United Effort Stressed

(Continued from Page One)
The Council can foresee that the results of the President's plan would be:
"Substantial cost increases for gasoline, fuel oil and virtually all other products with a petroleum base. Utility costs also are certain to increase."
"On account of increased transportation costs, inflationary increases would result in the prices of virtually all goods and services."
It points out, "Our municipal governments are in no position to assume these increased burdens. Local taxes already are much too high. Curtailment of essential services would be inevitable, with consequent increases in the number of unemployed."
The council's concern is tied to potential increased problems for town municipalities.

Utility Seeks Pass-Through Clause To Cover Nuclear Shutdown Costs

By ROBERT LAMBERT
HARTFORD (UPI) — Northeast Utilities says its Connecticut customers would benefit from cheap nuclear power but would have to pay part of the cost of breakdowns under a new proposed rate plan.
The state's largest producer of electricity must be allowed to pass on to the consumer the cost of replacing electricity lost because of nuclear plant breakdowns, it told the Connecticut Public Utilities Commission in a hearing Thursday.
The idea was opposed by Marc M. Caplan, director of the Connecticut Citizen Action Group, who said it would only encourage "inefficiencies, mismanagement and failures."
Michael Holleran, counsel for Northeast, said the public would benefit if savings from nuclear power generation were deducted immediately from

Board Plans Hearings on Sewer Rates

The Manchester Board of Directors will hold public hearings Feb. 4 on an amended sewer-use fee schedule and on revised water and sewer connection charges. The board's meeting will be at 8 p.m. in the Municipal Building Hearing Room.
The proposal for sewers would increase sewer-use fees for the larger users. Director of Public Works Jay Giles has reported that the fees now charged the large users don't cover the costs incurred by the town.
Under the new schedule, the Eight Utilities District and Lydall Inc., the two largest customers, would pay about \$7,800 more a year than now.
The proposal for increasing the charges for water and sewer connections includes a stipulation to require a developer to install all water and sewer facilities, including house laterals, at his expense.

ABOUT TOWN

The Greater Hartford Legal Secretaries Association will meet Wednesday at Brock's Restaurant, 1245 New Britain Ave., West Hartford. A social hour will begin at 5:30 followed by dinner and a business meeting at 6:30 p.m. Guest speaker will be Howard H. Connors, Esq., whose topic is entitled "Connecticut Commission on Human Rights and Opportunities."

AREA POLICE REPORT

VERNON
Mark Vernet, 17, of Oak Grove St., Manchester, was arrested about 2:15 a.m. today by Glastonbury Police who charged him with reckless driving in connection with a chase involving a car stolen from a Vernon parking lot.
Vernet was then turned over to Vernon Police who charged him with fourth-degree larceny. Vernon Police said David Gutierrez of 440 Gardner St., Manchester, reported that his car had been taken from the parking lot of the AMF-Cuno plant in Talcottville where he worked.
Patrolman Donald Wright of Manchester spotted the car on E. Middle Tpk. and chased it through Bolton and Andover but lost it in Hebron, police said.
The car was later stopped in Glastonbury and Vernet was apprehended after he fled on foot, police said.
State Police from Troop K, Colchester, were also involved in the case and all police officers involved are seeking two other youths.

Land Trust Seeks Widened Support

A newsletter of the Manchester Land Conservation Trust, Inc. will be mailed out to members and friends of the trust to widen its support, according to its president, Douglas Smith, speaking Thursday night with the trust's executive committee.
Membership is open to all Manchester residents. Dues are \$5 for adults and \$2 for children per year.
The nearly three-year-old trust has one piece of land and is now studying a possible second gift which would help create a walking trail along I-84 in the south end of town, Smith said.
Harvey Pastel accepted chairmanship of the committee to set up the third annual dinner meeting of the trust in May.
He is now seeking a speaker of note on a conservation topic. Dan Lufkin, first head of the state Department of Environmental Protection, spoke at last year's dinner.

Debris from a bombing blast littered a sidewalk outside the annex to historic Frances Tavern in New York City where a bomb exploded during the crowded noon lunch hour Friday killing four persons and injuring at least 40 others. A Puerto Rican nationalist group has claimed credit for the bombing.

Four Die in Bombing Of Wall Street Club

NEW YORK (UPI) — A bomb, apparently planted by Puerto Rican militants, exploded in a crowded Wall Street club Friday, killing four persons and injuring at least 40.
"It was a horrible explosion," said Jerry Varvasis, a waiter at the historic Frances Tavern adjacent to the club. "I thought it was a bomb. The whole area was shaking like hell and everybody ran for the doors."
Dining Room Crowded
Robert Norden, owner of the tavern where George Washington gave his farewell address to his officers in 1783, said the dining room was crowded with lunchtime customers when the dynamite bomb exploded.
"All of a sudden, there was this tremendous explosion," Norden said. "All the windows were blown out and the staircase to the second floor Anglers Club just collapsed."
FALN Claims Responsibility
Persons claiming membership in the Fuerzas Armadas de Liberacion Puertorriquena called news media to take responsibility for the bombing.
In a note left in a phone booth near the tavern, the FALN said the blast was in retaliation for a bomb allegedly placed by the CIA Jan. 11 in Mayaguez, Puerto Rico, that killed two supporters of the Puerto Rican independence movement and injured 11 bystanders.
"We warned the North American government that to terrorize and kill people would mean retaliation by us. This was not an empty warning."
Aimed at Executives
The note titled "Communist No. 3," indicated the bomb was placed at the tavern in the financial district because of the "reactionary corporate executives inside."
It called for the release from federal prison of five Puerto Rican prisoners convicted in connection with a 1964 attack on the House of Representatives in Washington.
The dead were identified as James Georck, 32, of Wilmington, Del.; Harold Sherburne, 66, of Pine Orchard, Conn.; and Frank Connor, 33, of Fairlawn, N.J.
The name of the fourth victim was withheld.

Meskill Defends Self Before Committee

WASHINGTON (UPI) — Former Gov. Thomas J. Meskill, his nomination for a federal judgeship bogged down before a Senate subcommittee amid calls for an FBI investigation of Connecticut's leasing program, says he is innocent of any wrongdoing.
Meskill testified Friday there is nothing in his personal or political background that would adversely reflect on his confirmation as a federal appeals court judge.
Meskill, 68, also told the Senate Judiciary subcommittee hearing on his nomination he believes information from a Connecticut legislative committee investigating the questionable leasing practices would back him up.
Denies Wrong-Doing
"There have been no inquiries as to whether or not I am a member of the committee," Meskill said.
The American Bar Association, which reviews judicial nominations prior to Senate action, said at Thursday's hearing the unfinished leasing report has revealed "certain reprehensible practices" while Meskill was in office.
State leasing of property was done on the basis of political favoritism, ABA President-Elect Lawrence E. Walsh said. Though not illegal, he noted the practices resulted in much higher costs to Connecticut taxpayers.
FBI Probe Suggested
Committee member Sen. John V. Tunney, D-Calif., suggested an FBI investigation of leasing practices is possible if certain witnesses fail to appear before the committee.
Walsh also called for an FBI investigation of leasing practices to supplement the ABA's inquiry.
The confirmation hearings are expected to resume after Feb. 1, at the urging of the Senate. The leasing committee's final report — an appendix containing 54 leasing cases that were investigated — and to interrogate principals involved in the state inquiry.

