Transfer station, pickup Bolton's waste options

By RICHARD CODY
Herald Reporter

BOLTON— Voters will go to the polls Wednesday, and the result will decide whether the town will contract to have its waste picked up or install a transfer station to solve the town's solid waste disposal problem.

The estimated annual cost for operating the transfer station, a cost that includes bonding costs for approximately \$100,000, is about \$63,000, as estimated by the Board of Selectmen. The possible maximum annual cost is \$79,000.

If Freja Park used, new park is needed

BOLTON— If the town installs a transfer station in Freja Park, the land acreage used for the station must be replaced by a similar amount of acreage, located in town, and be used for park purposes to comply with state statute.

According to a letter from the town attorney, which the Board of Selectmen will discuss tonight, any park land that is used for purposes other than park use must be replaced by the town with an equal amount of land to compensate for the loss of the park land.

Administrator Alan Bergren said Monday that the attorney's evaluation of the situation in Freja Park represents an application of state statute to a specific situation. Bergren said the letter came as

Next to these figures are those for townwide pick up, \$96,000 estimated for an annual minimum expense and \$115,000 as a maximum.

The Board of Selectmen by consensus, endorsed the installation of a transfer station, although Selectman John Carey has maintained favor for operating the transfer station.

The Republican Town Committee voted in favor of townwide pick up, while the Democratic Town Committee backs the transfer station.

Other selectmen said the transfer station gives the town a wider scope of options than townwide pick up.

First Selectman Henry Hyba said March 30 that his reasons for favoring the transfer station include the convenience for being able to discard refuse when desired (even if a person may decide to hire pick up services), the recycling option and back up storage space.

Under townwide pick up, household refuse would be picked up once every week and bulk materials, tires, refrigerators and large items, once every two months.

There would be no extra charge for removal of bulk waste.

Polls will be open at the Community Hall from noon to 8 p.m.

MANCHESTER— The Marine Corps League will meet Wednesday at 8 p.m. at the Marine Club on Parker Street.

Town Council Chairwoman Roberta Kooztz presented former Town Manager Frank Connolly with a plaque Monday night. Connolly was honored at a ceremony attended by numerous towns persons. He resigned as town manager to assume a position as assistant town manager for the town of Newington.

Council seeks manager

COVENTRY— A three member subcommittee of the Town Council was appointed Monday to screen applicants for the position of town manager.

Former Town Manager Frank Connolly's resignation became effective March 27. Donald Holman, assistant town manager and town engineer, has assumed the position until a new town manager can be hired by the council.

Council Chairwoman Roberta Kooztz appointed council members Roy McLain, Laurier DeMars and Joyce Carilli to the subcommittee. The committee will begin screening of the over 70 resumes the town has received, once a set of criteria is established and presented to the council.

The criteria will be presented to the rest of the council at the first regular meeting of the council in May.

The committee will have reduced the number of applicants to about 10, and these ten will then be contacted and an interview arranged. Applications will be received until April 17.

Mrs. Kooztz urged all council members to read each resume, marking each one with comments in order to aid the subcommittee in its evaluation of the applicants.

The applicants granted an interview will be brought to town at the town's expense, Mrs. Kooztz said.

Poland welcomes Brezhnev pardon

WARSAW, Poland (UPI)— The Polish media, Solidarity and farmers seeking their own union joined today in welcoming Soviet President Leonid Brezhnev's apparent vote of confidence in Poland's ability to solve its own problems.

Newspapers praised Brezhnev's "far-sightedness" and called him a "consistent supporter of peace," and the unofficial independent farmers union Rural Solidarity said in a pledge of support to the Communist Party it would never strike.

Solidarity leader Lech Walesa, saying he wants to retire, called Tuesday for a moratorium on confrontation at the Soviet Union announced the end of the Warsaw Pact maneuvers that had raised fears of Soviet intervention to crush the free trade union movement.

Solidarity did not respond to Brezhnev's speech but a union source said initial reaction to his support of Polish efforts to solve their own problems was favorable.

"If he had said something really bad, we would have issued a statement."

The Roman Catholic affiliated newspaper *Slowo Powszechnie* published a Rural Solidarity declaration that said, "We harbor no political ambitions and recognize the party as the leading political force in Poland."

The declaration, which said "nobody in our union wishes to undermine the principles of Poland's system," was submitted to a parliamentary commission Tuesday.

The official news agency PAP said Rural Solidarity leaders told the commission they would never strike "because this would be a crime against nature."

However, about 50 farmers demanding, among other things, legalization of Rural Solidarity, continued the sit-in at the headquarters of the Peasants Party in Bydgoszcz begun March 16.

"Leonid Brezhnev has again shown his far-sightedness in the evaluation of the complex processes under way in Poland, the countries of the Socialist community and all over Europe," the *Zycie Warszawy* newspaper said.

Brezhnev seemed during his speech in Prague Tuesday to give the Polish communist leadership another chance to control the unruly labor movement that has wrested much of the power from the ruling party.

After Brezhnev's speech, Walesa immediately urged his union to use the breathing space to show "less politicizing, less talking and greater focus on the problems people are interested in."

Copycat gunman fails in completing 'legacy'

NEW YORK (UPI)— A copycat gunman threatened to kill President Reagan, Secretary of State Alexander Haig, Sen. Jesse Helms and teen-age actress Jodie Foster because of a "prophecy dream" sent by would-be assassin John W. Hinckley Jr., law enforcement officials say.

Edward Richardson, 22, an unemployed landscaper from the middle-class Philadelphia suburb of Drexel Hill, Pa., was held in lieu of \$500,000 bail today in the Metropolitan Correctional Center on charges of threatening to kill the president.

Secret Service agents said the threats were made in two letters — one found in a New Haven, Conn., hotel room and the other sent to Miss Foster at Yale University. The 18-year-old actress was also the target of letters from Hinckley, charged in last week's assassination attempt on Reagan.

"I will finish what Hinckley started, RR must die. He (JWH) has told me so in a prophetic dream. Sadly though, your death is also required," officials said Richardson wrote in a letter hand-delivered Monday to the Yale campus.

"You too will suffer the same fate as Reagan and others in his fascist regime. You cannot escape. We are a wave of assassins throughout the world."

The letter was dated April 3 and signed, "Int. People's Court."

Secret Service agents — alerted by a hotel maid who found one of Richardson's notes — arrested Richardson Tuesday in Manhattan's Port Authority bus terminal on his way from New Haven to his parents' home in Pennsylvania.

He was carrying a loaded .22-caliber pistol and admitted he intended to assassinate the president, a Secret Service spokesman said.

If he failed in the assassination attempt, said U.S. Attorney John Martin, Richardson intended to try to kill Haig or Helms, the Republican senator from North Carolina.

In Richardson's hotel room at the Park Plaza Hotel in New Haven, officials found a copy of Reagan's picture, with the face crossed out and the notation "targeted for death," and two notes.

In one of the notes, addressed to "Fascist Powers," Reagan's life was threatened, officials said.

"I depart now for Washington, D.C. to bring to completion Hinckley's reality," the note said.

"Ultimately, Ronald Reagan will be shot to death and this country turned to the left."

"If I cannot get at the president, I am prepared to slay some other prominent 'right-wing' political figure."

It was signed "Edward Richardson, Int. People's Court."

Law enforcement officials in New Haven said they are looking for a person to kill Haig or Helms, the Republican senator from North Carolina.

Police negotiators talk man out of suicide try

MANCHESTER— A man who barricaded himself in a relative's home for about 7½ hours last night, while wielding a 22-caliber revolver, was dissuaded by police negotiators from carrying out his threatened suicide.

Captain Henry Minor said he called in the police SWAT team, to secure the area and back-up police negotiators.

Minor said the ordeal began at about 5:30 p.m. yesterday, when the wife of Lawrence Lawton, 104 Oakwood Ave., West Hartford, called Manchester Police to report her husband was missing and possibly suicidal.

Officer Santo Ficarra went to the 394 Bush Hill home of Carol Walden, a relative of Lawton, and searched the house. Ficarra found Lawton in the basement. Police said Lawton pointed the gun at Ficarra and the officer backed off and called for help. Police cleared everybody else from the house.

When Lawton refused to leave the house and threatened to kill himself, Minor called in the SWAT team. He said the six-member unit set up communications and secured the area, while specially trained police negotiator Barry Caldwell went to work. Lawton's wife and a friend also helped with negotiations.

Caldwell finally convinced Lawton to lay down his gun and leave the house at about 1:30 a.m.

Police took Lawton to St. Francis Hospital and said they anticipate filing no criminal charges against Lawton.

Minor said no motivation for Lawton's suicide attempt is known.

"The members of the SWAT team and especially the negotiators did a heck of a job," commented Minor.

"The job of the SWAT team is to prevent anyone from getting hurt. Nobody was hurt and wherever you can say that, it was a successful operation."

Lawyer sees report as victory

MANCHESTER— The town Tuesday, released the report of a blue-ribbon committee studying a central maintenance facility, and the attorney representing a neighborhood organization today said its findings discredit the controversial proposal to sell the existing Park and Cemetery Department garage.

The committee recommended the town consolidate its vehicles and heavy equipment in one central facility. To accomplish this, it further called for expansion of the existing Highway Department garage at Olcott Street.

The committee, however, noted that three town departments — police, fire and parks and cemeteries — should continue to maintain separate equipment facilities away from the consolidated facility at Olcott Street.

Jon Berman, attorney for the Hill Street residents, today viewed the report as "sounding the death knell" for the garage's sale to Multi-Circuits. He said the study supports the neighbors' view that the Harrison Street garage is needed to support maintenance of the adjoining East Cemetery.

The report says the Parks and Cemeteries Department should house its trucks and larger equipment at the central facility, but

Preuss seeks 2-mill cut

BOLTON— Selectman Carl Preuss, Republican candidate for first selectmen, indicated in a statement issued Monday, he is seeking major reductions in the 1981-82 proposed town budget totaling approximately two mills.

Board of Finance members, after hearing all budget requests, have projected an increase of 6.3 mills over the present mill rate of 25 mills.

The increase represents about \$420,000 or 24 percent over last year's budget.

The finance board has requested the Board of Selectmen and the Board of Education to re-examine their respective budgets, indicating possible areas of cuts or eliminations.

Preuss states that the projected percentage increase is "totally unacceptable," adding that "there must be no tax increase. Not a dime more" than last year's expenditures.

In his estimation, Preuss determined several areas of cuts which "must be made in order to prevent a mill rate increase."

At the March 11 meeting between the Board of Finance and Board of Selectmen, Preuss suggested changes entailing a \$22,169 decrease in the 1981-82 projected budget. These plans include reducing expenditures for parks and scrapping the energy conservation plans for the Bentley Memorial Library.

The library conservation plans include installing fans, window shutters and push-timers, costing a projected \$10,200. Preuss prefers to put this off for a year.

Since the meeting, Preuss feels he has located several more areas of potential cuts, bringing the total of his projected cuts for the town proper budget to \$14,020.

These cuts include maintaining the present salary level for the selectmen and eliminating the position of a part-time clerk.

These cuts also include reductions in the highway budget from the proposed \$15,450 to \$14,300, as it was budgeted for the present fiscal year.

Preuss also suggests that all capital improvements be eliminated from the proposed budget.

Preuss said Monday that his budget is to "hold the line to what it was this (fiscal) year. Period."

Viet vets interviews set

STORRS (UPI)— A University of Connecticut graduate student says he will interview the nation's "first real tragic heroes" — Vietnam War veterans — for a series of radio documentaries sponsored by a state grant.

John Puzo, of Coventry, said Monday he won a \$10,570 grant from the Connecticut Humanities Council for the project and would interview 30 to 40 veterans from Connecticut and southern New England.

"I have always felt the proper role of the Vietnam War veteran is yet to be determined," said Puzo, who served in Vietnam. "They deserve more than stereotyping. I consider Vietnam War veterans to be this country's first real tragic heroes."

Puzo said several Connecticut radio stations have made commitments to air portions of the documentary. He said he expects to edit about 500 hours of tape and aims to complete a project by Veteran's Day on Nov. 11.

The study will focus on how war experiences affected the lives of Vietnam veterans, he said.

"I will document their lives before, during and after the war," he said. "What were their hopes and dreams? We want to find out how their lives have been affected."

Minor said the project is being conducted in conjunction with UConn's Oral History program.

Seeks suspects

HARTFORD (UPI)— Authorities today sought two men who held up a branch of the Charter Oak Bank and Trust Co. and escaped with an undetermined amount of cash.

Police said the robbers, both wearing ski masks, entered the Broad Street bank through a rear door shortly after 11 a.m. Monday and ordered employees and customers to lie on the floor.

One man aimed a gun while the other bolted a counter and scooped up cash. There were no injuries reported, and police and the FBI were investigating.

Short circuit

DEEP RIVER (UPI)— Authorities say a short circuit in basement wiring was to blame for a weekend fire which destroyed the Swan Funeral Home on Main Street.

An investigation completed Monday showed the fire broke out early Sunday in the basement wiring and then burned through a main cable and up through the walls of the three-story building, Assistant Fire Marshal Philip Kurze said.

