Bolton \$1 Million Budget Probed at Hearing

In a three-hour public hearing last night, about 65 people heard over the 1970-71 town budget. The job of the Finance Board of Finance to make cuts in the budget and present it to the town meeting tentatively set for May 4.

The budget requests for 1970-71 total \$1,015,000.00. When the requested salary increase for the town's 140 employees was added, the total would exceed the \$1 million limit. The question was raised whether the new money was to be raised by raising taxes or cutting services. Mrs. Kreyzig also pointed out some discrepancies in the audit that she had found while researching assessments for a claim of her own to the Board of Tax Review.

Mrs. Kreyzig said she had pointed out these mistakes to the assessor, and he had failed to make any note of them for the correction. William Riley, chairman of the Board of Finance asked for a copy of the mistakes from Mrs. Kreyzig. Riley said that the mistakes would be looked into.

The Community Hall improvements fund raised a question from Douglas Cheney, chairman of the Public Buildings Commission. Cheney asked that the title of this category, that deals with office equipment for the Town Hall be changed.

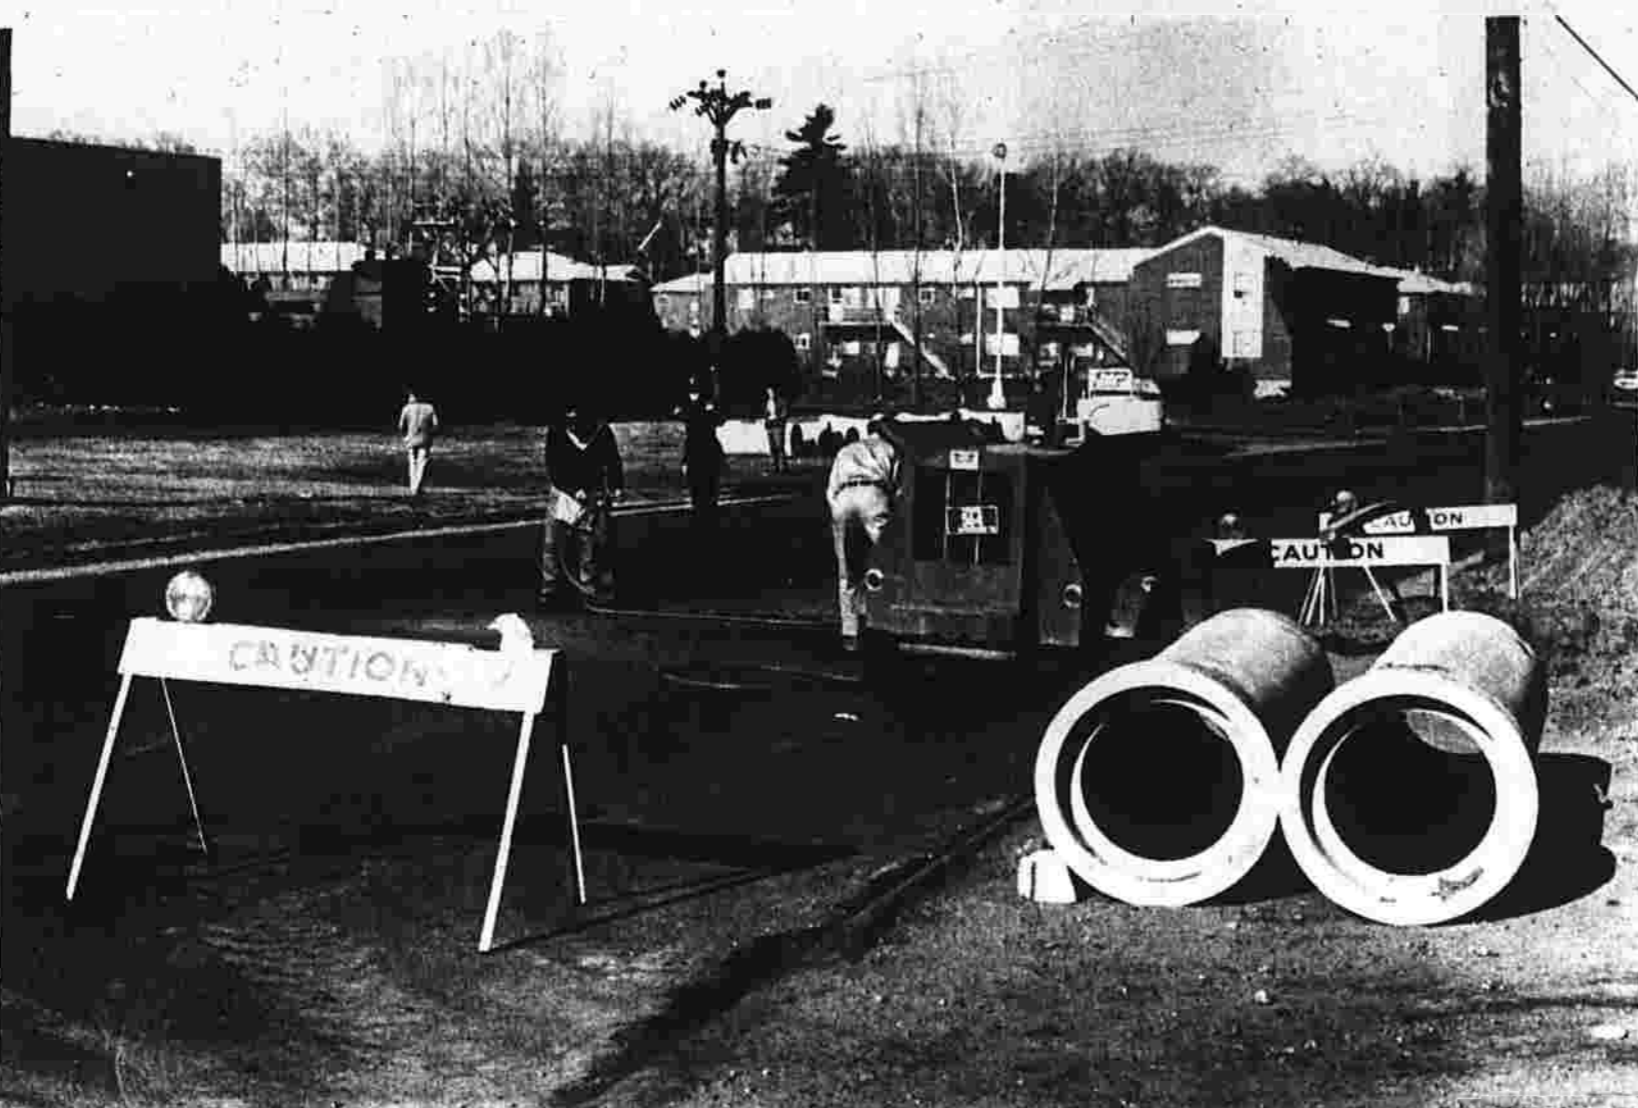

The Parent Teacher's Organization Scholarship Committee in its report to the PTO Executive Board said that it had collected \$60 in its door-to-door drive. The PTO Drive is the general government budget, this was to cover the increase in bonding for the Town Treasurer and the Tax Collector.

A new category, liability under Public Act 70, was added this year. In previous years the town has not had to pay an employment compensation. Now the town will be required to reimburse the state for any unemployment paid. The category was added to fund to be transferred to it in the event it became necessary.

John Morosano, chairman of the Fire Commissioners, explained the commissioners' budget. One item is an expense fund of \$1,500. This fund is to reimburse the volunteer firemen for actual firefighting time. The reimbursement figures out to about 24 cents an hour. In order to be eligible for the money the volunteer must be in good standing. A volunteer in good standing attends a minimum of six business meetings a year and two fire drills per month.

Walter Troeschuk asked Morosano if any other towns had this system. Morosano said that the town has a "fireman's fund" but other towns were setting up similar systems. Morosano said that the town would be setting up a fund for the firemen for the fire job they do.

At 9 p.m. First Selectman Richard Morris asked the people to pause for a moment of prayer for the astronauts, followed by a moment of prayer for the servicemen in Vietnam.