House Panel Ties Tariff Delay To National Debt Ceiling Bill

WASHINGTON (UPI) — The House Ways and Means Committee wants to delay President Ford's new tariff and believes it has a half-trillion-dollar bargaining chip, the national debt ceiling bill.
The committee voted 15 to 15 Friday to delay for 90 days the \$1 a barrel levy which Ford is imposing on foreign oil Feb. 1. The tariff would increase to \$2 a barrel in April and would raise retail gasoline prices by 2 to 4 cents a gallon.
The committee tied this legislation to a bill raising the ceiling on the national debt from the present \$445 billion to \$531 billion through June 30.
The administration wants the ceiling raised above a half trillion so it can borrow more money from the private economy. Treasury Secretary William Simon says the ceiling must be raised by Feb. 18 if the government is to go on paying its bills and salaries.
Democrats on the Ways and Means Committee hopes that retesting would put Ford in a bind. If he would veto the tariff delay, he would also thereby veto the higher debt ceiling.
White House Press Secretary Ron Nessen called the tactic "old fashioned politics" and accused the Democrats of acting "truly beneath the magnitude of the issues."
Rep. Herman T. Schneebeli, R-Pa., ranking GOP member of Ways and Means, predicted Ford will veto the debt ceiling legislation if it ties his hands in the energy field.
Ford designed the import levy as an interim step while Congress considers the rest of his energy package, including a \$2 per barrel tax on both foreign and domestic oil. Ford says the whole package would boost retail gasoline prices 8 or 10 cents a gallon.
Rep. John E. Moss, D-Calif., released a Library of Congress study which said the entire energy package will cost American consumers \$66.3 billion in 1975 alone — \$20 billion more than the White House claims.
The White House says the energy levies will amount to \$30 billion, all to be paid back to the country through tax cuts and revenue sharing for local governments.
The Library of Congress also said the higher energy costs will raise prices of all goods in which energy is a factor.

Oil Exporters Meet in Algiers To Outline New Strategies

ALGIERS (UPI) — Most major oil-producing nations prefer to meet solely with oil-consuming countries on energy problems and prices and to leave developing nations out of the talks, according to an investigation by the U.S. State Department.
"When you have a problem to solve, the fewer involved the better," Jamshid Amouzgar of Iran said Friday after the first session of the 13-nation Organization of Petroleum Exporting Countries' current strategy meeting.
Wants Dialogue
"At a big conference everyone brings along their own problems. Everyone is trying to get something for nothing," he said.
"But it really does not matter how we go about it as long as we get a dialogue going."
Amouzgar said the OPEC finance, foreign and oil ministers meeting here would set a date today for their summit to prepare for energy talks with the West.
"It will probably take place at the end of February or beginning of March in Algiers," he said.
The summit will be followed by a new subpanel.
As chairman of the Appropriations Committee, which oversees the leasing subcommittee, Groppo has the power to subpoena any information.
H. William Shure, counsel for the committee which is completing its investigation of state leasing practices, said he plans to bring a prepared subpoena to the committee meeting.
Investigators want to determine from Tomasso's tax records whether he misused renovation costs of a netting warehouse leased by Riverview Realty, Inc. of Farmington, which is operated by Tomasso.
Investigators recommended the reissuing of the Tomasso subpoena to obtain his federal income tax records which would show transactions involving the building at 180 Pascon Pl., Newington.
The subcommittee has accused Tomasso of inflating the building's renovation to \$1.8 million when the U.S. Securities & Exchange Commission supervised trading in stocks of IBM, Telex and Telex Computer Products until 10 a.m. EDT Tuesday in order to give investors and members of the securities community time to study the decision.

Court Reverses Damage Suit Award of \$259.5 Million

DENVER (UPI) — An antitrust verdict against IBM Corp. based on predatory trade practices and resulting in a \$259.5 million damage award to a smaller competitor has been reversed by a federal appeals court which tossed out the lower court settlement.
The 10th U.S. Circuit Court of Appeals Friday ruled IBM did not violate antitrust laws in competing with Telex Corp. for shares of the nation's peripheral computer equipment market despite contrary findings by a U.S. District Court judge who heard the months-long case in Tulsa, Okla. In its decision the appeals court overturned the \$259.5 million award to Telex and also reduced from \$21.9 million to \$18.5 million the punitive and compensatory damages awarded IBM for its counterclaim of industrial espionage.
Officials of Telex said the firm would appeal to the U.S. Supreme Court immediately.

Lincoln Center Parking Lot Removal To Be Requested

Verna Hublard of 88 Adelaide Rd. is circulating petitions which request the removal of the parking lot along Main St. in front of Lincoln Center to its original site.
The petitions ask that the amesite parking lot placed along Main St. be removed and the grass replaced.
Mrs. Hublard, who was encouraged by Director Carl Zinsner and members of the Conservation Commission to circulate the petitions, says she'll circulate them townwide and is aiming at a minimum of 2,000 signatures. She says she needs assistance in the project and asks those wishing to help to contact her. If the petitions are ready for the board's Feb. 4 meeting, they will be presented then, she said.
The project at Lincoln Center is being accomplished under an allocation of about \$30,000. Plans call for connecting its parking area with the Municipal Building Parking Lot. Spaces for about 10 cars are being provided along Main St., where the Lincoln Center lawn was.
Town Manager Robert Weiss said the plans call for landscaped plantings — to include an eight-foot-wide landscaped buffer strip along Main St. He said assistance for landscaping and plantings is coming from Dr. Douglas Smith and his Chamber of Commerce beautification committee.
Weiss declined to speculate on the cost. The board might take when it considers the petitions.
Special Lottery Number Is 225031
WETHERSFIELD (UPI) — The Connecticut state lottery Friday drew a special bonus number for eligibility in a \$500,000 anniversary bonus drawing. The special six-digit number is 225031.
Any holder of a bonus stub number exactly matching the six digits was \$2,500. All prizes must be claimed by Feb. 17 if the winner wants to be entered for drawing for a half-million dollars to be held Feb. 19.
If the prize is not claimed by Feb. 17, winners will still be eligible to collect \$2,500 for one year from Friday. The anniversary drawing will be held on an editorial in today's Herald on Page 4. (Herald photo by Verna Hublard of 88)

NEWS FOR SENIOR CITIZENS

By WALLY FORTIN

Richard Basehart plays Lambdin P. Milligan in "The Case Against Milligan," a CBS-TV special Sunday at 7:30 p.m. The historical drama is based on a landmark case arising from President Lincoln's suspension of the right of habeas corpus during the Civil War.

Hello. Well our gang went to the ice skating at the new Hartford Civic Center Tuesday and all 80 present enjoyed it tremendously.

