OBITUARIES

Victor Plante
ROCKVILLE — Victor Plante, 70, of 41 South St. died this morning at a local convalescent home. He was the husband of Mary Ellen Cosgrove Plante. Born in Fall River, Mass., he was formerly employed at the American Dyeing Corp. for 17 years. He operated a package store in Rockville for six years, and he was last employed as a school crossing guard in Rockville for 7 years.

Other survivors are four sisters, Mrs. James O'Donnell and Mrs. John Miah, both of Fall River, Mrs. Alton King of Somerset, Mass., and Mrs. Agnes Baker of Rockville.

The funeral is Wednesday at 9:15 a.m. from the Burke-Fortin Funeral Home, 76 Prospect St., Rockville, with a Mass. at 10 at St. Bernard's Church. Burial will be in St. Bernard's cemetery.

Friends may call at the funeral home Tuesday from 7 to 9 p.m.

Arthur E. Mansueu
Arthur E. Mansueu, 74, of Woonsocket, R.I., died Sunday at the Woonsocket Hospital after a short illness. He was the father of Regina Mansueu of Woonsocket.

Other survivors are a sister, five grandchildren and a great-granddaughter.

A funeral Mass will be celebrated at 9 a.m. at the St. Vincent de Paul Church, 127 Carrington Ave., Woonsocket. Burial will be in Woonsocket, N.H., at the convenience of the family.

Friends may call at the funeral home tonight from 7 to 9 p.m.

Mrs. Antonio Giuliani
BOLTON — Mrs. Maria Riva Giuliani, 81, of Tinker Pond Rd. died Saturday at Manchester Memorial Hospital. She was the wife of Antonio Giuliani.

She was born Nov. 28, 1892, in Fuhne, Italy, and lived in New York City many years before moving to Bolton 23 years ago. Before her retirement in 1951, she was employed as a cashier in the New York Western Union office 35 years. She was a member of Bolton Congregational Church.

Other survivors are two sisters, Mrs. Angela in Italy, Cavagnolo of Los Angeles, Calif., and Mrs. Santa Caselli of Atlantic City, N.J.; a brother, Maurizio Riva, in Italy; and a niece, Mrs. Frank Paggioli of Bolton.

Funeral services are Tuesday at 10:30 a.m. at the Bolton Congregational Church, with the Rev. J. Stanton Conover officiating. Burial will be in East Cemetery.

Friends may call at the Holmes Funeral Home, 409 Main St., tonight from 7 to 9 p.m.

Harry W. Kellner
RAYMOND — Harry W. Kellner, 71, of 225 Vernon St. died this morning at Manchester Memorial Hospital.

He was born in Manchester Nov. 23, 1902, the son of Charles and Margaret Bats Kellner. He lived all his life in Manchester. He was employed as a printer until his retirement 10 years ago.

Survivors are a daughter, Mrs. Lorraine Keely of San Diego, Calif.; three sisters, Mrs. Eva E. Shoen and Mrs. Margaret K. Gabby, both of Manchester, and Mrs. Catherine Harrigan of Miami Springs, Fla.; a granddaughter and several nieces and nephews.

Funeral services are Tuesday at 10 a.m. at the Holmes Funeral Home, 400 Main St., with the Rev. Earle R. Custer of North United Methodist Church officiating. Burial will be at the convenience of the family.

There are no calling hours. Friends wishing to go to make memorial contributions to the American Cancer Society.

Mrs. Florence Sentiff
ROCKVILLE — Mrs. Florence Sentiff, 82, formerly of Manchester, died Saturday at a Rockville convalescent home. She was the widow of Howard W. Sentiff.

She was born in Rochester, N.Y., Nov. 15, 1892, and moved to Rockville five years ago after having lived in Manchester for 30 years.

Survivors are 3 daughters, Mrs. Rose Bryant of Largo, Fla., Mrs. Mae Carron of Pennsylvania, and Mrs. Madeline Farni of Rockville. She was the widow of Howard W. Sentiff.

Funeral services will be held Wednesday at the Holmes Funeral Home, 400 Main St. Burial will be in the veterans section of East Cemetery.

There are no calling hours.

Health Care Unit
NEW HAVEN (UPI) — Sen. Lawrence J. DeNardis, R-Hamden, has been named executive director of New Haven Health Care Inc. Chairman of the Health Care Unit at Albertus Magnus College, DeNardis has been granted a part leave of absence from the college and will teach seminars this and next semester. Funded by the U.S. Department of Health, Education and Welfare, New Haven Health Care is one of 17 experimental health service delivery system projects in the nation.

Due To The Death Of Our Founder and President, All Jarvis Offices Will Be Closed Tuesday and Wednesday...

POLICE REPORT

MANCHESTER

Raymond Richard, 29, formerly of Manchester, was arrested Friday in LaPorte, Ind. by Det. Sgt. Raymond Mazzone and Sgt. Orville Cleveland on a Circuit Court 12 warrant charging him with first-degree failure to appear in court.

Richard was arrested by Manchester police Oct. 3, 1973 at a gas station on W. Middle Tpk. and charged then with third-degree burglary. He was released Oct. 4 on a written promise to appear in court Oct. 25. But he did not show, Mazzone said.

In early 1974, Richard was sent to an Indiana prison on a Federal charge but escaped in February, Mazzone said. He was recaptured and served until Sept. 20.

Indiana authorities held Richard for the local police. He waived extradition proceedings and was brought back here over the weekend.

A woman parked her car Sunday afternoon on Cedar St. opposite the Lata Junior Museum. Before she could get out, she felt the car sinking.

She started the car but it would not start. She called the police. A short while later, another woman had the same experience nearby. Part of the roadway has been under construction in recent days.

Six youths were shaken up in a one-car accident Sunday at 12:17 a.m. on Rt. 83 when the car hit a large puddle, went out of control and struck a tree.

The driver was Joseph Balfore, 17, of 27 Park West Dr., Rockville. His passengers were Kenneth Balfore, 4 Mike Balfore, 14, James Hopkins, 15, of 24 Daly Circle, Rockville, Mike Auger, 15, of Hudson, Mass. and John Heam, 14, of Park West Dr., Rockville.

Only Joseph Balfore and Heam were taken to Ellington Ambulance to Rockville General Hospital where they were treated and released.

State Police investigated and made no arrests.

DevCo Seeks Approval

(Continued from Page One)
sewer district in the northwest corner of Coventry.

The plan also calls for the construction of the first elementary school in 1975 in the new community, the first middle school will be needed by 1979, and an additional high school by 1982. Other schools will be needed throughout the 18-year development phase with a total of four elementary schools, one middle school and one high school.

The municipal impact statement shows DevCo generating over \$80 million in revenue over the 15-year development phase but using only \$65 million in town services thus producing a revenue in excess of town cost of \$15 million dollars.

John Willauer, zoning agent for the Town of Coventry, issued a statement concerning the filing of the DevCo application today.

Procedure Outlined
Willauer said, "This morning at 10 I was presented with an application for a change in zoning regulations by Greater Hartford Community Development Corp. I was also presented with a petition for a zoning district boundary change for approximately 1334 acres in the northwest section of Coventry."

Both applications were signed by F. Peter Libassi, president of DevCo and John LaBelle, legal representative.

"Both applications will be reviewed by me and if found to be complete and proper they will be presented to the Planning and Zoning Commission."

"If any error or omissions are found in the applications they will be returned to the applicant with the reason for my rejection in writing."

"The application will be for the rezoning of the area to be complete and proper they will be presented to the Planning and Zoning Commission. Once accepted by the commission, a date for a public hearing will be established."

ABOUT TOWN
The parish life committee of Emmanuel Lutheran Church will meet tonight at 7:30 in the church reception room.

The vocations and scholarships committee of North United Methodist Church will meet tonight at 7:30 at the church.

The Manchester Civic Chorus will have dress rehearsal tonight at 7:30 on the stage at Manchester High School in preparation for the Evening of Performing Arts to be presented Saturday.

State Comptroller Nathan G. Agostinelli today presented the first Connecticut World War I bonus checks to Mrs. Charles Wilson of 2 Annsald Rd., Manchester, and Frank J. Lawler of New Haven. Mrs. Wilson is the widow of a World War I veteran. The tax free \$300 bonus checks were authorized by the 1974 General Assembly, under an act known as "The Agostinelli Bill," because of the comptroller's initiation and strong support. Applications for the bonus now are being accepted in the state treasurer's office, 18 Trinity St., Hartford. They will be accepted to Oct. 1, 1976. Applications are available in Manchester in the town clerk's office.

Confessed Murderer Hangs Self
BOZEMAN, Mont. (UPI)—A 22-year-old man confessed to the wilderness slayings of three children and a young woman over six years ago today before hanging himself in the Gallatin County Jail.

David Meirhofer was found dead in his cell four hours after confessing the killings, which occurred at separate times in rugged southwestern Montana. Thomas Olson, the county attorney, said Meirhofer told him he had killed Susan Jaeger, 7, Farmington, Mich., and Michael Raney, 12, Bernard Poleman, 17, and Sandra Smallegan, 18, all of Manhattan, Mont., Meirhofer's hometown.

Applications are available in Manchester in the town clerk's office.

Mrs. Grasso Asks Abolishment Of Public Utilities Agency

HARTFORD (UPI)—Democratic gubernatorial candidate Ella T. Grasso today accused Connecticut utilities of an "improper" \$5-million overcharge and called for the abolishment of the Public Utilities Commission for failing to prevent the alleged overcharge.

She said she would not characterize the utilities as acting fraudulently, illegally or "illegitimately." "I would call it improper," she said.

Rep. Grasso said she did not know how the alleged overcharges could be regulated. When asked whether she would initiate a class action suit on behalf of consumers, Mrs. Grasso said "We'll have to wait and see."

In calling for the abolishment of the PUC and the suspension of current rate hearings, Mrs. Grasso said she would disclose on Thursday her plan for a "new commission."

\$15 Million Estimated
She told newsmen Harcom Associates, a Hartford-based energy consultant firm, calculated conservatively the overcharges amounted to \$15 million in the three years the fuel cost adjustments to monthly bills have been effective.

Eleven million dollars was for the last six months of 1973 and the first half of 1974, while the rest was for 1971 and 1972, Mrs. Grasso said.

She said U.I. reported it increased its monthly billings by 7.2 percent in the 12-month period, CLAP by 7.8 percent and HELCO by 12.7 percent.

Power at the utilities were charging customers for producing and delivering power at 1971 levels, their higher efficiency rates meant the actual costs to the company were lower, Mrs. Grasso said.

On Monday, PUC officials admitted Factor B may have caused some overcharges in the computation of fuel cost adjustment and they said public hearings on the situation may be scheduled for sometime in November.

PUC Laxly Blamed
The results of the study, which Mrs. Grasso labeled as preliminary, blamed the overcharges on the PUC's failure to get the utilities to use updated figures on their efficiency levels when computing fuel cost adjustments.

The utilities' efficiency in producing and delivering electrical power, known as Factor B, is figured into the formula for determining fuel cost adjustments.

The PUC last updated Factor B for each

Directors Conducting Public Hearings Tonight

A repeat public hearing on proposed sanitary sewers on Linwood Dr. appears to be the top priority item on tonight's agenda of the Manchester Board of Directors.

The board will consider a \$25,000 appropriation for the sewers — to be financed by temporary notes which, in turn, will be financed from sewer assessments against the seven property owners involved.

The same proposal was defeated Aug. 20 on three consecutive 3-to-2 tie votes. Needed for approval were five affirmative votes. Abstaining from the Aug. 20 votes were three Democrats — the two because they reside on Linwood Dr., the third because he has a relative residing on Linwood Dr.

Tonight's regular meeting of the board is at 7 in the Municipal Building Hearing Room. The board will meet with the public works director and the water and sewer administrator. They will review and discuss operational problems at the town's Sewage Treatment Plant.

Public hearings will be held also tonight on a proposed \$15,000 allocation from revenue-sharing funds; for improving entry and exit at Charter Oak Field; and on five proposed appropriations to Educational Special Projects, all to be financed by equivalent grants or receipts.

The board will meet twice this month — tonight, to conduct public hearings; Oct. 8, to take action on the public hearing items and on all items under consideration.

One of the items under new business, "Consideration of Changes in the Pension Plan," may be removed — at the request of the Pension Board.

