Clearing the Way

Two members of the Manchester street department shovel snow from a ramp approach to Mary Cheney Library early today following a

general snowfall which forced the closures of public and parochial schools. The shoveling act was one of the first formal duties the town

assumed today as it officially took over Main St. from the state. (Herald photo by Pinto)

Slippery Slush Succeeds Spring-Like Sunday

Manchester area residents were treated to sunny spring-like weather Sunday, but it was back to winter today with the coming of a cold winter front and two to three inches of snow.

Schools in Manchester and several surrounding towns were closed today as the season's fifth storm caused slippery roads, slow-moving commuter traffic, and a few minor accidents.

The snow stopped falling by about 9 a.m., and most roads were clear by midday.

Clearing Forecast

The National Weather Service at Windsor Locks had a travelers advisory in effect this morning. The meteorologists forecast clearing tonight and variable cloudiness Tuesday.

There were no reports of electrical or telephone service disruptions today.

Makarios Calms Cypriot Rioters

NICOSIA (UPI)—President Archbishop Makarios today waded into one of the worst anti-American riots since Ambassador Roger Davies was shot and killed last summer and persuaded a crowd of brick-throwing demonstrators to leave before they could storm a building housing American diplomatic offices.

Thousands of rock-throwing demonstrators had pushed back riot police and national guard troops and stormed into the courtyard of the American Center.

Block Grant Priority List Hearing Tonight at 7:30

By DOUG BEVINS

Recommendations for spending \$1.88 million worth of federal block grants in Manchester over the next five years are the subject of a public hearing scheduled tonight by the Community Development Advisory Committee.

The committee's hearing is scheduled for 7:30 at Nathan Hale School. It was originally scheduled last Monday but was postponed due to snow.

Two Items on Agenda

Two items are on the public hearing agenda: The committee's priority list for spending grants expected under the federal Community Development and Housing Act of 1974, and a housing assistance plan required by the act.

Heading the priority list is a proposed revolving, low-interest loan fund to help

The weather service said Connecticut snow accumulations ranged from a half-inch along the shoreline to 2½ inches in central areas and 2 inches in the northwestern part of the state.

High Sunday Was 47

Weathermen said they recorded a high temperature of 47 degrees Sunday, but it was not a record. The record for Jan. 19—60 degrees—was set in 1951.

Manchester School Supt. James Kennedy said all public schools were closed today because of slippery roads, not because of the snow accumulation. Today's school system closing was the first of the season, although a storm-related power outage forced closing of Manchester High School last month.

Crews Out Early

Manchester Highway Department crews began work on chemical routes at 3:15 a.m. today, and snowplows went out at about 5:30 a.m., Highway Supt. John Burchill said.

Burchill said the town didn't send out a full force because conditions didn't warrant it. The snowplowing operations shifted to sanding at about mid-morning.

Elsewhere in Region

Elsewhere in New England, Maine got cold but only sprinkles of snow. Vermont only got flurries, but New Hampshire received up to five inches of snow over the weekend. The Boston area had a light dusting.

In a storm-related accident, truck driver Ronald Deveau of West Billerica, Mass., was killed after a car spun into his truck on Interstate 93 at Windham, N.H.

low and moderate income homeowners rehabilitate their homes. Second priority is stronger housing code enforcement.

Other priority items, in order, are establishment of a neighborhood multi-service center downtown including facilities for the handicapped, land purchase for elderly and handicapped housing, construction of a day care facility pending a feasibility study.

Other Proposals

Also, town acquisition of Hickey's Grove and Hilliard Pond, a feasibility study for renovation of Cheney Hall, public works improvements and a commercial loan fund for the downtown area, ramping of public buildings for the handicapped, expansion of the Senior Citizens Center, and a walk light at Oakland and N. School Sts.

The tentative housing assistance plan to be aired tonight calls for construction of 40 elderly units and rehabilitation of 25 units in the first year of the Community Development block grant program.

Housing Needs

The plan identifies a need for 175 units of elderly and handicapped housing, 40 units for non-elderly handicapped, 60 low-income large-family units, and 155 units for low and moderate income families.

New construction and rehabilitation of housing is to take place in the central area of Manchester, according to the plan.

NEWS CAPSULES

CIA Probe

WASHINGTON (UPI)—The Senate Democratic Caucus today takes up the question of how to investigate the Central Intelligence Agency.

In addition, the special presidential panel headed by Vice President Nelson A. Rockefeller resumes hearings after a week's layoff.

Most Democrats agree that Congress must investigate charges that the CIA may have violated its charter by keeping files on 10,000 American citizens. But who among the Democrats will do the investigating remains in dispute.

Dollar Drops

BRUSSELS (UPI)—The U.S. dollar and the price of gold fell today for the third straight trading day. The dollar went into the fourth week of one of its worst slumps.

Gold fell 75 cents in Zurich to open at \$173.50 an ounce. It dropped \$3 in London, opening at \$171.

The American currency opened in Frankfurt at 2.377 German marks, down from 2.382 at the close Friday.

Kahane Arrested

NEW YORK (UPI)—Rabbi Meir Kahane, leader of the militant Jewish Defense League, was arrested Sunday after he and several dozen other protesters blocked traffic in front of the Soviet Mission to the United Nations.

The group was demonstrating against Russian support of the Palestinians.

Tax Cut Now

CHICAGO (UPI)—Presidential hopeful Rep. Morris K. Udall, D-Ariz., thinks withholding taxes should be cut immediately to give Americans more spending power.

Udall, who announced his candidacy for president in November, said Sunday President Ford's tax rebate proposal would not cut into inflation soon enough and was "the wrong way to go."

He said that instead of the tax rebate, "You could get this purchasing power immediately by cutting the withholding tax. The rebate won't come until April, but the country needs the money now."

May Be Secretary

NEW YORK (UPI)—W. J. Usery, head of the Federal Mediation Service, may be the next secretary of labor, Newsweek magazine reported Sunday.

President Ford appears to be "on the verge" of naming Usery to replace Peter Brennan at the Cabinet post, the magazine said.

Congress is to consider two other Ford Cabinet choices—William Thaddeus Coleman Jr., for secretary of transportation, and Edward Levi for attorney general.

Wallace Inaugurated

MONTGOMERY, Ala. (UPI)—Gov. George Wallace, priming for another probable presidential campaign, became Alabama's first three-term governor today and promised to work for a better life for everyone and to speak out "promptly and forcefully" on national affairs.

Ferguson Hospital Gift To Exceed \$1 Million

A bequest estimated to be in excess of \$1 million has been left to Manchester Memorial Hospital by the late Andrew Ferguson, who died Dec. 17 at the age of 98. It is by far the largest bequest ever left the hospital.

Under his will, filed in Manchester Probate Court, Mr. Ferguson left his home at 19 Brookfield St. and all its furnishings and belongings to South United Methodist Church and a combined \$38,000 in bequests to 19 beneficiaries.

He left the remainder to the hospital in an Andrew and Ann Ferguson Trust Fund with no strings attached. The net income from it is to be paid not less than quarterly to Manchester Memorial Hospital, for its general uses and purposes.

A preliminary inventory of the estate by its executor, the Connecticut Bank and Trust Co., and the judge of probate's office indicates the value is in excess of \$1 million.

Mr. Ferguson left \$5,000 each to the Newington Home and Hospital for Crippled Children, South United Methodist Church, Center Congregational Church, St. Mary's Episcopal Church, and Congregational Church of Talcottville, and \$1,000 each to United Methodist Church of Bolton and Methodist Church of Vernon.

He left \$2,500 each to Margaret Keyes of Manchester, a sister; Annie E. Lailey of

Norwood, Mass., another sister; and to Thomas F. Ferguson and Walter R. Ferguson of Manchester, nephews.

He left \$1,000 each to Edith Dwyer of Manchester, Annie I. Smith of Manchester, Raymond H. Hartz of Hartford and Grace B. Aborn of Crystal Lake. And he left \$500 each to Merrill Rosier of Hartford, David Solly of West Hartford, Albert W. Sprague of Wethersfield and Raymond R. Brown of Arlington, Vt.

Mr. Ferguson's will is dated April 4, 1961. Mrs. (Ann) Ferguson passed away March 26, 1941.

Edward Kenney, MMH administrator, said today, "We are all just delighted that Mr. Ferguson saw fit to leave a permanent memorial fund to the citizens of Manchester. It is sure to assist the hospital in providing the finest of medical facilities and services for the people of Manchester."

Kenney said, "To the best of our knowledge, it's the largest single gift ever received by the hospital. We will assign it to our endowment fund, whose income provides the capital needs of Manchester Memorial Hospital."

Gunmen Free Hostages; Seek Refuge in Baghdad

PARIS (UPI)—Three Arab gunmen today freed eight French hostages they held for 17 hours at gunpoint after an abortive attack on an Israeli jetliner and flew to a haven in Baghdad aboard an airliner supplied by the French government.

Radio broadcasts from the Iraqi capital said the Air France Boeing 707 with an all volunteer crew touched down at Baghdad at 3 p.m. (9 a.m. EST).

It had left Paris earlier today in a southerly direction, circled Rome airport and then headed across the Mediterranean at 37,000 feet. The plane flew over Beirut, where authorities hastily closed the airport to prevent its landing, and then headed for Iraq.

Ambassador Intercedes

The gunmen, their faces covered with black hoods, set their blindfolded hostages free after using them to cover their retreat to the steps of the jetliner. They had released a sobbing mother and her daughter earlier in the morning after Egyptian Ambassador Naguib Abdel Hamid Kadry interceded at behest of President Valéry Giscard d'Estaing.

