Jake Jacobsen, who was indicted in the investigation of 1971 milk price supports, was arraigned on a charge of lying to the Watergate grand jury. His indictment was the first in the investigation of whether the administration increased price supports in exchange for producers' promises of \$2 million for President Nixon's re-election campaign.

The President was to meet reporters at a Chicago news conference to clarify statements about his money paid to Watergate defendants.

Vice President Gerald R. Ford said he knew of "no bombshells, so to speak, that might come out that would cause Nixon to resign."

Simon Front Runner

WASHINGTON (UPI) — Treasury Secretary George P. Shultz will leave the administration in May, the White House said Thursday. Shultz, 53, is the only member of Nixon's original cabinet still in office.

No successor was named, but energy chief William E. Simon, a former Wall Street investment banker, is considered a frontrunner for the post.

Shultz's responsibilities include the budget, international monetary affairs, foreign trade and wage-price controls, giving him power matched only by Secretary of State Henry A. Kissinger.

News Capsules

WASHINGTON (UPI) — Israel and Syria reported increased tensions along the Golan Heights truce lines after three days of artillery clashes and charges the Damascus government "inspired" the slaying of four Jewish women in Syria.

Israeli Foreign Minister Abba Eban and Secretary of State Henry A. Kissinger called a meeting in Washington to get indirect troop separation talks with Syria under way.

The Damascus government said the four suspects in the killings would receive "their just punishment" but an Israeli newspaper that after reflects the government position said the killings "indicate the measure of Syria's hostility and hatred for Israel and for Jews in general."

The President was to meet reporters at a Chicago news conference to clarify statements about his money paid to Watergate defendants.

Vice President Gerald R. Ford said he knew of "no bombshells, so to speak, that might come out that would cause Nixon to resign."

DOT Unveils Plan For Mass Transit

HARTFORD (UPI) — The state Department of Transportation has unveiled a \$140.7 million mass transit program to be funded by a \$100 million bond issue in the governor's budget and federal grants.

Under the four-year plan outlined Thursday by Commissioner Joseph B. Burns, bus terminals, busways, bus and planning.

Busways are routes to be used only by express buses. In some cases the busways would follow railroad rights of way.

A total of 685 urban buses is contemplated for the entire state.

Over \$53 million is earmarked for rehabilitation of track roads, parking areas, and acquisition of abandoned railroad rights-of-way. Some of the track roadways are located in Enfield, Hartford, New Haven, Stamford, Groton and New London.

In a related matter, Burns officially became state Transportation Commissioner Thursday following his confirmation by the House. His nomination does not require Senate approval.

Burns, 57, was executive secretary of the state Commission on Special Revenue when Gov. Thomas J. Meskill appointed him last September to head the state's largest agency.

He succeeded A. Earl Wood, who resigned suddenly last July.

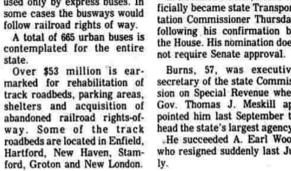

# J.A. Turek Appointed Collector of Revenue

James A. Turek, 33, of 508 Tolland Tpk. has been named Manchester collector of revenue. He will assume the post March 25 at a starting salary of \$12,530 annually.

In announcing the appointment, Town Manager Robert Weiss said Turek (no relation to Ernest Turek, park superintendent, or Dr. Alce Turek, director of health) was the top candidate in a field of 28 applicants — examined for the town by the State Personnel Department.

Turek will fill the position vacated in January by Ernest Machell, who then became zoning enforcement officer. Machell was receiving \$13,640 annually as collector. He receives \$13,657 as zoning officer.

Lawrence Tardiff, administrative accountant and payroll supervisor in the collector's office, has been serving as acting collector of

James A. Turek

# Kissinger To Visit Moscow

CHICAGO (UPI) — Secretary of State Henry A. Kissinger will go to Moscow March 25 for discussions with Soviet leaders in preparation for a later visit by President Nixon, it was announced today.

The announcement, made jointly by a White House spokesman and in Moscow, was distributed to newsmen traveling with Nixon.

It said Kissinger's Moscow talks would include "a review of bilateral relations and international matters of mutual concern" as well as preparations for Nixon's second trip to the Soviet Union since he's been in Moscow, expected some time in June.

WASHINGTON (UPI) — House Judiciary Committee chairman Peter W. Rodino Jr., D-N.J., Thursday said the White House has not yet responded to the impeachment committee's request for 42 tapes.

In other Watergate developments, Jake Jacobsen, who was indicted in the investigation of 1971 milk price supports, was arraigned on a charge of lying to the Watergate grand jury. His indictment was the first in the investigation of whether the administration increased price supports in exchange for producers' promises of \$2 million for President Nixon's re-election campaign.

The President was to meet reporters at a Chicago news conference to clarify statements about his money paid to Watergate defendants.

Vice President Gerald R. Ford said he knew of "no bombshells, so to speak, that might come out that would cause Nixon to resign."

Simon Front Runner

WASHINGTON (UPI) — Treasury Secretary George P. Shultz will leave the administration in May, the White House said Thursday. Shultz, 53, is the only member of Nixon's original cabinet still in office.

No successor was named, but energy chief William E. Simon, a former Wall Street investment banker, is considered a frontrunner for the post.

Shultz's responsibilities include the budget, international monetary affairs, foreign trade and wage-price controls, giving him power matched only by Secretary of State Henry A. Kissinger.

**Here's Schedule For Bookmobile**

Here is next week's schedule for The Thomas Hooker, a Connecticut State Library bookmobile on loan to the Manchester Public Library system:

**MONDAY, MARCH 18**  
 9:30 to 11:10 a.m. — Meadows Convalescent Home.  
 11:20 to 11:50 a.m. — Elro St.  
 1:10 to 2:20 p.m. — Manchester Parade.  
 2:30 to 3 p.m. — Wedgewood and Englewood Rds.  
 3:10 to 3:40 p.m. — Edison and Whitney Rds.  
 3:50 to 4:20 p.m. — Northwood Apartments

**TUESDAY, MARCH 19**  
 11 a.m. to 12:10 p.m. — K-Mart.  
 1:30 to 2 p.m. — Lako St.  
 2:10 to 2:40 p.m. — Lydall and Vernon Sts.  
 2:50 to 3:20 p.m. — Kennedy Rd. and Woodstock Dr.  
 3:30 to 4 p.m. — Carpenter Rd.  
 4:10 to 4:40 p.m. — Ambassador Dr.  
 4:50 to 5:20 p.m. — Cashman and Concord Rds.

**WEDNESDAY, MARCH 20**  
 10:20 to 10:50 a.m. — Scott Dr. and Vernon St.  
 11 to 11:30 a.m. — Charles Apts., E. Middle Tpke.  
 11:40 a.m. to 12:10 p.m. — Gerard and Cone Sts.  
 1:30 to 2 p.m. — Castle and Turnbull Rds.  
 2:10 to 2:40 p.m. — Bolton St. hartland Rd.  
 2:50 to 3:20 p.m. — Woodland Manor Apts.  
 3:30 to 4 p.m. — Lockwood and Coventry Sts.  
 4:10 to 4:40 p.m. — Woodhill and Evergreen Rds.  
 4:50 to 5:20 p.m. — Loomis St. and Griffin Rd.

**THURSDAY, MARCH 21**  
 10:20 to 10:50 a.m. — Leland Dr.  
 11 to 11:30 a.m. to 12:10 p.m. — Nutmeg Dr., Curry Lane.  
 1:30 to 2 p.m. — Arvine Pl.  
 2:10 to 2:40 p.m. — Bruce and Hillcrest Rds.  
 2:50 to 3:20 p.m. — S. Main and Sunset Sts.  
 3:30 to 4 p.m. — Nike Circle.  
 4:10 to 4:40 p.m. — West Side Rec. Cedar St.  
 4:50 to 5:20 p.m. — Parkside Apts., W. Middle Tpke.

**FRIDAY, MARCH 22**  
 1:10 to 2:10 p.m. — Green Lodge Rest Home.  
 2:30 to 3 p.m. — Elberta and Concord Rds.  
 3:10 to 3:40 p.m. — Tudor Lane.  
 3:50 to 4:20 p.m. — Rachel Rd.

**Well-Cast Melodrama Offered by Tri-Town**

By JUNE TOMPKINS

For anyone who thinks it might be a bore to see an old-fashioned melodrama in this day and age (as this reviewer usually does), your attitude can be changed by seeing the Tri-Town Players' well-cast production of "Dirty Work at the Cross Roads, or Tempted, Tried, and True."

It's one of the funniest, lightest, most thoroughly entertaining bits of theatrical fare shown in these parts in a long time. By the end of the performance, the audience is completely involved in the hissing and booing of the villain (prompted by cue cards) and the yearning of the hero.

The cast includes the darling child dressed in matching patchwork calico gown and sun-bonnet, the villainess who is the tarried belle of New Haven, and a French maid who is very ooh-la-la!

Reminiscent of the silent movie days, there is appropriate music provided to accompany the changing moods of the melodrama. (The honky-tonk sound is made by putting thumb tacks on the felt hammers — a trick not recommended for general use.)

Between the acts there is community singing led by the "Gay Ninety" dressed usherettes and members of the choir.

The inevitable end is reached, but not without a big surprise. Despite more than a few line flubs and other rough spots, the play, directed by Lee Hay and staged by a talented production staff, is the perfect antidote for political fevers and national nerves. It is presented tonight and tomorrow at 8:15 p.m. at the Vernon Center Middle School. Tickets are available at the door.

**Antique Items To Be Displayed**

**COVENTRY**

MONICA SHEA  
 Correspondent  
 Tel. 743-9495

The Coventry Historical Society has arranged a display of antique items of glass, metal, wood and clay for main floor landing of the town office building. All of the items are from the private collection of Mr. and Mrs. Robert Boyce.

