A fire that occurred shortly after 6 p.m. Wednesday extensively irefighters suffered minor injuries. About 85 firefighters were at the there is no estimate yet on the fered a leg injury. scene and had the fire under control amount of damage done. Almost all Two Town volunteers, Curtis nor said, within 45 minutes, but not before the of the firm's inventory was damaged. Walker and Randall Gee, were not my advertisements."

A second business in the rear of the building, Bernsten's Generator Sales & Service, was salvaged. It suffered little else, Deputy Chief James McKay of the Town Fire Department

The fire marked the first time since 1968 that the Eighth Utilities District Fire Department was called by the Town department to the scene District and Town officials both

agreed that the District has been called to minor blazes since that time, but District Fire Chief Gran-"Ted" Lingard and Wallace Irish Jr., public information officer, said that Wednesday's call showed a spirit of cooperation. Town Fire Chief John Rivosa felt that his department has always cooperated fully with the District

and has called it whenever needed. The Town Fire Department p.m., McKay said. Engines One and Two and Ladder Trucks One and Two were the first to respond. All off-duty personnel and volunteers were called to the scene about five minutes later,

McKay said. Engine Three also came to the scene later.
Other Town fire apparatus was relocated to the McKee and Center street stations. Almost immediately, a truck from the Center Street station was called to respond to a car fire on Hartford Road, McKay said. The town also called the District District's Engine 4, with 15 of its firefighters and an assistant chief.

The District also sent equipment to standby at Town fire stations. McKay said that a total of about 85 men were at the scene of the fire.

# 8th District meeting OKs truck purchase

By JUNE TOMPKINS Herald Reporter

Despite an ill-timed fire, the Eighth Utilities District held its annual meeting, elected officers, adopted a budget, and approved the purchase of a new fire apparatus Wednesday night in Robertson

The meeting was recessed almost immediately after being called to order at 7:30 because the Eighth District Fire Department was called to assist at a fire at Manchester Auto Parts at 270 Broad St. During the recess, district citizens

observed a continual demonstration y the Glastonbury Fire Department of its aerialscope truck. District directors and citizens were taken by turn in the bucket of the aerialscope p about 75 feet and over the top of the Board of Education building. They were also shown the adaptabili-

## Talk costs

By RICHARD SISK UNITED NATIONS (UPI) - The wage of peace are running close to \$3 nillion this spring, with more than one-third of the money devoted to putting all the rhetoric into print for

Budget people at the United Nations say their revised cost estimate is \$2,839,200 for the current special session of the General Assembly on disarmament That includes \$1,199,000 for verbatim and summary records of the meetings, \$879,000 for translation and interpretation, \$301,000 for reproduc-

tion and distribution of documents

and \$263,000 for travel expenses.

\* \* \* It doesn't include the \$1,122,000 already spent on the 42 meetings over 18 months of the 54 countries represented on the conference's preparatory committee, which pumped out about 1,500 pages worth of agendas, rules of procedure and the like. The grand total comes close to \$4

million, with the United States picking up about 25 percent of the tab That figure is about as insignifinually and may well be a bargain if

Revolution (SAR) award presented to him recently at the Bennet Junior High School annual awards ceremony. Ready to present him with an accompanying certificate is Ms. Josephine Kelleher, vice principal. Phelon has been a member of the student council, and the basketball and golf teams. (Herald photo-

# Society gives you the highest interest on six-month certificates.

A full .25% higher than any commercial bank.

# Compounded daily for the absolutely highest return.

Now, with a six-month certificate, you can get the highest interest in the shortest time ever. But where you get your certificate makes a difference.

Like commercial banks, the Society certificate is based on the 6-month U.S. Treasury bill rate for the current week.

But unlike commercial banks, Society adds a full .25% interest to that rate.

Interest is compounded daily to give you the highest return you can get. Anywhere.

The rate is guaranteed for a full six months. A minimum \$10,000 investment is required.

### Let a Society office manager help you make more money.

Mariann Patrice Biase and Thomas Leonard Grenier, both of Manchester, were married May 5 at St. Bridget

> The bride is the daughter of Mr. and Mrs. Angelo J. Biase of 84 Henry St. The bridegroom is the son of Mr. and Mrs. Joseph Grenier of 79 Deepwood Drive.
>
> The Rev. Emilio Padelli of St. Bridget Church performed the double-ring ceremony. Mrs. Mary Dubaldo of Manufactor was experied. Manchester was organist and soloist.

The bride, given in marriage by her father, wore an ivory Qiana gown designed with Empire waist, long fitted sleeves edged in lace, round neckline with front slit and lace trim. Her fingertip bridal illusion veil was attached to a Qiana Juliet cap trimmed with matching lace. She carried a colonial bouquet of ivory miniature carnations, oses and baby's breath.

