

OBITUARIES

John J. Rumpf
ELLINGTON - John J. Rumpf, 77, of 186 Jones Hill Rd. died Saturday night at Rockville General Hospital. He was the husband of Mrs. Alberta Rumpf...

Mrs. Alfred Pariseau
Mrs. Camille Orisco Pariseau, 81, of 327 Center St. was pronounced dead on arrival Saturday at Manchester Memorial Hospital after being stricken while attending Mass. at the Church of the Assumption...

Mrs. Agnes E. Morgan
Mrs. Agnes E. Morgan, 83, of 42 Madison St. died Saturday at her home. She was the widow of David F. Morgan...

Other survivors are two sons, Walter Rumpf of Suffern, N.Y., and Donald Hoffman of Ellington. Three daughters, Mrs. Trevor Willett of Tenny, Mrs. Chester Hunt of Ellington and Mrs. Richard Dwyer of Tolland...

Other survivors are a son, Alfred J. Pariseau Jr. of Vernon, two daughters, Mrs. Patricia Miller of Rochester, N.Y., and Susan Pariseau at home; three brothers, Frank Orisco of Kittery, Maine, and George Orisco and Paul Orisco, both of Worcester, Mass...

The funeral is Tuesday at 11 a.m. at the Holmes Funeral Home, 400 Main St. Burial will be in East Cemetery. Friends may call at the funeral home tonight from 7 to 9.

George Sumner
VERNON - George Sumner, 69, of 300 South St. died Saturday at an area convalescent home. He was the husband of Mrs. Carrie Stager Sumner...

Other survivors are a daughter, Mrs. John D. Aldrich of Middletown, R.I., a brother, Harold Sumner of Hartford, and two sisters, Mrs. Edmund O. Schial of Rockville and Mrs. William S. Grainger of Rocky Hill...

The funeral is Tuesday at 1:30 p.m. at the White-Gibson-Small Funeral Home, 218 Burrage Ave., East Hartford, tonight from 7 to 9 p.m.

Mrs. Cora Shippee
Mrs. Cora Wilson Shippee, 86, of 48 Irving St. died Saturday at Manchester Memorial Hospital. She was the widow of William Shippee...

The funeral was today. Burial was in New Willimantic Cemetery, Willimantic. The Potter Funeral Home, 458 Jackson St., Willimantic, was in charge of arrangements.

Survivors are a son, Everett W. Shippee of Cromwell, daughter, Mrs. Russell Hughes of Manchester; four grandchildren and five great-grandchildren.

MCC, Squire Village Get Day Care Funds

Residents of Squire Village of Spencer St. and Manchester Community College have won \$9,740 in federal funds from the state Commissioner of Higher Education for a parent-child project.

The aim of the project is to improve parent-child relationships. It will feature a multi-service day care program. The 374-unit, privately owned, federally subsidized complex has about 400 children.

Other arrests made or summonses issued by Manchester Police included: Simon J. Roy, 25, of 111 Glen Rd., East Hartford, and Michael J. Caplette, 23, of 116 Keeney St., charged Saturday night with disorderly conduct at McKee St. and Hartford Rd.

Patrolman Gary Sellitto was on a meat break when he noticed a young man enter the restaurant carrying Nunchako sticks, a Far Eastern weapon consisting of two solid bamboo sticks joined by a short length of rope.

Sellitto radioed headquarters for a ruling on Nunchako sticks, and then placed Derosier under arrest. He was held on a \$100 cash bond and was to appear in Court of Common Pleas at East Hartford today.

Nunchako sticks are considered a dangerous weapon of the same class as brass knuckles, according to a recent ruling by the chief state's attorney, police said.

POLICE REPORT

MANCHESTER
Manchester Police detectives, assisted by Vernon Police, searched Vernon residence Saturday night and arrested a youth for fourth-degree larceny.

Police said the charge lodged against Roger J. Michaud Jr., 17, of 138 Main St., Vernon, stems from complaints about copper slugs being used in a coin changer at the Coin-O-Matic Car Wash, 672 Hartford Rd.

Police, searching Michaud's home after obtaining a court warrant, found several hundred quarter-size slugs. Police had been investigating the case since the car wash operator surprised a youth with the slugs June 12. Michaud was released on a non-surety bond for court appearance July 14.

Other arrests made or summonses issued by Manchester Police included: Simon J. Roy, 25, of 111 Glen Rd., East Hartford, and Michael J. Caplette, 23, of 116 Keeney St., charged Saturday night with disorderly conduct at McKee St. and Hartford Rd.

Ford To Veto Housing Bill

WASHINGTON (UPI) - President Ford will veto a \$1.35 billion middle-income housing bill, a White House source said today.

Despite what congressional sources said was "tremendous pressure" on Ford to sign the bill, the President's veto was not unexpected. But the White House source's statement was the strongest indication yet that Ford would reject the legislation.

House Speaker Carl Albert, in an apparent rebuff to the Democratic Whip, Rep. John McFall, Calif., who was sitting next to him, told reporters Monday he was taking personal command of the effort to override the veto.

He scheduled the override vote for Wednesday, but Albert indicated the vote might be postponed if a head count shows the Democrats lacked the votes to succeed.

Rep. Henry Reuss, D-Wis., chairman of the Banking Committee, which handles housing bills, said the Democrats have only "an outside fighting chance" of winning.

The bill passed the Senate 72-24, but its 253-155 approval in the House was short of the two-thirds majority required to enact a bill over the president's objection.

Ford, in victories which sustained his pact with Republican conservatives, has won recent veto fights over a \$5.3 billion bill to create work for 900,000 unemployed persons and a bill to regulate strip mining.

The housing measure was a key piece in the Democratic anti-recession program. The interest subsidies were to be made available to 200,000 home buyers whose income did not exceed the average for their communities by \$20,000 and whose houses did not sell for more than \$38,000.

Senate Probes Seek Details of CIA Plots

WASHINGTON (UPI) - Despite a Chicago slaying and a problem with secret documents, Senate Intelligence investigators say they are determined to ferret out details of possible past CIA plots to assassinate Cuban Premier Fidel Castro and others.

Sen. Frank Church, chairman of the Senate Select Committee on Intelligence, summoned as a witness today John Roselli, an associate of reputed Chicago underworld figure Sam Giancana. Investigators say they believe both played a role in an attempt against Castro, his younger brother Raul, and Che Guevara.

Giancana was shot to death last week in a gangland-style assassination at his suburban Chicago home, possibly because a Chicago crime syndicate was concerned he might talk to a grand jury seeking to convict him.

Roselli, Church told reporters Monday, was offered protection by the Senate committee but did not take up the offer.

Roselli and Giancana are reported to have been installed in a Miami Beach hotel in the early 1960s to oversee and execute a plot to poison the three Cubans.

Church announced the Senate panel had been forced to sift testimony by former Secretary of State Dean Rusk, former Defense Secretary Melvin Laird and other past officials because of unexplained White House reluctance to provide certain documents.

The documents, Church said, were secret minutes of the National Security Council and of a special White House group charged with overseeing CIA covert operation abroad.

White House press secretary Ron Nessen said the White House had agreed to send the documents to Capitol Hill under guard and to have them returned in the evening. But a committee source said there were "gaps" in the documents made available.

Meany and Economists Disagree on Recession

By RICHARD HUGHES
UPI Business Writer
Most economists say they believe the recession has ended. But said AFL-CIO President George Meany, when asked Monday if he agreed: "No, sir, it won't be over until people go back to work."

Using Meany's yardstick, the recession is going to continue for a long time. Using the indicators of most economists, the recession bottomed out sometime in the last few weeks and the recovery either has begun or is about to begin.

Meany's perception of the economy is based on how many people are out of work. Most economists look at how many people are working.

The unemployment rate is rising and will continue to rise this summer, peaking at 9.5 per cent or higher - the highest jobless rate since the last days of the Great Depression.

How can the recession be over when 8.5 million to 9 million persons out of a job force of about 92 million cannot find work in any given month this year?

How can it be over when the jobless rate is twice what once was considered normal - 4.5 per cent - and is expected to remain that high?

Committee Favors Gasoline Controls
WASHINGTON (UPI) - The House Commerce Committee has reassessed its standing favoring mandatory controls on use of gasoline in the United States.

