About Town

Bolton boosters hold raffle

The Bolton Booster Club is sponsoring a Spring Raffle which is in progress. Prizes being offered are a Sheraton Tara weekend getaway, Litton Microwave Oven, Bicycle gift certificate, a print from Exposures, Highland Park Market gift certificate, and a personal portable stereo-tape player. The drawing will be Saturday, May 6 at St. Bernard's Church, Rockville. For tickets, call Becky Grose, 649-8566 or any booster member. Tickets are \$1.

Babysitting course held

The Manchester Junior Women's Club is sponsoring a babysitting course for boys and girls ages 10 to 15. Classes will be held April 5 through 7, from 3:30 to 6:30 p.m. at the Super Stop and Shop on Broad Street. Enrollment is limited to 24 students, and the fee is \$5. A Red Cross Certificate will be awarded to each participant who successfully completes the course. For registration, call Diane DeCormier, 645-3589.

School plans pre-school

St. Mary's Day School will offer a two-day afternoon pre-school program beginning in September. For more information, call the parish office, 649-4583.

Spinal Society set to meet

The Spinal Cord Society, a research organization aiming to cure paralysis, will meet Thursday, March 20, at 7 p.m. at the Newton Senior Center on Cedar Street. The society holds tag sales, auctions, picnics and other events. For more information, call Brian, 666-1445, or Greg, 635-2471.

Women's Club to meet

The Women's Club of Manchester will meet Monday at 7 p.m. at the Community Baptist Church, 585 East Center St. The club is having "Men's Night." Members are asked to bring their male friends. Members of the Silk City Chorus will perform.

Daffodils are coming

Golden daffodils - 85,000 of them - will arrive at the American Cancer Society Manchester North Unit for distribution March 30 and 31. Daffodils can be ordered by calling 643-2168 or 643-6073. A bunch of 10 flowers is \$3.50. Delivery will be made on orders of 10 or more bunches.

Women's Aglow to meet

The Women's Aglow Fellowship will meet Monday at 7 p.m. at the First Federal Savings and Loan Bank, 244 W. Middle Street. Serena Thomsen, president of the Aglow Fellowship of Warehouse Point, will speak. For more information, call Jimmy, 671-1566, or Joan, 623-5682.

Group planning dinner

The Daughters of Isabella will hold a Paid Up Dues Dinner Tuesday at 6 p.m. at St. James Church. Call Agnes Buccino evenings, 643-7279 for reservations. She and her committee are in charge.

Statewide science fair set

The 40th annual Connecticut Science Fair at Trinity College Field House will be open for public viewing Thursday and Friday, March 30 and 31, from 10 a.m. to 1 p.m. School groups are welcome to visit from 10 a.m. to 1 p.m. on these days. For 40th anniversary school group reservations, more than 600 junior and senior high school students from 135 Connecticut schools will have projects displayed.

Real Estate advice offered

Manchester Community College will hold a seminar called "How to Maximize Your Wealth Through Real Estate" Tuesday from 6:30 to 10:30 p.m. It is targeted to the potential first homebuyer and/or those who are looking to real estate for a safe and secure form of investment. The course fee is \$20. For more information, call the Continuing Education Division at Manchester Community College, 647-6242.

College hosts new exhibit

The Newspace Gallery of Manchester Community College will open a one-person exhibition of the paintings of Kitty Sweet Winslow Friday, March 31. The program is free of charge and the public is invited to attend. A reception will be held in the gallery after the concert. The exhibition will remain on view until April 21, with viewing hours, 9 a.m. to 9 p.m. weekdays and 9 a.m. to noon on Saturdays. The gallery is located in the Law Program building, west campus on Bidwell Street. For more information, call 647-6013.

Food to be distributed

The Windham Area Community Action Program, Inc., will be distributing corn meal and butter for the Surplus Food Program on the following dates and times: Tuesday at the Andover Town Hall from 2 to 3 p.m.; and the Coventry Town Hall from 10 to 11 a.m.; Wednesday, March 29: Bolton Town Hall from noon to 2 p.m. For more information, call the commodities office, 774-6077.

Blood drive scheduled

Connecticut Valley East Branch, American Red Cross, will conduct a blood drive Wednesday, March 22, at the Purdy Corp., Hilliard Street, from 12:30 to 5:30 p.m.

Lottery

Winning numbers drawn Tuesday in lotteries around New England:
Connecticut daily: 334. Play Four: 8057. Lotto: 5-11-12-22-38.
Massachusetts daily: 8912.
Tri-state daily: 365, 820, 1891.
Rhode Island daily: 8553. Lot-O-Bucks: 19-26-30-35-40.

William J. Doucette, of no certain address, was charged with second-degree criminal trespass and third-degree criminal mischief in the incident, police said.

ON THE SHELF — Barbara Philp, coordinator of The Shepherd's Place soup kitchen, was with the Rev. Joseph Milton of Second Congregational Church to put canned goods onto shelves. The canned goods were purchased with money from the community Crop Walk, the walk, held in October, raised more than \$3,000 for equipping and stocking the kitchen, located in the lower level of the Samaritan Shelter, 466 Main St. Milton was the Crop Walk organizer.

Obituaries

Anna E. Richards, was 100 years old

Anna E. Richards, 100, formerly of Carver Lane, died Saturday (March 18, 1989). She was born in County Armagh, Ireland, on July 15, 1888. She was a resident of Manchester for many years. She was a member of the South United Methodist Church. She is survived by son and daughter-in-law, Russell W. and Erna Richards of East Hartford; and a grandson, Brian Richards of Glastonbury.

John J. Collins

John J. Collins, 66, formerly of East Hartford, brother of Daniel F. Collins Jr. of Manchester, died Monday (March 20, 1989) at Hartford Hospital. Besides his brother, he is survived by a sister, Mary Collins DeLorenzo of Hartford; and several nieces and nephews.

Mary Stager

Mary Elizabeth (DeVito) Stager, 66, of 186 1/2 St. Francis Hospital, formerly of East Hartford, died Tuesday (March 21, 1989) at St. Francis Hospital.

Deaths Elsewhere

Charles Suppon — NEW YORK (AP) — Charles Suppon, a fashion designer who won a 1978 Coty Award for his women's fashions and who later co-wrote the book for the Peter Allen musical "Legs Diamond," died Tuesday of a brain tumor. He was 40.

Deaths Elsewhere
Klein. In 1977, he created his own fashion label for women.
Two years later, Suppon designed the costumes for Peter Allen's Broadway revue "Up in One." He later worked on Allen's appearances at Radio City Music Hall and Carnegie Hall in New York and on his national tours. For the last three years, Suppon acted as Allen's personal manager.

Police Roundup

Man charged in trespass, criminal mischief at mall

A 23-year-old man was arrested Monday night after he allegedly smashed the front glass door and entered the Manchester Mall, 811 Main St., police said.

William J. Doucette, of no certain address, was charged with second-degree criminal trespass and third-degree criminal mischief in the incident, police said.

Police said the owner of the mall called police after his wife witnessed Doucette crawling through a hole made in the front glass door about 6:45 p.m., police said. The doors of the mall were locked, and the mall was closed, police said. When police asked Doucette how he gained entry, he said he just walked in, police said.

Doucette was released on \$1,000 bond and is scheduled to appear in Manchester Superior Court March 27.

Police lodge drug charge

Police arrested a 27-year-old man early Tuesday on charges of possession of cocaine with intent to sell, police said.

Lincoln Mierz, whose address was not immediately available, was released on \$10,000 bond and is scheduled to appear in Manchester Superior Court March 29, a court official said.

No other information was available today, police said.

Holiday Closings

Friday is Good Friday, a state holiday. Municipal and state offices: All are closed Friday. Federal offices are open.

Post offices: Will be open. There will be delivery. Libraries: The Andover Public Library will be open in Manchester; the Mary Cheney and Whiton Memorial Libraries will be closed. The Booth & Dimock Library in Coventry will be closed Friday and Saturday.

Retailers: Most will be open Friday. Schools: All will be closed Friday.

Liquor: Package stores will be open Friday. Department of Motor Vehicles: Offices and emissions testing stations are closed Friday and Monday. The Danbury emissions testing station only will be open Monday.

Garbage collection: There will be curbside pickup in Manchester Friday. The Manchester and Coventry landfills are open.

Emergency Numbers: In Manchester, for highway: 647-3233; for refuse: 647-3248; for water and sanitary sewer: 647-3111.

Manchester Herald: The Herald will publish a Friday edition. Offices will be open Friday from 8:30 a.m. to 5 p.m.

Public Meetings

Meetings scheduled tonight.

Manchester
Democratic subcommittee, Municipal Building coffee room, 7 p.m.

Coventry
Parks and Recreation Commission, Town Office Building, 7:30 p.m.

Thoughts

Do you have the impression that the Bible is mostly concerned with keeping people in line, finding security, or being cautious to avoid doing something bad? If you do, then you have only recognized one part of what it says. It also says that a life dedicated to following God is an adventure. Do you have any idea what your potential is? God created you and He wants you to use all the potential that he gave you. One reason that God wants us to feel safe and secure with Him is so that we are able to take risks in loving and serving others. In just a few days we observe Good Friday when we remember that we are so valuable to God that Jesus was willing to die for us. That fact can be the foundation for a healthy self love that frees us up to love others even when there is the risk of rejection. Don't limit life to mere survival. Find real security in the love of God and Jesus and then be free to follow the adventure for which God created you.

READY FOR SPRING — John Stoutnar of Ellington and Chuck Zanlungo of 38 Grandview St., Manchester, enjoy some pre-spring boating Sunday on Crystal Lake in Ellington.

PZC faces suit over Ansaldo parcel

By Nancy Concelman
Manchester Herald

The Somersville Corp. of Manchester is appealing the Planning and Zoning Commission's approval of 20 apartments at 186 Bidwell St., which the firm claims will change the character of the neighborhood and aggravate existing traffic problems.

Somersville is also suing the project developer, Andrew Ansaldo Jr. and the Andrew Ansaldo Co. Ansaldo sued the PZC last March for approval of Somersville's 40-lot Greenfarms subdivision on Bidwell Street.

The appeal was filed in Hartford Superior Court by Somersville's attorney, H. David Levenshal.

Somersville's suit says Ansaldo's development will adversely affect the value of the Plaintiff's property and character of the neighborhood in which the Plaintiff's property is located.

The PZC approved a zone change from Rural Residence to Planned Residence Development and a preliminary plan of development for Ansaldo's project Feb. 22.

Ansaldo plans to build his family houses on 2.3 acres north of the 30.7-acre Greenfarms subdivision, Somersville's single-family houses will be built on 14 acres of the 30 acres.

