Senate Recesses Carswell Hearing

WASHINGTON (AP)—The Senate Judiciary Committee has recessed its hearing on the nomination of Judge G. Harrold Carswell to the federal court in Florida.

Chairman James O. Eastland, D-Miss., indicated he expects the hearings to wind up by one more day of testimony—probably Monday or Tuesday.

San Birch Bayh, D-Ind., said the testimony of Rutgers University law professor John Lowenthal that about Carswell's handling of a case involving voter registration workers in Florida should be answered.

Although Bayh said he supposed it would be pointless to recall Carswell, now a judge on the 8th U.S. Court of Appeals, the senator told newsmen: "This kind of testimony, unless rebutted, is extremely damaging."

Lowenthal testified that in 1964 Carswell, then a U.S. district court judge in Tallahassee, Fla., had been "extremely hostile" to a habeas corpus petition filed to free seven persons jailed on criminal trespass charges after they urged Negroes to register as voters.

Lowenthal testified that in 1964 Carswell, then a U.S. district court judge in Tallahassee, Fla., had been "extremely hostile" to a habeas corpus petition filed to free seven persons jailed on criminal trespass charges after they urged Negroes to register as voters.

Boston, Manila, Florida Riots Lead to Arrests and Injuries

BOSTON (AP)—Police with Viet Cong flags and shouting obscenities, left the lounge floor of an auditorium littered with glass from broken windows. Rocks smashed windows in other university buildings.

Thirty-one demonstrators were arrested; 14 policemen were treated at hospitals for minor injuries.

Hayakawa, who took a hard line with demonstrators at his college last year, endured steady heckling from militants in his audience of 1,200. He was shouted down frequently, and interrupted by those telling the hecklers to "shut up."

Police spokesman, reached by telephone, said President Ferdinand E. Marcos, inside the palace, was "watching the situation" which he believed serious but not critical.

Three hours after violence broke out fighting still raged between troops and demonstrators who tried to enter the palace.

Screaming students stoned police buildings close to the fence and some tried to climb the fence, but were repulsed by water from hoses on a firetruck inside the palace ground.

It was expected that the contract, which also adds another 10 cents in benefits over its 40-month life, will provide the pattern for settlements for the 10 unions bargaining locally with other manufacturers.

There was no immediate announcement that new contracts were being made in later.

The students momentarily seized a firetruck, rammed a palace gate, set the vehicle on fire and retreated. At least 100 people were injured.

Other attacks on railway property were reported throughout the state, eight buses were burned and some workers were injured.

There was no immediate announcement that new contracts were being made in later.

Nixon Seeks \$200.8 Billion

By JAN NUGENT The Washington Post

WASHINGTON—President Nixon, citing "economic creativity" as the goal of his administration, will propose a slim \$200.8 billion federal budget for next year with defense spending bearing the biggest brunt of the reduction.

The resulting \$13 billion surplus in fiscal 1971 is necessary to re-establish the economy on a steady basis, the President will tell congress Monday.

To balance this "prudent fiscal policy," the President is expected to limit some relaxation of the tight money policies which have prevailed this year.

Throughout his economic report, obtained unofficially in next year with defense spending bearing the biggest brunt of the reduction.

The President will endorse these fiscal and monetary policies in order to encourage a revival of residential construction, which has lagged badly in the face of tight money and high interest rates.

The revised estimate for fiscal 1970 (the current year ending June 30) is for a surplus of \$1.6 billion, based on receipt of \$194.4 billion and expenditures of \$192.8 billion.

Defense spending will drop \$2.8 billion to a total of \$77.6 billion, if the new budget is adopted. Outlays for space, agriculture, and veterans' benefits are all below the previous year's levels.

In his message to Congress, the President will pay left-handed tribute to built-in increases in such programs as Social Security and the average government cannot pay for everything but must carefully choose its priorities.

To illustrate the priority problem, the report tabulates public and private claims on national resources for the next five years from the annual estimated Gross National Product and comes up with a grim figure in 1974, 1975 and 1976.

Personal freedom will be increased when there is more economy in government and less government in the economy," according to the President.

Looking ahead to the outlook for 1970, the President predicts a first half of that economic performance with a moderate rise in the second half.

During the slack first half, "some increase in the rate of unemployment is possible," Congress will be told. The administration's welfare and unemployment compensation programs will be recommended to stimulate bargaining locally with other manufacturers.

The tentative pact nearly was thwarted by last-minute blacklisting over recent schedules and the handling of disciplinary cases involving strike violence.

The President will concede that economic policy is walking a tightrope in attempting what he said is a conflicting objective: that it would be a 100 week to 10 days before all 135,000 strikers returned to work around the nation. The company year, employees a total of 310,000 men, mostly.

The contracts are to be made President will claim, with (See Page Eight) (See Page Eight)

Reactions Varied in Cuba To Call to the Cane Fields

EDITOR'S NOTE: Pieter van Hecke, a Dutch journalist on the staff of the English-language News of Mexico City, recently observed the sugar harvest in Cuba. He wrote the following account for the Associated Press.

By PIETER VAN HECKE
HAVANA (AP) — Prime Minister Fidel Castro has staked the prestige of his revolution on a drive to harvest a record 10 million tons of sugar this year. Practically every Cuban, from Castro down, is taking a turn in the fields.

Foreign volunteers have joined the effort, including a group of 216 Americans known as the We Shall Overcome Brigade.

The biggest previous harvest on record was about seven million tons in 1962, seven years before the revolution that brought Castro to power. But Cuba has planted much more cane than in previous years and the field is one of the nation's prime crop were up and waiting to be cut at the start of this year.

To do the job, the government has mounted a tremendous drive, pegged to the slogan "Van" — literally "they go" but meaning in effect "We'll make it."

"Van" flashes at you in neon lights and you hear it hundreds of times when you walk through the fields, at meetings, concerts and in classrooms.

Castro has said: "After 10 years of the imperialistic economic blockade, we have to see if we can or cannot harvest 10 million tons. If we can't do it, we will be forced to say that the imperialists have obtained a success."

