## Readers Have Party at Library

Scott Burgess, in tennis outfit, is ready to serve an imaginary ball during a charade at a costume party that ended the summer Guinness Book of Book Records Reading Club at Mary Cheney Library. Those who read five books or more during the summer were awarded certificates Tuesday in the library junior room. Emceeing the event was Dee Clavette, left, a summer employee with the town recreation department. Onlookers participating in the event are Scott Gaffney, Guinness Book; Ann Marie Cotelli, nurse; Kathie Sue Gaffney, leotard outfit for balance beam; Jim Crombie, swimmer with chest full of medals; Paul Morrisette, ghost with arms in sling; Marie Boober and Kathy Lewis, Siamese twins; Gail Maturio, longest tooth. (Herald photo by Pinto)

## Mitla Pass Concession Boost to Mideast Peace

By United Press International  
Israel and Egypt inched closer to agreement today on a second pact on a Sinai Desert troop withdrawal. The breakthrough appeared to come on Israel's decision to pullback from the strategic Mitla Pass, but Israeli sources said additional clarifications were needed from Washington.  
The Israeli decision to withdraw 19 miles from present positions and up to 32 miles from the Suez Canal was announced by Prime Minister Yitzhak Rabin Tuesday night. Israeli sources said he did so to assure the nervous nation that a withdrawal would not impair Israel's security.  
The Egyptian reply to the latest Israeli proposal was transmitted from Washington by Ambassador Simcha Dinitz after he met with Secretary of State Henry A. Kissinger Tuesday night to receive the latest Egyptian response to Israeli peace proposals.  
The sources said that within the framework of the clarifications, it may be possible to establish when Kissinger will resume Middle East shuttle diplomacy to seal the Sinai pact.  
In Cairo, officials reiterated Egypt's basic position that Israel withdraw from the Mitla and Gidi passes in the Sinai under a new interim peace agreement.  
The commission approved the budgets of hospitals whose budget increases did not exceed the 8 per cent guideline set by the commission last year.

## Commission Rejects MMH Budget Plan

Manchester Memorial Hospital is one of about 14 Connecticut general hospitals whose budget was rejected Tuesday night by the staff of the Commission on Hospitals and Health Care.  
MMH has submitted a budget of \$14,412,790 reflecting an overall increase of 14.2 per cent over last year's budget.  
The commission approved the budgets of hospitals whose budget increases did not exceed the 8 per cent guideline set by the commission last year.  
Officials of the Manchester hospital met with a CHHC panel Aug. 6 to justify their budget. Hospital officials will meet with the CHHC at a public hearing Aug. 13 in an effort to reach a budget agreement.  
There are 35 general hospitals in the state whose budgets are considered by the CHHC.  
Rockville General Hospital had requested a 4.5 per cent increase in its budget.

## Kidnap Victim Reported 'Buried'

YORKTOWN HEIGHTS, N.Y. (UPI)—Samuel Brofman II, heir to the \$1.7-billion Seagram liquor fortune, who reportedly was kidnaped, has been 'buried' and has only enough air and water for 10 days, according to news reports today.  
Radio station WCBS and the New York Daily News quoted sources close to the case as saying the kidnapers may be demanding as much as \$4.5 million for Brofman's safe return.  
A family spokesman, Charles Leedham, declined comment Tuesday on the reports. The reports said the kidnapers told the family the youth is "buried" somewhere in Westchester County — north of New York City — with only enough "water and air for 10 days."  
Brofman, 21, has been missing since early Saturday.

## Three Police Officers Promoted

By MAL BARRLOW  
Herald Reporter  
Police Chief Robert Lannan announced three promotions this morning.  
Susan I. Gibbens rose from policeman to detective.  
Samuel W. Kotsch Jr. rose from detective to sergeant in the patrol division.  
Henry F. Minor rose from sergeant in the training academy to lieutenant in the patrol division.  
The chief said each promotion was based on a separate set of tests. Each set consisted of a written part and an oral part and was administered by the state personnel department.  
Det. Gibbens, 28, is a Rochester, N.Y. native. She won her B.A. degree in careers and history in 1968 from Goucher College in Towson, Md.  
She then completed a 12-month program at the School for International Training of the Experiment in International Living in Brattleboro, Vt. in 1969. The school trains leaders for such concerns as CARE and UNICEF.  
The latest unrest began Sunday at a civil rights "swim-in" by 2,000 blacks at a beach in predominantly white South Boston.

## New Probe Ordered Into RFK Killing

LOS ANGELES (UPI)—The county of Los Angeles has taken action which almost guarantees a new investigation into the 1968 assassination of Robert Kennedy.  
The Board of Supervisors, in a 5-0 vote, Tuesday instructed the county counsel to support a suit to determine whether Sirhan Sirhan acted alone or whether there was a "second gun" used in the senator's death.  
It also requested the district attorney's office, which secured Sirhan's conviction for murder, to accede to re-examination of the ballistics evidence introduced at the 1969 trial.  
Acting District Attorney John Howard agreed. But he said his office had no doubt that Sirhan was guilty and that the verdict which resulted in life imprisonment for the young Palestinian immigrant was just.

## 'She Definitely Saved My Life'

By SOL R. COHEN  
Herald Reporter  
A Manchester man is certain he wouldn't be alive today if it weren't for Helen Brissette, head nurse in the emergency room at Manchester Memorial Hospital.  
"She definitely saved my life," says Richard Hanson of 16 Kane Rd. "She gave me immediate aid to reverse my reaction to a bee sting and brought me around from my unconscious state. I learned later from my doctor I showed no pulse beat and almost no heart beat and the odds were no better than 50-50 I would make it. Later, during the two days I spent in intensive care, my doctor assured me Nurse Brissette saved my life. For that, I'll always be grateful."  
Hanson, a full-time recruiter in the Army National Guard, tells what happened.  
"It was July 29 and what started out to be a very, normal day for me. I was on my motorcycle, on my way to keep an appointment with a recruit in the Rockville Armory.  
"Suddenly, when I was on Lake St. just over the town line from Manchester, I was stung by a yellowjacket bee. I stayed on the motorcycle but felt an immediate reaction. I had difficulty breathing and I was sure I was about to faint.  
"Fortunately, I made it on my bike to my uncle's home about a mile away on Diane Dr., just off Tunnel Rd. I pulled into his driveway and ran to his back door for help. I was able to tell him what happened — just before I lost consciousness.  
"I remember that I lost sight in both my eyes and, before lapsing unconscious I honestly felt I'd never live to see another day.  
"My uncle told me he got me into his car and, picking up a Vernon Police escort on the way, drove me to Manchester Memorial Hospital. The police radioed ahead, alerting the emergency staff to my problem, and they were waiting for me, especially that wonderful Nurse Brissette.  
"About 10 years ago, I had been stung by a bee, but the reaction then was mild. Now, two weeks after my critical reaction, I carry a hypodermic needle and kit. I never want to go through that experience again."  
A hospital spokesman said a call from the Manchester police arrived alerting the hospital emergency room a bee sting victim was being brought in.  
Nurse Brissette prepared the appropriate emergency treatment set up and administered a shot to Hanson as he was coming through the door.  
Brissette said whenever advance information is received at the emergency unit, immediate preparations are made to treat the patient upon arrival.

## Boston in Third Day of Racial Unrest

BOSTON (UPI)—Hundreds of black youths, in the third day of racial unrest, roamed housing projects and streets Tuesday, stoning about 60 cars. Police reported sporadic incidents today.  
At least nine persons were injured, including one white doctor seriously injured when he reportedly was dragged from his car and beaten near Boston City Hospital.  
Another white doctor was pulled from her car by a group of 20 black youths but was rescued unharmed by other blacks, a hospital spokesman said.  
More than 200 police were sent into the area to help restore order. The outbreak subsided around midnight as thunderstorms began, but resumed briefly after the rain.  
"It's kind of a hit-and-run situation where they stone cars and then take off," said police Sgt. Earl Bolt. He said the youths gathered in groups of five or 10 in the housing projects and surrounding streets.  
At least two police cruisers were among the cars stoned, and one vehicle was set afire, a police spokesman said. Four white cars were treated for minor cuts caused by flying glass when their cars were pelted with rocks, he said.  
Police said the injured doctor was Frank Gravino, 24, listed early today as "in fair condition on the danger list" at Boston City Hospital. A hospital spokesman said Gravino "had been pulled from the car and severely beaten about the head."  
Most of the trouble occurred in the area of the Mission Hill and Orchard Park housing projects and surrounding neighborhoods in Boston's predominantly black Roxbury section.  
Police said 22 persons were arrested. Police said that included 15 members of a group called the Committee Against Racism who were armed with clubs.  
A CAR spokesman said those arrested were members of "a security team." He said was formed to protect CAR members from harassment by anti-busing groups.  
Boston schools, partially desegregated last year, are to be integrated further this fall under a federal court order. The order, calling for the busing of an estimated 21,000 to 24,000 pupils, has drawn protests from some city officials and many white parents. Last fall's desegregation led to violence in some sections.

## Social Security To Be 40 Tomorrow

By SOL R. COHEN  
Herald Reporter  
Social Security will be 40 years old Thursday and, as Salvatore Anello put it, "The program, so untried when I began, has matured with our growing and changing nation." Anello is Social Security officer manager in East Hartford.  
Franklin Delano Roosevelt signed the Social Security Act into law Aug. 14, 1935, calling it predictably "a law which will give some measure of protection to the average citizen and to his family... against poverty-stricken old age."  
In the beginning, Social Security was for retired workers only. "Over the years," Anello said, "the law has been amended in many ways, so that now monthly benefits are paid to eligible retired and disabled workers and their families and to dependents of those deceased workers who worked long enough in jobs covered by Social Security."  
Originally, Social Security covered jobs only in commerce and industry and about 26 million workers had the protection. Today, better than nine out of every ten jobs are covered and about 100 million workers, and their families, have the protection.  
A 1959 amendment to the law provided survivors' benefits for dependents of deceased workers. And in 1964, another amendment added disability benefits — giving workers protection against loss of earnings due to disability.  
Social Security benefits are based on time worked and earnings. "The first benefits were paid in 1940 to about 222,000 people," Anello said. "The average monthly payment was about \$22 to a retired worker and \$47 to a widowed mother with two children in her care."  
Today, Social Security pays benefits to about 31 million people. The average monthly payment is about \$202 to a retired worker and \$472 to a widowed mother with two children in her care.

### Grocer Group Seeks Repeal of Container Law

Assembly will be asked to repeal it. Goldberg made his statement Tuesday at an Environmental Agency hearing on several proposed regulations dealing with bottles and cans.