Ansaldo's project will also have a negative impact on traffic flow in the area of Bidwell and Webster streets, where the town has observed deficiencies, the suit said.

The suit also says the PZC violated town zoning regulations by granting the zone change and approving preliminary plans even though Ansaldo had withdrawn his application for a wetlands permit and before he had submitted an erosion-control plan.

Senior Planner Stuart B. Popper said today he hadn't studied the suit yet and he refused to comment on it.

Section 7.05.03 of the town zoning regulations says the developer must include a general description of conservation measures used to minimize erosion and sedimentation.

The Conservation Commission recommended approval of Ansaldo's apartments because they would be at least 50 feet from the brook and would not intrude in wetlands.

The suit also says the commission violated Section 7.04.03 (b) (2) of the zoning regulations by approving an open area in Ansaldo's development with a slope of more than 5 percent.

Legal notices announcing the PZC's decision on the Ansaldo project incorrectly listed the address of the apartments as 186 Bidwell St., the address of Ansaldo's concrete-making plant, according to the lawsuit. The suit says the apartments are located at 220 Bidwell St.

Ansaldo's plans were also opposed at the Feb. 22 public hearing by attorney Mark A. Pagani, who represented David A. Golas. Golas owns about 80 acres of land off Keeney Street, upstream from Ansaldo's development, Pagani said.

Ansaldo has sued the PZC several times over the years for approving developments near the brook without what he calls provisions for proper drainage and erosion control. Ansaldo uses the brook to wash gravel and make concrete.

Ansaldo could not be reached for comment this morning.

Jordan said his school board requested a meeting in February to discuss tuition, but was told by Bolton that those talks should also include discussion on extending the contract under which the Bolton students attend Bolton High School. The five-year contract expires at the end of the next school year.

Jordan also said a decision by Bolton to cap the number of Willington students at 150 or have Willington help fund any renovations at the school preserved his

school board.

Willington's contract with Bolton is on a per-pupil basis, and the cost is determined by the number of Willington students attending the high school.

It Willington sent 130 students, it would pay Bolton \$5.105 per student in the next school year. If 88 students attended, the tuition would increase to \$5.895 per student. If the number dropped to 73 students, the cost would be \$6.124 per student.

Willington officials have said the students now enrolled at Bolton High School may finish their schooling there.

"I feel abandoned," said Michael L. Parsons, a member of the Bolton Board of Education. "I feel abandoned by the town of Willington."

Parsons said Willington may not be fulfilling its contract by not allowing the students to choose Bolton High School. But Jordan said he thought Willington was within its legal rights.

Willington is now considering sending its students after the contract expires. Richard E. Packman, superintendent of Bolton, would seriously be considered by Willington in future years.

Parsons asked whether Bolton would seriously be considered by Willington in future years.

Parsons said Willington may not be fulfilling its contract by not allowing the students to choose Bolton High School. But Jordan said he thought Willington was within its legal rights.

Pearl raps tax plan

E. Steve Pearl, president of the Taxpayers Association of Connecticut, has reiterated his opposition, to a state income tax. Pearl, of 152 Hollister St., said in a news release that he was the leader of opposition to a planned state income tax 18 years ago. He said that all bills before the General Assembly calling for increased taxes "are an attempt to blackmail the taxpayer into choosing between two unnecessary evils — an income tax and/or increased sales tax."

Pearl said the only sensible alternative is to reduce state spending to match the current level of revenue.

He said a taxpayers' rebellion is being proposed by many citizens. "We sincerely hope it won't be necessary for the taxpayers of this state to march on the Capitol in order to have our legislators respect our wishes," he said.

Services are available

COVENTRY — The Board of Education provides 11 pupil personnel support services for students up to age 21.

The services include: short-term home-bound instruction; occupational and physical therapy; consultation and evaluation; social work; counseling; assessment; referral and counseling; early education development (center and home-based for 3- and 4-year-olds and pre-primary-based for 5- and 6-year-olds); health, guidance; speech, language, and hearing evaluation; and therapy; psychological consultation; high school vocational skills class; and cross-categorical self-contained and resource classes.

Parents should contact the school principal, guidance counselor or director of pupil and staff support services if they believe their child needs services.

The department of pupil and staff support services also provides a challenge and enrichment program for qualified students in grades 4 to 8 and assists students who have dropped out of school.

Agency sues state

HARTFORD (AP) — A Chicago-based adoption agency has filed a lawsuit contending that a state ban on its arranging adoptions for children born in Connecticut is "erroneous and contrary to law."

Easter House, an adoption agency that charges a fee of \$20,000 for a child, filed the lawsuit in Hartford Superior Court this

Patrick Flynn/Manchester Herald

BOLTON BOOSTER — Becky Grose, president of the Bolton Booster Club, stands with some of the prizes being offered in the booster club raffle. The raffle drawing will be held May 6 and profits will go to town athletic programs.

week, contending that the state's action last month was "arbitrary, capricious and characterized by abuse of discretion."

The lawsuit names as defendants the state Department of Children and Youth Services and its commissioner, Amy B. Wheaton.

Seymour Kurtz, director of Easter House, declined comment on the lawsuit because the state has not yet replied to it. Easter House contends in its lawsuit that the court action is necessary because the state has denied a request for an administrative review of the state action.

Thomas Moriarty, a DCYS spokesman, said there is no basis for an administrative review because, "We just told him to cease and desist what he was not supposed to be doing anyway."

Benefit raises \$5,400

The Manchester Silk City Chorus, a men's chorus which sings barbershop-style music, gave a benefit concert March 11 at Glastonbury High School which raised about \$5,400 for the Connecticut Radio Information Service, a radio station for the sight-impaired.

Also on the program were The Vocal

428-apartment plan OK'd at mall site

Members of the Planning and Zoning Commission unanimously approved final plans on Monday for the second phase of a 428-unit residential development off Slater Street after the developer agreed to build a four-foot sidewalk.

The second phase of the project consists of 428 apartments on 21.79 acres just south of the South Windsor town line and east of the connecting road, to be used by emergency vehicles, was required for approval of phase one.

The commission approved final plans for the first phase Feb. 6. That phase consists of 504 apartments on 33.3 acres west of the mall. The two developments will be owned by Trammell Crow but managed by separate companies.

The developer, the Trammell Crow Co. of Dallas, agreed to a recommendation by town staff that a sidewalk be installed from the site to Slater Street, Charles Berman, a partner in Trammell Crow, said about four feet of sidewalk would be needed.

Town staff had requested walks on a road connecting the first and

Selectmen get lesson in grammar from state

**By Andrew J. Davis
Manchester Herald**

BOLTON — The Board of Selectmen received a lesson in grammar from the secretary of the state's office Tuesday and members were amused.

The board rewrote a question on whether townspeople should agree to changes in the Town Charter after learning the original question wasn't worded properly. The secretary of the state's office informed the selectmen March 20 letter that the question to appear on the May 1 ballot was not complete because since it did not begin with the word "shall" or end with a question mark.

The incomplete question was: "For approval of all the amendments proposed by the Charter Revision Commission in its report dated Nov. 21, 1988."

The Charter Revision Commission has proposed changing the town form of government to a town manager style and eliminating the office of Finance.

Republican Selectmen Carl A. Preuss, Lawrence A. Converse III and Douglas T. Cheney voted for the revised question. Democrats Sandra W. Pierog and Michael A. Zizka voted against it at a meeting at the Community Hall.

Zizka has supported splitting the charter proposals into several questions.

The selectmen also discussed holding a tag sale to rid the town of stored items such as a vacuum machine, a bicycle, a bed and chairs. The date of the tag sale will not be set until it is known whether the Board of Education wants to participate. Pierog said.

Measles hits hospital

HARTFORD (AP) — Six employees at Mount Sinai Hospital have been diagnosed with measles, but hospital officials are still searching for a cause of the outbreak.

The first case at Mount Sinai was diagnosed Friday and other diagnoses were made over the weekend and on Monday on the basis of physical symptoms including a red, spotty rash, officials said.

The six employees were diagnosed with measles after one worker was found to have the highly infectious disease last week, hospital officials said. "We really don't know how this

Tripp makes a pitch

Eighth Utilities District Director Joseph Tripp, the district fire commissioner, made what appeared to be a pitch in favor of an item in the fire budget request Monday without mentioning the budget at all.

Tripp said that in two recent major fires, one in East Hartford and another on Tolland Turnpike in Manchester, firefighters had to call for spare bottles of air within 20 to 25 minutes.

The district's fire budget request for the fiscal year that begins July 1 includes a \$45,000 sum for a compressor to refill air bottles for firefighters.

It was one of the items that directors criticized when they first considered the fire budget request of \$1,072,910. The request has since been reduced to \$669,910.

Mayor denies violation

NEW HAVEN (AP) — Mayor Biagio DiIorio says the city did nothing wrong in paying for improvements to a church-owned building being used as a senior citizen center, but the Connecticut Civil Liberties Union says a lawsuit challenging the decision's constitutionality is likely.

With his pastor and other angry church officials rallying around him, DiIorio told a news conference Tuesday that he "rejected categorically" any suggestions that the \$25,000 expenditure at his church violated the constitutional requirement of separation of church and state.

While DiIorio attempted to establish the legal basis for the action, the Rev. Howard Nash, co-pastor of DiIorio's church, St. Bernadette's, said the church violated the New Haven Register for raising the possibility that the expenditure was unlawful.

Nash called the reporter who wrote about the issue a "bungling incompetent" and "stupid" and said the article about the payments for the modifications showed a "howling lack of professionalism." He also accused the newspaper of engaging in "gutter politics" and of being duped by some "petty political hacks," and demanded a front-page apology.

Kindergarten sign up set

COVENTRY — Coventry Grammar School kindergarten registration will be held on March 29 and 30.

Registration is by appointment only. For more information, call 743-7313.

George Hershey Robertson School kindergarten registration is scheduled for April 25 and 26. Registration also is by appointment only. For more information, call 742-7241.

Fargo prosecution presents argument

HARTFORD (AP) — Defense attorneys say the government's elaborate case against five men charged in the \$7.1 million Wells Fargo robbery is through but lacking in one key element: hard evidence linking their clients to the robbery itself.

During closing arguments Tuesday, Assistant U.S. Attorney Carmen Espinosa Van Kirk painstakingly reviewed the government's theory of how a violent Puerto Rican independence group carried out the 1982 robbery to finance its revolutionary activities.

But she conceded that much of the case was circumstantial because of the organization's elaborate system of code names used to prevent individual members from being identified.

"It's the best fact they can put on their case," said defense attorney Leonard Weinglass, who is representing the key defendant, Juan Segarra Palmer, 39.

