for Less. Once upon a time, Moms used to dress their little girls and boys up in beautiful playthings and dress clothes. But times passed, costs went up, and Mom had to start buying less clothing, and couldn't afford real good quality anymore

We think little boys and girls deserve to wear nice clothing, we're helping Moms buy them more easily. You see, at Children's Wear-House, Moms find the children's and pre-teens' brands they love to buy and prices they can easily afford. We thought children's clothing cost too much.. so we brought the prices down. So now, little girls and boys can play together happily ever after in good, old fashioned

quality clothing at old fashioned prices. INSIDE MARSHALL'S MALL

You seem to have overlooked a piece of key information. Just where is Beverly between 6 a.m. and 8 a.m.? Many of us

will not be able to sleep until we know. Also, what kind of shape is she in when she arrives at her job? Still sleek and

perfectly groomed? Or perhaps with a few spangles missing here and there? Office clerks who start out for work two ours early every day are usually a pretty shifty bunch! If you would like to put a gumshoe on this lady, many of us

## People/Food

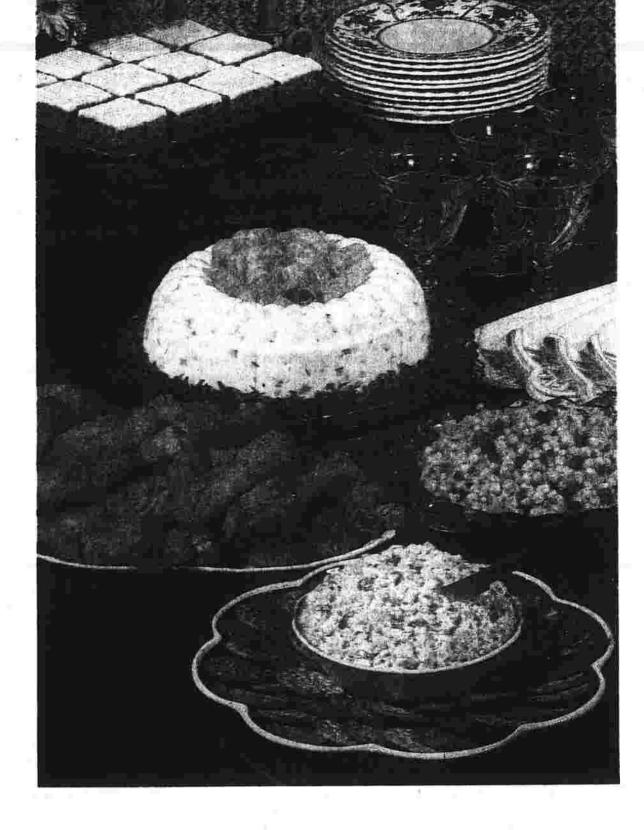

## PLAN A **FAMILY** REUNION

Lifestyles today are far-removed from those of our grandparents. Families are scattered across the country, often across the world. Hectic schedules, limited free time, and the difficulties of assembling even nearby family members make it even more trying to set aside one time or place for frequent gatherings.

The result is that many families make the most of those other special family "happenings" when clan members are going to be in the same town, on the same day. Graduations, weddings, birthdays, or special anniversary celebrations are just a few of the events that can bring families back together although briefly - to exchange news and revive

These special reunions can take many forms - with from 5 to 500 family members participating. Outdoor picnics are often suited to larger gatherings, but for fewer guests a buffet at home can be the quickest, easiest, and most satisfying form of entertaining. You can ask various family members to bring their own specialties or favorite dishes. More ambitious cooks may choose to produce the feast, single-handedly, serving foods which are easily prepared in advance.

The recipes below are designed for adaptability . . . whether you cook for a few or for a crowd. They're easily prepared in advance and are portable for short distances if that's required. Some are old family favorites from The Kraft Cookbook "75 Years of Good Food Ideas." Others are adapted by Kraft's food experts for serving a crowd. Add a crisp tossed salad, assorted cheeses and crackers, beverages to suit the occasion ... and let the reunion guests provide the merriment.