Vermont law now requires a deposit on beer and soda bottles and cans. Supporters say it has dramatically reduced roadside litter, while opponents say it has hurt the state's economy by forcing buyers to go out of state to purchase their favorite beverage.

### THE COMMUNITY SPIRIT OF '76

By JOHN SIBUN

By August of 1775 the American Revolution was well under way and some of its less pleasant aspects were being felt by the citizens of the state.

On the last day of the month, the British warship H.M.S. Rose entered Stonington harbor and fired on the town. The log of the Rose claims that the ship was returning the fire after its tenders had been fired upon.

On the other hand the Americans claimed that the attack was a ruse company on its way to Boston seized "an incorrigible Tory" and marched him to Litchfield.

Here, after they had made him pluck a goose for its feathers, the soldiers tarred and feathered the man.

In addition to dispatching troops to wherever they were required, all the colonies were busy in the production of arms and ammunition and the sending of foodstuffs for a possible winter.

Also, in this month, commissioners, appointed by the Continental Congress, approached the Indian tribes hoping to at least get a pledge of neutrality in the current conflict.

In Boston, George Washington, confident now of that city's defenses, announced plans to attack Quebec and consequently sent Gen. Richard Montgomery on an expedition against Canada.

Meanwhile, moderates in the colonies were still hoping that their latest petition to the King would bring about a peaceful solution to the situation.

Others, like Franklin, who had worked until very recently to avoid conflict, now moved ahead with the preparations for war. Franklin pressed for the creation of a navy and sought support from other European nations, especially from

France, in the struggle with England. Thus, that was the way matters stood for our ancestors 200 years ago this month.

## Gardner Says He'll Take Lawsuit to Federal Court

James Gardner, the former Manchester Community College English lecturer trying to regain his job, said a federal lawsuit against college administrators and state college trustees will seek about \$1 million in damages.

Gardner, who delayed filing the lawsuit to meet with the state Board of Trustees for Regional Community Colleges, said today he'll go to court because trustees decided Monday night not to consider his case.

Gardner, represented by Attorney Robert Hirtle of Hartford, said the lawsuit will be filed against MCC President Ronald Denison, Dean Robert Penn, and the state Board of Trustees.

Gardner said he was dismissed from his job April 16 without being given a reason. He is claiming he was denied 14th Amendment rights to due process of law.

## ALMANAC

The United Press International Today is Wednesday, Aug. 13, the 225th day of 1975 with 140 to follow. The moon is in its first quarter. The morning stars are Mars, Jupiter and Saturn.

Those born on this date are under the sign of Leo. Pioneer social reformer Lucy Stone was born Aug. 13, 1818. Alfred Hitchcock, master of mystery movies, was born Aug. 13, 1899.

On this day in history: In 1923, the No. 1 song in the United States was "Yes, We Have No Bananas."

## State Pension Funds Reach Record Level

HARTFORD (UPI) — State Treasurer Henry E. Parker says the invested assets of Connecticut pension funds reached a record level of \$770 million as of June 30, compared with \$648 million a year earlier.

Parker attributed about \$58 million of the increase to employee and state contributions and about \$70 million to investment income and capital appreciation.

## Beach Rules Revised

Monica Shea 742-9495 The Coventry Parks and Recreation Commission has established a new list of rules and procedures that will be followed at the town's two public beaches.

Lisicke Beach will be closed to public swimming from 9 a.m. to noon every week day for swimming lessons. Sandy Shores beach will open at 10 a.m. and close at 7 p.m. seven days a week for public swimming.

Lisicke Beach will be open for public swimming from noon until 7 p.m. Monday through Friday and 10 a.m. to 7 p.m. on Saturday and Sunday. Beaches are officially closed at 7 p.m. and persons swimming at that time will be asked to leave the water until the lifeguards have packed up and left the area for the day.

No swimming will be permitted under the rafts or past the buoy. No mud, rock or sand throwing allowed. No roughhousing on the beaches, in the water or on the raft.

No boating or fishing in the swimming areas. No children under 12 years of age allowed on the beaches unless accompanied by an adult. No bikes or motorized vehicles allowed on the beach.

Penelope Sibun of East St., Hebron was a participant in the Connecticut Summer Intern Program at Washington, D. C. Here she meets with Sen. Lowell Weisker, a cosponsor of the program that gets scholarship aid from Republican town committees.

## Entry Blanks Now Available For Harvest Fair Exhibits

Barrasso, equipment and maintenance superintendent. Entry blanks for exhibits are available in the fair's exhibit pamphlet and all entry blanks must be in by Sept. 2 so that a planned layout of the exhibiting area can be made.

Also, all booths and displays must be on the fair grounds by 5:30 p.m. Sept. 4 and remain until the close of the fair. There will be no exhibit fee charged, but all exhibitors must procure tickets to enter the fair. A season pass good for all four days of the fair is available for \$2 from Lion's members and merchants in town.

The fair will be open for persons wishing to exhibit vegetables, fruits, flower and plants, baked goods, canned fruits and vegetables, jams, jellies and pickles and relishes. Also, quilts, rugs, crocheted, embroidery, knitting, sewing, and arts and crafts.

These articles and others will be on exhibit throughout the fair. Craft Contest There also will be a special contest at the fair this year to celebrate the heritage of Hebron and the nation's anniversary.

## Glenbrook Swimmers Compete in Relays

EAST HARTFORD Sheila Tuller Glenbrook Club swimmers took part in the West Hartford relays last week.

Glenbrook's 11- and 12-year-old girls placed third in the medley relay finals. Meg Visiglio started off with the backstroke, Lynne Dakin did the breaststroke, Claire Viola the butterfly and leila Bradley the freestyle.

The 11- and 12-year-old boys placed fifth for Glenbrook with Chris Berg swimming backstroke, John McCavoy breaststroke, Billy Leonard butterfly, and Andy Lofredo freestyle.

# Dear Abby

By Abigail Van Buren  
© 1975 by Chicago Tribune & N.Y. News Synd.

**DEAR ABBY:** I have a neighbor who I like, but his wife can be very obnoxious. This wife asked me to take a urine sample to the hospital lab for her in the morning because she and her husband leave for work earlier than the lab opens up and I go right by the hospital on my way to work later.

The next morning, this woman's mother was there to pick up the little jar to deliver it to the hospital, which is only six blocks away.

### IT'S URINE, NOT MINE

**DEAR IT'S:** I think you were being unduly squeamish. You probably would have taken a blood sample and would not have been shocked by the request—unless, of course, you don't like any part of your neighbor's wife.

**DEAR ABBY:** Joe, a guy I love with, told me that he just came back from Las Vegas where he had been the best man at three weddings. (I'll call the bridegroom "Paul.") Joe said that Paul first married a girl who was visibly pregnant just to give her baby a name. Immediately after the wedding, Paul divorced her. Then Paul went back to the chapel and married Paul No. 2 for the same reason. As soon as they were married, Paul divorced her, too. Paul said the divorces had been set up in advance. Then they went back to the chapel, and Paul married the girl he was really in love with. (Joe said the third one didn't look pregnant.) How about blood tests and waiting periods? Personally, I think this so-called "best man" is full of baloney, but he swears this actually happened.

### DOUBTING THOMAS

**DEAR TOM:** It's possible. Blood tests and waiting periods are not required in Nevada. I am informed that divorces are final when granted and the parties are free to marry immediately.

**DEAR ABBY:** The nursing problems of 1880 caught my eye because I was a graduate nurse in 1908. In training we received \$8 per month for four years. We worked 10 hours a day, six days a week, and did all the cleaning. Three months every year, we worked in the TB ward.

Later, on private cases, we were allowed to charge only \$25 a week. On contagious cases, we cooked all the patient's meals in the family kitchen, but many times, all I got to eat was one bowl of milk and bread.

On private cases we worked 20 hours a day and usually left the case after three weeks feeling exhausted and very hungry.

### NORA-J

**DEAR NORA:** The low pay, long hours and drudgery of nursing in the early 1900s may make today's nursing look easy. But the academic and professional requirements for R.N.'s these days are no "ball," either. And the competition, tensions and living costs that face the modern nurse don't make her work or her life a "ball," either.

Everyone has a problem. What's yours? For a personal reply, write to ABBY, Box No. 97700, L.A., Calif. 90069. Enclose stamped, self-addressed envelope, please. Hate to stamp letters! Send \$1 to Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Calif. 90212, for Abby's booklet, "How to Write Letters for All Occasions." Please enclose a long, self-addressed, stamped (20¢) envelope.

### 25th Anniversary

Mr. and Mrs. Kenneth O. Griffin of 118 French Rd., Bolton, celebrated their 25th wedding anniversary recently at a surprise party at the Kiwanis Club in Rockville.

The party was hosted by their children, Mrs. Larry Fortin of Rockville, Mrs. Elvin Byram of Manchester, and Kenneth Griffin Jr., Paul Griffin, Donna Griffin, and Peter Griffin, all at home.

The couple were married July 8, 1950 at St. James Church in Manchester.

Among the 200 friends and relatives attending were Mrs. Earl Miller of South Windsor, maid of honor; Mrs. Dominic Cordone of Glastonbury, bridesmaid; Irving Griffin of Windham, best man; and Stanley Griffin of Windsor Locks, usher. Guests from West Virginia and Florida also attended.

Mr. Griffin has been employed by the Pratt & Whitney Division of United Technologies Corp. in East Hartford for 23 years. Mrs. Griffin is the former Arline Lutz of Manchester.

A wedding cake was made by Mrs. Byram. The couple has one grandchild, Shane Fortin. As a gift from their party, the

### Odell-D'Auria

Denise Gall D'Auria of Milford and John Louis Odell of Manchester were married Aug. 9 at Christ the Redeemer Church in Milford.

The bride is the daughter of Mr. and Mrs. John D'Auria of Milford. The bridegroom is the son of Mr. and Mrs. Elmer Odell of 512 E. Center St.

The Rev. Richard Toner celebrated the nuptial Mass. Mrs. E. Ramos was organist and Mrs. Brian Maher was soloist.

The bride, given in marriage by her father, wore a gown of silk organza over tulle with high neckline, Bishop sleeves, appliques of re-embroidered lace and seed pearls, flared skirt bordered in lace and a chapel-length train. Her cathedral veil of silk illusion was gathered to an Alencon lace headband.

Mrs. Richard Brennan of West Haven was matron of honor. Bridesmaids were Mrs. Joseph Gallo of New Britain, Mrs. John D'Auria of Milford, the bride's sister-in-law; Miss Lucille Porri of Newington; and Mrs. Douglas Hays of Milford.

