## Cotter Denies Wrongdoing In ITT Issue

HARTFORD (AP) — A newly elected congressman has denied personal wrongdoing in the merger of the International Telephone and Telegraph Co. with the Hartford Fire Insurance Co. William R. Cotter, former Connecticut state insurance commissioner, said he has "been over backward" to cooperate with a newspaper investigation of the merger because, "I have nothing to hide."

The Hartford Courant reported in a copyrighted story Sunday that the federal government is investigating the merger, approved in May when Cotter was insurance commissioner. Cotter later resigned and was elected to the U.S. House last Tuesday from the 1st District.

In Washington Sunday night, a Justice Department spokesman declined comment on the story.

The Justice Department has opposed the merger for some time.

On Monday, a spokesman for the Securities and Exchange Commission said, "We don't discuss our investigations," he said, he could neither confirm nor deny a probe was in progress.

The Courant said the Justice Department and the Securities and Exchange Commission were interested in at least four alleged irregularities:

—Attempted influence of Cotter when he was insurance commissioner.

—Questionable stock tradings in Hartford before Dec. 15, 1969, when Cotter rejected the merger and before May 23, when he reversed that decision.

—The role of Joseph E. Fazzari.

## Egypt, Libya, Sudan Plan Federation

BY THE ASSOCIATED PRESS Egypt is planning to federate with Sudan and Libya to form "a nucleus for the unity of the Arab world" in northeast Africa. It is Cairo's second such attempt to put together a greater Arab nation.

The late President Gamal Abdel Nasser failed in the first attempt, a federation with Syria and Yemen that was formed in 1968. It existed mostly on paper, and was broken up by Syria in September 1961. Egypt's official name remains the United Arab Republic, a remnant of that try at union.

Nasser's successor, Anwar Sadat, President Jafar el Numairi of Sudan and Col. Muammar Kaddafi, leader of Libya's military regime, announced plans for the new merger early today after a conference in Cairo. A communique said it "will be a nucleus for the unity of the Arab world, in affirmation of Arab destiny."

No target date was given for putting the federation into operation.

"The Arab world is facing internal as well as external attempts to liquidate the revolutionary tide," it said, adding that the confederation was necessitated also by the death of Nasser, "whose mere presence in the Arab struggle (with Israel) was a sufficient symbol of unity for the Arab peoples."

Under the plan, called the Tripoli Charter in honor of a conference Nasser, Kaddafi and Numairi held there this year, a tripartite command will first confer later, including a in the countries and coordinate their policies, the communique said. The command will set up three-armed boards to govern the confederate later, including a "supreme planning committee," a national security council for defense, an implementation committee to maintain national progress and subcommittees to handle political, economic, military and social questions.

Observers noted that the boards will include representatives from all three nations and their decisions presumably will have to be unanimous. Thus there apparently was no loss of sovereignty envisioned by the drafters of the charter, but this also increases the possibility of the disagreements that always wreck attempts at Arab unity. The death of Nasser also leaves the group without a dominant leader whose personality and prestige would have helped to resolve disagreements.

The confederation will bring together some of the world's most lucrative oil fields in Lib-

## Top Court Won't Hear War Suit

WASHINGTON (AP) — A divided Supreme Court refused today to hear a suit by Massachusetts questioning the legality of U.S. military action in Vietnam. Six justices voted against the suit and three justices dissented. Only Justice William O. Douglas, one of the dissenters, set forth his views.

In other actions today, the court:

—Agreed to determine whether state funds can be used to supplement salaries of lay teachers in parochial schools.

—Ruled that mental patients who are new to a state may not be sent back to their old home states by hospital officials.

—Declined to review the conviction of Yippee leader Abbie Hoffman for resisting arrest in Chicago in 1968. He was accused of having a vulgarism written across his forehead.

—Rejected a challenge to a provision of the 1968 Gun Control Act that prohibits unregistered possession of firearms by convicted felons.

Massachusetts had argued that without a declaration of war the President has no authority to send American troops into combat in Southeast Asia.

The Nixon administration counseled the court against granting the state a hearing. Justice Department officials said a judicial inquiry into the legality of the war would hamstring the President, insult Congress and embarrass the nation.