"It's thorough. It appears comprehensive. But it also acknowledges the weakness of their case," Van Kirk, who is to conclude her closing arguments today before the defense team presents its summation, conceded that the five defendants didn't commit the heist itself.

But she alleged that the mass of 700 pieces of evidence and 100 witnesses presented during the five-month trial proved that they were part of a network that planned the crime and spirited the money into the hands Los Macheteros, a Puerto Rican independence group.

She also asserted that the prosecution had proven that Segarra planned the robbery and helped Wells Fargo guard Victor M. Gereña, who stole the money from a company depot, flee the country.

"We're not claiming he was in the vault with Victor Gereña," Van Kirk said. "We are claiming that the evidence has shown that he assisted... in the taking of that money."

The four other men on trial in U.S. District Court either helped transport the money first to Massachusetts and then to Mexico, or used some of it to buy holiday gifts for poor children, Van Kirk said.

"All of these acts are part of one, big conspiracy," she said.

The five men have been on trial since Oct. 11, 1988, on charges stemming from the Sept. 12, 1982, robbery of the Wells Fargo depot in West Hartford, the second largest cash heist in U.S. history.

PERFECT FIT — Joseph Grimaldi, owner of the Manchester Tailor Shop at 121 Spruce St., alters a suit in his store Tuesday. He opened the store 25 years ago and is at work by 5 a.m. each day.

Sprague bank robbed

SPRAGUE (AP) — A savings bank was robbed of an undetermined amount of cash by a man who fled riding a three-speed bicycle, state police said.

State police spokesman Scott O'Mara said a man described as a white male with a medium build and wearing a wool cap over his face entered the Chelsea Groton Savings Bank at 12:50 p.m. Tuesday and brandished a knife before jumping over the bank counter.

He said the man opened a bank drawer and took cash, but demanded more money. A female teller then opened a second drawer.

The suspect then fled the bank riding away on a three-speed bike, O'Mara said.

O'Mara said state police later found the bicycle in a brook several hundred feet from the bank as well as a wool cap and gray sweat shirt.

Male strippers banned

OLD SAYBROOK (AP) — Town zoning commissioners have voted to bar a restaurant owner from having a ladies-only show featuring male strippers.

The commission, in a unanimous vote, ruled Monday night that such events are not permitted under town zoning laws.

Zoning officials said the performance by

House Democrats add new twists to deficit-cutting plan

HARTFORD (AP) — House Democrats have added new twists to the Senate's deficit-reduction plan, including higher taxes on alcohol and cigarettes starting April 1 and three mandatory, unpaid days off for 3,200 state employees during the next three months.

The 48-member Democratic caucus met privately Tuesday to settle on a \$247 million bailout package to close this year's budget deficit. The package they emerged with includes \$85.4 million in higher taxes and \$149 million in budget shifting.

With the April 1 deadline looming, House leaders will try to draft the package as a bill today, meet again privately to review it, and bring it up in a session this afternoon.

Meanwhile, next year's budget gap, estimated as high as \$82 million, awaits lawmakers as soon as they solve this year's crisis.

The House package also calls for increased "sin taxes" on beer, wine, liquor and cigarettes, effective April 1, to raise a total of \$19.4 million in three months. State taxes on beer and wine would be doubled, taxes on liquor would increase 50 percent, and cigarette taxes would rise from 26 cents to 40 cents per pack. None of those taxes were in the Senate package.

The House package also calls for:

- Accelerated collection of capital gains taxes, to raise \$25 million. That move was not in the Senate package.
- Accelerated collection of insurance premium taxes, to raise \$16 million, as the Senate recommended.
- Adding a 15 percent surcharge on the state corporation tax, to raise \$65 million, as the Senate recommended.
- Transferring \$30 million from the training fund, which is running a surplus, to the ailing general fund. The Senate proposed taking \$60 million. A three-cent gasoline increase in the state per-gallon tax, effective July 1, would repay the transportation fund.
- Taking \$99.4 million from the reserve or rainy day fund. The Senate proposed taking \$130 million.

Hartford man indicted

HARTFORD (AP) — A Hartford man has been indicted on bank robbery charges in connection with the Feb. 28 holdup of a Hartford bank, U.S. Attorney Stanley A. Twardy Jr. said.

A federal grand jury returned an indictment Tuesday charging Lawrence Cook, 29, with one count of bank robbery. He is accused of using a .22-caliber handgun to rob \$125,000 from the People's Bank in Hartford.

If convicted, Cook could be sentenced to 25 years in prison and a \$250,000 fine.

Firm proposes to build bridge over river

**By Nancy Concelmon
Manchester Herald**

The Ball Co. of Manchester plans to build a bridge over a drainage channel that crosses the Hockanum River Linear Park trail to accommodate bikers while the firm excavates a nearby site.

Members of the Planning and Zoning Commission unanimously approved a two-year permit Monday allowing the firm to excavate 22 acres at 1045 Tolland Turnpike. The land is behind the Heartland shopping plaza and Georgia Pacific Corp.

The commission also approved an inland wetlands permit and erosion control plan for the work. The wetlands permit allows Ball to channel drainage from the site into the Hockanum River.

The Conservation Commission unanimously supported the excavation in a vote on March 8. But members said they thought Ball's original plan to cover an open riprap channel with soil and vegetation might be unattractive.

Douglas H. Smith, chairman of the Conservation Commission, walked the trail with Ball representatives and recommended a bridge over the channel instead. The company has agreed to

annual rate yield

Now you can earn high interest and still retain access to your money. Get flexibility with the Eagle's Money Market Passbook and Investment Accounts.

The Money Market Passbook Account is similar to a passbook savings account. You get a passbook and can make deposits or withdrawals whenever you choose, without fear of penalties.

The Money Market Investment Account is like a checking account, but it's not intended to replace one. It provides you with a monthly statement and allows you to access your funds with limited check writing privileges.

They both require a minimum deposit of \$1,000 and both can be accessed at any Eagle 24 or Yankee 24 ATM.

So stop by or call any First Federal office to open your Money Market account today. The rates are guaranteed until April 30. And they're dressed for success.

Killer executed for 1978 murder

HUNTSVILLE, Texas (AP) — A 44-year-old man was executed by injection early today for murdering a man nearly 11 years ago by smashing his head repeatedly with a shotgun butt during a robbery that netted \$11.50.

'North' wins Dakota vote

BISMARCK, N.D. (AP) — The Legislature refused to call a referendum to drop the "North" and rename the state Dakota, deciding North Dakota will be just as cold by any other name.

The Senate voted 36-15 to defeat a resolution that would have the issue to voters in 1990. Had they approved, Congress would have been asked to allow the state to change its name.

Dakota means "friend" or "ally" in the language of the Sioux Indians. Supporters of the resolution argued that the warm meaning of Dakota is obscured by the geographical designation, which connotes a cold, harsh climate.

The most positive word of North Dakota is Dakota, said the resolution's prime sponsor, Sen. Tim Mathern. "Dakota speaks to what we are most proud about — the wholesome, friendliness and hospitality of our people."

"It's a warmer name, like its people," added Sen. Jim Yeckim. "It's a name with chutzpah." Gov. George Sinner said he wasn't opposed to the idea. His tourism director, Jim Pugh, saw it as a marketing dream and promised to resign to campaign for the name change if the Legislature approved the referendum.

However, Sen. Wayne Stenehjem of Grand Forks may have spoken for many opponents when he said constituents recommended he change his own name if he voted to change North Dakota's.

The idea has been floated several times, but the latest attempt was sharply criticized in letters to the editor and it gave the state less than flattering national attention.

Cocaine-induced heart attacks unraveled

ANAHEIM, Calif. (AP) — The mystery of how cocaine triggers heart attacks may have been partly solved by scientists who found the drug can induce spasms in dog and rabbit arteries.

"Up until recently, there's been a missing link about how cocaine caused the heart attacks," especially in people whose arteries aren't clogged with fatty plaque, said Dr. Jeffrey Iser, a cardiovascular medicine professor at Boston's Tufts University.

"There's now overwhelming evidence cocaine may cause spasms of vascular smooth muscle, the principal component of the normal artery," he said, adding that how the drug starts spasms isn't known.

Studies presented Tuesday during the American College of Cardiology's annual meeting indicated how cocaine can kill by narrowing arteries and how it also impairs the heart's electrical system.

Smoked "crack" cocaine is more dangerous because it is absorbed into blood more quickly, but inhaled powder cocaine "is clearly enough to achieve blood levels that can cause these cardiac complications," Iser said.

Dr. Robert Kloner, heart research director at Hospital of the Good Samaritan in Los Angeles, said his study found that high dosages of cocaine given rapidly cause narrowing of coronary arteries and depression of the function of the heart.

"Recreational doses also have been shown to have effects," he said. "You don't need to be on a binge to have a heart attack."

A heart attack is the death of part of the heart muscle. It occurs when arteries that are narrowed or blocked keep a section of the heart from getting enough oxygen, which is carried in blood.

Woman fired after fleeing bomb attack

SAN DIEGO (AP) — The wife of the USS Vincennes skipper was fired from her teaching job after her narrow escape from a suspected terrorist bomb that destroyed her van, according to a published report today.

Sharon Rogers was fired from her teaching job at the La Jolla Country Day School after her van was destroyed by a terrorist bomb that destroyed her van, according to a published report today.

NATION & WORLD

Washers cost \$229

WASHINGTON (AP) — The Air Force's deal for \$68 million in crash damage kits for its giant C-5 cargo aircraft was marked by a conflict of interest violation and vastly overpriced parts, according to a congressional report.

The General Accounting Office, Congress' investigative arm, found that Lockheed Aeronautical Systems Co. hired a retired U.S. Air Force colonel shortly after he negotiated a Pentagon contract with the defense contractor to buy the crash damage kits.

Retired Air Force Col. Anthony Diferrando "did not comply with provisions in a conflict of interest law requiring that he report his employment contracts and disqualify himself from procurement functions involving Lockheed," the GAO said.

Adams wants new trial

DALLAS (AP) — Randall Dale Adams walked free after serving more than 12 years for the murder of a police officer, but he said he won't feel vindicated unless his name is cleared in a second trial.

"I still would like to have had the trial, but that's not up to me. That's up to the state of Texas," he told reporters Tuesday after his release from jail.

Adams once was three days from execution, but he was freed under a court ruling that he didn't receive a fair trial. Last year's documentary "The Thin Blue Line" had brought renewed attention to the case.

Dallas County District Attorney John Vance said prosecutors were examining evidence to determine whether to retry Adams. Assistant District Attorney Winfield Scott had said earlier this week that he intended to seek a new trial but might reduce the charge from capital murder to murder.