A favorite landing and viewing spot for area seagulls is this time-pay telescope in Fort Allen Park in Portland, Maine. While busy sunning himself, this bird keeps a wary eye on the photographer. (UPI photo)

News Briefing

Police hunt suspect

ATLANTA (UPI) — Police searched today for a mustachioed black man with long graying hair and horn-rimmed glasses who reportedly gave a ride to the latest young to vanish in the city's string of 25 missing and murdered young blacks.

Fourth skeleton found

WEEKI WACHEE, Fla. (UPI) — Deputies conducting a grim search for graves on the junk-littered property of a convicted sex offender and his family have unearthed a fourth skeleton and officials fear more bodies could be discovered.

Democrats reject plan

WASHINGTON (UPI) — House budget writers, having rejected President Reagan's spending plan in favor of a Democratic alternative, now must decide where they will recommend cuts in federal spending next year.

Killers on death row

BATON ROUGE, La. (UPI) — Two killers saved from the electric chair this week were back today in their death row cells. One of the convicts is a 21-year-old black man condemned to die in the Louisiana State Penitentiary next week.

ATLANTA (UPI) — Police searched today for a mustachioed black man with long graying hair and horn-rimmed glasses who reportedly gave a ride to the latest young to vanish in the city's string of 25 missing and murdered young blacks.

Three workers lost

CORPUS CHRISTI, Texas (UPI) — Searchers today hunted for three missing workers in the rubble of a 14-story dockside elevator, ripped by a series of fiery explosions apparently touched off by machinery sparks.

Decision delayed

GLASTONBURY — The Town Council has again postponed making a decision on a request to build 23 condominiums on 11 acres in a historic section of Main Street.

Young Dems form

HARTFORD — A Young Democrats Club is being formed in Hartford to serve as an advocate for young people. The club is being formed to help young adults learn about politics and gain insight into city politics.

Youth sentenced

VERNON — A South Windsor youth, Anthony Tyson, 17, of Dogwood Lane, was sentenced to six months at the Cheshire Reformatory after being convicted on charges of burglary and sexual assault in Tolland County Superior Court.

Seniors seek aide

VERNON — A large group of senior citizens appeared Tuesday night at a budget hearing to make a plea to the mayor and Town Council to put money in the recreation budget to hire an aide.

Reagan wants to work

WASHINGTON (UPI) — President Reagan, spending his 10th day in the hospital today, is described as anxious to get back to work but aides and doctors caution against rushing his convalescence from a bullet wound.

McCarthy goes home

WASHINGTON (UPI) — Secret Service agent Timothy McCarthy is home from the hospital with a healing bullet wound but he says he is not ready to return to work.

Democrats reject plan

WASHINGTON (UPI) — House budget writers, having rejected President Reagan's spending plan in favor of a Democratic alternative, now must decide where they will recommend cuts in federal spending next year.

Space shuttle countdown rolls along smoothly

A mockup of the Columbia's nose cone is lowered into the water Tuesday in preparation for rescue practice of the spacecraft, should it land in the ocean. Officials were optimistic that astronauts John Young and Robert Crippen would be able to roar off on schedule Friday at 6:50 a.m. (UPI photo)

CAPE CANAVERAL, Fla. (UPI) — The countdown to launch for the space shuttle Columbia rolled along smoothly today, heading for a spectacular Friday morning test flight of the ship designed to make space flight routine.

The Columbia's pilots, John W. Young and Robert L. Crippen, prepared to fly to the spacecraft from Houston later today.

The weather forecast for 6:50 a.m. EST Friday launch time improved today with Air Force forecasters estimating that an approaching cold front will stay north of Florida, leaving generally good conditions at the launch site both Friday and Saturday.

The astronauts' stubby-winged, reusable spacecraft was rapidly being prepared for flight after 2 1/2 years of delays. Technicians even cleaned the ship's six airplane-like cockpit windows.

At sunrise, technicians were hooking up explosive devices that would be used to blow up the shuttle's external tank and solid fueled booster rockets after the crew ejected should the ship veer toward a populated area after liftoff.

After today's hold, there will be 14 hours and 20 minutes of hold time left in the countdown. The next of these wait periods is set to begin Thursday morning and last 11 hours and 50 minutes. Page said he hoped the launch crew could get some rest during that break.

The Columbia is the first manned spacecraft to rely entirely on its own computers to figure out what it needs to do to get where it's supposed to go, then to direct its various engines, or aerodynamic control surfaces, to perform the functions needed to get there.

Four redundant main computers "talk" to each other 250 to 400 times a second. One is the boss, but the other three do the same calculations and check each other. If the boss computer doesn't agree with the other three, the other computers vote it out of the system.

If all four fail, or can't agree on which is faulty, a fifth computer using programs developed by a separate group of engineers will take over and run the show.

Test flight set Friday

Today's key job at the launch pad was the loading of supercold hydrogen and oxygen into small vacuum spheres for the three fuel cell generators stashed in the mid fuselage of the 122-foot spacecraft.

Because problems were possible, a second "hold" was inserted into today's countdown. It was to have lasted eight hours, but was cut to four hours so engineers could make up time lost Tuesday.

Saudi Arabia joins Jordan in nixing U.S. plan

RIYADH, Saudi Arabia (UPI) — Saudi Arabia joined Jordan today in rejecting U.S. Secretary of State Alexander Haig's call for giving top priority to an anti-Soviet alliance, saying Israel is a major threat to peace in the Middle East.

An official Saudi statement following Haig's meeting today with King Khalid and Crown Prince Fahd of Saudi Arabia reiterated their "irrevocable" stand that "no just and durable peace can be reached in the Middle East before the recognition of the Palestinian rights and the withdrawal of Israel."

Haig proposal controversial

Underlining the regional tension, Haig brought to Saudi Arabia a controversial proposal to lend them four AWAC spy planes for four years until they buy their own by 1985 — a scheme opposed by Israelis who fear an Arab attack.

Syria bombards city in Lebanon

BEIRUT, Lebanon (UPI) — Syrian peacekeeping forces today bombarded the besieged city of Zable with artillery, mortar and tank fire and shelled Beirut, sharply escalating the 8-day-old offensive against Phalangist militias in Lebanon.

In Zable, Syrian forces were "raining hundreds of shells on the city" and had launched a "major tank offensive" that was repulsed by the militiamen, Phalangist radio said. The broadcast said Zable was suffering from acute shortages of food and medicine.

Phalangist radio also reported heavy shelling of residential sections in Christian east Beirut and said Lebanese army regulars fought Palestinian Liberation Army forces on the "green line" dividing Beirut in Christian and Moslem halves.

The fighting, the most serious since the 1975-76 civil war between Christians and Moslems, has left more than 200 dead and 500 wounded since it erupted last Wednesday in Zable, 33 miles east of Beirut.

Minister of Public Works Elias Hrawi announced the United States and Israel were mediating between the warring factions in Zable and Beirut.

Soviets adding to Afghan force

NEW DELHI, India (UPI) — The Soviet Union has poured an estimated 20,000 to 25,000 additional troops into Afghanistan during the past two weeks to raise its occupation force to above 100,000 troops, Western diplomatic sources said today.

Intelligence sources said the large number of fresh troops reported arriving during the past two weeks had been transported both by military convoys and airlifts.

Opinion / Commentary

Volunteer Army: inadequate and poorly trained

WASHINGTON — Nine out of 10 American soldiers who operate and maintain the Army's nuclear weapons in Western Europe flunked basic tests of their military skills last year. This is an appalling statistic, but frankly, it comes as no great surprise. For years I have warned about the deterioration of our armed services.

While the shocking details have often been hidden from the American public, our GIs' adequacy is no secret to our allies. West German Foreign Minister Hans Maafoer once remarked in disgust, "At least our soldiers do not use drugs and can read and write."

My associate Ron McFlae has seen classified studies that leave no doubt about the cause of our problem: The United States has put the burden of its defense largely on the poor and uneducated. As a result, with the Defense Department about to spend billions on sophisticated new weapons, the services don't even have properly trained personnel to man the weapons we already have.

Here are some of the depressing details from unpublished reports: — Not only did 90 percent of U.S. military weapons technicians fail their basic skills tests, but 86 percent of the Army's artillery crewmen flunked, as did 77 percent of the computer programmers, 89 percent of the tracked-vehicle mechanics and 82 percent of the Hawk surface-to-air-missile crews.

— Many technical manuals have been converted to comic-book formats because the Army's technicians can't understand standard written instructions. One unit found that a third of its supervisory personnel were functionally illiterate. Black soldiers, incidentally, score better than whites, apparently because the Army is seen as a road to opportunity by blacks — but a dead-end for better-educated whites.

— In NATO competitions, hand-picked American crews finish dead last with dismal regularity. In a recent gunnery exercise, American crews failed to score a single hit, while allied gunners racked up scores of 70 percent or better.

— In all of the Army's combat units, there is a total of just 25 enlisted men with college degrees serving their first enlistment. Since World War II, college-educated enlisted men have kept the paper work flowing as clerks and supply personnel. Now these functions have to be done by junior officers or senior

noncommissioned officers with better things to do.

— Multimillion-dollar aircraft are sitting idle because the maintenance staff doesn't know how to order spare parts, or because there aren't enough trained mechanics to keep the planes serviceable.

The Army might take a leaf from the Marine Corps, which emphasizes quality in its recruits — "a few good men." The Marines claim they now have the finest personnel they've ever had, and outside experts agree.

The Reagan administration has signaled its intention to make service careers more attractive, and Congress seems to be in a mood to go along. But many experts are pessimistic. They see no way to lure the better-educated middle class

back into military service voluntarily.

The only recourse, these experts believe, is a return to some kind of

Jack Anderson
Washington Merry-Go-Round

The Labor Department routinely investigated the complaints. It is embarrassing, of course, for a Civil Rights Commissioner to be accused of civil rights violations. So Horn raised such a howl that the Labor Department suddenly called off the investigation. Horn denied that he had committed any violation or that the investigators had found any violations.

But this is not what their report shows. The report, of course, has been withheld from the public. But it shows that the investigators indeed found solid evidence of discrimination at CSU-Long Beach.

Their report notes that 11 departments had no minority faculty and five had neither minority nor female faculty members. A third of the departments had no black faculty members; half had no Hispanics. In the departments that had minorities and/or females, the Labor Department investigation found that they had to be far better qualified than their white male counterparts to get promotions and tenure.

Horn has attributed the charges of discrimination to troublemakers on the faculty who "play games." He also denied to my reporter Sharon Gelter that he tried to sidetrack the

investigation. But at last month's meeting of the Civil Rights Commission in Washington, Horn grilled Labor Department officials about "mistaken assumptions involving campus investigations."

HEADLINES AND FOOTNOTES: The Department of Energy, apparently knowing to the Reagan administration's nuclear-oriented energy program, has refused to publish a study by its Solar Energy Research Institute pushing conservation and "renewable energy" to eliminate dependence on foreign oil. But word leaked out anyway. Both senior policy advisor John McLaughry and Stanley Schneider of the White House Office of Science and Technology have requested copies of the study. — Television producer Norman Lear has formed People for the American Way to counteract the Moral Majority's drive to monitor sex and violence on the tube. He has discussed the situation with comedian Woody Allen privately, but says that "not a lot of entertainment people are involved." Lear claims the "Christian Right" is threatening to Americans "freedom of speech without fear."

Labor reduces labors

WASHINGTON (NEA) — You had better start doing your business with the Labor Department at 11 a.m. on Tuesday, Wednesday or Thursday.

That is the only hour at which you have a better than even chance of catching the bureaucrats at their desks under the contract worked out by the department and its unionized workers during the dying days of the Carter administration. The contract covers most department employees in the Washington area up to middle-level managers.

The department has adopted the increasingly popular concept of "flextime," which enables employees to set their own hours as long as they are at their desks during a midday "core" period and put in the required number of hours per week.

So, a working mother can start her day early and be home in time to greet her children when they return from school. Or, a "night person" can catch another hour or two of sleep and work a little later in the evenings.

What Labor Department employees asked for and got was not simply flextime but something that is being called "maniflex" by some and "superflex" by others. The new contract requires only that employees work a 40-hour week and be at the office between 10 a.m. and 3 p.m. on Tuesdays, Wednesdays and Thursdays.

Otherwise, they can choose their own hours. If they can figure some way of putting in 40 hours between Tuesday morning and Thursday evening, they can enjoy four-day weekends every week.

Of course, the employee you are seeking may not be at his or her desk even during these core hours. He or she could be out to lunch, of course.

Or on child-care leave. The contract permits a new parent to take a two-year unpaid leave and return to the same job or one of at least equal status. There is no sex discrimination at the Labor Department; the leave is available to fathers as well as to mothers.

Even if the employee you want is at work, you may have some difficulty getting his or her attention. "Use Of Personal Audio Devices" clause in the new contract permits workers to use the audio devices of their choice as long as they do not disturb others.

A union official has told employees that the best way to avoid creating a disturbance is to wear earplugs. That could make it difficult to hear a ringing telephone, however.

The question of credibility

To the editor:

The Zoning Enforcement Officer's study proved that they would not have adequate parking for a factory expansion, therefore, Multi-Circuits changed their story. Again, I question Multi-Circuit's credibility. What is the truth about their growth plans? Can Multi-Circuits propose buying the garage in November for parking, threaten to leave if they cannot have it immediately for a new building and a factory expansion in January and in March tell us to forget about the expansion for several years without all of us questioning their credibility?