The first million was scheduled to be by Dec. 23 and late that night radio stations announced jubilation that the job was done. The second million was announced Jan. 26, a half day behind schedule. Target for the 10th million is July 16 — with a two-week grace period because the harvest isn't over until the end of July in some areas.

Government employers, soldiers, students, factory workers, all are going to the fields. Students take their books, cut cane by day and study by night for four months. This time means Havana for two months to take examinations.

In a factory of 100 workers, 20 are drafted to cut cane. The others work overtime without pay to make up for those absent.

Lotteries are held for the rest of the population and your number is called if your turn is to get up at 4:30 a.m., assemble at gathering points where trucks take you to the cane fields to tend down and cut from dawn to sundown and get back home around 8 p.m.

Many Cubans have it and some try to escape it by faking injury. But when they are cutting they cut hard because they believe those showing last news will be kept longer.

Helping the Cubans are brigades from most Communist countries, including North Vietnam. But propaganda media focused mind on the American contingent. The 216 members of the brigade were lionized in the state-controlled press and on radio and television.

The group of 125 men and 91 women ranged in age from 16 to 63, with most in their early 20s. It included whites, blacks and Americans of Mexican, Puerto Rican and Asian descent. They worked alongside 59 Cubans on a nationalized plantation once owned by the Atlantic Gulf Corp.

They were recruited by militant organizations such as Students for a Democratic Society and the Black Panthers. They paid their way to Mexico City and from there flew in on Cuban Airlines.

Not all of them cut sugar cane every day. Some of the girls did the washing and cleaned up the dormitories. The group's big rest day on television was when it was the title of "Millionaire" for cutting one million arrobas (136 pounds). One arroba is about 25 pounds.

On Christmas Day, Castro cut cane side by side with the Americans, seeking to set an example for the Cuban people. Juan Castro, a 25-year-old Boston girl, was quoted by Gramma, the Communist party newspaper, as saying "the way he talked to us and communicated with the people really impressed me."

Wayne Lovemark, 27, Woodstock, N.Y. was quoted as saying he was "living the happiest moments of my life. I found he gathered by one common interest."

Less Diamond, 20, Berkeley,

Comment Session

The Board of Directors, which met on Tuesday morning, will conduct another of its semi-monthly comment sessions. It will be from 9 to 11 a.m. in the Municipal Building Hearing Room.

The public hearings, held on the first, third and fifth Thursdays of each month, are for those town residents who wish to file suggestions or complaints. Those who appear are granted anonymity. Their suggestions and complaints are sent to the manager's office for review and possible action.

An article in the Jan. 16 Herald reported that it had been announced that a Democratic director would be in attendance at the Nov. 20, 1969 session.

Aside from the job in the field, supporting effort is needed in transportation, distribution and marketing. The cane has to be processed at the mills within the revolution that brought Castro to power. But Cuba has planted much more cane than in previous years and the field is one of the nation's prime crop were up and waiting to be cut at the start of this year.

To do the job, the government has mounted a tremendous drive, pegged to the slogan "Van" — literally "they go" but meaning in effect "We'll make it."

"Van" flashes at you in neon lights and you hear it hundreds of times when you walk through the fields, at meetings, concerts and in classrooms.

Realtors Named To Committees

Committee appointments for 1970 have been announced by the Manchester Board of Realtors, as follows:

Education: Alfred P. Werbner, chairman; G. Stillman Keith and George J. Zinner, members.

Legislation: Mrs. M. Helen Palmer, chairman.

Human Relations: Alfred J. Werbner, chairman.

Make America Better: Committee on the way of building enthusiasm. After a year, the committee will be the next attraction. And the executive committee is cutting cane this year. Women will probably be featured in the coming weeks.

Vernon

"Vegas Night" Set Tomorrow By Juniors Club

The Vernon Junior Women's Club will sponsor a "Las Vegas Night" tomorrow night at the Vernon Center which is being donated to the Vernon Teen Center.

The teens are painting and repairing the town-owned building which is being used as a drop-in center. The money from the Junior Women will help pay for paint and other supplies for the center.

Saturday's activities will include a variety of "Vegas" games along with entertainment and refreshments. Albert Gates will be master of ceremonies and entertainment will include "The Sassy Brass," an instrumental group; "The Pineapple Saturday," a singing trio, and Stephen Dempsy, soloist, plus piano by Miss Michelle Morin.

Among the many prizes to be offered will be a free week-end in New York City. Prizes of small appliances, a complete set of books and autographed records and albums will also be awarded.

Mrs. Edward Vinje is chairman of the affair and members of her committee are Mrs. Stephen Dempsy, Mrs. Malcom Front, Mrs. Ems Blumbe, Mrs. Frank Bugnacki, Mrs. Alton Holt, Mrs. Richard Berg, Mrs. Chubb, Mrs. G. Chubb and Mrs. Edward Finerty.

Manchester Hospital Notes

Visiting Hours: Intermediate Care, Semiprivate, 2-4 p.m., and 4-6 p.m.; private rooms, 10 a.m.-2 p.m. and 4-6 p.m.

Pediatrics: Parents allowed any time except noon-2 p.m.; others, 2-4 p.m.

Self Service: 10 a.m.-2 p.m., 4 p.m.-8 p.m.

Intensive Care and Coronary Care: Immediate family only, anytime, limited to five minutes.

Maternity: Fathers, 11 a.m.-12:45 p.m., and 6:00-8 p.m.; others, 3 p.m.-4 p.m., and 6:00 p.m.-8 p.m.

Age Limits: 16 in maternity, 13 in other areas, no limit in self-service.

The administration reminds visitors that with construction under way, parking space is limited. Visitors are asked to park in the hospital while the parking problem exists.

Dodd: Drug Bill Will Help Stem 'Wild Epidemic'

WINDSOR LOCKS, Conn. (AP) — Sen. Thomas J. Dodd, D-Conn., says the nation is undergoing a "wild epidemic" of drug and narcotic abuse and that the drug bill that the Senate passed earlier this week will help stem it.

