## Finance Board's Tie Vote Rejects Library Funding

**BOLTON**  
Donna Holland  
Correspondent  
646-0375

A \$46,000 appropriation which would enable Bolton to build a new Bentley Memorial Library was rejected by the town's Board of Finance Monday night by a 3-3 tie vote.

The \$46,000 appropriation — which would supplement a \$271,000 allocation approved by townpeople in referendum — was being sought by the Public Building Commission, (PBC) whose request was endorsed by the Board of Selectmen in a Friday night emergency meeting.

Finance board rejection of the appropriation — vital to the library project — makes it appear the project is doomed. The question now goes back to the PBC, which will discuss the situation later this month.

PBC Chairman Douglas Cheney, commenting on the finance board action Monday night, said there just isn't enough money to build the new library. He said he'll ask library architect Alan Wiedle to submit a bill for his work to date.

Monday night's finance board action on the \$46,000 appropriation consisted of favorable votes by members Al Ahearn, Sidiq Sattar and Jerald Hassel. Voting against the request were members William Riley, Roy Peckham and Morris Silverstein.

Ahearn, board chairman, said he had misgivings about the library project because the original proposal was made with the claim that federal revenue sharing funds would completely pay for the library.

## Reed Zone Change Bid Gets Sept. 23 Hearing

**BOLTON**  
Donna Holland  
Correspondent  
646-0375

The Zoning Commission has set Sept. 23 as the tentative date to hear a zone change request from Reed on Wood St.

Ernest and Patricia Reed will seek a change from RI to general business and a special exception to permit the continuation of the business which includes contracting, trucking and excavating.

Atty. Joel Janenda represents the Reeds.

In a letter to the commission, Janenda said the zone change would be in harmony with the existing regulations and comprehensive town plan.

He said the zone change would allow Reed to continue his

business at the present location while enabling the town to control the area of the land.

A request by Reed for a zone change from RI to Industrial in March was turned down after a public hearing at which many of the neighboring property owners voiced their objections.

Reed must resubmit maps of the area to the commission due to the inconsistency of maps submitted at the time of the original request.

A copy of the request was sent to the Planning and Zoning Commission as required, and its recommendation will be read at the hearing.

**Tables Request**  
The Zoning Commission tabled action on the requested Anthony Botticello for property on Villa Louisa Rd. for a zone extension to business.

Botticello's property is presently zoned RI and business.

A request by Botticello to expand his parking lot, possibly expand the present building (Vito's) in the future and erect a radio tower on the south side of the property.

Botticello's letter was accepted by the commission but as his maps were inadequate they must be resubmitted.

The maps must show existing buildings, town lines, adjoining property owners and proposed plans.

At its next meeting the commission expects to set a hearing date. The commission plans to tabled action on the requested zone extension and the radio tower.

**Town Hall Site**  
The PZC also approved site plans for a future town hall on a 5.4-acre parcel bounded by Old Stafford, Dunn Hill and Bald Hill Rds.

Markus had requested site plan approval on Aug. 5, to pave the way for purchase of the land from Southern New England Telephone Co. SNETCO purchased the land for \$40,000 last year, but was

denied a commercial zone change to build on the site. The reported selling price to the town is \$50,000.

Further action by the selection would be preceded by a public hearing.

**PZC Action**  
The commission tabled an application by Eldridge Yost for an addition to his Rt. 195 Cumberland Farms shopping center. The addition would house a bank with a drive-in teller.

Also tabled Monday was a one-lot application by Stanley Gozot on Peter Green Rd.

The extension service, will also sponsor leader training classes in batik on Sept. 10, 17, and 24 and Oct. 1, 8, 15, and 22, under the direction of Mrs. Banerjee of India.

On Oct. 24, Mrs. Banerjee will conduct a workshop on the arts and traditions of India. A tea table will feature tasty foods from various countries and in addition there will be a table filled with baked goods which will be on sale.

The workshop will be open to the public at no charge.

## Extension Service Workshops Set

"Spirit of Christmas 1974-1976," will be the theme of a Christmas workshop to be sponsored Oct. 17 and 18 by the Tolland County Extension Service.

The workshop will run from 10 a.m. to 5 p.m. the first day and from 10 a.m. to 5 p.m. the second day at the Tolland County Agricultural Center, Rt. 30, Vernon.

The objective of the program will be to show how, over the

## GM Introducing New Models This Week

**DETROIT (UPI)** — General Motors Corp.'s 1975 model line hits showrooms this week, a full month ahead of the official introduction dates and earlier than the other three major automakers.

A GM spokesman said Monday the decision to begin selling early was made because dealers had low inventories on some 1974 models and were begging for more cars to sell.

The dealers have been asking for this because their inventories are extremely low, especially in mid-size and full-size cars," the spokesman said.

The last time the giant automaker sold cars before the official introduction dates was in 1971. The introductions for Cadillacs had been scheduled Sept. 19, with Chevrolets, Buicks and Oldsmobiles scheduled for introduction Sept. 27.

Ford Motor Co. said it still planned to wait until Sept. 27 to put its 1975 models on sale. Chrysler said it would stick by its Oct. 1 introduction date and American Motors will introduce its new line Oct. 15.

The 1975 GM models will carry an average price increase over the 1974's of nearly \$500, a 9.5 per cent jump. That hike, combined with an average \$546 boost during the 1974 model year, means new cars will cost about \$1,000 more than they did when 1974 models were introduced last August.

Ford has announced tentative price increases on new models averaging \$418, while Chrysler and AMC so far have indicated no price hikes on the 1975's.

HOSPITAL ASKS REVIEW OF ITS PROPOSED BUDGET

**HARTFORD (UPI)** — St. Francis Hospital officials are asking the state to reconsider its decision to cut the hospital's budget for next year.

Hospital officials met Monday with the Commission on Hospitals and Health Care to ask for additional spending. St. Francis was one of four hospitals to appear before the commission to try to restore budget cuts.

Sixteen hospitals are expected to appear before the commission for that purpose this week.

The state cut \$12 million from St. Francis' proposed operating budget of \$38.4 million. Hospital officials said they need at least part of the money that was cut in order to increase nursing staffs to meet state Health Department requirements.

The budget proceedings are the first under the 1973 law which set up the commission in an attempt to curb rising health care costs. The commission was given the power to approve hospital rates, budgets and capital spending.

Manchester—A City of Village Charm THIRTY-SIX PAGES — TWO SECTIONS PRICE: FIFTEEN CENTS

## \$4.25 Million Involved Sewer, Water Referenda Votes Are Authorized

By SOL R. COHEN

By unanimous votes and with minimal discussion, the Manchester Board of Directors Tuesday night authorized two referendum items for the Nov. 5 voting machines — a proposed \$2-million bond issue for various townwide sewer systems, and a proposed \$2.25-million bond issue for purchasing the privately owned Manchester Water Co.

At a public hearing last week on the storm sewer proposal, Director of Public Works Jay Giles said federal and state funds aren't available for the work. He said many of the trouble spots are of 15- to 20-year duration, and read most from a list. The list wasn't made available to the public and Frank Lupien urged that the trouble spots be publicized, prior to the referendum.

**Favors Vote**  
Frank Ukatis, president of the Manchester Property Owners Association, said his group was in favor of placing the proposal for referendum, "so that the people might decide."

The referendum for the water company purchase will be the second in three years. In November 1971 the voters approved the purchase — conditional to consolidation of town and Eighth Utilities District sanitary sewer systems.

**Town Has Option**  
Town Manager Robert Weiss, after explaining the town has an option to Nov. 15 for the purchase, with an extension if the PUC (Public Utilities Commission) approves the transfer, said there isn't a

clear title at present to the company's Riskey Reservoir in Vernon and Bolton and that it doesn't appear the title will be cleared in the immediate future.

Weiss said the water in the reservoir (about 2 million gallons) is water company property and can be drawn off and used at anytime. The land area of the reservoir (all in Vernon) and the dam (mostly in Bolton and partly in Vernon) is owned by John Riskey.

**Tower Storage**  
Weiss said the actual land area isn't considered a financial asset of the company in the appraisals being used for the proposed purchase. He said the town might be able to install a tower to hold the water stored in the reservoir.

Giles said the reservoir is only for water storage and doesn't contribute to the company's water supply. It's water resources, he explained, are from wells.

**Retain Prices Up Slightly**  
WASHINGTON (UPI) — Increases in retail prices were not as great in July as they had been the previous two months, but a mid-month drop in some grocery prices, the Labor Department said today.

The consumer price index, the best measure of changes in the cost of living, jumped 0.8 per cent last month.

**Still Large**  
The July increase was smaller than a 1 per cent rise in June and 1.1 per cent in May. But it was still large by historical standards and offered no relief to President Ford in his search for ways to beat the nation's soaring inflation.

The Labor Department's report was released shortly after General Motors Corp. announced it was buying a home lot and buying a home lot by lower prices but were partially offset by lower prices for clothing and such food items as fresh fruits and vegetables, beef and dairy products.

**Getting Ready for the Fair**  
Setting up tents for the annual Hartford County 4-H Fair, which opens Friday at Bradley Field, Windsor Locks, are John Garaventa, left, of 109 N. Lakewood Circle, publicity chairman for the fair; Kevin Woolam of 1185 Main St., South Windsor, president of the Fair Association; Robert

**Town Directors Reject Linwood Sewer Proposal**  
By SOL R. COHEN  
The Manchester Board of Directors Tuesday night rejected:

- Sanitary sewers for Linwood Dr. (even as it was approving sanitary sewers for three dwellings on nearby Keeney St.).
- A requested \$5,000 contribution to the Manchester Youth Hockey Association;
- The appointment of a one-man civilian horse patrol for Case Mt.;
- A proposal to sell a town-owned parcel at Oakland St. and Sheldon Rd.

**Woodbridge St. Bridge Low Bid Is \$50,000**  
Construction of a new bridge structure enclosing Bigelow Brook on Woodbridge St. will cost the Town of Manchester nearly \$50,000, according to sealed contract bids opened this morning at the Municipal Building.

The old Woodbridge St. bridge over Bigelow Brook was completely washed out during a severe rainstorm July 8.

**Alleged 'Alphabet Bomber' Arrested**  
LOS ANGELES (UPI) — Police Tuesday captured the alleged "Alphabet Bomber" who claimed responsibility for the deadliest civil airport bombing in U.S. history and had threatened a wave of terror.

Assistant Police Chief Daryl Gates identified the suspect as Muharem Kuregovic, a Yugoslav who entered the United States in 1967.

**Weather**  
Patchy fog developing tonight, but clearing towards morning; low overnight temperatures in the 40's. A mass of Sunshine and hot again Thursday, with highs near 90.  
National weather map on Page 2.

**Admits Company Erred**  
Moriarty acknowledged the water company should have paid the Bolton taxes, thus challenging Riskey's claim of ownership. He said he foresees no future problems for the town — with or without a clear title.

"The water will continue to flow through the reservoir," he explained. "It can always be stored and used."

Town Council William Bronwell said he sees no impediment to the referendum because of the unclear title. The reservoir, he said, isn't an integral part of the system and the purchase price is supported by other assets of the company.

At the same time, he warned, if Riskey doesn't release his claim, the town might be buying a future potential problem.

## GM Bows to White House; Shaves Price Hike \$54

**DETROIT (UPI)** — General Motors Corp. today bowed to pressure from the White House to help fight inflation and announced it is trimming \$54 from its planned price hike averaging nearly \$500 on its 1975 model cars and trucks.

The average increase on GM's 1975 model cars, which are being put on sale as soon as dealers receive them, is now \$446, including \$100 for emission control equipment, \$20 for higher destination charges and the remainder to cover the higher costs of labor and material.

**Ford To Follow**  
Ford Motor Co. president Lee A. Iacocca said Tuesday the No. 2 auto maker has little choice but to follow GM's lead on prices. Ford indicated in late July its increase on cars would average \$418. But Iacocca said the hike now probably would be in the same range as GM's increase.

Neither Chrysler Corp. nor American Motors has made any public disclosures on their pricing action for 1975 models.

**Alleged 'Alphabet Bomber' Arrested**  
LOS ANGELES (UPI) — Police Tuesday captured the alleged "Alphabet Bomber" who claimed responsibility for the deadliest civil airport bombing in U.S. history and had threatened a wave of terror.

Assistant Police Chief Daryl Gates identified the suspect as Muharem Kuregovic, a Yugoslav who entered the United States in 1967.

**Several Charges**  
The FBI said he also would be charged with destruction of an airport, a federal offense carrying a possible life term in prison.

The voice on the tapes had identified himself as "Military Commander of the Aliens of America," and was given the name "Alphabet Bomber" because he threatened to "write our name in blood across the face of America."

**Traced to Take Credit**  
Rasim tried to take credit for a chemical explosion in an industrial area of downtown Los Angeles Saturday night. In a call to the Los Angeles Herald Examiner, Rasim said the explosion, which completely leveled an entire block of buildings and warehouses, was "delightful leftovers of our activities one week ago."

**Muharem Kuregovic**  
Fire investigators discounted the claim, however, blaming the explosion on a chemical reaction generated by the sun. Rasim was first heard from June 24 in a tape cassette sent to Grant Dillman, vice president in charge of the Washington bureau of United Press International.

In the message, Rasim said postcards had been mailed to Supreme Court justices with vials of nerve gas under the postage stamps. The threat proved to be unfounded.

**Chorale To Start Rehearsals Soon**

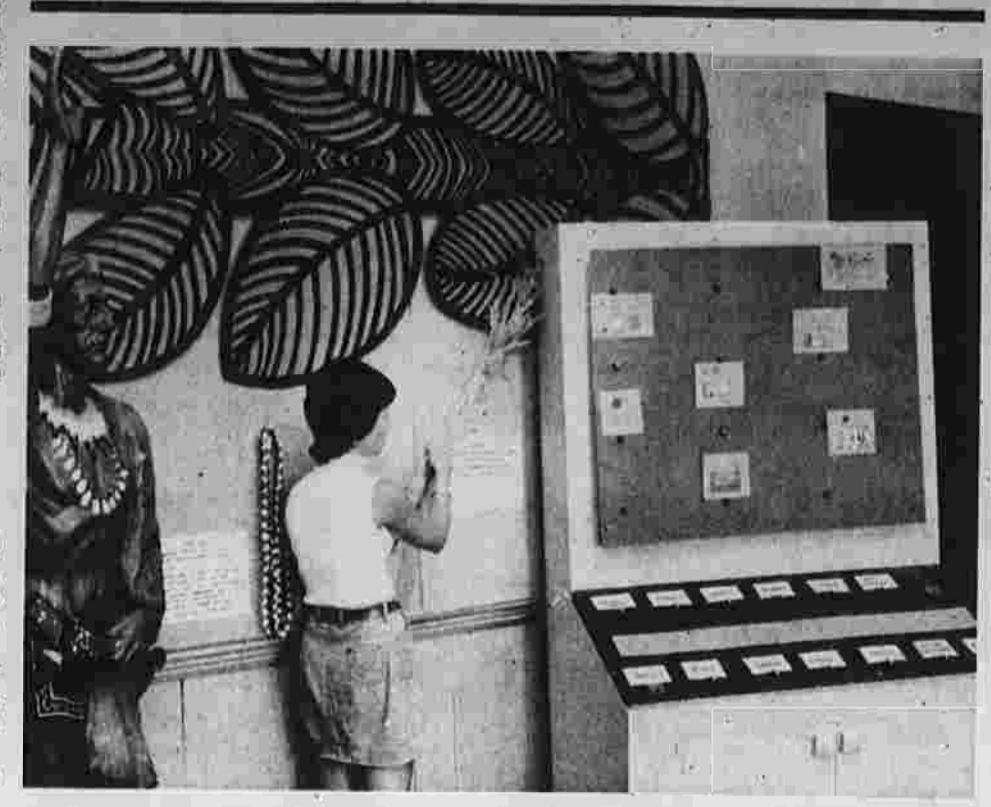

The Manchester Civic Chorale will begin rehearsals Sept. 9 at 7:45 p.m. at Keeley St. School in preparation for "An Evening of Performing Arts" on Oct. 5. The special program is sponsored by the Manchester Council of Churches.