Multi-Circuits will solve the parking problem of an expansion by staggering shifts several years from now; or will they look for more land in our neighborhood for another parking lot? I cannot forget that they already own the house across the street from mine. The lot would make for convenient parking several years from now.

Does Multi-Circuits think it can bully our elected officials, ignore their recommendations and then get everything it wants? Mayor Penny said truck traffic would not be tolerated on residential streets; trucks still rumble down Hill Street all day. It was suggested at the same Board of Directors meeting that their garbage barrels not be banded around after 6 p.m.; the noise still

booms through our house in the night. Multi-Circuits doesn't want to be a good neighbor — I don't think they want neighbors at all.

Will we allow Multi-Circuits to threaten and bully this town until it gets exactly what it wants? The

Water shortage not over

To the editor:

The people of Manchester, having been faced with a severe water shortage, are now able to breathe a little easier, thanks to the rainfall in February. However, we can't just forget about the seriousness of the problem, and the fact that it can and will happen again.

During a board of directors' meeting in February, it was mentioned that "toilet dams" were being considered, in order to conserve water in the bathroom. I'm sure many residents would purchase these, not only to cut down on the waste of water but also to cut down on the size of the water bill.

It's amazing how the price keeps going up, and the quality never improves. We, as taxpayers, voted yes to a bonding issue for a water filtration plant two years ago. But we, as taxpayers, would like to see some improvement before we pay more. We've paid increasingly higher water bills for the past two years and have nothing to show for it.

Parents get tips on reading skills

Dr. James P. Kennedy, Manchester's superintendent of schools, checks out the 18,000 school census questionnaires that are being sent to every household in Manchester. This is the first time the census has been done by mail. (Herald photo by Richard M. Diamond)

MANCHESTER — About 20 parents attended the third annual program for parents at the Whiton Library last night to hear ways parents could encourage their child's reading.

The program, co-sponsored by the Manchester public libraries and the Manchester public schools, was titled "Reading Begins At Home."

The early years of childhood are most critical to language development and reading readiness, therefore parents are usually a child's most important teacher. A slide presentation on the subject of help children with reading at home was given, followed by presentations by the children's librarians at both the Whiton and Mary Cheney Libraries, and two educational coordinators from the public schools.

Some of the suggestions for parents were:

- To set aside a special time to read to your child. It should be a positive "sharing of words and love."
- To make good books available to the child and to use the library on a regular basis as a source of a variety of books and other materials.
- To talk to and listen to your child.
- To expose your child to many new experiences, and to encourage him or her to ask questions and discover answers.
- To make sure a child is eating nutritious meals and getting enough sleep. Rest and a good breakfast is especially important once school starts.
- To be aware of changes in behavior and to make sure a child has a complete check-up, including checks on sight and hearing.

100 canoes due in race

MANCHESTER — More than 100 canoes are expected to participate in the fifth annual Hockanum River Canoe Race, scheduled for this Sunday, according to race coordinator Lee Watkins. The race is sponsored by the Hockanum River Linear Park Committee.

The canoe race runs 6.2 miles. Boats will begin racing at 9:30 a.m. near Rt. 83. Registration will begin at 8:30.

The Hockanum River race falls one day after the Willimantic River Canoe Race, sponsored by the Tolland Conservation Committee. The sponsors of both races will offer joint awards to canoeists who finish near the top in both of the weekend races.

Special events slated

MANCHESTER — The Early Learning Center and the Chestnut Hill Preschool at Emanuel Lutheran Church, are observing the "Week of the Young Child," this week with special events.

The Early Learning Center has a display all week in the windows of the former House and Hale store on Main Street. On Friday "Health Night" will be observed. This will be open to children who attend the center, and their parents. Guests will include various professionals from the community. They will include Dr. Cathleen Kowalski, a dentist, Percy Boucher, a dental hygienist, Monica Manari, pediatrician, and Beth Healy and Bernice Ratti, nutritionists.

At the Chestnut Hill program, 60 Church St., Midge Christopher Nash will present a preschool program. She plays the electric chromaphone. This will be on Friday at 10 a.m. The program will be open to the public and a 25 cent donation will be asked.

Census by mail is first for town

By BARBARA RICHMOND
Herald Reporter

MANCHESTER — Every household in town will be receiving an important piece of mail within the next few days. This will be in lieu of a census taker coming to their door, as has been the practice in the past.

Connecticut statutes require an annual count of every person under age 21, in each town. The public school system is responsible for the census and the youth services bureau comes under the jurisdiction of the school department and that bureau is handling the mailing out of the questionnaires. Robert Digan is director of youth services.

This year is the first that the census will be done by mail. School officials decided on this method after hearing of the success that the towns of Bristol and Salford have had with it.

Dr. James Kennedy, superintendent of schools, said he thinks the mailing method is more accurate, noting that the school census reports around the state have been notoriously inaccurate. He also said they are looking for cost containment. And while the same amount has been budgeted, he doesn't want that amount to increase. The letters will go out through the school system's bulk mailing permit.

Digan and Dr. Kennedy said that the most important use for the census is in future planning for the school system, especially in light of the declining enrollments. Especially needed are the

Town invites cycle bids

MANCHESTER — The town announced Tuesday it will open bids April 21 for three police motorcycles it intends to add to the patrol force.

In opening the bidding, the town reserved the right to reduce the number of motorcycles it intends to purchase, based on the final bids. Although not included in the department's original recommendations, the cycles were later added with the approval of the town manager, Robert Weiss.

Bid specifications call for the cycles to be mounted with 1,000 cc engines, a minimum four-speed transmission, front and rear disc brakes and a 12-volt electrical system.

Bond frees area man in hit-and-run accident

MANCHESTER — William D. Shine, 21, the Hebron man charged with the hit-and-run death of a Glastonbury man Friday, was released on \$2,500 bond from Manchester Superior Court Tuesday after he turned himself in to Manchester police.

Shine has been charged with driving the car which struck fatally injured Allan Tierney, 22, of Wyllys St., Glastonbury, and seriously injured his sister, Darlene Tierney, 19, outside David's, a popular bar in the Manchester Parkade.

Darlene Tierney is listed in satisfactory condition in Hartford Hospital. She was originally taken to Manchester Memorial Hospital, but was transferred due to the seriousness of her condition.

Allen Tierney was pronounced dead on arrival at Manchester Memorial Hospital early Friday. He was reportedly struck twice by the allegedly driven by Shine, following an argument between the two.

Shine reportedly surrendered to police after learning they had obtained a warrant for his arrest. When he arrived yesterday at police headquarters, Shine was reportedly accompanied by his attorney.

Shine's case was transferred to Hartford Superior Court. He was reportedly freed on \$2,500 bond after a judge allowed him to post 10 percent of his original bond of \$25,000.

Holdup suspects sought

SOUTH WINDSOR - Area police today are searching for suspects in two unrelated bank robberies which took place Tuesday morning less than an hour apart and included an exchange of gunfire and the taking of a hostage.

South Windsor police said two men, one armed with a handgun, and both wearing wigs, masks and false beards, held up the Oakland Road branch of First Federal Savings at about 9 a.m. and escaped with more than \$3,000.

Bank officials said this morning it was estimated the robbers escaped with \$1,223.

Police said upon entering the bank, the robbers took a hostage, Phyllis Goshing, a teller. The teller was released unharmed shortly after the robbery.

Police said the men fled the scene in a 1973 Pontiac which was recovered by Manchester Police about an hour later near the Burr Corners Shopping Center on Tolland Turnpike, Manchester.

The auto was reported stolen in Hartford last week.

Police said witnesses described the two men as white, dark haired, one less than six feet and one six feet, and one about 35 years of age and the other about 45.

In Hartford, police said they recovered \$8,300 in cash after the Connecticut Bank and Trust Co was held up about 45 minutes after the robbery in South Windsor.

Police said two armed men wearing yellow ski masks left cash on the sidewalk after exchanging shots with a bank guard in front of the CBT's Main Street branch. No one was injured.

Police said one suspect with a handgun disarmed a security guard while his accomplice vaulted a counter and grabbed the cash. A second guard exchanged gunfire with the suspects as they fled on foot, after dropping the money.

Clothing apparently worn by the suspects was recovered later in the Stone Village housing project.

Police said they are working on some leads but have no suspects at this time and have not applied for any warrants. They also said they could not determine if the suspects made away with any money.

Police and the FBI said they were both investigating the robberies, and authorities said the two incidents were unrelated.

In South Windsor, police said they have no suspects.

A free skate day at Manchester Community College was conducted Tuesday to commemorate the second anniversary of the fire which destroyed the college's student center. Participants in the event include Holly Brennan and Glen Pelligrini. (Herald photo by Tarquino)

Penney becomes largest taxpayer

MANCHESTER - J.C. Penney Properties Inc. is now Manchester's largest taxpayer. The retailing company narrowly passed the Hartford Electric Light Co. on the 1980 Grand List, released yesterday.

J.C. Penney was assessed at \$12,049,110 for its catalog distribution center in the Buckland Industrial Park. That assessment is nearly \$4 million more than last year's.

Hartford Electric Light Co. was assessed at \$10,073,520 for its Manchester facilities, making it the town's second leading taxpayer.

The other members of Manchester's top 10 taxpayer list are Alexander Jarvis, assessed at \$4,481,290 for real estate, Emil Downey, assessed at \$3,944,350 for apartments; Squire Village Associates, assessed at \$3,616,470 for apartments; John Hancock Mutual Life Insurance, assessed at \$3,545,640 for commercial property; JMB Income Properties Inc., assessed at \$3,300,770 for real estate; Raymond Damato, assessed at \$3,270,010 for apartments; Geri-Care Nursing Center, assessed at \$3,239,140 and Connecticut Natural Gas, assessed for utilities worth \$2,438,580.

MCC supports promotion of woman administrator

MANCHESTER - Manchester Community College will recommend the state promote an employee who last year alleged the college had discriminated against her by denying her an administrative position because of her age and sex.

The college will ask that Shirley A. Bellardo, 55, be promoted from her current position as an administrative assistant to a more advanced position with an increase in salary, it is reported.

The college will also ask the state Board of Trustees of Regional Community Colleges to grant Mrs. Bellardo tenure, as the college's Committee on Promotion and

Tenure recommended she receive a promotion and tenure following a regular review of several staff members' records recently.

The college will also ask the board to grant Mrs. Bellardo a one year sabbatical, beginning September, to receive advanced training in her field, it is reported.

Last April, Mrs. Bellardo first filed a complaint with several affirmative action offices that she was denied a professional position at MCC due to her age and sex.

She lodged a complaint with the State Board of Trustees of Regional Community Colleges to grant Mrs. Bellardo tenure, as the college's Committee on Promotion and

Status of Women, and the Congress of Connecticut Community Colleges.

When the Board of Trustees of the Regional Community Colleges still upheld the college's decision, Mrs. Bellardo brought the matter up again with the board's Equal Opportunity Council. The council, while it reaffirmed the college's decision, advised MCC to review Mrs. Bellardo's responsibilities regarding her salary to see if the two related properly or "if an adjustment is in order."

Mrs. Bellardo, it is reported, will have essentially the same responsibilities as in her present position handling admissions.

Obituaries

John C. Maggi
GLASTONBURY - John C. Maggi, 70, of 97 Marilyn Drive, died Tuesday at Hartford Hospital. He was the husband of Lill (Miglietta) Maggi.

He also leaves a son Joseph J. Maggi, a brother and two grandchildren, all of Glastonbury. Funeral services will be Friday at 9:15 a.m. from the Glastonbury Funeral Home, 450 New London Turnpike with a mass of Christian burial at 10 a.m. in St. Augustine's Church. Friends may call at the funeral home Thursday from 2 to 4 and 7 to 9 p.m.

Maurice J. Sinclair
EAST HARTFORD - Maurice J. Sinclair, 53, of 51 Naubuc Ave. died Tuesday at Hartford Hospital. He was the father of Michelle Sinclair of East Hartford.

He also leaves his mother, Amelia

B. Isadore, a brother and two sisters. Funeral services will be Thursday at 8:15 a.m. from the Rose Hill Funeral Home, 580 Elm St., Rocky Hill with a mass of Christian burial at 9 a.m. at Blessed Sacrament Church, East Hartford. Calling hours, today from 7 to 9 p.m.

Theft reported
MANCHESTER - The E. A. Patten Co., 303 Webber St., had over \$8,000 in gold, silver and cash stolen over the weekend.

According to the report, filed Monday at 3:10 p.m., the point of entry and point of exit are undetermined, though a side door may have been used.

Selective items were taken; 10 ounces of gold wire, 40 ounces of silver wire and \$200 in cash. The value of the gold is estimated a \$4,300. The wire is used by the company for brazing.

Edward Richardson
New York City. Wearing glasses, faded blue jeans and a green military fatigue jacket, the sandy-haired Richardson appeared alert but unemotional at his arraignment before Magistrate Nina Gershon in U.S. District Court in Manhattan.

The magistrate set a hearing for April 17 on a request that Richardson be removed to New Haven. The felony charge carries a maximum prison term of five years.

No clinic this week
MANCHESTER - The Preventive Medicine (venereal disease) Clinic which held each Thursday at Manchester Memorial Hospital, won't be held this week.