The assailants took off shortly before an anonymous telephoned bomb threat delayed the departure of another El Al jetliner. The plane was searched but no bomb was found.

The getaway plane, the jetliner Chateau

de Compiègne, took off at 9:55 a.m. (3:55 a.m. EST) from Orly airport where the gunmen and their 10 captives had been barricaded since Sunday afternoon by a 250-man police force.

Incident Began Sunday

The incident began Sunday when the attackers mounted an observation deck at Orly Field and tried to shoot down an El Al Jumbo jet 747 as it was taking off for Tel Aviv with 220 persons aboard. Frustrated by policemen they turned their anger on the crowd and sprayed them with machine gun bullets and grenades, wounding 18 persons, eight seriously.

The attackers fled to a men's restroom and barricaded themselves inside with five women, four men and a child.

It was the second incident at Orly Field involving an El Al Israel airliner in a week. Last Monday Arab terrorists fired bazooka shells at a departing El Al plane, missed and hit a Yugoslav airliner, wounding three persons.

The Beirut and Paris offices of the Palestine Liberation Organization disclaimed any responsibility for the two attacks and charged the instigators were actually hurting the Palestinian cause. An angry Israel blamed the PLO and said Western Europe's "appeasement" of the PLO had led to the latest incidents.

Downtown Main St. Control Passes from State to Town

Control of downtown Main St. today passed from the state Department of Transportation (DOT) to the Town of Manchester, marking the end of a one-year effort by local businessmen and town officials to "own" the roadway.

There were no ceremonies marking the transfer, which took place at noon, and there were no indications that downtown

merchants would resume their dormant struggle to reinstate angle parking on the street.

There were no changes being planned for the one-mile segment of Main St., except that the town will assume the responsibility for roadway maintenance.

Before the DOT agreed to "abandon" Main St. (state Rt. 83) between Charter Oak St. and the Center, the town was only responsible for sidewalks and the cost of traffic lights and street lighting.

Today's transfer of control affects only the downtown portion of Main St. The state will maintain "ownership" of the rest of the road, which runs from Glastonbury to Vernon.

The state had control of downtown Main St. for just 12½ years. On Aug. 6, 1962, the town swapped control of Main St. for New State Rd., under provisions of a road reclassification act of the 1961 General Assembly.

Before Aug. 6, 1962, the state controlled

(See Page Eighteen)

Sales Tax Proposal Rejected by Grasso

HARTFORD (UPI)—Gov. Ella T. Grasso gave mayors a sausage and egg breakfast but little else today as she rejected their proposal to restore the state sales tax to 7 per cent.

Mrs. Grasso, hosting breakfast at the sprawling executive mansion, listened attentively as mayors complained their cities were caught in a fiscal bind between rising municipal costs and stagnating tax bases.

She told them state aide to municipalities would at least be kept at its present level, but rejected a proposal to raise the sales tax from its 6 per cent level to 7 per cent.

Little Help Seen

Mrs. Grasso told the mayors she doesn't see much help from Washington and there is little she can do in providing increased state aid.

Mayor Bartholomew A. Guida of New Haven said his city already has had a four- and a half-year freeze on new programs and the only area where spending can be cut is education.

"We have assumed about as much as the taxpayers can afford," Guida said. "We are breaking our backs. Unless we get help we're not going to be in very good shape."

Needs \$5 Million

Mayor Nicholas A. Panuzio of Bridgeport, who is trying to work out a new contract with city sanitation workers, said he needs \$5 million just to keep afloat and can't ask for any increases in property taxes.

"We just can't find \$5 million," Panuzio said.

The Republican mayor said his city is suffering from increased welfare caseloads and higher salary demands for city workers.

"We're getting hit from both sides," Panuzio said.

Joel Cogen, executive director of the Conference of Mayors, said the executive committee voted Friday to provide whatever support would be necessary to Mrs. Grasso to get an increase in the sales tax.

MHA Seeks Zone Variance On Spencer St. Property

By DOUG BEVINS

An application for zoning variances to allow an elderly housing project off Spencer St. is among five items scheduled for public hearing tonight by the Manchester Zoning Board of Appeals (ZBA).

The ZBA hearings will start at 7 at the Municipal Building hearing room.

Long-Range Plans

The Manchester Housing Authority, now planning to build 40 units and considering long-range expansion, is seeking variances for its project on six acres of land at the rear of 171 Spencer St.

The housing authority has an option to buy the land, for \$150,000, from Atty. Edward Rogin of Hartford. The option is good until April 4.

A zoning variance is required because the type of housing contemplated probably won't meet town zoning regulations concerning height, area, housing density, and parking. The Spencer St. site is in a Business 3 Zone.

Other Requests

Other zoning variance applications on tonight's ZBA agenda:

- Gerard Lacroix, request for extension of business use for all of 272 Main St., Business 2 Zone and Residence B Zone.
- David and Ann Bartlett, variance to

reduce area of nonconforming lot below requirements of zoning regulations, 26 Grove St., Residence A Zone.

- Elizabeth A. Bidwell, variance to allow applicant to have more than two students at a time for sewing classes conducted in home at 48 N. School St., Residence C Zone.

- Talcottville Development Co., variance to erect free-standing sign about 135 feet south of Interstate 86 and 200 feet west of the Vernon town line.

Selectmen Ask Ruling On Call of Referendum

HEBRON
Anne Dallaire
Correspondent

Mulligan felt that the town should hold off until there's legislative action taken. First Selectman Aaron Reid said he was already against the proposed middle school in Marlborough due to the economic situation; he said that the taxes are not coming in as they should, and will present a problem.

Malley Works To Be Shown

ANDOVER
The Art League will meet tonight from 7 until 9 at the Andover Elementary School. The meeting is open to the public at no charge. Works by Ernest Malley will be shown.

Malley is an art teacher at the Edward Morley School in West Hartford. The exhibit tonight will be of unique wood etched seascapes. Wood etching is a wood burning technique using a soldering gun. The Arts Committee will meet Wednesday at 2:45 p.m. in the library at Andover Elementary School. The committee will begin planning its fifth annual arts festival to be held in March. Anyone interested in participating or helping is asked to attend.

Parties Seek Candidates

BOLTON
Donna Holland
Correspondent

Republicans and Democrats have begun laying groundwork for the biennial May town elections. The procedure for declaring candidacy varies with the two parties. Persons wishing to run on the Democratic ticket must file with either Republican Town Committee chairman, Robert Morra, or vice chairman, Elaine Pottoroff, by Jan. 28. Republican procedure for filing candidacy is that anyone wishing to run on the ticket must file five days before the caucus.

The committee will meet Tuesday at 8 p.m. at Town Hall. It will consider possible endorsement of candidates. Morra urges interested persons to file Tuesday. He said they have until Thursday to say the vote of the caucus will prevail. It is the feeling of the committee that electors should have more than a few minutes at a meeting to consider who should run for what position. Republicans will caucus Jan. 28 at 8 p.m. at Town Hall. Democrats will caucus Jan. 31 at 8 p.m. at the Town Hall to endorse candidates.

Anyone interested in running on the party ticket may call Marrett Houle, 643-1663, Democratic Town Committee chairman, or Richard Barry, 642-4364, nominating committee chairman. Democrats do not require that candidates file before the caucus. Candidates may be nominated from the floor. Posts to be filled in the election are selectmen, treasurer, tax collector, agent of town deposit fund, Board of Finance, Board of Education, Board of Tax Review, Planning Commission, Zoning Board of Appeals, Fire Commission, constables, Public Building Commission and Board of Library Directors.

Bulletin Board
The Women's Auxiliary of the Bolton Volunteer Fire Department will have its Christmas party Monday at 7:30 p.m. at the firehouse. The party was originally scheduled in December but had to be canceled because of the weather. Members are reminded to bring a grab bag gift.

The Bolton Senior Citizens will meet Wednesday at 1:30 p.m. at the Town Hall. Albert Whittaker, field representative of the Willimantic Social Security Administration, will speak on Social Security. The Board of Selectmen will meet Monday at 7 p.m. at Town Hall. The Board of Finance will meet Monday at 7:30 p.m. at Town Hall. The police study committee will meet Monday at 7:30 p.m. at Town Hall. Bolton High School parents will meet Monday at 7:30 p.m. in the Bolton High School library. All interested parents of high school students are invited to attend the meeting.

Rham, and wasn't the price too high for back land? The cost for the Marlborough site works out to about \$3,600 per acre.

Dallaire said board member Everett Graham had contacted him last spring and he told Graham farm acreage was about \$1,000 an acre in the area. Dallaire said Reid and himself had given a half-dozen pieces of property to the Department of Community Affairs for the selection of sites and heard nothing more. All the property was for sale at the time.

Mulligan asked the board if Robert Craig who he was in favor of the school, and Craig replied he had always been in favor of a junior high school, feeling that it was good for the students emotionally, among other reasons. Mulligan said that no one on the board has ever tried to sell anything to the residents but a middle school, he added that he felt that there were other possibilities, such as year-round school on the seventh and eighth graders coming back to the towns.

The Board of Selectmen reapportioned Donald Lessard, 32 Carolyn Dr., as a special constable for a one-year term. The selectmen are also looking for persons interested in serving on the Commission for the Aging. Anyone that is interested may call the selectmen's office for further details.

13 Land Drainage Bids Received by Anderson

COLUMBIA VIRGINIA CARLSON
Correspondent

Although the Soil Conservation Service will work with the Board of Education and the superintendent, the Soil Conservation Service will award the contract. Grerman noted all work involved must be guaranteed 100 per cent upon completion of the project.