New chance for Sakharov

MOSCOW (AP) — Andrei D. Sakharov's bid for a seat in the new Soviet legislature may be revived now that the Soviet Academy of Sciences has rejected most of the candidates on the officially backed slate.

The outcome means the academy will have to vote again, giving Sakharov another chance for election to the 2,250-seat Congress of People's Deputies. Academy members had left the human rights activist off the official slate.

But members of the prestigious academy on Tuesday approved just eight of the 23 candidates nominated for the legislative seats allotted to the academy, the official Tass news agency reported.

Sakharov, a physicist, and other reform-minded scientists had called for rejection of the old-guard candidates.

Pope to visit Hungary

BUDAPEST, Hungary (AP) — Pope John Paul II will visit Communist Hungary in September 1991 on his first trip to an East European country other than his native Poland, the state-run MTT news agency says.

MTI said Imre Pozsgay, a Politburo member and leading party reformer, had a private audience with the pontiff at Vatican City on Monday and discussed the planned visit.

Imelda's jewels to be sold

MANILA, Philippines (AP) — President Corason Aquino's government plans to sell \$14 million in jewels that Imelda Marcos left behind in 1986, when she and former President Ferdinand Marcos fled the country, officials said today.

Officials also plan to sell three vacation houses they allege were built illegally by the couple with government money.

NATION & WORLD

Whistle-blowers get protection

WASHINGTON (AP) — Federal employees who blow the whistle on government waste, fraud and abuse would get added job protection under legislation passed by Congress and sent to President Bush.

"We have a bill that provides strong protection for those who expose wrong occurring in the federal domain," Rep. Frank Horton, R-N.Y., said Tuesday as the House approved the Senate-passed measure on a voice vote.

Bush is expected to sign the bill, a revamped version of legislation voted by President Reagan last fall. It won 97-0 Senate approval on Thursday.

The bill would provide increased protection from firing and demotion for federal employees who disclose mismanagement and waste in the agencies where they work.

Employees fighting for their jobs would face less stringent standards of proof that their firing or demotion came as a result of whistle-blowing.

The Office of the Special Counsel, established eight years ago to investigate civil service abuses, would become an independent agency, now an arm of the Merit Systems Protection Board and has come under criticism in Congress on grounds that it has done little to assist whistle-blowers.

Whistle-blowers would be able to take their cases directly to the board if the special counsel did not act within 120 days. But the special counsel would not be allowed to file lawsuits in court on behalf of employees, a key change from last year's version.

Reagan pocket vetoed last year's version, saying it would have resulted in federal agencies fighting court battles against each other. A president may allow a bill to die when Congress is not sitting, simply by refusing to sign it.

A freshly minted compromise between the Bush administration, Sen. Carl Levin, D-Mich., and other Senate sponsors dropped last year's provision allowing the special counsel to go to court. That answered Reagan's objection and the Justice Department immediately announced that the measure now had administration support.

The bill is the second major piece of legislation sent to Bush in this congressional session; it follows a measure that blocks large pay raises for top federal employees. The only other bills passed so far this year established a Federal Employees Recognition Week and a Greek Recognition Day.

Added job protection for whistle-blowers has concerned Congress since 1989, when Pentagon aide A. Ernest Fitzgerald was fired for exposing \$2 billion cost overruns on the C-5A cargo plane project.

When she and other employees discovered such a pattern in 1987 while checking 1985 returns, Ms. Johnson said, they were told that the IRS manual prohibited notifying taxpayers of such errors. When employees complained to superiors that the policy should be changed, they were told it was up to taxpayers to find their own errors.

NATION & WORLD

Whistle-blowers get protection

WASHINGTON (AP) — Federal employees who blow the whistle on government waste, fraud and abuse would get added job protection under legislation passed by Congress and sent to President Bush.

"We have a bill that provides strong protection for those who expose wrong occurring in the federal domain," Rep. Frank Horton, R-N.Y., said Tuesday as the House approved the Senate-passed measure on a voice vote.

Bush is expected to sign the bill, a revamped version of legislation voted by President Reagan last fall. It won 97-0 Senate approval on Thursday.

The bill would provide increased protection from firing and demotion for federal employees who disclose mismanagement and waste in the agencies where they work.

Employees fighting for their jobs would face less stringent standards of proof that their firing or demotion came as a result of whistle-blowing.

The Office of the Special Counsel, established eight years ago to investigate civil service abuses, would become an independent agency, now an arm of the Merit Systems Protection Board and has come under criticism in Congress on grounds that it has done little to assist whistle-blowers.

Whistle-blowers would be able to take their cases directly to the board if the special counsel did not act within 120 days. But the special counsel would not be allowed to file lawsuits in court on behalf of employees, a key change from last year's version.

Reagan pocket vetoed last year's version, saying it would have resulted in federal agencies fighting court battles against each other. A president may allow a bill to die when Congress is not sitting, simply by refusing to sign it.

A freshly minted compromise between the Bush administration, Sen. Carl Levin, D-Mich., and other Senate sponsors dropped last year's provision allowing the special counsel to go to court. That answered Reagan's objection and the Justice Department immediately announced that the measure now had administration support.

The bill is the second major piece of legislation sent to Bush in this congressional session; it follows a measure that blocks large pay raises for top federal employees. The only other bills passed so far this year established a Federal Employees Recognition Week and a Greek Recognition Day.

Added job protection for whistle-blowers has concerned Congress since 1989, when Pentagon aide A. Ernest Fitzgerald was fired for exposing \$2 billion cost overruns on the C-5A cargo plane project.

When she and other employees discovered such a pattern in 1987 while checking 1985 returns, Ms. Johnson said, they were told that the IRS manual prohibited notifying taxpayers of such errors. When employees complained to superiors that the policy should be changed, they were told it was up to taxpayers to find their own errors.

Cocaine-induced heart attacks unraveled

ANAHEIM, Calif. (AP) — The mystery of how cocaine triggers heart attacks may have been partly solved by scientists who found the drug can induce spasms in dog and rabbit arteries.

"Up until recently, there's been a missing link about how cocaine caused the heart attacks," especially in people whose arteries aren't clogged with fatty plaque, said Dr. Jeffrey Iser, a cardiovascular medicine professor at Boston's Tufts University.

"There's now overwhelming evidence cocaine may cause spasms of vascular smooth muscle, the principal component of the normal artery," he said, adding that how the drug starts spasms isn't known.

Studies presented Tuesday during the American College of Cardiology's annual meeting indicated how cocaine can kill by narrowing arteries and how it also impairs the heart's electrical system.

Smoked "crack" cocaine is more dangerous because it is absorbed into blood more quickly, but inhaled powder cocaine "is clearly enough to achieve blood levels that can cause these cardiac complications," Iser said.

Dr. Robert Kloner, heart research director at Hospital of the Good Samaritan in Los Angeles, said his study found that high dosages of cocaine given rapidly cause narrowing of coronary arteries and depression of the function of the heart.

"Recreational doses also have been shown to have effects," he said. "You don't need to be on a binge to have a heart attack."

A heart attack is the death of part of the heart muscle. It occurs when arteries that are narrowed or blocked keep a section of the heart from getting enough oxygen, which is carried in blood.

Woman fired after fleeing bomb attack

SAN DIEGO (AP) — The wife of the USS Vincennes skipper was fired from her teaching job after her narrow escape from a suspected terrorist bomb that destroyed her van, according to a published report today.

Sharon Rogers was fired from her teaching job at the La Jolla Country Day School after her van was destroyed by a terrorist bomb that destroyed her van, according to a published report today.

Rogers was fired from her teaching job at the La Jolla Country Day School after her van was destroyed by a terrorist bomb that destroyed her van, according to a published report today.

The FBI is investigating whether the bombing, which occurred March 10 in San Diego, was driving to school by herself, was in retaliation for her husband's order to shoot down an Iranian ship over the Persian Gulf.

Washers cost \$229

WASHINGTON (AP) — The Air Force's deal for \$68 million in crash damage kits for its giant C-5 cargo aircraft was marked by a conflict of interest violation and vastly overpriced parts, according to a congressional report.

The General Accounting Office, Congress' investigative arm, found that Lockheed Aeronautical Systems Co. hired a retired U.S. Air Force colonel shortly after he negotiated a Pentagon contract with the defense contractor to buy the crash damage kits.

Retired Air Force Col. Anthony Diferrando "did not comply with provisions in a conflict of interest law requiring that he report his employment contracts and disqualify himself from procurement functions involving Lockheed," the GAO said.

Dallas County District Attorney John Vance said prosecutors were examining evidence to determine whether to retry Adams. Assistant District Attorney Winfield Scott had said earlier this week that he intended to seek a new trial but might reduce the charge from capital murder to murder.

Adams once was three days from execution, but he was freed under a court ruling that he didn't receive a fair trial. Last year's documentary "The Thin Blue Line" had brought renewed attention to the case.

Dallas County District Attorney John Vance said prosecutors were examining evidence to determine whether to retry Adams. Assistant District Attorney Winfield Scott had said earlier this week that he intended to seek a new trial but might reduce the charge from capital murder to murder.

Adams wants new trial

DALLAS (AP) — Randall Dale Adams walked free after serving more than 12 years for the murder of a police officer, but he said he won't feel vindicated unless his name is cleared in a second trial.

"I still would like to have had the trial, but that's not up to me. That's up to the state of Texas," he told reporters Tuesday after his release from jail.

Adams once was three days from execution, but he was freed under a court ruling that he didn't receive a fair trial. Last year's documentary "The Thin Blue Line" had brought renewed attention to the case.

New chance for Sakharov

MOSCOW (AP) — Andrei D. Sakharov's bid for a seat in the new Soviet legislature may be revived now that the Soviet Academy of Sciences has rejected most of the candidates on the officially backed slate.

The outcome means the academy will have to vote again, giving Sakharov another chance for election to the 2,250-seat Congress of People's Deputies. Academy members had left the human rights activist off the official slate.

But members of the prestigious academy on Tuesday approved just eight of the 23 candidates nominated for the legislative seats allotted to the academy, the official Tass news agency reported.

Sakharov, a physicist, and other reform-minded scientists had called for rejection of the old-guard candidates.

Pope to visit Hungary

BUDAPEST, Hungary (AP) — Pope John Paul II will visit Communist Hungary in September 1991 on his first trip to an East European country other than his native Poland, the state-run MTT news agency says.

OPINION

Two flaws in bill for FOI change

There are two serious flaws with the bill being considered by the Government Administration and Elections Committee of the General Assembly to amend the state's Freedom of Information Act.

One is that the law should not be under consideration now.