It left for today a final vote on the gasoline control section of the proposed Energy Conservation and Oil Policy Act. It is a companion measure to the energy tax bill which the House has approved.

Today's Korea an Armed Camp

By JOHN MILNE
WASHINGTON (UPI) - Historians say one reason North Korean troops invaded South Korea 25 years ago was that Harry Truman's secretary of state made a mistake - one General Ford's administration says it will not make.

One indication of this is the announcement by Ford's defense secretary, James Schlesinger, that the United States has deployed tactical nuclear weapons in South Korea and is willing to use them.

In January 1950, Truman's secretary of state, Dean Acheson, drew the U.S. "defense line" south from the Aleutian Islands to Japan, to the Ryukyu Islands, to the Philippines.

He did not include Taiwan or Korea. On June 25, 1950, North Korean troops knifed across the 38th parallel and within two days had captured Seoul, the capital in the south.

It was the time of the time difference, it was June 24 in Washington. A total of 33,629 Americans died fighting in Korea. In their memory, six members of the South Korean Assembly were to place a wreath today at the Tomb of the Unknown Soldier.

Korea today is an armed camp, on both sides. In the north, 467,000 are under arms and there are 526 combat aircraft. Pyongyang spends about \$800 million on defense out of an estimated GNP of \$3.5 billion.

In the south, President Park Chung-hee's Republic of Korea is reportedly accelerating its mobilization. It has 625,000 in its armed forces and spends \$550 million on defense out of a GNP of \$12.6 billion. The ROK is aided by 42,000 U.S. troops, many in the Air Force.

The ground forces balance in the Korean peninsula is not unsatisfactory," Schlesinger told his news conference Friday.

Lincoln Center Parking Lot Landscaped

Park Supt. Ernest Tureck looks on as park employee Frank Goehse waters one of the shrubs (there are eight varieties of them) adorning the controversial Lincoln Center driveway and parking lot.

In addition to the shrubs, the area is landscaped with hard-wood chips. Entry is one-way from Main St., at the north end of the building only. The former entry at the Center has been filled in and landscaped and a sidewalk has been constructed from Main St. to the Center Congregational Church.

The whole area connects with the Municipal Building via a driveway and sidewalk. Vehicular exit is one-way, around Lincoln Center to and through the Municipal Building parking lot. (Herald photo by Pinto)

Buckland's Last Student Leaves
Mrs. Christine Parks, fourth grade teacher, watches Lynn Banavogue of 279 Burnham St., the last pupil to leave Buckland School Monday on the last day of school for 1974-75, and on the last day of Buckland School as an elementary school. Buckland School has been phased out and next year will be the center for the Head Start program. Mrs. Parks will teach at Buckley School.

School Board Given Implications Of Legislative Acts on Programs
Recent legislation has had a direct bearing on the Manchester school district and School Superintendent James Kennedy explained some of the fiscal implications to the Board of Education Monday night.

The per pupil aid to education will stay the same as in 1974-75 which is \$250 per student. While Manchester must continue to sponsor an adult education program under the instant lottery, the revenue loss to the board, Dr. Kennedy said there will be a severe limitation in the amount of state funding available in next year's budget.

As of this year, there was an enrollment of 3,070 in the adult education program, a drop of 10 or 15 per cent over recent years, said Ernest Lewis, director of the adult education program, who was at the meeting.

There will be no more than a \$2,000 reimbursement from the state, said Dr. Kennedy. The board approved an increase in fees to be charged for adult education for 1975-76 as follows: \$6 per course for residents; \$12 per course for non-residents; \$10 per course for recertification courses for residents, and \$15 for non-residents.

There is no charge for Senior Citizens classes or for Sheltered Workshop classes. Dr. Kennedy said section 21 of Public Act 75-47 "unmandates" driver education, and also provides that no reimbursement will be given to the local community from the state for driver education.

Manchester Evening Herald OPINION

Changing Concepts

With the exception of the rumrump session of the legislature to act on vetoes and perhaps a revised Community Development Act, state politics will sink soon into its annual summer slump.

This is especially true this year with no state elections slated.

The time then should be used for contemplation and perhaps even some pre-planning for the next session.

We think members of the legislature should take a look at several concepts which seem to be undergoing subtle but quite radical change because these concepts are being promoted more and more these days.

For example, we have the concept of regionalization.

Originally advanced as a means of providing or performing a public service, such as a health delivery system more efficiently, regionalization is being changed to a vehicle for broadening the tax bases of metropolitan areas.

The area worth legislative pondering is the degree to which regionalization is offered as a means to perpetuate or curb urban mistakes or mismanagement as opposed to actually providing a means of performing a needed service more efficiently.

For example, is the failure of mass transit districts, a form of regionalization, because the service is not desired by individual communities or because the concept is weighed to favor the urban area involved?

It would appear the current concept of a mass transit district is to save downtown Hartford and not to move people.

We wouldn't believe this if it were

not for other regionalization plans which essentially embody the same principle, tying legally or physically the suburban areas to Hartford.

A small example is the proposal that West Hartford share in the maintenance of Elizabeth Park.

Another is the repeated suggestion that state aid to cities should reflect some compensation for the "services" these cities provide their neighbors.

Now we have no quarrel with regionalization when it can be proven it can provide an essential service at less cost without discrimination among the participants.

We do think the legislature should be cautious about any proposal which merely corrupts the concept of regionalization into a means for a municipality to avoid setting its own house in order.

Forgotten, in most discussions about the plight of the large cities, is the fact that suburbia didn't create the problem but that the cities through various things like high taxes for poor services, corruption, and/or benign neglect, made suburbia living attractive to those who could afford to move and thus the cities lost the very people they should have tried to keep.

Regionalization is a legitimate tool in modern society but not one to be used to curtail the root causes of urban blight.

No institution in a free country, be it a city, town, church or business, has any hold on anybody other than what it earns through performance.

The fact of life for America's cities today is they must save themselves by making many of those hard decisions that have been avoided too long and have led to the urban decline that now exists.

We wouldn't believe this if it were

Pollution Countdown

Ten years from now the United States is either going to have a lot of clean plants or a lot fewer plants, say some observers.

The often painful choice between environmental quality and increased productivity has been confronting the nation for some time of course. What has given the matter new urgency is the release by the Ford administration of \$9 billion in previously authorized funds for the Environmental Protection Agency, coupled with the EPA's fast-approaching 1977 deadline for compliance.

The ostensible attitude of some companies that the EPA will make

exceptions, is fast disappearing as they realize they will either have to fish or cut bait.

"The U.S. simply can't afford to risk building plants that may be closed down by government agencies," says Thomas P. O'Boyle, president of a firm which is involved in the water and waste treatment field.

Private industry, as well as municipalities and utilities, are already clamoring for the most efficient and up-to-date equipment. A study by a marketing firm forecasts that spending on pollution control equipment and services will double within the next 10 years.

The ostrichlike attitude of some companies that the EPA will make

Tom Tiede

Where Would We Be Without Butterflies?

WASHINGTON — The news from the Interior Department is, well, grim. Awful. One can become callous to government bulletins concerning war, pestilence, even famine — the world is, as we come to know, indeed, but the spirit sinks like a stone in an oily pond to learn that, butterflies have become the first insect to be placed on the threatened species list.

Cockroaches, fine. Mosquitoes, okay. Bedbugs, spiders or ticks. But butterflies? It's too much. True, interior reports that as of now only two species are threatened, and they limited to the Florida Keys: the Schaub and Bahamian swallowtails. But 41 other types are also under study as to numbers and may very well be added later. For anyone who has laid in a meadow and watched a yellow monarch milk the flowers, it is a dark moment for me.

I know there are those of you who will disagree. Recalling the ravages in our cabbage patch, you may praise the passing of the butterfly as also the end of the caterpillar. And certainly anyone with a porch light may hope that the moth too, a damn thing admittedly, will likewise suffer the fate of the swallowtails.

As for me, though, I'm struck by the prospect of any loss at all of the family lepidoptera. Noble creatures, I insist. There are, the biologists say, 10,000 species of butterflies in the world, 700 of them in America — and this is not enough. I once caught one in Australia with a wingspan of six inches — and that was not big enough. No stalker with a net, I for one believe the preservation of dead things morbid — but I am an awed spectator.