Ralph MacCarone will direct the chorale.

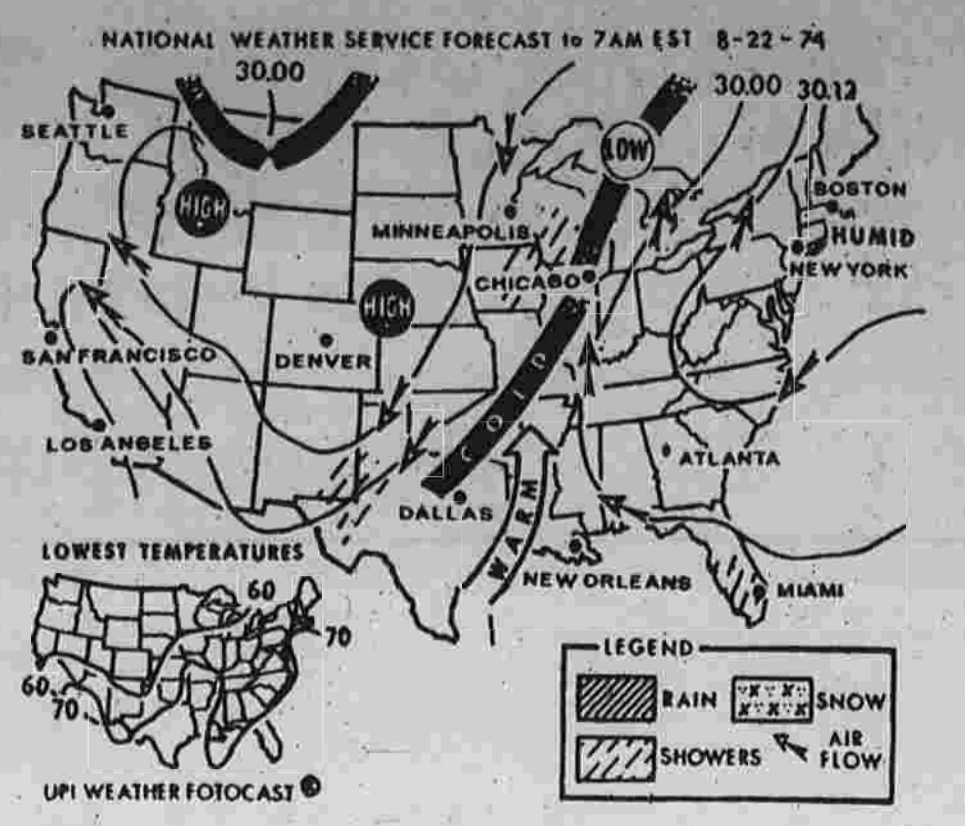

Singers wishing to participate in the concert are invited to join the group, particularly church choir members, says MacCarone.

Also participating in the evening's program will be a string ensemble and a brass ensemble representing the Manchester Civic Orchestra.

**ELJEM SPEAKING**

Ms. Berdine Spector, assistant director at the Lutz Junior Museum, holds a sheaf of wheat, not to symbolize a harvest of plenty but to represent a form of monetary exchange. Surrounding her are strings of Indian wampum and examples of foreign currency. The large tobacco leaf above was also used at one time as currency. These and other items are part of a current exhibit of forms of money at the Lutz Junior Museum. (Herald photo by Dunn)

They were difficult to transport over long distances though. In addition it was not easy to maintain standards of size, health and age.

Grain and salt were both used as money because each could be divided into small amounts, carried about and stored easily. Also, both were valuable to man, especially the latter. In early times, salt was difficult to obtain, either having to be dried out from sea water or dug from mines.

Roman soldiers were often paid in salt. Our word salary is derived from the Latin word, sal, meaning salt.

Many people throughout the world used shells as a means of exchange. Those living near the South Sea and Indian Ocean often used cowrie shells, while the Northern American Indians used conch or clam shells. The latter shells were ground into beads and strung or sewn into belts. The purple parts of the shell were more highly prized than the white. The Indians called this shell money, wampum.

The public is invited to stop in and visit Tuesdays through Sunday from 2 to 5 p.m., beginning Sunday Sept. 15. Admission is free.

**ABOUT TOWN**

Al-Anon family groups will meet tonight at 8 at the Second Congregational Church parish house, 385 N. Main St.; Thursday at 8 p.m. at the Pathfinders Club, 102 Norman St.; and Friday at 10 a.m. at South United Methodist Church campus. Alateen for the 12- to 20-year-old children of problem drinkers will meet Thursday at 8 p.m. at the Pathfinders Club. The family groups are open to friends and relatives living with a severe problem drinker.

A prayer meeting and Bible study is scheduled for tonight at 7:30 at the Presbyterian Church, 45 Spruce St. There also will be a Bible study Thursday at 9:30 a.m. at the church.

**REAL ESTATE COURSE**

This course is designed to provide the student with an intelligent understanding of the Real Estate Profession. It meets the minimum qualifying requirements for salesmen licensing & a basic pre-requisite for broker's licensing as set for by the Real Estate Commission.

**CONTINUOUS PROGRESS EDUCATIONAL CENTER**  
232-9015

**Vernon Cafeterias Will Open Sept. 5**

The Vernon public schools will open Sept. 5 with a full day schedule and all cafeterias will be open. Due to bus scheduling the opening and closing times of the schools will vary.

Kindergarten sessions at Northeast, Skinner (also pre-school classes) Lake St., and Vernon Cafeterias, morning sessions 8:30 to 11:00 and afternoon, 12:15 to 2:45; Maple, 8:40 to 11:10 and 12:35 to 2:55; Talcottville, 8:10 to 1:50 with the pre-school class 8:10 to 10:45 and 11:20 to 1:50.

In addition to the regular bus runs, which will be published Sept. 3, the shuttle bus route will still be in effect. This service enables the students to arrive at the high school at an earlier time to use the library or become involved in extra-curricular activities.

The shuttles routes are as follows: Starting at Dobson and Talcottville Rd. at 10:35 a.m. with stops at Kelly Rd. and Vernon Circle, Elm Hill Rd. and Main St., Taylor and Elm Hill, Phoenix and Lake St., Tunnel and Lake, Valley Falls Rd. and Tunnel, Bolton Rd. and Valley Falls, and Bolton Rd. and Hartford Tpk. Arriving at the school at 11:45.

The second bus will start at 11:15 a.m. at Vernon Ave. and Hartford Tpk. and stop at Lafayette Square, E. Main and Grove, Ward and Union and arrive at 11:45 at the school.

Dr. Raymond Ramsdell, superintendent of schools, said some 4,200 pupils will be transported by bus. The first few days of school, pupils are asked to wait near the bus stops, at least 10 minutes ahead of the estimated time of pickup.

Parents of kindergarten children are asked to put tag with the child's name and address on them for the first week to help the bus drivers on the return trip.

Children will be transported by the Windsor Bus Service, Inc. The company has been serving the town in previous years and the drivers are familiar with the area, Dr. Ramsdell said.

Parents are also reminded that students will be held responsible for any and all malicious damage to buses and that misbehavior on the part of a pupil will not be tolerated. Lack of cooperation by the pupils will result in immediate suspension of bus privileges.

Parents are asked to emphasize these rules to their children.

The price of meals in the elementary and middle school cafeterias will remain at 45 cents, the same as last year. However, at Rockville High School, ala carte items will be on the menu at various prices.

**THE STAMP COLLECTOR**

By RUSS MACKENDRICK

A sigh of relief. Contrary to a disturbing rumor relayed to Postmaster General Klassen by a California woman, the calorific content of a gum-stick on a stamp is not equal to three whole bottles of "Tab." The Bureau of Engraving and Printing avows that the total is no greater than two-tenths of a carload per stamp. So even an addition to the recent biggies like the UPU's shouldn't affect anyone's girth.

There is a change in the design of the non-profit organization stamped envelope. The Liberty Bell has been with us since 1965, creeping upwards through four values. The new one, 1 & 8/10th cents, will say "Volunteer Yourself" and will show a star and stretch-out "V." It will have its first day this Friday at Cincinnati, on the usual two sizes of envelopes.

The pair will not be available over the counter at the P.O. unless you are a non-profit organization holding a precancel permit and then only if you take a couple of full boxes. The Washington philatelic agency will offer them at 8 cents per set plus the inevitable 50 cents service charge. Manchester Philatelic Society members may obtain them for 8 cents, period, from their agency secretary, who does the ordering, with the club paying the extras.

You can't win here we've been sitting all smug-like in the presumed knowledge, via the World Almanac, that the island has its own rather plain Jane stamps from 1861 to 1873 (18 or 17 issues, depending on whether you go by Scott or Gibbons).

Hurry, Hurry! At the Aug. 13 meeting of the MPS, President Bob Dering and others were talking about chartering a bus to take a group down to the 1976 International Philatelic Exposition at Philadelphia — Interphil '76. Make your reservation early!

A bunch of boys were busy at Jerry Caron's place last night putting identifying stencils on our frames which are to be loaned to the Interphil '76 people. We have the standard international type of frame and they are depending on us to supply some of the 2,500 they will need.

# Principal and Assistant on Duty at Tolland High

Prepare for Opening

Principal Roy Nierendorf and Assistant Principal Eleanor Gowen go over preliminary reports as they get ready to welcome Tolland High School students Sept. 4. (Herald photo by Dunn)

Tolland High School, for the first time in its five-year history, will open in the fall with both a principal and an assistant principal.

Principal Roy Nierendorf was hired in February; Eleanor Gowen, hired shortly thereafter, was promoted to assistant principal on July 1.

New students planning to enter Tolland High School for the coming school year should plan to visit the school the week of Aug. 26 from 9 a.m. to 3 p.m. Guidance personnel will be available for course selection as well as registration.

**Homeroom Assignments**  
Freshmen homeroom assignments are: Listed alphabetically: Andriano to Coumbe, teacher Simon, room 102; Cropper to Flynn, teacher Parridge, lecture hall A; Ford to Horn, teacher Leibnigh, lecture hall B; Hutchinson to Locher, teacher Goldberg, room 17; Lando to Morganson, teacher Tangari, room 16; Morosi to Reese, teacher Blaszczak, room 203; Renick to Spyrzak, teacher Harvey, room 10; Tracey to Zlotsky, teacher Utz, room 114.

**Sophomore assignments:** Adams to Czuchra, teacher Lee, room 209; Davis to Calvin, teacher Payne, room 211; Giant to Kayser, teacher Carusone, room 215; Kehoe to McLaughlin, teacher Deeley, room 217; McMahon to Rego, teacher Destro, room 117; Richards to Stremey, teacher Magrey, room 104; Tantiello to Zimmerman, teacher Oleson, room 108.

**Junior assignments:** Bagley to Dwire, teacher Williams, room 205; Elliott to Howard, teacher Semoli, room 201; Howe to Legros, teacher Formisano, room 204; Lenuhan to Porter, teacher Sturtevant, room 207; Pratt to Sharge, teacher Blow, room 202; Sposito to Vost, teacher Wiecek, room 213.

**Senior class homeroom assignments:** Adams to Davis, teacher Arnold, room 11; Diana to Gagliuti, teacher Diederich, room 101; Gurno to Lampron, teacher Comber, room 107; LaPointe to O'Neil, teacher Scinto, room 110; Ouellette to Stockel, teacher Boucher, room 112; Surette to Zimmerman, teacher Deal, room 115.

**Class Schedule**  
Buses arrive 7:25 a.m., home room, 7:35 to 7:41; Period 1, 7:45 to 8:29; Period 2, 8:30 to 9:17; Period 3, 9:21 to 10:05; Period 4, 10:09 to 10:53; Period 5, 10:57 to 12:09.  
Lunch 10:53 to 11:18; Class A, 11:22 to 12:09; Class B, 10:57 to 11:18.  
Lunch 11:18 to 11:43; Class B, 11:47 to 12:09; Class C, 10:53 to 11:43.  
Lunch C, 11:43 to 12:09; Period 6, 12:13 to 12:57; Period 7, 1:01 to 1:45.

**1974-75 Goals**  
In a report to the Board of Education, Mr. Nierendorf listed goals for the coming school year. A high priority is to learn all 722 students by name and to be available to them at least within 24 hours. Other goals: To spend more time with teachers, visiting classes, meeting with parents; continue discussions covering existing procedures, encourage many fine activities and programs extant; improve communications in a spirit of open, honest administration; enforce and "tighten up" attendance procedures; promote better surveillance of students in study halls, cafeteria, lunch period and halls.

To advance curricular innovation-course-selection scheduling to earlier target dates, resume printing the Student Handbook in September; consider the desirability of at least one guidance counselor each week during the summer of 1975; work for increasing the good corp of townpeople supporting the full education budget.

To develop policies and practices consistent with Board of Education policies in areas of drug abuse, visitors, emergencies; request three to five individual goals to staff by early September; begin hiring for following year by May; resolve the question of hiring substitutes versus sending students to study hall.

To plan for future to man the language lab for student exchange students from Japan and Finland; encourage and strengthen Student Council; establish a study committee for a quality point system for honor

## Parker Memorial School

Robert Lincoln starts his first fall as principal of Parker Memorial School, after being named to the job in a report to the Board of Education.

Lincoln feels that to promote a school setting wherein each child feels valued, wanted and understood, it is important for him, as principal, to know each child.

"I am ultimately charged with coordinating the best program for each child, and I can only do this if I know the

youngsters. It is often important to the child that the principal know her or him," he said in a report to the Board of Education.

Other objectives Lincoln has set for the coming school year are: Continued coordination and integration of education programs with the Hicks School; effect a closer liaison with parents for meeting the educational needs of our children; upgrade overall quality of reporting systems to parents; and effectively utilize the news media to keep parents and the community informed as to programs and accomplishments.

Also, study and evaluate pupil reports; develop ways to facilitate materials exchanged among staff; implement the overall health curriculum; refine and develop workable job descriptions for all building personnel.

The effectiveness of two reading management systems will be determined. One kindergarten and one first grade teacher will use the Systematic Approach to Reading Improvement (SARI), while another kindergarten teacher will use the Individually Guided Education (IGE) Pre-Reading Skills program.

Lincoln said that by using controlled conditions, the relative achievement merits of these approaches to beginning reading skills in comparison to other methodologies now in use at Parker, so there will be no difficulty in a child being in SARI or IGE one year and another type program the following year," he said.

Goals set forth for Parker School are for children to: Develop a desire for learning now and in the future; develop pride in their work and a feeling of self-worth; develop appreciation and respect for the worth and dignity of individuals; practice and understand the ideas of health and safety; develop ability to communicate ideas and feelings effectively.