Sewer Installations Continue in Town

Installation of new sewer lines continues around town and excavation flanked by lines of waiting pipe sections have become a commonplace sight. Here workers are cutting across W. Middle Tpke. for the portion of the Center Relief Sewer where it will

follow the path of Bigelow Brook into and around Hilliard Pond. Traffic is being curtailed here, and a detour is in force on Summit St., another crossing point. Broad St. is next on the itinerary for a detour. (Herald photo by Pinto)

No Charges Filed Against Eagle Pirates

MANILA (AP) — A U.S. Coast Guard spokesman said today no formal charges would be filed against the two merchant seamen who forced the American munitions ship Columbia Eagle to sail to Cambodia March 13.

The ship was released by Cambodia last week and sailed to the U.S. naval base in Subic Bay. Capt. Donald O. Swann, the commander, had entered in his log book informal charges of mutiny against Alvin Glatkowski and Clyde McCoy, the two hijackers. He turned the log over to the Coast Guard when the ship arrived Monday.

The Coast Guard spokesman said Glatkowski, 20, and McCoy, 25, could have their shipping papers revoked, but because they have asked political asylum in Cambodia, "they are really out of our jurisdiction."

He said that if the pair ever returned to the United States, they probably would be charged by the Justice Department.

The spokesman said detailed statements have been taken from the ship's 30 other crewmen and the freighter is "free to go about her business."

The spokesman said he did not know when the ship would leave Subic Bay.

State Rep. Earle Wants Account Of State's Funds

HARTFORD, Conn. (AP) — State Rep. Ralph Earle said today Gov. John Dempsey should call a special legislative session "to straighten out the state's finances."

The North Haven Republican, one of his party's top fiscal experts, addressed the weekly DOR luncheon at the Shoreham Motor Hotel.

Earle said the state appears to be facing a \$200 million deficit by June 30, 1971, but State Comptroller Louis L. Glatkowski has not issued a monthly statement since November. State officials have said a statement will be issued.

He also criticized a Dempsey administration decision to halt loans to workers for education. The loan program was part of a 1969 law to aid the towns in building schools. Outright grants of half the local project cost were also provided for in the law, and they are to be made as applications are approved.

Earle said the loan moratorium, however, is harmful to the towns that were depending on such assistance. The cutoff was ordered because the state found it could not service all of the demands on the \$150 million provided in the law.

Course Correction Needed To Bring Spaceship Home

(Continued from Page One)

Control told the astronauts it might delay a final course correction until Thursday afternoon.

The command vessel normally relies on power and oxygen from the attached service module. But these were made unusable in the accident. For re-entry, the astronauts will switch on a battery and auxiliary oxygen system.

But this time there will be no chance to recharge the batteries from the service module's systems since they are dead.

First, they will jettison the lunar and service modules, both of which will burn up in the atmosphere.

One part of the lunar vehicle is not expected to burn up. It was designed to survive a blazing dive through the atmosphere. It is expected to sink in the Pacific. Even if plutonium should be exposed, the dose is so small it will not harm life.

An Apollo 13 straggled closer to Earth. Mission Control spent more than an hour today ratcheting up instructions for setting the attitude of switches in the command ship, placing them in the proper order for re-entry and landing.

If the storm dictates a shift of the landing site, this might add a few minutes to the flight.

The sub-goals and objectives adopted were as follows: Sub-Goal A: Improvement of the policy-making process and communications among departments and agencies.

To improve the conditions under which the Board of Directors operates, the Board of Directors will be reorganized.

To enhance the policy-making role of the Board of Directors, the Board will be reorganized.

To update, adopt and maintain the General Plan of Development.

To establish a permanent full-time position of Town Counsel.

To develop improved procedures for annual budget preparation.

To extend budgeting to a longer time span (with annual reviews) by integrating the operating budget, the capital budget, and the improvement program with the general plan of development.

To continue efforts to communicate with people of other towns on regional, economic, social, and political problems.

Obviously, it has to be saying something to us. And what it says has to be that if the world population explosion is the great decisive problem...

The same moral applies to the problem of pollution which, whatever its origin, manages to spread itself around to all nations, the polluters and non-polluters alike.

The world cannot survive in conditions of population anarchy or pollution anarchy any more than it can survive in conditions of nationalistic military anarchy.

Theoretically, it's a fine idea to have bar associations making their own appraisal of members who have been nominated to high judicial office.

In practice, it often defeats its own supposed objective.

That objective is to get a fair judgment of the nominee, made by his professional associates or peers.

That fair judgment, or rating, should either sustain or challenge the suitability of the appointment involved.

Political Parade

By DAVID S. BRODER The Washington Post

Easy as it would be to blame Mr. Nixon for this mess, a good share of the criticism falls to the Democrats.

When the confrontation tactics of the post-war years were used on Nixon, he was shaken as a college president after his first trip.

Not just Mr. Nixon but John Gardner, Milton Eisenhower, the Committee of Economic Development and a few votes tried to halt that partisan action.

At stake, in short, is bedrock political power in the Midwest state which is crucial to Mr. Nixon's second term.

It would all be laughable, as the saying goes, if it weren't such a tragedy. The obvious but unpalatable fact is that the Nixon budget is the largest in the history of the federal government.

Maxine Cheshire's Washington Whirl

By MAXINE CHESHIRE The Washington Post

A chapter in Lady Bird Johnson's memoirs begins with the sentence "You had two crates by the door in Lyndon's bedroom."

Her husband was having a marvelous time during this bit of prose before their closest friends when the Johnsons were in Washington last week.

Mr. Johnson would then quote further: "For instance, this morning I was awakened very early by a knock on my door."

When Mr. Johnson tells the story of losing his job at National Educational Television's Channel 25 here because of her new job with the attorney general's wife.

Mr. Johnson did a lot of off-the-record talking with friends of this way and made the record. It was in his bedroom in the White House.

Crisis Jarred Jaded Globe Into New Awe of Space

(Continued from Page One) They were told, "we're dead." Depending on the personality, there were some critical reactions to the news of the space program. It was all wrong, anyway, they said. The nation's priorities were out of joint. The billions spent on space should go to anti-poverty and anti-pollution programs.

She'll Demonstrate at Village Fair

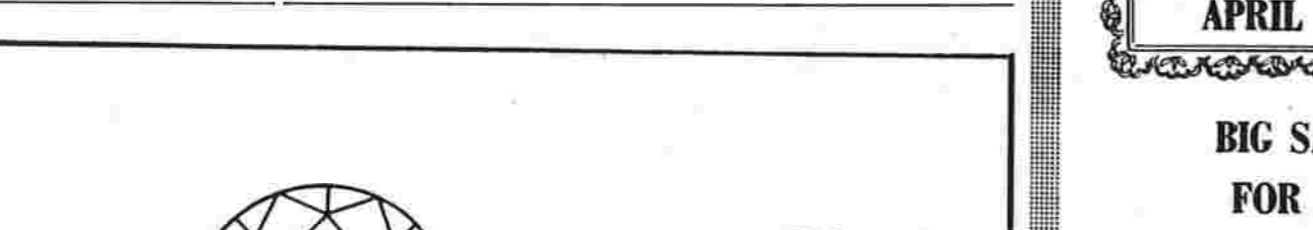

Mrs. Rita Kenway of 229 Oak St., South Windsor, is keeping her kiln hot making colorful enamel-on-copper jewelry for display and sale at the Village Fair Saturday and Sunday from 1 to 6 p.m. at the Masonic Temple. Using a portable kiln, she will also demonstrate the process of enameling during the fair, which is sponsored by the John Mather Chapter, Order of DeMolay.

Democrats Pick Head Tonight

Atty. Leo B. Flaherty Jr., for 10 years chairman of the Democratic Town Committee, will turn over his gavel to a new chairman to be elected tonight at the meeting to be held at 8 at the Administration Building.

Short Circuit Seen Cause Of Explosion

(Continued from Page One) In Paris, radio stations interrupted regular programs with special news bulletins and interviews with space experts. A proty Parisian office employee's fire reaction was comic. It would be funny if the American astronauts had to land in the Soviet Union, she said.