The proposed change would accommodate teacher aides and school board secretaries employed on a half-time basis. The Pension Ordinance spells out eligibility on a minimum of 20 hours worked a week. The aides and secretaries work less than 20 hours. The proposal is to eliminate or lower the eligibility requirement.

The Pension Board is not opposed to the proposal. What it is opposed to, as indicated at its meeting Monday afternoon, is the procedure Town Manager Robert Weiss is following for its consideration. The Pension Board instructed Fred Geber, its chairman, to suggest the correct procedure to Weiss.

The correct procedure is for the Pension Board to consider, discuss and recommend changes in the Pension Ordinance and then refer them to the Board of Directors for its approval or disapproval. Proposed changes do not originate with the Board of Directors or the manager, the Pension Board points out.

WEATHER
Mostly sunny and cool today with the high in the upper 60s to low 60s. Low tonight around 40. High Wednesday in the mid to upper 50s. Chance of precipitation 10 percent today and 20 percent tonight and Wednesday.

Simon Says United States Won't Curb Grain Exports

WASHINGTON (UPI)—Treasury Secretary William E. Simon told world bankers and finance ministers today the United States will not tighten its purse strings or curb exports of precious grain and other items to lift inflation at home.

"I do not believe the world is in imminent danger of a drift into cumulative recession — though we must be alert to act quickly should the situation change unexpectedly," Simon told a meeting of governors of the International Monetary Fund and the World Bank.

He pledged the United States would maintain open markets and "foreign borrowers will have free access to any item which some here. The U.S. government offers no special subsidies or incentives to attract capital here, neither do we place obstacles to outflow."

Simon said the United States believes in an open market for commodities although many Americans want the country to keep some items — "from wheat to coal" — at home.

President Ford addressed the meeting on Monday and attacked inflation in general terms, promising that Simon would take into more detail on U.S. policy today.

Ford again urged international cooperation in trade, monetary policy and other economic means.

Free World Trade
Simon said the administration is trying to get Congress to take concrete steps by the end of this year to keep up the United States' momentum toward freer world trade, cutting restrictions on exports and import capital.

Some are concerned that a determined international attack on inflation by fiscal and monetary restraint might push the world into deep recession, even depression, he said.

"I recognize this concern, but I do not believe we should let it distort our judgment."

Simon told the meeting that many experts had expected the United States would receive the bulk of American dollars being spent in the Middle East for oil, but that so far this had not been the case.

Trade Deficit Small
The net capital flow into the United States from all foreign sources, as measured by the U.S. current account deficit, has been small — about \$2 billion so far this year, Simon said.

"During the same period our oil import bill has been about \$12 billion — larger than it was in a comparable period last year. While some have expressed concern that excessive oil funds would flow to the United States — the picture thus far has been quite different."

Simon told newsmen at a breakfast meeting before his speech that the current international financial meeting would not "produce solutions," but it does "offer an opportunity for progress toward solutions."

Teacher Contract Decision Delayed

The Board of Education Monday night delayed action on a new contract for Manchester's 550 public school teachers, who have been working a month without a labor agreement.

School board members said they needed more time to study recommendations of an arbitration panel studying the contract dispute. The Manchester Education Association (MEA), bargaining agent for the teachers, has already approved the arbitration award.

About 75 MEA members Monday night attended a public meeting of the Board of Education in the Robertson School cafeteria and heard the board's comments on the arbitration award.

The snag revolves around a dental rider in the recommendation. The annual cost of the benefit, which would not start until the second year of the contract, would be about \$57,000 for teachers.

Ford to Testify

WASHINGTON (UPI)—In a gesture not made by an American president for more than 100 years, President Ford has volunteered to testify before congressmen and answer questions about his pardon of Richard Nixon.

Watergate Trial Begins

WASHINGTON (UPI)—Beginning today, the allegations, charges and rumors about the Watergate cover-up and the role of former President Richard M. Nixon must be backed up by evidence presented to a jury in a criminal trial.

Drop Most Demands

SANTO DOMINGO (UPI)—Leftists guerrillas held up in the Venezuelan Consulate dropped most of their kidnappings demands today in negotiations for the release of a U.S. woman diplomat and six other hostages.

Nixon Too Ill to Travel

LONG BEACH, Calif. (UPI)—Richard Nixon's doctor says the former president will be too sick to travel for at least a month, and perhaps three months, raising the possibility he may not testify at the Watergate cover-up trial.

Devco Proposal

A summary of the proposed new community zoning regulation submitted to the Coventry Planning and Zoning Commission yesterday by Hartford Process-DevCo appears on the last page of today's Herald. Other stories on the DevCo proposal appear on pages 6 and 16.

Town Disaster Agency Reviews Ice Storm; Volunteers Given Recognition for Efforts

Every resident is being urged to get a transistor radio. WHP of Manchester carried 24-hour storm messages to help those who could hear them, said.

The town should appoint a public information officer who will seek accurate facts and transmit them to the public. Fogarty noted the town manager and mayor were the effective information officers during the storm and got soundly blasted for their efforts. He praised them for their efforts.

In case there is another disaster like the ice storm, Fogarty listed steps the town hopes to take.

The operations center at the town hall will be closed to all but people who should be there.

More space and more phones have already been provided.

The headquarters may soon have its own radio frequency for use in disasters. A more adequate two-way radio system between public agencies such as fire and police is needed.

More space and more phones have already been provided.

The headquarters may soon have its own radio frequency for use in disasters. A more adequate two-way radio system between public agencies such as fire and police is needed.

Townpeople who helped work through the week of the ice storm last December lived room for a chuckle in the words of James "Dutch" Fogarty, disaster control director. But some of his words stung utility companies. He also warned of the need for everyone to prepare for any future disaster. (Herald photo by Barlow)

Manchester Evening Herald OPINION

You Asked For It

Dear Mr. President: This is in response to your recent request for Americans to draw up a list of 10 energy-saving and anti-inflation ideas and exchange these ideas with our neighbors and send them to you.

We think we would be remiss in submitting such a list without suggesting also where the government might reinforce whatever action we might institute in our home since as you put it, "the fight against inflation rests with every individual American," yet like the government, we cannot do it alone.

To save energy: 1. We will continue to save gasoline by driving within posted speed limits but urge you, as President, to influence the states to enforce these limits upon our fellow citizens who ignore them.

2. We will conserve heat by watching our thermostat settings more carefully and comparing our fuel bills with comparable periods last year to monitor our success in conservation of heat. We would like similar monthly reports from government agencies to assure us that heat conservation is being practiced by government and industry also.

3. Do not plan any television appearances before 8 p.m. as we intend to shut off the tube during the dinner hour, homework periods, and only have it on for programs the family really watches.

4. We are purchasing a thermometer which we will use to monitor heat use throughout our home so that comfortable heat levels can be established in each room having a thermostat. We suggest thermometer checks be made periodically (and unannounced) in all federal buildings.

5. We are keeping our car tuned to insure maximum efficiency within the limits of its design. We would suggest the federal government seek a five-year moratorium to freeze automobile body styling changes to that of the 1975 model year; thus freeing funds used for retooling for cosmetic changes for engineering and research to improve energy efficiency and safety of our cars.

On inflation: 1. We intend to live within our income and save, no matter how modest a sum, regularly. We hope the government, as you have expressed as a major goal, will balance its budget, too.

2. We intend to use only limited credit for only justified emergencies. We would hope the government, with its unlimited credit, would use increasing restraints also; thus increasing funds available to capital investments in our economy.

3. We resent the pass-through charges we must pay on utility bills because of higher fuel costs. But even more, we find it alarming that high interest rates are forcing utilities to abandon or delay expansion of power generation facilities. To avert power shortages in the future, we are willing to do our share but there are practical limits. Therefore, we think the government should consider some form of short-term financing

them to proceed with power generation expansion projects and refinancing them at some future date when the bond market and interest rates are more favorable.

4. We intend to add our cost-of-living increases specifically to our food, housing and clothing budgets, and should prices decline in these areas, put any savings into the bank. We hope the government will adopt a long-term program to phase out cost-of-living increases in wages and prices as counter-productive to any effective solution to inflation. We think the government can encourage others to do the same by more liberal tax laws on savings and investments placed in areas such as housing, capital improvements, and research and development programs which can increase productivity and lower prices.

5. We pledge in our personal fight against inflation to endeavor to become more efficient and more productive in our craft and profession. We would like to see the same attitude encouraged throughout our economy, including all levels of government.

We are firmly convinced the fight against inflation is more than what we do at home, what we do to control or de-control the economy as a matter of policy, or whatever else is done or not done at the top. The effectiveness of any idea or group of ideas, legislation, plans long and short, and other devices, will depend on what each of us does to make them work.

Our over-riding self-interest must be a sound economy and as we struggle toward that goal we must not lose sight of that goal. There will be some apparent inequities such as inflation itself is the ultimate inequity. To the extent we can have a united leadership which will try to keep our individual self-interests subordinate to the national self-interest will determine not only whether inflation can be conquered but when.

Thank you, Mr. President, for your invitation to extend to you our ideas. These are but a few but we submit them merely as openers. We do not expect you to come up with a complete solution overnight. We realize any plan or plans to eliminate inflation must adapt to changing economic conditions. Your main challenge, we know, will be defining what is truly economic as opposed to the ever-changing political conditions which have been the breeding ground for our current double-digit inflation.

You have the awesome task of making certain harsh economic decisions politically acceptable. Almost all efforts, both Democrat and Republican in the past, to make political decisions economically acceptable, is the real reason we have inflation. Reverse this thinking, sir, and the battle will be more than half won. Good luck, you'll need it.

Sincerely yours, John Q. Taxpayer

P.S. - Conservation has been defined as the wise use of our resources. You, Mr. President, have the greatest of all resources at your disposal, the American people. Use them wisely on their behalf and they will respond positively.

TODAY'S THOUGHT

Yesterday we considered as a whole the prayer I quoted. Let us today look at the first sentence with that beautiful word Serenity. As I get older I find myself considering the people I have known who had great influence on my own character and I realize that almost all had that characteristic. It was not that they just sat with hands folded - far from it.

heroic ones. But all had a quiet, calm manner as they accomplished their work. It was a joy to be with them - working, talking, playing, living. I did not realize it at the time but since then I have felt grateful to have sensed the importance of calm in one's soul and in one's manner.

Nixon At St. Helena

SAN DIEGO, Calif. - Richard Nixon had not one Elba but a number of them - the times when he seemed cornered but managed to squeeze out and fight another battle. But the Waterloo could not forever be postponed. It came with the Supreme Court ruling that he had to surrender his tapes. Now, in his San Clemente home - and in the hospital at Long Beach - he is at St. Helena. Unlike Elba, there is no return to power from St. Helena.

He is still a young man in years, as we measure the life span in our time. But in his mind and spirit he is a beaten, pursued man. There are lines from two of Shakespeare's sonnets that describe this St. Helena state. "When in disgrace with fortune and men's eyes" is one. The other is "Now when the world is bent my deers to cross."

Both are true of Nixon. He is in disgrace, and the world which he has always seen as hostile - and which sent everything crashing down around him - is still not through with him. Hence his recent remark about those who are still "picking at my carcass."

Student Loan Program A Mini Scandal

WASHINGTON - At lunch the talk got around to a report of the General Accounting Office which estimated that nearly one of every four students who got Federally insured loans to pay college or trade school tuition probably will default. "I suppose it's depressing," somebody said, "but it's also understandable after Watergate and Dick Nixon."

The speaker is a man and parent, and he is also old enough to know better. Sentiments such as he expressed are just as depressing as the rate of defaults on student loans, because they ignore an orderly and civilized society's traditional concept of individual responsibility. It is not so long a step down to suggest that a bank robber's crime is justified by the circumstance that his city is run by a gaggle of political gangsters.

Special Report The CIA Controversy

By William Randolph Hearst Jr. Editor-in-Chief, The Hearst Newspapers

NEW YORK - It was hardly surprising, at least to me, when the Central Intelligence Agency suddenly found itself once more to be a major target of the left-leaning news media, their commentators and columnists.

Exhilarated by their recent success and anxious to continue their momentum, these self-righteous champions of the left seized upon CIA operations in Chile as a rearguard operation under President Ford and Secretary of State Kissinger.

