very close. Gas for state vehicles also is rationed by coupon. The color of he coupons will change each

month so they can't be used the following month. Negri said state agencies las July were allocated 423,089 gallons of gas. The 20 percent cut reduced the allotment this month to 338,355 gallons. The biggest user is the Department of ransportation, whose vehicles consume about half the total. He said it was difficult to meet the 20 percent cutback in July because that month traditionally has the lowest gas allocation. here's no fuel set aside for snow plows and state vehicles are used

Harold Schuetz of Green Lodge, Middle Turnpike, celebrated his 90th birthday on July 7 and he admires one of the many cards of congratulations that he received. He has been active in veteran affairs and in 1977 he was named "Veteran of the Year" by the Veteran's Council of Manchester. He served in World War I with the army. He is a member of the Army and Navy Club, Manchester Barracks of World War I Veterans and the Concordia Lutheran Church. He and his late wife also, for many years, visited the veteran's hospitals bringing comfort and companionship to the patients. (Herald photo by

DEAR READERS: II you have no interest in improving your bealth, losing weight, ar feeling better about yourself, with bore yea. To us you will be you to an accercise for you! Just is a state of the second second

ciec. Dr. Charles Kuntzieman, in his bach, "The Complete Book of Walking," any, "Each foot should strike the ground at the Arci, allowing your weight to be transferred from the beel up along the outer backer of the foot tarkine pat-tern. As you move from heel to tae you will develop a rolling motion. Avoid landing flat footed on the balls of your feet." When you walk, keep your chin up, head high and back straight. And let your arms awing naturally. It doesn't matter whether you take long strides or short ones. Take the size stops that feel comfortable to you, but do try to work up to a peppy rhythm and stick with it.

If you're walking for exercise, don't stop to window shop, do errando ar visit. While walking, breathe naturally. It doesn't matter whether your mouth is open ar closed, but the faster you walk, the mere anygen you'll need. If you're walking with a partner, you should be able to carry on on a normal conver-sation. And in case you're wondering, yes, you should be able to walk and chew gum at the same time. Walking should be painless. If you notice any chest pains, nech or back pains, slow down. If the pain persists, see your doctor.

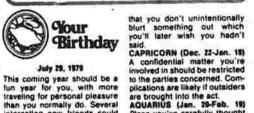

octor. If you heart starts to best too last, or you feel light-eaded or dizzy, take it easy. You're pushing yourself too

headed or dizy, take it easy. You're pushing yoursell too hard. If you're a beginner and very much overweight, don't wear yoursell out walking. And don't try to tarkle hills and steep lacilizes. Walking should be enjoyable - not ex-hausting. And perhaps I should mention here that walking is not for everybody. If you're not in normal good health, ask your doctor if you should join the walkers. Distance is important: If you're never walked for exer-rise, start by walking a mile a day on a flat surface. Then build up to two miles. The ideal daily walk is three miles per day. Offere is better: I fry to walk every day. If you can't manage that, force yourself to walk at least four times a week for at least 30 minutes. The average walkar can walk three miles in an boar.

manage that, force yourself to want at treat tors times there there wills week for at least 30 minutes. The average walker can walk three miles in as hour. First the good news: Studies show that half as hour of steady, briak walking will have from 180 to 250 calories. So without changing your eating habits, 180 half-hour walks per year can whitle 15 pended off your frame. Now for the had news: If you "reward" yourself with a bet fudge sundar you will have to walk from live to six hours to make up for it! Some people find walking a bore. If you do, recruit some walking partners. Or take a pocket radio along for company. If you develop foot problems - blisters, aching arches, "bet apsta" that burn your feet, your shoes are wrang. See a modistriat and follow his instructions. Walking for us formerly lary Americans, and it's high time. The Harris Pell lound that half the people in the United States don't get ensagh exercise. And 47 percent of these pelle gave "lack of time" as the reason for their failvre to a rear-cise, while others and frankly it was "lack of concers." According to a recent article in the Minnespolie Star, we are the best (ed nation on earth, yet our males rank 22d in life expectancy and our females rank 10th in the world. 9:30 Shazzam Once Upon A Classic

If you missed any of the past season's National Geographic specials on PBS, or if you particularly liked one special, take ad-vantage of the five programs that PBS is re-

Starting on Thursday, Aug. 2, when "The Tigris Expedition" airs, PBS will offer a one-hour documentary each week. In "The Tigris Expedi-

tion" explorer-adventurer Thor Heyerdahl, of Kon-Tiki and RA Expeditions fame, and his 10-man crew sail their reed boat, The Tigris, over routes he be-lieves were followed by Sumerian traders 5,000 years ago. The film goes beyond science and advenand ultimately focuses on the man, Heyerdahl, in an effort to explain what motivates him to risk his life in the search for knowledge.