For the student, the butterfly is of singular interest. Neither bird nor creeper, it nonetheless incorporates the most remarkable features of both — and then some. Butterfly larvae account for a \$50 million genuine silk industry, are left in the bottles of Mexican tequila to signify authenticity, and in some species display color unexcelled in nature. Concerning the adult butterfly itself, it remains elusive and elusive, and this is not enough. I once caught one in Australia with a wingspan of six inches — and that was not big enough. No stalker with a net, I for one believe the preservation of dead things morbid — but I am an awed spectator.

Strange Bedfellows

WASHINGTON — The curious mixture of events in Capitol Hill makes for strange bedfellows, and so I find myself reluctantly siding with Rep. Michael Harrington, D-Mass., a bright young man of 38 who often comes through as a showboating, wiseguy, way-out liberal.

Harrington has been rebuked by the House Armed Services Committee for leaking classified information about Central Intelligence Agency operations in Chile. The committee's action, while technically correct, is laughable, and I don't blame Harrington for scoffing at an attempt to impose a double standard at his expense.

Indeed, Harrington has never denied his guilt. At an Armed Services Subcommittee on Intelligence hearing last Sept. 22, he acknowledged briefing several persons on material he obtained by inspecting secret CIA testimony on Chilean operations. Among those briefed were members of his own staff, an aide to Sen. Frank Church, D-Idaho, and Washington Post reporter Laurence Stern.

When the New York Times published a story based on the Chilean evidence, Harrington said he told Stern not to feel bound by any confidences.

Now then, House rules give all members the right to inspect any committee's files, but the Armed Services Committee majority held that such sanctions should be imposed against anyone who makes classified material public. Rep. Richard Ichord, D-Mo., no liberal, said Harrington also had violated the rule forbidding the release or use of evidence received in closed session without the full committee's consent.

Both Armed Services and Ichord are right. In Harrington's case, they are also vindictively wrong. They are wrong because for as long as memory runs back there has been a long history of members of Congress having leaked choice morsels of classified information to the news media. No ruddy "newsperson" gets into this column. Often their intentions have been good; perhaps more often they are political or personal as to grind.

In the application, W. Neal MacKenzie, president of Rockville Water and Aqueduct Co., which services customers in Rockville, has filed with the Public Utilities Commission for a rate increase which will mean about \$6 additional in the bills of average customers.

If granted, it will be the third increase in little more than a year. Increases last May and March were granted but not in the amount requested.

In May an increase of \$30.479 was granted. The request for an increase in revenues of \$130,481. The March increase amounted to additional revenues of \$69,409 and the request was for \$197,151.

The latest request is for an increase of 77.67 per cent. It will be applied uniformly to the 4,105 customers in Rockville. The charge per quarter to an average customer using 1,800 cubic feet of water would be \$27.19. The present charge for this customer is \$21.30. The charge for high service customers would jump from \$25.50 to \$31.28 per quarter.

The increase would also mean an additional charge to the firm for fire hydrant service.

The increase would mean, if granted, additional revenues of \$72,489 for the utility company.

Use of Rev Share Funds On Board Agenda Tuesday

The Manchester Board of Directors will conduct public hearings July 1 on allocating \$1,044,000 in revenue sharing funds — with the bulk of it \$800,000, to the 1975-76 General Fund for general government expenses.

The board voted June 3 to meet only once in July. Consequently, it will try to complete all of its business July 1. Its meeting will be at 8 p.m. in the Municipal Building Hearing Room.

When the board adopted Manchester's \$21,236,556 budget for 1975-76, it designated the \$800,000 from revenue sharing funds as part of the off-setting receipts. The July 1 action is routine.

Other revenue sharing allocations to be aired and discussed are \$50,000 for sidewalk construction, \$50,000 for highway equipment, \$40,000 for reevaluation of real property, \$10,000 for improvements at the Nike Site Manchester Recreation Center, \$30,000 for emergency generators and \$1,000 for OSHA (Occupational Safety and Health Act) improvements.

Also to be aired and acted upon are the following proposed appropriations, all to be received or to be received:

\$550 for meals at the Senior Citizens Center (a donation from Manchester Chapter of UNICO), \$3,187 for a police dispatcher and \$5,369 for the Police Department's Community Relations Program, \$15,999 for a Public Employment Program.

Also, \$57,138 for a separate Public Service Employment Program, \$15,999 for cataloguing System Services in the Manchester Public Library, \$214 for an aide to the blind and \$90 for the school system's Work Study Program for the summer of 1975.

The Nguyen boys' father is an 11-year veteran of the South Vietnamese Air Force. His family of six is being sponsored through the International Refugee Rescue Committee.

Vietnamese Boys Will Go To Troop 25 Summer Camp

Thanks to town politicians, two Vietnamese boys will go to camp this summer.

Harry Maidment, scoutmaster of Boy Scout Troop 25, said his scouts will take Minh Nhet Nguyen, 14, and his brother, Minh Hoang, 13, to their Camp Kirikham in Lemper, N.H.

The boys arrived in Manchester with their family June 14. Their father, Van Nghia Nguyen, will work at Lydall, Inc. on Parker St.

Leaders of both the Republican and Democratic parties in town agreed to fund the boys' stay in Camp Kirikham for two weeks beginning Aug. 9, Maidment said.

The boys were killed during a surprise attack at a Marine station at the city of Hue. While under heavy enemy fire, Kirikham moved to aid the casualties to dress wounds and supervise evacuation. Although wounded, he refused treatment and stayed to help. He was then fatally wounded.

He had been in Vietnam less than two months.

Rockville Water Co. Seeks Rate Increase

The Rockville Water and Aqueduct Co., which services customers in Rockville, has filed with the Public Utilities Commission for a rate increase which will mean about \$6 additional in the bills of average customers.

If granted, it will be the third increase in little more than a year. Increases last May and March were granted but not in the amount requested.

In May an increase of \$30.479 was granted. The request for an increase in revenues of \$130,481. The March increase amounted to additional revenues of \$69,409 and the request was for \$197,151.

The latest request is for an increase of 77.67 per cent. It will be applied uniformly to the 4,105 customers in Rockville. The charge per quarter to an average customer using 1,800 cubic feet of water would be \$27.19. The present charge for this customer is \$21.30. The charge for high service customers would jump from \$25.50 to \$31.28 per quarter.

The increase would also mean an additional charge to the firm for fire hydrant service.

Orientation Planned For Day Camp Staff

With Manchester's Camp Kennedy ready to open Monday for its 12th consecutive season, orientation sessions for camp staff and volunteers will be held Wednesday and Thursday at 10 a.m.

Plastic Bags Available

After an interval of about 18 months, plastic bags again are on sale at all Manchester firehouses.

They are being sold at cost for \$2.25 (including tax) for a roll of 50. The 6 1/2 x 40 dark green polyethylene bags come complete with ties.

The last time Manchester sold bags to town residents the price also was \$2.25. However, it was for a box of 50.

Gordon Unhappy His Case Nolled

Eric Gordon, the Manchester Community College instructor arrested for wearing clown makeup at MCC's commencement June 4, said Monday he's considering a lawsuit against college officials and Manchester Police.

Gordon, 30, of Hartford, was charged with disorderly conduct as he began to enter the line of MCC faculty at the college's graduation ceremony.

The charge was nolle prosequi Monday in Common Pleas Court 12, East Hartford.

Gordon, who taught history and languages at MCC until his position was phased out recently, said Monday he's unhappy with the disposition of his case.

"It's still on the books for 13 months," Gordon said. "There's nothing I can appeal." He said his lawyer, Atty. Robert Hirtle of Hartford, moved for dismissal but the judge refused to consider the motion because the prosecutor had decided not to go to trial.

"The nolle results in a disposition which is very prejudicial," Gordon said. "One's innocence becomes a form of punishment."

Frank's Sponsors Fish Fry Friday

Frank's Supermarket, with stores in Manchester and Glastonbury, will sponsor a Fish Fry Friday from 4:30 to 7 p.m. in the Academy School yard, Main St., Glastonbury.

Cosponsors of the benefit event are Gorton's Fish Products, Glastonbury Chamber of Commerce, and the Glastonbury Jaycees.