The project was initiated to create and make the primary play area free of health hazards as well as making the junior high playground area more usable during the wet weather. The school board will pay half the amount and the Soil Conservation Service will subsidize 50 per cent through a matching grant.

Lawrence Grerman, contract specialist from the Soil Conservation Service, will check price extensions to make sure they are correct. He said the contractor will have to give his financial statement. His equipment will be checked as well, Grerman said.

South Windsor Board Working on High School Budget

JUDY KUHNEL
644-1364

Discussion on the South Windsor High School budget request is in the girls' athletic program which is up 71.7 per cent for \$2,624 or a total request of \$6,283. The need for more equipment for the industrial technology program increased that budget request by 55.9 per cent, up \$4,357 for a total request of \$16,569. The boys' and girls' athletic programs are separate from the physical education program. The general athletic program requires an appropriation of \$5,900 while the boys' program calls for an appropriation of \$18,265, an increase of \$3,746 or 25.8 per cent. It was explained that the sharp rise in the girls' program is due to an attempt to offer more sports such as field hockey, track, softball, tennis, volleyball and gymnastics. The board has already approved the junior high school music budget of \$4,993, up \$466, and the reading budget of \$1,654, up \$514. Board meetings will be at the Timothy Edwards School at 7:30 p.m.

Receiving Awards

Men's Night

The Wapping Community Church Women will hold a "Men's Night" at 8 p.m. in the Fellowship Hall. Lt. William Ryan, of the South Windsor Police Department and Atty. General Cummings will speak on civil and legal rights.

Seniors to Meet

The South Windsor Senior Citizens will meet Wednesday, at St. Margaret Mary's Church Hall on Hayes Rd. This will be the groups' first meeting in their new location. New officers for the 1975 year are Mrs. Elsie Bertram, president; Mrs. Antonette LeBlanc, vice president; Mrs. Dorothy Newell, secretary and Miss Alma Widell, treasurer.

Story Hours

A series of nine weekly story hours will be held at the South Windsor Public Library in the Sullivan Avenue Shopping Plaza beginning Tuesday, Feb. 4. The half-hour sessions will be held Tuesdays, Thursdays and Fridays at 10 a.m. and will be open to pre-school children. Included in the program will be story telling, fingerplays, filmstrips and puppet plays. Each group will be limited to 25 children with a minimum age of three-and-one-half years required. Parents must register the children in person at the library, beginning today.

Club Meetings

The board meeting of the South Windsor Women's Club will be held Tuesday at 8 p.m. at the home of Mrs. Allen Puggiese. Mrs. John Darrach, chairman of the membership committee, will hold a membership coffee Thursday at 8 p.m. at her home on 21 Berle Rd. Any women interested in joining the Women's Club may contact Ginny at 644-9411. Snow date for the coffee will be Jan. 28.

Manchester Evening Herald OPINION

Jaycee Week

This week Manchester and other communities having Jaycee chapters are observing National Jaycee Week. More than 60 years ago, the Jaycees came into being and until relatively recently it was known as the U.S. Junior Chamber of Commerce.

It encompasses within its organization community service, leadership training, and personal association. During National Jaycee Week the Herald joins in saluting the Manchester Jaycees for the many accomplishments of the past year and the decades prior to that. We wish to complement the wives of the Jaycees who share so much in successes of Jaycee work and the many projects they undertake under their own banner as Jaycee Wives.

Natural Gas Is Better But...

The American Gas Assn. has put out an interesting "background paper" showing that natural gas in the nation's most efficient form of energy. The paper quotes a report by the President's Council on Environmental Quality to the effect that, "When the total system is considered (from energy source to point use), gas-fired appliances are more efficient than their electric-powered counterparts. For home heating, natural gas is more than twice as efficient as electricity."

warned that while his company could meet residential and commercial demands this winter, service to industrial customers would be greatly curtailed. The symposium was called by Mayor Lewis C. Murphy of Tucson to see if some kind of regional gas-saving program could be put together. So on the one hand Americaners are told that gas is best; on the other they are being told to stop using so much of it.

According to Federal Power Commission figures, more than 67 per cent of the energy in fossil fuels consumed in generating electrical power is lost at the plant. Another 14 per cent is lost in transmission lines. Thus only 28 per cent of the total energy available in the coal, oil or natural gas which is used to generate most of the country's electricity is actually delivered to the home, factory or office.

The situation is not as paradoxical as it may appear to be. The gas industry has long argued that much of the current gas-supply problem has been caused by government regulations. According to University of Arizona economics professor Dr. Helmut Frank, a participant at the Tucson meeting, these regulations are responsible for "unduly low gas prices" which have encouraged industries to use gas instead of oil or coal.

A symposium of government officials, utility experts and others held at the University of Arizona last month painted just such a possibility. Two vice presidents of Tucson Gas & Electric Co. warned that the gas situation is so acute in the Southwest that utilities may soon have to refuse to hook up new customers, including homes. An official of El Paso Natural Gas, a gas transmission company,

OPEN FORUM

Merchants Thanked

To the Townspeople of Manchester and the Area Merchants: The week prior to Christmas, four Christmas parties were scheduled at area convalescent homes. In addition, approximately 60 shut-ins were visited with gifts and holiday cheer. Almost unbelievably, all of the refreshments and most of the gifts were donated by the area businesses and the several individual contributors around town.

Fan Upset

To the editor: On the evening of Tuesday, Jan. 14, I attended a mixed basketball game at the east side recreation center in Manchester. During the course of the game between Community Y and Allied Builders I was never so shocked to see such refereeing as I viewed that evening.

The National Sampler From the Country's Editorial Pages

By United Press International Los Angeles Times

President Ford and leading congressional Democrats agree on the central, essential, point: Individual income taxes must be raised and cut quickly. If the appropriate sense of urgency is maintained at both ends of Pennsylvania Ave., taxpayers will get partial refunds on their 1974 taxes before the end of May, and the economy will get a badly needed shot in the arm.

Ford still recognizes inflation as the long-term problem, but has swung around to the view that the first task is to stop the downhill slide in the economy and the alarming increase in unemployment. There is room for argument about whether the \$16 billion cut in personal and corporate taxes proposed by the President is enough to provide the economic stimulus needed. But such differences can be compromised, there is no reason why this part of Ford's program cannot be enacted by April.

A citizenry calling for national economic leadership is now getting an abundance. President Ford's elaborate and far-reaching proposal compete for public attention with those of the congressional majority, which have yet to be drawn together in a single legislative package. All this would be discouraging if the plans were in basic conflict. They are not. A clear consensus exists for conserving energy, cutting taxes, benefiting low income citizens and incurring a large federal deficit to stimulate a recession-plagued economy.

St. Louis Globe-Democrat President Ford's plan for combating the deepening recession and the high cost of imported oil is generally good even though it has serious shortcomings. By contrast, the program outlined by the Democrats in Congress is an unmitigated disaster that addresses itself to symptoms rather than basic causes.

St. Albans (Vt.) Daily Messenger The bloody Communist victory in the battle for Phouc Long Province in Vietnam is a topic that is strangely missing from the private and public utterances of those political clergymen—who when the tide of battle was running against Hanoi

St. Albans (Vt.) Daily Messenger The bloody Communist victory in the battle for Phouc Long Province in Vietnam is a topic that is strangely missing from the private and public utterances of those political clergymen—who when the tide of battle was running against Hanoi

The Confidence Factor

NEW YORK — It is good to have a competition between the Democratic Congress and the Republican President as to who can best save the nation, but not if it gets to be a tug of war. Rivalry for salvation is one thing, a drawn-out struggle for political credit and blame is another. To what will it profit either major party if it wins the 1976 mandate to run the country if the mechanism of the election is not for a tax cut, but that is an easy consensus since tax cuts always have political sex appeal. Both agree that oil use must be cut, but the President wants to do it through hiking costs while the liberal Democrats lean toward rationing.

The Herald Area Profile

Coventry Democrats Oppose Higher Taxes on Fuels

COVENTRY Monica Shea Correspondent 742-9495 The Democratic Town Committee unanimously supported a resolution that opposes increases in federal tax on residential fuel oil, gasoline, natural gas and foreign and domestic residual fuel oil that has been proposed by President Gerald Ford.

The resolution states such a tax increase would further burden struggling homeowners, increase the cost of traveling to and from work, and would result in more unemployment and further increase the "already outrageous" utility bills. The resolution also stated that the increase would create higher retail prices because businesses would pass on the increases in operating expenses to the consumer and that the tax would be paid by people who can least afford it, the poor, the worker and the consumer.

Suggestion Earns Award For Clerk

Marjorie Horton of Mrs. Marjorie Horton of Savannah, Ga., Morning News "Looking at the fighting from the outside, the taking of Phouc Long by the invaders is a direct and flagrant violation of the Paris peace agreements. Washington is obviously deeply concerned. President Ford is prepared to head a year increase the aid to South Vietnam, trimmed back earlier.

MAX LERNER

predictions have proved wrong, and he can't win anyone's confidence because he has lost confidence in himself. How can the confidence factor be won over to our side? In several ways. First, by recognizing — as Lincoln did at the start of the Civil War — that we are faced by a new situation and cannot follow old patterns but need new thinking. The Great Depression model of the United States in 1929 shouldn't panic us because we have learned enough to slow the pace and cushion the impact of the downward employment spiral. The runaway German inflation model of 1923 shouldn't panic us, either, because both the economic and social conditions of the United States today are different from the Germany of a half-century ago.