Robert Holland of Manchester was the best man. Ushers were Richard Goss of Manchester, Brian Maher of Buffalo, N.Y., Jack Nash of Manchester, and John D'Auria of Milford, the

Mrs. John Louis Odell

bride's brother. Aaron Odell of Wethersfield, the bridegroom's nephew, was ring bearer. A reception was held at Frank's Villa Pompeii in Orange, after which the couple left on a trip to Bermuda. They will reside in Newington.

Mr. Odell is self-employed in a floor cleaning business.

### ON SECOND THOUGHT

By JAN WARREN

### So Who Needs Mother?

Last week I left my family alone for 48 hours and went to visit my parents in New Hampshire.

The household did NOT fall apart without me. When I returned it was the middle of the afternoon. The washing machine was humming, the kitchen was organized, and the table was all set for supper. John was standing by the kitchen counter with his hand in the cookie jar.

"Hey!" I said, after I'd hugged him hello, "where did you get the homemade cookies?" "Sara made them," he said, through a mouthful, "best cookies I ever ate!"

According to John, everything went like clockwork. Even the little things got done. Tom mowed the lawn. John let the TV repairman in. Kate rode her bicycle to her dentist appointment. And during the big thunderstorm, Sara remembered to shut the windows so it didn't rain in.

"What about the cooking?" I asked. "I'll bet your father took you out to eat both nights."

"Nope," Kate made fried chicken. Sara made spaghetti, and we never.

"Don't tell me," I interrupted. "I know exactly what you're going to say, you

### IN THE SERVICE

Army Pvt. Thomas G. Charlet, son of Mr. and Mrs. Gerard Charlet of 56 Whitney Rd., received a Parachutist Badge marking his successful completion of the airborne course at the Army Infantry School at Ft. Benning, Ga.

He underwent a rigorous physical training program, then tested his ability by jumping

from 34-foot and 250-foot towers. The final week he was required to make five actual jumps.

Loray W. Bernard, son of Mr. and Mrs. Val Dymos, Rt. 1, Coventry, was promoted to Army private first class while serving with the 1st Field Artillery in Giessen, Germany.

Mr. and Mrs. Robert E. Miner

### Brochures Out This Week On Adult Evening School

The brochures for the fall semester of the Manchester Adult Evening School will be distributed to banks, libraries and the Municipal Building by Friday.

Mail registrations will be accepted from Aug. 18 until 29. In-person registration will be in Manchester High School Cafeteria on Tuesday, Sept. 9 from 6:30 to 8 p.m. The fall semester begins Sept. 15. It is suggested that interested persons try to register by mail to insure getting into a particular course and also to avoid the long waiting lines that are common at the in-person registration.

The registration fees for courses this year are as follows: Regular courses are \$6 per course for Manchester

residents and \$12 per course for non-residents. Recreational courses are \$10 per course for Manchester residents and \$15 per course for non-residents. There is one exception and that is social dancing which is \$15 per couple for residents and \$20 couple or non-residents.

Checks may be made out for the correct amount (fees) depending on the number of courses selected, otherwise registration will be delayed until the proper amount is sent in. Checks are to be made payable to the Manchester Adult Evening School.

A prayer meeting is scheduled for tonight at 7:30 at the Presbyterian Church, 43 Spruce St.

**ABOUT TOWN**

The pastor-parish relations committee of South United Methodist Church will meet tonight at 7:30 in Pastor George Webb's office at the church.

Thomas Miner of New York was his brother's best man. Ushers were William Molde of Bolton, the bride's brother; Richard Maney of Manchester; John Billock and Richard Behrman, both of East Hartford; Michael Lariviere of Bolton, the bride's stepbrother, was ring bearer.

A reception was held at the Army & Navy Club in Manchester, after which the couple left on a trip to Cape Cod, Mass. They will reside in Andover.

Mrs. Miner is attending Creative School of Hair-dressing. Mr. Miner is a junior at Central Connecticut State College. He is employed part time as a Pathmark of Manchester.

**TRUTH IN LENDING VIOLATION ALLEGED**

WASHINGTON (UPI) — The Federal Trade Commission accused Gulf Oil Corp., of violating the Truth in Lending Law by sending out charge-it-mail ads without adequately disclosing to consumers what the finance charges would be. The complaint alleges Gulf,

in advertising merchandise through the mail to its credit card holders, did not make the required disclosures that "the cost of credit is included in the price quoted for the goods and services."

The company was also accused of making statements such as "no charge for credit" and "no finance charge," which the FTC said "contradicts or detracts attention from required information."

The complaint involved merchandise offered for sale in more than four installment payments.

WASHINGTON (UPI) — The Federal Trade Commission accused Gulf Oil Corp., of violating the Truth in Lending Law by sending out charge-it-mail ads without adequately disclosing to consumers what the finance charges would be. The complaint alleges Gulf,

# OBITUARIES Col. Bayliss Dead at 60

LI Col. James C. Bayliss, (U.S. Army Ret.), 60, of 86 Forest St., highly decorated during World War II and the Korean Conflict, died Tuesday night at Manchester Memorial Hospital. He was the husband of Mrs. Florence Flato Bayliss.

Lt. Col. James Bayliss

Col. Bayliss, who retired from active duty in 1963 after 20 years of military service, was born Sept. 17, 1914 in New London and came to Manchester at the age of four. He was educated in Manchester schools and was a graduate of Manchester High School.

He entered the Army in February, 1941, when Co. K, 16th Infantry Regiment, was called into federal service. He then was first sergeant of Co. K and was immediately commissioned a second lieutenant in the infantry.

During World War II, the colonel served in the Southwest and Central Pacific areas as an infantry officer and tank company commander. In July 1945, after more than three years in the Central Pacific area, he was awarded the Bronze Star and a Presidential Citation for heroic achievement against the enemy near Okinawa, Okinawa.

Then a captain, he led a tank forward by foot to enable it to gain a safe passage through a mine field. Exposing himself to enemy fire, he went to the aid of the disabled vehicle, aiding in the evacuation of its crew and assisting in the removal of the tank.

After the war's end and while still a captain, he was released from active duty and returned to civilian life. He re-entered the Army in 1948, and after a series of stateside assignments, he went to Korea in 1950, serving with the 25th Infantry Regiment, 25th Infantry

Division. A month later, he was severely wounded while leading his men against a numerically superior hostile force. He was awarded the Silver Star for his courageous action that day, and the Purple Heart and a Presidential Unit Citation.

On his return to the United States in 1951, with the rank of major, he served as commanding officer of Station Company, Brookline Army Base, until 1953, when he was sent to Bremerhaven, Germany, where he was inspector general of the port of embarkation. He returned from Europe in 1956 and was an advisor to National Guard units in New York State until 1959, when he returned for a second tour of duty in Korea, serving with the U.S. Korean Military Assistance Group. He was promoted to lieutenant colonel in 1962 in Korea.

Col. Bayliss was assigned to the Boston Army Base as executive officer after his return from Korea in 1962. He was held until his retirement in 1963. For his military service, he was awarded the Legion of Merit, the Distinguished Service Cross, the Army of Merit Medal, the Army of Merit Medal with two oak leaf clusters, the Army of Merit Medal with three oak leaf clusters, the Army of Merit Medal with four oak leaf clusters, the Army of Merit Medal with five oak leaf clusters, the Army of Merit Medal with six oak leaf clusters, the Army of Merit Medal with seven oak leaf clusters, the Army of Merit Medal with eight oak leaf clusters, the Army of Merit Medal with nine oak leaf clusters, the Army of Merit Medal with ten oak leaf clusters, the Army of Merit Medal with eleven oak leaf clusters, the Army of Merit Medal with twelve oak leaf clusters, the Army of Merit Medal with thirteen oak leaf clusters, the Army of Merit Medal with fourteen oak leaf clusters, the Army of Merit Medal with fifteen oak leaf clusters, the Army of Merit Medal with sixteen oak leaf clusters, the Army of Merit Medal with seventeen oak leaf clusters, the Army of Merit Medal with eighteen oak leaf clusters, the Army of Merit Medal with nineteen oak leaf clusters, the Army of Merit Medal with twenty oak leaf clusters.

memorial contributions may be made to St. Bernard's School, 120 E. Main St., Manchester, N.H. 03102.

Funeral services will be held at 10 a.m. Monday at St. Bernard's School. Burial will be in Holy Sepulchre Cemetery, New London.

Funeral services will be held at 10 a.m. Monday at St. Bernard's School. Burial will be in Holy Sepulchre Cemetery, New London.

Funeral services will be held at 10 a.m. Monday at St. Bernard's School. Burial will be in Holy Sepulchre Cemetery, New London.

Funeral services will be held at 10 a.m. Monday at St. Bernard's School. Burial will be in Holy Sepulchre Cemetery, New London.

# Doctors Say State Lags In Wages and Benefits

By MARK MILLER  
HARTFORD (UPI) — Part of the impetus for physicians demanding more pay and benefits at Connecticut state mental hospitals comes from what they regard as better deals in other states.

On paper, Connecticut falls a little above average on minimum pay for non-specializing physicians and a little below the average for maximum pay, state Personnel Commissioner Frederic W. Rossmoand told United Press International Tuesday.

But his figures only deal with a category called Physician I, and it is senior physicians who are complaining the loudest.

The 52 senior physicians in state mental hospitals have warned they will stop working what they say is an average of 10 hours a week in unpaid overtime instead of submitting to the state's proposal to reduce benefits under the so-called Griffenhagen plan.

The plan provides cut-rate food and housing for the state by the physicians in exchange for the unpaid overtime. However, the doctors said the plan's benefits amount to about \$1,000 annually while the overtime would cost the state an average of \$10,000 per doctor.

The senior physicians also want higher wages, saying they lag from \$8,000 to \$10,000 behind what their counterparts earn in neighboring states.

The physicians have threatened to reduce working hours beginning Aug. 22, Nassiff said. He said the Connecticut State Personnel Commission will meet Friday to discuss his proposal.

If Rossmoand has comparable figures, he is not providing them. He is the first to point out the misleading nature of figures in a study by the International Personnel Management Association which he did release.

**No Fishing Pond Locally**  
Just Wondering Department: If Gould's Pond, also known as the Globe Hollow Reservoir near the Manchester Country Club, will ever be opened to public fishing for youngsters.

"There is no place in Manchester for youngsters to fish," Fred Nassiff reported recently. Nassiff, proprietor of Nassiff Arms sporting goods store, notes that due to the present economy with many people out of work and shorter working hours, the sale of fishing and hunting licenses in Manchester has zoomed to new all-time highs. This fact is true in the state and coast-to-coast as well.

"People have more time for fishing today, but there's no place in Manchester a man (or boy, or girl) can go," Nassiff said.

During the Bank's annual spring Fishing Derby, hundreds of youngsters take part at Salter's and more than one line got tangled as the boys and girls were practically rubbing elbows with one another.