"Yukon Passage," to air Thursday, Aug. 9, follows four young men as they retrace the trail of the Klondike gold-seekers, oitting their courage and endurance against the rugged Alaskan wilderness. It's a spectacular outdoor adventure.

If you've heard that bigtime stars scorn soap operas, don't believe it. After admitting they were fans of daytime television, Carol Burnett and Dr. Joyce Brothers were each

Brothers.

as 1 know, it hasn't been AGE OF REASON - I shown. Any information? recently read that one of my favorite actors, Don Waiting, Longview, Wash. The 1954 picture, which has been described as Johnson, starred in the prison drama, "Fortune and Men's Eyes." He must "Grand Hotel" with wings, have been pretty young will only be run on your local stations around Longthen, no? How old was he and what character did he view at this point. It's too play? Also, what movies old for network use. Write (not TV) has he been in to the station manager of the channel you think last and where can I write him showed it and see if they and the rest of the cast of "The Rebels"? - Lucy Clemson, Providence, R.I. still have the picture and plan to run it. Is 19 pretty young? If so.

GERMAN RAT - There was a fine series called "Rat Patrol" a few years ago. Could you tell me what happened to Eric Braeden, or Hans Gudegast, as he was called then? And where can I write him? - Jane Stringfellow, Newport News, Va. Braeden, who changed his name from Gudegast after "Rat Patrol" so as not to be typed as a nasty German, is still busy work-

care of MCA-TV, 100 Uniing in TV, doing guest versal City Plaza, Univershots on series and movies. He is not affiliated with any one studio, and since TWINS - Can you explain the Screen Actors Guild no to me this business of child longer forwards mail, I labor laws and the use of twins, such as in "Little House on the Prairie"? Is can't help you with an address. WHERE-O NERO? - I do it hard to get a child an not know when it was acting job if he or she released, but I assume it is doesn't have a twin? fairly old. I am referring

Mrs. Broderick Lawson, Fall River, Mass. Got a little star at home, sh? Well, here are the basics. Child labor laws in California not only outline how a child's pay is to be handled (so they can't be robbed by parents or guardians), but how many hours they may work, as well. Very young children (including babies) are lim-ited to 15 minutes per day. The older they get, the more time allowed in front of the lights and cameras. up to four hours per day. This lasts until their 18th birthday. The Greenbush

twins, now 8, were only 3 when they were first signed to play Carrie on "Little House." As for your final question, it's hard for any child to break into show business, but these days, having a twin helps with very young children.

**MOVIE WATCH - I keep** watching for the film "The High and the Mighty" to be run again on TV. It stars John Wayne and Robert Stack and I believe it was based on Ernest Gann's writings. It was run perhaps two times (in this area) eight or 10 years ago, but since then, as far

to the movie "Camelot." I am curious to know what happened to Franco Nero because I haven't heard anything from him since that picture. Has he done any recent movies or has he died? I thought he was excellent. - Rick A. Mickelson, Fargo, N.D. "Camelot" was released in 1967, and Nero would

probably like fans such as yourself to know that he hasn't died since then. Off screen, he and Vanessa Redgrave had a son following a relationship that was formed on the set of "Camelot." They haven't married but see each other regularly and share custo-

dy. On screen, his biggest international films have been "The Virgin and the Gypsy" and "Tristana," although he has made a score of thrillers in Europe that get shown on TV now and again here. For American TV he starred in ABC's movie about the terrorist attack at the Munich Olympics, playing the lead terrorist. He also played Valentino in an ABC movie a couple of years back. Nero is currently at work on a couple of projects for the big and small screens.