The iconoclastic attack formula was startlingly familiar. Step One is to welcome the sneaky informer who comes with official but confidential documents, such as the stolen Pentagon Papers. Step Two is to print the material and raise editorial hands in horror that national leaders sometimes act without checking with the Civil Liberties Union.

Step One in this case was the publication of a private staff report to the Senate Internal Security Committee. The report disclosed that the CIA had been authorized by the Nixon administration to spend \$8 million in Chile between 1970 and 1973 to help support newspapers, radio and TV stations, labor unions and other legally organized groups opposed to the regime of former Marxist President Salvador Allende.

Step Two was a barrage of comment suggesting that Kissinger had been less than frank in testifying before the committee on the CIA activity against Allende, who died in a bloody military coup a year ago after encouraging all manner of subversive communist activity while ruthlessly moving to kill any criticism.

The unanimous liberal comment also sang a familiar refrain. The motif was

and is that it is a terrible disgrace for our republic type of democracy to attempt to influence the direction of others. To do so, it was variously asserted, is not only "sordid" and "shameful," but downright "appalling." Nice guys, in effect, contemplate the beautiful sunset outside the bedroom window while being robbed by gangs of unfortunates who only seek to better their underprivileged lot in life.

President Ford, to the astonishment and dismay of his would-be snipers, calmly snatched a big hunk of rug from under them at his White House press conference. Along with other near-insulting queries, he was asked the following regarding the CIA activities in Chile.

"Is it the policy of your administration to attempt to destabilize the government of other democracies?" Ignoring the implied contention that democracy had been served by the reëlected administration of Allende, Ford bluntly admitted an inevitable fact of international relations. Certainly, he said, the U.S. not only did what was alleged in Chile - it does whatever it can to advance its interests everywhere and hopefully always will.

No American president had ever so frankly admitted that the U.S., as a matter of its own security, routinely tries to affect the political course of other nations, labor unions and other legally organized groups opposed to the regime of former Marxist President Salvador Allende.

"I am reliably informed that communist nations spend vastly more money than we do for the same kind of purpose." The whole matter was left hanging by President Ford's accepted offer to meet with key lawmakers who were claiming their supervision of CIA activities was inadequate. The meeting accomplished very little.

It accomplished very little because the people who can control the CIA pursestrings have known all along what the agency has been doing. And, if they didn't, it was their own fault for not learning the details.

All this latest CIA controversy, viewed in the kindest perspective, is simply kindergarten stuff involving a sort of naive who is beyond belief. It is almost incredible that the perpetrators would believe the American public would swallow their nonsense.

The unfortunate fact, in my estimation, is that the perpetrators somehow sincerely believe that it is demeaning for this nation to do what its communist enemies do all the time. This view, naturally, is encouraged in every way possible by Moscow's agents and apologists.

So subtle is the Kremlin propaganda that many of our leading public figures are afraid of offending the subversives bent on destroying us. As an example, I cite the case of J. William Fulbright, whose ignoble reign as chairman of the Senate Foreign Relations Committee is about to end through his recent re-election defeat.

For years the senator has battled to end or severely curtail our government's financial support for radio broadcasts beamed at the Soviet Union, its satellites and other communist countries. His notion of that conveying the truth to the truth-hungry communist masses is a provocative insult to the commissars whose good will we should beg at all costs.

He still feels that way. Recently the lame-duck lawmaker let it be known in rug-chewing terms how terrible he thought it was for U.S.-backed stations to be broadcasting large chunks of the Kremlin-banned news by exiled writer Alexander Solzhenitsyn. "The Gulag Archipelago."

The eternal theme of the liberals is: Never do anything to offend the communists. This becomes almost comical in the fracas over minor CIA actions in Chile when you consider what our ideological enemies were doing.

Every American should have a chance to read the voluminously-detailed "White Book," issued in 1973 by the military government which deposed Allende. The take-over was certainly no step toward democratic freedom, but it certainly was no worse than the communist tyranny which was on the verge of being imposed.

The 257 page report traces, by name and time, exactly how communist agents from Russia, Cuba, Brazil, Uruguay, Argentina, Peru, Santo Domingo, Nicaragua, Honduras and elsewhere collected in Chile after Allende's squeak election in 1970 to plot an armed insurrection with his tacit approval.

There were more than 15,000 of them, some of whom became the president's closest advisors. Meanwhile, there was a steady inflow of all manner of guns and ammunition to support the planned communist coup. Castro's Cuba at one point shipped 13 crates of such material as a personal "gift" to Allende. He reportedly used one of the "gifts" - a Soviet-made machine gun - to kill himself when his army revolted.

Never forget that other side. The handshakes of détente have in no way altered its unchanging ultimate aim of taking over the world.

It will happen, too. If we listen to those who howl foul when we are forced to exercise common sense fighting fire with fire.

BETTY'S NOTEBOOK

A few months ago we carried an article in our column about a group called "China Chasers" which would search out china made by the Syracuse China Co. which is now out of business.

The article said that hundreds of pieces of discontinued china had been located and the group, formed in 1973, has now branched out searching for discontinued Lenox and Castleton patterns.

Mrs. William Rood of 2 Stephen St. stopped into the office the other day to tell us she had located two pieces of Syracuse china to aid in completing her set. She had been searching for a dinner plate and a bread and butter plate and sure enough she found the article had mentioned "China Chasers."

For those of you still searching and who may have missed the article the address is "China Chasers," P. O. Box 214, Dunwoody, Ga. 30338. Also, those readers who may have extra plates they would like to part with may consider letting "China Chasers" know about them in case in some other part of the country there is someone anxiously waiting for just that cup and saucer you may have.

Announcing a birth is a proud venture, and Ringling Bros. and Barnum & Bailey Circus has always been synonymous with the great, the spectacular, and the unusual. A note from its public relations firm places special emphasis on "the unusual."

It seems a pair of ligers has been born to one of the show's four-footed performers. If you don't know what a liger is, then mate a male lion with a female tiger and see what you get.

Evidently the birth of such a creature is extremely rare, with some experts recalling a liger born many years ago in the Central Park Zoo, and another one in the Salt Lake City Zoo. But apparently no records of ligers born anywhere else have turned up.

The circus veterinarian confirmed that the two cubs, a male and a female, born in September, are ligers. They have tiger stripes as well as spots, with coats that are darker in color than their parents, and faces and paws resembling those of a lion.

The ligers will eventually perform in the mixed animal act of Edward and Christine Samel. The vet did add one note of caution: "Let's hope the Polar bear stays away from the puma."

Around The World In 30 Minutes The Herald's first Travel Show for the fall season proved very successful last week. Trans World Airlines provided films on European travel entitled "London and Scotland," and "The Other Paris." Unfortunately, due to a mix up in the film, "The Other Paris," turned into a 30 minute trip around the world (we didn't even touch down in Paris) but it was well received.

The Oct. 24 show hosted by United Airlines will feature the enchanting land of Hawaii and the film will start Don Ho, world famous Hawaiian entertainment personality. Dancing girls, well we aren't sure yet, but we hope to add a few surprises.

A Bright Light "Love your life, poor as it is. You may perhaps have some pleasant, thrilling, glorious hours, even in a poorhouse. The setting sun is reflected from the windows of the almshouse as brightly as from the rich man's abode." Henry David Thoreau (1817-1862)

Auxiliary Will Tour Children's Village The Manchester Auxiliary of the Child & Family Services of Connecticut will meet Wednesday at 8 a. m. at the Children's Village, 1680 Albany Ave., Hartford.

There will be a tour of the village followed by a talk by Robert I. Beers, executive director, who will discuss some of the services offered there.

Mrs. Richard Brown, president of the board of directors, will explain the role it plays in keeping the agency running. This is an open meeting. Friends and prospective members are welcome. Those interested in pooling rides should meet in the parking lot at South United Methodist Church on Hartford Rd. no later than 9 a. m. Anyone who needs transportation should call Mrs. Edward Kaminsky, 47 Willard St.

4-H'sers Need A Flag Pole The Happy Crafters 4-H Club sponsored by the Manchester Recreation Department at the West Side, 110 Cedar St. will meet Tuesday from 3 to 4 p. m.

This meeting will consist of an introduction to 4-H and basic cleaning instructions for ceramic greenware. Members will be presented with an American flag which was flown over the White House on behalf of the Happy Crafters Club. A flag pole is needed and it is hoped that some organization will donate a portable flag pole. The club will begin each meeting with a salute to the flag as a reminder to members to have pride in their country.

VFW Honors Gold Star Mothers

The VFW Auxiliary recently honored its Gold Star Mothers at a buffet supper at the Post Home.

Those honored are Mrs. Margaret Brown, Mrs. Helene Erickson, Mrs. Martha Mansfield, Mrs. Cora Blow and Mrs. Lucienne Rhuda. Other guests included Edward Stickney, Post commander, and his wife, Miss Louise Copping and Mrs. Esther Alberti will be co-chairmen for the event.

The Department of Connecticut, VFW Auxiliary, also honored Gold Star Mothers at a recent luncheon at the Westport VFW Home. Attending from Manchester were Mrs. Erickson, Mrs. Blow, Mrs. Rhuda, Mrs. Vtiau Chamerka, senior vice president, Mrs. Ruth Henshagen, president, and Mrs. Florence Streeter, past department president.

Manchester Newcomers Club will have a workshop for its Christmas Shopping Spree tonight at 8 at the home of Mrs. James Gayer, 41 Sumner St. Burlap wall hangings will be made.

An adult Bible study will be conducted Wednesday at 10 a. m. at Zion Evangelical Lutheran Church.

The Church of the Nazarene will have a ladies coffee hour and Bible study Wednesday at 9:30 a. m. at the church, 236 Main St.

St. Mary's Episcopal Church will have a service of Holy Communion Wednesday at 10 a. m. at the church.

The committee on worship of North United Methodist Church will meet tonight at 7 at the church.

The Mayfair Y Club will meet Wednesday at 9:30 in Cronin Hall of Mayfair Gardens. All Mayfair residents are invited.

YWCA Drop-In will meet Wednesday from 9:30 to 11:30 a. m. at the Community Y. All women are invited for volleyball, fellowship and a break for coffee. Child care is available at an hourly rate. More information may be obtained by calling the YWCA office, 647-1437.

The committee on finance of North United Methodist Church will meet tonight at 8 at the church.

Parents and Students of Manchester High School are invited to attend a seminar tonight from 7:30 to 9 p. m. on post-high school education planning. The meeting will be in the high school cafeteria.

The Little Theatre of Manchester will meet Wednesday at 8 p. m. in the LTM rooms at 22 Oak St.

Pinocle Scores Top scores in the Manchester Senior Citizens Pinocle Group game Thursday at the Army and Navy Club are: Sue Purnell, 585; Frances Fike, 569; Eva Post, 558; Cis Wilson and Mike Desimone, 556.

The group sponsors a game each Thursday at 9:45 a. m. at the Army and Navy Club. Play is open to all interested senior citizens.

President Mrs. Gertrude Johnson of N. Elm St. was installed as president of St. Bridget Rosary Society at its recent installation banquet at the Colony in Talbotville. She succeeds Mrs. Shirley Richter.

Other officers installed are Mrs. Irene Frisch, vice president, and Mrs. Mar Lukas, treasurer. Committee chairmen installed are Mrs. Mary Blackwell and Mrs. Roslyn Templeton, hospitality; Mrs. Ann Pryke, publicity; Mrs. Dorothy Standish, cheer; and Mrs. Dona Martens and Mrs. Virginia Fields, social hospitality.

Phelps-Danylik

Phyllis Ann Danylik of Rockaway, N.J., and Douglas Joseph Phelps, also of Rockaway, N.J., exchanged wedding vows Sept. 7 at the Church of the Saviour in Den- ville, N.J.

The bride is the daughter of Mr. and Mrs. Philip M. Danylik of Rockaway, N.J. The bridegroom is the son of Mr. and Mrs. Douglas L. Phelps of 40 Durant St.

The Rev. Robert H. Matland officiated at the double-ring ceremony. The church was decorated with altar and pew flowers and a white carpet.

The bride, given in marriage by her father, wore a white maracine jersey gown designed with high neckline, tail laced sleeves, Empire bodice with lace and bead trim at waist, steves and necklace, and a slight train. Her three-tiered veil of silk illusion was attached to a camelot headpiece. She carried a bouquet of white orchids and roses.