Proceeds will benefit the Gutt Fund and other Glastonbury projects.

For 50 cents participants can enjoy fish and chips, ice cream, and soda. Free balloons will be given out by Twinkle the Wonder Clown.

Two Submit Bids On Station Wagon

Only two bids, both from local dealers, were received Monday for furnishing the Manchester engineering department with a 1975 four-door station wagon.

The apparent low bidder is Carter Chevrolet Co. for a Chevrolet Malibu. Its \$2,887 net price includes \$75 in trade for a 1968 Chevrolet four-door sedan.

Charles Motors, the other bidder, offered a Dodge Coronet at the net price of \$4,288. The bid price includes \$500 in trade on the 1968 vehicle.

Disclaiming a disclaimer! on VITAMIN-E POWERS

Dr. Stare, Harvard nutritionist and Hartford Court columnist, has again made some bold statements without the proper scientific documentation.

For example, in a recent column, he quotes another scientist who writes from an English journal, "Harmful in excess." "Relatively little is known about the effects of Vitamin E on humans — and essentially nothing about its effects on aging."

It is apparent he has not done his homework.

Dr. Shute and his son have been practicing medicine for over 40 years at their Shute Institute, London, Canada. They have used alpha-tocopherol (Vitamin-E) on over 26,000 patients. He has documented case histories and has lectured on the preventative and therapeutic value of Vitamin-E in circulatory problems, heart disease, phlebitis, burns, and ulcerations. I have heard him lecture and was very impressed with the therapeutic results he has received on HUMANS... not animals!! He has very impressive credentials... Fellow of the Royal College of Surgeons of Canada, Fellow of the Royal Society of Medicine... member of the American College of Angiology... a diplomate of the American Board of Obstetrics and Gynecology and received a Silver Medal from the American Association of Abdominal Surgeons!!

When he was asked, "How do you know Vitamin-E actually helps the blood vessels?" He responded, "There is a very dramatic way of determining the effect of Vitamin E on the blood vessels. I can look through the center of the eye and view the progressive changes in the blood vessels in the rear of the eye, from the beginning use of Vitamin-E until several months have passed. And I see change from a healthy pink blood vessel. Then I know other body Blood Vessels are also responding well." If your blood vessels are healthy, you certainly are correcting one of the variable factors which determine old age involved in strokes, heart attacks and circulatory problems.

Dr. Stare's most damaging statement was... "HARMFUL IN EXCESS." Everything is harmful in excess, even water. But he does not say how much is harmful!! Dr. Shute was asked this same question. He has found in his 40 years of experience not one case of toxicity from Vitamin-E!! When asked how much he takes, he stated he takes 3600 Units of Vitamin-E daily — He monitors himself in the laboratory and checks for toxic signs. He has found no toxic signs from Vitamin-E. He feels very healthy and copes well with a full every day schedule. He shows no signs of stress or exhaustion. This, he feels is the best test for Vitamin-E.

The FDA was holding hearings on Vitamins and months later, without documentation, issued an order that TOXICITY was reported!!

But this does not mean everybody should go out and start taking Vitamin-E. You should ask your doctor first, because you might be allergic to Vitamin-E or you might have a condition, where your doctor may not want you to take Vitamin-E along with other medication. Also, every individual is different. One man's metabolic demand might be different from another's.

One should view with great caution outrageous statements without documentation. Especially when they are read by millions of people in the lay press.

TRUST YOUR HEALTH TO YOUR DOCTOR — AND HIS PRESCRIPTIONS TO US.

## Teacher Pay Hike Reportedly 14%

### SOUTH WINDSOR

Judy Kuchel  
644-1364

A reported 14 per cent salary hike over two years may be in store for South Windsor teachers if the Board of Education ratifies a tentative agreement reached last week.

The school board will vote on the new teacher's contract next Tuesday at its regular meeting. If it is approved, the teachers will begin classes in the fall with the contract behind them.

Also it will mean that an agreement was reached before the June 30 expiration date of the teacher's contract; something that did occur last year when teachers returned to class without a contract.

School and teacher officials this week would not comment on the reported breakthrough in teacher-board negotiations, except to say that an agreement with negotiation teams for both sides has been reached. The school board will be presented with the agreement next week.

The negotiating team for the South Windsor Education Association (SWEA) has already presented the tentative package to the more than 300 teachers and reportedly the teachers have approved the plan.

However, school and SWEA officials would not confirm this either.

William Perry, chief board negotiator and assistant superintendent of schools, said that news of the reported contract agreement was probably released by a teacher, rather than a school board or SWEA official.

Perry said he could not discuss details surrounding the reported breakthrough and that both negotiating teams have bargained in good faith throughout the months-long sessions.

He said full details of the agreement would be released next week if the school board approved the package.

### Square Dance

The South Windsor Square Dance Club will have an open dance Friday at Wapping Elementary School from 8 to 11 p.m. The caller will be Jim DeVigris. Rooms will be used by Russ and Anita White. All club level dancers are invited to attend.

### First Meeting

The South Windsor Human Relations Commission will have its first meeting Thursday at 7:30 p.m. in the caucus room of Town Hall.

The meeting will be an organizational one.

### CofC Picnic

The annual South Windsor Chamber of Commerce picnic will take place rain or shine at the Blast and Cast Club, Griffin

### A MODERN PHARMACY

James D'Amato BS/R.Ph.

The organization of doctors into unions is a seeming contradiction, considering the proud individualist traditions of the medical profession. Yet the movement is a rapidly spreading phenomenon. An estimated 10,000 to 15,000 of the 219,000 practicing U.S. physicians are now members of some type of union (most commonly called by such terms as guild, federation or committee). In the San Francisco Bay area alone there are more than 1000 members. The American Medical Association has remained aloof from the movement.

Find service as you like it—fast and friendly from the efficient staff at LENOX PHARMACY. We handle a full line of nationally known cosmetics including Worth and St. Laurent, an exclusive in this area, to fill all your needs, and have a large well equipped pharmacy to handle all your prescriptions. You can depend on LENOX PHARMACY, 299 E. Center St., 646-0886 for all your prescription requirements. Free Delivery Service. Open Mon thru Sat 9 a.m.-9 p.m., Sun and Holidays, 8 a.m.-8 p.m.

## Hearing Thursday on Subdivision Regulations

### BOLTON

Donna Holland  
646-0375

The final draft of revised subdivision regulations will be discussed Thursday at a public hearing by the Planning Commission at 8 p.m. in the Town Hall.

The hearing will also consider the resubdivision of property on Flora Rd. owned by Lina Lucarelli.

The hearing will consider the abandonment of a 50-foot strip on the property as a proposed road and the relinquishment of slope rights to owners of the adjacent property.

A copy of the regulations and subdivision map are on file in the town clerk's office.

Children entering kindergarten through the sixth grade in the fall are invited to attend. There is a \$2 registration fee per child with a \$5 maximum per family.

Children should be registered by telephoning Mrs. Peter Ferwerda, 61 Pine Knob Dr.

Tickets may be purchased by

### Heads KofC

Joseph Licitra of School Rd. has been elected Grand Knight of the St. Maurice Council Knights of Columbus for 1975-1976.

Other officers elected were John Roberts, deputy grand knight; Lucien Brodeur, chancellor; Roger Bolduc, warden; Edward Zakowski, recorder and Edward Desjardins, treasurer.

Also Herbert Hamabury, advocate; Tony Armentano, inside guard; Ray Cocconi, financial secretary; The Rev. Robert Cronin, chaplain and Gil Boisseneau, Roy Cocconi and Peter Archambeault, trustees.

Boisseneau was also elected membership chairman.

The officers will be installed in September.

Licenses Lag Eleanor Freuss, assistant town clerk, said of over 500 dogs in Bolton only 112 have been licensed to date.

She said all dogs must be licensed by June 30 or a penalty will be imposed on the dog's owner.

The fee is \$3.50 for male dogs and spayed female dogs six months and older, \$7.70 for females and \$26 for kennels.

Anyone wishing to may register by mail by sending a self-addressed, stamped envelope with a check to the town clerk.

You must also send the following information: Dog's color, age and breed; owner's name and address.

If the dog is being registered for the first time the spaying certificate must also be sent.