Linda Messier of Vernon was maid of honor. Bridesmaids were Marcia Biase of Manchester, the bride's sister; and Lorraine Young of Glastonbury, the

James Messier of Vernon served as best man. Ushers were Mark Biase of Norwich, the bride's brother; and Michael Grenier of Tolland, the bridegroom's brother. A reception was held at the Army & Navy Club in Manchester, after which the couple left for Virginia Beach, Va. They are residing in Manchester.

Mrs. Grenier is employed at Diamond Showcase in Manchester. Mr. Grenier is employed at the U.S. Post Office in Hartford. (McKinney photo)

NRC members back citizen intervention WASHINGTON (UPI) - Two Nuclear Regulatory con

missioners said they support use of government funds to help finance citizen intervention in commission proceedings, according to leaders of an anti-nuclear power plant demonstration.

Representatives of the group met for more than two hours with NRC Chairman Joseph Hendrie and Commissioner Richard Kennedy.

"They both said they support intervenor funding, out of their budgets to help people with no money" participate in nuclear power plant regulatory proceedings, said Brett "No utility companies can fly lawyers to Washington anytime they need to present their views," Pam Lippe said, "It costs a lot of money to become a party to NRC

proceedings.
"We have the frustration of having no other way to in-

"We have the frustration of having no other way to influence the NRC's decisions other than laying our bodies
down." she said, pointing to the 200 demonstrators sitting
along the sidewalk outside the NRC offices, just three
blocks from the White House.

Kennedy said he agreed with the group's contention
that the commission should "test intervenor funding"
and added that he doesn't think the commission "does
enough" to solicit public opinion.
Butsey, Lippe and other members of the Seabrook
Natural Guard arrived in Washington after last
weeksno's demonstration in New Hampshire, which
drew 10,000 people to the site of the proposed \$2.3 billion
power plant.

Indian land claim talks sought

Some in state

discountruling

nation, waited two years for the Allen Bakke decision

Some today wondered whether it was worth the wait. "It's not a landmark case," said Stephen Joel Tractenberg, an attorney and president of the University

"It doesn't have dramatic impact in Connecticut. It's a

rifle shot rather than a shotgun blast; it's one very

narrow shaft of light down a dark tunnel. Everyone who

said it was to be an apocalypse was wrong," he said. Harry Wellington, dean of the Yale Law School said.

The opinion ends up being very narrow indeed. It sounds

to me as if it will have almost no effect at all on higher education in the United States and on minority ad-

"All it will bar are minority programs like the one at

Davis. Most places don't have a flat quota but rather seek

number," Wellington said.

quotas cannot be used

to admit minority students without having a fixed

The Supreme Court ruled Wednesday that Allan Bakke

twice by the University of California Medical School at

Davis which accepted black students with lower grades

But while the nation's highest court ordered the univer-

sidered as one of many admissions criteria, but flat

"I think there's a real distinction between affirmative

action and quotas, and it sounds like the court made it," Tractenberg said.
Thomas D. Lips, director of institutional affairs and

legal counsel at Trinity College, said, "I know of no school in Connecticut with an admissions system com-

Liberties Union, said the decision, "suggests there is

room under the constitution for various factors including

Ben Andrews, executive director of the Connecticu chapter, NAACP, said many civil rights leaders expected the court to strike down concepts of affirmative action

"I don't think the Bakke case will have an impact on Connecticut. The impact of the case itself while it was being decided was far greater than the legal implications "People have not passed many public works programs

and affirmative action programs because they thought the Bakke decision might mean the programs would be

unconstitutional. Many have waited two years to imple-

ment programs. Now they'll either have to go with them

"We still have a bottom line problem with us today that

we did not solve in the 1960s — how in 1978 do you resolve

the effects of discrimination without denying somebody

Harvard example

CAMBRIDGE, Mass. (UPI) - Supreme Court Justice

Lewis Powell couldn't have picked a worse example than

Harvard for the model of what an affirmative action ad-

missions program should be, a Harvard law professor

Referring to Powell's praise for the Harvard un-

dergraduate admissions program in his Bakke opinion, Professor Alan Dershowitz said, "He used the worst

possible example to make his point. The Harvard

program is one of the worst in the U.S., much worse than the Davis program. To use Harvard as a model is really a

Dershowitz said the law school separates applications

aid he has heard from a number of sources that the un-

dergraduate college follows the same procedure.