Mrs. Christine Richard of Hartford was her sister's matron of honor. She wore a long sleeved light pink maracine gown fashioned with Empire waist. She wore a garland of flowers in her hair and carried a nosegay of assorted flowers.

Bridesmaids were Miss Elizabeth Plonka of Den- ville, N.J., Nancy Wilson of Broom- field, N.J., and Mrs. Julie Dankowitz of Massachusetts. They wore gowns similar to that worn by the honor attendant except in light green.

John Landry of Hartford was best man. Ushers were David Richard of Hartford, Ronald Dankowitz of Massachusetts, and Jerry Tower of Springfield, Mass.

A reception was held at the KoC Home in Mt. Arlington, N.J., after which the couple left on a trip to Bermuda.

Division of Census Aircraft Co. in Broomfield, N.J. Mr. Phelps, a veteran of two years' service with the U.S. Army in Alaska, is employed by Waldire Air- electronics, Clifton, N.J.

Mr. and Mrs. Douglas J. Phelps

Mr. Phelps is employed at the Aircraft Radio and Control on a trip to Bermuda.

Marines Offer Scholarships

High school seniors interested in obtaining a college scholarship through the Marine Corps Option of the NROTC program must have their applications in the mail by Nov. 1. This will allow for the selection of the scholarship recipients before their high school graduation.

According to Capt. William R. Serpa of the Marine Corps Officer Selection Office in Hartford, the scholarship has an average value of \$18,000. It pays full tuition, textbook costs, and associated fees. In addition, the student receives a \$100 a month allowance during the school year. Summer training sessions with pay and travel are also a part of the program.

Applicants of these scholarships can include from 75 participating colleges and universities, which represent some of the finest institutions, state and private, in the country. With graduation comes a direct commission as a second lieutenant in the Marine Corps.

Interested high school students can obtain applications and additional information through their high school guidance counselors or local Marine Corps recruiters.

A Modern Pharmacy

Today computers are performing a multitude of tasks in many hospitals, ranging from diagnosis to actual treatment of patients...One growing public demand they are meeting is that medicine prevent, not merely cure, disease...People are beginning to see health as a basic right, like education. This means regular physical checkups for every man, woman and child...Yet there simply aren't enough doctors or nurses to accomplish this...The answer...Computers, linked to automated, fool-proof testing equipment...

Proper medication alleviates a great amount of discomfort. Fill your prescriptions at LENOX PHARMACY, 299 E. Center St., Tel. 649-0896 for free delivery. Open 8 1/2 Sun. and Holidays 8 1/2. "Symbol Of Honest Pharmacy Service." Gift Dept., Film, Cosmetics, Candy. We honor Master Charge Cards.

Automotive Services Council Officers New officers were elected at the first annual meeting of the Automotive Services Council of Connecticut recently at Willie's Steak House. Shown here are (from left) Malcolm Kerr of Glastonbury, associated with Manchester Transmissions Inc. at 161 W. Middle Tpke., and treasurer; Joseph Magnano of 38 Greenwood Dr., associated with Daniel's Cadillac in Hartford, president; and Joseph Goodfield of East Hartford, associated with R&G Auto Service Inc. of 917 Center St., vice president. BUSINESS

WASHINGTON (UPI) — Despite lamentations of Wall Street brokers that the individual investor has left the stock market, recent actions seem to suggest the only attempt to lure him back are heavy-handed.

The New York Stock Exchange has asked the Securities and Exchange Commission to approve an 8 per cent increase in transaction fees on orders from \$5,000 to \$300,000 and filed a federal suit to block the monthly bank investment plans.

The suit, in which NYSE was joined by the mutual fund industry, on its face seems an admission of failure by brokers to carry out recommendations of SEC Chairman Ray Garrett Jr.

In a series of speeches and talks last spring and summer, Garrett said brokers should "dist off" their own plans and stop moaning about bank programs to invest \$25 to \$500 in 25 blue chips each month.

Although some brokers and registered representatives undoubtedly responded to Garrett's challenge, their activity has not generated the high profile of the NYSE plea in that the U.S. District Court here enjoins banks from offering small investment plans.

On the same day (Sept. 24) it was trying to force individual investors away from banks, the NYSE was asking the SEC for another rate hike. On Sept. 25, 1973 rate increases of 10 per cent on orders up to \$5,000 and 15 per cent on orders above \$5,000 took effect.

NYSE Chairman James J. Needham testified that the new increase was needed because member firms had lost \$84 million in the first six months of 1974. In fact, Needham continued, 60 per cent of the member firms had gross losses of \$149 million in that period.

But the SEC commissioners and staff were quick to point out that 40 per cent of the firms earned profits of \$91 million in what Needham had earlier described as "one of the longest continuous bear markets in a generation."

SEC Commissioners John R. Evans and Phillip A. Loomis expressed concern that a rate increase was an overt attempt to "maximize" profits for some and bail out others not willing to help themselves.

"We're not, at least I'm not, sympathetic to those who have done nothing to improve their status," Evans said. Drawing even more fire from the SEC commissioners and staff was the statement drawn out of Dr. William C. Freund, NYSE chief economist and vice president, that individual investors constitute about 30 per cent of the share volume, but pay more than 50 per cent of the commissions.

SHOW BUS TO NEW YORK Leaves from Globe Travel, Wed., Oct. 16th, at 8:00 a.m., will take in musical at Schubert Theater, featuring the Andrew Sisters in "Over Here." There will be time for lunch, plus shopping. Bus will be Air Conditioned; and will return to Manchester at 7:00 p.m. Price for everything including tax, services and Reserved Overstays Seat, ONLY \$15.00. OBITUARIES

William Popoff Jr., 54, of Santa Rosa, Calif., formerly of Manchester, died Monday in Santa Rosa. He was the husband of Mrs. Dorothy Durke Popoff.

Mr. Popoff was born in Hartford and lived in Manchester before moving to California about 30 years ago. During World War II, he served with the U.S. Army in the South Pacific.

He is also survived by four sons and a daughter, all of California; his parents, Mr. and Mrs. William Popoff of 423 Lydell St.; two brothers, Reynolds Popoff of Vista, Calif., and Alex Popoff of Azusa, Calif.; a sister, Mrs. Dorothy Tomlinson of East Hartford; and several grandchildren, nieces and nephews.

Virgil L. Hartzog, 54, of 35 Country Club Lane died Monday at Manchester Memorial Hospital. He was the husband of Mrs. Dorothy Hatten Hartzog.

Mr. Hartzog was born July 24, 1920 in Meriden, Miss., son of the late Virgil and Frances Joly-Virgil, and had lived in Manchester for the past 32 years. He was employed as an engineer at Pratt and Whitney Division of United Aircraft Corp., East Hartford, before retiring in 1963 because of ill health.

He was a member of Community Baptist Church and active in the formation of the church. He also belonged to Manchester Lodge of Masons and Manchester Country Club and was an incorporator of the Institution for the Blind.

Cemetery Stones Toppled

Nearly 100 stones in the St. James Cemetery were found pushed over and broken by Patrolman Fredric Jancinich while on patrol this morning at 6:15. Henry Higgins, director of the cemetery, said this morning many of the stones are too heavy for his four-man crew to reset. It is the second such attack on the cemetery in recent years. After the last attack, the two local monument firms used their equipment to lift the stones and reset them. Many of the stones are broken or chipped. Higgins noted it takes a good deal of energy to move the stones. He could not understand why anyone would work so hard to push down so many. (Herald photo by Barlow)

Nature Walks Planned

Late Junior Museum will sponsor nature walks Thursday and Oct. 10 from 9:30 to 11:30 a.m. at Oak Grove Nature Center. Anyone who has morning fever including parents with young children, college students or retired persons, is invited. A nominal fee will be charged.

There also will be a field trip Saturday to the State Fish Hatchery in Burlington. A bus will leave at 9 a.m. and return at noon. Fees are \$1.25 for members and \$1.50 for non-members.

On Oct. 12, the museum will sponsor a trip to Kent for a morning of exploring the falls and surrounding area. Later, a visit to the Sloat-Stanley Museum and Kent Farm is planned. A bus will leave at 9 a.m. and return at 3:30 p.m. Those planning to attend are:

Buckingham Church Will Sponsor Fair

The Buckingham Congregational Church will have its 4th annual Early American Fair Friday from 10 a.m. to 5 p.m. and Saturday from 10 a.m. to 5 p.m. The church is located on Rt. 64 at the Rt. 83 intersection in Eastford.

The fair will feature colorful arts and crafts and demonstrations. There will also be pottery, antiques, a writing shop, a blacksmith, a printing shop, a blacksmith, a printing shop, a blacksmith, a printing shop.

Some Accord Reached In Teacher Pay Talk

Negotiators for the South Windsor Board of Education and the South Windsor Education Association have reportedly reached tentative agreement on salary increases.

AREA POLICE REPORT

SOUTH WINDSOR: Blank checks were stolen from the office of the Central Paving Co. of 520 Burham St. during a break over the weekend. Verdon, George L. Carlini, 29, of 16 Reservoir Rd., Vernon was arrested Monday at 9:10 p.m. and charged with threatening, carrying a dangerous weapon (a rifle), and intoxication.

ABOUT TOWN

Mrs. Lillie Herndon, president of National PTA, spoke to local PTA officers and members this morning at Martin School. Accompanied by Mrs. Barbara Keny, State PTA president, this was one of the stops on her scheduled tour throughout the state this month introducing the new PTA Action Program.

The VFW Post and Auxiliary will conduct a recreational program Wednesday at the Newington Veterans Hospital. Those planning to attend are reminded that the group will leave at 7:30 p.m. from the Post Home.

HERALD YESTERDAYS

25 Years Ago: Canon Alan Richardson of Durham Cathedral, England is to speak as guest preacher at St. Mary's Episcopal church. Eight classes with enrollment of 341 start night sessions at Manchester High School.

Town Disaster

(Continued from Page One) for withstanding the under complaints as the information they got from state sources "stunk," he said. The town is preparing a list of needed items in every home and will get it to the public. Items include a radio, flashlights and fresh batteries, food, clean water in containers, a first aid kit, and more.

Next time, he added, shelter will be under the direction of Mrs. Elaine Sweet of the American Red Cross. It most likely will be at least care on a town-by-town basis to get out correct facts.

Mayor Thompson told a story about the strange problems that kept forcing themselves on the volunteers and town workers. Lt. Richard Sartor of the police department took a turn in the control center on the phones. A woman called about a downed wire by her house.

Partly Misquoted, Says Dr. Kennedy

Dr. James P. Kennedy, superintendent of schools, said he was partly misquoted Monday in the Herald concerning an article about recent breaks at the Verplanck School.

Rate Hike Sought by L&M Water

A \$30 per cent increase in the rates it charges its 106 customers is being sought by the L & M Water Co. of Manchester.

COMMITTEE SESSION

Carl Zinsser, whose term is to run as this morning's Board of Directors comment on the state PUC (Public Utilities Commission) has scheduled an Oct. 23 public hearing on the proposed rate. It will be at 10 a.m. in Room 565A of the State Office Building, 165 Capitol Ave.

Palmer Out to Clinch Crown for Orioles

DETROIT (UPI) — Jim Palmer and pennant clinching gettough hit champagne and the Baltimore Orioles. Palmer, who has been the winning pitcher in all four of Baltimore's American League title-clinching games, will be pitching today when the Orioles attempt to nail down at least a share of the East Division crown against the lowly Detroit Tigers.

The Yankees will send George Medich, knowing the outcome of the Baltimore-Detroit contest. The Yankees' pitching staff is a full game and the Orioles need only to sweep the regular season's two remaining games from Tuesday to advance to the playoffs against Oakland regardless of what New York does.

Palmer, who has been the winning pitcher in all four of Baltimore's American League title-clinching games, will be pitching today when the Orioles attempt to nail down at least a share of the East Division crown against the lowly Detroit Tigers.

Fifth Straight Shutout Gained by High Booters

By Len Auster

Despite playing poorly in the second half, Manchester High blanked Conard High, 1-0, in a hard-fought CCIL soccer clash yesterday at Memorial Field. The win was the Indians fifth straight shutout after an opening setback.

Manchester, Enfield and Hall are tied atop the league standings, each with four wins and a loss with Hall also having a tie in the circuit.