For most of us it was our first look at the new Center and all agree it's really beautiful. However, we were somewhat disappointed with a few things. Maybe it's because it's so new, yet a multi-million dollar building like this should have many of the kinks out of it before opening.

We arrived early on purpose as we felt it would give our members a chance to walk around and see what they heard about and saw on television. Nothing was open. No place to go except stand in the lobby. Some of us went down stairs but were stopped at the bottom and told the other rooms were restricted.

The show was scheduled to start at 7:30 p.m. We arrived at 6:25 and along with thousands of others had to stand until at least 7 before they would let us in. By that time the main lobby was packed like sardines and it became somewhat of a struggle to get past the doors and into the coliseum.

One wonders why they couldn't have opened the doors at least at 6:30 p.m. which would have kept the large crowd moving and not cause such a jam-up. Once inside it wasn't too difficult to find your section as long as a door would open so you could see the number painted on it. We were fortunate to have good seats in sections 101 and 102 and most fortunate that we only had to go down no more than five rows. Just looking down those steep steps was frightening, and without any help.

Wednesday morning, we had 11½ tables for pinocle with the following winners: Lynn Steel, 636; Lee Steinhilber, 617; Florence North, 598; Bess Noonan, 578; Ellen Brunko, 575; West Frost, 562; Joe Windsor, 566; Cis Wilson, 552; Bertha Duhring, 550; Helena Gavello, 540; Anderson 542; Grace Windsor, 542.

In the afternoon along with our advanced ceramic class, there were 24 players for our bridge games and the lucky winners were:

Marge Kayser, 5120; Martha Rockwell, 4820; Jack Oliver, 4030; George Vallone, 3880; Marguerite Carlson, 3840; Marjorie McLain, 3800.

Thursday's activities started with our ballroom dancing class and we have better than 30 members taking an active part. Now when we have a big evening dance we should find more dancers and less people just sitting around.

After a delicious baked lasagna dinner the action moved upstairs for our Fun Day.

We had a little business meeting first where we were told that Agnes Babiniau, Margaret Hoppe, Al Gates, and Blanche McDowell are in Manchester Memorial Hospital and that Emily Shuffie is recuperating at Crestfield Convalescent Hospital.

Variety Show
We also reminded everyone that our first sign-up and try-outs for this year's Variety Show will be held this Sunday afternoon starting at 2. We sure want this to outdo last year's, if possible, and need lots and lots of talent. There's plenty of it around so come on out you seniors and join us.

Like last year, this will be an all senior performance with the exception of yours truly and the rest of our staff. Like they say on TV, Mr. and Mrs. Talent, come on down.

Friday: 1:05 p.m., Fun Day featuring Tommy O'Neill and his surprise talent, so plan on joining us.

Friday: 10 a.m. to noon, kitchen social bingo, each player to bring one can of canned goods; noon to 12:30 p.m., lunch served; 1 p.m. to 4 p.m., seaback games. Bus pickup at 8:30 a.m. Return trips at 12:30 p.m. and 4 p.m.

Need A Ride?
A big reminder that if any senior citizen in Manchester needs a ride to the hairdresser, doctor, or to come to our programs, because they are not on our bus line, all they have to do is call our office 643-5310, at least one day ahead and arrangements will be made to pick you up.

May we suggest that when making your appointments, try to get them in the morning or early afternoon. It becomes a problem for later afternoon pickups or return rides.

Just received word that this Tuesday will be the last day for newcomers to join the Square Dance Class. So if you want to learn how to square dance, and enjoy the company of others, drop by this Tuesday morning at 10.

Entertainment
Then came our entertainment by the following members: Helen Flavel, Eve Warner, Jack Jaslowski, Tom O'Neill, Irena Kirpans, Jack Ryan, George Rollins, and at the piano our good friend Bernadette Noel.

This group put on a terrific show that was enjoyed by everyone. With such fine talent we're looking forward to more of this type entertainment. The afternoon ended by a quick trip to the races.

Next Thursday for entertainment, our good friend Tommy O'Neill and his talking fiddle will be with us along with some other I'm sure you will enjoy.

Menu for the week
Monday: Chicken noodle casserole with Veloute sauce and buttered beans, roll and butter, chilled fruit, beverage.

Wednesday: Vegetable beef soup, grilled frankfurter on roll, gelatin with whipped topping, beverage.

Thursday: Fish-fry dinner, golden fried file of sole with tartar sauce, crisp french fried potatoes, chopped beef with cheese sauce, roll and butter, birthday cake, beverage.

Friday: Old-fashioned corned beef hash with pineapple ring lima beans with tomato, lemon tart, beverage.

Schedule for the Week
Sunday: 2 p.m., sign-up and try-outs for the Variety Show.
Monday: 10 a.m. to noon, kitchen social bingo and each player should bring one can of canned goods; noon to 12:30 p.m., lunch served; 1 p.m. to 4 p.m., pinocle games. Bus pickup at 8:30 a.m. Return trips at 12:30 p.m. and 4 p.m.

Tuesday: 9:30 a.m., bus starts pickup at Squire Village for shopping; 10 a.m., beginner ceramic class and square dance lessons; 1 p.m., senior bowling League at Parkade Lanes; 1:30 p.m., return trip from shopping; Wednesday: 10 a.m. to noon, pinocle games; 1:30 p.m. to 3:30 p.m., bridge games; 1:30 p.m. to 3:30 p.m., advanced ceramics class. Bus pickup at 8:30 a.m., return trips at 12:30 p.m. and 3:30 p.m.
Thursday: 10 a.m., ballroom dance class, noon to 1 p.m., Hot Meal and Meal on Wheels

trailing to hold onto was more than many seniors could take. Luckily, there were a few ushers around to take their arms and guide them to their seats. If someone were to catch their heel or slip on one step, it would mean a long, hard, bouncing roll to the bottom.

Oh, well, didn't see anyone fall, and were well satisfied with our seats and the show was excellent.

Like I say, it was a night out for our seniors, and I felt really great to only be about 15 minutes away from such shows. Sure beats going to Springfield or New Haven, let alone Boston or New York. So we say a word of caution to you folks attending affairs at the Civic Center, especially the stairs.

Bowling
Action back at the Center started Tuesday afternoon with our Senior Bowling League at the Parkade Lanes with the following results:

High team triple 19, 4 Roses, 2,126; high team single, 2 Swingers, 735.

Men, Class A high triple and single, Ernie Pasqualini 204-508.

Men, Class B high triple, Al Christensen, 442; high single, All Christensen, Leo Gouin, 164.

Women, Class B high triple and single, Eva Lutz, 127-350.

Women, Class A high triple and single, Mary Chaves, 181-448.

I want to thank Floyd Post, who is pinch-hitting for vacationing Joe DuPont, for giving us the bowling results each week.

Pinocle
Wednesday morning, we had 11½ tables for pinocle with the following winners:

Lynn Steel, 636; Lee Steinhilber, 617; Florence North, 598; Bess Noonan, 578; Ellen Brunko, 575; West Frost, 562; Joe Windsor, 566; Cis Wilson, 552; Bertha Duhring, 550; Helena Gavello, 540; Anderson 542; Grace Windsor, 542.