Dodd managed the Administration-backed bill on the Senate floor.

He repeated his defense of his controversial "no-knock" provision Thursday, saying it would not allow a policeman to barge in on anyone unless he thought his life was in danger, or unless evidence would be destroyed.

The provision would allow police to obtain warrants permitting them to enter dwellings without first knocking.

The provision, Dodd said, was designed to cope with what he said is a common situation: Most of the placement of narcotics evidence near a toilet or sink for quick disposal as soon as a police knock at the beginning of a raid.

Dodd said this would apply more to drug pushers than to casual users of drugs, and that the bill was not intended for use against teen-age marijuana parties.

Of the no-knock provision, Dodd said, "This is not new under common law. A policeman could break down a door if he thought he was going to be killed."

Dodd also praised parts of the bill that reduce the penalties for possessing or selling drugs.

"We made a bad mistake: throwing a lot of babies into the sink," he said. "These people are sick."

But he added, "This doesn't go for the pushers. They're not sick."

The bill passed the Senate Tuesday and is now before the House.

Mahoney Against Case Mt. Study

Manchester State Rep. Francis J. Mahoney is opposed to a \$50,000 state expenditure for a "feasibility study" of possible purchase of Case Mt. by the state.

"In my opinion," he said today, "it is a waste of the taxpayers' money for such a study. If the money can't be used to study the purchase of the property, and indications are that it can't, then it shouldn't be spent at all."

Sec. 2 of Special Act 281 (the Omnibus Bonding Bill), adopted by the 1969 State Assembly,

Case Mt. Study

The committee met Wednesday should be by the state, and not to a state park. Mahoney is a member of the legislature's interim committee on conservation and recreation. He said that, if Case Mountain is to be purchased at all, it is to be purchased at all.

If A Used Car Were Just Okay, It Wouldn't Be One Of Ours

Our used cars are unusual. We spend more money on their reconditioning, so they will be dependable. And a source of pleasure for a long time. We'll spend our time making them nearly perfect, so you only have to worry about picking the one that suits you.

We don't put this guarantee on any old car.

Before a used car can get our guarantee, it has to pass the VV 16-point safety and performance test. Then, if anything needs fixing, we fix it. So you know the car isn't old used.

Then we give it our 100% guarantee. To repair or replace all major mechanical parts* for 30 days or 1000 miles, whichever comes first. And you know we wouldn't give an old car a guarantee like that.

*Engines, transmissions, rear axle, front axle, suspension, brake system, electrical system.

Male Sterilization Is Safe and Easy

By FRED COLEMAN
Associated Press Writer

LONDON (AP) — "A radiant and worry-free wife is reward enough for this minor operation," one patient said.

"Male sterilization is the easiest and most convenient means of birth control," declared another. "I'd rather be sterilized than have my wife take a pill every day."

The operation is called vasectomy and is rather less troublesome than most dental fillings, said a third.

The remarks come from men who have chosen a method of birth control that prevents pregnancies but still permits an active sex life.

A recent survey showed that 86 per cent of the men who volunteered for sterilization over the past three years say they are completely satisfied with it. So are their wives.

Some 20,000 Britons chose vasectomy last year. People involved in the program estimate that this year's figure will reach 40,000. Doubts about the safety of the contraceptive pill have increased interest in the 20-minute operation.

The Simon Population Trust, which has pioneered surveys on the effects of the operation, had been getting 100 letters a day asking about vasectomy. Then in December a British government committee warned that contraceptive pills which high estrogen contents may be linked with thrombosis or blood clotting. After that the trust got more than 200 letters a day. The trust supplies material to explain the operation in these terms:

"Unlike castration, which removes a man's sex life, vasectomy removes no organs. Instead it interrupts the seminal duct in such a way that the male fluid reaching the female no longer contains sperm cells. Two sperm counts are needed to confirm the operation has worked. After that other methods of contraception can be abandoned.

"The man can continue to have sexual intercourse but can have no more children.

"The operation is safe, doctors say. In 1,011 men surveyed, the trust found no cases of pregnancy after vasectomy and only two cases of a decline in the patient's health.

"The operation is minor compared to female sterilization, which requires abdominal surgery and a recovery period in hospital.

"Effects of vasectomy can be reversed with a 90 per cent chance of success. This second operation, however, is more surgery. The trust advises men to regard vasectomy as irreversible.

"Men seeking information about vasectomy usually express concern about the effects of their wives' use of contraceptives, or objection to more children because of the 'three children,' one man wrote. 'My wife has been sterilized as soon as possible. But she has been told there is a waiting list of three years. Could it be done instead? I think my wife has had enough to put up with.'

"I have seen my wife age before my eyes," said another. "The sheer drudgery of bringing up young children, when one is middle-aged, can make life a hell on earth at times. There are seven of them and my wife says 20 years of having a child or children under school age is really too much. I think it is my turn now."

A survey by Dr. L. N. Jackson of the Simon Trust, published last September, showed men seeking vasectomy were usually middle-aged, with stable marriages, all the children they wanted, and in a fairly sound financial condition. Two per cent were Roman Catholics.

Patricia Avant, the trust's executive secretary, says the average age of inquirers is now much younger, 29 to 30.

Other organizations report similar changes.

"Men from all walks of life are queuing for the operation," said Dorothy Robbins, branch secretary of Birmingham's Family Planning Association. "Sterilization is a much less odious operation for men, and men are beginning to realize this."

The association's clinic in Cardiff, set up last year, charges \$38.40 for the operation. Cardiff has a waiting list of 400, the association says. A second clinic, expected to open in West Bromwich in the Midlands

THE HIGH SCHOOL WORLD

VOL. XXII, No. 16 FRIDAY, JANUARY 30

Happy Indians Get Winning Touch

The place: Clarke Arena. The time: Last Friday night. The score: Indians 37, Celtics 27.