Voting against a hearing were Chief Justice Warren E. Burger and Justice Harry A. Blackmun, both of whom were put on the court by President Nixon and Justices Hugo L. Black, William J. Brennan Jr., Byron R. White and Thurgood Marshall, holdovers from past administrations.

Dissenting with Douglas were Justices John M. Harlan and Potter Stewart.

In the past the court has declined every time to hear suits questioning the war's legality. At first, only Douglas dissented. Subsequently, he was joined by Stewart. Today, the dissenters picked up Harlan.

Massachusetts thus fell one vote short of winning a hearing. Under court rules four justices must acquiesce before a case can be heard.

Douglas, in a lengthy dissenting opinion, rebutted point by point the Justice Department's argument against hearing the case.

## South Viets Take Offensive

# Major Shift of Responsibility Ends U.S. Role on Viet River

SAIGON (AP) — South Vietnamese troops have taken over offensive operations from the Americans in an area of 100 square miles north of Saigon, authoritative sources disclosed today.

The major shift of allied responsibilities virtually ends the American offensive role along the Saigon River corridor, a long-time North Vietnamese-Viet Cong infiltration and supply route.

Four American artillery and patrol bases have been turned over to the South Vietnamese along a 90-mile stretch of the river, from the Cambodian border south to within 20 miles of Saigon.

South Vietnamese troops also are taking over Cu Chi, a giant base camp 20 miles northwest of Saigon that is the headquarters of the U.S. 25th Infantry Division. The division's headquar-

ters and its 1st and 3rd Brigades are returning to Hawaii by Christmas.

Other American units at Cu Chi and Dau Tieng, an American brigade headquarters farther north, will be pulled out soon.

For the most part, sources said, the realignment leaves American forces in the western half of the 3rd Military Region defending their remaining bases and conducting such defensive operations as local reconnaissance, searching out enemy caches and protecting the current rice harvest.

The realignment is part of President Nixon's withdrawal program to reduce U.S. strength in Vietnam to 284,000 troops by next May 1.

The U.S. Command announced today that American forces in the country dropped another 6,000 men last week to 368,000. It was the lowest level

since Dec. 10, 1966, when there were 367,400.

The command said troop strength had been cut 106,400 Americans so far this year. It will drop another 24,000 men by Dec. 31.

Headquarters announced, as part of the continuing cutback, the withdrawal from combat of another 25th Division unit, the 3rd Battalion, 13th Artillery, with an authorized strength of 810 men.

Meanwhile, the Cambodian military command reported that the largest combined South Vietnamese-Cambodian task force of the war pushed in behind tanks on a Communist base camp 20 miles south of Phnom Penh. A spokesman said one South Vietnamese tank was reported destroyed by a mine, but the 7,000-man force had made no significant contact with the enemy.

# Verdict Expected On Killian-Dorsey By Late Tonight

HARTFORD (AP) — Nearly half of the 169 cities and towns in Connecticut had sent their canvassed election returns to Hartford by noon Monday, and officials held out hope that a decision on the attorney general's race could be announced by late Monday night.

Harry Hammer, Deputy secretary of the state, said cooperation from election moderators has been excellent through the recounting period Sunday and Monday. He kept his office open all day and all night to accept returns.

The statewide race hanging on the outcome of the canvass is between incumbent Atty. Gen. Robert K. Killian, a Democrat, and Republican challenger Donald Dorsey, mayor of Meriden. Killian was the apparent winner by 1,601 votes, but the narrow margin entitled Dorsey under state law to mandatory recount.

The only race for the state senate subject to the mandatory canvass was decided Sunday. Howard T. Ownes Jr., Bridgeport election moderator, said Republican James Mcauley defeated incumbent Democratic Sen. Raymond Lyddy.

Lyddy, who had been declared the loser originally, picked up 15 votes in the recount but remained 99 votes behind Mcauley. The final tally was 12,062-11,963.

Hammer said he was not keeping a running tally of the returns as they were delivered to him by the moderators, and he declined to say if any major errors were uncovered.

He noted, however, that the first canvassed returns in were from the smaller towns where he said the likelihood of substantial error was small.

The deadline for moderators to deliver the canvassed returns to Hammer's office is midnight Monday, but Hammer said continued excellent co-operation of the moderators might allow him to total the results of the Killian-Dorsey contest shortly before the deadline.

He said he hopes results will be known by Tuesday morning at the latest.