Thursday's activities started with our ballroom dancing class and we have better than 30 members taking an active part. Now when we have a big evening dance we should find more dancers and less people just sitting around.

After a delicious baked lasagna dinner the action moved upstairs for our Fun Day.

We had a little business meeting first where we were told that Agnes Babiniau, Margaret Hoppe, Al Gates, and Blanche McDowell are in Manchester Memorial Hospital and that Emily Shuffie is recuperating at Crestfield Convalescent Hospital.

Variety Show
We also reminded everyone that our first sign-up and try-outs for this year's Variety Show will be held this Sunday afternoon starting at 2. We sure want this to outdo last year's, if possible, and need lots and lots of talent. There's plenty of it around so come on out you seniors and join us.

Like last year, this will be an all senior performance with the exception of yours truly and the rest of our staff. Like they say on TV, Mr. and Mrs. Talent, come on down.

Friday: 1:05 p.m., Fun Day featuring Tommy O'Neill and his surprise talent, so plan on joining us.

Friday: 10 a.m. to noon, kitchen social bingo, each player to bring one can of canned goods; noon to 12:30 p.m., lunch served; 1 p.m. to 4 p.m., pinocle games. Bus pickup at 8:30 a.m. Return trips at 12:30 p.m. and 4 p.m.

Need A Ride?
A big reminder that if any senior citizen in Manchester needs a ride to the hairdresser, doctor, or to come to our programs, because they are not on our bus line, all they have to do is call our office 643-5310, at least one day ahead and arrangements will be made to pick you up.

May we suggest that when making your appointments, try to get them in the morning or early afternoon. It becomes a problem for later afternoon pickups or return rides.

Just received word that this Tuesday will be the last day for newcomers to join the Square Dance Class. So if you want to learn how to square dance, and enjoy the company of others, drop by this Tuesday morning at 10.

Entertainment
Then came our entertainment by the following members: Helen Flavel, Eve Warner, Jack Jaslowski, Tom O'Neill, Irena Kirpans, Jack Ryan, George Rollins, and at the piano our good friend Bernadette Noel.

This group put on a terrific show that was enjoyed by everyone. With such fine talent we're looking forward to more of this type entertainment. The afternoon ended by a quick trip to the races.

ANIMATED BY THE CRANBERRY LADY

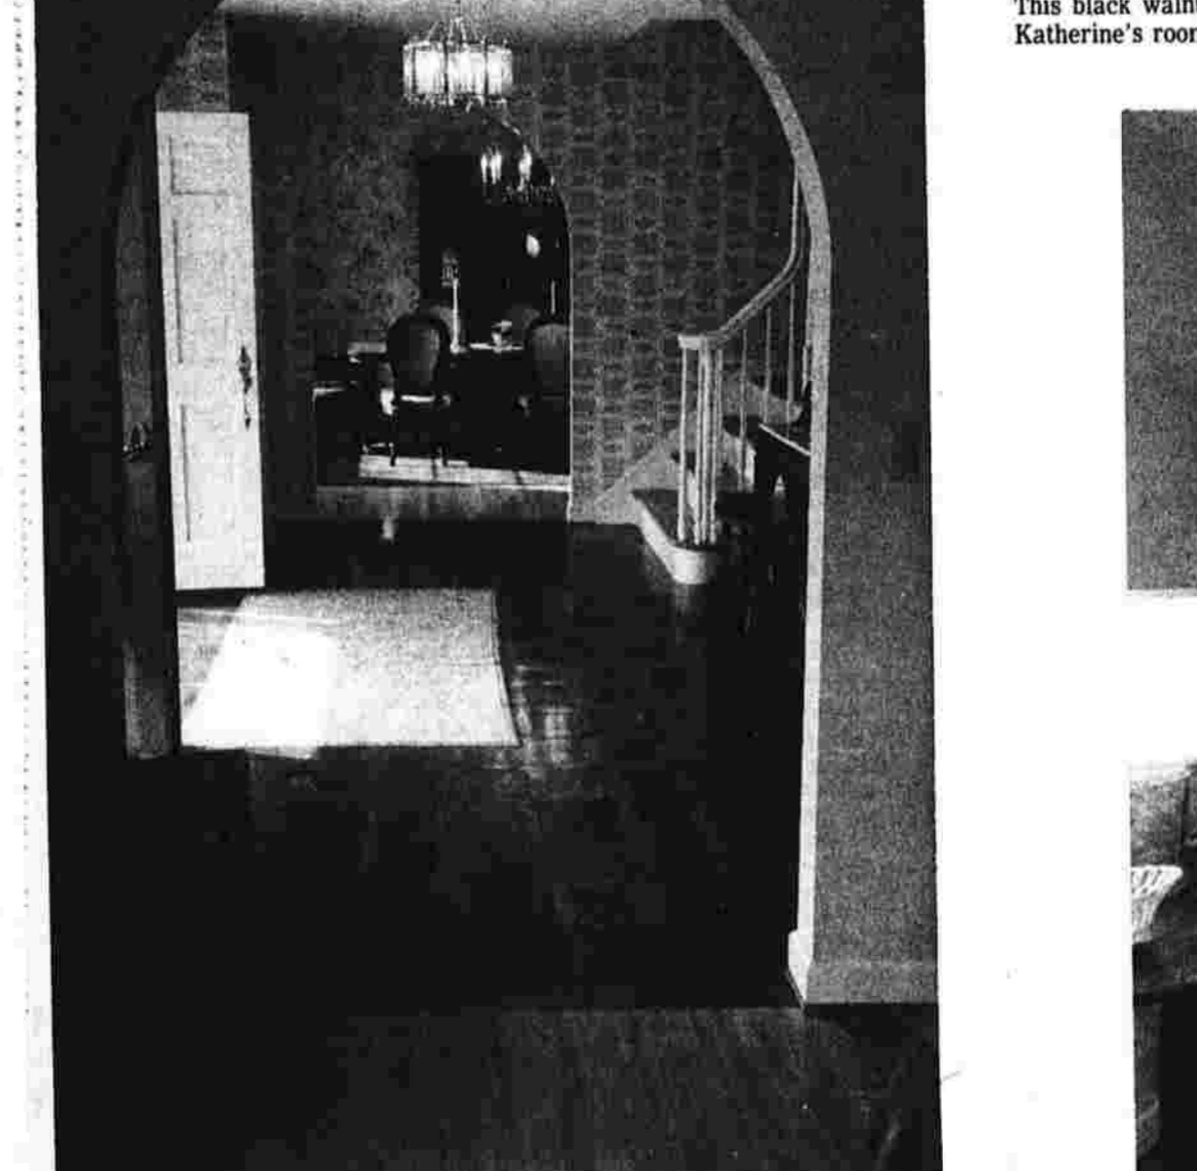

A large circular drive enhances the Georgian Colonial of Mr. and Mrs. Darden E. Haslett of 78 Blue Ridge Dr.