The clinic will resume its regular schedule on April 16 at its usual time from 6 to 7:30 p.m.

Lawyer sees win

relocate them from Harrison Street.

The committee further concluded the garage's sale to Multi-Circuits "could be a partial source of funds for the construction to the recommended Central Maintenance Facility and whatever other renovations to the existing Otcoit Street facility that might be deemed necessary."

Berman said the blue-ribbon committee overstepped its function in considering the financial impact of the Harrison Street garage's sale.

Specifically, Berman said the report concluded the garage serves a necessary function, and called speculation over its sale "as ridiculous as considering the sale of the town hall."

Mayer Stephen Penny formed the committee last fall after Democratic Director Arnold "Ike" Klinechmidt and others suggested a review of town maintenance facilities. It wasn't until late winter that the blue-ribbon committee became entrined with the proposed expansion of Multi-Circuits.

As part of its report, the committee recommended a 6,000 square-foot addition be constructed at the Otcoit Street garage. The addition would contain eight service bays, four on each side, with room inside for two car lifts and one heavy truck lift.

The report also suggested administrative changes to supervise the expanded towndive garage.

Nickse asks probation

HEBRON - The attorney for Eric Nickse, the 19-year-old arrested Feb. 19 and charged with second degree manslaughter in the death of his father, applied for accelerated rehabilitation for his client.

The application was made during a court appearance yesterday in Tolland County Superior Court, Rockville.

Under the program, the accused is granted a probation term, and at the completion of the term, if the court decides the term had been fulfilled to expectation, the accused may not be tried under the

Copycat gunman fails

Misplays key for Tribe

By LEN AUSTER
Herald Sports-writer

Taking advantage of eight Fermi bobbles, Manchester High tripped the mistake-prone Falcons, 10-2, in the 1981 CCL baseball opener for both schools yesterday at Kelley Field.

The victory marked a successful varsity debut for Indian Coach Don Race, who took over from the retired Hal Parks.

"Their errors gave us the game in the beginning," Race stated. "It's a pretty good start for us in that we were lucky they gave us so many easy runs."

"Our defense stunk and the kids know it," remarked Fermi Coach Gene Ryzek, who added his club's defense had been solid in three previous scrimmages. "I guess they had had some jitters, we had a lot of young kids out there."

The Falcons opened the scoring in the top of the third. Sean McMurray walked, took second on an infield roller and scored on Tim Moriarty's check swing single through the middle.

Manchester made lead short-lived with four tallies in the bottom of the inning.

Diminutive Don Samislaski drew the second of three walks he induced before Jon Dalbois drew another walk to tie matters.

Fermi pitching issued nine walks, seven by starter and loser Craig Melquist.

Chris Schaeffer swatted a single up the middle for two more runs with an errant pickoff allowing Dalbois to scamper home.

The Indians added two unearned runs in the fourth. Samislaski walked, Herth's lined a single to left

right-hander Skip Moreau draws the starting nod for the Indians.

Fermi took the jayvee contest, 5-3. Dean Gustafson scattered five hits, allowing only one earned run, in going the distance for the young Indians. Mike McKenna led the local attack with two safeties.

Tech in victory column

Scoring the winning run on a perfectly executed suicide squeeze bunt in the top of the seventh inning, Cheney Tech nipped East Hampton High, 3-2, yesterday in CCL baseball action at the Bellingers' field.

The triumph was the first for the Beavers after two opening losses while East Hampton.

Cheney's next outing is Thursday afternoon at home against non-conference foe Ellington High at 3:15.

Mike Switzer led off the Beaver seventh as a hit batsman and advanced on two passed balls. Phil Foreman then laid down a perfectly executed suicide which went for an RBI hit.

The Bellingers threatened in the home seventh. Cheney starter and

winner Tom Kaminski retired the first two batters before running into trouble. A walk, single and errant pickoff put runners at second and third and brought up clean-up batter Pete Coolidge.

The runner went to two balls on the Bellinger stinker when Cheney first-year Coach Rich Busick brought on hard-throwing Rick Mikoleit. He blazed three fastballs past Coolidge to reserve the win.

"The team got a well-deserved victory today. Kaminski pitched an outstanding game and Switzer called an intelligent game," a happy Busick noted.

"I knew that Mikoleit could throw the ball part Coolidge and I was hoping for the strikeout. Bringing him in with a 2-and-0 count with the winning run on second put a lot of

pressure on him but he was equal to the task," added Busick.

Cheney opened the scoring in the fifth as Switzer singled, Dan Barone walked. Foreman sacrificed the runners up and Brian Eaton singled sharply to left for the run.

East Hampton tied it in the home fifth with the Beavers tallying in the sixth. Pinch-hitter Dave Nowak walked, stole second and scored on a single down the leftfield stripe by Mikoleit.

The Bellingers drew even in the home sixth as Kaminsky singled, Coolidge hit a double and scored on Brian Mello's single to left.

Kaminski in 6 1/2 innings walked two and fanned four. Paul Rioux went the distance for the Bellingers and absorbed the loss. He walked

two and struck out five.

Mikoleit and Brian Eaton each had two hits for the Techmen.

Tribe softballers outscore Fermi

Behind the strong pitching of Diane Ferguson, Manchester High girls' softball team began defense of its CCL championship with a 10-4 duke over Fermi High in the 1981 opener for both schools yesterday in Ellington.

The Silk Towners began quickly with five runs in the opening frame. Karen Daley stroked a leadoff single while second and third on an infield out.

The Silk Towners began quickly with five runs in the opening frame. Karen Daley stroked a leadoff single while second and third on an infield out.

Georgianne Ebersold's bunt single drove home Daley with the first marker. Karen Wright's long fly was bobbled and both she and Ebersold toed the plate. After singles by Beth and Mary MacDonald, Marge Boltonter singled home.

Manchester scored in every inning. It added one in the second, two in the third and four in the fourth frame. A single by Nancy Currin produced two markers in the latter inning.

Two singles, Beth MacDonald's double and a Curtin double produced three more runs in the fifth. A single marker was added in the sixth and three more in the seventh.

Curtin had two hits and four RBI to pace Manchester's 14-hit attack. Boltonter drove in three runs while Beth MacDonald had two hits and two RBI. Daley and Mary MacDonald each chipped in two markers.

Mary Baidyga and Gretchen Pieper each had two hits for Fermi. Manchester makes its home debut Thursday afternoon against Hall High at Fitzgerald Field at 3:30.

Manchester also took the jayvee contest, 4-3. Laura Peterson struckout nine while pacing the offense with a single and double for the locals. Amy Jones and Pam Gurney each hit well for Manchester while Mara Walrath was a defensive stand-out.

Tom Furlong opened the Eagle seventh with a single followed by a walk to Steve Byrne and error which allowed Brad Cabral to reach safely to jam the sacks. Kyle Ayer singled sharply to right for one run with Falkowski and Dennis McCoy drawing free passes forcing runs home.

Believer Jay Marzi, who took over for starter Chuck Mercer after the latter walked McCoy, couldn't find the plate either as he issued free rides to Ed Fournier and Goodwin for two more markers. Pinch-hitter Frank McCoy then sent a dribbler to third, which was kicked into short leftfield for two more runs, the tying and go-ahead markers.

Frank McCoy came around to score on a wild pitch.

East added an insurance marker in the eighth. Dennis McCoy reached on a two-base error and scored on a Fournier RBI single to right.

Junior right-hander Damian Daly in relief picked up the win for East. He hurled 6 2/3 strong innings, allowing only three hits, while walking five and striking out four. Marzi, second of three Saints' hurlers, took the loss.

"I was very pleased with the effort put in by Damian Daly in relief," cited Eagle Coach Jim Penders. "He was in command for the 6 2/3 innings in the second inning but gave them credit for coming back. We were given some runs but we gave them some too. Outside the second inning we played an excellent defensive game, especially Brad Cabral at shortstop.

The kids couldn't fold their tents in the second inning but give them credit for coming back. We were given some runs but we gave them some too. Outside the second inning we played an excellent defensive game, especially Brad Cabral at shortstop.

Archibald paces Celtics' win

BOSTON (UPI) — Before and after the game, it's the same routine. Veteran guard Nate Archibald ives his ankles and knees, thankful for surviving one battle and hopeful to fight another.

The 35-year-old slithered and snaked his way for a season-high 27 points Tuesday night to help the Boston Celtics to a 106-97 victory over the Chicago Bulls and a 2-0 lead in their Eastern Conference semifinal series. The series shifts to Chicago for Game 3 on Friday night and Game 4 on Sunday.

Archibald paid for his penetration, but the final results made the pain easier to bear.

"I'm sure I'm beat up but I'm glad the game is over and we won," said Archibald, who hit on 9-of-12 from the floor, dished out seven

assists and ran the Celtics' fast break to near-perfection in the first 10 minutes. The result was a 26-point Boston lead 3-21 into the second quarter and the gutsy Bulls didn't have enough left to overcome the deficit.

"I give the game ball to Fitch," said Boston coach Bill Fitch, who called the contest one of the roughest he has seen. "He played a real heady, gutsy game and if there's a better conditioned 40-year-old, I'd like to see him because he must have aged eight years out there."

Archibald and Robert Parish, who also had 27 points, got the Celtics off to their roaring start. The 6-foot guard and the 7-foot center combined for 21 of Boston's first 25 points en route to a 25-8 lead. The Bulls hurried their shots, making

only 28 percent in the first period in falling behind 32-14.

"You give me four quarters like that and you've got the perfect game. It was a clinic," Fitch said. "When you come out playing like that against a great team like the Bulls, it makes things difficult."

Chicago coach Jerry Sloan, "It looked like we were a little intimidated by them and they took us out of what we wanted to do. And that was the ballgame."

'It was a clinic' — Fitch

David Greenwood and Artis Gilmore offered different explanations for the Bulls' lull. Greenwood said the team simply rushed its shots and failed to execute its deliberate offense. Gilmore said the Bulls were more nervous than usual.

"I think we just got caught up in the excitement and we forgot to play the type of game we've had success with," said the Bulls' behavior, who had 19 points. "We never let a success run of unanswered points like we would like to see them. Chicago immediately went in an 18-2 tear to pull to within 11. They stayed anywhere from 10 to 18 until the last half. They (Archibald) was tough, he was the key. He got the ball down and penetrated and you think you have him and then he shoves it off to someone. The man is tough."

can play catch-up with it. And they almost caught us."

As the game wore down, so did the Boston lead. Greenwood missed an uncontested staff with 2:18 left which would have brought the Bulls to within five. As it was, the closest they got was 98-92 before Parish and Archibald sealed the win in the final 30 seconds.

"We never give up, we've been down before and come back," said Bulls' guard Reggie Theus, who led Chicago with 21 points, 13 in the final quarter. "I'm going to shoot a 25-under."

"I'm just kidding," quickly added Watson, whose best showing this year was his second-place finish at Orlando, Fla. "Six-or-eight-under will probably win this week and I just hope I can be among the contenders."

"I've been concerned about how I've been playing," he said. "But when you play a long time you realize there are going to be periods when your game doesn't go as you might like. You have to work out of those things."

Watson, who won the Masters in 1977, tied for second in 1978 and lost

in a playoff to Fuzzy Zoeller in 1979 but played to a tie for 12th last year, says there are "10 to 15 golfers playing well enough to win this week."

"I feel like I'm hitting the ball fair right now, but my long game hasn't been too good," he said.

Watson said the reason he expects scores to be higher this week than in previous years is because of the weather. "The greens are going to be better than they were last year. Practice on the Augusta National course ends early this afternoon when the course is closed for a haircut. To win away from home, many of the Masters entrants will take part in a one-round tournament on the par-3 course on the Augusta National grounds."

Watson, 31, said he hasn't been

able to pitch at Springfield for several weeks in hopes he would be able to join the Cardinals later this season.

However, Busby had told Herzog before the St. Louis camp opened that he would not report to the minor leagues and would retire if he did not win a spot on the Cardinals' 10-man pitching staff. Busby most likely will be at a postcarding job in Kansas City.

Busby pitched for Herzog in Kansas City for several years and had been out of baseball since he was released by the Royals last year. After winning 22 games for the Royals in 1974 and 1975, which included a pair of no-hitters —

Rockets lift off trimming Spurs

By IRA KAUFMAN
UPI Sports Writer

The space shuttle Columbia doesn't lift off until Friday morning. The Houston Rockets can't wait that long.

The Rockets, only 40-42 in the regular season, continue to thrive in the rarified air of the NBA playoffs and they launched a best-of-seven Western Conference semifinal series in San Antonio Tuesday night with a 106-97 rout of the Midwest champion Spurs.

After winning two games in the Forum to dethrone the NBA champion Lakers in the mini-series, the Rockets went into the HemisFair Arena — where the Spurs had won 34 of 41 games — and manhandled San Antonio behind the heroics of Calvin Murphy, Moses Malone and Robert Reid.

Malone, who scored 27 points in Game 1, says Houston is a team on a mission.

"What was the difference? I'll tell you the difference," said the Rockets' All-Star center. "We wanted to win. That's the difference."

Perhaps part of the Rockets' churning intensity stems from a desire to atone for last year's schizophrenic performance in the Eastern Conference playoffs, after beating the Spurs in a mini-series, the Rockets were humiliated by Boston in four straight games, losing by an average of 19 points.