The other glass items include a miniature chestnut bottle, a large thick Pitkin bottle of asymmetrical shape, and a Pitkin inkwell, similar in shape to the Coventry inkwell, but with a raised diamond point pattern.

Among the metal items on display is a group of six examples of decorated tinware.

Made of tin, these are painted in various colors, predominantly red, green, yellow or gold. Most of the pieces, which include a tall teapot with a goose-neck spout, two oval canisters, a small deed box, a round box and a rectangular coffee tray (so named because of its shape), were first painted in black to serve as a background for the brightest colors.

The oldest wooden pieces on display are a pair of plates, about seven inches in diameter, and an Indian spoon with carved decorations. These date back to about 1700, according to Boyce.

The most ornate of the wooden pieces is an English willow tea caddy, circa 1800. A large cup with handle, a bowl about ten inches long and a paddle for scraping bowls and other uses are made of burr-grained wood.

The remaining wooden pieces include two covered sugar bowls, a painted and carved child's toy stool and a wicker splint basket with cover.

The collection was on view earlier this month and will again be displayed during the last week of the month.

On display now are items connected with Girl Scout Week. These include a photograph of Juliette Gordon Low, who in 1912 held the first meeting of the group that became the Girl Scouts of America, official apparel, publications, and other items representing the GS program of arts, home, and outdoors.

### The 'Power' Factor

A little noted study made for the Senate Watergate Committee takes a tack that has been all but neglected in the proposals that would prevent another such scandal.

Written by Prof. Ralph K. Winter Jr. of the Yale Law School for the American Enterprise Institute for Public Research, the report states the underlying evil which resulted in Watergate was not too much money but excessive governmental power.

Winter wrote, "The furor over private campaign financing is likely to obscure one of the few clear lessons of Watergate — the lesson that unchecked discretion to bestow or give away economic favors permits governmental officials to wield arbitrary power. Only the imposition of controls on the exercise of that power can solve the underlying evil."

He went on to blame the Congress for surrendering too much authority to the President in domestic and foreign affairs and that power is easily translatable into raw political power.

The report states the possibility of direct abuse is always present and likely can be found in every administration. The Congress, obviously, should refrain from further strengthening of the presidency and takes measures to strengthen itself to restore a balance of power.

Money, the report states, is only one influence in elections and "on the balance neither decisive nor harmful."

The study takes the point of view that limiting the amount of individual political contributions could be an unconstitutional infringement upon political activity. Public financing of campaigns from tax revenues would be illegal in that this would require citizens to support political causes they may oppose.

We fear Congress will ignore this report because the underlying evil of increasing presidential power is the outgrowth of the congressional practice of passing the buck.

Congress has, if you wish to casually review recent events, passed the buck on price controls to the Pres-

ident by giving him those ill-fated "standby controls." Thus the President takes the heat for their failure even though he is acting under congressional mandate.

It's equally ill-fated that it imposes a rollback in crude oil prices leaves the presidency on the hot seat and without other laws to make energy-saving proposals more effective.

We could cite several other instances where Congress could have refrained from adding to presidential power but copped out politically.

The amazing thing is that Congress does not seem to realize that people are not being fooled all the time. The recent poll in which the Congress ranked below the presidency in public favor bears this out.

It would appear that Congress will attempt to treat the symptom rather than the disease. It will attempt to control the price of political favors through campaign contribution limitations rather than get at the nub of the evil — the elimination, limitation or imposition of controls over the dispensation of political favors.

The reason is simple. While the limelight is on the massive contributions given to presidential campaigns the fact remains, congressional campaign funds also come from the same sources in lesser amounts.

While it may be a "White House horror" for the executive branch to "smooth the way" for a party contributor before a federal agency, promise ambassadors, etc., few members of Congress can honestly plead innocent to similar, though lesser, interventions or proposals.

We think the report hits the nail on the head.

Limiting contributions would invite circumvention in some form or other as long as the power to bestow favor or influence continues unchecked. Money may be the root of all evil but even more fundamental is the political fact of life that power corrupts and absolute power corrupts absolutely.

### Amtrak Proves Walking's Faster

Yes, Virginia, there is an Amtrak — if you can find it.

The experience of one would-be train traveler in Cleveland may not be typical, since that city is not among those served by the government-run passenger railroad network. But it does suggest that the folks at Amtrak are not exactly going out of their way to woo people back to trains.

Time: 9:00 a.m. Wanting a timetable for lines from Chicago to the West Coast, he first tried to get hold of Amtrak. No soap. Number in telephone book was "not in service." Finally called Penn Central freight department, where someone came up with a Waits (toll-free) number in New York.

Dialled and dialled. Busy signal. Got the operator. She got a line to a recording which said that the call would be

handled "sequentially," which evidently meant something like "all deliberate speed," as they say in the legal profession.

Line went dead.

Dialled again. This time got a recorded announcement that "due to the energy crisis all lines are tied up."

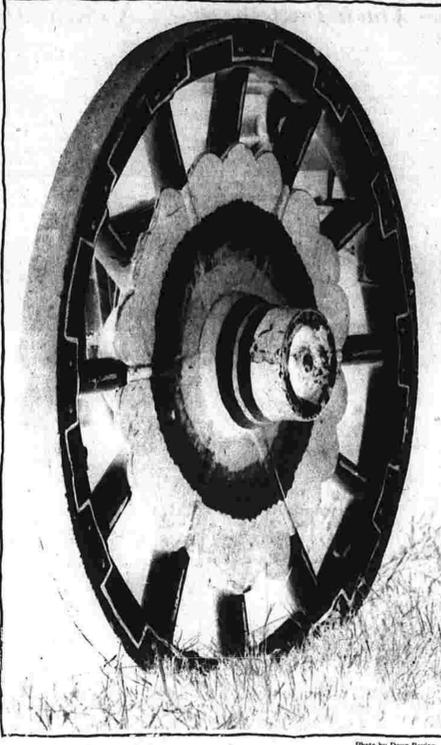

More dialing and waiting. Finally at 12:17 p.m. reached a nice lady who said she would refer the request for a timetable to "special service."

Elapsed time: 3 hours, 17 minutes.

In one more hour, he could have been on the West Coast by plane from Cleveland.

And that's only the beginning, he says. First he's got to get to Chicago before he can even find a train.

Wrong. First he's got to get the timetable, courtesy of the U.S. Postal Service.

WAGON WHEEL IN REVERSE

### Setting Rationing Story Straight

This is not an argument for or against gasoline rationing in the present energy crunch, but merely an attempt to put the idea in better perspective against the record of governmental and public performance in World War II.

President Nixon more than once has said of wartime rationing that it didn't work. Recently Paul Porter, an official involved in the program, said in print that it did, and that criminal and other deviations from decreed practice affected no more than five per cent of supplies.

Combining the histories of the time for domestic economic information is not as fruitful as one might imagine. I was into my sixth book before I found the date when gasoline rationing took nationwide effect: December, 1942, one whole year after Pearl Harbor and our entry into war.

Before that, German U-boat sinkings of American and other tankers heading for eastern ports had forced rationing on the eastern seaboard in May of 1942.

Searching my own memory and that of others who were veterans of the domestic wartime scene, I could not remember anything like the present-day phenomenon of long lines of cars at gas stations. But memories are faintly of course.

In one wartime text, I found a picture of a long line crowded around a Brooklyn gas station where a single pump was in operation. The caption noted that "a line of cars was often seen following tank trucks to the service stations." Admittedly, this was in the hard-hit East.

Generally, the historical judgment seems to support Porter's printed assertion that rationing, when belatedly put into national effect, worked well — not badly as the President proclaims.

But the cheaters and big-league crooks did get into the act. In Brooklyn, authorities turned up one cache of counterfeit gasoline ration stamps sufficient to last four-million people a month.

Life magazine's U.S. history series states, furthermore, that "no single restriction was taken with worse grace, for most people had long since forgotten

how to move about without an automobile." This is a comment, mind you, on a period when we had only a fourth as many vehicles on the road as today, and when public transportation by rail, bus and street car system was far more widespread than now.

The late Robert Sherwood, playwright and later aide to Franklin D. Roosevelt, wrote that Americans were "loudly reluctant to cut down on their normal consumption of red meat and gasoline."

Right now Richard Nixon has few defenders in any field except foreign policy, and even there most of the kudos go to Secretary of State Henry Kissinger. But the record shows that Nixon's reluctance to introduce rationing, often heavily assailed, was well matched by FDR in World War II.

It has to be recalled that, except for the East Coast oil crunch, rationing of gasoline in the big war was seen primarily as a means of dealing with a critical rubber shortage stemming from the Japanese cutoff of U.S. supplies of natural rubber and the almost scandalous slowness with which we created an offsetting synthetic rubber program. Tires were rationed, and were in such short supply they could not be found on the black market.

But FDR, according to such biographers as James MacGregor Burns, had to be driven by the direct necessity to institute rationing. Says Burns: "...the President seemed to fear the popular reaction and cast about for easier solutions." And Burns notes that Nixon's reluctance to introduce rationing, often heavily assailed, was well matched by FDR in World War II.

Oh, for heaven's sake, Ralph, forget it! 'Straking' is for college kids!

### Hush Money Payment Is Political Pressure

WASHINGTON — Here we go again, blast it. Now we have two stories from President Nixon about what his then counsel, John W. Dean 3rd, told him during that famous conference on March 21, 1973.

In a television speech last August 15 on the Watergate mess, Nixon referred to payments made to the men convicted of breaking into the offices of Democratic National Committee. Speaking of the March 21, 1973, meeting with Dean, Nixon said:

"I was told that funds had been raised for payments to the defendants, with the knowledge and approval of persons both on the White House staff and at the reelection committee. But I was only told that the money had been used for attorneys' fees and family support, not that it had been paid to procure silence from the recipients."