The interest in fishing is evident by the response to the one-day promotion plus the number of license sales. Nassiff said his store handled more than 4,000 worth of licenses, principally fishing, in the month of April when the state season started.

The town clerk's office also reported a record number of fishing licenses had been purchased this season. As for fishing in Gould's, it's been outlawed for years although some youngsters still find time to get in a little fishing before being chased away.

According to a number of sportsmen encountered in recent weeks, Gould's Pond is loaded with fish. It might well be worthwhile if the Recreation Department and the Advisory Park and Recreation Commission looked into Nassiff's suggestion to open the pond to public fishing for youngsters. In New York, all reservoirs are open to fishing.

# World Mile Holder Hopes to Improve

GOTHENBURG, Sweden (UPI) — Only minutes after John Walker had obliterated the world record for the mile, he cautiously hinted of his hopes to improve on it.

"Of course I am very happy," the New Zealander said after breaking the tape in 3:48.4 minutes at the Gothenburg Games Tuesday night, clipping 1.6 seconds from the mark Tanzania's Filbert Bayi set May 18 in Kingston, Jamaica.

But Walker was quick to add: "I still have four more international meets to go in Europe this season and who knows what can happen?"

"I knew I could do it," Walker said. He turned out quarter-miles in times of 56.3, 59.2, 58.0 and 55.9 seconds in the beginning of the race. "I knew I could do it," Walker said. He turned out quarter-miles in times of 56.3, 59.2, 58.0 and 55.9 seconds in the beginning of the race.

The pacemaker was Sweden's Gunnar Zenermark, who took the field through the first two laps of the race in a torrid 1:55.5 minutes. Although Zenermark faded and finished out for nearly three weeks.

WETHERSFIELD (UPI) — Bob Hope, Jackie Gleason and Flip Wilson were among the celebrities elected to join sponsor Sammy Davis Jr. in today's Pro-Am prelude to the Greater Hartford Open.

The 24th edition of the white Wilson joined 220,000 other gets underway Thursday on the 6,593-yard, par-71 defending champion Dave Wehrhelfer Country Club.

Among those taking part in a practice session Tuesday was 1974 PGA champion Tom Murphy, player of the year Johnny Miller, 1970 winner of the GHO.

# Trudon's and Bogner's Post Wins In Town Class A Softball Tourney

Drawing first blood in the Class A Town Slow Pitch Softball Tournament last night were the two Silk City entries in the four-team double elimination play.

Silk City champion Trudon Volkswagen trounced Dick's American, 10-9, at Fitzgerald Field and Bogner's second place Silk City team outlasted Holiday Lanes at Robertson Park, 27-21. Dick's and champion Holiday represent the Candlelight loop.

Tonight's pairings find Bogner's and Trudon's clashing at 7:30 at Robertson and Dick's and Holiday providing the action at the same starting time at Fitzgerald Field. Only in the first and last innings did Trudon fail to score against the Americans.

Gary Karakashian cracked the only homer for Trudon while adding a single and double. Other big hitters in the 21-hit attack were Les Keston, Frank Gonzales and Frank Breen, all with three hits.

Dick's were paced by Leo Williams and Carl Hohenbahl, the latter getting a triple for his club's longest belt. Outbit 27-21, Bogner's took advantage of three Holiday misplays to win going away.

The Lanes jumped off to a 6-2 first inning lead but the Packers came back with seven runs in the second for a 9-7 edge. Three tallies in the third gave the Lanes the lead once again, 10-9, in the sea-saw battle.

Bogner's scored four times in the fourth to twice for Holiday to lead, 13-12, and never trailed, getting five runs in each the fifth and sixth frames and finishing up with four in the seventh.

Bob Brannick and Rich Riordan homered for the winners. Mark Monette singled, doubled twice and tripled, while White added four singles and Jim Purtil collected three on-base hits.

# Trudon Players Accept Congratulations from Losing Americans

Leading the attack with two hits each for the MB's were Chickie Balesano, Dale Pyschowski, Kathy McConnell and Cindy Talaga.

Karen Turck, Debbie Sarni and Doreen Oskman matched this total in defeat.

Economy Electric was awarded a forfeit win over Sportman Tavern.

Scoring early, Pero's trounced Mot's, 15-1, in the same loop at Nike.

Swinging big bats for the Markettes were Bats Talaga with three hits, one a homer, and Dennis Vendrillo, Bud Talaga, John Deo, Don Gagnon and Billy Kelly, each with two hits.

Ross Maserni collected two of the losers' six blows.

Trailing 7-4 after four innings, CBT Blue emptied for six runs in the fifth inning and held on to trim the North End Firemen, 10-7, last night at Robertson Park.

Big hitters for the Bankers were Don Jones, Cliff Hassett and Fred Shaw, each with two hits. Bob Davis added third singles.

# Holiday's Wirtalla Delivers

CHICAGO (UPI) — Approval of only three of the nearly 70 cost-cutting proposals before the NCAA special convention Thursday and Friday would save between \$6 and \$18.5 million for Division I schools competing in football and basketball, an NCAA spokesman estimated Wednesday.

"The biggest costs," he said, "are in grants in aid, coaching and recruiting, and there's no estimate of what the recruiting costs are. But, in rough figures, if the Council proposals to reduce grants in football and basketball are accepted, the saving would be between \$8.5 and \$9.8 million."

"If the proposal to eliminate the \$15 a month payments to athletes for Division I schools is accepted, it would save \$15 million, and reducing the size of coaching staffs to seven would save between \$6 and \$7.2 million."

The Council proposal would reduce the number of grants for football for each Division I school from 165 to 90 and for basketball from 18 to 15. Costs would drop about \$2,300 for each reduction of a grant.

"Most of the savings in recruiting," the spokesman said, "would be concentrated in prospects a school might bring to the campus."

Some of the legislative proposals seemed certain of passage in some form or another, he said. For instance, he said there was "every indication" there would be some reduction in the number of allowable grants, and that the "only issue" was the amount of reduction.

Similarly there's "more support" to eliminate the \$15 a month payment than for removal of books and educational supplies for the allowable grant.

"I think everybody wants to get rid of the \$15 a month visits by coaches to prospects, but the question is what's a fair number of visits. Then there's a desire for limits on the number of recruiting," the spokesman said, "would be concentrated in prospects a school might bring to the campus."

# Ali Purchases Farm

DEER LAKE, Pa. (UPI) — Heavyweight boxing champion Muhammad Ali said Tuesday he has purchased an 80-acre Michigan farm originally owned by the son-in-law of the late underworld king Al Capone.

The farm is located 12 miles outside Benton Harbor, Mich., and cost \$400,000.

Ali, who defends his title against Joe Frazier in Manila Sept. 30, bought the farm over the weekend, saying he chose it because he wanted a place near Chicago.

Deer Lake is a small town in the western part of Michigan. It was founded in 1835 and has a population of about 1,000 people.

Ali's purchase of the farm is seen as a sign of his growing wealth and his desire to establish a permanent home for himself and his family.

The farm is located in a beautiful area with scenic views of the surrounding countryside.

# Fireman Hurt, Man Rescued In Serious Fire at Motel

A basement fire at the Manchester Motel on McNeil St. this morning caused many thousands of dollars in damage, injured a fire fighter, and resulted in the death of a young man sleeping in the building, firemen said.

Other survivors are four sons, John Gordon and Philip Gordon, both of Manchester, Ronald Gordon of Coventry and Gregory Gordon of Rocky Hill. In front of the motel, noticed smoke coming out of the building.

Mr. Robert Keeney, medical examiner, said death was due to natural causes. Police said they were called at 8:28 p.m. by a Deerfield Dr. resident on W. Middle St. who identified Perzanowski, police said.

SPORTS BRIEFS

Smith Tennis Winner

COLUMBUS, Ohio (UPI) — Top-seeded Stan Smith of Pasadena, Calif., defeated Jack Gursuch of St. Louis, 6-1, 6-3, in the first round Tuesday of the \$50,000 City National Buckeye Tennis Championships at nearby Grove City, Ohio.

Egal Homer Total

NEW YORK (UPI) — With six weeks still left in the baseball season, the designate hitters in the American League already have equaled last season's total home run output, it was announced Tuesday by league officials.

Milwaukee's Hank Aaron, the leader of baseball's all-time home run record with 744, stroked his 11th homer in Monday night's game against Minnesota. It was the 167th home run of the year for the Chicago's designated hitter.

Sanders Disabled

NEW YORK (UPI) — The New York Mets Tuesday placed veteran reliever Ken Sanders on the disabled list effective Aug. 10 and recalled right-hander Craig Swan from the Tidewater farm in the International League. Sanders was injured in a freak accident Sunday when he was on the right eye by catcher John Stearns' return throw while taking his warmup toss.

No Advantage Noted

BALTIMORE (UPI) — Attorney David Cohan and other members of a Baltimore investors group planned to meet with American Basketball Association Commissioner Dave DeBusschere Wednesday noon to "iron out" details of their proposal to acquire the bankrupt Memphis Sounds. ABA officials said Tuesday that neither the Baltimore nor the Memphis groups has an advantage in the negotiations and Cohan scoffed at reports that the league

Keon to Saints

ST. PAUL, Minn. (UPI) — Dave Keon, 15-year veteran and former captain of the Toronto Maple Leafs of the National Hockey League, Tuesday signed a one-year contract with the Minnesota Fighting Saints of the World Hockey Association.

Keon, 33, a 5-foot-9, 165-pound center, played an estimated 1,100 regular season games with the NHL, plus about 100 playoff contests and had a total of 950 points on 400 goals and 550 assists. He joins Mike Walton, a former teammate in Toronto who went on to Boston before coming to Minnesota.

Celts Schedule

BOSTON (UPI) — The Boston Celtics Tuesday announced their 1975-76 home schedule which begins Oct. 24, against the Houston Rockets. In addition to 36 games in the Boston Garden, the team will play five home games plus an exhibition contest at the Civic Center in Hartford, Conn. Most of the contests in Boston will be on Wednesday and Friday nights with starting times of 7:30 p.m. There will be eight Sunday afternoon games with starting times ranging from 1 p.m. to 3:10 p.m. All games in Hartford will start at 7:30 p.m.

Still Works With Hands

NEW YORK (UPI) — Ever the champ would get the proper respect as a kid, Jack Sharkey is doing working with his hands and doing things for himself, so was being treated in the "why change now?" The former champion is still a kid at heart, but he's 73 in two months, and he's not waiting around for anyone to bring him a fancy cake with a lot of candles on it. He keeps busy, almost as busy as did in the ring nearly a half century ago when he came out of control and bested him at the time, fellow champion like Jack Dempsey, Tommy Loughran, Young Striving, Max Schmeling and even a young, just starting out Joe Louis.