On Tuesday, Murphy came off the bench to stake Houston to a first-half lead and Reid hit the first-half lead to help the Rockets hold off the Spurs, who hadn't played in nine days.

'Just played smart basketball'

Reggie King led the Kings with 15 points.

"I don't know if you could say the Spurs were lackadaisical," said Murphy. "I thought we just played smart basketball. I think San Antonio respected us. I don't think they thought they would come in and roll over us."

"Still, I think you will see a different San Antonio team (tonight)."

Murphy scored 15 of his 21 points in the second quarter. Gervin scored a game-high 30 points for the Spurs.

In the other Western Conference semifinal, Pacific Division champion Phoenix broke open a close game in the third quarter to post a 102-80 triumph over Kansas City at home in Game 1.

Dennis Johnson scored 16 points and sparked defensively, hounding Otis Birdsong into a subpar effort. Walter Davis also scored 16 for the Suns, who dominated the backboards by a 52-35 margin. The Suns went to start late in the first quarter, led 31-26 at halftime and pulled away by outscoring the Kings 14-2 in the last five minutes of the third quarter to take a 75-58 lead into the final period.

Birdsong had only 11 points before leaving the game with a sprained ankle late in the third quarter. The

South African net star gets off to good start

HILTON HEAD ISLAND, S.C. (UPI) — South African Susan Rolison has jumped off to a good start in her first appearance this season in a major women's tennis tournament — eliminating second-seeded Wendy Turnbull, 6-2, 7-6, in the \$150,000 Women's Tennis Association tournament.

Rolison, a 19-year-old who is only five-feet and weighs 100 pounds, ousted Turnbull Tuesday for the biggest upset of her fledgling career.

"I was nervous when I was so far ahead," said Rolison. "It was only when Wendy started to gain on me that I became confident enough to pick up my momentum."

In other tournament play, Kathleen Horvath, 15, from Hempstead, N.Y., took a 3-6, 6-4 victory over Rosie Casals.

Pam Casale, 15, of Fairfield, N.J., a dominating force in every national junior event this season, defeated Diane Desfor of Los Angeles, 6-3, 6-2.

NFL playoffs start tonight

The Manchester Recreation Department's cultural program is offering spring tennis lessons for adults. The instructor is Bonnie Castelan, a member of the U.S. Professional Tennis Assoc.

Daytime classes will start the week of April 27 and evening classes May 4.

Classes are offered on the beginner, advanced beginner, intermediate and advanced levels. The classes will meet twice a week for six weeks and will cost \$18 per person with the exception of the daytime advanced class which will cost \$27 per person.

Classes are open to residents of Manchester and surrounding towns. Registrations may be made in person between 10 a.m. and 1 p.m. Mondays through Thursdays at the Arts Building on Garden Grove Road or mailed to the Manchester Recreation Department. Further information is available by contacting the Arts Building.

Matter of time

LOS ANGELES (UPI) — Vince Ferragamo's agent says it's only a matter of time before the Los Angeles Rams' quarterback signs with the Montreal Alouettes of the Canadian Football League — and when he does it will be a "one-of-a-kind" deal.

"The terms of the contract have been agreed upon," David Fishoff said Monday.

NFL to open under lights

NEW YORK (UPI) — The 1981 National Football League season will open on Saturday night, Sept. 5, with the Minnesota Vikings taking on the Tampa Bay Buccaneers.

In Sunday, Sept. 6, openers in the official league schedule released Tuesday, the NFL champion Oakland Raiders will be at Denver, Baltimore at New England, Dallas at Washington, Green Bay at Chicago, Houston at Los Angeles, Kansas City at Pittsburgh, Miami at St. Louis, New Orleans at Atlanta, and Seattle at Cincinnati.

San Diego will be at Cleveland for the first Monday night game of the season on Sept. 7.

The "Thursday Night Spectacles" will be played on Sept. 10, with Pittsburgh at Miami, and Sept. 17,

with Philadelphia at Buffalo. Los Angeles will be at Dallas on Sunday night, Oct. 18, for a nationally televised game.

The 224-game regular season will wind up on the weekend of Dec. 19-21 and wild card playoffs are set for Sunday, Dec. 27. The division playoffs will be held on Jan. 23, 1981 and the American and National Conference championship games will be played on Sunday, Jan. 10. The Super Bowl is set for Sunday, Jan. 24, at the Silverdome in Pontiac, Mich.

The Pro Bowl game will be played for the third year in a row at Aloha Stadium in Honolulu on Saturday, Jan. 31.

There will be four new head coaches in the NFL this season — Joe Gibbs at Washington, Ed Biles at Houston, Dan Reeves at Denver and Bum Phillips at New Orleans.

Watson in good frame of mind

AUGUSTA, Ga. (UPI) — Tom Watson was in a jovial mood when he started talking about his chances of winning this week's Masters.

"I'm in a good frame of mind," said Watson, the PGA's top golfer for four straight years (1977-80) but off to a comparatively poor start this year. "I'm going to shoot a 25-under."

"They, I'm just kidding," quickly added Watson, whose best showing this year was his second-place finish at Orlando, Fla. "Six-or-eight-under will probably win this week and I just hope I can be among the contenders."

"I've been concerned about how I've been playing," he said. "But when you play a long time you realize there are going to be periods when your game doesn't go as you might like. You have to work out of those things."

Watson, who won the Masters in 1977, tied for second in 1978 and lost

Steve Busby hangs up spikes

By FRED McMANE
UPI Sports Writer

Steve Busby, the author of two no-hitters, has stopped trying to write a comeback story.

The 31-year-old right-hander, attempting a comeback with the St. Louis Cardinals after five years of trying to recover from rotator cuff surgery, announced Tuesday that he is retiring from baseball.

A 22-game winner for the Kansas City Royals in 1976, Busby told Manager Harry Herzog of the St. Louis Cardinals that he is quitting baseball rather than go to the club's Springfield farm club of the American Association. Herzog, who invited Busby to the St. Louis camp

stole second and went to third on a throwing error.

Richard Dotson held the Pirates to one run on seven hits in six innings in leading the White Sox to victory. Relievers Roy Hottel and Ed Farmer held the Pirates to two hits over the last three innings.

The Oakland A's parlayed eight hits and five Cleveland errors into seven unearned runs en route to victory over the Indians. The A's scored three unearned runs in the seventh to snap a 6-4 tie.

Luis Gomez drove in four runs and rookie Terry Harper had two hits in a six-run first inning that carried the Braves to victory over the Cardinals. The Padres pounded 14 hits off five pitchers to defeat the Angels. Everyone in the San Diego starting lineup hit safely, including winning pitcher Rick Wise.

Punch-bitter Gary Woods capped a four-run eighth inning rally with a two-run single, lifting the Astros to victory over the Giants. Nolan Ryan pitched only two innings for Houston in his final tuneup before the season opener.

Milwaukee rocked pitcher Jim Beattie for seven runs in the first two innings on its way to victory over the Mariners. Milwaukee sent 12 men to the plate in the first inning with Robin Yount tripling home the go-ahead run.

Cheney Tech dropped a 3-2 decision in Vinal Tech in its 1981 tennis opener yesterday at the Hawks' courts in Middletown.

Vinal swept the singles matches to the net.

Results: Foran (V) def. Terry Melendy 6-2, 6-3; Bloomquist (V) def. Gary Melendy 6-3, 6-0; Winner (V) def. Phil Silverman 6-4, 6-3; Governale-Fitzgerald (CT) def. Ethieridge-Smith 6-3, 6-1; Cunningham-Kiernan (CT) def. Tipton-Miyak 6-0, 6-3.

Sports Parade

By MILT RICHMAN

Forster old fashioned

NEW YORK (UPI) — Terry Forster is old fashioned. You give him a ball, he likes to pitch back. It kills him when he can't do it right away and that's what's eating at him now.

He wants to pay back the Los Angeles Dodgers, not only for the years they put out when he was the first free agent who signed four years ago but also for the patience they've had with him the past two years. A couple of elbow operations kept him from doing anything for them at all these last two seasons.

"It's at a point where I have to do this time," says the 29-year-old lefty reliever. "I don't do it this time, that's it."

Forster believes he'd do it. So does Tommy Lasorda, one of his biggest boosters.

The bad news is Forster hasn't had that great a spring. He has been roughed up for 19 hits in 12 innings and his ERA stands at 5.25.

The good news is that he has been throwing hard and his elbow hasn't given him any trouble.

"I'm happy about just being able to get out there, stand on the mound and not feel any pain," Forster says. "For the past two years, I'd stand there with the ball in my hand and say to myself, oh, man, how much is it gonna hurt this time?"

Dr. Frank Jobe, the surgeon who operated on Forster, removed a bone chip and relocated a nerve in Forster's left elbow on Nov. 7, 1978.

Dr. Jobe said he did everything on his part of what he did on Tommy Jobe," says Forster, who also was instructed not to pitch for a year. But he was so eager, so anxious to show the Dodgers he could do for them what he had the year before when he saved 22 games and posted a 1.94 ERA, that he began pitching again the following May, only six months later.

Cost one year

"I'm sorry I rushed it," Forster says now. "It cost me a year and a half and another operation."

The second year was performed Aug. 16, 1979, when a bone spur was taken out of Forster's elbow. Last year, he appeared in only nine games working a total of 15 innings.

"I wanted to see if I was ready and I wasn't," he says. "The elbow started to swell and it would take five days in between an appearance and another just to be able to throw the ball 30 feet. That's when you begin thinking that your career is all over at 28."

Forster can't say enough for all of the people who helped him the last two years, people like jobs, Bill Buhler and Paul Padilla, the two present Dodger trainers, and Herb Vike, who used to be with them.

"Bill Buhler worked his butt off on me these past two years," says

Cheney drops tennis debut

Cheney Tech dropped a 3-2 decision in Vinal Tech in its 1981 tennis opener yesterday at the Hawks' courts in Middletown.

Vinal swept the singles matches to the net.

Results: Foran (V) def. Terry Melendy 6-2, 6-3; Bloomquist (V) def. Gary Melendy 6-3, 6-0; Winner (V) def. Phil Silverman 6-4, 6-3; Governale-Fitzgerald (CT) def. Ethieridge-Smith 6-3, 6-1; Cunningham-Kiernan (CT) def. Tipton-Miyak 6-0, 6-3.

MCC women streak ends

Manchester Community College women's softball team saw its win streak stopped at three as it was routed by Mattatuck Community College, 16-2, yesterday at Nike Field.

Mattatuck, 4-1, ripped losing pitcher Doreen Downham for 18 hits, including three doubles and three triples. Downham is now 1-3 and the Cougars 3-5. MCC was limited to only two singles, one each by Beth Given and Renee Abramowitz.

MCC returns to the diamond today at home against Becker Junior College at 3:30.

Eagle jayvee nine triumphs

East Catholic jayvee baseball team swung into the 1981 season by routing St. Thomas Aquinas, 11-2, yesterday in New Britain behind a 16-hit attack.

Frank McCoy was 4-for-5, Tim Frazier 2-for-3 with two doubles, Dennis Goodwin 2-for-4 and Tim Kiro 2-for-3 to pace the young Eagles.

Brian McLaughlin was the winning hurler for East.

"Scores here have been much lower around here in recent years but the golfers have been holding 25 to 30 foot putts. The way these greens are going to be rolling, I doubt many will have nerve enough to go for the cup at that range."

Johnny Miller, already assured his best year since 1975 with victories at Tucson and Los Angeles, pointed out Tuesday that changing the grass on the greens won't be the only factor in having Masters scores this week.

"The first and eighth holes have been made much tougher," said Miller. "You are going to be better off duck-hooking your drive at No. 1 to avoid the fairway trap and the way No. 8 (a par-5) is set up, there are going to be a lot of golfers who don't have the course changes. I wish they'd leave the good courses alone. They should stand as monuments to the great architects who created them. How else can we compare the different eras of golf?"

Catholic girls track winners

East Catholic girls' track team opened its 1981 season with a 74-53 success over Windsor Locks High at the Raiders' track.

100 hurdles 1 Chapman (W.L.), 2 Leonard (W.L.), 3 Bassett (EC), 17.13.

100 1 Blevins (W.L.), 2 Ingalliera (EC), 3 Tobin (EC), 14.11.

Reds-Phils launch play today

before game time today.

A capacity crowd of 52,392 is expected to attend the opener in Cincinnati with Steve Carlton of the Phillies, a three-time Cy Young Award winner, slated to start on the mound against veteran Tom Seaver. Carlton posted a 24-9 record last season while Seaver was 10-8.

The new season begins to tap for Thursday, four in each league.

On Thursday's American League schedule are Toronto at Detroit, Minnesota and California at Seattle. In the National League, New York is at Chicago, Houston at Los Angeles, Montreal at Pittsburgh and San Diego at San Francisco.

By April 17, all 26 clubs will have played their home openers.

For the second year in a row, the threat of players' strike hangs over the season. The players have given the owners until May 29 to reach an agreement with the Players Association on a new basic agreement. The key issue in their disagreement is compensation for free agents and they seem no closer to an agreement than when they started discussions two years ago.

Despite the ominous threat of a strike, there is a feeling that major league attendance can again surpass the 40-million mark. Of course, that depends on whether the players and owners can solve their internal problems.

