# Financial Opportunities

We have a variety of immediate financial career openings for people with strong math aptitudes.

Accounting Clerk

Someone with a high school diploma or two to four years business related experience and a strong math background can begin immediately. You'll prepare and distribute money processing documents and develop input for our purchase payment fund system.

Assistant Audit Processor

We need someone who can audit rates and premiums, determine coverages and calculate insurance amounts and cash values, maintain records and aid in compiling statistics for actuarial purposes. A high school graduate or a nongraduate with strong math aptitude and some experience can begin mmediately.

Assistant Rating Specialist

Again, a strong math background is essential for this immediate opening You'll rate automobile and fire policies for our casualty division. A high school degree and no more than two years of college is needed to qualify you. In lieu of college, two or three years of business experience and that special math aptitude will suffice

If you've had two years of college or three to five years bookkeep-

ing/accounting experience, you could qualify for this immediate opening. You'll be responsible for rating advanced group cases and reviewing the rat-

PRETTY WELL-BALANCED KID!

By Abigail Van Buren

DEAR ABBY: Our very pretty and bright 18-year-old aughter (I'll call her Nancy) graduated from high school last

May. She decided to stay home and work for a year before

going to college. Nancy met a 29-year-old professional man

about six months ago and they started dating. (I'll call him Paul.) They never actually went steady, but Paul gave her a