Students Recognized Music students with outstanding progress during the 1974-1975 season received special recognition from their teacher, Mrs. Edith Peterson of Bolton Notch.

The students are Jeffrey Keresky and Iona Reichl of Vernon and David Caneuel of Manchester.

Students who received honorable mention are Mark Canafé, Eileen Dillon, and Mary Beth Wind of Vernon.

Jennifer Gage of Rockville and Margaret Favretti and Patricia Edens of Stors.

Whether you're just starting out... have a young family... or are looking ahead to retirement... join the largest savings family in town... and keep the "good life" secure.

### Hospital Murals Amuse Pediatric Patients

If you have to be in the hospital it's nice to have pleasant pictures to look at. Kurt Wagner, 4, son of Mr. and Mrs. George Wagner of East Windsor, a patient at Rockville General Hospital, gazes at "Oscar" the Sesame Street character who makes his home in a trash can. This, and many other murals decorate the walls in the pediatrics ward through the work of a group of women from "The Arts of Tolland." The paint for the projects was donated by Color Fashions of Vernon. (Herald photo by Richmond)

## State Assisting Vernon In Solving Road Problems

Some current and some long-standing road problems in Vernon are in the process of being resolved through the cooperation of the state Bureau of Highways.

Mayor Frank McCoy and Sherwood Aborn, Vernon's deputy director of public works, met with Raymond Mather of the Bureau of Highways to discuss local problems with road resurfacing, patch leveling, refurbishing curbs and in installation of retaining walls.

Mayor McCoy said the Department of Transportation (DOT) has already done some resurfacing and patch leveling along Rts. 30 and 31 in the Rockville section and the department has agreed to work in the area of St. Joseph's Church to resurface the rough intersection of Rts. 83 and 74 and Union St.

He said DOT has also agreed to refurbish the curbing at the northeast corner of Union and West Sts., to give a proper gutter profile and the town's Public Works Department will raise the sidewalk to the new grade of the curbing. Also to be resurfaced is the Lake St. and Tunnel Rd. intersection which has had temporary patching since the spring.

Additionally there will be some resurfacing of West St. from the area of Daryl Dr. toward the railroad tracks. Plans also call for removal of the tracks and regrading of the road in that area.

On Rt. 83, in the area of Burke Rd. and Berger Rd. where flooding over the abutting properties has been a problem during heavy rainstorms, the state agreed to, and has already replaced and raised the curbing. The town public works crew has completed the work by raising the buffer area between the curb and the sidewalk.

Mayor McCoy further said the state has indicated it will install highway posts along a certain area of Lake St. as both a protection to children using the sidewalk and in line with the DOT's highway regulations.

Mayor McCoy said this should satisfy residents of that area who have petitioned for an inspection of the sidewalks where children walk to the Lake Street School.

The mayor said Mather and other state officials were also helpful in advising the town as to a means of solving several situations.

He said one was the necessity of installing some type of retaining wall on Rt. 83, opposite the Gateway Shopping Center, as part of a reinstallation of a sidewalk.

Prior plans had been to install a concrete wall or a metal bin wall, the mayor said, but the state officials suggested a stone wall be constructed. He said the town plans to do this at a considerable saving.

The mayor, Aborn, and state officials also checked out an area which has been approved for sidewalk construction for children walking to school. This would be from Dailey Circle to Regan Rd. He said highway officials agreed that rather than try to widen the road on the opposite side or become involved in installation of a long and expensive retaining wall, that a three-foot walk, adequate for walkers, could be built inside the highway fence thus making the project less expensive.

Mayor McCoy said the town's engineering department will develop plans for this project.

Mayor McCoy complimented Mather and his assistants in the town's problems. "I feel this was an example of how state agencies can give technical advice and assistance which can save municipalities considerable tax money," the mayor said.

## Graham Elected To Rham Board

### HEBRON

Anne Dallaire  
228-3267

Twenty residents turned out at the Town Meeting Monday and re-elected Everett Graham of Rt. 85 to serve another three-year term on the Regional District 8 Board of Education and also approved the other three items on the agenda in eight minutes.

Graham had finished serving his first three-year term of which two were served as the board's treasurer.

Graham is also the representative to the board for the school's maintenance problems.

Mrs. Katherine Sibon of East St., another board member, nominated him, stating that he has done a good job.

Roof Repairs Residents also approved the appropriation of \$29,000 to the Board of Education for repairs to the Hebron Elementary School roof.

Mrs. Patricia Mulligan, the only Board of Education

member present, made the motion.

Roads The selectmen were also authorized to enter into agreement with the State Department of Transportation Commission for the expenditure of funds for improvement and maintenance of two roads.

Health Service The Board of Selectmen was authorized to enter into such agreements and to do such acts as shall be necessary to merge with town or towns in the presently existing Community Health Service, Inc., and for the continued operation of the service organization after the merger.

PZC To Meet The Planning and Zoning Commission will have a public hearing tonight at 8 in the Town Office Building for the Hebron Business Center subdivision and the proposed North Hill Section II subdivision.

A regular meeting will follow. Items will include the proposed Rockett land on Slocum and Blackman Rds., the proposed Salmon River Park resubdivision, the proposed Sorghum Mill Farm subdivision and the proposed Shagrins, Section II.

### ROCKVILLE HOSPITAL NOTES

Visiting Hours Surgical and medical visits, 12:30 to 2 p.m. and 4 to 8 p.m.; Maternity, 2 to 4 p.m. and 6:30 to 8 p.m. (fathers, 8 to 9 p.m.); Pediatrics, parents anytime, others 12:30 to 8 p.m.; Intensive Care Unit, immediate family only, five minutes per hour.

Admitted Monday: Dorothy Babcock, Woodbine St., Rockville; Mary Diamond, Hilliard St., Manchester; Donna Edwards, Snipsic View Heights, Rockville; Leedean Edwards, Snipsic View Heights, Rockville; Delia Flood, Upper Butcher Rd., Rockville; Robert Fleckiger Sr., Stors; Sally Hance, Oakwood Lane, Tolland; Richard Hill, Hillside Dr., Ellington; Eileen Limberger, Tomoka Ave., Ellington; Laurel Luetjen, Snipsic St., Rockville; James Morehouse, Crystal Lake Rd., Vernon; Theresa Olesik, South St., Rockville; Margaret O'Neil, South St., Rockville; Nina Stone, South St., Rockville; Marion Teabo, Spring St., Rockville.

Discharged Monday: Jacqueline Brody, Progress Ave., Rockville; Dorothy Brown, Mountain St., Rockville; Fannie Elderkin, East St., Rockville; Robert Graham, Old Town Rd., Rockville; Mrs. Regina Lamo and daughter, Burbank Rd., Vernon; Betty Leger, South St., Rockville; Herbert Mather, Warehouse Point, Veronicia Moss, Neil Rd., Vernon; Evelyn Mulvaney, Ward St., Rockville; Evelyn Utkitis, School St., Rockville.

Birth Monday: A daughter to Mr. and Mrs. Michael Malloy, West Rd., Rockville.

## \$120,000 Fund Approved For Holl Land Purchase

### BOLTON

Donna Holland  
646-0375

The Board of Finance unanimously approved appropriating \$120,000 to the E. J. Holl estate on Bolton Lake at its meeting Monday.

The board is recommending \$90,000 be taken from cash surplus and \$30,000 from the capital and non-recurring fund. The appropriation was requested by the Board of Selectmen.

Of the \$120,000, the actual net cost to the town will be about \$30,000 due to state and federal grants.

The request will be brought to a Town Meeting Monday at 8 at the Town Hall.

The selectmen's request for funds for either a second rest-stating storm drains. They expect the project to cost \$203,000. Bolton's share would be \$81,000.

Seek Road Grant The Board of Selectmen is seeking a federal grant for the improvement of Brandy St.

It requested the federal government consider Bolton in its allocations of grant funds under federal aid for highways. The funds are available for construction, reconstruction and improvement of roads.

Connecticut's appropriation for fiscal 1976 is \$1,006,244. Participating towns will be required to provide local matching funds totaling 30 per cent.

The selectmen anticipate

Office Closed The office of Calvin Hutchinson, building inspector and assessor, will be closed for the remainder of the week. Hutchinson is attending school. Anyone needing to talk to Hutchinson may call him after 5 p.m. at his home. The number is 643-5373.