"How do you buy diamonds? Where do you start?" Space officials discounted reports that the oxygen leak and explosion might have been caused by the impact of a meteor. Each an impact, they said, would not explain the increase of pressure before the explosion. Officials will not be able to search the service module for the exact cause of the explosion. It will be left in space and will burn up when it re-enters the earth's atmosphere.

Flight Director Gene Kranz to hear every word. "I wouldn't be surprised if a lot of people stayed up until 3 o'clock to watch and after the emergency permit investigators to determine the cause. In Australia, there was one man who would not explain the increase of pressure before the explosion. Officials will not be able to search the service module for the exact cause of the explosion. It will be left in space and will burn up when it re-enters the earth's atmosphere.

It takes years of study, years of handling diamonds before you're an expert. The best way to buy is to take advantage of the expert knowledge of a jeweler in whom you have confidence! That's the way our customers come to us! With full confidence in our integrity and our experience. And the personal attention we give to every diamond and to every customer. We always succeed in matching customer and diamond—perfectly. Come and see.

Students Love to Learn, Live In Mini-Community Classes

By DOUG WILHE Associated Press Writer MAN JOSE, Calif. (AP) — Straight rows and a teacher up front dispensing wisdom is a dying institution, says eighth-grade history teacher William Jarvis. "Kids want involvement—you can see them turn on and get revved-up at the slightest chance to get involved. I'm becoming more and more convinced that the more noise there is in my classroom, the more the kids are learning." Jarvis' "kids" are the 150 students in the "micro-community" classes at Dartmouth Junior High School. The micro-community, which integrates an entire grade level in year-long role-playing, began on an experimental basis at Dartmouth Junior High two years ago. Jarvis' six daily history classes interact among themselves with foreign trade and treaties. At the same time, science, English and mathematics classes coordinate subject materials to work on micro-community problems. "The kids write their treatises in English class, and they work out their tax rates and tariffs in math class," Jarvis said. "We are introducing pollution as a social and economic problem, and the kids will try to find solutions in their science classes." Jarvis said they are franchised to look into the question and to mimeograph and sell the answers. Jarvis said they are franchised to look into the question and to mimeograph and sell the answers.

Students Love to Learn, Live In Mini-Community Classes

By DOUG WILHE Associated Press Writer MAN JOSE, Calif. (AP) — Straight rows and a teacher up front dispensing wisdom is a dying institution, says eighth-grade history teacher William Jarvis. "Kids want involvement—you can see them turn on and get revved-up at the slightest chance to get involved. I'm becoming more and more convinced that the more noise there is in my classroom, the more the kids are learning." Jarvis' "kids" are the 150 students in the "micro-community" classes at Dartmouth Junior High School. The micro-community, which integrates an entire grade level in year-long role-playing, began on an experimental basis at Dartmouth Junior High two years ago. Jarvis' six daily history classes interact among themselves with foreign trade and treaties. At the same time, science, English and mathematics classes coordinate subject materials to work on micro-community problems. "The kids write their treatises in English class, and they work out their tax rates and tariffs in math class," Jarvis said. "We are introducing pollution as a social and economic problem, and the kids will try to find solutions in their science classes." Jarvis said they are franchised to look into the question and to mimeograph and sell the answers. Jarvis said they are franchised to look into the question and to mimeograph and sell the answers.

Girl Lifeguard Wins Case For Waterbury Job

WATERBURY, Conn. (AP) — A tribunal of the State Rights and Opportunities has ordered the city of Waterbury to stop discriminating in hiring a lifeguard job because she was a woman. The three-man tribunal ordered the city to pay her \$788.50 as money lost last summer when the city would not hire her. "I'm thrilled over it," she said. "You know it's been a long time in coming, but it's been worth it." Miss Frigon said she began her fight almost a year ago. A student at Central Connecticut State College, she said she plans to be a lifeguard in Waterbury this summer and to enlist some of her girlfriends. "I know that I will be a lifeguard, but I am sure that the Red Cross will back me up that I'm qualified..." She said some of her friends have taken earlier lifeguarding, and although they are girls, have made excellent lifeguards. The head of the local Parks Department was out of town Tuesday and unavailable for comment.

Faith in Russia

PARIS (AP) — More young people are attending church in Russia today than in many years, and more men are applying to enter the priesthood. Bishop Ierem L'Yvich of the Moscow Orthodox Patriarchate, told a gathering of the 40 million to 60 million Russians are practicing their faith regularly.

"Not Representative"

To the Editor: Do you realize that the Manchester Republican Town Committee is not representative of the Manchester Republicans? The 7 voting districts in town do not get equal representation for example, the 4th district, which is in the south-east corner of town, has over 20% of the share of town committeemen. The 7th district, which is the south-west side of town, has less than 20% of its share of representation on the town committee.

"Self-Centered Ambitions"

To the Editor: I am an unaffiliated voter, but a taxpayer who resents an unnecessary \$6,000.00 appropriation to the town of Manchester. I have voted for the Republican Town Committee in the past, but I am not sure that I should do so again. I am not sure that the town committee is not run for the sake of the town committee.

"Heavens Should Be Cleared"

To the Editor: For those who have taken the time to look, the reasons why and for the Republican town primary should be clear. It is not a question of "Mr. Clean" vs. "Mr. Dirty" but a question of public leadership versus a lack of it.

"Facts" and "Facts"

To the Editor: This short note is written at this late date for every registered Manchester Republican to vote in tomorrow's primary. If there has been any apathy concerning this primary, it is not because of the candidates.

"Just Another Statistic"

To the Editor: One of the most familiar and widely quoted ideas concerning the U.S. political system is that it is a "government of the people, by the people, and for the people." This is an attractive theory but in reality it is a government of the professional politicians, and for the professional politicians.

"Legal Action Abandoned"

The U.S. Supreme Court had an idea a while ago that one person's vote in our country is as good as another's, no matter where he is located. Perhaps we can carry this idea of individual equality to the point where it can be maintained with ample justification that all citizens who want to run for political office shall be able to do so on an equal basis, and that none shall be more equal than others.

Book Review

THE WORLD TURNED UPSIDE DOWN. By William Bay Morrow. \$4.95. Most of the novels we read about the American Revolution have an orientation toward the colonial side. This one, by English author of adventure stories, differs around a British officer.

"THEY THING DON'T LEAD TO HEAVEN"

There is a category of the novel sometimes known as Southern gothic. What Crews has written is close to that type, but it might also be called a tale of the absurd.

"COUNTRY CULTURE"

LONDON (AP) — A guide to good cheating has been published here which tells you how you can live for free in London. Called "Country Culture," the book gives hints on where to go, what to do, and how to do it without spending a penny.

"A SLEEPING DREAM LIFE"

By Anne Tyler. Knopf. \$4.95. This novel is about a fat high school girl in a small town in North Carolina and a rock singer in a roadside outside of town.

"WAR IS HEAVEN!"

By D. Keith Mano. Doubleday. \$5.95. This vivid tale of guerrilla warfare is set in the imaginary Latin American country of Chagway, a Seneca dictatorship which is trying to suppress a revolt by Communist-backed forces.

Panther Pair Gets Term In Contempt

NEW HAVEN, Conn. (AP)—David Hilliard, chief of staff of the Black Panther Party, and Elmer Douglas, the party's minister of culture, have received six-month jail sentences after they were charged with contempt of court during a hearing for five party members charged in a murder case.

The two Panther leaders became involved in a scuffle with sheriff's deputies Tuesday in Superior Court and were arrested and handcuffed. They had been sitting in spectator seats in the courtroom.

Hilliard is currently free on bail in connection with an alibi defense against the life of President Nixon. The threat allegedly was made during a Vietnam War Memorial Rally in San Francisco last Nov. 15. He is scheduled to be in U.S. District Court in San Francisco on that charge June 1.

The scuffle with the deputies came as Hilliard and Douglas were huddled together in the spectator's section reading a sheet of papers. A deputy reportedly told them not to read while court was in session, and the scuffle ensued.

Three other arrests were made Tuesday. Deputies and state police forced the court's strict ban on demonstrations and other actions during court sessions in the Pan-ther Party's courtroom. Mrs. Joyce Townsend and Glenn Davis, 17, were presented before Judge Mulvey a short time later. He sentenced Mrs. Townsend to 30 days in jail and Davis to 20 days in jail.