At his press conference last week, however, Nixon said Dean on March 21, 1973, "told me that payments had been made to defendants for the purpose of keeping them quiet, not simply for their defense." He added that giving such hush money "would have been an obstruction of justice."

The President was right on that obstruction of justice bit. The misprision of a felony statute of the Federal Criminal Code says that "whoever having knowledge of the actual commission of a felony soon as possible make known the same to some judge or other person in civil or military authority under the United States, shall be fined not more than \$500 or imprisoned not more than three years or both."

That's fairly plain English. Yet — so far as it is known — Nixon did not at once, or even at his brief leisure, advise a judge or any other authority of what, according to his press conference story, was concealment of a felony.

Instead, again according to his press conference story last week, Nixon after the March 21 meeting merely ordered key aides to meet with Dean "to get the best way to get the whole story out?" The "best way" to get the whole story out? The criminal trial.

Considering the situation, I am further nagged by the memory that Judge Matt Byrne threw out the Danny Boy Ellberg case in Los Angeles because the government had concealed evidence and thus, in effect, was guilty of obstruction of justice. Maybe some judge should overturn the conviction of those Watergate burglars. Unless the law was changed when I was having a quick one at Duke's, payment of hush money by the White House conspiracy out? The "best way" to get the whole story out? The criminal trial.

### The Lighter Side

#### To Streak, Or Not To Streak

By DICK WEST

WASHINGTON (UPI) — Psychiatrists, psychologists, sociologists and anthropologists have analyzed streaking with little or no success.

So now let us see what an impartial hard noser of it. Specifically, let's interview that famed author on kinetic comedy, William Shakespeare.

Q. Mr. Shakespeare, how do you feel about streaking?

A. "Ye gods, it doth amaze me. 'Twas strange, 'twas passing strange, 'twas nothing left remarkable beneath the visiting moon. And men have lost their reason."

Q. You apparently regard it as something more serious than a college prank.

A. "There is something in this more than natural. In the gross and scope of my opinion, this bodiest some strange eruption in our state."

Q. It is reported that students prepare for streaking by smoking marijuana. Is that true?

A. "A little pot and soon hot."

Q. Why has streaking become so popular?

A. "New customs, though they be never so ridiculous, may, let 'em be unmanly, yet are follow'd."

Q. I understand you have attended a couple of streak-ins. What were they like?

A. "Mightful com shows. I would not have given it for a wilderness of monkeys. O brave new world that has such people in't!"

Q. Were the streakers completely nude?

A. "Like a naked new-born babe. Like a puff'd and reckless libertine. There's but a shirt and a half in all my company. O shame! where is thy blush?"

Q. Most streaking is done by male students around girls' dormitories. How do the girls react?

A. "Clean starved for a look."

Q. Sometimes the girls join in. What happens then?

A. "It adds a precious seeing to the eye. A woman is a dish for the gods."

Q. Wow! The coeds you saw must have been real beauties.

A. "I have seen better faces in my time."

Q. Do you mean to say you were looking at their faces?

A. "Let me take you a button-hole lower."

Q. What advice would you give to streakers?

A. "Make haste; the better before. Not stepping o'er the bounds of modesty. Have more than thou showest."

Q. And what advice would you give spectators?

A. "Let every eye negotiate for itself."

Q. Would you consider streaking yourself?

A. "My dismal scene I needs must act alone."

Q. How should college authorities deal with streakers?

A. "Hang a calf's-skin on those recent limbs."

Q. Thank you, Mr. Shakespeare.

### Herald Yesterdays

**25 Years Ago**  
 First state meeting of DAR in 28 years takes place in Manchester with over 500 in attendance.  
 John Maloney is chosen commander of Anderson-Shea Post, VFW.

**10 Years Ago**  
 This was a Sunday; The Herald did not publish.

For one who is interested and attentive to wild life, there are many surprises.

One day a fellow came up Main St. with a half dozen or so gray squirrels and one that was coal black. That mutation is even more rare than the albinos. Someone who knows more about such things may be able to explain how and why such things occur.

Once a fellow was coming along a woods road with an ax and two racoon. Not seeing any gun or blood, O.C. asked if he had trapped them.

"Nope, just hit them with the ax."

"Yeah. What's the rest of it?"

"Well, I saw a lot of con tracks going to and from an old dead and hollow stump. So I just chopped 'em out and gave 'em a tunk on the head."

"I think I just saw that one move a little bit."

"Very likely, I didn't want to damage the pelt or get any blood on it but I'll give him another whack!"

Speaking of black things. There was a time, we've been told, when black walnut trees were quite numerous in Connecticut woods, but have about been exterminated from open door-yards are not best for lumber trees.

Long ago O.C. knew a farmer who had a beauty for lumber. Although it was of very large diameter, it was so gnarled and looked it over and went looking for the farmer. This is how it went:

"I noticed that old log out there. Whacha goin' to do with it?"

"Wal, thought I'd take it over to a mill 'n get it sawed into some lumber."

"Want to sell it right where it lies?"

"Not anxious but —"

"I'll give you eight dollars."

He wrote the check and came back in a couple days with another man. The farmer saw them examine the log and exchange a check. After a few days the new owner returned with still another man, who wrote another check. Then a rig came and took the log away.

The farmer told O.C. that he heard the last check was for two hundred dollars.

If anyone would like to try planting black walnuts for the benefit of future generations, it might help to know about O.C.'s experience.

One year O.C. and his daughter planted more than a bushel of black walnuts in the yard.

### Town Unit in St. Pat's Parade

State Comptroller Nathan Agostinelli and Mayor John Thompson will be among the dignitaries in the Manchester Day Parade Saturday at 11 a.m. in Hartford.

The event is sponsored by the United Irish Societies of Greater Hartford. P. J. Tierney of Manchester is serving as general chairman.

Others from Manchester participating are State Sen. David Odegar; State Rep. Francis Mahoney; David Barry, former town counsel; and Mrs. Phyllis Jackson and Hillary Gallagher of the Manchester Board of Directors.

Units representing Manchester are the VFW Post Honor Guard, Army & Navy Forestry Department at Connecticut Agricultural College (now UConn) had a fine plantation of black walnuts about eight feet tall so O.C. asked him the secret.

Make a bed with hardware cloth around it under ground. Spread a layer of nuts. Cover with a couple inches of soil and then spread another layer and cover. Continue the alternate layers to use up all the nuts. Cover all with several inches of soil and protect from rodents on all sides and top.

Check about once a month for sprouting. When the nuts sprout they turn rancid and are no longer attractive for rodents and can be planted.

But that's not all. After O.C. had some fine seedlings coming along, something else came along and ate them off. So one must also protect the young trees with guards or repulsive spray.

If your trees get trunks an inch or two in diameter they are about right for the velvet job of soil and protect from rodents on all sides and top.

Rev. Eugene J. Charman  
 St. James R.C. Church

### About Town

The catered buffet dinner for the Pratt and Whitney Aircraft Retirees Group originally scheduled last December but canceled will be Wednesday at noon at the Aircraft Club House, 200 Clement Rd., East Hartford. The Sunshine Entertainers will be guests on the program. The business meeting will precede the dinner at 10 a.m. There will be an old song fest after the meeting.

**Open 6 Days Open Thurs. 'til 9**

J. GARMAN, CLOTHIER has just received a colorful assortment of golf or leisure time SLACKS for men.

In checks, plaids, and lively colored solids, these slacks are made in the correct weight fabric for the coming season...

917 MAIN STREET—MANCHESTER

NEW YORK (UPI) — American Express Co. has agreed in principle to buy ITT Corp.'s 52 per cent interest in Avis, the car rental firm, and to offer to buy the minority stock. The total price would be about \$150 million.

ITT must divest itself of Avis as part of the terms of the settlement of the antitrust suit growing out of ITT's purchase of Hartford Insurance Co. An American Express said it intends to pay the same price, \$25 a share, to both ITT and the minority holders and if the deal goes through, Avis will be merged into an American Express subsidiary.

25th Anniversary

We've Named The Baby

Kucieniski, Naomi Louise, daughter of Frank T. and Lestina Berry Kucieniski of 380 Hartford Rd. She was born March 5 at Manchester Memorial Hospital. Her maternal grandparents are Mrs. John E. Orr Sr. of Fitchville, she has a brother, Frank Toofil, 4 1/2; and a sister, Lestina Mary Ann, 2 1/2.

Faucher, Jason Richard, son of Richard J. and Suzanne Beaulieu Faucher of 87 Tudor Lane. He was born March 6 at Manchester Memorial Hospital. His maternal grandparents are Mr. and Mrs. Ned Beaulieu of Lewiston, Maine. His paternal grandparents are Mr. and Mrs. Maurice Faucher of Auburn, Maine.

Soaft, Robert Anthony, son of Robert J. and Nancy Dren Soaft of 110 Birch St. He was born March 6 at Manchester Memorial Hospital. His maternal grandparents are Mr. and Mrs. Anthony Dren of 24 N. Main St. His paternal grandparents are Mr. and Mrs. Robert A. Soaft of Newington.

Diana, Annmarie Christina, daughter of William J. and Lois Morelli Diana of 188 Kennedy Rd. She was born March 3 at Manchester Memorial Hospital. Her maternal grandmother is Mrs. Emma Morelli of 23 Munro St. Her paternal grandmother is Mrs. Angeline Lamphere of 64 Clinton St. She has two brothers, Christopher Leo, 8, and William James Jr., 2; and a sister, Victoria Lee, 7.

Flynn, Irene Ann, daughter of Patrick and Ann Hughel Flynn of 185 Hackmatack St. She was born March 4 at Manchester Memorial Hospital. Her paternal grandparents are Mrs. Mary Flynn of Dublin, Ireland. She has a brother, Craig, 12.