Benefit Game Members of the New York Football Giants will play a benefit basketball game against Vin Clement's "Big B" All-Stars Jan. 26 at Rham High School. Proceeds will go to the Hebron Youth Basketball League for new uniforms. Tickets are on sale at the Burrill Mutual Savings Bank, Hebron General Store, Hebron Pharmacy, Hebron Pizza, and McDonald Real Estate.

Paper Drive Co. 3 of the Volunteer Fire Department will hold its next paper drive, winter permitting, Jan. 25 from 9 to 11 a.m. in the north end of town. Residents are requested to the their papers. Special pickup may be arranged by calling Richard Bergeron, John Kreeger, James Lee or Harvey Desruisseaux. In case of rain, the drive will be held Feb. 1.

Teacher Contract Talks May Be Public

COLUMBIA Virginia Carlson Correspondent 228-9224

For the first time in the town's history, sessions for teacher contract negotiations will be open to the public if the Columbia Teachers Association (CTA) agrees with the Board of Education's tentative ground rules for the discussions. Supt. Clarence Edmondson will investigate the legality of open meetings.

Teacher Contract Talks May Be Public

COLUMBIA Virginia Carlson Correspondent 228-9224

The school board is expected to propose all negotiating sessions be open to the public. They will also suggest written proposals pertaining to salaries and fringe benefits be made available to the press. The board will, however, propose that spectators are to listen with no participation. The board also proposes caucuses last only one-half hour or less and that meetings be adjourned by 10:30 p.m. Whether or not the board will hire a professional negotiator as in the past, will be decided later. Edmondson feels the previous negotiator saved the town thousands of dollars. Atty. Gary Vause, the negotiator, was paid about \$40 an hour.

Teacher Contract Talks May Be Public

COLUMBIA Virginia Carlson Correspondent 228-9224

Tuition Higher Tuition bills for students attending Windham totaled \$176,430 for 230 students, some \$13,130 higher than last year. Subdivision Approved The Planning and Zoning Commission has approved the application for Green Bush Farm subdivision of Robert Lange, West St. The ZBA told Lange he needed to subdivide the property because this was the third partition of the original tract. The ZBA suggested the application be withdrawn and Lange go before the PZC.

HERALD YESTERDAYS 25 Years Ago Town's Grand List total is \$73,384,270. Thomas R. Boland seeks permission from P.U.C. to operate three cabs here. 10 Years Ago Motion to seek financial aid from state as same basis that aid is granted to elementary and high schools, is passed at meeting of Citizens Advisory Council of Manchester Community College. Petitions suggesting three alternate plans for constructing and financing sanitary sewer to serve southwest section of town are being circulated by Keeney St. resident Paul Diehl. Proposed industrial site for Pioneer Parachute Co. bordering South Windsor town line will not be opposed by Capitol Region Planning Agency if town's planning commission requires "substantial buffer" between industrial land and residential properties in South Windsor and if industrial site does not have access to Deming St.

Heart Fund Treasurer MANCHESTER HOSPITAL NOTES

Stanley J. Jarvis

Stanley J. Jarvis, vice president of the Manchester State Bank, has been appointed treasurer for the Manchester Heart Fund Drive. He will be in charge of funds collected during the annual drive now through Feb. 23.

A Hartford native, Jarvis attended the University of Hartford and is a graduate of the National Institute of Credit School at the University of Chicago. He and his family live at 38 Canterbury St.

The Greater Hartford Heart Association has sponsored several courses and clinics in Manchester. Among them were a pulmonary-resuscitation course teaching mouth-to-mouth resuscitation and closed chest massage, and a high blood pressure clinic at the Manchester Parkade at which 450 persons were screened.

Discharged Thursday: Eileen Cristelli, 5A Downey Dr.; Michael Selpeck, 333 Biwell St.; Margaret Wilcox, 35 Hillside St.; Kathleen Borello, 107 Eldridge St.; Ruth Boland, 73 Chestnut St.; Elmer Griggs, East Hartford; Michael Tuck, 563 Center St.; Dora Hoyt, 43 Foley St.; George Simpson, 71 Branford St.

Also, Ernestine Stafford, 26B Homestead St.; Bertha Zanghi, Tolland St.; Tolland; Stella Bealer, 70 Fairfield St.; Stephen McCusker, 68B Mt. Vernon Dr.; Rockville; Ernest Bevan, 373 Woodland St.; Brenda Sutton, Amston; Tracy Scott, Glastonbury; Steven Lombardi, 56 S. Hawthorne St.; Michelle Metivier, 74 Congress St.

Also, Salvatore DiMauro, Glastonbury; Benjamin Magowan, 164 Oak St.; William Carter, 300A Green Rd.; Edward Voltrath, 49 Valley View Lane, Vernon; Joseph Lea, 109 Grandview St.; Matthew Longchamps, Welman Rd.

Story Hours Set at Library

Whitton Memorial Library All children between the ages of 3 and 5 are invited to attend "Stories for Preschoolers" each Tuesday from 10 to 10:30 a.m. for the next eight weeks of the year. The stories will be read by Mrs. Gordon Moore, librarian, and by members of the Manchester Junior Women's Club.

MCC Calendar

Manchester Community College offers this calendar of events in the interest of the community. All the MCC sponsored activities listed below are open to the public and many are free of charge. In addition to publicizing events and activities individually, the college hopes that the Calendar will serve as a weekly reminder of all that is available at MCC.

*Cartography and Graphics - 7:30-9:30 p.m.; 8 weeks; Hartford Road Building; Room 103; tuition \$17.50.
*Non-credit community service courses. Open on a space available basis.

Deferring Taxes

By RAY DE CRANE

If you sold your home last year at a profit, the gain may be taxable in full, in part, or the tax on the entire gain could be deferred.

If the home is sold at a loss, no loss can be taken on the sale on your tax return.

It depends on what you did with the proceeds of the sale and your age at the time of the sale.

Here is the general rule: If you purchase a replacement home whose cost is equal to or greater than the adjusted sales price of the home sold, the gain on the sale is deferred. The deferred gain is now subtracted from the cost price of the replacement residence, producing what is known as an adjusted basis. When that home is sold for more than the adjusted basis, there is a gain. The adjusted sales price is the gross selling price less the expense of sale and the least cost of "fixing-up" expenses.

Fixing-up expenses are expenses incurred in painting and decorating the home to make it more attractive to a prospective purchaser. To qualify, the work must have been done within the 90 days before the sale and paid for within 30 days after the sale.

Where the replacement home is built, rather than purchasing an existing home, construction must have started within a year after the sale and the taxpayers must occupy the home within 18 months of the sale to gain advantage of the special privilege.

(NEXT: If You Are Ever Sold a Home.)

Heavy Gear On Job Site For School

VERNON

Horn Construction Co., contractor for the Rockville High School addition project has moved in pay-loaders and bulldozers for the project which is scheduled for completion in January 1976.

The contract supervisor is now directing the replanting of some trees and the removal of others. Dr. Robert Linstone, assistant superintendent of schools, said as many trees as possible will be saved.

The Vocational-Agricultural department at the high school had a plot of Christmas trees planted on the north property line. These are being dug up and will be relocated.

The trees in the existing courtyard are also being transplanted by the Voc-Ag students. The courtyard will be used for construction of a library resource center.

Dr. Linstone said steel for the framing addition is scheduled for delivery sometime next month.

Groundbreaking ceremonies were conducted three weeks ago for the \$5 million addition.

Youth Workers Take Course In Human Relations

SHARON RUSSELL

Sharon Russell of Vernon and Elise Woolam of South Windsor are among 19 youth educators from 4-H and Girl Scout organizations participating this week in a human relations program at the Bishop Continuing Education Center at the University of Connecticut.

The program, called the Green Circle, has children participating with the emphasis on inclusion as contrasted with rejection because of any difference of race, religion, and sex.

Upon completion of the program the educators will be qualified to present it to children in Grades K-4.

The purpose of the program is to help stimulate and reinforce in children positive attitudes which are necessary to build a world where all men can live together as brothers and realize their highest potential, UConn officials said.

The course will be taught by Esther Washington, family life specialist at Rutgers University.

Adult School Will Begin On Feb. 3

TOLLAND

Adult Education classes begin at Tolland High School the week of Feb. 3. Classes start at 7 p.m. and conclude at 9 p.m.

Courses being offered are: Woodworking, refinishing, art, crevel, typing, shorthand, first aid, sewing (intermediate and advanced), cake decorating, basic real estate, sinistatics, small engine repair, and knitting. The basic real estate course will begin on Jan. 30 and run for 12 weeks.

Registration will be at Tolland High School tonight, Wednesday, and on Jan. 27 from 7 to 8:30 p.m. Students may also register by mail. Brochures with registration forms are available throughout the town at local merchants, the post office, bank, and all schools.

There will be no registration the night classes begin. Students should bring materials or projects to their first class.

In Who's Who Melissa Dudek, a senior at Tolland High School, is to be included in the eighth annual edition of "Who's Who Among American High School Students, 1975-76."

Miss Dudek is the daughter of Mr. and Mrs. Walter Dudek of Garnet Ridge Dr. She is active in St. Matthew's C.Y.O., Student Council, Home-Stream representative, co-editor of the yearbook, teen page editor for the Tri-Town Reporter, and has been a Girl's State representative, member of the Mark Twain Chapter of the National Honor Society, and has received scholastic awards throughout her high school years.

In addition to having her biography published in the book, Miss Dudek will compete for one of ten scholarship awards of \$500 to \$1,000 funded by the publishers and will be invited to participate in the firm's annual "Survey of High Achievers."

