#### Town to flush mains on East Side Monday

The Town of Manchester Water Department will be flushing water mains in the east side of town starting

Lines will be flushed from Charter Oak Street north between Main and Spruce streets to East Center Street. Streets between Spruce and Harrison streets also will be included in the flushing. The work will continue through

There may be discoloration of water and reduced pressure during the flushing. If water appears discolored, the homeowner should try to avoid using it until it clears. This will prevent rust and ediment from being brought into the home's system.

If sediment does get into a home's hot water tank, the nomeowner should wait until the water clears and then open the faucet at the bottom of the tank to drain the collected material, which will settle at the bottom. Also, if a load of wash is done during the period of discolored water, the load should be done again after the water clears. Four ounces of cream of tartar should be added to help clean any discoloration of the clothing. It normally takes a couple of hours for the water to clear in a home. If water appears discolored for an extended period, the homeowner should call the Water epartment at 649-5281, ext. 251.

#### MEG, town agree to mediate case

The Municipal Employees Group union (MEG) and the Town of Manchester both have agreed to mediation, the second step in municipal contract negotiations. "We've both requested mediation." Peter Henry, president of MEG, which represents town clerical and technical employees, said.

He said that the next meeting between the union and the town will be scheduled once the state appoints a mediator to the case. Representatives of the fown and the union had agreed

to a two-year contract proposal, but the union membership met two weeks ago and rejected the proposal by a wide margin. Because of this, both sides have agreed to move into the

mediation stage Henry met this week with the union to review the concerns the membership had with the previous contract proposal.

Henry said that the wide margin of defeat makes it easier to continue the negotiating work. "There's no doubt that the union just didn't want the

contract. It's easier to work with that than with a close vote," he said. At one point last month, the town had reached the tentative agreement with MEG representatives and also had

appeared close to an agreement with the police union. In recent weeks, however, little progress has been made with the unions. Along with MEG's rejection of the proposed contract, the police union has threatened to picket because of lack of progress in recent negotiation

#### **Silent Service** wants Nautilus at Groton base

GROTON (UPI) - The Submarine Memorial Association thinks the Nautilus, the world's first nuclear wered vessel, should spend its retirement at the avy's submarine base in Groton instead of Annapolis. Frank Scheetz, association president, said Friday his non-profit group is willing to moor and maintain the Nautilus, and it won't cost the American taxpayer anything - except \$2 per person for a guided tour in

Scheetz wants the Nautilus to be a tourist attraction alongside the USS Croaker which drew 75,000 visitors in one year. He has asked the Interior Department to name the Nautilus, which will be decommissioned next year, a national monumen

"The Nautilus will be berthed 300 feet north of where it was born. We have subs going by within a couple of hun-dred feet. It's a natural environment for the Nautilus," Scheetz said

Lt. Derek Smith of the Navy's information office in Washington said Friday the decision is pending, but there is no indication when it will be made. "There's a study group looking at the question." he said. The final decision is up to Navy Secretary W. Graham Claytor.

A spokesman for Rep. Christopher Dodd, D-Conn., said, "We're doing everything possible to convince him (Claytor) that people in New London and in Connecticut are proud of it and want it in Groton."

Frank Scheetz is also hoping Claytor will be persuaded. "The mayor of Annapolis didn't even know the Navy wanted to put it down there until Thursday," said Scheetz, 54, a retired chief quartermaster in the undersea service who now works as a general contractor. "We have the mooring, we have a site to handle several hundred cars, we have a restaurant, a fast food operation, a souvenir sales shop and comfort stations. We're set up for it," he said.

#### Day care funded

The Town of Manchester has received \$102,270 in funding for day care operations from the state. The state Department of Community Affairs notified Town Manager Robert Weiss that the funding, which had been expected, has been approved The money will be paid to the town in five \$20,454 in stallments over the net year.

Vacation My vacation finally arrived and so for the next two weeks it should be pretty quite around here Our programs will contique for this coming week with Gloria on hand to keep things running smoothly It won't be long befor we will be back into the full swing of things. In fact, we will start the big action on Tuesday, Sept. 5. There will be square dancing in the morning and bowling at the Parkade Lanes in the afternoon.