The cause: Manchester, finally won a basketball game! Although the winning of one game is usually not a cause for utter elation, things have been quiet in the gymnasium for some time. They have been having height and inconsistency hurting their play. But last Friday the Indians finally put it all together and came out with a thrill-packed 26-20 victory over Bristol last night.

The Indians had several sound defeats to prepare them for their big win. On Jan. 23 the tribe played host to Maloney High, and lost to their towering opponents by a score of 45-55. For the most, the Indians played a fine game, and it was a far cry from the first game of the season at Maloney when they were humiliated 106-48. Manchester held the upper hand in the first half, although the score after the first 16 minutes was 16-10. The Indians offensively were able to get the ball to the foul line, with over 20 fouls called in all. Chip Conran, Jim Balesano, Billy Maher, and Baron Maher all fouled out for Manchester. High man scoring-wise for Manchester was Baron Maher with 18 points, followed by Chuck Landford with 17. Chip Conran also played a fine game defensively. Tuesday night the Indians tried to make it two in a row at Platt. Tonight they were entertained by Hall High in West Hartford. The red and white team came down the home stretch as they play five of their last six games at home, with their next home game being Tuesday night against powerful Windham.

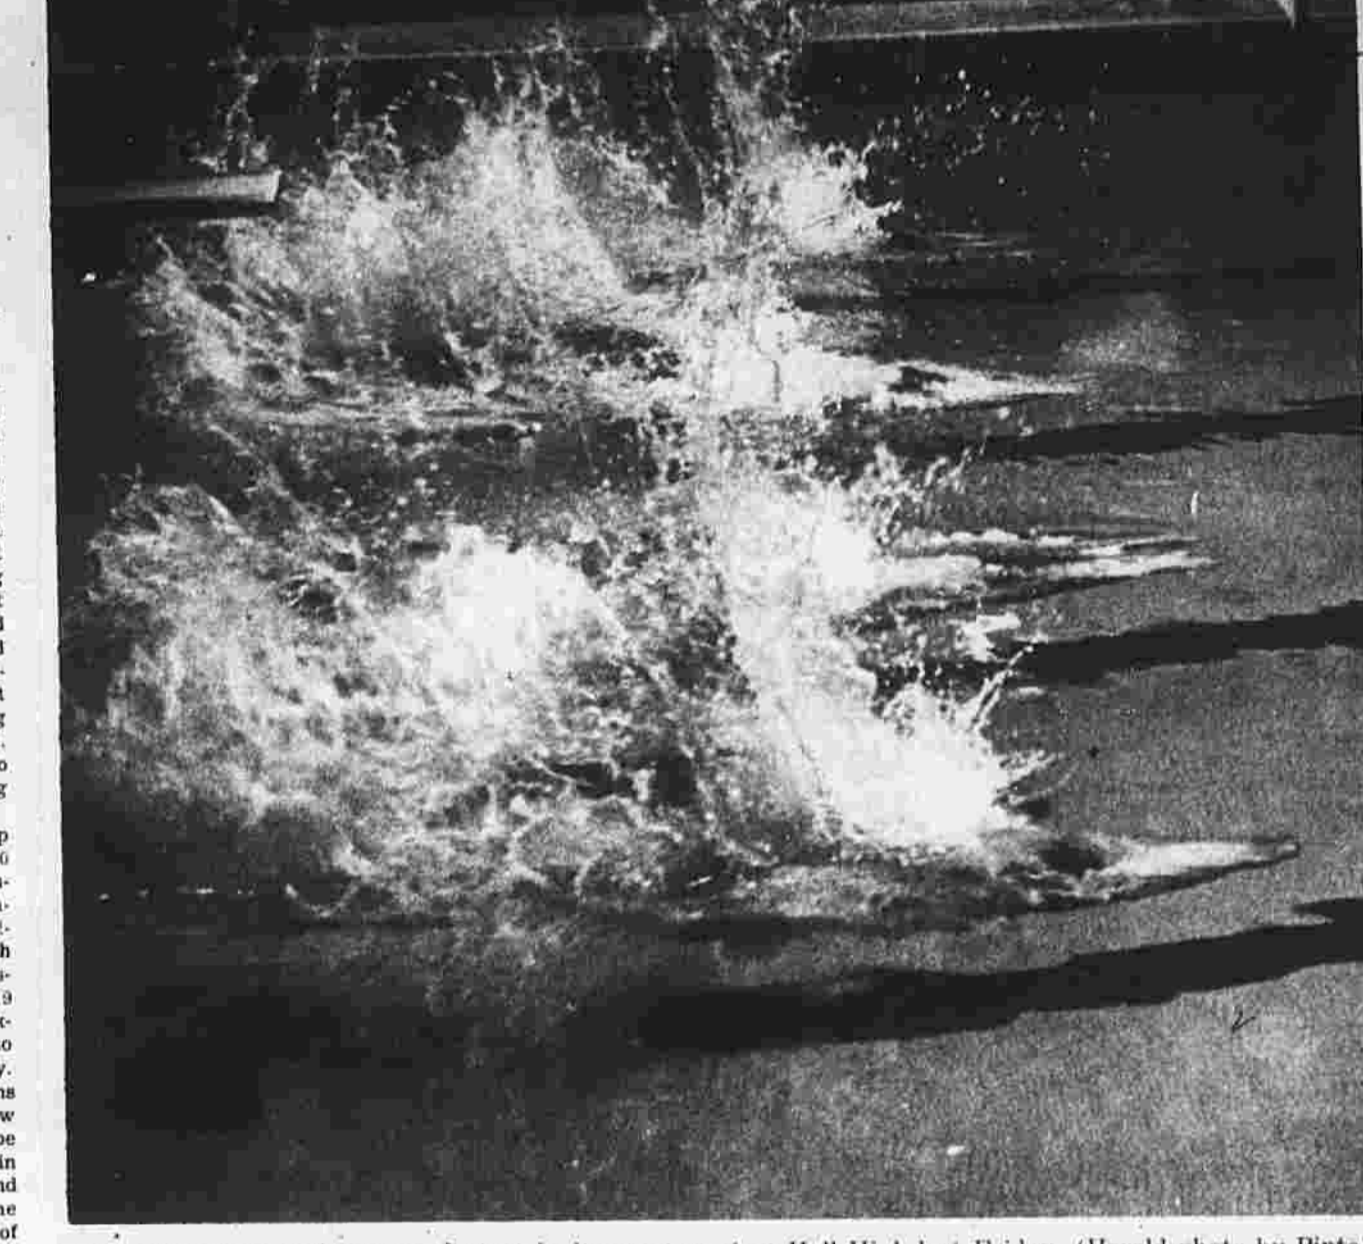

Steve Armstrong '70

par with their opponents in the first half, but got well behind in the third quarter, and never were able to catch up. After one quarter, the huddling Indians lead 20-17; the score at the half was Wethersfield 32, Manchester 14-7, and that was the ball game. High point men for Manchester were Baron Maher with 16 points and Chuck Landford with 14.