After a scoreless first period which the Silk Towners dominated, Carl Bucjucius tallied his fourth goal of the season at the 9:27 mark of the second stanza with an assist from Tavo Stimac. Stimac had received a pass from Reiner Cacace and one-timed it to Bucjucius free on the right side and the latter drilled it 12 yards out past the outstretched hands of Conard goalie Dave Pistrino.

Manchester had its good short passing game working in the losers' field.

Start of 89-Yard Touchdown

Jack Maloney Ignited MHS Win Saturday

Good Start

Marching all the way in its first session, the Manchester High JV football team tied its South Windsor counterparts, 6-6, yesterday.

Cheney Booters Notch First Win

Copping its first win of the campaign yesterday was the Cheney Tech soccer team, 2-1, over Putnam Academy at the losers' field.

The Beavers are home today entertaining St. Thomas Seminary.

Cheney's Joel Tessier opened the scoring in the first stanza with a 15-yard boot. The ball ricocheted off one post and then the other before crossing over the goal line. Coach Manny Goncalves' 11 dominated goalies' action beating the hosts to the ball consistently.

Board of Coaches' Poll

Ohio State No. 1, Five Upsets Noted

NEW YORK (UPI) — Ohio State, yet to face a real challenge this season, strengthened its hold on the top ranking in the United Press International Board of Coaches' ratings this week.

The Buckeyes easily defeated SMU 28-9 Saturday, although not quite as handily as had been expected, to earn 27 of the 34 first place votes cast and 331 points.

Upsets of five of last week's top 10 teams — Notre Dame, Texas, Arizona State, Oklahoma State and Wisconsin — caused some big changes in the ratings.

No. 2 Notre Dame fell from second to sixth after losing 31-20 to Purdue and was replaced by Alabama, which moved ahead of Michigan by a mere two points.

Texas A&M, something of a surprise this season, was fourth after running its record to 3-0 with a 28-15 victory over Washington.

Nebraska, 2-1, climbed from ninth to fifth, followed by Notre Dame.

Texas Tech, another Southwestern Conference surprise this season, upset the seventh ranking, Florida, advanced from 14th to eighth with its third straight win, a 29-13 decision over Mississippi State.

Auburn crashed into the top 10 in the ninth spot and Southern California regained the top 10 with a 16-7 victory over Pittsburgh.

North Carolina State, with a 4-0 mark, was 11th, while the Cotton States and Southern Louisiana.

Case, having eliminated eighth seeded Roy Emerson, fourth seeded Dick Stockton, and unseeded veteran Charles Pasarell throughout the week, controlled the first set making Ashe return most of shots of the court.

"All I was doing after that was to hit safe," said Case.

However, in the second set after leading 5-4, Case broke his own serve in the next game and returned his backhand shot long to lose the lead at 6-5.

Ashe, taking advantage of the situation, fired backhand and cross court returns to break Case's serve in the 12th game to win the set.

The Muller that's Guaranteed for as long as you own the car... 875-2517

OLENDER'S MUFFLER SHOP ROUTE 83 ROCKVILLE

the first half launching 17 shots compared to just four for West Hartford-based visitors. The second half saw Coach Dick Danielson's Indians seemingly run out of gas but the defensive work of fullback Kurt Hassett, senior Co-captain Mike Lombardo and netminder Ray Sullivan kept the Chiefs off the scoreboard. Sullivan was called upon to make 10 saves while his counterpart, Pistrino, had a fine game in the nets making 11 stops.

"We played a good first half," commented Danielson. "This was the best team we've faced this year so far."

Hallback Bill Donovan turned in a fine outing but he twisted an ankle at the 6:06 mark of the second stanza and didn't return. Tracy Kasel and sophomore Bill Meier also played well for the locals.

The Tribe's next clash is Friday in Willimantic against league foe Windham High.

COACHES' CORNER

By John LaFontana EAST CATHOLIC

It's sometimes just as hard to write about a good victory as it is to explain away a bad loss. The reason is that in a big victory it's awfully hard to pick out a few people who excelled when so many played well.

Kevin Shorey, a junior halfback, ran the ball five times for 37 yards and did an excellent job blocking for the other backs. Tom Horat, a linebacker, did a great job on defense despite the fact that he was playing on a sore knee.

The Dallas Cowboys have not been scoring after a solid opening day effort and quarterback Roger Staubach knows who to blame — Roger Staubach.

White Triple Winner Tennis Tournaments Were Well Run

By Earl Yost

Despite setbacks by the weatherman on three straight occasions, Ray Camposo turned in a commendable job as director of the annual Recreation Department Town Tennis Tournaments.

With tennis interest on the increase, Camposo successfully ran a record six days.

Mike White emerged as the shining light by winning the Men's Singles and teaming with Tom McDonald to gain the Men's Doubles and with Marti Parmlin to capture the Mixed Doubles.

Linnea Everett repeated as Women's Singles queen and with Marti Parmlin gained the Women's Doubles.

Mal Darling has dominated the Men's Singles Seniors (players 45 and over) since the event was introduced four years ago when tennis tournaments were resumed.

A record number of players and teams competed, a feather in the cap of Camposo. The latter served as a tennis instructor for the Rec during the summer months and passed along tips to nearly 500 youngsters and adults.

Camposo is a student at Central Connecticut State College.

Wigren Cops One-Day Golf Capturing low gross honors in yesterday's Connecticut Section PGA held at Ellington Ridge Country Club was Gary Wigren of the host club.

Ralph DiNicolo of Manchester Country Club toured the course in the 7th.

John Holmes Brown and Jack Cristofani scored the team low net of 60.

Pittsburgh Coach Chuck Noll didn't mince words after his Steelers were overpowered in a 17-0 loss to Oakland Sunday.

"They rammed the ball down our throats. We got our butts kicked. It was a total team effort. We couldn't do anything against them because we couldn't block, couldn't tackle and how can you win a football game without blocking and tackling."

"It's ridiculous," said quarterback Marty Domres. "Schellenberger was a good coach. Nobody can turn this team around because we have to play together before we can win ball games. I say it's only a sideline official who doesn't know anything about football."

Thomas, told of the decision two minutes before the end of the game, had a truly inspirational reaction for the Cold Irons.

He told Friday, "I don't know where to begin."

Randy Vataha turned out to be one of the heroes in New England's stunning upset of Los Angeles Sunday but it really wasn't one of his better days.

Vataha first dropped one pass, ran into an official on another pattern and dropped still another. He had been benched since the second period before making a 21-yard touchdown reception for the winning score in the last quarter.

Tanner, King, Nelson and Hunt may sound like a law firm but they're the guys winning the miracles at New England. John Tanner is a three-year vet, Steve King is a second-year linebacker and Steve Nelson and Sam Hunt are rookies who form the four-linebacker setup which has led the Pats to upset wins over Miami and Los Angeles in their first three games.

Men's Doubles Winners Patriots Not Overconfident

By Larry Olsen MANCHESTER HIGH

Demers. None of these boys was slated to play defense for us this week and did a very good job of "punching South Windsor's noses."

We received a very good performance, particularly for a first game, from both the veterans and novices. Jason Dodge, a junior, in his first starting role as a fullback had a very good day of running and blocking and teamed up with John Kunz and Jack Maloney to give us a well rounded running attack.

Our offensive line, led by the blocks of center Ralph Fabor, tackle Mike Demers and guard Larry Wagner, did a fine job in opening holes for our backs. The kind of errors usually found in an opening game were there, but on the whole rather minimal. We had but one fumble and four offside penalties in a ground offense of 17 yards, so overall I was pretty pleased.

Our defense, coordinated by my assistant Steve Lindberg, gave a very strong showing particularly in the second half when we shut them out. Our defense in the second half was bolstered by the play of linebacker Bob Dignan and tackles John Samiotis and Service Inc. and Manchester's Mike Buttal Assn. locally as well as the National Football League, is in its 11th year.

Any boy or girl, 8 through 13 years of age, accompanied by a parent or guardian, is eligible to register at any participating Ford Dealer. Each youngster competes only against others in his or her own age group. There is no body contact and no special equipment is needed. Also, no entrance fee is required and participation does not impair a youngster's amateur standing.

Redskins Back Allen Declares

WASHINGTON (UPI) — "I think the Redskins are back," Washington Coach George Allen proclaimed today after they turned in a 30-3 going-away win over the Denver Broncos Monday night. "We're back together as a team."

"I thought we played our best game of the year," Allen said of his team, which smothered the Broncos defensively throughout the nationally televised contest and generated the highest Washington scoring output of the season.

Allen gave out game balls to three of his offensive stars—Bill Kilmer, who passed for over 200 yards, Charley Taylor, who caught two of his 17-22 completions for touchdowns, and Roy Jefferson, who turned in three clutch receptions.

But Allen credited his defense with coming through with the game-winning plays by stopping a Denver touchdown threat in the second half when the winless Broncos were trailing 15-3 and driving to get back into contention after recovering a fumbled kickoff by the Redskins.

Ken Houston's interception was nullified by a penalty which gave the Redskins a 10-0 lead at the Washington 12. The Redskins

defense stopped successive smashes by Otis Armstrong and Floyd Little to choke off the drive.

"It took a perfect defensive play to stop it," Denver quarterback Charley Johnson said of the Washington defense which saw linebacker Harold McClinton stop Little in his tracks as he tried to buck over.

"I'd do it again," Bronco coach John Ralston said of the gamble. "We can make that kind of yardage."

But apparently not against a Washington defense which grabbed off two fumbles and an interception which ultimately led to Redskin scores. The first fumble recovery in the first quarter led to Kilmer's first touchdown pass to Taylor from the three. The second fumble turnover led to the first of Mark Moseley's field goals.

Kilmer, using short passes and straight-ahead power plays, took Moseley into field goal range after the Washington defense stymied Armstrong and Little plunges as the fourth period began.

Kilmer later hit Taylor with an 11-yard TD shot and Duane Thomas scored from the one after an interception by Bryn Owens to complete a 17-point final quarter spurge by Washington.

ST. LOUIS, Mo. (UPI) — Free agents Greg Kohns and Randy Noll were released Monday by the Spirits of St. Louis of the American Basketball Association.

Syracuse, who graduated in 1972 and had been playing basketball in Europe.

Noll, a 6-foot-9 forward from Marshall University, was graduated last year and also played in Europe.

BOSTON (UPI) — Three weeks ago the media worried in math of the Patriots' third straight win, a 20-14 stunner over the Los Angeles Rams. "We're confident, not overconfident," Second-year back Sam Cunningham added the Patriots have no chance of becoming overconfident.

"We've been abused for so long, we appreciate a chance to win. It's our chance to get after people. Now we're the ones who make something happen."

Field Dispute Led to Firing

TRI-TOWN — Greg Hall 209, Dick Slota 203-230-570, Frank Shimada 206, Jim Day 203, Bill Calhoun 218, Ernie Nickerson 200.

THE TOTALERS — Nancy Westburn 469, Judy Sabella 178-180-503, Lynn Wallace 185, Sharon Rich 177-179-524, Claudette Mertens 452, Fran Misseri 187-482.

THOMAS will spend the rest of the year as head coach but he said the assistant coaches would do most of the field work.

"My responsibility will be no different from my job as general manager in the front office," he said. "I'll sit in with the coaches, but they'll run the team. If I have some ideas, fine."

Thomas, who is credited with building powerhouse football teams in Minnesota and Miami, came to the Colts in 1972 after Irsay obtained ownership of the Colts by purchasing the Los Angeles Rams and trading the Rams to Carroll Rosenbloom for the Colts franchise.

In two years Thomas brought at least 25 new faces to the Colt roster, trading away such veterans as the great Johnny Unitas and defensive end Bubba Smith for younger players and draft picks. The Colts began the 1974 season with 17 rookies and 11 second-year men on their 47-man roster.

Schellenberger still has the rest of this year and 1975 remaining on his three-year contract with the Colts. Thomas said he talked to the departed coach Monday and told him to delay any plans to go to court until lawyers figured out a settlement. Schellenberger could not be reached for comment Monday.

Your Neighborhood Bookie

"They're off and running at Belmont." If you're one of those who breaks Connecticut law and calls his friendly neighborhood bookie for a sure thing in the fifth at wherever, you'll soon be able to do it legally.

The state of Connecticut is about to become your friendly neighborhood bookie and it'll all be above board. Betting with "Joe" or "Al" or "Harry" still will be illegal, however.