The other contests hinge on recounts. They are in Tolland County where Sheriff Paul Swenson of Rockville, a Republican, squeaked past Democratic chal-

lenger Nicholas Pawluk by 96 votes and in Brooklyn where initial returns for probate judge gave Republican Tamsen Harris a six-vote edge over Democrat James J. O'Conner.

(See Page Nine)

## Manchester Recount Ups Killian Vote

By SOL R. COHEN (Herald Reporter) A Manchester recount for the position of state attorney general has increased Democrat Robert Killian's local plurality by three votes, according to Town Clerk Edward Tomkiel.

The amended vote totals stand at 9,787 for Killian and 9,288 for Republican Donald Dorsey.

The Manchester recount was taken yesterday. It started at 2 p.m. and was over at 4:30.

Tomkiel said that the decision to hold it yesterday afternoon was because many of the election workers involved would have lost a day from their regular jobs if the recount were held today.

He and Chief Moderator W. David Keith today publicly thanked all those who worked on the recount yesterday for giving up their Sunday afternoon "cheerfully, with no disputes, or even minor arguments."

Tomkiel said, "as proved by the fact that it took only 2 1/2 hours to visit the seven voting districts and to check the 31 voting machines, not to mention a recount of the absentee ballots."

Tomkiel said that the voting machines checked out "100 per cent." However, in a recheck of the absentee ballots, he explained.

## Sounds Out Leaders

# Muskie Asks About Chance Of Seeking '72 Presidency

WASHINGTON (AP) — Sen. Edmund S. Muskie, D-Maine, says he has started to sound Democratic leaders about possible support for the presidency in 1972.

Permission to go down the road, he announced, could only be given if he had the support of the party's rank and file.

So far, the inquiries have been made "in a tentative, limited way," Muskie said. But that effort "obviously has to be expanded and escalated," he added.

"When the final decision comes, it will depend, I think, largely upon whether I think I am the candidate or the man who can best serve that function. This final decision doesn't have to be made today. It will be made in due course, and I won't hesitate to face it."

Muskie, just elected for his third term in the Senate, would not say who he has contacted in his probe of Democratic feeling for his candidacy. To reveal the contacts, he said, "would misrepresent the nature of my interests and my drive in this connection."

Just when he will make a decision whether to run, Muskie wouldn't say. "I think it will depend upon the response I get, the feeling I develop about a sense of timing, the unfolding events, I don't have any fixed timetable in mind."

One questioner said it appeared Muskie feels President Nixon can be beaten in 1972. He replied: "Any president is beatable."

He appeared on the NBC radio-television program "Meet the Press."

Muskie spoke on nationwide television Monday night before the Nov. 3 elections in a 15-minute broadcast following a speech by President Nixon. It was, he said, "an interesting test" of whether he can bring the Democrats together.

"I do feel that I am in communication with many segments of the party. Not all of them buy me instantly, I don't expect they will, but I think the communica-

tion is there and it would be the responsibility of myself or any other man who sought the nomination to bring in as many disparate groups in the party as possible."

The elections provided the Democratic party with "considerable momentum, had a unifying effect, and I think," Mus-

(See Page Nine)

## South Viet, Cambodian Styles Vary

KOMPONG KANTUOT, Cambodia (AP) — In the first major South Vietnamese-Cambodian military operation here, the contrast between the two armies are startling.

South Vietnamese seemed to swagger into the war—sleek and bristling with modern weaponry, thanks to the United States. The Cambodians give the impression of having stumbled into it.

With their helicopters, artillery and M1 rifles, the South Vietnamese look like professionals—and together with their professionalism they seem at times more like conquerors than friends giving a helping hand.

An example of this is the way the South Vietnamese have taken over what is nominally a Cambodian operation called Nine Dragons.

While Cambodian officers can invite their South Vietnamese allies to dinner at the joint field headquarters in the teachers' training school at Kompong Kantuot there is no doubt which of the two armies is in charge in the tents where the war room and operations center has been established across the road.

On several occasions reporters, photographers and television crews accredited to the Cambodian government and the Cambodian armed forces have been barred at gunpoint by South Vietnamese who ordered them away while covering Cambodian operations.

One South Vietnamese officer posted a soldier with an automatic rifle with orders to bar the road to newsmen.

Permission to go down the road, he announced, could only be given if he had the support of the party's rank and file.