The question addressed by the proposed change is now being considered by the Freedom of Information Commission. Until the commission has made a decision and until any appeals from that decision have been exhausted, the Legislature should not take action.

The other flaw in the proposed amendment is that its provisions go entirely too far. If it is passed, it would weaken the Freedom of Information Act, which is designed to prevent elected officials from conducting public business privately.

Manchester Director Ronald Osella, a Republican, filed a complaint with the FOI Commission after the Democratic town directors, who constitute a quorum of the Board of Directors, gathered privately with the Democratic town chairman and with lawyers being paid to represent the town.

Osella and many others contend that the law prohibits the Democratic directors, because they constitute a quorum of the board, from meeting with any other person, including the chairman of their party, unless they give notice of the meeting and hold it publicly.

Both the Democratic majority directors and the Republican minority directors did, in fact, meet with two lawyers representing the town. Clearly, the law should prohibit that, and the bill under consideration would do so. It would prohibit officials from the party which constitutes a quorum from inviting to a private caucus anyone who is an employee or a contractor of the public agency involved.

But the bill under consideration would allow at the caucus any other person invited by members of the agency as long as that person is a member of the same political party.

That goes too far.

The Manchester Herald has taken the position that the chairman of a political party should be allowed legally to attend caucuses of elected officials from that party even if the party has been so successful at the polls that it wins a large enough majority of a public agency to constitute a quorum of that agency.

Rowland hot as 1990 prospect

By Bob Conrad

Congressman John Rowland of Waterbury may not have made a full 180-degree turn since mid-1988 in his political plans for 1990, but let's say he's come a good 170 degrees.

And because of that, Rowland is the hot one, du jour, as a Republican prospect for governor next year.

Others may take exception to that, notably Senate Minority Leader Reggie Smith of New Hartford and House Minority Leader Bob Jaekle of Stratford. Rowland's emergence comes just as Smith was riding high at the State Capitol because Senate Democrats, in their desperation over finding a way out of a tax dilemma, were buying a proposal by Smith and his fiscal sidekick, Sen. Jamie McLaughlin of Woodbury. Jaekle was doing well as author of a billboard-and-bumper-sticker stunt to torment Democratic Gov. Bill O'Neill over the same issue.

That goes too far.

The Manchester Herald has taken the position that the chairman of a political party should be allowed legally to attend caucuses of elected officials from that party even if the party has been so successful at the polls that it wins a large enough majority of a public agency to constitute a quorum of that agency.

Let's suppose, for instance, that under the leadership of John Garside, Manchester's Republican town chairman, the Republicans win six positions on the town Board of Directors in the November election. As the current law is being interpreted by Osella and others, Garside, after November, would be prohibited from meeting privately with the six winners.

Violence follows an arrest

By Jack Anderson and Dale Van Atta

WASHINGTON — The recent arrest of the powerful godfather of Mexico's oil workers' union may lead to unprecedented violence against the new government in Mexico and Washington, D.C., that Salinas wants to tackle his country's endemic corruption.

Hernandez, known as "La Quina" (Little Joaquin), has made Mexico presidents tremble since he first took over the 200,000-member oil workers' union in 1982. Salinas' predecessors feared that any move against the powerful La Quina would result in sabotage of oil wells, or at least a strike that could further cripple the already troubled Mexican economy.

We conducted a three-year investigation of La Quina and it is clear that Salinas will need nerves of steel to keep La Quina behind bars. The last president of Mexico, Miguel de la Madrid, tried to do this, but he failed.

Garcia turned the tables, blaming La Quina for skimming money from the union. Garcia was charged with the crime. He was later found guilty and sentenced to 15 years in prison.

Salinas was well aware of that history before he arrested La Quina, and he knows it will take more than justice to make the charges against La Quina stick.

These increases representing an extension beyond maintenance of current service level and the increased costs within the divisions budgets are:

1. Building Inspection
The addition of \$49,411 for a chief building inspector to provide inspection services solely at the Buckland Hills mall with the source of funds being revenue from building inspection fees for construction activity at that mall.

FY 1989/90 RECOMMENDED BUDGET SUMMARY

	Expended 1987/88	Adopted 1988/89	Estimated 1988/89	Recommended 1989/90
General Fund	57,137,379	63,524,251	65,507,207	77,622,265
Data Processing Fund	322,909	400,875	400,875	460,149

Sewer Fund	2,235,487	2,068,783	2,065,914	2,078,200
Town Fire District Fund	4,128,574	4,765,557	4,748,532	4,832,816
Parking District Fund	198,246	119,016	115,870	127,870
TOTALS	69,771,661	77,640,757	80,693,635	88,466,894

Here is the text of the 1989-90 budget message from Town Manager Robert B. Weiss to the Manchester Board of Directors:

In accordance with Section 5.2 of the charter of the town of Manchester, I am pleased to submit my recommended budget for the fiscal year July 1, 1989 through June 30, 1990. The recommended General Fund budget totals \$77,640,757 and proposes a mill rate for FY 1989/90 of 44.53, which represents a 0.74-mill, or 1.7 percent, increase over the current mill rate.

I have provided a summary table which sets out the dollar and percentage increase for each major General Fund activity. In addition, I have provided a summary table which sets out the dollar and percentage increase for each major General Fund activity. In addition, I have provided a summary table which sets out the dollar and percentage increase for each major General Fund activity.

1. Building Inspection
The addition of \$49,411 for a chief building inspector to provide inspection services solely at the Buckland Hills mall with the source of funds being revenue from building inspection fees for construction activity at that mall.

2. Engineering
The addition of \$28,318 to provide for contractor work on the sewer and storm sewer in the Buckland Hills area, with the source of funds being a contribution to the General Fund by the mall developer.

3. Highway
The addition of \$70,965 to replace a three-person sidewalk repair crew, effective March 1, 1990, and to provide construction materials for the period March through June 1990.

4. Maintenance
The addition of \$1,187,830 to increase the current level of maintenance services for the town's 14.1 miles (14.1 x \$839,584) of tax exempt streets, with the source of funds being a contribution to the General Fund by the mall developer.

MANAGER'S GENERAL FUND EXPENDITURE SUMMARY

Activity	Adopted 1988/89	Mgr. Rec. 1989/90	% Increase	% of Total
General Govt	2,431,156	2,583,617	107.46	3.3

Budget

From page 1

\$5,532,916, up 18 percent from this year's \$4,700,000.

The combined proposed budget for the Water Division and the Sewer Division, announced earlier this month, totals \$9.2 million and amounts to a 10 percent increase over this year's budget of \$8.4 million.

Those who receive fire and sewer protection from the Eighth Utilities District pay a separate tax to the district that has not yet been set. The current rate is 6.5 mills, which the district directors hope to increase.

This is the last Manchester budget for Weiss, who is to retire this summer.

"One of the reasons I stayed in the position is I've always looked for the easy year in the budget," he said.

He added that he's learned that there aren't any easy years.

Last year, Weiss proposed a budget of \$64 million, which was up 13.5 percent from the previous year's budget of \$56 million. That budget was later cut by the directors to \$63.5 million, an increase of 12.9 percent from the previous year.

That budget, in effect until June 30, required an increase in the tax rate of 48.30 to 49.84 mills, a 2.6 percent increase.

Tax bill

From page 1

\$1.716 next year.

The tax rate would increase from 49.84 mills to 54.58 mills, an increase of 4.74 mills or 9.5 percent.

Weiss expects the town will collect \$5,921,463 more in taxes in the next fiscal year than it is expected to collect for this year when it set the budget.

No increases are planned in town sewer or water rates.

The budget recommendation by Weiss anticipates an increase of about \$6 million in revenue from taxes, 14.7 percent above the amount included when the budget for the current year was adopted.

An increase of about 45 percent or about \$1.2 million is expected in fines, licenses, services and rents.

Additions

From page 1

money from the small developer.

An assistant zoning and environmental officer would be hired at a cost of \$20,106 to handle increased work caused by more complex zoning and environmental regulations.

An allocation of \$41,500 would be made for the position of parks supervisor. The salary of which was not included in the current budget. Overtime for recreation and parks work would increase by \$4,450.

The police section of the budget includes \$15,991 for a data-entry clerk. Weiss said that the case-load has increased 30 percent over the past seven years, during which staff increases were authorized.

The Social Services Division would hire a temporary part-time conservator's agent, at a cost of \$10,051, to assist with the increased caseload. In the Elderly Outreach Division, \$3,843 would be allocated to expand the hours of a part-time clerk and \$4,500 would be allocated to establish a temporary part-time position of nutrition program manager at the Mayfair Gardens senior citizens' housing complex.

FBI

From page 1

sheet is a private citizen and when the information is in the government's control as a compilation rather than as a record of what the government is up to, the privacy interest protected by (the) exemption is in fact at its apex while the FOIA-based public interest in disclosure is at its nadir," Stevens said.

The FBI maintains identification records, called rap sheets, on millions of citizens. The records detail arrest and conviction information supplied by federal, state and local law enforcement agencies.

CBS correspondent Robert Schakne in 1978 sought all FBI records of the arrests, indictments and court dispositions of any charges against four brothers, two of whom were identified as associates of reputed Pennsylvanian crime boss Russell Bufalino.

Air quality

From page 1

counties where the pollutant exceeded federal standards. Ozone is a prime component of smog.

Last year the EPA listed 66 areas of the country where ozone levels were considered unhealthy and "early indications are that about 30 additional areas may eventually join the list," said the EPA.

Ozone is the product of a complex series of chemical reactions in which organic compounds mix with nitrogen oxide emissions, mostly from automobiles, and are exposed to sunlight.

Here are the EPA assessments covering the five other pollutants:

■ Carbon monoxide: Levels in the air were cut by 32 percent since 1978 and 6 percent from 1986 to 1987, but actual emissions were slightly higher in 1987 than the previous year. The increase was blamed on forest fires.

But an estimated 29.4 million people continue to live in counties where carbon monoxide levels exceed federal standards. While the highest concentration during an eight-hour period in 1987 was found in New York City, 21 metropolitan areas in all exceeded the federal standards.

■ Sulfur dioxide: Levels in the air were cut 35 percent since 1978 and 3 percent from 1986 to 1987, but actual emissions were slightly higher in 1987 than the previous year. The increase was blamed on forest fires.

■ Nitrogen dioxide: Levels have been reduced by 12 percent since 1978, but ambient levels showed no change during the last year of the study period.

Job service guides firms to future

By Maureen Leovitt
Manchester Herald

Employers can expect drastic changes in workers' needs by the year 2000 and one of the most pressing will be the need for more child care, says the head of the state Job Service in Manchester.