Miss Dudek plans to major in elementary education and hopes to attend Keene State College.

Our specials aren't the only good thing about our stores!

Come get your Stop & Shopsworth.

7:30 p.m.—Community Development Advisory Committee, Nathan Hale School.

7:30 p.m.—Conservation Commission, Municipal Building conference room.

7:30 p.m.—Disaster Control Advisory Committee, Municipal Building general services office.

8 p.m.—World Hunger Council, St. Mary's Episcopal Church.

TUESDAY, JAN. 21
8 p.m.—Disaster Relations Commission, Municipal Building conference room.

WEDNESDAY, JAN. 22
8 p.m.—Democratic Town Committee, Municipal Building hearing room.

DR. LAMB

Aged Need Stretch Exercise

By Lawrence E. Lamb, M.D.

DEAR DR. LAMB — Chronically ill and aging patients often have one or both knees bent in a fixed position. What are the causes of this? How can it be prevented and what can be done to relieve the condition? Apparently straightening the knees out causes pain and discomfort.

DEAR READER — In general, the body has opposing muscle groups. The knee is a good example. One set of muscles over the front of the thigh straightens the knee, another group over the back of the thigh causes it to bend.

When a person is inactive, particularly at bed rest, the muscles that cause the bending shorten, and so do the tendons attached to these muscles. The same thing happens as you get older if you don't watch it. I sometimes say we begin to lose the war against gravity and are gradually bent and bent down from the upright position.

You have seen many older persons, I'm sure, who have slightly bent knees. The ankle tendon to the heel shortens and the toe is displaced down, the hip joint also bends forward. The elbows also become bent.

These measures are very important in bed patients to prevent disabling contractures you are describing. Daily exercises should be part of every patient's routine unless the patient is really so sick that it is impossible. Even then passive exercises by trained physical therapists often help a great deal.

Contraction deformities can often be corrected by progressive stretching exercises over a period of weeks and months. These must be done before changes in the cartilage and bony structure in the joint are affected, sometimes called a "frozen joint."

Incidentally, stretch exercises are also important for the trunk muscles. The muscles over the front of the chest can become overcontracted too, contributing to the rounded shoulders and decreased chest wall function which can compromise how well the lungs work. So don't forget to stretch.

It will stretch your youthful appearance over many years as well as help your health.

MACC NEWS

MANCHESTER AREA CONFERENCE OF CHURCHES

The Manchester Council on World Hunger will meet tonight at 8 in the board room at St. Mary's Episcopal Church, 41 Park St. We urge all persons interested in developing a broad-based community concern for the world's hungry people to join in this meeting.

The council has already proposed a number of community-based programs. Church, civic, and social organizations will be asked to sponsor luncheon banquets. At these banquets a meal typical of the average meal eaten by the people of one of the stricken countries will be served. A program telling of the life and conditions in that particular country will accompany the meal.

Another idea being considered is the community adoption plan in which Manchester would adopt an overseas community. In such a plan, interested individuals would adopt a family in that country, visit them, and provide financial support.

However, we wish to emphasize that there is no obligation entailed at these sessions. They are primarily offered to provide you with information concerning the conditions of visiting the elderly there, and if you desire offer a "match-up" between you and an elderly person.

Such a plan, interested individuals would adopt a family in that country, visit them, and provide financial support.

However, we wish to emphasize that there is no obligation entailed at these sessions. They are primarily offered to provide you with information concerning the conditions of visiting the elderly there, and if you desire offer a "match-up" between you and an elderly person.

Victory Can Be So Sweet

Among the victors attending Saturday night's Victory Dinner-Dance, sponsored by the Manchester Area Conference of Churches, were, from the left, State Rep. Abraham Glassman, 14th Assembly District; State Rep. George Hannan, Third Senatorial District; State Rep. Muriel Yacovone, Ninth Assembly District; and State Rep. Ted Cummings, 12th Assembly District. Also attending but not present when the picture was taken were State Sen. David Barry, Fourth Senatorial District; and State Rep. Francis Mahoney, 13th Assembly District. About 175 persons attended the event, held at the Manchester Elks Club. The chairperson was Frances Merola.

HERALD ANGLE By EARL YOST Sports Editor

Celts Get Royal Welcome

Playing at Boston Garden, the World Champion Boston Celtics have been averaging 11,944 paid customers for every home start...

Heinsohn Impressed

Heinsohn, who slipped on the ice at his home the night before and sprained an ankle and twisted a knee, was bubbling over with enthusiasm on conditions at the new complex.

"The guys don't like the travel (via bus from Boston) but you can't complain about the conditions. Everybody is impressed with the facilities. There's big league," he added.

The former Celtic star was happy with the play of his club which broke the game wide open in the second stanza which overcame a two-point deficit.

The old hands, John Havlicek and Dave Cowens in particular, after a cold start, once they discovered the hoops were not covered, scored almost at will against a Houston team that showed no inside attack at all.

Calvin Murphy, the smallest man on the court, was Houston's best offensive weapon until he fouled out with 11 minutes left.

Major College Basketball Wild Scramble For No. 1 Berth

NEW YORK (UPI)—All indications during the first half of the college basketball campaign indicate that a wild scramble for the top prize is more likely during the NCAA championships, with at least a handful of teams rating a good chance to capture the crown.

Not only has UCLA been winning for 11 years and been very little drama associated with its monotonous cycle. Come tournament time, not even the various school PR directors could arouse much serious enthusiasm for the other contenders.

Things promise to be different at the end of this season, though, with the changes still that any team enters the playoffs in odds-on favorite. Only two major teams still are unbeaten. No. 1 Indiana and No. 4 Louisville, which twice has been extended into overtime, including Saturday's 55-53 triumph over Drake.

North Carolina State, last year's NCAA winner, already shows two losses this season, the latest a 103-83 debacle to Maryland last Thursday, and barely avoided a third setback by edging No. 14 North Carolina, 88-85, in overtime Saturday.

Disorganized East Catholic Bows, Xavier Excels in HCC Tilt, 67-42

By Len Auster

Talent in abundance is one thing every basketball coach loves to have. You can nurture and develop it to its fullest potential.

NBA: Bucks Over .500

Jabbar on Spree, Scores 50 Points

MILWAUKEE, Wis. (UPI)—Professional basketball players are used to stellar performances.

"Doing it" is what they call it. And Sunday, nobody was "doing it" more than Kareem Abdul-Jabbar.

The Milwaukee Bucks whipped the Portland Trail Blazers, 122-108, and Abdul-Jabbar led the way with 50 points and 11 assists and three blocked shots.

Rookie Bill Walton of Portland, a three-time Player of the Year during his collegiate career at UCLA, collected just seven points, six rebounds, seven assists and one block in 21 minutes of action.

The Trail Blazers stayed close through portions of the game and trailed by just eight points in the fourth period. But the Bucks scored eight straight points midway through the final quarter and coasted to the win.

The triumph moved the Bucks over .500 for the first time all season and it was an uplifting performance for a team that early in the season looked like it belonged in the minor leagues while playing without Abdul-Jabbar, who was recovering from both an eye injury and a broken hand.

We're really starting to put things together," Bucks Coach Larry Costello said. "Things are looking up."

The Bucks shot 53 per cent from the floor to 46 per cent from the floor and Milwaukee enjoyed a 51-41 edge in rebounds.

"Kareem was just rearing to go when he came out," said Oscar Robertson, a former Bucks guard and now a color commentator for CBS-TV. "I said before the game he would score 60 against Walton and LaRue Martin, but I missed by 10."

The victory kept Milwaukee three games behind first-place Southern California on Saturday night.

Indiana, which has not won the NCAA title since 1953, has been the most consistent team this season, stretching its record to 16-0 by beating Northwestern, 82-56, Saturday. Kent Benson led the way with 20 points.

The rest of the top 10 teams also were successful Saturday. Six-ranked Maryland beat Navy, 87-73; seventh-ranked Alabama trounced Louisiana State, 93-67; eighth-ranked Arizona State defeated New Mexico, 93-76; No. 9 Oregon edged Washington, 68-66; and 10th-ranked Kentucky beat Mississippi, 85-82.

Switch Sites

STANFORD, Calif. (UPI)—Stanford and Army have switched sites for the football meetings next of college seasons, according to a spokesman for the Cards.

The 1975 game set for Oct. 4 has been switched from West Point to Stanford and the 1976 game will be played Oct. 2 at West Point, instead of Stanford.

22, at the Falcons' Nest in Middletown. Indicative of the smoothness of Xavier, with five seniors in the starting lineup, was the 18 assists totaled. Split ballhandling 5-8 floor general Tim Hefferman doled out six assists to go along with 16 points.

Six-foot-three Luke and Clint Gaffney, with 18 and 13 markers respectively, each handed off for five buckets.

A year ago, with a veteran outfit, the Eagles averaged six, maybe eight turnovers each outing. This campaign, East is averaging almost two giveaways, 22 against Xavier. Although the talent

seems to be there, the Eagles are not working together, playing and acting as one especially on offense as all good clubs must.

The key to the outcome of the HCC confrontation before a crowd of 750 was the rebounding battle, with 6-6 center Ken Champion and the Gaffneys crashing the offensive boards in a clearly superior pose in the second half. Xavier got more second and third tries at the hoop which they converted.

What was a close affair turned into a runaway at the end. When the Eagles didn't turn the ball over, they were getting just one shot at a time from the floor.