Also, learn how to examine and use information; appreciate culture and beauty in their world; develop appreciation and interests which will lead to wise and enjoyable use of leisure time; develop an attitude of respect for personal and public property; develop knowledge and appreciation of the rights and privileges in our democracy.

# Only Schools Haven't Changed

**SOUTH WINDSOR**  
JUDY KUHNEL  
Correspondent

With all the revamping of schools programs, bus schedules and courses offered, the only resemblance of last year's school program in South Windsor will be the school's themselves.

Those haven't changed, but what's being offered within them has.

Students returning to class next month will find themselves on a computerized bus system which promises to get the 90 per cent of the bused student population to their classes quicker, more efficiently, and with a guaranteed seat.

The service is one the school department is paying thousands for this year, but is expected to save them thousands in years to come.

The way it works is an outside transportation survey comes to the school board, which studies the present school busing system and, after long analysis, programs a new system.

Once school begins the study team does everything it has to guarantee the program is working quickly and efficiently — even to the manning of telephones in school offices.

A new course called Human Development will be offered

# Choice of Rockefeller Makes Sen. Weicker 'Very, Very Happy'

United Press International

Sen. Lowell P. Weicker Jr., R-Conn., Tuesday said he was "very, very happy" with President Ford's choice of Nelson Rockefeller to be his vice president.

Weicker, who had been mentioned among those Ford was considering for the job, said, "I think it's a great choice."

Weicker is considered to be a liberal Republican, like Rockefeller.

Rep. Robert H. Steele, R-Conn., the GOP candidate for governor, said Rockefeller and Ford, considered a conservative, would give "broadly and balance to the party and the nation."

Steele said Rockefeller was "the perfect choice," and added, "We'd certainly like to have Nelson Rockefeller campaign for us in November."

Vincent Laudone, recently elected GOP party chairman in Connecticut, said Rockefeller's experience on the national and state level would be an asset to the Ford administration.

Laudone, a Norwich attorney, said Rockefeller would provide "a special dimension to his new assignment as vice president."

John M. Bailey, former National Democratic Chairman under the Kennedy and Johnson administrations, said he wished Rockefeller the best as he prepares to become the new vice president.

Bailey, who has been state Democratic chairman for the past 28 years, said the former governor has been in public life for a long time and is one of the most widely known Republicans in the nation.

"He also has a lot of friends in Connecticut, many of whom supported him for the presidential nomination in years past," he said.

Sen. Abraham A. Ribicoff, D-Conn., said Rockefeller was a good choice because "he is aware of the complex problems we face at home and abroad."

Calling him "a man of great experience on the state level, the national level and the international level," Ribicoff said Rockefeller "will be able to give outstanding service to the people of the nation."

Rep. Eli T. Grasso, D-Conn., her party's gubernatorial candidate, called President Ford's choice of Rockefeller "an outstanding choice who will be a good partner for him and for the country."

"I am sure that Nelson Rockefeller will augment the spirit of cooperation, candor and openness that has marked the first weeks of the Ford Administration," he said.

Rep. Ronald A. Sarasin, R-Conn., said he "brings to the office the widest range of ability and experience in the country right now."

# Blueberry Potential Assessed

ORONO, Maine (UPI) — The marketing potential of Maine lowbush blueberries within the state appears to have a promising future, according to a report released by the University of Maine.

The report, by Agricultural and Resource Economics Prof. Homer B. Metzger, said during three weeks in August 1973 fresh lowbush blueberries from the university's Blueberry Hill Experimental Farm were packed in pint containers and delivered to 31 stores and ready side markets in Ellsworth and Bangor.

Data was collected during and after the study regarding the attractiveness of the package, the size of containers, price, delivery times and frequency, berry quality and selling margins.

The report concludes "a commercially packed pint of fresh blueberries has good market acceptance."

The essential aspects of selling Maine lowbush blueberries include "providing a quality berry with good shelf life at prices which permit competitive margins and deliveries must be made three times weekly," the report said.

## ART CENTER KINGSTON, Jamaica (UPI)

An International Art Center is under construction near the campus of University of the West Indies here. The center is designed to house a permanent display of works by Jamaican and other Caribbean artists.

## Fears Put to Rest on Rt. 5 Course

**SOUTH WINDSOR**  
Judy Kuehnel  
Correspondent  
Tel. 644-1364

Rt. 5 fears that relocated Rt. 5 may go beyond the Bissell Bridge in South Windsor, and consequently take valuable meadow or historic land, can be put to rest, according to state officials.

The new road, which will begin at Governor St., East Hartford, and connect with the Bissell Bridge in South Windsor, is expected within five years, officials said.

However, South Windsor officials, following a letter from the state Department of Transportation (DOT), expressed concern that the road would be extended beyond the

bridge, and possibly connect with 191 in East Windsor or even Enfield.

The letter in question, written by DOT Commissioner Joseph Burns, said that pending permission from the Regional Planning Agency, the state wants to make relocated Rt. 5 part of the interstate highway system.

However, since that letter, Deputy Commissioner George Koch has explained that the relocated section of the road will only be a small portion and that the DOT intends to make Rt. 5 part of the interstate highway system only to the Bissell Bridge.

The Rt. 5 controversy is one familiar to both South Windsor and East Hartford, and began about two years ago when it was proposed that the road by

relocated by connecting to the present Governor St. ramp off I-84 in East Hartford.

Residents in East Hartford opposed one proposal that the relocated road have an exit ramp around King St., which borders both East Hartford and South Windsor.

Traffic then would be dumped from one end of town to another, residents in East Hartford said, adding they want the new highway to go all the way to South Windsor.

Part of the problem with the present Rt. 5, which starts on Main St., East Hartford and runs for miles through South Windsor and up through Enfield, is that residents in South Windsor who don't want to take I-84 to and from work take the East Hartford route twice daily.

This traffic coming north to South Windsor, coupled with East Hartford's already congested streets, reaches almost a standstill twice a day from I-84 around Governor St., north along Rt. 5.

In South Windsor, environmentalists did not like the idea of the new road extending to the Bissell Bridge, contending that valuable meadows and other open space land would be destroyed for the sake of another highway.

All home economics and industrial arts courses were previously segregated. Now, however, this will no longer be true after Jan. 1, 1975, when Title IX goes into effect.

Last year the school board moved toward compliance with

**SOUTH WINDSOR**  
Judy Kuehnel  
Correspondent  
644-1364

the regulations surrounding the act and "now we only have to see what the final draft says and compliance won't be hard," said Dr. Goldman.

One usual twist the new act presents is the segment which allows for girls to participate in what used to be all-male teams.

Under Title IX, if a small group of girls wish to participate in the football team, the school department must allow them to try out.

However, if a large group of girls wishes to play, the school department must provide for a girl's team and supply it with all the same equipment the boys and supplied with.

No single girl can require a team be formed, but comparable numbers of girls can move for a female team, Dr. Goldman explained.

"We're not in the position right now, because the final regulations haven't come out yet," said Dr. Goldman. "On our own initiative we are very close to compliance."

He said expense to the school departments will come in the establishment of more athletic teams than before — "you couldn't have just a boy's hockey team if there is a real desire by the girls to have a team of their own."

the regulations surrounding the act and "now we only have to see what the final draft says and compliance won't be hard," said Dr. Goldman.

## Schools Will Open Sept. 4

**BOLTON**

**Donna Holland**  
Correspondent  
646-0375

**School Opening**  
All Bolton schools will be open Sept. 4 with the first three days of school being full days. There will be no half days.

Bolton Elementary School and Bolton Center School will be in session from 9 a.m. until 3 p.m. daily.

Students attending kindergarten in the morning will go from 9 until 11:30. Students attending in the afternoon will go from 12:30 until 3.

Parents of kindergarten students are asked to attach a tag to their children's clothing for the first couple of days of school showing the child's name, address and phone number.

Parents may expect their child's assignment to either the morning or afternoon session next week.

Student lunches will sell for 55 cents and milk for 8 cents. Adult lunches will sell for 75 cents and milk for 15 cents.

John Eagles, principal, said he is looking forward "to a very good year."

Bolton High School will be in session from 7:55 a.m. until 2:14 p.m. daily.

Milk and ice cream will be sold from the first day.

Norman Shaw, principal, said he is trying to make the school opening as smooth as possible.

Superintendent Reports  
Raymond Allen, superintendent of schools, reports that all schools are ready to open on Sept. 4. He said the buildings are in excellent condition due to the summer maintenance program of James Vetch and his staff.

The regular staff orientation session and faculty meeting will be held Tuesday, Sept. 3. A luncheon for the staff is scheduled for noon at the Bolton Elementary School. It is being sponsored by the PTO (Parent Teachers Organization).

Allen reported that total enrollment is expected to be in the area of 905 to 920 students. Early enrollment figures show that 304 students are expected at the elementary school, 312 at the center school and 290 at the high school.

Allen reported that the Board of Education is conducting interviews of finalists for the high school principalships and intends to make an appointment to the position at a special board meeting Monday. The board will also act upon additional staff changes at the meeting.

## School Registration

**BOLTON**

**Donna Holland**  
Correspondent  
646-0375

John Eagles, principal of Bolton Elementary School and Bolton Center School, said registrations for new students will be held Monday, Tuesday and Wednesday from 9 a.m. until noon and from 1 until 3 p.m. for students entering kindergarten through Grade 4.

Parents with students entering kindergarten through Grade 4 should register at the elementary school and parents with students entering Grade 5 through 6 should register at the Center School.

Norman Shaw, principal of Bolton High School, said registrations for students entering high school will be held from now until the opening of school, daily from 9 a.m. until 3 p.m. at the high school.

The cafeteria will be open from the first day of school. A new policy that will be in effect this year is tickets for milk and lunch will be sold only to kindergarten through Grade 4 students. The tickets will be sold on Mondays.

Students in Grades 4 through 6 will purchase milk and lunch on a cash basis. The new policy is a result of too many students charging their lunches. It is also to give students the responsibility of handling money.

# Woman Empire Builder: Weddings Pay Your Bills Promptly

By GAY PAULEY  
UPI Women's Editor

MRS. MARK J. SULLIVAN

Frieden's Lutheran Church in Myerstown, Pa., was the scene Aug. 10 of the wedding of Carol Ann Spannuth of Hartford and Mark J. Sullivan of Manchester.

The bride is the daughter of Mr. and Mrs. Clarence L. Spannuth of Myerstown, Pa. The bridegroom is the son of Mrs. George Sullivan of 5 Waddell Rd. and the late George Sullivan.

The double ceremony was performed by the Rev. Ronald H. McCullung of Frieden's Lutheran Church, assisted by the Rev. Mercurio A. Fregagnano of Mary Queen of Heaven Roman Catholic Church in Myerstown.

The church was decorated with yellow roses, white chrysanthemums, palms and candles. Harold Krenner Jr. of Berneville, Pa., was organist.

The bride, given in marriage by her father, wore an ivory chiffon gown designed with Alencon lace and pearls on the bodice, high neckline, and cuffs of Bishop sleeves. Empire waist belted with seed pearls and a skirt terminating in a chapel train. Her elbow-length veil of illusion was attached to an open crown pillbox of ivory chiffon embroidered with seed pearls. She carried a white Bible with sweetheart roses and baby's breath.

Miss Eloise C. Foster of Atlanta, Ga., was maid of honor.

Spanish-born Adela Holzer started her U.S. career as a typist. Then with a bank loan of \$3,000 and some of her savings, she went into business and parlayed herself into being boss of a multimillion dollar empire of diversified holdings.

All this she did in 20 years. The beautiful Mrs. Holzer, tawny-haired and suntanned, now is 40. She has two sons, 20 and 14.

Her secrets to be shared with others as a start? "Be prompt in paying your bills," she said. "Be careful to whom you're selling so they pay promptly. Work hard. I never stop, never stop thinking."

She had thoughts, too, on how women can advance to executive suites in the years ahead—"The rest of the 1970s and the '80s will be the era of womanpower. Women no longer will be segregated into second class citizens."

Said Mrs. Holzer, "To arrive in management, you start like a woman does. Background yourself with a good education (she has a doctorate in philosophy). Don't be afraid to go over some subordinate's head. Go to the top with your ideas, even if you have to wait until 5:30 when most everyone else has left the office."

"Come to such conversations with resources, your ideas for innovations in the company. How to reach more people, how to get more sales."

Mrs. Holzer, whose financial interests range from real estate to the Broadway theater, also is thinking of the woman who's in her 40s and 50s and wants to go to work for the first time.

"I'm considering starting a school for housewives who have no general knowledge of business operation," she said. "Some women can't even read a business report."

Mrs. Holzer was born in Madrid of a well-to-do, but strict, family. Married at 17, she came to the United States in 1954 to escape a union that wasn't working out.

With her knowledge of languages (she's fluent in several), a job at the United Nations as interpreter was a natural. She also went to work at the same time as a typist at an advertising agency.

"Father let me use his apartment in New York," she said. "So I saved from both my salaries. I started buying houses on Second and Third Avenues." Then she would resell as both avenues, Third especially, began to develop with high rise apartment and office buildings.

Currently, real estate holdings are in Spain, England, and the United States. These include a townhouse on Manhattan's fashionable upper East Side, and residences in London and New Jersey, Madrid and North Carolina.

# Dramatists Audition

VERNON

Auditions for "The Miracle Worker," a three-act drama to be presented by the Tri-Town Players, will be conducted Aug. 28 and 29 at 7:30 p.m. at the Little Pink Building, Henry Park.

The play is based on the childhood of Helen Keller and will be directed by Robert Donnelly who has directed for the Mark Twain Masquers and the Little Theater of Manchester as well as productions in Hebron and South Windsor.

The play requires a 14-member cast consisting of seven males and seven females. Anyone interested is invited to attend one of the audition sessions. Those wishing further information should contact Carol French, 643-2280, anytime.

Town Clerk Attends  
Town Clerk Henry Butler has returned from attending the sixth annual Institute for Professional Clerks conducted at Syracuse University in New York.

The program was administered by the Continuing Education Center for Public Service and is conducted annually to discuss new informa-

# Morra Will Name Two To Region Health Unit

BOLTON

Donna Holland, Correspondent  
Tel. 646-0375

The Board of Selectmen gave First Selectman Richard Morra the power to appoint two individuals to be members of a regional health service group which is in the process of formation.

Morra said the estimated cost of the town for the service would be less than \$1,000 per year. He said additional information about the group and its membership would be forthcoming.

The action was taken at an emergency meeting held by the selectmen Friday.

Coffee Social  
The Bolton Junior Woman's Club is holding the second in a series of informal coffee hours Thursday at 8 p.m. at Herrick Memorial Park.

The club is seeking women between the ages of 18 to 40, married or single, who are interested in the civic, cultural and educational as well as the social growth of Bolton.

Anyone wishing more information may call Mrs. Patricia Pinio, 646-6388.

**Union Opposes Meskill Nomination**

HARTFORD (UPI) — The Connecticut director of the police officer's union is opposing Gov. Thomas J. Meskill's nomination to a federal judgeship.

In a telegram to Sen. Edward M. Kennedy, D-Mass., Tuesday, Joseph J. Mazzotta said Meskill is "unquestionably unworthy" of appointment to the 2nd U.S. Circuit Court of Appeals, a step below the U.S. Supreme Court.