Vivian E. Ladabouche said those needs also include day care for elderly persons and training in dealing with AIDS in the workplace.

In November 1987, the Manchester office formed a management advisory committee, composed of 11 representatives from local businesses, the Greater Manchester Chamber of Commerce, human service agencies, the Job Service and Manchester High School.

Ladabouche said the main purpose of the committee is to exchange ideas about how to deal with employment problems, provide information about Job Service programs, and to find out how the program can better serve the community.

Committee member Anthony R. Pagliuco said Manchester seems to be doing these things well compared to the rest of the country.

Pagliuco, corporate director of personnel at Gerber Scientific Inc., South Windsor, attended a national conference in Washington last month. Pagliuco said Manchester is already addressing many of the issues the conference concentrated upon, such as improved communication between employers and the community.

"I left there feeling pretty good," Pagliuco said. "These issues are well behind us. I feel."

Connecticut has 19 regional Job Service offices. The program helps people find jobs in their towns, in the state, or throughout the United States with a computerized job bank.

The job bank contains job titles which vary from secretaries and store clerks to chemical engineers and nuclear physicists. People can choose from full-time, part-time and temporary employment.

The service isn't just for the unemployed, Ladabouche said. People who want to make a career change, veterans, the elderly and now 15-year-olds are some of the groups that use the service.

The Job Service also offers counseling for people who aren't sure what vocation suits them. In addition, the program screens employees for local businesses and provides a place to interview prospective employees.

She said many more women would be available for work if businesses could provide child care.

For this reason, child care is the main issue the committee is concentrating upon. During the conference in Washington, representatives from Vermont presented a workshop on how that state is dealing with day care, Pagliuco said. For example, Vermont provides assistance to private enterprises for establishing day care facilities.

Day care for the elderly is another area of concern for employers, Ladabouche said. Many employees with older parents are missing work because there is no one to stay with the elderly people during the day.

Pagliuco said the committee has also discussed the lack of affordable housing in town, the shortage of public transportation, and AIDS in the workplace.

Ladabouche said employers also need to face the fact that the number of people reaching working age will steadily decrease by the year 2000. In addition, employers will need to create more training programs because many people lack the skills required.

How do you spell NIT?
How about "M-O-N-E-Y"?

The National Invitation Tournament has shrunk in stature when compared to the NCAA Tournament. The best 64 teams — supposedly — are selected for the NCAA field and then the NIT ones about filling its 32-team field.

Because of shrinking attendance figures at Madison Square Garden, the NIT decided a couple of years ago to get tournament games at campus sites until the semifinals.

That's nice for the home teams, but not so nice for the visitors. "On the road, if we played like that, we'd be sending our uniforms out to the cleaners," University of Connecticut Coach Jim Calhoun said after his Huskies won an ugly one, 73-72, against California Monday night at the Hartford Civic Center.

"The difference was the home court," California Coach Lou Campanelli said. "When we play at home, it's a different ball game."

The biggest problem with the NIT is the haphazard manner of scheduling games. The 32 teams are paired into 16 first-round games. Once those are complete, the teams are thrown back into the hat and eight second-round games are set up.

It's a crapshoot. The teams don't know their opponents or where they're playing.

Most reporters Monday night thought UConn, if it won, was heading for Wisconsin to meet the Badgers, until Wisconsin was upset at home by St. Louis. There have been only four round winners out of 22 NIT games, to date.

The big criteria, obviously, is the money generated for the NIT coffers. You'd better believe UConn was home Monday night because it could draw a crowd, which it did at 12,031. It wasn't a sellout, but it was still a nice piece of change.

Connecticut's home game tonight against the University of Alabama-Birmingham (20-11) isn't surprising in the least. Yes, NIT people would rather have had the game at the Civic Center, but it's not available because the Whalers are home tonight. Thursday is out, too. The Muppet Babies are in town.

But if Connecticut beats UAB, which it is meeting for the first time, the defending NIT champion Huskies return to the Garden, bringing their horde of fans with them.

That spells money in the tournament coffers. And that's how you spell NIT.

Headline: "Dayton Fires Don Donoher." Isn't college basketball wonderful?

This is the downside of the game. College basketball is big business today, and anyone who says otherwise is either trying to fool you or is a fool, himself.

Donoher was Dayton's head coach for 25 years, yielding a school-record 437 victories against 275 losses. That included an NCAA championship appearance in 1967, when the Flyers lost to UCLA, 79-64.

So what did he do wrong? Three consecutive losing seasons, including 12 1/2 in 1988-89, felled Donoher.

Tom Freericks, the university's vice president for athletic programs, said Donoher had been asked to "relinquish" his coaching duties and assume other administrative duties.

"It's not something I enjoy doing," Freericks said. "I have great respect for Don. I don't like the fact that this ultimately had to come to this conclusion, but I do support the decision that was made."

"I think we want to be competitive to play in a postseason tournament," said Freericks. "I think we want to be competitive in the Midwestern Collegiate Conference. And I think we want to have teams that are entertaining."

Donoher's reaction? "That's the way it goes. I've got a lot to be grateful for. The issue now is let's get our new coach in here and get Dayton basketball back on track," he said.

Jerry Peterson, coach at Miami of Ohio, said college basketball lost a touch of class with Donoher's dismissal.

"It's a sad moment in intercollegiate athletics," Peterson said. "It was tough playing University of Dayton. You'd hope your team played well enough to win, but win or lose, you were playing a class act. It's being eliminated from this business."

The insanity continued Tuesday as Tennessee and its head coach, Don Devoe, settled on a negotiated resignation. Devoe leaves after a 19-11 campaign in which he led the Volunteers to an NCAA Tournament bid.

What's going on here?

Tennessee Athletic Director Doug Dickey said he had to consider "the circumstances that surround the program over a longer period of time than one season."

DeVoe, 47, exits with a career mark of 321-207. Sounds like a terrible coach, don't you think?

College basketball is big business. Don't ever forget it.

Winning and losing are what matter. As far as having your players get an education and graduate, well...

Wine-truck driver charged with DWI

HARTFORD (AP) — The driver of a wine truck was charged with driving after his vehicle struck six cars, injuring four people, police said.

Hoyt Hight, 37, a driver for M.J. Maguolo & Co. of Hartford, was charged Tuesday with driving while intoxicated, evading responsibility, reckless driving and failure to stay on the right side of the road. Lt. Frank Fallon said.

Police said they found in Hight's truck a 2-liter, half-filled ginger ale bottle and the contents had a strong smell of alcohol.

The accident happened about 1 p.m. Tuesday.

Judge finds evidence sufficient to try man for shooting death

VERNON (AP) — A Superior Court judge has ruled there is enough evidence to try a Rockville man on murder and felony charges in connection with the January shooting death of a convenience store manager.

Donald G. Golub, 23, a six-time convicted burglar is scheduled to enter a plea to the charges April 4, Tolland State's Attorney Donald B. Caldwell argued Tuesday that Golub should be tried for murder and felony murder because he made incriminating statements to police.

Caldwell said Golub told police he was outside the 7-11 Store in Vernon when a man named Mike shot Frederick Lee to death. But, Caldwell said, it was Golub's gun that was used in the shooting and some of Golub's friends had testified that Golub had planned a robbery and wanted to know what it would be like to kill someone.

Golub responded that he didn't murder anyone, Hyer said. The detective said Golub emphasized the word murder.

Golub's lawyer, Michael Devlin, argued that the evidence was not sufficient to charge him with murder or felony murder.

Golub was unable to make the \$250,000 bail set after his Jan. 18 arrest and has been held since then. He was originally charged with being an accessory to murder.

Headline: "Dayton Fires Don Donoher." Isn't college basketball wonderful?

This is the downside of the game. College basketball is big business today, and anyone who says otherwise is either trying to fool you or is a fool, himself.

Donoher was Dayton's head coach for 25 years, yielding a school-record 437 victories against 275 losses. That included an NCAA championship appearance in 1967, when the Flyers lost to UCLA, 79-64.

So what did he do wrong? Three consecutive losing seasons, including 12 1/2 in 1988-89, felled Donoher.

Tom Freericks, the university's vice president for athletic programs, said Donoher had been asked to "relinquish" his coaching duties and assume other administrative duties.

"It's not something I enjoy doing," Freericks said. "I have great respect for Don. I don't like the fact that this ultimately had to come to this conclusion, but I do support the decision that was made."

"I think we want to be competitive to play in a postseason tournament," said Freericks. "I think we want to be competitive in the Midwestern Collegiate Conference. And I think we want to have teams that are entertaining."

Donoher's reaction? "That's the way it goes. I've got a lot to be grateful for. The issue now is let's get our new coach in here and get Dayton basketball back on track," he said.

Jerry Peterson, coach at Miami of Ohio, said college basketball lost a touch of class with Donoher's dismissal.

"It's a sad moment in intercollegiate athletics," Peterson said. "It was tough playing University of Dayton. You'd hope your team played well enough to win, but win or lose, you were playing a class act. It's being eliminated from this business."

FOLLOWS THROUGH — No. 1 seed Ivan Lendl returns a shot to Todd Woodbridge Tuesday during the first round of the \$2.1 million Lipton International Players Championship in Key Biscayne, Fla. Lendl was an easy 6-2, 6-2, 6-3 winner.

SPORTS IN BRIEF

Whalers host the Bruins

HARTFORD — The Hartford Whalers (33-35) still clinging to their hopes of catching the third-place Buffalo Sabres in the Adams Division, host the Boston Bruins (32-37) tonight at 7:30 (SportsChannel, WTC) at the Civic Center. The same two clubs met at Boston Garden with the Whalers taking a 3-2 decision.

UConn baseball is home

STORRS — The University of Connecticut baseball team, which came home 4-5 on its Southern trip, was to make its home debut today at 3 p.m. at J.O. Christian Field against Rhode Island.

MCC Relays June 17-18

The 1989 MCC Relays will take place Saturday and Sunday, June 17 and 18. The Relays will feature a track meet at Manchester High's Pete Wigren Track on Saturday and a 4-mile run/walk on Sunday at the Manchester Community College campus.

Umpires to hold clinic

The Manchester Chapter of the Connecticut Approved Baseball Umpires Association will conduct a rules and interpretation clinic on Tuesday at 6:30 p.m. at the Mahoney Rec Center. All coaches are invited to attend.

Little League needs umpers

The Manchester Little League is looking for umpires for the 1989 season. A meeting will be held Thursday at 7 p.m. at the Sunny Side Up Restaurant, 1065 Main Street, Manchester and anyone interested in volunteering his services is asked to attend the meeting.