A member of the art faculty at Yale University, Tyrone Goonnam War Memorial Rally in San Francisco last Nov. 15. He is scheduled to be in U.S. District Court in San Francisco on that charge June 1.

The three women arrested Tuesday were charged with contempt of court during a hearing for five party members charged in a murder case.

The Panther Party is a militant black nationalist organization that advocates the use of violence to achieve its goals.

Members accused him of being of the courthouse, although a police informer. The slaying recent modification of the order by Panther National given. The pre-trial hearing today was a separate murder trial in the case of Lennie McLucas, Ericka Huggins, Rose Marie Smith, Margaret Hudgins and George Edwards. McLucas was charged with slaying a police officer during the trial May 5, and Edwards' trial date has not been set. All except McLucas are charged with aiding and abetting a murder, kidnaping which resulted in death, and binding with intent to commit a crime.

Extended Forecast
Generally fair weather Saturday and Sunday. Cooler over the weekend with daytime highs averaging in the mid 60s and overnight lows in the mid to upper 30s.

Sam Feltham, all smiles, prepares to donate his eighth gallon of blood at the Bloodmobile visit yesterday. The Red Cross Staff Nurse talking to him is Miss Christina Dibble.

Sam Feltham Reaches 8 Gallon Donor Mark

When Sam Feltham of 1506 Tolland Tpk. contributed blood yesterday at South United Methodist Church, it was his 8th pint, making him an eight-gallon blood donor.

His was one of 47 pints of blood drawn during the month-long visit of the Bloodmobile to Manchester. There were 107 donors appearing, but 10 were deferred.

Feltham has been donating blood since 1951, but previously at hospitals in the Hartford area. He is the superintendent of maintenance at Wickham Park.

Others reaching gallon marks: Allan P. Walsh and Norman Boukask, six gallons; Anne Geckas, five gallons; Richard A. Dorey, Clement Lapauchina and Carl Rivers, four gallons; Albert W. Honingway, three gallons; Mrs. Margaret Dunfield, Mrs. Margaret McMillen and Walter Joyner, two gallons; and Ronald Miner, one gallon.

The Bloodmobile visits Manchester again on May 15, at Concordia Lutheran Church, from 1:45 to 6:30 p.m.

GOP Votes Tomorrow From Noon to 8 p.m.

A total of 8,832 enrolled Republicans are eligible to vote in tomorrow's primary for GOP town committee members. Estimates of how many will vote range from a low of 1,500 to a high of 3,500.

To be elected are 35 members of the town committee, to serve two year terms.

Because the voting machines can list only 50 names, paper ballots will be used to list the 112 candidates—the 85 endorsed March 2 by the town committee, and the 27 being proposed by the newly-organized Republican Citizens Committee of Manchester.

The names of the candidates will be listed horizontally, in alphabetical order, with the endorsed candidates on the top three lines and the 27 challenge candidates on the bottom three lines. A box, to be marked with an X, a check mark or a plus sign, will be provided for each candidate. The voter may vote for 85 candidates or less, but with more than 85 names chosen will be discarded, and the 27 being proposed will not be counted.

Signs in over the name of each candidate, to be presented at 8:30 a.m. at the Forest and Main Sts. parking lot to be the day of the performance, or by contacting Mrs. J. Robert Bedeak of 44 Berkeley Dr., Vernon, or Mrs. Wilfred Miller, 78 Deerfield Dr.

Weiss Gives Survey On Town Pays

Town Manager Robert Weiss has released a survey taken by the Westchester Planning Office, comparing the minimum and maximum salaries for 13 department head positions in 15 towns including Manchester, in the Metropolitan District, and the State of Connecticut.

"By way of summary," Weiss says in a memorandum, "in 10 of 15 positions, we are paying below the average minimum salary, and in 12 positions below the average maximum salary."

The survey released to the Board of Directors does not list salaries. It lists only the rank of Manchester department heads.

Weiss acknowledges that the raises he is recommending automatically would raise the Manchester ranking.

"However," he adds, "assuming increases in other towns, we would probably not change appreciably."

The survey was made in Manchester, Hartford, Greenwich, New Britain, Stratford, Danbury, Waterbury, Meriden, Stamford, Also, Newington, Bridgeport, West Hartford, East Hartford, Bristol, West Hartford, the Metropolitan District, and State of Connecticut.

Testing a preview brew of the coffee that will be sold tomorrow from 9 to 11 a.m. at the Main St. office of the Connecticut Bank and Trust Co. for the benefit of the American Cancer Society are Mrs. M. Adler Dobkin of 163 Shallow Brook Lane and Robert L. Nelson, vice president and manager of the Manchester offices of the Connecticut Bank and Trust Co.

For Benefit of Cancer Society

The club's May 20 garage sale and items for welfare will be collected during the evening. Reservations for the club's dinner meeting on May 20 should be made at this meeting and all ticket money is due through April 15.

The Connecticut State Federation of Women's Clubs literature committee is conducting a creative writing contest which is open to all club members. Entries may be either essays, short stories or poetry. Those wishing more information may contact Mrs. John Hubley, fine arts chairman.

The club's version of the federation play "Constellation" took place in state competition last month at the corner of N. School and the new N. Main St. A parklet is planned in this area in memory of Victor Swanson, former president of the 8th Utilities District, and the nativity committee is trying to keep its plans from conflicting.

Also discussed was the possibility of having recorded music played in the area of Federal or federal district. It Center Park during the Christmas season.

The next meeting of the Nativity Scene Committee is scheduled for June 9.

Tolland \$410,357 Proposed For Town's Budget

The general government budget for the town for the fiscal year totals \$410,357 and is offset by revenue totaling \$146,388, according to the budget request submitted by the selectmen and other town boards and commissions.

In addition to the budget requests, the town is faced with paying \$27,192 in principal payments on debts and \$189,428 in interest payments. The total debt payments and interest is \$410,357, and is offset by building grants of \$75,000, leaving \$335,357 to be raised by taxes.

These figures will be tossed to the selectmen tomorrow night's public hearing on the general government budget, slated for 7:30 at the High Memorial School gym.

According to the Board of Finance's budget summary, the town would need 12 mills to raise the funds for the debt and an additional 10 mills to meet the general government budget requests.

Major increases are noted in the town clerk's budget request of \$20,488 compared to last year's \$12,140. Included in the new request is a full-time assistant.

The Board of Assessors are seeking \$23,500 for property revaluation, compared to a budgeted \$12,000 at present. That regular working budget stands at \$3,000, and they are seeking \$5,500.

The Fire Department is requesting \$80,307, compared with \$74,000 last year.

The resident state trooper's contracted services are budgeted at \$2,000 compared to \$500 last year.

The constables are requesting \$4,000 compared to the presently budgeted \$2,000, and Civil Defense rises to \$2,800 compared to \$1,624 at present.

Two new trucks have been requested by the first selectman for a total of \$23,750. Last year a road sweeper, new truck and sander were purchased.

The visiting nurse account includes a request for a full-time public health nurse budgeted at \$11,822 compared to \$7,500 at present.

The library association is requesting \$9,000 compared to the present \$7,000.

The Board of Recreation budget jumps to \$18,000 compared to the present budget of \$10,770.

Other budget items requested, with the present budget in parentheses, are: Selectmen's salaries \$4,900 (same); probate court \$75 (same); election expense \$3,500 (\$2,500); and registers \$1,500 (\$1,700).

Also, Board of Finance \$1,800 (\$1,200); audit \$1,100 (\$850); Board of the Review \$2,000 (\$800); tax collector \$8,200 (\$8,800); treasurer \$1,700 (same); town counsel \$2,500 (same); Town Planning and Zoning Commission \$5,180 (\$4,850); and Zoning Board of Appeals \$500 (same).

Also, Industrial Development Commission \$4,500 (\$500); building inspector \$5,000 (same); sanitary inspector \$3,500 (\$3,000); town hall, operation and maintenance \$2,500 (\$1,900); other buildings, operation and maintenance \$2,500 (\$2,700); bookkeeper \$1,000 (same); secretary \$2,000 (\$1,000); and public hearing \$50 (same).