However, all of the losses were made up with the Manchester win last Friday. The most spirited crowd of the season came out to cheer the Indians on, and they were rewarded by an excellent game. The action went back and forth throughout the game, with at the most three or four points separating the two teams. Down by a point with 11 seconds to go, it looked as though Manchester would lose again. But Chuck Landford grabbed a rebound and put the ball in the basket giving the Indians a one-point lead. With a second to go, he also scored from the foul line, tying the game for the Indians.

The game was an endless trip to the foul line, with over 20 fouls called in all. Chip Conran, Jim Balesano, Billy Maher, and Baron Maher all fouled out for Manchester. High man scoring-wise for Manchester was Baron Maher with 18 points, followed by Chuck Landford with 17. Chip Conran also played a fine game defensively. Tuesday night the Indians tried to make it two in a row at Platt. Tonight they were entertained by Hall High in West Hartford. The red and white team came down the home stretch as they play five of their last six games at home, with their next home game being Tuesday night against powerful Windham.

Fare of the Week No. 8

Dear Morge! I've got some wonderful news to tell you. I can hardly see through my tears of astonishment and wonder to even write, but I will give it all the college try. The most marvelous thing that has happened to me. Yes—yes—I've been asked—chosen—to be in the National Humdrum Society. It finally happened. On Morge, I know how thrilled and pleased and honored you must feel just to know me. And you're probably wondering what I did to merit such an honor. Well, I'll tell you. It was really easy. All I did was get straight A's since fourth grade, was elected to be president of the Student Council and of my class, editor of the school newspaper and yearbook. But please don't think that everyone has to do all these things to be chosen. Not at all. Why I know of one girl who didn't do any of these things, and she still got into the Society. How? Well, among other things she did all the sets of papers every night for all of her teachers for one quarter. And you have no idea she has favorites, so I'm sure she got in on her own merits. And you have no idea she privileges I now have with my MHS pass. Why I can leave the building during study halls so I can do something constructive means, but as soon as I finish my study hall, I can do anything I want to do. I can also wander the halls and make noise, and no one can get me for because the corridor patrol knows and trusts the MHSers' code of ethics.

Well, Morge, I have some work to do now, so I'd better go. I have to read The Rise and Fall of The Third Reich for German class tomorrow, Caesar's Commentaries on the Gallic Wars for Latin and four long away at E.O. Smith.

The start of the season came off with a 32-22 victory over Glastonbury, through the efforts of both the Jayvee team and the additional victories.

Captain Pam Cooper, '70, who leads the scoring race with 58 points, led her team through the Trials and Tribulations of being an Elite Intellectual. So, Morge, until next time, however.

Joe Schmo High gave both MHS girls a 15-14 score with the J.V.'s and a 26-23 square for the upperclassmen.

Somers provided another set

Swim Team Sunk by Hall

Undeatable Hall High sank the record to a perfect 9-0. Saturday at Manchester, the tide was turned as the locals lost to the visiting team by a score of 4-2. The spirited Manchester swim team was overwhelmed their opponents winning all but two driving Manchester squad.

Manchester, now midway through its season, will next put its creditable 4-2 record up against a strong Crosby team at Waterbury.

Pete Walden, '71

Girl Cagers Win Five

After topping their opponents of wins for the tribe as they slipped by 15-10, but the varsity crushed their challengers 37-16.

Legion of Honor

Steve Dunlap
Character: "Naive? Dead? Honest?"
Happy? Honesty!
Busy? Involved? Yup!
Inventor of the handicapped, tutoring in the north end of Hartford, Gilbert and Sullivan Workshop, MYF, church choir, AP English, honors physics and Latin IV, algebra III, business law, choir.

Awards: NMSQT letter of commendation, certificate of merit in poetry, merit award in Western Civilization, Honors French Literature II and Level in many extracurricular organizations. Kathi is the secretary of the American Field Service, and is also active in the National Honor Society and the Current Affairs Club. She may also be found in the music wing, as she is an active and energetic member of Found Table. Kathi has received several awards in school, including being chosen to attend Laurel Girls' State last summer and winning a Letter of Commendation for her performance in the National Merit Scholarship Qualifying Test last year.

Kathi, when she finds time, enjoys the books of F. Scott Fitzgerald, the comic strip "Peanuts," the art of Monet, and the music of Simon and Garfunkel. Kathi says that the movie "Lion in Winter" was really great; pink lightning, wide ties, toadie rolls, and "Aussies" are also included in her likes. If the world were all one color, Kathi would like to see it be olive green.

When Kathi is working in the State Department in the year 2008 she feels that she will have memories of MHS, including gym bags, leaky ceilings and many unforgettable friendships. Kathi feels that MHS is a rather flexible school and that it is comparatively liberal.

Sincerely and honestly are both very important to Kathi Kolbe and she hopes that she will be remembered for these qualities. Kathi feels that she is, although not entirely loyal, courageous and true, at least quiet, willing to listen, and possessive of a sick sense of humor.

Kathi has had many exciting experiences during the past several summers, including working at the Fabric Cupboard (where she learned that you owe it to yourself not to be loved) and traveling. Kathi has traveled extensively throughout the U.S. and Canada, and prides herself on seeing things that tourists usually miss.