EQUAL OPPORTUNITY LENDER

Dear Abby

Fanny Sick of Being Butt of Jokes

By Abigail Van Buren

DEAR ABBY: I am 20 and have been seeing a man who is in his early 40s. He is married and is very friendly with my parents. They don't know what is going on.

DEAR HAPPY: If you're "happy," why did you write? You are hurting yourself by continuing in a relationship that is going nowhere.

DEAR GRIPES: There are several explanations, but the one that makes the most sense to me is this: During World War I, the members of the First Aid Nurses Yeomanry (or F.A.N.Y.), a British women's ambulance unit, were known as "FANNYS."

DEAR ABBY: No! No! No! I protest your answer to "Wacoona Mother," whose third daughter was stillborn.

DEAR MOTHER: You are right. I was wrong. Everyone has a problem. What's yours? For a personal reply, write to ABBY: Box No. 69700, L.A. Calif. 90069.

**Rockville High Expansion Ahead of Schedule**

Many hands make light work. This is the case on the Rockville High School expansion as work progresses ahead of schedule. It is expected that enough of the project will be completed to allow the school to go off double sessions in February of next year. (Herald photo by Pinto)

**Rockville High To Graduate 100th Class**

The 379 seniors to graduate from Rockville High School Wednesday night will be members of the 100th graduating class from the school.

Plans are to have the exercises on the school's football field due to construction in the courtyard where ceremonies are usually conducted.

In the event of rain the program will be moved to the gymnasium and admission will be by ticket only. The program will start at 7 p.m.

The main speakers will be Jean E. Cody, valedictorian and Donald Apel, salutatorian.

Awards and scholarships will be presented by Martin F. Fagan, principal. Diplomas will be conferred by Mrs. Devra Baum, of the Board of Education and Dr. Raymond Ramsdell, superintendent, will present the candidates for graduation.

The Rev. Paul Bowman of Union Congregational Church will give the invocation and benediction.

**McCoy Seeks Federal Welfare Reimbursement**

**VERNON**

Mayor Frank McCoy has asked Stanley Roessler, director of administration, and Mrs. Jean Pearsall, welfare director, to develop an application for funding for some welfare costs.

The mayor said it has been disclosed that \$37 million had become available in Connecticut for funding social service programs. Funds would come under the Social Security Act.

He said the education department has also been asked to review and analyze its budget to see what costs it might be considered for reimbursement under the act.

He said that this is the first year that any administrative costs have been reimbursable. In prior years, only direct payments for welfare purposes were eligible.

"In general, reimbursement of 70 per cent of the cost of such services as counseling, social referrals, referrals to other welfare or social agencies or organizations, psychological testing and perhaps student guidance, may be eligible," the mayor said.

The town expects to file its application by July 1 and the state will then decide which areas merit funding.

Mayor McCoy said state welfare officials and information obtained from the Connecticut Conference of Municipalities and the Capital Region Council of Governments, had been helpful in the initial preparation of the application.

**Vernon Increases Adult School Fees**

To regain a loss in reimbursement from the state, the Vernon Board of Education Monday night approved an increase in course charges for the Vernon Adult Evening School.

The recommendation to increase the charges was made by Ronald Kozuch, head of the Continuing Education Department.

The recommendation was made in light of a new state law which requires that the only programs not to be affected will be those strictly dealing with high school completion courses.

Courses such as woodworking, typing, art classes and other similar programs, will not be reimbursed by the state.

Kozuch said the reimbursement for this year amounted to about \$14,000 and under the proposed new law this will drop to about \$5,000 for the high school completion courses.

Some board members expressed concern about the increase in charges and the possible effect it will have on attendance.

Kozuch said the average attendance has been about 3,000 students and he thinks the increased charges may cause this to drop to about 2,500.

He also said he intends to offer all of the same programs this coming September to see what will happen when the new charge is made.

Kozuch said about 30 per cent of the adults are from towns other than Vernon.

The proposed new law requires the Board of Education of each school district to establish and maintain a program of adult education classes for at least 150 clock hours per year or provide adult services through cooperative arrangements with another school district.

**Vernon Schools On Half-Days For Closing**

Vernon schools will be on half-day sessions Wednesday and Thursday of this week with the schools to close Thursday for the summer vacation.

The Board of Education voted Monday night to have the half-day session on Wednesday. Originally the only half-day was to be Thursday.

The elementary schools, with very slight variations, will open at 8:30 and close at 12:25. Talcottville School, will open at 8:10 a.m. and close at 12:10 p.m.

All kindergarten sessions will be combined with the regular morning sessions at all of the schools.

Rockville High School, which is on double sessions, will have both sessions shortened with the morning group to go from 7:15 to 9:45 a.m. and the regular afternoon group will start at 10:30 a.m. and go until 1 p.m.

The Sykes School and the Center Road School will start at 8:05 a.m. and close at 12:10 p.m. and the Middle School will start at 7:45 a.m. and close at 11:50 a.m.

**Five from Coventry High Track and Field All-Stars**

Four boys from Coventry High School have been chosen members of the Charter Oak Conference All-Star Track and Field Teams.

One girl, Monica Underwood, was selected for the girls' team in the 220-yard dash.

The boys are Scott Burrell in the 120-yard high hurdles and 330-yard intermediate hurdles;

Brian Carlson in the discus and javelin, John Ooms, in the pole vault, and Paul Edmondson in the shot put.

Mark Lynn, of Rham High School, was selected in the 880-yard run.

**Chickens Must Go, Lake Residents Told**

**COVENTRY**

Monica Shea Residents of Coventry's lake area will have until Sept. 1 to get rid of their chickens.

The Planning and Zoning Commission Monday night instructed Ernie Wheeler, zoning agent, to enforce the regulation against chickens in the lake area and to enforce regulations against self-contained trailers.

Wheeler told the commission at its last meeting that he had received a number of complaints from lake area residents that chickens were being kept in the lake area and in one case a resident was selling eggs to his neighbors.

Wheeler estimated that between 125 to 150 lake area residents were raising chickens, most of them for their own use, that there was at least one commercial operation going on.

He estimated that homeowners had between six and 150 chickens on lots smaller than the two acres required.

He said that some residents were complaining just about the noise of roosters while others complained about the smell.

The commission voted unanimously to eliminate all chickens in the lake area and advised the zoning agent to strictly enforce the regulations on chickens as of Sept. 1.

Residents will have until that time to get rid of their chickens.

Wheeler also told the commission that he had issued a temporary permit to a Coventry land owner to park his self-contained camper on a small lot he owned in the lake area.

The permit was valid for one week.

After lengthy discussion the commission instructed Wheeler to strictly enforce the zoning regulations which prohibits the parking of any trailer that could be hooked to water and or electricity on lake lots in town.

The feeling of the commission was that this could mushroom into a lot of campers making use of this type of parking permit.

He will review the case in light of Connecticut law and the potential implication to land use controls.

**Lessler Seminar Speaker**

**COVENTRY**

Atty. Alan Lessler, director of the Central Naugatuck Valley Regional Planning Agency and current president of the Connecticut Chapter of the American Institute of Planners, will be the guest speaker at a Coventry seminar tonight at 8.

The meeting will be in the planning office in the Town Hall and the public is invited to attend. It will be sponsored jointly by the Planning and Zoning Commission and the Institute of Urban Research of the University of Connecticut.

Atty. Lessler will speak on the Mt. Laurel, N.J., zoning case involving the recent decision of the New Jersey Supreme Court overruling Mt. Laurel's zoning regulations.

He will review the case in light of Connecticut law and the potential implication to land use controls.

Matt Richly Deserves Honor

One again the suggestion has been made, this time by George Maloney of the American League, that the Mt. Nebo baseball field be named in honor of Matt Moriarty Sr. who has managed to keep adult baseball alive with his generous financial support over the past three decades.

Maloney, general chairman for the Matt Moriarty Invitational Baseball Tournament involving four American League baseball teams July 4-5 at Mt. Nebo, said the ball is rolling again and he hopes town fathers will approve recognizing Moriarty by renaming Mt. Nebo in his honor.