Record binding \$200 (\$100); social security \$5,000 (\$4,200); education and regional membership \$2,180 (\$1,880); insurance \$4,500 (\$4,000); fire insurance association \$4,720 (\$15,207); Superintendent of Roads \$8,500 (same); maintenance and snow \$45,000 (\$23,000); operation and maintenance of well equipment \$12,000 (\$10,000); street lighting \$2,300 (\$2,000); and hydrants \$2,184 (\$664).

Town aid maintenance, \$9,224 (\$8,500); winter maintenance \$10,000 (\$9,000); unimproved roads \$18,975 (\$20,000); road markers \$500 (\$350); dump, \$12,000 (same); health officer \$500 (\$200); vital statistics \$400 (same); welfare \$2,000 (\$1,000); tree warden \$50 (same); conservation commission \$250 (nothing); cemetery \$100 (\$2,070); and tax refunds \$500 (same).

Reserve for capital and non-recurring expenses \$5,000 (same), and other expenses \$1,000 (\$700).

Loyalty Day Queen
Miss Nancy Jean Ruggiero, daughter of Mr. and Mrs. B.B. Ruggiero of 13 Belle Circle, Vernon, was crowned Loyalty Day Queen in ceremonies Saturday night at the VFW Post 2411 home.

First runner-up was Miss Lynn Martin, daughter of Mr. and Mrs. Howard Martin of Eaton Rd. Second runner-up was Miss Debbie Wood, daughter of Mr. and Mrs. Edward Wood of Crystal Lake Rd.

Miss Ruggiero, sponsored by the VFW Post 2411, will represent the post in the Loyalty Day state competition in Danbury May 1. The winner of the Danbury contest will appear in the Danbury Loyalty Day parade on May 2.

Judges for the event were Tolland County State Sen. Robert Houley; Miss Ann Marley, dance instructor; and Richard Rose of the Southern New England Telephone Co. Former Vernon mayor John Grant served as master of ceremonies.

Conventry Police Arrest Youth in Damage to Cars

Conventry police picked up a youth today and turned him over to juvenile authorities for his alleged connection with the damaging of two cars at a Conventry service station.

Police said a complaint was received yesterday from the owner of the station about the damaged cars. The youth was picked up this morning at the station where he was driving a car from which the boys had been taken two weeks ago, police said. The youth allegedly ran into the second car with the car he was driving. His name was not released. Police Chief Gordon Smith says station owners ask people leaving cars at the stations to put the keys in a spot where only the station owner knows where they are put.

Other news police activity: **VERNON**
Paul Fairfield, 24, of Reservoir Rd., was arrested early this morning by Vernon police after a tenant of an apartment complex reported someone peering with a car in the parking lot.

Police charged Fairfield with tampering with a motor vehicle and larceny under \$15. He is scheduled to appear in Rockville Circuit Court 12 May 5.

Paul Dwig, 17, of 88 Village St., Rockville, was arrested yesterday on a Circuit Court 12 warrant charging him with breaking and entering and larceny.

The alleged offense took place in Manchester, and Dwig was turned over to Manchester police for action.

Miss Evelyn Scholtz of Rocky Hill was arrested yesterday afternoon and charged with failure to obey a stop sign.

Police said Miss Scholtz went through the stop sign at the corner of Lake St. and Tunnel St. She is scheduled to appear in Rockville Circuit Court 12 April 28.

Students Get Look at Sewer Projects

Students of the Vernon High School were given a look at the sewer projects being undertaken in the town of Vernon.

The students were taken to the sewer treatment plant where they saw the various stages of the treatment process. The plant is a large, modern facility with several large tanks and pipes.

The students were accompanied by town officials and engineers who explained the importance of the sewer system and the need for regular maintenance.

The visit was part of a community service project organized by the school. The students were encouraged to take an interest in the town's infrastructure and to help identify areas for improvement.

Stamps in the News

By SYD KRONISH
 AP Wirephotos
 World's faire make wonderful subjects for stamps, and Expo '70 which just opened in Osaka, Japan, is no exception.
 Many nations having exhibits at the fair will issue special stamps for the occasion and collectors will once more have another subject for their topical books.
 The Republic of China has issued two new stamps for Expo '70, reports the World Wide Philatelic Agency. The 15 (Taiwan dollars) picture the flags of Expo '70 and China. One covers the Chinese pavilion with the emblem of Expo in the background. The 12 also shows the pavilion and the two flags but in this view the entire pavilion is circled by a ring of flags of other nations.
 The Chinese pavilion has two triangular towers of equal size on opposite corners linked together by a giant covering of light to form a gateway from the Han dynasty.
 Communist China does not have an exhibit at this Expo '70. The new stamps are available at your local dealer or stamp department.

The Netherlands also has issued a new stamp having Expo '70 in Osaka. This is the first Dutch stamp ever to be issued for such a world's fair.
 Featured on the new stamp is a stylized representation of the Netherlands pavilion at the fair. The structure is situated in and near water, appropriately for the low country on the North Sea. In addition to the pavilion the stamp design shows the country name and denomination plus the wording "Expo '70 Osaka."
 It is interesting to note that Wim Crouwel of Amsterdam who designed this new stamp is also one of the designers of the Netherlands fair exhibit.

Speaking of exhibitions, there will be a large stamp exhibition entitled ANPEX in Sydney, Australia, from April 27 to May 1. The exhibit will be part of the celebrations marking the bicentenary of Captain Cook's discovery of the East Coast of Australia.
 A new U.S. commemorative stamp will be issued on Aug. 26 to honor the 50th anniversary of the constitutional amendment which brought American women the right to vote, announced Postmaster General Winton M. Ponder.
 The site of issuance will be Adams, Mass., the birthplace of Susan B. Anthony who helped to organize the National Woman's Suffrage Association in 1849. The amendment was proclaimed on Aug. 26, 1920.

THE MAIL BAG ... To Madeline French of Sharon, Calif., the Project Mercury stamp you describe which is minus the words "U.S. Postage" is an unusual error but enough of them were issued to cut the value. Check with your local dealer for price. ... To William B. Beltzer of Oshawa, Iowa, you can purchase your Israel First Day Covers from the Israel Philatelic Agency in America, 118 W. 22nd Street, New York, N.Y. 10011. ... To Fred King of Columbus, Ohio, the U.S. and German stamps you describe do not appear to be valuable at all. However, to get a first hand appraisal you may wish to show them to your local stamp dealer.

Southington Citizens Back Duffey for Senator SOUTHWINGTON (AP) — The Southington Citizens for Duffey have filed a petition they say has enough signatures to force a local Democratic primary.
 They support the U.S. senatorial aspirations of Joseph Duffey, chairman of the Americans for Democratic Action. The group says it collected 228 signatures. Only 164 were needed for a primary.
 Southington will have seven delegates to the state Democratic convention in June. Besides Duffey, the other announced candidates for the Democratic nomination are incumbent Thomas J. Dodd, State Senate Majority Leader Edward L. Marcus and Alphonse J. Donahue, a Stamford businessman.

**Deaths In
The World**

Nico CHARLES, (AP) —
Nico Charles, 64, a profes-
sional ballet master who had
trained such film stars as Ann
Miller, Shirley MaLain and
Cyd Charisse, died Tuesday of
a heart attack. His marriage to
Cyd Charisse ended in divorce
in 1948 after eight years.
Charles McMurtry, (AP) —
Charles McMurtry, 66, an as-
sociated Press reporter, war
correspondent and editor for 35
years, died Tuesday of cancer.
He spent most of World War II
as chief of bureau in Honolulu
and covering combat operations
in the Pacific.
Marquise of Milford Haven, (AP) —
The Mar-
quise of Milford Haven, 50, a
Mountbatten and cousin of
Queen Elizabeth II, collapsed
and died Tuesday. He was best
man at the wedding of the
queen and Prince Philip when
she was Princess Elizabeth.