Walnut burl parquet squares lend elegance to the foyer which opens into the living room and the dining room through arched doorways.

This black walnut bedroom set which belonged to Mrs. Haslett's grandmother is in Katherine's room.

The dining room with its Victorian-type chairs, opens off the opposite end of the foyer.

The Haslett family poses by one of their antique cars, a 1921 Model T Ford touring car. From left, are John, 12, Harriet, Darden, James 6, and Katherine, 10.

Heralding Homes Haslett House Spacious, Distinguished

Whether you enter the large brick Georgian Colonial type home of the Darden Hasletts on Blue Ridge Drive from the family room or the foyer, the impression is one of enormousness. For one thing, the ceiling height is 8½ feet compared to the more usual 7½ feet. The open traffic flow between the rooms and large patio areas beyond, accentuate the feeling of spaciousness. Random oak flooring and wall paneling create a setting of comfort in the family room with its arched brick fireplace. A pair of garnet red, leather lounge chairs (his and hers) and a series of wall-mounted hunting scenes on the wall, create an informal atmosphere. One of the Haslett's choice possessions in this room is a small wooden table of intricate parquetry made by Darden's grandfather while he was in his eighties. He made it for their wedding present. A door at the rear of the family room opens onto a semi-enclosed patio done in redwood paneling with a gray stone floor. Large window openings are a screened and there is an open doorway to the yard. Harriet Haslett prepares her family's meals in a kitchen full of sunshine suggested by the yellow tile floor and autumn gold counters and appliances. The many walnut stained cabinets provide ample storage space. A compact desk area was built in for Harriet's convenience as she works at her civic and social activities. Walnut laundry doors cool the laundry area. The kitchen area walls are papered in a beautiful harvest fruit pattern. A small hallway into the foyer features a mahogany pedestal card table in a corner which is enhanced with a milk glass hobnail lamp and planter and a mahogany framed mirror above. Full-length gold drapes at the bay window and gold figured wallpaper are combined with a royal blue area rug. Harriet selected an exciting tangerine moire velvet to upholster her dining room chairs. More of the family antiques grace the dining room. A family antique English silver service is displayed on a side table. An antique doll rests beneath an old covert in an antique cradle in the corner beneath the bay window, and a cane-seated high chair from another era is in one corner. A collection of old china and porcelain pieces is arranged on the antique what-not near the arched doorway. Off the dining room is the large central foyer with a curved stairway and arched doorways at either end which open into the dining room and the living room. Telling the time, the seasons and the moon phases, is a grandfather's clock which sets in its own special spot beneath a niched ceiling. The ceiling was so constructed in that area to accommodate the clock's extra height. Perfectly complementing the colonial atmosphere of the home is the antique marble-top staggers with mirrored doors. Another collection of family glassware and porcelain adorns the shelves of the staggers. A gold and crystal chandelier adds further elegance to the foyer for those who enter through the double front doors. A lady's small writing desk with silver desk accessories fills one corner of the white-walled living room. Harriet's great-aunt used this desk when she wrote a child's storybook. In another corner is an early Massachusetts 1765 desk with ball and claw feet. The desk features many small compartments. Reminiscent of the era in which the desk was made are an old lace fan and a brass candle holder placed casually on the writing leaf. French doors on either side of the fireplace open onto a patio with a scattered tile floor resembling southern patios. The master bedroom is really a master suite combining bedroom, dressing room and bath. The dressing room and adjoining bath are carpeted in luxurious emerald green. The clothes closet in the dressing room is room size. The bedroom is furnished in antiques. Of particular interest is a custom-made gentleman's bureau with brass handles and walnut burl faced drawers. A unique feature is a vertical corner piece that swings out on invisible hinges automatically unlocking the drawers in the process. An lady's antique dresser is topped with pink marble and appointed with a sterling silver jewelry set. A mirror

Manchester Evening Herald OPINION Center Traffic Jam

It would seem that the only solution to the traffic bottleneck at the Center is to create another bottleneck.

Some motorists just might be encouraged to find another cross-town traffic artery.

We've had synchronization problems with the lights that brought eastbound Center St. traffic bearing down on westbound and then southbound traffic trying to get through the Center and onto Main St. downtown. Sitting patiently is the northbound motorist trying to make a westbound turn onto Center St.

The confusion now is compounded by Lincoln Center. There's a parking lot there on the east side of the building. It accommodates about a dozen cars.

But in order to park there, you must pull into one of the angle parking stalls from the north. That's the entrance. The south end of the lot is the exit.

Perhaps you can visualize, as we have seen, the newest bottleneck. It's the motorist northbound through the Center trying to make a left turn into that lot.

So traffic backs up through the Center, back into downtown Main St., back into Center St. eastbound traffic. And there everyone sits, waiting for someone southbound near the Post Office to be polite enough to let that traffic snarler through and into the parking lot.

If we can't find another northbound route, maybe we should petition the traffic authorities to post "No U-Turn" signs there and demand that anyone attempting to get into that lot must do so from a southbound approach.

Either that or build an underground walkway from the Municipal Building and its parking lot.

Growing With The Job

President Gerald Ford appears to be growing with the job. At least this is the impression we got during his recent television interview.

He no longer seems awed by the job nor seems sensitive to the fact he serves through a quirk of circumstances, rather than by popular election.

What was most encouraging to us is the frankness he continues to express on many issues but is justifiably cautious on others. This shows us he no longer indulges in strictly personal viewpoints to the press without reaping adverse reaction.

Prior to his interview, the President ordered into effect an excise tax on imported petroleum despite the almost universal opposition to this approach to energy conservation by governors, Democrats, businessmen and organized labor. Our initial reaction was that he was being reckless and foolhardy. However, his explanation afterward and reiterated in the interview that "We have diddled and daddled long enough" and the "American people want action," seems to hit the nail right on the head.

There has been too much talk and no action on energy matters during the past two years.

The President's action may not be the best one but it is action. It will be challenged and perhaps even overruled by the Congress or the courts.

But the President has made a decision which now requires of those who would suspend or supercede it to come up with an alternative which will accomplish the goal of lessening our energy dependence on foreign sources.

Either way the President stands to gain for he has finally "bit the bullet." Critics of the program must either accept it or do some bullet biting of their own.

It adds up to action after more than two years of too much talk and too much politicking which has allowed us to drift deeper and deeper into the morass of indecision.

We were impressed that President Ford has taken the initiative in this matter. While we may not agree with the tax and would prefer import quotas, we are confident that he will accept constructive alternatives should Congress develop some which will achieve the same goals he has in mind; conserving energy and holding down the deficit as much as possible.

TODAY'S THOUGHT

Week of Prayer for Christian Unity
The unity of the church is part and parcel of her missionary service.

Isaiah 6:1-3
Acts 10
Matthew 5:13-16
The church's essential task is to witness to the forgiving, the reconciliation and the salvation available in Christ - not only in words but by the very quality of her community life, the unity lived out in love by her members.