Bagley honored

ROCHESTER, N.Y. (UPI) — Boston College sophomore guard John Bagley has been named the Widener Eastern College Basketball player of the year in balloting by a regional panel of sportswriters and broadcasters.

O'Neill signs spouse rape law

HARTFORD (UPI) - Gov. William O'Neill has signed a bill which makes the rape of a spouse a felony punishable by up to 20 years in prison, but which says he has some reservations about the law.

Another bill signed by the governor makes it a crime for a landlord to lock out a tenant without a court order. The law goes into effect Oct. 1 and violators will risk up to three months in jail and/or a maximum \$500 fine.

Sunday bettors get green light

HARTFORD (UPI) - Bettors with a hankering to try their luck on Sundays could soon get the chance at Connecticut's three jai alai frontons and the Plainfield dog track under a bill signed by Gov. William O'Neill.

The bill requires the Gaming Police Board to award Sunday dates for racing at Plainfield and jai alai at frontons in Bridgeport, Hartford and Milford at the request of the licensee. The events could not begin before 1 p.m.

The Sunday dates would require approval of the local legislative body. The bill also limits the number of racing jai alai days to six days in one calendar week.

Proponents of the bill estimated Sunday racing and jai alai could raise an additional \$240,000 in state revenue for this fiscal year and pump an additional \$1.8 million into the revenue coffers in fiscal 1981-82.

Score a triple-play discount

By MARTIN SLOANE
Smart shopping is contagious. Just tell a few of your friends about your double- and triple-play discounts at the supermarket. Before you know it, they will be telling you about their own triumphs.

Judy Hughes, of Lakewood, Calif., made a triple play at an Armour Golden Star Turkey.

First, she found the turkey on sale for \$1.47 a pound. The usual price at her supermarket is \$1.99.

Then, she used a 75-cent-off coupon that the store doubled.

When she got home, she sent in the label from the turkey for a \$2 Armour refund.

"That \$2.96 needless turkey cost me only \$1.55," she says. "And I want to tell you that I started taking advantage of coupons and refunds, shopping has become much more interesting."

Barbara Stalker of Parker, Pa., saw a supermarket advertisement offering seven bars of Jergens soap for \$1. She bought the soap and sent in six of the wrappers for a \$1 refund.

"I got the full purchase price back," she says. "What more could I ask for?"

Linda Sarro of Woodside, N.Y., tells of the recent triple-play discount that she made with her mother.

"Our local supermarket had a liter of 7-Up on sale at 99 cents a bottle," she recalls. "My mom had the cashbar three 25-cent-off coupons, so we only paid \$1.47 for three bottles.

"When I got home, I found a \$1.47 Holiday Refund Offer, which brought their cost down to 47 cents.

"With 13 in our family, I have a smart shopping experience, write to me in care of this newspaper."

And save together. Their favorite supermarket recently had the 10-ounce jar of Nescafe, usually \$5.79, on sale for \$5.09.

The store doubled their \$1 Nescafe coupon, which brought the cost down to \$2.09. And the jar contained an extra 2 ounces of coffee worth another \$1.16.

"We both got a great deal of enjoyment in beating inflation with bargains like this," says the Hurleys.

Double and triple discounts like these are much easier to find when you pay close attention to the advertised supermarket specials and match them up with your coupons and refund forms.

These smart shoppers have earned my Smart Shopper Award and will receive my "1981 Guide to Coupons and Refunds." If you have a smart shopping experience, write to me in care of this newspaper.

Refund of the day
Write to the following address to obtain the form and four complete jars of Armour Star Chili. Expires Dec. 31, 1981.

Form, P.O. Box 3325, Maple Plain, Minn. 55348. Enclose a stamped, self-addressed envelope with your request. This offer expires Sept. 30, 1981.

Clip "a" file refunds
Clip out this file and keep it with similar cash-off coupons - beverage refund form and the complete ingredient panel from any Mexi-Reddi Lunch can. Expires June 30, 1981.

ORTEGA Refund Offer
Receive a \$1 refund and two 25-cent coupons. Send the required refund form, the box bottoms with Universal Product Codes from two Ortega Taco Shells or two Ortega Taco Dinners, the net-weight

Bargain hunting
Many great bargains are to be found every day on the classified pages of The Herald. Reading the classified is like beating inflation single handedly. Smart shoppers check The Herald classified first.

Enjoy Passover - the Festival of Freedom

Passover is the Festival of Freedom and the most joyous dinner of the year. And served in delicate, undeniably beautiful ceremonial feast, the Seder, shared with family and close friends, there's freedom in the menu, too. Since there are no obligatory dishes on this holiday so that wonderful new recipes have a way of becoming family tradition rather quickly. We suggest that the modern style known as Nouvelle Cuisine will tempt many to create a Nouvelle Passover Cuisine just for this occasion.

An outstanding stuffing mix is Festive Seder Turkey. The matzo is seasoned with onions and celery and combined with succulent fresh Florida grapefruit sections and luscious figs - a marriage of wholesome foods that makes a memorable main dish.

Orange-Beet Conservé is a welcome new variation on the customary dish - the taste of fresh orange sections played against sweet beets with a touch of ginger gives in a wide-awake flavor that upstages broccoli in the market at this time, and gently steamed until just tender-crisp, adds well. Stuff turkey cavities with matzo stuffing.

Truss turkey closed and turn wing tips up. Melt 2 tablespoons margarine; brush over; season with additional salt and pepper. Place turkey on rack in shallow roasting pan. Roast in a 325° F. oven 3 to 3 1/2 hours or until a meat thermometer inserted in breast meat registers 185° F. or until juices run clear when the thickest part of the thigh is pierced with

fork. Let turkey rest 20 minutes before carving.

To make gravy: Remove turkey from roasting pan to warm platter. Pour off fat from pan, reserving drippings. Add 2 1/2 cups cool water to roasting pan; bring to a boil. Combine remaining 1/2 cup water and potato starch; add to boiling liquid. Stir to remove all browned turkey drippings from pan. Cook over medium heat, stirring constantly, until thick and bubbly. Taste; add salt and pepper if necessary. YIELD: 8 servings.

Orange-Beet Conservé

3 1/2 pounds large beets
1 1/2 cups sugar
3/4 cup Florida orange juice
1 1/2 Florida oranges, seeded, chopped (do not remove skin)
1/4 cup honey
1 teaspoon ground ginger
1/2 teaspoon salt
1 can (4 ounces) toasted slivered almonds (1 cup)
Wash beets. Remove all but 2 inches of stems and the tap roots. Place in a saucepot with 1 inch boiling water. Cover. Steam until skins can be slipped off, about 25 minutes. Immediately plunge beets into ice cold water. Remove skins; coarsely chop beets. In large saucepan mix sugar, orange juice, chopped orange, honey, ginger, salt, and chopped beets. Slowly bring to a boil, stirring occasionally, until sugar dissolves. Cook rapidly until thick, about 15 minutes. Stir frequently to prevent sticking. Add almonds during the last 5 minutes of cooking. Turn into serving dish; cool. Chill. YIELD: About 3 1/2 cups.

Parvee Orange-Chocolate Ice Cream
5 eggs, separated, divided

4 squares (4 ounces) unsweetened chocolate
1 1/4 cups granulated sugar, divided
1 cup parvee margarine, at room temperature
1 cup Florida orange juice
1/2 cup finely chopped walnuts
Candied orange peel (optional)

Separate eggs placing 2 whites in one small bowl and 3 whites in another small bowl; set aside. Melt chocolate in top of double boiler over hot, but boiling, water. In small bowl beat egg yolks with 1/4 cup granulated sugar until light and lemony colored; add to chocolate and beat at medium speed of electric mixer over hot, not boiling, water 4 minutes. Remove top of double boiler from heat; set aside. In container of electric blender, beat remaining 3 egg whites until stiff but not dry. Gradually add remaining 1/4 cup sugar and beat until stiff. Using a pastry tube or 2 spoons, shape blend margarine until meringue into 8 nests or shells on wax paper-lined baking sheets. Bake in oven at 200° F. over 1 hour. Turn oven off and leave meringue shells overnight to dry. Do not open oven door. To serve, scoop until feathery; gradually add orange-chocolate; freeze with candied orange chocolate mixture. Turn into a 9x9x3-inch loaf pan. Cover. Freeze overnight. Meanwhile, beat remaining 3 egg whites until stiff but not dry. Gradually add remaining 1/4 cup sugar and beat until stiff. Using a pastry tube or 2 spoons, shape blend margarine until meringue into 8 nests or shells on wax paper-lined baking sheets. Bake in oven at 200° F. over 1 hour. Turn oven off and leave meringue shells overnight to dry. Do not open oven door. To serve, scoop until feathery; gradually add orange-chocolate; freeze with candied orange chocolate mixture. Turn into a 9x9x3-inch loaf pan. Cover. Freeze overnight.

Money-saving casserole

Let's be a little old-fashioned and save money the old-fashioned way when we cook.

A kidney bean and biscuit casserole is one of these - a meat extender. You serve six to eight persons using only one pound of ground beef. The biscuit-style dumplings complement the bean protein and makes this a very nutritious dish. It's a good party casserole too, and one for RV campers or fishermen to add to their weekend menus.

Kidney Bean and Biscuit Casserole
2 cans (15-ounces each) red kidney beans
1 pound ground beef
4 slices bacon
1/2 cup chopped onion
1/2 cup chopped green pepper
1/2 cup chopped celery
1 clove garlic, minced

Kidney bean and biscuit casserole helps stretch food dollars.

1 cup prepared biscuit mix
1 cup milk

In a large skillet, brown beef; remove and set aside. Add bacon and cook until crisp; remove from skillet, crumble and add to beef. Pour off all but 2 tablespoons bacon fat. Add onion, green pepper, celery and garlic to skillet and saute until tender. Drain beans, reserving 1 cup liquid (or add enough water to liquid to equal 1 cup). Combine beans, reserved liquid, beef, vegetables, tomato sauce, chili powder, mustard and salt; mix well. Spoon into a shallow 2-quart casserole. Mix biscuit mix and milk just until moistened. Spoon onto casserole making six biscuits. Bake in a 350-degree oven for 40 minutes or until biscuits are golden brown. This kitchen-tested recipe makes 6-8 servings.

1 can (8-ounces) tomato sauce
1 teaspoon chili powder
1 tablespoon prepared mustard
1 teaspoon salt

Vitamins are oversold

A young man, preparing to return to college for his final term, recently dropped by a drugstore, slammed a \$20 bill on the counter and announced, "I need vitamins."

"What kind?" asked the clerk.

"Any kind to cure colds," replied the soon-to-be college graduate.

This is a true example of the widespread conviction among many well-educated Americans that vitamins can cure everything - or almost everything.

In an effort to set our young friend straight, we quoted from a recent update on vitamins prepared by the Nutrition Education Division of the National Dairy Council:

"Although involved in energy metabolism, vitamins per se do not supply tissue-building materials. Vitamins have not been demonstrated to cure an illness other than one resulting from a deficient intake of the vitamin being considered."

Vitamin or mineral supplements may be required by people who habitually eat inadequate diets or take drugs that may be antagonistic to certain vitamins.

But health professionals do not recommend the indiscriminate use of dietary supplements. The need for supplements should be clinically identified, and their use should be prescribed and supervised by a physician.

Consumers are often misled by those who promote the use of dietary supplements "just to be sure." The body has no need for excess vitamins.

The excess may be stored or excreted. In many cases, too much vitamin D causes calcification of soft tissues.

Thirteen vitamins are known to have importance to the human body. And eight of them are considered to have special nutritional value. They are: vitamin A, vitamin B-1, Vitamin B-2, niacin or nicotinic acid (B-complex group), folic acid, vitamin B-6, vitamin C and vitamin D.

What about vitamin K? It is readily available in a variety of foods. Also, it is synthesized by intestinal bacteria.

A diet based on common sense and some knowledge of nutrition should supply all of the essential vitamins. Dietary

supplements are oversold in the United States.

Buffalo steaks

HARRISONBURG, Va. (UPI) - The recipes following are from Bill Neff, a Shenandoah Valley, buffalo rancher: Buffalo Steak with Rice Dressing

1 c. uncooked rice
1/2 lb. sliced mushrooms
2 c. ready-to-serve beef broth or bouillon
1 tsp. monosodium glutamate
1/4 tsp. powdered sage
1 lb. ground buffalo
Pepper to taste
1/2 c. chopped onions
3 c. crostons
2 T. salad oil
5 buffalo steaks
Cook rice as package label directs.

While rice cooks, brown ground buffalo, onion and mushroom in oil, stirring often.

Place crostons in bowl, cover with bouillon and stand until soft. Stir in rice, ground buffalo, salt, pepper and sage. Place in greased casserole dish, cover and bake at 350 degrees F for 1 hour. Shortly before serving, broil or barbecue steaks to taste and serve with dressing. Makes 5 servings.

Buffalo Teriyaki
1 lb. buffalo steak
1 c. soy sauce
1 tsp. ground ginger
1/2 c. brown sugar
Slice steaks into thin strips. Mix last three ingredients in bowl. Pour mixture over steak strips in a shallow pan. Marinate for two hours. Cook on grill. Serves 3.