With the triumph, Xavier upped its HCC mark to 3-1 and over-all standard to 8-3. East, which has dropped four of its last five outings,

tallied the first four points of the second half to come within one point but for the remainder of the eight-minute segment could add just two more points. The Falcons, meanwhile, notched 12 markers to widen the margin to 32-28 going into the final stanza.

What was a close affair turned into a runaway at the end. When the Eagles didn't turn the ball over, they were getting just one shot at a time from the floor.

With the triumph, Xavier upped its HCC mark to 3-1 and over-all standard to 8-3. East, which has dropped four of its last five outings,

Mattress Fires Damage Apartments

Two unrelated mattress fires over the weekend badly damaged apartments and, in the Saturday fire, caused five adults to seek treatment at Manchester Memorial Hospital.

A cigarette on a mattress is the suspected cause of a fire at the three-story brick store and apartment building at 1077 Main St. reported by phone calls and a fire alarm at 11:25 a.m. Saturday, according to Deputy Chief William L. Stratton of the Manchester Town Fire Department.

The thick heavy smoke from the burning mattress, floor and wall in the second floor apartment of Mrs. Marie Butkus, 34, filled the hallway to the third floor and billowed out her windows.

Firefighters Peter Beckwith, Philip Morrisette and James Grano to their way into Mrs. Butkus' apartment where they found her unconscious in the bathroom. They lowered her out the window to a truck ladder run by Deputy Chief James R. McKay with firefighters Robert Bychowski and Kevin Connolly.

The ladder was again used to rescue Mrs. Sharline McGary, 17, and her husband, Harold, 19, from their third floor apartment.

An unidentified young couple in a rear, second floor apartment where rescued with the help and aid of Frank Guinone, owner of a store in the building.

A fire wall down the middle of the building confined the smoke and heat damage to the four apartments on the second and third floors above the J & H Fabric store at 1081 Main St.

Police are investigating the fire along with the fire department. Mrs. Butkus, the McGarys, Morrisette and Grano were all taken to the hospital where they were treated for smoke inhalation and minor injuries and were released.

At 11:56 a.m. Sunday, Mrs. Debby Hart of 95 North St.

called in a mattress fire in a bedroom of her apartment, according to Capt. Thomas Tomkowiak of the Manchester, Eighth District Fire Department.

The playing with matches by her son, James, 2, is the suspected cause of the fire, he said. Heavy smoke damage made the apartment untenable although the other three apartments in the building were not damaged, he added.

No one was injured. Aiden was given Mrs. Hart by the ladies auxiliary of the fire department and the Speed Queen Laundromat at 250 N. Main St., especially with clothing for his children.

TOWN OF COVENTRY ZONING BOARD OF APPEALS

There will be a public hearing on Thursday, January 23, 1975 at 7:30 P.M. in the Basement Room of the Coventry Town Hall to hear the following appeals:

Massachusetts Bus Co. Mr. Carl Charco, representative requesting a special exception as provided for in Section II of the Zoning Ordinance to park school buses on the Nathan Hale Gas property owned by Mr. James and Mr. Spencer of Coventry.

Richard Soucier of North River Road requesting relief from the restrictions imposed in Section 2.1.9f of the Coventry Zoning Regulations to park commercial vehicles in an R140 zone.

Frederick Malon of Pucker St. requesting relief from the restrictions imposed in Section 2.1.9f and a special exception as provided for in Section 14.8.2 to construct an addition to existing building for year round occupancy.

The Meeting is open to the public.

George M. Coon Chairman Coventry Zoning Board of Appeals

NOTICE

TOWN OF BOLTON

The Registrars of Voters of the Town of Bolton, Conn., will be in session at the Convention Hall on 222 Bolton Center Road, on Friday, January 31, 1975, from 1 p.m. until 4 p.m. for the purpose of making an enrollment of electors entitled to vote in any primary or caucus of the Town of Bolton, and making changes and corrections in the enrollment list last perfected. Applications for the admission of electors will also be accepted.

William J. Houle Registrar of Voters Bolton, Conn.

THAT

OBITUARIES

Dr. Allison Dead; Retired Dentist

Dr. John J. Allison, 78, of 40 Westminster Rd., died today at a local convalescent home after a long illness. He was also husband of Alice Wehr Allison. He was born in Middletown and lived in the Manchester area more than 50 years. He established his own dental practice in Manchester about 30 years ago. He retired in 1962. He was a World War I veteran and a member of the Knights of Columbus, and an honorary member of the American Dental Association.

Miss Mabel P. Howard

Miss Mabel P. Howard, 92, formerly of 812 House Dr., died Saturday in an area convalescent home. She was born Nov. 16, 1881, in Bolton, the daughter of the late George and Minnie Maine Howard. She lived in Bolton until moving to Manchester two years ago.

Other survivors are his wife, three sons, two daughters, another brother, four sisters, and eight grandchildren.

Funeral services are Wednesday at 11 a.m. at the South Congregational Church in Pittsfield. Burial will be in the Pittsfield Cemetery. Friends may call at the Dery Funeral Home, Pittsfield, tonight from 7 to 9 p.m. and Tuesday from 2 to 4 and 7 to 9 p.m. Friends wishing to do so may make memorial contributions to the Shriner's Hospital for Crippled Children in Springfield, Mass.

Charles E. Prella

VERNON - Charles E. Prella, 58, of 12 Charter Rd., died Saturday in a local convalescent home. He was the husband of Mrs. Gladys Midway Prella. Funeral services were held this afternoon and burial was in Grove Hill Cemetery, the Ladd Funeral Home, 19 Ellington Ave., Rockville, was in charge of arrangements. Friends wishing to do so may make memorial contributions to the Rockville Public Health Nursing Association. He was born Dec. 9, 1916, in Rockville and lived there all his life. He was employed at Dillon Ford of Manchester as an insurance adjuster for many years until his retirement last year. He had also worked several years at Dillon as parts manager. He was an Army veteran of World War II, the 40 and 8 Club, and was also chairman of Gray's registration committee of the American Legion. He was a member of the Maple Grove and the Polish American Club. Other survivors are a son, David C. Prella of Rockville, a brother, F. Wallace Prella of West Hartford, and a sister, Mrs. Leo Bestard of Clearwater, Fla.

T. H. Benton, Noted Muralist, Dies at Home

KANSAS CITY, Mo. (UPI) - Muralist Thomas Hart Benton, a close friend of late President Harry S. Truman, collapsed at his home Sunday night and was pronounced dead at Menorah Medical Center. Benton, who would have been 86 April 15, had been active until recent weeks. The artist was known for the huge mural he painted at the Harry S. Truman Library at nearby Independence. The mural, which covers one wall of the library, depicts a pioneer scene in Benton's rugged, realistic style. Benton spent his life painting the common Americans he loved and ignoring bars from the professional critics. His many murals and paintings show the workman in strong white line and bright colors at his task. At the murals especially, one scene rolls quickly into another, revealing the bustle of rural and urban America alike as the nation grew on the shoulders of hard work. The critics called Benton a "regionalist" since the 1930s. Along with Grant Wood and John Steuart Curry, Benton painted primarily the Midwest and, to a lesser extent, the South.

Mrs. Dorothy C. Hawkins

ELLINGTON - Mrs. Dorothy Chapin Hawkins, 82, of 93 Ellington Ave. died Sunday in the Rockville General Hospital. She was born in East Hartford and lived most of her adult life in the Ellington area. She was a registered nurse and worked for the former Rockville City Hospital on Prospect St. She served in the Army Nurse Corps in World War II. At the time of her death, she was in charge of central supplies at Rockville General Hospital. She was a member of St. John's Episcopal Church of Vernon. Survivors are a brother, Edwin Chapin Darin; and a sister, Mrs. Paul Buckley of Tolland. Funeral services are Tuesday at 10 a.m. at the Ladd Funeral Home, 19 Ellington Ave., Rockville. Burial will be in Ellington Center Cemetery. Friends may call at the funeral home tonight from 7 to 9 p.m.

Downtown Main St. Control

(Continued from Page One) only the portion of Main St. from the Center to the North End. The town previously controlled Main St. from Glastonbury to the Center. The original push for town control of downtown Main St. came from downtown businessmen last March. The signatures on a petition, sought to delay or prevent a change in the street's parking set-up, from angle to parallel parking. The businessmen, claiming that the parking system change would result in lost spaces and declining business, lost their fight to retain angle parking. But they stimulated planning for a new parking lot downtown, which was built last summer and opened last fall off Park St.

The agreement for town control of Main St. was reached last July, when the DOT dropped its demand that the town pay \$25,000 for the traffic light system installed a year earlier. The town's Board of Directors approved town control of the street in August.

The Manchester Rotary Club will have an open meeting Tuesday at 6:30 p.m. at Manchester Country Club.

The Buckley School PTA meeting for tonight has been canceled. There will be no PTA meeting this month.

The Manchester WATES will meet Tuesday at the Italian-American Club. Weigh-in will be from 7 to 8 p.m. Secret weigh-in will be revealed. There will be no fruit basket.

The Manchester-Bolton Association of Girl Scouts will meet tonight at 7:30 at St. Mary's Church. Leaders are scheduled to turn in their breakfast reservations.

The Kiwanis Club of Manchester, Inc. will meet Tuesday noon at the Manchester Country Club.

There will be skating at Center Springs Park until 10 tonight. Skating at Northview will be 8:30 to 9 p.m. For outdoor winter sports information, call 643-4700.

EXAMS

Examinations scheduled today at Manchester High School - which along with other local schools was closed due to a winter storm - will be held Tuesday, School Supt. James Kennedy said. All exam schedules for this week will be pushed back a day, he said.