The tools were collected from throughout the country and some date back to pioneer days.

Any man interested in attending the breakfast but who is not a member of the church club should contact Robert Tucker to make arrangements to attend. Breakfast will be provided by the host and the meeting will be informal.

The program was administered by the Continuing Education Center for Public Service and is conducted annually to discuss new informa-

# Town Meeting Tonight

## ANDOVER

Donna Holland  
Correspondent  
644-6375

The Board of Selectmen has called a Town Meeting tonight at 8 at the Andover Elementary School.

Residents will be asked to approve the following additional appropriations to the 1973-1974 budget: \$6,172.52, dump maintenance; \$4,783.86, town and roads; \$4,095.62, highways general; \$1,911.87, social security, hospital insurance, retirement.

Electors will be asked to adopt an ordinance prohibiting excavation on any town road or right-of-way without first obtaining a permit.

They will be asked to rescind the vote taken at the annual budget meeting in 1973 prohibiting an insurance agent or any member of his household from serving on the insurance committee; and to adopt an ordinance providing that no member of the insurance commission or their family shall gain any financial benefit from the purchase of insurance by the town.

Residents will also be asked to approve an appropriation of \$3,500 for a dump truck. They will be asked to authorize the first selectman and town treasurer to pay for the truck from revenue sharing funds.

Residents will be asked to authorize the first selectman to enter into the Multi-Jurisdictional Prime Sponsor Agreement for Comprehensive Manpower Programs for Hartford Labor Market Area and Capitol Region State of Connecticut under Comprehensive Employment and Training Act of 1973.

# School Board Announces Personnel Appointments

## ANDOVER

Donna Holland  
The Board of Education at its meeting Tuesday approved the following personnel appointments:

Mrs. Rose Marie Royal as second cafeteria cook at a salary of \$2.25 per hour. Mrs. Royal was employed for nine years as a cafeteria worker, salad maker at Windham County Hospital and one year at a University of Connecticut fraternity house. She resides in Willimantic.

Mrs. Patricia Coleman, Mrs. Janice Kilduff and Mrs. Mary McNamara, all of Andover, were hired as aides. Mrs. Coleman worked as a substitute teacher and a welfare case worker.

Mrs. Laura Messier was hired as a teacher aide at a salary of \$2.10 per hour. She worked for three hours per day. She resides in Andover. She completed the Eastern Connecticut Teacher Aide Course.

Ten persons applied for the teacher aide positions. Regular

teachers were invited to sit in on interviews of two or three candidates at one time where they were conducted. The candidates themselves liked being interviewed by the board.

The board also approved the appointment of Mrs. Katherine Corral as Title I teacher. She will work a four-day week at a salary of \$7 per hour.

Mrs. Judith Hutchinson was hired as a Title I program aide at a salary of \$2.10 per hour. She will work a five-day week.

The board also approved the sale of a 1966 school bus for \$500. Approval of the sale had been given earlier but the town expected to sell it for \$650. The money will be returned to the general fund.

Bus Routes  
The board approved the 1974-75 bus routes which will be published in The Herald Sept. 3.

Board member William Kaufman asked if the school had the use of a computer in working out the bus routes. Kaufman answered by saying, "Yes, we do have a computer; his name is Richard Person." Person is the supervisor of buses. He took a bus driver training course and will train any new bus drivers that are hired.

Bus Will Be Sold  
The board also approved the sale of a 1966 school bus for \$500. Approval of the sale had been given earlier but the town expected to sell it for \$650. The money will be returned to the general fund.

Reading, language arts and math.

Kaufman said the Title I program would be used as a resource room when not being used by students in the Title I program.

He said there are funds in the budget for purchasing supplies, and he hopes to purchase those which may be used by all school students when not being used by Title I students.

# School Opens Sept. 4

## ANDOVER

Donna Holland  
The Andover Elementary School will open on Sept. 4 with the first school days being full sessions.

The school day is from 8:30 a.m. until 2:30 p.m.

Hot lunch and milk will be served beginning the first day. Hot lunch will sell for 50 cents for students and 75 cents for adults. Milk will sell for 8 cents.

The price for hot lunch may have to be increased depending on how the program does, officials said.

The anticipated enrollment for the school is 288 students.

Upon return of the school students will be welcomed by their new principal, David Kravet, who has been principal since July 2.

Other new teachers who will welcome the students are Miss Lucinda Fraser, physical education; Mrs. Mary Keenan, learning disabilities; and Mrs. Bernadette Grizzell, speech and hearing.

and to haul fill to the disposal area.

There is a \$10 per hour charge when fill is being hauled. The Town of Bolton will be billed for 63 per cent of that amount as 63 per cent of the persons using a new dump truck for the town.

The purchase of a dump truck at a cost of \$11,000 was approved by townpeople earlier this year at a Town Meeting.

The additional appropriation must go to a Town Meeting for approval.

The truck will be used as a general purpose dump truck.

# Truck Funds Okayed

## ANDOVER

Donna Holland  
The Board of Finance approved a request by the selectmen for an appropriation of \$3,500, an additional amount apportioned in order to purchase a new dump truck for the town.

The purchase of a dump truck at a cost of \$11,000 was approved by townpeople earlier this year at a Town Meeting.

The additional appropriation must go to a Town Meeting for approval.

The truck will be used as a general purpose dump truck.

### Zoners Okay School Bus Parking

**COVENTRY**  
Monica Shea  
Correspondent  
The Zoning Board of Appeals Monday granted a variance to Edward Saunders to park school buses on his property on South St.  
The variance also granted Saunders the right to conduct a used car lot at the left hand side of the property.

Saunders, who has the repairer's license, will be limited to no more than seven cars parked on the lot. This must include those cars for sale as well as those cars to be repaired.  
Paul McCobb of the Mass. Bus Co. informed the board that there is no place in Coventry where the buses could be legally parked without a variance from the board.

### Audit Clears Lillyman

**HARTFORD (UPI)**—An independent audit of the Hartford Civic Center has apparently cleared William B. Lillyman, of suspicion that he committed fraud in his handling of funds.  
City Manager Edward Curtin Jr. said Tuesday, however, that the audit revealed "examples of poor administrative judgment."  
Curtin said the audit showed that the city needs clear cut rules for the management of the multi-million dollar exhibition and special events hall.

### State To Pay Rep. King's Legal Fees

**HARTFORD (UPI)**—A state lawmaker who is charged in a \$600,000 defamation suit is going to have his legal bills paid for by the state.  
A legislative committee voted Tuesday to pay a lawyer to defend Rep. Edgar A. King, R-Farmington, in the suit charging that he damaged the business and reputation of a Hartford ambulance operator.  
King is being sued by Harvey L. Kagan, owner of Professional Ambulance Service, Inc., who accused the lawmaker of slandering him in the news media before and during a legislative investigation into alleged ambulance abuses in the Hartford area.

### Houley Names Campaign Aides

**VERNON**  
Legislators have special immunity from such suits while speaking on the floor of the Assembly or in committee, but Kagan said King slandered him at other times.  
The decision of the Legislative Management Committee was unprecedented and does not provide for paying the judgment if King loses the suit.  
Kagan and three other area ambulance operators have been arrested for allegedly defrauding the state Welfare Department of an estimated \$70,000 through false billings for services to welfare clients.

### New Student Registration

**COVENTRY**  
Monica Shea  
Registration for the new students in Coventry public schools will be held as follows:  
Elementary schools, Aug. 26, 27, and 28 from 9 a.m. to 3 p.m.  
Middle and High School, Aug. 21, 22 and 23 from 8:30 a.m. to 2:30 p.m.  
New students must bring birth certificates when registering and present evidence for immunization against regular measles, rubella and polio.  
In addition, children entering kindergarten and first grade for the first time must present evidence of a physical examination completed after April 1 and before Sept. 1.  
There will be no registration of students the first three days of school.  
Bus routes will be published following the above registration dates.  
The superintendent of schools is preparing a list of substitute teachers for the coming school year.  
If you were listed with the Coventry school system last year and would like to be kept on the substitute list, contact the superintendent's office before Sept. 13, at 742-7317.  
College students interested in subbing can obtain an application at the superintendent's office which is located in the Coventry High School.

### MATH / SCIENCE

Manchester Community College offers for the fall semester the following new courses or courses of special interest:  
Math 112 Introductory computer math  
EMT 101 & 102 emergency medical technology  
veterinarian assisting  
pesticides and their uses  
Register on August 21, 27 or 28 from 2-7 P.M. in the administration building on the Bidwell Street campus. Classes begin on September 3.

### Know Your Chamber Member

**PAUL'S PAINT & WALLPAPER**  
Paul Misseri established Paul's Paint & Wallpaper on Main St. in 1924. In 1973, the store moved from its former location to its present address at 615 Main St., which provides twice the floor space of its former location.  
The store features Touraine paint lines, acknowledged as one of the nation's leading quality paint lines. With the store's move to larger quarters, Paul's Paint & Wallpaper has become a complete decorating and craft center. It offers free decorator service in all styles of decor, specializing in wall coverings, and recently added a line of quality, nationally famous carpeting. In addition, Paul's Paint & Wallpaper carries a complete line of ready-made and custom-made shades. From time to time, the store offers adult classes in wallpaper hanging and the crafts.  
Plenty of free parking is offered for customer conveniences, not only on Main St. but also in the rear of the store.  
A family business, Paul's Paint features store owner Paul Misseri, his wife, Teresa, and son, Mike.  
Paul's Paint & Wallpaper has been a member of the Greater Manchester Chamber of Commerce since 1957.

### ABOUT TOWN

First Church of Christ, Scientist, will have a testimony meeting tonight at 8 at the church, 447 N. Main St. The meeting is open to the public.

**In the Interest of Ecology... WE STILL ACCEPT NEWSPAPER AND PAY .016 ONE CENT PER POUND!**  
To Child Organizations, Scouts, Churches and Fraternal Organizations - your right to collect paper has not been stopped. The paper you sell to OSTRINSKY is recycled back into newsprint. The paper that the Town of Manchester sells to a mill becomes bamboo, never again to be used as newsprint.  
It takes (17) seventeen normal size pulp trees to make one ton of newsprint. You will do more for ecology and get paid for your labor if you deliver your newspapers to...  
**OSTRINSKY**  
731 PARKER STREET MANCHESTER, CONN.

**Washington Summer Intern**  
Manchester's John Mrosek was a fourth week participant in the Connecticut Summer Intern Program in Washington, and here was being welcomed by Sen. Lowell Weicker. Mrosek attended the final weekly session along with 42 other young people from the state. He heard debates, attended hearings, and participated in seminars on government. His scholarship was awarded by the Manchester Republican Town Committee.

### Record \$1,074,029 Budget 8% Increase Over Year Ago

**COLUMBIA**  
Virginia Carlson  
Correspondent  
The Board of Education has a record budget of \$1,074,029 for the 1974-75 school year, an increase of over eight per cent from last year's budget.  
Four new teachers have been assigned to the staff. Two will be responsible for the kindergarten through Grade 8 physical education classes. One will teach the newly formed sex education classes half-time and one will teach the newly created gifted children's program half-time.  
School Superintendent Clarence Edmondson defended the budget, saying the school board and the administration has made every effort possible to give maximum publicity while considering implementation of new programs.  
Edmondson said the board adopted a policy this year to hold a public hearing on the preliminary budget so the board could hear from the community.  
About a dozen people showed up at the hearing in July.  
Edmondson said, "Every member of the board is concerned about the 8.9 increase in the budget."  
He said two handball courts will be on the new asphalt area and a basketball court will be set up there. The public will be able to use the area at night, he added.  
Edmondson praised the school board for letting the administration advertise for bids for school bus service last January. The bids came in at \$39 per bus in comparison to bids of \$55 per day.  
Edmondson said persons should attend board meetings and speak up at hearings.  
The school budget and the selection of a board will be presented at a public hearing in September before the annual town meeting to approve the budget in October.  
This is another expensive item," he said.  
He also said members of the community have complained of the number of accidents which occur on the playground. The prime reason, he said, is lack of space for the students.  
Plans are to expand the playground by opening up 4 1/2 acres not previously used. With this, "which costs money," he is confident the accident rate will drop.

### Rockefeller's Grandfather Saved Half His Salary

**UNITED PRESS INTERNATIONAL**  
The founder of the great Rockefeller fortune made a habit of always saving half his salary.  
He permanently continued putting aside that 50 per cent — until it eventually amounted to a grand total of billions of dollars.  
John Davison Rockefeller was born the son of a small trader at Richford, N.Y., in 1839. When he was 20 years old, the first American oil well was drilled in Titusville, Pa. Four years later Rockefeller founded a company to enter the oil refining business.  
His brother William joined the firm the year the Civil War ended. By 1887 the firm owned two refineries in Cleveland, Ohio — and in 1870 it was converted into a joint stock company and named the Standard Oil Company of Ohio, with John D. as its president.  
The organization mushroomed in growth as a result of rebates, mergers, and favorable transportation rates — which all were legal at that time. The firm set up in 1892 as the Standard Oil Trust, and 95 per cent of the nation's oil refining business was under its sway.  
Seven years later the trust was replaced by a holding company — Standard Oil of New Jersey — as the result of an Ohio Supreme Court ruling that a trust violated the Sherman anti-trust act. In 1911 the U.S. Supreme Court declared the old firm had violated the inter-American affairs during World War II, and also as assistant secretary of state. He was undersecretary of the Department of Health, Education and Welfare in 1954, special assistant to the president in 1954-5, and chairman of the president's committee on government organization in 1953-4. He was elected governor of New York in 1958 and was re-elected in 1962, 1966 and 1970. He resigned from the governorship in December, 1973, to devote himself to directing the Commission on Critical Choices for America.  
He is an authority on modern art, serving as a trustee of the Museum of Modern Art. He also was a founder of the Museum of Primitive Art.

### Pathmark Senior Citizens Health Aids Plan.

**Pathmark** we're here to help you...  
We at Pathmark have something important to say to you — the Senior Citizens Health Aids Plan. Membership in the plan is easy enough. Pick up a self-addressed, postage free Application Form at any Pathmark store, fill it in and drop it in the nearest mail box. We'll mail you your own Membership Card and the Special Coupon Booklet.  
**What is the Pathmark Senior Citizens Health Aids Plan?**  
The plan provides you with a variety of information and services in such areas as health and nutrition. And from time to time Pathmark will be offering health aid benefits.  
Our special introductory Senior Citizens Coupon Booklet, for example, includes 50c savings on any Pathmark vitamin and a free pint of isotropic rubbing alcohol. Plus 10 more coupon Surprise Savers.

### OBITUARIES Two Killed In Auto Accidents

**Miss Caroline Bendeson**, 89, of Meriden, formerly of 202 E. Center St., died Tuesday at the Meriden-Wallingford Hospital. Miss Bendeson was born July 29, 1885, in Manchester, daughter of the late Ben and Sophie Rattenberg Bendeson, and lived here until moving to Meriden four years ago.

Before her retirement, she was employed at the Hartford office of the Internal Revenue Service for many years. She was a member of St. Mary's Episcopal Church.

Survivors are a brother, Franklin Bendeson of Meriden; two nieces and a nephew.

Funeral services are Thursday at 2 p.m. at St. Mary's Episcopal Church. The Rev. Stephen White will officiate. Burial will be in East Cemetery.

The Watkins Funeral Home, 142 E. Center St., is in charge of arrangements.