Rich cream liqueur desserts

Liqueurs add a flavor subtlety to foods, especially a dessert. The rich cream liqueur, for example, goes smoothly into a cream roll as an ingredient in a whipped cream mixture that serves as a filling and frosting.

It also blends well with lime juice to enrich a classic lime pie filling for a graham cracker crust and the whipped cream topping.

O'Darby Cream Roll
7 eggs, separated
1 cup sugar
1 teaspoon baking powder
Dash of salt
1 1/2 cups ground almonds or pecans
2 cups heavy cream
1/4 cup Irish cream liqueur
1/2 teaspoon vanilla extract

Grease bottom and sides of jelly roll pan (11 1/2-by-17 1/2 inches). Place sheet of waxed paper in pan overlapping several inches at each end. Press paper into sides of pan. Grease paper. Beat egg yolks lightly. Beat in sugar until mixture is thick and light. Beat in baking powder and salt. Stir in nuts. Beat egg whites until stiff but not dry. Fold in yolk mixture. Spread batter in prepared pan. Bake at 350-degrees for 18 minutes or until cake springs back when lightly touched in center. Immediately invert pan onto clean kitchen towel sprinkled with confectioner's sugar. Remove waxed paper carefully. Roll up cake in towel. Cool on wire rack.

Combine heavy cream, liqueur and vanilla. Whip to stiff peaks. Unroll cake; remove towel. Spread half whipped cream mixture in cake. Roll onto serving platter. Frost with remaining cream. Chill until ready to serve. Makes one cake.

O'Darby Lime Pie
1 1/4 cups graham cracker crumbs
1/2 cup finely chopped toasted pecans
1/2 cup sugar
1/2 cup (1/2 stick) butter, melted
5 eggs, separated
1/2 cup sugar
1/2 cup fresh lime juice
1/2 cup Irish cream liqueur

An apple liqueur

NEW YORK (UPI) - Germans use Apfelkorn as a chaser with beer.

The apple liqueur's Bavarian heritage is currently introducing the beverage to American consumers as an after-dinner drink and cocktail and cooking ingredient.

The 50-proof liqueur has the fragrance of fresh apples and is only moderately sweet.

Riemerschmid's Apple Liqueur Deluxe is currently available in Maryland, Florida, Illinois, Wisconsin, Texas, California, New York, Massachusetts and New Jersey. It is expected to be in national distribution by the end of the year.

A French chef becomes uniquely American

Pierre Lucien Franey

Pierre Lucien Franey is universally considered to be one of the greatest French chefs on the American scene today. The former master chef of the celebrated Le Pavillon has been in the United States since 1959 and for the past 20 years has worked closely with Craig Claiborne in developing the American palate through their many recipes and articles for "The New York Times."

Franey learned his craft the practical way—in the kitchen. He was born in the small town of Saint Vimmer (in Burgundy) in 1921. His father was a plumber and the town mayor. Young Pierre and his family prepared their meals using the produce and animals grown on their farm. Like most middle-class children living in rural areas of France, Pierre was apprenticed to cooking as his life's work in a Parisian restaurant. He was fourteen years old.

After a year he was selected to work at a more imposing and well-known French kitchen—Restaurant Drouant on the Place Galignani. He stayed until 1939 when it was announced that a grand exposition would open in New York with an ambitious French restaurant at the French Pavillon. Pierre was selected as one of two chefs for the kitchen. Henri Soule, who would play an important part in Pierre's career, was chosen to head the dining room. After the fair closed, Pierre worked at the Waldorf-Astoria in

banquet service. He joined Henri Soule as the poissonier (fish cook) when Soule opened La Pavillon in 1941.

In 1942 he joined the U.S. Army, serving in the infantry as a machine gunner (injured while on duty in Europe). Pierre was awarded a Purple Heart. Oddly enough, Pierre flunked out of cooks' and bakers' school in basic training because he found it impossible to sharpen knives in what was known as "G.I. fashion."

After the war, he returned to Le Pavillon and became executive chef in 1952. He left in 1960 and joined the Howard Johnson chain as vice president.

In 1975, Pierre joined the food news department of "The New York Times" as collaborator with Craig Claiborne, then the food editor. The column that bears his byline "60-Minute Gourmet" is one of the most widely read columns in the newspaper and is syndicated to over 360 newspapers world-wide. Many of the recipes that have appeared in the food columns over the past 20 years have been originated by Franey. He now collaborates with Claiborne in almost all the food columns that appear in the "Times" and has co-authored many of Claiborne's bestselling cookbooks.

Pierre is married and is the father of three grown children. When "The New York Times 60-Minute Gourmet" was published in the fall of 1979, the critics raved and the loyal fans of Chef Pierre Franey's popular weekly column rejoiced. Finally they could throw out all those yellowed newspaper clippings. Those fantastically delicious and quickly prepared menus were now collected between the hardcovers of a book, "The New York Times 60-Minute Gourmet" quickly climbed onto national bestseller lists, sold nearly 100,000 copies and was purchased by thousands more through The Book-of-the-Month Club, The Better Homes and Gardens Book Club, and The Cooking and Crafts Book Club. It also was part of the Horchow Book Society and excerpts appeared in "Woman's Day" magazine.

The Fawcett Columbine trade paperback edition are on sale wherever fine books are sold. It sells for \$5.95.

The cookbook for people who have more taste than time. In nearly 500 recipes, Chef Franey takes the novice or experienced cook through a culinary wonderland of fabulous food that can be prepared in one hour or less, often minutes. Arranged by categories—beef, poultry, fish, veal, pasta, cold dishes, etc.—the book is organized for maximum convenience while cooking. Each main course (130) is presented on its own double-page display complete with appropriate side dishes and garnishes. There is never a need to interrupt the culinary process to turn through the pages.

The cookbook includes countless time-saving devices, hints, tips and suggestions on how to organize your kitchen for top results, along with shopping strategies that are keyed to price and season. The meals themselves are superb and suit every possible palate. Nearly all of the ingredients are to be found in any supermarket and one doesn't have to be a budding Escoffier to master any of the meals.

A sampler of dishes and other cooking times:

Fricassee of chicken with Tarragon, 28 minutes; Tumeric Rice, 17 minutes;

Shrimp Greek-Style with Regaloni, 29 minutes; Green Beans and Onions Vinaigrette, 5 minutes;

Grilled Dilled Salmon Filets, 4 minutes; Potatoes with Parsley, 16 minutes; Rack of Lamb with Parsley, 16 minutes; Grilled Tomatoes with Garlic and Rosemary, 4 minutes;

Filet Mignon in Madeira Wine Sauce, 15 minutes; Saute of French Vegetables, 6 minutes;

Scallops and Mushrooms in Cream Sauce, 6 minutes; Baked Rice with Pine Nuts, 17 minutes;

Beef Stroganoff, 10 minutes; Potatoes Sauteed with Onions, 33 minutes;

Chicken & Avocado in Cream, 10 minutes; Curried Rice, 17 minutes;

Veal Chops with Braised Endive, 20 minutes.

'...Where the buffalo roam' -in Virginia

HARRISONBURG, Va. (UPI) — Truckers and tourists usually look twice when they pass Bill Neff's farm in the Shenandoah Valley.

Stretched out along Interstate 81, milling about on a long, vaulting slope where it's smart to watch your step, is Neff's herd of buffalo.

"State troopers have to stop and tell people to move their cars and trucks at least four or five times a week," he said. "The highway department tried to get me to move the herd somewhere else one time, but what the heck, it's my land."

"I also got the damndest mail. Children send me mail addressed just to 'Buffalo Man, Harrisonburg,' but I always get it. Everybody knows who I am."

Neff, a self-made millionaire who leans toward Western-style suits and chewing tobacco,

raises buffalo for more than a practical joke. "We have calls every week from people wanting to buy buffalo meat," he said. "There's restaurants in New York, Pennsylvania and the Washington area that put it on their menus and it comes from here."

Although the once-scarce animals have only one annual mating season, they are astonishingly prolific. Neff keeps about 150-200 head on hand at a time. He said he sells about 100 a year. Buyers call from as far away as California. They pay up to \$1,500 per animal.

Neff has unshamed admiration for his indoor swimming pool.

The bulls weigh a half ton, stand five feet tall and grow horns a foot long. "You can't just drive them," he said. "You've got to go to coax them. If they want to follow you, they will. If they don't, they won't."

Farm manager Willie Krites put it more succinctly: "They're right dang smart in a dumb sort of way."

From his two-story, stone-and-glass ranch house atop a high knoll, Neff, 47, can see across the interstate to the site of the small patchwork farm where he grew up.

He dismissed stories that buffalo are ornery creatures that delight in turning fences into firewood and men into mince-meat—although one farmer who recently bought three cows and a bull from him had to shoot them when they escaped and began roaming the Virginia countryside.

"We told him that little fence he had wasn't going to hold them, but he didn't listen," Neff said. "They're really not much different from cattle. The only time they're likely to charge you is during the mating season or when they're calving."

Neff has been charged only once—when he tried to approach a cow that had given birth to a dead calf. "The mother stayed with that calf for three days and I finally drove up to her in a truck and ran up and banged into it."

He did a couple of hundred dollars of damage.

As for the taste of buffalo, Neff said:

"The steaks are a little sweeter than the beef, but they're low in cholesterol. And you can't tell a buffalo roast from a beef roast except there's not as much fat."

Neff said his favorite way of preparing buffalo is pit-cooking a side lusciously, buried under a covering of hot coals and earth for 24 hours.

"You bring it out the next day and the meat just falls off the bone, it's so tender," he said. "That's what I call good eating."

Share A Cup Of Warmth

Enjoy this delicately flavored drink with a favorite cookie or slice of toasted pound cake.

VIENNESE GROG

1/2 cup General Foods International Coffee, Café Vienna

2 cups boiling water

2 tablespoons butter or margarine

1/2 cup brown sugar

6 thin 2-inch strips orange rind

6 thin 2-inch strips lemon rind

Place instant coffee beverage in a heatproof pitcher or saucepan. Add boiling water, butter, sugar and rinds. Stir well and serve hot. Makes 6 servings.

To Make 1 serving, use 2 well-rounded teaspoons instant coffee beverage, 3/4 cup boiling water, 1 teaspoon butter, 1 tablespoon brown sugar and 1 strip each orange and lemon rind.

Orders now being taken for decorative Easter cakes.

Chili heads turned it down

Bill Bridges says the worst chili he ever tasted was a canned variety that had pickles in it and you could see the celery and kidney beans.

"It was as close to being a spaghetti sauce as I've ever eaten—that's what I call chili," he said.

"The best? 'It all depends on the circumstances and the time. If I had to go back to the best I ever tasted, it probably would be in Texas,' at a restaurant he was taken to as a child.

Bridges said it went out of business during World War II, he said.

Bridges, a native Texan, new lives in California, where people have been known to put wine, black olives and even orange-flavored liqueur in their bowl of red.

"In gourmet cooking you always go for alcoholic seasoning," Bridges said in a telephone interview from his home in Ventura. "I've had Texas camp cooks who'd throw cowboys on the trail."

Refinements added by modern cooks include chocolate, red vinegar, cinnamon, allspice, nutmeg, cloves, coriander, cheddar cheese, Worcestershire sauce, coffee or beer.

Ms. Butel even adapted a prize-winning Australian recipe for American ingredients. The original, which won the Annual Western Australia Winter Championship Chili Cookoff, called for kangaroo steak, grey kangaroo shank, ground seven-page bibliography emu ham and three varieties of chile, among other ingredients. She substitutes beef and pork and hot and mild red chile.

Bridges, a writer and photographer, estimates he actually cooked 50-75 of the recipes in his book—most of them contributed by other people.

The original, which won the Annual Western Australia Winter Championship Chili Cookoff, called for kangaroo steak, grey kangaroo shank, ground seven-page bibliography emu ham and three varieties of chile, among other ingredients. She substitutes beef and pork and hot and mild red chile.

Bridges, a writer and photographer, estimates he actually cooked 50-75 of the recipes in his book—most of them contributed by other people.

Bridges said he has cooked and eaten so much

Chili heads turned it down

Bill Bridges says the worst chili he ever tasted was a canned variety that had pickles in it and you could see the celery and kidney beans.

"It was as close to being a spaghetti sauce as I've ever eaten—that's what I call chili," he said.

"The best? 'It all depends on the circumstances and the time. If I had to go back to the best I ever tasted, it probably would be in Texas,' at a restaurant he was taken to as a child.

Bridges said it went out of business during World War II, he said.

Bridges, a native Texan, new lives in California, where people have been known to put wine, black olives and even orange-flavored liqueur in their bowl of red.

"In gourmet cooking you always go for alcoholic seasoning," Bridges said in a telephone interview from his home in Ventura. "I've had Texas camp cooks who'd throw cowboys on the trail."

Refinements added by modern cooks include chocolate, red vinegar, cinnamon, allspice, nutmeg, cloves, coriander, cheddar cheese, Worcestershire sauce, coffee or beer.

Ms. Butel even adapted a prize-winning Australian recipe for American ingredients. The original, which won the Annual Western Australia Winter Championship Chili Cookoff, called for kangaroo steak, grey kangaroo shank, ground seven-page bibliography emu ham and three varieties of chile, among other ingredients. She substitutes beef and pork and hot and mild red chile.