Daley, Michael James, son of James E. and Arlene Peburn Daley of 17 Joseph Lane, South Windsor. He was born March 5 at Manchester Memorial Hospital. His maternal grandparents are Mr. and Mrs. Frank Peburn of Trumbull. His paternal grandparents are Mr. and Mrs. B. Edward Daley of South Windsor. His great-grandmother is Mrs. Patricia Daley of Canton. He has a sister, Kristin, 2.

Goldsider, Allison Valerie, daughter of Richard and Gwen Owen Goldsider of Alice Dr., Coventry. She was born Feb. 24 at Manchester Memorial Hospital. Her maternal grandparents are Mr. and Mrs. Ole A. Owen of Coventry. Her paternal grandparents are Mrs. Julia Goldsider of South St., Coventry. She has a brother, Craig, 6; and a sister, Kimberly, 3.

Passy, Stephen Walter, son of Walter and Kathleen Robillard Passy of 5 Quarry St., Rockville. He was born Feb. 27 at Manchester Memorial Hospital. His maternal grandparents are Mr. and Mrs. Camille Robillard of Moosup. His paternal grandparents are Mr. and Mrs. Walter Passy of 461 Griffin Rd., South Windsor. He has two sisters, Sharon and Pamela.

Scout Week Observed; Activities Planned

Girl Scout Week is being observed this week by members of the 55 troops in the Manchester-Bolton Association.

Enamel Lutheran Church will observe Girl Scout Week on Sunday. The annual communion breakfast for Catholic girls in scouting was postponed until a later date due to the energy crisis. Scouts participated in Sunday services in various other churches.

Scouts throughout the area have been busy delivering over 33,000 boxes of cookies. This year's sales will exceed the goals set for the association, provided funds for the individual troops, council programs and the Timber Trail debt retirement fund. In addition, 300 girls in the area earned credits toward their summer camp fees totaling \$6,876.68.

Summer camp promotion is under way. Camp information meetings for the girls and their parents are being conducted throughout the five service units. Leaders and parents desiring any information on summer camp opportunities may contact Mrs. Claude Carpenter, South Rd., Bolton; Mrs. Kathy Coulter, 106 Coleman Rd.; Mrs. Barbara Murray, 15 Griswold St.; or Mrs. Marion Asselin, 429 Oakland St.

A mother-daughter banquet was held by Washington School Troops 640, 641 and 670 this week. Mrs. Joan Hall, director of camping services for the Connecticut Valley Girl Scout Council, discussed the summer camp program. A "Scout's Own" ceremony was presented by Lana Gotthberg, Susan Dowd, Laura Webb, Yvonne Byram and Pamela Raymond of Troop 670. Group singing was led by senior scouts from Troop 2. A collection was taken for the World Friendship Fund, started in honor of Juliette Low, who founded Girl Scouts in America 62 years ago. Leaders of the Washington School troops are Mrs. Lois Harmon and Mrs. Wilma Schreiber, Troop 670; Mrs. Stephanie Letendre, Troop

Mr. and Mrs. Arthur E. Pinney Jr. of 182 London Rd., Hebron will observe their 25th wedding anniversary Sunday, March 24 with an open house beginning at noon at their home.

All relatives, friends and neighbors are invited to attend the party which is being given by their children.

The Pinneys were married March 26, 1949 at Center Congregational Church in Manchester with the Rev. Clifford O. Simpson officiating. Mrs. Ramon Campbell, the bridegroom's sister, was matron of honor and Ramon Campbell was best man.

The couple has four children, Kathy Lee, employed by United Aircraft Corporation; Barry Ward employed by Ward Manufacturing Co.; Karen Lee, a second year student at Manchester Memorial Hospital, School of Radiologic Technology. They are all graduates of Rham High School, Hebron. Another son, Brian James, is a junior at Rham.

Mr. Pinney is a cabinetmaker with his own business. He was employed for 11 years by United Aircraft Corporation. He also is a member of the Hebron Volunteer Fire Department, was a member of the State Grange Youth Committee for four years, and is a past master of Bolton Grange.

Mrs. Pinney is employed by United Aircraft. Both Mr. and Mrs. Pinney are 7th degree members of the National Grange.

The couple has resided in Hebron since their marriage.

Mr. and Mrs. Arthur E. Pinney Jr.

Youths' Rights Topic Of Saturday Meeting

Some 220 youth representatives, delegates from 55 secondary schools in Connecticut will be getting together to formulate a Youth Bill of Rights - the Declaration of Youths' Rights and Responsibilities, Saturday at the Capitol in Hartford, in the Hall of the House of Representatives.

Representing area schools are: Craig Steely, Manchester High School; Ronald Dextrador, Tolland High School; and R.P. Ouellette, Rham High School.

This event, sponsored by the Judiciary Committee of the Connecticut Legislature (Sen. George Guidera and Rep. James F. Bingham, chairman), the Parents-Teachers Association of Connecticut and the 40 public and private agencies of the Quality of Life for Connecticut Children Conference, is believed to be the first Constitutional Convention in 200 years.

Paul Rosenfield, chairman of the Quality of Life for Connecticut Children program committee, reports that the documents which are being forwarded by the students to be molded into one document, indicate a strong reaffirmation in the Constitution of the United States with an awareness by youth that they are not being considered as "equal" citizens and are being subjected and subjugated as second class citizens.

The Pantomime Theatre in Copenhagen's world famous Tivoli, celebrates its 100th birthday this summer. Every evening from May to September, the peacock curtain opens as one of the unique pantomimes, with the characters, Harlequin and Columbine and - the children's favorite - Pierrot, seen above. (Photo courtesy Danish National Tourist Office)

A Lively Year Coming Up For Visitors To Denmark

The Pantomime Theatre in Copenhagen's world famous Tivoli, celebrates its 100th birthday this summer. Every evening from May to September, the peacock curtain opens as one of the unique pantomimes, with the characters, Harlequin and Columbine and - the children's favorite - Pierrot, seen above. (Photo courtesy Danish National Tourist Office)

Latest addition to the scene is the 900-bed Hotel Magnum on Copenhagen's colorful waterfront opposite the Amalienborg Palace, residence of the Royal Family. This luxury hotel scheduled to open September 1974 is being built within a few of the city's old waterfront warehouses, providing modern facilities in an attractive, historic setting. Another waterfront planned for the charming old Christianshavn section of Copenhagen. To be opened early in 1975 by Holiday Inns, it will have its own marina and will offer canal boat connections to key points of the city, only minutes away.

The biggest Fourth of July celebration in the world is held annually at Denmark's Rebild National Park, south of the city of Aalborg. A tradition since 1912, the Danish-American festival celebrating U.S. Independence Day is as lively a one as you'll find anywhere in the States. This year a special all-inclusive Rebild package with accommodations for one, two or three nights and participation in the official festivities is available for those who would like to join the fun. Your travel agent has the details.

Denmark's August 4th celebration is as follows: Proof of U.S. Citizenship can be either an expatriation passport, birth certificate or baptismal certificate (recorded soon after birth). If this is not obtainable an applicant should submit a statement issued by appropriate authorities that no birth records exist and secondary evidence such as school records or affidavits of persons who have known the applicant since birth, or certificate of naturalization, or a certificate of citizenship when citizenship is obtained through parent or naturalization certificate of the parents.

Two photographs of the applicant, 2 1/2 by 3 1/2 inches taken within six months of application are required. Black and white or color photos are acceptable. Group photos are preferred when passport issue covers more than one person.

It's A Wonderful World

By BETTY RYDER A suspension bridge over the tumbling Spokane (Wash.) River on the Expo '74 World's Fair site will take visitors to a model Boy Scout campsite. Gaily colored tents erected in three tiers along the riverbank will shelter 24 scouts, two junior and two adult leaders. Visitors can watch scouts prepare their meals in the new, approved East Tennessee Fishing and Camping folder which furnishes the visitor with complete information on costs of fishing licenses, creel limits, hunting area, etc., as well as a listing of dock, campground and cabin facilities. The other folder contains color photographs of Knoxville and surrounding East Tennessee and suggests scenic and historic tours to assist the traveler. Requests for these brochures should be directed to the Knoxville Tourist Bureau, P.O. Box 237, Knoxville, Tenn. 37901.

Royal Viking Line is adding four more Trans-Canada cruises to its 1974 sailing schedule, including one "Indian Summer" voyage featuring calls in Canada and New England. Two will depart from the east coast and two from the west coast. Departures will be between May and October with major departure dates being May 23 from Port Lauderdale, Fla., and Oct. 2 from New York. Reservations and further information may be obtained from local travel agents.

Yukon, the "Land of the Midnight Sun" is even more busy during the long days of summer than in the winter. Activities include fishing derbies, raft racing, gold panning and legalized gambling at the famous Diamond Tooth Gertie's Hall in Dawson City, Yukon, Canada. There will be a Break-up Drama Festival May 10, 11 and 12 this year with a drama production of the 1898-1907 era along with a contest to pick the minute the ice on the Yukon River breaks up. The Norwegian State Railways will again run the famous "Troll Train" on the Oslo-Bergen Railroad, the most scenic rail journey in all of Europe. The express special will run from May 26 to August 31. It stops at Fimsa (elevation 4,200 feet) where lunch is served. They also sell the "Finska Passport" which contains scenic color photographs of the area, etc., as well as a listing of dock, campground and cabin facilities. The other folder contains color photographs of Knoxville and surrounding East Tennessee and suggests scenic and historic tours to assist the traveler. Requests for these brochures should be directed to the Knoxville Tourist Bureau, P.O. Box 237, Knoxville, Tenn. 37901.

Scarlet-jacketed, bearskin-hatted Royal sentinels at Amalienborg Palace, the Queen's Copenhagen Residence, provide a delightful noontime treat for visitors who happen by for the colorful changing of the guard when Her Majesty is in residence.

Check Passport Requirements Early

By BETTY RYDER Planning a trip? Counting the days till take off? Have you checked on your passport? If you have not, you may have many problems your travel agent will help you surmount, but most of the documentation must be supplied by you. Weightwearer vacations are being offered at a number of resorts in Denmark where special health menus are served and facilities for many different types of exercise are offered as part of the vacation entertainment. The keep-fit vacations are becoming a fad as far north as Denmark's Arctic island of Greenland.