## Negotiators Bid To End UAW Strike

DETROIT (AP) — Negotiators in the eight-week-old United Auto Workers strike returned to the bargaining table today reportedly for nonstop talks aimed at reaching agreement in the strike against General Motors by Tuesday night.

The Tuesday deadline is needed if GM is to return to full production by Dec. 1, officials said.

Such an agreement could then be submitted to the 350-man GM-UAW Council Wednesday for its approval and the next step would be a ratification vote by GM workers across the country.

The plan for a long day-night session was reported by a highly placed and usually reliable source.

From another source it was learned the union has called its 25-member International Executive Board to meet Tuesday in Detroit.

While negotiations are being conducted under a news blackout, there have been reports of progress from other sources in the last three days.

Negotiators met for 10-plus hours both Saturday and Sunday.

## Astronauts Blast Off Jan. 31

# Moon Rocket Moves to Launch Pad

By HOWARD BENEDIOT AP Aerospace Writer CAPE KENNEDY, Fla. (AP) — The Apollo 14 astronauts watched today as their Saturn 5 rocket made its first move toward the moon — a ponderous 3 1/2-mile journey from the assembly building to the launch pad.

Alan B. Shepard Jr., Stuart A. Roosa and Edgar D. Mitchell were at a viewing site a few hundred feet away as the rocket moved out of its hangar at 6:30 a.m., standing upright on the road back of a tank-like transporter.

The transporter travels at maximum speed of one mile an hour and the trip to the launch pad was to take several hours.

Shepard, Roosa and Mitchell are to blast off for the moon Jan. 31, reaching a speed of nearly 25,000 miles an hour.

Shepard, America's first spaceman back in 1961, and Mitchell are to attempt to land in the moon's rugged Fra Mauro highlands to search for primitive lunar soil that might provide clues to the origin of the moon.

Fra Mauro had been the intended target for Apollo 13 before an oxygen tank explosion 205,000 miles from home canceled man's third moon-landing attempt last April.

The three astronauts, James A. Lovell Jr., Fred W. Haise Jr. and John L. Swigert Jr., fought for survival in four danger-filled days before they returned safely to earth.

As a result of the explosion, the Apollo 14 launching has been delayed nearly four months while design changes have been made in the spacecraft.

The new system in the service module includes three oxygen tanks instead of two, removal of

# Hospital Rededicated

Dignitaries review units passing hospital grounds. From left are Maj. Nathan Agostinelli, CWO Peter Benson, C. Elmore Watkins, Dr. George A. F. Lundberg, Thomas F. Ferguson and Jacob Miller, partly hidden by flag. Benson, a retired Marine, served as Marshal Agostinelli's chief of staff.

## Dual Event Draws Crowd

STORY and PHOTOS  
By WILLIAM COE

Blue skies and balmy temperatures prevailed in Manchester yesterday, and the cooperation from the elements led large throngs to turn out for the Veterans Day parade and the rededication of Manchester Memorial Hospital.

The dual observances were held to commemorate the service of all war veterans — but more importantly, perhaps, for this community—the 50th anniversary of the founding of the hospital in 1920.

It was originally dedicated to World War I veterans on Armistice Day, Nov. 11, 1920, as a 50-bed community hospital, and was fully paid for before its doors ever opened, with the more than \$100,000 raised through public subscriptions far surpassing its \$160,000 cost.

The spirit and the dedication to service exemplified by townspeople then was also evident yesterday as a large crowd lined Main and Haynes Sts. and enthusiastically received what observers said was one of the most impressive parades here in recent years.

And 800 persons filled nearly every available seat in the State Armory for the 3 p.m. rededication ceremonies that followed.

Especially prepared for the occasion, and distributed to each of the guests present at the ceremonies, was "A Brief History of Manchester Memorial Hospital" by William E. Buckley, a former president of the Manchester Historical Society and retired teacher of history in the Hartford school system.

The full text of this history will be reproduced in tomorrow's Herald as part of the anniversary week observance.

Because of all these factors, shown that visits to the doctor "reaching out" actively to give in the hospital are 50 per cent less than expected.

For example, the Pediatrics Department at Johns Hopkins has created a Comprehensive Child Care Clinic, serving as a family doctor and giving specialist services required to all children within a specified area of the hospital.