Until that time Kathi will be living with her parents, her check frequently the clipboards brother David and her two sisters.

Steve Dunlap '70 and he'll be remembered '71.

'Incredible' Reaction from Koufax

LOS ANGELES (AP)—Sandy Koufax had a one-word reaction when he learned he had been named Baseball Athlete of the Decade in a special poll conducted by the Associated Press. "Incredible," said the Los Angeles Dodgers pitcher, who has won the award for the last three years. "I only had four or five good years in the annals of baseball. Koufax, who retired at 30 at the end of the 1966 season because of a chronic, pain-in-the-hand condition, won 129 during his career and pitched 382

pitching shows, is a man of do-it-yourself thing. He was advised of the decade designation as he prepared to play golf at Riviera Country Club to which he belongs. Koufax has long been a Koufax confidant. He carried the right-hand cap and said with a grin, "I can't play a lick." One of the nation's most quiet and private men, Koufax is married a year. His private life remains quiet and quite private. "I don't like the hustle and bustle of baseball," he said. "I like to be alone and still pretty bustling for me," he said.

Porsche Car Seen Likely Race Winner

DAYTONA BEACH, Fla. (AP)—Official qualifying for starting positions began this morning for the 24-Hours of Daytona Endurance Race and most observers were betting that one of the new Porsche prototypes would win up at the head of the field. Porsche, fielding three of its new 917s, 600-horsepower 90-mph race cars, is expected to have the highest unofficial speed in practice and appears to have few mechanical problems. On the other hand, some observers felt that qualifying would go to one of five new Ferrari 512s, a 6-liter, 300-hp sports car with the biggest engine displacement ever built in a modern form of open-wheel racing. The new Ferraris, however, came here with a minimum of test driving and promptly ran into transmission and overheat problems. Those setbacks appear to have been things by Thursday and their drivers began hitting speeds well above 150 m.p.h. in the test runs.

Warning to His Challengers 'I Have to Do Better' Leader Nicklaus Says

SAN DIEGO (AP)—Jack Nicklaus sounded a warning to his challengers in today's second round of the \$150,000 Anny Williams-San Diego Open. "I have to do better," Nicklaus, the defending champion, opened with a brilliant 65-69, a 134 total. He was better than fast-follower Tony Jacklin, who shot a 67-68. Four more are at 67—Canadian Al Baldwin, former Masters champion Gary Brewer, 49-year-old Julius Boros and young Joel Goldstrand. The group of six at 68 includes Gene Littler and Bobby Nichols, while the current Masters champion, George Archer, was one of six at 69. But Nicklaus, who has the hottest hand on the tour in his appearances, remained the man to beat—and the man to catch. Nicklaus' 65-69 was also a 65 in his last previous competitive round, the 1967 PGA Tour Torrey Pines Golf Club course in what he called an "ideal situation for scoring." The temperature was in the 70s, the greens held, the fairways were in excellent condition and the mild breeze didn't kick up until the afternoon, long after big Jack had finished. "I'll round was outstanding

Kranepool Talks Up At Yastrzemski Stand

NEW YORK (AP)—They've stoked up the hot stove league with fever-pitch activity... and the New York Mets' Ed Kranepool is keeping a fever simmering on the front burner. Baseball stuck its head out of the door Thursday with activity on most fronts that included dinners, signings and an announcement that the Chicago Cubs made almost a million dollars profit in 1969 despite their September swoon. Kranepool, meanwhile, has been firing verbal shots at Boston Red Sox star Carl Yastrzemski for his stand in the 1969, their biggest season in quarter-century. The Cubs wound up second to New York in the American League last year, but Kranepool said he was not going to let the Mets' play representatively. "I still believe, more firmly than ever, that baseball is a daylight game and I have no intention of installing lights in Wrigley Field now or in the future for its support of Flood, who seems to have a real talent. I went to court to fight his case."

Orr and Esposito Each Add Four Points

Hockey's heavy hitters did their specialties Thursday night helping the Boston Bruins and Detroit Red Wings to National League victories. Bobby Orr and Phil Esposito, each added four points in the Bruins' 6-0 decision over Minnesota. And goalie Gordie Howe, whose lifetime scoring game, fired one goal and assisted on two others in Detroit's 4-1 victory over Philadelphia. Orr had a goal and three assists running the total for the Bruins to 72 points, a continuing record for defensemen. Esposito picked up two goals and assisted on two others, raising his season total to 81 points. Phil Goyette's second goal of the game midway in the first period broke a 2-2 tie with Los Angeles and enabled St. Louis to lead its West Division lead by two points. The victory, Boston's 19th straight over the Kings in 20 games, moved the Bruins into a second place tie with Montreal in the East Division. Two points back in the West, Los Angeles' streak over the Kings to 12 games.

Time to Head Off Court Case Owners Won't Listen Marvin Miller Says

BOSTON (AP)—Marvin Miller claims the refusal of baseball's club owners to negotiate has led to the current reserve clause crisis, but he says there's still time to head off a full-blown court test. "It's nonsense to say that negotiating the reserve clause would destroy the game," the director of the Major League Baseball Players Association said Thursday night. "The reserve clause binds a player to a club for life. Miller said, "We are asking for something less than life." Miller said prior to the 31st annual Boston Baseball Writers' Dinner that this position of the owners led to Curt Flood's current court action challenging the reserve clause. He indicated, however, that he still hoped for a negotiated solution.