Soccer coaches needed

The Manchester Parks and Rec Department is in need of soccer coaches for the summer program in the pee wee (ages 6-7) and junior (ages 10-11) division. If interested, contact Carl Silver at the Rec Department at 647-3084.

Vols' Don DeVoe resigns

KNOXVILLE, Tenn. (AP) — Tennessee basketball coach Don DeVoe quit Tuesday amid reports he was about to be fired after 11 years on the job.

Warriors 151, Blazers 127: Golden State scored 50 points in the fourth quarter as the Pistons quarter of the season after playing 42 seasons without one.

Mitch Richmond scored 29 points, Terry Teague 28, Chris Mullin 26 and Otis Smith 23 in the Warriors' fourth straight victory.

Pacers 92, Nets 89: Indiana handed New Jersey its eighth straight loss, with Detlef Schrempf's off-balance 10-footer with 53 seconds remaining, putting Indiana ahead for good.

NFL to get tough on steroid use

By Dave Goldberg
The Associated Press
PALM DESERT, Calif. — The NFL has given its players a new policy on steroids that is more acceptable to the players than cocaine.

Commissioner Pete Rozelle announced Tuesday that beginning next season, any player testing positive for steroids — even for the first time — will be automatically suspended for a minimum of 30 days. Second-time offenders in a given season will be suspended for the balance of the season.

Boggs back on the market

By Dove O'Hara
The Associated Press
WINTER HAVEN, Fla. — Once again, the Boston Red Sox appear to be trying to trade Wade Boggs, the five-time American League batting champion and the center of swirling controversy.

HEAD BALL — Boston's Robert Parish (00) has his head obscured by the basketball after grabbing a rebound between Milwaukee's Terry Cummings, left, and Jack Sikma in their NBA game Tuesday night in Milwaukee. The Bucks won, 98-86.

Playoff atmosphere exists as Bucks topple the Celtics

MILWAUKEE (AP) — As the NBA playoffs get closer, Milwaukee Bucks coach Del Harris detects an increasingly abrasive defense wearing away some fancier styles of play.

defense plays hard and you take what you can get offensively," Harris said. The victory was Milwaukee's 42nd, marking its total of last season (42-40). The Bucks, winners of 10 of their last 14 games, now are 42-22. It was their eighth consecutive victory over Boston in their home court.

Home not sweet for the Lakers

By Bill Bernard
The Associated Press
The Los Angeles Lakers are struggling at home after five years of nearly uninterrupted success, and Michael Jordan continues to thrive as a point guard.

Both clubs played hard defense with the Celtics converting 47.3 percent of their field goals. The Bucks completing only 44.1 percent. High for Milwaukee was Terry Cummings' 21 points, and for Boston was Reggie Lewis with 22.

Rose

contained in the magazine's April edition. The magazine said Rose once received a dead fish in the mail as a warning to pay a gambling debt.

activities. The newspaper said the investigation involves tax and gambling issues, including income tax that Rose may have received from the sale of personal memorabilia.

Woods threatened

CHICAGO (AP) — Seattle Seahawks linebacker Tony Woods says that when he tried to break his contract with sports agents Normy Walters and Lloyd Blom, they threatened to end his younger brother's college football career at the University of Pittsburgh.

Woods threatened that when he tried to break his contract with sports agents Normy Walters and Lloyd Blom, they threatened to end his younger brother's college football career at the University of Pittsburgh.

Redmen find cause for persistence in NIT

NEW YORK (AP) — The St. John's University basketball team, which saw its hopes for an NCAA bid end on a sour note with a loss to last-place Boston College in the Big East tournament, is playing for a cause in the NIT.

Wednesday, (Assistant coach) Ron Rutledge told me we have a chance to be national champions (of the NIT), and that inspired me tonight," Williams said. "Any way you look at it, we're beating 32 good teams."

STAKES CLAIM — St. John's center Robert Wardann (41) pulls down a rebound from Oklahoma State's Jayson Williams while teammate Jayson Williams, right, looks on during their National Invitational Tournament second-round game Tuesday night in New York. The Redmen won, 76-64.

Personally, it was gut-wrenching for me. She was like a mother and a sister to a lot of us. That was one hell of a lady, when she fought. I'm just a grain of sand on the beach compared to what she went through.

Every Mexico 86, Pepperdine 89: At Albuquerque, Luc Longley scored 18 points and blocked seven shots and Charlie Thomas added 17 points as New Mexico advanced to the NIT quarterfinal round for the second straight year.

ams, right, looks on during their National Invitational Tournament second-round game Tuesday night in New York. The Redmen won, 76-64.

Olson sees big bucks pressuring athletic directors

By Arthur H. Rostein
The Associated Press
TUCSON, Ariz. — The money a successful basketball program can produce is pressuring athletic directors increasingly to hire big-name basketball coaches.

Las Vegas in the NCAA West Regional. The exactly how Olson, 54, in his 16th season, wound up at Arizona. He was lured away from Iowa six years ago by Arizona's athletic director, Cedric Dempsey.

Olson said it's particularly difficult on younger coaches, because if they make the mistake of choosing the wrong program, that can be the end of their careers.

Valvano puts N.C. State-Georgetown clash on new plateau

By Tom Foreman
The Associated Press
RALEIGH, N.C. — Coach Jim Valvano has put North Carolina State's game with Georgetown in the NCAA East Regionals on a new level, surely a plateau that no one else has found.

part to Charles Smith, also the team's leading scorer at 19.2 points per game. "They don't let you get into a rhythm. They can turn up the defensive pressure, and if you've got the lead, they can try and force you to take poor percentage shots," Valvano said. "Then they sweat it away."

against Iowa. It also means Chris Corchiani will have to give up his slash-to-the-basket style for the 3-point shot that Monroe takes with ease.

SPORTS IN BRIEF

Soccer Club tryouts set

The Manchester Soccer Club will be holding tryouts Friday from noon to 2 p.m. at the Kennedy Road Complex. The tryouts are for boys born in 1975 and 1976. Club players from the Cobras, Stars, Force and non-club players are encouraged to try out. Three new teams (14 year-olds, 15-year-olds, 14-and-under) will be formed.

Boys who can't make the tryout but are still interested in playing should contact Sal Altucci at 646-3929 (for boys born in 1976) or Paul Calvo at 647-5384 (for boys born in 1975).

Santana may need surgery

FT. LAUDERDALE, Fla. — The New York Yankees, who know already they'll open the 1989 season with rightfielder Dave Winfield, may be without shortstop Rafael Santana, too. It was announced Tuesday.

The shortstop felt severe pain in his right knee after making a double-play pivot Monday and was examined Tuesday by Dr. Frank Jobe, the Dodgers' noted surgeon.

Santana said "I don't want to look bad, and I'm not able to help the ballclub."

If Santana requires surgery now, he'll be out for the 80 season. The injury leaves the Yankees without a proven major league shortstop.

Agassi an upset victim

KEY BISCAYNE, Fla. (AP) — Andre Agassi said the first time he faced the U.S. Open was Tuesday, when the West German beat him in straight sets in the opening round of the International Players Championships.

"I had no idea whether he was left-handed or right-handed or anything," Agassi said after losing 6-7, 6-6, "I didn't know his name."

Steeb responded: "Maybe he knows it now." Agassi, seeded third, was the first of the top eight seeds to lose in the week-end, \$2.1 million tournament. Sixth-seeded Tim Mayotte lost later Tuesday to Kelly Evenden of Australia.

Writers honor Landry

PALM DESERT, Calif. (AP) — Tom Landry, despoised as coach of the Dallas Cowboys last month in what became known as "the Saturday night" massacre, was honored Tuesday by the Professional Football Writers of America for his unstinting cooperation with the media in his 26 years as the Cowboys' coach.

In an unprecedented move, the PFWA unanimously voted to present the 64-year-old Landry with the Jack Horrigan Award, given annually to the player or league or club official who demonstrates "a high quality of professionalism in the role of helping the football writer do his or her job."

Yankees hire Syd Thrift

FORT LAUDERDALE, Fla. (AP) — Syd Thrift, fired as general manager of the Pittsburgh Pirates after last season, was named senior vice president of baseball operations for the New York Yankees on Tuesday.

The Yankees said Thrift will direct baseball operations for the team along with president and general manager Bob Quinn and George Bradley, a vice president for player development.

"We are tremendously happy to be able to have Syd Thrift join the Yankees," team owner George Steinbrenner said. "The job he did with the Pittsburgh Pirates is one of the best I've seen since I've been in baseball."

He and (Manager) Dallas Green both turned losing situations into artistic and business successes in Pittsburgh. Philadelphia and Chicago. I think the baseball team that has been put together including Thrift, Green, Quinn and Bradley certainly augers well for the future of the Yankee organization."

NHL suspends Hunter

MONTREAL (AP) — Calgary Flames right wing Mark Hunter was suspended for three games without pay Tuesday for hitting New York Rangers defenseman Michel Petit with a stick during a game Monday.

Brian O'Neill, the NHL executive vice president, said Hunter "deliberately swung his stick at the back of his opponent and with sufficient force to cause him to fall to the ice."

Even though the blow did not result in serious injury, the player must be responsible for his actions."

The suspension will take effect March 28, but can begin immediately if the Flames agree to waive the seven-day period in which an appeal may be filed.

Hunter has 22 goals and eight assists in 62 games with Calgary this season.

McDonald nets 500th goal

CALGARY, Alberta (AP) — Lanny McDonald scored his 500th NHL goal and Joe Newenbush added his 50th goal as the Calgary Flames beat the New York Islanders 4-1 Tuesday night.

McDonald's goal, Calgary's second goal of the game, came on a wrap-around move from behind the net at 10:54 of the first period.

The 38-year-old co-captain picked up a loose puck from behind the Isles net and slipped the stick past goaltender Mark Fitzpatrick on the puck stop.

McDonald, playing in his 170th NHL game, is 14th on the all-time scoring list, seven goals behind Jean Beliveau.

The Calgary fans celebrated with a three-minute standing ovation.

Earlier in the season, the 16-year veteran reached the 500-assist and 1,000-point marks.

Oscar Mayer leanest cuts are a nutritional choice

O S C A R MAYER OUR LEANEST CUTS. Even roasted turkey breast, bottled ham, smoked chicken breast, baked cooked ham, over a salad chicken breast, cooked black pepper ham, pastrami and corned beef. \$1.89 to \$2.09 per 6-oz. package.

BONNIE: Like most cold cuts, this new line from Oscar Mayer contains a host of additives and are high in sodium. What's different and exciting about these is they are relatively low in fat. Each variety has less than 5 percent fat by weight — some having as little as 2. That's good, but a bit misleading since fat is usually talked about as a percentage of total calories. Translated to these terms, this line ranges from a low of 13 percent fat calories for the smoked turkey breast to a high of 36 percent fat for the smoked cooked ham. This still is low, just not as low as the "by weight" figures might make you think.