Another example of increasing care he cited is in the "new Town" of Columbia, Md., where residents (4,500-5,000 people live there) are served in a prepaid group practice plan that entitles them to routine physical examinations, and "all other medical health care is a universal right of the individual."

He predicted that hospital costs will rise, paradoxically—because with more preventive care those in hospital beds will be, proportionately speaking, more seriously ill than in the case today.

The service of dedication was a total of 14 of the musical and marching organizations in yesterday's Veterans Day parade were awarded trophies after being judged the best of the participating units.

The judging and parade review by the marshals and other dignitaries took place near the main entrance to the hospital grounds on Haynes St. Trophies were donated by Bill Savitt, Hartford jeweler.

The winning groups were: Stewart Highlanders Pipe Band, Civil Air Patrol, Willimantic Marine Corps League, Young Marines of Waterbury, St. Patrick's Pipe Band, Eighth District Fire Dept., Silk City Chorus, Benson Junior High School Band.

Before the dedication service the call to order was given by Edward M. Kenney, hospital administrator. Kenney introduced Herald Co. Publisher

Thomas F. Ferguson, general chairman of the anniversary events, who in turn, introduced the platform guests, and several persons in the audience instrumental in the founding or operation of the hospital over its half century of existence.

Those on the platform included C. Elmore Watkins, president emeritus of the trust-ees and the man whose suggestion led to the formation of the hospital.

Dr. George A. F. Lundberg, the only living member of the original medical staff, appointed chief of medicine in 1940, now retired.

Major Nathan Agostinelli, a major in the Connecticut Army National Guard, served as parade marshal.

"If I were to name them all, we wouldn't have time for our main speaker," Miller said.

But in his closing remarks he reserved a special word of praise for Watkins, the first president of the trustees from 1920-27, and again from 1945-47. It was Watkins "driving energy devoted tirelessly to the hospital's growth, that, more than any other single factor, made the community effort a success," Miller said.

Norman, among them Drs. Lundberg, Caldwell and Friend; Dr. Howard D.C.Y. Moore, Dr. Howard Boyd, now both deceased; and Miss Hannah Mattingren, who served eight years as the staff's first superintendent.

But he did single out several other persons in the audience who, in turn, introduced the parade and organized the operation of the hospital over its half century of existence.

Dr. Lundberg and Watkins were unable to be at the ceremony.

Dr. Amos E. Friend and Dr. David M. Caldwell Sr. were also among veteran members of the staff named marshals but were unable to be at the ceremony.

Dr. Amos E. Friend and Dr. David M. Caldwell Sr. were also among veteran members of the staff named marshals but were unable to be at the ceremony.

World War I veterans ride in proud vehicles of yesteryear supplied by Manchester Auto Museum.

led by the Rev. Carlton M. Young, hospital chaplain, and included a responsive reading by the audience.

The Rev. Mr. Young prayed in part, "The dedication of this building is vain . . . without the solemn concentration of ourselves to the ideals of those whose sacrifices of labor, love and life it represents; in whose memory it was first dedicated, and is now being rededicated."

"May the veterans of all wars abide under the shadow of the Almighty. May the fruit of their endeavors—according to God's Holy will—bring lasting peace to all mankind, glory to His name, and the continued advancement of His Kingdom among all men."

Before the dedication service the call to order was given by Edward M. Kenney, hospital administrator. Kenney introduced Herald Co. Publisher

Thomas F. Ferguson, general chairman of the anniversary events, who in turn, introduced the platform guests, and several persons in the audience instrumental in the founding or operation of the hospital over its half century of existence.

Those on the platform included C. Elmore Watkins, president emeritus of the trust-ees and the man whose suggestion led to the formation of the hospital.

Dr. George A. F. Lundberg, the only living member of the original medical staff, appointed chief of medicine in 1940, now retired.

Major Nathan Agostinelli, a major in the Connecticut Army National Guard, served as parade marshal.

"If I were to name them all, we wouldn't have time for our main speaker," Miller said.

But in his closing remarks he reserved a special word of praise for Watkins, the first president of the trustees from 1920-27, and again from 1945-47. It was Watkins "driving energy devoted tirelessly to the hospital's growth, that, more than any other single factor, made the community effort a success," Miller said.

But he did single out several other persons in the audience who, in turn, introduced the parade and organized the operation of the hospital over its half century of existence.