There are no calling hours. The family suggests that any memorial contributions may be made to the American Cancer Society, 237 E. Center St.

**Mrs. Constance Plika** ROCKVILLE — Mrs. Constance Plika, 79, of Ansonia, formerly of Rockville, died Tuesday at Griffin Hospital, Derby. She was the widow of Louis F. Plika.

Mrs. Plika was born in Poland and came to Rockville when she was 16 years old. She lived here until moving to Ansonia 20 years ago.

Survivors are two daughters, Mrs. John Gondek of Ansonia, and Mrs. Helen Olsen, 79, of St. Petersburg, Fla.

Police identified the victim as Thomas Hilliar, 31, of Essex and Mrs. Helen Olsen, 79, of St. Petersburg, Fla.

The car Hilliar was driving crashed head-on Tuesday with another car driven by Susan Schumack, 21, of Clinton. She was hospitalized in good condition.

Officers said both cars were near the middle of the road when the accident occurred, and were traveling fast. Police said Hilliar was pinned in the wreckage and died by a blow to the head. The accident happened shortly after noon.

An autopsy was scheduled today to determine the cause of Mrs. Olsen's death. Police said she was driving west on the turnpike with her husband, Ralph, 80, when the car veered from the center lane about 9:50 p.m. The car crashed into concrete abutments of the bridge and the husband was hospitalized in serious condition.

### CONTINUED FROM PAGE 1 Town Directors Reject

received and a new public hearing scheduled.

A contribution to the Manchester Youth Hockey Association (toward ice rental time at the Bolton Ice Palace) was rejected by a 6 to 3 vote. The three backing the contribution were Thompson, Gallagher and Zinsner. The rejection was because of the scarcity of available funds.

He warned, "By a vote of the Board of Directors, authorizing or approving the establishment of such a patrol, the town legally assumes responsibilities for its activities, which can give rise to potential and serious claims against the Town of Manchester."

Rejection of the proposed sale of the town-owned parcel was by a 9 to 0 vote. The Planning and Zoning Commission Case M1, is illegal and contrary to the provisions, spirit and public policy of our charter."

He concluded then, "Patrolling Cas-

### Supply and Type of Oil Determine Refinery Costs

**JOLIET, Ill. (UPI)** — Construction of a New England refinery dependent upon high-sulfur Midwest crude oil will cost twice that of a refinery importing low-sulfur grade supplies, says Connecticut state Sen. Samuel B. Heller.

Heller, the Republican nominee for Congress from Connecticut's 2nd District, Wednesday toured the Joliet Mobil Oil Co. plant, which he said energy experts consider the most efficient "white gold" refinery in the nation.

After talking with refinery personnel, Heller said two priorities in planning a refinery are assurance of a continuing supply of crude oil and determination of the type of oil to be refined.

"Mobil Oil officials emphasized that crude oil protection is going to be a big country and any crude oil available to New England would have to come from the Midwest or a domestic source off the Atlantic not yet developed," Heller said.

It is most likely that a New England refinery would process so-called "sour" or high-sulfur oil, he said. Midwest oil is almost entirely "sweet."

International Oil Ventures (INOVEN) wants to build a refinery on a 1,000-acre site in Montville, Conn., with an in-loading dock on Bartlett's Reef off Waterford in Long Island Sound.

At the 100,000-barrel-a-day Joliet plant, \$15 million of the total \$250 million construction cost two years ago was spent on environmental controls. Mobil officials told Heller.

A Mobil spokesman said the cost for the Joliet plant today would be up around \$400 million.

INOVEN has proposed to build a 400,000-barrel-a-day refinery for \$500 million.

The tour was on the first day of a three-day trip which will also take the state senator to Washington, D.C.

# Hard Luck Common for Angels' Nolan Ryan, Strikes Out 19 Tigers But Loses in 11th, 1-0

**NEW YORK (UPI)** — Hard luck is as common to Nolan Ryan as his fastball is unshakable to the rest of the American League.

The 27-year-old right-hander of the California Angels suffered a heartbreaking loss for the second time in two weeks Tuesday night when he was beaten 1-0 in 11 innings by the Detroit Tigers despite striking out 19 batters for the second time this season.

Ryan, who lost a game to the Chicago White Sox two weeks ago in which he pitched 8 1/3 innings of no-hit ball, the short end of the score when Bill Freehan lined a run-scoring single with two out in the top of the 11th inning.

The Angels, however, couldn't come through with the big hit against Litch, who was in trouble often but came through in the clutch. The Angels had at least one successful game in each of the first six innings, got a runner as far as third in the 10th and another to second in the 11th but

failed to come up with a timely hit.

"Losses of that kind are always hard to take," said Ryan, who now has lost five games this season in which he has given up three runs or less. "It's not easy to sleep after something like that. I try to forget about the losses. There is only one thing on my mind and that's 20 wins. I try to block everything else out."

Ryan, who only last week equaled the major league record for most strikeouts in nine innings by striking out 19 batters in the 11th.

With two out, Ben Oglivie singled, stole second and scored on Freehan's single to right.

Despite losing his 12th game in 23 decisions, Ryan broke his own major league record for most strikeouts in three successive games—14.

Litch, winning his 15th game against 14 losses, said he wasn't aware of what Ryan was doing on the mound until he looked at the scoreboard after Ryan's 19th strikeout.

"I don't get pumped up as far as getting excited," said Litch. "As a matter of fact, I didn't even know how many strikeouts he had until they flashed it on the board. That sort of thing gets you discouraged but with a matchup like this, of course I get up. I started getting my concentration together this afternoon. I got my game plan completely ready when I came to the park."

In other AL games, Boston whipped Chicago 8-3, New York nipped Minnesota 2-1, Kansas City blanked Cleveland 2-0, Baltimore edged Texas 2-1 and Oakland topped Milwaukee 7-1.

Royals 2, Indians 0

Tony Solaita and Fran Healy hit fifth inning homers off Gaylord Perry and Lindy McDaniel turned in four innings of two-hits relief to spark the Royals' over the Indians. Al Fitzmorris went the first five innings for Kansas City to

notch a career high ninth win against only three losses. The loss was Perry's seventh in eight decisions after winning 15 in a row.

Orioles 2, Rangers 1

Mike Cuellar tossed a five-hitter for his 15th win in pitching the Orioles over the Rangers. A run-scoring double by Brooks Robinson and a sacrifice fly by Mark Belanger in the second inning accounted for the Orioles' runs off Jackie Brown, who dropped his 10th game in 19 decisions.

A's 7, Brewers 1

Jim Hunter tossed a three-hitter for his 18th victory and battermate Gene Tenace cracked a grand-slam homer to pace the A's over the Brewers. Tenace's second grand slam of the year highlighted a six-run eighth inning. Darrel Porter accounted for Milwaukee's only run with a homer.

pitching the Orioles over the Rangers. A run-scoring double by Brooks Robinson and a sacrifice fly by Mark Belanger in the second inning accounted for the Orioles' runs off Jackie Brown, who dropped his 10th game in 19 decisions.

### Police Report

**MANCHESTER**

Richard T. Migliore, 20, of 12 West St. was arrested Tuesday morning and charged with operating a motor vehicle while his license was suspended.

He was released on \$150 non-surety bond for appearance in Circuit Court 12 on Sept. 15.

Burton D. Pearl, 67, of 114 Woodland St., Steven R. Pearl, 30, of 562 Gardner St., and Robert A. Pearl, 30, of 152 Hollister St. were all arrested on Circuit Court 12 warrants charging them with third-degree burglary and third-degree larceny.

The charges stem from the illegal entry by the men representing the B.D. Pearl Appliance and Furniture Center at 449 Main St. into the home of Mrs. Kathy Maguire of 23 Laurel St. recently and the removal from the home of a washing machine, police said.

They were all released on their written promises to appear in court Sept. 9.

Lacille Serignese, 65, of East Hartford was arrested today at 6:30 a.m. and charged with speeding and failure to obey officer's signals (crasher lights and siren). Court is Sept. 9.

Richard L. Lanzano, 26, of 38 Glenwood St. was taken by police to Manchester Correctional Center today at 12:25 a.m. after a traffic stop on a motorcycle in front of the Dip & Sip donut shop on Center St. He was treated for a shoulder and ankle and was discharged.

The driver of the car, Rhena

### Raymond F. Canfield

Raymond F. Canfield, 78, of 135 Glenwood St. died this morning at Manchester Memorial Hospital. He was the husband of Mrs. Ruth Griffin Canfield.

Mrs. Canfield was born in Middlefield and had lived in Hartford before coming to Manchester 28 years ago. He had been employed at the Hartford Lodge of Elks and Hartford Lodge of Woodmen of the World. He belonged to Hartford Lodge of Eagles.

He is also survived by a sister, Mrs. Ethel Case of Granby; a niece, Ruth Hills, who had made her home with the Canfields for 37 years; and a grandson.

Funeral services are Friday at 11 a.m. at Rose Hill Funeral Home, 580 Elm St., Rocky Hill. Burial will be in Center Cemetery, Rocky Hill.

Friends may call at the funeral home Thursday from 2 to 4 and 7 to 9 p.m.

The family suggests that any memorial contributions may be made to a charity of the donor's choice.

### Church Offers Film 'His Land'

A film, "His Land," which tells the story of Israel from ancient to modern times will be presented Thursday at 7 p.m. at the Presbyterian Church, 43 Spruce St. The showing is open to the public free of charge.

The musical score for "His Land" was composed and arranged by Robert Carver of the Congregational Church and the credit committee of the Rockville Credit Union.

She is also survived by a son, Vernon Police Chief Herman A. Fritz; a sister, Mrs. Alice Herre of Woodstock; and four grandchildren.

Private funeral services are Thursday at White-Gibson-Small Funeral Home, 65 Elm St. Burial will be in Grove Hill Cemetery.

There are no calling hours. The family suggests that any memorial contributions may be made to Rockville Public Nursing Association's Ruth E. Hoyte Fund for Children.

### Power Outage

A faulted line fuse box on McKee St. caused a nearly two-hour power outage in that area Tuesday night, according to a spokesman for the Hartford Electric Light Co.

Power was out from 6:46 until 8:46 p.m. The outage affected Dougherty, McKee, Roosevelt and Center Sts. and Victoria Rd. and 78 customers were without power, the spokesman said.

The driver of the car, Rhena

### Sign Up Voters

Manchester's SAM Contest Saturday night at Mt. Nebo will be the setting for a special voter-making session scheduled by the Republican and Democratic registrars.

The voter-making session will be from 8 to 10 p.m. Eligible applicants must be at least 18 years of age, Manchester residents and U.S. citizens.

### Fire Calls

**TOLLAND COUNTY**  
Tuesday, 6:08 p.m. — structure fire at High and McQueen Sts. (Rockville Fire Department sent for preliminary plans filed at Tolland departments on stand-by).

**AMBULANCE CALLS**  
**TOLLAND COUNTY**  
Tuesday, 10:26 p.m. — auto accident on South River Rd. (Tolland Fire Department with the Tolland Ambulance called minute later).

**MANCHESTER**  
Tuesday, 12:32 p.m. — boy fell off bike on Lydall St. by the Manchester Water Co. (Manchester Ambulance).

Today, 12:25 a.m. — motorcycle accident in front of Dip & Sip donut store on Center St. (Manchester Ambulance).

### Notice

Probate Court is open for conferences with the judge from 6:30 P.M. to 8 P.M. on Thursday nights. Night telephone number: 866-6141. William E. Fitzgerald, Judge of Probate.

### Notice

The revolutionary NEW iggett's is now available in the Rockville area. This revolutionary new product is made of a special material that is completely waterproof. It is also available in a variety of colors. Price \$12.99. Will Not Tarnish, Rust or Stain. Never Needs Polishing. Replace without Time Limit & without Charge.

# Manchester Evening Herald OPINION

## The President's Choice

Early reaction indicates President Gerald Ford's choice for vice president, Nelson A. Rockefeller, will meet with House and Senate approval. Persistently on the list of possible nominees since Ford ascended to the presidency less than two weeks ago, Rockefeller's selection is not a complete surprise.

In the course of the days leading to Tuesday's announcement, the President was highly secretive. While it was made to appear that his choice was not finalized until Monday night, we feel the President, being one who fully realizes political potential in allowing almost everyone in the Republican party to suggest possible candidates, probably made his decision much earlier. By keeping mum and soliciting suggestions, he involved the party leaders in Washington and throughout the states, a political tactic to be sure, but one that brought a lot of Republicans into the process and thus strengthens his final decision on Rockefeller.

The choice of Rockefeller is a bit curious though to those who perhaps would have preferred a younger man, assuming as almost everyone now does that President Ford will seek the nomination and election to the presidency in 1976.

Rockefeller who is 66, in accepting the vice presidency, has apparently given up his own aspirations to be president.

In doing so, he will be freeing himself to strengthen the Ford Administration because of his experience in political administration gained in his long tenure as governor of New York state and his knowledge of international affairs gained in public and private life.

It should not be overlooked that adding Rockefeller to the Ford team, rejoins the former governor with Secretary of State Henry Kissinger. They have a long-standing relationship and according to some observers, it was Rockefeller's influence that persuaded Kissinger to join the Nixon administration where he accomplished major international agreements.

The Ford-Rockefeller team faces its big test, assuming Rockefeller is relatively quickly confirmed, in the coming election. Between the two, they can give much help to many Republican candidates, who only a few weeks ago, were almost doomed to defeat.

A conservative Ford and a liberal (but not too far out) Rockefeller presents the Democrats with a campaign factor that could substantially cut any gains in the House or Senate that once looked so promising. This, coupled with a lot of new Republican faces seeking those vacancies, could well make the campaign a tight race.

And this may have been the reason for President Ford's choice. With Rockefeller as number two man, he offers the Republicans a much broader base upon which they can resurrect the party than if he had selected someone else with less personal and public service credentials. The nomination speaks for President Ford in that it appears to be acceptable to the Democrats also despite the obvious advantages to the Republicans.

And for the American people, there is a sense of relief in that the choice for vice president is a man, should fate dictate, who has the background, experience and dedication to serve as president.

### ANDREW TULLY

#### Ford Will Run

WASHINGTON — At the State Department, the word is being quietly passed to certain reporters that Secretary Henry Kissinger has "assured" the more important foreign governments that there will be "Presidential continuity" through 1980. If true, and the report has the Kissinger flavor, it doesn't mean that Ford has confided his intention to run in 1976 to anyone, including Kissinger. Undoubtedly, Ford hasn't given the thought more than a passing nod. But he must know, if only subconsciously, that he'll have to make the race.

Ford is, above all, a realistic man and politician. Even though he probably would prefer to serve only two years in an office where he will be a sitting duck for every malcontent in the land, he is just not the type to run away from it after such a brief tenure. Duty is a word often misused in this town, but Gerald Ford has always been possessed of a strong will to fulfill his political obligations. To Ford, leaving office after only a two-year term would smack of desertion.

So, of course he'll run again. This is a prediction based on no inside information whatsoever, but simply on the facts of life. Moreover, it is highly probable that within several months Ford will make it plain — if perhaps in not so many words — that he will be the man the Democrats must beat in 1976.

He will do so because he dare not let anyone get the impression — especially on Capitol Hill — that he is serving as a lame duck President. As one Republican senator put it: "Congress will be known that he's going to run in '76."

