This year the trip will take place from April 21st to the 24th. The group will stay in Quebec City and maybe spend a night in Montreal.

Some activities are planned ahead of time such as a tour of the city and its historical sites. But many activities aren't decided on until the group reaches its destination. In the past, going to the movies has been a favorite with students as well as trying out many of the areas' restaurants. It's almost certain that these activities will be favorites once again this year. Still, students are usually free to come up with different ideas of their own.

HARTFORD-The final two archaeolo workshops in a series being offered free to the public by the Lions Gallery of the Senses at the Wadsworth Atheneum will be held on Sundays March 23 and 30, at 3:30 p.m. The series, which is supported by a grant from the Connecticut Humanities Council, has been structured around the Lions Gallery's popular current exhibition, "Antiquities: From Field

At the March 23 workshop, visitors will be able to practice simple archaeological techniques used in uncovering buried objects and be shown how to record information about an object once it has been found. The March 30 workshop will demonstrate how archaeologists use plans and drawings to recreate the way an ancient building might have looked.

The family-oriented workshops are prepared and run by Mary McKinley, a graduate student at the University of Connecticut who has been trained in archaeologica

Another attraction that is proving a major draw among visitors to the Lions Gallery's antiquities exhibition is a simulated "dig." The focal point of the "dig" is a box measuring 4 by 8 feet which is filled with sand covering numerous wooden silhouettes which represen objects on view in the exhibition. Armed with trowels, brushes and other tools used by archaeologists, visitors can uncover the buried objects, record their positions, and then hang them on a wall which has been brightly painted with different colors that show the strata of successive civilizations in an imaginary site.

The Lions Gallery of the Senses, an exhibition space which presents non-visual aspects of art to blind and sighted museum visitors, is funded by Lions International, District 23-B. Admission to the gallery is free via the Atheneum Cinema entrance on Atheneum Square North. Museum hours are Tuesdays, Wednesdays and Fridays, 11 to 3; Thursdays, 11 to 8, and Saturdays and Sundays, 11 to 5

East Hartford Timmons received his bachelor's degree in art photography and art history from State University of New York at Potsdam and his master's degree i photography from Ohio University. He has taught al SUNY, Potsdam; Ohio University; and the University of Connecticut. He is currently an instructor at New England Photography Center.

Photography exhibit

His photographs have been featured in many exhibits including the 1979 Annual Faculty Exhibition at the University of Connecticut and are in the permanent collection of Ohio University.

Timmons says this show is his most important in almost four years. The images shown and the presentation of them represent a new departure for the photographer and introduce the promise of new direcions and expanded vision.

JUST TELL ME WHAT YOU WANT (PG) - Alan King, Ali MacGraw,

Tony Roberts, Peter Weller. Romantic comedy/Drama. Story of a rich, powerful middle-aged man involved with a smart, gorgeous younger woman. This time, however, there's a twist when the poor, brilliant

unger man steals her away. A contemporary — and sightly disturbing— ve story, highlighted by MacCiraw's energetic hattering of King in a New ork department store and flashes of startling honesty. King is surprising-effective as the manipulative magnate. GRADE: B-minus

KRAMER VS. KRAMER (PG) - Dustin Hoffman, Meryl Streep.

(Drama) A faithful adaptation of Avery Corman's novel, this is basically the story of a court battle over custody of a young boy, and what went before and came after that battle. No villaims here, merely human beings with flaws. Magnificent performances, including one by a great new child actor, Justin Henry. But it does have a tendency to poke along in spots. GRADE: A-

LAST MARRIED COUPLE IN AMERICA, THE (R) - George Segal,

Natalie Wood, Valerie Harper. (Comedy) This is meant to be an incisive, witty look at today's marital relationships — or lack of them — but it's heaped on with such a heavy hand that the laughs are buried. The writers seem to think it is automatically funny to have people say dirty words. It

MAN WITH BOGART'S PACE, THE (PG) - Robert Sacchi, Michelle

Phillips, Olivia Hussey. (Comedy-mystery) A one-joke affair—the joke being that a man has himself made over to look like Bogie, calls himself a private eye, and promptly gets involved in a Bogie-tike case with Bogie-like characters. Funny for a while, but as the plot thickens, the joke thins.

QUADROPHENIA (R) - Phil Daniels, Leslie Ash. (Drama) Teen aliena-

tion in mid-66s British mod garb, but a good treatment of an old and troubling theme. Taking its cue from a powerful concept and score by the Who, the film portrays a youth wrestling with his seme of identity. Cast and crew of relative unknowns turn in a movie which is exciting, turbulent,

THIRTY-NINE STEPS, THE (PG) — Robert Pawell, David Warner, Karen Dotrice, John Mills. Spy Thriller. This is the third remake of the story (earlier ones were in '25 and '59) and maybe the new generation won't remember the first two. If not, they'll be satisfied, because it's a well-told tale (much different from the earlier ones) about pre-World War I spying. A little slow in spots, but nice humorous touches. GRADE: B

Many voters not in parties

VERNON - There will be some 6,900 Vernon voters who won't be able to vote in Tuesday's presidentia primary because they aren't registered with the Democratic or the Republican Party.

About 25 independents did, however, register with a party by the March 11 deadline for doing so, Al Tennstedt, Democratic registrar of voters said Thursday. The total number of registered Democrats now stands at 4,353 and registered Republicans, 2,783.

The breakdown of Democrats, in the town's five voting districts is as follows: District 1, 834: District 2, 890: District 3, 751; District 4, 811; and District 5 1.067. The breakdown of Republicans: District 1, 436: District Since this is Connecticut's first presidential primary many voters may be confused as to how it will work. Voters will be voting in the same districts as they do in regular elections.

Tennstedt said there were about 14,030 registered voters in last November's elections.

You Can Benefit From The Purchase Of A New 1980 Car Now

A new peak of fuel efficiency. 1980 models, according to the Environmental Protection Agency, get an average of 21 miles per gallon. (Many models get much more.) If you're still driving a medianage 1974 car half the cars on the road are older — that translates into a 51 percent increase in gas mileage and \$300 to \$450 a year in gas savings.

More money for your old car. The value of the average used car in 1979 was nearly 9 percent higher than it was in 1978.

WE HAVE PLENTY OF 12.75% FINANCING AVAILABLE FOR NEW CARS.

A safer, more durable, more comfortable car. The 1980 car has been stripped of unnecessary weight. Yet materials are more durable and resistant to corrosion. Bumpers are stronger. And passenger room, In many cases, has been expanded rather than reduced.

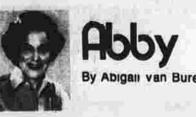

Lower maintenance. 1980 cars need fewer oil changes, lubrication jobs, and routine maintenance checks. This alone can save hundreds of dollars a year over the operating cost of a median-age car.

A smaller portion of your psycheck. Despite recent price increases, the price of a new car still lags behind the overall cost of living. While it took the average buyer of 30 years ago, 1,184 hours of work to pay for his car, it took him only 682 hours in 1979.

It's A Good Time to Declare

Your Energy Independence Now!