As a result, he said, blacks compete against blacks and

whites against whites for the spots available. That was

exactly the kind of process criticized by the Supreme

Harvard officials would not discuss the Bakke ruling

immediately. President Derek Bok said he wanted to

read the entire ruling first.
"The ones who suffer the most under the Harvard

program have been poor blacks and poor disadvantaged whites, Dershowitz said. "Harvard has always favored

the wealthy and the powerful and has favored the wealthy

and powerful among blacks as well. There have been no

efforts by Harvard to recruit among Irish-Americans,

Italian-Americans or other disadvantaged minority

according to race at the start of the selection process. He

said poor choice

race to be one of the criteria that can be considered in th

and deal specifically with quotas.

or shelve them," Andrews said.

else their rights," Andrews said.

display of ignorance."

Court, Dershowitz said.

William Olds, executive director of Connecticut Civil

sity to accept Bakke, it emphasized that race can be con-

38, was discriminated against when he was rejected

missions programs as they now exist at most places."

NEW YORK (UPI) — A Japanese ship-building firm has developed a box-like, seven-

ture.

"We're negotiating all around the world,"
Hakim said without going into specifics.
He said Mitsui, one of the world's largest shipbuilders and makers of offshore rigs, had been developing the hotels for "several years" and said one could be buit within two years. story floating hotel it plans to tow to New York and other ports around the world. The 585-foot hotels would be built in Japan by Mitsul Ocean Development and Engineering Co. and towed, much like giant oil rigs, to any port in the world where they Plans and scale model of the "flotel" show would then be permanently moored.
"We are looking to bring a standard of it will have 506 rooms lining the outer portions of the structure with balconies overlooking the luxury back to New York," said Selwyn Hakim, a senior vice president of the Ralph tropical garden and its several ponds. Like any other luxury hotel, the unique Hakim Group, which has an exclusive

rtnership with Mitsui to market the \$60 But New York is not the only place Hakim hopes to sell the 506-room floating palaces that have hydraulic glass domes over a tropical

garden that will fill the atrium of the struc-ture.

"We're negotiating all around the world,"

Hakim said without going into providing the constituents.

Guests who come aboard can drive on and park their cars in a garage in the lower level of the hotel where there will be 500 spaces.

for the hotel in New York, Hakim said "it can be moored anywhere there is water." While he agrred a choice location would be near the proposed Convention Center on the West Side, Hakim said, "We're flexible." He said the flotel "encompasses all the modern technology" and called the structure a

DEAR ABBY: My father dreamed up what I consider to a a very dangerous way to wake himself up in the First he sets the alarm clock for a certain time. When it goes off, he gets up, goes into the kitchen, fills the tea kettle with water, puts it on the gas range, turns it up to "high" and goes back to bed until the tea kettle whistles and

wakes him up again.
Several times he has failed to get up and the tea kettle
has burned all to blazes! I've tried to tell him he is taking a terrible chance, but he doesn't listen. And, Abby, would you believe he is a lieutenant on a volunteer fire department? Maybe he'll listen to you. MERRIMACPORT, MASS.

DEAR MERRI: Sound sleepers should NEVER go to sleep with the gas range burning. And for his sake, as well as his family's, I hope your father listens to me instead of to the whistling of that ten kettle. (P.S. And if the chief of the Merrimacport volunteer fire department reads this, the lieutenant is likely to be busted

DEAR ABBY: What do you do with a 17-year-old boy who refuses to clean his room? BINGHAMTON MOM

DEAR MOM: You close the door to his room, but go in to rake it once a week. Sorry, Mom, but you must share in the blame for your son's sloppy habits. You should have blame for your son a suppy trained him many years ago, when he was still trainable.

DEAR ABBY: My daughter, who is 15, is begging me to let her marry a boy of 16. I have tried to talk her into waiting until she finishes high school. (This is her first wasting until she thishes high school. (This is her first yes(.)

Recently she told her father and me that if we don't give her permission to marry, she will get herself in a fix like lots of girls do. Then we will have to let her get married or she will disgrace us.

Lold her that was the wrong attitude to take, but she said she doesn't care, she loves the boy. (He quit school and has, no job.)

Have you any advice to give her? She reads your articles every day. I hope you will print something to help us with this situation since she is about to drive her Pa and me nuts. Thank you. W. VIRGINIA MOM

DEAR MOM. I could give your daughter plenty of advice, but she hasn't asked me for any. Tell her that even if she gets herself "in a fix," you may not consent to the marriage. And let her know that her threats to "diagrace" you do not frighten you. She can diagrace only herself

Do you wish you had more friends? For the secret of popularity, get Abby's new booklet: "How To Be Popular: You're Never Too Young or Too Old." Send \$1 with a long, self-addressed, stamped (28 cents) envelope to Abby, 132 Lasky Drive, Beverly Hills, Calif. 90212.