There is, quite simply, too much to be done on all fronts in the next six years for Ford to be vague on this question. Economically, the country is in horrid shape, with every indication that inflation is being offered at rates of almost 10 per cent, with short term Treasury offerings being made at nearly 9 per cent. Investors seeking liquidity are taking these routes rather than committing money for 30 years at a figure which they think insufficient.

### HI NEIGHBOR

By BURL LYONS

In this day of history-making news events around the globe, one sometimes has a tendency to overlook the good things that are being accomplished here at home for the good of the community and the people. Praise is certainly due the Savings Bank of Manchester for making \$100,000 available for a downtown parking lot on St. James Church property.

With the current tight money situation, the action by SBM is a true expression of civic pride and betterment. The commitment also clearly indicates the bank believes solidly in the future of Main Street which will soon revert to town ownership.

We would hope other businesses might follow the lead of SBM and undertake projects to renovate their stores, both inside and out, so as to make them more attractive.

Our congratulations to the Manchester Jaycees and Frank's Supermarket in their project to aid Manchester Memorial Hospital. Our appreciation also to the more than 4,000 people who took the time to participate in the Fish Fry for Charity. There's also the Jimmy Fund to aid cancer research for children which met with great response by the folks in Manchester.

That's what life is all about. People helping people.

From time to time we have heard the cry and moan that jobs are scarce in the Manchester area.

It was quite a surprise the other day to learn from a couple of industrial leaders that they experience difficulty in finding workers.

The problem is that a lot of people feel they shouldn't work for \$3 to \$4 per hour but should command a higher salary even though they might not be qualified.

There are a lot of employment opportunities available in the Manchester area. It pretty much boils down to whether a man or woman prefers to work or live off the public dole, welfare.

There was a time when newspapers wouldn't publish four-letter words so as to shield the American family. Now that's changing.

One of the news services found that 30 per cent of the newspapers it surveyed printed "all" or nearly all of the expletives contained in the White House tapes released by the House Judiciary Committee.

The Herald wasn't one of the newspapers. We find the words distasteful and we shall continue to refrain from publishing four-letter words.

Something for retailers to think about: A retailer who advertises a sale but doesn't state how long it will run might be promoting trouble from the Federal Trade Commission.

"Sales that aren't" are one target in a new battle on retail pricing policies that looms as the FTC revises its 10-year-old guide against deceptive pricing. President Ford and the Congress have their work cut out for them in trying to combat inflation and the shrinking dollar.

The dollar was worth 73 cents in 1955; it dropped to 62 cents in 1965, and this year it is worth 40 cents. If inflation continues at the same rate and the federal government spends money to provide the same services that it provides today, it is estimated that by the year 2002 the dollar will be worth 16 cents.

We felt a bit honored the other day when we started to read a letter that we had been proposed for membership in a national association. But our ego was deflated and we

surmised that we had merely landed on someone's mailing list when we read this last paragraph: "Despite efforts to avoid errors, it is possible you are already an active member. (We aren't.) If so, please accept my apologies and pass this material on to a friend who will benefit from it."

You may have noticed that some of our headlines such as Inside Today, About Town, have been redesigned. The work was accomplished by Doug Devins of our editorial staff. They are well done and we hope they meet your approval.

For what it's worth. A nationwide survey reveals that taxpayers believe state governments give them more for their money than the federal government. That's a reversal of a previous survey made last year. Previously, the federal government was selected by the majority as the level of government providing the most benefits per buck.

On a regional basis, strongest support for state governments was found in the South and West. Support for local governments varied from 35 per cent in the North Central region to 22 per cent in the South.

The request by the federal energy czar for men to shed their ties and coats as an energy-saving measure has pretty much fallen on deaf ears this summer.

So did our request for proclaiming an open-car season in Manchester until at least after Labor Day. But we can recall that women won the battle of the pantsuit, after a long fight, and so a victory for all men isn't impossible. Men would have been aided in their battle if the summer would have been hotter.

Meanwhile, the Men's Tie Foundation is protesting such a proposal on the basis of possible job losses in the industry. It has come up with eight suggestions on how to wear a tie and keep cool, mostly urging men to choose loosely woven fabrics, try a shirt collar half a size larger in the summer, and wear cool colors.

And it even has this to say: "A tie is fun. And, unlike any other garment, it is pure, self-indulgent decoration. A tie can reflect mood, emotion, affiliation and taste. If ties are moved to the back of the closet, men will express themselves through their socks." Did you know all that, men?

Those in the industry say the demand for backyard swimming pools is at an all-time high.

Judging by the number of permits we publish from time to time, the demand must also be strong in the Manchester area.

There are 2.5 million pools in the country today and the list grows by approximately 10 per cent a year.

The decision that the movie, "Deep Throat," isn't obscene has to be one of the most absurd rulings handed down in a long time.

The ruling is likely to open the door to more porno.

HERALD YESTERDAYS  
25 Years Ago  
10 Years Ago

Today is Wednesday, Aug. 21, the 232nd day of 1974 with 132 to follow. The moon is approaching its first quarter. The morning stars are Mercury, Venus, Jupiter and Saturn. The evening star is Mars. Those born on this date are under the sign of Leo. Britain's Princess Margaret was born Aug. 21, 1930. On this day in history: In 1940, Leon Trotsky, a prime bullseye of Soviet communism, was assassinated in Mexico City where he had lived in exile for three years.

In 1951, the United States ordered construction of the world's first atomic submarine. In 1968, the Soviet Union and other Warsaw Pact forces invaded Czechoslovakia to choke off a growing drive to free the nation from Moscow's control. In 1971, three officers and four convicts were killed in an escape attempt at San Quentin prison in California. A thought for the day: President Woodrow Wilson said, "Sometimes people call me an idealist. Well, that is the way I know I am an American. America is the only idealistic country in the world."

## IGE in Third Year at Hicks

TOLLAND

At Hicks Memorial School the Individually Guided Education (IGE) program is going into its third year.

Andrew Winans, principal, notes, "It is not an easy task to move from a textbook-centered program to an individualized program. It is not an easy task to evolve a growing, self-improving educational system. But it is possible."

Goals set for the coming year at Hicks, "traditional" Grades 3 and 4, are: Hamanize the educational process by emphasizing a feeling of concerned acceptance of all children, committing ourselves to deal with human variations, and altering the instructional setting to assure every child is learning as much as he is capable of learning; establish basic instructional and administrative units small enough to allow every staff member to be known and treated as an individual and large enough to permit role differentiation and complementarity of contributions.

Also, establish good reconciliation of the values of autonomy, small group responsibility and intergroup coordination; employ problem-solving processes to identify and satisfy the educational needs of each student; devote major attention to home and neighborhood characteristics in connection with the learning styles, behavior patterns, and other characteristics of each student; develop an effective communication system with parents, students, and the community.

Objectives designed to assist the staff or school in the realization of these goals are: employ problem-solving processes in connection with the learning styles, behavior patterns, and other characteristics of each student; develop an effective communication system with parents, students, and the community.

Unit teachers practice role specialization and a division of labor when planning for the students' learning program; accumulate a collection of student learning objectives consistent with broad goals of the program.

Unit teachers practice role specialization and a division of labor when planning for the students' learning program; accumulate a collection of student learning objectives consistent with broad goals of the program.

Mark R. Shedd describes workings of education agency to Janet L. Kennedy, UConn senior serving at Hartford headquarters as public service intern.

## Shedd Seeks Bold Solutions To Problems Facing Schools

Mark R. Shedd, the new state commissioner of education, came to Connecticut with a record of seeking bold solutions to problems facing the schools. The editor of a Connecticut newspaper recently called him "an educator with a reputation for fresh ideas."

Prior to being named to his present job, Dr. Shedd had served as a rural district superintendent in Connecticut and as superintendent in Englewood, N.J., and in Philadelphia.

In Englewood, he set up one of the first school desegregation programs in a northern state. He accepted the top school job in Philadelphia upon the invitation of a school board that had been elected to reform a deteriorating school system on the verge of collapse. During his four years in the \$45,000-a-year post, Dr. Shedd spearheaded a citywide program of sweeping educational change.

Before he left his job in a dispute with Mayor Frank L. Rizzo, Mark Shedd gained a national reputation. Mayor Rizzo, formerly police commissioner, charged the superintendent with fostering permissiveness in the schools. "I didn't believe I was hired or committed to run an educational system like a

prison system," Dr. Shedd later remarked. Among the reforms that Dr. Shedd brought about before his firing were a massive school building program, increases in teacher salaries, and a modern managerial process for setting priorities and keeping tabs on spending.

Curricular innovations included the Parkway School — a "school without walls" project in which students, instead of attending a single school, went to class in such places as art galleries, newspaper offices, and business establishments in downtown Philadelphia. Centers patterned after the Parkway School have since been established across the country and in several Connecticut cities.

After leaving Philadelphia, Dr. Shedd became a professor at Harvard's graduate school of education. He had taken his doctorate in educational administration there in 1960. Only six days after becoming state education commissioner, Mark Shedd revealed that he had not given up his habit of looking for new solutions to old problems. He did this in a May 30 address to a meeting of superintendents in Hartford.

Taking dead aim at a system of school finance which he considered antiquated and unfair to towns of low wealth, he told the school chiefs: "The state must increase its share of the cost of public education, replacing the vagaries of local tax bases with the broader sounder tax base of the state."

"The state's contribution should diminish the inequitable tax burden of an onerous and unpopular tax, the property tax." A short time later, the State Board of Education voted to ask the 1975 General Assembly to appropriate \$100 million to help equalize school costs among the towns of the state.

Mark Shedd is 48, a native of Quincy, Mass. He began his career as a teacher in the Bangor, Maine public schools. He and Mrs. Shedd live in Hartford. As commissioner of education and secretary to the state board, Dr. Shedd heads an agency with 1,700 full-time employees and an operating budget of nearly \$30 million. He is the 13th man to hold the state post, a job first held by Henry Barnard, one of the great names in American education, from 1838 to 1842.

## Chewing Gum Hit by Inflation

CHICAGO (UPI) — Inflation appears ready to claim another victim — the 10-cent package of chewing gum.

The dominant firm in the industry, William Wrigley Jr. Co., has announced a 30 per cent wholesale price increase in three of its brands. The hikes follow 15 per cent increases June 29. Wrigley claims to manufacture nearly half of the chewing gum marketed in the United States. Its president, William Wrigley, said since early 1974 materials in gum have been hit with "staggering cost increases."

Wrigley said they have risen 50 per cent this year.

## Home Buyers Plight

The plight of the prospective home buyer in today's mortgage market is a sad one. Federally insured home purchase money now will bear an interest rate of 9 1/4 per cent according to an announcement of the Office of Housing and Urban Development.

The move by the government has been made to lower closing costs and enable the home buyers to avoid large initial payments. The last mortgage auction by the government brought rates averaging 10.124 per cent for the investor.

This was possible when the buyer paid penalty points of up to 6 per cent to 8 per cent of the cost of the home, even though the stated interest rate was only 9 per cent.

Heavy initial payments made it difficult for buyers to raise sufficient cash to put them into their new home. The government seeking to bypass this impediment has bowed to "the realities" of the mortgage market.

But at a heavy penalty to the home purchaser. An example cited is that of a \$30,000 home bought with a 30-year mortgage. Monthly mortgage payments will be about \$248, or almost \$3,000 per year.

On the old basis of figuring that no more than one-quarter of family income should be paid for shelter, this would mean that the prospective purchaser would have to have an income of \$12,000 per year for mortgage payments alone.

This does not take into account the fact that in addition to the financing payments he will have to also make monthly payments of pro rated taxes and insurance premium. Banks insist on this so that their investment is protected against loss or tax sale.

To carry this a bit farther, we find that \$3,000 per year for 30 years now is

\$90,000 or about three times the cost of the \$30,000 home. And with insurance and taxes payment the borrower may be assured that he will pay substantially more than \$100,000 over the term of his mortgage, for his \$30,000 home.

Young families trying to buy their home will find this accumulated total very formidable, even beyond their ability. While a home is admittedly the single largest purchase that most people will make in their lifetimes, few who think it out will want to take on a liability of this magnitude.

It is interesting to note that previous home mortgage offerings by HUD at interest rate of 7-1/4 and 8 per cent are not being taken by investors. The 100,000 mortgages offered at the 8 per cent figure in May have not been taken by investors.

Investors simply are not interested in putting out their money at such rates in these times of 12 per cent annual inflation. High grade bonds are being offered at rates of almost 10 per cent, with short term Treasury offerings being made at nearly 9 per cent. Investors seeking liquidity are taking these routes rather than committing money for 30 years at a figure which they think insufficient.

Steelworkers President I.W. Abel has suggested direct government loans rather than guaranteed mortgages being offered to the private sector. This, of course, would mean that the taxpayer would subsidize the home buyer. The present interest rate can be a great impediment to employment in the construction industry as home buyers find the price of 9-1/4 per cent too much for their pocketbook.

## ALMANAC

By United Press International Today is Wednesday, Aug. 21, the 232nd day of 1974 with 132 to follow. The moon is approaching its first quarter. The morning stars are Mercury, Venus, Jupiter and Saturn. The evening star is Mars. Those born on this date are under the sign of Leo. Britain's Princess Margaret was born Aug. 21, 1930. ### Town Schools Open Sept. 4

It's getting that time of summer when the opening of school is signalled by a coolness in the air, lengthening afternoon shadows, a kind of ennui that settles into the day's summer routine.

School begins in the town public schools, the parochial schools, and Howell Green Technical School Sept. 4.

Cheney Tech's first day begins at 8 a.m. Dismissal will be at noon, but all other dismissals are at 2:30 except when notified. Full cafeteria service begins on Thursday.

Sophomore electronic students at Cheney Tech will report to the library. Sophomore drafting students will report to the blueprint room. All other students, except freshmen, will report to their respective shops.

The Manchester Head Start program will be accepting applications beginning Aug. 27 for the coming school year.

Head Start is a preschool program for 3½- and 4-year-old children of low income families who live in Manchester.

The program is held four hours daily five days a week throughout the school year. The children receive bus transportation, a snack and a hot lunch in addition to educational, health and social services. There is no fee.

Those wishing application or further information may call 646-5854, ext. 442, or ext. 444 on or after Aug. 27.

There will be lunches served in the public school cafeterias the first day of school. The Herald will publish the school menus along with bus schedules and other pertinent school information in the Sept. 3 issue.

School Superintendent James P. Kennedy said he is looking forward to a good school year. He said there will be modifications in the curriculum at Bennett Junior High School and Hilling Junior High School because of the construction and renovations at the two schools. He said parents would be notified of changes affecting the students. The details will be outlined to members of the Board of Education when they meet Monday night.

There will be groundbreaking ceremonies at the two schools Friday beginning 10 a.m. at Bennett.

Instead of the usual teachers conference the day before school starts, Kennedy plans this year for a more informal type of "get-together" for the entire school staff.

Beginning at 8:15 Sept. 3 in the Manchester High School cafeteria, coffee will be served until the program begins at 9 a.m. Dr. Kennedy said he will introduce to the people in the school system who are often seen but are unknown to many in the system.

After the short informal meeting, Dr. Kennedy said the teachers will meet with their respective schools where they will meet with their principals.

### Wyman Oil To Supply 8th District

A contract for supplying the Eighth Utilities District with No. 2 fuel oil for 1974-75 has been awarded the Wyman Oil Co., the district's present supplier.