Jack Sharkey Busy Man Working Around House

NEW YORK (UPI) — Ever the champ would get the proper respect as a kid, Jack Sharkey is doing working with his hands and doing things for himself, so was being treated in the "why change now?" The former champion is still a kid at heart, but he's 73 in two months, and he's not waiting around for anyone to bring him a fancy cake with a lot of candles on it. He keeps busy, almost as busy as did in the ring nearly a half century ago when he came out of control and bested him at the time, fellow champion like Jack Dempsey, Tommy Loughran, Young Striving, Max Schmeling and even a young, just starting out Joe Louis.

Giglio Scores In Motor Run

Ron Giglio of Old Country, Bolton, took overall first place in the Open Novice Division in motor-cross races at Central Village on the weekend. The win put Giglio over the necessary 15 points of novice racing and into the amateur class of motorcycle racing competition.

Heritage Savings

Heritage Savings is a new concept in savings. It's a way to save money on a regular basis. You can start with as little as \$10.00 and save up to \$100.00 per month. The money is invested in a diversified portfolio of stocks and bonds. You can withdraw your money at any time without penalty.

Moriarty's Twilight League's American Division Champions

Winning championships is old hat for Moriarty Bros. entry in the Hartford Twilight League and last night at Moriarty Field the Gas House Gang added another divisional title. The locals held on to post a 5-4 decision over the pesky Vernon Orioles for their 17th success in 20 starts.

Rich Riordan and Ronnie Krough led the locals at the plate with two hits each with Steve Krajewski a standout driver in both markers with his only hit of the night, a double. Johnson, the loop's leading hitter, slipped under the 500 mark with one hit in three trips.

The decision also clinched the American Division crown for Manager Gene Johnson's classy club of veterans and youngsters.

Undeclared Dave Bidwell picked up his fourth straight decision with help from Jeff Grunwald for the last five outs when the Orioles threatened to pull an upset.

Fisk Latest Hero In Red Sox Cast

ANAHEIM (UPI) — Carlton Fisk was bubbling with excitement over his first home run in the Red Sox uniform.

"Baseball has really come around in the last couple of years," said the Red Sox catcher. "I think it's because we have exciting talent just on our team but in the whole league."

Fisk, who sat out much of the early season with injuries, pounded out three hits and drove in three runs Tuesday night to help Boston to a 8-2 win over the California Angels. It was the fifth win in the last seven games for the Red Sox who have a seven-game lead in the American League East.

"Last year, lots of nagging injuries kept us down," Fisk said "but barring serious injuries this year, we can go all the way. Baltimore looks like they're charging now like they always do but we play better when the competition is tough."

Rick Wise pitched a seven-inning to notch his ninth straight victory and improve his record to 16-6. Wise, who made only nine appearances all of last year because of shoulder problems and a finger injury, has now won 11 of his last 12 decisions. He struck out eight and walked only three.

"He was injured last season so much that he never got a chance to get going," said Boston manager Darrell Johnson. "We didn't expect him to win nine and to be the 16-6 but he's a quality pitcher and he always has been."

Boston struck for five runs in the first three innings, leading the bases in the first on singles by Deury Doyle, Carl Yastrzemski and a hit batsman. Fisk's singled led to a pair of runs.

Doyle, acquired from the Angels earlier this year, got the Red Sox started again in the third with an infield single and scored on Yastrzemski's double. Jim Rice singled in Yastrzemski and, after a walk to Fisk, Cecil Cooper greeted reliever Andy Hassler with another single to make it 5-0. Boston finished with three more runs in the ninth.

Fisk pointed to Doyle as one of the major reasons for the Red Sox' success.

"Doyle is just one super hitting streak speaks for itself," Fisk said. "He has hit in 27 of his last 28 games and not struck out in his last 134 at bats dating to July 4. He had been suffering from the virus and was a questionable starter."

Rennie Cleveland (9-8) goes for Boston tonight against Ed Figueroa (10-8).

Final Races

Last in a series of five horse country races will be staged tonight at the Manchester Community College course with titles at stake in all divisions.

Racing starts at 6:30. Current front-runners in the seven divisions are Jeff Green and Bob Clifford in college, Joe Firetto and Matt Wallace in teenage, Bob Russell and Dave Fradin in women, Brad Jones and youth Larry Furish in jockey.

Mayor John Thompson will present trophies to the overall point leader in each division.

Different View Today For Manager McAuliffe

BRISTOL (UPI) — Former major league second baseman Dick McAuliffe is getting a different view of baseball these days as manager of the Bristol Red Sox AA team in the Eastern League.

"You have to think like a ballplayer," he said. "It's an altogether different view from the dogmat that you get at the plate."

"Being a manager, you can't forget what you yourself have learned from playing," said McAuliffe, who spent most of his 14-year professional career with the Detroit Tigers and played some for the Boston Red Sox, parent team of Bristol.

"Secondly, you can't forget being a baseball player," he said. "You have to remind yourself of the days when you played."

McAuliffe, whose team currently is in first place by a scant half-game, thinks that a manager he should work his way up the ladder and go through the minor league system.

"I'm learning every day and it's fun," he said. "But right now, I have no ambition to manage in the big leagues."

Stargell Ailing — First baseman Willie Stargell will be out of action for a week to 10 days because of an "undisplaced fracture of the ninth rib," according to Pittsburgh Pirates team physician Dr. Albert Ferguson.

Tigers Nearing A.L. Loss Mark

NEW YORK (UPI) The Detroit Tigers are obviously feeling the pressure (or is it frustration?) of a team flirting with a losing record.

The Tigers lost for the 17th straight time Tuesday night—three shy of the American League record—with a 4-3 defeat to the Texas Rangers.

In the first inning, leading the bases in the first on singles by Deury Doyle, Carl Yastrzemski and a hit batsman. Fisk's singled led to a pair of runs.

Doyle, acquired from the Angels earlier this year, got the Red Sox started again in the third with an infield single and scored on Yastrzemski's double. Jim Rice singled in Yastrzemski and, after a walk to Fisk, Cecil Cooper greeted reliever Andy Hassler with another single to make it 5-0. Boston finished with three more runs in the ninth.

Fisk pointed to Doyle as one of the major reasons for the Red Sox' success.

Seaver Just Too Much For Padres to Handle

NEW YORK (UPI) — The San Diego Padres are only putting people on when they tout teammate Randy Jones as the National League's Cy Young Award winner.

As far as they're concerned, Tom Seaver is the best pitcher in the league—this year, last year and every year.

Why? Because Seaver's lifetime record against them is 17-1, that's why.

Seaver made it three in a row over the Padres this season Tuesday night when he went eight innings in a 9-4 victory and raised his overall record to 16-7. He and James, beaten by the Mets the previous night, are currently among the leading candidates for the NL's Cy Young Award.

But Seaver, always the perfectionist and sometimes lampooned as the Hamlet of Shea Stadium, merely shrugged off the victory with the comment: "I didn't have my usual control. I lured in the late innings because I made a lot of pitches. I was glad to pick up the win."

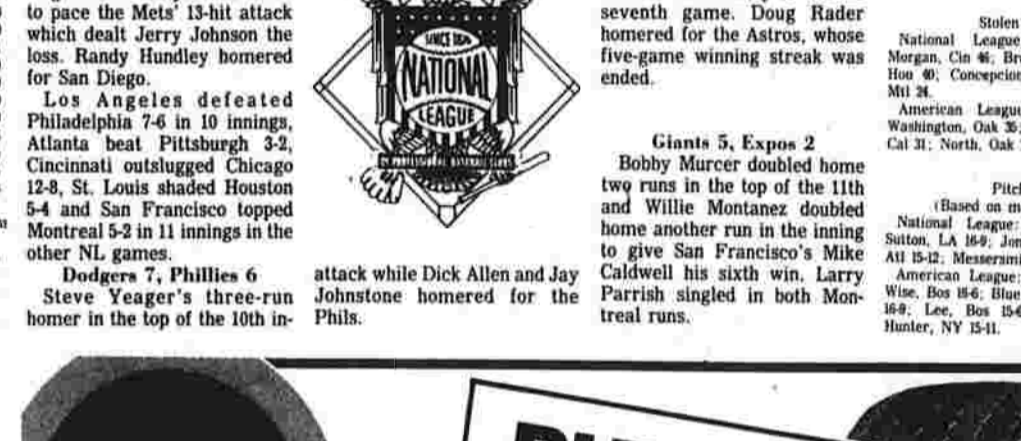

Wayne Garrett had four singles and Randy Staub three to pace the Mets' 15-hit attack which dealt Jerry Johnson the loss. Randy Hundley homered for San Diego.

Los Angeles defeated Philadelphia 7-6 in 10 innings, Atlanta beat Pittsburgh 2-0, Cincinnati outsluged Chicago 12-8. St. Louis slugged Houston 5-4 and San Francisco topped Montreal 5-2 in 11 innings in the other NL games.

Steve Yeager's three-run homer in the top of the 10th in attack which Dick Allen and Jay Johnstone hooked for the Phils.

### Choma Approved ZBA Alternate

**VERNON** A motion to defer action on the appointment of Anthony J. Choma Jr., as an alternate on the Zoning Board of Appeals, was defeated and a motion to approve was passed at the Town Council meeting Tuesday night.

The motion to defer was made by Republican F. Richard MacDonald, and two Republican council members, Gretchen Mason and John Gullotti, joined with the two Democrats present, Peter Humphry and Thomas Benoit, to defeat it.

Voting for the motion were Republicans Donald Eden, MacDonald, and G. Richard Owen.

With the exception of MacDonald, who abstained, the vote was in reverse on the motion to approve the appointment.

Humphry termed MacDonald's motion as "petty."

MacDonald said he only made the motion because there was no resume attached to the recommendation and that his appointment which came from the Democratic Town Committee. He said there was no political ploy involved.

"I just want to see that no conflict of interest is involved," Mayor Frank McCoy reminded Humphry that it was former Democratic Councilman Thomas Wolff who included before an appointment was approved.

"This is not unusual. I don't believe anybody wants to vote against Choma," McCoy said.

Humphry said he recalled that it was recommended that resumes be submitted, but added, "These are people voluntarily serving and I don't think this bodies well."

Republican Donald Eden said, "If we continue with Mr. Humphry's line of thinking we would be rubber-stamping appointments just because they are volunteers."

MacDonald said to Humphry, "You are the one casting aspersions. I just suggested it be deferred. Members of the minority (Democrats) have demonstrated by their action Tuesday night their willingness to approve appointments without resumes."

Humphry asked that it be noted in the records that this was just MacDonald's opinion.

The Democratic Town Committee will be asked to have Choma's resume available for the next council meeting.