Those on the platform included C. Elmore Watkins, president emeritus of the trust-ees and the man whose suggestion led to the formation of the hospital.

Dr. George A. F. Lundberg, the only living member of the original medical staff, appointed chief of medicine in 1940, now retired.

Major Nathan Agostinelli, a major in the Connecticut Army National Guard, served as parade marshal.

C. Elmore Watkins, Mrs. Walter Keeney reminisce.

White-hatted chefs and other employees view the parade at hospital grounds. Youths are 4-H group.

### Volpe Visiting Saigon in Study Of Skyjackings

SAIGON (AP) — U.S. Secretary of Transportation John A. Volpe arrived here Monday night for a two-day visit to South Vietnam as part of a wider tour to study ways of thwarting airline hijacking.

"The best solution," Volpe said, "is to prevent the hijackers from getting aboard planes."

The former Massachusetts governor flew in from Bangkok on a U.S. Coast Guard jet transport and is scheduled to leave for Manila late Wednesday.

While here, he will observe operations of air traffic control and visit a U.S. Coast Guard navigation station. Both activities will be under his transportation department.

Volpe told newsmen the United States has called an air safety conference for Washington in January and is inviting nations of the world to send representatives.

He said the overall purpose of his world trip is to study methods to prevent air piracy and improve airport security.

He said he would report his findings to President Nixon on his return to Washington.

Volpe said the United States soon would be phasing out the general Aviation Administration because many South Vietnamese had been trained to take over air traffic control.

After Manila, Volpe will visit Hong Kong, Taipei and Tokyo. He already has visited Belgium, Austria, Turkey, India and Thailand.

### Shot Reported During Nixon's San Jose Visit

SAN JOSE, Calif. (AP) — A county grand jury which meets tonight for further investigation of violence at an Oct. 29 campaign speech here by President Nixon learned through news reports Sunday the FBI is checking an unverified report a shot was fired.

"It was news to me," Ernest Rensel, the jury foreman, said of the reports from Washington and Key Biscayne, Fla. Those reports said FBI agents were questioning White House staff members and newsmen about the possibility a shot was fired before the President's limousine was stoned by antiwar demonstrators.

So far as is known, no newsmen at the scene had any reason to believe a shot was fired. The FBI questions suggested a shot could have been fired by a low-caliber weapon from a distance or by a gun equipped with a silencer.

Rensel said he could "see no reason for bringing the FBI in," adding the FBI had not advised him of the possibility a shot was fired.

He said the grand jury would determine whether to conduct a major investigation of the violence.

"There's a good deal of confusion on exactly what took place," he said. "There was a disturbance, but how serious it was—there seems to be some difference of opinion."

### France, U.S. Near Drugs Agreement

THE HAGUE (AP) — France and the United States will sign an agreement soon on the control of drugs, Rep. Peter W. Rodino Jr., D-N.J., said today.

"I hope it will be effective," he said. "I am not so much interested in paper agreements as I am in getting something done to reduce this illegal traffic."

Rodino said he did not know the details of the agreement or just when it would be signed.

Raw opium from Turkey is often processed into heroin in France before being sent clandestinely to the United States.

Rodino is the author of a bill now before Congress which would grant assistance to countries which help the United States to combat the drug traffic and which would cut off aid to those which do not.

He said Turkey and France have been cooperating more with the United States on the problem recently, as have other members of the North Atlantic Treaty Organization.

Rodino is in The Hague for the meeting today of the North Atlantic Assembly, which brings together legislators from 14 of the 16 NATO countries. Only Greece is not represented.

The session is to last two or three days. Major items to be discussed include the prospect of U.S. troop withdrawals from Europe and the pressure from some member countries for a conference with the Soviet bloc on questions of European security.

### Extended Forecast

Variable cloudiness and mild Thursday and Friday with a chance of showers Friday. Highs will average in the upper 50s and overnight lows in the 40s.

### U. S. Cuts Silver Ties; Too Valuable for Coins

Speaker

LI. Col. (Ret.) William A. Dickson of Coventry, a highly decorated Army veteran who served more than 30 years, will be the principal speaker at the Veterans Day Dinner sponsored by the VFW Auxiliary and the VFW Home.

The Round Table Singers of Manchester High School will sing several selections. The program will also include Irish stepdancing by Kevin Marceau, and big pipe music played by John Harrower and William Marceau. Lawrence Moran will play the accordion for group singing to conclude the evening's program.