On Wednesday, Sept. 6 we will be playing our regular pinochle games in the morning as well as having our popular Friendship Circle. In the afternoon we want to reorganize our bridge games. We realize that we ran into some problems and hopefully we can straighten them out Bridge is the type of card game where one likes to concentrate and enjoy playing without -a lot of talking. We realize that in the past we have had mixed players, some just learning, while others were good at it. The bridge games are scheduled start at 12:45 p.m However, for the first meeting, we would like everyone to show up around 12:30 p.m. so that some ground rules can be

Medicare panel Here is some very important news that concerns all you elderly people. We have been very fortunate to have a panel of experts to come to our center this coming Wednesday afternoon, Aug. 23 from 1:30 p.m. to 3 p.m. They will explain your rights and benefits under the Medicare system. With Medicare being sort of a complicated system and also the forms being complicated, this will be a good opportunity to get the

straight facts. We will have some real experts to speak to you folks such as Congressman William Cotter. Dr. Douglas J. Roberts from the Hartford County Medical Association. Donna Pratt from Connecticut General and Patricia Brassil from Blue Cross and Blue Shield.

There will be a question and answer period. We will be serving a noontime lunch for 50 cents, consisting of sandwiches. tossed salad, potato chips, chilled peaches and cookies and a beverage You can come to the cente at noon, have lunch and be here for the session. I feel it will be most informative and something you folks should attend because it will be to your benefit. A generation ago, before television literally wiped out the "B" picture, the "series" picture, leaving the releasing schedule emanating from major Hollywood studios enormously owed down, there was indeed room-for-growth for the newcomers constantly striving for recognition. #### Lights out for Cult

The laser may seem like he best thing that's hap-bened to rock music staging ince the Joshua Light Show, but the Food and Drug Adnistration is not one of its biggest fans. The FDA is cracking down

on rock groups and art shows that are using power-ful laser beams to stage shows, which may be dan-gerous to the eyes of those vatching and participating. There is fear some may even suffer blindness.

To prevent such injuries a nationwide check has been initiated to learn the trength of lasers used in

ight shows. One band, the Blue Oyster Cult, has already been prohibited from using an overly strong beam as a special effect. The effect could be just too "special" to be safe.

Last week we showed one of the stamps issued to commemorate the Pan-American Exposition of 1901 in Buffalo with a caution that it was not to be confused with anything from the Panama-Pacific Exposition of 1915 in San Francisco.

To get these two world fairs thoroughly sorted out in the mind, here is an octagonal \$50 gold piece with "PANAMA-PACIFIC EXPOSITION SAN FRANCISCO" encircling a disgruntled owl. The other side of the coin shows a Minerva wih helmet. Note the eight dolphins squeezed in between the octagon lines and the outer circle. They represent ocean travel fostered by the completion of the Canal.

One of these coins brought \$9,750 at a New York auction in June. This was a bargain for somebody as it is \$13,000 in the Red Book. They struck 645 like this one. Another version without the octagonal frame and the dolphins is scarcer (483) and listed at \$2,000 higher.

The Panama-Pacific Expo was well "commemorated" with gold coinage. There was also a quarter eagle (2.50), with a mint run of 7,000. The design shows a columbia figure side-saddle on a rearing hippocampus (horse-mermaid). This coin went to a surprising \$1,800 at a recent auction -- with a Red Book listing of only \$1,-300.

Then there is a Pan-Pac gold dollar that also went well above the expected \$290. It is called the "Baseball Player" because of the type of cap on the head of man supposed to be a Panama Canal laborer.

They also had a silver half-dollar commemorative that was done by the Charles Barber who made some pretty good dimes, quarters and halves for the regular issues

breakfast, describes the Columbia figure on this coin as being stiffly posed, overweight, dumpy looking and accom-panied by a "naked child." However dum-py or naked, the coin lists for \$425 --- one of the costliest of the commemorative halves.

For world's fair collectors there are many less expensive mementos of the Panama Pacific Exposition. The same sculptor who did the \$50 gold pieces (Robert Aitken) also contrived a medal for the Expo with a Mercury and seagull theme that was very popular at the time. A recent auction put on by world's fair specialist Maury Wisel had the following 1915 Expo items: a metal stud, \$7.50; stickpin, \$5.44; celluloid button, \$10; etched champagne glass with insignia of the PanamaPacific, \$15; and a 4 by 5 inch paperweight with Pan-Pac Expo decal, \$17.70

There are two groups eager to help newcomers in this field: The World's Fair Collectors' Society.

148 Poplar St., Garden City, NY 11530. ECHO (Someone worked hard for this acronym. It stands for "Exposition Collectors' and Historical Organization"). The address for ECHO is 1436 Killarney Ave., Los Angeles, Calif. 90065.

The auctioneer Maury Weisel can be reached at 227 Prospect Ave., Hackensack, NJ 07601.