Newman Bill Henry, (AP) —
Prize Winner, Dead
LOS ANGELES (AP) — Bill
Henry, 79, political columnist
and veteran radio newscaster
and television commentator,
died Monday at a hospital.
Henry, whose column, "By
the Way," ran 30 years in the
Los Angeles Times, was to have
received the nation's highest
civil award, the Medal of Free-
dom, from President Nixon on
April 22.
A veteran radio newscaster
and television commentator, he
served at various times with
three major networks.
He studied with the Times in
1912 as a sports reporter and be-
came Sunday editor and sports
editor. He was technical direc-
tor of the 1932 Olympic Games
in Los Angeles and for many
years was president of the
Southern California Committee
for the Olympic Games.
He won the National Headlin-
ers Award twice—in 1948 as the
nation's outstanding columnist
and in 1949 for radio reporting.
He is survived by his widow,
Corinne, and two daughters,
Mrs. Margaret Bidwell of
Chatsworth, Calif., and Mrs. Pa-
tricia Youmans of Los Angeles.

Business Mirror

By JOHN CUNIFF
AP Business Analyst
NEW YORK (AP) — Moral and social concerns will attain equal weight with financial considerations in the stock market of the future if the Council on Economic Priorities is successful.

Young and spirited, its members are confident they can influence the nation's corporations to be more concerned with human needs by providing factual information on their commitment to social, environmental and military issues.

This information, they feel, will enable socially concerned individuals and nonprofit groups such as churches, universities and foundations to exert influence through the power of their billions of dollars in stock holdings.

"Social accountability will be forthcoming if a concerned and informed public demands it," the council announced in its prospectus.

Many months in formation, the council has scheduled its first news conference for April 16 at its Washington headquarters.

"The very idea is bound to bring smarts from some Wall Street oldtimers who hold to the belief that so long as a corporation makes money for its investors, the investors should not concern themselves further.

The council, however, has apparently won the friendship and allegiance of some young securities analysts, as well as educators, clergy and students who will become an invitation to tell its story before the N.Y. Society of Securities Analysts.

"The general public, students, investors and corporations need objective analyses of the effectiveness of the activities of specific corporations in meeting human needs," the council states.

Almost every conceivable type of information relating to a company's profit situation is available, the council's founders claim, and for the early understanding reason that investors decline to buy into poorly run firms.

It adds, however, that there is no central source of information regarding a company's attitudes and activities in meeting human needs. The council hopes to fill that need.

2. A lump or thickening in the breast or elsewhere.
3. A sore that does not heal.
4. Change in bowel or bladder habits.
5. Hoarseness or cough.
6. Indigestion or difficulty in swallowing.
7. Change in size or color of a wart or mole.

'My Mind - No Longer My Friend'

GAINESVILLE, Fla. (AP) — Andy Anderson wrote a poem about his drug experience saying, "My mind is no longer my friend. It won't leave me alone."
Then he turned himself to death.

"I have tried to straighten myself out, but things are only getting worse.
Anderson did not direct the note to anyone, but in it he addressed his parents, Mr. and Mrs. H. C. Anderson of Lakeland.

Against Pollution
PEARL HARBOR, Hawaii (AP) — The Navy has joined the battle against air pollution.
"We're not burning second-hand smoke anymore, a spokesman said. "We're treating them with chemicals and shredding them."

Tolland
Board of Selectmen Meets, But Minus the Republicans
Although the two Republican members of the Board of Selectmen were out of town last night, the regular meeting of the board, comprising the signing of the primary will be held after the election Monday night.

When asked by Stevenson why he did not attend the special meeting of the board called by the two Republican Selectmen Robert Ramondo and Charles Ramondo Monday night at 10, Toland replied the fact was more important to attend the public hearing called by the Board of Finance on the school budget. He further noted the regularly scheduled meeting of the board was the one held last night.

He was notified of the special meeting Monday afternoon by his secretary Mrs. Vivian Kenneon. Ramondo told him Saturday he would be unable to attend Monday night's meeting. Toland said he would be unable to make Tuesday night's meeting.

Last night's meeting bristled with tension as Stevenson recorded portions of the proceedings interrupted Thilthait several times. Thilthait is also Democratic Town Chairman and Ramondo and Dumont told him Sunday he would be unable to make Tuesday night's meeting.

No action could be taken on the items Thilthait prepared for the selectmen's meeting, including the often talked appointment of an advisory committee to prepare a comprehensive plan for town use of the former Mill and the appointment of an alternate to the Planning and Zoning Commission.

Both items have been tabled at the request of the Republican selectmen. An agreement for a future meeting was held but neither Republican showed up, according to Thilthait.

Recommended for appointment to the advisory are: Purse Pym, Atty. General, Cary, Donald Morgan, Mrs. Edith Knight, Mrs. Edmund Quatre and the three members of the Board of Selectmen. Town Council Robert King will sit in on the committee in an advisory capacity.

In other business, Thilthait noted both he and Board of Finance Chairman Donald Morgan will attend today's session on municipal finance at the Connecticut Bank and Trust Co. Also attending are Town Treasurer Mrs. Eleanor Weston and Selectman Ramondo.

Thilthait stated he will try to attend the next meeting of the Middle School Building Committee or will appoint either Ramondo or Dumont to represent the board.

Also tabled last night was a request from the United Congregational Church seeking permission to use the barn in back of the administration building for storage of items for the church session.

Ambulance Grant
Thilthait will meet with William Adcock of the Connecticut Safety Commission tomorrow at 3:30 to sign the necessary papers to be forwarded to the federal government for reimbursement of half the cost of the new ambulance.

According to Adcock, the town will receive a check for the \$4,700 within five to six weeks. Thilthait read a letter from a resident who complained of being involved in an accident on Glouce Lane "due to the hazardous conditions of the road." She also claims her son was in an accident on a school bus hour later, also due to poor road conditions during a recent snowstorm. Copies of the letter will be sent to the road superintendent, to Town Council Robert King and to the town's insurance agency.

No Primaries
There will be no political primaries in 1970.

WORLD ALMANAC FACTS
Cripple Creek, Colo., was a boom town which yielded more than \$400 million in gold ore. A cowpuncher named Bob Womack died in 1891. The World Almanac says ironically, Womack died poor but his discovery made 28 people millionaires, and brought 30,000 people to the town. Situated 9,600 feet high in the Rocky Mountains, the town today has about 550 residents.

Meeting Planned By Church Club
The 50-50 Club of St. Mary's Episcopal Church will have its annual dinner-dance Friday, May 1, at the Manchester Country Club. The event will open with a social hour at 7 p.m. and dinner will be served at 8. The program will include dance routines by Les and Beverly Burton, Tony O'Brien and his orchestra, will play for dancing until 1 a.m.

Reservations for the event close Friday and may be made by contacting Mr. and Mrs. Robert Emery, 4 Diane Dr., Stafford Rd., or Howard Hughes, Mt. Spring Rd.

Swimming Classes
The Board of Recreation will hold a registration session for summer swimming lessons on May 16 at the Town Hall at 8 a.m. The lessons will be divided into three sessions with the first scheduled from June 22 to July 10; the second from July 13 to July 21, and the final session from Aug. 3 through Aug. 21.

Bulletin Board
A public hearing on the general government budget will be held tomorrow night at 7:30 at the Hicks Memorial School.

St. Matthew's Notes
The St. Matthew's Church Folk Drum Corps will hold a food sale Sunday from 9 a.m. until noon at the Shurway Market on Rt. 198 to raise funds for the organization.

Also planned is a paper drive to be held May 2. Papers may be dropped off at the Leonard's Corner Firehouse or pickup arrangements may be made by contacting David Shaw, Old

ABA Starts Pattern Play Toward Merger Agreement

NEW YORK (AP)—The American Basketball Association has started a pattern play toward merger, general agreement among its club owners—and now its up to the National Basketball Association to help complete the deal.