### Council Okays Site For Pump Station

**VERNON** Subject to approval of the Planning Commission, the Town of Vernon will purchase land on Phoenix St., at a price not to exceed \$6,500, for installation of a pumping station.

Tuesday night, on recommendation of Mayor Frank McCoy, the Town Council approved the purchase which also has to be approved by the Planning Commission.

The land is owned by William Guterman, Mayor McCoy said one appraiser valued it at \$8,500 and another valued it at \$4,000.

Town Engineer Leonard Sczesny told the council that the location is an ideal one for the pumping station for the new sewer lines which will serve the Phoenix St. area.

Mayor McCoy said the town has been determined eligible for a flat grant for the project but everything to be set, including the purchase of the land, before the funds are received.

### Five Persons Die In Road Accidents

United Press International At least five persons died in separate traffic accidents in Connecticut Tuesday including a man killed beneath the wheels of a public bus in downtown Hartford.

In a 1:30 a.m. accident today in North Windham, Margie Eveslag, 43, Windham, was struck and killed walking along Rt. 6, a truck driver, Jerome J. Calchiera, 32, Chaplin, said the woman suddenly appeared in front of his vehicle. He was charged with misconduct with a motor vehicle, state police said.

Police said Isaac Rogers, 55, Hartford, apparently tripped off a curb in front of the federal building on Main Street and fell beneath the wheels of a Connecticut Co. bus.

Police said Rogers fell after the bus began to pull away. They declined to identify the driver and said after a preliminary investigation no charges were expected to be filed.

Two other deaths involved motorcycle mishaps.

Francis D. Dellario, 17, Bristol was injured fatally when his motorcycle was struck by a passing truck while attempting to make a left turn on Wolcott Road, police said. Dellario died shortly after being admitted to Bristol Hospital.

In Stafford, one man was killed and another injured critically when the motorcycle they were riding struck a stone wall along Rt. 19 early Tuesday.

Police said the mishap went unreported for about five hours until it was discovered by a motorist about 6 a.m.

Fonda Road was William J. Stafford, 18, of Stafford, whom relatives said was scheduled to enter the Marine Corps Thursday. Keith J. Alves, 18, also of Stafford, was found in an open field off the highway and taken to Hartford Hospital where he was listed in poor condition.

State police said it was unclear who was driving the vehicle and they sought witnesses to determine the time of the mishap.

In Berlin, Fernand Noury, 46, died about an hour after his truck collided with an auto on Worthington Street. Police said Noury, of Berlin, suffered an apparent heart attack prior to

### AREA POLICE REPORT

**VERNON** Mary Jane Diamond, 21, of 147 Hillard St., Manchester was arrested Tuesday on a warrant issued by Common Pleas Court 19 charging her with third-degree assault.

Vernon Police said the arrest was made in connection with the investigation of an incident at the Post Road Shopping Plaza during which a 14-year-old boy was allegedly struck by Ms. Diamond and released on a \$100 non-surety bond for appearance in Common Pleas Court 19, Rockville Aug. 27.

Harry Moulton, 18, of 82 Elm Hill Rd., Vernon was charged today with third-degree burglary and second-degree larceny in connection with the investigation of the theft of a motor vehicle.

He was to be presented in court in Rockville today.

Louis G. Poulin, 46, of 18 Village St., Rockville was charged today with operating under suspension. He was released on his promise to appear in court in Rockville Sept. 10.

William D. Cannon, 31, of Galtburg, Md. was charged Tuesday night with reckless driving, operating without protective headgear, and operating without a license in connection with the investigation of an accident on Robin Circle, Tolland.

Police said Cannon was taken to Rockville General Hospital for treatment of head and facial lacerations and a broken nose. Police said witnesses told them Cannon was driving his

### Horse Racing Law Repeal Requested

**HARTFORD (UPI)**—Senate expansion of gambling in Connecticut. And authorities have arrested two persons following an investigation of a major-league competition in nearby New York.

"The New York Racing Association tracks have been in business for years," he said. "They are identified with superior racing and superior racing stables. We simply can't complete," he said.

Police said DeFobert was traveling west on Chapel Rd. and as he rounded a curve his car was sidwiped by another car which was being pursued by an East Hartford police cruiser. The car then disappeared and the driver was not apprehended, police said.

time offering purses substantial enough to attract quality horses and quality jockeys, particularly in the face of established major-league competition in nearby New York.

"The New York Racing Association tracks have been in business for years," he said. "They are identified with superior racing and superior racing stables. We simply can't complete," he said.

Connecticut will have a hard

### Judges Bow To Youth

**LAKE BUENA VISTA, Fla. (UPI)**—The judges trying to decide among the five pageant contestants decided to go with youth.

and so Mrs. Mickey Pawlicki, 78, was named queen Tuesday of the Florida Nursing Homes Association over four rivals, each more than 80 years old.

Mrs. Pawlicki, of South back adverse traffic and environmental reports. Meanwhile, Sawmill Brook Corp is trying to push its proposal for a track in Middletown, but it too is running into environmental and traffic problems.

Gov. Ella T. Grasso has become concerned about the pageant's four other finalists included Mrs. Lillian

### Protection Allegation Denied

**WASHINGTON (UPI)**—The chairman of the Senate committee investigating the CIA today criticized Sen. Barry Goldwater, R-Ariz., for suggesting some committee members may be trying to protect former President John F. Kennedy and his brother Robert.

Sen. Frank Church, D-Idaho, chairman of the Select Committee on Intelligence, called the charge "absolutely unfounded."

Even if there was a connection, Goldwater said, the Kennedys had good reason to want to get rid of Castro.

"In the early '60s," Goldwater said, "President Kennedy and his brother had every right to perceive that the nation's best interest lay in the removal of Fidel Castro."

"Let us remember that a near state of war existed between the United States and Cuba at this time. Castro's removal seemed necessary, if not vital, in those days and was supported by nearly all responsible officials in Washington."

The new Title XX of the Social Security Act provides for municipalities for those social

### Mayor Thompson Presses for Title XX Funds

**Manchester Mayor John Thompson**, as official spokesman for the Connecticut Conference of Municipalities, today urged the State Social Security Department to make certain Connecticut cities and towns receive at least the \$2.5 million in direct federal funds promised them under a new provision of the Social Security Act.

The new Title XX of the Social Security Act provides for municipalities for those social

service activities which meet five national goals:

- Achieving or maintaining self-sufficiency, including reduction or prevention of dependency.
- Achieving or maintaining economic self-support to prevent, reduce or eliminate dependency.
- Preventing or reducing inappropriate institutional care by providing for community-based care, home-based care or other forms of less intensive care.
- Securing referral or admission for institutional care when other forms of care are not appropriate or providing services to individuals in institutions.
- Preventing or remedying neglect, abuse or exploitation of children and adults unable to protect their own interests, or preserving, rehabilitating and reuniting families.

On June 10, Town Manager Robert Weiss told state officials he estimates the Town of Manchester is eligible for about \$633,000 reimbursement for

### POLICE REPORT

**MANCHESTER** Russell F. Johnson, 30, of Crystal Lake Rd., Vernon was arrested today at 1:25 a.m. on a Vernon St. lane in his car. He was charged with operating a motor vehicle while under the influence of liquor or drugs. He is scheduled to appear in Common Pleas Court 12 in East Hartford Sept. 2.

Police received many reports of vandalism Tuesday and this morning. They include:

- A one-400 monument in the Buckland Cemetery off Tolland Tpk. was moved off its base.
- Someone broke 18 panes of glass in a gas station at 84 W. Middle Tpk. Damage was estimated at \$90.
- Two youths in a tree over Linden St. dropped objects on a large car's hood and trunk Tuesday at 2:30 p.m. The car's driver approached the youths and told police he would contact their parents about the damages.
- Four boards were ripped off a Haas Tobacco Co. barn off Buckland Rd.
- Razors were used to make nine slashes in a vinyl roof of a late model car.
- The restroom of the Exxon station on Hartford Rd. was vandalized. A mirror was broken and the water turned on full force.
- A diamond ring valued at \$1,650 was among valuables stolen during the day Tuesday from a Portland Village apartment off W. Middle Tpk. Other items included \$49 in cash, other rings valued at a total of \$200, an antique, gold watch at \$300, and a diamond chip dog tag at \$115.
- Copper colored slugs were used in a soda machine at Bob's Mobil at 427 Hartford Rd. Mrs. Ford said the machine was broken and the water turned on full force.
- About \$50 worth of cigarettes were also missing from a vending machine there. The coin box was full of the slugs, police said.
- The 1966 Volkswagens of Gifford Route of 125 Scott Dr. was stolen Tuesday from the Purnell Pl. parking lot.
- The 1966 Harley Davidson motorcycle, a "chopper," owned by Tom Kudva of 108 Broad St., was stolen today between 2 and 6:30 a.m. from in front of his home. It was valued at \$2,000.

### New I-84 Timetable Eyes Start in 1979

**BOLTON** The DOT's timetable calls for:

- Hearings in affected towns in September and October 1975;
- Design study by the state DOT and final approval of plans by federal DOT by 1976-77;
- Land acquisition to begin about the middle of 1977;
- Construction to begin in the summer of 1978;
- Completion of construction by 1983.

Ahern said that plans call for an expenditure of \$67 million for total costs of the highway.

In discussions with John Drake, planning director for the Department of Transportation, Ahern said he learned that the 12.8 miles of proposed highway between Bolton and Columbia will probably displace 41 families, 17 commercial businesses, 2 industrial businesses, and 1 non-profit business, a post office.

Probable interchange locations will be at Bolton North, Notch, Swamp Rd. in Coventry, Parker Bridge Rd. in Coventry, and the junction of Rts. 6 and 96 in Columbia.

Ahern noted that the new highway would eliminate the Bolton North highway center, and turn south between South Rd. and Rt. 6.

Ahern pointed out that the state is obligated to find new locations for displaced homes and businesses before beginning construction.

### Robbery Leads List of Crimes

**WASHINGTON (UPI)**—There were 37 million victims of crime in America in 1973, according to the Justice Department.

A survey released Tuesday said 40 per cent of them were robbed and that incidents of rape, robbery, assault and burglary were three times higher than those reported to police.

The study said blacks tended to be more likely than whites to be victims of crime, and that males were more often victimized than females, with black males having the highest victim rates.

Personal larceny, the single most prevalent crime, accounted for about 40 per cent of all crimes and household larceny accounted for 20 per cent.

The survey also found:

- Males 18 to 19 years of age had the highest personal victimization rate, followed closely by males 12 to 15 years of age.
- Persons over 65 were the least likely to become crime victims.
- Families with annual incomes of less than \$3,000 had the highest victimization rate, while families with incomes of \$3,000 or higher had the lowest. High income bracket families had the highest victimization rate from personal larceny.