Green Manor Outscores West Sides

The shooting was hot, the defense was hot, the tempo was hot and so were the winners. The result: Green Manor 103, West Sides 101. As might be imagined, Senior League action Thursday night at Jilling Gym was something to behold. The West Sides managed a 25-24 first period lead behind some good outside shooting by Craig Fyfe. Manor's Tom Rea was shooting well during the second period and with 14 points propelled the winners into a 51-49 halftime lead. Big Dave McKenna scoring 14 points, including a 3-point shot, helped Manor pull back into the final quarter. During the final 11 minutes, Manor managed to pull ahead by four with 1:15 remaining. For the hard luck losers, McKenna hit 16 field goals and four-four from the charity stripe for 36 points. Phillips threw in 12 field goals and was 3-5 from the line for 27 points. Owners Won't Listen Marvin Miller Says

BOSTON (AP)—Marvin Miller claims the refusal of baseball's club owners to negotiate has led to the current reserve clause crisis, but he says there's still time to head off a full-blown court test. "It's nonsense to say that negotiating the reserve clause would destroy the game," the director of the Major League Baseball Players Association said Thursday night. "The reserve clause binds a player to a club for life. Miller said, "We are asking for something less than life." Miller said prior to the 31st annual Boston Baseball Writers' Dinner that this position of the owners led to Curt Flood's current court action challenging the reserve clause. He indicated, however, that he still hoped for a negotiated solution.

Five-Year, 10-Young Rebuilding Plan of Yankees May Be Early

HANDS UP—Duquesne's Jarrett Durham was met front court by all five members of Kentucky Wesleyan in a h-nis-up defensive position. Dukens won.

By EARL YOST
Five-year, 10-young rebuilding plan of the New York Yankees is now in its fourth year but there is a lot of optimism in the camp of the American League. "There are lots of clubs in a position to make a run for the pennant because of the draft from the previous year. Our biggest problem was our offense factually lack of it. I believe that we can pull off this year," the well-known GM added. "If attendance at the Poverly Stadium this season, support the Yankees will get new all-time records will set. Bob Finkel, public relations chief, reported the turnout was the largest in the history of the stadium. The club to best in the AL's Eastern Division and there is little argument here. The club to best in a three-year contract, Houk had some fine words for Ted Williams. "He did the best job of any manager in the American League. They were a tough ball club. Their pitching surprised me when you got a good pitcher like Darrell Kestner, you're extra tough." Houk also paid a tribute to the rival Mets. "The Mets did more for baseball than anyone, actually they helped the Yankees. The people got talking Mets and Yankees and it drew the Yankees fans closer together," he noted. "The field skittered said he didn't believe in platooning although "it's not quite as hot as shifting fellows from one position to another as we had to do last year. There were a lot of draws. This caused too many big innings that helped us win." It was good to hear Coach Dick Howser had a question and answer period with Marjory Bahnsen, Johnny Ellis, Terry Bonham and Frank Tepedino. Roy White, Gene Michael, Bobby Murcer, and Stoliensky. More on baseball in the future. The Yankees are always welcome visitors to Connecticut. "The caravan visit is always one of the highlights. As usual, it had class from start to finish, thanks to the planning by Bob Finkel, the best public relations man in the business."

Red Over Barrier In Six Campaigns

NEW YORK (AP)—Willie Reed of the New York Knicks is over the 3,000-point barrier, but the most meaningful figures to the big center are the ones that designate seasons played. "The 3,000 point significant milestone for me is that I went over that for the first time with 23 in the Knicks' 157-108 trouncing of Detroit in a Saturday afternoon game. We're playing as good a game as we were early in the season. I hope I can match these. In the only other NBA action Thursday, Phoenix upended Atlanta 111-102 and Seattle tripped San Francisco 105-101. Reed's 10th point, in the second quarter, was his 3,002. "We're playing as good a game as we were early in the season. I hope I can match these. Employees Cited By United Fund

Awards have been given to six municipal employees who saved last fall during the United Fund drive in Manchester as chairmen of collection committees.

Each chairman was responsible for contacting the United Fund collectors in his particular municipal department. Over-all chairman of the municipal employees division of the United Fund was George W. Elliott, superintendent of construction.

Receiving awards were: Capt. George McLaughlin, police department; William A. Andrus, park department; Graydon F. Lockwood, water department; Jack Levine, veterinary department; Mrs. Phyllis Derriek, manager's office; and Miss Elmer Washin, Mary Cheney Laundry.

The awards were signed by Dr. Charles E. Jacobson Jr., president, and George T. LaBonne, general chairman of the United Fund of Manchester Inc.

Round table, 42" x 42" extends to 52" in diameter, with one 10" leaf and four Moties Chairs. **\$149.95**

Blue Bell FIRM QUILT

Lasting, smooth sleeping comfort from layers of cotton felt deep quilted to colorful print cover. Firm inspersing unit.

\$39.95 each

SOFA and CHAIR both for \$299. (OTTOMAN \$33.) There is breathtaking elegance in the styling of this Traditional sofa and matching chair. Spacious and fabulously soft. Backs are deep diamond-tufted. Arms thickly padded and scored. Plump seat cushions of latex coil springs. Beautifully upholstered. Skirts are fully lined. Every detail reflects master craftsmanship by Johnson-Carpenter. An executive choice and exceptional value.

Peter's Furniture City

810 MAIN STREET IN DOWNTOWN MANCHESTER
Open Mon.-Fri. 9 A.M. to 9 P.M. Sat. 9 A.M. to 5 P.M.

Nation's Rails Start Lockout

WASHINGTON (AP)—The railroad industry began closing down its \$28-billion-a-day nationwide system today in retaliation to a strike by four shopcraft unions against a single line, the Union Pacific.

John P. Hiltz Jr., chief negotiator for the industry, said earlier today "They're to be shut down today at a time to be determined and announced." The Machinists, Boiler-makers, Sheet Metal Workers and Electricians unions planned to strike only the Union Pacific, which operates over 8,500 miles of track in 13 western states. The last nationwide railroad strike was July 16-17, 1967, when the same shopcraft unions walked off their jobs. An act of Congress sent them back to work while a five-man board headed by former Sen. Wayne Morse, D-Ore., considered the matter for 90 days—during that time the railroad industry was overworked and overextended. The board handed down a binding settlement. The contract expired Jan. 1, 1969 when the current contract trouble began. (See Page Eight)

Two Unions In Tentative GE Accord

NEW YORK (AP)—The two largest unions in the three-month strike against General Electric Co. have agreed tentatively to a billion-dollar settlement and the other 10 striking unions are expected to concur. The settlement, calling for an 88-cent-an-hour wage increase during a 40-month contract, was announced by the International Union of Electrical Workers, which represents 89,000 GE employees, and the United Electrical Workers, an independent union representing 10,000.