The state's Off-Track Betting Division is mounting a three-pronged attack on the consumer's dollar.

- Mini-track parlors at choice locations around the state — each on about 10 acres of land and each to cost about \$2.5 million.
- Branch offices in as many towns as possible, each requiring about 1,500 square feet.

- A telephone wagering system, utilizing computers and with telephone operators, telephone supervisors and accounting personnel to be state employees.

The telephone betting system will be established in mini-track headquarters, expected to cost about \$5.5 million and planned for the Hartford area. The headquarters would house closed circuit television, the central computer center and the telephone betting system.

The Off-Track Betting Division will establish a system of credit cards for those bettors cleared through a security check. Credit cards, similar to gasoline credit cards, will be issued — each with a code number. When calling in a bet, the bettor's code number will be fed into a computer system by the operator. If checked out satisfactorily, the bet will be accepted.

Still to be decided is the question of deposits by those receiving credit cards — whether to require \$25 or \$50.

The Off-Track Betting Division is estimating the telephone wagering system could account for about 20 per cent of the off-track betting operation.

The mini track parlors would be 50,000 to 55,000 square feet, on two levels, with parking provided for 800 to 1,000 vehicles. A lobby area will provide 6 betting win-

dows, plus a Lottery Claim Center for cashing some lottery tickets.

There will be an entrance from the lobby to the general admission area at a \$2 admission charge. The area will accommodate 1,500 to 1,600 patrons, will have 12 betting windows and will show live races in color on a 30 x 40-foot closed circuit television screen. Sandwiches and alcoholic beverages will be available.

The clubhouse area will be on the second floor, will have six betting windows and will require an additional \$3 admission. Dinners, sandwiches and alcoholic beverages will be available.

Racing programs and other racing information will be shown on closed circuit television — as in the general admission area.

Hours will be from 11 a.m. to 11:30 p.m., except for the hour from 5 to 6 p.m., when the parlors will be closed for maintenance purposes, as well as for accounting and security purposes.

The branch offices won't have seating arrangements, nor food and drink concessions, nor live television. Lotterizing will be discouraged. There will be six betting windows and television monitors will supply the morning betting odds. They will be open from 8 a.m. to 8 p.m.

At present, the Off-Track Betting Division plans to show racing (and accept bets on racing) from Aqueduct, Belmont, Saratoga, Yonkers and Roosevelt Raceways.

In May 1972, the Manchester Board of Directors indicated informally it is opposed to mini-track parlors and offices in Manchester.

Locating them in a town or city requires the approval of the legislative body — after a public hearing.

Next Tuesday, at 7 p.m. in the Municipal Building Hearing Room, the directors will be briefed by William J. Wade Jr., executive director of the state's Off-Track Betting Division — one of the three branches of the Connecticut Commission on Special Revenue. The commission and branches were created by Public Act 865 (July 1, 1971).

Custodians Retiring

From left to right, Carlton H. Walther, Ernest J. Irwin and Richard E. Lynne look at a certificate awarded to each of them upon retiring from the maintenance and custodial staff of the Manchester public school system. Theodore Fairbanks, superintendent of school buildings and grounds, made the presentation recently at Manchester High School. Walther has completed six years on the staff as a chief warehouse man. Irwin completed 24 years of service and at retirement was the head custodian at Tilling Junior High School. Lynne is resigning after two years because he is moving his family to Florida. He was custodian at the East Side Rec for Bennet Junior High School. (Herald photo by Dunn)

The British American Sports Night Committee will meet Wednesday night following the regular club meeting. Tickets are now on sale at the club for the Sports Night on Oct. 23.

The West Side Old Timers Committee will meet Thursday night at the home of Bill Pagani, 13 Falkner Dr. The annual reunion will be held Saturday night at the Garden Grove starting at 6 o'clock.

School Administrators Will Have Conference

The Connecticut Association of Secondary School Principals will have their 20th annual fall conference Thursday and Friday at Grand Lake Lodge, Lebanon.

Secretary of State Gloria Schaffer will address the conference Thursday at 3 p.m. on the topic "The Age of Majority, a Course of Studies."

Dr. Russell Kirk, critic, essayist, historian of ideas, biographer, novelist, syndicated columnist, broadcaster, and lecturer, will be the guest speaker at the Thursday dinner meeting. His topic will be "Decadence and Recovery in American Education."

Dr. Mark R. Shedd, commissioner of education, will address conference guests at the luncheon meeting on Friday.

Superintendents of schools, principals, assistant principals, and other school personnel will be free to attend their choice of 18 concurrent workshops dealing with everyday concerns of secondary school administration.

Renter Tax Relief Claims Due Dec. 31

HARTFORD (UPI) — State Tax Commissioner F. George Brown urges elderly Connecticut residents who pay rent to apply now for the new tax relief benefits to which they are entitled.

Brown said he hopes the eligible senior citizens will not wait until the Dec. 31 deadline to file the benefit claims.

THE CANDIDATES ARE SAYING

Haslett: Comment Sessions

Harriet Haslett, Republican candidate in Manchester's 13th Assembly District, is pledging "a common sense approach to solving the various problems we face in the State of Connecticut."

She pledged also, "I will represent the people with enthusiasm, dedication and, most of all, initiative. It has been sorely lacking and I intend to return our district to a position of leadership."

England: No Pay Toilets

Marilyn England, Republican candidate for state representative in the Ninth Assembly District, said that if elected, the first bill she would introduce is for eliminating all pay toilets in the State of Connecticut.

"I feel," she said, "that the people of Connecticut should be relieved of this monstrous habit foisted upon them by companies allegedly serving the public."

"Lives there a person with soul so dead they haven't at one time needed such a facility in an emergency situation?"

The Manchester PTA for exceptional children will meet tonight at 7:30 at the Keeney St. School. Norman Fendell, director of the Manchester Sheltered Workshop, will speak on the programs to be offered at the new Regional Occupational Training Center and how they will affect all exceptional children.

The 50-50 Club of St. Mary's Episcopal Church will meet Friday at 7 p.m. in Neil Hall of the Church. Following a Harvest Supper there will be square dancing with Jim Page as caller. Newcomers to the community wishing to attend may call Mrs. Eldon Coykendall at 649-9780.

Perhaps, this is where the saying began. "Brother — can you spare a dime?" Mrs. England stated her bill would make it mandatory for every large food or department store to have adequate toilet facilities available for use by the public.

Dr. Barrett Speaker At MPHNA Luncheon

Dr. Harold Barrett of Manchester, deputy commissioner of public health for the State of Connecticut, will address the annual luncheon meeting of the Manchester Public Health Nursing Association, Inc. on Wednesday, Oct. 9 at noon at Manchester Country Club.

"The Effect of a Health District on a Volunteer Public Health Nursing Agency" will be his topic. This is a timely subject in view of the fact that public health representatives of Manchester, Tolland, South Windsor and Bolton are meeting regularly to discuss forming a health district, according to Mrs. Dorian Sainin, president of the board of directors.

More than 40 volunteers are invited honorees of MPHNA. These volunteers have served at well-child, vision and hearing, and immunization clinics and at blood pressure screenings sponsored by MPHNA as community health services.

The luncheon meeting will also mark the 40th anniversary of MPHNA's incorporation. An annual report of the agency will be made available at the meeting. This will include reports from the agency's executive director, president of the board of directors and chairmen of committees.

The public is invited to the luncheon meeting for which reservations must be sent by Wednesday, Oct. 2 to the Manchester Public Health Nursing Association, Inc., 71 E. Center St., with checks payable to Manchester Country Club at \$3.25 each.

Wiley Teacher At Blind School

Roger Wiley of 345 Oakland St. has been appointed as a primary teacher at the Oak Hill School for the Blind in Hartford. The appointment was announced by Frank Johns Jr., superintendent of the Connecticut Institute for the Blind.

Wiley was one of eight new appointments made to the school staff.

A graduate of Manchester High School, Wiley is also a graduate of Dean Junior College, Franklin, Mass., and C.W. Post College, Long Island, N.Y.

Adult Day Classes Get Started Today

Classes in pre-high school review, high school equivalency, and English for the foreign born begin today, free of charge to local residents as part of the Manchester adult education program.

Two programs are offered for the high school equivalency preparation program: A morning class Monday through Thursday from 9 to 11 at the adult basic education center, 729 Main St., and an evening program Tuesday and Thursday nights from 6:30 to 9:30 at Manchester High School.

The high school equivalency preparation courses are 11-week courses designed to prepare adults who have not yet received a high school diploma for the State of Connecticut high school diploma examination. To be eligible for this examination, a person must have reached the age of 19 or must be a member of a high school class that has already graduated.

Pre-high school review classes are held Tuesday and Thursday evenings at Manchester High School from 6:30 to 9:30. These classes are free to adults who feel they need a thorough review in English grammar, math and spelling in preparation for the high school equivalency diploma courses and for improving their employment prospect.

Classes in English for the foreign born will also be given Tuesday and Thursday evenings from 6:30 to 9:30. There are two levels.

One is for the non-English speaking adult who wants to acquire basic skills in communication requisite for meeting his daily needs in an English speaking society.

The second level deals with reading and writing of the English language. Registration for the morning classes will be held all this week at the adult basic education center from 9 to 11 a.m.

The evening class registration will be tonight in room 110 at Manchester High School from 6:30 to 9:30 for those adults who have not yet registered.

Additional information about these programs is available by contacting the director, Joel Chaison, at 646-5854, extension 252.

COURT CASES

CIRCUIT COURT 12

Manchester Session
David M. Bushey, 19, of 670 N. Main St. was fined \$150 Monday after pleading guilty to the charge of aiding or abetting an escapee from the Long Lane School in Middletown Aug. 8.

Police said Bushey aided a 14-year-old escapee. The boy then drove a stolen car to Manchester and was arrested soon after in a car driven by Bushey.

Other dispositions included:
• Gene A. Fellows, 18, of Porter Rd., Ellington, reckless driving, \$50.

• Michael Miller, 31, of East Hartford, forgery or altering a prescription, one year in prison with execution suspended after 10 days and probation for one year.

• Ellsworth Cooley, 18, of Stafford Springs, operating a motor vehicle while license suspended, \$100.

Additional information about these programs is available by contacting the director, Joel Chaison, at 646-5854, extension 252.

Libassi Outlines Proposal for New Town

COVENTRY
Monica Shea
Correspondent
Tel. 742-9495

Peter Libassi, president of Greater Hartford Process-DevoCo held a press conference yesterday to outline the proposed new community regulation and to indicate to residents why Coventry was picked for the new community. Libassi said, "DevoCo has filed its application seeking Coventry approval of the new community."

"Under the proposed regulation, the town Planning and Zoning Commission will have a new set of legal tools to control and manage the conservation and development of the town."

"The new community is proposed by DevoCo as a model of how towns may manage their growth and change and how towns can achieve townwide objectives. It is to be a model of responsible and sensitive land development."

Under DevoCo's proposals: 27 per cent of the land would be set aside as permanent open space; wetlands have been protected; a public transit system will be initiated; 6,000 new jobs will be attracted to Eastern Connecticut; the town's tax rate will be stabilized; housing for the elderly will be built; and new recreational and service facilities will be provided.

"The new community is an alternative to suburban sprawl, random growth, spiraling tax rates, absence of jobs, failing septic tanks, congested highways, and a loss of our open space."

Coventry was selected as the site for the new community because of its excellent roads, assure access, suitable land available in large parcels for development, the town's manager of government is of the highest quality; outstanding educational system; and police and fire protection; development of a new community would have a positive impact on the town, and growth and development in the area was clearly inevitable.

"We now seek a public-private partnership to assure that this land is both preserved and developed in the town's best interest. It is our hope that the new community will be an outstanding model for the full 15-year development period."

"In addition, the town would maintain continuing review and approval of the development project for the full 15-year development period."

"We believe that these proposals constitute a sound and responsible approach — a harmonizing of the highly desirable social objectives of the preservation and conservation on the one hand and orderly growth and economic progress on the other hand."

Libassi further stated, "We decided to file it this time because we felt it was important to us to move this application as quickly as we could. We did not want to delay unless it was absolutely necessary. Our attorneys have said it was possible for us to file with the Planning and Zoning Commission as well as the State Planning and Zoning Commission."

"Preserve at least 20 per cent of community development open space. (Town requires about 10 per cent at the present time.)"