Wyman's price is 5.5 cents per gallon above the New Haven Harbor barge price.

Manchester Oil Heat Inc., the only other bidder, offered a price of 5.8 cents per gallon above the Hartford Terminal price. It was the consensus of the district directors the Wyman bid could mean a considerable saving over the Manchester Oil bid.

Frank Mordavsky, the district's acting fire chief in July, has reported 19 fire calls that month - 5 structure fires, 3 miscellaneous, 2 electrical, 5 miscellaneous, and 1 false alarm.

Mordavsky said an average of 24 men per call answered the alarms - at an average response time of 2½ minutes.

District Clerk Joseph Voiz told the directors Monday night it would cost the district 7½ per cent interest to borrow for operating expenses until district taxes start coming in - estimated to be the middle of October.

The directors agreed to utilize available funds in savings accounts - in order to save on interest charges.

### Three Courses Offered At Satellite Campus

VERNON  
At its first satellite campus in Rockville, Manchester Community College's division of extension and community services is offering three courses starting this fall.

The college has leased quarters from the Union Congregational Church on Elm St. to test the response to college courses locally available.

Residents will be able to study introduction to anthropology, introduction to composition, and general psychology.

In addition, five courses will be offered Saturday mornings at the campuses in Manchester. They are: Introduction to data processing, elements of modern mathematics, introduction to oceanography, introduction to the study of society, and effective speaking.

Five courses will be available on an audio-visual-tutorial basis. Through individualized, programmed instruction and constant access to instructional personnel, a student in an AVT course can proceed at his own pace.

The AVT lab will be open from 8 a.m. to 10 p.m. for maximum convenience. Two courses in typewriting, two in shorthand, and one in sales and techniques of selling will be offered in this way.

For those unable to attend regular classes or those who prefer to work on their own, the college is offering six correspondence courses. They are: Introduction to anthropology, introduction to economics, United States history, introductory calculus, introduction to the study of society, and marriage and the family.

In cooperation with Connecticut Public Television, two courses are for home study: Developmental psychology, and the role of Black Americans in American social development.

Anyone wishing further information about any of these new courses should contact an extension division at 646-3137.

### Residents Cite Noise, Traffic on Parker St.

A 32-signature petition from residents in the Parker St.-E. Middle Tpke. area, calling attention to what they call critical safety and health hazards there - due to increased traffic - has been presented to Police Chief James Reardon, with copies to Town Manager Robert Weiss and Manchester Mayor John Thompson.

The increased traffic is because Woodbridge St. traffic has been rerouted to Parker St. since July 5, when the Woodbridge St. bridge sank during a torrential rainfall.

Circulated by Arthur C. Petrone of 235 Parker St., the petition states, "We, the undersigned, are writing to see if you will help us survive the future months.

The following complaints are enumerated:

"Hazardous incline and intersection at corner of Parker and E. Middle Tpke., with traffic light, where most cars are speeding in order to get through green light without having to stop. This makes it very difficult for residents to get their cars out of their own driveways.

"Parker St. has no sidewalks and narrow lanes in spots. Many young people live in the area and tend to walk on the side of the street. Children with bicycles have to ride in the street and are in constant danger of speeding cars and motorcycles. Last Sunday we counted 7 speeding, noisy motorcycles passing within 15 minutes.

### WORK APPAREL

we stock more styles of work and hike boots than any other store in the TRI-TOWN area.

### GOP Fair to Feature Many Booths, Artists

Plans are near completion for the GOP Fair scheduled for Saturday, Sept. 14, co-chairmen Mary Willhide and Charles Crocini said today. The fair will be at Mt. Nebo from 10 a.m. to 3 p.m. It is being sponsored by the Manchester Republican Town Committee. The rain date is Sept. 21.

Among the attractions: 11 booths featuring Christmas decorations, young penny candy, thumb-print pictures, pillows, crafts, handmade articles, plants and dried arrangements, baked goods, cheese, new and used books, metal sculpture, fortunes and travel - with a trip to be auctioned off at the travel booth.

Among local artists who will appear are Al Ray, silversmith; Stuart Johnson, charcoal profiles; and Marge Flynn, needlepoint.

Other features include the Irish Step Dancers and the Everett Brothers in a boxing exhibition. In addition, there will be rides, games and races, a clown, an auction with door prizes, refreshments all day, and an antique-car display - courtesy of Lawrence Riker, Charles Burr and Darden Hackett.

Tickets are available from Carl Zinsler, ticket chairman, or from members of the GOP Town Committee. The public is invited.

### O'Marra Named Referee In State Appeals Unit

Thomas R. O'Marra of Manchester, a former official of the state Public Works Department who was convicted in March of forging a state lease, has been appointed a referee in the state Labor Department's new Unemployment Security Board of Review.

O'Marra, 31, was named to the \$14,667-a-year job last Friday by the Board of Review, which was created by the 1974 General Assembly to replace the former state Unemployment Commission.

O'Marra's appointment was the first selection of a referee for the new agency, which will determine if persons are eligible for unemployment compensation. However, the six former members of the Unemployment Commission have also taken full-time jobs at referees.

The 1974 public act which created the new agency provides for a three-member Board of Review and up to 12 referees.

A Labor Department spokesman said today that there is the major belief that O'Marra was selected for the referee job by the three-member Board of Review upon the personal recommendation of state Labor Commissioner Jack Fusari.

Fusari, responding this morning to criticism of the appointment of a convicted forger, said O'Marra, a lawyer, is "eminently qualified for the referee position." He has paid his debt to society," Fusari said, "and he's no criminal."

O'Marra resigned from the Public Works Department last winter after investigation disclosed a forged signature on a questionable lease for emergency welfare housing in Bridgeport.

He was charged with second-degree forgery in February and pleaded no-contest to the charge.

In March, O'Marra was given a six-month suspended jail sentence without probation and was suspended from law practice for three months.

As a referee, O'Marra will serve a role as the first step in an appeals process for persons aggrieved by Labor Department decisions on unemployment compensation benefits.

Referees will hear appeals of department decisions. Referee's decisions can be appealed to the three-member Board of Review and then to the Superior Court.

The Board of Review is headed by full-timer Albert S. Crockett II, a former insurance-real estate agent from Greenwich. The other members, both part-timers, are former Hartford Mayor Joseph V. Cronin and Hamden banker Louis A. Sidoli.

### A Special Announcement from Weight Watchers.

If you act now you can actually save money while you lose weight.

Over the years, Weight Watchers International, Inc. has successfully kept the cost of losing weight down. We wanted everyone who wanted to lose weight and keep it off to be able to join Weight Watchers!

We've held the line as long as we can.

Beginning August 26, 1974, the weekly fee for new members at Weight Watchers meetings will be only 50¢ more. Our one-time registration fee will also be only 50¢ more.

But if you join us now (before August 26) you'll be eligible for our old, lower rates as long as you maintain consecutive weekly attendance.

Even with this modest cost increase, we think you'll agree that Weight Watchers is the outstanding value in weight control.

Through the years, millions of men, women and teenagers have been through the Weight Watchers Program.

Weight Watchers has always been, and always will be, a place of dignity and understanding. Every lecturer has actually been on the Program and knows what it means to lose weight.

The same famous 3-in-1 Program is available to you. It includes the basic Weight Watchers Program which gets you close to your goal weight. It follows the Leveling Plan that helps you take off your last ten pounds. It continues with the Weight Watchers Maintenance Plan that helps you keep off the weight you lost for good.

This increase will take effect only in the counties listed below. For classes nearest you, call:

FAIRFIELD 259-2022    HARTFORD 232-7600    NEW HAVEN 874-4900    LITCHFIELD 567-8331

Join us today. We think you'll be glad you did.

### News Analysis Rockefeller: A Unique Man in Government

CLAY F. RICHARDS  
WASHINGTON (UPI) - Nelson Aldrich Rockefeller is a unique man in American government.

He brings to the vice presidency not only 15 years of experience as governor of one of the nation's largest industrial states, but a lifetime as a member of an enormously wealthy American family with holdings in every corner of the world.

Rockefeller's public life as governor is well known. He won election to the state house four times, upsetting Averell Harriman in 1958, and winning three landslide re-election victories. Last December he resigned to head the nationwide Commission on Critical Choices for America, of which Gerald Ford was a member.

As governor his creative financing schemes built a major state university system, one of the best road systems in the nation, modern though not always successful drug treatment and mental hygiene programs and a huge state office complex in Albany. But there is the major belief that Rockefeller record - Altona - the bloodiest prison riot in U.S. history.

Few men in America have as much foreign policy experience as Rockefeller. A former assistant secretary of state under several presidents, he was the "hawk" on Vietnam who strongly supported the Johnson administration Southeast Asia policy.

For years Henry Kissinger was Rockefeller's personal foreign policy adviser, and when Kissinger joined the Nixon administration, it was a running joke in New York that he was "only on loan from Rockefeller."

The two have remained close friends. It was Rockefeller who announced Kissinger's marriage to a Rockefeller aide and Rockefeller who hosted the wedding party at his Pocomoke Hills estate on the Hudson River.

Kissinger is only one of the Rockefeller "people" in administration. Peter Brennan, who came to Washington toting a gun to become secretary of labor, was the key to Rockefeller's winning the political endorsement of New York's 1.8 million member AFL-CIO. The two are good friends.

The Rockefeller family has holdings in more than a score of countries around the world and throughout his years as governor he remained active in the family financial affairs. As governor, Nelson Rockefeller was more or less the head of the family, though he once confessed that role with his brother, David, the head of Chase Manhattan Bank.

Typical of the family's vast holdings are those in South America, which is Nelson Rockefeller's particular field of expertise.

Rockefeller, who speaks Spanish fluently, is a frequent visitor to the huge family ranches scattered throughout South America. The ranches were the main getaway for the New York Governor, who is an avid horseman.

The family also owns South America's largest chain of supermarkets.

Supermarkets like the Rockefeller family fortune. The family's total worth can only be estimated, and the nation's major business magazines have put the figure at over \$1 billion.

Those who know the Rockefeller background find it hard to believe he has not already been tapped for a major cabinet post. He has been mentioned in the past for secretary of state or defense, but his political ambition - he always wanted to be number one - and his politics - a liberalism unacceptable to Republican conservatives - stood in the way.

Rockefeller was reportedly Lyndon Johnson's first choice for Secretary of State. But Johnson, a lifelong Rockefeller friend, told him candidly he would not give him the post because he feared the then governor would run against him in 1964.

When Johnson announced he would seek re-election in 1968, he called Rockefeller to the White House and urged him to make a third bid for the presidency. Rockefeller, who had already announced he would not be a candidate, returned to Albany and said he had changed his mind.

But as with his two previous bids for the presidency, Rockefeller was again denied the Republican nomination.

Rockefeller's alienation of many of his fellow Republicans began with Richard Nixon in 1960. The then governor lost the nomination to Nixon, but was able to dictate the party's convention platform. In a somewhat humiliating scene, Nixon was forced to go to Rockefeller's New York apartment in the middle of the convention to accept Rockefeller's terms.

The rift widened in 1964 when Barry Goldwater was the nominee. Seeking his party's nomination to Nixon, Rockefeller labeled Goldwater an "extremist" and preached his own liberal philosophy.

Goldwater Republicans never forgot. When Rockefeller appeared to make a conciliatory speech at the 1968 convention, he and his wife were also among the delegates. Rockefeller went home to Albany and did not campaign for his party's candidate in the election.

Too late, he began fence mending after that election. He also became more conservative at home, turning his record state budgets, and cracking down on welfare cheating. But somehow he never quite made peace with Nixon, and 10 months ago when he was mentioned for vice president, Nixon chose Gerald Ford instead.

## Brochure Describes Bike Trail

### VERNON

A brochure, colorfully describing the historical spots along Vernon's new bicycle trail, has been completed under the direction of the Recreational Trails Committee.

The "Health-Hikeway," as the trail is called, uses a portion of the abandoned railroad right-of-way from Rt. 90, near the Sacred Heart Church, to West Rd., and access is also available at the intersection of Regan Rd. and West Rd.

The building now used as a Teen Center, near the starting point on Rt. 90, and the adjacent building now used for kindergarten, was once used as the Tolland County Home for Children. It was purchased by the county in 1987 and prior to that time was a hotel.

Also nearby is the First Congregational Church of Vernon, the original building was constructed in 1702. It burned down in 1965 and was replaced by the new building which was constructed to look as near like the original as possible.

### Connecticut Education At A Glance

Statistical Estimates for the Coming Year  
Schools: 1,150 public elementary, middle, and secondary; 345 nonpublic elementary and secondary; 47 universities and colleges.  
Enrollments: 653,000 in public schools; 120,000 in public adult education; 85,300 in nonpublic schools; 96,000 in state institutions of higher learning; 53,000 in independent institutions of higher learning.  
Teachers: 35,000 in public schools; 5,370 in nonpublic schools; 4,900 in state institutions of higher learning; 4,500 in independent institutions of higher learning.  
Administrators: 144 public school superintendents; 1,500 public school principals and assistants; 47 presidents of institutions of higher learning.  
Expenditures for Public Elementary and Secondary Education, State, Federal and local, 1974-75: \$865 million, not including school building loans and grants made by State Treasury.  
Value of Public School Property: Over \$1 billion.

'Left kick, left kick, right...' Out of step but really trying was Billy Revellese of Vernon as he concentrated on learning the Alley Cat, part of the entertainment for children attending the summer's end party of the Rockville Library's reading program. The 280 children completing the program were awarded certificates and treated to punch, and games on the library terrace. (Herald photo by Richmond)

## Swim Championships Set

VERNON Legion Post 14; Rockville Lodge of Elks; Rockville Rotary and Exchange Clubs; and the Greater Vernon Jayces.

Those planning to enter the contest will be allowed to practice any weekday between 5 and 6 p.m. at the pool and time trials will be conducted Aug. 30, Rockville; third prize, a seven-cubic-foot chest freezer; Isabelle Makowicz, Farmstead Lane, Rockville; fourth prize, a certificate for \$100 worth of groceries; Victor Ziemba, Grand Ave., Rockville; and fifth prize, a digital clock radio, M.S. Griswold, High Ridge Rd., Rockville.

Bicycles were won by: Arthur Korapok, Union St., Manchester; Debra Bolover, Brent Dr., Vernon; and Sally Lentoche, Hale St. Ext., Rockville.

# Hebron, Gilead Hill Schools Open Sept. 4

**Nancy Foote**  
Correspondent  
228-3970

School opens at the Hebron Elementary School and the Gilead Hill School on Wednesday, Sept. 4. Classes will begin at 8:35 a.m. and they will be dismissed at 2:30 p.m.

Bus routes and time tables for the 1974-75 school year will be available during the last week of August and published in The Herald Sept. 5.

New residents with children entering the elementary schools in September should register them before school opens, according to Principal Paul White at the Hebron Elementary School and Principal Ralph Succo at the Gilead Hill School.

Early registration will help to avoid delays on opening day. Registration is scheduled at both schools every day until Aug. 30 from 9 a.m. to 3 p.m.

Parents are requested to bring birth certificates, immunization records and transfer papers from previous schools when coming to register children.

**Enrollment Figures**  
The Hebron Elementary School is for students in Grades

K through 5. A total enrollment of between 430 and 435 is expected this year.