### Science Today: Little Green Things Battle Mosquitoes

Patricia McCormack  
UPI Family Health Editor  
NEW YORK (UPI) - Will little green things come to man's rescue in the battle against mosquitoes? Some scientists have a hunch the answer is "yes." Buckets of hydra, the green things, are being dumped from a helicopter into a rice paddy in California.

Hydra eat mosquito larvae and hold out hope the stinging insects can be controlled by this natural means instead of by pesticides which are increasingly under fire for their toxic effect on humans. Besides, some mosquitoes are developing immunity to poison sprays.

Hydra, freshwater relatives of the saltwater jelly fish, are tube-shaped and from an eighth to half an inch long. At one end of the tube is a foot; at the other, a mouth sprouting tentacles longer than the body.

Dr. Howard M. Lenhoff and Dr. R. Lee Norland are helping to make it possible to use this biological control to regulate populations of mosquitoes.

For four years, Lenhoff, a University of California, Irvine scientist using National Science Foundation funds, has worked with hydra as predators on mosquito larvae. He also developed techniques for mass culturing of hydra.

Norland, of the Kern Mosquito Abatement District of California, got together with Lenhoff and offered to help in the first major field application by supplying the helicopter and other equipment.

Lenhoff is trying to find out how many hydra are needed per acre to achieve a maximum

### Record-Setting Stopover For Chinese Antiquities

SAN FRANCISCO (UPI) - The fact that San Francisco was strictly an afterthought - with art lovers such as Cyril Magnin, the department store magnate, doing much to change the thinking which would have had the exhibition returning directly to China from a visit to Kan-

Another significant factor may be the efforts made to keep spectators amused during the wait - an average of 1 1/2 hours. But whatever the reasons, authorities are sure San Francisco will shatter records for throngs gazing at the display of Chinese antiquities.

Displaying the finds in San Francisco was strictly an afterthought - with art lovers such as Cyril Magnin, the department store magnate, doing much to change the thinking which would have had the exhibition returning directly to China from a visit to Kan-

The exhibition drew some 700,000 persons in a four-month display in London and a like number during 2 1/2 months at the National Gallery of Art in Washington.

It is on view in San Francisco for only two months, from June 29 through Aug. 28. It drew nearly 400,000 visitors during its first month at the Asian Art Museum.

In one day alone, more than 17,000 persons traipsed through the halls in one day to see the 380 objects, including ancient ceramics, pottery, clay models, bronze vessels, wood carvings and other treasures up to 6,000 years old.

The exhibition left China and opened in Paris in May, 1973, where it drew 200,000 visitors. Then it went to London, Vienna, Stockholm, Toronto, Washington, D.C., and Kansas City, that was supposed to be

the last stop and caretakers were reluctant to unpack the exhibit again on the West Coast. San Francisco never gave up and in mid-April signed the papers to have the exhibit make one last stop. It will turn out to be its best-attended.

Pleasant weather in Golden Gate Park has kept the crowds up. Individuals are given colored tickets of admittance and then seated in the bandshell across the street to wait until they are called - in groups of 75 to 100.

Other attractions for those waiting are the Japanese Tea Garden and the de Young Memorial Museum, both adjoining the Asian Art Museum.

### SOCIAL SECURITY

Q. My mother, who is 80 years old, has gotten so sick she can no longer handle her own money. I have her power of attorney, but I'm not sure what I should do with her monthly Social Security checks. Should I try to cash them?

A. No. You should not cash her Social Security checks. You should contact your Social Security office immediately. They will arrange to send her checks to you as her "representative payee" with the checks carrying your name as well as your mother's so you can cash them.

Q. I am going to retire at the end of this year and start collecting Social Security retirement benefits. Will I have to pay federal income tax on these monthly benefits?

A. No. You do not have to pay federal income tax on Social Security benefits.

Q. I'm going to retire this year. I have a grown son at home who has been severely disabled since he was born. My wife takes care of him, but she is only 58. Can she get payments from Social Security when I retire?

A. Yes. In addition, your son may be eligible for benefits that can be paid to adults disabled in childhood. You should apply for benefits for your wife and your son at the same time you apply for retirement benefits.

Q. I had doctor's bills while I was visiting a friend in another state last spring. I filed a claim with the Medicare office in that state and they took out the \$60 deductible. I now have bills from my own doctor. How do I notify the Medicare office in my home state so they won't take out another \$60 deductible?

A. You don't have to worry about paying the deductible twice. All Medicare claims are coordinated through the Medicare Central office in Baltimore, Md.

Q. I recently received my Medicare card, but it has my husband's Social Security number on it. Since I have my own Social Security number, shouldn't it be on my record?

### BICENTENNIAL FACTS

On Mar. 7, 1778, the Continental Frigate *Randolph*, under Commodore Nicholas Biddle, engaged the British warship *Yarmouth* off Barbados. In the West Indies, Biddle valiantly fought the *Yarmouth* which carried 64 guns compared to the *Randolph's* 32. Biddle inflicted severe damage "but in this moment of glory... she (the *Randolph*) unfortunately blew up." No one knows what caused the explosion that killed all but four of the 315 aboard in the greatest single naval disaster until 1941. The *World Almanac* notes.

# The Lighter Side: Eternal Hysteria Is the Price of Vigilance

By DICK WEST  
WASHINGTON (UPI) — If, as it appears, the recession has bottomed out, bottom up! A least to the economic jitters that helped bring us through. Next time we may not be so lucky.

There is currently under way in the U.S. Congress a move to terminate four national emergencies that have gripped the republic for periods as long as 45 years.

These emergencies would remain in existence for two years after the proposed repeal legislation was passed. Which is less risky than outright repeal. Even so, enactment of the

measure would amount to a stroke of rashness in these troubled times.

While it may appear to the untrained eye that the emergencies are safely over, I, for one, am unwilling to take that gamble.

Consider, for example, the national emergency proclaimed on March 23, 1970, because of a Post Office strike. The strike

ended, true, but would anyone seriously argue that mail service is not still at a crisis point?

Termination of the 1950 Korean war emergency is another impetuous provision in the bill. Granted that the Korean truce has lasted almost a quarter of a century. That, however, is just long enough to lull us into a false sense of

security. I'll feel better if we remain on emergency footing for at least another decade.

As for the national emergency to deal with 1971 balance of payment problems, it may very well have run its course by the time it officially expires in 1977. All I can say is, why take chances?

If nothing else, continuation

of the emergency serves to keep us on the alert. And with the international monetary situation as volatile as it is, this is no time to relax our vigilance.

None of the above, however, represents my major concern. My main worry arises from the prospective termination of the national emergency that President Roosevelt declared in

March of 1933 to deal with the Great Depression.

Citizens too young to remember those bleak days might conclude that after 30 years of nearly unbroken prosperity the agencies that galvanized FDR have abated somewhat.

In that regard it is well to keep in mind that recessions have occurred with ominous

frequency. Thus far, fortunately, all have been relatively short-lived, including the one that hit last winter.

I'm convinced these early recoveries came about precisely because the emergency created by the 1933 depression was still formally intact.

It made us keep our guard up even in good times, so that the slightest slippage of the

economy was viewed with wild alarm.

Without the 43-year-old emergency to keep us on our toes, will the next recession find us lacking those call-like reflexes that have prevented the country from drifting into another depression?

I fear such might be the case. This definitely is no time to deactivate the panic button.

## MCC Offers India Course

Manchester Community College will offer this fall "Glimpses of Indian Culture," a non-credit course about India.

The course will meet for 10 weeks on Thursdays from 7:15 to 8:30 p.m. beginning Sept. 4. Raulha Jain, a native of India, is the teacher. She now lives with her family in Manchester.

The course includes visits with other Indians living in this area. Students will also attend the festival of lights, important religious holidays in India.

To learn more, call the MCC community services office at 646-2137.

## Bennet Sets Registration

Students new to Manchester who have not previously done so may register at Bennet Junior High School Monday from 9 a.m. to noon.

Registration will be in the main office of the Franklin Building.

Families who are unable to complete the registration at this time should contact the school office to make other arrangements.

An orientation session for students who are new to Manchester will be Tuesday from 9 a.m. to noon. At this time, there will be testing and a student tour.

The guidance counselors will set appointments to meet with the new pupils to plan their program.

School officially opens Sept. 3 at 8:45 a.m.

## Church Film Stars Boone

"The Cross and the Switchblade," a film starring Pat Boone, will be presented Friday at 8 p.m. at Calvary Church, 647 E. Middle Turnpike.

The showing is open to the public. A free-will offering will be received.

The film is based on the best seller, "The Cross and the Switchblade," written by the Rev. David Wilkerson, founder of The Challenge ministries.

Friday's night program is being sponsored by the Manhattan Christian Fellowship of Calvary Church in cooperation with the Youth Challenge of Greater Hartford.

## Tech To Offer Night Classes

Evening classes will be offered this year at Howell Cheney Regional Vocational-Technical School, John Garafolo, director, announced today.

It is the first time evening classes have been taught at the school since 1970, he said.

For further information, call the school office at 649-5396.

## LEGAL NOTICE

ADMISSION OF ELECTORS TOWN OF BOLTON, CONN. Notice is hereby given that the Board of Admission of Electors of the Town of Bolton will be in session in the Community Hall, 222 Bolton Center Road, on Monday evening, August 18, 1975, from 7:00 to 9:00 P.M., in accordance with State Statute Sec. 9-18a, for the purpose of admitting all persons who are qualified to be Electors of the Town of Bolton.

**Cake Donuts** 69¢ (Plain, Sugar, Cinnamon)

## The High Cost of Doing Nothing

WASHINGTON (UPI) — Senate investigators said Tuesday they have discovered an agency that did almost nothing for seven years at a cost of \$70,000 a year.

Investigators working for Sen. Patrick Leahy, D-Vt., told UPI the Federal Fire Council held no more than two meetings between 1968 and 1974 but throughout the period continued to receive congressional approval of its annual operating funds.

The agency was established in 1936 to coordinate federal fire prevention regulations in government buildings. It has been moved from department to department since then.

It is now in the National Fire Prevention and Control Administration within the Commerce Department.

Two Leahy staffers, assigned by the freshman senator to comb the bureaucracy to find wasteful spending, said the council met only twice during the seven-year period.

A full-time executive director and secretary managed to spend \$67,000 a year during this period, said Jack Ewing. "It's unclear how he spent his time," he said.

Ewing said the council is composed of "federal fire types" who are supposed to meet periodically to discuss ways to prevent fires in federal buildings.

"Sometimes they'll get together on a Sunday and the Navy will hold a fire-fighting demonstration for them," he said.