"These regulations and these proposals constitute a new and higher measure of performance. Under the regulations and proposals, before a developer can begin construction he must do the following to the satisfaction of the Zoning Commission:

"Submit a general development plan for the entire new community. The plan should include a development plan for each phase of the program."

"Preserve at least 20 per cent of community development open space. (Town requires about 10 per cent at the present time.)"

"The new community cannot be built without both the private and public sectors such as Planning and Zoning Commission, Town Council, Board of Education, Department of Transportation, and Department of Environmental Protection."

"We don't believe the economic slump will be allowed to prevent the realization of a new era in the economy. And we must remember that the development program for 15 years and we are prepared to face economic swings."

"We know that the State Plan of Development has designated this area for limited development because of lack of public sewer and water and an application and plans to have these public facilities. I believe this land will be reclassified. The plan does support the idea of new communities."

Brian Walsh, project manager said, "I believe that the mortgage rates will break within 18 months. People aren't going away and they still need housing and more of it. I think that the government will make money available for new housing starts. Classically the country has used the housing industry to get the economy going."

ing educational system; and police and fire protection; development of a new community would have a positive impact on the town, and growth and development in the area was clearly inevitable.

"We now seek a public-private partnership to assure that this land is both preserved and developed in the town's best interest. It is our hope that the new community will be an outstanding model for the full 15-year development period."

"These regulations and these proposals constitute a new and higher measure of performance. Under the regulations and proposals, before a developer can begin construction he must do the following to the satisfaction of the Zoning Commission:

center to discuss the proposal. DevoCo officials will be available to meet with the town's public officials if the officials care to meet with them."

Frank Connolly, town planner, explained the zoning process that will now take place. John Willauer, zoning agent, has 35 days to review the application and to submit it to the Planning and Zoning Commission or to reject it."

If the application is accepted by the commission, it has 65 days in which to hold a public hearing on the commission's recommendation. The commission can ask for another 65 day extension and will be the decision of the developer whether to grant or not."

The public hearings can take as long as necessary. If the application is accepted by the commission, it has 65 days in which to hold a public hearing on the commission's recommendation. The commission can ask for another 65 day extension and will be the decision of the developer whether to grant or not."

The combined coalition of anti-DevoCo groups will meet tonight with their attorney, John Fitzgerald. This is considered a work meeting and is not open to the press or the public."

WHAT A TANTALIZING TABLE OF GOODIES... I'M COMFORTABLE... I'LL TELL YOU SO WHAT YOU CAN LIE ABOUT AND STALL OFF YOUR CHILDREN IF YOU WANT TO BUT YOU GONNA GET A LITTLE VIOLET-SHINE! HE WAS TELLING ME THAT YOU GONNA GET A LITTLE VIOLET-SHINE! HE WAS TELLING ME THAT YOU GONNA GET A LITTLE VIOLET-SHINE!

JUST ONE MOMENT PLEASE! HE'S HERE, MISS STOLINA... YOU MIGHT AS WELL ASK HIM TO COME IN!

FORGET IT, HAZEL! THE PRESIDENT SENDS HIS LOVE!

AND SAVE MORE! MAYBE WE CAN SAVE ENOUGH TO BUY AN OUTBOARD MOTOR!

WHAT CUTE COATS! I THOUGHT I HAD TO GET INVOLVED - LITTLE VIOLET-SHINE! - BECAUSE I FELT NO ONE CARED!

LET'S BURY HER, TOO. WHY TAKE CHANCES?

WANA WANTS TO BE CREMATED WHEN HEAVEN FORBID, SHE - LEAVES US - DON'T YOU, MAMA!

LET'S BURY HER, TOO. WHY TAKE CHANCES?

LET'S BURY HER, TOO. WHY TAKE CHANCES?

LET'S BURY HER, TOO. WHY TAKE CHANCES?

LET'S BURY HER, TOO. WHY TAKE CHANCES?

LET'S BURY HER, TOO. WHY TAKE CHANCES?

Summary of Proposed New Town Zoning

SUMMARY OF PROPOSED ZONING REGULATIONS FOR A PLANNED COMMUNITY

The Greater Hartford Community Development Corporation is proposing that a new Section 17 be added to the Coventry Zoning Regulations which would permit and regulate development of a planned community in a Planned Community Zone. This summary outlines the proposed regulation. The numbers in parentheses refer to the specific provisions of the proposed amendments.

PURPOSE (17.1)

The purpose of a Planned Community Zone under the proposed regulation is to enable the coordinated development of a planned community pursuant to standards which will:

1. preserve to the greatest extent possible the rural atmosphere and the scenic and recreational areas of the Town and reserve substantial amounts of open space for use by the public;
2. promote the harmonious and comprehensive arrangement of land uses, circulation systems, open spaces and public facilities;
3. create an economic base which will support necessary utilities, public facilities, and a high level of amenities;
4. provide for balanced development, including housing and employment opportunities;
5. permit the Town to manage and control growth, change and development;
6. fulfill the purposes expressed in the preamble to the Zoning Regulations;
7. create a living environment which will foster common community interests, community stability, and a common sense of responsibility for the future of the community, and which will satisfy the diverse and changing needs of individuals throughout their life cycle; and
8. permit flexibility and the opportunity for innovation in design to achieve the above purposes within the confines of a comprehensive review and approval process.

REVIEW AND APPROVAL PROCESS (17.2), 17.4, 17.5 and 17.6

Under the proposed regulation the review and approval process is divided into four stages in the development process.

FIRST STAGE

PERMIT TO ESTABLISH THE BOUNDARIES OF A PLANNED COMMUNITY ZONE AND TO APPROVE THE DETAILED DEVELOPMENT PLAN FOR THE PROPOSED PLANNED COMMUNITY AND A DETAILED DEVELOPMENT PLAN FOR THE FIRST STAGE OF DEVELOPMENT (17.3)

SECOND STAGE

APPLICATION FOR APPROVAL OF A DETAILED DEVELOPMENT PLAN FOR EACH DEVELOPMENT PHASE (17.4)

THIRD STAGE

APPLICATION FOR APPROVAL OF VILLAGE CENTER PLAN (17.5)

FOURTH STAGE

APPLICATION FOR APPROVAL OF SITE PLANS (17.6)

A general explanation of the various review and approval stages is outlined in greater detail below.

* The zoning regulation does not treat subdivision plan or lot and wetlands approval as part of the General Development Plan and Detailed Development Plan. Applications for approval of subdivision and wetlands permits will be submitted in accordance with, and when required by, the Subdivision Regulations and the Inland Wetlands Regulations.

FIRST STAGE

PERMIT TO ESTABLISH THE BOUNDARIES OF A PLANNED COMMUNITY ZONE AND TO APPROVE THE DETAILED DEVELOPMENT PLAN FOR THE PROPOSED PLANNED COMMUNITY AND A DETAILED DEVELOPMENT PLAN FOR THE FIRST STAGE OF DEVELOPMENT (17.3)

A. Submission of Petition (17.3.1)

A petition to zone land as a Planned Community Zone must be submitted to the Commission. The petitioner must be the owner, or the agent of the owner, of all the land to be included in the proposed zone.

The petition must include:

- a. map showing boundaries of proposed zone
- b. soil survey, topographical and other maps
- c. General Development Plan for the planned community covering all the land in the proposed zone. The plan must include the information described below under Second Stage for Detailed Development Plans, including the location, approximate acreage and maximum residential density restriction for each use area, and a statement explaining the relationship of the Detailed Development Plan to the General Development Plan.

Brief statements about the planned community concerning:

1. Anticipated phasing of development and zoning project
2. Circulation system
3. Water supply, storm drainage, sanitary sewage and solid waste systems
4. School, recreation, health and other public facilities

Detailed Development Plan for the first development phase of the planned community, covering at least 20% of the land area of the planned community. The plan must include the information described below under Second Stage for Detailed Development Plans, including the location, approximate acreage and maximum residential density restriction for each use area, and a statement explaining the relationship of the Detailed Development Plan to the General Development Plan.

f. Municipal Impact Study

Environmental Impact Statement

g. Population projections

h. Agreement to pay publication costs

B. Commission Action on Petition (17.3.2)

The Commission would hold a public hearing and act on the petition as provided in the General Statutes to change its zone boundaries. Every petition would have to meet the following standards:

1. The area to be zoned must include at least 500 contiguous acres (17.3.1)
2. Open Space Areas must comprise at least 20% of the acreage in the zone. These areas would be used for recreation, purposes and schools (17.3.2) (17.3.3)
3. Residential Areas must comprise at least 40% and not more than 65% of the acreage in the zone. These areas would be used for housing and related uses customarily permitted in residential areas (17.3.4) (17.3.5) (17.3.6)
4. Village Center Areas must comprise at least 3% and not more than 10% of the acreage in the zone. These areas would be used primarily for commercial, trade, office, service, entertainment, communication, transportation, community facilities, governmental and residential uses (17.3.7) (17.3.8)
5. Employment Areas must comprise at least 5% and not more than 15% of the acreage in the zone. These areas would be used for manufacturing, wholesaling, retailing, service, and governmental uses (17.3.9) (17.3.10)
6. Total number of dwelling units cannot exceed an average of 5 per acre (17.3.11)

3. The Detailed Development Plan must cover at least 20% of the area of the proposed zone and satisfy all the standards outlined below under Second Stage.

In addition to these standards, the regulation also calls for the Commission to consider the following factors in acting on the petition:

- appropriateness of the location of the proposed zone
- the effect of such zone on properties in the surrounding vicinity
- traffic impact, and the adequacy of existing and proposed primary interior streets
- the orderly growth of the Town
- the existing and future availability of essential services, including water, sanitary sewers, and sites for schools and parks
- the need for adequate open spaces
- population trends in the Town and the Windham and Oxford Planning Regions
- the appropriateness of the general location of Open Space, Residential, Village Center and Employment Center Areas

If the petition is granted, the land covered by the petition is rezoned to a Planned Community Zone, and the General Development Plan and Detailed Development Plan are approved. Approval of the General Development Plan will fix the number of dwelling units for the entire planned community, establish the general location of Open Space, Residential, Village Center and Employment Center Areas, and designate the general location of proposed school sites and primary interior streets. The Plan will also provide the general parameters for review of all subsequent detailed development plans, Village Center Plans and Site Plans. Approval of the plan will allow the petitioner to proceed with development in accordance with the approved Plan, provided that all the review and approval standards and development criteria set forth in the regulations are thereafter complied with.

SECOND STAGE - APPLICATION FOR APPROVAL OF A DETAILED DEVELOPMENT PLAN FOR EACH DEVELOPMENT PHASE (17.4)

Development in a Planned Community Zone may occur only if a Detailed Development Plan for the area to be developed has been approved by the Commission. The Plan may cover a portion of the zone. After the Detailed Development Plan for the first phase of development is approved in conjunction with the approval of the General Development Plan and the zone change under the First Stage, a Detailed Development Plan may be submitted for each subsequent area to be developed (17.4.1)

A. Submission of Detailed Development Plan Application (17.4.2)

The owners, or their agents, would apply to the Commission for approval of a Detailed Development Plan covering their land. The application would include a survey, soil map, and topographical map, a statement explaining the relationship of the Detailed Development Plan to the General Development Plan, and agreement to pay publication costs. The Detailed Development Plan would show:

1. The boundaries of the land covered by the Plan
2. The general location and approximate acreage of each Open Space Area
3. The general location, approximate acreage, and maximum density restriction for each of three types of Residential Areas: Residential 1 Areas, Residential 2 Areas, and Residential 3 Areas
4. The general location, approximate acreage, and maximum number of dwelling units for each Village Center Area
5. The general location and approximate acreage of sites for public schools
6. The general location and approximate acreage of sites for public facilities
7. The general location of primary interior streets

B. Commission Action on Application (17.4.3)

The Commission would hold a public hearing and act on the application as provided in the General Statutes for special permits. The application would be approved if:

1. The Plan is generally consistent with the General Development Plan (17.4.3)
2. The density restriction permitted under the Plan will not cause the maximum number of dwelling units approved for the entire zone to be exceeded (17.4.3)
3. The density restriction for Residential 1 Areas does not exceed 5 per acre (17.4.3)
4. The density restriction for Residential 2 Areas does not exceed 12 per acre (17.4.3)
5. The density restriction for Residential 3 Areas does not exceed 18 per acre (17.4.3)

The Commission may modify a proposed Plan or approve it subject to conditions to assure compliance with the zoning regulations. The Commission must act on the application by 65 days after the hearing or the application is deemed approved as submitted.