The Advisory Park and Recreation Commission has given the suggestion its blessing and Maloney said Mayor John Thompson has assured his stamp of approval on the move.

No one man in my lifetime has contributed more to baseball in Manchester than Matt Moriarty.

We have tried unsuccessfully over the years to have the baseball field at Mt. Nebo named in his honor. Now with Maloney and the other town fathers with approval on the long overdue honor will be given Matt Moriarty, Mr. Baseball in Manchester.

Memory of Playoff Win Revived

Tattered and brown with age, the baseball extra printed in Hartford on Saturday, Oct. 6, 1923 told of the Hartford Senators, Eastern League champions, whipping the International League's Baltimore Orioles, for the minor league baseball championship.

The page was dug out by Ronald Wagner and passed on to Lyman Fuller who in turn stopped at this desk.

Hartford swept the best of three-game set 62 years ago with Lou Gehrig the batting hero. Following up his play before going to stardom with the Yankees in the American League, Gehrig rapped out two hits, including a two-run homer, and also scored the Senators' third run in the 3-0 verdict at Clarkin Field in Hartford.

During the regular championship Eastern League season, Gehrig batted a brilliant .352 to lead the Senators.

The leadoff batter was Harry Hesse, an outfielder, who later served as the chief scout for the New York Yankees in New England and was a frequent visitor to Manchester. Seven members of the Hartford club batted over .300.

Kelley Loser as Starter

Tom Kelley, in a starting role, lasted less than three innings with Richmond against Charleston and was tagged with his fifth straight defeat Sunday. The Manchester right-handed pitcher has yet to gain a decision with the International League.

Since opening day, April 7, there have been 73 games in the National League either traded or sent back to the minor leagues.

Wimbledon, England (UPI) — John Lloyd, ranked only fourth in Britain, put away a placement and the solid wall of sound sweeping across Center Court drew from his opponent Jimmy Connors an expression of envy.

Connors is ranked the world's No. 1 tennis player, the top seed at the Wimbledon championships but he could not remember such a crowded support from a crowd in his own country as the 15,000 in Center Court were giving Lloyd in his unequal battle.

Legion Wins Zone Contest

Upping its Zone Eight mark to 9-0 last night was the Manchester American Legion baseball team with a 3-2 victory over Windsor at Mt. Nebo in a game called after 5 1/2 innings because of darkness.

All the scoring was done in the first inning. Al Peppin reached on a one-out error for Windsor. Peppin stole second and scored on Greg Zabel's single to center. Centerfielder Paul Groves' throw home was late with Zabel taking second.

Zabel stole third and came home at third baseman Blair Robinson's error. Robinson committed his second error of the inning.

Manchester came back in its half of the first. Groves led off with a double to left centerfield. John Koepsel and Dan Socha walked leading the bases and Bruce Ballard led a sacrifice fly to right scoring Groves. Koepsel taking third on the play. After Socha stole second, Groves grounded sharply to first which went under first baseman Skip Ferguson's legs allowing two runs to come home.

Koepsel was the winning pitcher allowing just that first inning single. He struck out eight and walked six.

R Sox Humiliated In Fenway Return

BOSTON (UPI) — Be it ever so humiliating, there's no worse place than home for the Boston Red Sox.

The loss left Boston just a half game ahead of New York in the American League East. The defeat also ended the Red Sox' home record at 15-5.

For Cleveland, the win was the second straight after five consecutive home losses and it was a victory that gave pitcher-manager Frank Robinson one of his few smiles of the season.

"This was the closest game we've come to a laughter this season," said Robinson who is hitting at a .244 pace and managing at a .400 clip. "We haven't been in too many of these games lately, except on the losing end."

Everything went well for Cleveland in the same night — shortstop Frank Duffy and Robinson each homered and combined for a drive in eight runs. Rookie Eric Rauch pitched seven strong innings and Dave LaRoche shut off Boston the last two innings.

The Red Sox managed just six hits and committed three first-inning errors that helped Cleveland to a 4-0 lead. Rookie left-hander Jim Burton, high with his pitches,

lasted just two-thirds of an inning and was charged with four unearned runs. The Indians, who led 7-1 after six innings and never were threatened, although Boston added single tallies in each of the final two innings.

The Boston offense couldn't match the output by Cleveland's Duffy, who had four hits and five RBIs in the game. The weak-hitting shortstop drove in one of the first runs with a double that chased Burton, hit a two-run homer off reliever Diego Segui in the sixth and laced a two-run double off Reggie Cleveland in the ninth. He also singled in the seventh.

"I had an identical night to this one at Fenway Park last year" in a game the Indians won, 11-4. "Everything was the same, right down to the two doubles and the home run," said Doyle after boosting his average to .155 to .222.

Robinson also raised his average 12 points with a pair of hits, including his 582nd career homer. His three runs scored in the game moved Robinson into eighth place ahead of Eddie Collins with 1,821.

"It was a fine offensive show tonight, a fine all-around ballgame," said Robinson. "If we can keep it up we'll be all right. The Indians, now 11½ games behind Boston in the American League East, will try to join another game off the lead tonight when Jim Kern, 1-2, faces Bill Lee, 9-5.

Four Eagles Named

John Denny Halts Mets Major League Boxscores

NEW YORK (UPI) — John Denny seems to be quickly regaining his confidence while the New York Mets are slowly losing theirs.

Denny, one of the brightest prospects in the New York Cardinals' system, returned to the major leagues Monday night after a brief sojourn to Tulsa of the American Association and turned in a strong performance by blanking the Mets 4-0 in the second game of a doubleheader.

Denny's glittering five-hit effort came only hours after Ron Reed had stopped the Mets 1-0 on seven hits, thus making the Cardinals the first team to lose to the Mets since June 4, 1967, when the Giants accomplished the feat.

The Mets, who were blanked by Pittsburgh's Dock Ellis on Sunday, now have gone 35 innings without scoring a run and have lost their last seven games to the National League East Division leading Pirates.

Birds Embarrassed By Yankees' Medich

BALTIMORE (UPI) — New York pitcher Doc Medich didn't want to embarrass himself Monday night. Instead, he embarrassed the Baltimore Orioles, who left the worse for wear as Medich's pitching and catcher Thurman Munson's hitting did it.

Medich, who had completed only one start in his last 10, was especially tough with men on base, as his eight-hit effort enabled the Yankees to creep within a half-game of leagueleading Boston in the American League's Eastern Division.

"My last ball was different, my slider good and my control good," said Medich, now 6-9. "But this game was on national television and I was hearing down. I didn't want to embarrass myself before the home folks in Pittsburgh any more than I already had this season."

Munson carried a two-run homer, his sixth, to climax a three-run inning and gave the lead in his third run with his third hit, a ninth-inning single.

Lower Ross Grimsley, now 3-9 with 15 home run pitches thrown, gave the 341 hitting Munson an inside change-up that he rannned halfway up the leftfield bleachers.

"I wasn't thinking home run," claimed Munson. "Because I haven't hit one so long I'm not thinking home run against anybody. Give Doc the credit for making good pitches, but he went out and threw as hard as he could."

Grimsley was racked for seven hits in 2 1/2 innings and failed for the 13th time to complete a game. Wayne Garland finished up, pitching one-hit ball until the Yankees, 2-2 hit, scored three runs in the last two innings.

"We've got the best pitching depth in the league," boasted Munson. "But I'm not counting the Orioles out. They're always

picked up his sixth relief victory without a loss and extended his number of consecutive scoreless innings to 18 1/3 by pitching two-hit ball to the last four innings.

Harveys R. Tiers 4 Darrell Porter hit a three-run homer and Hank Aaron had four hits and drove in two runs as Milwaukee pounded out 15 hits and handed Joe Coleman his 11th loss against three victories. Tom Hausman shut out Detroit for the last 3 2/3 innings to win his second game.

Hangers 1, Angels 0 Texan won its maroon game with California when Cesar Tovar singled in an unearned run in the 13th. Roy Smalley Jr. pitched a no-hitter on an error on an apparent double play grounder, went to third on Jim Sauerberg's fly and scored in the eighth, giving the Oakland third baseman three game-winning pitched one-hit ball for the first 11 innings for the Angels.