The Old Testament selection above proclaims the Glory of God filling the whole universe. From the New Testament

selections, we are reminded that the Holy Spirit can dwell within any one of us. This reconciled, we should go forth together in love striving to accomplish the great things that have been made possible by this strengthening.

In our own community we attempt to bring this about through unity of purpose demonstrated in our ecumenical groups such as the Conference of Churches and Church Women United. These groups bring together many denominations. We discover that we indeed are moved by the same spirit and together we work successfully for the greater happiness of many people in the community.

The Doomsday Decade

NEW YORK - Somewhere toward the end of the '60s Paul Goodman wrote his "Growing Up Absurd," which expressed the emerging mood of those years among the young. It wasn't until I noted how strongly my own students responded to the book that I got some foretaste of what the '70s would be like. Alvin Toffler spelled it out for us more explicitly in his "Future Shock" which - by his own thesis - had to be used up and become obsolete fast. Phrases like these two have a way of lighting up the character of a decade, which tends to be a little era in itself. We are almost hallelujah through the '70s now and haven't yet found a name or phrase for it to illumine the darkness of the rest of the way. One thing we are certain of is that this decade is like no other in history. It has never had, in its staggering revelations of corruption in high places, its conjunction of new and unexpected crises in energy, food and other resources and its danger spots of possible ravaging wars.

Another thing very much up in the air is the sense that democratic institutions are faltering under the heavy burden placed on them by events, and that prospects for their long-range survival, and for the survival of the civilized world as we have known it, are considerably less than we had thought in the past.

An Italian writer, Roberto Vacca, whom his publishers describe as a systems analyst, has written a short but scary book on "The Coming Dark Ages," which

predicts the direst disasters in the communications and transportation grids, leading to the helplessness and death of the big cities and the collapse of the social structures. What he foresees is a wild coincidence of events, each unforeseen but together leading to a kind of falling domino effect in the complex and fragile society.

In an Esquire article, Toffler has picked up Vacca's lead, giving a set of runaway initiation scenarios within a frame of ecological crisis and calling the whole an "ecospasm."

From a different line of direction, my colleague, Joseph Alsop, whose departure as a regular columnist is in itself a sad event, has come back with one of his occasional pieces in a more somber mood than ever. He quotes Secretary of State Henry Kissinger as saying that "as a historian you would now have to predict that our kind of society would very probably not last much longer." Kissinger adds that "as an official, you have to do the best you can." To this observer his best is impressively good.

But there exactly is the rub. None of us can ignore the onrush of brutal events in our time which makes this the Doomsday Decade and will at best send it down in history as the Survival '70s. Yet what counts about someone like Kissinger is not his reflections as a historian - valuable as his insight is - but his actions as secretary of state.

American and West European governments must know by now, is that of paralysis - what the French call "immobilisme." In a series of arresting editorials, the London Economist has been calling attention to that danger, especially for the United States, which is the only Western nation that has vast resources, power and collective intelligence to mobilize. If doomsday arrives, it is less likely to be due to any ecospasm or systems collapse than to a failure of governmental mobility and a failure of social nerve.

Which is why Kissinger as activist can help produce results which will be Kissinger as gloomy historian. If I read rightly his widely noted comment about not excluding action on the Arab oil fields, he was not talking about a formal policy but about a state of mind. He was uttering a quiet counterblast against the idea of Western immobilism, the curious notion that a cluster of societies into whose formation so much sweat and intelligence and imagination have gone would sit by in paralysis when its very survival is threatened. This a declaration of mood may be a more important political event than a portentous announcement of policy.

In fact, President Ford's highly activist mood in his present economic program, and the lively rivalry between the Administration and the congressional Democrats in trying to get the economy going again, may be the best antidote to the entropy of the doomsday talk.

ANDREW TULLY

Windbaggers

WASHINGTON - There is so much windbagbery over the Soviet Union's nullification of its 1972 trade agreement with the United States you might think a Russian fleet was preparing to bombard New York City.

The gist of all the professionally patriotic indignation is that the nullification shows we can't do business with the anti-Christ Communists, and that therefore we should build more nuclear missiles and generally go about the process of dismantling the uncompleted structure of detente. Even Secretary of State Henry Kissinger has warned that if the cancelled deal should " herald a period of intensified pressure, the United States would resist with great determination as a united people."

Well, now let us look back on a little history. On this day in history, in 1950, during young New York reporter Nellie Bow completed a trip around the world in the astounding time of 72 days, six hours and 11 minutes.

In 1945, transcontinental telephone service was inaugurated in a hookup between New York and San Francisco.

In 1971, Sharon Manson and three women were found guilty in the murders of actress Charles Tate and six other persons.
In 1972, President Nixon said North Vietnam had ignored a peace bid which included withdrawal of all U.S. forces from Vietnam in six months.
A thought for the day: Herbert Hoover, 31st president of the United States, said "Older men declare war. But it is youth that must fight and die."

The Russians didn't like the Jewish provision of the bill. Indeed, on last Dec. 18, when it became clear the President would sign the bill, the Kremlin publicly denied that it had given any pledge to permit freer emigration in return for trade and tariff connections. But in both Congress and in the State Department, this denial was branded as merely a piece of face saving.

So much for people who believe only what they want to believe. Last week, Kissinger was forced to call a news conference and announce that the Soviet Union had turned thumbs down on the trade agreement's terms.

Moscow, said Kissinger, "states that it does not intend to accept a trade status that is discriminatory and subject to political conditions," and that "if statements were made by the U.S. in the terms required by the trade act, concerning assurances by the Soviet government regarding matters it considers within its domestic jurisdiction, such statements would be repudiated by the Soviet government."

Call the FBI. But this is where I put in my two rubles' worth on the Russians' side. Of course they couldn't be expected to accept such terms. In effect, the United States was telling them how to run their own country - not in the area of war and peace, but in matters concerning domestic policy.
Sure, the Soviets "Jewish policy" is unjust and cruel, and all rightminded

Americans should protest its barbarism. But the U.S. has no more right to dictate demand that French cops stop beating up prisoners.

We gazed. If the object of the exercise was to get more Jews out of the Soviet Union, trying that effort to a much-publicized trade agreement assured failure. The bill was debated for months on and off the Senate floor, with its supporters demanding that we "force" the Soviet government to turn human. When the bill finally passed, it was widely and loudly proclaimed as a victory over the brutish Russian police state.

In short, Jackson & Co. - intentionally or not - gave the appearance of seeking to humiliate the Soviet Union before the world. The Russians merely reacted as they would react if they successfully tied to an assurance guarantee that the U.S. guarantee a college education to every kid in the country. Absurd, of course, but Russian leaders suffer from a fetish for the absurd.

No, the urgent matter of freer Jewish emigration from the Soviet Union should be handled privately in diplomatic negotiations, with the U.S. offering a quo for the Russians' quid. That's what diplomacy is all about. Its mission is to achieve the possible, not the ideal, and to do so without raffling nationalistic feelings. In the Jackson Compromise, Uncle Sam invited the Kremlin to renounce its word.