Approval of the Plan will establish residential density restrictions for particular land parcels covered by the Plan, will constitute approval of public school sites, and will provide further parameters for review of Village Center and Site Plans. Approval of the Plan will permit development in accordance with the Plan, subject to Site Plan approval where required, and subject to Village Center Plan approval in Village Center Areas.

THIRD STAGE - APPLICATION FOR APPROVAL OF VILLAGE CENTER PLAN (17.5)

Before constructing buildings in a Village Center Area, a Village Center Plan must be approved (17.5.1)

A. Submission of Village Center Plan Application (17.5.2)

The owners of land in a Village Center Area, or their agents, would apply to the Commission for approval of a Village Center Plan. The application would include a survey, soil map, topographical map, a statement explaining the relationship of the Plan to the General Development Plan and the Detailed Development Plan covering the Village Center Area, and agreement to pay publication costs. The Village Center Plan would show:

1. Boundaries and acreage of the Village Center Area
2. General layout of public streets
3. Location of major sewer and water lines
4. Location of major drainage facilities
5. Location of parks and other open spaces
6. Location of building sites and the permitted uses on such sites
7. Maximum number of dwelling units, if any, permitted on each building site

B. Commission Action on Application (17.5.3)

The Commission would hold a public hearing and act on the application as provided in the General Statutes for special permits. The application would be approved if:

1. The Plan includes building sites for both
 - a. Commercial uses and
 - b. Community facilities uses and/or governmental uses.
2. The number of dwelling units proposed does not exceed the maximum number established for the Village Center in the Detailed Development Plan.
3. The Plan is generally consistent with the Detailed Development Plan.

In acting on the Plan, the Commission should consider the location and adequacy of the streets, utilities, parks, building sites, and the uses proposed for each site, and the relationship of the Plan to the General Development Plan and the Detailed Development Plan.

The Commission may modify a proposed Plan or approve it subject to conditions to assure compliance with the zoning regulations. The Commission must act on the application by 65 days after the hearing or the application is deemed approved as submitted.

Approval of the Plan will establish the general location of streets, utilities, parks, and building sites, the uses permitted on the building sites, and the maximum number of dwelling units, if any, permitted on a building site. Approval will constitute a special permit for the development of buildings in a Village Center Area, subject to Site Plan approval.

FOURTH STAGE - APPLICATION FOR APPROVAL OF SITE PLANS (17.6)

Site Plans will be required prior to the construction of any building in most Residential Areas and in all Village Center and Employment Center Areas. Site Plans will not be required in areas for single-family detached houses and Open Space Areas (17.6.1)

A. Submission of Site Plan Application (17.6.2)

A Site Plan application would include a survey, soil map, topographical map, statement explaining the relationship of the Site Plan to the Detailed Development Plan and any Village Center Plan, and a filing fee of \$25. Site Plans would include information needed to determine that the development criteria outlined below are complied with.

1. Performance standards (17.2.2)

2. Restrictions on alcoholic beverages (17.2.3)

3. Compliance with Inland Wetlands regulations (17.2.4)

4. Removal of topsoil, etc. (17.2.7)

5. Signs (17.2.8)

6. Underground telephone and electric distribution lines (17.2.13)

A summary of the permitted uses and an outline of the development criteria applicable to Planned Community Zones are attached to this summary.

ENFORCEMENT AND ADMINISTRATION (17.8)

A zoning permit or site plan approval is necessary before commencing to build a new building or structure. A certificate of use and compliance is necessary before occupancy.

The remainder of the summary prepared by Hartford Process-Devo will appear in tomorrow's edition of The Herald.

Make a great deal on this giant capacity Frigidaire laundry pair and get this \$25 check!

Buy a WCD Washer and a matching dryer (DCC, DCCD, DIA or D2AD) between September 22nd and October 12th 1974 and get a \$25 check!

Watergate Cover-Up Trial Defendants in Court

The trial of five former associates of President Richard Nixon in the Watergate cover-up began Tuesday night in U.S. District Court in Washington with Judge John Sirica presiding. Left to right: Sirica Ehrlichman, Nixon's No. 2 aide; H.R. Halderman, former White House chief of staff; former Attorney General John Mitchell; Kenneth Parkinson (profile), attorney for the Committee to Re-Elect the President; and Robert Mardian, former assistant attorney general. Jury selection in the case which is expected to last several weeks continued today. (ABC-TV Drawing by Freda Reiter via UPI)

Sewer Department Seeks More Help

By SOL R. COHEN
For want of a 35-cent replacement part, the Town of Manchester was forced into buying 150,000 cubic feet of natural gas at an estimated cost of about \$200.
That was the startling disclosure made Tuesday night by Frank Jodanis, water and sewer administrator, in explaining to the Board of Directors why he was asking for four or five additional employees for the town's Sewerage Treatment Plant.
The 35-cent replacement part was a lead slug for the gas generator used by the plant's digester system. Jodanis said it either was misplaced or never ordered.
24-Hour Operation Needed
He said federal and state recommendations are for 24-hour operation of the plant and the 18 employees working there are insufficient for operating it and still providing preventative maintenance. He said only replacement maintenance is being done — at a high cost to the town.
Jodanis said the multi-million dollar plant opened in 1971 with 18 men on two shifts of eight hours as recommended by the consulting engineers for the project. Since then, he said, two men were added — not sufficient under the recommendations for 24-hour operation, and still maintain the plant as it should be maintained.
Would Require \$40,000
He said about \$40,000 additional would be needed for hiring an electrician, a building and equipment mechanic, a lab technician and a male record clerk — all to work at the treatment plant.
He said his department now pays out about \$30,000 a year for overtime and that much of it could go toward the \$40,000 for the additional jobs. Jodanis explained that about \$13,000 in overtime pay is built into the union contract — about \$1,000 for each of 13 permitted holidays.
He said the parts and maintenance supplies aren't organized and someone is needed to know what parts to stock, someone else to keep tabs on the electrical system and someone else to conduct daily maintenance.
Mayor Seeks Explanation
When Mayor John Thompson asked why the board hadn't been told before of the maintenance problems, Town Manager Robert Weiss said there weren't problems until a few weeks ago. Weiss said the \$40,000 ask for is available in the Sewer Reserve Fund. Director Phyllis Jackson challenged the statement and asked for a report on its available funds.
Jodanis, in answer to questioning by several directors, conceded that problems with the plant's digesters are causing problems throughout the town and are contributing to the need for 24-hour operation.
Unbalanced Operation
"Our problems result in an unbalanced (See Page Sixteen)

Revised Linwood Sewer Request Turned Down

By SOL R. COHEN
It hardly can be called progress — even though it required only two-thirds as much effort Tuesday night as it did Aug. 20 for the Manchester Board of Directors to reject sanitary sewers for Linwood Dr.
On Aug. 20, the rejection required three votes, each 3 to 3 with 3 abstentions. Tuesday night, the rejection required only two votes, one 4 to 1 with 1 abstention, the other 3 to 5 with 1 abstention.
Only One Difference
There was one other difference. On Aug. 20 the proposal was for sanitary sewers on only half of Linwood Dr. Tuesday night (following a new petition) the proposal was for sanitary sewers on only half of Linwood Dr.
The 4 to 1 vote was on a proposal by Carl Zinsner, for authorizing assessments against all but one of the property owners involved, and for deferring his assessment.
Voting "yes" were Zinsner, Hilary Gallagher, Vivian Ferguson and Robert Price. Voting "no" were John Thompson, Clifford Jackson, John Tani and Matt Moriarty. It was Pascal Prigano who abstained.
The 3 to 5 vote was on a motion originally made by Zinsner and seconded by Gallagher. However, they voted "no" and were joined by Ferguson, Jackson and Tani. Voting "yes" were Thompson, Price and Moriarty. Agnino abstained.
Two Abstain
Mrs. Jackson and Tani said they couldn't vote for sanitary sewers on half a street.
"It's not the proper procedure," said Mrs. Jackson. "The town will only have to come back at some future date, tear up the street and install sewers on the other half."
Thompson, in explaining his vote against deferring an assessment, said, "It sets a bad precedent and would open the door to future requests. We could be faced with requests totaling about \$300,000 from other areas — Baldwin Rd. and Concord Rd., for example. It's not as simple as saying, 'It's only a deferral.'"
Sanitary sewers for all of Linwood Dr. (plus other parts of the Kenney St. area) had been recommended by the town's health department.
The department accepted the proposal for sewers on half of Linwood Dr. on the theory, "Half a loaf is better than none."

Lutz Museum Starts Membership Drive

The Lutz Junior Museum at 126 Cedar St. is conducting its annual membership drive throughout this month. During this time, the museum will introduce as many individuals and groups as possible to the various activities and programs by the museum.
The museum receives more than 20,000 visitors each year from throughout Connecticut, Massachusetts and Rhode Island. Known as the "Doing Place," it offers young people and their families exciting "to-do" exhibits as well as Saturday happenings, field trips, special interest programs and after-school and Saturday classes.
During this month, various activities such as weekday nature walks, field trips to Kent Falls and a state fish hatchery, a Green freed variety program and a special day at the Oak Grove Nature Center are scheduled as part of the drive for new members.
Members, both junior and family, receive the following benefits: Eligibility for museum classes, reduced rates for museum and trips, a monthly newsletter of events and a 10 per cent discount at the museum store.
The drive for new members will continue throughout October. Anyone interested in becoming a member or participating in any of the activities mentioned above should visit the museum weekdays between the hours of 2 and 5 p.m., or call the museum at 643-0949.

Conservatives Purged

LESTON (UPI) — Portugal's new leftist strongman called for "work, order and unity" today to get the nation back on its feet following a purge of conservatives from the government.
The drive for new members will continue throughout October. Anyone interested in becoming a member or participating in any of the activities mentioned above should visit the museum weekdays between the hours of 2 and 5 p.m., or call the museum at 643-0949.

Students Fight

LESTON (UPI) — A handful of black and white students fought in South Boston High School Tuesday, the 14th day of a court-ordered busing plan designed to desegregate public schools.
The drive for new members will continue throughout October. Anyone interested in becoming a member or participating in any of the activities mentioned above should visit the museum weekdays between the hours of 2 and 5 p.m., or call the museum at 643-0949.

Retroactive Oil Tax Imposed by Venezuelans

By United Press International
Venezuela has taken a \$40 million bite out of the "excess profits" of big international oil companies, imposing a retroactive tax to keep the firms from passing the levy on to consumers.
Mines Minister Valentin Hernandez announced the new tax Tuesday, saying it would be levied on the profits of the United States to curb soaring fuel company profits.
Hernandez told a news conference Venezuela decided to extend the 3.5 per cent hike retroactively to the first nine months of the year in a move to cut into oil company profits without increasing consumer prices.
He said the retroactive levy would add \$80 million to the \$77 million Venezuela expects to collect in increased revenue during the final three months of the year. He said the companies would be unable to pass the retroactive increase on to consumers because the levy was on oil already sold. Industry sources conceded the effectiveness of the move.
An oil company official said the firms undoubtedly would pass on the rise for the last three months of 1974, "but they can't pass along anything for the January-September period."
Retaliation Questions Ignored
Hernandez brushed off questions about U.S. retaliation, predicting officials in Washington would take similar action against the international oil companies.
The U.S. government is looking into the companies' excess profits itself and will probably take some kind of action, he said.
In Manila, newspapers said Philippine First Lady Imelda R. Marcos arranged a \$300 million ton shipment of Chinese petroleum during a 10-day visit to Peking last month.
The unilateral action by Venezuela, America's major foreign fuel supplier, came after the 12-member Organization of Petroleum Exporting Countries ordered a 3.5 per cent oil tax increase for the last three months of 1974.
The oil prices are sound and reasonable. Petroleum is ours and we are free to dispose of it in the best manner serving the Arab national interests." Salam said upon arrival for a two-day official visit to promote Algerian-Kuwait oil cooperation.
He said oil-producing countries would not treat "with sympathy" the Western countries campaigning for lower petroleum prices.
China Joins Ranks
In Manila, newspapers reported China joining the ranks of oil-exporting countries to ship a million tons of petroleum to the Philippines by the end of next year.