Proof of U.S. Citizenship can be either an expatriation passport, birth certificate or baptismal certificate (recorded soon after birth). If this is not obtainable an applicant should submit a statement issued by appropriate authorities that no birth records exist and secondary evidence such as school records or affidavits of persons who have known the applicant since birth, or certificate of naturalization, or a certificate of citizenship when citizenship is obtained through parent or naturalization certificate of the parents.

Two photographs of the applicant, 2 1/2 by 3 1/2 inches taken within six months of application are required. Black and white or color photos are acceptable. Group photos are preferred when passport issue covers more than one person.

Certain Post Offices have been designated by the Postmaster General to accept passport applications in the same fashion as the Clerks of the Court. Travelers should inquire at a Post Office in advance to ascertain whether they accept passport applications. In American Samoa, Guam, Puerto Rico and U.S. Virgin Islands, passports are issued by the chief executive officer at the local government. In foreign countries passports are issued at any U.S. Consular Office.

### Vernon Board Delays Vote On Sykes Counselor

A request for a guidance counselor for students housed at the Sykes School (Grade 6) in Vernon, has been tabled by the Board of Education until further information is available.

Maurice Miller, chairman of the board, said he will appoint a special study committee to report to the board. The need for the additional counselor was explained at the board meeting earlier this week.

Grade 6 students, until this year, had been a part of the Vernon Center Middle School. With the space shortage at that school, it was decided to put all of the Grade 6 students under one roof at the Sykes School. Sykes had been used for the freshman class of the high school until that school went on double sessions in September.

David Parker, principal of the Middle School, also has the Sykes school under his jurisdiction. Parker and Francis Shortell, head of the Guidance Department for the school system, were asked to justify the request for the additional counselor.

Shortell explained the guidance counseling was provided when the sixth graders were at the Middle School, but as for emergency, as the department was not real-

ly held responsible for these students.

He said he felt the board could go much further to provide service for these students at Sykes where there will be 265 students next year.

Daniel Woolwich, chairman of the board's curriculum committee, said his committee had discussed the matter and felt the position would be important in helping the Grade 6 students with their placement in the program and also help them adjust to various problems.

William Houle, chairman of the budget committee, explained that the reason the position was being questioned is because the budget for the Department is being reviewed in general. He said, "I am not convinced at this time this is the best place to add staff members to strengthen the guidance department."

Board member James Boettcher said the students have six years of guidance counseling now (Grades 7-12) and suggested that maybe the present system needs re-organizing rather than extending the service to Grade 6.

Boettcher said he would like to see the guidance department working better and suggested that maybe guidance consultations should be made mandatory.

Michael Blake, assistant principal at Middle School, said he felt that Grade 6 students are entering a traumatic time when they should have guidance counseling.

Mrs. Beverly Cochran, head of the social work department, said her office is housed at Sykes and she has many students come to her with problems. She said she spends many hours with them trying to help but she feels a guidance counselor is needed.

### King's To Offer Free Bus Service

King's Department Store at the Parkade is offering a free bus service for its annual Birthday Sale starting Monday.

The schedule will appear Saturday in King's advertisement in the Herald, says Roy Fountain, manager.

King's 16-page tabloid Birthday Sale circular will be distributed with Monday's Herald.

### Rockville Hospital Notes

As chairman, his responsibilities include fund-raising in the Greater Hartford area.

## Hebron School Board To Ask Budget Of \$843,266

NANCY DRINKUTH  
Correspondent  
228-5970

The Board of Education voted Thursday to approve the final draft of the budget for 1974-1975 at \$843,266. Seven members of the 9-member board were present, and the vote was 6 to 1 in favor of approval. Charles Barasso voted against.

The board must present the budget to the Board of Finance on April 4. At that presentation each item of the budget will be explained in detail by one Board of Education member.

**Bus Trips**  
An attempt to reinstate the late bus transportation at RHAH failed when no one would second the motion.

The temporary moratorium on field trips for the elementary schools was lifted. Gasoline made available because of the consolidation of bus stops made it possible for the board to put the trips back into the educational program.

**Driver Safety Program**  
On April 1, William Adint of the Connecticut State Safety Commission will conduct a two-hour slide program on safe driving at the Hebron Elementary School. All bus drivers from Hebron, Andover, Marlborough, Columbia and Bozrah are invited.

**OSHA Inspection**  
William Smith of the State Labor Department conducted an OSHA (Occupational Safety and Health Act) inspection of the schools Tuesday. In his report Smith noted nine items

that required attention. Of the nine items eight were minor electrical problems.

The ninth item noted was the requirement to identify all the fire extinguishers in the Hebron Elementary School. All problems mentioned in the report will receive immediate attention.

**School Menus**  
The menu for next week at the elementary schools will be:  
Monday: Ravioli, cheese wedge, cabbage and pineapple slaw, peaches.  
Tuesday: Orange juice, salami grinder, garden salad, corn chips, frosted chocolate brownie.  
Wednesday: Sloppy Joe on roll, mashed potato, sweet peas, apple desert.  
Thursday: Shepard pie, tomato juice, carrot and celery salad, sandwich, minestrone, potato chips, pears.

### You don't have to be rich to make a big splash this summer!

It's a 9-footed, 11-foot sailboat with 50 square feet of sail and a roomy, air-cooled... It's a sturdy, lightweight vessel made of unbreakable, un-sinkable Corlon. A material that's even tougher than fiberglass... Give your family a Summer for summer. It's easy to buy. Easy to sail. Easy to love. In fact, you can fit it on top of your car and take it anywhere. And make a big splash wherever you go.

**Summer Special \$249.00**

**We're Your Headquarters For**  
★ SAILBOATS ..... \$99.95 up  
★ CANOES, Fiberglass, Aluminum, 13 ft. up  
★ STARCRAFT FISHING BOAT 12 to 21 ft. up  
★ JOHNSON OUTBOARD MOTORS  
★ USED BOATS AND MOTORS

The Citizen's Advisory Group to DevCo devised the format of its final report for Thursday night's meeting.

The final report is to be a simple report with recommendations and a summary and there a more lengthy report with the explanations of the recommendations.

The subcommittees are to write a report on their particular fields within the next two weeks after their final meeting with the DevCo consultants assigned to them. DevCo has promised all the secretarial help the subcommittees might need.

A copy of these reports will then be present to each member of the Advisory Group. The reports would then be compiled in major recommendations. DevCo would like to have this report within a month, according to Richard North, project manager.

North said that interim sanitary sewer system is being finalized what the group has been doing in the last six months. He also said that DevCo may be seeking an informal meeting with the Planning and Zoning Commission in May.

**Streaks**  
Bolton High School joined the ranks of other high schools and colleges across the country yesterday as a male streaker made his way through the building shortly after the final period of the day began.

Although not identified at his time he passed students in the hall who were late going to the final period of the day and he passed students in the parking lot. He ran the length of the corridor and out to a car waiting on Brandy St. Although pursued, he was not caught.

**School Menus**  
The following cafeteria menus will be served March 19-22 to students in Bolton Elementary and Center School.  
Monday: Hamburg/grilled, buttered rice, beet or corn, pudding/topping.  
Tuesday: Sloppy Joe, French fries, tossed salad, cookies.  
Wednesday: Juice, meat grinder, potato chips, fruit crisp.  
Thursday: Pizza, meat sauce, fruited jello/topping.  
Friday: Macaroni & cheese, fish sticks, buttered peas, ice cream.

### LEGAL NOTICE

Notice is hereby given of the certification of party-endorsed candidates on the slate of the Republican Party in the 4th Senatorial District in the towns of Andover, Bolton, Coventry, East Windsor, Glastonbury, Hebron, South Windsor and portions of the Town of Manchester, for election as district delegates to the State Convention of said Party. A list of the persons so endorsed as candidates is on file in my office, being the office of the Town Clerk, 41 Center Street, Manchester, and copies thereof are available for public distribution.

Notice is also hereby given that a primary will be held in said senatorial district on April 18, 1974, if a slate of candidates for such convention is filed in accordance with Section 9-408 or Section 9-407 of the General Statutes, as the case may be.

Forms for petitions for filing such candidates for district delegates or on behalf of a slate of enrolled Republican Party members of other than party-endorsed candidates may be obtained from the Republican Registrar of Voters of any town in the district. Instructions for filing such a slate of candidates are contained in Part I, Instruction Page, of the petition form, copies of which are available in said Registrars' offices. Prior to obtaining the petition form, the consent of each candidate to be proposed therein plus a deposit of \$15 for each such candidate must be filed with said Registrar. A petition for an opposing slate containing the required number of signatures of enrolled Republican Party members must be filed with said Registrar not later than 4 P.M. on March 28, 1974, being the 21st day preceding the day of the primary.

Dated at Manchester, Connecticut, this 13th day of March, 1974.  
Edward Tomkiel  
Town Clerk

### Coventry Format Devised For DevCo Report

MONICA SHEA  
Correspondent  
742-9495

The last meeting of the Advisory Group will be April 23. North explained an illustrative site plan of Phase I of the new community.

The site plan showed cluster and attached units around courtyards, and a system of bike and pedestrian pathways to schools and retail centers. It also showed three story garden apartments and a man-made lake.

It showed a type of cluster housing patterned after the Nathan Hale Homestead which would contain several units.

On the site plan no driveways would front onto major collector roads. The plan also called for a village center with retail shops with apartments over the shops.

North said DevCo is planning a natural drainage system which would hopefully return the water to the ground. There are retention ponds spread around the site, about 25 acres of them in the first phase.

North said that interim sanitary sewer system is being finalized what the group has been doing in the last six months. He also said that DevCo may be seeking an informal meeting with the Planning and Zoning Commission in May.

