shooting at Bolton's Bar on Livernois Police said the white bar owner, Andrew Chinarian, 39, told them he saw a youth behind the bar tampering with his car Monday night. Chinarian told police the youth turned toward him and had something that appeared to be a weapon in his hand. He said he then fired one shot at the youth, identified as Obie Wynn, 18. Wnn was struck in the head and was listed in critical condition at Mt. Carmel with the leaders of Turkey and Greece - Mercy Hospital while undergoing surgery. Police said the weapon Chinarian

Nigerian Leader Ousted

KAMPALA, Uganda (UPI) - Lt. Col. Joseph Namdon Durban today ousted Nigerian head of state Maj. Gen. Yakubu Gowon in an apparently bloodless coup, Lagos radio reported.

The Lagos radio broadcast said the new leaders imposed a dusk to dawn curfew and ordered all but essential service vehicles off the streets. Lagos international airport was closed and telecommunications cut.

The radio said authorities would deal severely with anyone disturbing the peace. Gowon, 40, who himself took power in a Ironsi was slain in the coup. coup in 1966, was attending the summit

Discouraged managers may therefore decide to stand pat with what they're already producing - where they

Because the government has no adequate system for easing the blow to workers displaced by technological frequently so great they may decide

The problem does not lie alone with industry. Friends who operate high technology electronics firms report that the Defense Department, the Central Intelligence Agency, and the Federal Bureau of Investigation, which talk incessantly about the advanced technology ting new technology frequently results in they use and what they favor, are notoriously slow in adopting new concepts. The estimate I have is that the FBI and Because new technologies explore areas CIA are almost 10 years behind in some

ANDREW TULLY

Inflation Slower, But It Is Still There

government should spend more of the people's tax money to spur what seems to be a start toward economic recovery, Secretary of Commerce Rogers C.B. Mor-

ton said something good: other so severely that both were throwing "The economy is now ready for takeoff. training aircraft into the battle. Whether it flies smoothly and steadily up-The Egyptians not only demonstrated an ward on a long stable path of economic impressive ability in 1973 to learn from growth, or whether it shoots up sharply and then comes crashing down again, will depend on the economic policies we choose in the next few months."

thoroughly modernized the weapons Rogers' remarks were prompted by systems supplied them by the Soviet government figures which showed that the Union, using their own technological biggest recession since the Great Depression leveled off during the year's second What all this suggests is that with both sides now armed with more and better weapons and with the lessons of four previous wars to go on - for one thing, neither side is likely ever to let itself be caught by surprise again - any fifth

costly war of attrition neither country can

ram through legislation for massive programs to speed recovery with the un-

quarter. Total output decreased only 0.3 per cent, the smallest decline since the recession was born in November 1973. This small decrease is within the margin of statistical error and thus means that the total output went neither up nor down. Like his boss, President Ford, Morton is opposed to spectacular pump-priming

with the taxpayers' dough. Fortunately, the administration seems to have won its war with the Democratic Congress, which has sought vainly to spend the Republic out of the recession. The third-quarter data says Ford & Co. were, and are, right in their slow-but-sure approach to the It is, of course, politically popular to

mployment rate hovering around 9 per cent. But Ford has made it clear he will continue to pursue his "unpopular' He has been inveighing in speeches and public statements against "the politicians and theorists" who claim that big spen-

ding is "a sure-fire cure for everything

that ails us." Ford has reached back to the

the argument over whether the Federal borrowing money without some day magical scare word, distilled into the having to pay it back. Moreover, the latest official figures course we have to keep paying higher show that Ford has been right all along in prices for everything from a loaf of bread maintaining that the inflation is still a to a bulldozer. Inflation, you know. major problem and that there could be no

real recovery if pump-priming resulted in All the various methods of measurement show that the inflation rate has moderated. The preferred Gross National Product (GNP) measure, or "chain price" index, showed an inflation rate in the second quarter of 5.8 per cent, down from 7.8 per cent in the first quarter and a peak of 12.7 per cent in the third quarter of

That's real nice. But to us working stiffs the significance lies in the fact that prices are still going up. At a lower rate, to be sure, but that's precious little comfort to the wage earner and the housewife. It still costs more to live today than three months ago; you can't pay bills with the statistic that prices were rising at a higher rate a

Another thing: I enter shops only under duress, but I have noticed on my infrequent forays into the marts of trade a gimmickry practiced by all shopkeepers How come an item that cost \$1.50 a week ago now costs \$1.61? The pat answer is 'Inflation, you know." But I have yet to find anyone in any shop willing or able to justify a price increase with verifiable evidence that the increase was caused by an increase in the cost of the item to the

I can't prove it, but I'll say so anyway. From the manufacturer and processor on down to the corner store, I suspect business establishments are using the term "inflation" to increase their profits on practically every item sold. How can you argue with them? We all

WASHINGTON - Addressing himself to old-fashioned thesis that you can't keep recession and high unemployment. It's a national psychology by constant use. Of Well, I suppose we should be grateful for the small blessing that the inflation rate is down. I'm grateful, but not very. As a

worker who gets no automatic cost-ofliving pay raises, I do not view with continue to rise, only more slowly, forever

recommends installing an attic timent," said Myette today.

MARIJUANA is like a Gun! Don't let it fool you!

Many young people in Manchester smoke Marijuanal It is no secret! They are a danger to themselves and society! I have received some very disturbing responses to my column concerning Marijuana. Some people have expressed their thankfulness in learning of Marijuana's dangers, however, the greatest "Flak" I received was from the academic field and the people who think they know

Most disturbing was from some of the Professors at UConn, who are in the Behavorial Science and research field. These are the fellows who teach our young. Their ambivalence and placid attitudes accompanied with their outright lack of responsibility to society was downright revolting! Some of their safer," or, "I smoke myself and feel no ill effects.