Special Collection Sunday Benefits Catholic Schools

Mrs. Esther P. Maidment

There will be a collection taken at all Masses of the Catholic churches of the Archdiocese of Hartford Sunday, Jan. 26, in support of the Catholic Schools Collection Fund. This is the fifth annual fund raising effort to meet the financial needs of the Catholic elementary and junior high schools, particularly those in Hartford, New Haven and Waterbury. The major sources of income for these schools are tuition and subsidies from parish funds. In 1975, parishes with schools will retain for use by their own schools 25 per cent of the amount collected at Sunday Masses. The remaining 75 per cent of the collection will be sent to the Chancery Office of the Archdiocese. Parishes without schools will forward to that office all contributions to this special collection. Funds are distributed by the allocation committee of the school board of the Archdiocese of Hartford. The committee's disbursement priorities are as follows: First Priority — Inner city schools that will have to close in June 1975 unless adequate outside-the-parish help is received. Second Priority — Schools not in the inner city that will have to close in June 1975 unless adequate outside-the-parish help is received. Third Priority — Inner city schools that will have to close some classrooms in June 1975 unless adequate outside-the-parish help is received. There are now 92 elementary and junior high schools operated by Catholic parishes in Hartford, New Haven and Litchfield Counties. The enrollment in these parish schools totals 25,176. Contributions from the general public may be made through a special account, the "Catholic Schools Collection Fund," at the Connecticut Bank & Trust Co., Constitution Plaza, Hartford, Conn. 06115.

Who seeks for heaven alone to save his soul, May keep the path, but will not reach the goal; While he who walks in love may wander far, But God will bring him where the Blessed care." — Henry VanDyke

A Chuckle Children tend to copy their parents even though their reasoning is confused. Two little brothers, whose parents were both believers in baptism by immersion, decided that their cat's new litter of kittens should be saved. The filled a pit and doused each kitten.

"If we put bits into the mouths of horses that they may obey us, we guide their whole bodies. Look at the ships also; though they are so great and are driven by strong winds, they are guided by a very small rudder wherever the will of the pilot directs. So the tongue is a little member and boasts of great things. How great a forest is set ablaze by a small fire, and the tongue is a fire. The tongue is

Not too long ago a prominent minister told me something derogatory about a doctor-clergyman who was a close friend of mine. Two days later another minister commented to me about the first one. How we love to slant bad news! It may be that we seek attention with some juicy bits of gossip, or with a smart comment made in jest. For the hurt done to others we all need forgiveness. Be careful! Do not be a new habit, but one deeply ingrained. "The Tongue is a Fire"

Nearly two thousand years ago these words were written in our Bible. Now we are getting the careful scrutiny it deserves. It was pushed through the U.S. Senate with inadequate study, and it stamped 33 state legislatures with even less investigation. Then its progress toward the required 38 states' approval was halted by serious judicial questions.

Its form, changed from previous information, was the instance of the radical feminist organization, NOW, no longer merely guarantees to both sexes equal access to and pay for jobs. Instead, it opens up a potential Pandora's box of social disorder — from the elimination of separate public facilities for men and women, to the destruction of family life. So serious is it, that two state legislatures (Nebraska and Tennessee) are seeking to reverse their ratification.

WINGS OF EVENING

To Feed the Hungry From time to time I shall use the freedom of this column to advance the cause of the hungry and the poor. Many of you have already sent in your generous contributions (deductible) to us. It may be that others will want to give to this need through different channels. It is my hope to share some of these outlets with you. For example, you can mail your checks to The Missionary Society of Connecticut at 125 Sherman St., Hartford 06105. This is the office of the United Church of Christ, formerly Congregational, and your money will be channeled through Mission Agencies, Church World Service, Heifer Project, Meals for Millions, CROP, Planned Parenthood, and other reliable service programs.

Manchester Week in Review Town Jobless Rate Shows Increase

One out of every 20 persons in the Manchester labor force was out of work in mid-December, the state Labor Department said today. The department said the 3 per cent unemployment rate in Manchester in December was unchanged from November, and it was about the same as a year ago.

There were other Labor Department figures released this week that indicate local unemployment has climbed considerably since mid-December. The Silk Towners were very patient in the first half and took a 34-17 intermission edge.

But the Chieftains trusted their defense in the second half and ripped off the first 13 points of the third stanza to get in striking distance.

Chris Knapp led the Silk Towners with 23 points in the third quarter.

Fourth Arrested In Jewel Robbery

Arthur Breen Jr., 33, of no certain address was arrested Friday at 3 p.m. in Rockville on a Common Pleas Court 19 warrant charging him with first-degree robbery and first-degree larceny in connection with the armed robbery of Friedrich's Jewelers at 21 Ward St., Rockville Friday, Jan. 17, police said.

Breen appeared in court in Rockville Friday afternoon where his case was continued to Tuesday in Stafford. In lieu of \$75,000 bond, Breen was taken to the state correction center in Hartford.

Breen is the fourth person arrested this week and charged with being involved in the theft of about \$30,000 worth of jewelry.

On Sunday, West Haven police stopped a stolen car there and arrested Gary F. Alexander, 22, of Milford, Raymond Dugay, 26, of West Haven, and Debbie Podesla, 17, of Milford in connection with the stolen car.

A subsequent search of an apartment in West Haven revealed the \$23,000 in recovered jewels, police said. Alexander was taken into custody by Vernon Police Monday and he was charged with first-degree robbery and first-degree larceny in connection with the jewelry theft, police said.

Dugay and Podesla were later charged with first-degree larceny, police said.

Police found a 15-year-old Manchester girl on Walker St. in a highly intoxicated state. They took her to MMH. She told police some older youths had given her marijuana and liquor, police said. Police are investigating the incident.

Robert J. Dixon, 18, of East Hartford was charged with reckless driving after a one-car crash today at 12:07 a.m. on Center St. at Winter St., police said.

Anthony J. DiManno, 53 of 57 Ardmore Rd. was charged with operating a motor vehicle while under the influence of liquor or drgs in connection with a two-car collision Friday at 7:20 p.m. on E. Center St. east of Lenox St., police said.

The car driven by DiManno was heading east in the west-bound lane when it struck the car driven by Andrew L. Boggess Jr., 25, of 20B Otis St., police said.

The DiManno car was towed away. No injuries were reported.

DiManno was released on his written promise to appear in court Feb. 10.

A heavyset man in his early 20s allegedly threw a bottle from a car at a man as he walked on Center St. near Thompson Rd. Friday at 9:53 p.m., police said.

The bottle struck the man in the left eye and he fell down dazed, police said.

The car sped off with the four occupants, two men and two women, all laughing.

The man was taken by a friend to Manchester Memorial Hospital where he was treated for a laceration under the eye and a piece of glass removed from his wound, police said. Police are still investigating.

A Lake St. woman was ready to go shopping as she got in her car in her driveway Friday at 4 p.m. But she remembered something else she needed and returned to her house.

She told police that as she returned to her car, she heard someone running from the car into the woods at the rear of the house, police said. Her pocketbook with \$30 in it was missing from the car, she said.

