"M TELLING YOU, IT'S A MATTER OF LIFE AND DEATH!

By Abigail Van Buren

DEAR ABBY: I work at a motel, and I hear complaints aily about the high cost of accommodations. Following is a partial explanation for the benefit of the no are unfairly penalized, and the guilty, who go anpunished. I speak on behalf of all motel and hotel owners o have no choice but to increase their rates. am convinced that honesty has become as out-dated as

high button shoes and buggy whips. Our motel has 170 rooms. When a guest checks out, it's not unusual for the room to be partially or wholly stripped of all towels, wash cloths, toilet tissue, Kleenex, light bulbs, and even bed spreads, sheets, pillows and cases! On the average, we lose \$2 per room per rental. This does not include the cost in time, labor and paper work to replace

Perhaps if the public were informed of these facts, they might think twice before collecting souvenirs and household supplies. If not, the next time they visit our fair city, they can expect the rates to be even higher than before. DISGUSTED IN S.C.

DEAR DISGUSTED: Thanks for a good letter. Also for iving some vivid memories of my high school days. My twin and I learned a lesson in honesty after returnir from a football game at Sioux Falls, S.D. (We made the trip with about 100 other Central High School students on cial train from Sioux City, Iowa. When our parents discovered that we had brought home

several "souvenirs" from a hotel in Sioux Falls (ashtrays, silverware, bath mat, etc.), they ordered us to pack up all the loot and mail it back to the hotel manager with our des. (We had to pay the postage, too!) We also got a long lecture on honesty, and we have never

DEAR ABBY: I was an only child. When I was growing up, my parents moved around a lot, so I was practically raised by my grandparents. I really think of their family home as my family home

They are getting along in years, and even though I am now married with children of my own, when I go to visit my grandparents I notice a lot of household items that bring ck wonderful memories of my childhood. For example, an old water pitcher that was always on their table. It's not particularly valuable, but I'm sentimental about it. wouldn't want my grandparents (or anyone else) to think I am grabby, but I would just love to have that pitcher one day. My problem is, I don't know how to go about asking for Any ideas?

SENTIMENTAL

DEAR SENTIMENTAL: The next time you see your grandparents, let them know that you are sentimental about that old water pitcher, and if your grandparents are ke most grandparents, you'll have it tomorrow!

CONFIDENTIAL TO "NO BUTTINSKY -- YET": If your daughter-in-law doesn't want her husband to know that she ets weekly massages from a man in the nude (her, not him), hat's her business. Butt out,