Second period markers by Jim Crombar and Clarence Zisker lifted the Tigers to a 2-1 win over the Stars. Mike Suhle scored and Danny Parks played well for the Stars.

Two overtime periods decided nothing as the Brewers and Dodgers played to a 0-0 stalemate. Jamie Gorman and Jim Moreau were best for the Brewers and Tim Haddock and Scott Fyler topped the Dodgers.

Midwest

Four goals by Melly McCarty paced the Astros to a 5-0 whitewashing of the Comets. Mike Schenberger scored for the winners while Gabrielle Purcell and Angelo Morson were best in defeat. Also in the Southern Division, the Oceaneros doubled the Wings, 3-1. Roger Greenwood marked twice and Dan Clancy one for the winners while Anthony Jaworski scored for the Wings. Jennifer Hedlund and Cori Wilson also played well for the Mariners.

Action in the Northern Division saw the Cougars shut out the Oilers, 3-0. The Oilers scored three goals. Tom Wood two and Todd Stevens one for the Cougars. Scott Goehring played well for the Olympics. Gary Gates, Bill Sieversten, Dave Callahan and Don Logan scored for the Oilers and Mike Letourneau tallied for the Suns.

Soccer

With Bill Prattaroli scoring the only goal, the Bicentennials downed the Diplomats, 1-0. Chris Stelson and Bill Bissette played well for the winners and Joe Lovell was best in defeat. Goals by Bill Monast and Craig LaBree powered the Knights to a 2-0 lead over the Yankees.

Second period markers by Jim Crombar and Clarence Zisker lifted the Tigers to a 2-1 win over the Stars. Mike Suhle scored and Danny Parks played well for the Stars.

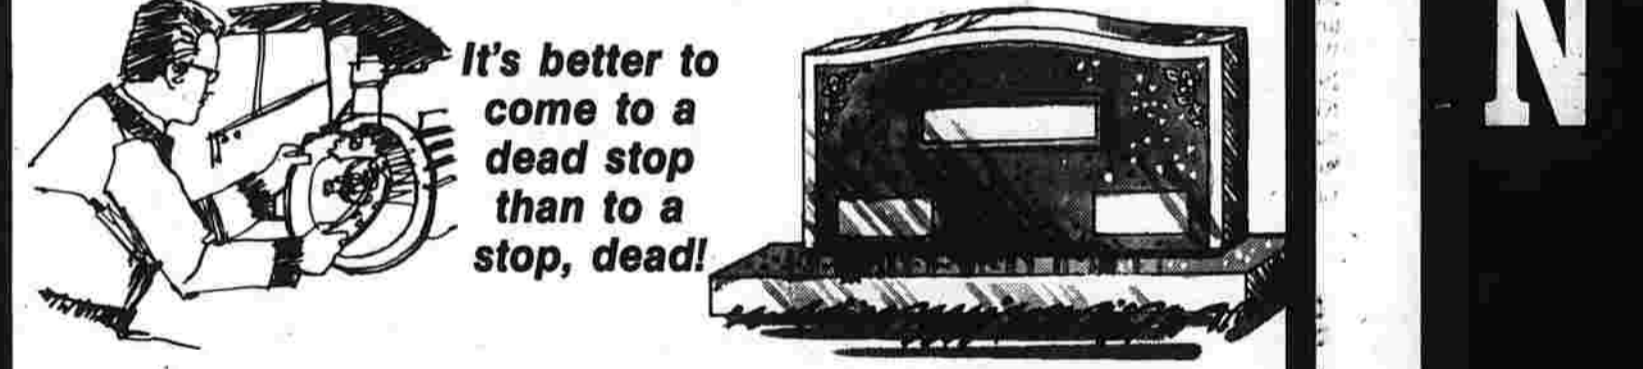

Two overtime periods decided nothing as the Brewers and Dodgers played to a 0-0 stalemate. Jamie Gorman and Jim Moreau were best for the Brewers and Tim Haddock and Scott Fyler topped the Dodgers.

Midwest

Four goals by Melly McCarty paced the Astros to a 5-0 whitewashing of the Comets. Mike Schenberger scored for the winners while Gabrielle Purcell and Angelo Morson were best in defeat. Also in the Southern Division, the Oceaneros doubled the Wings, 3-1. Roger Greenwood marked twice and Dan Clancy one for the winners while Anthony Jaworski scored for the Wings. Jennifer Hedlund and Cori Wilson also played well for the Mariners.

Action in the Northern Division saw the Cougars shut out the Oilers, 3-0. The Oilers scored three goals. Tom Wood two and Todd Stevens one for the Cougars. Scott Goehring played well for the Olympics. Gary Gates, Bill Sieversten, Dave Callahan and Don Logan scored for the Oilers and Mike Letourneau tallied for the Suns.

June Is - "GREY-ROCK" BRAKE CHECK MONTH.

Accidents caused by brake failure number in the thousands every year. Most of them are avoidable by regular inspection of linings by your Grey-Rock Dealer. Grey-Rock makes the best and widest line of drum and disc brake products. Have your brakes checked tomorrow and help yourself to many more tomorrows.

HAVE YOUR DRUM OR DISC BRAKES CHECKED AT ANY OF THE FOLLOWING STATIONS.

- List of service stations including Anderson Brothers Getty, Bob's Mobil Service, Jack's Shell Service, Pap Auto Repair Service, etc.

Advertisement for Grey-Rock Brake Check Month featuring a car and the text 'Free This Cap With Any Complete Brake Job!'. Includes address: 228 Spruce Street, Manchester, Conn.

OBITUARIES

Katherine Rimhis, 55, of Bidwell St. died Sunday at a Manchester convalescent home. Born in Poland, she came to this country at an early age and lived in New Britain before coming to Manchester about five years ago.

William Bokis Sr., 59, of Old Lyme and Fort Lauderdale, Fla., owner and operator of The Other Horse on E. Center St. and the Rockinghorse Restaurant in Hartford, died Monday at Lawrence and Memorial Hospital, New London.

Mr. Bokis was born in Connecticut and lived in Westfield before moving to Old Lyme six years ago. He formerly operated Sandy Beach Park and Ballroom at Crystal Lake, Ellington, and the Sarah Whitman Hooker House, West Hartford.

Survivors are his wife, Mrs. Pauline Randazzo Bokis; a son, William G. Bokis Jr., of Glastonbury; a brother, George Bokis of Vernon; and two grandchildren. The funeral is Wednesday at 9:15 a.m. from Rose Hill Funeral Home, 580 Elm St., Rocky Hill, with a Mass at the Church of the Incarnation, Westfield, at 10. Burial will be in Rose Hill Memorial Park, Rocky Hill.

Erwin J. Kluck, 56, of 15 Fox Hill Dr., died Monday at a Rockville convalescent home. He was the husband of Mrs. Eleanor Starke Kluck.

Mr. Kluck was born in Manchester, son of John Kluck and Margaret Marie Troisi of Hartford. He was born June 12 at Manchester Memorial Hospital.

Ivy Baker Priest, former treasurer of the United States, died Monday night in St. Johns Hospital. She was 69.

E. C. Pulliam, publisher, dies of stroke. PHOENIX, Ariz. (UPI) - Eugene C. Pulliam, publisher of daily newspapers in Arizona and Indiana, died Monday of a stroke. He was 86.

Registration Set For New Students. New students who will be attending Manchester High School next year should report to the high school administration office for registration and to the guidance office for department's decision.

Clerk's Office Open Saturday. The Manchester town clerk's office will be open from 9 a.m. to noon Saturday for the sale of dog licenses.

William Bokis Sr. died Monday at Lawrence and Memorial Hospital, New London. Mr. Bokis was born in Connecticut and lived in Westfield before moving to Old Lyme six years ago.

Vincent Ramizi, center, retiring principal of Buckley School, and Mrs. Ramizi share a tribute presented to him at a retirement party recently at the school.

Gardner Allowed to Move Possessions from Office

James W. Gardner was permitted to return to his Manchester Community College office today to remove some of his possessions despite conflicting rulings by college administrators.

School Board Given

request for the Board of Directors to increase a special account for aid to the school. At the time the original washout account was established earlier this year, only one of two kind students in local schools was enrolled.

Ivy Baker Priest, former treasurer of the United States, died Monday night in St. Johns Hospital. She was 69.