There will be three sessions of kindergarten at Hebron Elementary this year. About 66 youngsters are expected to attend kindergarten but are not ready for first grade. Only ten children will be in the class and they will get a great deal of individual attention.

Hot Lunch  
Hot lunch will be served daily

beginning the first day of school. An effort will be made to hold the cost of these meals to 50 cents in spite of the increased cost of most food items.

**Plant Maintenance**  
Over the summer many major changes were made at the Hebron Elementary School in preparation for the opening of school. A new window wall was installed in the main office.

The primary play area was resurfaced and a side walk to this play area was installed. Ceilings were replaced in some of the halls and walls were painted to repair damage done to the school during the ice storm last December. A new surface is being placed on the gym floor.

At the Gilead Hill School, which is a newer building, no major repairs were necessary this summer; however, the

custodians have been hard at work cleaning walls and floors to get the school ready for opening day.

**ADVERTISEMENTS**  
**BURRITT SAVERS EARN TOP INTEREST** Deposits grow fastest at "THE CUTE LITTLE RED BANK BUILDING" opposite Cumberland Farms in Hebron Center. Open 10:30 to 6 daily, Thursday 'til 8, 228-9471.

**Finest MANCHESTER**

**Finest Will No Longer Increase the Price of Food Placed on Our Shelves!**

On Wednesday, July 24, 1974, all Finest Supermarkets began a new pricing policy on Grocery, Meat and Produce items.

- When Finest is forced to make a price increase, cans and packages already price marked on the shelves will be sold at the old lower price.
- When items are restocked on the shelves, the new, higher priced items will be placed behind the lower priced items.
- Weekly specials or "sale items" are priced lower than regular prices. Any remainder after the sale items will be re-priced upward.
- As regular prices go down, Finest will immediately reduce the price on shelf stock, and the lower price will be shown on the label and the register. When a can or a package shows more than one price, the customer pays the lowest price for the can or package.
- Baby food and items controlled by state laws are exempt from this new policy.
- Until current stocks are sold there will be some items of our many thousands with more than one price marking on the can or package. Please bear with us during this transition.

**THE FAMILY LAWYER**

**Tree Litter**

From time to time, when the west wind blows, twigs and leaves from Fred Miller's poplar tree would flutter down into a neighbor's back yard. Recently, the neighbor finally took the matter into the courtroom.

"It is up to Miller to keep his litter out of my yard," he told the judge. "If there is no other way, then let him cut the tree down."

But the court refused to mix in. Noting that the tree stood entirely on Miller's land, the court said he could not be blamed for the natural process of shedding.

Generally speaking, the law will not interfere with natural growth on private property.

Thus, another man was held entitled to maintain four large maple trees on his land even though they kept a neighbor's house in the shade. The court said his freedom to use his own property outweighed the indirect annoyance to the neighbor.

On the other hand, the neighbor may have a valid complaint when the injury he suffers is more substantial. Thus, when branches actually spread across the property line, most courts give the neighbor the right to chop them off at the boundary.

Furthermore, a neighbor usually has grounds for suit if a tree threatens his safety. Another case involved a badly decayed elm, standing near a back yard fence. The next door neighbor, fearful of an impending accident, warned the tree's owner of the danger to no avail.

One morning, during a storm, a heavy branch split off and fell across the fence, smiting the neighbor on the shoulder. Under these circumstances, the owner of the tree was held responsible for neighbor's mishap.

The court said he had no more right to keep a dangerous tree on his property than to keep a dangerous building.

**TWO 'FIRSTS'**

ST. LOUIS (UPI) — The city's police department adopted the nation's first fingerprinting system in 1904.

A year later the department became the first to institute an international exchange of fingerprints with Scotland Yard in Great Britain.

# Rham High School Will Be on Double Sessions Again

**RIHAM DISTRICT**  
Anne Kent  
Correspondent  
Tel. 228-3971

Although Rham High School opens its doors on Sept. 4 to welcome students back to school for the 1974-1975 school year, it will again be on double sessions.

As was the case last year, Grades 9 through 12 will attend

all day, Grade 8 will attend in the morning and Grade 7 will attend in the afternoon.

All grades will report on Sept. 4 with classes starting at 7:45 a.m. for Grades 8 through 12 and 12:15 p.m. for Grade 7. Bus routes will be published Sept. 3 in this newspaper.

**Changes**

Although there are several staff changes throughout the

various departments, the biggest changes are those in the administrative department where two appointments have been made to fill the vacancies created by the resignations of the vice principals, Edward Shine and Glenn Frank.

Replacing Shine will be Dr. G. Robert Couillard who left the position as chairman of the English department at Sheehan

High School in Wallingford to come to Rham.

Prior to Sheehan High School, Couillard was for two years a lecturer in the department of Linguistics at the University of Connecticut and for five years taught Latin and English at Leyard High School.

He had additional experience as an instructor in education at Connecticut College and as a

lecturer in English composition at Mitchell College in New London.

Dr. Couillard is a graduate of the University of Connecticut with a B.A. in English in 1964, a M.A. in Latin in 1967, and a Ph.D. in Linguistics in 1974.

Replacing Frank will be David A. Cressy, a former guidance coordinator at Milford High School in New Hampshire.

Prior to being named coordinator, Cressy held the position of counselor at Milford and was also for four years a history teacher at Plainfield High School in Central Village.

Cressy received an A.B. in history in 1968 and a M.Ed. in guidance in 1972, both from Providence College in Rhode Island.

**Schedules**

All students who will be

attending Rham have received in the mail a schedule of classes and the Student Handbook for the coming year. J. Colin Pushe, principal, would like to remind the students to bring their schedules the first day of school.

Pushe also requests all students and parents to review the handbook for information on procedural matters that will help the school to function with greater efficiency.

**Counselors**

Students have been notified as to who their counselors are and Pushe urges parents to make appointments this week and next week with the appropriate counselors if there should be scheduling problems.

He emphasized that "no changes will be made once school opens unless an emergency situation exists."

**Lockers**

Because of the continued scarcity of locker space, seventh and eighth graders will again have to double up on lockers. Along with their schedules, students have also received their locker numbers.

**Sports**

Michael Zotta, director of athletics, has announced that fall practices for all soccer teams will start Aug. 26 at 9 a.m. at the Rham field.

Teams scheduled for practice on that date include the varsity, junior varsity, freshman, junior high and girls. All interested boys and girls are invited to the practice sessions and no previous experience is necessary.

**SOCIAL SECURITY**

Q. When I start to college this fall, I'll be working in the college cafeteria part time. Since I paid Social Security on my part time job this summer, will I also have Social Security withheld on my college job?

A. No. A student's work at a college where he is enrolled and regularly attending classes is excluded from Social Security coverage.

Q. I just hired a cleaning lady to come in three days a week. I pay her a salary and give her a monthly meal on each day she works. Should I include the value of her meals as wages on her quarterly wage reports?

A. No. Only cash wages. Room, board and meals are not reported for household workers.

Q. When I recently became 62 I was told by the people at the Social Security office that I need one more quarter of work to be eligible for monthly payments. I now have an opportunity to work in a friend's store, but the work will only last for four weeks. Do I have to work a full three-month calendar quarter to get the credit I need?

A. No. As long as you are paid at least \$50 in wages in any part of a calendar quarter, you get credit for the whole quarter under Social Security.

Q. I take care of a woman's children in her home Monday to Friday for \$25 a week. She doesn't pay any Social Security on my wages or deduct anything from my weekly checks. I'm not yet ready to retire but I want to be sure I get the right credit for work. Is there anything I can do?

A. Call your Social Security office as soon as possible. They will look into your case and see that you get the correct Social Security credit for your work.

Q. My sister works as a cook in a several private homes and I work seasonally as a cook in a hotel. Since we both do the same kind of work, don't both of us get Social Security credit for what we're paid?

A. Not necessarily. Since you are employed by a firm operated for profit, you get credit under Social Security for all your earnings up to \$13,200 a year. However, your sister is a household employee. For her earnings to be credited under Social Security, she must be paid at least \$50 in cash wages by one employer during a quarter.

If you have a question about Social Security and its retirement, survivors, disability or Medicare benefits, write to Questions and Answers, 657 Main St., East Hartford, CT, 06108.

**MANILA ACCUSED**

INDIANAPOLIS (UPI) — Two American missionaries who were briefly arrested by the Philippines government say their detention was part of an attempt to silence criticism by the church.

Mr. and Mrs. Paul F. Wilson, missionaries for the Christian Church (Disciples of Christ) told reporters "the Philippines government is attempting to repress the church — as the last institution free to be critical of the government."

ROOFING - Installation and repairs, gutters

## NEWS FOR SENIOR CITIZENS

By WALLY FORTIN

Hi everyone! This is Gloria Benson writing your column while Wally is on vacation.

Monday I returned to work after two weeks at the beach to find our main hall filled with members. I thought at first that it meant a "welcome party" on my behalf, but found out that these early birds were waiting to sign up for the Bear Mountain trip. So my buddy Tom O'Neill and I started writing, and by noon we had five buses filled. We have started bus number six, so come on down if you haven't already, because if we don't fill it, we can't take it.

### Setback Results

I got a bit ahead of myself here because this column starts on Friday. Of course I wasn't here on Friday, but Jae tells me we had a good crowd playing bingo in the morning, and 14 tables playing setback in the afternoon with the following winners:

White, 133; Loretta Hallett, 128; Marge Reed, 127; Josephine Shuetz, 125; Marge Hall, Violet Dion, and Joseph Windsor, 123; Wilbrod Messier, 122; Elizabeth Come and Grace Alexander Tycz, 119; Lyla Steele, 118; and Annie Johnston and Lee Miller, 116.

I would like to thank all my friends who pitched in to assist our programs while I was on vacation. I consider your tops and I know Wally does, too.

### Trip Thursday

Thursday is our Rocky Point trip and we will board all four buses at 9:30 in the morning sharp, so please be at the center no later than 9:15 a.m.

On Monday while Tom and I were registering upstairs, good old Bob Duggart started calling the bingo games downstairs; there were 73 in attendance.

In the afternoon we had 15 tables for pinochle with the following winners:

Bess Moonan, 730; Floyd

Post, 723; Cecile Benson, 720; Peter Frey, 719; Violet Dion, 691; Cis Wilson, 689; Lyla Steele, 676; Gladys Seelert, 674; George Last, 673; John Gally, 657; Grace Windsor, 647; Marjorie McLean, 646; Fritz Wilkinson, 646; Frances Fike, 645; and Gertrude Herrmann, 638.

### Golf Scores

Bright and early Monday morning, 27 early birds were out on the golf course at Tallwood, and these are their scores:

Merrill Dickinson, 40; Russell Nettleton, 43; John Gleeson and Henry Rau, 44, and Charles Tarpinian, 45.

See you all at Blackledge Monday.

Tuesday morning gave us a chance to catch up on our paperwork with Pauline Maynard busily helping us out with our bookwork. We also have eight players out on the shuffleboard. In the afternoon the summer bowlers were busy at the Parkade Lanes. Speaking of the bowlers, there is a meeting for all bowlers or would-be bowlers Tuesday afternoon at one o'clock at the Parkade Lanes. So if you would like to join in the fun and exercise, why just go down.

Remember now, all 172 seniors going to Rocky Point, please be here at the center no later than 9:15.

DOG'S NAME  
NEW YORK (UPI) — Duke has replaced Rover and Spot as the favorite name for man's best friend, a toy manufacturer's spokesman reports.

Stan Sudman, director of product planning at Kenner Products, said his company checked several dog licensing bureaus and various ASPCA's to find a name for a new toy dog which carries objects in its mouth. Duke and Duchess were the favorites.

## RHAM DISTRICT

Anne Eml  
Correspondent  
Tel. 228-3971

The Regional District 8 Board of Education Monday evening awarded the contract for four tennis courts in the amount of \$51,003 to Sniffin Bros. of Bloomfield.

Sniffin Bros. was the lowest of seven bidders on the courts which will be built in the area at the rear of the gymnasium at Rham High School.

Although its low bid was \$56,570, the board used its option to talk with Sniffin Bros. in an effort to reduce the bid within 10 per cent. The board also waived bid informalities as listed in the specifications.

According to the board's architect, Phil Pinea of Jeter and Cook, reductions were achieved through reducing the height of the chain link fence from 12 feet to 10 feet, reducing the over-all size of the entire area by 18 inches, and through the installation of a swale rather than a complete storm system.

In spite of the fact that the bid of \$51,003 is \$3,003 higher than the amount budgeted, the board was unanimous in accepting it.

Pinea stated that Sniffin Bros. could start construction within a "couple of days" and that the entire project should be completed within 30 days.

Middle School  
Pinea presented the board with three test plans for the proposed new middle school. Basically, these plans included four multi-instructional areas with core facilities along the lines of linear construction rather than cluster construction.

More complete details of the plans were left with board members for their review and to be discussed at a special meeting scheduled for Sept. 9.

Time Schedule  
According to the time schedule set up by the architects, occupancy of the proposed school "realistically"

would be January 1977, "even though it might be tight."

Leading up to the occupancy, the architects propose optioning of the site and the securing of a boundary survey, which would all be discussed at a public forum sometime in October.

Then hopefully the referendum on the proposed school could be set for the first or second week of November after which, given approximately one month, the architects could come up with preliminary plans.

Before the end of the year, final wetlands approval would be requested and topographical information secured.

And the six-month period from the first of the year until the middle of June 1975 would be used by the architects for the development of working drawings.

Pinea explained that the only real possibility of shortening the January, 1977 occupancy date would be to phase construction and this would depend on the type of construction finally approved by the board.

The architects went into considerable detail on features of the three sites which the site selection committee has narrowed to its final choices.

These include the Fuller property on Jones Hollow Rd. in Marlborough and two Hebron properties — the Bramer property on West St. and Rt. 94 and the Abel-Farley property on Martin Rd. and West St.

The Bramer property, according to the architects, is extremely wooded with an approximate 200 foot drop from one end to the other. The slopes are of such a nature that they "provide some careful consideration and caution."

There is some problem with the layout of athletic fields because of the slope; however, the wetland areas involved do not appear to be as drastic as those in the other two properties.

The Fuller property affords more open space and only a

"moderate slope" with some stands of trees. However, according to the architect, "one of the problems is the larger extent of wetlands area — great deal more than on Bramer property."

This piece of property has been considered by the Marlborough Board of Education for a local school but rejected because of the drainage problems.

The Abel-Farley property was described by the architects as "primarily swamp land — moderately wooded." They felt that wetlands would play more of a major role here than in the other properties even though there are two good areas of fields for development.

Letter  
Prior to going into executive session to discuss the properties, keeping in mind acquisition prices as opposed to development prices, Frank Shannon, board chairman, read a letter from the Marlborough Board of Finance strongly supporting "the location of the new facility within the Town of Marlborough."

The Marlborough board felt that the "removal of the required acreage from the Marlborough tax list will be more than offset by the proximity to our residents of a

physical plant which should serve many community needs."

It also stressed that any regional education system should "fairly spread its facilities throughout the political subdivisions which it serves" and pointed out where the northeast section of Marlborough would satisfactorily meet the test of a central location within the region.

The Marlborough board is aware of some of the recommendations for rejection of a site in its town most of which deal with the higher price of land than sites available elsewhere.

However, it stressed the small percentage of site cost as compared to the total project and the reimbursable formula used by the state which would dramatically reduce the portion of the land cost.