The plan with the plant to be on the DeMars property. If by 1980 Coventry has not established a treatment plant of its own North said the new community would be interested in hooking into a regional plant with Mansfield and the University of Connecticut.

North said there are two ways that the construction of their sewer plant could be handled: one to install the plant and turn the operation of it over to the town or the other to pay the town to install it.

He said that their students have shown that the user fees could pay for the cost of installation and maintenance.

North said that the water tests done on DevCo's Mansfield property have been encouraging and the design figures show that the new community would need three million gallons of water a day.

North said that when it came time for construction to begin, buildings would have to be their building designs approved by DevCo before the builders could submit a site plan to the Planning and Zoning Commission.

He said that it would be up to the building inspector and his department to see that the buildings meet the building codes.

### 1-291 Meeting Listed Tonight

Dr. Frederick Spaulding, a member of Manchester's Conservation Commission, will be moderator of tonight's informational meeting with state transportation department officials concerning the proposed 1-291 link from Windsor to Manchester.

The meeting, in which representatives of town civic organizations are expected to participate, is scheduled for 7:30 at the Municipal Building Hearing Room.

William Lazarek of the state transportation department will be available for questioning about proposals for the new expressway.

Obituaries

Bill Skoneski Dead; Prominent in Football

William J. Skoneski, 69, of 26 Hollister St., commissioner of the Charter Oak Midget and Pony Football Conference and former member of the Eighth District Board of Directors, died this morning at Manchester Memorial Hospital. He was the husband of Mrs. Elizabeth Sherman Skoneski.

William J. Skoneski

Mr. Skoneski was born Jan. 20, 1895, on Kerry St. in the North End, son of the late Victor and Josephine Palinski Skoneski, and lived in Manchester most of his life. He graduated from Manchester High School and attended the former Manchester Business College.

He was a communicant of St. Bridget Church and a member of the Holy Family Council, No. 4, and Chapter 400 of the Connecticut State Employees. He and his wife would have observed their 41st wedding anniversary on April 13.

Les Newberry Dead at 101

SOUTH WINDSOR — Leslie Wickham Newberry, 101, of 72 N. Elm St., died Thursday at an East Hartford convalescent home.

Mr. Newberry formerly served as town clerk and judge in South Windsor for many years. He was on several town boards and commissions and represented South Windsor when the Bulkeley Bridge was dedicated in 1908. It was through his efforts that the present Union School building was built.

He was born in South Windsor and had lived here all his life. He was a tobacco grower from 1912 until 1960 and was director of the South Windsor Tobacco Association.

As a tobacco grower, he refused to accept any type of government subsidy saying, "a man should stand on his own two feet."

He was a 1933 graduate of Yale Law School and practiced law with the firm of Newberry and Goodman in Hartford until 1911.

He is survived by a son, Roger W. Newberry, of South Windsor; two daughters, Mrs. Jane N. Foran of Vernon and Mrs. Jean N. McGee of S.C.; seven grandchildren and three great-grandchildren.

Police Report Three Youths Held In Armed Robbery

Three Hartford youths are being held at the Connecticut Correctional Center, Hartford, on charges of first-degree robbery stemming from an armed holdup of Peter's Grocery, 494 E. Center St., Thursday night.

The three were taken into custody by Manchester Police shortly after the holdup was reported at 8:30. Charged are Kevin B. Johns, 17 (held on \$25,000 bond), Paul L. Walker, 20 (10,000 bond), and Henry L. Williams, 20 (500,000 bond).

The bonds were set this morning in Circuit Court 12 at East Hartford, and the case was continued to March 21 at Manchester.

Police apprehended the suspects in a car driven by Walker moments after 15-year-old Jeanne Dupre of 55 E. Center St. reported she was being held at the running of the grocery store.

Miss Dupre told police that three youths entered the grocery store at about 8:30 Thursday, bought cigarettes and bubble gum, and then — with one youth displaying a sawed-off shotgun — demanded all the money from the cash register.

When the robbery was reported, police sent cruisers to the Center St. area and the suspects' car was spotted heading west. Police blocked Center St. and the car was stopped.

The three suspects were held overnight on bonds originally set at \$50,000 each.

In other Manchester Police reports, Robert T. Migliore, 18, of 417 Summit St. was charged Thursday afternoon with breach of peace and loitering on school grounds.

Police said the charges stem from a disturbance at Manchester High School. Migliore was released on a \$50 cash bond for court appearance March 25.

Norbert DeMarais Jr., 32, of 3 Hawley St., is scheduled to appear in court March 25 on charges of disorderly conduct (two counts), stemming from alleged complaints of child molesting, police said.

DeMarais was arrested last week on a Circuit Court 12 warrant and was released on his written promise to appear in court.

Shorter Campaign Bill Passed by State Senate

HARTFORD (UPI) — The Connecticut Senate has unanimously passed, and sent to the House, a measure to take a month off the election campaigns for state and district offices.

The bill sets back dates for party nominating conventions and primary elections. Now held in August, primaries would be held in September, and the bill would be held in June, would be held in late July.

Sen. Charles T. Alfano, D-Saffield, minority leader, argued that the 1974 campaign period is already under way and commitments for campaign facilities have been made.

The Senate placed on the consent calendar a measure passed last week by the House to limit importation of puppies into the state — the so-called "puppy bill."

The measure would make it illegal to transport any puppy less than eight weeks old into or out of the state and prohibit pet store sale of such a puppy.

Sen. Edward Caldwell, D-Bridgeport, deputy minority leader, argued against the measure on grounds that it would have postponed the effective date of the bill to Jan. 1, 1975.

Sen. Lawrence J. DeNardis, R-Hamden, said the recent election in Great Britain, where the campaign lasted for only about a month, resulted in defeat for the incumbent, former Prime Minister Edward Heath.

Sen. Charles T. Alfano, D-Saffield, minority leader, argued that the 1974 campaign period is already under way and commitments for campaign facilities have been made.

The measure would make it illegal to transport any puppy less than eight weeks old into or out of the state and prohibit pet store sale of such a puppy.

Sen. Edward Caldwell, D-Bridgeport, deputy minority leader, argued against the measure on grounds that it would have postponed the effective date of the bill to Jan. 1, 1975.

UCLA Gets Past Dayton in Triple Overtime, Michigan Ousts Notre Dame from NCAA Play

NEW YORK (UPI) — What's wrong with the UCLA Bruins, for seven years synonymous with cool precision and awesome power in college basketball, that they must go three overtimes to beat Dayton?

UCLA barely survived its worst scare in eight years Thursday night when Dayton rallied from a 17-point deficit in the first half to move ahead 80-77 with 1:58 left in regulation time.

The Bruins scored 27 points and had 19 rebounds. Wilkes had 14 points.

There were plenty of times in the first half when he had big leads that Dayton could have rolled over and let us break it open," Wooden said.

Dayton Coach Don Donaher called his team "the guttiest group I've ever coached. They made some key turnovers, missed some easy shots in the overtimes and that was the difference," Donaher said.

UCLA now plays San Francisco, which beat New Mexico 64-41 in Tucson, Ariz., Saturday afternoon for the right to meet either North Carolina State or Pittsburgh in Greensboro, N.C. for the semifinals March 23.

Thompson's 40 Points N.C. State gained its quarterfinal berth in the East by beating Providence 92-78 after Pittsburgh edged Furman 81-78. The Wolfpack will meet Pitt Saturday afternoon.

Michigan stunned Notre Dame 74-68 and Furquet

downed Vanderbilt 69-41 in the Midwest Regionals while Oral Roberts beat Louisville 96-83 and Kansas edged Creighton 55-54 in the Midwest Regionals.

All-America David Thompson, a 6-4 junior forward, scored 40 points to lead the top-ranked Wolfpack over the six-ranked Friars, whose top player, Marvin Barnes, was held to 14 points.

Thompson came within one point of matching his career high set earlier this season against Maryland. N.C. State led by as many as nine points in the first half but was only five at 44-38 at intermission. In the second half, the Friars shaved the State edge to a single point within a minute and a half.

From there it was close until the Wolfpack started its spread offense with 6:35 remaining and a 74-70 lead. N.C. State then put the Friars away on easy layups and free throws.

Campy Russell's 36 points helped Michigan knock off third-ranked Notre Dame in the biggest upset of the NCAA tournament. In addition to outscoring Notre Dame All-America John Shumate by two points, the slender 6-8 Russell also outrebounded the 6-9 Irish star 18-17.

Michigan, now 22-4, and Marquette, now 24-4, will meet Saturday for the Midwest title with the winner advancing to the NCAA finals in Greensboro, N.C. next week.

Michigan stunned Notre Dame 74-68 and Furquet

Michigan stunned Notre Dame 74-68 and Furquet

downed Vanderbilt 69-41 in the Midwest Regionals while Oral Roberts beat Louisville 96-83 and Kansas edged Creighton 55-54 in the Midwest Regionals.

All-America David Thompson, a 6-4 junior forward, scored 40 points to lead the top-ranked Wolfpack over the six-ranked Friars, whose top player, Marvin Barnes, was held to 14 points.

Thompson came within one point of matching his career high set earlier this season against Maryland. N.C. State led by as many as nine points in the first half but was only five at 44-38 at intermission. In the second half, the Friars shaved the State edge to a single point within a minute and a half.

From there it was close until the Wolfpack started its spread offense with 6:35 remaining and a 74-70 lead. N.C. State then put the Friars away on easy layups and free throws.

UCLA barely survived its worst scare in eight years Thursday night when Dayton rallied from a 17-point deficit in the first half to move ahead 80-77 with 1:58 left in regulation time.

The Bruins scored 27 points and had 19 rebounds. Wilkes had 14 points.

There were plenty of times in the first half when he had big leads that Dayton could have rolled over and let us break it open," Wooden said.