A Croft Dr. home was broken into Friday during the day. Missing are several Indian-head pennies.

How do you do it, David?

David Thompson Talks to Kids

The Wolf is the mascot for the N.C. State Team.

This is David's senior year at North Carolina State University. The 20-year old sociology major from Shelby, North Carolina, is the youngest of 11 children.

David Thompson on Sportsmanship:
 "Play to win, but never get upset with an opponent or the officials."

David Thompson

Here is David's autograph.

David at nine years old.

Many experts rate David Thompson as the finest college basketball player ever. He was named college Player of the Year last season after leading the North Carolina State Wolfpack to the National Collegiate Championship.

The Mini Page interviewed David after a practice session at the Wolfpack's home court in Raleigh, North Carolina. We asked him to give our readers some tips.

Dribbling: "Always use your finger tips. Never let the ball touch the palm of your hand. Dribble without looking at the ball. Keep your head up to see the whole court."

Passing: "Also use your finger tips and follow through to the object that you are passing to."

Shooting: "Keep your elbows close to your body. Keep the ball up on your finger tips and follow through. Point to the basket with your index finger. Keep the hand you are not shooting with on the side of the ball to help guide the shot."

Defense: "Get in the proper defense stance with your chin up in the boxer stance. Watch the mid-section of the offensive player and stay between him and the basket. Try to deny the offensive player the ball."

Defensive Rebounding: "You should block out the offensive player. Keep your eyes on the ball. Go up strong and grasp the ball with both hands."

Offensive Rebounding: "Keep moving so that the defensive players will not be able to block you from the basket and be sure to follow your shot through to the basket."

Jumping: "Jump your hardest each time. Wear ankle weights while you are practicing." (David has been known to jump as high as 42 inches!)

No Cook Candy

High sugar prices will make this expensive, but it is easy!

This is a great classroom recipe. You'll need:

- 4 cups powdered sugar.
- $\frac{1}{2}$ cup peanut butter.
- 1 cup cocoa
- 4 tablespoons milk

1. Mix all the above ingredients in a large bowl.
2. Shape it into small balls or logs.

You might want to save this recipe until the price of sugar goes down. If you make it in the classroom, maybe each student can bring in some.

Basketball for Kids

David Thompson on Practicing:

"Practice every day. Practice your overall game, not just shooting. Work on defense and passing. Try to improve over the day before. Work on your weaker points rather than your stronger ones."

A Little League guard gives a signal as he dribbles the ball down the court.

Thousands of children are playing Little League basketball. There are five players on each team, two guards, two forwards and one center. Each team usually has a total of 12 members. There can be four from each age group—10, 11 and 12.

The guards are the players who bring the ball down court. They start the offensive plays. They sometimes hold up one hand and give signals to let their teammates know what play to use. There are plays in basketball, just like football.

The forwards play closer to the basket. They are usually taller than the guards. They should be good getting rebounds.

The center is usually the tallest boy. He plays closest to the basket and should be a good shooter.

A Little League game has 6-minute quarters. A college game has 20-minute halves and a high-school game has 8-minute quarters. Pro games have 12-minute quarters.

At the end of a game, if the score is tied, there must be an overtime. Little Leagues play 2-minute overtimes. High schools play 3-minute overtimes. Colleges and pros play 5-minute overtimes.

Super Sport: Monte Towe

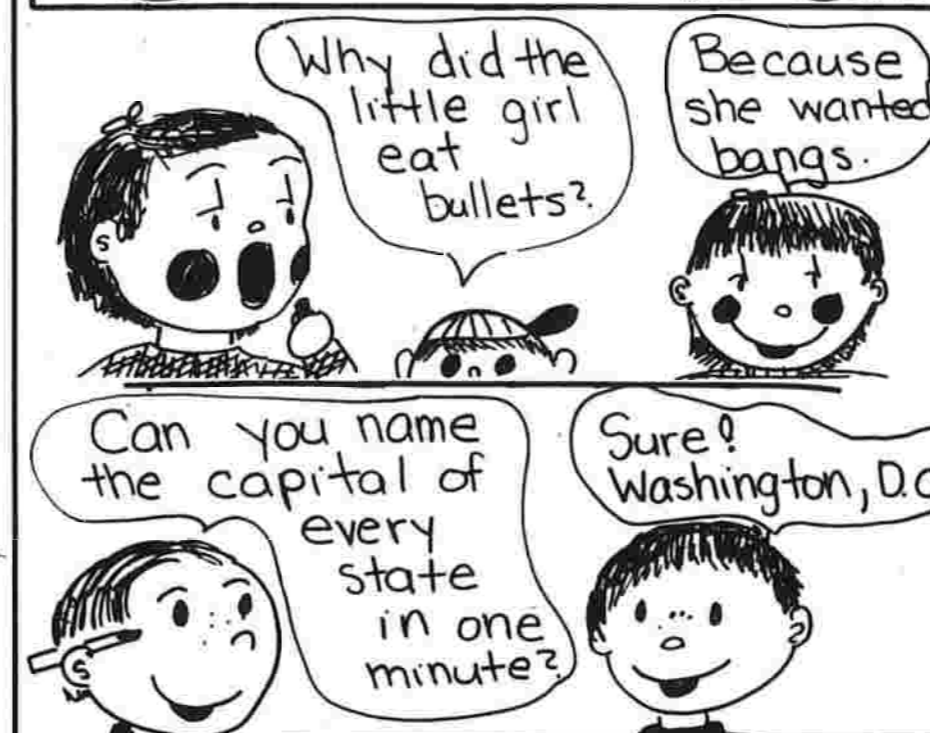

David Thompson said, "Don't let size be a factor as far as your participation in basketball is concerned. Short players also have a place in basketball. Look at Monte Towe." Monte is the 5'-7" super player for the N.C. State Wolfpack champs.

Monte Towe is one of the most unusual athletes in the country. Despite his small size, he is the fiery leader on the court and a super passer and shooter.

An all-around athlete, he plays second base for the N.C. State baseball team. He is an excellent golfer and played football in high school. Monte is a senior.

More about N.C. State

What happens when a college boasts the Number One college basketball team in the country? N.C. State University spent about one third of a million dollars remodeling the coliseum (the place where they play).

The enrollment is up 3,000 students over last year and the admission office is flooded with applications from all over the country. N.C. State also has an outstanding football, baseball and swimming team.

What is the basketball practice schedule? From Thanksgiving to March, the team practices just about every afternoon from 4 to 6, except Sunday. Unlike many teams, the chaps don't watch their opponents' films.

Animal of the Week: The Groundhog

The second of February will be Groundhog Day. There is an old story about what happens when this animal comes out of his burrow on this day. If the sun is shining and he sees his shadow, winter will last for six weeks. If the sun is not shining, the animal will not see his shadow, and spring is on its way.

Another name for groundhog is woodchuck. This animal eats grass and plants. In the fall, it gets very fat. Then it goes to sleep, or hibernates, during the winter months.