Col. Dickson, a Manchester native, is commander of State Civil Defense Area Three which includes 34 towns in north central Connecticut.

During World War II, Col. Dickson commanded various units of the 13th Infantry in North Africa and Europe. In the Korean Conflict, he flew 119 combat missions over China.

He was a target officer to select targets for the Air Force to bomb at night. Another of his major assignments was as commanding officer of the Jungle Warfare Training Center in the Panama Canal Zone.

### Hanoi Allows Gifts for POWs

TOKYO (AP) — The North Vietnamese government has granted permission for captured U.S. pilots to receive gift parcels for Christmas and New Year from their families, Hanoi's Vietnam News Agency said today.

VNA said parcels of 11.6 pounds, instead of the usual 6.6 pounds, will be allowed for the year-end gifts. It added that the parcels are to be sent by mail via Moscow, "in accordance with the procedures already laid down," and parcels sent in any other way will not be accepted.

### A BALANCED DIET IS THE KEY TO GOOD HEALTH

You can promote good nutrition for your family through more healthful eating habits. A well-balanced diet includes daily servings from 2 or more food groups:

- Meat Group.** 2 or more servings of meat, fish, poultry, eggs or cheese — with dry beans, peas or nuts as alternates — will supply your family's needed protein.
- Vegetable-Fruit Group.** 4 servings of dark green or yellow vegetables, citrus fruit or tomatoes.
- Bread-Cereal Group.** 4 servings of enriched whole grain bread or cereals.
- Milk Group.** 3 glasses for children, 4 glasses for teens and 2 for adults. Cheese, ice cream and other milk-made foods can supply part of the milk required.

Why do we use our ads to emphasize good nutrition? Because we think supermarket people should do more than supply a variety of quality foods for their customers. Keeping consumers informed about as many areas of the food industry as possible is just one of our ways of helping you spend each food dollar wisely.

We welcome your FEDERAL FOOD STAMPS AT STOP & SHOP!

Mon., Tues. & Wed. only!

### 60,000 Eligible For Jobless Pay Under New Law

HARTFORD (AP)—Some 60,000 additional Connecticut workers will become eligible for the state's unemployment insurance program Jan. 1, Labor Commissioner Renato E. Ricciuti said Monday.

The law, Ricciuti said, covers the additional workers because of a statute passed in 1967, allowing professional and non-professional employees of the nonprofit institutions to qualify for the unemployment insurance program as soon as federal law permitted.

Ricciuti said the federal bill makes such coverage mandatory in all states by 1972. But affected Connecticut workers will benefit from legislative foresight and come under the program a year earlier than the federal deadline, he said.

Ricciuti said some nonprofit employers have already elected to participate in the program. Their employees are not affected by the change, he said.

Killian Wins Last Recount

HARTFORD (AP)—Long a margin of 1,063 votes over after the shouting died down in Dorsey. The final vote totals were 29,888 to 26,132. Results of the races subject to mandatory recounts: Tolland County Sheriff Paul Sweeney, a Republican, defeated Democratic challenger Nicholas Pawlik by 104 votes, 18,034 to 17,930. Earlier figures gave Sweeney a 96-vote edge. Incumbent Sen. Raymond Lyday, Democrat, lost to Republican James J. O'Connor by 15 votes in the 1st Congressional District. Republican Tamara Harris defeated Democrat James J. O'Connor by 15 votes in the 1st Congressional District. There was no recount available on the official margin by which Connecticut voters approved annual sessions of the state legislature or rejecting lowering the voting age to 21. The annual sessions amendment to the Constitution did pass by a 10-9 vote. Hamner said he hoped to have the amendment voted on by the end of the week. The deadline for recounting results to be delivered to Hamner's office was midnight Monday. The new figures gave Killian

De Gaulle Dies in Country Villa; Would Have Turned 80 Nov. 22

De Gaulle is shown with other allied leaders at 1943 Casablanca summit meeting. From left are Gen. Henri Giraud, French commander in North Africa; French President Franklin Roosevelt; De Gaulle and British Prime Minister Churchill.