Dayton Coach Don Donaher called his team "the guttiest group I've ever coached. They made some key turnovers, missed some easy shots in the overtimes and that was the difference," Donaher said.

UCLA now plays San Francisco, which beat New Mexico 64-41 in Tucson, Ariz., Saturday afternoon for the right to meet either North Carolina State or Pittsburgh in Greensboro, N.C. for the semifinals March 23.

Thompson's 40 Points N.C. State gained its quarterfinal berth in the East by beating Providence 92-78 after Pittsburgh edged Furman 81-78. The Wolfpack will meet Pitt Saturday afternoon.

Thoughts APLENTY by Len Auster

Odds and Ends

With the new college fad of streaking in mind, just picture this. Manager to his slumping club: "Okay guys, we're in trouble. Let's get a streak going. Will they take his word literally? ... East Catholic's 1974 football schedule is out. Included in the 11-game schedule are clashes with Bloomfield and Rockville. Season finale is the traditional Turkey Day battle with arch-rival South Catholic Nov. 28 at M. N. Mebo. ... Tim Quish, former East Catholic hoop star, was named to the honorable mention list of the Iowa Conference all-star team. Quish, a flashy 6-2 freshman guard for conference co-champion William Penn College, connected on 48 per cent of his floor shots and netted 558 points for the campaign. ... Bob Chagnon, director of the first annual Hardware City Invitational Classic, reports that Manchester Community College basketball coach Don Geisler will direct the Northern Connecticut All-Stars against New Britain's elite schoolboys March 22. Geisler in his first year at the helm, led the Cougars to a fine third place finish in the CCAA and a superb 17-4 overall record. Chagnon also reports that fans in New Britain are anxiously awaiting the expected duel between All-Star Joe Whelton and St. Thomas Aquinas' All-State backcourtman Tom Farrell.

Orr Touts Russell As Best Collegian

TUSCALOOSA, Ala. (UPI) — Campy Russell's biggest booster is his coach, John Orr.

"Campanella Russell is the greatest all-around basketball player in America," gushed Orr after his 6-foot-8 junior scored 36 points and pulled down 18 rebounds to lead Michigan to a 74-68 upset of third-ranked Notre Dame in Thursday night's NCAA Midwest Regional.

"(Bill) Walton (of UCLA) is the best big player," said Orr. "I said Russell was the best all-around."

The 12th-ranked Wolverines (22-4), a miracle team of late, none so agailant fifth-ranked Marquette (24-4), 49-61 winner over seventh-ranked Vanderbilt, in Saturday's Midwest Final.

Notre Dame (25-3), which had been favored to win this regional, muste Vanderbilt (23-4) in Saturday's consolation game.

It has been less than two weeks since Michigan appeared out of the NCAA playoff picture. But Ohio State's upset of Indiana enabled the Wolverines to tie for the Big Ten title and Monday's playoff victory over Indiana brought Michigan to Tuscaloosa.

"We're elated we won," said Orr. "It was our third game in six days, all on the road, and I was a little worried that we were going to run out of gas."

The Wolverines jumped into a 20-point 68-48 lead in minutes into the first half, saw that cut to five (32-29) at intermission.

NEW YORK (UPI) — The greatest amount on ink expended in New York area newspapers this past week concerning the National Invitational Tournament, which begins Saturday with a four-game schedule, has been on the team that has the edge — the 4 March 15, 1974.

Maryland Coach Lefty Dreisell informed the NIT selection committee Sunday his team unexpectedly had voted to reject its bid after a demoralizing 103-100 overtime loss to No. 1 North Carolina State in the Atlantic Coast Conference championship game the previous night.

The president of the NIT committee, Fordham Athletic Director Peter A. Carlesimo, was justifiably disturbed after having received assurances from Dreisell their team would accept the bid.

CCA Tourney Southern Cal. Win Regains Some Face

ST. LOUIS (UPI) — Gus Williams and his Southern California teammates regained their hot hand from the floor and their pride while the Toledo Rockets kept their scoring balance Thursday night to win the opening round games in the first Commissioners' basketball tournament at the St. Louis Arena.

The Trojans felt they had something to prove against Southern Methodist after their humiliating 62-52 loss to UCLA in the finals of the Pac-8 season. Southern Cal shot only 4-30 from the field in the first half against UCLA after shooting 50 per cent all year long.

Against the Mustangs, the Trojans poured in 69 per cent of their field goals in the first 20 minutes, then coasted to an 82-70 victory.

"Tonight was a matter of pride," Williams said. He had something to be proud of, taking game honors with 27 points, 18 in the first half when he popped in 9-of-13 shots. "We're basically a fast-breaking team," Williams said. "We try to run when we ever can."

A big factor in the Trojans' victory was shutting off big Ira Terrell in the second half after the Mustangs' leading scorer had 18 in the first half. He ended the game with 20 and although Oscar Roan tried to pick up the slack with 15 second half points, the Mustangs couldn't come back.

Notre Dame's John Shumate gets in between Wolverines' Wayne Britt (32) and C.J. Kupepe to register a layup but it didn't change the verdict as the Fighting Irish were eliminated by underdog Michigan.

Stars Sign Barber NEW YORK (UPI) — Stew Barber, an offensive line coach with the New York Stars and the AFL champion Buffalo Bills in 1964-65, was signed Thursday.

## Braves Find Merit in DH Rule As Rookie First Baseman Excels

NEW YORK (UPI) — At least one National League club has found some merit in the designated hitter rule.

The Atlanta Braves got a chance to use the American League's year-old rule in Grapefruit League play versus the New York Yankees Thursday and found some immediate dividends—even though the man they chose to fill the role wasn't Hank Aaron.

Jack Pierce, a first baseman who spent most of last season with the Braves' Richmond farm club, went 3-for-5 as the Braves' first official designated hitter. Even more important, his double in the eighth tied the score 2-2 and another double set up the winning run in the 12th as the Braves edged the Yankees 3-2.

With Aaron moving back to the outfield, Frank Tepedino, who batted .304 in 74 games last season, looks to be the favorite for the regular first base spot, but who knows? Maybe Pierce can win the job by designated hitting.

Elsewhere: Dave Parker drove in three runs as Pittsburgh whipped Kansas City 4-1. Rookie Jim Fuller's leadoff singles triggered rallies of two runs in the second and four in the fourth in Baltimore's 12-3 blitz of Texas. Felix Millan hiked his spring average to .462 with a seventh-inning tie-breaking single that carried the New York Mets over Detroit 5-2.

... Southpaw Tommy John hurled five hitless innings and Steve Garvey drove in a pair of runs to spearhead Los Angeles' 3-0 win against St. Louis.

Ken Henderson's three-run ninth inning homer delivered a 6-5 White Sox victory over Philadelphia.

Cincinnati downed Minnesota with a four-run rally in the ninth after early Reds' pitchers, Don Gullett and Roger Nelson had held the Twins scoreless through eight. Terry Humphrey, battling for the No. 1 catching job, belted two homers and drove in five runs in the Expos' 7-5 triumph over Cleveland. Run-scoring singles by rookies Jim Horwath, Skip James and Chris Arnold in the top of the ninth propelled San Francisco to a 7-4 win against San Diego. Don Money's two-run double triggered a four-run fourth inning for Milwaukee in the Brewers' 10-6 win over the Chicago Cubs. Brewers' rookie shortstop Robin Yount had three singles.

Ansaldis has compiled a 10-1 record this campaign.

## Jax Golf Co-Leaders Overcome High Winds

JACKSONVILLE, Fla. (UPI) — A lifetime of shooting golf over windy Texas courses stood John Mahaffey in good stead Thursday when he fired a four-under-par 68 to share the first round lead with Oklahoma Labron Harris in the \$150,000 Greater Jacksonville Open golf tournament.

Mahaffey, Harris and the rest of the 144-man field in the tournament had to battle chilly gusts between 25 and 30 miles per hour over the par 72, 7,088-yard Deerwood Country Club Course.

But that didn't seem to stop Mira Signs.

BIRMINGHAM, Ala. (UPI) — Quarterback George Mira, who has played six years in the National Football League and two years in the Canadian Football League, signed Thursday with the Birmingham Americans of the World Football League.

Mahaffey, who calls himself "a wind polka," finished his first round stroke ahead of Steve Spray, an Iowa pro, and Leonard Thompson, winner of the Gleason Inverary Classic.

Arnold Palmer, who has been working hard on his game of late, came in with a two-under year-old Texas. "At this time of year it blows about like this down in Texas."

But it was an ill Florida wind that blew Tom Weiskopf no good. The best he could manage was a par 72, and after his round he admitted to newsmen that he was disappointed with his playing and lacking in enthusiasm.

Defending champion Jim Lee Trevino, who has been bothered with putting problems, shot a 75, which included a double bogey on a par-five 16.

Mahaffey said he had just recovered from the flu and his doctor had given him the go-ahead to play the GJO, fourth stop on the Florida portion of the PGA tour.

"I grew up in Texas where it blows quite a bit," said the 25-year-old Texas. "At this time of year it blows about like this down in Texas."

But it was an ill Florida wind that blew Tom Weiskopf no good. The best he could manage was a par 72, and after his round he admitted to newsmen that he was disappointed with his playing and lacking in enthusiasm.

### Foreman-Norton Bout

## Training Site War Highlights Prelim

CARACAS (UPI) — Challenger Ken Norton today shrugged off a threat by heavyweight champion George Foreman's camp that he'd be barred from their joint training site if he didn't wind up his workouts earlier.

The trouble started after Norton's first training session here Thursday when he and Foreman passed each other in the Polidoro Stadium where both work out and where they'll meet March 26 in a title fight.

According to Foreman's manager, Dick Sadler, Norton can use the Polidoro facilities as long as he's out of the stadium by 1:30 p.m. so the champion doesn't run the risk of running into him. Foreman trains from 2 p.m. to 4 p.m. and the encounter Thursday occurred at 2:05 p.m.