What's more, Oscar Mayer has sliced these cold cuts so thin that none has more than 30 calories per slice. So, if you do eat cold cuts, that makes these a good

Supermarket Sampler

Carolyn Wyman & Bonnie Tandy Leblang

CAROLYN: Fat plays a large role in making food taste good. If you've ever tried one of those low-fat ice cream products, you know what I mean.

These new luncheon meats from Oscar Mayer offer further proof. To make up for the lack of fat, they've smoked the meats or added herbs and spices. Taste-wise, smoking the ham seems to have worked out the best. The smoked beef and boiled ham are too bland and the honey ham has a slightly off taste.

Their biggest mistake was having this line include pastrami and corned beef. Taking fat out of these is like taking the shake out of Johnny Mathis' voice: what's left isn't bad, but its identity is gone.

MICRO MAGIC MICROWAVE SKINNY FRIES. Frozen shoestring potatoes with skins, 99 cents for two 3.5-oz. boxes.

BONNIE: This company is

progressive enough to find the way to get fries crisp in a microwave. Why then are they so out of date nutritionally? Using highly saturated beef tallow and/or palm oil (as well as other fats) in this new product is unconscionable when other companies are scurrying to remove saturated fats from theirs. I suggest they reformulate these without the artery-clogging fats.

CAROLYN: I'm glad someone has finally come up with a quality french fry for the home. Micro Magic's Microwave Skinny Fries are every bit as crisp as frozen french fries you can take in the oven but have the advantage of being a lot moister.

MICRO MAGIC MICROWAVE SKINNY FRIES. Frozen shoestring potatoes with skins, 99 cents for two 3.5-oz. boxes.

BONNIE: Chocolate chips are

no health food. Big or small they are high in sugar and saturated fat. Nutrition aside, the ingredients in both Baker's Big Chips are similar to their competitors. If I were buying, I'd check the cost per ounce and select the best buy.

CAROLYN: Baker's new Big Chips are neither as smooth as Nestle's nor as big as Hershey's and Saco. But if somebody used them to make me some chocolate chip cookies, I doubt I'd complain.

QUAKER CHEWY FRUIT & GRANOLA BARS. Strawberry and apple. \$1.99 per 8-oz. box of eight bars.

Bonnie: Contrary to popular myth, granola bars are not a healthy snack. Nutritionally they are similar to candy bars. The non-chocolate covered ones only slightly less fat.

BONNIE: Most canned soups are extremely high in sodium. These two new additions from Campbell's are no exception. A soup bowl of each will serve you a whopping 1,900 milligrams of sodium. That's close to what the

National Research Council recommends for an entire day. Where these canned soups differ from most is in fat. Most canned soups are moderate in fat, but these are high.

CAROLYN: You shouldn't feel hungry a few hours after eating. That's the problem with a lot of soups. It's also the reason I like Campbell's more substantial line of Chunky Soups.

CAMPBELL'S CHUNKY SOUPS. Chicken corn chowder and Creole-style red beans & rice with sausage. 75 cents per 10 1/2-oz. or \$1.29 a 19-oz. can.

Bonnie Tandy Leblang is a registered dietitian. Carolyn Wyman is a junk food fanatic.

Low-fat doesn't mean food has to be tasteless

NEW YORK (AP) — You can make healthy choices to lighten your diet. You can cook light, and there's a world of delicious foods that are low in saturated fat but high in taste.

For example, you can cut the fat in fried chicken by removing the skin from the chicken; you can use skimmed evaporated milk instead of whole milk; when baking, you can use an egg white to replace one or more egg yolks, and substitute 3 tablespoons of unsweetened cocoa powder plus 1 tablespoon margarine for 1 square of unsweetened chocolate.

Other cooking suggestions:
■ Use non-stick cooking spray and non-stick skillets.
■ Avoid frying and deep-frying. Instead, saute in a small amount of oil or broil, grill, bake or poach.

Skim excess fats off soups, chilis and stews.
According to the U.S. Department of Agriculture, the average American gets about 37 percent of his or her daily calories from fat and about 13 percent from saturated fat.

The American Heart Association

now recommends that a well-balanced diet for a healthy adult should consist of no more than 30 percent of total calories from fat (less than 10 percent of calories from saturated fat), 65 percent carbohydrates and 15 percent from protein.

Puritan Oil, made from all-vegetable canola oil, has the following suggestions for cutting saturated fat in diets:
Meats — Avoid heavily marbled or fatty meats, sausage, bacon and organ meats like liver; bologna, salami, luncheon meats and hot dogs. Choose lean cuts of beef such as rump, round, flank steak, London broil and tenderloin; lamb (leg, loin or rib); pork (loin or tenderloin); lean roast beef. Trim off all visible fat before and after cooking. Choose more poultry and fish.

Fish — Eat tuna packed in water instead of tuna packed in oil.
Poultry — Trim off all visible fat from poultry before cooking. Sliced turkey or chicken, including turkey luncheon meats, are good choices for sandwiches.

Eggs — Substitute egg whites

for whole eggs.
Dairy products — Use herb-seasoned or plain low-fat yogurt, or blended or whipped low-fat cottage cheese, in place of sour cream or mayonnaise. Eat frozen yogurt, ice milk, sherbet or sorbet instead of ice cream. Avoid American or Cheddar cheeses like brie. Choose low-fat cheeses such as ricotta, mozzarella made from skim milk, or low-fat cottage cheese. Drink skim or 1-percent milk instead of whole or 2-percent milk.

Breads and grains — Whole grain breads, English muffins, oat bran muffins, breads and cereals are better choices than Danish pastry, croissants, sweet rolls or butter rolls.
Snacks and sweets — Avoid rich desserts, snack crackers and chips made with saturated fats. Choose air-popped popcorn, breadsticks, low-fat crackers or flatbread crackers, angel food cake and fruits.

Sauces and soups — Prepare gravies with bouillon or defatted broth instead of meat or pan drippings. Choose bouillon, defat-

ed broth, clear soups or soups made with the fat skimmed off instead of creamy soups or those with fat not removed. Stir-fry or steam vegetables instead of cooking them in butter or cream sauces.

Fats and oils — Choose margarine made from a liquid vegetable oil as a spread for bread instead of butter. Use all-vegetable shortening or margarine for cooking or baking instead of butter, lard, meat fat or shortening made from animal fat. Use oil and vinegar, with spices, instead of bottled salad dressings. Use all-vegetable oil with your favorite spices instead of butter and margarine for sauteing.

Puritan Oil has been awarded the first-ever "Product Acceptance" from the American College of Nutrition. Company officials say Puritan Oil received this recognition because of its unique fatty acid composition — it is 94 percent saturated-fat free. And, it contains no cholesterol. In 1987, the Food and Nutrition Committee of the American Health Foundation selected Puritan as its "Food Product of the Year."

Apple-raisin oat bran muffins
1/2 cup plus 2 tablespoons Puritan oil
1/2 cup honey
1/2 cup plus 2 tablespoons skim or low-fat milk
1 large egg
1 cup whole-wheat flour
1 1/2 teaspoons baking powder
1/4 teaspoon baking soda
1 1/2 cups oat bran
2 cups chopped apples
1 cup raisins
Preheat oven to 375 degrees F. In a large bowl combine oil, honey, milk and egg. In separate bowl stir together flour, baking powder, baking soda and oat bran. Gradually add dry ingredients to the wet ones until lightly blended. Stir in apples and raisins. Fill greased or lined muffin tins approximately 2/3 full. Bake for 25 minutes or until golden brown. Makes 10-12 muffins.

Country fried chicken
1/2 cup Puritan oil
2-3/8s cup all-purpose flour
1/2 teaspoon salt
1 teaspoon paprika
1/2 teaspoon garlic powder
1/2 teaspoon pepper
One 5.3-ounce can skimmed evaporated milk
2 1/2-3 pound broiler-fryer chicken cut up, with skin removed
Heat oil in large skillet. Combine flour, salt, paprika, garlic powder and pepper in large plastic bag. Pour milk into shallow bowl. Dip chicken into mixture to coat. Fry chicken in oil over moderate heat near 25 minutes or until meat near bone is no longer pink. Makes 4-6 servings.

Wool fibers of five merino sheep, jumbled and tied, could tie a bow around the world.

Menus

Senior citizens

The following meals will be served at Mayfair Gardens and Westhill Gardens the week of March 27 through 31 to Manchester residents who are 60 or older:

Monday: Cranberry Juice, baked ham with pineapple sauce, mashed potatoes, zucchini and summer squash, dinner roll, chocolate eclairs.

Tuesday: Turkey chow mein, rice, Oriental vegetables, Chinese noodles, raisins.

Wednesday: Vegetable soup, spaghetti with meatballs and Italian sauce, green beans, tossed salad with Italian dressing, Italian bread, presidential fruit.

Thursday: Pineapple juice, Yankee pot roast with vegetable gravy, oven roasted potatoes, carrots, cornbread, cherry/apple crisp.

Chamber plans conference

HARTFORD — The women executives committee of the Greater Hartford Chamber of Commerce will sponsor a conference on "Directing Change: Opportunities and Solutions" on May 11 from 7-45 a.m. to 3:30 p.m. at the Sheraton-Hartford Hotel.

Pfizer cited for pollution

GROTON (AP) — The state has ordered Pfizer Inc. to take steps to control pollution, including a program to ensure chemical spills do not get into storm drains and wastewater treatment systems.

BUSINESS

State's tax structure gets poor grades

HARTFORD (AP) — Connecticut's economy continues to receive high marks for its low unemployment level and high salaries, but the state almost flunked a review of its tax structure, which was found lacking in fairness and stability.

low unemployment rate, low poverty rate, fair distribution of income, and for already high salaries and wages that grew faster than any other state's in 1988.

The challenge now facing the state, he said, is to solve state government's problems and at the same time work toward expanding an economy that is already facing high costs and has stretched the state's labor and housing markets to the limit.

\$4.25 minimum wage likely

WASHINGTON (AP) — Backers of House legislation to raise the minimum wage lowered their target to \$4.25 an hour on the eve of debate as President Bush declared he had the votes to sustain a veto should Congress go above \$4.25.

living wage, not a sub-poverty wage. Senate floor action is still pending on Kennedy's bill.

Price law urged

WASHINGTON (AP) — Congress needs to stop manufacturers from setting retail prices because courts recently have gutted the antitrust prohibitions against the practice, known as vertical price-fixing, a lawyer told a House panel.