"WHAT ARE THE FACTSII" The literature is loaded with evidence showing alteration in brain chemistry and structure. My last column related the testimony of Dr. Powelson, research Psychiatrist before a congressional committee describing his over 5-year chronic study with moderate smokers culminated with "Organic Brain

Just last week, on July 16th, It was reported by the California Primate Research Center, results of three long-term experiments using monkeys as models in a search for better understanding of human health problems. "THEY FOUND SOME VERY STRONG DELETERIOUS BEHAVIORIAL

For the first month of Marijuana influence..."the animals appeared drowsy and showed little competitiveness. There was a strong reduction in social nteraction.

Next came a very gradual disappearance of the sleepy effect as the animals developed a TOLERENCE for the drug. After this they slowly showed a pattern of IRRITABLE AGGRESSIVENESS." These subjective changes are reflections of actual alternations of brain cells and their chemistry!

A study* involving 3 series of normal smokers showed "the subjective mood changes of less clear thinking and dizziness. A slight constriction of the pupils...a dose related increase in heart rate...EKG heart abnormalities...including ventricular premature contractions...The MILD dose showed a definite "ORGANIC BRAIN SYNDROME." These were symptoms from the mild, so called

"recreational" intake Marijuana smokersl A very sensitive test for Marijuana is the dose related effect upon the heartbeat. The stronger the Marijuana the faster the heartbeat. ALL dosage levels showed signs of tachycardia (increased heart

One suspicious father called me and related virtually all these symptoms his son had been manifesting. This confirmed his suspicions along with the \$40 per week his son always seemed to have to have in order to "keep his habit."

Marijuana attacks receptor sites at the cell molecular level and alters cell function. It is no different than any other DRUG. There is a very important Pharmacological principle which should be kept in mind. "With every good beneficial effect there is also a corresponding harmful effecti"...It is somewhat analogous to the firing of a rifle. As you fire a rifle be most careful of its RECOIL!! And Marijuana does have a very insidious dangerous

The Hartford Graduate Center

Since 1955, The Hartford Graduate Center has provided for the educational needs of working professionals in area business and industry with courses jointly designed by leading educators and the organizations themselves.

This unique arrangement, in which most classes are held during hours which permit employees to continue working at their jobs, has grown to become an invaluable resource both to the state's economy and to the individual seeking to update his knowledge and to advance his standing within the company.

MASTER'S DEGREES AWARDED

Because of its close relationship with the businesses and industries of the area, which directly benefits the student and his job as well as his company and the tions toward improving effectiveness of corporate and social service functions and

NON-DEGREE PROGRAMS

A Special Programs Department of The Hartford Graduate Center also offers a wide range of courses which earn Continuing Education Units (CEU) for which regular transcripts are available. Non-degree programs are being offered this year in the fields of: Management, Data Processing, Human Development, Evening Career Courses, and Environmental Safety and Engineering.

Candidates for degree courses must apply for admission by August 15 and require a bachelor's degree from an accredited institution. Non-degree students will be accepted according to published schedules.

(203) 549-3600 or write:

275 Windsor St., Hartford, Conn. 06120.

WHAT EVERY CAREER-MINDED PROFESSIONAL SHOULD KNOW about

Warren, third.

Through its affiliation with Rensselaer Polytechnic Institute, one of the nation's major educational institutions, The Hartford Graduate Center enables qualified students to earn degrees awarded by RPI in a variety of disciplines including EN-GINEERING SCIENCE, MECHANICAL ENGINEERING, MANAGEMENT, MATHEMATICS AND COMPUTER AND INFORMATION SCIENCES.

OPPORTUNITIES FOR COMMUNITY SERVICE

The Hartford Graduate Center offers many opportunities for practical research community at large. Students preparing for their master's theses are encouraged to select subjects and undertake projects which often make substantial contribuoperations.

In addition, many companies call on the Center and its faculty for specialized assistance dealing with immediate problems and situations. Special seminars and courses are organized for this purpose and presented either on the Center campus or at company headquarters. Selected employees participate extensively in this type of program.

APPLICATIONS FOR THE FALL NOW BEING ACCEPTED FREE CATALOGS ON REQUEST

"If CBT isn't the one bank in Connecticut most respected for service to its customers,

"The bank that listens." It isn't just a slogan. It's a way

of doing business.

And that's what this questionnaire is all about. It's the same one that's been available for some time at all CBT branches (part of our continuing program of listening to our customers). Its purpose is a simple but

extremely important one: We want to know what we can do to further improve

service to our customers. Because if CBT isn't the one bank in Connecticut most respected for its service, there'll be some changes made.

We promise you that.

Pick up your postage-paid copy of our consumer questionnaire at any of our 84 offices.

Rookie-of-the-Year honor are .300 and well up on the RBI list.

BOSTON (UPI) - Every Boston Red Sox game these days is like a

fairy tale. Each one is like a dramatic episode that always has a happy ending. In Monday night's story, catcher Carlton Fisk came all the way back from two crippling injuries to drive in five runs to lead the Red Sox to a 7-6 win over the Milwaukee Brewers in a nationally televised game.

And in keeping with the fairy tale format, Fisk waited until the end the bottom of the ninth inning - to single home the winning run. Jim Willoughby, with 3 2-3 innings of hitless relief pitching, gets credit for saving this tale from becoming a Fisk singled in a first-inning run,

crunched a two-run homer over the left field screen in the fourth, hit a solo homer in the seventh to tie the game at 6-6, and won the contest with no outs in the ninth inning by stroking a bases-loaded single. The victory, Boston's fourth straight and 18th of 21, pushed the American League East leaders nine