## Town Meeting Set Aug. 19

ANDOVER  
Donna Holland 646-0375

The Andover Board of Selectmen has scheduled a Town Meeting for Aug. 19 at which it will request approval of \$50 for the Recreation Commission, \$1,475 to extend the time the town planner will work, permission to dispose of a World War II surplus truck, and approval of an ordinance that will allow residents to be eligible for flood insurance.

The decision for the Town Meeting was unanimous. It will be held at 8 p.m. at Andover Elementary School.

Last week the Board of Finance refused to appropriate immediately the funds for the recreation commission. It approved the funds but stipulated approval must come from a Town Meeting.

The commission is seeking the funds in order to complete engineering specifications for the development of a recreational area on Long Hill Rd.

Disappointment was expressed by rec commission members following the finance board's action.

In order to obtain cost estimates on the specifications of the area, the developers are necessary, and in order to obtain the specifications, the requested funds are necessary.

The commission hoped for an immediate appropriation by the finance board because the specifications can be completed in about three weeks. Then the commission planned to have a Town Meeting, seeking approval for the development of the area.

If all had gone smoothly, the seeding of the proposed baseball field could have been completed this year and the field ready for the play in 1976.

Because of the fast action by the selectmen, there is a possibility the seeding can be accomplished this fall.

Initially, the next planned Town Meeting would have been the October annual Town Meeting. If it has been held in October there was no possibility of having the field ready until 1977.

Besides the baseball field, future plans call for tennis courts, a child's play area, and parking.

## CRRA Critic Seeks Hearing

DANBURY (UPI) — Fred Benedikt, head of the Connecticut State Defense Associates, says that unless legislators set up a public hearing on the Connecticut Resources Recovery Authority very soon, he will go to the public with his testimony.

"Unless in the next few days a definite August date is set for me and a number of others to appear we have the citizen duty to release prepared testimony and make available to the media supportive documents," Benedikt said Tuesday.

Benedikt accused Sen. Harold Hansen, D-Sherman, of possibly trying to block an investigation by the Environmental Committee, which he heads.

Benedikt said the committee was already publicly committed to a hearing.

Benedikt has charged that there are conflicts of interest involving the state Department of "Environmental" Protection and the solid waste disposal program being implemented by the CRRA.

## WINE BOYCOTT

BOSTON (UPI) — The Boston City Council has passed two resolutions supporting a boycott sponsored by the United Farm Workers of America, AFL-CIO.

In the resolutions, introduced by Councilor Larry DiCara, the Council asks the people of Boston to refrain from the purchase of wines produced in Medford, California (Gallo wines) and "red-top" table grapes to impress upon the grape growers the demand among workers and consumers alike for new contracts for farm laborers in California and other states.

NEWS

FOR SENIOR CITIZENS

By WALLY FORTIN

Hello! Well folks, tomorrow is the big day. The Connecticut River Cruise is here, and boy it will be a long day so prepare yourself for it.

MEAT TOWN

Where Quality Always Exceeds The Price! 121 1/2 SILVER LANE - EAST HARTFORD. Meat Economy Outlet. Hours: Tues. - Wed. 9 to 6 - Thurs., Fri. 9 to 9 - Sat. 8 to 6 - (Closed All Day Monday)

Western Boneless CHUCK STEAKS \$1.09. Absolutely The LAST TIME Sliced American CHEESE 99c. Fresh Pork SPARE RIBS 89c. Sliced Western BEEF LIVER 3/\$1.00.

ROUND CHUCK 99c. CHUCK GROUND 79c. Way Best CHICKEN LEGS 65c. FOR YOUR FREEZER. STOCK UP NOW and Save 20c to 30c lb. BELOW MARKET PRICE!

WHOLE RIB ROAST OF BEEF \$1.5 lb. Will cut into Steak, Roast, Short Ribs, or any way desired.

WESTERN HINDS OF BEEF 89c. WHOLE BOTTOM ROUND OF BEEF \$1.29. Includes full eye 18-22 lb. avg. Will cut to your specifications.

How that we are talking about trips, Monday we registered for the Brown's trip. So, if you are thinking of going, then we still have some spots available. Remember, in order to take a bus we must fill it, so it is with the fourth bus, and with this bus we must fill it, and only this third day, it should let you who are on the trip.

On Monday we had a nice turnout for our senior citizens. I guess we'll be taking only one bus. On bus No. 2 we have only 20 signed up, and like always we must fill the bus to take it.

BOSTON (UPI) - Lt. Gov. Thomas P. O'Neill said Tuesday the federal government will be asked to delay the Ang. II deadline for oil companies to submit bids for potentially oil-rich tracts of land off New England's coast.

HARTFORD (UPI) - Former Lt. Gov. Peter L. Cashman, a Republican, billed the state for baby-sitting and parking fees for political expenses, a part of his home telephone bill and some unspecified dinners, Auditor Joe P. Donohue said Tuesday.

FLETCHER GLASS CO. Screens Repaired... of MANCHESTER. 649-4521. Estimates Gladly Given Open Thurs. & Fri. 11:30 A.M. - Sat. 11:30 P.M.

MANCHESTER EVENING HERALD, Manchester, Conn., Wed., August 13, 1975 - PAGE TWENTY-SEVEN

**Ask the Jacobys**  
A reader from Hawaii wants to know if the rules of bridge allow a player to pass when his partner opens with a forcing top-bid.

This question comes up quite often. The answer is that the rules of bridge allow you to make any legal call when it is always a legal call.

At the same time it is seldom advisable to pass when your partner forces. He may have his bid and you may be missing a game or even a slam.

**NEWS CAPSULES**

**Hathaway Hospitalized**  
DENVER (UPI) — Former Wyoming Gov. Stanley Hathaway, who resigned as interior secretary last month, needs rest and seclusion while being treated for depression at a psychiatric hospital, his wife said Tuesday.

"He simply can't be subjected to any more pressure," Bobby Hathaway said Tuesday. "He is physically exhausted and needs seclusion and rest. I hope people leave him alone while he's in Denver." Hathaway, who served eight years as Wyoming governor prior to being nominated to the interior post, was admitted to the Mount Airy Psychiatric Center after being flown to Denver aboard a presidential jet during the weekend.

**Highway Bill Signed**  
VAL, Calif. (UPI) — President Ford has signed legislation clarifying authority for preparation of environmental impact statements required for all major federally funded programs.

White House aides said the Transportation Department now should be able to resume all major new federal highway projects in New York, Vermont and Connecticut.

The department halted projects in those states after the Second U.S. Circuit Court of Appeals last December issued a decision requiring "genuine

federal preparation" of environmental impact statements.

**Guidelines for FBI**  
MONTREAL (UPI) — Attorney General Edward Levi said today he is considering guidelines which would bar FBI surveillance of domestic groups unless they threatened violence.

"The proposed guidelines would limit domestic intelligence activities to the pursuit of information about activities that may involve the use of force or violence in violation of federal law in specified ways," Levi said.

Electronic surveillance of domestic persons and organizations still could be employed with a court order, Levi added, but only for "full scale" investigations which the FBI would report directly to the attorney general.

**Gangs Roam Streets**  
BELFAST, Northern Ireland (UPI) — Gangs of youths rained the streets of Londonderry today after more than six hours of rock-throwing clashes between Protestant and Roman Catholic mobs. Security forces patrolled Northern Ireland's second largest city during the pre-dawn hours in an attempt to keep the Protestant and Catholic youths apart.

Police reported only minor incidents in Londonderry after

nightfall, but said the city's darkened streets remained tense in the wake of Tuesday's clashes.

**Defense Rests**  
RALEIGH, N.C. (UPI) — For nearly seven hours Joan Little sat on the witness stand, fielding often hostile questions in a barely audible voice so well that when she was through her lawyers rested her defense.

Tuesday, at the end of the 22nd day of her trial for the murder of white Beaufort County jailer Clarence Allgood, the defense sharply ended its case.

The prosecution, contending the 21-year-old black woman killed Allgood in an escape plot, expected to take up today with four rebuttal witnesses, three of whom appeared previously. The fourth, a bail bondsman, was expected to testify that Miss Little offered him sex if he would put up her bail.

**Nixon Invited**  
WASHINGTON (UPI) — Chinese Communist leader Mao Tse-tung has invited former President Richard M. Nixon to visit China again, columnist Jack Anderson reported today.

Anderson said the former President "has confided to friends" that Mao invited him to a return visit. Nixon visited there as President in 1972, shortly before the Watergate break-in which eventually drove him from office.

**Sewer Program Cost Set at \$11 Million**

**SOUTH WINDSOR**  
Judy Kuehnel  
644-1364

The South Windsor Sewer Commission was presented Tuesday night with an \$11 million cost estimate plan for the installation of sewers in more than 30 different sections of the town.

The plan, which was prepared by James P. Purcell Associates Inc. of Glastonbury, represents cost estimates for all areas considered health hazards or where residents have complained about septic service problems. Estimated costs for three main areas are included: Farnham Estates, Pleasant Valley and the Main Street interceptor sewers.

Main Street's cost could come under federal funding, said James Throwe, commission chairman.

Specific cost estimates, excluding connecting streets, is \$645,000 for the Farnham area, \$520,000 for Pleasant Valley and \$2.8 million for Main Street. The present \$11.4 million costs include a 15 per cent construction costs contingency for possible rebuilding and repaving, engineering and legal services, a 15 per cent markup for administration and estimates for costs of right of way to private property.

David Gates, vice-president of Purcell Associates, said the estimate plan will probably be cut to "a workable \$7 million for construction costs." All cost estimates were drawn up with 1977 costs in mind.

The commission will meet with the Town Council after it receives a revised plan from the Purcell Associates later this week.

**Total July Building Valued at \$320,713**

**SOUTH WINDSOR**  
Judy Kuehnel

Building permits for 18 dwellings valued at \$224,000 were issued in July, Building Inspector Donald McLaughlin reports.

Permits were also issued for 10 swimming pools valued at \$24,825, 5 garages, \$19,900; 10 additions or alterations, \$43,550; 1 pool house, \$2,000; 3 aluminum sidings, \$1,950; 1 tool shed, \$200 and 1 stockade fence, \$250.

The value of all permits was \$320,713 and revenue to the town was \$2,137. During July last year, all permits were valued at \$479,068

which included two industrial buildings. Permits were also issued for seven houses, totaling value of \$244,000.

**Wood Free**  
Freshly cut wood is free for the taking from the Rye St. Park, South Windsor public works officials say.

**Need Chairs**  
The South Windsor Community Thrift Shop is in need of two sturdy chairs and a small rug.

Anyone having such items is asked to call Phyllis Striebel, 644-9147. The Thrift Shop proceeds go to community projects and scholarships. Hours are Tuesday through Thursday from 10 a.m. to 4 p.m.