BRIDGEPORT (UPI) - City workers began returning to their jobs today as city officials planned a meeting with state mediators and workers' representatives to forge a new contract. The first task returning workers faced was to collect four day's worth of garbage and refuse, accumulating since early Thursday, when workers in- volving more than 500 employees began.

VERNON - Charles E. Prella, 58, of 12 Charter Rd., died Saturday in a local convalescent home. He was the husband of Mrs. Gladys Midway Prella. Funeral services were held this afternoon and burial was in Grove Hill Cemetery, the Ladd Funeral Home, 19 Ellington Ave., Rockville, was in charge of arrangements. Friends wishing to do so may make memorial contributions to the Rockville Public Health Nursing Association. He was born Dec. 9, 1916, in Rockville and lived there all his life. He was employed at Dillon Ford of Manchester as an insurance adjuster for many years until his retirement last year. He had also worked several years at Dillon as parts manager. He was an Army veteran of World War II, the 40 and 8 Club, and was also chairman of Gray's registration committee of the American Legion. He was a member of the Maple Grove and the Polish American Club. Other survivors are a son, David C. Prella of Rockville, a brother, F. Wallace Prella of West Hartford, and a sister, Mrs. Leo Bestard of Clearwater, Fla.

ELLINGTON - Mrs. Dorothy Chapin Hawkins, 82, of 93 Ellington Ave. died Sunday in the Rockville General Hospital. She was born in East Hartford and lived most of her adult life in the Ellington area. She was a registered nurse and worked for the former Rockville City Hospital on Prospect St. She served in the Army Nurse Corps in World War II. At the time of her death, she was in charge of central supplies at Rockville General Hospital. She was a member of St. John's Episcopal Church of Vernon. Survivors are a brother, Edwin Chapin Darin; and a sister, Mrs. Paul Buckley of Tolland. Funeral services are Tuesday at 10 a.m. at the Ladd Funeral Home, 19 Ellington Ave., Rockville. Burial will be in Ellington Center Cemetery. Friends may call at the funeral home tonight from 7 to 9 p.m.

KANSAS CITY, Mo. (UPI) - Muralist Thomas Hart Benton, a close friend of late President Harry S. Truman, collapsed at his home Sunday night and was pronounced dead at Menorah Medical Center. Benton, who would have been 86 April 15, had been active until recent weeks. The artist was known for the huge mural he painted at the Harry S. Truman Library at nearby Independence. The mural, which covers one wall of the library, depicts a pioneer scene in Benton's rugged, realistic style. Benton spent his life painting the common Americans he loved and ignoring bars from the professional critics. His many murals and paintings show the workman in strong white line and bright colors at his task. At the murals especially, one scene rolls quickly into another, revealing the bustle of rural and urban America alike as the nation grew on the shoulders of hard work. The critics called Benton a "regionalist" since the 1930s. Along with Grant Wood and John Steuart Curry, Benton painted primarily the Midwest and, to a lesser extent, the South.

WE WANT TO SELL CARS. YOU WANT TO SAVE MONEY.

Don't make any deal till you see your Chevrolet Dealer.

No matter what kind of price or sales talk you've been hearing, see your Chevrolet dealer before you buy. He's anxious to give you his best possible deal. And according to Manufacturers' Suggested Retail Prices, he can begin by offering you the lowest priced car in many model categories, including America's lowest priced wagon (Vega), America's lowest priced mid-size car (Chevelle Malibu Sedan Six), and America's lowest priced full-size car (Bel Air Sedan).

He can also offer a high trade-in on many used cars, so the actual cost of your new Chevrolet might be much lower than you'd expect. He deals in America's favorite car—Chevrolet—which means you can get traditionally high resale value in a car you'll really like to own. And he has a wide range of models in stock and ready to go, right now, including compact Chevy Novas and economy-plus Chevy Vegas.

NOVA. A proved value in compact cars. Pick the base Nova, Nova Custom, or luxurious new Nova LN. Whichever you decide on, you get a reliable, roomy, solidly built, easy-to-drive, easy-to-park compact car. There are two standard Nova engines: an economical six-cylinder or 4.3-liter V8. And the

VEGA. Best overall EPA gas mileage of any 4-cylinder American-built car. Vega gives you economy plus a lot of choices. The Vega Hatchback, America's most popular hatchback, is already priced \$85 below its nearest competitor. Other Vega models include America's lowest priced wagon, the Vega Notchback, the Notchback LX and the Vega Estate Wagon. And the '75 Vega is engineered to cost about \$240 less in scheduled maintenance than the '74 (in 50,000 miles of driving).

Now that makes sense CHEVROLET MAKES SENSE FOR AMERICA. Chevrolet

What's Jaycees?

By JEF CLEAVES
Membership Chairman
What is the Jaycees?

The Jaycees movement began in 1915 in St. Louis, Mo., as a dance club dedicated to the preservation of such dances as the "Fox Trot" and the "Two Step." Through the years, it developed into a service organization dedicated to community improvement and individual development.

Who is eligible to join?
Any young man between the ages of 18 and 35 who is interested in making his community a better place in which to live is eligible. Dues are \$15 plus a \$5 administration fee for the first year.

Is membership closed after January?

Anyone who wants to may join anytime. The Jaycees has no limits other than age.

Where can I join?
Meetings are held on the second and fourth Monday of every month at the American Legion, Home, American Legion Dr., Manchester, from 8 to 10 p.m.

The following people can be contacted for further information:

Alan Lamson, 613 Bush Hill Rd., 647-9523; Brad Keazer, 85 Overlook Dr., 643-5289; Alan Shaw, 28 S. Hawthorne St., 649-2557; Jef Cleaves, 290 E. Middle Tpke., 649-8272.

They will arrange for you to attend a meeting so you can meet us.

There will be an orientation Jan. 23 at the home of Bradley Keazer at 8 p.m., to explain to interested people just what we are, and to provide an oppor-

tunity to meet us. Refreshments will be served.

Or, you can fill out the application below and mail it to any of the people listed above, or to the Manchester Jaycees, P.O. Box 88, Manchester, Conn. Why does anyone join the Jaycees?

We are a community-oriented service group. Our two main purposes are community service and individual development.

The Miss Manchester Scholarship Pageant, Junior Olympics, and the Easter Egg Hunt at Center Springs Park are some of our yearly programs.

Among our past achievements are the construction of the covered bridge at the Oak Grove Nature Center, the Tot Lot equipment at Waddell School, and various bus shelters throughout the town. These are programs which have benefited the town directly.

On an individual basis, we sponsor such programs as Leadership in Action and Speak Up Jaycee which are designed to improve the individual.

There is also the opportunity to chair a committee or be a member of a committee which organizes and plans and implements a project.

None of our accomplishments in Manchester just happened. They were the result of a group getting together to plan the best method, and organizing people and material. The actual accomplishment of the program is simply the result.

It might be called "learning by doing," but there is always help and advice available.

Crowds of people swarm the parking lot at Frank's Supermarket last August waiting to be served at a benefit "Fish Fry" sponsored by the Jaycees. The proceeds were used toward purchase of a fetal heart monitor for Manchester Memorial Hospital. (Herald photo by Dunn)

Jaycees Formed 60 Years Ago

By ALAN LAMSON
President

The Jaycees were formed 60 years ago when Henry Giessenbier, seeing a need for a young man's civic group, organized the first chapter in St. Louis, Mo.

The U.S. Junior Chamber of Commerce was formed in 1920 with 24 chapters. The Manchester Jaycees

were formed in November 1953. The name of the national and local organization was changed in 1955 from the Junior Chamber of Commerce to the Jaycees to eliminate confusion caused by misunderstanding the derivation of the group's name.

The Jaycees is dedicated to the concept of personal development through community involvement. Our internal programming concentrates on presenting seminars and opportunities to develop the tools for self-improvement. Our external programming provides the opportunity to improve these techniques. The membership is the key to making these work.

The membership of the Manchester Jaycees is a diffuse representation of the community. There are no occupational requirements for membership. It is this variety of people that accounts for the varied programs run by the Jaycees within the town. However, each man is bound to the others by our beliefs as embodied in our creed.

Membership is open to any young man desiring to improve himself or his community.

International Senatorship Cites Outstanding Service

A Junior Chamber International Senatorship is an award that may be given to current or past members of the Jaycees as a means of honoring them for rendering outstanding service to the Jaycees organization. An honor that can be bestowed to a man only once in his lifetime, it provides a unique means for recognizing the outstanding achievements of members and former members who have had at least two years of membership.

An application must be approved by the Manchester, Connecticut, United States, and Junior Chamber International presidents after inquiries with respect to the applicant's activities.

The JCI Senate was formed in September 1952 and now has only about 17,000 members (less than one per cent of the membership of the total Jaycee international organization).

Conceived as an honored group of Jaycees that would provide a subtle link between

past Jaycees and help to spread the Jaycee concept worldwide, the Senate has been instrumental in the extension and development of Jaycees in Latin America, Northern Europe, Southeast Asia, and India.

Since the chapter's inception in 1953, only six Manchester Jaycees have been named as JCI Senators. They are: Leonard Johnson, Craig Heston, Edward Bates, Richard Bohadik, Robert Patrick and Joseph Lawler.

Jaycee Wives Fund-Raisers

By MARY LAWLER
President

The Jaycee Wives of Manchester has been in existence for 20 years. Membership is limited to wives of Manchester Jaycees. The Jaycee Wives is organized under its own constitution. The executive board consists of five elected officers and five appointed chairmen who oversee the yearly projects.