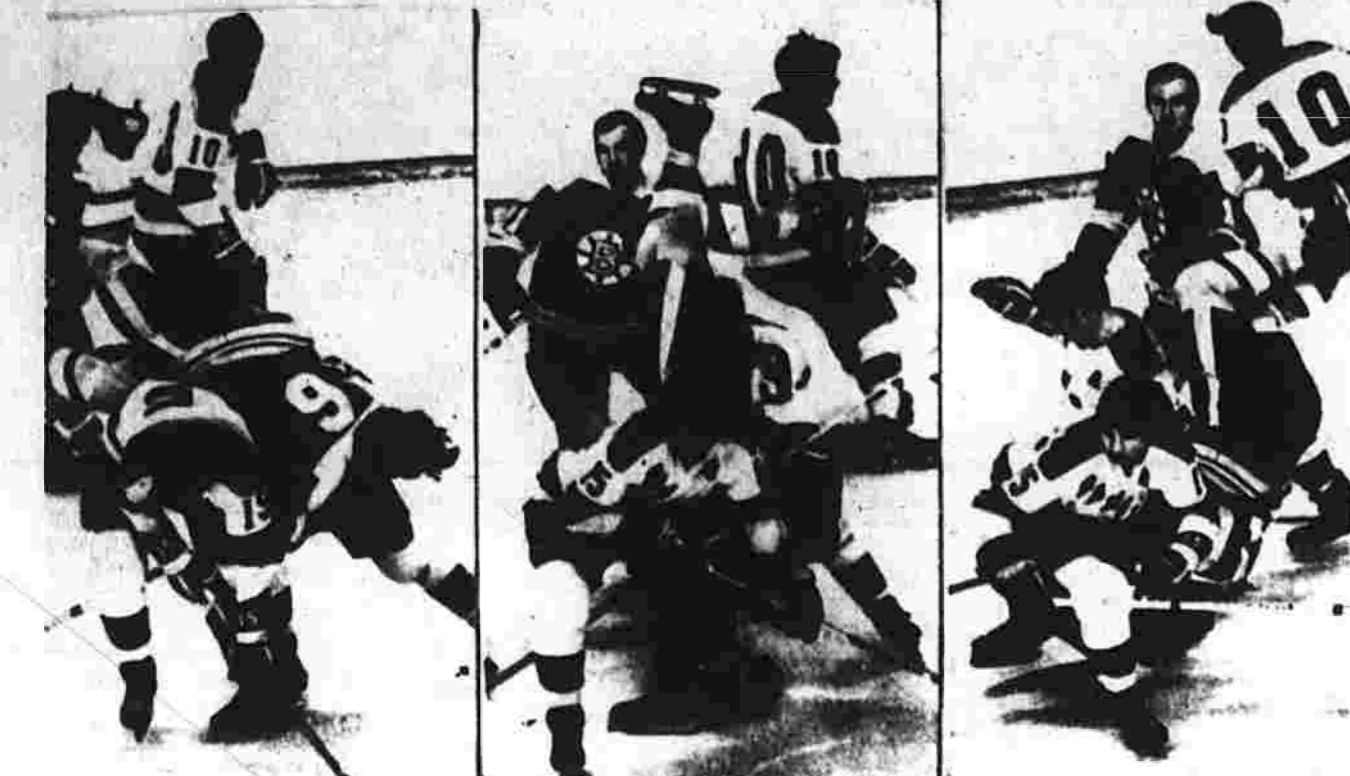

But a member of the NBA executive committee, Earl F. Worthington, is threatening to block the deal at the last minute.

ABA and NBA owners have agreed on a number of points that would be included in any merger. All players who are involved in their current legal status will be resolved before the merger is completed. An indemnity of approximately \$11 million will be paid to the NBA by the ABA.

The Washington-Baltimore situation cannot be resolved until a deal is struck on the NBA side. Earl F. Worthington, ABA executive vice president, said he is not unwilling to let Washington under certain circumstances, and the ABA has reached an agreement on a recommendation to be given to the NBA on this matter.

Miami told the San Francisco Examiner: "I've got three votes to block this merger and I hope to have a fourth, which would guarantee defeat."

ABA Commissioner Jack Dolph announced after an owners' meeting in New York that he had given seven general managers a list of 10 merger proposals. Dolph said he had given the proposals to the owners and that he would be meeting with them in the next few days.

BUTT END OF SOLO DRIVE — Boston's Derek Sanderson is upended by New York's Jim Neilson and Tim Horton when he tried to crash through their defense in breakaway drive in third period.

Coach's Message Paid Off

NEW YORK (AP)—Barry Sinden didn't repeat what he told the Boston Bruins between periods of their Stanley Cup National Hockey League playoff game.

Whatever it was, it got results. The Bruins came from behind to beat the New York Rangers 3-2 Tuesday night at the St. Louis Blues also came from behind to beat the Minnesota North Stars 6-3 in the other Stanley Cup playoff game Tuesday.

The Bruins now lead 5-2 in the best-of-7 quarter-final series and can wrap it up in the sixth game at Minnesota Thursday night.

Bobby Orr gave Boston a 1-0 lead, but the Rangers tied it on a goal by Gary Suter. Stan Mikoy by Terry Gray, Red Berenson and Jim Roberts broke the game at St. Louis Wednesday in the third period.

Steve Chiasson sent up Espinoza's lone goal and Orr got the big tying goal and Orr got the assist on Espinoza's winning goal.

Minnesota's Jean Paul Parize gave the North Stars a 2-1 lead until the Blues tied it on Larry Keenan's goal and went ahead late in the second period on a goal by Gary Suter.

Unrealistic Categories of Players Super Bowl of Tennis Proposed

NEW YORK (AP)—If the contract pros can't play in the Davis Cup, then let them meet the Cup winners in a Super Bowl of tennis.

This was the alternative proposed Tuesday by President Martin of the U.S. Lawn Tennis Association should open Davis Cup play be turned down by the International Lawn Tennis Federation.

Martin's proposal was made as a side thought to a statement he issued on major problems facing tennis. It was not part of the statement.

The problems, Martin said, include "unrealistic categories of players, exclusion of leading players from Davis Cup competition, a breakdown of relations between professional groups, unrealistic control of American tennis by an international body and the lack of player mobility."

Martin recommended that, beginning in 1971, the U.S.L.T.A. recognize only two categories of players—amateur and professional. Currently there are three categories: amateur, professional and semi-professional.

Martin also recommended that the U.S.L.T.A. be asked to form a new committee to study the possibility of a new world tennis championship.

Martin said he would like to see a new world tennis championship, a new world tennis championship, a new world tennis championship.

Penalty Mark NBA's Top Scorer Contributes Other Ways West Standout on Defense As Lakers Take 2-0 Edge

BOSTON (AP)—The New York Rangers and the Boston Bruins have set the pace for their Stanley Cup playoff series.

The Bruins have totaled 118 minutes to better the team record of 190 held last season.

Each year many large fish are lost during the hunt for a new fishing line.

If you've never been the victor of a broken line when playing a good fish, it's your lucky day. . . or your tackle is always in good condition.

According to information from our fishing department many anglers make the mistake of using a broken line when starting each fishing season with last year's line still on their spinning and casting reels.

Although the benefits of monofilament lines are many, the problem of line breaking is especially increased with their popularity. Most monofilament lines are made of synthetic materials which resist decay and rot. This is fine, but their inherent weakness is brittleness.

It's easy to damage a fishing line. Catch it on a twig in the brook, scrape it across the gurnale, or step on it; any one of these is enough to ruin that portion of the line too weak to count upon when it comes to hooking a big fish.

Precautions recommended are simple. Inspect on a new line before each new fishing season. Inspect it occasionally during the season and remove or replace it if frayed or worn sections are noticed. Use new line when damage is apparent, stop fishing and cut off the affected portion.

The ILTF also will be asked to approve a suggestion that American tennis players be required to conform to the standards of behavior, and said Martin said.

Billy Casper Holds Fifth Money Spot

NEW YORK (AP)—Billy Casper moved into fifth place on the top money list Monday by winning the Masters on Sunday, the weekly tabulation by the PGA Tour.

Casper now has \$23,999 so far compared to \$18,772 for place Lee Trevino. However, Casper still is not in the top ten of the money list.

The PGA Tour's top ten point list are: Trevino 653.3 points; Nicklaus 578.8; Dick Lot 520.2; Jones 425.2; Tom Weir 421.0; Frank Beard 420.0; Miller Mackay 420.0; Tom Weir 421.0; Tom Weir 421.0.