Quick and easy pies for all-weather parties

Hawaiian Lemon Chiffon Pie

When your energy is down, it's especially difficult to work up enthusiasm for making dessert. But there are times when guests are coming or dinner is a significant family occasion and something special is indicated.

Pies that you don't have to bake make an attractive, cool-looking dessert. But scratch recipes can take up a whole afternoon with the crust plus all the whipping, folding and chilling required for the filling.

This is the time to let a high-quality convenience mix make up for lack of time. The energy-saving pie mixes that require no baking lend themselves to simple variations that make picture-pretty desserts suitable for any occasion.

Hawaiian Lemon Chiffon Pie is such a cool beauty, you may want to present it whole and serve it at the table. All you have to do to make it is add fresh pineapple chunks to No Bake Lemon Chiffon Pie mix.

Combine graham crumbs from mix, 4 1/2 tablespoons melted margarine and 3 tablespoons sugar. Reserve 1 tablespoon crumb mixture for garnish. Press remaining mixture firmly and evenly against bottom and sides of 9-inch pie pan. In large bowl blend filling mix and 2 1/2 cup boiling water 1 minute at lowest speed. Add 1/2 cup very cold water and beat 3 minutes at highest speed until stiff peaks form. Sprinkle chiffon mix packet gradually over filling, blending about 1 minute at lowest speed. Fold in 1 cup pineapple

Mushroom sauces top various fish dishes

"Fish dinners will make a man spring like a flea," waxes the line a 17th-century song once dear to Sir Henry Morgan's buccaneers.

Fish Turbans with Mushroom Leary Sauce
1 pound fresh mushrooms
4 tablespoons butter or margarine, divided
1/2 cup chopped onion
1 cup diced celery
1 can (8-ounces) tomato sauce
1 1/2 teaspoons salt, divided
1/2 teaspoon ground black pepper, divided
1 pound fish fillets
Rinse, pat dry and slice mushrooms about 5/8 cups. In a large skillet, melt 4 tablespoons of the butter. Add onion and celery; saute until tender, about 3 minutes. Add mushrooms; saute until golden about 5 minutes. Add tomato sauce, 1/2 teaspoon of the salt and 1/2 teaspoon of the black pepper. Bring to boiling point; reduce heat and simmer, uncovered for 5 minutes. Preheat oven to 350-degrees. Sprinkle fish with remaining 1/2 teaspoon salt and 1/2 teaspoon black pepper; dot with remaining 2 tablespoons butter. Roll up; secure with toothpicks if necessary. Spoon half of the tomato-mushroom sauce in bottom of a greased 10-by-6-by-2-inch baking pan. Place fish rolls on top; pour remaining sauce over fish. Cover and bake until fish flakes easily when tested with a fork, about 20 minutes. (If thicker sauce is desired, bake uncovered for last 10 minutes). Serve with rice and bread sticks. This kitchen-tested recipe makes 6 portions.

Mushroom Capers Sauce for Fish Steaks
1 pound fresh mushrooms
4 individual fish steaks (cod, halibut, etc.)
4 tablespoons butter or margarine, divided
1 1/2 teaspoons salt, divided
1/2 teaspoon ground white pepper
About 1 cup milk
3 tablespoons flour
1 tablespoon capers, drained
Preheat oven to 350-degrees. Rinse, pat dry and slice mushrooms (makes about 3 1/2 cups); set aside. Place fish in a greased 12-by-8-by-2-inch baking pan. Dot with 1 tablespoon of the butter, 1/2 teaspoon of the salt and 1/2 teaspoon of the white pepper. Cover and bake until fish flakes easily when tested with a fork, about 30 minutes. Pour fish stock from baking pan into a 2-cup measuring cup. Add enough milk to make 2 cups liquid. Cover fish and keep warm.

Mushroom sauces adorn quick fish turban or fish steak dishes.

Menus

Manchester
Cafeteria menus which will be served April 13-17 at Manchester Public Schools are as follows: "Indicates foods that contribute significant amounts of carbohydrates."
Monday: Hamburger on a "roll," pickle circles, golden potato puffs, buttered cabbage, "milk and "chilled golden apples."
Tuesday: "Grape juice, meatball grinder, celery and carrot sticks, "milk and "vanilla pudding."
Wednesday: "Chicken pot pie on "biscuit,"

Coventry
All schools
Monday: Tomato soup, toasted cheese sandwich, pickle chips, potato puffs, cinnamon applesauce.
Tuesday: Juice, ravioli casserole, green beans, garlic bread, assorted carrots.
Wednesday: "Chicken pot pie on "biscuit,"

Passover recipes
Try this Weight Watchers' recipe for Holiday "Kishka" as an appetizer or side dish.
1/2 cup coarsely chopped carrots
1/2 cup coarsely chopped onion
1/2 cup coarsely chopped celery
1/2 cup coarsely chopped carrot
1/2 cup coarsely chopped onion
1/2 cup coarsely chopped celery
1/2 cup coarsely chopped carrot

Easter recipes
Weight Watchers offers these tasty recipes for your Easter holiday:
Savory Baked Ham With Orange Glaze (Makes about 16 servings)
3-pound boneless "fully-cooked" ham
10 whole cloves
1/2 cup reduced-calorie orange marmalade
1 tablespoon plus 1 teaspoon dry sherry
1 tablespoon Dijon-style mustard
2 teaspoons soy sauce
Remove and discard any excess fat from ham. With a sharp pointed knife score ham by cutting long diagonal slashes, about 1/4 inches apart, in one direction and cutting across these slashes in the other direction to form a diamond pattern. Insert cloves where slashes intersect. Set ham on a rack in a roasting pan; cover the wide end of the ham with a piece of foil to prevent it from drying. Bake at 325 degrees for 45 minutes.
Remove ham from oven and increase heat to 400 degrees. In a small bowl mix the marmalade with sherry, mustard and soy sauce; spread over ham. Return ham to oven and bake for 20 to 25 minutes longer. Slice and (if you're a Weight Watcher) weigh portions.

Robertson breakfast
Monday: Juice, English muffin, milk.
Tuesday: Juice, pancakes, milk.
Wednesday: Fruit, pastry, milk.
Thursday: Juice, scrambled egg, toast, milk.
Friday: No school.

Citrus Ham Kabobs

Citrus Ham Kabobs
1 cup Florida grapefruit juice
2 tablespoons firmly packed brown sugar
1 teaspoon Worcestershire sauce
1/2 teaspoon dried rosemary leaves, crumbled
1 teaspoon dried leaf tarragon
2 cups cooked ham cut in 1-inch cubes
12 cherry tomatoes
1 large green pepper seeded and cut in 1/2-inch squares
2 tablespoons cold water
1 tablespoon cornstarch
2 Florida grapefruit, peeled and sliced 1/2-inch thick

Eight firms cited for waste discharge

MANCHESTER — State Department of Environmental Protection Commissioner Stanley Pac announced yesterday eight local companies have been cited for discharging industrial wastes improperly or without permits.

Pac said administrative orders were issued against three companies as potential sources of surface or groundwater contamination. The commissioner said injunctions will be sought against five of the firms for discharging wastes without permits. The cases of those five firms have been referred to the attorney general's office.

The administrative orders were issued against L.M. Gill Welding and Manufacturing Co., E.A. Patton Co. and Carlyle Johnson Machine Co.

charging untreated wastewater and was ordered to install necessary treatment facilities for metal finishing wastewater. Officials at the company could not be reached for comment this morning.

L.M. Gill Welding and Manufacturing Co. and Carlyle Johnson Machine Co., have been ordered to conduct groundwater studies to determine the possible effects of their wastewater disposal techniques, Stanley Alexander of the DEP said this morning.

"The two firms have been issued an order for improper disposal," said Alexander. "The order requires them to undertake a study on any possible effects of their disposal practices. They have been ordered to cease any further disposal pending completion of their studies."

Alexander said the administrative order contains a schedule for completion of the studies. He said three months is usually allowed.

Robert Pasco, Carlyle Johnson factory manager, said today the company intends to comply with the order.

"We have hired outside consultants and we have engineers working on the study," said Pasco. "It will be completed within the time frame the DEP wants."

L.M. Gill officials were not available this morning. However, Alexander said, "I have heard that both the companies have hired consultants and are proceeding."

The DEP has asked the attorney general to seek the injunctions against the five companies for discharging wastes without permits.

Red-Lee Metal Finishing Co. was cited for discharging non-destructive testing wastewater.

The Don Well Co. was cited for dumping wastewater associated with cleaning and phosphating operations.

Klock Co., a division of Gulf and Western Corp., was cited for discharging non-destructive testing wastewater.

Carlyle Johnson Machine Co. was cited for discharging car washing wastewater.

The Shell Car Wash was cited for discharging car washing wastewater.

Assistant Attorney General Richard Webb said this morning that action against three of the five companies was "put on hold" Tuesday.

Want to find out how the West was won? Grade five and six students at the Verplanck School will tell you. New loan rules sought

MANCHESTER — The town will try to get the federal government to revise a mortgage subsidy act so that any loan program the town develops under it will be self-supporting.

Under present provisions, the town could keep very little of the money earned by short-term investments made with mortgage bond money. Most of the money earned from those investments would have to be turned over to the Internal Revenue Service or returned to the mortgage holders.

At its meeting Tuesday night, the Board of Directors heard, but did not act on, a resolution drawn up by the subcommittee on housing.

The resolution calls on the board and the general manager to work with the Congressional delegation to seek easing of the arbitrage restrictions and the development of IRS regulations, now lacking, to permit the program to be self-supporting for municipalities.

The resolution holds that there is a shortage of mortgage money and that the town should issue mortgage subsidy bonds when it is possible to do so without paying the administrative cost of the program out of the general fund.

Members of the committee are Directors Barbara Weinberg, Gloria DellaPera and James McCavanna.

The Board of Directors took no action Tuesday night. It recessed its meeting until next Tuesday.

EMS unit to air plans

MANCHESTER — The town's Emergency Medical Services Council will meet Thursday and has invited the public to attend to learn about local, regional, and state emergency service planning.

The meeting will be at 7:30 p.m. in the auditorium of the Senior Citizen's Center, 549 E. Middle street.

Chris Gentile will speak about a state view of the local emergency medical service and Cressy Goodwin will speak about the regional emergency medical service council being developed.

Gentile is director of the Office of Emergency Medical Services in the State Department of Health Services. Goodwin is director of the North Central Regional Emergency Services Council.

The regional council is soliciting candidates for membership on its board of directors. Deadline for applications is May 15 and the election will be June 1. The council includes consumers as well as various providers of medical services.

Pre-registration is needed for Thursday's meeting.

MHS sets parents' seminar

MANCHESTER — Parents of students who are juniors at Manchester High School and who are planning post high school education, are invited to attend a seminar April 14 at 7 p.m. in the high school cafeteria.

The school's Guidance Department also invites the students to attend the meeting to plan for their post high school education. Coffee, tea and dessert will be served at the start of the meeting and the program will begin at 7:30.

Parents and students will meet with their counselors for an overview of the planning and procedures to follow in choosing and applying to schools of further education.

The topics to be covered will include: Choosing a school — what factors to consider; school visitations — when and how; tests to take — when and how; financial considerations and college loans.

The seminar will be informal, with an opportunity for questions, answers and discussion. Those planning to attend should call the guidance office, 647-3532, by April 13.

Club calls attention to world starvation

MANCHESTER — Members of the East Catholic High School's Social Action Club are reminding residents that Thursday is "Starvation Awareness Day."

This day is being recognized throughout the country, especially in the high schools, elementary schools, CVO and other youth groups. "It is a special day and its purpose is to make people realize the suffering that goes on throughout the world, due to starvation," Sean Welch, president of the club said.

The club members would like everyone to participate in this day by fasting and praying. Welch said the project isn't designed to bring an end to starvation, however, if everyone joins in fasting and prayer they will be taking a large step forward in the seemingly unmountable march to stamp out world hunger, Welch said.

Welch stressed that public participation is what this day is all about. The public is urged to fast on this special day and to take into special consideration, the starving, in their prayers.

Public offers little comment Tucci opposes funding

MANCHESTER — There was virtually no comment Tuesday night when the Board of Directors held 10 public hearings at its meeting in the Senior Citizens' Center.

The only vote taken by the directors was one to express sympathy to the mayor and council of Atlanta, Ga., over the killing there of black children, other matters will be taken up when the board reconvenes Tuesday.

The only public comment came from John Tucci who said he would be opposed to financing of day-care services if federal funds are cut off and the state has to increase taxation to make up the funds.

Five of the hearings were for additional appropriations to various funds to be supported revenues from various sources.

They are:
• \$2,669 to Capital Improvement Reserve Fund from surplus
• \$2,536.73 to the Recreation Department from recreation fees
• \$56,000 to the Revenue Sharing

Condo conversion set

MANCHESTER — A Pine Street apartment building will be converted to condominiums, if three local real estate agents get their way.

Herman M. Frechette of South Windsor, Albert R. Martin and Gerald P. Rothman, both of Manchester, filed papers with the town clerk yesterday to convert the 82 Pine St. property to condominiums.

The property owners are represented by Attorney Allan D. Thomas.

The property includes six apartments in two buildings connected by a covered walkway.

Four of the apartments have four rooms, another has six rooms and the other is a three-room apartment.