The Jaycee Wives has run many fund raisers over the years to benefit the group's many charities. These have included bake sales, tag sales, auctions, and the popular "Casino Nite."

Money raised from these and other projects has gone to help the Mansfield Training School, the Lutz Junior Museum, and the Senior Citizens Bus Fund. Manchester Memorial Hospital has been a favorite charity and the Jaycee Wives' contributions have ranged from finger puppets for the emergency room and toys for the pediatrics ward to equipment for the maternity ward, nursery and pediatrics ward.

One of the outstanding contributions of the Jaycee Wives

was helping the Jaycees with the fetal heart monitor computer for Manchester Memorial Hospital.

The Jaycee Wives is one of the charter members of the Manchester Scholarship Fund and has continued to support the fund because of its great importance to the youth of the community.

Helping the community financially is only part of the Jaycee Wives' responsibility. They have also helped with time and work on such projects as the conference on the aging, pre-school-age eye and hearing screening, and health clinics.

Assisting the Jaycees has always been one of the Jaycee Wives' main objectives. They have helped the Jaycees with projects including the Miss Manchester Pageant, high school dances, decorating for charity balls, hot dog sales, and the Junior Horse Show.

Self-improvement has always been one of the goals of a Jaycee wife and while they gain much enjoyment and knowledge from guest speakers and programs, all of the wives feel that involvement in their community has given them much satisfaction.

This has brought the wives an awareness of the problems and needs of the community as well as the knowledge that the Jaycee Wives as an organization and as individuals can do something about them.

It is an experience that can last a lifetime.

The fun part of the Jaycee Wives is getting to make new friendships with people who are also interested in bettering themselves and their community.

These can also last a lifetime, and can be especially helpful to new people in the community.

I would like to extend an invitation to all young couples in the community to get involved, call us and let us tell you what being a Jaycee and Jaycee wife really means.

I am proud to serve as president of the Jaycee Wives this year and prouder still to be the wife of a Manchester Jaycee.

On behalf of all the Jaycee Wives and myself, may I extend to the Jaycees our congratulations on their 21 years of community service, and best wishes as they observe National Jaycee Week.

Trying with all his might to break the softball throw record is this contestant during last summer's Junior Olympics at the West Side Oval, sponsored by the Jaycees. (Herald photo by Pinto)

The Jaycee Creed

We believe that faith in God gives meaning and purpose to human life;

That the brotherhood of man transcends the sovereignty of nations;

That economic justice can best be won by free men through free enterprise;

That government should be of laws rather than of men;

That earth's great treasure lies in human personality;

And that service to humanity is the best work of life.

Jaycees Have Community Pride

By BRADLEY KEAZER
External Vice President

The basic theme of the Jaycees is individual development by running community action programs.

The concept of problem identification, goal establishment, program planning, personnel management, communications, financial control, job accomplishment, and program evaluation are all a part of the Jaycees theme.

The board of directors begins to carry out its theme by establishing broad base goals

coincident with the needs of the community. Then the projects are proposed to aid in the accomplishment of these objectives.

This year, the Manchester Jaycees have five goals around which their programming has been based. These goals involve youth, senior citizen, community health, community services, and environmental assistance.

To date, the Jaycees' major efforts have been in the youth and community health endeavors.

Programs such as the Junior Olympics, Bicycle Safety, the 4-H/Jaycee Horse Show, the Saturday Night Special (drum and bugle corp competition), and Youth Day at the Bowl provided excitement and challenges for many hundreds of our young people here in Manchester.

A very special youth program is the Jaycees' "Santa Visits the Retarded and Handicapped." If this exceptional group of kids gets half as much excitement from this program

as Santa does when he calls at their door, the program will always be a success.

As part of the Jaycees' community health programs, funds were raised through many projects for the fetal heart monitor donated to the Manchester Memorial Hospital.

A health clinic has been scheduled as part of Jaycees Week activities. There will be a poison awareness program later this year.

All these programs, or projects, are community involvement programs. They serve a dual purpose — as a worthwhile part of our community and as an individual development training activity.

The project planning and management requirements cover a wide scope from the relatively simple-to-conduct annual Easter Egg Hunt at Center Springs Park to the more complex management requirements of the Miss Manchester Scholarship Pageant.

The pay is measured in self-improvement and the grateful smile of a young gold medal winner at the Junior Olympics, or the quiet "thank you" of a convalescent patient returning from a foliage tour.

side of the Manchester Jaycees is charged with the responsibility of obtaining funds for the chapter for community action programs and also for the day-to-day operations of the chapter.

The funds are raised in a variety of ways such as a horse show (jointly sponsored by the Jaycees and the Hillstown Leather Pounders 4-H Club), light bulb sales, citrus sales, etc.

Two Internal Projects

By ALAN SHAW
Internal Vice President

The internal side of the Manchester Jaycees concerns itself with the personal development of its members along with ways and means projects to provide the chapter with funds to carry on programs to benefit the community (the external side), and to run the chapter newsletter, leadership manuals, etc.).

Personal Development
The Manchester Jaycees

offers free to its members the following programs to stimulate leadership development:

1—Leadership in Action—A course designed to tap the leadership potential present in all individuals.
2—Speak-up—A course designed to train an individual to express his ideas in public.

Ways and Means
Any civic organization needs funds to operate. The internal

Categories: Internal, External

Jaycees projects are divided into two categories — external projects, those affecting areas outside the Jaycees chapter; and internal projects, those affecting Jaycee members only.

During 1974, Manchester Jaycees activities included the following:

EXTERNAL

- Purchase of a fetal heart monitoring computer for Manchester Memorial Hospital. The monitor provides Manchester residents with sophisticated equipment to ensure the successful entry into the world of the newborn child. This machinery has already saved the lives of several infants.

- Miss Manchester, who is a representative of the Town of Manchester selected to compete in state contests. This project resulted in more than \$1,000 worth of scholarships presented in 1974.

- Junior Horse Show which

provided a forum for youth of the area to exhibit their equestrian ability. The event was co-sponsored by the Manchester Jaycees and the Leather Pounders 4-H Club.

- Santa visitations in which Santa visited and brought gifts to as many of Manchester's retarded children as possible.

- Fall rides for the elderly which provided a foliage tour for convalescent home residents. For some, this was the only trip outside their home.

- Construction of a footbridge at Salter's Pond which opened new areas of surrounding park area for use. The bridge was subsequently destroyed by vandals.

- Junior Olympics, a field and track meet for the town's children planned to give them a chance to compete in a sport and become better acquainted with it.

- Tennis clinic run in conjunction with the Manchester Racquet Club to acquaint

Manchester residents with this fast growing sport.

- Drum corps competition in which 19 units of 1,000 competing youngsters from throughout New England performed before the residents of Manchester.

INTERNAL

- Fund raising in which more than \$13,000 was raised and used to support external programming.

- Leadership training, a mini-course on personal relationships and administrative sciences designed to enable the Jaycee to relate better with his fellow man.

- Speak up, a mini-course in speaking designed to show the Jaycee he can have the ability to speak in front of large and small groups.

- Elections in which an election of officers was run on the same basis as national elections to give an insight into the democratic system and politics.

Busy Calendar

By WILLIAM HYDE

The Manchester Jaycees are looking forward to a busy calendar in the months ahead.

In January, Jaycee Week is celebrated by promoting the organization's activities in the community.

This month, the Jaycees will sponsor a health immunization clinic for children and adults.

A new program called "poison awareness" is being planned. This is a program designed to make the community aware of the potential hazard of poisons, what to do and whom to contact in case of an emergency.

With the arrival of spring comes the Easter Egg Hunt for the youngsters. This is only one of the youth programs sponsored by the Jaycees.

The Miss Manchester Pageant is the biggest program the Jaycees run. From nine to twelve girls have the opportunity to participate in a pageant and to win a scholarship.

In recent years, the Jaycees have made \$1,200 per year available in scholarships to the participants. The Jaycees have also donated \$200 per year to the Manchester Scholarship Foundation from the pageant's proceeds.

The Manchester Jaycees' local pageant winner will participate in the Miss Connecticut Pageant and will compete with other local winners for more scholarships, and for the honor of representing Connecticut in Atlantic City at the Miss America Scholarship Pageant.

At the end of the school year, the Jaycees sponsor a Junior Olympics for the youth of the town. Those who have participated in regular competition in the past and those who have not have the opportunity to test their athletic skills against other youth. Awards are given

to the winners in each class for each event.

In the fall, the Jaycees will repeat two events which have occurred during the past several years. They are the fall rides and Youth Day at the Bowl.

The fall rides are scheduled during the peak of the foliage season. The Jaycees take residents of the local nursing homes for car rides.

In the Youth Day at the Bowl program, Jaycee members take fatherless children or underprivileged children to a live college football game. In the past, children have been taken to Yale Bowl or to the University of Connecticut Stadium at Storrs.

In December, the Jaycees make Santa Claus visits to the mentally retarded children. This is a very satisfying project to both the children and the Jaycees.

During the course of the year, the Jaycees sponsor several fund raisers to carry out their projects within the community.

Some of the events coming up are a citrus fruit-for-health sale, an arts and crafts exhibition/fair, a community tag sale, and a horse show co-sponsored with a local 4-H group.

The Jaycees have set up food concessions at several projects and have found them to be a good source of revenue. The Jaycees will continue to run the concessions in the future.

Each year, individuals of Jaycee age from the community are honored. The highest honor is the Distinguished Service Award. This award is given to an individual who has demonstrated outstanding service to his community.

An Outstanding Young Educator is honored as well as one of the Jaycees' bosses.