The top ten money winners completed, victories and times finished in the top five: Trevino, 12-2-3; Nicklaus, 12-3-4; Casper, 5-1-3; Lot, 5-1-3; Jones, 5-1-3; Beard, 5-1-3; Miller Mackay, 5-1-3; Tom Weir, 5-1-3; Tom Weir, 5-1-3.

The 1968-69 season was completed, victories and times finished in the top five: Trevino, 12-2-3; Nicklaus, 12-3-4; Casper, 5-1-3; Lot, 5-1-3; Jones, 5-1-3; Beard, 5-1-3; Miller Mackay, 5-1-3; Tom Weir, 5-1-3; Tom Weir, 5-1-3.

Golf Grand Slam Unlikely—Casper

AUGUSTA, Ga. (AP)—Bill Casper uncoiled on the sofa, wearing the Masters championship coat of green. His luck had been sensational in an 18-hole playoff against San Diego neighbor Gene Littler despite it being April 13 and his 13th trip to Augusta.

An obviously London voice spoke from the rear of the room. "What are your plans now, Billy?"

Casper grinned. "I'm going to try to win the British Open."

Casper will give it a go at St. Andrews, Scotland, in the British Open in July. He also will try to win the PGA Championship at Tulsa and the U.S. Open at Minneapolis.

If the soft-spoken Californian can add the other three to his list of wins, he would become the first man to score four Open titles since the late 19th century.

"Mighty, mighty aim," the man in the room said. "You're not with the three dozen or so great players of today. Winning one is a hard enough job. But three? That's improbable. Make that highly improbable."

Ben Hogan came closest to a pro claim in 1953 when he bagged the Masters, U.S. Open and British Open. The Texas Hawk never held match play, so he skipped the PGA as a matter of principle. Since then, the PGA has converted to medal play.

Other Wednesday games are scheduled in the Western Division. The Dallas-Chicago game is the only one that has not yet started.

There was no other action Tuesday.

Casper, with 25 points, and Nicklaus, with 23, and Jones, with 21, led Dallas. Lee Trevino poured in a 21-point lead in beating Los Angeles Tuesday night while only 12 points in the first quarter and 23 in the first half, both clubs sought back behind a 20-point deficit before losing 104-96.

Barrett's final with 19 seconds left in Wednesday night's final round of games.

Reggie Delivered Damning Blow

FENWAY PARK, Boston—Reggie Smith stood in the center of the new carpeted dressing room of the Red Sox and talked with reporters after he had unloaded his big bat. It was a double, triple and homer by the centerfielder that proved to be the damaging blows as Boston opened its home season on Tuesday.

Realistic Outlook

BOSTON (AP)—Less than two weeks ago, Reggie Smith was a bored young man, casually going through the motions in the closing days of spring training. He was fed up with Florida—and showed it on the field.

After falling to run a couple of grounders in exhibition games on successive days, Reggie Smith was called into the office by Eddie Kasko, the Boston Red Sox manager.

The muscular centerfielder and the soft-spoken manager had a talk. Reggie Smith got the message, accepted it and went to work. He hit his first home run Tuesday before a packed crowd of 34,010.

Smith got his first two hits in the first two games at Fenway Park. He hit a home run in the first game and a double in the second.

Kaline in 18th Lid-Lifter

NEW YORK (AP)—Home is still the best place to be for Detroit's Al Kaline and Boston's Reggie Smith, but the other man's grass has been greener this spring for the California Angels.

Kaline marked his 18th home opener in Detroit Monday, but Reggie Smith's two-run double that helped the Tigers mark Cleveland 12-4 and Detroit 11-4 on Tuesday.

The White Sox, who had won the first game of the season, reached the century mark in victories with late inning relief from the rear. Earl Harmon tossed his 100th career victory.

In the only other AL game, Oakland's Melvin Moore, who had been the first starter since 1965, pitched a complete game and won for the first time since 1965.

Calvin Schiraldi, who had been the first starter since 1965, pitched a complete game and won for the first time since 1965.

Yost To Speak At Series Club

BOSTON (AP)—The Boston Patriots, hoping to beef up their blocking, have traded Jim Whelan to the Denver Broncos for Tom Beer in a National Football League swap of tight ends.

Whelan, who missed half of last season because of a knee injury, was considered one of the best blocking tight ends in the league.

Whelan has been a standout pass receiver with the Patriots for the past few years.

Three other players will share the spotlight Wednesday night, April 29, when the Patriots play the Denver Broncos.

It will be the annual Reggie Webster Night and another big crowd is expected.

The game-opening is open to the public.

Atlanta's Scoreboard Flashes Wildly, Giants Outdue Braves in Slugfest

NEW YORK (AP)—The Atlanta Stadium scoreboard was flashing numbers so fast it was an electrician's dream—the ideal situation for a machine-age hitter like Ken Henderson.

First there was an eight-run inning for the Braves, then a five-run inning for San Francisco and the numbers were running wild. So too was Henderson, the Atlanta outfielder, who walked a grand slam home before a sellout crowd of 34,000 with an 8-3 win over New York.

"I feel that I can hit 300," the switch-hitting outfielder said as he explained his early fire start. "Carl Yastrzemski suggested that I make a couple of adjustments in my swing and since then I've been getting more bang for my buck."

"I should hit 300," he added without any show of boastfulness. "I've got good speed and I can hit from either side of the plate. I can stay healthy and in the right frame of mind. I'm right up with the leaders again."

Last year, in his third full season with Boston, Smith compiled a .309 average, best on the squad. Previously he hit .248 and .292.

"My aim is to get three hits in every 10 times at bat. If I can do that, I'll hit 300," he said as he stripped down to his long johns.

Reggie could be the best of the three Boston outfielders. At least he's getting plenty of support in that department from many. However, Yas and Tony Conigliaro Fan Clubs have voiced their objection to that claim.

"I'm using a 35-35 (ounce) bat hitting left-handed and I'm spraying the ball more than ever," Smith said. "I'm hitting right-handed Smith has the short leftfield fence at Fenway, which proved to be the margin of difference as it gave Boston a 4-3 working edge on route to the final decision.

"That's all over now," he said. "From now on, it's all about the Yankees and me on the field."

"As if to prove his point, Smith shared a double and a triple, Kenney running. I knew I had to get the ball away quickly. It's in four."

Pirates' Robertson's Homer Spoils Mets' Home Opener

NEW YORK (AP)—I'm not really experienced. But old pre-championship selves in I just want a chance to play and the 10th.

I don't care where."

After the Mets received their World Series rings and raised their World Championship banners, it was a game of ups and downs.

A walk, Ron Swoboda's triple and an infield out gave the Mets for the first time.

"I think there was a tendency by all teams to take the Mets lightly even when they were still in the playoffs. But Roberto Clemente tied it in the sixth with a two-out, two-run homer that put the Pirates in front in an inning later.

South Windsor Gains First Win Ellington Defeats Suffield Nine, 3-2

By DEAN YOST

Scholastic baseball action continues to pick up momentum as the season moves into full swing. Yesterday afternoon four area teams played. South Windsor defeated East Windsor High 2-1 in an NCCC game. Cromwell High topped Bolton High 4-3 in a COC outing. Ellington defeated Suffield 5-2 in another NCCC contest and Rocky Hill topped Rham High of Heston 9-4.

EAST WINDSOR—Scoring two runs in the top of the sixth inning on Steve Kelly's double, South Windsor won a 2-1 victory over East Windsor.

Loosing pitcher Tom Sovatto went the route and gave up three hits to the Bobcats. Winning hurler Boeler and a double and drive in one run by Steve Kelly pitched the East Windsor first and third inning and the Ball score in the bottom of the first drove in the first and fourth frames.

CROMWELL—Pitcher and catcher for Cromwell High pitched a pair of singles in the top of the first inning. Wayne Gagnon kept Bolton in the game with a single and a double and drove in one run. Cromwell pitched the first and third inning and the Ball score in the bottom of the first drove in the first and fourth frames.

ROCKY HILL topped Rham. Rocky Hill pitched a pair of singles in the top of the first inning. Wayne Gagnon kept Bolton in the game with a single and a double and drove in one run.