"If Norton, his manager, sparring partners and trainers can't be all out of here by 1:30, they'll have to find another place to train," said Sadler.

Norton said it wasn't so.

"I can train in the Polidoro from 12 until 2, according to our agreement," Norton told UPI. "If Foreman comes by at 2 o'clock he's going to see me."

The two fighters didn't exchange any words when they met, but according to Foreman's press spokesman, Bill Caplan, the champion turned around and followed Norton to make sure he really left the building.

Caplan said that since Foreman started his training last Saturday he has been driven inside the Polidoro and right up to his dressing room. He said the champion had to walk in Thursday because Norton's cars were blocking the entrance.

Norton, expressing confidence, told a news conference Thursday, shortly before he started his workout, that he would dethrone Foreman, who's making his second title defense.

"I'm going to win, whether it's in one round or 15 rounds," he said. "Foreman's main asset is his strength. What we're going to do is use his strength to our advantage."

## Phil Esposito High-Powered Bruin Passes 60-Goal Mark

NEW YORK (UPI) — When the Boston Bruins' Phil Esposito scored 78 goals three seasons ago, the hockey skeptics blamed it on expansion.

Then he scored 62 the next year and another 55 last season, but still not too many goals were so inclined to mention him in the same breath with the great scorers of the past—Gordie Howe, Bobby Hull and Maurice Richard.

Well, the fact is, expansion or no expansion, Esposito is still the only man in hockey to consistently be scoring so many goals and Thursday night he scored his 60th and 61st of this season, giving him an even 250 since the Bruins acquired him from the Chicago Black Hawks in 1967.

## Howe Active Again Leading WHA Aeros

NEW YORK (UPI) — Gordie Howe is back and he led the Los Angeles Sharks right into the playoffs.

Howe, the 46-year-old superstar, has been out of action recently with leg problems. But he returned Thursday night and scored one goal—his 30th—and assisted on another as the Houston Aeros crushed the Sharks 6-0.

Don McLeod turned away 26 shots for his third shutout of the season as the Aeros cut their magic number in the World Hockey Association West to four games. Any combination of four Houston wins and losses by second-place Minnesota will give Houston the division title.

Gordie Labossiere paced the Aeros' attack with back-to-back goals at the start of the second period, which gave Houston a 3-0 lead. Howe scored late in the period on a rebound in the final period and Larry Lund collected his 28th goal to end the scoring.

McLeod is the league's leading goaltender with a 25-11 record and a 2.55 goals-against average.

In other WHA action, New England downed Vancouver 6-3, Quebec edged Toronto 3-2 and Chicago ripped Minnesota 7-4.

Leafs 2, Islanders 1  
With Buffalo's loss to Esposito and the Bruins, Toronto moved even closer to the final playoff berth in the east in handing the Islanders their eighth straight loss. Veteran left wing Eddie Shack scored only his sixth goal of the season at 9:39 of the final period to boost the Leafs 10 points up on the fading Sabres.

### Painter's New Job

PROVO, Utah (UPI) — Dean Painter was appointed Thursday as assistant coach in charge of quarterbacks and pass receivers at Brigham Young University. Painter was on the coaching staff at the College of San Mateo in California last season.

### Duo Advances

PALM BEACH, Fla. (UPI) — Veteran Pancho Gonzalez and young Jimmy Connors teamed up Thursday to defeat Tom Falkenburg and Butch Buchholz 3-6, 6-4, 6-2, in the opening round of the Palm Beach Masters Doubles Tennis Tournament.

### Lone Repeater

DENVER (UPI) — Sophomore Conly Norman, who is in the process of rewriting the scoring records at the University of Arizona, was the lone repeater on the all-Western Athletic Conference basketball team.

Hawks' John Marks (11) gets ride into the boards by Rangers' Rod Seiling (16) in fight for loose puck.

## Sanderson Hidden While Deal Sought

BOSTON (UPI) — Derek Sanderson is back on the market.

The hard-to-hold center who was suspended by the Bruins Monday most likely won't play in Boston again and is through for the season, no matter where he winds up playing.

But at least, he can try telling his services for coming seasons, now that Sinden has given attorney Bob Woolf permission to peddle the center to any National Hockey League team that is interested.

Woolf met Thursday with Sinden and Club President Weston Adams Jr. on the possibility of having Sanderson's season-ending suspension shortened so he could rejoin the team.

The Bruins were non-committal, according to Woolf, and told the attorney to return "in a week to 10 days to see what their feelings are on my suggestions and to report on the interest other clubs have in Derek.

Sanderson was suspended Monday and fined \$1,000 for missing the team flight from San Francisco following a loss to the California Golden Seals. What precipitated the suspension were a pair of fights between Sanderson and teammate Terry O'Reilly before and after the game.

Sinden said the actions in Oakland were "the straw that broke the camel's back" and added that Sanderson's services no longer were needed in Boston.

But Woolf said he planned to contact a number of NHL clubs regarding Sanderson's availability for next year.

"I've heard a number of clubs are interested in Derek and I'll talk to them," said the attorney who engineered Sanderson's jump to the World Hockey Association last season and back that netted the center a reported \$1 million settlement.

"Also Derek's contract (estimated between \$80,000 and \$100,000) expires at the end of this year and the possibility remains open to him to return to the WHA," said Woolf.

In the meantime, Sanderson remains hidden in California somewhere, staying in telephone contact with Woolf.

HERE ARE THE OFFICIAL RESULTS!

We wanted to know what our Dodge cars would do in gas economy in situations as close to actual driving conditions as possible. At the same time, we wanted to know how well Dodge would do against the competition's cars—cars of comparable size and even smaller.

The United States Auto Club (USAC) conducted its "Miles-Per-Gallon Showdown" in the Arizona-Southern California area between January 10 and 13, 1974. All automobiles used in the test were acquired by USAC through normal retail channels. Many of the drivers were sports car enthusiasts and amateur rallyists. However, none were professional automobile drivers.

The "Showdown" was divided into three distinct driving cycles:

1. Highway driving. Los Angeles to Tucson and return. A total distance of 972 miles. Average speed, 53 mph.
2. Light city traffic. Los Angeles area. 108 miles, total. Average speed, 25 mph.
3. Heavy city traffic. Los Angeles area. 61 miles, total. Average speed, 20 mph.

A Dart Sport coupe with the new standard 2.76 rear axle, 225 Slant Six engine, and manual transmission got 8.1 more miles per gallon than a six-cylinder Nova with manual transmission in the "light city traffic" cycle. The Dart Sport also got better mileage than the Nova in the other two driving cycles.

### Vernon Mayor Sees Protest On Transit Tax

Proposed legislation which would require towns to be part of a transit district financed by a one-cent per gallon tax on gasoline is apt to meet the same opposition similar legislation met last year, Mayor Frank McCoy said Thursday.

The bill has been introduced in the General Assembly and Vernon is one of the 18 towns in the Capital Region which would be required to be part of the new district.

Similar legislation introduced last year was strongly opposed by the mayor and the Town Council and at that time the mayor indicated it would withdraw from the district.

Mayor McCoy said he would lean toward favoring a statewide transportation authority which could perhaps be divided regionally with local representation in determining operations.

Nothing that financing has been the principal source of conflict in developing bus mass transit plans, the mayor said one or two bills are now before Congress which would provide such funds to help subsidize bus operating deficits.

One of the bills, which Mayor McCoy said is now bottled up in

### NOTICE THE TOWN OF MANCHESTER WATER DEPARTMENT

will begin flushing the water mains on Tuesday, March 19 in the Glastonbury area serviced by the Town. Hebron Avenue, Manchester Road, South Main Street and all side streets, including South Farms.

Flushing will continue Tuesdays through Fridays until completed.

Should you experience rusty water, it may get into your hot water tank. If it does, after the water returns to normal, clear the settled material by drawing off the water from the faucet at the bottom of the tank. Should you have a load of wash stained or muddied by this disturbance, after the water returns to normal, wash the load with your regular soap and 4 ounces of cream of tartar. This should clean the wash satisfactorily.

### NOTICE BOLTON ZONING COMMISSION

A public hearing will be held by the Zoning Commission of the Town of Bolton, Conn. on Monday, March 18, 1974 at 8 P.M. in the Community Hall to hear the following:

Request of Ernest J. Read and Patricia S. Reed for a Zone Change from Residence R-1 to Industrial Zone A-particular parcels of land located on Connecticut Route 85, (West St.) containing approximately ten (10) acres.

Philip Dooley  
Chairman

### Petition Asks Control Of Main St. by Town

George Marlow, Manchester, is seeking signatures on a petition calling for the Town of Manchester to assume control of Main Street from the state, and until control is reverted back to the town, that present parking be retained.

The petition, when completed, are to be presented to Joseph Burns, Department of Transportation commissioner, and members of the Town's Board of Directors.

The petition reads as follows:

### Vernon Teen Center Will Reopen

The Vernon Teen Center will reopen tonight after a brief closing due to a broken boiler. The center is open Friday and Saturday nights from 7:30 to midnight.

The center has facilities for recreation, sports, and social activities. The center is located on Rt. 30 near the First Congregational Church.

## Gardening

with FRANK ATWOOD

When Sharon Musnie enters college in the fall she will have some money in the bank toward her expenses...

Sharon Musnie, 17, a senior at Manchester High School, with the largest of 2,000 African violets she is growing at her family's home on Keeney St.

Many Varieties: Sharon's violets are in many color variations from white to blue, pink or purple...

Sharon's violets are in many color variations from white to blue, pink or purple, and there are some bicolor blooms such as a white blossom with a crinkled blue edge.

Sharon expects to enter the Eastern Nazarene College at Quincy, Mass., established by the Church of the Nazarene.

Sharon is also a member of the National Honor Society, signifying that she is in the top 25 students in her class.

Sharon has recently joined the National St. Paulia Society, devoted to African violet culture.