By MORRIS ROSENBERG Associated Press Writer PARIS (AP)—Charles de Gaulle died in his 80th year. The 6 foot 4 general who led France back from the ashes of World War II defeat and then saved it again from the chaos of 1956, succumbed Monday night to a ruptured aneurism, a circulatory ailment. His death did not become known until today, and France plunged into mourning. Far removed from the military and political battles that immortalized him, De Gaulle died at his country home in Colombey-les-deux-Églises, where the funeral will be held Thursday with a minimum of pomp in keeping with his wish. No official government representative will be present, but at the same time France will have a day of national mourning with simultaneous services in Notre Dame Cathedral and all the nation's churches. All church bells, in France's magnificent cathedrals and in tiny chapels, will toll out their message.

Nixon To Fly To Paris

KEY BRIDGE, Pa. (AP)—The Florida White House announced today President Nixon will fly to Paris Thursday to attend a state memorial service for Charles de Gaulle in the Cathedral of Notre Dame.

Two U.S. Generals Return to Turkey

By NICK LUDINGTON Associated Press Writer ANKARA, Turkey (AP)—Two U.S. Army generals and a Turkish colonel returned to Turkey from Soviet Armenia today. Three weeks after their light plane landed 22 miles across the border and they were interned. The Turkish Foreign Ministry said the men were "healthy and in good shape."

Frenchmen Can't Believe He's Dead

By RODNEY ANGOVE Associated Press Writer PARIS (AP)—"Somehow I didn't think a man like that could ever die," said a suburban housewife today on the death of Charles de Gaulle. "I feel surprised, although I shouldn't be," said Janine Astier, 36. "He was the father-in-law of my country."

Cong Attacks in Cambodia Heaviest in Two Months

By JOHN T. WHEELER Associated Press Writer PHNOM PENH (AP)—The heaviest North Vietnamese-Viet Cong attacks in two months struck the Cambodian government's northern front line today and cut it off from Phnom Penh. Two towns, an airport and two bridges were hit. Thousands of reinforcements trying to reach the battle zone were reported blocked by destruction of a large bridge along Highway 19. A Cambodian communiqué said North Vietnamese troops attacked the airport, and simultaneously made assaults against the district capitals of Prey Veng, Troeng and Skoun, on a line running west of Kompong Cham some 32 miles. A spokesman said the government troops at Troeng were nearly surrounded and in danger of being overrun before they fled in confusion, half to the east and half to the west. Skoun, 35 miles west of Phnom Penh at the junction of Highways 6 and 7, came under attack for the second time in less than 24 hours. Earlier Monday, before dawn, North Viet-

World Rings With Tribute To De Gaulle

LONDON (AP)—Nations throughout the world made their differences today and spoke of Charles de Gaulle as a great leader of France. The tributes poured in to Paris from heads of state and governments, politicians and soldiers. May 1958—France was threatened by a revolt of the French settlers in Algeria and De Gaulle announced he was ready to serve again. The settlers supported De Gaulle, hoping he would step up the war against Moslem nationalists. June 1958—He was named premier by President Renou. Sept. 30, 1958—A new constitution drafted by De Gaulle was approved by the French people. He called him a "great witness of our contemporary history."

Cong Attacks in Cambodia Heaviest in Two Months

name troops had fought their way to within 50 yards of the post before they were driven off. Fighter-bombers flew heavy strikes against enemy supply formations along Highway 7, which was closed between Skoun and Kompong Cham, 25 miles to the east. One bridge near Troeng was destroyed. A second span, on Highway 6 and 25 miles north of Phnom Penh, was reported knocked out by mines. This morning also was reported reinforcements sent north to Phnom Penh, but the spokesman expressed confidence they would get through. The Cambodian command said North Vietnamese and Viet Cong troops were killed during the attack on Kompong Cham airport. At least five Cambodians were also reported killed, including the wife of a soldier. It was the second day of heavy attacks along the northern front. The action coincided with the 17th anniversary of Cambodia's independence from French rule. The spokesman said the attacks could have been a propaganda

Union Leader Threatens Rail Strike

By NEIL GILBERT AP Labor Writer WASHINGTON (AP)—A union official said today there will be a nationwide railroad strike on strike, it should be clearly understood that they will not go back to work until they have received a wage increase which will bring them up to parity with the transportation industry. The union leader said today there will be a nationwide railroad strike on strike, it should be clearly understood that they will not go back to work until they have received a wage increase which will bring them up to parity with the transportation industry.