J. Curtis Counts, head of the Federal Mediation and Conciliation Service, predicted Friday that the 130,000 strikers could return to work by next week. He said the settlement would be in effect by 10 p.m. EST. Hiltz said the nationwide shutdown was to prevent the four AFL-CIO unions representing some 46,000 railroad shop workers from picking off one railroad at a time in a "whipsaw" action.

"The whipsaw is to let you from both sides until they get you bloody," Hiltz said. Hiltz said shipments of perishable goods would be handled by supervisory crews or delivered to destinations to prevent spoilage. "If requested by the Defense Department to handle special shipments, we would prefer to give it serious consideration," he said. In Roanoke, Va., the Norfolk and Western Railroad announced it too would shut down all operations at 10 p.m. EST, unless the Union Pacific strike ends before then.

The company said all passenger and freight trains will halt and the shops and general offices at the railroad's headquarters will be closed except for some supervisory personnel. Other railroads had not announced specific plans to cease operations but industry spokesmen said shortly after tickets first appeared in three Midwest cities that all the carriers would shut down.

Union Pacific pickets first appeared in North Platte and Omaha, Neb., and Council Bluffs, Iowa, as members of four shop craft unions whose latest contract expired over a year ago walked off their jobs. The National Railway Labor Conference announced plans for a 10:30 a.m. EST press conference today in which industry

Ancient Almonds Tasteless

The Los Angeles Times
KYRENIA, Cyprus—Ever tasted a 2,300-year-old almond? Well, a custodian at the Kyrenia Museum here has, and his verdict is: "It tastes just like rotten wood."

The ancient almonds—5,000 in all—were part of a rich archeological find discovered in 100 feet of water a mile off this northern Cyprus port town in what has become known as the "Kyrenia Ship."

The ship is believed to have sunk offshore during a storm about 300 B.C. after a voyage from Samos and Rhodes. Aboard were 400 amphorae, or large Greek jars used for transport and storage of edibles, wine, and olive oil, along with some 30 millionths of a ton of lead from the Dodecanese islands.

The ship was also carrying bowls, plates, pitchers, rings, coins, lamps, pottery, and wooden spoons and a wooden bowl. Perhaps more importantly, the ship's hull has been remarkably preserved, and over the past two years a team of scuba divers from the Museum of the University of Pennsylvania has raised the remains from the sea bottom.

The wreck was first discovered in 1958 by Andreas Cariolou, a local diver who is described as "a man who loves the sea." The ship's wooden keel, ribs, and strakes now rest in large shallow tubs of fresh water in a former barracks room of the 18th century Frankish Kyrenia Castle, another room of which has been made into a charming museum to display the other finds.

"The wood of the hull would disintegrate if exposed for long to the air," said the custodian. "The almonds now have deteriorated inside the shells but the shells themselves are intact." "We think the ship's hull is the oldest such example of ship timbers in this part of the world. We thought at first that it was oak, but the latest we heard from Philadelphia is that tests now indicate that it is pine."

Connecticut commissioner of transportation George J. Conling has asked the Penn Central to take immediate action on a growing list of complaints from commuters who found it difficult to learn of schedule changes, acquire printed schedules or obtain train information by phone.

On the New York front, the PNC has announced it is going into court in an attempt to force the Penn Central's Hudson and Harlem divisions to comply with performance standards. Joseph F. Spreng, a Penn Central superintendent, told a recent PNC hearing: "Any on-time standard is unreasonable at this time. We simply can't meet it on a day to day basis."

The New Haven was the Penn Central's last over a year ago, and officials said its status as a chief of deteriorated equipment, dirty and outmoded repair facilities, and a depleted roster of cars.

But railroad records indicate the heavily used 7:30 a.m. out of New Haven Comm. train, the figure would be about 80 per cent. The final tally is not available yet.

A refurbishing program for about 50 passenger locomotives and 70 coaches last year created a serious shortage of cars and parts.

Town's Grand List Put at \$243,484,592

Manchester's new Grand List, based on Oct. 1, 1969 valuations, has reached \$243,484,592, which is a \$12,610,133 or 5.55 per cent hike over last year.

Still subject to adjustments by the Board of Tax Review, the Grand List will be the basis for Manchester's 1970-71 tax rate, to be adopted in May by the Board of Directors and to be in effect July 1.

Last year's net Grand List, based on Oct. 1, 1968 valuations, had reached \$230,874,459, after the Board of Tax Review had cut \$26,970 from the gross figure. The year before, the board had cut \$27,714 from the gross figure.

The assessor's office has mailed approximately 3,500 notices to those property owners whose assessments have gone up or down since last year. The Board of Tax Review will be in session on Thursday and Friday night of next week and the week after to hear complaints and to consider adjustments. The net, taxable Grand List will be announced at the end of February.

The greater part of this year's increase is in real estate - up \$9,425,882. Most of it is attributable to new apartment construction. New condominiums and additions to some existing apartment complexes are accounted for part of the increase. Much of the conventional hospital construction will show up on next year's Grand List, because of part completion this year.

Personnel assessments accounted for \$1,782,282 of the increase. Motor vehicles in Manchester rose by \$1,800,000 on next year's Grand List, because of part completion this year. Assessments accounted for \$1,782,282 of the increase. Motor vehicles in Manchester rose by \$1,800,000 on next year's Grand List, because of part completion this year.

The townwide \$243,484,592 Grand List is composed of \$191,280,000 in real estate assessments, \$30,040,683 in personal property and \$22,664,606 in motor vehicles.

One appreciable drop is not from the real estate category. It is from the motor vehicles category. The townwide \$243,484,592 Grand List is composed of \$191,280,000 in real estate assessments, \$30,040,683 in personal property and \$22,664,606 in motor vehicles.
